TWELVE PAGES—ONE CENT

MILLION OR MORE IN P. O. ROBBERY

Rich Pouches Picked Out of Lot in New York. Police Believe There was an Inside Confederate of Those Who Staged Mail Truck Robbery—Reward of Five Thousand Dollars.

New York, Oct. 26.—Belief that the loot in Monday night's daring mail truck hold up would exceed \$1,000,000 was indicated by post office authorities today following a partial check of the contents of the stolen pouches.

Officials of one Wall street firm not yet listed as among those affected by the robbery, said that firm had sent \$1,000,000 in securities by registered mail on Monday night, but that they had been unable to locate it yet.

The three men who staged the hold up were being sought by a large force of Federal agents and city detectives today.

A reward of \$5,000 for each of the robbers, dead or alive, offered by Postmaster General Hays, interested interest in the man hunt.

Post office inspectors also worked inside of the city postal station, whence the stolen pouches emanated, in an effort to determine whether the robbers had a "inside" confederate.

The fact that the robbers picked up unerring hand from twenty-eight pouches, five which richly laden, was taken as an indication that they had as confederate an employee inside the station.

More Prizes Than Cups and Cash. Farewell Dinner to Skippers and Crews of Bluenose and Elsie.

Halifax, N. S., Oct. 26.—Farewell was said last night by the skippers and crews of the Bluenose and Elsie at a banquet given them and members of the American and Canadian race committee by the Halifax Herald.

The honors of the contest were presented. Captain Angus Walters of the Bluenose received for safekeeping for the coming year the International trophy and winner's prize money of \$4,000.

Captain Welch received a personal souvenir from the staff of the Halifax Herald. Both skippers received binoculars from a firm in Christiania, Norway.

Additional prizes from a Halifax dealer. A pair of rubber boots each was presented to the members of the Bluenose crew from a Montreal firm.

William Duff, M. P., referring to the fishing industry of Lunenburg, said up the Smith & Rhinland, builders of the Bluenose, had built 120 vessels in twenty years.

Halifax, N. S., Oct. 26.—Elsie, the Gloucester schooner which was defeated by the Bluenose in the International fisherman's races off this port will sail for her home port this afternoon.

New York, Oct. 26.—(Canadian Press)—More power to the Bluenose. May her years be long and may she never know a water haul or a day's illness.

Prince Away on Tour Of India and Japan

Off for Portsmouth to Sail in the Renown. Great Crowds at Victoria Station Farewell Heir to the British Throne—The Royal Family Bids Him Touching Farewell.

London, Oct. 26.—(Canadian Press Cable)—The people of Great Britain, forgetting for the moment the many problems which confront them centered their interest today upon the departure of the Prince of Wales for his visit to India and Japan.

The battle cruiser Renown, on which the prince made his voyage to New Zealand and Australia last year, was waiting at Portsmouth for the royal passenger to arrive from London.

The prince will land at Victoria, British Columbia, where he will begin a series of formal functions arranged in every city he will visit.

Following his progress through India, the prince will go to Tokyo, where he will remain during the voyage to Japan.

Anxiety over the prince's journey has been caused by the troubled political conditions in India.

The prince of Wales left the Victoria station today for Portsmouth to embark on the battle cruiser Renown.

Great crowds outside the station greeted the heir apparent with an enthusiastic send-off while on the platform were King George, Queen Mary, Princess Mary, Premier Lloyd George, several members of the British cabinet, U. S. Ambassador Harbo, Japanese Ambassador Hayashi, and other distinguished personages.

The leaving taking of the royal family presented a touching scene. All of them were deeply moved, Princess Mary weeping quietly while the king, with his arm over the prince's shoulder, was talking earnestly with him.

After the prince left, the other members of the royal family remained on the platform for a few minutes.

As Hiram Sees It

"Hiram" said the Times reporter, "did you know that we own a thousand miles of railway, or thereabouts, in the United States?"

"Who owns 'em?" asked Hiram. "You and me," said the reporter, "also some grain elevators and other things."

"How did we get 'em?" asked Hiram. "We bought 'em with the Grand Trust," said the reporter, "also some grain elevators and other things."

"Not yet," said the reporter. "But we are hoping of being able to feed them."

"What about our own railroads here?" asked Hiram. "They can wait," said the reporter. "Good Lord!" said Hiram. "Amos!" said the reporter.

NO MEETING RE DELAND TODAY

Government Busy as Prince of Wales Leaves. Newspapers View Situation as Doubtful, But Some Think There is Improvement—Ulster Question is Prominent.

(Canadian Press Cable) London, Oct. 26.—Announcement that no meeting of the Irish confederate of the committee trying to find a formula by which the negotiations may be held today, was made here a little before noon.

At the Dal Eireann headquarters, the suspension of the conference was announced by the representatives of the British government, and the Dal Eireann, discussed the matter for two hours yesterday, but failed to agree on a solution of the Ulster question.

It was said that further pressure was being brought to bear upon the government to adopt legislation that would enable the Ulster government to establish its administration in Northern Ireland.

It was recently pointed out that the powers of the Ulster cabinet were merely nominal, and that the real power was in the hands of the British government.

London, Oct. 26.—Lord and Lady Lee of Farnham, with an advance party of the British delegation to the Washington conference, including Admiral Chatfield and other naval officers, left Southampton to sail for the U. S. on the day.

A large party of friends were at the station to bid them farewell. These included George Harvey, the U. S. ambassador; J. Wilson Taylor and other representatives of the British foreign office.

Wellington Keer, Chinese delegate, with his wife and a staff of Japanese military representatives, also will travel to the U. S. on the Olympic.

"I'm going to Washington in a spirit of confidence," he said, "I'm prepared to contemplate failure." He added that the premier certainly would attend the conference unless the Irish situation prevented him from leaving England.

KILLS MAIL CLERK AND STEALS SACK San Francisco, Oct. 26.—Frank H. Adams, mail clerk and guard, was shot and killed by a masked bandit who entered the Perry post office today and escaped with a sack of registered mail.

The value of the loot has not yet been determined.

S.S. PRINCE ARTHUR, OFF ROCKS, STARTS AWAY BUT FORCED BACK

N. S. Schooner Wreck And Seven of Crew Missing

The Henry F. Kreger on Pollock Rip Shoals. Captain and Mate Stuck to Vessel and are Saved—Seven Men Leave in Boat in Heavy Sea and are Not Heard From.

Chatham, Mass., Oct. 26.—The four-masted schooner Henry F. Kreger was a wreck on Pollock Rip Shoals today, and seven of her crew, adrift in a small boat, were missing.

The schooner, bound from Walton, N. S., for New York, stranded on the shoals in the early morning, pounded so heavily that she was abandoned by all but her captain and mate, and took to by coast after the latter were taken off by coast guards.

Capt. Edward Joyce of Melford said the seven men who left the vessel did so against his orders, and that Mate Edward W. Perry of Saanwich alone stood by him. Those who went off in the small boat, torn away from the schooner's side by heavy seas before dawn.

The skipper tried to work her off, but she was coasting down the Cape shore in the early morning hours when Capt. Joyce sighted the lights of the schooner. He turned it successfully after a tussle with the increasing northwesterly gale and then ordered the smaller sails up again.

It was while he was watching the setting of sails, he said, that the schooner caught by the contrary currents that cross the Rip, was forced aground.

STILL GROPING IN MURDER CASE

Identification of Girl Proves False. New York Police Now Tracing the Ownership of Two Shirts Wrapped About the Head—Trail Leads to Long Island City.

New York, Oct. 26.—With another promising set of clues broken down, police started afresh today in their efforts to identify the dismembered body of a young woman found in a pond at Long Island City last Saturday and to trace her slayer.

A "positive" identification of the victim as Bertha Becker, a domestic, made last night by a woman who gave the name of Mrs. Elizabeth Richards of Jersey City, was overturned when the police learned that the address given by the woman was fictitious and that the real Mrs. Richards was ill in a hospital.

The woman had advanced a theory that the victim's legs had been severed to prevent identification by means of a German iron cross and the initials "B. B.," which she said had been tattooed above one of Bertha Becker's knees.

A stained butcher's knife and a night-gown bearing brownish spots, found on Staten Island and regarded as possible clues, were eliminated when an analysis showed the stains were rust.

Apparently the only hopeful material the police had to work on today were two shirts which had been wrapped about the victim's hands in a pond at Long Island City last Saturday and to trace her slayer.

GRAPE-NUTS—the Body Builder  
"There's a Reason"

Guaranteed!  
NOT only did the proprietors of Rubberset Company originate and perfect the process of gripping brush bristles everlasting in hard vulcanized rubber, but they originated the policy of guaranteeing brushes against bristle shedding, to the end that the manufacturer and the individual brush buyer must bear the cost of any shortcomings in their goods.  
That trade and public might identify the brushes so made and so guaranteed, the manufacturers adopted, many years ago, the trade name "RUBBERSET" and affixed it prominently and permanently upon every brush they made.  
"RUBBERSET must make good—or WE WILL!" is not an advertising slogan. It is a straightforward statement of the principle which made and maintains RUBBERSET brushes as the world's standard article of their kind.  
Imitations of the process, the trademark, or the principle, can be viewed only as an attempt on the part of those pretentious such imitations to profit by the standing and esteem accruing rightfully to the originators of all three.  
Identify the brushes made by this company by the presence of the trade name RUBBERSET as shown below.

HURRICANE SWEEPS OUT OVER OCEAN  
Washington, Oct. 26.—A tropical storm which has swept the Florida peninsula for the last thirty-six hours, passed out into the Atlantic ocean last night, between St. Augustine and Titusville, according to reports received early today by the weather bureau.  
Gales will be experienced off the Atlantic south of Cape Henry for several hours, the bureau said, although the storm, after leaving the land, appears to be moving in a northwesterly direction. Within two of three days probably the storm will be off the Atlantic northwest of Bermuda.  
No loss of life had been reported today, but considerable damage appeared to have been done to the orange crop and by inundation of the lowlands.

HOCKEY RINK  
The difficulty in going ahead with the project for a hockey rink at the present time was the scarcity of convenient sites, so Mayor Schofield said this morning. He said it was hard to find a place on which could be placed a building 185 to 200 feet long that would be convenient to reach.  
Regarding the Shamrock grounds, he said that the city planned to use part of this ground for the extension of Metcalfe street to Elm street, to divert some of the through traffic from the Douglas avenue-Main street intersection and for the cutting of a street through from Main street to open up the building areas in that section. The side-hill near the public library was also considered but it was found not to be convenient. The committee is still looking for a possible site. The mayor was of the opinion that a good hockey rink could be erected for \$10,000 or \$12,000.

The steamer Callaghan sailed for New York last night after discharging her cargo of sugar at the refinery.  
The steamer John Blumer sailed from St. John for this port on October 21, with a cargo of raw sugar for the refinery.  
The steamer Uffe is due in port from Boston tomorrow. She will load a cargo of potatoes for Havana, Cuba.

THE HARBOR  
Mayor Schofield said today that as none of the opponents of harbor commission had come forward with a plan for the development of the port, he had asked the commissioner of harbors to prepare a plan showing the layout of the harbor as it would have been had commission been adopted. If there were any features in the plan which the city thought would be to the advantage of the harbor, it was his intention to go ahead and see what could be done towards accomplishing it.  
"We have a harbor here," the mayor said, "and there is no use in patching it up, but we do do it to see what is to be done and go ahead and do it."

RIVER NEWS  
The steamer Premier, which runs on the Grand Bay route to Chipman, on her last trip down river brought to the city 800 barrels of potatoes. Some sold at the boat for \$2 a barrel. On some of the other river steamers the freight is light, but it is expected they will put up towards the close of navigation.

## THIS FURNACE CAN BE INSTALLED IN ONE DAY

**And It Saves One Third  
On Fuel Bills**

There's no need to put up with stoves or an unsatisfactory heating system this winter simply through fear of a long installation during the cooler weather now here. No matter whether your house is new or old, the cellar completed or not, the "Hecla" Pipeless can be installed complete in one day. You will

then have not only a heating system guaranteed to give absolute satisfaction but one which thousands of owners claim is saving from one-third to one-half on their fuel bills—one which saves considerably on installation costs, which is easier to operate.

**Write for Our Free Booklet  
"Sketch Plan" Form and Free Estimate**

Learn the many advantages the "Hecla" Pipeless possesses. The Steel Ribbed Pipelet, which saves one ton of coal in seven. The extra large Circular Waterpan which ensures the proper degree of healthful moisture in every room. The patented Piped Joints which keep the radiator tight for all time against leaks of gas or dirt. The Individual Grate Bars which make it easy to tend make a tuther saving in coal. The facts that there are no space-killing pipes in the cellar and that the latter is COOL. The heat goes

up into the house—where it belongs. We want you to thoroughly investigate the merits of the "Hecla" Pipeless. Write today for our booklet "Buying Winter Comfort." With it, we will send a booklet of testimonials and our "Sketch Plan" Form from which our engineers can tell you just what size of furnace to install, where to put it, how much it will cost. ### THEY PROTEST TOO MUCH

To the extent of a column and a half the Standard sets forth the awful perils which confront the Dominion. First there are the farmers, those terrible fellows who would plunge the country into the darkness of gloom of free trade. Then there are the inconsequential Liberals, who have no knowledge of steering by the compass, or even by the stars, and under whose guidance the Dominion would lurch and reel and sink into the depths of misery. Also there are the Labor men, whose radical wing has a semi-Socialist programme that would produce chaos. To these are added the extreme agitators, chiefly foreigners, who would overthrow stable government of any kind. But are we downhearted? No—and the reason is plain:

"Opposed to all these forces stands, four-square, the present administration under the courageous and fearless leadership of the Rt. Hon. Arthur Meighen, our prime minister, who is recognized from coast to coast as the ablest man in our public life."

Isn't that fine? Ajax doting the lightning is not so impressive a figure as this doughy champion holding at bay all the forces of reaction—farmers, gits, labor men, socialists and anarchists—who follow such freebooters as Mackenzie King, Fielding, Gouin, Crerar and others of their type.

But not the Standard over-stating the case? Let us consider the views of another observer. The Financial Post is not a partisan journal, but if the business interests of the country were jeopardized it would be one of the first to sound the alarm. The Financial Post describes the manifesto of Mr. Crerar on the tariff as "clean-cut, frank, and on the whole reassuring." It says:

"The agrarian leader, while openly seeking free trade as an ultimate achievement, does not propose to interfere recklessly and inconsiderately with existing industries' legitimate investment. He would afford a fair opportunity to Canadian industries to adjust themselves to the new conditions he has in mind. With his attitude in condemning the watering of stocks and of combines, the readers of the Financial Post occupy common ground. For the best sentiment of the country, while in favor of the maintenance of our industries, is emphatically against combines or agreements on prices, or the undue exercise of certain influences upon legislative policies."

The Financial Post, while insisting that our industries must not be destroyed, agrees that nevertheless "free trade remains the economic ideal of most of us." Mr. Crerar, therefore, does not disturb the Post by saying that while it is not practicable in Canada at present, the ideal of free trade should be kept in mind. But the Ottawa correspondent of Financial Post also makes some observations quite different from the views expressed by the St. John Standard. He says that all three parties have now declared for the maintenance of a tariff and that Mr. Crerar has "abjured the free trade heresy which his opponents have tried to fasten upon him, and which it is probable that he, personally at least, has not taken seriously in late years." This writer adds that the great majority of the farmers are behind Mr. Crerar, and that if he came into power "he would not attempt for a moment to wipe out the tariff."

Not only so, but:

"Mr. Meighen is not strengthening faith in his honesty of purpose by persistently holding this out as the only possible consequence of a farmer victory. Nor would Mr. Crerar be revising his programme after gaining power. Mr. Meighen's own attitude on the question of agricultural implements might be cited as a case in point. However, Mr. Crerar himself has gone east to explain his platform and his plans. He is probably wise in waiting until his two opponents have to some extent blown themselves out. So far as can be judged from the speeches which have been made so far, they are not very far apart on the matter of the tariff."

Mr. Crerar has come east, and his defeat of the west is both forcible and neat. He pays his respects also to those combines which are equally distasteful to the Financial Post.

The St. John Standard and the tory press in general are over-shooting the

mark. They are merely following Mr. Meighen's example, but it is a very bad example and does not favorably impress the people. The latter are not at all afraid of disastrous tariff changes. What they would like is a little more light on the railway situation and the general policy the Meighen government proposes to follow if it should be returned to power. The picture of a "four-square" champion defying such enemies of Canada as King, Fielding, Gouin and Crerar is about as accurate as the foolish cartoons appearing in the tory press from day to day.

### VERY DELIGHTFUL

In his report of Hon. J. B. M. Baxter's speech at the nomination of Hon. B. Frank Smith in Woodstock last week the Woodstock Press says:

"He was glad that the convention, in its wisdom, had selected a man who had the brains to represent the constituency better than it had ever been represented before. He wanted Mr. Smith at Ottawa, not to stand behind him, but to be at his side to give the advice and counsel which he knew Mr. Smith was well qualified to give. No man, either in the legislature or parliament, had a greater knowledge than Mr. Smith of the farmers' interests."

There can be no doubt that Mr. Baxter knows that Mr. Smith is well qualified to give advice and counsel—of a kind. He has done it before. The result of the joint counsels of Mr. Baxter, Mr. Smith, Mr. George B. Jones and others has been set before the people of this province in the reports of royal commissions and speaks for itself. Undoubtedly, also, Mr. Smith has some knowledge of the farmers' interests. Did somebody say "potatoes?" But if Mr. Baxter spoke in admiration of Mr. Smith, the latter was not to be outdone. He had seen Mr. Baxter daily crossing from the west to the east side of the city wearing a straw hat (just like a farmer, no doubt, and encouraging the straw industry) and "he was proud of his friend Baxter as a self-made man."

It is very delightful when friends come together in this way and exchange compliments, and the farmers could not but be deeply impressed. It is to be noted that in the resolutions passed the party was described as "Liberal Conservative" and not "National Liberal and Conservative." In other words, it is the same old tory outfit.

The Prince of Wales is off on his journey to India. There is fear that some of the agitators there may take advantage of his presence to stage a demonstration hostile to the British government, but the Prince is not deterred. It may well be that his visit will be productive of great good, since he has proved himself most tactful at all times and has a wonderful faculty for making friends.

Hon. T. A. Crerar said in Woodstock yesterday that no man in his right senses would advocate that the tariff be swept away at once. That is his answer to the charge that he would introduce free trade.

"TOOT, TOOT," AND PREMIER SILENT

Train Starts as Meighen Begins a Speech from His Car.

Orillia, Ont., Oct. 26.—Sometimes trains are like the tides and wait for no man, not even prime ministers. At Beaverton, yesterday, a large crowd had gathered at the station to see Premier Meighen go through on his way to Bracebridge. The premier was asked by a delegate from the crowd to say a few words.

"He consented, starting with these words: 'Now this is the riding of North Ontario.' Then the train moved away. He waved to the crowd and laughed.

"When the premier was speaking to school boys at the station at Bracebridge the train did the same thing, and the premier's remarks were again cut short. Folks are now guessing as to whether the engineer was a Liberal or a United Farmer supporter.

DIG INTO OLD ESTATE FOR DEEDS TO N. Y. PROPERTY

New York, Oct. 26.—(Canadian Press.)—An inquiry into the administration of the estate of Francis Nolleaux, a horse dealer of French Canada, who died here nearly seventy years ago, is being sought by his grandson, Angelbert J. Prefontaine, with a view to securing information concerning the disposition of deeds to valuable New York city property supposed to have been in Nolleaux's possession when he died.

### ONCE IN A WHILE.

(Anonymous.)

Once in a while the sun shines out,  
And the archaic skies are a perfect blue;  
Once in a while, 'mid clouds of doubt,  
Hope's brightest stars come peeping through.  
Our paths lead down by the meadows  
Where the sweetest blossoms nod and smile,  
And we lay aside our cross of care  
Once in a while.

Once in a while within our own  
We clasp the hand of a steadfast friend;  
Once in a while we hear a tone  
Of love with the heart's own voice to blend;  
And the dearest of all our dreams come true;  
And on life's way is a golden mile,  
Each throbbing flower is kissed with dew,  
Once in a while.

Once in a while in the desert sand  
We find a spot of the fairest green;  
Once in a while from where we stand  
The hills of Paradise are seen.  
And a perfect joy in our hearts we hold,  
A joy that the mind cannot define;  
We trade earth's dross of purest gold  
Once in a while.

"Yes, sir, it's pretty hard collecting money just now. I know it."  
"Have you tried and failed?"  
"Oh, no."  
"How, then, do you know that money is hard to collect?"  
"Because several people have tried to collect some from me."

"Rumor has it that you are going to marry Jack," said Ella.  
"Then rumor is lying," replied Rita. "I shouldn't dream of marrying him. He can't ride, can't shoot, can't drive a car, can't read, and can't play tennis."  
"But he swims awfully well, you know," returned Ella.  
"Rita—Yes, but would you want a husband that you had to keep in an aquarium?"

His Kind.

"What kind of a fellow is Blinks?"  
"Well, he is one of those fellows who always grab the stool when there is a piano to be moved."

Modish Restraint.

"Don't you think some of the new fashions are a trifle extreme?"  
"What do you mean by 'extreme'?" rejoined by Miss Cayenne. "I haven't observed that they go to any great lengths."

### REFUSES MOTION IN STILLMAN CASE

Court Will Not Bring in All Heirs to Stillman Wealth.

Poughkeepsie, N. Y., Oct. 26.—Supreme Court Justice Morschauser yesterday at West Point denied the motion of John E. Mack, guardian ad litem for Guy Stillman, to bring all the heirs of the late James Stillman and of James A. Stillman into the divorce action against Mrs. Anne U. Stillman.

Mr. Mack had moved for the purpose, he said, of protecting the interests of Guy in the future.

The justice in giving his decision, said he believed the interests of the child would be properly safeguarded if Mrs. Stillman should win the divorce action.

### PROVISIONAL ACCEPTANCE OF WAGES CUT

Grand Trunk Railway Employees and Company Reach Agreement.

Montreal, Oct. 26.—A tentative agreement was reached yesterday between the employees of the Grand Trunk Railway and representatives of the company whereby the men agreed to accept provisionally a recent reduction in wages, with the understanding that if further negotiations after the schedules of pay, the company will see that any back money withheld is refunded.

The agreement arrived at is, in general, that the employees should accept the reduced rates of pay, put into effect in last July, subject to adjustment of any inequalities.

The agreement was also subject to a reopening of the whole question of wage rates on fifteen days' notice from either side, when any further reconsideration would be taken up by representatives of the company and the employees. The reduction approximates twelve and a half per cent.

It was further provided in the tentative agreement that no change would be effected in schedule rates until thirty days after January 1, 1922, unless mutually agreed upon.

### CURSE RATHER THAN BLESSING?

Former Chancellor McKenna Speaks on Reparations and Payment of War Debts.

Chicago, Oct. 26.—Payment, by Germany, of her reparations debt to Great Britain and repayment, by the Allies, of the war loan from Great Britain might "prove rather a curse than a blessing," said former Chancellor of the Exchequer Reginald McKenna of Great Britain last night in an address on international finance and trade before the Commercial Club of Chicago.

"We lose more in our country by the existence of two million unemployed," he said, "than we shall ever get in value from the German reparations over a period of thirty years."

I would rather see our people employed and producing wealth than receive a drabble of wealth from Germany at the cost of being unemployed.

"And what I say of ourselves is true in a lesser degree of the U. S. When I died here in England, I really begin to doubt whether it is for the benefit of the United Kingdom that these reparations should be paid, and whether the debts of the Allies to us might not, if they were paid, prove a curse than a blessing."

Paris reduced—one-third off at Lester's. See adv. on page seven.

### POLAND ACCEPTS SILESIAN DECISION

Paris, Oct. 26.—In a note delivered yesterday to the ambassadors' council the Polish government accepts the decision of the Allies concerning Upper Silesia. M. Plucinski has been appointed Polish delegate on the mixed commission charged with negotiating the economic agreements.

### ANDY MICK'S FEET CAUSE LOSS OF HON. MR. CRERAR'S SPEECH

(Toronto Globe.)

Attributed Ontario's loss in not having had from Hon. T. A. Crerar, Progressive leader, a discussion of Canadian railway problems.

When the U. F. O. member for South Huron essayed at Wingham to get into the rear seat of a Ford car he found that there was no room for his feet and Hon. Mr. Crerar's grip, intending to take care of it, Mr. Hicks temporarily moved the grip to the sidewalk, but subsequently forgot all about it.

When the party drove off, the grip remained just where Mr. Hicks left it, and Mr. Hicks' feet rested in comparative comfy comfort in the rear seat of the Ford. In the grip were Hon. Mr. Crerar's papers containing railway statistics, with which he probably would have dealt at Shelburne. The grip caught up again with the Progressive leader at Toronto on Saturday night.

### BRITAIN AND SHANTUNG.

London, Oct. 26.—So far as the policy of the British government was concerned, the Shantung question was settled by the decision embodied in the treaty of Versailles, said Austen Chamberlain, government leader, in the House of Commons yesterday. He made this statement in reply to a question as to whether there had been any modification of the British policy concerning Shantung.

Charges Regarding Spruce Lake Main Made to Common Council—Other Business.

The common council decided at a meeting on Tuesday afternoon to hold an inquiry under oath into the charges advanced by J. P. Ryan that the work on the Spruce Lake pipe line was poorly done and that the city engineer was trying to hide the facts from the council. A recommendation from the committee of the whole that the work of paying German street should not be undertaken this year was adopted. It was decided to fill the Newman Brook and an effort will be made to open a new road from the old Westmorland road to Rothesay avenue.

A report from T. B. and H. B. Robinson, insurance agents, of a window of a shop in Prince Edward street, broken by one of the city workmen is that was referred to Commissioner Frank George H. V. Belyea wrote that his client, J. Roderick, had been cut off from using an alleyway by the moving of his boundary in a recent city survey. The matter was referred to Commissioner Bullock and the city engineer for report.

### CALL TO WOMEN OF GREAT BRITAIN

Urged to Demonstrate Support of Delegation to the Washington Conference.

London, Oct. 26.—A nation-wide appeal for British women to demonstrate their support for the state at the Washington conference is contained in a letter to the London Times signed by Lady Astor and Mrs. Margaret Wintomb, members of parliament, and three other prominent women. It urges the press, clergymen, teachers, parents and school children to help by every means to seize this opportunity of expressing hope for the success of the conference, and said:

"We believe that the premier will go to Washington with such a mandate from the women of this country as shall ring through the world."

On the supposition that the steamship carrying the delegates will sail on November 5, the letter suggests that on Nov. 3, every woman and every girl over fourteen years of age send a signed postcard bearing "godspeed" addressed to the premier—Herbert Asquith—at Liverpool. The movement is advocated as a response to United States woman who have " sailed across the sea."

### PROVISIONAL ACCEPTANCE OF WAGES CUT

Grand Trunk Railway Employees and Company Reach Agreement.

Montreal, Oct. 26.—A tentative agreement was reached yesterday between the employees of the Grand Trunk Railway and representatives of the company whereby the men agreed to accept provisionally a recent reduction in wages, with the understanding that if further negotiations after the schedules of pay, the company will see that any back money withheld is refunded.

The agreement arrived at is, in general, that the employees should accept the reduced rates of pay, put into effect in last July, subject to adjustment of any inequalities.

The agreement was also subject to a reopening of the whole question of wage rates on fifteen days' notice from either side, when any further reconsideration would be taken up by representatives of the company and the employees. The reduction approximates twelve and a half per cent.

It was further provided in the tentative agreement that no change would be effected in schedule rates until thirty days after January 1, 1922, unless mutually agreed upon.

### CURSE RATHER THAN BLESSING?

Former Chancellor McKenna Speaks on Reparations and Payment of War Debts.

Chicago, Oct. 26.—Payment, by Germany, of her reparations debt to Great Britain and repayment, by the Allies, of the war loan from Great Britain might "prove rather a curse than a blessing," said former Chancellor of the Exchequer Reginald McKenna of Great Britain last night in an address on international finance and trade before the Commercial Club of Chicago.

"We lose more in our country by the existence of two million unemployed," he said, "than we shall ever get in value from the German reparations over a period of thirty years."

I would rather see our people employed and producing wealth than receive a drabble of wealth from Germany at the cost of being unemployed.

"And what I say of ourselves is true in a lesser degree of the U. S. When I died here in England, I really begin to doubt whether it is for the benefit of the United Kingdom that these reparations should be paid, and whether the debts of the Allies to us might not, if they were paid, prove a curse than a blessing."

### POLAND ACCEPTS SILESIAN DECISION

Paris, Oct. 26.—In a note delivered yesterday to the ambassadors' council the Polish government accepts the decision of the Allies concerning Upper Silesia. M. Plucinski has been appointed Polish delegate on the mixed commission charged with negotiating the economic agreements.

### ANDY MICK'S FEET CAUSE LOSS OF HON. MR. CRERAR'S SPEECH

(Toronto Globe.)

Attributed Ontario's loss in not having had from Hon. T. A. Crerar, Progressive leader, a discussion of Canadian railway problems.

When the U. F. O. member for South Huron essayed at Wingham to get into the rear seat of a Ford car he found that there was no room for his feet and Hon. Mr. Crerar's grip, intending to take care of it, Mr. Hicks temporarily moved the grip to the sidewalk, but subsequently forgot all about it.

When the party drove off, the grip remained just where Mr. Hicks left it, and Mr. Hicks' feet rested in comparative comfy comfort in the rear seat of the Ford. In the grip were Hon. Mr. Crerar's papers containing railway statistics, with which he probably would have dealt at Shelburne. The grip caught up again with the Progressive leader at Toronto on Saturday night.

### TRAP SAFE-ROBBERS AFTER PISTOL FIGHT

Detectives Descend on Theatre After Explosive is Set to Fire—Woman Held as Lookout.

After a pistol fight in the Clinton street theatre, detectives of the loft and safe squad in New York arrested four men whom they had been training for six hours. Lieutenant John Stapleton said the men were blowing open a safe containing \$2,000. A woman, believed to have been acting as a lookout, also was arrested, as was the theatre watchman, Harry Rofosky, who, the police said, had talked to the prisoners in his room at 84 Clinton street for two hours before the men entered the theatre.

Early Saturday evening the detectives heard an attempt would be made to rob the theatre. Before midnight they picked up the trail of the suspects, who hired a taxicab in Harlem, and followed the men until they drew up at Rofosky's home about four o'clock in the morning. For two hours the detectives waited outside. Then the men started for the adjoining theatre, the door of which they forced. The detectives said they then saw Mrs. Marie Rizzo, wife of one of the men, start a slow patrol up and down Clinton street and knock on the theatre door when patrolmen approached.

When the detectives entered the theatre one of the men switched off the lights and all started to shoot. The police dropped to the floor, and after the suspects had emptied their pistols a detective turned on the lights. They said the men had the explosives all prepared to blow the safe.

Mrs. Rizzo is about twenty years old. She was arrested in a restaurant at Rivington and Clinton streets. The police said they found in her pocket a seat check for the Saturday night performance at the theatre.

### MILITIA INSPECTED

Lt.-Gen. Sir H. E. Burstall, K.C.B., K.C.M.G., D.C., Inspector General of Canada, inspected the local militia units in the armory Tuesday evening. This is the second time that the Inspector General has been in the city on an inspection tour. He said last night that very satisfactory progress had been made and predicted a brilliant future for the militia. Inspection of the St. John Fusiliers began at 8:15 o'clock with the 28th band rendering martial music.

The Fusiliers were under command of Lt. Col. Alexander McMillan, with Major Charles F. Leonard, second in command. "A" Company was commanded by Major C. J. Morgan; "B" Company by Major George Keefe; "C" Company by Major G. L. Short, and "D" Company by Major John R. Gale. No. 1 Company, C. M. G. Brigade, under Major Bertram Smith, was inspected next and the inspection closed with No. 6 Signal Company, under Lt. Col. T. E. Powers, going through exercises.

Brigadier General A. H. MacDonnell, Lt. Col. H. C. Spang, and Lt. Col. A. H. Powell, of the headquarters staff, then inspected the storehouse.

A pleasing musical programme was enjoyed in the German street Baptist Institute last evening. Those taking part were: J. Stewart Smith, Mrs. Rhonda Lloyd Win, Mrs. C. R. Mercereau and T. C. Powell.

### MURDER DRIVER IN HIS TAXICAB

Toronto Man Clubbed and Robbed—Dies in Hospital—Only Clue Blood-stained Iron Spike.

(Toronto Mail and Empire.)  
Clubbed on the head with an iron bar in the hands of someone as yet unknown, dragged from his taxicab and apparently robbed of considerable money, and left helpless and bleeding on the roadside near Finch's Corners, on Saturday night, Harry Stron, aged about twenty-four, of 717 Richmond street west, died in the General Hospital at eleven o'clock Sunday morning, without recovering consciousness. The cause of death was a fractured skull, and according to the hospital authorities, Stron had several terrible wounds on the head. The weapon with which the deed was committed, an iron spike about fifteen inches long, such as is used by railroad workers, was found a few feet from a pool of blood in which Stron had lain after he was attacked by his slayers. County Constable Stewart and Detective-Sergeant Ward and Carter have been assigned to the case, but as yet little is known as to the identity of the unfortunate taxi driver's assailants.

Investigation shows that Stron, who had his stand at Farnham avenue and Yonge street, left that place about 6:15 on Saturday evening with a load of people. As to the identity of the persons nothing is known; they were not particularly noticed at the time they boarded Stron's cab.

What happened to Stron when he arrived at the spot where the murder was committed can only be deduced by the evidence left at the scene of the crime—the blood-stained iron spike, Stron's cap, the abandoned motor car and a lone dollar bill discovered trampled in the soft earth about a hundred feet from the pool of Stron's life-blood.

Put Up Fight.  
It is the theory of the police that when Stron arrived at Finch's Corners, which is situated about a mile west of Yonge street at stop thirty-four, and approximately three-quarters of a mile west of Willowdale, one of the murderers dealt the driver a blow from the back of the vehicle. Dazed, Stron appears to have halted his machine and turned upon his attackers, for the left-hand side of the windshield, inside the cab and near the steering wheel, is bespattered with blood, as also is the driving seat and the floor of the cab. But apparently he was overpowered by force of numbers, and dragged out of the cab to the front of where the vehicle was standing. There is blood on the front of the fender.

Having dragged their victim about ten yards from the cab, the murderers evidently robbed him of all he possessed in the way of money, but in their haste dropped the one-dollar bill.

Stupefied by the blows dealt him, Stron managed to stagger from the scene of the murder to Holmstead, about half a mile distant. His guide was a light in the home of Thomas H. Watt, a carpenter. Stron was unable to tell a coherent story, and could only mumble unintelligible sounds. Watt conveyed

### STEAL 500 LB. SAFE WITH \$10,000 IN IT

Nashua, N. H., Oct. 26.—One of the most daring robberies ever entered upon the local police records was committed by two men who drove a large truck to the store of Adam Boklas of High street, jimmied open the front door and carried away a 500-pound safe, which contained \$10,000 in cash and securities. The bold robbery was committed several hours before daylight. Under cover of darkness, the thieves carefully drove their car up in front of Mr. Boklas' store. They both got out and began jimmy open the front door. According to the marks on the wooden partitions near the door and the wooden blockade itself, the task of getting inside was not very difficult.

After gaining entrance, the two thieves went to the large safe and rolled it to the door. Presumably they rolled it on the truck by means of a large wooden runway, as it would have been a difficult task for the two men to lift the safe bodily on to the truck. Then the truck sped toward the Massachusetts State line.

Mr. Boklas stated that the safe contained \$805 in cash, \$700 in war saving stamps, two \$50 Liberty Bonds and seven bank books, the total value registered being about \$10,000.

Later in the morning the local police received word that a resident of Billerica, Mass., saw the two men drive up a wood's road near his home, push off the safe, blow it open and then make off with the booty. The police, who were on the trail, found the safe and the worthless contents strewn over the road at Billerica. Both New Hampshire and Massachusetts police are on a lookout for the thieves. An arrest is expected shortly the local police declare. They believe that at least one of the men was well aware of the fact that Mr. Boklas kept such a large amount of money and securities in the safe.

### STRING OF HITS IN OPERA HOUSE SHOW

Colored Dancing Team Scores Knockout—Classy Sketch—Clever Comics and Gymnasts.

It is not stretching the truth a bit to say that the new show at the Opera House is a succession of vaudeville hits—the kind of hits that in baseball would be called home runs. It is all so good that the audience has hard work to properly express appreciation—no rests, no waits for something good to happen, but just a continuous flow of headline stuff.

To Williams and Taylor, a pair of amazingly agile young colored men, must be given the distinction of being by far the best dancing team yet seen in Opera House vaudeville. Their work is of such sensational quality that the audience applauds almost continually while the act is on, instead of waiting for the close, and this is something almost unheard of in vaudeville.

June Ines, assisted by Cote Albertson, formerly leading man to several of the movie stars, present a pretty comedy sketch with songs entitled "The Tail of a Sall."

The Mann Brothers do some tight rope work that makes the audience take particular notice. They do a lot of nerve tingling stunts such as back somersaults on the slender rope from different positions with never a mis.

Stuart and Harris open the bill with a comedy juggling turn that wins easily. Lonna Nacemin, Spanish comedienne, entertains very nicely with four cheerful songs, the way they should be sung. Altogether the Opera House show is a regular fountain of joy.

### OBSEVANT FARMER AVERTS TRAIN WRECK

Noticing Peculiar Sound of Train, Finds Broken Rail, Mounts Guards.  
London, Ont., Oct. 26.—Grand Trunk officials in this city are procuring the facts concerning the saving from possible wreck of G. T. R. Express No. 38, which runs between Toronto and London, via Stratford, on Friday night last.

A farmer between Petersburg and Baden thought he heard peculiar sounds as the rear of an eastbound train, No. 38, passed over the rails near his farm. Taking a lantern, he patrolled the tracks and soon found a broken rail. He maintained his watch until 8:30, a fast express, west-bound, in charge of Conductor Jack McViliffe and Engineer Alex. Hay of London, here in sight. Waving the lantern, he stopped the train, and it proceeded cautiously over the break, later sending section men to the scene to mend the rail.

There are steep embankments at both sides where the mishap occurred, and railway men say the farmer undoubtedly was the means of preventing a bad run-in. It is understood that the company intends to reward him for his commendable act.

**Musquash**—Village selected the following: Delegates, James Corscadden and David H. Maswinney; substitute, William Jennings.

Chance Harbor did not hold a meeting as scheduled, owing to difficulty in getting sufficient electors together. At South Musquash, the same trouble occurred. These two places expect to hold meetings some time before the convention.

**POSTAL EMPLOYEES NOW ALL UNITED**

The Canadian Federation Now Has a Strength of 22,000 Members.

By the uniting of all branches of the postal service under the name of the Canadian Federation of Postal Employees, with a strength of 22,000 members, postal men have succeeded in unifying their demands for future representation to the Government and Civil Service Commission. Already they are contemplating presenting a memorial embodying suggestions which will vitally affect the service. This federation was the outcome of an all-work conference of the following organizations: the Dominion Postal Clerks' Association, the Dominion Railway Mail Clerks' Federation, the Federated Association of Letter Carriers, and the Amalgamated Postal Workers and Dominion Postal Porters' Association.

The convention took the view that the presentation of a request for salary increases under present conditions could not be conveniently received and decided upon by the government at the present time. Consequently no material increase is requested.

Part of the remuneration of a civil servant is in the form of a bonus, which is intended to supplement the salary schedules to the extent of meeting the abnormal cost of living. That bonus, it is held by the federation, has, at the best, been entirely inadequate to meet that abnormal increase in cost. Last year the government removed twenty-five per cent of the bonus and the remainder amounted to what a study of statistics indicates as insufficient to meet the bare necessities, but consideration of the circumstances above mentioned make it appear only reasonable that nothing further be asked than a permanency to the present schedules be established.

The next meeting of the convention will take place in Winnipeg early in the new year.

**TURF.**

**Future in Sporting Life.**  
London, Oct. 25.—A far reaching decision has been rendered by the House of Lords in a ruling that money paid by check in settlement of a gambling debt is recoverable by the loser. This opens an avenue for possible litigation involving hundreds of thousands of pounds sterling, and if all losers were to insist upon their rights under the law it would mean the ruin of scores of the bookmakers who do a big business at all the race meetings. The bookmakers have called a special meeting to consider the situation.

**FOOTBALL.**

**Want Financial Statement.**  
Montreal, Oct. 25.—Please let me know by wire when we may expect to get financial statement including Scottish team's tour. This is important. This was a telegram despatched yesterday by President Tom Mitchell of the Quebec Football Association to Secretary Roy, of the Dominion football association at Winnipeg. Members of the Quebec association express impatience at the delay in presentation of the statement.

**St. F. X. Defeats Kings.**

St. Francis Xavier University football team defeated King's in the first game of the Eastern Intercollegiate League played in Windsor yesterday by a score of 3 to 0. While there was no brilliant individual playing the work of the winners' half line was praiseworthy.

**Off For Games With Acadia.**

The U. N. B. football team passed through here last night from Fredericton enroute to Wolfville, N. S., where they will meet Acadia college fifteen in the first game of the Western section of the Intercollegiate League, which will be held Thursday afternoon.

**Leitch Sisters Defeated.**

Miss Marion Hallins, national woman golf champion and Mrs. W. A. Gavin, metropolitan champion, yesterday defeated Miss Cecil Leitch, British, French and Canadian title-holder, and her sister, Edith, by one up in a four ball forenoon at the Baltusrol, New Jersey, golf club course.

**MONTREAL MAY  
GET NEXT BIG  
TITLE FIGHT**

Some Inside News of Late Dempsey Bout Has Now Come Out.

A review issue of The Brooklyn Eagle and the following:  
According to Joe Page, the well-known baseball and racing man of Montreal who is following his annual custom of taking in the World's Series, there was no bluff at all in the numerous stories to the effect that Montreal, Quebec, was bidding for the Jack Dempsey-Georges Carpentier bout for the heavy-weight before the bout eventually was held at Boyle's Thirty Acres, Jersey City.  
Furthermore, the veracious Page, whose word is good in sporting circles all over the United States and Canada, if activities of the reformers, or other untoward incidents, should close New Jersey and other U. S. arenas to future heavy-weight championship bouts, Montreal will get the plum.  
When Montreal first bid for the Dempsey-Carpentier fight the action was regarded as merely an advertising scheme on the part of the enterprising citizens of that town to put it on the map. Such bids for big bouts had been made by bustling and progressive citizens of other places for advertising purposes. In fact, it was at sort of wide-awake hustler who undid the Jess Willard-Jack Dempsey bout of July 4, 1919, to advertise Cleveland, Ohio. Montreal, being in Canada, and by no means famous on this side of the border as a boxing center, was not heeded seriously except by a few sporting writers.  
Those who paid most attention to the bid were writers who had long

Mabel Ryan, recently of Vancouver but  
formerly of Sackville, 2nd Dr. J. O. Cal-  
kin of this town will take place at 12  
o'clock today in the Methodist church.  
They will leave immediately for a trip  
to Montreal and New York.

### UTILITIES MEETING.

An application from the Enterprise  
Foundry Co. Ltd. of Sackville, for an  
order requesting better service from the  
Eastern Electric & Development Co.,  
of the same place, was placed before a  
meeting of the New Brunswick Public  
Utilities Commission held this morning.  
An order was made by the board re-  
turnable on November 23. All the com-  
missioners were present and a small  
amount of routine business was dis-  
posed of.

### THE LATE JOHN A. HUMBLE.

The late John A. Humble, claims  
agent of the C. N. R., formerly resided  
in Stanley where he was in business for  
some time. He is survived by his wife,  
a daughter of the late Hon. George W.  
White of Centerville, and a son, Errett  
of Stanley, and Borden and Archibald  
at home; also four daughters—  
Dorothy, Geraldine, Ruth and Evelyn.

### MRS. CHARLES CALVERT.

Many friends will learn with deep re-  
gret of the sad death of Mrs. Susan  
Calvert, widow of Charles Calvert of  
160 Millidgeville avenue, which occurred  
this morning, in her eighty-first year.  
She leaves to mourn two daughters,  
Mrs. John Dalin of Metcalfe street, city,  
and Mary Elizabeth, at home; also two  
sons and one brother. There will be  
services at half-past two o'clock on Fri-  
day at her late residence.

### ICE TODAY.

The temperature last night took a  
decided slump and this morning ice was  
in evidence. Early this morning the  
mercury registered twenty-four degrees  
or eight degrees below freezing. During  
the morning it took a trend upwards,  
and by noon the lowest October tempera-  
ture registered at the Meteorological Ob-  
servatory here was thirty five degrees  
on October 31, but in 1919 it registered  
twenty-four degrees on October 30.

### BAY OF FUNDY SURVEY.

The federal government steamer  
Acadia is operating in the Bay of Fundy.  
She was at the Lunenburg Lightship of  
Yarmouth, three days ago, and it is pre-  
sented by port authorities here that she  
is engaged in a survey of the Bay, as  
the Board of Trade was recently advised  
that this would be done. She has not  
been into port here yet and it is im-  
possible to find out just what has been  
done. The local board of trade has re-  
peatedly called the attention of the gov-  
ernment to the fact that there are many  
shoals reported by the pilots that are not  
on any chart.

### CATTLE FACILITIES.

Figures and estimates for the live  
stock shipping facilities at this port are  
in process of preparation by engineers  
and as soon as they are completed, they  
will be sent to Ottawa. Estimates for  
both the C. P. R. property on the West  
Side and the C. N. R. property at Island  
Yard are being prepared. The board of  
trade and other interests that have been  
pressing for these facilities, are satis-  
fied that the work will be done on one of these prop-  
erties.

### REPLY FROM A. BONAR LAW.

Secretary Honors of the Canadian  
Club, acting as a reporter that A. Bonar  
Law would be in Canada this autumn,  
invited him to address the club. The  
distinguished statesman replied by let-  
ter dated October 8—  
"I thank you very much for your  
kind invitation to address your club, but  
I do not think there is any likelihood  
of my being in America this autumn."  
Since the date of this letter it has been  
reported that Bonar Law would attend  
the Washington conference.

### PRESENTATION.

The members of the Ladies Aid and  
Women's Missionary Society of the Car-  
marthen street Methodist church gath-  
ered at the home of Mrs. Harry McKim  
on the eve of her departure for her new  
home at Norton. Mrs. E. E. Styles, in a  
pleasing address, expressed the regret  
of the society on losing so valuable a  
member, and presented her a silver  
plate. Mrs. McKim thanked the ladies  
for their gift. Refreshments were  
served and the gathering dispersed with  
the singing of "Blest Be the Tie that  
Binds," and prayer by the pastor. Mr.  
and Mrs. McKim left for Norton today.

### OFFICERS ELECTED.

At a meeting of Pleasant Point Sec-  
tion, No. 10, Junior Templars of Honor  
and Temperance, last evening, the fol-  
lowing officers were elected for the en-  
suing term: Governor, C. B. Black; 1st  
assistant governor, R. W. Kierstead; 2nd  
assistant governor, Herbert Earle; 3rd  
assistant governor, Fred. Burns; worthy  
archon, A. C. Byers; vice-archon, H. F.  
Byers; recorder, Jas. Northrop; assist-  
ant recorder, Harold Byers; financial  
recorder, C. Henderson; assistant finan-  
cial recorder, Chas. Earle; usher, Jas.  
Ewart; assistant usher, L. Stevens; out-  
side protector, Geo. Poley; inside watch,  
W. Poley; press reporter, H. F. Byers;  
chef, R. W. Kierstead; entertainment  
committee, W. Summerville and H.

### GENERAL BURSTALL AWAY TO MONCTON

LT. Gen. H. E. Burstall, K.C.B., K.C.  
M.G.A.D.C., Inspector General of Can-  
ada, finished his inspection of the troops  
here and left on the 1:40 o'clock train  
this afternoon for Moncton. Later he  
will proceed to Halifax, Quebec, Mon-  
treal and then to the west. In an inter-  
view with a reporter this morning the  
general enlarged upon the great need  
for an efficient militia in the country.  
He expressed himself as well pleased  
with the showing of the various units  
and greatly regretted that there were not  
many more. General Burstall said he  
thought the cadet movement was one  
of the greatest developments of mankind  
and he would like to see it more  
widespread. A well organized militia  
he believed, would do more to prevent  
war than anything else.  
Accompanying the General on his trip  
to Moncton will be Brig-Gen. A. H.  
MacDonnell and Lt.-Col. H. C. Szwedlik.

## SECOND TRIAL OF PARIS LATE IN NOVEMBER

### Hon. J. P. Byrne to Conduct Prosecution — Goes Over Scene of Crime With De- tectives.

The second trial of John Paris, indicted  
by a grand jury on a charge of mur-  
dering Sadie McAuley, will not likely  
be taken up until the opening session of  
the court here on November 22, so Hon. J. P.  
Byrne, attorney general of the province,  
said today. He expressed the opinion  
that the case could not be ready for the  
adjudged session of the circuit court  
before Mr. Justice Barry, which will be  
held here on November 1.  
Hon. Mr. Byrne said that he would be  
here and conduct the prosecution him-  
self. Accompanied by Sergt. Detective  
Power and Detective Bidlake he vis-  
ited the scene of the crime this afternoon  
and looked over the situation.

John Paris was tried for the first time  
during the October circuit and the jury  
disagreed. Sadie McAuley, the murder-  
ed girl, was but nine years of age. Her  
body was found buried under a heap of  
rocks about a week after she was first  
reported missing on August 2. On that  
day she went with another girl to Dou-  
glas avenue and afterwards went to pick  
berries near Riverview Park. That was  
the last time she was seen alive.

## HON. DR. PUGSLEY HAS DECLINED NOMINATION

Hon. William Pugsley has declined  
the nomination tendered him by the  
Liberal convention of St. John-Albert.  
His Honor said to the Times this morn-  
ing that for reasons which he gave in  
confidence to the deputation which  
waited upon him, he felt, while appre-  
ciating very greatly the honor bestowed  
upon him, that he would not be doing  
justice to himself or to the party to  
accept the nomination.

### CARLETON CASE IN POLICE COURT

The preliminary hearing of Fred Gal-  
lant, charged with breaking and enter-  
ing the store of E. R. Taylor, 45 Union  
street, W. E., and stealing several pieces  
of cloth, was taken up this morning in  
the police court. J. A. Barry appeared  
for the defence.  
Mr. Taylor gave evidence. Acting on  
information received from Policeman  
Linton, he said he went to the store  
about eight o'clock in the morning of  
Sept. 2, and said that the front door  
had been forced and several pieces of  
cloth stolen. Some cloth in the court  
was identified. The value was about  
\$400. Seven of the windows showed evi-  
dence of an attempt to open them and  
there were knife marks on the back  
door. Gallant was remanded till next  
Monday at 10:30 o'clock.

### TRAFFIC CASES

Several traffic matters were taken up  
in the police court this morning.  
John Seaman was charged with ex-  
ceeding the speed limit at the corner of  
Main street and Paradise row. Police-  
man Sheehan testified. A fine of \$10  
was imposed and allowed to stand.  
O. W. Wood, charged with operating  
car No. 2925 as a jitney while holding  
a taxi license, with operating a truck  
dealer's tag No. 231, without a city  
trucking license, and with operating car  
No. 2925 as a jitney on Monday without  
a card being displayed, pleaded not guilty  
to all three charges.  
Policeman McNamee repeated his evi-  
dence given before. Inspector Harris said  
that the man had been warned that he  
needed a jitney license, but had not ob-  
tained one up to the time the report was  
made. He identified a paper shown him  
by K. A. Wilson, counsel for Wood, as  
a jitney license, and said that the date  
on it was Sept. 17.  
In answer to the second charge Wood  
said that he did not personally own the  
truck. Inspector Harris gave evidence  
that he had warned Wood to get a truck-  
ing license and had later seen the truck  
without the license; the driver, Edward  
Metanion, had told him that it was the  
property of the accused, and he had acted  
on this information.  
The third case had to be postponed  
until the mayor could be called as a  
witness. All three were postponed till  
Thursday at twelve o'clock. Mr. Wood  
put up a deposit of \$20.

### LONGSHOREMEN'S AGREEMENT

The negotiations between the Long-  
shoremen's Association and the shipping  
people here regarding an agreement for  
the coming season have reached a point  
where nothing further can be done un-  
til the association meets on Nov. 7. A  
committee of fourteen, appointed at the  
last meeting of the Longshoremen, has  
been in communication with the shipping  
agents and has completed its work. It  
will report at the next meeting, from  
which another committee will be ap-  
pointed to prepare with agreement with  
the shipping people.  
The summer season here is said to  
have been the slackest in Longshore  
work for some time. Although there  
were several sugar steamers unloading  
at a single boat taking a full cargo  
despite was in port all summer. It is  
said that recently lumber has been  
moved from the vicinity of the mills near  
Milford in crows to points up river and  
piled there.

### ON ROUTE AGAIN.

The ferry steamer E. Ross, on the In-  
diantown-Lancaster route, which was  
taken off last week for repairs, was tow-  
ed through the falls again on Sunday  
and is now in service again.

### Unusual Gifts of Furniture For Weddings and Anniversaries

There is a great pleasure and recompense associated with giving—if our gifts make us  
feel that we have really contributed to the happiness and well-being of those we wish to  
compliment.

Be it for the wedding occasion which intimates the creation of a new home, or for the  
anniversary which records another milestone in the drama of life, a gift of some unusual  
piece of furniture really means more in substantial comfort and permanent enjoyment than  
almost any other gift we can give.

At Everett's there are so many appropriate gift pieces that it is an easy matter to find  
a desirable article for any gift occasion and within almost any price limitation, down to as  
little as \$10.00.

Convenient work tables—beautiful writing desks and writing tables with chairs to  
match. Interesting nests of tables—unusual dinner wagons—exclusive floor lamps and  
table lamps and reading lamps and magazine stands and book troughs and easy arm chairs  
and inviting sofas and many useful and distinctive tables and stands and scores of similarly  
gift pieces.

And in every instance the values will bear most critical comparison—for every market  
decline is at once reflected in our values—though without loud acclaim as a price reduction  
or special sale.

We invite a study of our windows and comparison of our values.
