## MISSIONARY, EDUCATIONAL AND BENEVOLENT FUNDS.

The following are the objects for which the General Assembly appoints collections annually through the Church :

1. Home Missions.—The Home Mission field of the Church extends from Newfoundland to the Pacific Ocean.

For purposes of administration it is divided into two sections, Eastern and Western. In the Eastern Section (embracing the Maritime Provinces and Newfoundland) there are 45 Mission Fields and 170 Preaching Stations. In the Western Section (with Quebec, Ontario, Manitoba, and North West Territories and British Columbia) there are 276 Mission Fields and 820 Preaching Stations, making in all 321 Mission Fields and 990 Preaching Stations where work has been carried on during the past year.

The total expenditure on the part of the Church in support of these fields was \$66,475. The amount contributed by the Mission Stations themselves was \$65,739. The amounts asked for the current year are : For the Eastern Section, \$12,000 ; for the Western \$55,000. Total, \$67,000.

2. Augmentation of Stipends.—The aim of the General Assembly is to secure to each settled minister a stipend of at least \$750 per annum with a manse. Congregations receiving aid from this fund are required to contribute for the support of their ministers at the rate of at least \$4.50 per communicant. As a matter of fact they contribute in very many instances at a much higher rate. In 1883 there were 256 congregations giving less than \$750 and manse. While 100 weak congregations have been added to this list during the past seven years, no fewer than 216 have been removed, of which 174 have become self-sustaining. There are at present 137 congregations on the augmented list. The amounts asked for this fund for the current year are : For the Eastern Section, \$9,000. For the Western, \$30,000. Total, \$39,000.

3. Foreign Missions.—Six fields are occupied by the Presbyterian Church in Canada, (1) among the Indians in the North-West ; (2) in For nosa ; (3) in Honan ; (4) in Central India ; (5) in the New Hebrides ; (6) in Trinidad. The amount required for the current year for the prosecution of the work in these fields is \$118,000.

4. French Evangelization.—Missionaries, colporteurs and teachers are employed, under the direction of the General Assembly's Board, in spreading the light of the Gospel of Jesus Christ amongst the French-Canadian. The school at Pointe-aux-Trembles and Coligny College at Ottawa are well-conducted educational institutions. The amount asked for the current year is \$70,000.

5. Colleges.—While the Theological Colleges are looking forward to permanent endowment, none of them has yet reached the stage at which the assistance of the Church to meet annual outlay can be dispensed with. The estimated requirements for the current year are: For Knox, Queen's and Montreal Colleges, \$15,200; for Manitoba College, \$10,000; for Halifax and Morrin Colleges, \$10,000; in all, \$35,200.

6. Ministers' Widows' and Orphans' Fund.—The highest annuity which the present contributions of the Church allow to be paid is only \$200 per annum. An effort is being made to secure an Endowment Fund of \$200,000 in order to increase the annuities to \$300 or \$400. The number of beneficiaries is 86, and in very many cases these aged brethren have had exceedingly small stipends during their ministry. The amount required for the current year to enable the committee to pay the insignificant annuity is \$18,000.

## SESSION REPORT FOR YEAR 1890.

During the year 151 members have been added to the roll, 53 by profession, and 93 by certificate from other congregations.

One hundred and eleven members have removed, leaving a net increase of 40.

The number now on the roll is 740.

Forty children have been baptized.

## MANAGERS' REPORT FOR 1890.

The Board of Managers in submitting their annual report gratefully acknowledge the blessing of God upon the financial affairs of the Congregation during the past year.

The Treasurer received the following amounts, loose collections, \$1,023.12, offerings per envelope \$3,674.41, total \$4,697.53, an increase of \$315.38 over that of 1889.

The figures used in this comparison do not include any special collections.

The Treasurer of the Building Fund received from all sources the sum of \$368.50, a decrease as compared with 1889 of \$1,722.55. But it will be remembered that a special effort was made towards the close of 1889 on behalf of the Building Fund. The result of that effort was cash subscriptions amounting to \$1,000.00. Without counting this thousand there is still a decrease of \$354.15.

The total receipts of the Congregation for 1890 from the General Revenue and Building Funds combined were \$5,066.03, and the total expenditure was \$4,822.66, leaving a balance of \$243.37, of this balance the sum of \$195.96 has been applied in reducing the debt.

The average collection per Sabbath was \$97.42. There are 740 members in the Congregation; the average contribution per member for the year was \$6.84.

There is still a good deal of irregularity in the envelope system. There are 266 names on the offering book, yet there was only an average of 165 envelopes received per Sabbath.

The Board early in the year decided that in order to simplify the financial affairs of the Congregation, it would be wise to unite the General Revenue and Building Funds in one, to be known as the General Revenue Fund. The Congregation was consulted and found almost unanimous in favor of the plan which was partly acted upon during the last half of the year. Should it be further endorsed at the Annual Meeting it can be carried out in full during the present year. It might here again be stated that the plan is for each contributor to the Building Fund to increase his or her weekly offering enough to make up amount of yearly contribution, for instance a member giving \$10 per year to the Building Fund would increase their weekly offering twenty cents.

At the meeting of the Board held in May last, a deputation from the Young People's Association was present and informed the Board that their Society was willing to become responsible for the erection of a pipe organ in the Church, at a cost of \$3,000.00, provided the managers would agree to negotiate the necessary loan, the Young People's Association to furnish the security.

The Board decided to accept the offer of the Young People and as all are aware the organ has since been erected. The Board confidently hope that the organ will be the means of increased interest in attendance at the Sabbath services and thus materially benefit our weekly offerings.

In concluding this report the Managers feel that as a Congregation we have every reason to be thankful that the balance appears on the right side, and it is earnestly hoped that the statement laid before you at the close of 1891 may be still more satisfactory.

## REPORT OF BIBLE CLASS.

### ATTENDANCE AND COLLECTIONS FOR 1890.

The total attendance of the class for the year was 2197, an increase over the preceding year of 530. The largest attendance was on the 30th November, 67 present. The smallest attendance was on January 12th, 24 present. The average attendance during the year per Sabbath was 46 members.

The total collections of the class for the year were \$79.25, or an average of per Sabbath for the year of \$1.53, or a little over 3½ cents per member per Sabbath. The largest collection was on the 4th May, \$4.65, and the smallest on August 17th of 60 cents. Of these collections \$15.55, the collections of the last Sabbath of each month, goes to the furnishing fund for a new class room. The balance, \$63.70, goes to whatever schemes the class wishes.

## REPORT OF COLLEGE ST. PRESBYTERIAN CHURCH MISSIONARY ASSOCIATION.

The Missionary Association have much pleasure in presenting their annual report for the year 1890.

It is very gratifying for your Committee to note the increasing interest that is being taken in this noble work of the Church year by year. Notwithstanding the dulness of commerce in general and the prevalence of "La Grippe" at the beginning of the year, the amount contributed was more than anticipated. The aggregate amount received by the Association was \$756.26 against \$632.64 of last year, which shows an increase of \$123.62 for the year. We have now on hand for missionary purposes the sum of \$459. It must be remembered, too, that we had a special collection by envelope to the amount of \$64.64 in 1889 which we did not have for 1890. Taking everything into consideration the Association has done remarkably well.

## WILLING WORKERS' ASSOCIATION.

During the year nine regular meetings have been held, and also a "Sale of Work" from which we had the pleasure of handing \$50 to the Building Fund.

Our work does not show such great results as hitherto on account of so much sickness in the early part of the year.

The Woman's Association has sprung from this organization and to them we say, "Be ye strong therefore, and let not your hands be weak, for your work shall be rewarded."

The Auxiliary has now reached the end of the fourth year with 43 members on the roll.

During the year one special and seven regular meetings were held, with an average attendance of 12.

We feel we have great cause for thankfulness, and trust that many more of the ladies in the Congregation may become members of the Auxiliary, and thus assist in sending the Gospel to those who are now sitting in darkness.

REPORT OF THE YOUNG PEOPLE'S SOCIETY OF  
CHRISTIAN ENDEAVOR, 1890.

*Officers for Winter 1890-91 :*

<i>Hon. President,</i>	REV. ALEX. GILRAY.
<i>President,</i>	JOHN LITTLE.
<i>Vice-President,</i>	J. H. BARNETT.
<i>Recording Secretary,</i>	G. MCINLYRE.
<i>Treasurer,</i>	MISS WOOLLEY.
<i>Corresponding Secretary,</i>	MISS C. GRAY.

Since presenting last year's report this society has undergone a radical change in its formation. Though the society of last winter was a very successful one, it was felt that the meetings should be of a more religious nature, and at the re-formation in October of 1890, many of the members favoring the adoption of the constitution of the United Society of Christian Endeavor, this was done by a large vote in its favor. Printed copies of the constitution and by-laws were circulated in every family in the congregation as nearly as possible, and we commenced our society with a membership of thirty. During the period of its existence the membership has increased to over fifty, all of whom are pledged to attend and take part in our weekly prayer meetings. The committees are doing good work in making the meetings interesting, and in extending a welcome to strangers and young people of our own church. Recently two new committees were formed, one to render outside relief to the sick and destitute, and one to assist in any way in the Sabbath school when called on. In May of 1890 there was formed in connection with our society, the organ committee, the result of whose labors has been the placing of a magnificent pipe organ in the church. We desire to thank our Heavenly Father for His goodness to us during the past year. It was with the greatest misgivings we commenced our services, but we have been most agreeably surprised at the number who are willing to express their allegiance to Christ at our meetings. This society extends a hearty invitation to the older members of the church to connect with our society as honorary members.

G. MCINLYRE, Secretary.
