

IRELAND COMES TO HER OWN

Historic Privy Council at Buckingham Today

King Signs Irish Free State Proclamation and Appoints Healy First Governor-General—Treaty Anniversary—Cosgrave Ill.

(Canadian Press) Dublin, Dec. 6.—The first formalities marking the inauguration of the Saorstas Eire, or Irish Free State, will take place today.

The first ceremony of the day is the administration of the oath of office to Timothy Healy, the new Governor-General, by the Lord Chief Justice of Ireland.

The Union Jack of Britain has been furled officially throughout the Free State, giving place to the green, orange and white tricolor.

The new Irish postage stamps go into circulation today, though to a limited extent, and British stamps are changed for use in Ireland.

London, Dec. 6.—An historic privy council, held in Buckingham Palace this morning, dealt chiefly with the establishment of Ireland as an independent commonwealth.

King George signed a proclamation giving effect to the new Irish Free State and also a proclamation appointing Timothy Healy as the first governor-general of Ireland.

This is the anniversary of the signing of the Anglo-Irish treaty, and it is recalled that not a single signatory remains a member of the Saorstas government.

Arthur Griffith and Michael Collins are dead. Robert C. Bevan has joined De Valera; George Cavanagh and Eamon J. Dugan have retired.

Dublin, Dec. 6.—Eamon De Valera yesterday issued a Royal Decree compelling all citizens of the republic to refuse to pay income tax, land commission annuities and other rents or dues to the occupied district board.

COSGRAVE ILL. MUST TAKE REST. London, Dec. 6.—William T. Cosgrave, head of the Irish Free State Government, has been ordered by his doctor to take a two months' rest, says a Central News despatch from Dublin.

TWO CIVIC RINKS. Fredericton last evening approved of the proposal to have two open air civic skating rinks in Fredericton this year, as urged by the Rotary Club.

CLAYTON CO. Undertakers and Embalmers. We are ready to serve you any hour day or night. Up to date stock and equipment at reasonable prices.

NOTICES OF BIRTHS, MARRIAGES AND DEATHS, 50 cents

BIRTHS. WOOD.—On Dec. 2, 1922, to Mr. and Mrs. C. Wood, 51 Gullford street, West St. John, a daughter, Catherine Mary.

DEATHS. ELLIS.—On Dec. 4, 1922, at the residence of his son-in-law, C. H. Peters, 91 Leinster street, Thomas Ellis, leaving one son, three daughters and one brother.

FRASER.—Suddenly, in this city, on December 6, 1922, John McLean Fraser, son of Mr. and Mrs. William A. Fraser, leaving, besides his parents, a loving wife, two brothers and two sisters to mourn.

IRON.—On December 6, at his late residence, 44 1/2 St. James' street, Christie W. Irons, leaving wife, two daughters, two sons, four step-daughters and one step-son to mourn.

McKERRON.—At the Mater Misericordiae on Dec. 5, 1922, Catherine Mary daughter of the late Wm. and Catherine McKernan of Halifax.

IN MEMORIAM. RICHARDS.—In loving memory of the late John Richards, who departed this life December 1, 1922.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

ANOTHER DOUBLE BILL AT IMPERIAL

The powerful west-town drama "White Satan Sleeps" starring strenuous Jack Holt and Fritz Brunette is filled with vital punches physically and emotional climaxes that contain tremendous appeal to all classes of picturegoers.

The first ceremony of the day is the administration of the oath of office to Timothy Healy, the new Governor-General, by the Lord Chief Justice of Ireland.

The Union Jack of Britain has been furled officially throughout the Free State, giving place to the green, orange and white tricolor.

The new Irish postage stamps go into circulation today, though to a limited extent, and British stamps are changed for use in Ireland.

London, Dec. 6.—An historic privy council, held in Buckingham Palace this morning, dealt chiefly with the establishment of Ireland as an independent commonwealth.

King George signed a proclamation giving effect to the new Irish Free State and also a proclamation appointing Timothy Healy as the first governor-general of Ireland.

This is the anniversary of the signing of the Anglo-Irish treaty, and it is recalled that not a single signatory remains a member of the Saorstas government.

Arthur Griffith and Michael Collins are dead. Robert C. Bevan has joined De Valera; George Cavanagh and Eamon J. Dugan have retired.

Dublin, Dec. 6.—Eamon De Valera yesterday issued a Royal Decree compelling all citizens of the republic to refuse to pay income tax, land commission annuities and other rents or dues to the occupied district board.

COSGRAVE ILL. MUST TAKE REST. London, Dec. 6.—William T. Cosgrave, head of the Irish Free State Government, has been ordered by his doctor to take a two months' rest, says a Central News despatch from Dublin.

ANNOUNCE CURE BY NEW TREATMENT

Case of Diabetic Coma Successfully Arrested.

Insulin Serum Discovery of University of Toronto Graduates Found Effective in New York—Gangrene Stayed by Another Discovery.

(Canadian Press) New York, Dec. 6.—With the recording of what is believed to be the first case of diabetic coma to be successfully arrested in the annals of medicine in this city, medical authorities today expressed high praise for the treatment used—the insulin serum—a recently reported discovery of Drs. F. G. Bantlin and C. F. Best, two University of Toronto graduates.

The insulin treatment taken from the pancreas of a pig is undoubtedly one of the greatest scientific contributions of modern times, said Dr. Thomas Howell, superintendent of New York Hospital, where the successful cure was reported.

Sixteen year old George Van Hessel of Brooklyn was taken to hospital three weeks ago in a diabetic coma, a state in the disease which heretofore has been regarded as hopeless. He was given the insulin treatment and a few days ago was discharged.

With careful dieting and periodic injections of the pancreas extracts, physicians said, his life will not be endangered by the disease. Medical authorities said that with a wider knowledge of the treatment material relief should be afforded to the estimated million sufferers of diabetes in the U. S. today.

Gangrene Also. Successful use of a serum to arrest the progress of gangrene was also claimed with the announcement that Edward Trainor of Oshawa, who was discharged from St. Mark's Hospital last night, Trainor, whose feet were frozen ten years ago, was admitted to the hospital in last March after he had lost both legs and several fingers which had been amputated in an effort to stay the progress of the gangrene. He was cured after thirteen injections of a serum discovered by Dr. Benjamin Jablon who began experiments with it attached to the laboratories of the U. S. Expeditionary Force in France.

WATCH YOUR STEP. Don't Miss This Chance. The buying opportunity of the season is soon to be announced to the public of St. John. Be on your guard to take full advantage of the greatest pre-war-shattering sale of the year.

A glance over our prices will convince you that we are offering the best values in men's and boys' clothing and furnishings in good faith by investors in both countries.

A simple statement of the case is that if there should be competition, it will be because the company elects to compete, as it has an opportunity to sell to the city at the figure five per cent above the original cost without having depreciable value.

2nd. The statement that "exclusive of common stock and current advances by banks, investors supplied \$8,000,000."

The face values of securities purchased by the investors is a little over \$2,000,000, but you must know that these securities were sold at rates very much below par, the difference being some hundreds of thousands of dollars, so that the amount invested is considerably less than \$8,000,000, instead of above that figure.

There is a gross deal more which might be said, as our people are well informed on the subject, but I trust you will see nothing further to correspond that in fairness to our city, you should retract the statements.

Yours very truly, G. FRED FISHER, Mayor.

TEAM FROM JOGGINS. Amplest News: Bowling is Joggin's big game this winter and if the players keep on bettering their form, a team will be sent to St. John to take part in the annual tournament.

AN ONTARIO SENATORSHIP. (Special to The Times.) Ottawa, Ont., Dec. 6.—Considerable difference is attached to an interview yesterday between Premier King and Dr. J. A. Rankin, M. P. for North Perth, in view of the vacancy in the Senate caused by the death of Hon. Wm. Proudfoot. One report is that Dr. Rankin was not here today on his own account, but on behalf of Reuben E. Truax, a defeated Liberal candidate for South Bruce.

Mauretania Into Dry Docks. Southampton, Dec. 6.—In consequence of trouble with her turbines the Cunard Line steamer Mauretania will go into drydock for overhauling. She will resume her trans-Atlantic sailings until the new year.

FUNERAL NOTICE. The Officers and Members of No. 1 Co., S. C. and F. P., are requested to meet at No. 3 Engine House, Union street, on Thursday afternoon, December 7, 1922, at 2 o'clock, for the purpose of attending the funeral of our late member.

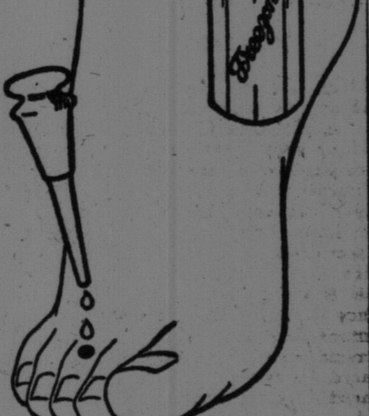

J. M. FRASER. Officers and members of No. 2 Co., S. C. and F. P., and of the Fire Department are invited to be present.

By order, E. PERCY HOWARD, Secretary.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezole" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly "Freezole" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Successful use of a serum to arrest the progress of gangrene was also claimed with the announcement that Edward Trainor of Oshawa, who was discharged from St. Mark's Hospital last night, Trainor, whose feet were frozen ten years ago, was admitted to the hospital in last March after he had lost both legs and several fingers which had been amputated in an effort to stay the progress of the gangrene.

MR. CAVICHIO ARRIVES. Kingston, Jamaica, Gleaner: Mr. Cavichio, vice-president of the National Construction Co. of Canada, which will build the branch railway from Chaplin to Frankford, arrived in the "S. S. S. Turrialba" here today.

PERSONALS. Montreal Transcript—Mr. and Mrs. J. J. Perry, who have been spending a few days in Montreal since their marriage in St. John, on November 22, arrived in the city on the Ocean Limited on Sunday afternoon and will spend a few days here with Mrs. Perry's parents, Mr. and Mrs. J. W. Fraser.

Records Broken. All DALLAIRD'S previous records outdoors—all earlier bargains eclipsed during this Anniversary Sale.

GLOUCESTER BY-ELECTION BEFORE SESSION

Date Not Considered Yet—Government Again in Session—Fredericton Wants Lecturers.

(Special to The Times) Fredericton, N. B., Dec. 6.—The Provincial Government devoted the morning to the schedule and transacted much business. The Board of Education met this afternoon with a lengthy session.

The Premier said that the matter of the by-election in Gloucester County to fill the vacancy caused by the resignation of John G. Robichaud to take the federal nomination had not yet been considered, but he could say that the by-election would be held before the opening of the Legislature.

The Premier said also that no decision had been reached yet in regard to a disputed timber berth sale in which Charles Anderson of McAdams claims that a berth lot in his own name was sold to Luther B. Smith of St. John.

Game Warden John R. Kelly turned five rifles into the office of the chief game warden here today. They had been seized by the warden in a lumber camp during the close season in illegal and the firearms are liable to seizure.

An effort is being made to have Fr. D. Rivin included in the lecture tour being arranged in Canada by the National Education Council. Lecturers will be prominent men from England, including possibly Sir Henry Newbolt, "Mr. Bland" Bland Powell and Sir Michael Sadler.

Timber berths to be sold at auction on the Crown Land Office today were Rev. Clifford W. Gray of Pembroke, Carleton County, Primitive Baptist, and Rev. J. W. Fraser of St. John.

Chicago, Dec. 6.—John Mead Howell of New York City, son of William Howell, a noted novelist, has won first prize in The Chicago Tribune's \$100,000 competition, and thus becomes architect of the Tribune's new building to be erected at 431-433 North Michigan Boulevard at a cost of \$17,000,000.

Howells immediate honorarium is \$50,000. Associated with him in preparation of the design was Raymond S. Searles of New York City.

Elle Saarinen of Helsinki, Finland was the second prize of \$20,000. He was the winner of the second prize in the competition for the peace palace at The Hague. His associates in the preparation of The Tribune design were G. H. Wallace and Bertel Greenman of Chicago.

William Holabird and Martin Roche of Chicago will be the third prize of \$10,000.

The new structure will be named The Tribune Tower. Mr. Howells design will be executed in stone of light color. It is a Gothic expression of the structural fundamentalism of the American skyscraper. That fundamentalism is a steel cage.

The fact that there is no impediment to the construction of each of the sides of the building and the further fact that its site is nearly square (100 feet by 133 feet) have given Mr. Howells an opportunity to plan an effect at once towering and militant. He asserted that the conditions he had to deal with precluded the greatest opportunity that has been presented to an American architect for the working out of an American style of office building in the Woolworth and Bush Terminal Buildings in New York City.

These effects, centering around the commanding theme of a Gothic tower springing from the ground to a height of 410 feet, however, never been carried to the point expressed by Mr. Howells' Tribune design.

Designs were submitted by architects from every civilized country, all of them beautiful to a marked degree. It is felt that this competition has served to spur architects and designers to greater efforts, and that this will be reflected in Chicago and other cities.

It is also considered certain that all of the designs submitted will eventually be sold to builders in Chicago or elsewhere.

THE SULTAN'S WIVES. A Constantinople despatch says that any of the Ex-Sultans' 160 wives who are able to find husbands will be permitted to remain in Constantinople, but the remainder of them will be sent to their homes in the interior. Most of the women are Circassians and are described as "stirring and attractive."

It ought not to be difficult to find husbands for these women, said a palace functionary, "all were selected for their beauty, youth and figure. Most of them were gifts to the Sultan from Governors of the provinces. They have matchless complexions, dark eyes and long chestnut-colored hair. All of them are very religious, faithful and affectionate."

Since their imperial master has left them without support we must find husbands for them or they will starve. All they expect is a modest dowry. This under our law will be returned to the husband if he should desire to divorce the woman he married.

BECK VINDICATED

STAYDOWN TAKEN FOR RADIAL ROAD

Dominion Railway Commission Award Backs His Claim Against M. C. R.

London, Ont., Dec. 6.—Sir Adam Beck's competency to protect the people's interest in the operation of public utilities, even when pitted against the strongest forces that a great private corporation is able to present, was again vindicated last week when the Dominion Railway Commission brought down its arbitration award fixing the amounts which the Michigan Central Railway shall pay to the London and Port Stanley Railway for hauling M. C. R. freight trains between London and St. Thomas.

Since electrification of the L. & P. S. C. R. has had an agreement to haul M. C. R. freight trains between the two cities and to do M. C. R. switching in London with the city's electric locomotives at a certain price per car. This agreement provides for revision of the haulage charges by negotiation or arbitration every five years.

Company's Offer Refused. The first five-year period expired in 1920, and Sir Adam, acting for the London Railway Commission, of which he is chairman, negotiated with the M. C. R. officials for payment of better haulage rates to the city road. The M. C. R., after some dithering, offered to pay the former rates, but Sir Adam persisted in the fight and refused to accept the offer.

The effect of the Dominion Railway Board was called upon as an independent body to arbitrate the issue. The M. C. R. made a formidable staff of experts and lawyers and prepared very strong case. This was met by Sir Adam with an equally formidable staff of experts and engineers to check both sides of the case, and, as a result, an award was made that gives the city road \$7.50 per loaded car in trains of twelve, whereas the Michigan Central had offered \$8 and had formerly paid \$7. For empties in trains of twelve the city will be paid \$5 instead of \$4. For empties in trains of six the city will be paid \$3 instead of \$2.50. The award is for a five-year period beginning December 31, 1920, and the city will receive an adjustment of the rate scale for traffic hauled during the two years.

J. M. HOWELLS WINS CHICAGO TRIBUNE PRIZE. New York Architect Submits Best Design for the New \$7,000,000 Building.

Chicago, Dec. 6.—John Mead Howell of New York City, son of William Howell, a noted novelist, has won first prize in The Chicago Tribune's \$100,000 competition, and thus becomes architect of the Tribune's new building to be erected at 431-433 North Michigan Boulevard at a cost of \$17,000,000.

Howells immediate honorarium is \$50,000. Associated with him in preparation of the design was Raymond S. Searles of New York City.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, DECEMBER 6, 1922

The Evening Times and Star

ST. JOHN, N. B., DECEMBER 6, 1922.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

GOOD DAYS WORK.

The City Council did a very excellent day's work yesterday, and it was unanimous. Its task was made easier by the letter from the New Brunswick Power Company, which not only rejected the city's offer but submitted figures and calculations which made clear that it wants not \$2,477,000 for its property but an amount much nearer \$3,500,000.

COLOSSAL NERVE.

A delegation of shareholders of the New Brunswick Power Company went to Fredericton last night and urged the Government to approve of a suggestion for arbitration to fix the value of the company's property in connection with the hydro contract with the city of St. John.

NO FEAR OF TAXATION.

There are still some citizens who fear that competition with the Power Company will result in taxation. Let us consider this for a moment. The city has contracted for only ten million kilowatt hours and does not begin paying for the current until the first of May.

EX-PREMIER HEARD AS PRIVATE MEMBER

Lloyd George Speaks on Agriculture, Suggests Inquiry and Talks of Unemployment. London, Dec. 6.—David Lloyd George made his first speech in the new Parliament yesterday, speaking from the same seat whence, seventeen years ago, he was accustomed to inveigh against the government of the day.

MADE PLEA FOR CHILD.

The causes of moral delinquency today and the efforts which are being made by the Canadian Social Hygiene Council to remove these causes and secure for humanity its three-fold birth—physical, mental and spiritual, were dealt with by Mrs. Emmeline Pankhurst in an address at a meeting on public health, held under the auspices of the Social Hygiene Council of Ottawa last week.

Count Michael Karolyi, now on trial in Hungary for high treason, has had brilliant but checkered career, and as an opportunist has had few rivals in the field.

Now for the sub-station and the distribution system. The new commission must lose no time. It has to make up for the years of delay.

BOOK LORE.

(Marion Lockwood in New York Times.) My book-shelf has an empty place; The other books crowd solidly and stiff.

On either side— Good books, with bindings strong, Like a fine row of teeth, From which one tooth is gone.

They push each other close, And, with sharp shoulders, Bristle for a chance To hide that vacant space with their thick bulks!

Gradually to advance Until their perfect line is rid Of that unshapely place— A truant, a disgrace.

But I am obstinate and stern With these good books I love; I move them off with a tender hand From that black cavity, While they scowl dourly through the days.

Their titles star, with gravity, And so I, all alone, defy My rows of disapproving books; I keep them from that empty place with care;

I smile back at their still rebuff; I keep that bookless spot quite clean and bare— Because you borrowed it Oh, that's enough!

LIGHTER VEIN.

Not Too Hard-Hearted. Lawyer—"You want to ask \$5,000 a year alimony. How much is your husband making?"

Lady—"Five thousand, but I'm sure he could make more if he had to and I'm willing he should keep the difference."

A Dubious Point. "I am opposed to intoxicating liquors as a beverage," said Mr. Borom. "Yet I believe that liquor rightly used is a benefit to humanity. I am fully convinced that whiskey was once the means of saving my life."

"Perhaps it did," responded Miss Cutting, "but I fall to see how that proves it a benefit to humanity."

THORNTON DINNER TICKETS ALL SOLD

Entire Seating Accommodation for 660 Persons is Booked Up. (Montreal Gazette.) "Every possible ticket has been taken for the Board of Trade dinner in honor of Sir Henry W. Thornton, the new head of the Canadian National Railways, on Tuesday evening next."

The dinner, which was held in the Rose dining room at the Windsor Hotel, with seats for about 600, but the original 400 seats were not sufficient to accommodate the large number of guests who were expected to be present.

The dinner was a real surprise to the executive, said Mr. Cook, "that so great an interest has been taken in this banquet, which has been arranged in importance any function undertaken by the Board of Trade in recent years."

At first it was proposed to hold a banquet in the Rose dining room at the Windsor Hotel, with seats for about 400, but the original 400 seats were not sufficient to accommodate the large number of guests who were expected to be present.

The Problems Which Face St. John In Coming Year

Statement of New President of St. John Board of Trade—Canadian Trade Through Canadian Ports, Lower Freight Rates and Harbor Development Among Matters to Be Considered.

A clear outline of the problems which will come before the St. John Board of Trade during the coming year was made by the new president of the board, George E. Barbour, in a statement issued yesterday. In it he favored the adoption of some policy of harbor commission in order to keep the Port of St. John equipped to compete with the other ports to the south of us.

GEORGE E. BARBOUR, New Head of the St. John Board of Trade.

His statement was as follows: The Board of Trade is an implement, a machine, a tool provided by the association of its members to promote in its broadest sense the commercial interest of the City.

It is more than that, yet primarily that is what it is for. It is an instrument—it must be used by its members and by the community. The council and officers are only the spearhead—the force behind comes from the membership and the City.

The board provides its members with touch with each other, and, through the organization, it gives connection with the official government of the City, the Province and the Dominion. It is a channel for the business community to express itself, to show hospitality to eminent strangers, in short, to do many of those things which its members will find it impossible to do as individuals and which are always in the interest of the entire community.

Anyone with a desire to co-operate with others to promote the welfare of St. John is a welcome member. The past is a record of constant work and wide awake effort for St. John. Recent years have shown a tendency to develop the widest co-operation with other sections of the Province and with our neighboring provinces of Nova Scotia, Prince Edward Island and Quebec.

The future holds many problems for St. John, and never was there a greater need for loyalty to our City's interests. The Board of Trade will only succeed in delivering service to the City as it has the loyal support of the City and its members.

Among the problems which the board must face are: First—The question of the future of the St. John Harbor. Personally, I believe this is one of our most vital questions. To keep pace with competing ports to the South, not only must we provide for the upkeep and replacement of the present wharves and warehouses, but we must also provide the most modern fireproof facilities that are possible. Looking at the success of Harbor Commission at other ports, I am convinced that our problem will only be solved by some development along that line. If we can secure the same government support as other Canadian ports, I cannot see why we should be afraid to go ahead on some plan of harbor commission.

Then there is the question of railway facilities. Courtenay Bay there steadily goes on, but no preparation is being made to provide adequate feeder railways for it when ready. Also, for some reason, Canadian railways still seem to put high rates on grain traffic to Quebec in summer and St. John in winter. If the people's railway, the G. T. P. east of Winnipeg, is to be used to advantage, and if Eastern ports are to get this Canadian traffic instead of the American ports, we will need to keep steadily fighting along with Quebec and Halifax for a new deal.

We are vitally interested in getting back the railway rates which were the basis that made it possible for us to do business westward in many lines from Confederation up to about 1917 when the rates were abolished. The facts are there, and we must not let them be forgotten.

These two railway freight matters are some of the constructive efforts that we can promote. It needs Maritime unity of effort and the clearest of constant argument and continued pressure from every angle rather than perpetual protests of unfair treatment.

Sir Henry Thornton will be in the East soon. Let us do our utmost to give him a welcome which he will remember by its heartiness rather than by its complaints. The East has a great future in Canada, but it will need clear-headed leadership and self-reliance. The St. John Board of Trade can help in many ways, and the officers and council ask the support of all citizens.

The Board Today. The present officers of the St. John Board of Trade are as follows: President, George E. Barbour. Vice-president, L. W. Simms. Members of Council: M. E. Agar, W. S. Allison, W. F. Burditt, J. C. Harrison, D. W. Ledingham, H. W. Rising, F. W. Roach, E. A. Schofield, G. L. Warwick.

Six more members of the council are to be appointed by the members elected.

The Honor List. Presidents of the St. John Board of Trade in previous years were as follows: 1821-1827—Hon. William Black. 1828—Thomas Millidge. 1829—Zalmon Wheeler. 1830-1832—Lanclan Donaldson. 1833-1838—William Walker. 1839—E. DeW. Baskford.

ITCHING-ECZEMA DRIED RIGHT UP WITH SULPHUR. Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment and discomfort. Sufferers from skin trouble should get a little jar of Mentho Sulphur from any good druggist and use it like a cold cream.

NEWS NOTES OF BAPTIST PEOPLE (Maritime Baptist). Rev. E. A. Houston has closed his service of mo. in two years with the church at Calcutta, Queens Co., N. S., and is open to engagement for pastoral service. Rev. Charles Riceborough has just closed his pastorate with the church at North Brookfield, Queens County, N. S., and has accepted a call to the church in Perseus, Kings County, N. S. Rev. L. E. Nunn, recently of Manulota, has accepted a call to the pastorate of the church at Digby, N. S., and entered upon his work in that town. Rev. David Jones has resigned the pastorate of the Prince William group of churches and accepted a call to the Baptist Church, Mapleton, Me. From an exchange we learn that Lieut. A. A. McLeod has accepted a call to the pastorate of the church at McLeods Square and Kingston Station, N. S., and that he will carry on his studies at Acadia in connection with the work of this pastorate. A recent Boston despatch intimates that Rev. Charles H. Day, D. D., resigned the pastorate of the First Baptist Church, Waterville, Me., on November 26, after a pastorate of seventeen years. No intimation is given as to Dr. Day's plans for the future. We learn from exchanges that Rev. A. J. Prosser resigned the pastorate of the First Cornwallis Church, (Canada, Kings Co., N. S.), on November 28. The resignation is to take effect December 31. The Canadian Baptist Foreign Mission Board is in receipt of a cablegram from India announcing the safe arrival there of the missionary party who sailed from New York on the S. S. City of Lucknow, namely, Dr. and Mrs. J. R. Stillwell, Rev. and Mrs. S. C. Freeman and Miss Pearl Scott; while a card written on November 8 by Miss Martha Clark on reaching Bombay, states that she, her sister, Dr. Zella Clark and Miss Evelyn Eaton had landed in India, and were leaving that evening for their station, Sompet, Aj. Dr. Hulst, who left Canada in July, arrived at Yvruyuri early in September. It will be seen that already quite a number of the missionaries of the board have reached the field. Still to arrive are Rev. and Mrs. J. E. Chute, Rev. and Mrs. A. Gordon, Rev. and Mrs. H. D. Smith, and the Misses McLeod, Kenyon, Mann and Turnbull.

"How Fresh It Is!"

It is a pleasure to go to your cake-box when you have baked with ROYAL Baking Powder because it is in the nature of a pure Cream of Tartar Baking Powder to keep baked foods fresh.

This means a real economy and is just one of a hundred reasons why careful housekeepers insist upon Royal Baking Powder. Some others are:

It Contains No Alum Leaves No Bitter Taste

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis
Formerly Technical Electrical Expert For U. S. Government

Lesson No. 174.

AUDIBILITY MEASUREMENTS

The limit of audibility of radio telegraphic signals is sometimes taken to be that at which the dots and dashes can just be distinguished. For the purpose of making comparisons between received signals it is necessary to make audibility measurements of the strength of the received signals. One method for making audibility measurements is by means of the shunted telephone arrangement shown diagrammatically in the figure below.

"R" is a variable shunt resistance which is connected across the terminals of the telephone. "S" is the impedance of the signal as expressed by the ratio ("s plus l") divided by S where "s" is the impedance of the shunt "R" in ohms and where "l" is the impedance of the telephone in ohms.

In actual practice it is very difficult to secure an accuracy of greater than ten per cent but this is sufficient for many measurements. With the signal whose audibility it is desired to measure being received and rectified by the detector the resistance in parallel with the telephone is reduced until the limit of audibility is reached. The value of "s" is then taken from the resistance of the shunt across the telephone.

The audibility of the signals is found to be approximately proportional

RECENT DEATHS

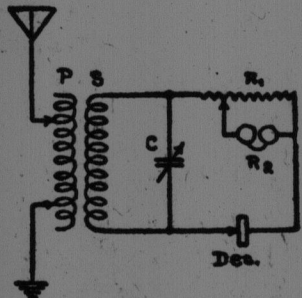

Christie W. Irons.
Many will learn with regret of the death of Christie W. Irons, which occurred yesterday at his home, 44 1/2 St. James street. The late Mr. Irons, who was seventy-four years of age, was a native of Queens county but had spent most of his life in St. John and the greater part of it in the North End. For many years, before his retirement, he was employed with the St. John Railway Company. He was highly respected by all who knew him and in their bereavement his family will have the sympathy of a wide circle of friends. He is survived by his wife, two sons, James, of Boston, and Melvin, of this city, two daughters, Mrs. Frederick J. Nisbit, of Banford, and Miss Christina, at home; also four stepdaughters and one stepson.

Herbert McMillan.
The death of Herbert B. McMillan occurred on Sunday in Fredericton. He was 88 years of age and was a son of the late Mr. and Mrs. Edward McMillan. He is survived by five brothers, William of St. John, Philip of Iowa, Thomas of Stillwater, Minn., Joseph of Wakefield, Mass., and Steven of California, and one sister, Edna, of Boxford.

E. P. Allison, K. C.
(Halifax Echo.)
The late Edmund P. Allison, K. C., B. A., LL. B., was in his 80th year, and was a prominent barrister. Of late years he had been particularly active as counsel in business enterprises. During the last two or three years he had been closely identified as legal adviser with companies carrying out oil development work in Texas, making one or two trips to those fields in the interests of his clients. The late Mr. Allison was the barrister selected by the Chief Justice of the Province to represent citizens of Halifax in connection with the valuation, for rate-making purposes, of the assets of the Nova Scotia Tramways and Power Company.

Mr. Allison was born at Richibucto, N. B., on June 9, 1869, the son of Dr. David Allison, now of this city, formerly president of Mount Allison University. He was educated at Dalhousie University, taking the degree of B. A. and LL. B. Mr. Allison read law with the firm of Graham, Borden and Tupper, and later with the firm of Borden, Ritchie and Chisholm. He was called to the Bar of Nova Scotia in 1898, and was created K. C. in 1914. His wife was formerly Miss Eugenie K. Hart of this city. Among his many

public activities, Mr. Allison was a past president of the Charitable Irish Society, being succeeded to that office this year by Alderman Finlay. In religion the late Mr. Allison was a Methodist, and in politics a staunch Conservative. He is survived by his widow and one son, E. Philip, at home, and one brother, Harry A. Allison, barrister of Calgary. H. A. Powell, K. C., of St. John, is an uncle.

to the square of the high frequency current and may be expressed in current units if some form of sensitive indicating meter is inserted in the circuit. One or more readings of the meter should be taken for one or more settings of the resistance values.

The method described can only be employed when periodically interrupted signals are to be measured. Telephone measurements cannot be made of uninterrupted continuous wave currents.

The main reason for the lack of accuracy in audibility measurements made in this manner is the difficulty in establishing a standard for signals of a strength at which the dots and dashes are just distinguishable. The human ear is not so sensitive to slight changes in signal strength as to permit of greater accuracy in measurements of this nature.

It is interesting to note that about 10 micropereps is the least current which can be detected by the ordinary crystal and telephone. By means of an oscillating aural aid in connection with the shunted telephone it is possible to measure the strength of signals received from distant stations, tests having been successfully made on stations several thousand miles distant. In this case the least current detectable was found to be about 4-1,000,000,000 of an ampere.

juries received in an automobile accident. The couple had planned to be married in her home in Hawthorne on Thanksgiving Day. Miss Wolpers resolved to have the marriage performed on schedule. A Hawthorne clergyman went to the hospital and tied the knot. The bridegroom is also a resident of Hawthorne.

CANARY TRAD EIA-JAPAN BRINGS IN HIGH PROFITS
Tokyo, Nov. 6.—(By mail.)—Japanese exporters are trying to induce breeders of canary birds to go into the business on a commercial basis instead of as a hobby, as it is now. Canaries from Japan are in great demand abroad, but the exporters cannot fill all their orders.

Last year, canaries to a value of 1,000,000 yen were exported, these going largely to the United States. This year the value of the birds exported is almost double that of last year with many orders unfilled. Buyers from Tokyo and Yokohama are scouring the nearby provinces, principally the prefecture of Niigata, for birds, which are bought for from one yen to one yen twenty sen for the ordinary mixed, living from five yen to six yen in the city.

Christmas Selling of Pretty Sweaters and Wool Things

Another Step Ahead
In Hydro Programme

Common Council Names a Civic Hydro Commission and Breaks Ground for the Erection of Distribution System—The Power Company Letter.

The Common Council took another decisive step forward yesterday when, meeting in committee, a decision was reached to recommend to the council the establishment of a Civic Hydro Commission, the members to serve for a term of two years. The personnel was selected by nomination and ballot as follows:—

Major Ronald A. McAvity, 107 Buperie street, West St. John.
William L. Harding, 158 Watson street, West St. John.
Herbert Phillips, M. E. C., 450 Douglas street, West St. John.
John N. Flood, 96 Colburg street, James Lewis, 146 Britain street.
A. H. Rowan, 333 Main street.

In opening the discussion on the report of the New Brunswick Power Company to the effect of the city to purchase its plant the Mayor had the communication from the company read.

After reading the communication Mayor Fisher said:—
"In presenting this letter from the Power Company declining the city's offer and proposing several other methods of dealing with the situation I wish to say, briefly:—

(1) That arbitration under the Act of 1922 would not be fair to the city, would take considerable time and would be needless, as the city already knows the value of the properties in 1917, as found by its own experts previous to the hearing before the Currier Commission, and this value could be brought up to date by the adding of capital expenditures made since 1917 and deducting depreciation. The valuation so arrived at would be a lesser amount than that of the city's recent offer.

(2) That arbitration of rates so as to give the people cheap electricity would be impossible under the existing conditions.

(3) That the purchase of the electric light and power departments might be satisfactory to the city if the company could reorganize so as to divide its business and could offer to sell at a fair price, both of which appear unlikely in view of the company's attitude in placing a value on its common stock.

(4) That the proposal that the city acquire control of the plant and stock, as the Bodel offer asked that the city guarantee dividends to the first and second preferred stockholders for eternity and "until Adam came again," speaking about the valuation of \$2,877,685.50 from the Supreme Court, Mr. Frink asked "who appointed the five-member board?"

He went on to say: "The Legislature did. The judges had declared their function was judicial and not financial or electrical and no payments shall be made until approved and signed by him or some person authorized to sign in his stead by the Common Council."

It was the consensus of opinion that should the controller need any extra money it would be readily obtained for him.

Personnel of the Commission.
Mayor Fisher submitted his section dealing with the appointment of five citizens to the commission but the amendment previously necessitated change of two extra members.

Commissioner Thornton declared that the North End of the city was represented by Mr. Fisher pointed out that Herbert Phillips lived in the North End. Commissioner Thornton moved that amendment be made until this morning to consider the appointment of a commission, but after debate he agreed to withdraw his motion, and Commissioner Bullock moved that selection of the commission be by nomination and ballot. This carried.

Mayor Fisher nominated the five names he has submitted previously. Commissioner Bullock nominated A. M. Rowan and Commissioner Wigmore nominated James Lewis.

Commissioner Thornton nominated Robert J. Armstrong. Commissioner Frink declared he had no one on his string to nominate. As the argument that men should be selected because of residence in some section of the city, he thought that efficiency should be the guiding principle.

It seemed to him that the council should agree on the principle of having a commission first. Commissioner Wigmore pointed out that this matter was covered in the section. There was some doubt regarding the rescinding of a resolution similar to this passed last May but the Mayor has declared that it had been rescinded and the section then carried unanimously.

The Commission.
Prolonged discussion occurred over Section Two, relating to the appointment of the commission. Commissioner Wigmore moved that the personnel of the commission be increased to seven. This carried. Commissioner Thornton declaring for a commission of but three. Commissioner Frink moved that the term of years be reduced from three years, as proposed by the Mayor, to two years, and, in its unamended state, the second section carried as follows:—

"That the number of members of the said Commission be seven, with the Mayor as an additional member ex officio, that the term of office for each of the seven members be two years and that each member hold office until re-appointed and also be eligible for re-appointment."

Section Three dealt with the question of a quorum for the commission. An amendment by Commissioner Frink that no business could be transacted without there being a quorum carried. Section Three now reads:—

"That a majority of the Commission shall constitute a quorum and its business shall not be conducted without a quorum."

Section Four, which gives one vote to each member of the commission on all questions was adopted without dissent.

Commissioner Frink submitted an additional section at this point. It numbered Five and was adopted. It reads:—

"No member of the said commission shall be directly or indirectly interested in any contract for work, supplies or materials of any description whatsoever which the said Commission is authorized to make. Neither shall he receive any money for sale of supplies or materials arising out of any contract of the Commission and that upon evidence being submitted to the Commission that these facts, such member of officers, shall be retired from office until such charge has been disposed of by the Common Council."

Commissioner Thornton submitted another resolution that for their services on this commission, none of the members will receive any salary or emolument arising out of their connection with the commission. This carried.

Audit by Comptroller.
Commissioner Frink had another resolution ready which was adopted. The referred to auditing of the accounts of the commission by City Hall. As adopted, it reads:—

"(7) All bills of account for expenditures made by the Commission shall be subject to the audit of the Comptroller and no payments shall be made until approved and signed by him or some person authorized to sign in his stead by the Common Council."

It was the consensus of opinion that should the controller need any extra money it would be readily obtained for him.

Personnel of the Commission.
Mayor Fisher submitted his section dealing with the appointment of five citizens to the commission but the amendment previously necessitated change of two extra members.

Commissioner Thornton declared that the North End of the city was represented by Mr. Fisher pointed out that Herbert Phillips lived in the North End. MATTERS BEFORE COMMON COUNCIL

In addition to considering the appointment of a hydro commission the Common Council in session yesterday afternoon some routine business was disposed of. Recommendations contained in the report of the committee of the whole were adopted. An amendment offered by Commissioner Frink to the effect that an independent valuator would make an estimate of the value of the property of Dr. P. R. Taylor, C. C., the finding of the valuator to be binding on both parties, was carried. A letter from J. C. Mitchell of the Ames Holden M.C. ready Co. Ltd., regarding interest on taxes of the company not paid within the required time was referred to the Mayor.

DIOCESAN W. A.
A meeting of the diocesan W. A. was held yesterday afternoon in St. John (Stone) church, school room, with Mrs. George P. Smith presiding. Rev. A. L. Fleming led the opening devotions. Mrs. Cortland Robinson, convenor of literature, and Mrs. James R. Robertson told of sending magazines to lumber camps.

The treasurer, Mrs. G. C. P. McIntyre, reported receipts \$215.44, disbursements, \$111.46 and a balance of \$103.98. The dominion treasurer had reported that the diocesan W. A. appropriation for this year would be \$2,700, the same as last year. Last year the diocesan W. A. had fallen about \$200 below its appropriation, but Mrs. McIntyre believed the amount could be easily raised. This year the educational appropriation was \$250, an increase of \$25 but the girls' branches had undertaken to give \$75 to the educational fund. Before the meeting, Miss Marie Fairweather, as Leaflet secretary, read the dominion Leaflet and the diocesan secretary, Mrs. E. J. McAvity, read the secretary's comment on the diocesan report. Miss Fairweather reported eight new subscribers and said St. Mary's branch now had every member subscribers. Miss Helen Richardson reported for the girls' branches and Miss Portia Mackenzie for the Junior League. D. fund report was read by Mrs. J. R. Campbell. Mrs. H. D. Foster told of her recent attendance at the meeting of the diocesan W. A. It was decided to send a message of sympathy to Canon and Mrs. Kubring on account of the illness of Mrs. Kubring. Different mission schools in the diocese to the various branches for the sending of Christmas boxes took up the rest of the time of the meeting.

A meeting of the In-His-Name Circle of the King's Daughters was held Monday evening at the home of Mrs. Bliss Smith, Leinster street, with Mrs. F. K. McAvity presiding. Plans were made for the Christmas season and it was decided to make Christmas bags for the Seaman's Institute and to undertake other philanthropic work.

HIS STOMACH IS JUST LIKE A NEW ONE

Paul Short, Atlantic Hotel, Victoria Road, Sydney, Nova Scotia, writes for the Cape Breton Electric Co., is still another who is enjoying a wonderful appetite, perfect digestion and robust health as a result of the use of Tanlac. To use Mr. Short's own words:—
"Since I took Tanlac my appetite is something to be proud of and my stomach acts like a new one. I must have had indigestion about all my life for I remember a long time back that when I ate any pastry or fatty foods I always suffered afterwards. Before I took Tanlac my appetite left me entirely and I got to where I felt all play-acted before my eight hour shift at the power plant."

"After eating I would have a pressing pain that filled my whole chest and went through my back, and it was most of a pressure in my throat that gave me a choking sensation. I had no desire for breakfast and got so I was eating very little at any time, but I suffered just the same. In about two weeks after I began taking Tanlac I felt a wonderful change all over me. I picked up five pounds on three bottles and have enjoyed the best of health ever since and there has been more than five months now. I can work through my eight hours and feel as fine as you please at quitting time. Tanlac is certainly great."

"Friends of Mrs. Bauer, manager of the glass department of Murray & Gregory, Ltd., will be pleased to learn that she is recovering from her severe illness, at the General Public Hospital, but improvement has been slow. It is expected that she will be able to go home almost at once."

The Trinity church Young Men's Club was held on Saturday at the St. John Dry Dock and Shipbuilding Company and were shown over the works at the courtesy Bay by Messrs. Moore and Douglas Pugsley. They went through the dry dock, the machine shops and one of the dredges and were greatly interested in what they saw. On their return to the city they had supper at Bond's, G. G. Jones, Dr. J. E. McAvity, Harold McV., Partridge accompanied the boys.

A successful tea and sale was held in the Wright street Protestant Orphan's Home yesterday afternoon in aid of the orphan's home. Miss F. Campbell and Miss Florence Warwick supplied an excellent musical program. Mrs. D. H. Ellison, Mrs. E. A. McKenna, Mrs. Murray, Mrs. H. Usher Miller and Mrs. Graham.

The W. M. S. of the Victoria street Baptist church held an open meeting on Saturday evening. The program was much appreciated by a large audience. Mrs. G. H. Hudson, the president, was in the chair. Miss Ford gave readings and Rev. C. T. Clark, of Fairville, gave an illustrated address on India. The service was devoted to missionary purposes.

A delegation, led by representing the security holders of the New Brunswick Power Co., appeared before the trustees of the city on Monday evening, and asked that steps be taken to afford them protection in connection with the proposed sale of the power plant. The trustees of the city are considering the matter later. Among those who appeared before the trustees were Mr. J. M. Robinson, Robert E. N. Sanderson, New York; P. W. Thomson, St. John; James MacMillan, St. John and F. B. Taylor, St. John.

A meeting of the Senior Mission Baptist Church was held last evening, Mrs. F. H. Bond presiding. A report showed that \$35 was realized from a recent concert. It was reported that Miss Plack, one of the girls in the church, had been in school in India; \$25 to North West missions, and \$5 to Grand Lodge missions. Mrs. R. D. Christie read a paper and Miss Daniels addressed the members regarding the organization of the band.

The St. John W. C. T. U. met yesterday afternoon with Mrs. Hope as president. Mrs. George Cookwell led the devotional exercises. It was reported that Miss Plack, one of the girls in the church, had been in school in India; \$25 to North West missions, and \$5 to Grand Lodge missions. Mrs. R. D. Christie read a paper and Miss Daniels addressed the members regarding the organization of the band.

George R. Stimpson, of Boston, and L. A. Rockwell of New York, who are interested in new processes for the extraction of oil and gasoline from shale, are at present in the city, interested in the testing of some New Brunswick shale. They are bringing a paper to the city on Monday in the garage of Lieutenant Governor Pugsley on Chipman Hill, Mr. Stimpson's residence.

Gas-feld Tebo, a youth belonging to the St. John W. C. T. U., recently convicted of murder, and who had his sentence commuted to life imprisonment, passed through the city on Monday on his way to Dorchester to serve his sentence. He was in charge of Sheriff Smith of Digby. R. W. Scott of this city was counsel for Tebo at his trial.

The work of filling in the excavation for the connection of the water pipes in King street and King street east, through King street, was completed yesterday afternoon so far as to allow street car service to be resumed along Charlotte street to the south side of Market square. A waymarket square now round the loop.

About seventy friends of Miss Annie Goulding gathered at her home, 130 Broad street, last evening and tendered her a lovely shower. A pleasant time was spent in dancing, music and games, after which refreshments were served.

The members of the Victoria street W. C. T. U. presented their paper, "The God of the Outdoors," the Ladies' vestry last night and a large audience was greatly delighted with the presentation. The B. Y. P. Y. of the two churches were jointly in charge and the offering taken was for missionary purposes.

A regular meeting of the Natural History Society was held last evening. The program was very interesting. Donations were received and thankfully acknowledged. Dr. and Mrs. Chester Brown, formerly of Partridge Island, was the guest.

LOCAL NEWS

A citizens' committee in Fairville has requested the county councilors to secure for them better fire protection. A meeting was held last night and among those present were Councilors Golding and Campbell and Fire Wardens Waters and Held. Councilor Golding was chairman and W. P. Barnhill, secretary. The councilors were asked to arrange a meeting with the city councilors to see what could be done about better water service. The meeting will convene again next Tuesday.

A dance and box social was held last evening by the Ladies' Auxiliary of the Hebrew school in the vestry of the Carleton street synagogue. Mrs. William Fisher was the general convenor, and had as assistants Mrs. B. Jacobson, Mrs. M. Goldman, Mrs. A. Selig, Mrs. J. E. McAvity, Mrs. E. Kimitysky and Mrs. L. N. Harris. The boxes were auctioned by I. Webber. Dancing was continued until a late hour and a very pleasant evening enjoyed.

The case of Kingsport against Barnby, arising out of an automobile collision which was continued yesterday afternoon in the Circuit Court and the plaintiff was concluded. G. G. Murdoch told of measurements of the road where the accident occurred. Mrs. G. G. Murdoch, who was a passenger in the defendant's car, described the accident. Other witnesses were Mrs. J. L. McAvity, Mrs. J. L. McAvity, Miss Schofield and Mrs. Barnaby. Kelley and Ross appear for the plaintiff and Mrs. J. E. McAvity, E. C. C. and W. H. Harrison for the defendant.

The Trinity church Young Men's Club was held on Saturday at the St. John Dry Dock and Shipbuilding Company and were shown over the works at the courtesy Bay by Messrs. Moore and Douglas Pugsley. They went through the dry dock, the machine shops and one of the dredges and were greatly interested in what they saw. On their return to the city they had supper at Bond's, G. G. Jones, Dr. J. E. McAvity, Harold McV., Partridge accompanied the boys.

A successful tea and sale was held in the Wright street Protestant Orphan's Home yesterday afternoon in aid of the orphan's home. Miss F. Campbell and Miss Florence Warwick supplied an excellent musical program. Mrs. D. H. Ellison, Mrs. E. A. McKenna, Mrs. Murray, Mrs. H. Usher Miller and Mrs. Graham.

The W. M. S. of the Victoria street Baptist church held an open meeting on Saturday evening. The program was much appreciated by a large audience. Mrs. G. H. Hudson, the president, was in the chair. Miss Ford gave readings and Rev. C. T. Clark, of Fairville, gave an illustrated address on India. The service was devoted to missionary purposes.

A delegation, led by representing the security holders of the New Brunswick Power Co., appeared before the trustees of the city on Monday evening, and asked that steps be taken to afford them protection in connection with the proposed sale of the power plant. The trustees of the city are considering the matter later. Among those who appeared before the trustees were Mr. J. M. Robinson, Robert E. N. Sanderson, New York; P. W. Thomson, St. John; James MacMillan, St. John and F. B. Taylor, St. John.

A meeting of the Senior Mission Baptist Church was held last evening, Mrs. F. H. Bond presiding. A report showed that \$35 was realized from a recent concert. It was reported that Miss Plack, one of the girls in the church, had been in school in India; \$25 to North West missions, and \$5 to Grand Lodge missions. Mrs. R. D. Christie read a paper and Miss Daniels addressed the members regarding the organization of the band.

The St. John W. C. T. U. met yesterday afternoon with Mrs. Hope as president. Mrs. George Cookwell led the devotional exercises. It was reported that Miss Plack, one of the girls in the church, had been in school in India; \$25 to North West missions, and \$5 to Grand Lodge missions. Mrs. R. D. Christie read a paper and Miss Daniels addressed the members regarding the organization of the band.

George R. Stimpson, of Boston, and L. A. Rockwell of New York, who are interested in new processes for the extraction of oil and gasoline from shale, are at present in the city, interested in the testing of some New Brunswick shale. They are bringing a paper to the city on Monday in the garage of Lieutenant Governor Pugsley on Chipman Hill, Mr. Stimpson's residence.

Gas-feld Tebo, a youth belonging to the St. John W. C. T. U., recently convicted of murder, and who had his sentence commuted to life imprisonment, passed through the city on Monday on his way to Dorchester to serve his sentence. He was in charge of Sheriff Smith of Digby. R. W. Scott of this city was counsel for Tebo at his trial.

The work of filling in the excavation for the connection of the water pipes in King street and King street east, through King street, was completed yesterday afternoon so far as to allow street car service to be resumed along Charlotte street to the south side of Market square. "I Had Bilious Attacks and Stomach Weakness"

Mrs. Wm. Robinson, Yonker, Sask., writes:—
"I suffered from stomach and liver trouble, and used to have bilious attacks so bad that I could do nothing for weeks at a time. My stomach would be so weak that not even a drink of water would stay on it. On my sister's advice, I began to use Dr. Chase's Kidney-Liver Pills, and what say that they have made me feel like a new woman."

DR. CHASE'S KIDNEY-LIVER PILLS

now of William's Head, B. C., were made life members. Hon. J. B. M. Baxter was also elected a member, and Dr. Clarence Webster of Shelburne and Professor Lee Harvey of Fredericton were elected corresponding members.

Other members who were elected were as follows: Dr. J. H. Baile, Grover C. Martin, Mrs. W. H. Barker, Mrs. J. H. Barton, Mrs. George H. Carman, Miss Louise Carter, Miss B. K. Dobson, Mrs. James H. Doody, Mrs. Maria D. Foster, Mrs. Alice Gray, Miss Ethel Jarvis, Miss Helen Jack, Mrs. A. J. Mulcahey, Miss Roberta Robinson, Mrs. C. W. Romans, Mrs. E. R. Taylor, Mrs. J. Robinson VanWart, Mrs. E. Vaughan, Miss Alice Walker, Mrs. E. C. Webb, Miss H. J. Wilcox and Miss Annie Yewens.

How Fat Actress Was Made Slim
Many stage people now depend entirely upon Marmol's Prescription Tablets for reducing and controlling fat. One clever actress tells that she reduced steadily and easily by using this new form of the famous Marmol's Prescription Tablets at one dollar a case, or if you prefer you can secure them direct from the Marmol Co., 4612 Woodward Ave., Detroit, Mich. If you have not tried them do so. They are harmless and effective.

STORK VISITS RURAL FAMILY IN SWITZERLAND
London, Nov. 12.—(22 Mail.) The wife of a wealthy farmer, named Heggin, at Manzingen, near Zug, gave birth yesterday to her twenty-fourth child, says the Geneva correspondent of "The London Daily Express." All the twenty-four are alive and healthy. Most of them are boys and there are no twins. The mother is forty-five years old and the father forty-seven.

HOME PROPOSED FOR 700 FORMER BEGGARS IN JAPAN
Tokyo, Dec. 3.—(22 Mail.) Moroko, a local philanthropist, has offered the government a tract of land in Kyushu on which he proposes to build homes for 700 former beggars whom he has rescued from the streets of Tokyo and other cities of Japan. Moroko has devoted his life to restoring beggars to self-respecting and industrious citizens and he desires to found a colony where they can spend their declining years.

LIFE WAS MISERY!
"I was reading the other day about Neurasthenia, about the large number of people who were troubled with this disease. It is just what my wife had. She felt miserable all the time and was constantly depressed. She would wake up in the morning and tell me that something dreadful was going to happen that day. Life was nothing but a series of miseries for her. She was so depressed that I expected she would lose her mind and have to go to a sanitarium and be kept wondering how I would get the money to pay for her. She could not eat and had no appetite for food. She was irritable and cranky most of the time. If she was crossed in any way, she would immediately work herself up into a violent temper. This worried me because she would get into one of her tempers. When she got over these fits of temper, she was always weak and ill and more depressed than ever. The doctor said a tonic might help her and gave me a prescription but this did not do her any good. She tried all kinds of other tonics with the same result. Carnol was recommended to me and I wish to state that it is the leader of all tonics. Since taking it my wife has changed completely. Now she is always ready for her meals and work is no burden. It is a pleasure for me to recommend Carnol to anyone who is in need of a tonic or a body builder. Excuse me for writing this letter but I want you to accept my thanks for that wonderful tonic known as Carnol." — Mr. J. M. Toronto.

Carnol is sold by your druggist, and if you can conscientiously say after you have tried it, that it has done wonders for you, return the empty bottle to him and he will refund your money. 7-62.

COULD HARDLY STAND AT TIMES
Hips, Back and Legs Would Have That Tired Ache
Everett, Washington.—"For several years I have had trouble with the lowest part of my back and my hips and my legs would ache. I could hardly stand on my feet at times. I was always able to do my work although I did not feel good. I saw Lydie E. Pinkham's Compound advertised and having heard several praises I decided to try it. I feel grate that it has done wonders for me and I keep it in the home right along. I always recommend it to others who are sick and ailing." — Mrs. J. M. Strang, 4032 High St., Everett, Washington.

To do any kind of work, or to play for that matter, is next to impossible if you are suffering from some form of female trouble. It may cause your back or your legs to ache, it may make you nervous and irritable. You may be able to keep up and around, but you do not feel good.

Lydie E. Pinkham's Vegetable Compound is a medicine for women. It is especially adapted to relieve the cause of the trouble and then these annoying pains, aches and "no good" feeling disappear.

It has done this for many, many women, why not give it a fair trial—no more!

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, DECEMBER 6, 1922

WAS MIDSHIPMAN AT ALMA BATTLE

Colonel W. N. Tufnell Dead in England at the Age of Eighty-four.

London, Nov. 6.—(By Mail).—Col. William Nevill Tufnell, J. P., D. L., of Langley, Great Waltham, Essex, who died last week, aged 84, was one of the last surviving officers who served in the Crimean War. From Cleburn he entered the Royal Navy in 1853 joining the Britannia, flagship of Admiral Sir D. Dundas, and serving in her and in H. M. S. Niger throughout the war. As a midshipman he was present at the landing of the Allied Armies in the Crimea; at the Battle of Alma, his ship covered the French right advance by hauling close in shore, and playing on the enemy's left with her sixty-eight pounder guns. He took part in the bombardment of Sevastopol, and afterwards saw all the grim work with the Naval Brigade in the trenches of Bal-

clava, and also during the Battle of Inkerman. He served in the Boxer, gunboat, in the Sea of Azov, and was present at the loss of the frigate Tiger, off Odessa. One of his intimate associates at this period, with whom he shared his tent in the trenches, was Midshipman Evelyn Wood, afterwards Field-Marshal Sir Evelyn Wood, V. C. After further service against slavers on the East Coast of Africa, Tufnell retired from the Navy in 1864, and joined the Volunteers. He commanded the 2nd V. B. Essex Regiment between 1871 and 1889, and was a member of the Essex Territorial Force Association till 1917. Few can show so long a record of service to the State as Colonel Tufnell, who served in one capacity or another for sixty-five years. Till 1917 the monthly "Army List" contained the names of two officers only who served in the Crimean War, signified by the letter "C" against their names; these were Sir Evelyn Wood and Colonel Tufnell.

The Tufnells are an old Essex family who have given many sons to the services, including Admiral L. G. Tufnell, C. M. G. Col. Tufnell, J. P., D. L., was a son of John Jolliffe Tufnell, J. P., D. L., on whose death in 1894 he succeeded to Langley. He was a local director of Barclays Bank, and was interested in country sports as well as

STOLEN FROM ORATORY.

Fra Angelico's Picture of Virgin and Child Lost.

Rome, Nov. 6.—(By Mail).—The priceless picture of the Virgin and Child, by Fra Angelico, signed and dated 1443, has been stolen from the Oratory of the St. Sebastian annex of the Church of St. Felix, at Florence. The discovery of the loss was made this morning, and all efforts to trace the thieves, or discover how the theft was effected, have been unsuccessful. The picture, which has never left its position since the erection of the church in 1608, was one of the most valuable art treasures of Florence.

DRIVERS SHOOT EACH OTHER

One Motorist is Dead, Another Dying, After Road Quarrel.

Buffalo, N. Y., Dec. 6.—A quarrel between motorists over right of way on

a road near the city line is said by witnesses to be the sole reason for a double shooting in which one of the victims was killed and the other probably mortally wounded.

The dead man is Ralph H. Hahn, Joseph J. Tucholski, a sergeant of police on the New York Central Railroad's force, is in a hospital with a bullet in his abdomen. A Deputy Sheriff is on guard at his bedside.

The version of the shooting given by girls, who were in Tucholski's machine, is that Hahn's machine was blocking the road and that he refused to make way when Tucholski drove up. A wordy quarrel ensued and then both men drew revolvers and began to shoot. Hahn died at the wheel of his machine with four bullets in his body. Tucholski fell with a bullet in his abdomen.

THOROBREAD FLOUR

Drug Business For Sale

Trade will be received at the office of the undersigned for the stock in trade.

Fixtures, including Soda Fountain, Prescription Files, Good Will, etc. for the Drug Business conducted in West St. John by the late Mr. W. C. Wilson.

Book Debts not included.

A copy of the inventory may be seen at our office.

The successful tenderer is assured of a lease of the building.

The highest or any tender not necessarily accepted.

Tenders will close on Thursday noon, December 7th, 1922 delivery to be made in northern Ontario, where there is a great deal of rich land lying fallow, special inducements are being offered in an effort to get it cultivated.

"We don't do as the United States—let in a certain number, and turn away all above that amount. We have a system of personal selection operated through our representatives in foreign countries, and we take those whom we want, whom we think will make valuable citizens, and keep the others away."

Mrs. Young is vice-president of Scott Brothers, Limited, which deals in men's clothing and furnishing.

"During the thirty years I have been in the business," Mr. Young said, "there has been a decided change in the attitude toward men's ready-to-wear. Formerly, most well-dressed men felt that their clothes had to be made to order; now they buy ready-to-wear."

In Canada, as in America, people are leaving the farm and going to the cities, Mr. Young said.

"Canada needs agriculturists, and wants them. We are trying to encourage immigration from the Northern States."

IF IT KEEPS MILD

You can still save money by renting the loose shingles, cupboards and corner blocks.

The snow and ice play havoc with these, and that oft repeated "A stitch in time" is one of the best money savers ever invented.

Lots of shingles, corner boards, mouldings at The Handy Lumber Yards.

MRS. PARKER SENT UP FOR TRIAL

Mrs. Bessie Parker, charged with the murder of Mary Emily Frontin was yesterday afternoon committed by the magistrate to stand trial on that charge. During the closing moments of the preliminary hearing it developed that some important papers in connection with the case, among them being the dying declaration of Emily Frontin, were mislaid and at present are missing. Those giving evidence yesterday were Detective Biddiscombe, R. H. Gale, superintendent of the General Public Hospital. At the conclusion of the hearing the accused had nothing to say and no evidence was introduced by her lawyer, E. S. Ritchie. He made application for bail and the magistrate said he would give his decision in the matter this afternoon. E. J. Henneberry, represented the attorney-general.

WHAT'S DOING IN THE MONEY AND STOCK MARKETS TODAY

DOWNWARD IN WALL STREET BATTLE TODAY

Struggle for Control Makes Trend Irregular With a Lower Tendency—Strong in Montreal, But Not Very Active.

New York, Dec. 6.—(10.30)—The struggle for control between opposing speculative forces imparted a decidedly irregular trend to prices at the opening of today's stock market, the main tendency being downward. Rails and oils were in rather free supply and there was a widespread feeling of food and motor accessory shares. The only group to show signs of strength was the copper shares which were bid up on reports of improvement in the industry as reflected in the resumption of dividends by the Kennecott Company. Losses of a point or more were registered in the early dealings by New York Central, Chesapeake and Ohio, Chicago and North Western, Union Pacific, Northern Pacific and Norfolk and Western. Oils offered better resistance, California Petroleum dropping a point and the other fractionally. Continental Can was pushed up one point to a new high record moderate strength. Losses of a point and a half were registered in the early dealings by New York Central, Chesapeake and Ohio, Chicago and North Western, Union Pacific, Northern Pacific and Norfolk and Western. Oils offered better resistance, California Petroleum dropping a point and the other fractionally. Continental Can was pushed up one point to a new high record moderate strength. Losses of a point and a half were registered in the early dealings by New York Central, Chesapeake and Ohio, Chicago and North Western, Union Pacific, Northern Pacific and Norfolk and Western.

FINANCIAL NEW YORK MARKET

Table with columns: Stock Name, Open, High, Low, Close. Includes Atchafalca, Allied Chem, Allis Chalmers, etc.

DIVIDENDS OF 300 AND 100 PER CENT

Standard Oil of Kansas and Standard Oil of California—Other Declarations. Montreal, Dec. 6.—Formal announcement will be made today of the issue of \$4,645,000 five per cent. consolidated mortgage bonds of Dominion Iron and Steel Company, Ltd. 1929, endorsed with the guarantee of the Dominion Steel Corporation, Limited, principal and interest payable in New York in United States funds, or in London, England, in sterling at par or exchange, 12 sterling for \$4.96 2/3 Canadian currency.

BOND ISSUE OF DOMINION IRON AND STEEL

Manhattan, Dec. 6.—The value of building construction work for which permits were issued in Halifax during the month of November, 1922, was \$55,850, making the total for the eleven months of the year 1922 \$1,117,632. In November, 1921, permits were issued for construction work to the value of \$97,816, making the total for the eleven months of the year 1921 \$1,289,629.

THE FISHING INDUSTRY

At the present time the fishing industry on the Atlantic Coast is experiencing conditions almost as trying as those which prevailed during 1921. The marketing of fish and fish products is beset with difficulties, and the fishermen are not encouraging to the prospect of decreasing the catch. Last year the value of fish marketed was \$4,931,988, the lowest total since 1914, and no material improvement is anticipated during the current year.

NO POLITICAL INTERFERENCE IN C. N. R. OPERATION

Sir Henry Thornton in Montreal Address Strongly Emphasizes Fact—Assurance from Premier. Sir Henry Thornton, newly appointed president of the Canadian National Railways, speaking at a meeting of the Board of Trade last night, strongly emphasized the fact that there was to be no political interference, direct or indirect, with the administration of the railways. He said that Premier King has assured him that there would be no interference from the government and it was with this understanding he had accepted the post. He would try to meet the reasonable demands of all sections of the country. He reviewed the factors which were necessary to railway administration.

NEGRO SHOT DOWN IN RUNNING FIGHT

Policemen Dodge Bullets in Chase Under Elevated—Nightsticks Subdue Him.

New York, Dec. 6.—Frederick Jones, a negro, was shot and probably fatally wounded in a running pistol battle with three policemen in which more than forty shots were exchanged.

The policeman and the negro kept up a running battle until Jones took shelter behind the stoop of a house. As the officer advanced a bullet passed through his left shoe, but did not touch the foot.

THE details of the toilette are your best gift opportunities—inexpensive—beautiful—expressive of your sentiment—and personal.

THE OLD ? The Answer CRAVATS.

Always the natural and inexpensive solution to the old question—'What to give men?'

BURNED SAVING CHILD IN FLAMES

Girl Beats Out Blaze That Envelops Youngster, but Her Own Clothes are Ignited.

New York, Dec. 6.—Distracted by the screams of a flame-engulfed child from the ragtime music she was playing at a Thanksgiving dance in her home, Angelina Salvado, 18 years old, East New York, ran to the hallway of the apartment house and beat out with her bare hands the fire which was eating the child's clothing.

THE trouble began when 8-year-old Annie Dico and some other children began playing with matches, and before any of them knew just what had happened, little Annie's dress was on fire. She ran about the hallway of the building screaming and trying to beat out the fire, but as she ran the flames increased.

EXILED BY MOSCOW Many Intellectuals Among Political Prisoners. Berlin, Nov. 8.—(By Mail)—By order of the State Political Department thirteen hundred and sixty political prisoners who have been kept in the prisons of Moscow, Yaroslavl, Orel, Vladimir, Kharkoff, Kiev, Odessa, and Tiflis, are being exiled to northern Siberia and Turkestan.

HEAD WORSHIP AS PRACTICED BY INCA TRIBE DESCRIBED British Explorer Tells Medical Society How Amazon Indians Shrink Features, Preserving Eyes the Hair.

London, Nov. 12.—(By mail)—Some of the grotesque practices of the Indian dwellers in the dense forests of the Amazon—practices that in all probability are perpetuations of the remote customs of the Incas of Peru—were recounted by Sir John Bland-Sutton at the Royal Society of Medicine, as reported in the London Morning Post.

Table with shipping routes: Intercontinental Transports Limited. From West St. John: To HAVRE and HAMBURG, To LONDON and ROTTERDAM, To ROTTERDAM and LONDON, To BORDEAUX.

KIDDIES ALL WELCOME in Santa Claus Land. A big bright glittering Fairyland, with its hundreds of Toys, scores of Dolls and almost numberless Games and Tree Trimmings awaits juvenile visitors and their parents in our Santa Claus Land which, this season, is more than ever enticing with a vast wealth of Toys--Dolls--Games.

Such care was taken during this mummification process that the features were entirely preserved and the course, long hair remained. The natives, in fact, succeeded in a rare piece of taxidermist's art.

M-A-N. Modern man lives in an age of ease and comfort. The easiest ways of doing things are his heritage—the legacy of science. IS HE "getting along" with an old-time razor, missing the luxury of the times in which he lives? Give him the New Improved Gillette.

GIVE HIM The New Improved Gillette. This Christmas. The original Gillette went far. It made shaving safe for everyone. It did away with stropps and hones. Admittedly, it was the best razor of its day.

LOCAL NEWS

A LEGACY.

One man was charged this morning with drunkenness today. He said that some one who had been staying at a local hotel where he was employed had left the liquor behind and that he had found it. He was remanded in care of the liquor inspectors for further inquiries.

ST. JOHN COMPANY.

A Fredericton dispatch reports that Boyaner Bros., Ltd., have been incorporated, with head office in St. John, and capital stock of \$90,000. Those incorporated are: Louis Boyaner, Eli Boyaner and Mrs. Kate Boyaner. The company is authorized to take over the business carried on by these mentioned.

DECEMBER MAYFLOWERS.

Tom Dyer must look to his laurels. Lewin Collins of Sandy Point Road called at the Times Office this morning with a large bunch of mayflowers in bud, and one of the buds just bursting into blossom. Mr. Collins found them not far from his home, and they are the proof of the glorious climate of St. John in these December days.

FROM WEST INDIES.

The R. M. S. P. Chignecto arrived this morning and docked at the refinery wharf at half past eight o'clock from the British West Indies and Bermuda. She brought twenty-three passengers, four first-class, five second and fourteen third. Besides mails and a general cargo she had 1900 tons of raw sugar for the Atlantic Sugar Refinery.

WHITE ELK ON WAY TO ENGLAND.

A Montreal Canadian Press dispatch says that Chief White Elk, Indian lecturer and head of the Cherokee Indian tribe in British Columbia, passed through here yesterday, en route to Halifax, to sail for England on the Regina on Sunday, to lay the grievances of his people before the King. Chief White Elk was in St. John recently.

SALE IN IMPERIAL LOBBY.

Ladies of the St. Paul's church Needlework Society held a sale this afternoon in the lobby of the Imperial theatre, under the general chairmanship of Mrs. Busby, the president. The home cooking table was in charge of Mrs. Busby, Mrs. H. B. Robinson, Mrs. Richard Arcott and Mrs. Warwick. The fancy work table was presided over by Lady Hason, Miss Mabel Smith and Miss Pich. There was also a table of jams and candies. The proceeds are for the work of the society.

WANT FACTORY HERE.

The Board of Trade received an enquiry this morning from a firm in Ontario wishing to establish a factory here. They wished to find a building in the city about sixty by forty feet, and with twenty horsepower steam boiler installed. The matter is being looked into by R. E. Armstrong, the secretary, and he endeavored to locate such a factory. Another enquiry today was from a New Brunswick concern asking for information about poultry handles in the city.

THORNE LODGE CONCERT.

A large audience attended a concert held last evening in Thorne Lodge. The programme was as follows: Selection by the North End String quartet, composed of Wetmore, George Wallace, F. Orr, B. Ring, Clarence Kane, C. Jamieson and Ronald McLaren; vocal solo by William McEachern; instrumental entitled "The Ministers' Mistake" by Miss Myrtle Gordon and Mr. and Mrs. J. MacKenzie; selection by the MacEachern male quartette; instrumental duet by Jamieson and Kane; solo by C. Jamieson; comedy sketch "Who's Who, or All in a Poo" by Joseph MacKenzie, James Beeson, Thomas Owens, Mrs. J. MacKenzie and Miss Myrtle Woods; Western and C. Jamieson were accompanists. During the evening ladies of Thorne Lodge sold fudge. The numbers on the programme were well received and the participants were called for encores.

DE MONTS MEETING.

The monthly meeting of De Monts Chapter, L. O. D. E., was held this morning in the government room with Mrs. Sherwood Skinner, the regent, presiding. Letters were read from the G. W. V. A., on account of a donation on Poppy Day from the Victorian Order of Nurses and from the War Memorial Committee, thanking the chapter for donations.

Mrs. Simeon Jones, treasurer, reported that the membership fees and amounts donated to the Free Kindergarten Association came to \$120. The chapter voted the following sums: \$10 to the St. John County Hospital for Christmas cheer; \$25 to the Good Fellows' Fund; \$10 to the Municipal Chapter for expenses and \$10 each to the families of two soldiers for Christmas cheer.

It was decided to send a framed set of the L. O. D. E. War Memorial pictures to some country school and to have these pictures framed, if possible, at the Red Cross workshop.

Mrs. A. W. Adams, Mrs. H. C. Sparling and Mrs. G. E. Barbour were appointed a nominating committee. The resignation of Miss Laura Hason, who is leaving the city soon, was accepted with regret. Miss Celia Armstrong and Mrs. G. Roll-White were elected members of the chapter. Final arrangements were made for a bridge and ball to be held in the Pythian Castle.

Haslem-Shand.

A very pretty wedding was solemnized in St. Mary's church yesterday afternoon at 5:15 o'clock when Miss Margaret Campbell Shand, third daughter of Mr. and Mrs. Adam Shand, became the bride of Rev. Percy John Haslem Haslam, of Peticodiac, formerly curate of St. Mary's. The wedding ceremony was performed by Rev. H. P. Weight, curate of St. Luke's. The bride, who was given away by her father, looked charming in a navy blue broadcloth traveling suit with white fur trimmings and hat to match and wore a corsage bouquet of Ophelia roses and sweet peas. As they entered the church the choir sang "The Voice that Breathed O' Eden," and the wedding march was played by Mrs. McKim. The church was artistically decorated for the occasion. Rev. Mr. Haslam and his bride left on a short honeymoon trip, after which they will reside in Peticodiac. They were the recipients of a large number of magnificent presents.

Mr. Bodell Still Active

Says Power Company Will Arbitrate or Fight—Mayor Fisher Stands Firm—Meeting Held Last Night.

At a meeting held last night in the Mayor's office, J. J. Bodell, representing the owners of the first preferred stock in the New Brunswick Power Co., made another unsuccessful attempt to prevail upon the city to agree to arbitration in connection with the purchase of the property and franchises of the company by the city.

Mayor Fisher, when asked about the meeting today, said that on Monday he agreed to meet H. G. Ellis, of J. M. Bodell, president, and H. F. Butler, secretary, of the United Organizations, in an informal discussion between the two was held without anything of interest developing.

On Tuesday, the Mayor said, Mr. Ellis requested the Mayor to meet Mr. Bodell and a meeting was arranged for last evening. The Mayor made an effort to get in touch with all the committee members and occupied about three-quarters of the time of the meeting in doing so. The Mayor and Mr. Bullock met all the points raised by him and when the meeting broke up, there was no suggestion of any further action.

Mr. Bodell, amongst other things, said that the development of the Musquash for hydro current was a matter that the city was not giving fair treatment to the first preferred shareholders of the New Brunswick Power Co.; that arbitration would be resorted to arrive at a settlement of the present situation, and that it was the intention of his people to fight the issue. In connection with the proposed arbitration proceedings he said that he was willing to set a minimum based on the City's offer of \$2,877,665.56, based on Supreme Court valuation, was the maximum that the city would pay and any endeavor to have the City discuss the payment of the greater amount would be useless.

FOR REPEAL OF BANKRUPTCY ACT

Quebec, Dec. 6.—Debate on a motion submitted by Louis Letourneau, M. L. A. for Quebec East, and supported by Hon. J. E. Proulx, minister of colonization, strongly condemning the Dominion Bankruptcy Act as inciting to fraud, and requesting the Dominion Government to repeal it, was adjourned by Arthur Sauve, leader of the opposition, and the Quebec House yesterday afternoon.

Mr. Letourneau said: "I do not fear to say that the bankruptcy legislation of this country is one of the most dangerous monopolies, carried on for the benefit of those who employ it as a business, not as a profession."

Hon. J. E. Proulx said the bankruptcy law had caused much annoyance and regret private rights in the different provinces.

HALIFAX FATALITY

Halifax, N. S., Dec. 6.—Inquiry into the accidental death of eight-year-old Margaret Pheasant, who was killed by an automobile owned and driven by Sidney Magistrate W. J. O'Heara, on the evening of November 22 in Spring Garden Road, opened yesterday afternoon before Sidney Fielding, the father of the girl who did not attend. It was stated that the accident was purely accidental and attaching no blame to Mr. O'Heara. Evidence disclosed that the little girl had stepped in front of Mr. O'Heara's car when it was moving at four miles an hour. She was not rendered unconscious and declared that she was all right but internal hemorrhages set in and she died an hour later. The inquiry will be resumed this afternoon.

C. P. R. BOWLERS.

In the C. P. R. two-men league last evening Team No. 4 took all four points from Team No. 6, and Team No. 4 took three points from No. 8. The scores were:
