MOUNT ALLISON THE MECCA FOR METHODISTS

Pour Into Old School to Prepare for Drive for Half Million Dollars.

ALREADY OVER \$150,000 IN SIGHT

Glowing Tribute Paid to College Staff and Work Accomplished at the College.

Special to The Standard
Sackville, N. B., Jan. 19.—Mount Allison was the Mecca of Maritime Methodists today. They poured into the old school all morning to prepare for the drive for half a million dollars to endow the financial endowment of the college. Already over \$150,000 is in sight. An endowment and building fund of that amount is to be raised in the three Atlantic coast provinces in the week of Feb. 7 to 13. That it will all be secured is assured after the great rally of ministers and lay delegates here today.

Great Gathering

Preachers were here in large numbers. Nearly every St. John Methodist pastor arrived at noon. Others joined the train at the stations along the line until by the time the St. John train reached Sackville it had far more clergymen than others on board. From Moncton a special section of the train was sent ahead of the regular to accommodate delegates from the Eastern part of the Province. The clergymen of the Maritime were boys again today for a little time. At home they are Rev. Mr. X, but today they were Bill and Bob to each other as they recalled the escapades of less decorous days, when they strolled at Mount Allison. There were reports of laughter on every side as stories of pillow fights, raids and other youthful escapades were related with an unobscured glow.

Mount Allison En Fete

Of course Mount Allison was on fire to receive the delegates. At the Sackville station and others were waiting to direct delegates to the college. At the building others were ready to pilot the "old boys" around the halls to places which they were once well acquainted with. The college, with a touch of sadness in their voices, admitted that time had changed things so much that they could not find their way around unassisted. The cold was intense and a strong wind made it "red even worse, so the hot dinner awaiting all delegates as soon as they reached the college was unusually appreciated. In the afternoon the two hundred delegates met in the Quebec Chapel where Col. F. B. Black, chairman of the campaign, presided.

Tributes Paid

After a brief devotional service, Col. Black delivered his welcome to the delegates and outlined the situation in which Mt. Allison finds itself. He paid glowing tributes to the college staff and drew frequent prolonged cheers as he declared that, in spite of very many attractive offers from other universities at much higher salaries, they had remained loyal to Mt. Allison. Some, he declared, said that the time was inopportune for an appeal for half a million dollars, and Col. Black declared that at least \$750,000 was needed if the college was to do its best. But Mt. Allison could wait no longer for assistance. For years it had been handicapped and war and high cost of living had increased its troubles. Now help must come. He said that it was a strenuous time in financial circles and that the church was barely over its forward mission campaign, but six months of lean days ought not to wipe out the gains of four fat years.

No Reason Why Former Soldiers Should Suffer

Federal Government Has Been Ready Since Dec. 27th To Do Its Part.

Ottawa, Jan. 19.—"So far as the Federal Government is concerned, there is no reason why every man in Montreal, in need of relief, should not have had it since December 27," said Senator Robertson, minister of labor, to representatives of returned soldiers of Montreal, who interviewed him today. Senator Robertson made it quite clear to the delegation that the government was willing and ready to pay one-third of the cost of furnishing relief to all unemployed in Montreal, but that the initial motion and activity must come from the municipal authorities of that city. He intimated that the Mayor and City Council of Montreal were trying to shelve their responsibility in the matter to the shoulders of the Federal Government. The conference was still going on at two o'clock.

IMPROVING CABLE SERVICE

London, Jan. 19.—A large delegation representing the Empire Press waited on the postmaster-general today and urged the despatch of improved facilities for cable and telegraph messages.

Hon. A. L. Sifton Slightly Better

Consultation of Physicians Gives Secretary of State's Friends Encouragement.

Ottawa, Jan. 19.—The condition of Right Hon. A. L. Sifton, secretary of state, was reported as "slightly better" tonight by his friends, who are now quite hopeful that he will recover, although the period of convalescence will likely prove slow. A consultation with specialists from Toronto tonight gave Mr. Sifton's friends every encouragement. Mr. Sifton has been ill for some weeks with arterio sclerosis (hardening of the arteries).

UNITED STATES AIRMEN BEFORE ENQUIRY COURT

Participants in Spectacular Balloon Flight Tell of Incidents Precipitating Fight.

DISARMING OF FARRELL DISCUSSED

Hinton Claims Farrell Dropped from Exhaustion and Urged Others to Continue.

Rockaway, N. Y., Jan. 19.—Lieut. Walker Hinton, testifying this afternoon at the inquiry into the spectacular balloon flight he recently made into Canada when two other United States naval officers, declared that one time, while they were lost in the woods, he had consulted his pilot regarding the advisability of disarming Lieut. Stephen Farrell.

It was a letter from Lieut. Hinton to his wife, stating that Farrell had begged his companions to cut his throat, use his body for food and press on, that led to the fatal fight between Hinton and Farrell at Mattice, after they had trekked out of the north and Farrell had learned of publication of the letter. This quarrel later, apparently, had been patched up as the officers returned to United States soil. Farrell had vigorously denied the suicide story.

Hinton Tells Story

"At 12:30 on December 15, Lieut. Farrell fell from exhaustion. It would be unfair for me to state in this exhausted and fainting condition the remarks that were passed, but I called Lieut. Kloor and consulted him as to the advisability of taking the knife from Lieut. Farrell and going on as signified by him—only with the hope that we would find assistance."

"My conviction that we were on the stream that emptied into the river upon which was the house which we had seen from the air just after hearing a dog bark, I fully believed that the house was just around the corner."

ALBERTA UNITED FARMERS READY FOR POLITICS

Convention Names Committee to Draw up Platform Embodying Farmers' Stand.

Edmonton, Jan. 19.—The United Farmers of Alberta, will discuss provincial political action, C. H. Greenwood, chairman, announced today that a resolution had been drafted and will be brought in for discussion. The convention today authorized the appointment of a committee consisting of one member from each Federal constituency to draw up a platform for discussion among the local embodying the farmers stand in provincial politics. Delegates from various districts in the province are holding meetings to determine on political action in the constituencies they represent and indications that the farmers will be strongly organized for action in the next general election.

Director Rick Shepherd, South Edmonton, said that he felt sure the association would enter provincial politics and that care should be taken in drawing up a platform to see that the support of returned soldiers and labor is not alienated.

More than 1,400 delegates have registered at the convention which is a record in the history of the association.

HANNA ORDER "NO POLITICS" GIVEN AIRING

Conciliation Board Hearing Dispute Between C. N. R. Employees and President.

CONCILIATION SPIRIT WAS PROMINENT

Proposal Looking to Settlement of Difficulty Made by C. N. R. Representative.

Toronto, Jan. 19.—An adjournment was taken this afternoon in the matter of the "no politics" order of President D. B. Hanna, of the C. N. R., by the board of conciliation, which is trying to adjust the dispute between the employees and Mr. Hanna with reference to the order. F. H. McGuigan, the representative of the C. N. R. at the board, submitted a proposal looking to a settlement of the difficulty and in order to give the employees time to consider it, the board adjourned until tomorrow morning.

Compromise Uppermost

J. M. Godfrey, chairman of the board of conciliation, stated this afternoon that the spirit of conciliation and compromise had been prominent at the board's sittings.

D. Campbell, Winnipeg, is the representative of the C. N. R. employees on the board.

BOYS CONFESS TO HOLD-UPS IN CHICAGO SUB.

Four Youthful Highwaymen Say They Are Responsible 100 Hold-ups in District.

Chicago, Jan. 19.—The vigilance committee of Hyde Park and exclusive south side residential quarter, organized to combat robberies in the neighborhood, was preparing to disband today following the confession of four youthful highwaymen in the boys' court that they had been responsible for more than one hundred hold-ups in the district.

Fred Loomis, 18 years old, in a confession given out by the police, said "we worked six nights a week and made it a rule never to make less than seven robberies a night. We acquired a lot of guns and used them to intimidate victims although we would have hated to shoot anybody."

Twenty-five pistols were found in Loomis' room, the police said. Victims of the robbers told the police that after being held up they were wished a polite good night and provided with car fare.

John Wash Kates Held For Trial

Said to Have Been Leader in Jail Breaking Plot at Kingston "Pen."

Kingston, Ont., Jan. 19.—John "Wash" Kates, a convict in the Portsmouth penitentiary, who was charged with being implicated in a general jail breaking plot in the penitentiary last October, and was said to have been seen through three seven-eighths inch bars in the door of his cell preparatory to a general delivery of prisoners in the institution, was given a preliminary hearing at the penitentiary today before County Magistrate Brudshaw and was committed for trial. It is said Kates was the ring leader in the plot. He was in solitary confinement at the time set for the general delivery. Kates was sentenced at Ottawa to five years in the penitentiary for robbery. It is said criminal charges are pending against him in several cities in the United States.

Government In Session Today

Fredericton, Jan. 19.—The Provincial Government opened their meeting here this evening with practically all the cabinet in attendance. Premier Foster and other members of the Government arrived this evening, the other members of the executive spending the earlier portion of the evening watching the hockey match between Chatham and Marysville clubs.

Shoots And Kills Three Children

Winchester, Va., Jan. 19.—Mrs. Mary Glenn Hicks, wife of Stanley H. Hicks, shot and killed three of her children early today at her home near here, then killed herself. She is believed to have been mentally deranged due to a recent attack of influenza.

High Industrial Barrier Will Help Dairy Industry

Premier Meighen Says Canada Able to Meet Moves of Country to South.

Ottawa, Jan. 19.—Speaking at a banquet of the Ottawa Valley Holstein Club here tonight, Premier Meighen said that Canada was confronted with the prospect of a high industrial barrier on the part of the country to the south of us. If such comes, as it would appear at present, Canada can meet the situation uncompromisingly and not without success. If such comes, it will probably result in a great impetus to the dairy industry of the Dominion of Canada. His words were greeted with hearty cheers.

HALIFAX FIRM SUFFERS HEAVY LOSSES BY FIRE

Defective Wiring Causes Blaze in Toy Department of Morton & Thompson's

SWEPT THROUGH THREE STORY BUILDING

Loss to Stock and Building of the Firm is Estimated at \$100,000.

Halifax, N. S., Jan. 19.—Fire starting at five o'clock this afternoon from a defective wire in the toy department of Morton & Thompson's hardware store, Sackville street, swept through the three-story brick building with extraordinary rapidity, and an hour later had destroyed virtually the entire contents of the building and left only the brick walls and a portion of the roof standing. The loss is estimated at \$150,000.

Gets Good Start

Within twenty minutes of the alarm strains of water were playing on the burning building, but the blaze had gained such headway that the firemen, abandoning all hope of saving the structure, concentrated their efforts on preventing the flames from spreading to adjoining buildings. This they succeeded in doing, and at 6:30 the fire was well under control.

The stock of hardware and sporting goods destroyed, was valued at \$50,000, with insurance of \$25,000. The building, which was owned by the hardware firm, was valued at \$50,000, with \$40,000 insurance. An additional loss of \$25,000 is estimated, this being the value of the stock of goods which had an office in the Morton & Thompson building; O. L. Murphy, tailor, also in that building, and minor damage by smoke and water to a number of stores in adjoining buildings.

QUEBEC HARBOR BEFORE CABINET

Needs of Development Pressed Upon Cabinet Members by Deputation from City.

Ottawa, Jan. 19.—A deputation consisting of members of the Board of Trade and Harbor Commission of the city of Quebec, waited upon the Dominion cabinet this morning with regard to the developments necessary at that city. The conference lasted until nearly two o'clock, during which time the deputation presented a memorial setting forth the needs of their city and discussing this with the Cabinet Ministers. At the close of the interview Mayor Samson expressed himself as highly optimistic which had been given and the consideration promised to Quebec's requests.

Had Plenty of Money in Trunk

Eighty Years Old Woman, Living on Charity, Possessed \$6,000 in Bills and Gold.

Newark, N. J., Jan. 19.—An eighty year old woman, sent to the city almshouse by charity workers, was refused admittance, today, when it was discovered that she had \$6,000 of her own. The woman, who had been living on charity for 15 years in a single attic room in a poor section of the city, admitted she had "some money" in an old trunk at the home of her sister. The trunk, which had not been opened for 20 years, was filled with bills and gold pieces. There were \$1,000 in bills and \$2,000 worth of five dollar gold pieces and bank books, showing savings amounting to \$3,000. Each of the gold pieces were wrapped in tissue paper. Among the bills were several "salt bastards" of the Civil War period.

TART LETTER TO CONGRESS FROM MOTHERS

Ask for Law Compelling Childless Women to Work for Mothers with Children.

EIGHT HOUR DAY FOR HOUSEWIVES

Laws Required to Alleviate Condition of Overworked, Underpaid Housewife.

Washington, Jan. 19.—Letters under a Brooklyn date, signed "wires and mothers of industrial workers," reached members of Congress today, asking for a law to require childless married women, under sixty, to do housework three days a week for mothers with children, and also for an eight-hour day for housewives.

Overworked Housewife

"Congress should realize," it said, "that legislation should be less and less in favor of industrial workers and more and more to alleviate and improve the condition of the overworked, underpaid dishwashing housewife."

It added that sixty per cent. of the members of Congress were paid more than they were worth.

MEDDLING OF FOSTER GOVT IS CRITICIZED

Westmorland County Council Thinks Govt. Too Flip in Strictly Municipal Affairs.

Dorchester, N. B., Jan. 19.—Unpaid seed grain notes and the meddling of the Foster Government in affairs entirely municipal and in the hands of the Municipal Councils, received an airing at this afternoon's session of the Westmorland County Council. In 1918 a considerable quantity of seed grain was distributed in Westmorland as well as in other counties. In this county the municipal council financed the amount due. From the information furnished by the Parish Councilors.

Unpaid Notes

In the discussion this afternoon in regard to notes given by parties who bought seed grain and failed to meet them when they came due, it developed that the Foster Government appointed Geo. H. Cochrane, of Moncton, as their agent to distribute the gain in the Parish of Moncton, as well as other parts of the county, thereby usurping the rights of the councilors. Moncton councilors declared that Cochrane has no authority from them to handle the seed grain, and as the unpaid bills are to the grain, the Government's agent sold, they intend to look to the Government to collect the amounts due. From the information furnished by the councilors, it was shown that there are a large number of unpaid seed grain notes in the Parish of Moncton, and quite a few scattered throughout the other parishes. The other business before the council today was largely of a routine nature.

Sleet Storm Disrupts Service

Wires Down Between Eastern and Western Canada Cutting Off Communication.

Toronto, Jan. 19.—Telegraph communication between eastern and western Canada was greatly impaired today as a result of a sleet storm between Sudbury and Port William. Wires were down between these points from 2:30 p.m. and there was apparently no prospect of them being restored for some time.

Early this evening the same atmospheric conditions made their appearance in southwestern Ontario, but up to midnight had not caused any wire trouble. The wires of the Canadian Nation Telegraphs which connect Toronto and Winnipeg through Chicago were reported working.

Sound Riot Call In Philadelphia

Strike Breakers at Cramp's Ship Building Plant Given Rough Treatment.

Philadelphia, Jan. 19.—A riot call tonight brought reserves from Philadelphia police stations to a trolley transfer point where men from the Cramp Shipbuilding Company were changing cars on their way home. A strike is in progress at the plant. Two men were beaten badly and several others slightly injured before the police arrived.

Shooting Continues From Ambuscade

Dublin Castle Reports Military Police Were Attacked and Several Were Wounded.

Dublin, Jan. 19.—Shooting from ambuscades and arrests continue in various parts of the country according to official and unofficial advice. Dublin Castle reports that military police at Longford were attacked and that two men were wounded by a party of men Tuesday evening. Nine young men, believed to be members of the Irish Republican army, were arrested at Ballyhaunis (County Mayo). A soldier was wounded while riding with an officer along the Charleville road this morning.

POSSIBILITY OF AVERTING THE VIENNA CRISIS

Today Time Set for Program of Force Against the Profiteers of Country.

WORKERS INSIST ON FUSION WITH GERMANY

This Question is Being Pressed from Many Quarters and Gains Force.

Vienna, Jan. 19.—Although tomorrow is the day set by leaders of the workmen for putting into effect a programme of force against the profiteers unless the Government announced the adoption of means to deal with them itself, there seemed a probability today that the crisis over this question might be averted, for the time at least. The fears of serious trouble were allayed by the action of Herr Werner, chief of the Technical Trades Union, in calling a meeting of these organizations for tonight, at which he will advocate a postponement of direct action. He said he had been led to this course by the fact that the price conference with the Government had not been concluded, and that, therefore, the Government officials had not yet had an opportunity to state their position.

Fusion With Germany

Coupled with the ultimatum of the workers on the profiteering question has been their insistent demand for a plebiscite on the question of fusion with Germany.

This question is pressing from various quarters, and it was dealt with in a speech last night by Finance Minister Grim, who declared that union with Germany would be brought about by necessity, perhaps by means of a revolution, unless foreign credits to Austria were soon forthcoming. The minister was speaking on future expenditures in eight footing up 15,000,000,000 crowns with only two billion crowns in prospects with which to meet the payments.

In supplementing his announcement that he would advocate a postponement of direct action against the profiteers, Herr Werner said that while he was willing to advocate a respite he did not mean to submit to any prolonged delay, but would proceed to protect the interests of the country with all the force at his disposal.

LORD MAYOR OF CORK LOSES HIS BEST CHAMPION

Ordered Turned Over Immediately to the Department of Immigration.

Washington, Jan. 19.—Jurisdiction of the State Department in cases of aliens arriving in the United States without a passport is recognized by the Department of Labor in a formal statement sent this afternoon by Secretary Wilson to the Chief Immigration Bureau.

It was announced, however, that the decision of Secretary Wilson that Donald O'Callaghan, Lord Mayor of Cork, should be allowed to re-ship on a foreign vessel by reason of the ruling that he occupied the status of "Seaman" had not been rescinded.

Secretary Wilson this morning directed O'Callaghan's counsel to deliver the Lord Mayor to the immigration inspector at Norfolk. The announcement of Secretary Wilson as to the jurisdiction of the State Department in all cases similar to those of the Lord Mayor is understood to be in the nature of a general agreement between the two departments through which it is hoped to avoid in the future controversies similar to the one which arose in his case owing to the failure of Secretary Wilson to honor the order of Acting Secretary Davis, that O'Callaghan be deported immediately.

Rival Claims

Belfast, Jan. 19.—Rival claims have arisen between Belfast and Armagh as the seat of the new Ulster parliament.

WHO CAUSED MANY FIRES AT CORK CITY

Crown Forces Charged with Trail of Arson, Loot and Murder by Trades Congress.

PRESENT EXHAUSTIVE REPORT OF FINDINGS

Accusations Are of Most Serious Nature Involving Military and Govt. Officials.

London, Jan. 19.—"Who burnt Cork City? A tale of arson, loot and murder." This is the title of a report issued today by the Irish Labor Party and Trade Unions Congress through the British Labor Party today, in which the Crown forces are charged with the burning of public buildings and shops in Cork and the ensuing looting on the night of December 11-12.

The report is declared to be the result of a dangerous and tollsome investigation which has been proceeding since the conflagration, in which nearly one hundred depositions have been taken, all of them signed and witnessed. The report declares "the witnesses are chiefly responsible commercial or professional men and householders, some English, some Americans and several former officers and soldiers."

Creditable Witnesses

"In every case," the report goes on, "the deposition was signed and witnessed and the original filed and deposited in a place of comparative safety. These will be produced for any competent and responsible commission of inquiry."

What Report Says

Recalling the refusal of the British Government to allow any judicial or civilian inquiry and its failure thus far to publish the findings of Major-General Strickland, commander of the Government troops in Munster with regard to the Cork conflagration, in a summary of the evidence adduced, the report makes the following accusations:

"A number of fire engines were used to clear the streets of the city, which was cleared by passing lorries of the military. Cash's store was burnt by police and auxiliaries, who afterwards danced and fired revolver shots outside it. The Munster Arcade was fired by police commanded by a military officer. Black and Tan burnt Roche's store. The City Hall and Liberty were burnt by police, one of whom left his cape. The military refused to use their fire appliances."

Looters Busy

"Thirty policemen, including the head constable and three sergeants, kept turning out the water from the hose which was being played on the military. An ambulance was fired. Civilian helpers were fired at and molested by the police and auxiliaries. Police auxiliaries and a drunken officer fired at the firemen. A policeman shouted to a hose worker, at your peril, don't turn a hose on that fire; let it blaze."

Uniformed looters were seen emerging from Cash's. Police and military looted Mangan's Hiltzer and Murphy Brothers' stores. Crowds of auxiliaries and police were seen taking loot from the Empress Place Barracks and the Union Quay Barracks.

Block Attempt To Help Unemployed

Workers Section of Industrial Council Withdraw with Feelings Injured.

London, Jan. 19.—The government's attitude to enforce short time in the dockyards, arsenals and other government establishments as a remedy for unemployment has had the result of the workers' section of the joint industrial councils for settling disputed points deciding to withdraw from the council. The claim is made that the government, by failure to consult the Whitley councils as they are widely known, and which were organized for settling disputed points, has violated the Whitley principle. The government is endeavoring to have the decision of the councils reconsidered.

Prisoners Escape From Quebec Jail

Were Employed as "Trusties" and Made Get-away While So Employed.

Quebec, Jan. 19.—Three prisoners of the Quebec Jail, Munro and Pillecco, sentenced to fifteen months imprisonment at Cheloutimi last summer, and Shergoode, sentenced to eight months for desertion from Valcartier Camp, last August, made a sensational escape from the Quebec jail this morning at 5 o'clock and are now being closely trailed by a detective of the provincial police and two guards of the jail.

Municipal Council Continue Sessions

Hospital Extension Left with Committee to Report—Assess- ments on Parishes.

The Municipal Council continued its session yesterday morning and passed several matters left from the evening session. The matter of hospital extension was left with a committee to meet the commissioners and staff and bring in a report at a later meeting. When the time for adjournment came there was some uncertainty as to the financial status of the county and it was decided to have the Council meet at five o'clock and hear a report from the finance committee on the matter.

Assessments on Parishes.

Assessments on the Parish of Lancaster for \$2,313 for the Lancaster and Ingleton ferry and \$781 for ferries and sinking fund on sewerage debentures of 1921 were ordered. The bills committee was instructed to prepare a bill for the extension of the fire district to include certain portions of Mirford.

Considerable discussion took place on the motion to charge to Simonds the \$500 for making a survey of East St. John for sewerage purposes, the councillors from that parish raising strenuous objections to that course. It was finally decided to let the matter lie over until the next meeting of the Council.

The resolution of the commissioners and staff of the General Public Hospital asking for additions to the equipment was read and on motion of Councillor Schofield, referred to a committee to confer with the hospital authorities and present a report at either a special meeting or the May meeting of the Council. It was referred to the finance committee and the Warden with power to add.

No Authority.

A communication from the Bank of Nova Scotia calling attention to the fact that there was no authority by which the county could carry an overdraft, but offering to do so on resolution of the Council authorizing a small legislation could be procured, was read, and it was decided to prepare a bill for submission to the Legislature at its next session providing for the necessary authority and to refer the County Secretary and Treasurer to make an overdraft to carry on for the present.

Councillor Campbell moved that the Lancaster highway board be given power to issue bonds to the amount of \$5,000 for permanent sidewalks. This was defeated.

Parish Officers.

The appointments of the parish of Mirford were taken up and the following were elected:

Shimonds—Assessors, Leb Jordan, F. McLeod, Edward Doyle; collector, Martin Dolan; revisors, Councillors Mosher and Dalzell; clerk, D. G. Britz; district clerk, Joseph Poole.

Lancaster was taken up next and a heated discussion between Councillors Campbell and O'Brien took place, the former charging the other with concealing from the parish what he was doing and changing the list after it had been submitted to him.

The recommendation of assessors contained the names of W. O. Dunham, William McKinnon and Robert Catherwood. Coun. Campbell moved that the name of Amador Anderson be substituted for that of W. O. Dunham. A ballot was taken and Messrs. Dunham, Catherwood and McKinnon were elected.

The rest of the officers were elected without opposition as follows: Collector, J. H. Britney; Ingleton and Lancaster ferry commissioners, sewerage board, board of management, highway board, the three councilors, parish clerk, W. O. Dunham; district clerks, P. J. McMurray, W. L. Galbraith, W. Pink; fire wardens, W. A. Read, H. Walters, C. Dalton.

St. Martins Officers.

St. Martins officers are: Assessors, Allen Love, R. H. Brown, W. Sealey; collector, P. L. Howard; parish clerk, W. H. Moran; constables, R. Cross, M. S. Osborne, G. Morrison, K. Burchell, D. Barnett; fence viewers, W. Dalry, C. Lowe, C. Hoppy, A. Boyne; pound keepers, W. Dunlop, H. Hooper, E. Allaby; warden of hay, W. Oxborn; revisors, Councillors Bowland and Shattuck.

Messrs. Assessors, N. C. Belding, J. Kerriean, E. Thompson; collector, B. Wann; clerk, F. S. Clinch; district clerks, W. Jennings, C. Thompson; constable, J. Davidson.

On motion of Coun. Anderson the sum of \$25 in addition to the regular commission was ordered paid to the chairman of the Board of Assessors for Mirford.

On motion of Coun. O'Brien it was ordered that a letter of condolence be sent to the widow of the late auditor I. Olive Thomas.

On motion of Coun. O'Brien, a chair from the court house, formerly used in the city court, was ordered given to Judge Ritchie.

Coun. Campbell was elected to fill the vacancy on the Municipal Home Board caused by the death of J. M. Bryant.

Afternoon Session
The Municipal Council met yesterday afternoon at five o'clock to consider the report of the finance committee on its action on the financing of the hospital, with such changes as the taxes have been collected.

Councillor Schofield, chairman of the committee presented the following report which was unanimously adopted:

"Whereas it is necessary to obtain money to discharge the financial obligations of the Municipality of the City and County and to discharge the same it is necessary to borrow from the Bank by means of overdrafts, provided that an application be made to the Bank of Nova Scotia to permit overdraft by the Municipality of the City and County of Saint John to the amount of \$200,000.00 for the year 1921.

Common Council Was in Session

Wharf to Support North Wing of East Side Ferry Floats Under Discussion.

The City Council yesterday afternoon had under consideration the matter of a wharf to support the north wing of the East Side ferry floats and after some discussion of the plan submitted to the committee by the commissioner of harbors and ferries, with the city solicitor, to frame a resolution to be submitted this morning.

Committee of Whole.

The committee of whole report was adopted as follows:—
That the letter of the President of the New Brunswick Power Company, dated 16th January, 1921, be handed to the city solicitor and that he be requested to give his opinion in writing as to whether or not the New Brunswick Power Company is under any obligation by the Act of Legislature to put down a system of renewal rails on their tracks as shall meet the requirements of the common council; that the commissioner of water and sewerage be authorized to dispose of three horses, which have been on service in the department for a number of years, but which now are no longer required because of the use of motor cars; that the matter of damage to the ferry wharf and wharf on the western side of the harbor caused by the stranding of the S.S. "Sussex" on the 20th day of December last, be referred to the city solicitor to take whatever action he deems advisable; that this council put on record that in its opinion it is its duty to report as to the time when the wharf should be taken and on the conditions under which it be taken. Adopted.

A request for an increase of \$300 in grant given the Portland Free Public Library was received and laid on the table to be considered with other grants. At present they receive \$1,000.

Council then went into committee to hear ferry superintendent and city engineer in connection with the proposed wharf at the back of the north side of the east side ferry floats.

Commissioner Bullock reported that arrangements had been made to drive about one hundred piles to make good the damage done in the recent gales when a portion of the crib-work went out.

Proposed Wharf.

The city engineer presented a plan showing the site of the proposed wharf which would be 86 feet long and from 20 to 45 feet wide. An agreement had been arrived at whereby W. H. Thorne would allow the building, he to get the side and top wharf.

Commissioner Frink wanted to know if the city was going to build a wharf for Mr. Thorne just to detain a haul?

Commissioner Bullock said it was necessary to build this wharf, as a backing to the piling of the ferry slip.

Commissioner Frink suggested the use of Market Slip as ferry landing. Superintendent Warning said he believed if the west channel had been closed, the wharf would not have gone out, but it still would be necessary to have the crib backing. The piling which was being used for the work now going on would cost about \$1,800.

The city solicitor gave an opinion as to the powers of the city in the matter, and on the suggestion of Commissioner Bullock, the members of the council adjourned to visit the scene of the proposed wharf. The matter was left in the hands of the commissioner of harbors and ferries and the city solicitor to frame a resolution to a standing order of the Council the following:

"That the Secretary and Treasurer in no event pay out any institution or purpose for which an assessment has been ordered an amount in excess of the amount of taxes collected, or which may be to the credit of the institution or purpose named, except by express order and direction of the Committee of the Council on Finance and Accounts.

The report of the assistant auditor on the register office report and the report of the register of deeds for the county were both received and ordered filed.

Council then adjourned.

TORTURED BY TERRIBLE ECZEMA

Suffered Three Years Until She Tried DAME PETER LAMARRE

"I think it my duty to tell you how much your medicine has done for me. I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good. Then, I used one box of 'Sootha-Salva' and two boxes of 'Fruit-a-tives' and my hands are now clear. The pain is gone and there has been no return. I think it is a marvelous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used 'Sootha-Salva' and 'Fruit-a-tives'."

"Fruit-a-tives" cooled the blood and removed the cause of the disease, and 'Sootha-Salva' completed the cure."
DAME PETER LAMARRE (Mrs.) 50c. a box, 5 for \$3.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

MARRIED.

Fire Destroys Experimental Farm Building, Ottawa

Constitutes Serious Loss to Dominion in Connection With Research Work.

Ottawa, Jan. 19.—The destruction by fire last night of the flax building at the experimental farm constitutes a serious loss to the Dominion in connection with the research work which has been carried on, dealing with the process of manufacturing flax into fibre and linen and the tabulating of the different areas throughout Canada best suited for the growing of flax. In the building, which was erected four years ago, was stocked quantities of flax seeds, gathered from crops grown all over Canada, together with valuable machinery.

Commissioner Frink suggested the use of Market Slip as ferry landing. Superintendent Warning said he believed if the west channel had been closed, the wharf would not have gone out, but it still would be necessary to have the crib backing. The piling which was being used for the work now going on would cost about \$1,800.

VACCINATION TO BE COMPULSORY

Ottawa, Jan. 19.—Ottawa board of health passed a recommendation to the city council today asking that body to make vaccination compulsory in this city. This action was taken after Dr. T. A. Lomar, medical officer for health, presented statistics to show Ottawa was suffering from an epidemic of smallpox, and after Mayor Plant and Rev. H. J. Adlard had registered strenuous opposition. Dr. Lomar reported 717 cases since July 1st and 514 cases since November 1. There were 162 cases reported since January 1. There are 108 houses under quarantine in 44 of which 65 patients are being treated. There are 73 patients in Hopewell hospital.

Commissioner Frink referred to the matter of rails on Douglas avenue, and the city solicitor stated he would probably be able to present his opinion at today's meeting.

FRENCH GOVT DETERMINED TO ENFORCE CLAIMS

Will Resort to Violence if Necessary, to Compel Carry- ing Out Versailles Treaty.

Paris, Jan. 19.—The ministerial declaration in the Chamber of Deputies tomorrow will say that the government will strive to obtain execution of the Versailles treaty with recourse to violence, if the German government is not disposed to disarm and pay reparations.

The cabinet tonight put the finishing touches on the document. It will declare that the financial situation is entirely dominated, even conditioned by the chief problem of reparations due by Germany. While striving to realize a vast plan of economy and endeavoring to adapt expenditures to revenues, the Government will devote its efforts to obtaining from Germany the execution of the treaty without violence if the German government itself shows itself disposed to fulfill its obligations, both as regards disarmament and payment for the destruction caused by Germany.

Maintain Alliance

The declaration will add that the maintenance of alliances sealed on the battlefield are essential, both as regards Germany and to assure continuity of France's entire foreign policy, particularly in the east, where France will endeavor to maintain her acquired rights in conformity with secular tradition.

Enterprising Thief Makes Big Haul

Ottawa, Jan. 19.—Harry Brown, proprietor of the Imperial and Family Theatres, was robbed of something like \$700 in cash and a large amount not yet known in checks by an enterprising burglar, who broke into his office at the Imperial Theatre, on Bank Street, some time during Tuesday night and got away with the cash box. Fortunately he has recovered \$218, through the honesty of two school children aged 9 and 11 years, son and daughter of J. R. Charbonneau, 426 Queen Street, who found the cash box which the thief had discarded.

CARLETON COUNCIL HO ANNUAL

Bills and Accounts Com
and Ordered Paid
Act Again Heard.

Woodstock, N. B., Jan. 19.—The County Council was in session this morning and recommended the amount of such bill. The after-mentioned bill was adopted by a vote of 12 to 10.

John S. Leighton, Thomas G. and Robert Strain, directors of the Carleton County Agricultural Society, applied for the exhibition this year the amount of \$4,000.

Soldiers' Monument
V. S. Tarbox, of Clays, who had contracted to erect the monument here at a cost of \$10,000, said that when he made the contract with him, he had to pay \$1 an hour out of his pocket, and then would not be paid for the work, but the conditions had changed, and are now willing to work.

Dr. Wade, chairman of the Board for this district, explained the Health Act and asked for a resolution of \$2,500. After several lots were taken for sale, the following were selected: John G. Wicklow, and E. C. Morgan, Esq.

H. P. Carvell, chairman of the Farm Committee, reported that he had a Municipal Home which cost \$14,000. The report on the cost of erecting the home, which averaged 54 cents a parcel to pay for their own.

Tomorrow the council will meet to consider the report on the morning, and on the first of the Woodstock Driving Club to three o'clock, those councilors wish to do so will attend the race on Clays, and the council will resume business at three o'clock.

PILES Are Generally Caused by CONSTIPATION

There are few, if any, commoner than hemorrhoids, as they are commonly and correctly any which cause trouble, annoyance and misery. Ninety per cent. are troublesome at some time or other, following the bowels to become constipated.

Piles are caused under three things, i. e. itching, bleeding and straining, and the excruciating which accompany them cause which is beyond description.

Ointments and suppositories help and relieve for a while, get rid of them, it is necessary a free, easy and natural flow of the bowels, at least once or twice a day, and by doing this the cure can be quickly removed.

CARLETON CO. COUNCIL HOLDS ANNUAL MEET

Bills and Accounts Considered and Ordered Paid—Health Act Again Heard.

Woodstock, N. B., Jan. 19.—The County Council was in committee of the whole on bills and accounts this morning and recommended the payment of each bill. The afternoon was devoted almost entirely to hearing delegations. R. W. Mack, chairman, and R. W. Maxwell, director of the Woodstock Vocational Board, addressed the Council, asking that the Council and town each donate \$3,000 to further extend the work.

John S. Leighton, Thomas H. Nodden, and Robert Strain, addressed the Council on behalf of Carleton County Agricultural Society, asking for a grant for the exhibition this fall to the amount of \$4,000.

Soldiers' Monument

V. S. Tabor, of Clara, who is under contract to erect the Soldiers' monument here at a cost of \$5,700, said that when he made the contract with the town, conditions were normal and the Stonecutters Union repudiated the contract with him and went out on a strike. He had to pay and he is now paying \$1 an hour to stone cutters, and then would not turn out the volume of work. In the late fall conditions changed, and the men are now willing to work. The contract with the stone cutters runs at \$1 an hour until a year from next April, and he would do the job now for \$7,500 and endeavor to carry out his contract and would give them a monument that should cost \$10,000 or \$12,000.

Dr. Wade, chairman of the Health Board for this district, explained the Health Act and asked for an appropriation of \$2,500. After several ballots were taken for the consent to the following were selected: John S. Leighton, of Woodstock; C. A. Gibeon, of Wicklow; and E. C. Morgan, of Harland.

H. P. Carvell, chairman of the Poor Farm Committee, reported that they had a Municipal Home which cost about \$14,000. The report showed that the cost was about \$100 a day, the clothing averaged 45 cents a day, the parishes to pay for their own patients. Tomorrow the council is a body will visit the General Poor Farm in the morning, and on the invitation of the Woodstock Driving Club from two to three o'clock those councillors who wish to do so will attend the horse races at Onondaga Park in the afternoon to resume business at three o'clock.

Alienation Suit May Follow Shooting Case

Frederick Man, Freed of Manslaughter Charge, Lays Action Against Noble.

Frederick, N. B., Jan. 19.—Herbert L. Stevenson, a returned soldier and military mechanic, who yesterday afternoon was released from the charge of shooting with intent to murder Arthur Noble, a local lumberman, is said to be preparing to file civil action against Noble for alienation of his wife's affections.

Having virtually been found by the grand jury, who unanimously returned no bill in the case, to have had justification for shooting Noble, it is said that Stevenson will now seek damages, the amount to be asked being reported as from \$10,000 to \$50,000, for the alienation of his wife's affections, claiming that Noble has broken up his home.

Funeral of Late Mrs. A. R. Slipp

Large Assembly of Representatives of All Classes Pay Last Tribute of Respect.

Frederickton, N. B., Jan. 19.—The funeral of the late Mrs. A. R. Slipp took place this afternoon from her late residence on Church street, and was very largely attended, representatives of all classes and creeds assembling to show their last respects for the deceased lady, who was known and esteemed in this city by all. Services were held at the house by Rev. G. M. Young at 2.45 o'clock, and the members of the Methodist choir rendered two favorite hymns of the deceased, "Lead Kindly Light" and "Abide With Me."

In spite of the fact that no floral tributes had been requested a very large number of beautiful floral pieces from friends and relatives, marking the esteem held for the deceased by her numerous friends, were taken with the body to the Rural cemetery, where the interment was made. The pall-bearers were: A. R. Slipp, Donald Slipp, Alex. P. Thompson and Heburn Hawkins, and the mourners included both the pall-bearers and the following: Frank Currie, Judge Wilson, R. Fitzhugh, Judson Slipp, Leslie A. Slipp, Arthur L. Slipp, Leonard L. Slipp, J. M. Lemore, Dr. Doogan, Geo. L. Slipp, R. B. Hanson, K. O. J. J. Weddall, G. N. C. Hawkins, D. Wolts, W. D. Guter, J. J. Manufacturers Hold Informal Meeting

Invite C. M. A. to Meet in St. John for Convention—Questions Considered.

An informal meeting of local manufacturers was held yesterday to discuss conditions confronting them and formulate plans for the formation of a Manufacturers' Association of the Maritime Provinces. The meeting was attended by Mr. Thompson, secretary of the Maritime Branch of the Canadian Manufacturers' Association, who discussed with them the problems of the day.

Invitation to C. M. A.

One of the chief results of the day was the decision to extend an invitation to the C. M. A. to hold their annual convention next June in this city. The local are especially anxious to have the western manufacturers meet here under conditions in the east and become acquainted with the various facilities and learn its needs. There is reason to believe the invitation will be accepted and that means about 800 of the industrial leaders of Canada will be here.

To Help Unemployment

At yesterday's meeting there was a general discussion of the unemployment problem in this city. The whole problem was talked over and the manufacturers gave every evidence of a desire to do their utmost to relieve the situation by keeping up their output and cooperating in every way to keep their plants running on full time. The employers showed no disposition as a body to make any move towards reduction of wages. One of the two who are obliged to go out into the market seeking orders felt they were not inclined to make any move that would bring hardships to their employees.

The Workmen's Compensation Act was under consideration. It was shown that some employers had taken advantage of this act to "lay off" much longer than was necessary, when out because of injury, and it was felt the attention of the board should be called to this phase of "loafing on the job."

Legislation Plans

The programme for labor legislation, as proposed by the Labor Federation, was discussed and the legislation committee of the employers was instructed to make plans to meet it and protect the interests of the employers.

Wound inflicted by one of five bullets that were fired on the night of Nov. 18, 1917, in Penitenciarie while he was walking along a farm road with Mrs. Stevenson and her sister, Mrs. Brewster, Noble, turned a residence he had lately purchased in Fredericton over to his brother, closed his lumber operations on the head waters of the St. John River and led with his family for Palm Beach, Fla., where they now are.

Although under bonds of \$1,000 as a witness to appear at the trial this week, Noble failed to return but no action has been taken by the crown prosecutor in the matter of his bonds, said it is said forfeiture will not be asked.

In the meanwhile Stevenson and his wife have been definitely separated since he was arrested upon information given Sheriff Harbottle by his wife the morning after the shooting. With his children, Stevenson is living at his home on Argyle street and says that with the help of his oldest boy, who is a returned soldier, as housekeeper and cook, they are getting along all right. Mrs. Stevenson and other and another child are boarding elsewhere in town.

Quaker Minister Is Grateful to Tanlac

Rev. Parker Moon

Nearly everybody in Southwest Missouri either knows or has heard of the Rev. Parker Moon, who for a full half century has devoted his life and talents to Sunday school and organization work for the Society of Friends or Quakers.

"Uncle Parker," as he is more familiarly known, came from fine old rugged Quaker stock, and there is not a better known or more highly respected citizen in that part of the state. In referring to his remarkable restoration to health by Tanlac he said:

"About five years ago I suffered a general breakdown. My physical condition was nervous indigestion. My appetite was very poor and my food seldom agreed with me, and I had to live on a very restricted diet. I suffered a great deal from headaches and dizzy spells; I had severe pains across the small of my back, and was badly constipated most of the time. In fact, I was so weak and rundown I was not able to attend to my duties.

"This condition made me very nervous and I could not sleep at night. Frequently I would lie awake most of the night and in that condition more or less for five years. My physician said he could not do anything for me and suggested a change of climate. I then moved to Texas and

went back and forth three times but did not get the relief I had hoped for. Finally, I got so bad I was not able to get around with any degree of comfort. I was also told I had heart trouble.

"I had read about Tanlac and, as it had been very highly recommended to me, I decided to try it. I got a bottle and had taken only a few doses until I could notice a marked improvement in my condition. I noticed especially that I was not troubled anymore with sour stomach after eating, which was a great relief.

"I kept on taking Tanlac until I fully regained my health. My appetite is splendid; I enjoy my meals and I do not find it necessary now to take any laxative medicines of any kind. I can sleep much better and am not nearly so nervous.

"I take great pleasure in recommending Tanlac to anyone who needs a good system builder, or who suffers with stomach trouble. I have recommended Tanlac to a great many of my friends and am pleased to reach others by giving this statement for publication."

Tanlac is sold in St. John by Ross Drug Co., E. W. Munro and by R. D. Weimore, Perry's Point, N. B., under the personal direction of a special Tanlac representative—Adri.

York Grand Jury Presents "No Bill"

Doesn't Hold Man Accused of Theft of Carload of Pulp from Realty Company.

Fredericton, N. B., Jan. 19.—The grand jury in the case of the King on the information of E. S. Pettigrove vs. the Alexander King, of Queensbury, the Alexander King, charged with the theft of a carload of pulp wood from the Canadian Realty Company, brought in a verdict of "No Bill" yesterday afternoon, after being out for over two hours in all.

The case of the King on the information of W. H. Finley vs. Edward Burke and Charles O'Ree, charged with stabbing Arthur H. Estey on the night of October 19, was continued yesterday afternoon before Mr. Justice Barry. Chief of Police Finley was the last witness for the prosecution, and then the prisoners Burke and O'Ree were put upon their own defence. Both denied knowing the complainant in the case until they had seen him in the police court, and denied that they were near Christ Church Cathedral on the night of October 19.

Chief Finley recalled the incidents in connection with the case, which he had related at the preliminary hearing, but could not state positively that either of the accused were the men he had seen on that night while he was on his way home from the police station. They talked with the description of the two men as given him by Arthur H. Estey. At the conclusion of the evidence, the case was adjourned until this morning when more witnesses will be called to prove alibi for the accused.

"No Bill" Reported Against Owens

Charged With Manslaughter by Shooting Woodford Close While Hunting.

Fredericton, N. B., Jan. 19.—The grand jury at the York circuit court today in the case of Joseph Owens of Marysville, charged with manslaughter by shooting Woodford Close, of North Devon, while hunting at Kentville on Thanksgiving morning, October 18th, after being out for about an hour and a half brought in a verdict of "no bill" today. They recommended, however, that the legislature be asked to pass protective legislation for people travelling in the woods to prevent such accidents.

The grand jury then took up the consideration of the case of the King vs. Alexander King of Queensbury, charged with the theft of a carload of pulp wood from the Canadian Realty Company. This case was still before the grand jury at noon adjournment and is being continued this afternoon.

MOUNT ALLISON THE MECCA FOR METHODISTS

Pour Into Old School to Prepare for Drive for Half Million Dollars.

Continued from page 2.

Interrupted repeatedly by cheers Col. Black told of the progress of the college. It had property to the present worth one million dollars. It had 15,000 graduates scattered throughout the world. They were prominent in business and church circles. Money was the urgent need of the school. It had an endowment of \$366,000 and a net debt of \$88,000 at present. But professors must be paid higher salaries. Additional teachers are required. Two new chairs, history and economics are essential to meet the need in teachers alone \$30,000 was required annually. The college needs a library. It has 24,000 books of the finest type scattered in ten different places and so of little value to anyone. The ladies attending the university require a residence. This year sixty of them live in the Ford Hotel, which has been leased by the Board of Regents, but in two years this will be required by the owners and so a new home for women must be constructed. Within ten years an entirely new science building will be demanded by the increase in the number of students.

Ladies' College

Then Col. Black paid a wonderful tribute to the work of Mt. Allison Ladies' College and the Boys' Academy. It was wise telling of what had been promised that he was given his greatest cheer. One hundred and fifty thousand dollars in special contributions have been made while there are others of \$5,000 and small amounts ready to be put into any of the great fund at the thought of half a million. Col. Black in closing declared Mt. Allison had put more soldiers into the field than other schools of similar size in Canada.

Rev. J. W. McConneal, Halifax, the public agent of the campaign, declared that Mt. Allison was an investment and that contributions to it were of religious and national value. He predicted a big increase beyond the half million sought, even as McGill and other schools had gone over the top in their campaigns. By statistics he quoted he showed that the ministers and leaders of the church, came from the denominational schools and not from the state. The need today was Christian leadership and schools like Mt. Allison were doing their best to supply the need. It was the duty of the Maritime Methodists to help supply the world with its leaders.

Zone Organization

After the two addresses had been concluded, the six zone chairmen related their experiences in organizing. Each had his area well planned with his chairman and leaders and challenged his friends to a race for the top first. Rev. H. P. Robinson, of St. John, had a zone comprising 171 churches but in eighty per cent of these, the organization work was well under way or even complete. Every leader was an optimist and hinted at the three-quarter million dollar mark.

E. A. Stoll, head of the Philadelphia company that has the campaign in hand, spent half an hour in explaining the detail of the drive and in answering all questions put to him. Then the session broke up into zone conferences where the districts discussed their own particular troubles. The evening session was held in the Methodist church. The ladies entertained the visitors at tea at 6 o'clock and for an hour in a local theatre pictures were shown revealing the life and work of the school. Then the delegates were called to order in the church by Col. Black for the final meeting. The college orchestra supplied the music.

Dr. Graham's Address. Col. Black was in charge of the

evening session and in a few words introduced the Rev. Dr. Graham, of Toronto Social and Moral reform secretary of the Methodist church. Dr. Graham declared he believed in the movement to put Mount Allison institutions on a safe basis. I am becoming simpler in my faith and I believe that Jesus Christ is the one hope of this world. It had not been born most of us who think and achieve things could wish we had not been born. He cited Lloyd George as saying that the wounds of the world are bleeding, and simple words will not stop it. Henry Watson, the journalist, declared that the basis of society was Christ, and Him crucified. Christ is the only hope of this world. It is either the Jungle of the Garden of Eden, Chaos or Christ. The church, then, is the first thing in sight to put over the programme of the Christ. It requires a great machine to carry out his programme. You must have a great church to do great things. Parochial Methodism can do nothing. We must have a world position. God can use an ignorant man but He can do more with a trained one. Christ could use Paul, the trained man to a greater degree than He could Peter. Great movements are the biographies of mighty men. It is worth while to have places for Christian education then?

Referring to Mount Allison he showed how her students and graduates had done their bit so splendidly in the war. It was another reason why she should be assisted. He referred to the need of a library. Professors had never been overpaid. Their salaries were a joke. The proper teachers cannot be secured with salaries at their present rate. They are real king makers, but they are in need of more pay. Can we raise the half million. If we tackle it, it will be done. It is left alone nothing will be accomplished.

Many of the delegates left for home on the C. N. R. express leaving Sackville at 1.25 this morning, and after the evening session was concluded they were guests at the college until train time.

THE FREE PRIZES AND HOW THEY WILL BE AWARDED

The first five prizes below will be designated in the contest as Capital Prizes, and will be awarded to the five candidates who amass the highest vote scores during the contest, regardless of district.

FIRST CAPITAL PRIZE—\$2,960.00 7-Passenger Studebaker Touring Car. It will be given to the candidate who secures the greatest number of votes during the contest regardless of district.

SECOND CAPITAL PRIZE—\$1,455.00 5-Passenger Gray Dorr Touring Car. It will be given to the candidate who secures the second highest number of votes during the contest (regardless of district.)

THIRD CAPITAL PRIZE—5-Passenger Ford Touring Car. The capital prize Ford will be given to the candidate who secures the third highest number of votes during the contest (regardless of district.)

FOURTH CAPITAL PRIZE—Opportunity to become a movie star with the Universal Film Company of Universal City, California. Fare paid to studios at Universal City, California, tryout in the movies at \$25 per week during a four-week period, six months' contract (or possibly longer) if suited for the work; \$100 cash consolation prize if unsuited for the work. \$100 cash plus money also included with this prize. This prize will be given to the candidate, regardless of district, who secures the fourth highest number of votes by the end of the contest.

FIFTH CAPITAL PRIZE—Opportunity to become a movie star with the Universal Film Company. Fare paid to studios at Universal City, California, tryout in the movies at \$25 per week during a four-week period, six months' contract (or possibly longer) if suited for the work. \$100 cash consolation prize if unsuited. This prize will be given to the candidate, regardless of district, who secures the fifth highest number of votes by the end of the contest.

DISTRICT PRIZES

NOTE:—After the five capital prizes have been awarded, a certain number of prizes which will be designated as District Prizes will be allotted to each district equally, as follows:

FIRST DISTRICT PRIZE—To the candidate in each of the two districts who has the highest number of votes after the awarding of the five Capital Prizes, we will give \$150 Cabinet Phonograph and other prizes to be announced later.

NOTE:—In event of the candidates who win the Movie Star Opportunity prizes are not in a position to take advantage of the openings to become movie stars, The Standard will give them a cash prize in lieu of the movie star prize, the sum of cash to be the amount these prizes are costing The Standard.

In addition to the prizes mentioned above there will be a number of other prizes consisting of Cabinets of Silver, Phonographs, Furniture, Suites, etc. Arrangements are being made for the purchase of the complete prize list, at the present time, and details will be published shortly. The above partial list, however, is proof conclusive that the assortment offered by The Standard will be far above the average list of free prizes offered in Circulation Campaign competitions.

A TIP ON HOW TO WIN

First—You enter the competition by sending in an entry blank properly filled out. The entry blank is good for 10,000 votes, and only one Entry Coupon will be accepted for any one candidate. Then enlist the aid of your friends and neighbors. Use your telephone. Let everybody know that you are a candidate before they promise their help to a more enterprising competitor. Be ambitious and determined to win from the start. If you have friends you cannot see at once, write them. It will take votes to win the free prizes—secure the votes. They can be obtained by clipping them from editions of The Standard or by securing subscriptions to The Standard (either the Morning or Semi-Weekly).

You can get votes and subscriptions anywhere.

Votes will be given on new subscriptions to The Standard and on renewals of old subscriptions that are paid in advance, also on payment of arrearages.

3RD CAPITAL PRIZE

Third Capital prize in the big prize competition will be a five-passenger Ford Touring Car, latest model, fully equipped with all the latest factory equipment. This handsome prize will be given to the contestant who has secured the highest number of votes by midnight on the closing night of the contest.

The Ford was purchased from and is on exhibition at The Universal Car Co., Dealers in Ford cars and Ford parts, 85 Prince William St.

The automobiles which will be given away in connection with The Standard's big \$15,000 Prize Contest will not be driven around the country or city by members of the Contest Department or any other persons. We are giving away NEW cars in this contest—not second-hand machines.

2ND CAPITAL PRIZE

The contestant who has the 2nd highest number of votes by midnight, on the closing night of the contest, will be given this elegant 5-passenger \$1,455 Gray Dorr Touring Car. The Gray Dorr which will be given away is the very latest model, and fully equipped with the regular factory equipment.

See The Standard's magnificent 2nd prize on exhibition at the Gray Dorr Agency (Wm. Pirie, Son & Co., 45 Sydney St.), from which firm it was purchased.

The automobiles which will be given away in connection with The Standard's big \$15,000 Prize Contest will not be driven around the country or city by members of the Contest Department or any other persons. We are giving away NEW cars in this contest—not second-hand machines.

Information, Rules and Conditions of The Standard's Big Prize Contest

Everyone who is of good character, whether married or unmarried, old or young, is eligible to compete in this Prize Contest. This means men, women and children are acceptable as candidates. Candidates may nominate themselves. Nominations must be accompanied by the proper address of the candidate.

No employee of The Standard or members of an employee's family can enter or compete for any of the prizes.

The Standard reserves the right to reject any nominations.

Nominations may be made at any time during the Contest.

Votes coupons good for 50 votes will be published in The Standard which, when neatly cut out, name filled in and brought or mailed to the Prize Contest Department of The Standard, will count for the amount thereon.

All votes issued on subscriptions are good until the end of the Contest, and will be polled at the discretion of the candidate, subscriber or the Contest Department of The Standard.

Candidates who seek to lessen competition by discouraging other competitors, or whose friends endeavor to lessen competition by the same method, will be disqualified and dropped from the Contest.

Votes are not transferable except under the following circumstances: If a candidate wishes to withdraw from the Contest, he or she may change her votes to a substitute, but said substitute must be a new candidate who has not been before accepted in the Contest.

A committee of well-known business men will be selected by The Standard to count the votes and decide upon the prize-winners.

The Judges' Final Count of votes will be made in public, and all candidates and their friends may witness it.

All Contest records will be open to the inspection of the candidates the day following the Judges' Final Count of votes.

Cash must accompany all subscriptions where votes are to be issued.

Candidates can secure subscriptions anywhere.

The list of candidates and the number of votes polled will be published throughout the entire period of the Contest.

Active voting begins Saturday, January 22nd, but candidates may start subscription getting at once.

There will be ten working weeks of the Contest.

The Standard reserves the right to add more prizes or to give extra prizes.

The Standard reserves the right to encourage the candidates in every way possible.

The Standard reserves the right to give extra votes, and to alter the vote schedules, but it guarantees the candidates that all subscriptions turned in from the beginning of the Contest will receive the benefits of any alteration in the vote schedule, if same are altered, or of any extra votes if another than those mentioned in this ad. are given.

We wish to make it perfectly clear that the carrier boys or newsdealers are in no way affected by this Contest. They receive their commission the same as usual, even though their subscribers pay candidates.

In case of a tie, the prize will be equally divided among those polling a tie vote.

The Standard guarantees fair treatment to all contestants and should any question arise a decision of the management will be considered final and absolute.

No statement or promise made by any solicitor or agent varying from the rules or statements published in The Standard will be recognized by The Standard.

Candidates influencing or attempting to influence any of the judges shall forfeit all rights to either a prize or commission.

A candidate is not required to be a regular subscriber or agent of The Standard to enter the competition.

The Standard reserves the right to alter the rules and regulations or any of the offers; everything in fact, except a reduction of the prize list.

Persons who enter and take part in this Prize Contest, therefore, bind themselves to abide by the foregoing rules.

Rickard Denies Big Bout Is Off

Promoter Says Principals Have Posted Deposits and Fight is Staged July 2.

New York, Jan. 19.—Tex Rickard, one of the promoters of the heavy-weight championship bout between Jack Dempsey and Georges Carpentier, denied this morning that the bout had been called off, as announced by the New York Times.

Under the terms of the contract the principals agreed to deposit \$100,000, while the managers of the fight agreed to deposit \$50,000 each not later than November 30 last.

The contract has been lived up to by everyone, said Rickard, "there has been no change in plans and the whole suggestion is a dream."

Paris, Jan. 19.—Georges Carpentier's forfeit as a guarantee for the contract signed with Jack Dempsey, for a bout to decide the heavy-weight championship of the world, is being held by the Morgan Guaranty Bank of this city.

San Francisco, Jan. 19.—Forfeits of both Jack Dempsey and Georges Carpentier for \$50,000 have been posted to insure their meeting for the heavy-weight boxing championship of the world according to Jack Kearns, manager of Dempsey, denying reports from New York last night that the fight had been cancelled because the principals had failed to post their forfeit money.

Commenting on the case, The Gleaner says:—Just how the A. A. U. of C. will explain their decision in the McLean case when compared with that of a bunch of misanthropic "pans" in both St. John and Nova Scotia is at least most interesting reading.

In an interview given Harry Smith, sporting editor of the San Francisco Chronicle, and published to day, he says: "It is an absolutely falsehood."

Keams is quoted as saying: "The positive deposits have been made and in the hands of Robert Edgren, who was named as the man with full power to act. My money was posted three days after the Carpentier coin was put in the bank, and I have my receipt in my New York office."

Keams positively denied the New York reports that the fight has been called off.

It is quite true. Many things are tending that way. At one time Kearns, Dempsey's manager, would not even listen to the suggestion that the battle might take place outside the States, and he insisted upon a very rigid clause being inserted in the articles of agreement to that effect.

When I proposed, and made the match originally, I had no idea that it should take place anywhere else than in London. The capital of the Empire is the best sporting city in the world, and any boxer who appears in it is absolutely certain not only of favor treatment, if he be of the right sort, of war-hearted treatment as well.

Chatham Player For Montreal

"Shorty" Veno Now Among "Insurgents" is to Report to Canadiens January 25.

Fredericton, N. B., Jan. 19.—"Shorty" Veno, until recently star defence player of the Chatham hockey club and now among the "insurgents" who quit the 1920 champions of the New Brunswick Hockey League, is soon to join the Canadiens, Montreal's club in the National Hockey League.

Frank Brown, of Montreal, who arrived here this morning to referee the games which Chatham will play against Marysville and Fredericton last night and tomorrow night, said that he had recommended Veno to Manager Geo. Kennedy of the Canadiens and that the erstwhile Chatham star was now playing in the Eastern League.

When the Chatham club arrived here at noon the report was confirmed and it was said that January 25th was the date for Veno to report to Montreal.

Chatham uncorked a wonderful scoring frolic in the second period, when they slugged five shots past Fooney, the new Marysville goal tender, and that second period told the story of the whole game. Spratt was the star of the Chatham team, he started their rushes and was the pivotal point about which Chatham's whole play revolved.

Circuit Meeting Is Postponed

New Brunswick and Northern Maine Horsemen and Track Owners Meet Next Week.

Fredericton, N. B., Jan. 19.—The meeting for the formation of the new racing circuit composed of tracks in New Brunswick and Northern Maine, which was originally called for tomorrow at Woodstock has been postponed until next Tuesday, January 26th, when the delegates will meet at Houlton, Maine.

The Fredericton Park Association received notification of the change last evening.

Edinburgh, Scotland, Jan. 19.—The Canadian curlers today defeated the Scottish curling team that toured Canada in 1912, by 104 to 66. Individual scores were:

W. H. Semple, Truro, N. S., 18.
D. Forsyth, Forest, Manitoba, 23.
Wang, Manitoba, 8.
H. J. Airth, Renfrew, Ont., 17.
Dr. S. T. White, Shelburne, Ont., 17.
J. A. MacLellan, Stratford, Ont., 16.
Lois, rinks were skipped by Messrs. Wang and Airth.

The Canadians also defeated the Scottish team in a second game in 1913 by 58 to 34. The scores were: P. Bruce Stewart, Heather Club, Montreal, 28.
W. F. Payne, Strathcona Club, Winnipeg, Man., 14.
P. H. Douglas, Thistle Club, Hamilton, Ont., 6.

Good Sport At Y. M. C. A. Gym

Volleyball, Basketball and Vaulting Contribute to Enjoyable Evening.

The German street Baptist basketball team took the Intermediate section of the City Basketball League into camp when they defeated the Y. M. C. A. Business Boys by a score of 25 to 7 in the latter's gym last night.

They were followed onto the floor by the Old 'Uns and Young 'Uns, otherwise known as a picked team from the Y. M. C. A. Business Men's Class and the High School basketball team. The Old 'Uns retired from the floor in jubilation after defeating the Young 'Uns in three consecutive games by scores of 15-8; 16-7; and 15-8.

Senior Game
The Senior game was the last of the evening and ended in a victory for the Trojans who scored 44 points to the Y. M. C. A. Senior's 17.

Prior to the Senior game the Junior Leaders Corps gave a clever exhibition of horse vaulting under the direction of their physical instructor, W. Bowie.

The Intermediate game was one-sided. The first half ended 10 to 1 in favor of the German Street boys. Field scoring 3 goals and Dykeman 1. The former also converted two fouls. Codner scored on a foul for the Business Boys.

In the second period Dykeman and Field scored three, times each and Fritz found the basket for one more. Only one foul was converted in this period, and by Field.

Gregory tallied for two goals, and Codner for one for their team. Frank Thorpe refereed.

The line-up of the two basketball teams follows:
Trojans Y. M. C. A.
Shaw Forward Driscoll
Urquhart Forward McGourty
Centre
Malcolm Defence Miller
MacGowan Defence Murphy
Kerr Spars Lennox
Cross Spars

Volley Ball
The volleyball game proved a novelty to many who had never before witnessed the game and it was followed by the spectators with close attention. Despite much rooting the Young 'Uns went down to defeat. The line-ups:
Old 'Uns Young 'Uns
B. L. Gerow G. Wilson
E. C. Rice J. Wilson
F. W. Westwood Starnes
J. Henderson Rookwell
A. Cocks Lee
C. Day Potter

Senior Game
The Senior game was loosely played, neither team playing up to their usual form. The Y. M. C. A. continued to be hampered by an ever changing line-up. The first half ended 28 to 4 in favor of the Trojans.

During the second period Miller of the Y. M. C. A. was held out by being hit on an old strap-pendulum in the knee and was forced to retire from the game. The teams continued the match, four men a side, the game ending 44 to 17. Urquhart started for his team scoring 30 points of the total score. McGourty tallied 13 of the Y. M. C. A. points and showed good form both in getting the ball through and in finding the basket.

LUDY A WINNER.
Sydney, Australia, Jan. 19.—Ludy Lane, of St. Francis, today won the quarter mile swimming championship of New South Wales.

Antigonish, N. S., Jan. 19.—North Sydney curlers defeated New Glasgow curlers in the final match of the St. John's Shield here tonight by 41 to 35, and will take the trophy home. The skips and scores:
North Sydney—B. R. Rice, 9; T. P. Moffat, 11; C. W. Moffat, 21.
New Glasgow—R. McGregor, 13; W. Jackson, 12; A. McCall, 9.

In the morning New Glasgow defeated Antigonish 40 to 36 and in the afternoon North Sydney defeated St. John's, 52 to 33.

Montreal May Get Big Fight

Tex Rickard Expects to Stage Carpentier-Dempsey Battle in Canada.

New York, Jan. 19.—"The Dempsey-Carpentier match has not been called off and will be held either in England or Canada on July 2," Promoter Tex Rickard is quoted as saying in an interview with the Evening Sun. "Canada has made several very attractive offers and we expect to stage the mill there, probably in Montreal," Rickard added, according to the Sun.

Not for Toronto
Toronto, Jan. 19.—"Not only would we not abrogate our rules but my belief is that a permit would not be granted by the commission for a fight between Carpentier and Dempsey, even if it were limited to ten rounds," declared Mr. J. P. Fitzgerald, secretary of the Ontario Athletic Commission, today. "We are not running the State, and in fact of that opposition, there's not a chance on earth of a permit being granted for the Dempsey-Carpentier battle."

St. Patricks Won From Canadiens
Toronto, Jan. 19.—St. Patrick's, playing by far their best game of the season, soundly trounced the fast skating Canadiens here tonight in a National pro league game, 7 to 2.

There was no doubt as to which was the better team. Time after time the Toronto forwards outplayed the Montreal defence and paraded in on top goals. Wilson Dye and Noble combined their play all through the game and this the victory is due. The Toronto entry and system and their checking and it smothered that mean breaking Canadian forward line.

Another factor in the victory was the tightening up of the local defence. Randall was back beside Cameron and they were air tight in their work. Forbes was in sensational form and flipped out shots many times with two men in on top of him.

Upper Canadian Hockey Games
Breaks Against the Hamilton Tigers and Ottawa Won by Score of 4 to 3.

Ottawa, Jan. 19.—The breaks of the game were against the Hamilton Tigers, and the world's champion Ottawa defeated them here tonight after one of the fastest, cleanest and best hockey matches seen on local ice this year. The score, when Frank Nighbor had shot one past Lockhart after seven minutes' overtime had been played stood four to three for the local team.

The Tigers were some time getting their "hockey legs" and before they had settled down Ottawa had secured a two goal lead via Nighbor and Boucher. After that first few minutes however, the visitors played beautiful hockey and only hard luck was responsible for their downfall. Led by MacDonald, who heretofore has been a sub, their attack was always dangerous, and were it not for the sterling exhibition displayed by Boucher, the Ottawa goal tender, the result might have been defeated.

Canadian Jockey Died From Injuries
New Orleans, Jan. 19.—"Buster" Mitchell, an 18-year-old Canadian jockey, died tonight from injuries he had sustained a few hours earlier when thrown from his horse in a race at the Fair grounds. He received a fractured skull and never recovered consciousness.

MESSEURS. FOSTER AND VENIOT.

The rift in the Foster-Veniot Government is beginning to widen, and discordant noises are therefore being heard. Whether the rift can be patched up or not sufficiently to restore harmony is a question that only time can show.

Some months ago, Mr. Veniot openly stated that the Premier could have his resignation at any time he cared to ask for it, and he would then find out how far he could go alone. The latest reports of Mr. Veniot's sayings and doings rather indicate that if the Premier has any self-respect left, it will not be very long before he will have to ask for that resignation. So little respect and regard does Mr. Veniot appear to hold for his (nominal) leader, that he does not even trouble to choose his language when talking to the latter over the telephone, regardless as to who may happen to overhear him.

The Premier was not able to be present at the meeting of the Government which took place a fortnight ago, so that the meeting held last night would be the first occasion on which the two leaders have met since their memorable conversation over the telephone, when, after some rather lively exchanges, it is reported, Mr. Veniot, having in mind no doubt the current temperature, indicated in very precise terms another locality where, according to popular conception, the temperature never approaches the zero mark, and intimated very definitely to the Premier that he might go there right away. It is therefore readily conceivable that the relations between the two leaders are not likely to be overly cordial just at present.

It is a source of wonderment to many how these two gentlemen have managed to pull together as long as they have done. They are both of them self-willed and masterful, and between two dispositions of such a nature, sooner or later a clash must come. Premier Foster would no doubt be glad to be rid of his arrogant colleague, if he could do without his support and that of his party, which now numbers six if the members for Madawaska are included. In view however of the fact that Mr. Michael is now also a member of the Government, he might be inclined to shake off the Veniot shackles, taking his colleague with him. At any rate a breach between the Premier and Mr. Veniot appears to be imminent, or should be, unless the former has lost all self-respect.

LEGISLATION BY O-IN-C.

The Westmorland County Council is raising a vigorous protest against what it calls the unwarranted raising of the salary of the Registrar of Deeds for that county from \$2,600 to \$4,000 a year, and well it may. By an Act of Assembly passed last session, the salary was fixed at \$2,600, and there is nothing in the face of things to show that in the short time that has elapsed since that date any particular circumstances have arisen which justify so large an increase. When Mr. A. D. Richard, the late Registrar, died three years ago, Mr. C. M. Logan immediately put in a claim for the position, and he continued to press this claim in season and out of season until he got the appointment three months or so ago, about the time of the general election. He knew that the salary was \$2,600 and was content to take the job at that figure. Why should he, after three months' occupancy, get a raise of \$1,400? The County Council may well want some explanation. The ways of the Foster Government however always were peculiar.

The Act of last session definitely fixed the salaries of the Registrars of the several counties, but a subsequent section gives the Lieutenant-Governor-in-Council authority to increase or decrease these salaries according as the amount received in fees by the office goes up or down. In other words, a definite enactment passed by the Legislature may be varied at any time at the will of the Executive Council. On the face of things it would seem that the work of the Legislature is so much effort thrown away, if so irresponsible a body as the Executive Council can set it aside at any time.

We are perfectly well aware that this particular Act is not by any means the only one that can be varied by Order-in-Council, but the practice is a most vicious one, and should not be extended. If it is to be recognized at all, why not make it general, and have an Act somewhat along these lines:

"Whereas it is expedient to save the expense of maintaining a Legislative Assembly in this province, having

MEN AND BUSINESS
 (By Richard Spillane)

Dr. Hobart A. Hara, professor of Therapeutics at Jefferson Medical College, is all wrong in what he says about after-dinner speakers suffering from acute indigestion. It's the person who listens to the average after-dinner orator who gets a pain in his umbilicus.

Dr. Hara says post-prandial speakers sometimes fall dead. He attributes this to the fact that the human machine is strained so delicately that a person normally can do only one thing at a time. His suggestion apparently is that the speakers are under a terrific strain in endeavoring to talk and think at the same time.

That's where the good doctor blunders. After-dinner speakers do not think. It is not expected of them. Their function is talk. No reasonable person expects anything else of them.

If public speaking is a strain on the heart, the stomach and the brain and causes a high blood pressure, how can Dr. Hara explain the performance of the distinguished Mr. Allan, senator from Nebraska or some such western state, who talked for four hours in the United States Senate and who stopped only when supplicated by his suffering and exhausted fellow senators?

The British have recognized that public speaking is a specific remedy for indigestion. Long ago they announced that any person could go out into Trafalgar Square and talk until he got well of whatever it was that ailed him. Every day, weather permitting, there is a procession of dyspeptics to that square. They get up and talk and talk.

There has been some appreciation in this country, too, of this cure. When dyspeptic persons bother us too much with their plaints against anything and everything we no infrequently suggest that they "go hire a hall." Many a man who thinks he should make the world on his shoulders merely has a little gas on his chest.

WHAT OTHERS SAY

A Geography Lesson.
 The New York reporters who thought they were going to the land of the Eskimos, and found Cochrane a fair sample of a modern community, have been getting a practical lesson in geography.—Toronto, Mail and Empire.

The Top Price.
 President Wilson has refused an offer of \$100,000 for a single magazine article from his pen—the length and subject being matters left entirely to his decision. It seems that the President's literary work has in no way been impaired, and he jumps at once to the top of the column. That is the high-water mark. Mr. Wilson declines the proposal, however, and will do his literary work in his own time and way. He is frank about it. He says that no article from his pen could possibly be worth that sum. Some of our modern writers have not been so conscientious. As a historian President Wilson can earn remuneration that might even make a movie queen feel poor.—Los Angeles Times.

The Corner Turned.
 On October 14 we suggested that retail and wholesale prices might meet at a level of 175 per cent. above the pre-war level. It begins to look as if that was just about what they had done. If house rents were at their economic level the cost of living would now be just as much above the 1914 level as are wholesale prices, and it is very reasonable to suppose that future changes in the two will correspond much more closely than they have hitherto done. But the general impression in the business world is that wholesale prices, although there may be temporary upward movements, are going to fall further, if they do there is much more probability than there has been of their bringing the cost of living down to the level where it does look as if the corner had been turned at last.

A BIT OF VERSE

EAT A PRUNE.
 By L. F. Spitzbart.

If you're as blue as indigo, and find it hard to smile,
 If you think that life is empty, and to live is not worth while,
 If consolation makes you worse,
 And you crave to ride in a hearse,
 Bear in mind this little verse, and
 Eat a Prune.

If your house is not insured, and it burns down to the ground,
 If you lose a billion dollars where it never can be found,
 If you're beat up by your wife
 And your joys all turn to strife—
 Take a brand new lease on life
 Eat a Prune.

If you love a lady madly, and someone beat your time,
 If you buy stock at a quarter, and it drops down to a dime,
 If you're so hot and dry,
 That you think you're going to die—
 You can live on if you try,
 Eat a Prune.

For a prune will knock a burn; it will stop your falling hair,
 It's the milestone to happiness on the road from grief and care,
 It is wholesome, it is cheap,
 It won't perish, but will keep,
 It will work, too, while you sleep—
 Eat a Prune.

THE LAUGH LINE

THE LAUGH LINE.—"Gee—soon it'll be cheaper to buy winter clothing than to go south for the season."—New York Evening Post.

Proof.
 A quack doctor was advertising some medicine on a street corner. Doctor—"I have sold these pills for 25 years and never heard a complaint."

Benny's Note Book
 BY LEE PAPE

There was a fierce wind this afternoon and us fellows was running around the street chasing paper blowing around and having more fun than little, and all of a sudden a man hat come rolling up he street without any man, and Puds Simkins cawt it, and we locked all around for a man without a hat without seeing any, and then Puds left the hat go'gen and we had a contest to see wick one could catch it, and we did that about 5 more times till we was all tired out, me saying, Gosh, I bet this hat would make a good seat.

And I put it on the curbston and sat down on it, feeling pritty comfortable, and jest then Puds Simkins sed, Holy smokes there he is now.

Meaning a man down at the corner without a hat and on looking all around as if he was hunting for one to put on, and he saw us fellows and came up, saying, Did you boys see a hat blow past?

No sir, sed us fellows, Wich we didnt, on account of us having stopped it before it had time to blow past, and the man sed, Its micky peculiar, micky peculiar, it popped rite off my hed around the corner and I have no ideeer wick way it went.

Being a man with a red face looking as if he could get aw- fill mad if he had to, Me thinking, Jimminy crickets I hope he dont ask me to get up for any reason.

Wat kind of a hat was it, mister? I sed, Its made of stiff felt and its shaped in a sort of a round shape, sed the man. Proving that was the hat I was setting on all rite, on the shape felt different by that time, and the man sed, Its no day to be without a hat, arent you afraid youll catch cold sitting there?

Meaning me, nad I quick sed, No sir, no sir, Not saying why not, and the man sed, Well I'll look up the street a little ways and then if I dont find it Ill come back and get another one in the nearest hat store.

And he kepp on going, and I quick laid the hat in the middle of the street looking intirely different, and us fellows yelled, Hay mister, hay mister, and then ran like the dickins.

What does that prove? Voice from the crowd: "That dead men tell no tales."

Was Fastened Tight. Doctor (to Edgar, aged 4)—"Put your tongue out, please." Little Edgar protruded the tip of his tongue. Doctor—"No, no, put it right out." Little Edgar—"I can't, doctor; it's fastened to me."

"Nice children you have. Which is this?" "The fifth." "He seems to be the healthiest-looking of the lot." "Yes, by the time he came along his mother had run out of theories."—Boston Transcript.

BOYS-WANT PAY FOR ATTENDING THEIR SCHOOLS

Youthful Bolsheviks of Berlin Present an Ultimatum.

FREE SELECTION OF THE INSTRUCTORS

Demand Freedom from Home Study or They Will Go on Strike.

By S. B. CONGER.

(Copyright, 1921, by Public Ledger.)

Berlin, Jan. 19.—No home study for the schoolboys of Germany, free selection of their teachers and studies, and wages for the time spent in school are among the attractive issues presented by the communist youth league, which is pushing a movement for a general school strike in defense of the sacred rights of student youth. The program shows that Tom Sawyer and Peck's Bad Boy missed, lacking the inspiration of the communist movement. It is not taken as might be supposed, from a humorous paper but expressed in all seriousness in the columns of the Young Guard, the central organ of the communist youth of Germany, the exordium of the manifesto to grown-up communists respecting the second anniversary of the murder of Karl Liebknecht and Rosa Luxemburg. It may be summarized roughly as follows: "Comrades the reaction has wrested or filched from us all of the conquests wrung from the conservative school tyranny by the strong columns of youths in the school strikes, which everywhere marked the first half of 1919.

The reaction's activities are far more brutal than before. Where now are our scholars' soviet? Gone entirely or reduced to mere collectors of waste-paper and dusters of desks. Countless are the schools where keeping in after school again is a matter of course; many more where our comrades are actually whipped.

Great Difficulty Met.

The political indifference of boys and their aversion to remaining in school a minute longer than necessary or to hearing a word of school in outside hours, it is pointed out, is the great difficulty in reviving the agitation for reclaiming their lost privileges.

The youthful radicals have found it impossible to obtain an audience at any meeting held after school hours. In connection with the visit of the Ambassador, which it is reported was undertaken in a hasty summons from the Prime Minister, there is no question of possible controversy between the two countries. This contingency was left unmentioned by the American correspondents of the English newspapers to explain the visit. It is alleged by one correspondent that Canada is showing independence, claiming greater freedom from the jurisdiction of the Privy Council and a separate legislation at Washington.

The same correspondent reiterates that American statesmanship is seeking approach to the dominions on the Pacific question. In this connection it is suggested in some quarters in London that the Prime Minister may be anxious to consult Sir Auckland Geddes, Lord of the Admiralty, who is changing hands, following Lord Milner's resignation.

The postponement of the Chalmers mission is not gratifying to the British. There had been protests against any hasty settlement of the debt question, which were fortified by rumors reaching London in the month of December. Term obligations was to have been on a basis of 5 1/2 per cent. interest. This was a great disappointment, as it had been expected that the interest would not exceed 5 per cent. The tendency of exchange is upward and it is hoped that delay may make for a settlement on easier terms.

Painful Neuralgia

Torturing Sciatica

Both Come from the Same Cause—Thin, Watery Blood.

Most people think of neuralgia as a pain in the head or face, but neuralgia may affect any nerve in the body. Different names are given to it when it affects certain nerves. Thus neuralgia of the sciatic nerve is called sciatica, but the character of the pain and the nature of the disease are the same. The pain in neuralgia is caused by starved nerves. The blood, which carries nourishment to the nerves has become thin and impure and no longer does so, and the pain you feel is the cry of the nerves for their natural food. You may ease the pains of neuralgia with hot applications, but real relief from the trouble comes by enriching and purifying the blood. For this purpose Dr. Williams' Pink Pills are strongly recommended. These pills make new, rich blood and thus act as a most effective nerve tonic. If you are suffering from this most dreaded of troubles, or any form of nerve trouble, give these pills a fair trial, and note the ease and comfort that follows their use.

You can get Dr. Williams' Pink Pills from any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Prosecuting Case Against Farrows

Condition of London Bank. Forcing Closing of Doors, Known by New Yorkers.

London, Jan. 19.—Discovery of the condition of Farrows Bank, which suspended payment on December 29 last, was due to the New York city firm of Norton, Read and Company, which had entered into an agreement to take control of Farrows Bank, according to a statement by the Government attorney in opening the prosecution today against Thos. Farrows, founder of the bank, and others on the charge of falsifying the balance sheets of the institution. The attorney stated that Norton, Read and Company had agreed to pay £500,000 for control of the bank. Of this amount £100,000 was to go to Farrows and the other partners made directors. In auditing the accounts of Farrows' bank the government attorney said, Mr. Read discovered the bank was insolvent and thereupon recovered the securities he had deposited as a guarantee of payment of the amount demanded for purchase of the controlling interest in the institution.

WAR DEBT SEEN IN GEDDES' CALL

Naval Disarmament and U. S.-Canadian Relations Are Also Advanced.

London, Jan. 19.—Government officials are displaying unusual reticence concerning both the visit home of Sir Auckland Geddes, the British Ambassador at Washington, and Lord Chalmers' mission to the United States, which has been postponed. The coincidence of the Ambassador's return with this postponement points to the likelihood that the question of the Anglo-American debt will be the chief subject of his conferences with the Government.

In connection with the visit of the Ambassador, which it is reported was undertaken in a hasty summons from the Prime Minister, there is no question of possible controversy between the two countries. This contingency was left unmentioned by the American correspondents of the English newspapers to explain the visit. WEDDINGS.

Logan-Urquhart

A quiet wedding took place at the Parsonage on Tuesday evening, Jan. 15 when Rev. H. B. Clarke united in marriage Nellie Annabel, daughter of Mr. and Mrs. Carey Urquhart of Kings Co. Co. to Malcolm S. Logan of this city. They were unattended. Mr. and Mrs. Logan will reside at 79 Kennedy street.

Dean-Sherwood

A pretty wedding took place on Tuesday evening, Jan. 18 at the home of the bride's son and daughter, 328 Rockland Road, when Rev. G. H. Hudson united in marriage Mrs. M. A. Sherwood of Andover and Chester W. Dean of Robertson's Point, Queen's Co., N. B., in the presence of immediate friends and relatives. The bride and groom were unattended. Mr. and Mrs. Dean will spend a few weeks in Andover after which they will reside at Robertson's Point.

Johnston-Covey

E. C. D. Johnston and Miss Nora Eileen Covey, Fredericton, were married yesterday morning at 8:30 o'clock, with Nuptial Mass, at St. Peter's Church, by Rev. George Coffyn C. S. S. R. J. O'Brien and Mary Louise O'Brien were witnesses.

Kennedy-Quinlan

In the Cathedral at nine o'clock yesterday morning, Miss Constance H. daughter of Jeremiah Quinlan, 29 Elliott Row and Dr. W. Joseph Kennedy, son of Mr. and Mrs. Joseph Kennedy, of Lawrence, Mass., were united in marriage by Rev. William M. Duke, who celebrated Nuptial Mass. Miss Kathleen Doherty was bridesmaid. Charles Burke was groomsmen. After the ceremony a dainty wedding breakfast was served at the home of the bride's father to the immediate relatives. The happy couple left today on a wedding trip to Montreal. They will reside in Boston where Dr. Kennedy is a practicing dentist.

Brown-Blair

In the Mission Church of St. John Baptist, Paradise Row, at 3 o'clock yesterday afternoon, Miss Dorothy Forbes Campbell, daughter of Mr. and Mrs. E. E. Blair, 56 Dorchester street, and Albert E. Brown, son of David J. Brown, 151 Canterbury street, were united in marriage by Rev. J. V. Young. The bride entered the church on the arm of her father, who gave her away. She was attended by Miss Margaret Lee. The groom was supported by Robert A. Macaulay. During the ceremony a full choir rendered The Voice that Breathed O'er Eden, and Oh Perfect Love.

Ask Reserve Case For Newman Clark

Sentenced to be Hanged for Murder — Motion Heard Before Judge Chandler.

Motion for a reserve case for Newman Clark, under sentence to be hanged on the 1st of March, after being found guilty of the murder of Phoebe Bell, of Grand Falls, was made by Hon. W. P. Jones, K. C., before Judge Chandler yesterday.

Mr. Jones said that the trial judge charged the jury that where the prisoner sets up the defense of insanity it is his duty to establish the fact of insanity "beyond a reasonable doubt." This charge was in accordance with the decision of the supreme court of Alberta but the supreme court of this province has decided that such a charge is ambiguous and entitles the accused to a new trial.

Until this year, he said, there was no provision for appealing when the provincial court was unanimous, to the Supreme Court of Canada in a criminal case. But, by an amendment to the criminal code the accused now has an appeal where two provincial courts give conflicting judgments on some point.

Mr. Jones said that it was his desire to have a decision by the Supreme Court of Canada.

Dr. W. B. Wallace represented the attorney general. He decided that he would make a certificate giving his reasons for refusing to grant a reserve case, and then the accused could apply to the court of appeals of New Brunswick on February 8 for reserve case. If the court of appeals grant a reserve case the prisoner will be re-tried until the question is decided. If the court refuses a reserve case the minister of justice has the power to grant a new trial.

OBITUARY.

Mrs. A. H. Hornbrook.

Many friends in this city will regret to learn of the death of Mrs. Sarah Hornbrook, wife of Arthur H. Hornbrook, which took place in the St. John Infirmary yesterday morning. She had been in failing health for some time, but her death came as a shock to her relatives and friends. Besides her husband, she is survived by one son, and five brothers, Tobias W. Perry, Frank and Fred Perry, of this city; Harry, of Boston, and Captain John Perry, of San Francisco; also one sister, Mrs. Gordon Beatey, of New Orleans.

Daniel McDonald

Campbellton, N. B., Jan. 19.—Daniel McDonald, a prominent merchant of Dalhousie, died this morning, cause of death pneumonia. Age seventy-three years.

ASPIRIN

"Bayer" is only Genuine

Warning! It's criminal to take a chance on any substitute for genuine "Bayer Tablets of Aspirin," prescribed by physicians for twenty-one years and proved safe by millions. Unless you see the name "Bayer" on package or on tablets you are not getting Aspirin at all. In every Baker package are directions for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and Her Pain. Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Made in Canada. Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monheim, Germany. "The Institutionalized," be replied. "You don't need to cough me about counterfeiters of Bayer's Aspirin."

TAKES POST-GRADUATE COURSE IN JAIL RULES

When Patrick McCrystal, received in Sing Sing recently, was asked by an attendant if he needed to be instructed about prison rules he replied in the negative and confessed he has had fourteen convictions in eight years.

"The Institutionalized," be replied. "You don't need to cough me about counterfeiters of Bayer's Aspirin."

Business So Far This Year is Declared Good—Profits and Income Taxes Assailed. TARIFF REPRISALS ARE FORECASTED

Dominion Opposes Fordney Bill in Congress—Forma Trade Pact With France.

(Copyright, 1921, by Public Ledger, Ottawa, Ont., Jan. 18.—Canadian business so far this year has been generally good. The volume of trading is less than it was a year ago, but there is a firm under-tone. Prices continue to descend in an orderly manner.

The average cost of a representative list of staple goods in sixty Canadian cities December 15, 1920, was \$14.84, as compared with \$15.32 at the middle of November, and \$14.73 in December, 1919. At that they will remain about \$7 more than the December, 1914, level. Decreases are noted in the prices of milk, butter and cheese, which is attributed to the unusually mild weather; the prices of eggs and poultry continue to fall. In wholesale prices the principal decreases during the month were in grain, livestock and meats, textiles, hides and leather, iron, building materials and raw furs.

Sir Edmund Walker, president of the Canadian Bank of Commerce, at the annual meeting of that institution, assailed the extravagance of the public, and regarding the future, said that there was not much evidence of a decline in the spending habits of the people or that hard times were ahead of us. He declared that the prices of both labor and commodities must be reduced to a more reasonable level, and said that when a new basis of values had been accepted a genuine prosperity will arise throughout the world in which we will have a large share.

Assails Business Profits Tax. Sir Edmund condemned the business profits tax, and also the income surtax, and regarded a tax of 1 per cent. on the turnover of all business transactions as desirable.

Concerning the Fordney tariff legislation now before Congress, he said: "How could we have imagined that the United States, the creditor nation of the world, while awaiting a revision of their tariff looking to higher protection, would pass a bill placing an embargo on ten months upon foodstuffs shipped by Canada and other countries, all of which are doubtless depending on our products to pay for the products they are buying from the United States? We can only hope that the Senate will not approve of such unkindly and deplorable legislation. It is evident, in view of the present relations of the American and Canadian dollar, that our rejoinder must be to put and send an equal amount of purchases from the United States to the government to revise the tariff during the coming session of parliament, but in this matter it is moving cautiously, but if such action is taken by Congress a measure of retaliation is believed certain sure to follow.

Trade Pact With France. In the meantime negotiations are being conducted with other countries with a view to eliminating trade barriers. A new trade agreement with France has been announced, which provides:

First—For the minimum tariff of Canada to be given in exchange for the minimum French tariff on nearly the whole list of articles included in the convention of 1907 with a considerably extended list of articles not included in that convention.

Second—For a fixed percentage tariff on certain other articles, some of which were included in the preceding convention at minimum rates and other not included in that convention.

An offering of \$4,000,000 city of Paris 6 per cent. bonds is being made in Montreal, being part of the \$20,000,000 loan authorized by Paris for placement in Canada. The money to be spent on foodstuffs.

Canadian railways are in the market for equipment and an effort is now being made to float a \$25,000,000 loan in New York for the purchase of rolling stock for the Canadian National.

Extensive development in the pulp and paper industry, much of it by American interests, assures a strong demand for certain kind of American machinery.

EXACT DATA SOUGHT ON "PACE THAT KILLS"

In speed, which foreigners seem to consider the dominant characteristic of Americans, beneficial or detrimental to health? Dr. A. L. Goldwater of 141 West 141st street, wants to know. As head of the research department of the Medical Review of Reviews, he is starting a survey among the leading business men of the country to determine whether it is the slow or the fast "pace that kills."

The data gathered will be arranged so as to be of practical use to American business men. The public generally is asked to forward their opinions and experiences to Dr. Goldwater.

STRONGER TREND TO STOCK TRADE ON MONTREAL

Complete Reversal of Form Marked All Transactions on Wednesday's Market.

Montreal, Jan. 18.—A complete reversal of form marked the trading on the local stock exchange today, the bulk of the issues handled showing net gains at the close, some of them of material size.

Quebec Railway was prominent and showed a net gain for the day of 2 1/4 points at 26, the day's best. Among the other utilities, Bralton was up a fraction at 33 1/4; Power was a point higher at 84; Shawinigan up 1 1/4 points at 107 1/4, and Winnipeg Railway was 30 bid.

The paper stocks were strong. Both the Spanish issues made substantial gains, the common being up 2 1/4 points at 83 1/4, and the preferred 3 1/4 points up at 92 1/4. Bralton was up a two-point gain at 131; Laurentide held steady at 92; Brompton gained 2 at 54 1/4, and Abitibi was up a point at 56.

Rise in General Electric. In the general list the greatest changes were a two point rise in General Electric at 103; one of 2 1/2 points at 78 1/4 for Car preferred; 4 1/2 points for the usually inactive carriage factories at 12; 2 1/2 points for Dominion Glass at 62; one point for Textile at 108; and two points for Steel of Canada at 64.

Among the losses the largest were made in Sugar, which was down a point at 30 1/4; Howard Smith preferred down a point at 21; Pennam's preferred, which lost 7 points at 80, and Bank of Commerce which lost 1 1/2 points at 159.

There is a better trend to the blue industrial list in the bond department. Total sales listed, 10,325; bonds, \$245,850.

THE WEATHER
Toronto, Jan. 19—Pressure is highest along the Atlantic seaboard. Light, with a touch of low pressure extends from Vancouver Island to Lake Superior. This distribution of pressure is attended by light snow showers and mild weather in Southern Saskatchewan and Manitoba and in Ontario, while in the northern districts of the west and in the Maritime Provinces it continues cold.

AROUND THE CITY
PROTECTIONISTS
Two protectionists were lodged in the Central Police station last night.

RECEIVED SCALP WOUND
Fred Russell, a shoemaker in the C. P. R. elevator, suffered a minor scalp wound yesterday afternoon while at work. He was treated at the Emergency Hospital, and afterwards proceeded to his home, 17 Hillyard street.

PHILATHEA CLASS
At a special meeting of the Philathea Class of the German Street Baptist Church last evening, plans were discussed for the holding of a debate with the Young Men's Association. A committee was appointed to select a suitable subject. The debate will be held within two weeks' time.

POLICE COURT
Amos Symes, the sole prisoner to appear before Magistrate Ritchie in the police court yesterday was charged with being a stowaway on the C. P. O. S. Minnedosa. He said he was a native of Ontario and on the solicitation of C. P. R. officials he was turned over to them to be taken before the immigration authorities.

PLENTY OF SMOKE
Efforts at clearing out chimney flues in the house of George Colwell, Esmond street, resulted in the calling out of the fire department in response to a call from box 53 yesterday afternoon. A certain amount of smoke was caused by the fire cleaning operations and this caused some one to send in the alarm.

WILL ASSIST BAND
Thorne Lodge repeated the three act drama "Willowdale" to another appreciative audience last night in their hall Thorne avenue. After the performance the cast was entertained to supper by the lodge and the different members who took part in the play were highly complimented on their ability.

PRESBYTERIAN CHURCHES HOLD ANNUAL MEETINGS

Financial Reports Show Prosperous Year and All Branches Successful—Trustees and Other Officials Appointed in All the Churches.

The annual meeting of all the Presbyterian churches in the city was held last evening. Each church reported a most successful year and bright prospects of continued success. Trustees for the year were appointed by each church. The reports of the different churches follow:

St. Andrew's Church
The submitting of very creditable reports by the different societies and that of the treasurer marked the annual meeting of St. Andrew's Presbyterian Church last night. Devotional services were conducted by Rev. H. E. Davison and the chair was occupied by John McRobbie. The receipts for the year amounted to \$11,567.81, while the receipts from the different societies totalled \$2,144.88. The expenditures were computed at \$10,313.

St. Columba Church
St. Columba Presbyterian church at 447-449 St. George street held their annual congregational meeting last night, which was largely attended. Much interest was manifested and reports were read from the following organizations: Ladies' Aid, Young People's Society, Managers and Missionary Societies.

St. David's Church
The annual meeting of St. David's Church was opened by the minister, the Rev. J. A. MacKegan last evening with a short devotional service. A brief address by the minister, which he felt had been one of the best in the history of the church.

Ritualistic Night At Pythian Castle
It was ritualistic night at the new Pythian Castle where this week the order is celebrating the opening of the newly acquired and splendid building. A large class of Esquires was elected to the rank of Knight by a team composed of members of New Brunswick and Union Lodges. The recognition of rank was very elaborate and was witnessed by nearly 500 Esquires representing the various lodges in the city, and a number of exalted officers from outside towns. It was the regular Convention Night of New Brunswick Lodge No. 1 under the direction of Chancellor John F. Kelly, recently elected.

Large Class of Esquires Raised to Rank Knight—Session Finished with Smoker.
The first of the proposed series of lectures in connection with the Home-making Course of the Vocational Schools was held yesterday evening in Oddfellow's Hall.

WAGE SCHEDULE WAS ADOPTED
City Public Service Employees Union, local 26375, held a special meeting last night in Painters' Hall. President J. McCarthy occupying the chair. The wage schedule for the new year, which is at the same rate as that of 1920 was thoroughly discussed and finally adopted. No other matter came up for consideration, but it was decided to hold the next meeting on Thursday, January 27th.

ONLY CHICKENPOX
The alleged suspicious case in Albert County was found to be nothing but chickenpox by Dr. William Warwick, sub-division medical health officer who was sent to investigate by the Health Department.

Manufacturers Are Invited To St. John

Decision Made at Meeting Yesterday—Annual Session Next June.

That St. John may be brought into the limelight of Canadian publicity during the present year is an outcome of a meeting held in the Board of Trade room yesterday afternoon. This meeting which consisted of a couple of score of leading manufacturers of this portion of Canada unanimously agreed to extend an invitation to the Canadian Manufacturers' Association of Canada to hold an annual session in this city in June next.

Likely to Accept
According to the best advice which The Standard has been able to obtain, the Association will in all likelihood accept this invitation, for, since the meeting which was held in Vancouver in June, 1920, the local of the meeting has been an open question. It was intimated in Vancouver during the very important sessions held there that the Maritime Provinces on the other coast of Canada would be very pleased indeed to welcome the Canadian manufacturers; and, in view of the fact that Halifax, some eight or nine years ago, had the honor of receiving this important conference, it has been felt by our local men that the duty of the present year is up to New Brunswick.

Enthusiastic Meeting
Yesterday's meeting was very enthusiastic in the regard; the invitation so readily expressed has been forwarded to the head office of the Association in Toronto with the definite expectation that it will be accepted. The St. John in June of the present year will be at least the most prominent manufacturers in all Canada.

Important Body
During the past ten or twelve years, in which time the Canadian Manufacturers' Association has grown to be a body of the utmost importance in Canada, there has been a steady increase in the number of members and the number of meetings, have derived untold benefit from the visit of these delegates; and it is the hope of the New Brunswick members of the C. M. A. that St. John will be in a position to take advantage of the opportunity thus afforded of making itself known throughout the length and breadth of this country.

Public Utilities Commission Met
Petition from Madawaska Electric Light and Power Company.
The Public Utilities Commission was in session in the city yesterday. The day was largely taken up in the consideration of a petition from the Madawaska Electric Light and Power Company, who make application for authority to issue \$250,000 worth of stock. Stevens and Lawson appeared for the applicants.

Vocational Schools Homemaking Course
Last Night Dr. Emery and Others Addressed Gathering—Applications 779.
The first of the proposed series of lectures in connection with the Home-making Course of the Vocational Schools was held yesterday evening in Oddfellow's Hall. Dr. Emery, who was chairman for the occasion, spoke at some length regarding the work accomplished last year and the programme for this year. He mentioned that 779 applications had been received, and 429 had been enrolled in the class. Last year an appropriation of \$17,000 had been applied for, and \$15,000 had been granted. This latter amount had been used up, and with the approval of the School Board the sum of \$25,000 had been asked for carrying on the work next winter.

Manpower Shortage
The shortage of manpower in the city is a serious matter, and it is hoped that the Vocational Schools will be able to supply some of the need.

Wage Schedule
The wage schedule for the new year, which is at the same rate as that of 1920 was thoroughly discussed and finally adopted. No other matter came up for consideration, but it was decided to hold the next meeting on Thursday, January 27th.
