

PREMIER ENDS CAMPAIGN IN WESTERN CANADA

Discusses the Issues Before the People to Large Audiences in Dauphin, Man.

ATTACKS HANDLING OF GRAIN CROP

Traced Alleged Abuses Which Led Up to Formation of Grain Growers' Company.

Dauphin, Man., Nov. 20.—(Canadian Press Staff Correspondent)—Premier Meighen's election campaign, insofar as Western Canada is concerned, closed last night. The Prime Minister addressed two meetings here in the interest of Robert Crerar, former member and Government candidate in Dauphin constituency.

Premier Meighen discussed a number of issues, some of which he claimed were not issues at all, but merely "bluffs," he said. "I often think," he said, "that opposition speakers want to see that the people's minds are not too closely centered on what really counts in this election." In this category of what he termed as false issues, he placed charges made against the Government that it had discriminated in favor of "the interests" by accepting a preliminary note of the Klondike Company, that it had been extravagant in expenditures, that it had built a mercantile marine without the sanction of parliament and that it was wedded to the great international organizations of the country. The real issues of importance to Western Canada primarily, but also to the whole Dominion, were the handling of the grain crop and the tariff, insisted the Premier. He dealt with the first at some length, tracing alleged abuses which, he said, led up to the formation of the grain growers' Grain Company, now the United Grain Growers, as a peace. "Instead of removing the evils, the United Grain Growers' Company has taken its seat on the Grain Exchange and prospered because of the very practices complained of," he asserted.

Where Profits Went
Reiterates Former Objections
Mr. Crerar's claim that the profits of this company, returned to the farmers who produced the grain was not founded, in fact, a large proportion of these had, he said, found their way into an organization called the "Public Press, Limited," a subsidiary of the United Grain Growers, which financed the Grain Growers' Guide, now being used to advance the political interests of the Progressive Party. He had recently learned that the Guide had a subsidiary organization which was producing a paper for similar purposes in the Maritime Provinces, the Premier said.

"All the industries in Canada were at the mercy of those who have no protective tariff, we would not have five and a half million people in Canada," the Premier insisted, in discussing the probable effect of tariff reduction or elimination on the country. Assertions that he advocated a high tariff were false. The party which he headed was determined to have a tariff which would permit legitimate industries of Canada to compete with those of the United States, and no higher.

S. S. Companies Announce Cut in Passenger Rates

Pertains Only to Third Class Fares and Comes Into Effect Immediately.

Montreal, Nov. 20.—Local steamship companies announce a substantial decrease in third class East and West bound continental passenger rates, to come into effect immediately. The east bound Hamburg rate, formerly \$125, is now reduced to \$103.50, while the Danzig rate is reduced \$135 to \$106.50, with other continental rates lowered accordingly. Westbound rates from Hamburg are reduced from \$125 to \$102.50 and those from Danzig from \$135 to \$105.50. The extra charge for disinfection and transit expenses is abolished. The American head tax and American and European visa charges are additional and must be paid by passengers.

Lorneville Ready With Strong Gov't Organization

Lorneville, November 19.—A largely attended meeting of supporters of the Conservative candidate for the constituency of St. John-Albert, Hon. Dr. J. B. M. Baxter and Dr. Murray MacLaren, was held here this evening. Great enthusiasm was evinced by the gathering; and the following were elected to look after the organization interests in this district: Chairman—R. W. Dean. Vice-Chairman—John McGuire. Secretary—Andrew Wilson. Committee—Oliver Stevenson, A. Wilson, Robert Baird, Wm. Downey, H. McAllister, Sam McGuire, Wm. Stevens, Wm. McAllister, Wallace Galbraith, Fred Ferguson, Sam Galbraith and Geo. H. Galbraith.

NINE KILLED AND THREE INJURED WHEN TRAIN HITS FUNERAL CAR

Chicago, Nov. 20.—Nine persons were instantly killed yesterday when the Santa Fe flyer struck a funeral car on a crossing fourteen miles west of Chicago. John E. Petlocks, undertaker in charge, and four men, two women and two children were killed. Seven of the victims, all terribly mangled, have not been definitely identified, although two of them were believed to be the parents of two year old Emily Zieminin, whose funeral was being held. Three other passengers in the funeral car, a man, woman and child, were severely injured. The driver of the hearse, which crossed the track ahead of the train did not discover the rest of the funeral party was missing until he reached the cemetery, a mile away.

JAPAN REGRETS ANY TENDENCY ON PART OF CONFERENCE TO GO INTO 'MINOR MATTERS' OF FAR EAST

Expresses Sympathy for National Aspirations of China and Claims No Special Rights and Privileges in Procurement of Raw Materials from China—Harbors No Policy of Territorial Aggrandizement at China's Expense—Reiterates Objection to Reopening Many Controversies in the Far East.

Washington, Nov. 20.—Japan joined with the other powers Saturday in an expression of sympathy for the national aspirations of China, but added a postscript regretting any tendency toward a detailed examination by the Armaments Conference into "innumerable minor matters" in the Far East.

In a statement, omitting mention of specific points of controversy between the two countries, the Japanese delegates informed the Conference delegates that their government claimed no "special rights and privileges" in the procurement of raw materials from China, harbored no "policy of territorial aggrandizement" at China's expense and was ready to join in any readjustment of extra-territorial rights which appeared "fair and satisfactory."

Reiterates Former Objections
To enter upon an examination of details, however, the statement declared, would be an attempt likely to result in "undue protraction of the discussions"—a restoration of the objection Japan has expressed repeatedly against reopening the controversies in the Far East. In turn, Great Britain, France, Italy, the Netherlands, Belgium and Portugal expressed in broad terms their desire for the acceptance of China through commercial liberty and preserved territorial integrity, a general position already having the adherence of the United States. Then the committee adjourned until Monday when the discussion of principles is to give way to a more detailed consideration of China's declaration of rights.

The session of the Committee was the only formal action of the Conference Saturday, although all the National groups conferred informally among themselves and there was a Conference late in the afternoon between Secretary Hughes, Arthur J. Balfour and Admiral Baron Kato, respective heads of the United States, British and Japanese delegations. All three declined to talk in the morning but the conference was drawn that had they met to consider further plans of procedure for the naval armaments negotiations in which the three governments were the chief participants. (Continued on page 2)

Fire Threatened Destruction of Norwegian Ship

Blaze Broke Out in No. 3 Hold of "Nevis" When in Gulf Stream.

Halifax, Nov. 20.—A bad fire in No. 3 hold while the ship was in the Gulf stream threatened for a time to destroy the Norwegian steamer Nevis which arrived here today from Santiago, Cuba, under charter to Pickford & Black. The fire was only extinguished after a hard fight, and anxiety was caused by the fact that twenty-four gunshots of rum were stored in the hold. The second engineer who went into the hold with the fire fighters had his trousers burnt off, and his legs badly scorched. Several men were overcome by the fumes of burning sugar, but were hauled on deck by their companions and soon revived. Luckily the flames were got under control before they reached the consignments of rum.

Tokio Cabinet With Delegates On Naval Proposals

Tokio, Nov. 20.—The cabinet council was reported yesterday to have agreed to approve the draft of the amendment to the naval proposals at the Washington Conference, submitted by the Japanese delegation, subject to the further reference of the draft to the diplomatic advisory council to be held shortly.

FRANCE TO HAVE ITS INNING ON ARMAMENTS

Today Will Hear Discussion of Land Forces at Arms Conference.

FIRST DECLARATION ON MILITARY POWER

Much That Has Been Said and Written Upon Subject Has Been Erroneous.

Washington, Nov. 20.—(Canadian Press Staff Correspondent)—Tomorrow will be France's great day at Jointsontal Hall. It will mark the opening of discussion upon the question of land armaments—the phase of the Conference on the limitation of armaments which is of paramount importance to France. Tonight every thing is in readiness for the third plenary session of the Conference, a session which it is believed will be devoted exclusively to Premier Briand's declaration of his country's position in regard to military requirements.

Although this will be the first declaration on military power within the conference, much has already been written upon the subject outside the official circles of the delegates. Unfortunately much of what has been said and written has been wrong, and this inaccuracy of the reports has been principally applied to the military position of Great Britain.

Britain's Army
A story was broadcasted in United States papers to the effect that British army numbered 700,000 men. Some papers which have been notoriously anti-British even magnified this figure. A statement was issued by an official connected with the British contingent giving the truth regarding Britain's army, presumably in order that the public mind might not be laboring under a misapprehension when the question of land armaments was placed before the Conference and public attention thus focused upon this statement. It stated that Great Britain's standing army numbered about 200,000. Incidentally this spokesman recalled the fact that except for a short period under the exigencies of war, British army had always been and now is recruited on a strictly volunteer basis. And yet one United States paper came out with an eight-column heading in heavy type, announcing to an astonished public: "British Army Abandons Conscription."

Trying to Block Wheels
This is the sort of misrepresentation which occurs almost daily in a certain section of the United States press which, apparently, is out to throw a monkey-wrench into the cogs of the Conference. Fortunately it is a comparatively small section, and one which yields no influence whatever with the decent element of the United States public, which means, of course, with the overwhelming majority of the people of the country.

Sir Henry Drayton Gov't Candidate In South Toronto

Two Conservatives, Already in the Field, Withdraw in Favor of Finance Minister.

Toronto, Nov. 20.—Sir Henry Drayton, Minister of Finance in the Federal Government, was yesterday afternoon nominated as Government candidate in West York. His name was the only one placed before the convention, and the delegates voted "yes" or "no." The vote stood 315 to 246 no.

At a previous convention held by the Government supporters in West York, or New Toronto, as it is generally termed, A. J. Anderson was selected to represent the constituency formerly represented by the late Tom Wallace. Len Wallace claimed that the nomination was not representative and announced that he would run as an independent. He refused proposals for a second convention on the grounds that it would be no more representative than the first. Indications were that there would be two Conservative candidates in the field and Premier Meighen asked them to settle the differences by both withdrawing and allowing the Minister of Finance to receive the nomination. Both Mr. Anderson and Mr. Wallace agreed to this and the convention at Weston yesterday was the result. Sir Henry's name was submitted at a Conservative convention two weeks ago in Carleton county, but withdrawn before a vote was taken.

Dies As Result of Fractured Skull

Halifax, Nov. 20.—Borden Hirtle, 30 years of age, was accidentally killed at the Montague gold mines, five miles from Dartmouth this morning. He was working near the shaft when a cage, loaded with ore, struck him on the head fracturing his skull. The coroner's jury returned a verdict of accidental death. Hirtle belonged to Berkeley, N. B., and leaves a widow and one child.

SIR GEORGE FOSTER SPOKE IN CONSTITUENCY THAT FIRST SENT HIM TO PARLIAMENT

DISTURBANCES OCCUR IN NATIVE QUARTERS OF BOMBAY

Bombay, Nov. 20.—Disturbances occurred Friday at several points in the native quarters of the city. A mob turned a police station and military patrol were called into action. They fired upon and dispersed the rioters who suffered some casualties. On Saturday morning the trouble started afresh in a number of places, the patrol again being forced to fire into the crowd. Both disturbances were confined to the native section, affairs in the European business quarter going on as usual.

Britain Endorses The 5-5-3 Ratio Naval Plan

Approves Suggested Relative Capital Ship Proposal for Three Leading Naval Nations.

Washington, Nov. 20.—Great Britain has endorsed without reservation the "5-5-3" ratio proposed in the United States naval limitation plan, it was learned tonight on highest authority. While accepting the plan as a whole only in principle because of their desire to put forward proposed modification of the submarine and replacement features, the British delegation is said to have approved the suggested relative capital ship strength for Great Britain, the United States and Japan without cavil.

Gov't Supporters In York-Sunbury See Only Victory

Grits Discouraged Over Outlook and Are Clamoring for Outside Speakers of Repute

Special to The Standard.
Fredericton, N. B., Nov. 20.—Nomination day will come on Tuesday with the National Liberal and Conservative party in the York-Sunbury constituency ready to give to Hon. Arthur Meighen through the party candidate, R. B. Hanson, K. C., the support which his government deserves. As time goes on the outlook for the Government in this riding improves and the organization becomes more complete.

Nothing could have done more to bring out the strength of the party than the great meeting at the Gaiety Theatre on Thursday last when Sir George E. Foster was the speaker of the occasion. That statesman presented the issues of the day in such a manner that, even apart from the feeling of affection and regard which is held for him locally, he would have made a tremendous impression upon his hearers. It is reported that the Liberals are making a desperate appeal to outside authorities to send a speaker of at least some little repute, here to attempt to counteract the effect of Sir George's address. As the Grit powers that regard York-Sunbury as lost territory, they are likely to turn the deaf ear.

South Africa To Impose Duty Against Dumping

This Affects, Primarily, Wheat Imported from Australia.

London, Nov. 20.—A Reuter cable from Pretoria, says the official Gazette announces a South African duty against dumped wheat which wheat imported from Australia. The new duty becomes effective six weeks from November 15. The duty will be equal to the difference in the price of wheat for home consumption in Australia, and the price for export to the Union of South Africa, provided such duty does not exceed 15 per cent. ad valorem.

When a cage, loaded with ore, struck him on the head fracturing his skull. The coroner's jury returned a verdict of accidental death. Hirtle belonged to Berkeley, N. B., and leaves a widow and one child.

Declares That Opposition Is Not Criticizing One Act of Government from 1911 to 1914—At Beginning of War Better Thinking Liberals Acted With Government in Carrying on the Tasks Imposed by World Conflict—Cleavage Came With Conscription in 1917—Liberals Who Voted That Necessary to Carry on War Now Rankst Critics of Debt That War Caused—Conditions Not to be Helped by Putting Liberals in Power.

Hampton, N. B., Nov. 19.—The old Court House building was packed to the doors this evening with people who came from a radius of fifteen miles to hear Sir George Eulas Foster, former minister of trade and commerce, who is now a member of the Canadian Senate, and Geo. B. Jones, Conservative candidate for the constituency of Royal, discuss the political issues of the campaign. The meeting was of a most enthusiastic nature, and the speakers received a splendid reception. It was evident that the gathering was very strongly sympathetic towards the remarks of Sir Geo. E. Foster and Geo. B. Jones, and they displayed it by vigorously applauding them throughout the evening. The occasion also marked the first appearance for some time of the former minister of trade and commerce here, where he first began his political career as member of parliament for Kings county. Many ladies were present and took a keen interest in the speeches. David Floyd presided as chairman.

GEORGE B. JONES
Government Candidate in Constituency of Royal.

SIR GEORGE FOSTER
Who Spoke to Electors of Constituency That First Sent Him to Parliament.

The first speaker was Geo. B. Jones, who stated that it was not the first time he had addressed a meeting at Hampton, and he was glad to be here with one of Kings county's oldboys, the Honorable Sir George E. Foster. He declared that it was not his intention to take up very much time on this occasion, but would content himself with referring to a few facts.

Makes Position Clear.
The speaker declared that he desired, however, to place before the people his position on the stand taken by the Farmers' Party when he was asked to be a candidate for the United Farmers for Royal. He had said that he would be glad to be a candidate for this constituency, but he could not stand on the same platform as Mr. Crerar. Ninety per cent. of the business of his firm had been done with the farmers, and he had been too closely associated with them during the past thirty years, especially not to be cognizant of and desirous of doing all he could to further the interests of the farmers of New Brunswick. He was a farmer on a small scale, and was as much of a farmer as the candidate on that ticket who opposed him.

It had been stated at Norton that he was not eligible to run as a Farmers' candidate. He had written to W. Kenneth Raymond, local secretary for the United Farmers, setting out the reasons why he could not support the Crerar platform, and that he did not believe that such a policy would be in the interests of the farmers of the Maritime Provinces. He had further pointed out in his letter that Mr. Crerar platform had been intended for the Grain Growers of the West, and had outlined a policy which he considered would be in the interests of the electors of the constituency of Royal. He still adhered to that platform, and would, if elected, look after the interests of the farmers.

The Union Government.
In 1917, Sir Robert Borden had decided that it would be in the interests of Canada to form a Union Government, and had asked Sir Wilfrid Laurier to join. The latter declared that it was necessary for him to consult with his friends in Quebec, before he could give a decided answer. After a consultation with them, he returned and said it was impossible for him to join the Union Government. Then Sir Robert Borden, anxious to form a cabinet on a fifty-fifty basis had called on Hon. Mr. Crerar and Hon. F. B. Carvell, and they and other Liberals joined with the Conservatives in the formation of the Union Government. During the war it had been decided that it was a good policy to give the Great Government a boost, owing to a

large scale. The reason for this action was due to the war. Before Hon. Mr. Crerar, however, left the cabinet he had gone before his colleagues and asked for a guarantee price on wheat for this year and last year at \$2.75 per bushel. "Do you think," asked the speaker, "that was in the interests of the farmers of this constituency, or the workmen or professional men? It was not in the interests of the people of this province. Out West they grew oats, barley, rye and the like, while in Eastern Canada, where the real farmer's crop was a mixed one. Eighteen Dollar Flour.
If the proposal of the grain growers of the West, through Hon. Mr. Crerar, had been carried into effect, we would now be paying \$18 per barrel for flour instead of \$9. That was one reason why he opposed that party, which wanted legislation entirely for their benefit. During the war the grain growers had made a large amount of money, and it was proposed that they should now want a guarantee on their wheat.
Hon. Mr. Crerar and others had been travelling around the country claiming that there had been waste on the part of the Government. Mr. Crerar had left the Government and formed a new party, and while in the House last session he had had every opportunity to prove any act of wrongdoing on the part of the Government. The same opportunity had been afforded to Mr. King, the Liberal leader, and he, also, had not made any charge of such a nature. Members who opposed the Government had been speaking and referring to trusts and monopolies, and yet Mr. Crerar was the head of one of the greatest combines in Canada, the Grain Growers' Association. An investigation had been made last year which brought out the fact that one of the subsidiary export companies in which Mr. Crerar was connected had been capitalized at 200,000. It had been proved, however, that only \$100,000 had actually been invested, while the balance was watered stock. The profits in that company had been exorbitant.

CHEAPER BREAD.
Kingston, Ont., Nov. 20.—Beginning tomorrow the price of bread in Kingston will drop two cents, the large unwrapped loaf selling at 15 cents and the wrapped loaf at 20 cents.

Russian Hospitals Devoid of Medicine

A staff correspondent of the Associated Press writing from Tzaritsa, Russia, on October 11 says: "The lack of medicine in Russian hospitals becomes accentuated here. It is even worse than further down the Volga. There are five hospitals, none of which has a single grain of quinine or any of the other simple medicines or have their money with which to purchase nourishing food for their patients."

Chipman Baptists Dedicated Their New Church Home

Interesting Service Carried Out Yesterday—Prominent Speakers Present.

Special to The Standard. Chipman, Nov. 20.—The new Baptist church, recently completed, was formally dedicated to the worship of God today. Three services were held, morning, afternoon and evening, and large audiences were present at all services. Rev. E. S. Poole, B. A., pastor of the Germain Street Baptist Church, St. John, preached the dedication sermon. Mrs. Blake Ferris of St. John, and D. B. Rose, of Fredericton, assisted in the musical programme, and their services were much appreciated. The dedication sermon was preached at eleven o'clock in the morning. In the afternoon a grand Sunday School rally was held, addressed by Rev. S. S. Poole, Rev. David Price and Rev. L. H. Crandall. In the evening the sermon was preached by Rev. Mr. Poole and addresses were given by Rev. A. Sutherland, pastor of the Presbyterian Church, here, and Rev. David Price. Rev. Mr. Price is a former pastor of the church.

Three Men Charged With Sedition Given Freedom

Allowed Out on Suspended Sentence After Promising to be Good.

Toronto, Nov. 20.—Walter Arnold, William Conn and Christo Nicheff were given their freedom on suspended sentence by Mr. Justice Riddell in the Assize Court at the City Hall yesterday. These three men were charged with seditious publication, on May day last, when they distributed a sheet, printed in red, at a meeting in Queens Park. The sheet set forth the beauties of the Soviet government, and Gordon Waldron, K. C., for the Crown at the trial, argued that it urged for a change to a similar form of government in Canada by violent means. Each of the men promised his Lordship yesterday that they would not be guilty again of a similar offense, and gave their bond of \$1,000 each that they would appear for sentence should it be demanded.

Negotiations Over Egypt Protectorate Have Collapsed

London, Nov. 20.—Negotiations between the British government and Egyptian delegation regarding abandonment of the British protectorate over Egypt have temporarily collapsed. Adaly Eigen, Pascha, head of the Egyptian delegation, in an interview with Foreign Secretary Curzon today, presented a note stating the delegation's inability to agree with the British draft of a treaty designed to make Egypt independent although an allied power. The Egyptian delegation then left for Cairo.

BRITISH WON'T RAISE QUESTION OF WAR DEBTS

Will Leave Matter for Other Nations to Present to Arms Conference.

Washington, D. C., Nov. 20.—It was learned from authoritative sources today that the British delegation did not come to Washington in the anticipation that the question of the settlement of international debts would come before the conference. They brought no financial experts with them and have no intention of raising the question themselves. It is, however, the French or the Italians, who have brought their financial experts, do raise the question, it seems probable the British will be glad to discuss it. They see no impropriety in its being brought up but want it plainly understood that they are not to be the ones to do it.

Japan Regrets Any Tendency To Go Into "Minor Matters"

Continued from Page 1.
Meaning the naval problem, referred several days ago to committee of experts, showed evidence of having developed to the point where the naval establishments of France and Italy soon would be assigned a tentative status beside those of the three stronger powers in the reduction plan. It was emphasized, however, that any suggested ratio the committee might consider would be carefully reviewed by the delegates themselves before any national policies were laid down. Monday the conference will turn its attention for the moment to the question of land armament and at an open plenary session will hear from Premier Briand, the French viewpoint regarding the maintenance of arms. It is not expected, however, that details of the question will be taken up until later, perhaps, not before the naval armaments and Far Eastern questions are near solution. The Committee meeting to resume the Far Eastern discussion will be held late in the afternoon, after the conclusion of the plenary session.

Britain For Open Door

Speaking for Great Britain, Mr. Bal four reaffirmed adherence to the open door and the policy of Chinese territorial integrity, and said his Government was ready to consider relinquishment of extra-territorial rights in China, "when circumstances warrant."

Autumn Freshets Predicted in Upper Part of Province

Thaw, Which Set in Friday, Wasted Away the Snowfall of Last Week.

Thaw, Which Set in Friday, Wasted Away the Snowfall of Last Week.

Special to The Standard. Fredericton, N. B., Nov. 20.—The central portion of New Brunswick, after being plunged into winter in the first week of November, with snow almost three feet deep in more remote sections, and fifteen inches deep here, has in two days been given ordinary autumn conditions. A thaw, which set in Friday with fog, has wasted almost all the snow. The river, which was thought to be closed last week, is open except for floating ice and a little hanging on the shores. Navigation for steamers would be very easy. Grass which was beneath the snow is showing green, and there is absolutely no frost in the ground. The melting of the snow has caused a rise in the brooks and the St. John river and tributaries are rising. A considerable autumn freshet is expected.

The mild weather has come as a great boon to many districts, including towns and villages as well as country, in which the question of water supply had been serious for a long time. Wells and springs, which had been dry for weeks and in some case months, will again have water.

by the conference, however camouflaged, nothing has been said by any of the British delegates. It is understood that when these questions come up as vitally affecting foreign commerce and therefore being part of the general economic question they will be handled by the Admiralty section. Officially the British Board of Trade is not reported on the delegation in Washington, but Capt. V. C.

Little of the navy is here as director of the trade division of the Admiralty section. One of the British delegates today expressed the opinion that he did not see how the merchant marine could be considered in connection with the conference since merchant ships cannot be equipped with guns. The impression prevails, however, that sooner or later a discussion of the merchant marine will be developed.

Another point which the British say they will not bring forward, but on which they apparently have definite ideas, is that of the reduction of land forces. This they expect the French and Italians to be responsible for. The British army they point out, while still among the largest armies in the world, has been reduced to a point below which they do not care to bring it.

In spite of its size they maintain that their army could not be further reduced, in view of the size of the British possessions, with any degree of safety. At the same time it is apparent that the British anticipate quite a discussion of this question, which, although it is now being examined by a committee of the League of Nations, is of such great importance to the Continent.

Cuticura Soap
The Healthy Shaving Soap
Cuticura Soap cleans without any Freckles.
Cuticura Soap is so sure to crop up in Washington.

"The Bill will not let in Canadian wheat, but will save to the American farmer the right to raise a bushel of wheat instead of transferring that right to Canada"—Mr. Fordney, in introducing the Fordney Emergency Tariff Bill which has shut millions of dollars worth of Canadian foodstuffs out of the United States market.

"If we are to build up a self-sustaining agriculture here at home, the farmer must be protected from unfair competition from those countries where agriculture is still being exploited."—President Harding. The very spot chosen to deliver this speech—Minneapolis—shows that Harding had the Canadian North-West in mind.

WHILE ties of friendship unite Canada and the United States, the attitude of Uncle Sam is that of "Business First", and Canada cannot and should not hope for any consideration from the United States where the interests of the farmers and business people of that country are involved.

Uncle Sam has built the Fordney Tariff directly against Canadian agriculture, and new additional Tariff proposals are now under consideration to shut out from the United States Canadian goods of every kind.

These measures are due to the insistence of the American farmer that the United States market shall be retained exclusively for him and that the influx of Canadian farm products into that country must cease. They are also due to a like insistence of United States manufacturers and workers, who have seen their country develop tremendously and grow rich under a Protective Tariff, and who believe that a still further increase in Tariff is the only means of assuring continued prosperity.

CONTRAST THE ATTITUDE OF THE UNITED STATES LEADERS WITH THAT OF CANADA'S WOULD-BE LEADERS, CRERAR AND KING

Crerar proposes to allow American goods to enter the Canadian market free of duty.

King proposes that the present reasonable Tariff on the products of the American factory and farm shall be greatly reduced, and that the home market of the Canadian farmer and manufacturer alike shall be thrown open to our Southern neighbour, in the face of the United States Emergency tariff, which practically shuts out Canadian farm products from these markets, and also in the face of the permanent tariff now under consideration at Washington, which gives every promise of being even more drastic than the Emergency Tariff so far as our products are concerned.

In view of the attitude of the United States, what folly it is for Crerar and King to propose throwing open the Canadian market to a flood of both agricultural and manufactured

products of the United States when there is not the slightest possibility of any compensative advantage to Canada.

Does any sane Canadian believe that Crerar or King, hat in hand, could persuade the United States Government to completely reverse its Tariff policies and agree to reciprocal trade in face of American public demand for a high protective Tariff?

The people of the United States conduct their affairs and protect themselves by the principle that "Business is business". Why should Canada do otherwise?

Unlike Crerar or King, MEIGHEN stands firm for a reasonable Tariff to protect all our industries—those of the farm, the sea, the mine, the forest, the factory, and for the building up of a bigger and better Canada through the full development of the home market.

FRIENDSHIP WITH THE UNITED STATES? YES, BY ALL MEANS!

BUT—let us defend our home market, our industries, our farms, our workmen, our homes by the same methods as are used so effectively against us.

Let us work out our own destiny—that of a strong, self-contained nation within the British Empire group of Nations, courageous, masterful, self-reliant.

Canada Needs Meighen

ST. JOHN, N. B., MONDAY, NOVEMBER 21, 1921.

A RETROSPECT AND A CONCLUSION.

In 1867 saw Sir John A. Macdonald, through a coalition with the reformers, bring about Confederation. In 1871 the first steps were taken for the construction of the C. P. R., a transcontinental railway from the British Columbia to St. John. In 1873 saw the formation of the North West Mounted Police, which added materially in saving the West to Canada. In 1876 the National Policy was brought about with Sir John as its sponsor.

In 1878, '82, '87, '91, Sir John Macdonald carried the country on the National Policy. In 1891 Sir Wilfrid Laurier laid down the platform of his party as "absolute reciprocal freedom of trade between Canada and the United States." In that election there was the same diversity of opinion among the Liberal leaders on the tariff as there is today.

In 1896 a change of government took place engineered by a tricky dual policy which made an appeal to Ontario and Manitoba on provincial rights from one angle, and through the instrumentality of the wily Tarbo, appealed to the province of Quebec from an altogether different angle.

In 1896 the country through the development of the West, due entirely to the foresight of the Conservatives in building the C. P. R., entered upon an era of unexampled prosperity. From 1896 to 1911 there was not a dominant issue before the people of Canada. While in opposition the Liberals professed to be free traders; in power they carried out the tariff policy of their predecessors. The outstanding achievement of the Liberals was the stupendous blunder of building the G. T. R. and Transcontinental when they did, and without guarantee that the trade would flow east and west like water through a mill race and thence Canadian ports, as Laurier promised. The railway crisis that we face today and which has been so courageously and ably handled by Arthur Meighen can be directly traced to the folly of the Laurier government.

A leopard cannot change his spots. In 1911, when the dyed-in-the-wool free traders thought that they were solidly entrenched in office through patronage and a prosperity that was more providential than otherwise, threw off the mask and tried to inflict upon the country what was practically free trade. The result of the 1911 reciprocal election should have convinced the Liberals that Canada was in no mood to entertain free trade. In 1914 the Great War broke out, leading in authority for the statement that Laurier would have joined a union government at that time. Whether it was from fear that Quebec would go back on him, or depending on his English followers he hoped to bring about the defeat of the government, the fact remains that he refused to become a party to Union government in 1917 and opposed conscription.

From 1917 until the close of the war the country was governed by a Conservative premier with Liberal and Conservative followers. Today Premier, C. P. R., McKen, Parsons and other Liberals are trying to blame the Meighen administration for what was done under a Union government composed of Liberals and Conservatives.

In 1920 Sir Robert Borden retired, and Arthur Meighen was chosen leader. Today he is appealing to the people of Canada practically on the identical platform that carried Sir John A. Macdonald to victory so often; the policy that made Macdonald the greatest statesman Canada has ever had. Protection for our farmers, protection for our manufacturers, protection for our wage earners, Canada for Canadians, is Meighen's stand. The Liberals may desire the same results, but the means of attaining them were condemned by the great majority of the people of Canada in 1878, 1882, 1887, 1911, and 1917. They only retained power when they enforced the tariff policy of the Conservative party.

From the Maritime Provinces' point of view it is essential that we should retain our fiscal independence in regard to the United States. Reciprocity with the United States would eventually lead us into some sort of commercial union. Some would dare say that Confederation made us "drawers of wood and drawers of water" for the rest of Canada. It may

to find fault falls flat. The matter was taken up promptly as soon as the need for the required accommodation became known; the Government was not "forced to act" at all, for as soon as ever its attention was called to it by Dr. Baxter, the matter was taken up.

THE FRENCH LANGUAGE.
 The Standard wishes to congratulate the Globe on its stand on the desirability of the teaching of the French language in the schools. For a proper appreciation of our language a thorough knowledge of French is of inestimable value. Canada today possesses a number of French-Canadians who have attained a very high rank in the literary world, some of whom have been admitted to the French academy. It is regrettable that our English-speaking Canadians are unable to appreciate their works. Besides the study of French by the English and of English by the French would create a feeling of good will and friendship between the two great races of this country which time will lead only to strengthen.

Despite his denial that he wants the co-operation of the Agrarian party, the Hon. Mackenzie King both at Moosejaw and Regina last week deplored the fact that Agrarian candidates were out fighting Liberals, when they should be supporting a Liberal. It is a Macdonald cry, but it is falling on deaf ears. The Western Provinces and all the cries of Mr. King will not turn the support of the voters into the Liberal column. Notwithstanding Mr. King's declaration that the next Parliament will be dominated by the Liberals, the Agrarians will still vote for candidates of their own political leanings.

I see in an American paper that Gen. Foch is said to have gained ten pounds on the chicken diet that has been fed him since he arrived in this country. So a y, what would have happened if they'd fed him on pork and beans, doughnuts and ice-cream? He'd have bust for sure.

A boot-maker's advt. "Dull ladies' shoes for sale." What sort of woman do they expect to go in and admit that she isn't over sharp?

I read in a Philadelphia paper where a preacher said that editors don't print what they think. I was at church yesterday and it seemed to me from what I heard that some preachers don't think when they preach.

I notice in one of the papers that a plumber was fined for speeding. One thing for sure, he wasn't fetching his tools.

On Saturday I saw a chap I know bring a bouquet for his girl and I asked him why he bought things for her that wouldn't last. "That's just why I buy flowers," he said, "because they'll be in no condition to produce as evidence if she ever sues me for breach of promise."

"It was a perfectly lovely picture," said one woman coming away from the Theatre. "I cried nearly all the time."

The girl across the way says that the reason why some men don't buy washing machines for their homes, is that they think they married one.

I imagine from what I see in the papers that one of the most pressing problems Britain has in hand is that of unemployment. As a means of alleviating this the Government has ordered all work stopped on four new battleships! Gee, but they are funny.

WHAT OTHERS SAY
 Canada's Free Trade Area. (Ottawa Journal.)
 Mr. Crotter, the would-be Moses of our beleaguered agriculturists, is said to have exclaimed in a recent speech that the United States is the largest free trade area in the world. Wrong! While it is quite true that there is no tariff barrier between different states of the Union, the same thing is true of the Dominion of Canada. In the same sense, Canada has free trade, and the area of Canada is larger than that of the United States—Canada 3,729,545 square miles; United States 3,577,563 square miles. Section No. 121 of the British North America Act is as follows:—

"All articles of the growth, produce or manufacture of any of the provinces shall, from and after the Union, be admitted free into each of the other provinces."
 That free interstate trade in the United States has from the earliest history of that country moulded and consolidated national sentiment is known to any student of United States history.

The case of Canada is similar to that of the United States when a little over a century ago the tariff rate was the highest in the history of that country. From a national stand-point our case is worse than that of the United States as regards necessity of national consolidation, for the reason that the tariff barrier is settled by a majority of the people to whom it is to be strongly feared Americanization signifies more than Canadianization. A tariff helps to unite. Even though in some to the present generation, Canadians of the future, of whatever ancestry, will call such an instrument of union and nationality, the work of statesmanship.

The Milk Drivers Strike. (Portland Evening News.)
 The strike of the New York milk

Benny's Note Book
 BY LEE PAPE

Me and Puds Sinkins was having a catch out in the street with a base ball, being aginst the law if a cop sees you, and Puds threw the ball so high it went away over my head and rolled down the street and around the corner, me saying, Hay, wy dont you pervide a step ladder with every ball you chrow?

And me and him had an argement about whose fault it was, me saying I was no giraffe and Puds saying it wassent his fault if I was sutch a short reetocher, and we settled the argement by arbitration and both wawked down after the ball and wen we got around the corner there was no ball in site and Flatfoot the cop was standing there like somebody trying to look innocent, saying, Hello boys, its a nice day, izent it?

With me and Puds had a consultation, me whispering, I bet he's got it, and Puds whispering, Sure he's got it. And he said to Flatfoot, You dident see a ball come around heer eny wares, did you?

A ball? sed Flatfoot with a expression like somebody trying to think, saying, Let me see, was it a hard round ball jest about the size to go throo somebodys parlor window pane?

We was jest kind of examining it and it slipped and rolled down heer, I sed.
 Well, well, you must of examined it awell hard, sed Flatfoot. Not saying weather he had saw it or not, and me and Puds started to have another consultation, me whispering, I bet a thousand dollars he's got it all rite, and Puds whispering, I bet a million he has, too, and Flatfoot sed, Would you like to have it back?

Yea, sure, yea me and Puds sed both together.
 I thawt you would, sed Flatfoot. And he started to wawk away as if the subjeck was all over.
 Wich it was.

Wagon drivers is to be settled by an appeal to the law rather than by appeal to the strikers. This is the way it should be settled.
 An injunction became effective on Saturday restraining the officers and members of the drivers' union from violence, intimidation, and interference in the five boroughs of Greater New York and Westchester county. There is to be a hearing Monday on the question of making the injunction permanent; and if this is done the strike will be over. There are plenty of men ready to do this work for the very attractive wages that are offered, if they can be assured of the protection under the law to which every citizen is entitled.

There was never a strike more to be condemned or for which there was less excuse than this one. The drivers have been paid war wages and when there was proposed a slight cut such as was everywhere have been compelled to accept, they retorted by demanding five dollars a week more. Their demand being refused, they left the wagons.
 The fairness and righteousness of their claims were not considerations. Upon them, as they thought, he pressed millions of people dependent for their milk supply and they proposed to withhold this supply until their employers complied with their demands. The fact that invalids and babies might die in the meantime did not concern them.

The dealers refused to surrender and the dealers resorted to lawlessness. They attacked wagons bringing milk to the city and spoiled the contents of the cans.
 They threatened drivers who were taking their places with violence and executed these threats upon some. The health officer of the city tried to bring about a compromise by arbitration, but the dealers rightly refused to agree, for to do so would simply be to compromise with lawlessness. Their men, they declare, were entitled to no consideration, and they were not.

The injunction that has been granted is a sweeping one, but it should have been issued before. The strike was a strike against public safety, and not to be tolerated.

THE LAUGH LINE
Generous.
 "Goodfellow is a liberal guy. He would give the shirt off his back to help a friend."
 "Yea, about the only thing that bird keeps is late hours."
 Ah, That's the Rub.
 Preemeter, the Post—Remember, sir, poets are born, not made.
 Worriemore, the Editor—And that's the worst feature of the situation, if they were manufactured they could be prohibited by law.
 "You look as though you hadn't slept well, Mr. Crusty."
 "No; thank to that cat of yours that kept up a racket all night."
 "I suppose you would like to have the poor thing killed?"
 "No; but would you mind having it tamed?"

FOR WOMEN

Outdoor Skirts In Plain Fabric

Women Find Them Most Popular for Walking and Sport Wear.

Intended for wear with sweaters, or jacket in a contrasting color at the country clubs, and tramping parties, or sports where sociology is represented are with very few exceptions, the separate skirts of wool.

The most popular materials for such skirts, include tweeds, bouquins, camel's hair, herringbone and Oxford mixtures, which seem to be more in demand than the plaids and stripes which were popular earlier in the season.

Some of the plain skirts have several belts made of the material with different finishing—such as pipings and tassels of bright colored floss and beads.

If a separate coat is worn with the skirt then the tassel will be made of wool the same color, and the belt-tied around the outside of the coat.

Separate skirts are very popular this season and promise to continue so for spring because of these combinations.

Flapped Side Pockets

Flap pockets are applied at the side seams, and one late model has a double flap at the top of an inverted pleat at the centre back.

Belts in general are narrow and usually fasten at the side with one or two buttons, matching those on the flaps.

Sport skirts are of generous width at the hem, and from 12 to 14 inches off the floor at present.

Black satin sweaters, which are being worn with the bright colored blouses that one sees under the light-weight fall coats.

RECEIVED ADDRESS AND FOUNTAIN PEN

Men's Baracca Class of German St. Baptist Church Made Presentation.

A pleasant event took place yesterday afternoon at the meeting of the Men's Baracca Class of the Central Baptist church when T. J. Styles, vice president of the class, was presented with an address and gold mounted fountain pen, as a slight token of good will and appreciation of services to the class. Mr. Styles, who has been city representative of the Corona Canteen, has been transferred to Fredericton and his leaving in the near future for that city. He has taken a great interest in the class and the members took this method of showing that his labors had been appreciated by them. The presentation was made by J. L. Collins, president of the class.

Y. M. C. I. MEMBERS HOLD MEETINGS

Yesterday afternoon marked the first Sunday meeting of the Senior Members of the Y. M. C. I. H. J. Sheehan was in the chair, and discussion was given over to the welfare of the institution.

Debatable League

A meeting of the Catholic Inter-Society Debating League was held at the Y. M. C. I. yesterday. Dr. J. B. Gossnell, and Paul C. Quinn, represented the Knights of Columbus, J. J. McDonald, St. Peter's Young Men's Society, J. F. Owens and C. J. Callaghan, the Men's Society of Assumption parish W. R., and J. H. Colohan the Y. M. C. I.

It was decided that the first debate should take place on December 18th between teams from St. Peter's and the Y. M. C. I. Six debates will be held by the society during the coming winter season. A further meeting of the committee will be held at the Y. M. C. I. Tuesday evening when subjects for debate will be selected.

Less Meat If Back And Kidneys Hurt

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of diseases, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, dyspepsia, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Epsom Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will thank you. This famous salt is made from the water of grapes and lemon juice, combined with licium, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it is no longer irritating, thus ending bladder disorders.

Epsom Salts cannot injure anyone; makes a delightful effervescent laxative-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney diseases.

Daily Fashion Hint Winter Sweaters Soft And Warm

Model 5517

Sport Costumes Are "Woolie" Slip-over Jumpers Worn Under Tuxedo Jacket.

The main interest in this season's knitted sports clothes lies in the softness and warmth of the fabrics and in the variety of colors in which the garments can be obtained. Jackets, skirts, sweaters and scarfs are shown in the finest cashmeres, Scotch wools and spun silks, in plain and fancy weaves.

While some of the models have no collars, the majority of them show tuxedo collars in the checked weaves that is so much in favor at this time.

Checked Tuxedo Collars.

Although any of the pieces of this sort may be had separately, they are recommended as most attractive when worn together. The skirt and jumper are more especially adapted for sports, with a jacket and scarf to add for protection when the strenuous exercise is over. The jumper is slip-over with tight bottom, and the jacket has the checked tuxedo collar.

The interesting step ladder weaves in a collared sweater in grayish blue with border of Scotch wool which is of a more usual blue than the other, and lends additional contrast in the smoothness of its weaves. The "sport woolie" style, plain and admirably adapted for athletics, is in the smooth wool with tight cuffs and no collar.

Lustrous spun silk sweaters are woven in an open stitch which produces a delightful softness, and are made up in the straight slip-over style with belts. These are attractive in white with neck band and belt of checked gray and silver.

YOUTHFUL AND PRACTICAL

One finds service, youthful effect and practical style in the sleeveless one-piece dress. Here, developed in black satin for decorative purposes, the narrow belt which indicates the waistline is cut in ribbon, while the revers are of the same material. The underbody is made of Georgette crepe. Measure 18 to 24 yards of 36-inch Georgette.

Anniversary of St. David's Church

Second Anniversary of New Building and 73rd Anniversary of Founding Observed

The second anniversary of the building of St. David's, and the seventy-third anniversary of the founding of St. David's Church in the city was fittingly observed yesterday by appropriate services which were largely attended both morning and evening. The pastor of the church, the Rev. J. A. MacKeigan, B. A., was assisted by the Rev. C. C. Macintosh of St. James' Church, Stellarton, N. S., who delivered the sermon at both the morning and evening services. A special programme of music was rendered by the choir under the direction of Byard Currie, choirmaster. Mrs. T. J. Gunn presided at the organ. The offertories played by her were most acceptable, and created a deep impression. Yesterday marked Mrs. Gunn's first public appearance since her return from her studies at the Boston Conservatory of Music.

At the evening service the Rev. Mr. Macintosh, took as his text Revelations 21:3, and the words "The dwelling of God is with men and he himself will dwell with them and be with them and be their God and the people himself will be his people and God himself will be with them and be with them." The speaker said that the Seraphim, in speaking of the city, was thinking of the citizens. Though he spoke of the walls of the city, he was thinking of the people within the walls. The length referred to in the text referred to the duty a man owed himself. Every man was to be a certain extent master of his own destiny, and his life was what he would make it. The speaker referred to the life of Thomas Law, the son of a Presbyterian minister in rural New Brunswick, and of Lloyd George brought up in a cobbler's cottage in an obscure Welsh village, as examples of that.

The breadth was the duty a man owes his neighbor, that a man should love his neighbor as himself, a vital aspect of the Divine law.

The height, was the reaching after God by the leading of an upward life, and in it lay the balance which preserved man true to himself, his neighbor, and his God.

All three points were illustrated by the life of Jesus Christ, the perfect man, who had accomplished the perfect life, an ideal to be striven after by his followers.

In the morning, Rev. Mr. Macintosh spoke on "The Called of God," and at the evening service, his sermon was very pleasing to the congregation who appreciated his Highland fervor, and wonderful flow of language.

He Saved The Home But Beat The Wife

Unhappy Woman Badly Beaten by Husband — Would Not Have Him Arrested.

Strange are the ways of a woman. The police received a hurried call Saturday night after being advised that a hubby was about to break up his happy home. Arriving on the scene they found his young wife badly beaten up, her face was covered with blood, two teeth were missing, and her lip was badly cut. The eight attendants of the fire of the officers and they did their best to locate the husband, but he had made a clean get-away. The wife was taken to the hospital where it was found necessary to take several stitches in her upper lip.

Last evening the wife showed up at the police station with her husband and withdrew the charges preferred against him. She said the whole trouble was due to her mother-in-law who was always fitting her husband's ear with false stories. As the wife insisted the charge was withdrawn but the police advised Mr. Hubby that he had better take care in the future.

NERVOUS BREAKDOWN COULDN'T SLEEP NIGHTS

To those on the verge of a nervous breakdown the following symptoms present themselves; nervous heat, aches, a feeling of depression, irritability, disturbed, restless and unrefreshing sleep, often troubled with frightful dreams, avoidance of crowded places, dread of being alone, horror of society, etc.

When the nerves become affected in this way the heart generally becomes affected too, and on the first signs of any weakness of the heart or nerves, flagging energy or physical breakdown do not wait until your case becomes hopeless, but get a remedy that will at once quieten the nerves, strengthen the heart and build up the entire system.

This you will find in MILBURN'S HEART AND NERVE PILLS

Mrs. M. Dargand, Young's Cove Road, N. B., writes:— "I was bothered very much with my heart and nerves; had nervous headaches and dizziness; could not sleep at nights, and my appetite was all gone. I was on a nervous breakdown when a neighbor told me to try Milburn's Heart and Nerve Pills. This I did, and before I had the second box used I was better and would advise anyone who has nervous trouble to take them."

Price, 50c, a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

THE POLICE HOLIDAYS FINISH

Night Watchman Thomas has returned to duty at the Central Police Station after two weeks' of holidays pleasantly spent with friends at Moncton and vicinity.

It is sixteen years since Deskman Thomas last visited Moncton and he was much impressed with the progress that has been made by the bustling railway center.

Officer Thomas was the last man on the force to go on the holiday list this year. The street car troubles this summer prevented the "bus coats" taking their vacations during the summer months as is usually the custom, but all of the forty-nine men entitled to the fortnight's holiday have now propped thereby and all of them are hoping that the next year's vacation will roll round in the "good old summer time."

PLANS COMPLETE FOR MEMBERSHIP DRIVE

A meeting of the Y. M. C. I. Membership Drive Committee was held at the Institute last evening where plans were completed for a Membership Drive which will be held throughout this week. The city was divided into wards and captains appointed to head teams which will canvass each section of the city for new members. The Y. M. C. I. has already a membership of some eight hundred, and every effort will be made to double the number. Last year's campaign met with much success and the Y. M. C. I. was a popular center throughout the entire winter. It is hoped that the new members will find the Institute equally as attractive this year, and a strong movement is being set on foot to impress upon the public the advantages to be gained through a membership in the Y. M. C. I.

FRAGRANCE —The aroma of "SALADA"

"SALADA"

betokens the perfection of the leaf. Famous for 30 years, Salada never varies the excellence of its quality.

GERMANS RAID GROCERY STORES

Berlin, Nov. 17.—The steadily rising cost of living, due to depreciation of the mark and other causes, has led the poorer population of Berlin to seize food by violent means. Attacks on groceries, butcher shops and bakeries started yesterday morning in one of Berlin's suburbs. Mobs of women and men all day long plundered on store after another until shopkeepers, in terror closed all food establishments in the affected district. It is feared the disturbances, which were incited by Communist agitators in the so-called council of unemployed, may spread to other sections.

MUSIC BY SUNDAY SCHOOL CHOIR

The Sunday School choir of the Main street Baptist church supplied

the music for the morning service yesterday and they provided a programme that greatly pleased all that were present. In addition to leading the hymns, two anthems were sung by the choir and there was a trio by Misses Dorothy and Marjorie Christie and Eva Lettney. A very helpful sermon on the "Truly Happy People" was preached by the pastor, Rev. Dr. Hutchinson.

The largest number yet this season was present at the Sunday school in the afternoon, the register showing that over 300 were in attendance and it is hoped to soon reach the 400 mark.

Weddings

Hillsboro, N. B., Nov. 15.—On Wednesday evening, November 14, at the home of Mr. and Mrs. Walter W. Weymouth, of Curryville, Albert county, Mrs. Georgiana Jamieson was united in marriage to Mr. John Dixon, Rev. A. Howwood was the officiating clergyman. The ceremony was performed at eight o'clock in the presence of about fifty guests, after which a sumptuous repast was served. Mr. and Mrs. Dixon will reside at Curryville.

Why Do 4000 Canadian Dealers Prefer to Sell Goodyear Tires?

MOST dealers in Canada acknowledge the good value and low cost-per-mile of Goodyear Tires and want to sell them.

These dealers know that Goodyear quality is the soundest foundation on which to build a business and they welcome the visit of a Goodyear salesman.

Over 4,000 of the best dealers do sell them.

New dealers are not added to the Goodyear organization haphazard. They are selected. They must have business ideals and a real desire to give heaping value to their customers. Such men are now being offered Goodyear dealerships and are being added to the Goodyear organization. It will pay you to buy from them.

Even those dealers who have special inducements to sell other makes of tires admit that Goodyear Tires are today better than ever they were.

The Goodyear Tire & Rubber Co. of Canada, Limited.

Dog Show Judge's License Revoked

Noted Authority, Frank Dolan Opposed to Present Methods of Appointing Officials.

(By Frank F. Dolan)

New York, 18.—It is intimated that the license of George S. Thomas, one of the best all round judges, has been withdrawn because he recently placed high up a dog in which he was formerly interested.

This reminds me of the situation which confronted Thomas at the Baltimore show some years ago. I had recently sold an Alredale and the man to whom he had sold it thought it would be smart to show the dog under Thomas' judging. The latter heard the dog had been entered and refused to permit him to bring. Afterwards the matter was taken up with the Kennel Club and the powers in charge at that time said Thomas was obliged to judge the dog whether he had sold him or not. It was made clear to Thomas that he was in the wrong in the matter.

It is certain that none could be more interested in a certain dog than one who was allowed to judge at the Westminster show in 1919 and 1920. In that instance the particular dog went away up. The man in question had never owned the dog, but he had publicly insisted repeatedly that it was one of the best dogs in the world. I still think man was licensed to judge and I have no doubt he was sincerely adhering to his opinion. If a man honestly thinks a dog is the best, he can't be proved there is anything dishonest in his decision? It is certainly an all round judge is pronounced by a dog he knows well and it acts as a handicap to him, but does indicate there is anything wrong improper in his judging.

Recently a man sold a dog three months before a show and he judged him when he came under the same show. Another judge in the same show was instrumental in placing a dog with his own prefix up as reserve winner. The first man pleaded to the dog he had owned that when it appeared to everyone as though he should easily have been at the head of his class. In the case of the second man, I doubt whether there was any collusion or corruption. He was possibly more inclined to value a dog a bit above his worth because his former connection with him, but that was merely an unconscious bias rather than an intention to judge unwisely.

No Explanation Offered.

It is a pity that license should be removed without explanation. I want to go on record that everyone should be permitted to judge and then, there is anything improper he should be suspended for a certain time for good, depending on the gravity of the offence. That is the English system, which is also used in Canada. It has been claimed that licensing is done a lot to help the dog game, but the Kennel Club has the supervision over all shows and anything wrong can be penalized whether the man holds a judging license or not.

There was never a time when good judges were more needed than today and who can know more about dogs and their relative merits than those who have devoted their entire time to the dog game? There are few judges today, both men and women, who have no strings on them, no friends to satisfy or who have no motives for favoring certain people in the belief there may be reciprocation when they show their own dogs at other shows.

If you are going to restrict judging to amateurs they should be interpreted under the strict interpretation of the rule. The dog amateurs should be those who make nothing from stud fees, buying or selling of dogs or anything else. Anyone who makes anything in this way is just as much a professional as the man who hangs shingles on a dog store. The time has come when they have to decide them some dogs in which they or someone to whom they are bound by some ties have an interest, either felt or fowl. Let's have only all professionals or all amateurs or not a big list of those in the borderline between them.

Dog Show Judge's License Revoked

Noted Authority, Frank Dole, Opposed to Present Method of Appointing Officials.

(By Frank F. Dole.) New York, 18.—It is estimated that the license of George S. Thomas, one of the best all round judges, has been withdrawn because he recently placed high up a dog in which he was formerly interested.

That reminds me of the situation which confronted Thomas at the Baltimore show some years ago. He had recently sold an Alredale and the man to whom he had sold him thought it would be smart to show the dog under Thomas' judging.

It is certain that none could be more interested in a certain dog than one who was allowed to judge at the Westminster show in 1919 and 1921. In that instance the particular dog went away up. The man in question had never owned the dog but he had publicly insisted repeatedly that it was one of the best dogs in the world.

Recently a man sold a dog two months before a show and then judged him when he came under him that show. Another judge in the same show was instrumental in placing a dog with his own prefix up to reserve winners. The first man placed to the dog he had owned third, when it appeared to me that he should really have been at the head of his class.

There was never a time when good judges were more needed than today and who can know more about dogs and their relative merits than one who has devoted his entire time to the dog game? There are few judges today, both men and women, who have no strings on them, no friends to satisfy or who have no motives for favoring certain people in the belief there may be retribution when they show their own dogs at other shows.

Stock Issue For New Hockey Rink

Three or Four Men Wanted to Underwrite Portion and Operations Will be Started.

(By Frank F. Dole.) Three or four men willing to endeavor to underwrite a portion of the stock issue for the new hockey rink is all that is needed now to start operations, Mayor Schofield said yesterday.

Too Many Clubs Hurt Golfers' Game

(By Chick Evans.) In the last few years there has developed a tendency toward more and still more clubs in the golfer's bag.

One of these is the great spread of golf's popularity. The other is a seeming fast-growing idea that each round of the course reveals to the average golfer the need of a new club for some particular shot he has encountered.

While Hunter, British amateur champion, expressed some surprise at this year's national tournament at St. Louis when he observed the scantiness of his collection clubs, Hunter carries a huge leather bag that could, without too much stretch, be called a golf trunk.

The ribbed mangle brings out this angle remarkably. Where the old-timer practiced weeks for his out-spin ball, applying the spin with his old style, smooth-faced mangle, the newer cones out his ribbed mangle and says his ball tend to the pin as pretty as you please.

However, as the player becomes more skilled in the game, he will, I think, find himself discarding all surplus equipment from his bag and cutting out his clubs to a list about like this: Driver, brassie, spoon, niblick, midiron, jigger, maulie and putter.

Disadvantages May Be Greater. A great assortment of clubs has advantages beyond the general advantage to the game which I mentioned. But I wonder if the disadvantages are not greater.

Some have a hard time picking out a car to heaven because the lower berths all seem to be taken. come to a realization of the trouble caused them by too many clubs; the less their worries. Your game will be at its best when you can walk up to your ball on the fairway, take out the one club for the shot and put into the stroke the distance required.

Schaefer Made World's Record

Chicago Billiard Player Averaged 200 in Defeating Welker Cochran.

Chicago, Nov. 20.—A world's record for 18.3 ball line billiard tournament play was established Saturday night by Jake Schaefer, of Chicago, when he averaged 200 in defeating Welker Cochran, of San Francisco, in a match in the international tournament being held here.

The tournament, which closes Tuesday, will be resumed Monday, when Horemans and Sutton will play a match to break their tie.

Racing Season In Cuba Opens Nov. 24

Increased Purses for 100-Day Meeting Will Total Close to \$700,000.

The eighth annual winter racing season of the Cuban Amateur Jockey Club will get under way at Oriental Park, just outside the City of Havana, on Thanksgiving Day, and will continue for 100 or more racing days.

The program is arranged among the best of the prettiest and best-appointed race tracks in the history of the turf, with plenty of accommodations for horsemen.

As has been the rule for years past, the stakes and purses surpass those of the preceding season. Twenty-two stake events are carded for the coming season, with a total of \$1,100,000 for short fairs, through center, and the occasion of his play here I decided, for all time, I think, my driver.

Volley Ball

In the Y. M. C. A. Business Men's Volley Ball League series two games were played Saturday afternoon and were both won by Captain Wood's team from that captained by F. Girvan.

Some have a hard time picking out a car to heaven because the lower berths all seem to be taken. come to a realization of the trouble caused them by too many clubs; the less their worries. Your game will be at its best when you can walk up to your ball on the fairway, take out the one club for the shot and put into the stroke the distance required.

FIFTY-FIVE THOUSAND SAW HARVARD DEFEAT YALE TEAM

Harvard Spirit and Harvard System Won Annual Game Saturday by Score of Ten to Three—It Was a Last Period Victory for the Crimson.

Cambridge, Mass., Nov. 20.—Harvard spirit and Harvard system won the annual Yale-Harvard game yesterday, ten to three. It was a last period victory in which a touchdown by Owen, a goal kicked from it by Buell, and a goal from the field by Owen rolled up points for the crimson against the three gained by Yale through Captain Aldrich's field goal in the first period.

The Harvard win was generally unexpected, coming as it did at the close of a season of uncertainty for the crimson eleven, and of previously unbroken success by Yale. It threw in to a triple tie for the first time in history the standing among the Big Three, Princeton defeated Harvard; Yale defeated Princeton; now Harvard has defeated Yale.

Opening the fourth period, on the new line-up, Buell, against eight yards through most of the Yale team, a punt which he caught at mid-field. His dash covered 87 yards, carrying the ball to Yale's 12-yard line.

Old Country Football Games

London, Nov. 19.—(Canadian Press Cable)—Rugby Union: Old Merchant Taylors 26, London Irish 0. Military Academy, Woolwich 15, London Scotch 16 15. Richmond 3, United Services 0. Guy's 7, Plymouth 3. Harlequins 3, Oxford University 5. Carleton 8, Swans 5. Bristol 17, St. Barts 5. Cambridge University 17, Blackheath 6.

Mt. A. And U. N. B. Past Game Records

Table with columns for Mt. A. and U. N. B. scores from 1891 to 1921. Includes rows for 1891, 1892, 1893, etc.

Now that the football season is over, and so much controversy over the recent Mt. A. protest, followers of the game might be interested to know the record of these teams over a period of years. The following table shows the result of twenty-two games and it will be noted that Mount Allison won 14 games, while U. N. B. won six games, two games being a tie.

Some have a hard time picking out a car to heaven because the lower berths all seem to be taken. come to a realization of the trouble caused them by too many clubs; the less their worries. Your game will be at its best when you can walk up to your ball on the fairway, take out the one club for the shot and put into the stroke the distance required.

British Defeated The United States

Fencing Team from England Won Eight Bouts to United States Six.

Washington, Nov. 20.—British swordsmen defeated the United States fencing team, 8 to 6, Saturday night in their bout, the second of three matches in their tournament for the Thompson trophy. The first match was won by the United States team Friday night and the third and final bout, with the same sabre, will be held in New York Monday night.

Mayor's Annual Newsboys' Race

Edmund Chandler, Y. M. C. I., won the senior boys' race in the Mayor's annual road race for newsboys Saturday morning, and George Stafford, Y. M. C. I., was second. The time for the run to the One Mile House and return was 23 minutes. The prizes were a mackinaw and a pair of boots, for first and second, respectively. The race was closely contested. Chandler won the senior race last year.

The intermediate event went to Everett McColl, with J. Marshall second. Both are Y. M. C. A. boys. The time for this event, with turn at Cooper's corner, was 19 minutes, and the prizes were for first and second respectively, a sweater and a pair of mittens.

Victory in the run for boys of 12 and under went to Roy Chapman, with Arthur Walker second. The prizes were rubber boots and a cap. The start and finish, which was held in front of the Imperial, was watched by a large crowd of keenly interested spectators, including a host of small boys.

After the races the contestants adjourned to the Y. M. C. A. and Y. M. C. I., where they had showers, swimming and finally a luncheon of milk, sandwiches, cake, pig and doughnuts.

The Argonauts Were Victorious

The Intercollegiate Champions Were Eliminated from Canadian Championship Series.

Toronto, Nov. 20.—The intercollegiate champions were eliminated from the Canadian championship series this afternoon when Argonauts, the inter-provincial entry defeated the University of Toronto by a score of 30 to 12. The better team, on the day's play won, but the winners had several breaks that helped to increase their score and there was only a shade of difference in the two teams.

Bowling Results In Local Leagues

WELLINGTON LEAGUE The Canadian National Express took three points in their game Saturday night with J. and A. McMillan, in the Wellington League on the G. W. V. A. alleys. Tonight the C. N. R. and Customs will roll.

Table with columns for player names and scores. Includes names like Quinn, Allen, Doherty, Mitchell, Morgan, etc.

The whole event furnished an lively spectacle as one would wish to see every second, whether as spectators or contestants. The prizes and food were furnished by the Mayor.

MACDONALD'S PRINCE OF WALES CHEWING TOBACCO. The Tobacco with a heart. Canada's standard since 1858. Includes image of a pack of tobacco.

THE WEATHER

Toronto, Nov. 20.—The cold weather continues with unabated severity in the Western Provinces, but so far has not spread to the eastward of Lake Superior. The weather today has been fine from the Great Lakes eastward, but snow is now falling in North-western Ontario.

Forecast—Increasing north-easterly winds, partly cloudy and cooler, probably followed by rain.

Northern New England—Cloudy, probably rain Monday and Tuesday; no change in temperature; fresh northeast and east winds.

AROUND THE CITY

PROPERTY WITHDRAWN—F. L. Potts offered for sale Saturday at auction a property on Britain street. He withdrew it with \$2,750 bid.

FIVE WEEK-END DRUNKS—Five arrests for drunkenness were made by the police Saturday night. Two practitioners spent the night in the cells Saturday and one Sunday.

HELD RUMMAGE SALE—The house committee of the Provincial Memorial Home held a rummage sale Saturday afternoon at Temple Hall, Main street, under the co-operation of Mrs. T. A. Graham.

PLACED UNDER ARREST—Police Officer McNeil arrested a man at 7:30 Saturday evening and charged him with operating a motor car while under the influence of liquor at the corner of Union and Charlotte street.

CHIMNEY FIRE—The fire department was called out Saturday morning for a fire on a chimney of a house on Prince William street. Very little damage was done. The house is occupied by David He'd, W. A. Gates and Mrs. Kate Foster.

BIG CEREMONIAL SESSION.—The executive of Luxor Temple, A. O. N. M. S., has completed arrangements for a big ceremonial session on Thursday, 24th inst. This will be one of the largest ever held in the history of the Temple, and Nobles from all sections of New Brunswick will be in attendance.

ARM BROKEN—Joseph Shea, a young lad from Prince Edward street, had the misfortune to fracture his arm when he tripped and fell on the railway track on Erin street at about 5 o'clock yesterday afternoon. He was taken to the hospital where the bone was set and where he was reported to be resting comfortably last evening.

CATHEDRAL HIGH TEA.—The Cathedral high tea is to open at the Y. M. C. I. next Saturday night and the men's committee who will have charge of the preparing of the booths and of other features in connection with the big fair, met last night to organize. The meeting was held in the St. Vincent de Paul rooms, and the work of setting up the booths will be begun on Wednesday or Thursday.

VARIETY SALE—A variety sale was held in the lobby of the Imperial theatre Saturday morning, in aid of a free milk fund for babies. Mrs. R. J. Hooper was in charge and was assisted by Miss Hooper, Miss Clara McQuinn and Miss Mary Armstrong. Among the articles on sale were fancy work, candy, flowers and bottled fruit. A quantity of baby's clothes were an exhibition of the clothes will be given to a needy baby on Christmas.

CATTLE SHIPMENTS.—The Board of Trade Saturday received word from Ottawa that its suggestion for the conversion of Shed D into a shed for the shipment of cattle through St. John had been received at Ottawa, and was being referred to Engineer Gray at St. John to confer with the railway and marine authorities and report back. This is the first official word that Ottawa is giving consideration to the St. John suggestions that preparations be made to handle cattle shipments here.

ACTED SUSPICIOUS NOW STAND TRIAL—Clifford Ritchie and Frank Zeheran were committed for trial by Police Magistrate Ritchie in the police court Saturday, on the charge of wandering about and not being able to give a satisfactory account of themselves, and also for acting in a suspicious manner in the doorway of Abraham Dreshkin's tailor shop, Main street, J. A. Barry appeared for Dreshkin.

Mass Meeting of Labor Party—A mass meeting of the Canadian Labor Party will be held in the St. John Trades and Labor Council Hall, corner of Prince William and Church streets, tonight at eight o'clock, for the purpose of nominating a Labor candidate. The meeting will be addressed by W. M. Calhoun, Farmer candidate, of Albert County. All those interested in a Farmer-Labor candidate are requested to attend.

Have Completed Cavalry Course

Number of Officers and Non-Commissioned Officers Have Been at St. John's, Quebec.

A number of officers and non-commissioned officers of the 8th Princess Louise Hussars, and the 28th New Brunswick Dragoons, arrived in the city yesterday from St. John's, Que., after completing a six weeks cavalry course.

The officers who qualified for the rank of lieutenant were Karl Kennedy of Hampton of the 8th Hussars and C. J. Osmond, Jr., of Hillsboro, and E. H. J. Barber, of St. John both of the 28th Dragoons.

The men arriving in the city yesterday reported snow four feet deep in parts of Quebec and the State of Maine through which they passed. Nearly all of the party were returned from the course was open to candidates from cavalry regiments in Quebec and New Brunswick.

Grand Chance For Local Merchants

Entire Floor in New Grand Central Palace for Canadian Machinery and Products.

The secretary of the Board of Trade received on Saturday a letter from the Merchants' and Manufacturers' Exchange of New York, stating that they had, on the suggestion of the Dominion of Canada Trade and Commerce Bureau, set aside in the new Grand Central Palace an entire floor having 50,000 square feet of space, for exhibits of Canadian machinery and products.

They asked that New Brunswick manufacturers be notified of this action on their part and invited to send exhibits of their products. It was planned to keep the exhibits open for an entire year and it was expected it would be visited by merchants from all parts of the world.

Lorne School Corner Stone

"Well and Truly Laid" by Hon. H. A. McKeown, School Board Chairman.

The Hon. H. A. McKeown, chief justice of the King's Bench Division, and chairman of the St. John School Board, laid the corner stone of Lorne School, Newman street, on Saturday at 3 o'clock, and made a brief address to the members of the School Board attended in a body.

A beautiful silver trowel, with the following inscription, was presented to the Chief Justice. "Presented by the Board of School Trustees to the Honorable Chief Justice H. A. McKeown, chairman of the Board, on the occasion of his laying the cornerstone of Lorne School, St. John, N. B., November 19th, 1921."

In a copper box 16 inches long and 7 inches in width and depth were deposited the following articles: A copy of each of the daily newspapers containing accounts of the last regular meeting of the Board; copies of Saturday's morning papers, reports of the Board of School Trustees, 1919-1920; stamps, copies of all forms used in the School Trustees' office, coins, the names of contractor and architect, the date of the letting of the contract and the contract price.

On the silver trowel being handed to the Chief Justice by the builder, His Honor standing by the stone, spoke as follows: "In hope and confidence that within this building, here begun, the minds and consciences of all who in their youth and childhood shall forsake their here, may be so quickened and aroused as to answer promptly and fearlessly the high call of Canadian citizenship, this cornerstone is well and truly laid." His Honor on concluding his remarks tapped the stone three times with the silver trowel.

MASS MEETING OF LABOR PARTY

A mass meeting of the Canadian Labor Party will be held in the St. John Trades and Labor Council Hall, corner of Prince William and Church streets, tonight at eight o'clock, for the purpose of nominating a Labor candidate. The meeting will be addressed by W. M. Calhoun, Farmer candidate, of Albert County. All those interested in a Farmer-Labor candidate are requested to attend.

D. Arnold Fox Died In England

Rev. Mr. Fleming Spoke Feelingly at St. John's (Stone) Church Yesterday.

The word that D. Arnold Fox, for many years a familiar figure to music lovers in St. John had passed away, was learned with much regret by a host of his friends in this city yesterday.

Few knew of his passing until word was given out at the morning service at St. John's (Stone) church yesterday by the rector, the Rev. Mr. Fleming who read the cable he had received Saturday. It stated briefly, "Arnold passed away."

Since his coming to the city some nineteen years ago, as organist to St. John's church through the agency of the Rev. Mr. De Soyres, Mr. Fox steadily won his way into the hearts of the people of this city. He was at all times ready to assist at social festivities and presided at the piano at many a society dinner. He was grand organist of the Grand Lodge A. F. and A. M. of New Brunswick.

Speaking in St. John's yesterday morning, Mr. Fleming, in referring to Mr. Fox's death spoke of "a affection in which he had been held by the congregation. He said that although the late Mr. Fox had suffered nearly every day of his life, he had borne his suffering bravely and cheerfully. The two psalms, which at his request the congregation had read the Sunday following his departure from the city, the 107th and 139th, denoted his own idea of a man's life. At the close of the service yesterday the congregation all stood while the organist played the Dead March in Saul.

Mr. Fox, after a brief treatment at the hospital here, left on October 26 for his father's home at Benden, Teddington, Co. Middlesex, England, to join his father, the rector of Hythe and it was there that he died.

Will Nominate Labor Candidate

Labor Representative on Farmer-Labor Ticket Will be Named Tonight.

Members of the New Brunswick branch of the Independent Labor party, and those interested in the movement, held a mass meeting yesterday afternoon at 2:30 in the Trades and Labor Council hall, corner of Prince William and Church streets. F. S. McMullin presided as chairman. F. A. Campbell delivered the report of the committee of two, composed of himself and F. S. McMullin, who had been delegated to attend the Farmers convention at Albert on Friday afternoon last. He stated that on account of the Albert branch train being delayed, he and Mr. McMullin were not in time to attend the convention in the afternoon, which, however, reconvened Friday evening at eight o'clock.

It was also stated that about 125 delegates were present at the Farmers convention from different parts of the county, and N. W. Calhoun was nominated as their representative.

After hearing this report, it was unanimously decided to call a convention of the Labor party for this evening at eight o'clock in its hall for the purpose of nominating a Labor representative on a Farmer-Labor ticket. W. M. Calhoun will then address the meeting.

WAS ACTING AS THOUGH INSANE

Man Giving Name of James Brady Attracted Attention and Was Arrested.

Passers by at the head of King and along Charlotte street had their attention centered on the traffic cop's stand at the intersection of the two streets early Saturday evening, where a lone civilian with all the appearance of an Imperial sergeant-major was directing traffic. The chap had all the motions down to a fine art, but quickly disappeared when a real cop hove in sight.

Later in the evening he was taken into custody for acting as though insane. He gave his name as James Brady, residence as Liverpool, England. It is believed that he is a returned man. He speaks with a decidedly cockney accent, and is apparently suffering from a number of delusions. Among other things he believes that he is wanted for murder, and insists on telling all his wondrous tales that he is not the man that's wanted.

PERSONALS

Dr. John T. and Mrs. Lewis of Hillsboro, Albert County, spent Sunday visiting friends in St. John.

B. MacDonald Millar, Mus. Bac. of London, England, who arrived in the city on Wednesday presided at the organ in St. John's (Stone) Church yesterday.

Mr. Millar has had extensive experience in churches in England. During the war he was Lieut. Colonel in the Imperial Army.

Prov. Executive of G.W.V.A. In Session

46,000 Memorial Poppies Distributed—Reports from Zone Vice-Presidents.

The provincial executive of the Great War Veterans' Association met in session, in the headquarters of the branch, on Saturday afternoon at 2 o'clock. The president, Major H. Priestman, of McAdam Junction, occupied the chair. Considerable routine business was transacted, and an interim report as a result of the Poppy Day campaign was received. Plans for next year's Poppy campaign were laid. Colonel S. Boyd Anderson, of Moncton, who is the provincial representative on the Dominion executive, gave an interesting account of the port Arthur convention.

Reports were received from the zone vice-presidents showing a considerable revival of interest and activity among the provincial branches. A new branch has recently been organized at St. Andrews with Rev. E. B. Hooper as president. The Moncton, Fredericton, Newcastle, Dalhousie, Harland and St. Stephen branches have recently been reorganized, and several others are in the course of reorganization. Besides these five other branches were reported in flourishing condition.

Resignations on account of pressure of business were received from F. P. Heckbert, Chatham, some vice-president for Northumberland, Restigouche and Gloucester counties, and W. J. Brown, St. John provincial secretary-treasurer. G. P. Stewart, Chatham, and G. E. Logan, St. John, were elected to fill these respective vacancies.

The report on Poppy Day showed that 46,000 memorial poppies had been distributed throughout more than fifty centres in the province with very successful results in every locality.

A very satisfactory financial statement was presented showing the command clear of debt and with a fair balance on hand for further work. It was announced that next year the Dominion convention of the G. W. V. A. will be held in Halifax, N. S.

The unemployment situation, relief measures, co-operation with the programme of the Dominion Command, political situation and various other matters were considered and resolutions were adopted providing for the necessary action in each case. The following members of the committee were present: G. E. Logan, N. T. McLeod, C. H. McLean, of St. John; F. E. McLaughlin, St. Stephen; S. G. Barter, Harland; W. G. Stewart, Chatham; S. B. Anderson, Moncton; J. T. Meating, McAdam Junction.

Dedication of Memorial Pulpit

Engraved Brass Pulpit Desk to Memory of Late Mrs. Johanna Steiper.

During the 11 o'clock service at the Mission church on Sunday morning the Rev. Father J. V. Young in the following well chosen words dedicated a handsome illuminated and engraved brass pulpit desk to the memory of the late Mrs. Johanna Steiper. "This morning it is my privilege to dedicate to the service of God this beautiful memorial in memory of one of the first members of the church, Johanna Steiper who from the first took a deep and keen interest in the Mission Church and helped considerably to build it."

"A woman who served her generation faithfully and helped many in time of need. It is truly fitting and beautiful that we should have this memorial to her. A gift that will be very useful and from which I hope the word of God will never be spoken in vain."

The inscription on the memorial reads: "To the Glory of God and in loving memory of Johanna Steiper one of the first members of this church, died August 16th, 1921."

VICTORIA WARD

Victoria Ward workers favorable to the National Liberal and Conservative party asked to meet in Victoria hall Monday evening, Nov. 14, at 8 p. m., and thereafter for organization and ward work.

QUEENS WARD

Workers of Queens Ward for National Liberal-Conservative Party will meet this evening and every evening until election day at the Seaman's Mission.

IN GUYS WARD

The workers in Guys Ward for the National Liberal and Conservative party will meet this Tuesday evening and every evening until election day in Prentice Boys' Hall, Clifton street, West St. John.

Advertisement for The Quick-Lite Lantern. Includes image of a lantern and text: "The Quick-Lite Lantern Lights With a Match. Quick-Lite is a perfect lantern for out-of-door use. It is ideal on the farm or ranch, for use in barn, milking shed, feed lot or for night choring, harvesting. Handy for hotel and livery men, night-watchmen and garage men. Just the thing for hunters, campers and fishermen. It gives splendid light in front of stores and churches, and is popular for street lighting in small towns. The Quick-Lite lantern is unaffected by wind, rain or bugs. It is absolutely storm proof and burns steadily and brightly in the wildest weather. It can be used in a thousand places where the common oil lantern is useless. SOLD BY EMERSON & FISHER, LTD. 25 GERMAIN STREET
