METHODIST.

General Conference at Winnipeg.

WINNIPEG, Sept. 6.—Nothing was done at yesterday's morning session of the Methodist General Conference outside of committee meetings, which were all over.

Many of the delegates attended the closing of the Epworth League convention last evening and made addresses. Rev. E. E. Scott, of Vancouver, president of the British Columbia Conference, speaking of the liquor traffic, mentioned the attitude of the present Dominion administration, the laxness of which, he said, when elected saw that in Quebec they possessed the balance of power and put their hands in their pockets and told the rest of the country that they cared nothing for it. "We must let these men know," said Mr. Scott, "that like the British soldier, we never know when we are licked. All hell rejoices that we are leaving politics alone and that we leave the campaigns to the unscrupulous men who govern us."

A deputation from the Women's Missionary Society (western branch) was received. Mrs. Ross, president in Manitoba, addressed the meeting, outlining in a remarkably lucid manner the work of the organization. The thanks of the conference were about to be tendered to Mrs. Ross for her address when a rather noteworthy incident took place. Y. Hiraiawa, of Kofu, Japan, who is a delegate from the far east, rose to his feet and in good English said: "I must speak for the far east to tell you what wonderful work the woman's missionary society has done in Japan. Its schools have taught thousands of young Japanese girls the road to Christianity. These girls, upon returning to their homes after leaving the schools, spread the Gospel, and the work done by the society has had a widespread influence on our nation. Three of my own daughters were educated in mission schools and are now carrying on the work of Christianity as a result." Rev. Dr. Potts, Sutherland and Stewart of Saskatoon, N. B., also spoke highly of the work of the society and said it was now indispensable in connection with the mission work of the Methodist church.

A large number of communications were read and referred to the various committees. One which will excite considerable discussion had reference to canteens in military barracks and the moral standard of the defenders of the country.

A communication on moral reform which will bring out discussions on amusements and temperance was referred to the committee on Temperance.

A petition for aid from St. James' church Montreal, was laid over until Monday.

After the communications were dealt with it was announced that many of the delegates would fill pulpits in various parts of the province on Sunday.

The committee on discipline reported as follows:

On constitutional safeguards and procedure, including the recommendation that present law of three-fourths and two-thirds shall mean of those present and voting.

A large number of notices of motion were submitted. One advocated Vancouver, B. C., as the next place of the general conference.

The matter of appointing chaplains at military and naval stations was contained in another notice of motion.

The evening session was taken up largely with committee meetings.

CANADA AND SOUTH AFRICA.

A Suggestion for Business Men.

OTTAWA, Sept. 8.—"If Canadians are true to themselves they must ship goods promptly and up to sample," are the words of Mr. Jardine, Canadian trade commissioner to South Africa, in writing to the Department of Trade and Commerce. Mr. Jardine states that Johannesburgers are taking great interest in the new Canada to the Cape steamship service, and will give it their hearty support, especially if the steamers call at Durban or Delagoa Bay as well as at Cape Town. Three-fourths of the tonnage for Johannesburg goes via Natal or Lorenzo Marques. The railway haul between Durban and Johannesburg is 500 miles shorter than by Cape Town. American and German steamers, Mr. Jardine states, call at both Cape Town and Durban ports and occasionally go up to Delagoa Bay as well.

MANITOBA'S CROPS.

WINNIPEG, Sept. 8.—Hugh McKellar, provincial deputy minister of agriculture, has just returned from a trip to Pilot Mound. He states Manitoba's wheat is nearly all cut. Scarcely one third of the work of harvesting remains to be done, but he does this 6,000 men are sorely needed. Mr. McKellar has telegraphed to the west as possible. Unless they arrive threshing operations will be dragged out so long that the farmers will have no time to do fall ploughing or make preparations for next year's crop.

TOWN COUNCIL.

Regular Monthly Meeting of Council.

REPORT OF EXPENDITURE.

on Water Works and Electric Light Works. A good Showing.

The regular monthly meeting of the Newcastle Town Council was held in the council chamber last Wednesday evening, there being present, The Mayor, and Ald. Ritchie, Hennessy, Williston and Phinney.

A communication from Zinslow Bros., cost of water power purposes was laid on the table.

Communications from the South West Boom Co., H. J. C. Bell, Altwick, and Stanley Simpson, re taxes, were read and referred to Committee on petitions.

A discussion took place on the assessment and a number of cases were cited in which the assessment was out of all proportion. At present there are a number of petitions before the council, and a large number of complaints have been made of unfairness in the said assessment.

The following report of the Committee of the Whole was read:—

Ald. Hennessy asked if there had been any recommendation made to the government in reference to the appointment of a school trustee to take the place of the one retired.

The Mayor said that there had been none.

Ald. Hennessy said that this ought to be attended to at once and the matter should not be let go by default.

Ald. Williston said there was much truth in Ald. Hennessy's remarks. This matter had been allowed to slide too long.

The following report of the Board of works was read:

This report was laid on the table.

The following bills were passed:

Council then adjourned.

Newcastle, N. B.

Sept. 3rd, 1902.

To His Worship, The Mayor, and Aldermen of the Town of Newcastle

I beg to report that the Committee of the whole Council met in the Council Chamber on the afternoon of Wednesday the 13th August to consider the letting of the contracts "H. and L."—Electric light plant and electric light engine.

The following tenders were received:—

Contract "H" 1 The United Electric Co., \$8423 00

2 The Can. Gen. Electric Co. 9650 00

Contract "L" 1 The Robt Engineering Co. 2925 00

6 Watersons Engine Co. 2585 00

Compound Engine & Condenser (high speed) 2585 00

Compound Engine and Condenser 2035 00

Simple Engine 1843 00

The Mayor stated that as Mr. Johnson representing the United Electric Co. and Mr. Fisher representing the Can. Gen. Electric Co. were both present, it would be as well to take up the tenders of Electric Plant first.

On motion both representatives were heard before the committee. And it was resolved on motion of Ald. Fish, seconded by Ald. Hennessy, that the tender of the Canadian General Electric Co. be accepted provided that Company allow a reduction of twenty-five dollars per thousand feet on all secondary wiring not required by the Town and further that the Company strike off \$300 from their contract provided all poles but lamp poles be reduced to a diameter of 7 at the top—the lamp poles to remain 8 as specified. The Committee then adjourned to meet at half past seven.

The Committee having met according to adjournment Mr. Fisher on behalf of the C. G. E. Co., appeared and agreed to accept

Supreme Court.

September Circuit Met Here Yesterday.

The Supreme Court, Judge Landry presiding met here yesterday. There was no business to come up so the Grand Jury was discharged. A great deal of fault has been found with reference to those summoned not showing up. The Chatham jurors summoned were all present while there were six or seven absentees in the Newcastle list. Through the clemency of the Sheriff these were not fined.

MR. MCKINNON ACCEPTS.

Call to St. James Church, Newcastle.

At the meeting of the congregation of St. James church held some time ago a call was extended to Rev. Murdoch A. McKinnon, late assistant to Rev. Dr. Armstrong Black of St. Andrew's church, Toronto. The call has been accepted by Mr. McKinnon and at a meeting of the Presbytery was sustained, and induction is arranged for Sept. 23rd. The salary is \$1,200 and Manse

the above qualifications to the Company's tender and the contract was accordingly awarded to them.

The tenders for Electric Light Engine were then taken up and Mr. Evans representing E. Leonard & Sons and Mr. Mays representing The Robt Engineering Co. were heard. It was resolved, on motion of Ald. Ritchie seconded by Ald. Hennessy that the tender of E. Leonard & Sons for a Compound Non Condensing Engine for the price of \$1730 be accepted.

On Friday, the 15th day of August a meeting of the Committee was held in the Engineers office and several matters pertaining to the Water Works and Electric Light plant were discussed with the Engineer. At this meeting Addison Vye was on motion of Ald. Hickson, seconded by Ald. Hennessy appointed Inspector of the Reservoir.

On Monday, August 25th a meeting of the Committee was called to consider the matter of pilasters on the front of the Power House.

A letter from Mr. Thorold, Resident Engineer, complaining that the Contractor was not building these pilasters according to his agreement with the Council, was read and Mr. Thorold, Mr. McLean and Mr. Maltby, the Inspector were heard by the Committee.

On motion of Ald. Hickson, seconded by Ald. Ritchie, it was resolved that the Maritime Contracting and Mining Co. be required to carry out the resolution of the Council in reference to pilasters made on the 16th July last and agreed to at that meeting by Mr. McLean, the Director in charge of the work for the Company.

The following contracts have been awarded:—

Contract A Clark & Connelly 23,000 00

" D Marx, C. & M. Co. 7,500 00

" C James O. Fish 5,870 00

" D Clark & Connelly (straight pipe at \$35.40 per ton say 430 tons 15,920 00

To His Worship, The Mayor and Aldermen of the Town of Newcastle.

The Public Works Committee begs to make the following report:—

1 Your Committee has made every effort to procure a suitable building for storing Town property but was unable to get a building that would do, therefore we recommend that this Town erect a store room and barn of its own.

2 We met a committee from the Merchant's Institute and they made an offer that if we would agree to pay rent from April 1st last, at \$2.00 per month, we could have the use of the Institute building until December 1st next.

3 We would recommend that the advert at Willow Brook be rebuilt and that three 12 sewer pipes be put in and the road way built up solid.

We would also recommend that a quantity of 12 sewer pipe be brought from Clark & Connelly at the price of 15c. per foot quoted to your Committee and that as the present plank sewers go out, this 12 sewer pipe be used to replace them and the roadway filled in solid.

4 We have examined the accounts attached and recommend that as per memorandum below.

His Narrow Escape. PARTICULARS OF THE ACCIDENT

To President Roosevelt—Motor Man's Responsibility.

LENOX, Mass., Sept. 3.—The accident to the President's coach today happened in this way. After leaving Sen. Dawes' home the four carriages containing the President and his immediate party were driven down South street, two carriages on either side. When near the Country Club and at the railroad crossing an electric car was noticed coming at a terrific rate of speed. Mr. Craig, a secret service man, signaled to the motorman to stop, but he apparently paid no attention to the warning and the car came plunging on in its work of death. The President's carriage was literally smashed to pieces and it was feared that the President and Gov. Crane had met instant death.

A witness of the accident stated that the motorman was speeding his car in order to make time. The President, Gov. Crane and Sec. Cortelyou were piled in a heap. The awe-stricken crowd which witnessed the accident rushed to the President's carriage, but with no expectation that he would be found alive. The President was cut on the right side of his chin and his face is much swollen. He is also suffering from severe bruises. Gov. Crane and Sec. Cortelyou were uninjured except for a bad shaking up. The President retained his complete composure, although he was solicited for the rest of those in the carriages.

The excitement was intense and rumors flew thick and fast that the President had been killed. After remaining at the scene of the accident for an hour the President determined to continue his journey to Stockbridge, where his train was waiting on a siding. He arrived at Lenox shortly after 11 o'clock, but sent a courier ahead requesting the people to refrain from cheering. After a brief stop here he was driven to the train. In the next carriage to the President when the accident happened was Dr. G. A. Lung of the navy, who accompanied for just such emergencies as this and who was promptly on hand to render assistance to the President. But the President was disinclined to receive medical attention, saying he was but slightly hurt.

The trolley car came up behind the President's carriage at terrific speed. The carriage was struck as it was crossing the tracks diagonally. Craig, who was looking around and half standing, trying to warn the trolley car back, was knocked from the box to the track and the car passed over him, killing him instantly. The carriage was knocked to one side and wrecked. The President was thrown out and the wreck of the carriage fell against him. He was picked up bleeding from a cut on the right cheek, but he was able to get on his feet at once. Sec. Cortelyou was unconscious when picked up. He was badly hurt on the back of the head and on

the face, but soon recovered enough to ask for the President. Gov. Crane was badly bruised, and Rep. Lawrence was the least hurt of any of the party in the President's carriage.

The driver of the carriage, D. J. Pratt, was very badly hurt and has since died. He fell with Craig, but the reins swung him out of the path of the car.

The Military guard of four mounted men of the Second Massachusetts infantry were the first to get at the wreck. They were at once assisted by Secret Service Agent Taylor and Post office inspector Meyers, detailed on secret service duty, who were in the second carriage. The President was helped to the second carriage with Sec. Cortelyou and they were at once attended by Dr. Lung, who was in the third carriage. The President at once directed that Craig's body be cared for and sent couriers ahead to prevent cheering and to announce that he would go at once to his train which had been sent ahead to Stockbridge.

The President stopped for a few moments at the Hotel Aspinwall, where the party was to have lunched and made a brief announcement to the people who were silently gathered on the steps. He alighted from the carriage and walked a few steps and was clearly under the stress of great feeling.

Then he retraced his steps to the carriage and turning said to the people:

"We have met with an accident. One of the party, a faithful friend, has been killed and our driver undoubtedly fatally injured. Under the circumstances, it is, of course, impossible for me to say more to you than I deeply appreciate your kindly greeting."

Then he went on to Stockbridge.

PAIN'S CELERY COMPOUND

Permanently Cures Sick and Nervous Headaches That Make Life Miserable.

Sick and nervous headaches are amongst the worst ills of life. The man or woman who is subject to headache at irregular intervals, goes through life bearing a load of misery and wretchedness that is terrible to think of.

Headaches as a rule, result from a disordered condition of the nervous system. Mental excitement, loss of sleep, bodily fatigue and disordered digestion are exciting causes. When the brain becomes tired and debilitated, the whole nervous system is weakened, and headaches result. If the liver is sluggish, the kidneys inactive and digestion deranged, headaches invariably follow. To cure and prevent headache, the nervous system must be strengthened and vitalized. The most persistent cases of headache, nervous feelings and sleeplessness are permanently cured by Paine's Celery Compound. It is the great restorative of the nervous system. Mrs. A. H. Weston, Centerville, Ont., writes as follows:

"For many years I was sorely troubled with severe headaches, so that at times I was completely prostrated and unable to do my household duties. I started to use Paine's Celery Compound, and after a few days I felt a great relief, and since using it I have been free from the trouble. I can now do my household duties and feel as well as ever. I always have a bottle of Paine's Celery Compound on hand."

And I should like to preach to you, my dear little boy. A few days before his father's death he wrote to his father's friend, Mr. J. H. Weston, saying to the little boy: "So you father is going to work in New Bedford, is he?"

The little boy looked up, wondering. Oh, no, he said, only preach.

THE UNION ADVOCATE, WEDNESDAY, SEPTEMBER 10, 1902

The UNION ADVOCATE SOUVENIR EDITION.

This Edition which was published late in June, by the publishers of the Advocate is still on sale at this office, we having about 750 copies yet to dispose of, and those wishing copies to mail to their friends, should order at once.

What the Press of the Maritime Provinces said about this Edition.

Boston, Mass., July 10th, 1902.
Gentlemen:—

I received the Souvenir Edition of the Union Advocate, for which please accept my sincere thanks. Allow me to congratulate you on producing in your Souvenir the best publication of its kind ever issued from that part of the country, not alone in typographical appearance but in the many interesting articles it contains of interest to sportsmen. Being familiar with the scenes and places described therein, the edition recalls to my mind many reminiscences of the land of my birth. The Miramichi in my opinion is the greatest hunting and fishing country in the world, and I have yet to find a sportsman who has visited it who was not enthusiastic over the splendid opportunities it affords for both large and small game. There is one thing lacking, however, and that is that the Miramichi is not advertised as extensively as it should be, and your Souvenir Edition of the Union Advocate is a step in the right direction. When you take into consideration the thousands of dollars spent by sportsmen who visit Maine each year, there is no reason why the Miramichi with its waters teeming with fish, and its forests abounding in game, should not be made an attractive point for the sportsman and receive a fair share of the money spent for those recreations.

Your enterprise in producing such an edition of your paper is commendable, and I was glad to see that its advertising columns were well patronized by the progressive merchants of the place. They believe in "printer's ink" and will be compensated tenfold for their outlay, by turning the Miramichi into a popular resort for the sportsman.

Yours sincerely,
M. T. MONAHAN,
Messrs Anslow Bros.,
Newcastle, Miramichi, N. B.
Mr. Monahan is a former Miramichi boy and one of the best printers in Boston. He was Supt. of the city printing plant for two years.

AN EXCELLENT ILLUSTRATED PAPER.

Messrs. Anslow Bros., of Newcastle, are to be congratulated on the production of a handsome illustrated souvenir edition of their enterprising weekly—The Union Advocate—the longest established paper on the North Shore of New Brunswick. This edition contains much valuable information in reference to the Miramichi, and the North Shore generally, including historical articles, papers on our fish and game resources, sketches of camp life, etc. There are three of Mr. Hestley V. Parker's beautiful productions: "Dungarvon's Contingent is Ready" and "The Days of Duffy Gillis," which originally appeared in the ADVOCATE, and "The Man Behind the Boat-hook," now given to the public for the first time, also Mr. D. G. Smith's article (illustrated) on "The Salmon Leap," which appeared last March in "Forest and Stream." The illustrations are all excellent half-tones and include views of local

buildings, rivers, angling and hunting scenes. The whole is enclosed in a handsome cover of original and striking design showing a bull moose on his "last run," just tottering to his fall from a rifle shot. The price of the souvenir number is only ten cents. It may be ordered from Messrs. Anslow Bros., or Mr. Ed. Johnson, Chatham. It ought to have a very wide circulation.—ADVANCE.

THE ADVOCATE'S TOURIST NUMBER.

The Souvenir Number of the Newcastle Advocate reflects credit both in appearance and general make-up, on managers. The cover is attractive, appropriate and original in design. The subject matter shows careful study and research on the part of those by whom it was gotten up. The local history is interesting, and the resources of the county will set forth both by description and illustration. The poetical sketch "The Man Behind the Boat-hook" is a simple story of unostentatious bravery and we get a spice of Patriotism in "Dungarvon's Contingent is Ready." Altogether in its construction we consider it a decided success—from a financial stand point we hope it is not less so.—EVENTS.

A "BIG GAME" SOUVENIR NEW PAPER.

The Messrs. Anslow Bros., publishers of the Union Advocate, Newcastle, N. B., have issued with handsome covers, in colors, an Illustrated Souvenir Edition of that well-posted and up-to-date weekly. The Union Advocate is in the 35th year of its existence, and now shows a green old age by branching out in what it is pleased to call its Big Game issue.

This number is well illustrated with forest scenery, and fishing and hunting experiences along the region of the Miramichi.

The contents are—
Frontispiece—The Monarch of the Forest.

History of the Miramichi.

Its Big Game Resources, illustrated by a large number of hunting scenes.

"The Man Behind the Boat-hook," a poem on the brook of the south-west boom in 1881.

Several hunting and fishing stories by John Connell.

Synopsis of New Brunswick game laws.

Poem—"Dungarvon's Contingent is Ready."

Photographing a Salmon Leap.

Poem—"In the Days of Duffy Gillis."

Forty-five engravings of local scenery.

This souvenir number is just what the intending hunter of fisherman to that part of New Brunswick wants, and for 10 cents he can get all this information by writing the Union Advocate, Newcastle, N. B., for its Souvenir Number.—TRURO NEWS.

A wounded moose on his last run

forms an attractive subject for the cover design of the souvenir edition of The Newcastle, N. B., Union Advocate, which has been published with a view to setting forth the advantages of the Miramichi district as a Summer pleasure-ground and a sportsman's paradise. The number is of the size of the English illustrated weeklies and contains many excellent photographs of scenes in the district. The literary portion has not been neglected, and the reader is treated to an historical account of the Miramichi, dealing with its industries, its people, the great fire and other matters of kindred interest, while some very good poetry about the lumbermen and their life is included. The Union Advocate, which by the way, is published by Anslow Bros., is now in its 35th year, a splendid showing for a Canadian paper.—PUBLISHER AND PRINTER.

Messrs. Anslow Bros.,
Newcastle, N. B.

Dear Sirs:—
We must congratulate you on the excellence of your Souvenir Edition, the got up of which is most creditable.

We trust you have met with sufficient success in this enterprise, and you to frequently repeat similar publications.

Yours truly,

Gentlemen:—
Enclosed is 10c. kindly send me the "Souvenir number" hunting edition that you have gotten out. I saw it noticed in "Hunting and Fishing." Was in Newfoundland last fall and this expect to go to N. B.

Thanking you in advance and hoping to receive same promptly, I am

Yours truly,
M. W. HALL

Messrs. Anslow Bros., publishers of the Union Advocate, Newcastle, N. B., have recently issued a souvenir edition. It deals principally with the Miramichi district, its origin, people, great fire, big game, geese, ducks, fly fishing, the sun and substance of which is the claim that it is the sportsmen's and tourist's paradise of New Brunswick. The illustrated cover is excellent, and depicts a monster moose making its last run over the snow-clad stretches of the district. His path is marked by a track of blood, which flows from a fatal wound in his side. Numerous half-tone engravings adorn the pages, and the whole is supplemented by a large map of the province of New Brunswick. This souvenir edition is certainly in the interests of the Province and a most commendable production. It is doubtless if any publishing house in New Brunswick ever issued a more beautiful and useful souvenir especially aimed at distribution among sportsman and tourists than that just issued by the Union Advocate of Newcastle.—TRANSCRIPT.

NEW BRUNSWICK'S GAME AND FISH.

The Union Advocate, a newspaper published at Newcastle, Miramichi, New Brunswick, has just published a souvenir edition, which is a highly creditable publication. It has an illustrated cover showing a bull moose, wounded and making its last run. It contains a brief history of the Miramichi river, a review of its industries, poems and many attractive and interesting half-tone reproductions from photographs, most of which are shooting, fishing and camping scenes. There is an article entitled Northumberland County, Its Game Resource, etc., which is particularly good and contains a great deal of information of interest and great value to the sportsman.—SHOOTING AND FISHING.

BIG GAME IN NEW BRUNSWICK.

Messrs. Anslow Brothers, of Newcastle, N. B., publishers of the Union Advocate of that town, deserve great praise for the splendid illustrated edition of their paper which appeared last week.

It is a souvenir edition dealing with the game and lumber resources of Northumberland County and beautifully illustrated with half-tone cuts. Every one interested in hunting and especially big game should send for this paper. Not only is the country charmingly described, but all information as to how to reach the game is given.

There is also an interesting historical sketch of the "great fire" of 1825 and many other features. This we will be mailed to any address on the receipt of 10c.—HOMESTEAD.

THE UNION ADVOCATE.

A souvenir edition of the Union Advocate, Newcastle, N. B., has been published. It is very attractive and contains several articles descriptive of the Miramichi. On the illuminated cover is a picture of a moose entitled "His Last Run." There is an historical sketch of the Miramichi including an account of its resources. A poem—"The Man Behind the Boat-hook"—is illustrated. There are several fine photo engravings of hunters in pursuit of game and rural scenery in the vicinity of Newcastle and Chatham. An illustrated article on "Photographing the Salmon Leap" by D. G. Smith is very interesting. Stories and brief descriptive articles have a prominent place. The edition is certainly a very creditable one.—GAZETTE.

The Newcastle Advocate has issued a splendid illustrated souvenir supplement, filled with excellent original and selected matter and highly creditable to the Messrs. Anslow. The press work is exceptionally fine.—COURIER.

A SPLENDID EDITION.—It is an editor's privilege to often have laid upon his table creditable products of the pen and press, but it is not every day we have the pleasure of pursuing so interesting an issue as that of the Union Advocate which has just come to hand. To the publishers, Messrs. Anslow Bros., of Newcastle, N. B., we extend heartiest congratulations. This edition contains within its pages much information for the sportsmen, and also gives the reader a correct conception of the country and its numerous attractions. There are also views of the beautiful city of Fredericton and surrounding country. Here the pleasure seeker will find everything to please him. This souvenir edition gives all the desired information in the most attractive form imaginable. The price is only 10c. Send in your order without delay as the demand is great. Address, Anslow Bros., Newcastle, N. B.—HANTS JOURNAL.

The Souvenir Edition of the Union Advocate of Newcastle, Miramichi, is one of the brightest and most interesting publications received at this office for some time. It marks the thirty-fifth year of the existence of that journal, and the publishers, Messrs. Anslow Bros., merit the congratulations of their contemporaries on the enterprise displayed. The press work is most creditable and the editorial matter very interesting, especially from the view-point of the Tourist and Sportsman. The edition also contains an excellent map of New Brunswick indicating the big game haunts and the way to get there.—FARMER.

We have received a copy of the "souvenir edition" of the Newcastle, N. B., Advocate of which Messrs. Anslow Brothers are publishers. The paper is accompanied by a map of the Province, in which are delineated the best game resorts of the country. The work is a very creditable one and the publishers are to be congratulated on their enterprise. It will be sent to any address on receipt of 10 cents.—YARMOUTH TELEGRAM.

The Souvenir edition of the Union Advocate of Newcastle, is a credit to the publishers, Messrs. Anslow Bros. They have endeavored quite successfully to convey to the minds of their readers some adequate idea of the beauties and resources, the great game preserves and other natural attractions of that great country known as the Miramichi.—REVIEW.

SOUVENIR EDITION.

The enterprising publishers of the Union Advocate, Newcastle, N. B., have issued a souvenir edition. It is devoted principally to setting forth the merits of the Miramichi as a big game country, and by means of excellent articles, well illustrated, it succeeds admirably in its purpose. There are forty-five pictures of Miramichi scenery, and a large map of New Brunswick. Messrs. Anslow Bros., will mail copies to any address on receipt of ten cents.—MONSTER.

ADVERTISING THE MIRAMICHI.

MIRAMICHI ILLUSTRATED.—A handsome illustrated number, describing the hunting and fishing attractions of the Miramichi, has been issued by the Advocate, and is for sale at 10 cents. Chatham looks like a small hamlet and Newcastle like a city in the pictures it gives of them.—WORLD.

The Star has received from the publishers of the Newcastle Advocate a copy of their special Big Game issue, which is in magazine form, profusely illustrated with half-tone engravings of Miramichi scenery and hunting and fishing scenes, of the sort to make the sportsman long for a holiday in that region. This outing number reflects great credit on Anslow Bros., the publishers. Copies will be sent by them to any address on receipt of ten cents.—ST. JOHN STAR.

MIRAMICHI ENTERPRISE.

The Newcastle Advocate, which has been greatly improved of late, is to the front with an illustrated number that is not only a credit mechanically, but is calculated to be valuable as an advertisement of the North Shore. The hunting scenes are splendidly executed and the number will be greatly prized by sportsmen and others. Single copies will be mailed on receipt of ten cents.—TIMES.

THE UNION ADVOCATE of Newcastle has published an illustrated souvenir edition which will be of much interest to sportsmen. It will be mailed to any address on receipt of 10 cents. Anslow Bros., Publishers, Newcastle, N. B.—REPORTER.

The Newcastle Advocate has issued a handsome illustrated souvenir edition in magazine form with illuminated cover, maps and much descriptive matter about the Miramichi as a hunting country. Ten cents will procure a copy sent to any address.—TELEGRAPH.

The entire work of the edition was done in our own office, by our regular staff, and the kind reception and words of praise from the press as a whole, and hosts of our readers are greatly appreciated. This is the first time such a publication has been issued from any office in the Maritime Provinces, and although financially it was not a success, otherwise it has been, and the publishers do not regret the loss of a few dollars, in an enterprise which has done the Miramichi some good, as we are convinced this issue has. In parting we may add that with a new press for fine illustrated and general work, and a large assortment of the latest type styles, this office can turn out a class of work second to none in the province, and at fair prices. SUBSCRIBERS will kindly watch the date opposite their names on the *ADVOCATE* each week, for two reasons: to note when they are in arrears, and help the Publishers by paying up promptly, and when paid up to see that the date is changed.

The S. S. Terne is loading at the wharves.

Congratulations to Mr. and Mrs. Jas. Sullivan on the arrival of a son.

A good time is expected at the hot supper and dance at the New Hall Mill on Thursday evening.

Mrs. Burger's visit was a blessing to us and Master Charles will give her a royal welcome.—Boswell Globe.

10 per cent. discount on the balance of our Ladies' Shoes this month at McMillan's Shoe Shop.

The citizens' band came up from Chatham on Tuesday night and serenaded Mr. Chas. F. Park. Mr. Park has frequently made them donations of music.

There is an unusually large crop of hazel nuts this year and those who frequent the woods in the vicinity of the town remark the entire absence of squirrels.

Mrs. Burger addressed 8,000 people at the Mayville Chautauque and held them spellbound for two hours.—Gazette, St. Joseph, Mo.

The Salvation Army will hold a special meeting on Monday evening, Sept. 15th, entitled "Living Shadows" or a life shadowed by sin, after many days.

The Loggieville Presbyterians are making progress in the direction of building a church. Messrs. A. & R. Loggie have been given a site, just west of the Loggie residences.

Mr. Geo. B. Williams the celebrated entertainer will give one of his celebrated entertainments in the Temperance hall, Friday evening. Mr. Williams is so well known that we need not enlarge on his merits.

Professor Layton is now reorganizing his music classes for the fall and winter terms and those wishing to avail themselves of his instruction will kindly call at his studio in the Lombard Block, where necessary arrangements can be made.

No farm institute meeting or exhibition can be a success unless well advertised. Posters and prize lists printed to order at very reasonable rates. We have a large number of stock engravings with which to illustrate same. Work done promptly.

Don't forget the Harvest Supper and Dance in the New Hall, Millerton, Thursday evening. The committee in charge are making extensive preparations to make it a success, and we assure our readers that a first rate time may be expected. Proceeds in aid of new hall.

The Westminster Abbey Choir, which sang at the Coronation of the King, is singing at the New St. John's Church, Chatham on Thursday evening, the 18th. Those attending are advised to secure their tickets at Shaw's drug store. The steamer Rustler will make a trip, leaving Newcastle at 7 o'clock. Tickets 75c.

Watch for Mrs. A. Demers' adv. next week. Mrs. Demers intends to offer her entire stock of millinery and ladies' wear at great bargains in order to clear as she intends to go to her entire stock. This would be a grand opportunity for any one desiring to buy established millinery business and can place on good terms.

Don't forget meeting the pastors, Sunday School teachers and superintendents of every town to meet to have a share.

Reduced rates of travel for delegates and visitors are being arranged on all railways and buses, and will be published later. An official notice to learn that Mr. Marion Lawrence, the International Field Secretary is to be present at this convention. Mr. Lawrence has had a lifetime experience in Sunday School work, from being a scholar at the age of five to the International Field Secretary, and is a good counsellor, eloquent speaker and devout Christian.

The attention of our readers is drawn to the announcement on another page of this paper, which affords a splendid opportunity to secure that great family paper, the Family Herald and Weekly Star, of Montreal, at a very low price. The Family Herald and Weekly Star is well known to be in a class entirely by itself as a family paper, and the desire to introduce it into new homes has enabled us to make this arrangement with the publishers of that great paper. We learn that the Family Herald publishers will shortly announce that they will give a pleasant surprise, which will be mentioned in this paper.

Harvest Supper and Dance, Millerton, Thursday night.

The social dance at Millerton last Friday night was very successful, and everybody had a good time.

Nelson Division S. of T. Millerton, will hold a Harvest Supper in their new hall on Thursday evening, Sept. 11th. A good time is assured.

September weddings are very popular. The Advocate has of late been able to take place in Newcastle and vicinity to day. We wish all the participants much joy.

Mr. George Stables is putting a handsome plate glass front in his store. This will add greatly to its appearance. Mr. Thos. Power is doing the work.

Mrs. Burger is the finest reader and lecturer that we have ever had in this part of the country.—Valley Enterprise, Milford, Ohio.

Don't forget the fact that we carry a full assortment of paper bags from 1 lb. to 20 lbs which we sell at lowest trade prices. Liberal discounts for large quantities.

The Annual Convention of the Provincial Sunday School Association is to be held in Germain Street, Baptist Church, St. John, October 14th, 15th and 16th.

Don't forget the hot supper and dance to-morrow evening at the New Hall Millerton. It will be the event of the season.

Our readers in the lower end of Northumberland and in the counties of Gloucester and West Gloucester will be called on in the course of a few days by H. B. Anslow, in the interests of this paper and we trust that all will be prepared to meet him.

On Saturday a young man, Cormier by name, of Grand Anse, while working in Richards, mill Campbellton, had four toes taken off his right foot by a saw. He was standing with his toes over the opening through which the saw rises to make the cut, when some one stepped on the button, thus forcing the saw upwards, and through Cormier's foot severing four of the toes.—Events.

For the fall weddings we have received a large stock of choice wedding stationery for invitations and announcements, and those who have just printed, for two of Newcastle's popular young ladies, have received many flattering comments. These are done in the very latest style from type specially imported from the United States for this class of work.

Many who have seen them, were of the opinion that they must have been printed in St. John or Halifax, but for the benefit of those, and all, we wish to say that the best work is not done in large cities and that in all lines our work is on a par with that turned out in city offices. Newcastle people too often jump to the conclusion that they have to send outside their own town for goods which it would be more to their credit to procure at home and encourage home industry.

The Salvation Army will celebrate their Annual Harvest Thanksgiving Festival on Saturday, September 13th to Wednesday, Sept. 17th, inclusive. The officers in charge of the local corps solicit from the public a title of the beautiful blessings of field and store, in kind or cash as a thank offering to God. Anything received will be turned to good account to support the numerous benevolent institutions, as well as to continue and to extend the evangelical work of this successful organization. It is now generally conceded that the Army has become a very necessary recognized institution in this and in every other country where it operates. Their achievements are beyond controversy, highly praiseworthy.

PAGE WIRE FENCE

This is the Page Standard II Bar Fence, made of "Page" wire which is twice as strong as common wire. The continuous coil, note wavy appearance, allows for expansion and contraction which is important owing to Canadian climate. Our upright wires are in one piece and have strength of about 800 pounds. If made of pieces spliced at each horizontal, they would have a strength of only about 500 pounds. We also make gates, ornamental fences, poultry netting, nails and staples. BATHURST.

The many friends of William Melanson are pleased to hear that he is improving and the doctor has now hopes for his recovery.

The C. M. B. A. picnic took place on Labor Day in the beautiful grove on the Burn's Farm. Notwithstanding the heavy rain that fell during the forenoon the grounds were crowded and it was a grand success. The music was furnished by the C. M. B. A. Band of Newcastle, and Archie McEachern of Chatham with his orchestra supplied the music for the dancers. The grounds were nicely laid off, and all the usual sports seen on occasions of that kind were there, such as dancing, wheelbarrow races, bowling alley, base ball, etc., dinner and supper were both served and refreshments in the way of beer, ice cream and cigars were in abundance. Much credit is due to the ladies who assisted the Committee in the affairs of the Campbells team won the base ball match. The score being 13 to 11. Considering that the game was played in the rain, it was a roaring hot one. The proceeds netted in the vicinity of \$300.

for parts unknown, but even then there was little to lead to the suspicion that he had been dealt with fairly.

Several weeks after this a citizen of Sanguis in passing over a floating bridge, a little used structure over a pond in North Sanguis, a portion of a man's leg in a clump was found in the water, caught in a clump of bushes. A closer inspection developed that another leg had been sunk near the spot. The police were notified, and when the pond was dragged half a dozen portions of a dismembered body in sacks were brought to the surface. The remains proved to be those of the missing Bailey. Suspicion was directed against Best and his arrest followed.

The autopsy showed that the man had been shot, the murderer afterwards cutting up the body with an axe, enclosing the parts in sacks and driving them to Floating Bridge Pond, 1.2 miles distant. While in jail Best informed his brother-in-law, a man named Stiles, that Bailey's watch and money were hidden in the barn. Stiles informed the authorities and this evidence convicted Best at the trial.

It is a general theory that Best became insane at Bailey while the former was crazed with liquor and shot him from the cover of the barn. Before the body was dismembered, the watch and money were taken from it. Best's counsel attempted many times to have a new trial ordered, and in half a dozen actions attempted to save the unfortunate man. Best's father came here from Sackville last month to see him, and the condemned man had also been visited by his sisters, who reside in New England. Best was about 40 years of age and was unmarried.

YACHT CLUB MEETING.

Mr. Stewart Adds More Insult as Salt to his Dish of Crow.

The yacht club meeting held in Chatham last Thursday afternoon was a warm one. As we did not have a reporter there we give a condensed report from the World. Mr. Stewart showed by the Sec. Treasurer's statement that the charge that the money had been withheld from the prize winners, part of it for two years, was absolutely and literally correct; invited Mr. Tweedie to produce a copy of The World and prove the truth of his allegations respecting the nature of the charge, and said if his paper had charged anything at variance with the facts as they had appeared he would be only too happy to withdraw it. It was true that the money had been withheld, as charged, but as it appeared that Mr. Lawlor had had part of it, and part of it had been laid away in a safe, he withdrew whatever he might have said in regard to his having been used on the Wenonah or for other private purposes by Fred Tweedie. As a man, a yachtsman and a journalist he wanted only the facts and would be happy to publish them exactly as they had appeared at this meeting. This he would do as a matter of course, and not because anything he or his paper had said, except in regard to whether the club prizes had or had not been withheld improperly, was a matter for club inquiry. He had understood that the all-club brother gathering had assembled for the purpose of expelling him from the club. Such action on their part would not disturb him in the least. Go ahead and pass all the resolutions they pleased, but no resolution would alter the facts, and he would see that the facts were published.

Finally, after much consideration and many suggestions from the inner family circle, the following was proposed and adopted:

Resolved, that the members of the club regret that unfounded charges have been made against the Sec. Treasurer, and they find no reason for such charges; and that this meeting adjourn for one week from this date to obtain the papers published, and for further consideration of this matter, and that such meeting be at Col. Call's office on Thursday next, 11th inst., on arrival of 2 p. m. boat from Chatham.

Commodore Miller instructed the Sec. Treasurer to pay the prizes due, as far as funds on hand would permit. Mr. Stewart withdraws anything that has appeared in The World in regard to Sec. Treasurer Tweedie having used the club money for personal expenditures, accepting his statement in regard to his disposition of the amount in his hands, and hopes the young man will be better informed concerning any duties he may undertake hereafter and rumper in performing them.

BIG GAME HUNTERS.

Sportsmen are Already Arriving and Anticipate Good Game in New Brunswick.

Mr. F. E. Horne, of Boston, arrived here yesterday afternoon and registered at the Queen. This afternoon he went out on the C. E. R. on his way to the Miramichi hunting grounds with Richard Evans as guide. Mr. Horne intends to spend several weeks in the woods and to get a moose before he returns to civilization.

Mr. Edwin B. Holmes is one of the most famous sportsmen who visits this province, and he arrived here yesterday upon his ninth trip to the wilds of New Brunswick. Last year Mr. Holmes spent four weeks in the woods with Arthur Pringle as guide and in that time he got all that the law allows—a moose, a caribou, a deer with the finest head that Mr. Holmes has ever seen, and a bear. Mr. Holmes is an amateur photographer of note and has the finest collection of photos of wild animals in America. Many of them were taken on the Miramichi. Arthur Pringle accompanies him as guide on the present trip and Mr. Holmes will shoot bear before the season for moose opens.—Gleaner 6th.

SEPTEMBER WEDDINGS.

Caldwell-Reid

A very quiet wedding took place at the home of the bride last Wednesday evening when Mr. Arthur B. Caldwell of New Carlisle, and Miss Wilhelmina Reid of this town were united in marriage by the Rev. Ym. Attkin. The bride was beautifully attired in white silk, with bridal veil and orange blossoms. After the ceremony the happy couple left for their home in New Carlisle.

Ryan-Brophy.

Mr. Frank Ryan of Newcastle, and Miss Katie Brophy of Blackville were married by Rev. Father Crumley at Blackville last Wednesday, Sept. 3rd. After the ceremony a wedding repast was served at the home of the bride, after which the happy couple drove to their residence at Newcastle, where a large number of friends were assembled to meet them.

THE SKIN ON FIRE

So dreadful are the sensations of burning, itching excruciating that victims frequently describe their sufferings by saying that the skin is on fire. The stinging, biting fires of eruptions are quenched by the use of Dr. Chase's Ointment. The first few applications may cause a little uneasiness but are sure to result in the skin is cooled, without scar or blemish.

STOMACH AND BOWEL TROUBLES

A promptly satisfactory cure for Cramps, Colic, Indigestion, Heartburn, Bloating, Sick Stomach and Summer Complaint, is a few drops of Nerviline in sweetened water. Nerviline at once relieves pain and suffering, eradicates the cause of the trouble and cures permanently. Folsan's Nerviline is the best general purpose remedy for internal pains known; it acts so quickly that no household should be without it. Buy a 25c. bottle of Nerviline to-day, it's all right.

MESSRS. C. C. RICHARDS & CO.

Gentlemen,—In June '98 I had my hand and wrist bitten and mangled by a vicious horse. I suffered greatly for several days and the tooth cuts refused to heal, until your agent gave me a bottle of MINARD'S LINIMENT, which I began using, and the effect was magical. In five hours the pain had ceased, and in two weeks the wounds had completely healed and my hand and arm were as well as ever.

I don't see the sense in paying \$50 for a Panama hat.

No, of course not; you're a politician.

What has that to do with it? Well, the weave of a genuine Panama is so exceedingly close it would be almost impossible to talk through it.

Dr. HAMILTON'S FIFTY CENT COINAGE.

Who is that fellow at the hat? asked the stranger, addressing the baseball enthusiast sitting next to him in the grand stand.

That's Bingle, said the other. I thought so. I've got a warrant for his arrest on an old debt and I shall have to serve it on him as soon as the game is over.

Just then Bingle made a three base hit, bringing in two men, and the crowd went wild.

Say, shouted the enthusiast, producing a well filled pocketbook, Mr. What's-your-name, what is the amount of your claim against that man?

Piles

To prove to you that Dr. Chase's Ointment is a certain and absolute cure for piles, and every form of itching, bleeding and protruding piles, the manufacturers have guaranteed it. Don't do anything for a living soul. I'm an undertaker.

Edmonia—Mrs. Topnotch is what I call impertinent.

Eudocia—In what way?

Edmonia—Why, she is not a Colonial Dame, but when she came to the colonial reception she had on a more elegant frock than any one of the Dames.

Little Willie—Pa, what does this paper mean by saying it was a fruitless search.

Father—It probably applies, my son, to the quest of some man who was looking for pineapples on a pine tree.

Gussie (gleefully)—Bah Jove! All th' girls around here smile at me.

Tom—Well, that shows they have some manners. Anywhere else they would laugh outright.

Tramp (in the country)—Yes, I once rode a bicycle, but I had ter give it up.

Cyclist—Why?

Tramp—Well, yer see, the owner wuz comin' down the road behind me, and the policeman had a rope stretched across the road in front.

Ida—Listen to Erma reciting the "Wreck of the Hesperus." How terrible it must have been!

Mabel—Yes, and some people can make it more terrible than it was.

Sue Brette—She's got a new play for next season.

Polly Pinkettes—That so? What is it?

Sue Brette—Musical comedy in three acts and nine new dresses.

He—Indeed, there's jolly good fishing about here. Miss Swift made a great catch when she was here last summer.

She—Yes; that old man was worth at least a million.

Dyspepsia and Heart Trouble

Mr. George Webber, St. George Street, Chatham, Ont., states:—"I was very nervous, troubled some with my heart and suffered a great deal from nervous dyspepsia and indigestion. Dr. Chase's Nerve Food has proven a thorough cure in my case. After having used it for some time I am pleased to say that I am entirely restored to health. The indigestion does not trouble me, my nerves are strong and vigorous and the action of my heart is regular."

Dyspepsia and heart trouble frequently go hand in hand. When the blood is thin and watery and the nerves are weak and exhausted, every organ in the body is liable to get slow and uncertain in action. Dr. Chase's Nerve Food is the most powerful blood-builder and nerve restorative that medical science has ever devised. It cures thoroughly and permanently by restoring the whole system to health and vigor. 50 cents a box, at all dealers, or Edmonson, Bates & Co., Toronto.

GATES MEDICINES.

Black River, Jan'y 4, 1902

MESSRS. C. GATES, SON & CO., Middleton, N. S.

Dear Sirs:—

Not long ago I had a severe

sore on my leg, which became so trouble-

some that I was obliged to go to the hospital at St. John. After remaining some time,

however, I left no better, notwithstanding the careful treatment there received, your agent here, Mr. R. Power, then asked me to try Gates' Medicines.

I began a course of your Bitters and Syrup to purify my blood and made

external applications of your Nerve Ointment and Canadian Liniment to the sore.

When I had used 6 bottles of Syrup, 6 boxes of Ointment and 2 bottles of Liniment the sore had entirely disappeared from my leg which was completely healed except a very small spot. I feel very grateful for the wonderful cure this effected and I certainly think your medicines 'can't be beat.'

Yours truly,

According to this morning's newspapers the attendance record of the Exhibition has been broken into the proverbial smithereens, and no doubt when the big fair closes its doors on Saturday, the total figures will by long odds overstep the sum total of tickets taken at any other such fete in this city and fine weather is gracing the show, and what with horse races, labor demonstration, special professional baseball, to say nothing of the fireworks and round of amusements, everything down on the fair ground and in that vicinity is booming as it never boomed before, the skipping of a year in the holding of Exhibitions has been a good thing.

It has added special interest to this show and exhibitors have been more generous in the fitting up of their displays. Crowds have been greater, and the success of the excursions from outside so far held prove clearly the exhibition is yet a great drawing card.

To go into a detailed "story" as a newspaper man would say, on the whole exposition would be too great an attempt at condensing, for I fear the half could not be told within the limits of a column or so of type and generally speaking however, it may be truthfully asserted in every department the display of former years are cast sadly into the shade, the big industrial buildings, cattle sheds, poultry houses, machinery hall, agricultural hall, the horse dept., carriages and pet stock are all delightfully interesting and the programme of amusements of a very high class indeed.

After passing through the main gates the sightseer is caught in with the whirl of humanity on the main floor of the principal building and amid cries of "peanuts five a bag" "Here you are for your nice fresh fruit" or "The concert and performances in amusements hall are about starting." He is bumped about until he gets used to the situation and joins the jostlers himself. On every side in this main industrial building and in the giant wing building as well, the display is strikingly beautiful and decidedly original. There are pagodas, thatched cottages, beautifully designed and decorated booths, alcoves, niches and colonnades, nearly all of them brand new in design and construction. From the vaulted roof and in among the rafters, cool-headed workmen have arranged strands upon strands of fluttering flags, ranging in size from the smallest burgee to a Union Jack worthy of the main building flagpole. Besides these a medley of soft tints and striking shades have been worked into the color scheme. Pretentious exhibitors have spent a great deal of time and money on their displays and certainly to excellent advantage.

Demonstration booths, in which coconuts, tea, pickles, pork and beans, preserved fruit, health foods etc., are given away are of course most popular. Samples other than

edibles are distributed freely at almost every booth, one of the most acceptable kind being that of a 3 lb bag of McLaughlin's famous "Four Seasons" dour which Mr. E. A. Smith of St. John is giving out to interested housewives. "Four Seasons" is a flour which has been before Maritime Provincial buyers, but a year, though it is now a very popular commodity. It is a Manitoba flour and of the highest grade. Messrs. McLaughlin of Toronto the manufacturers, are finding an increased demand for this brand and business is booming with them.

"King," an Ontario pastry flour, and "Oak," a family flour of reliability, are other McLaughlin makes handled by Mr. Smith, who is by the way, the Maritime representative of the great Colman's mustard and Starch concern of England.

How ridiculous it would be to start in to tell what a big establishment this Colman's manufactory is. Suffice it to say it is one of the greatest under the British flag in any line of business and preeminent as a mustard, starch, blueing and cornflour house in the world.

Tea Rose blend of tea as put up and sold by J. J. McGuffigan, Ltd. St. John, is being given away by the thousands of cupfuls in one of the handsomest booths in the whole show, situated in the main building near the entrance. Prettily attired maidens serve this new beverage and all who have tasted Tea Rose Blend speak in praising terms of it. Mr. McGuffigan told your correspondent he is finding a very ready sale for his new tea, and before Christmas it will be necessary to extend his line of business and increase the facilities. Tea Rose Blend is guaranteed and if not what it is claimed will be taken back and expenses paid.

Back and forth through the great galleries and corridors the ever-present crowd surges the vantage spots near the bandstands always being choked with interested listeners while the Natural History Society display of live snakes, dead insects, swimming land and numerous other creatures of land, air and sea, have a big share of the staring crowd, so have the art gallery and photographic show.

A great deal of courtesy and thoughtfulness is this year being displayed by exhibitors. For instance—The Vim Tea people of St. John have a place where visitors can check their clothes and hand satchels free of charge. Besides this a refreshing cup of Vim tea with a biscuit is served to all who wish it, in a prettily gotten-up tea garden; something after the idea of a Parisian restaurant and in which a large tea house is situated. This now famous blend of tea is sold on merit only. No premiums given away with it and so far since its introduction it has not been necessary to offer such inducements to the trade, wholesale or retail.

Passing on from the grand array of industrial goods, merchandise, and showpieces purely, Fakar's Row out on the open field comes in for a close scrutiny, and possibly the sightseers comes in for a "close shave" Here we have snake eaters, midgets, ring-the-cane and ring-the-knife booths, tintype studios, the skeleton of a whale, fortune-tellers etc, etc, all having their "barkers" outside the tents, shouting for dear life in one grand inharmonious chorus.

In amusement hall the programme is highly interesting and by long odds the most thrilling ever held there. To see the wonderful acrobats and behold the speedy cyclists whirl around a 75 degree inclined circle, defying gravitation's law is worth the price of admission. So are the fireworks.

"The cattle exhibit" is one of the best, if not the best, ever seen here," said Senator Ferguson of P. E. I. "in number, variety, and quality."

S. L. Peters has had charge of Agricultural Hall for many exhibi-

tions, and no one knows more about that department than he. Questioned in regard to the merit of the present exhibit he said—It is a remarkably good one, considering the season and the early date of the exhibition. The crops are about three weeks backward this year, and as a result the vegetables displayed are not so well filled out as ordinarily, but despite all these drawbacks the exhibit is a splendid one and one of the attractions of the fair.

WINTER PORTITE.

Minard's Liniment relieves Neuralgia.

O'm desclined from Brian Boru, ma'am, O'id hove ye know, declared the haughty Mrs. Fitz Clancey.

Is that all indane? replied Mrs. Casey, the humble lady of the corner fruit stand. Faith, O'm a descendant of Eve the first apple woman.

DR. HAMILTON'S PILLS CURE CONSTIPATION.

I wonder, began the man with the investigating mania, what makes babies cry?

Probably, butted in the practical fellow, contemplation of some of the things they're in danger of being like when they grow up.

Young Husband—My dear Melanie, I must say that this pudding tastes very bad.

Wife—All imagination, dear; it says in the cookery book that it tastes excellent.

Gerald—My brother turned crimson the other day.

Geraldine—I never knew him to blush.

Gerald—I didn't say that he blushed.

Geraldine—What did he do?

Gerald—Left Yale and entered Harvard.

Lost Appetite Quickly Revived

A FITFUL APPETITE IS GENERALLY ASSOCIATED WITH A GENERAL WEAKNESS OF THE SYSTEM. FERROZONE, THE BEST TONIC AND APPETIZER, SHOULD BE TAKEN AFTER EACH MEAL, AND A RAPID IMPROVEMENT IS SURE TO FOLLOW.

Distaste for food often follows L. Grippe and fever, or is brought on by over excitement or worry. It is a dangerous condition and paves the way for more sickness. On this account it should be at once corrected by the regular use of Ferrozone.

A new and wonderful medicine is Ferrozone. It instantly imparts a real zest for food, and gives power to the stomach to digest and assimilate all that is eaten. Dyspepsia and indigestion are quite unknown to those who use Ferrozone, simply because it digests food so quickly, that it has no time to ferment or sour on the stomach.

Ferrozone regulates the bowels, quickly remedies urinary disorders and causes all the organs of the body to perform their functions, with proper regularity. If the liver is torpid, or the kidneys not eliminating as they should, they are soon rectified to normal action, and the poisons that might otherwise be retained in the body to cause disease and ill health, are carried off through natural channels.

The surest road to perfect health is Ferrozone. Young girls who have been accustomed to eat almost nothing at breakfast, soon get over the bad habit by using Ferrozone, and as a result grow into healthy vigorous womanhood. When people get up in years and lose the strength and vim of youth, they need a tonic and blood builder to enable them to resist the trials of our vigorous winter, and this is where Ferrozone can be used to great advantage.

Both the young and the old, the weak and the strong, male and female can derive untold benefit from Ferrozone. It is guaranteed to contain no opiates or injurious drugs, and will do just what is claimed for it.

Druggists recommend and sell it, price 25c. per box or three boxes for \$1.25. Sent to your address by mail if notice is forwarded to N. C. Polson & Co., Kingston, Ont.

ANNOUNCEMENT.
In the future the publishers of the Advocate will render all advertising accounts monthly.

The Union Advocate,
ESTABLISHED 1867.

NEWCASTLE, SEPTEMBER 10, 1902.

CANADIANS WILL SUPPORT THEM.

Five thousand Doukhobors have decided that, during the coming winter, the government of Canada must be responsible for their maintenance. Hon. Clifford Sifton has so often declared these people to be the acme of our immigration importations, that the announcement is somewhat startling. The Conservative party was denounced for daring to impeach the usefulness of the settlers, who were heralded as a people of priceless value in opening up a country where other races would starve. But the delightful picture is shattered and it is up to the people of Canada to support the thousands, for the departure of whom Russia had reason to thank Providence. Worthless in their own country, the Doukhobors promise to be a greater nuisance here. Five thousand Canadians from the United States might have occupied the places of the undesirable Doukhobors, had the money spent in assisting the latter been devoted to encouraging the former to return to their native land. Canada is only beginning to reap the harvest of the ill-advised immigration policy of the present administration. It is significant that the authorities do not care to discuss the matter.

CANADIAN WHEAT OSTRACIZED.

Germany is more emphatic than ever in her determination to exclude Canadian grain from her markets. Orders have been issued for the stricter observance of the discriminatory tariff of 16 cents per bushel against our cereals. As a result, Canadian grain has ceased to figure to any appreciable extent in supplying Germany's needs. The United States farmer, on the other hand, is making rapid gains in his grain sales to the Germans, the 16 cents advantage doing for him, what "mutual preference" would accomplish for Canadians in the British market. The alleged preference given to British grain in our own tariff was the cause of German hostility towards our grain. And the worst of it is, that while our farmers are unable to escape to noxious grain tax, German manufacturers are actually making money by availing themselves of the privilege of the British preference, and supplying our home markets with goods that should be produced by our own manufacturers. So far as is known Sir Wilfrid Laurier and his associates, during their stay in England, did not exercise themselves in regard to the injustice done our farmers by Germany. According to the official reports only 8,000 bushels of Canadian wheat was imported into Germany during the year ending June 30th, 1902, a falling off of tens of thousands of bushels.—Ottawa correspondent to the Advocate.

THE ADVOCATE SOUVENIR.

On another page will be found an advertisement of our "Illustrated Souvenir Edition," giving in full the press notices which we have seen in the press of the Maritime Provinces, so a number of letters from those who are in a position to judge of its merits. These press notices and letters, although only a few of the many we have received, will show that outsiders think of our efforts to publish an up-to-date journal and we trust the writers that they have

been much appreciated by the publishers. We also wish to thank all for their patronage, more especially those who contributed to its advertising pages.

Financially the venture was not a success, but the publishers do not regret that they went to the trouble and expense of turning out such an edition as it has materially benefited the Miramichi by bringing its resources more fully to the notice of strangers, and what helps the Miramichi will eventually help the publishers as well as others. This was the first time that such an edition was ever published by any publishing house in the Maritime Provinces on its own responsibility and that it was not a financial success we contribute to the fact that this town is too small to give adequate support to such a venture, and we did not have the co-operation of many who should have assisted. The work was entirely done in this office, and represents months of careful study and work by the editor and his assistants and by the whole staff to make it a success. We have yet about 750 copies to dispose of.

SETTLERS NOT RENEGADES.

It seems hardly necessary to argue the negative of the proposition that "when a man leaves his native country to become naturalized he becomes a renegade," but that is the matter that is receiving considerable discussion in Ontario and the west at present. A renegade, according to the dictionary, is "one who selfishly or wickedly deserts his party and joins another." The term to be correctly applied must be founded upon the demonstrated motive of the individual. Because fortune has led a man into another country from that of his nativity and he, with the most honest and sincere intentions, becomes a citizen of that country in which fate has led him to establish a more or less permanent home, he certainly cannot be termed a renegade. If he were, then the American republic must be a nation of renegades and all the foreigners who come to us and become good Canadians, are renegades. It is even possible that immigrants may come to us through entirely selfish motives, but if there is nothing wicked in their coming they are not renegades. That is a hard word to apply to any man and unless he thoroughly deserves it the term should not be thought of.—Telegraph. You are right Mr. Buda, Gilt Edge and Five Roses Flour.

Although the gain membership of the Methodist church in the four years since the holding of the last quadrennial conference, is 11,353, Dr. Carman is not satisfied. He pointed out that since the union in 1883 the quadrennial gains were 27,666, 36,399, 27,085, 19,584. He thinks the figures for the last four years discouraging, particularly of all the evangelistic movement and "the multiplied labors of special evangelists."

Consumption

The only kind of consumption to fear is "neglected consumption."

People are learning that consumption is a curable disease. It is neglected consumption that is so often incurable.

At the faintest suspicion of consumption get a bottle of Scott's Emulsion and begin regular doses.

The use of Scott's Emulsion at once, has, in thousands of cases, turned the balance in favor of health.

Neglected consumption does not exist where Scott's Emulsion is.

Prompt use of Scott's Emulsion checks the disease while it can be checked.

Mother

"My mother was troubled with consumption for many years. At last she was given up to die. Then she tried Ayer's Cherry Pectoral, and was speedily cured."
D. P. Jolly, Avoca, N. Y.

No matter how hard your cough or how long you have had it, Ayer's Cherry Pectoral is the best thing you can take. It's too risky to wait until you have consumption. If you are coughing today, get a bottle of Cherry Pectoral at once.

"We shall soon," he declares, "have to ask ourselves whether there is, after all, any better method for salvation of souls than the old pre-acted meeting and the penitential bench used by the revival pastor among his own people."—Globe.

A GOOD SHOWING.

When the vote of the electors was taken last year to determine whether the town of Newcastle would install its own water and light at an estimated cost of \$76,000.00 there were those who freely expressed the opinion that \$76,000.00 would only represent a small portion of the cost, that before the work was complete more money would have to be borrowed to complete it. By a careful reading of the report of the committee of the whole Council it will be seen that the engineer gave a very accurate estimate, and instead of being a few thousand dollars short the Council has \$4,500 to the good. This sum will be spent in extensions and additions to the system, so that the town is getting more for its money than was expected. In the letting of the contracts the council was always very careful to accept only the best material, and the lowest tender was not always accepted, so that it cannot be said that cheapness was the only object sought, and we are confident that when the systems are in running order Newcastle will have something to be proud of.

Our special line of Amazon cloth, good weight all wool, 44 inches wide, 55c. per yard. Navy Cardinal and Brown.

Never before have we had such an array of printed Flannelettes, for Blouses, Wrappers, Dressing Jackets, Komonos etc., from English, American and Canadian manufacturers.

SPECIAL NOTICE.

We propose during the next few months to give a special discount of 5 per cent to all cash customers, whether the purchase be large or small. We think this is a better, fairer and more equitable plan than giving premiums or even a cash bonus, in the latter case only one person gets the benefit no matter how much goods the other may buy. With our plan every purchaser gets the immediate benefit without waiting or looking to the dim and distant future for a premium. TRY OUR PLAN.

Our prices in these goods begin at 7c per yard, 10c 12c 14c and 17c. The patterns and colorings of the better qualities of these goods are excellent. The English goods are made heavy, soft and fleecy, just the thing for warm Dressing Jackets and Lounging Robes.

French flannels, selected patterns, 50c per yard.

Scotch flannels, very pretty for waists etc., only 28c per yard.

Ladies' Jackets from one of the best Canadian manufacturers. Three quarter length, and the short kind. Semi fitting and tight fitting. Three quarter length coats, heavy golf cloth, dark grey, only \$9.75. Three quarter length fine Beaver cloth, fawn and brown shades, yoke back, very prettily strapped and stitched, \$15.00.

Shorter length coats from \$3.00. One special line, dark grey frieze, lined, \$4.90.

We have just sorted up our stock of smallwares, such as velvet ribbons, belts, chatelaine bags, pearl buttons large and small, ribbons and a lot of other miscellaneous articles. Prices as low or lower than the lowest and 5 per cent of your money back when you buy.
