U. S. WARSHIPS ATTACK U-BOATS; RUSSIANS CONTINUE ADVANCE

SUBMARINES ATTACK U. S. WARSHIPS

One, If Not More, of German U-Boat Fleet Sent to Bottom.

AMERICAN VESSELS ESCAPE DAMAGE

Latest Contingent of Gen. Pershing's Forces Reach France Safely.

Washington, July 3.—That two vicious attacks were made by U-boat on the American transports and convoys carrying the American expeditionary force to Europe was made known today in an official statement issued by the secretary of the navy, Daniels, on the occasion of the arrival today of the last contingent of Gen. Pershing's forces at a French port. After felicitating the American people on the safe arrival of every fighting man and every ship, the secretary says in part: "The transports bearing our troops were twice attacked by German submarines on the way across. On both occasions the U-boats were beaten off with every appearance of loss. One was certainly sunk, and there is reason to believe that the other is a wreck. Purpose of convenience, the expedition was divided into contingents, each consisting of transports and a naval escort designed to keep off such German raiders as might be met.

Attacked in Force. "An ocean rendezvous had also been arranged with the American destroyers now operating in European waters in order that the passage of the data zone might be attended by every possible protection.

The first attack took place at 10.30 on the night of June 22. What gives it peculiar and disturbing significance is our ships were set upon at a point well off the coast of France, and in that part of the Atlantic presumably free from submarines.

The attack was made in force, although the night made impossible any exact count of the U-boats gathered for what they deemed a slaughter. The high seas convoy, circling with her searchlights, answered with heavy gunfire, and its accuracy stands proved by the fact that the torpedo discharge became increasingly scattered and inaccurate. It is not known how many torpedoes were launched, but five were counted as they sped by bow and stern.

Another contingent was attacked a few days later and the American destroyers, while holding the submarines away from their intended prey, sunk at least one U-boat."

KINGDON GOULD AND ART STUDENT WED

Son of George Jay Gould and Italian Girl United in Marriage.

New York, July 3.—Kingdon Gould, eldest son of George Jay Gould, and Miss Annunziata Camilla Maria Lucchi, an Italian art student, were married yesterday afternoon in the rectory of St. Patrick's Cathedral. George Gould, Jr., the bridegroom's brother, who was best man, was the only other member of the Gould family at the wedding. A few of the bride's friends witnessed the ceremony, which was reported to have taken place earlier in the day, but it developed later that the marriage had been postponed.

MAY VOTE ON COMPULSION TOMORROW

Thirteen Speakers Yet to be Heard — F. B. McCurdy Tells Some Plain Truths.

Special to The Standard. Ottawa, July 3.—The urgent need of infantry reinforcements was made plain in the Commons last evening by Mr. F. B. McCurdy, parliamentary secretary for the militia department. Mr. McCurdy seldom addresses the House, and his speech coming from one so closely in touch with the militia situation, and after his visit to the front, was regarded with considerable interest. He did not attempt to gloss over the seriousness of the facts. He pointed out that the present reserve would be used up in six months. This is apart from the 10,500 men still in Canada at the time the estimate was made.

Meagre Enlistments. Since January the enlistments for the infantry have been very meagre and actually less than the wastage of troops in Canada. Yet Canada is holding eleven miles of the Vimy Ridge front, which takes 52,000 infantry in the field and requires reinforcements of 7,800 men monthly. A number of artillery men have been transferred to infantry units, but Mr. McCurdy regarded this as hardly fair, and it would not have been done had not the losses been so great.

Comparing the part Great Britain had played in this war he pointed out that 17 per cent. of the population had enlisted, making an army of seven millions. On the same basis Canada would have an army of 1,234,820. But if the United States does as well as Canada she will put in the field an army of 6,000,000 men. There are thirteen speakers still to come, so that the division on the second reading will not probably come until Thursday.

HARDINGE EXPLAINS DISASTER

Former Viceroy of India Speaks on the Disaster at Kut-El-Amara.

GEN. NIXON'S FORCES WERE INSUFFICIENT

Government Not Ready to Act on Punishing Those Held Responsible.

London, July 3.—There was an unusual scene in the House of Lords this afternoon when Baron Hardinge, the former viceroy of India, appeared to defend and explain his share in the management of the first Mesopotamian expedition, which culminated in the surrender of Major General Townshend at Kut-El-Amara with the largest British force which had laid down arms before an enemy in more than a century.

The revelations contained in the report of the commission on the Mesopotamian expedition, and the charges contained therein, created a greater sensation in Great Britain than any similar episode since the Crimean war, and a portion of the press has been careful for the impeachment or the dismissal from public office of all concerned, including Baron Hardinge, who is now permanent under-secretary of the foreign office.

No Desire To Shirk. "I have no desire to shirk any responsibility that is my due, but it is not easy to know what further strenuous and peremptory action I could have taken without exposing myself to the charge of excessive civilian interference in military affairs.

"It may be difficult for people in England to realize the inherent difficulties in personal supervision by the viceroy of medical arrangements on a river 3,000 miles away in the midst of his other heavy labors of governing a country bigger than Europe and with more than 300 million inhabitants.

"He expressed regret that the commission's report might create a feeling in India that India's efforts and sacrifices had not been adequately appreciated at home. The report scarcely referred to the greatest military effort ever made in India's history in despatching expeditions to France, Egypt and East Africa.

"At the same time, he said, the Indian government at the most critical period of the war necessarily carried out the greatest military operations since the frontier campaign of 1897 in effectively dealing with seven serious attacks by tribesmen on the northwest frontier.

Gen. Nixon's Advance. "Dealing with the circumstances of General Sir John Nixon's advance from Kut toward Bagdad with an insufficient force, Lord Hardinge said that although the government of India was fully alive to the political and military advantages of the capture of Bagdad, it was absolutely opposed to an advance without reinforcements by another division.

"It must be remembered," said Lord Hardinge, "that General Nixon was at the head of a victorious army. The decision rested with the home government; the India government could only make recommendations."

After Lord Hardinge's explanation, the house passed to the next business on a statement by Earl Curzon that the government was not yet fully advised as to the steps, disciplinary or otherwise, which might be necessary. He hoped that the discussion would be resumed next week.

ANGLICAN DEANERY OF ST. ANDREWS

Delegates Hear Addresses by Number of the Clergy.

Special to The Standard. St. George, July 3.—There was a very fair attendance at today's session of the Anglican Deanery of St. Andrews, held here. At 9 a. m. there was a corporate communion for all Sunday school workers and their friends in St. Mark's church, followed

INVESTIGATING THE DEATHS OF EIGHT

No Indication Yet of Foul Play in Fatal Anson, Me., Fire.

Madison, Me., July 3.—Reports that the life of George R. Rowe, the paper mill laborer who with his entire family consisting of his wife and six children, was burned to death at Anson early Saturday had been threatened were investigated but not substantiated on an inquest held by Dr. W. G. Sawyer, the county medical examiner, assisted by the sheriff and county attorney.

Three brothers of the dead woman were among a dozen witnesses examined, but nothing to indicate foul play was brought out. Adjournment was taken until Monday when the inquest will be resumed at the residence of the Rowe home. Rowe had a sister in Halifax, N. S.

ST. JOHN BOYS GET ROUSING RECEPTIONS

City of Boston Greeted Returned War Heroes—Eastport Does Itself Proud.

Special to The Standard. Boston, July 3.—After a remarkably fine trip, the 50 veterans who left St. John on Monday morning reached Boston this afternoon aboard the steamer Governor Dingley.

Gathered at the Eastern Steamship Company's pier were several hundred Canadian residents, Walter Ballantyne, president of the Canadian Club, and the mayor and city officials.

The official welcome at the dock was in charge of Councilor Walter Ballantyne, President Richard Johnson of the Intercolonial Club of Boston and D. J. MacNicol, president of the Canadian Club.

At City Hall the veterans were received by Mayor James M. Curley and escorted to the city hall chamber. The mayor and Lieut. McKinney sat on the platform and brief speeches of welcome were made while Dan Curley, custodian of City Hall, passed the cigars.

Mayor Curley made a stirring speech in which he congratulated Canada for the part she has taken in the war. "You men who have fought for democracy in the fields of France," he said, "are men whom Boston is proud to greet you here and I am going to do everything in my power to make you enjoy your stay among us."

From City Hall the men marched to the Crawford House, where they will be quartered while in Boston. On Thursday they will be given a luncheon at the Boston City Club by the mayor and city officials.

Big Times at Eastport. The veterans were given a remarkable reception at Eastport. On the wharf, when the steamer arrived, was a large part of the population of the city, led by the mayor. The cheering could be heard almost in Campbell, across the water. The mayor climbed on board of the Dingley and was photographed with the heroes who have done their bit in the trenches. Had there been time the mayor would have entertained the veterans at a banquet. He invited them all to pass a few minutes with him at his home but they had to decline.

Portland was reached in the wee sma' hours of the morning and there was no official delegation to meet the veterans. The weather was fine the entire trip and it was thoroughly enjoyed by the veterans and all on board.

ROOSEVELT'S SONS REACH FRANCE TO JOIN COLORS

Paris, July 3.—Major Theodore Roosevelt, Jr., and Captain Archibald Roosevelt, have arrived in France to join the American expeditionary force.

by an address by Rev. W. Tomalin. Another speaker of the forenoon was Rev. W. F. Dunham of St. John, diocesan secretary for Sunday schools. In the afternoon there were addresses by Ven. Archdeacon G. S. Newnham of St. Stephen and Rev. R. A. Hiltz of Toronto.

Tonight Rev. Messrs. Hiltz and Tomalin spoke at a lantern lecture.

THE RUSSIAN ADVANCE IN FULL SWING

Brzezany Invested and Villages and Fortified Position Are Captured.

ADVANCE IN GALICIA ON 20-MILE FRONT

Army of Russia Resolved to Do or Die in Great Supreme Test.

London, July 3.—The Austro-German forces are evacuating Brzezany, fifty miles southeast of Lemberg, the capital of Galicia, says a Reuter's despatch from Petrograd. The Russian armies have invested Brzezany from the northeast, southeast and southwest.

Units of four Russian armies, the despatch adds, are co-operating in the Galician advance, covering a front of about twenty miles. These units, with the approval of the commander-in-chief are resolving to do or die in the supreme test of Russia's man power. They are called, respectively, regiments, battalions, companies, batteries and squadrons of "death." They wear black and red stripes on their cuffs with a "death" head on crossed swords.

Berlin's Version. Berlin, via London, July 3.—The supplementary official statement issued tonight reads: "Western theatre: There is nothing important to report.

"Eastern theatre: There has been lively artillery fighting from the Stokhod to the Narayivka. New strong attacks of the Russians took place at Brzezany; they failed with heavy losses."

Petrograd, July 3.—The text of the official statement is as follows: "In the direction of Zlochoff our offensive operations are successfully continuing."

"You men who have fought for democracy in the fields of France," he said, "are men whom Boston is proud to greet you here and I am going to do everything in my power to make you enjoy your stay among us."

From City Hall the men marched to the Crawford House, where they will be quartered while in Boston. On Thursday they will be given a luncheon at the Boston City Club by the mayor and city officials.

Big Times at Eastport. The veterans were given a remarkable reception at Eastport. On the wharf, when the steamer arrived, was a large part of the population of the city, led by the mayor. Had there been time the mayor would have entertained the veterans at a banquet. He invited them all to pass a few minutes with him at his home but they had to decline.

Portland was reached in the wee sma' hours of the morning and there was no official delegation to meet the veterans. The weather was fine the entire trip and it was thoroughly enjoyed by the veterans and all on board.

RUSSIAN APPEAL

Petrograd, July 3.—The provisional government has issued an appeal to the Russian people urging all citizens to forget personal interests and to mass as a single man behind the army which, "is marching to death to save the revolution and to free the Russian people."

PRESIDENT WILSON CONGRATULATES US

Chief Executive of the United States Sends Message to Governor General.

Ottawa, July 3.—President Wilson's Confederation message to the Governor General reads: "At this time, when the ties between the Canadian people and my countrymen are made even stronger by association in the common cause of human freedom, I offer cordial congratulations on this half century of the anniversary of the foundation of the Dominion of Canada."

VON BETHMANN HOLLWEG MAY TALK AGAIN

Berlin intimates that He is Likely to Reply in Reichstag to Lloyd-George.

Berlin, July 3, via London.—While the principal business on the mid-winter calendar of the Reichstag, which convenes on Thursday, is given out as the vote on the new war credit, a matter of routine, it is not unlikely that the foreign policy and the much debated question of readjustment of the internal policy of the nation will come up for discussion.

The Tagelblatt tonight intimates Chancellor Von Bethmann-Hollweg may reply to the recent speeches of Premier Lloyd George at Glasgow and Dundee, either before the main committee or in open session.

Leaders of the various factions conferred today with the chancellor and with Vice-Chancellor Helfferich.

The most striking point in Mr. Lloyd George's Glasgow speech, to which it is intimated the German chancellor may reply, dealt with Great Britain's attitude toward conditions of peace.

WORK IS RESUMED IN COAL MINES OF THE FAR WEST

Many Mines Having Great Difficulty in Obtaining Sufficient Men.

Calgary, July 3.—According to reports reaching Calgary work was resumed this morning in all coal mines of district 18, comprising Alberta and Eastern British Columbia. The conditions which operators were directed to observe by Commissioner W. H. Armstrong, evidently proved acceptable to the men who passed on them by a referendum vote Saturday.

It is said many mines are having great difficulty in obtaining enough men, so many of them having taken other employment during the long strike. The output will therefore probably be very restricted for some weeks to come.

RACING MOTOR CAR KILLS BOY

Was Struck by Unknown Automobile on Road Near New Glasgow.

Special to The Standard. New Glasgow, N. S., July 3.—A deplorable automobile tragedy occurred on the Stellarton road early today whereby a young life was crushed out without a moment's notice. A young man named Fred Baker, aged about 20 years, was walking along the Stellarton road in the direction of New Glasgow. Two friends were also coming in the same direction but were some little distance behind. Two autos came along from the direction of Stellarton at a high rate of speed as if racing.

One of the cars struck Baker, passing completely over his body. His skull was badly injured, his left leg broken below the knee and his left shoulder dislocated. He died at the Aberdeen hospital later. An inquest will be held tomorrow.

THE PRISONERS SEE NOTHING BUT DEFEAT

Prisoners Realize that Germany Must Submit to the Inevitable.

HUN ARMY RAPIDLY DETERIORATING

Recognition of Coming Defeat Takes Ginger Out of Rank and File.

Canadian Headquarters in France, via London, July 3.—(By Stewart Lyon, Special Correspondent of the Canadian Press)—Accumulating documentary evidence, corroborated by statements of fighting men along this front who come into daily contact with the enemy, gives the impression that the German army is now rapidly deteriorating.

Up till the beginning of the April offensive there was still general confidence among the prisoners that Germany would win this war. This was the basis of that recent self-respect which forbids that a soldier lay down his arms so long as he has even a slim fighting chance. Now it is an unvarying testimony that recognition of coming defeat has taken much of the ginger out of the rank and file of the enemy, and has even caused the arrogant Prussian officer to carry his haughty head less haughtily.

Glad to be Captured. Prisoners taken during the past few days no longer care to conceal their satisfaction at being captured. None of them is greatly interested in terms for peace. They concede that Germany must in the end accept whatever conditions are imposed by the Allies.

A German non-commissioned officer, captured during the present operations, captured during the cheerful bearing and high morale of the men of the British army reminded him of the attitude of the German troops of 1914. This change in sentiment among the enemy soldiers has not been brought about by a lack of food or of war material. The rations of the Germans lack variety. It is true, but are undoubtedly sufficient to keep the men in good physical condition.

Ammunition Scarce. The scarcity of artillery ammunition has been emphasized in enemy documents recently captured, but for important actions there seems to be as yet no lack. The decrease in the activity of the enemy artillery is chiefly of the sort known as "harassing fire," in which shells are directed on roads, trenches, villages and other positions where human targets are supposed to be gathered. In repelling attacks and preparing the way for counter-attacks the German artillery is still formidable. Other weapons most used by the enemy are machine guns and bombs. Prisoners captured immediately after they had concluded a course of instruction said that bayonet exercises are no longer taught in the training of men for the enemy line. Recruits are instead trained in the use of the various sorts of bombs.

SHIPPING INCREASES

New York, July 3.—In spite of German submarine movement of shipping between New York and foreign ports increased in June as compared with May, according to custom house statistics given out today. Thirty-seven more ships arrived at this port in June than in May.

ARMY OF RUSSIA CAPTURES 6,000 MORE PRISONERS

RUSSIANS CONTINUE GRAND OFFENSIVE IN GALICIA

Capture Six Thousand More Prisoners, Many Guns and Mine Throwers — Three More Villages Occupied.

Petrograd, July 3.—The new Russian offensive has resulted in the capture of 6,000 more prisoners. The war office announces that the Russians are advancing towards Zlochoff, Galicia.

Twenty-one guns and several mine throwers were captured. Prisoners continue to be brought in. The number of prisoners taken in the fighting southeast of Brestany on Sunday is given as fifty-three officers and 2,200 men.

Russian troops have occupied the Galician villages of Presovce, Zbroff and Gorbhidu. The Austro-Hungarian forces have retreated westward across the Little Stripa River.

Advance Continues.

Petrograd, July 3.—Up to the hour of telegraphing, the advance of the Russian army in Galicia was still in progress. A despatch received by the war ministry, but unpublished, says that the staff of the Russian army in Galicia is more than satisfied with the progress. Never was an offensive so auspiciously begun. The local army staff was pleased with the speed of the advance as the operation, which

the staff had expected would take two days, was executed yesterday between the hours of two and nine.

All the late telegrams to the war ministry agree that the soldiers are in excellent spirits and the ministry authorizes the statement that preparations are in better shape than in any preceding period of the war.

Kerensky's Splendid Example.

The new chief of the war ministry information department is Lieut. Perun, who is also a member of the executive committee of the council of deputies. He has just returned from the front where he witnessed War Minister Kerensky's crusade in favor of an immediate offensive. The lieutenant told the Associated Press that the eloquence of Kerensky was largely responsible for the change in the army's mood.

Lieutenant Perun declares that deserters are returning more rapidly than ever and says that the condition of the army is markedly better than Petrograd thinks. Crowds of enthusiastic citizens marched through the streets of Petrograd today carrying portraits of Kerensky and General Brusiloff.

28 DEAD IN EAST ST. LOUIS

Loss Due to Fires \$300,000—National Guardsmen on Duty.

East St. Louis, Ill., July 3.—Thirteen companies of national guardsmen tonight patrolled the streets of East St. Louis to prevent a recurrence of the race riots which, since yesterday morning, have resulted in a death list of twenty-eight persons, the injury of seventy-five more and the destruction of 310 negro homes, covering 16 1/2 acres of ground.

Thirty-five small fires occurred tonight in small shacks in various sections of the city, all, it is believed of incendiary origin. Up to a late hour there were no other disorders.

Many negroes and ten dwellings, mostly negro shacks, valued at \$300,000 were destroyed by fire in the rioting last night, according to a statement made today by Fire Chief M. J. Tobin. The fire area covered sixteen and one-half blocks.

TREMENDOUS CANNONADING IN ANDERS

Hostile Aerial Activity Has Shown Marked Increase Recently.

ENEMY AGAIN RAIDS BRITISH TRENCHES

Attempt of Germans to Cross Canal Frustrated by Belgian Army.

London, July 3.—The official report from British headquarters in France tonight reads:

"In the Ypres region there has been considerable artillery activity on both sides. The enemy raided our trenches this morning southeast of La Ventie; two of our men are missing.

"Hostile aerial activity has shown a marked increase in the past few days. Successful artillery work and bombing raids were carried out yesterday by our airplanes. One German airplane was brought down by gunfire within our lines. Three more were brought down out of control. Two others were driven down damaged. One of our machines is missing.

LIGHTNING KILLS NEW MILLS BOY

Walter McCarron, Mill Worker and Popular Young Man, Loses Life.

A particularly sad event occurred at New Mills last week when an unusually severe electrical storm in passing over the village killed one of its best known young men in the person of Walter McCarron, who was in the employ of Messrs. J. & A. Culligan, and was occupied in their mill. The unfortunate young man was standing on a boom when the lightning struck him and he was instantly killed.

The late Mr. McCarron was a young man of unusually congenial and pleasant disposition, and he immediately engaged himself with all with whom he came in contact. A very large circle of friends will deeply mourn his sudden demise. He was 17 years of age.

He leaves besides his bereaved parents, Mr. and Mrs. Patrick McCarron, two sisters, Jessie and Beale, and four brothers, Albert, Thomas, Francis and Bert.

Simple devices overcome soldiers' disabilities.

New branch of Military Hospitals Commission work illustrated.

Recognition of the work being done for disabled soldiers in the Toronto University Psychological Laboratory led Lt.-Col. Vincent Massey, one of the trustees of the Massey estate, to offer the Military Hospitals Commission the use of Hart House, the almost completed million-dollar gymnasium and social centre building which his family has been building as a gift to the University of Toronto. In this building, about half of which is visible in the above picture, the Commission is enlarging upon the work which Dr. E. A. Bott, of the laboratory, had been conducting largely for research purposes. Whereas only sixteen patients were treated by the University last year, it is now expected that it will be possible for all patients in need of this treatment to enjoy its advantages.

As indicated in the picture, special pieces of apparatus are constructed to assist disabled men in practising movements which their injuries had impaired. A very special kind of scientific knowledge is required to direct this work to the best advantage, and Dr. Bott and his three or four assistants are endeavoring to assemble at Hart House the limited number of qualified persons in Canada. Volunteer workers, whose duty it will be to take individual patients in hand and encourage them to put forth their own effort to overcome their disabilities, are being trained.

It is a feature of the devices used that each has a scale by which the patient can keep track of his progress in recuperation. For instance, in picture No. 5, as the patient flexes his wrist the pointer indicates on the dial the amount of movement and he can observe by comparison the increase from day to day.

It is an essential of the work that each patient be treated individually and the great number of small rooms in Hart House lend themselves to this requirement. Work at completing the needed portions of the building is being rushed.

The pictures show (1) Hart House; (2) Soldier practising wrist flexion and extension; (3) Ankle abduction and adduction; (4) Wrist flexion.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H. M. The King.

PLAYING PETTY POLITICS.

If Mr. Pugsley imagines that the men of this constituency will stand behind him in his determination to trifle with the compulsory military service measure he is laboring under a grave delusion. This is a crucial period in the history of Canada, certainly not the time to attempt to defeat the will of the great majority of the people by any of the piffling methods which for the past few years have made up the Pugsley stock in trade of political shrewdness. No man in the House of Commons has been guilty of more petty time wasting than the ex-Minister of Public Works and advises from Ottawa indicate that he is still resorting to the same sort of tactics in a puny effort to delay the passage of the compulsory military service measure.

Yesterday afternoon, when the debate was resumed, Mr. Pugsley took the advantage of a technical point to claim that as there was not a quorum present on Friday night last when the House adjourned, the motion for a second reading of the compulsory military service bill could not be taken up except by unanimous vote of the members. If Mr. Pugsley had gained his point further discussion would have been delayed until certain formalities had been complied with. This might have taken several days and valuable time would have been wasted. Fortunately, however, Mr. Speaker Rhodes knew parliamentary procedure as well as Mr. Pugsley and ruled the objection out of order.

After his speech of several days ago on the conscription proposal Mr. Pugsley's action of yesterday had no effect except to once more focus temporary attention upon his small-mindedness. This country is at war. Our men in the trenches are in dire need of reinforcements and added support. The desire of the Government is to provide that support as quickly and as effectively as possible and it is with this end in view and no other that the compulsory measure has been introduced. The big men of the Liberal party, almost without exception, have agreed that the situation warrants such action as the Government proposes to take, and have broken with their leader rather than follow him in his opposition to that action.

Not only has Mr. Pugsley bungled the greatest opportunity of his career to show himself as an outstanding Canadian, but the lesson of the past fortnight seems to have been lost upon him. He can no longer be regarded as an astute politician, quick to judge public sentiment and govern himself accordingly. Formerly he was regarded as one of the great minds of the Liberal party; now he is merely a tiresome bore who has ceased to show evidence either of strong mentality or warm, human sympathy. Mr. Pugsley is rapidly travelling the road that leads to oblivion and the political scrapheap. He has had his day. The call of the present is for men of more robust mind and higher standards.

MR. SINCLAIR'S VIEWS.

"Capable administration, money and men." In the opinion of Mr. J. H. Sinclair, Liberal member for Gysorsboro, these are the three things most needed if Canada is to satisfactorily perform her task in the great war and they are needed in the order named. The member for Gysorsboro is a rather staid gentleman, much given to drollish speeches, and his effort in the House of Commons yesterday was no better or no worse than those with which he is wont to regale Parliament whenever he can catch the Speaker's eye.

In the present case the member for Gysorsboro seems to have gotten the cart ahead of the horse. Capable administration we have. Capable administration we have. The proposal of coalition by Sir Robert Borden to Sir Wilfrid Laurier was not made because the Premier thought the Liberal leader could add administrative strength to the Government but, rather, in the interests of harmony and with the hope of binding all Canada more closely to the work of war winning. The present Canadian Government cannot be judged by the standards set for any of its predecessors,

for it has mastered difficulties in comparison with which the problems of other days were very simple. For instance, the fathers of confederation, much as we revere and admire them, could not have handled Canada's war problems better than has been done by the Borden Government. True, there have been mistakes, but it should not be forgotten that, in this regard, Canada's record is better than any of the Allied nations. Canada of all the Allies has not faced a governmental crisis as the result of the war. Therefore, there is no ground for Mr. Sinclair's insinuation that our administration is not capable.

Money this country has got as it wanted it. The floating of more than three hundred million dollars of war loans and the fact that every offering was oversubscribed is fairly good evidence of two things, first that the Canadian people had confidence in the Government, and second that money could be obtained here when needed. What Mr. Sinclair is attempting to get at is that he favors some method whereby the accumulated wealth of the country shall be made to contribute in greater measure to war costs. This is already under consideration by the Minister of Finance and when it becomes necessary to go after that money Sir Thomas White will get it with as little difficulty as he experienced in financing the war loans. And the people will be willing to contribute, for the measure of taxation to be imposed will be eminently fair to all.

The third phase of Mr. Sinclair's argument, is that we require men. In this he is correct, yet we find he is not prepared to support the method by which it is proposed to get them. He is opposed to the plan of selective draft although he knows it would never have been necessary if voluntary recruiting had not practically outlived its possibilities. There is one point to be kept in mind in considering the utterances of Mr. Sinclair and of others who think as he does. If Sir Thomas White had succeeded in garnering ten billions of dollars for Canada's war funds that success would not result in the addition of one man to our fighting lines and at this time it is the men who are required. The Government proposal deals properly with the problems of the day. What is required now is conscription of men and that will be secured. When it becomes necessary to take more largely from the accumulated wealth of the nation, even the member for Gysorsboro will probably be satisfied with the measures by which that wealth will be obtained.

Mr. Sinclair does not represent the opinion of Nova Scotia Liberals. Against his partisan production place the calm, dispassionate pronouncement of Mr. A. K. MacLean, junior member for Halifax, and fiscal critic of the opposition. Comparison of the two speeches will be greatly to Mr. Sinclair's embarrassment but it is a fair way to get at the mind of a real front bench Liberal from the neighboring province. Mr. Sinclair, as stated before, is a flatterer gentleman much given to drollish speeches. Mr. MacLean is a public man who thinks. The thinker made less noise than his Gysorsboro colleague, but his contribution to the debate was of much greater value. In Parliament or out of it noise seldom indicates brain power.

A CALUMNY REFUTED.

A Parliamentary return shows that 2,593 returned soldiers have been given employment in various departments of the Government. The figures are an impressive reminder, says the Ottawa Journal-Press, that the administration is adhering splendidly to its announced policy of appointing returned men to the public service whenever and wherever possible. There has been no more consciousness charge levelled against the Government than that made by certain unscrupulous demagogues in press and on platform that it was discriminating against the soldiers. It was an accusation that must now take its place among the lengthy list of infamous untruths which have been exposed by official facts in the course of the past three years.

FARM LABORERS MAY JOIN STRIKE

Ribbles, Ariz., July 2.—Mine strike leaders at the headquarters of the Industrial Workers of the World here claim to have received telegrams today from the agricultural division of the Industrial Workers of the World, offering support to the strike. They claimed 52,000 farm laborers throughout the middle west who are being counted upon to assist in the wheat harvest, are in the division.

OFFICIALS DEPLORE THE BOSTON RIOT

Gov. McCall Has Assurances All Soldiers and Sailors Guilty Will Be Punished.

Boston, July 3.—After conferring with federal officials regarding the disturbance attending a socialist parade, Gov. McCall issued a statement in which he deplored the affair and the participation of uniformed soldiers and sailors in it and said he had assurances from army and navy officers that it would not happen again. "United States Attorney Anderson said that he heartily concurred in the sentiments expressed by the governor, Brig-Gen. Edwards, commander of the Department of the Northeast, and officers representing Commandant Rusk of the navy yard took part in the conference."

MISCREANT WRECKS A TRAIN IN PICTOU CO.

Some Person Tampered with Switch and Derails Engine—Fireman Cut—Brakeman Injured.

New Glasgow, N. S., July 3.—The Sunny Brae train which makes the early run to Pictou Landing was derailed yesterday at Trenton as the result of a switch having been tampered with. It was about half past, half open and the driver did not notice that such was the case. The locomotive took to the sleepers and then careened over on its side. The fireman's arm was cut. The wrecking crew soon got matters straightened out. An attempt is being made to apprehend the person who tampered with the switch. As the result of an accident at Mulgrave yesterday afternoon Brakeman James Cameron who is now in the hospital at Antigonish will have to have an arm amputated. He was caught whilst coupling a tusher engine to a freight car and his arm was badly crushed. Mr. Cameron ran on special out of St. John and halts from Denmark, N. S.

A YOUNG BOY DIES FROM EATING PILLS

Bathurst, July 3.—Much sympathy is felt for Mr. and Mrs. Theophile Dutton in the death of their son, two years old, which occurred under very regrettable circumstances. The little fellow got hold of some pills in some way and before it was noticed, had eaten a large quantity of them. In spite of the use of an antidote the effects of the pills caused his death in convulsions in a very short time.

REXTON

Miss Sharpe and Miss Myles who have been teaching here have returned to their homes in Sussex for their holidays.

MARRIAGES

Tait-Hall. At Lonsdale, Kings county, June 27, at the home of Mr. and Mrs. Edgar Buchanan, the latter's sister, Miss Bertha Hall, daughter of John and the late Jerusha Hall, was married to Mr. Campbell Tait of Lower Cove, Sussex. The bride, who was given away by her brother, Charles, looked charming in a pretty dress of white crepe de chine, with bridal veil, and carried a bouquet of white carnations and maiden hair fern. The wedding march was played by Miss Jennie Dysart, niece of the groom. The ceremony was performed by the Rev. Mr. Shaw of Sussex, beneath an arch of lilacs and ferns. The groom's gift to the bride was a pearl pendant. After the ceremony a dainty supper was served, after which the happy couple left by auto for a short honeymoon. The bride's travelling suit was of blue serge with hat to match. Upon their return the happy couple will reside at Lower Cove, Sussex. Many handsome presents testified to the bride's popularity.

SEARCHING FOR HIDDEN TREASURE

Hunting for New El Dorado on P. E. Island. The Charlottetown Guardian says: A new Edition. Belfer in the existences of money and other treasures buried by the early French settlers of the island at the time of the conquest is very prevalent and deep rooted in certain sections of the province, especially along the coasts where most of the French settlements were located. Among these places, Greenwich of the east side of St. Peter's Bay, where traces of a French settlement are to be seen, and many articles belonging to the early settlers have been found, including a small cannon, has attained a wide celebrity and is a favorite haunt of treasure seekers, concerning whose adventures many tales are related. The treasure is believed to be located on the farm of Mr. Garbert Sanderson which occupies the extremity of the peninsula forming the east side of St. Peter's Bay, but the exact spot is known only to certain of the "natives." On Wednesday night, the 14th inst., a number of men from one of the nearby lobster factories at Cable Head, fired by the tales of wealth to be won and headed by a stalwart individual from the Head of Hillsboro, who feared neither ghost or goblin, determined to make an attempt to unearth the long sought treasure and having provided themselves with a mineral rod and other necessary appliances they set forth "burning with high hopes" in search of this new El Dorado. But alas their fervent expectations were doomed to disappointment for having neglected to take a guide with them and being strangers to the locality they spent the night in fruitless endeavors to locate the place where the money is supposed to be buried and returned weary and dispirited and cursing their ill luck with serious emphasis. The scores, though well kept, leaked out through some remark fell by the leader of the expedition who it is claimed was responsible for their failure to take along a guide as he trusted in "luck" and the virtues of the mineral rod to make the discovery. It is said that since the "discovery" his beliefs in "luck" mineral rods and buried French treasures have vanished simultaneously.

IF FOOD DISAGREES DRINK HOT WATER

When food lies like lead in the stomach and you have that uncomfortable distended feeling, it is because of insufficient blood supply to the stomach, combined with acid and food fermentation. In such cases try the plan now followed in many hospitals and advised by many eminent physicians of taking a teaspoonful of pure, bicarbonated magnesia in half a glass of water as hot as you can comfortably drink it. The hot water draws the blood to the stomach and the bicarbonated magnesia, as any physician can tell you, instantly neutralizes the acid and stops the food fermentation. Try this simple plan and you will be astonished at the immediate feeling of relief and comfort that always follows the restoration of the normal process of digestion. People who find it inconvenient at times to secure hot water, and travelers who are frequently obliged to take heavy meals poorly prepared should always take two or three five-grain tablets of Bicarbonated Magnesia after meals to prevent fermentation and neutralize the acid in the stomach.

GUYSBORO DERIVED FROM THE POINT OF COALITION

Mr. Sinclair Will Support Sir Wilfrid's Referendum Amendment to Military Compulsion Measure—Dr. Pugsley Found Wrong Again.

(Canadian Press). Ottawa, July 3.—When the house resumed this afternoon, Sir Robert Borden gave notice that the order of the day for resuming the debate on the second reading of the military service bill, the amendment by Sir Wilfrid Laurier, and the amendment to the amendment by Mr. Barrette, be received and placed on the order paper. This important order lay on the table all evening, by reason of there being no quorum and the consequent adjournment of the house without any motion being made to adjourn the debate. Hon. Wm. Pugsley rose to a point of order. He said no notice had been given of the premier's motion and it could not pass except by the unanimous consent of the house. He said it was quite open for a member of the government to give notice on Friday evening, and he quoted the authorities in support of his contention.

Mr. Robert Borden quoted the authority of Bourinot to show that it was competent to revive the bill on Friday night and it had been the universal practice in the Parliament of Canada to do so. The speaker pointed out that in this respect the House of Commons was breaking new ground, and he was influenced in his decision to rule the motion of Sir Robert Borden competent by the fact that it did not prejudice public business. The motion was then carried.

The speaker intimated that there were changes in the amendment to the amendment moved by Mr. J. A. Barrette, and suggested the appointment of a special committee of the house to conduct an inquiry as to whether there had come to be a discrepancy between the amendment as it stood on the order paper and the original as moved in the house by Mr. Barrette. This was agreed to and the speaker named the following committee: Messrs. Northrup, Barnard, Boys, Pugsley and Bovin.

Mr. Sinclair Resumes. Mr. J. H. Sinclair, Liberal, of Guysboro, in resuming the debate on the bill poked fun at the government on account of the fact that it has been unable to get a quorum in the house on Friday evening, when the order passed, he said that the government or there would have been a quorum.

He said he intended to support the amendment of Sir Wilfrid Laurier, not for the purpose of defeating the bill, but to make it more effective. He declared that Canada did not have the machinery wherewith to force people to fight. Mr. Sinclair deprecated statements to the effect that unless reinforcements are sent at once, the Canadian soldiers at the front will be in sore straits. He said it was absurd to say that on a battle front 500 miles long, back of which there are five or six million soldiers, the four Canadian divisions are in danger of lacking support. Such statements, said Mr. Sinclair, should not be made as they constitute a serious reflection on the military and naval chief. "There is no danger of Canadian soldiers being deserted," said Mr. Sinclair, "our case for recruits is good enough without resorting to such arguments."

Mr. Sinclair added that he favored a coalition government which would represent all parties, including labor. He expressed the opinion that in the event of a general election and the return of the Liberals to power, Sir Wilfrid Laurier would adopt this view, and organize a government in which all parties would have confidence.

The three great needs at the present time, Mr. Sinclair said, are capable administration, order and unity. There should be conscription for the millionaires. The government should prohibit the manufacture and sale of intoxicating liquors, and direct into some useful form of employment the thousands of officers who are strutting around in England doing nothing.

Newspapers that oppose recruiting and stir up racial strife should be promptly suspended, and a more liberal pension scale for the soldiers should be introduced.

In closing Mr. Sinclair said that the adoption of the referendum proposal of the leader of the opposition was the only way to reconcile Quebec.

Mr. F. B. McCurdy. Mr. F. B. McCurdy, parliamentary secretary for the militia department, followed Mr. Sinclair and remarked that it was fortunate Mr. Sinclair did not represent the views of Nova Scotia, or even of Nova Scotia Liberalism, and he quoted so staunch a Liberal paper as the Halifax Chronicle which supported Mr. A. K. MacLean's opposition to the referendum.

After referring to his official work Mr. McCurdy said: "I have been so impressed with the need for additional infantry reinforcements that I say anyone who opposes or puts any difficulties in the way of their being secured is taking a responsibility of the gravest character."

Scores Dr. Pugsley. Mr. McCurdy strongly scored the suggestion of Hon. Dr. Pugsley that Canada should relax her efforts because the United States had entered the war, remarking that such an idea would not appeal to any red-blooded Canadian. He pointed out that in Great Britain seventeen per cent. of the population had joined military forces, or almost 7,000,000. Had Canada participated in the war to the same relative extent her army instead of being 124,320 last June 15th would number 1,243,200.

There was of course a possibility that the Allies would go on and win without Canada, but he did not think such an idea would appeal to Canadians and "with the knowledge we now have of the German barbarities

OAK HALL SCOVIL BROS. Limited ST. JOHN, N. B.

Col. John Currie. Col. John Currie, Conservative, of North Simcoe, resumed the debate after the recess. He declared that his chief reason for speaking was that he had been one of the members of the house who had had the pleasure of being at the front and of seeing conditions first hand.

Canadian soldiers had distinguished themselves above all other armies in the field. They had been recruited by the voluntary method. The methods employed at first were based on common sense and he was sorry they had been departed from. At the outset business men had formed recruiting committees and enlistment had been excellent. Unfortunately certain elements anxious to get into the public eye had arisen and recruiting was handed over to them. Today recruiting was found to be unsatisfactory though so far as the voluntary system was concerned, Canada had no reason to be ashamed. Military authorities held that a proportion of one in seventeen of the population was all that a nation could do for war purposes. Canada had done better than that, but unfortunately the wastage was great.

As "Shock Troops" The troops of the Dominion were so good that they were used as "shock troops." In addition, the war had lasted longer than was expected. At the outset the British government had left the Canadians pretty well to their own resources. It was to be a war of attrition, but the attrition was all on the British side and they lost three men to every one the Germans lost. There was a shortage of munitions and guns, but those days were now gone by and the British had the ascendancy. Nevertheless the more men put in the field, the more were needed to fill the gaps. The voluntary system, declared Col. Currie, had always been unfair. Married men with families and the only sons of widows who had no right to be had been enlisted under it.

Opposition members had asked for another campaign of recruiting under the voluntary system. He asked, however, whether the members from Quebec would undertake in sixty days to raise 60,000 men. If they would give such an assurance, he was willing to hold the bill in abeyance.

OBITUARY. Ada Maude Green. It will be a shock to many to learn of the sudden death in Woodstock yesterday of Mrs. Ada Maude Green, wife of G. Herbert Green of Wentworth St. Mrs. Green had been visiting in Woodstock for only a few days. She leaves beside her husband two daughters, Leslie and Margaret; one sister, Mrs. Jackson Rowan of the North End, and four brothers, Christopher of the North End; Fred, of New Glasgow; Henry, of Moncton, and R. E. Armstrong of this city. The body will be brought to St. John today.

The funeral will be held on Friday afternoon from the house, Interment at Fernhill cemetery.

PRIVATE LACEY WELCOMED. A large number of people gathered in the Foresters' Hall, Mace's Bay, Thursday evening last to extend greetings of welcome to Pte. Richard Lacey, one of the heroes of the Fighting 26th, who has seen two years of hard service in France.

The evening was spent in the usual forms of merry making with a dainty luncheon of cakes and coffee. The most pleasing feature of the programme was the presentation of a beautiful gold watch and chain to Private Lacey. The presentation was made by Mr. J. R. Corseader in an appropriate and touching address. But owing to the nature of the recipient's injuries combined with a soldier's characteristic modesty, Roy G. Mawhinney replied to the address on his behalf.

Suppose the bill were defeated, which, he said, could only be if the people were not properly educated to the necessity. He declared from his knowledge gained in his official capacity he knew the need, would support the bill, and earnestly hoped it would be put into effect without delay. "What the country needs," he said, "is not debate but speedy and active action by this house. We cannot wait because time will not wait."

"May I ask, in this momentous crisis, when human liberty is in the balance, is there less danger in delay than when the transportation bill was introduced by Sir Wilfrid Laurier with such a plea for haste?"

NEWS AND COMMENT FROM THE FINANCIAL WORLD

BEARS HAVE ONE MORE FIELD DAY

Attack Mercurial Issues and Send Some Stocks Down—Market Dull Before Holiday.

New York, July 3.—In its essential features today's stock market was almost a repetition of recent dull and irregular sessions. Business was much curtailed because of the impending holiday and the continued absence of public participation.

Money conditions were actually conducive to speculation for the bill account, but trading in that quarter was checked by increasing perplexities respecting war profits and taxes. Call loans were in free supply at 3 1/2 per cent, and time money was more abundant than at any period in the past three weeks.

Bearish Attacks.

Bears renewed their attacks upon the more mercurial issues, chiefly motors, some of the lesser equipments and minor specialties. Studebaker showing an extreme loss of about six points and others of the same division yielding two to four. Rails also experienced additional price attrition, a few of the dividend issues recording lowest quotations for the current decline. That group rallied briskly after the closing movement of the final hour. St. Paul making material recovery from yesterday's severe loss. Union Pacific, Canadian Pacific, Great Northern and Reading were equally responsive to fair support.

Pronounced betterment was also shown by Coppers, Oils, Tobacco and certain high priced stocks under professional control. Industrial Alcohol, Ohio Gas, Mexican Petroleum and America Sumatra Tobacco finished at gains of two to four points.

Metals Depressed.

United States Steel and kindred shares were depressed during the greater part of the day, but hardened later on the strength of allied equipments. Virtually all the activity occurred in the first hour, the balance of the session being characterized by extreme apathy. Total sales amounted to 340,000 shares.

The strength of Swiss exchange featured the market for foreign remittances, rubles holding at the minimum recorded yesterday. The Canadian dollar was heavy, international irregular and liberty's firm at par to 100 3/50. Total sales, par value, aggregated \$2,450,000.

BETHLEHEM STEEL MAY GET BALDWIN LOGO CO.

Report that Option Given at \$75 a Share—Good Russian News Important to Bankers.

(McDOUGALL & COWANS.)

New York, July 3.—The Interstate Commerce Commission railroad rate decision is now being interpreted in prominent circles as constituting a guarantee that the earnings power of the carriers will not be allowed to decline materially from present averages without important relief being granted.

Private advices seem inclined to credit a story to the effect that Bethlehem Steel interests have an option on Baldwin Loco stock at 75. The total amount said to be involved is \$6,000 shares. The buying of the equipments lately has been followed by vague rumors of an important deal of some kind.

Western financial interests are in receipt of information from Crucible Steel insiders to the effect that the company is literally overwhelmed with orders and that a dividend on the common stock is certain in the near future.

THE FRENCH FORCE BACK THE ENEMY

Germans Make Vain Drives on the Aisne Front and Near Verdun Sectors.

Paris, July 3.—The official French statement says:

"After a renewed bombardment, the Germans about 6:30 o'clock last evening began a series of violent attacks on the trenches we had recaptured on both sides of the Allies—Palisy road on the Aisne front. Very severe fighting continued throughout the night resulting in a complete check of the enemy. We maintained all our positions."

"Two attacks on small French posts farther west were repulsed with ease. On the left bank of the Meuse (Verdun front) the artillery fighting became very violent toward the middle of the night in the section between Hill 304 and Avocourt wood. About 2:30 o'clock this morning the Germans attacked on a front of 500 metres at the southeast corner of the wood. Their vain assaults were broken up by our fire and the enemy unable to approach our lines, did not renew the effort."

"In a raid on German lines in Champagne we blew up a blockhouse of the enemy. There is nothing to report from the remainder of the front."

A SPLENDID OFFER

Put money where it will help your country. Incidentally you can help yourself. The War Savings Certificates not only provide a channel through which your savings can be utilized for the prosecution of the war, they are a splendid investment. You can purchase the certificates in three amounts. Interest is at the rate of over 5 per cent. You get your money back plus interest at the end of three years. For \$25.00 the Government will pay out \$35.00 at the end of that time; for \$45.00—\$50.00; and for \$85.00, \$100.00. You have only to go to your nearest money order post office or bank for the certificates. The Government registers each certificate in your name at Ottawa. You cannot lose it. You are protected in every possible way. The nation is giving you that protection, that safe investment, that splendid return on your dollars because it needs them. Buy its certificates and help in the struggle for victory. The army is fighting for you. Give it funds to go on fighting. E. 2.

OBITUARY
 William M. Caldwell.
 Many friends of Dr. Wm. M. Caldwell of Newcastle Bridge, Queens Co., will hear of his death in this city yesterday with regret. Dr. Caldwell was born in Kings Co. seventy-two years ago and was the son of David Caldwell, who had come over from England and settled in Kings Co. Dr. Caldwell practised his profession in Newcastle for a number of years, coming there from Lancaster Heights, where he was well known. He leaves one son, Paul, of Toronto, and one daughter, Mrs. George Kating of Truro, N. S.
 The funeral will be held tomorrow afternoon at 2:30 o'clock and interment will be at Fernhill.

BUYING HOME PRODUCTS A Full Dinner Pail

MEANS "DINNER PAIL"
"PATRONAGE OF HOME PRODUCTS IS THE WORKINGMAN'S BEST INSURANCE."
 No matter what your position in life may be, when you spend money for goods made at home you save directly the freight on the article purchased and indirectly you are benefited by the money being kept at home.
 No matter who you are or what you do, some of the benefits of the dollars spent for home products filter down to you.
 It is good insurance for the working man to buy goods made at home. This policy universally practiced insures steady employment at good wages—means improved working conditions, and a happier, more prosperous community as a whole. It means better education for the children, a greater opportunity for them when they become bread winners.
 So the support that you give the concerns located here brings you back prosperity, success and happiness. Not only in a spirit of so-called selfishness, but moved by local patriotism, every purchaser should give his preference in every case to articles of domestic production.
 Buy some thing of local manufacture today.

JAPAN MAY SEND FLEET TO ATLANTIC

Minister of Naval Affairs Kato Makes Important Announcement in Diet.

Tokyo, July 3.—If necessary, Japan may send a fleet to the Atlantic, said Tomosaburo Kato, minister of naval affairs in the Diet today. The minister was replying to the criticism of the opposition that the dispatch of Japanese warships to the Mediterranean was not required by the terms of the Anglo-Japanese alliance, and was merely for the benefit of the Entente, and not for Japan.

M. Kato declared the government was justified in co-operating with the Allies to bring about the defeat of Germany.

to be—Major Roland Barnes. Major Barnes, who is one of the youngest majors in the Canadian forces, was a student at the U.N.B. when he enlisted with the Mounted Rifles, leaving Canada as a lieutenant. During his two years absence he has spent fourteen months on the firing line, on four occasions, receiving new honors for special bravery and coolness in times of greatest danger. The first honor to be received was promotion to the rank of captain, followed by decoration of the military cross by His Majesty the King, promotion to rank of major and awarding of a bar to the military cross, the decoration taking place a few days after his 22nd birthday.

In November Major Barnes was severely wounded in the right arm and has since been receiving treatment in English hospitals with the result that he is now on the road to recovery.

Without delay also returned from England, but owing to the seriousness of the wound in his leg, found it necessary to go to Montreal for treatment before visiting his home.

Mr. and Mrs. W. B. Snowball and daughter, of Chatham, were guests of the Wayside Inn on Thursday and Friday of last week.

Van Archdeacon Crowfoot has returned from a visit with relatives in New London, Conn., and on Sunday took charge of his new and to, St. John.

SERIOUS SPANISH SITUATION

The Royal Palace at Madrid.

Paris, July 3.—The situation in Spain, far from improving, appears to be going from bad to worse. The gravity of the crisis is confirmed amply by such news as reaches Paris. The Madrid correspondent of the Petit Parisien telegraphing on Sunday said that suspension of constitutional guarantees by the government has not removed the unrest in Spain. The fact that the heavily censored Spanish press publishes nothing concerning the internal situation seems to indicate that conditions are far from normal.

Great importance is attached in political circles to two facts, first that the king and queen cancelled an engagement to attend a polo game, second that a special cabinet meeting was held at the conclusion of which Premier Bata went to the palace and had a long conference with the king.

V. A. D'S ACCEPTED.

The word for which the V. A. D's were volunteered for overseas service have been eagerly looking for has come and some of the members have been accepted to assist the trained nurses in military hospitals. The following have been notified by the St. John Ambulance that they are accepted: Miss J. L. Daniel, Rotherham; Miss Dorothy Purdy, Rotherham; Miss Anna McKee, Rotherham; Miss Edith Schofield, St. John; Miss Ellen Coughlan, St. John; Miss Allen Wilson, St. John; Miss M. Flaherty, St. John; Miss A. Adams, Hampton; Miss Dorothy McKenna, St. John. These have been engaged in hospital nursing for some time so as to be prepared for such work.

LADY TILLEY'S MESSAGE TO THE WOMEN OF CANADA.

At the request of the editor of Everywoman's World, Lady Tilley sent this inspiring and purposeful message to the women of Canada: "During the fifty years of Confederation the women of Canada, while loyally keeping the home-fire burning and making home-life the sweetest thing in the land, have dreamed of large service, with all the inherited handicaps of life removed. These dreams are coming true today, and many new doors of loving service have been opened of which we never dreamed fifty years ago, or even three years ago. My message to the readers of Everywoman's World is: Quit you like women be strong; for through much tribulation our dear land is being born again, and we have come to our kingdom for just such a momentous time as this."

A very fine picture of Lady Tilley, "a bride of Confederation," appeared in the Toronto Saturday Night issue of June 23rd.

French Red Cross in Need.

At the meeting of the Free Kindergarten Association held at the home of Mrs. T. N. Vincent, Garden street, reports from the four schools showed a large attendance and the usual good work. The financial statement was such as to make apparent that the association will be compelled to appeal to the generosity of the public through a tag day at a later date. Mrs. W. C. Matthews, the retiring president, spoke of her deep interest in the kindergarten work. The following officers were elected for the ensuing year: President, Mrs. T. N. Vincent; 1st vice-president, Mrs. B. D. Langley; 2nd vice-president, Mrs. H. H. Pickett; 3rd vice-president, Mrs. F. E. Holman; 4th vice-president, Mrs. J. E. Secord; secretary, Mrs. F. Rowe; treasurer, Mrs. J. W. V. Lawlor. The following committees were appointed: Room committee, Mesdames B. D. Langley, H. L. Spangler, T. N. Vincent, J. W. V. Lawlor, Miss Satey; educational committee, Mesdames Pickett, Stout, Spangler, Miss Rowley; financial committee, Mesdames Holman, Flaherty, Secord, Rowley, Miss Gunn; press committee, Mrs. H. H. Pickett, Miss Turner.

FOR WAR GARDENS.

Now is the time to set out cabbage plants to supply the winter crop and to provide for sauerkraut. Early leaved varieties will give the best results, although they will grow in almost any garden. The late cabbages will naturally follow some early vegetable crop, but it is not advisable to do any extra manuring, for if the ground is too rich the heads will be likely to burst. If this plan to push the heads over a little, as to break the roots on one side. This checks the growth.

Women in Austria.

London, Ont., July 3.—Before the Synod (Anglican) of Huron closed its annual meeting here, it decided to admit women to its vestries, thus marking the first step in the re-organization of the church in this province.

Part of Proceeds for Red Cross.

Following the example of the Ivan Film Productions, who had given to the fund for the American Ambulance in Russia part of the receipts for the final week's run of "One Law for Both," at the Lyric theatre, New York, a number of theatres in New York, Brooklyn and New Jersey showed the picture made similar donations.

Industry Subscribes Five Millions.

To Liberty Bond Issue. Reports received by the National Association up till Saturday indicated that the motion picture industry subscribed approximately five million to the Liberty Bond issue. This takes into account only the direct subscriptions from the industry and does not include the influence of the vigorous screen campaign.

ROTHEBAY RED CROSS.

The Tuesday meeting of the Rotherbay Red Cross Society was well attended. Mrs. John H. Thomson presided and the June report was read by Miss Muriel Robertson. The sum of \$100 was voted for surgical supplies and \$100 was voted for the Tag Day to be held in the French Hospital. An interesting letter was read from Miss Allison Jones thanking the society for the generous donation sent to the hospital in Florence, Italy, in which the Misses Jones are assisting in the care of the wounded. The weekly tea was in charge of Miss Picher and Miss Ganong.

Industry Subscribes Two And Half Millions.

And Half Millions. In addition to the six which the motion picture industry has rendered to the Government in the notation of the Liberty Loan in placing the screen of all the motion picture theatres in the country at the disposal of the Liberty Loan Committee for the showing of slides and trailers, the industry has made direct subscriptions to the loan of over two and one-half million dollars.

WHAT THE MOTION PICTURE TRADE IS DOING FOR PATRIOTISM

Paramount Presents Ambulance to Russian Red Cross.

George M. Cohan an Aircraft film star, presented to the American Organization Ambulance in Russia a fully equipped ambulance, donated by the Paramount Pictures Corporation. Mr. Cohan had the machine built especially for the Red Cross, in Russia, and in his absence asked the famous actor-author-producer to present the car to Miss Miss Maxwell, chairman of the body. The ambulance was shipped to the Play-sixth street studio, where Mr. Cohan is now appearing in his second Aircraft picture, "Seven Keys to Baldpate." Miss Maxwell was notified and visited the studio where the machine was turned over to her with due ceremonies by the Yankee Doodle Boy. The ambulance was immediately prepared for shipment and is now en route to Russia where it will soon see service.

Goldwyn Pictures Corporation.

By way of "doing its bit," the Goldwyn Pictures Corporation is to furnish a positive print of all its pictures to the United States troops in the European army. Two standard projection machines will be given to whatever unit of service takes the matter in charge.

Fairbanks' Project to Assist Red Cross.

A "Douglas Fairbanks Chapter" of the Red Cross Fund, has been organized by the Aircraft star, to operate throughout the entire country with the assistance of Aircraft exhibitors showing his new picture, "Wild and Woolly."

These theatres men will present an attractive lobby display with placards urging patrons of the house to contribute to the Red Cross Fund.

were the following subscriptions: Doris Kenyon, \$50,000; Mrs. Margaret Talmadge, mother of Norma and Constance, \$10,000.

Office records of the Famous Players-Lasky Corporation showed that a total of \$580,000 had been subscribed by the organization and its employees.

The Lasky Home Guard and a step to insure any member of the Lasky organization who enlists are other evidences of practical patriotism by this organization. The exceptional show-line made by the Lasky organization caused Secretary William G. McAdoo to wire a warm telegram of congratulation to Cecil B. DeMille.

For Food Conservation. Herbert Hoover, food dictator of the United States, has appointed the motion picture to be his official mouthpiece.

This announcement takes the form of a letter to William A. Brady, president of the National Association of the Motion Picture Industry.

This official recognition by the Government of the film industry as a power to direct national ends is said to come as a result of the splendid results achieved by the screen in securing subscriptions to the Liberty Loan.

Coming at a time when great events are happening so rapidly that their importance is difficult to grasp, the recognition of the power of the film can only be glossed over in this space.

The food problem is the greatest confronting not only the nation, but the world, and film men have been quick to feel the great weight of responsibility which has been placed on their shoulders.

Wharton Makes Film For Red Cross Week.

Leonard Wharton, of Wharton, Inc., has been engaged to direct a special picture as part of a campaign in Rochester, N.Y., to raise \$1,000,000 in a week for the National Red Cross Society. Mr. Wharton is to give his services for nothing and work is proceeding in the Wharton studios in Ithaca.

LYRIC.

"Her Soul's Inspiration." An adaptation of Mary Keep Your Feet Still is The Soul's Inspiration, and it seems too bad they did not keep the original and catchy title.

Featuring Ella Hall, this picture has a splendid plot and is altogether a very fine play. As the little girl who just could not make her feet behave Ella Hall is a dainty, funny and pathetic and graceful. The story tells of her adventures after the death of her parents as the star of a travelling show.

On the closing of the show she starts off with a puppy under her arm looking for a home which she finds in a fisherman's cottage. How by her innocence she is shielded from danger and by her dancing she finds success, and a lover the picture tells with all the artistic accompaniments of a Bluebird production. The sea scenes are beautiful, the theatre pictures are full of interest and the story well developed throughout.

The accompanying music to the picture was well adapted and showed a great range. The songs and classical selections, which added to the pleasure of the spectators.

Byron and Wilson supplied some rapid-fire talk and music which was

amusing. The comedian is clever in his line, and the get a bright one.

Around the City

Must Take Licenses. At the meeting of the Board of Health, held yesterday afternoon in the board rooms on Princess street, proceedings were ordered against all milk vendors in the city who had failed to take out licenses. Two houses were also ordered closed as unfit for habitation. One of the houses is located in the West End and the other is situated in the south end.

Break in Paradise Row. A bad break in the 15-inch main in Paradise Row caused the men of the water department a hard day's work yesterday. The break was discovered at three o'clock yesterday morning and the work of repairing the damage was finished about half past ten last night. It is expected the contractors for the excavation and back fill for the proposed renewals will make a start on Thursday and this work will be rushed along as fast as possible.

Reception to Returned Heroes. A large number of friends of Major D. McArthur, Sergt-Major Louis Gifford, James Archdeacon and Sergt. Murray Latham, tendered a reception to them last evening at the home of Mrs. James Hamilton, of Pandemic. The men are all returned heroes and during the evening they were presented with useful souvenirs as a mark of appreciation for doing their "bit." The time was pleasantly spent in social games and dainty refreshments were served.

Loch Lomond Flag Raising. A flag pole was erected at the school house Loch Lomond, June 28, last the school closing. Thanks are due Mr. Alexander Crawford, owner of Gerriman Place, who donated the pole, Mr. J. P. Mosher, who gave the rope, and Mr. John A. Lipsett, who assisted largely in the work. The flag was hoisted by Harry Smith, a returned wounded soldier of the 26th. Patriotic songs were sung by the children under the direction of the teacher Miss Laura Akerley. Addresses were given by Rev. C. W. Pollett and Mr. James Keys.

Work at No. 5. Contractor Layhey had three crews of men at work yesterday recovering the goods which went down with No. 5 when it collapsed. He had two divers at work and one crew on a scow with pile poles. It is only possible to work at this reclamation job at low tide and it will be some time before it is all recovered. While no detailed investigation of the damage done to the foundation has yet been made it is known that a large number of the piles were broken off and will have to be replaced but it is not thought there will be any difficulty in having the shed rebuilt in time for next season.

Surprise Party. A pleasant time was spent on last Friday evening at the home of Mrs. Alex. Parkhill, Chipman, when about thirty of her friends gathered and presented Miss M. Louise Cody with tokens of goodwill and best wishes in anticipation of a happy event to take place in the near future. Taken completely by surprise Miss Cody was showered with a number of handsome presents, including cut glass and silverware. A social evening was spent in games, music and refreshments and the happy affair concluded amid the good cheer of gifts and recipient alike. Amongst those present were Miss Sarah McMurtry, of Los Angeles, and Miss Bertha Craig, of Duluth.

MARRIAGES.

PAYS HIS RESPECTS TO FOSTER PARTY

Soldier Expresses His Opinion of Action of Provincial Government re Employment of Returned Soldiers.

The following letter recently received will convey some idea of the opinion of the boys on the firing line of the action of the provincial government re the employment of returned soldiers. The writer of this letter spent nineteen months in the trenches and just after Vimy Ridge he contracted trench fever, after reaching hospital he had an attack of diphtheria but is now well on the road to recovery.

Dear Dad:— I received your ever welcome letter today and was very glad to hear from you. Things are moving pretty lively over here now.

Say dad what kind of a game is Foster trying to pull off in the house. I think it is a pretty raw deal on our poor boys who are fighting to keep our homes together and uphold our honor among men. I would like to tell them something. Put them articles in the house out in France with a rifle on their shoulders and make them hunt for a job and get the same answer as they give to wounded soldiers. They think it is all honey, well they are a long way off it now believe me, I know. I learned a lot in the 19 months in France and I will tell them a few when I get back if I am spared to come back.

HARRIS' REQUEST WAS RESUMED LAST NIGHT AT THE COURT HOUSE

Told His Mother and Detective Duncan That He Would Not "Put It Past" Carlin.

Detectives Found Broken Brick Near Scene of the Assault.

The third session of the Harris inquest was held last night in the Court House and after hearing the evidence of three witnesses was adjourned until Friday night, July 6, at 8 o'clock as the coroner wished to call some other witnesses.

Mrs. Lucy Harris. The first witness was Mrs. Lucy Harris, mother of the deceased Robert Harris. She said her son left home on the night of June 14 just after tea, dressed in his working clothes, grey cap, grey overcoat and blue suit. She was shown a grey cap and identified it as the one her son had on when he left home that night. She next saw him about twenty minutes or a quarter to twelve that same night. She was in bed when he was brought home but dressed and was out to him a few minutes later. She found him bleeding from the nose and mouth and vomiting blood. He told her a little boy brought him home but she did not see the boy as he had gone before she was dressed. Her son did not say anything to her until after he had been placed in bed and then he gave a deep sigh and said "O my I wouldn't put this past Carlin." These were his exact words and Carlin was the only person he mentioned by name. He told her he had not seen any person, had only heard the footsteps behind him. Her son told her the other two he only knew that one of them worked for Mr. Williams. On one occasion they had followed him from the armory and at the foot of Wright street one of them had said "this is a nice place to live, up here" her son had replied "yes you had better come up and have some supper with me" to which Carlin had replied "no scab, you might be wither you did not say so." Her son had also told her of being disturbed by Carlin on other jobs.

HAS FREE RIDE ON PLACE ON HIS BIRTH

By Courtesy of Calvin Austin, Calvin Austin Nicholas Has Trip on Calvin Austin.

There is one young man, who when he travels on the Calvin Austin, now running to St. John, does not have to buy a ticket. When he first set out to sea on this voyage he was on board the Calvin Austin, and he was not only named for the Calvin Austin but was named for Calvin Austin, president of the Eastern Steamship Lines, and his full name is Calvin Austin Nicholas.

Young Calvin was born on the steamer September 12, 1908, in state room No. 6, while his parents, Horace Nicholas and his spouse were travelling from Portland to their home at Pleasant Point, Indian reservation, on the banks of the St. Croix River. By courtesy of Mr. Austin, the lad and his father have just enjoyed a free round trip to Portland on the boy's birthplace.

FORT KENT JOINED TO AMERICAN PRESBYTERY

Important Change Meeting at Yesterday's Meeting of Presbytery of St. John.

The Presbytery of St. John opened its quarterly meeting yesterday morning in St. Andrew's church with Rev. M. H. Manuel in the chair and Rev. Frank Baird as secretary. A vote of sympathy to Rev. J. S. Sutherland, Fredericton, on account of the serious illness from which he has been suffering for some time, also an appreciation of the loyal support rendered him by the congregation of St. Paul's church during his illness, were unanimously passed.

Rev. James Ross moved that the presbytery sanction a separate mission station to be formed north of Chipman and that a committee be organized to look over the ground. His motion was seconded by Rev. F. Baird and the motion was agreed to.

The matter of the status of St. Matthew's church was taken up and referred to a committee composed of Rev. J. H. Anderson, Rev. F. W. Thompson and Rev. W. M. Townsend, who will confer with the parishioners of the church.

Rev. James Ross was appointed moderator of the synod and Rev. G. Gough was reappointed to St. James for two years.

Afternoon Session. The question of the transfer of Fort Kent, Me. from the presbytery of St. John to that of Newburyport, Mass., was taken up in the afternoon session. It was moved by Prof. J. A. Stiles and seconded by A. J. Langlois that the clerk communicate with the presbytery at Newburyport, by the case being held in abeyance until a conference with the view of reaching an arrangement. Rev. Frank Baird, Rev. J. C. Mortimer, Prof. J. A. Stiles and Rev. James Ross were appointed a committee to represent the presbytery at the conference.

Revs. James Ross, F. W. Thompson and F. S. Dowling were appointed a committee to visit the congregation at Lorneville.

Rev. James Ross submitted a draft of minutes appointed to hold communion services in various mission fields of the presbytery which was approved. Rev. W. Malcolm spoke of the summer school at Sackville which will be held in August and emphasized the importance of every member of the presbytery encouraging the attendance of Sabbath school teachers at this school. He moved that a grant of \$50 be asked for from the Sunday school funds for promotive work within the bounds of the presbytery.

The commissioners to the assembly recently held at Montreal gave short reports of every member of the assembly meetings.

The meeting adjourned at 4.30.

ROADS THE WORST FOR MANY YEARS, SAY THE AUTOISTS

The Comment of a Boston Party Who Were in City Yesterday.

Road from St. Stephen to St. John Very Bad—Govt. Action Necessary.

"The road from St. Stephen to St. John could hardly be in a worse condition than it is at the present time," said Harvey Carmichael, of Boston, who reached the city yesterday by auto, accompanying Dr. F. W. McTween and party of Boston. Mr. Carmichael, who was a guest at the Royal Hotel, was heard to make the above remark immediately on reaching the hotel. He was completely covered with mud as a result of his trip.

Dr. McTween was equally strong in his condemnation of the roads. He said something should be done at once to place them in at least a fair condition. He declared that there was absolutely no evidence of any work having been done during the past few months.

"I have been travelling down this way for some time, and I never saw the roads in poorer condition than at the present time," said Mr. Carmichael. "Something should be done if New Brunswick intends to look for auto travel from the States."

The party who left yesterday for Truro en route to Sydney, where they will spend a few weeks.

WILLIAM DUGAN GETS 90 DAYS IN JAIL FOR ROBBERY PORTLAND MAN.

A man giving the name of William Dugan, of St. John, is in the jail at Bangor as the result of an illegal one-sided financial transaction. On complaint of John deWolfe, of Portland, Dugan was arrested on a charge of taking \$32 from the person of the complainant.
