We do not ask you to encourage
home industry,—we ask you to see
the quality of goods we manufacture
and get our quotations. Goods man-
ufactured by us are considered High
—the leading cities of Canada.
Foreign woods imported direct from
the south.

MAIL ORDERS
We solicit out of town orders which
receive our personal attention. The
length of time taken to fill orders is
governed very largely by how busy we
are in the department of our factory
in which the particular goods are
made. While we have exceptional
facilities for promptly turning out
goods, it is important to place orders
as far ahead as possible. Orders are
filled by us in the rotation in which
they are received, and customers can
always depend on our doing everything
in reason to give prompt despatch.

RECRUITING FOR SECOND CONTINGENT

Capt. A. E. G. McKenzie is on the
Gaspé Coast This Week, and
Recruits are Still Coming in

Recruiting for the second contingent
still goes on here, and with today's
list makes up a total of fifty from this
district. A beginning has been made
in Dalhousie, four men coming from
the shiretown, and it is probable there
will be more to follow. Capt. A. E. G.
McKenzie is busy recruiting on the
Gaspé Coast this week, and reports
that so far he has had eight volunteers
in New Carlisle with prospects of
more coming forward. It was Capt.
McKenzie's first mission to go only
the length of Chandler, but there is a
possibility of him going direct through
to Gaspé.

The list up till today contains the
following names:—
F. A. O'Leary,
Morris McFee,
J. M. Cool,
J. B. LeBlanc,
Ernest Doiron,
John Harris,
J. McDavid,
Thos. McCallum,
J. DeGrace,
Garfield Brown, Dalhousie,
Jas. McKel,
Sandy Methot,
Dawson Winchester,
Thos. Firlotte,
Jerome Belanger.

This total shows a splendid record
for Restigouche, and compares well
even with St. John where they have
all the accessories for successful re-
cruiting. One thing we are sure would
stimulate recruiting here, and that
would be to have a larger number of
officers engaged in this work in uni-
form, and when the volunteers have
signed the roll, keep them here in
uniform for say 10 days or so, drill-
ing them before the public and so al-
low the spirit of emulation to creep
into the general public. We are doing
well, but we must do better. It does
not matter what another town does,
we must do our part. Now then al-
together.

WHO WILL ENLIST FUNERAL OF THE LATE J. F. ANDREW

Who Died in Montreal on Sun-
day.—Body Interred at Rural
Cemetery on Wednesday

It was with feelings of deep regret
that the news of the death of Mr. J. F.
Andrew was received here on Sunday.
The deceased gentleman had under-
gone an operation for appendicitis in
the Royal Victoria Hospital, Montreal,
and was making such good progress
that arrangements were being made to
bring him home early this week.
Mrs. Andrew was with him at Mon-
real and had left him on Saturday eve-
ning feeling better than he had been,
but on Sunday morning received a
telephone message that he was worse,
and on her arrival at the Hospital
found he had passed away. The re-
mains were brought here and the fun-
eral was held on Wednesday after-
noon, the Rev. J. R. Miller of Matapedia
conducting the services at the
house and the grave. The pall-bearers
were Messrs. W. H. Miller, Jas. Hamil-
ton, Allan Miller, Chas. Watson, C. T.
Cool and A. McG. McDonald.

The late J. F. Andrew, who was in
his 42nd year, carried on a well known
business establishment in the town,
and was esteemed by a large circle of
friends. He had served the town as
councillor for Ward II before the fire,
and during his term of office was
chairman of the Water Department.
He was a member of St. Andrew's
Presbyterian Church, and belonged to
the Independent Order of Foresters
and other societies.

He leaves to mourn his loss a wid-
ow, one son and four daughters, Ray-
mond, Florence, Catherine, Ila and
Mary. He is also survived by one
brother and four sisters, Mayor A. A.
Andrew, Mrs. Jams E. Miller, Mrs.
Edward LeGallais and the Misses Jane
and Ethel Andrew, all of Campbellton.

The sympathy of all classes goes
out to the bereaved family, and kindly
expressions of love have been shown
them on all sides.

TO INVESTIGATE
Judge Matheson left this morning
to conduct an investigation into the
disappearance of Mr. John Dawson.
Although large numbers of experi-
enced woodmen have been searching for
the missing man, no clue nor trace of
him has been found.

FOR ST. JOHN
Councillor Chas. A. Alexander, and
County Councillor Giroux are in St.
John this week, attending the sessions
of the Convention of the Union of New
Brunswick Municipalities.

PROBABLE SPIES ON THE NORTH SHORE

No Truth in Statement That
German Spies Were Camping
Near Matapedia

Much speculation was caused in
town last week by the report spread-
ing that three German spies were hid-
den in the woods near Matapedia. A
telegram was received in Campbellton
on Friday to the effect that three for-
eigners were camping about three-
quarters of a mile away from Matapedia
and they had refused to answer any
questions. Saturday morning, the police
of Campbellton, together with the
I.C.R. police went out to the scene
but the campers had left. They evi-
dently left hurriedly as they left be-
hind a half bushel of beans and ten
pounds of salt pork as well as other
provisions.

Seen by our representative, Chief
Hughes stated that the result of the
investigation proved there was only
one man there, and in his opinion he
was no German spy, but a fugitive
from justice. It is learned that the
man was tracked by he smoke to his
camp in the woods by one named
Firth, who was chopping wood, and on
discovery the man immediately made
off into the woods. Word was sent to
the guard at Matapedia, who commu-
nicated with the I. C. R. authorities
here, and on their instructions Chief
Hughes and Officer Culligan took up
the matter. They found the man's
camp, and from observations made,
the police are of the opinion that the
person must have been there for a
considerable time. No trace has yet
been had of the wanted man, but the
Chief as stated above, is of the opinion
that he is a fugitive from justice. The
police have the matter in hand and
will continue the search.

AT THE OPERA HOUSE

The Blueson Male Voice Quartette,
which is appearing at the Opera House
this week, are drawing good houses,
and have a change of program night-
ly. The voices are well balanced, and
their singing is much enjoyed. To-
night they will feature "Tippary."

MASONIC FUNERAL TUESDAY AFTERNOON

Remains of Mr. Thos. G. Marquis
Who Died in St. John Sunday,
Interred Here Tuesday

The news of the death of Mr. Thom-
as G. Marquis which occurred in St.
John on Sunday morning was received
here with deepest sorrow. While it
was known that Mr. Marquis was seri-
ously ill, his friends were hopeful of
his recovery and the news of his pass-
ing away came as a great shock. He
was one of the most popular of the
bank men in the city of St. John and
all will regret the untimely end of a
career which gave so much promise.

It is little more than a year since
Mr. Marquis was married to Miss
Laura Sandall, daughter of Mr. H. P.
Sandall, 187 Wright street, St. John,
and it was at Mrs. Sandall's home that
he passed away. Mr. and Mrs. Marquis
having closed their own home in Rock-
land Road a few weeks ago.

Besides his wife, he leaves to mourn
his parents, Mr. and Mrs. Hugh P.
Marquis, of Campbellton; two sisters,
Miss Ella Marquis, of Campbellton,
and Mrs. A. E. Beardsley, of Somerville
(Mass.); and two brothers, Walter and
Hugh, of Campbellton.

Mr. Marquis was manager of the
Haymarket Square branch of the Bank
of New Brunswick at the time of its
amalgamation with the Bank of Nova
Scotia, and after the union he contin-
ued as manager of his business there.
He was an attendant at Exmouth
street Methodist church and took an
active part in the young men's associa-
tion of the church, being, at the time
of his death, one of its vice-presidents.

The remains were brought to Camp-
bellton to his parents' house, from
which the funeral was held on Tues-
day afternoon. The services at the
house were conducted by Rev. C. W.
Squires, after which Lodge 32 F. & A.
M. took charge of the body which was
interred in the Rural cemetery with
Masonic ritual. The pall-bearers
were Bros. H. A. Carr, A. H. Ingram,
Harry Miller, E. A. LeGallais, H. W.
Pond, and F. W. Campbell.

The sympathy of all is extended to
the young widow and the members of
the deceased family.

DEATH OF CHILD
Clarence, infant child of John Dob-
son, was laid to rest on Tuesday af-
ternoon in the Rural Cemetery, by the
Rev. J. E. Purdie.

CARD OF THANKS
Mr. and Mrs. H. P. Marquis and
family return thanks for the kind ex-
pressions of sympathy received during
their recent sad bereavement.

SPECIAL MEETING OF PRESBYTERY

Held at St. Andrew's Church,
Chatham, on Monday Evening.
—Good Attendance

A special meeting of the Presbytery
of Miramichi was held in St. Andrew's
church, Chatham, Monday evening, at
which were present a good representa-
tion of the members. The chief busi-
ness to be dealt with was the resigna-
tion of Rev. Wm. McLeod of New
Carlisle congregation and the call re-
cently extended to Rev. E. E. Mowatt
of Loggieville, by the Chipman con-
gregation. The resignation of Mr.
McLeod was accepted to take effect the
last of November. Rev. Pierre LeBel
was appointed Moderator for New
Carlisle. The call to Mr. Mowatt was
supported by Rev. Mr. Murray, repre-
senting the Chipman congregation and
Presbytery of St. John. A committee
from Knox Church, Loggieville, con-
sisting of Robert Loggie, Dr. Macken-
zie, J. W. S. Haskirk, W. G. Loggie
and W. W. Herlihy, put up a strong
plea that Mr. Mowatt remain in charge
of the Loggieville pastorate, and sev-
eral members of Presbytery spoke
along the same line. Mr. Mowatt de-
clined to accept the call, grateful to be
gratification of the Loggieville people
as well as the Presbytery of Miramichi.

An application was read from Rev.
J. McDonald, pastor of the cor-
poration church at Calais, asking
to be received as a minister of the
Presbyterian church in Canada. This
was forwarded with a recommendation
for its adoption to the General Assem-
bly which meets next June. The Rev.
Mr. McDonald was recently called to
Campbellton by the Presbyterian
church there and while the presbytery
could not sustain the call, Mr. McDona-
ld will fill the pulpit in the interim or
until the General Assembly grants the
privilege.

CURLING MEETING

A meeting of the Curling Club will
be held in the rink tomorrow, Friday
evening. As this promises to be a
most successful season, it is urged
that all who desire to join the club
this year should see that their names
go forward for this meeting. The
North Shore Bonspiel will be held here
this year, and a bumper time should
ensue when the curlers arrive.

CARD OF THANKS

Mrs. Thos. G. Marquis begs to re-
turn thanks to the many friends, for
their kindly expressions of sympathy
received during her recent sad be-
reavement.

BRITISH SHIP IS BLOWN UP

M. S. Bulwark Accidentally
Blown up at Sheerness.—First
Indian For Victoria Cross

London, Nov. 26.—The Ad-
miralty announced to-day that
the battleship Bulwark was
blown up off Sheerness, which is
35 miles from London, through
accidental causes. The battle-
ship carried seven hundred and
fifty men and only 12 were saved.
Vessel was built in 1902.

London, Nov. 26.—Times
Bangalore despatch says "Havil-
dar Ganna Sing, of 57th Rifles is
the first Indian to be recom-
mended for Victoria Cross. He
has arrived aboard hospital ship,
a bundle of splints and bandages,
but very cheerful and full of
heart. He has five bullet wounds,
Havildar, with 15 men of his
regiment was attacked in trench
before dawn. Germans were
stopped for some seconds by
barbed wire entanglements and
lost heavy before they broke
through. In hand to hand
struggles that ensued, Havildar
shot German officer whose bullet
grazed his head. He took the
Germans sword and killed ten
more men before he was brought
down by bullet in foot. Other-
wise he said, "I should have
killed more." Ganna Sing was
the sole survivor of his party.

London, Nov. 26.—Official re-
port says two German subma-
rines are hemmed in the Basin
where Bulwark sunk.

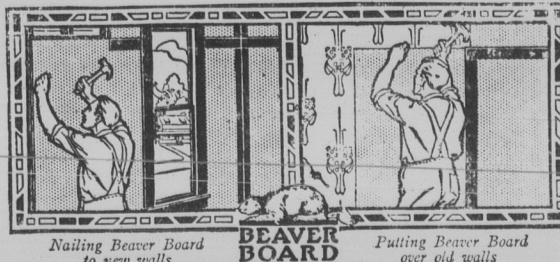

Paris, Nov. 26.—Official French
announcement this afternoon
as follows: "No important devel-
opment marked day of Novem-
ber 25. In North cannonading
diminished in intensity. No in-
fantry attack was directed a-
gainst our lines which made
slight advances at certain
points."

"In region of Arras there was

McRAE'S SHOE STORE.

Help in the Relief Work of the Canadian Patriotic Organization and Support Canadian Industry

BY BUYING REXALL TOILET GOODS, REXALL REMEDIES AND REXALL PRODUCTS.

From October 15th to December 31st, we, along with over 400 other Rexall Stores—The Best Drug Stores in Canada—are contributing to the Canadian Patriotic Fund FIVE PER CENT. of our total purchases of REXALL PRODUCTS. On the basis of last year's purchases—this contribution will amount to several thousand dollars, but it can be doubled and trebled in the people of this town and the people of Canada will lend a helping hand.

REXALL GOODS ARE MADE IN CANADA

In the big new factory of the United Drug Co., Limited, in Toronto. Every time you buy a REXALL article you help in relieving the suffering caused by this calamitous war, and you also help Canada and the Empire by keeping Canadian Industry employed.

Moreover REXALL goods are better than most foreign-made goods of similar character—millions of users endorse them in Great Britain, Canada and the United States. Behind them is the personal reputation and guarantee of over 7,000 of the Leading Drug Stores throughout these countries.

Resist, in buying REXALL goods you take no risks. REXALL Stores everywhere prefer to refund, and will refund your money if any REXALL product is not satisfactory.

What's more REXALL products will not cost you a cent more than they have been costing, the increased cost of manufacturing incurred since the war will be borne by the United Drug Co., and the Rexall Stores, as well as this extra five per cent. voluntarily assumed for the Relief Work of the Canadian Patriotic Organization.

Will you lend a hand and pass the word along to your friends? All the funds that can be collected is required for Relief Work and Canadian workmen need to be kept employed.

Full list of Rexall Goods that you can buy to advantage at our stores. Ask for it.

THERE MUST BE A CHANGE.
(St. John Globe).

Hon. H. A. McKeown, Judge of the Supreme Court of New Brunswick; Hon. W. W. Wells, a former Judge of the County Court of Westmorland, and Mr. W. Shives Fisher, one of the best known men in mercantile life in the province, have set their signatures to two reports which must eventually compel the retirement from public office, if not from public life, of Hon. J. K. Fleming, Premier of this province. In the face of the reports they have made, it is absurd for Mr. Fleming, or any friend of Hon. Mr. Fleming, to think that he can continue to hold office. The Lieutenant Governor should not, and it is assumed will not, continue to recognize him as the head of the government of the province. His colleagues in office also should not, and it is assumed will not longer recognize him as the head of the government. If he does not resign his retirement must be forced. No other course is possible if the good name of the province is to be maintained. The Commissioners who investigated the charges against Hon. Mr. Fleming are men of recognized standing whose fairness and impartiality cannot be impeached. A careful study of their reports will leave no doubt in the mind of reasonable men that Hon. Mr. Fleming has been given the benefit of every bit of evidence that told in his favor, and yet they were compelled to find that he found a contract with the Valley Railroad work to make his personal payment of \$2,000. This finding, based on evidence given by Hon. Mr. Fleming himself, should make imperative his retirement from office, even if the reports contained nothing else. Unfortunately for Hon. Mr. Fleming, the reports contain much more. Almost as damaging as the Valley Railroad finding is the Crown Timber Lands verdict of acquittal. If ever there was a Scotch verdict, that rendered by the Commissioners is one. The charge made by Mr. Dugal was that Hon. Mr. Fleming had authorized and directed Berry, the Crown Land official, to "extort" money from the lumbermen. The decision of the Commissioners is expressed in one of the most remarkable sentences in the whole document: "Not being satisfied by the evidence that the Hon. Mr. Fleming is guilty of directing the extortion of said moneys by the said William H. Berry before the lands were classified, we therefore find him not guilty as charged."

BELGIAN SHARPSHOOTERS IN ACTION.

BELGIAN OUTPOSTS FIRING FROM TREES.

The tenacity with which the Belgian army is still hanging on to the banks of the German army is one of the satisfactory features of the war in Northern France and Belgium. As a writer recently stated: "The battle on the Yser has shown once again that the Belgian infantry soldier fights with as much courage as any in the world. The perseverance with which the regiments have held trenches under the continual fire of an artillery more powerful than their own and against repeated infantry attacks has been really heroic."

give way and see other men carry to completion the great works with which his name might have been forever associated. Without delay, the Lieutenant Governor of New Brunswick should make announcement of cabinet changes, and the new premier, whoever he is, should at once appeal to the people on a policy that will guarantee better administration of the crown lands than has obtained in the past. Anything less will make of the whole investigation a farce. The time to really grapple with the lumber situation has arrived. Failure to take the grip now will mean that not in a generation can the people have restored to them that which was bartered away by the Berry transactions.

SUNDAY SCHOOL

WORKERS MEETING

Held Last Friday When Reports of Delegates to Sussex Convention Were Received

An Inter-denominational meeting was held in the Methodist Sunday School room, Friday evening, Nov. 20th, to hear the reports of the delegates to the Provincial Convention of the New Brunswick and Prince Edward Island Sunday School Association.

The Convention was held in Sussex Nov. 10-12.

Upon motion, Mr. John McLean took the chair.

The meeting opened with Devotional Exercises.

The reports, which followed, were divided into four parts. Mrs. J. C. Ferguson taking the first part.

Mrs. Ferguson spoke of the good fortune of the Association in having with them Mr. John Alexander, of Chicago, International Superintendent in Secondary Division, (the term years), who is a Specialist in the work among boys and girls of the A.C.

cent period.

He emphasized the importance of the elementary work and spoke of the great numbers lost to the church during those years—76%.

Following Mr. Alexander's address was a conference.

Mrs. J. C. Craig gave us an account of the Wednesday sessions.

The morning session included the Reports of Committees and addresses by Rev. H. B. Beyer on "The Bible and the Times," and Mr. J. Alexander on "The Teen age field."

Mr. Alexander spoke of the stage in a boy's or girl's life when much is done for them by men and women which they should do for themselves. He considers this a crime against youth.

"Sunday School workers need not be Star actors, but God-fearing men and women, who not only are Bible students, but are tactful in leading boys and girls to act and think for themselves."

Thursday afternoon was given to Denominational Rallies.

Thursday evening Mr. Alexander gave an address on Spiritual life of the Teens.

He was followed by Principal McKinnon on "The Call of the Church to its young people."

The Rev. Mr. Squires addressed us after Mrs. Craig.

The points in Mr. Squires address were—

I. The teacher must take full note of the development of the child.

II. Young people up to age of 16 years are more amenable to religious influences.

III. Amusement (the bare joy of activity), belongs to the child.

IV. The child's mind is closed to the mental world of the adult.

V. From 9 to 12 the child is a hero-worshiper. This too is the age of habit formation. The teacher must make the most of these opportunities.

Mr. J. T. Reid then gave us his impressions of the convention. Let us note a few—

I. Value of Sunday School work stands out as most important in the life of the church, (therefore of the country), and is the hope of the future.

II. Value of initiative.

The times demand men and women who do things. The reason many of us are not called to higher service is because we are not faithful in our smaller duties.

III. Value of personality.

If we in Sunday School work could only realize the value of personal touch—personal interest!

IV. Value of consecration.

He closed by saying "Our Victoria Cross is 'Well done good and faithful servant.' Are we doing anything to merit it?"

The meeting closed with praise and the Benediction pronounced by Rev. Mr. Squires.

DON'T GROW BALD

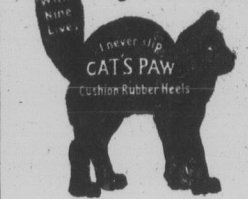

Use Parisian Sage

If your hair is getting thin, losing its natural color, or has that matted, lifeless and scraggy appearance, the reason is evident—dandruff and failure to keep the hair roots properly nourished.

Parisian Sage applied daily for a week and then occasionally is all that is needed. It removes dandruff with one application; almost immediately stops falling hair and itching head; invigorates the scalp and makes dull, stringy hair soft, abundant and radiant with life. Equally good for men, women or children—every one needs it.

A large bottle of this delightful hair tonic can be had from Thos. Wain or any drug counter for 50 cents. You will surely like Parisian Sage. There is no other "Just-as-good"—Try it now.

Tell your Shoeman you want

CAT'S PAW

CUSHION RUBBER HEELS

Don't ask for just Rubber Heels—ask for "CAT'S PAW" Cushion Rubber Heels.

Have "CAT'S PAW" put on your winter boots—and you will walk safely, with a sure footed tread.

They cost no more than the ordinary kind—50c. attached.

CITY TRAINING SCHOOL

On Sunday 22nd, a large number of Sunday School workers met in the Baptist church to discuss the advisability of organizing a City Training School. Upon motion it was decided to proceed to organize. The following is the result: Representatives of the different schools were elected to the Council as follows—Baptist Sunday School—Mrs. J. H. Jenner and Miss Currie; Methodist—Mr. J. T. Reid and Mrs. James Haines; Anglican—Miss Stickles and Miss Wilson; Presbyterian—Mrs. D. J. Bruce and Mr. M. A. Kelly. Brotherhoods and other societies for religious education are invited also to send in names of representatives to be members of the Council.

Rev. C. W. Squires was appointed president of the Council and Mr. R. B. Keith, secretary. The general meeting adjourned.

At the meeting of the Council that then followed the four Protestant ministers of the town were appointed members of the executive, also Mr. J. M. McLean, Mr. J. Collier, Mr. P. Carter and Mr. J. T. Reid.

Rev. C. W. Squires was appointed Vice-Principal of the Faculty were

Principal of Faculty—Rev. C. W. Squires.

Vice-Principal of Faculty—Mr. J. B. Currie and Miss Annie Anderson.

PATRIOTIC FUND

IS STILL SOARING

Amount is Now Over \$5000 For the Town Alone and Still More to Come.—Should be \$6000

As a result of this weeks collection the sum to the credit of the Patriotic Fund is now well over the \$5000 mark. This amount will yet be materially increased, and the total should be well over \$6000 for the town. Before the finish of the collection. This week the committee acknowledge receipt of \$89.43, the proceeds of the Freeman's Dance, which speaks much for the kindness of the Fire Department.

Preparations are also under way for a large Patriotic Concert to take place in the Opera House here, probably on December 17th, and a large chorus is presently being drilled to take part in this entertainment. Fuller details of this will appear next week.

GUARANTEED RELIEF

FROM ALL BOWEL ILLS

If your bowels are out of order, instead of using some harsh salt or other physic, take a Rexall Orderly to-night, and tomorrow you will feel great. They taste good and act so easily that there isn't a particle of griping or purging, nor the excessive looseness that follows the taking of salts and most pills. They soothe and strengthen the bowels, promptly relieving the constipation, making it unlikely to occur again.

We don't believe there is any other bowel remedy anywhere near as good, and at the same time so easy and pleasant to take as Rexall Orderlies. We know you will agree with us and believe you will thank us for telling you about them. If they don't satisfy you in every way, come back and tell us and we will give back your money without a word or question. You have no reason to hesitate when we give you the opportunity, as we hereby do, to try them at our risk. In vest pocket tin boxes; 10c, 25c, 50c.

You can buy Rexall Orderlies only at The Rexall Stores, and in this town only of us.

Thos. Wain, Druggist.

The Rexall Store

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Store for every ordinary human ill, especially designed for the particular ill to which it is recommended.

The Rexall Stores are America's Greatest Drug Stores

A DANCING FEAT

Of the many wonderful feats performed by Hindu jugglers, one of the most remarkable is the egg dance. Usually it is executed by a girl, fantastically dressed. She makes use of a willow wheel, around which at equal distances are threads, and at the end of each thread there is a noose, held open by a hand.

This wheel the girl places on her head, while she carries a basket of eggs on her arm. When the music strikes up she begins to dance, and the wheel begins to spin around. She then takes an egg from the basket, places it in one of the thread nooses, and throws it from her with sufficient force to draw the knot tight.

The spinning of the wheel keeps the thread stretched, with the egg at the end of it.

She then takes another egg from the basket, places it on another noose, and repeats this until there is an egg in every noose. Her fantastic costume, her perfect motion, and all the eggs swinging on stretched threads at once presents a curious sight.

It requires much art to execute the dance, for one false step would cause the eggs to be dashed together and the dancer to be disgraced.

After dancing for some time with all the eggs swinging round her head, she takes them out of the noose one by one, all the time keeping the wheel balanced and in motion, and again places them in the basket on her arm. After the performance the spectators are allowed to examine the eggs to see that they are real.

GOOD RESPONSE TO

SOLDIERS APPEAL

Mrs. A. A. Andrew Acknowledges Receipt of 188 Pairs Socks and Other Goods

SELL SOUVENIRS FOR RED CROSS WORK

Committee of the Ladies Institute Making Plans for Raising Money.—Contributions

The Womens Institute has purchased a thousand flags, (a souvenir stick pin) representing the Allies, and are starting the sale of same at once through some of the school girls at 10c each. Proceeds for "Red Cross Work". We know that everyone who sees these souvenirs will want one for themselves and friends, and will be ready and willing to give 10c to help along with the good work. The work has been held back for lack of funds, and we feel sure that everyone who realizes what the ladies are doing in helping to keep the boys at the front warm and comfortable, will only be too ready and willing to assist.

The workers who have any articles ready, will kindly send in same, as soon as possible, as a shipment must be made soon.

The Red Cross Committee wish to call your attention to the "Bean Contest" at McDonalds Drug Store. The two beautiful prizes are shown in this window, costing the lucky winner only 10 or 25 cents. Take a guess.

The following articles have been received by the Committee.

Mrs. Benson, 1 cap; Mrs. McLachy, 2 prs. wristlets; Mrs. Milton Doherty, 1 pr. socks; Mrs. Shives, 1 belt, 1 cap, 1 pr. wristlets; Miss L. Duncan, 1 cap and 1 scarf.

Russians is estimated at 50,000.

Germans have begun retreat along entire line, correspondent continues, and in many places flight is disordered rout, marked by abandonment of artillery maxims and transports.

Santiago, Nov. 26.—Numerous British sailors, who perished off Coast when German fleet sank Cruisers Goodhope and Monmouth, might have been saved, had Germans made any effort to rescue them. This is admitted by Germans themselves, according to sworn statement made here today by Captain of French bark Valentine, which was captured and sunk off Juan Fernandez Island.

STEAMER LOST ON THE GASPE COAST

Hendon Hall Foundered on Saturday in Trinity Bay.—The Crew all Saved

Quebec, Que., Nov. 24.—In the snow-storm that swept the St. Lawrence Saturday last, the Furness-Withy Company, of Montreal, boat Hendon Hall, lost her way and crept upon the rocky bottom of Trinity Bay and foundered there, ripping her hold open. All of the crew escaped, but the vessel is a total loss.

SMART BLOUSE IS OF FIT-FORM KIND

Tailored Waists, Basques and Bodices All Fashionable This Year

One of the most important accessories of a woman's wardrobe is the separate blouse. The vogue of wearing a waist and skirt came in many years ago, but it proved such a sensible, comfortable fashion that women refused to give it up, and it has defied time and the changes of fickle fashion, remaining popular through many seasons.

Every year, however, there are a few changes in the smart blouse. This year waists are not as blousy as they were last year, but tend toward more fitted forms which give a slight curve at the waist line. Instead of blouses we have tailored waists, basques and bodices,—let me whisper it—front and back seams and darts. The long waist which hangs semi-fitted from the shoulder and is joined to the skirt at the hip line is a favorite waist. If loose effects are worn they are not as exaggerated as last year. Close fitting kimono or set-in sleeves are so long they nearly conceal the hand giving a singular look to the waist.

As yet waists are not boned, but it is not unusual to use silk lining to give that wrinkly look. Buttons! Buttons! What wrist does not boast of buttons? Silk or velvet buttons, oval or square-shaped galalith buttons, jet, two-toned glass and jewelled buttons are used considerably. The styles of 1870 are the keynote for the dresses buttoning down the front. One dress seen recently had the buttons in the back extending the entire length of the waist and tunic.

Chicago Daily News correspondent says that trainloads of heavy Japanese artillery have been sent through Siberia to Poland.

STATION AT LEVIS A MASS OF FLAMES

Intercolonial Buildings in Flames Beyond Control of Firemen.—Probable Total Loss

Levis, Que., Nov. 24.—Fire breaking out shortly before noon today in the rear of the Intercolonial, Grand Trunk and Quebec Central station in this city, got beyond the control of the local fire-fighters, and soon attacked the station. At twelve thirty the station is a mass of flames, and its doom is inevitable.

LETTERS FROM THE FRONT

Mrs. Steven Ferguson has received the following letter from her son Byron Ferguson with the Canadian Contingent in England.

Salisbury Plains, Nov. 4th, 1914.

Dear Mother:—

I have found time to drop you a few lines, how are you getting along, hope you are well.

I saw the King and Queen today. This time he looked us over when we were on the move. I was riding on the flank of the Battery, so got a good look at him. He is a small man, and the Queen is tall. Lord Kitchener was there too. He said to the Brigade Commander, "Those boys will give a good account of themselves." Its a proud boy I am today that I am a Canadian. You should have seen the 12th Battalion, (that's the infantry from N. B.) march by to the tune of the "Boys of the old Brigade", one of our camp songs.

They just marched like a machine, every man in step. They marched in battalion formation, two lines, each line six feet apart. The line was almost a quarter of a mile wide. The line just looked like a huge rope stretched across the field, so perfect was their marching. Heavens mother! I was proud of those boys. All I want to see is them up against just twice their number of Pot-Gutted Germans. They will make mince meat of them. Next came the Canadian Rough Riders. They rode past the stand at a gallop, n just as perfect a line as the infantry. Then came the Artillery, (that's what I'm in). We formed close intervals, just the same as we do when we go into action, and rode past at a hard trot. It was sure "some review". I do wish you could see it, mother. You would be blessed the day you were born a Canadian. One more short month, then look out Germany, Johnny Cannuck is coming. That is if we are not sent to Egypt to fight the Turks. Then its "goodbye Turkey". Of course, we know that some of us won't come back. But for every Canadian boy who goes down, there will be three or more of the enemy.

Give my best regards to every one, and mother don't worry about me. If I should "turn up my toes" it will be in a good cause. But let us hope for the best. All I want is to get out of them for their awful outrages. Even women and children are not safe. There haven't set every Canadians blood boiling for nothing. Now, I must ring off. Love to all and mother don't worry about me.

WILL BANQUET THE LIBERAL FIGHTERS

F. B. Carvell and L. A. Dugal Will be Tendered Banquet in Fredericton on Dec. 3rd.

In recognition of the splendid work done by L. A. Dugal, M.P., and F. B. Carvell, M.P., it has been decided by the leaders to tender them a banquet in the city of Fredericton on Thursday evening, December 3rd. It is expected that a large number will attend to do honor to the men who fought such a successful fight, risking their political reputations in the attempt to insure clean honest government in this province. To secure tickets for the banquet notice of intention to attend should be sent to either E. S. Carter, Queen Hotel, Fredericton, N. B., or to P. J. Veniot, Bathurst.

On the day following, (Friday), will be held a conference of those opposed to the present government and its maladministration of provincial affairs, and many questions of public interest will be discussed, particularly with regard to questions of vital importance to the province. The Crown Lands and the Highways will naturally come under this head.

CONVICTS CONDUCT OWN UPLIFT WORK

Unique Campaign in Joliet Prison

One of the most remarkable uplift campaigns ever begun is that of the convicts at Joliet, Ill., who are heading a movement for the co-operation of convicts in every prison to solve the great problem of the best means for a discharged prisoner to make an honest living. Declaring that the theorists have utterly failed to solve this problem, the Joliet Prison Post maintains that the prisoners themselves are capable of finding some solution.

The convicts point with pride to the achievements of the "University of Another Chance," where prisoners have proven they can be entrusted with their own government. This unique institution, which is in reality New Jersey's reformatory, reports that the prisoners govern themselves better than a host of guards could govern them. The spirit of self-reliance, of usefulness, of faith in the good will of their fellow-men has been preserved and strengthened behind the bars, and the convicts see the bright light of "the chance" looming in the horizon.

New Jersey's reformatory at Rahway is an institution where the prisoners study themselves. Doctor Frank Moore, the superintendent, tells his charges that his business is not to criticize the bad but to find the good and cultivate it. And so his scheme of giving the prisoners the power of self-government and self-discipline has worked out successfully. In two years the infractions of the prison's rules decreased from 4889 to 2887. The older inmates, who are working for the privilege of being treated like citizens, are seldom reported, and their conduct has done much to tame the new inmates.

On July 12th of this year each of the

END STOMACH TROUBLE, GASES OR DYSPEPSIA

"Pape's Diaphepsin" makes Sick, Sour, Gassy Stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach-headache, you can get blessed relief in five minutes. Put an end to stomach trouble forever by getting a large fifty-cent case of Pape's Diaphepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. It's the quickest, surest stomach doctor in the world. It's wonderful.

NEWSY ITEMS FROM NEARBY PLACES

Gathered by Graphic Correspondents.—Contributions to this Column are Solicited from every District of the Bay Chaleur.

PORT DANIEL

Mr. Nelson Horie returned on Tuesday from New Carlisle, where he had been storm stayed for some days.

On Friday a severe snow storm visited the coast. The lobster hatchery at Port Daniel suffered considerable damage. Hoeg's Lobster Factory was practically destroyed. Mr. P. Castiloux's house was washed off the foundation. Messrs. Thos. Meagher, Robert and John Sullivan had difficulty in saving their boats, which were hauled for the winter. The Eastbound train passed through about 4 p.m., but could only run to Chandler; while the westbound, which passed through about 6 p.m., was held up in Pasphebiac by a washout.

On Saturday morning, the Str. Essington of New York, which had been unloading at Chandler, was discovered aground on the sandbar here. In the afternoon when the tide had risen somewhat, the crew were able to get her off. It is supposed that the wharf light not having been lit was the cause of her running ashore.

A great deal of grumbling was done Friday evening, when persons calling at the Centre Post Office found that the carrier had gone down for the mail, but finding the beach impassable had returned home. Apparently the alternative of walking across the railway bridge had not occurred to him. Surely in an emergency like this the Railway Co. would not enforce the usual fine for crossing a railway bridge?

Mr. James Miller, acting for some of the large lumber companies, is buying up a great deal of pulpwood.

We greatly fear that there will be a scarcity of young men in the village after Capt. McKenzie's visit, as doubtless a large number will volunteer.

Mr. Philip Chabre of Gascons, who was in Port Daniel today, reported that two fishing boats had been lost there by the storm.

PASPEBIAC

Mr. T. C. LeBreton of Robin, Jones & Whitman, Bonaventure, was in town on the 23rd.

Mr. Stansby, traveller for Rylands, Manchester, Eng., arrived in Pasphebiac on Sunday 22nd.

Mr. W. F. Hamon and Mr. L. St. J. LeSeigneur, spent a few days in Cape Cove last week.

Mr. C. LeMarquand and Mr. Jas. LeBlack left last week to take up their duties down the coast, the former at Pabos, the latter at Fox River.

On Tuesday last the coast was visited by a very severe storm of snow and wind. Much damage was done by the tide rising and flooding the beach at the establishments of Robin, Jones & Whitman and LeBoutillier Bros. The water, which rose to about three feet, carried away quite a lot of lumber and overturned a few fishing buildings and destroyed many of the fishermen's boats. All outside communication was cut off by the telegraph and telephone, and the railway service was disorganized.

NEW CARLISLE

Mrs. P. LeBlé is visiting her daughter, Mrs. Dalais, in Barachois at present.

Mrs. J. Mitchell returned on Sunday after a week's visit in Montreal. Miss Blampin is back again to take up her work, returning on Sunday.

Mrs. T. Smith, and her daughter, Mrs. Wilson, returned on Thursday to their home at Waterville, Que., after spending some months on the old home here.

Miss Willa Kempfer, who has been visiting her sister, Mrs. Arnold in Chandler, returned home on Tuesday.

The high wind on Friday, together with the very high tides at present prevailing, caused considerable trouble up and down the coast, the extent of which is not yet known.

BUSINESS AS USUAL

Our national emblem, the maple leaf, cannot be improved. Even the apple could not serve the purpose better. It lends itself excellently to gastronomic uses, but not to purposes of decoration.

RHEUMATISM IS SLOW POISONING

because the entire system becomes infected with injurious acids.

To relieve rheumatism Scott's Emulsion is a double help; it is rich in blood-food; it imparts strength to the functions and supplies the very oil-food that rheumatic conditions always need.

Scott's Emulsion has helped countless thousands when other remedies failed.

BEHIND THE SCENES WITH MISS ANGLIN

Talk With Canada's Leading Actress.

The very tall and dignified lady at the entrance to the theatre squelched the timid interviewer with one glance from her fine but scornful eyes. Up a dark side-aisle the coward fled, trying to assure herself that it was only a life-sized photograph after all. But it continued real, real, while she stumbled through by-ways and back ways of stageland, almost colliding with a lone and doleful tea-table, which glittered a lazy, silvery, but steamless, invitation to an unresponsive world of painted scenery, rolled-up rugs and hastening humans. The haughty eyes haunted her mazy course as far as a curtained doorway, from the other side of which a cordial voice said:

"Come in."

Then the haughty spectre of the theatre entrance was laid forever, and in its place stood a live, glowing woman, radiating warmth and graciousness from the coppery crown of her head to the rose-colored tip of her slipper. A small, black-barbed French maid hovered in the background, fastening a hook here and padding on a bit of powder there, while "the lady of the evening" chatted with her visitor and occasionally turned to give a suggestion in the language of her dresser.

For the first time, Miss Anglin said, she was playing the part of the mother of a big daughter, and a dubious little grimace questioned her quite happy acceptance of the role.

"But I couldn't have played Lady Windermere," she said. "It wouldn't have suited me at all."

The interviewer toyed with the banality of "a favorite play," and Miss Anglin confessed that none remained a favorite long. She liked change.

"Only, of course, I like Shakespeare best of all."

She was to have played this past summer in the Shakespeare festival at Stratford-on-Avon had the war not interfered.

"We wanted so much to do something to help while we were here," Miss Anglin said. "But it seemed impossible to arrange it, and I guess the people are giving all they can, anyway."

Social engagements, however, are being left out this visit.

"I don't think we should go in for too much of that sort of thing in war time, do you?"

Canadian audiences came in for a hoped-for bit of appreciation, but particularly the western audiences. And Canadian summers, with swimming and canoeing, have Miss Anglin's heartiest support. She had wondered a little if the war might diminish Canadian audiences, and when she expressed our conviction that Toronto people would cut their theatre-going somewhere else than on the performance of their own Canadian actress, she smilingly assured us that that was "what she liked best to be called."

Then there was a pleasant goodbye, a gentle swish across grey boards and past the stranded tea-table to rugs and lights and glimpses of radiant ball-room. When we reached the back of the theatre and stopped to look the rose-colored figure was dominating all the glittering stage, and the gracious personality was reaching out hands of comradeship and goodwill to rows of dimly-seen but responsive humanity in the darkness of the theatre.

The interviewer smiled at the

THE WINE OF STRENGTH

We ask sick and suffering people to test for themselves the virtues of this grand medicine. You will find it a safe remedy for weak and run-down people, etc. Weigh yourself before taking Vir-Vin and after a fair trial, and you have taken one bottle you will know better whether to continue its use or not. Vir-Vin purifies the blood and cleanses the system. "It's a nerve tonic". Test for yourself the virtues of this grand medicine.

We feel positive that we are placing within reach of the Medical Profession a combination, the merits of which they will readily appreciate and one of such remedial value as to prove an invaluable adjunct in the treatment of the various disorders in which such remedies are especially indicated. In 16 ounce bottles. Price \$1.00 per bottle.

Physicians' prescriptions carefully filled with only the purest drugs.

As Parlow Plays

THE tone of the Violin is exceptionally difficult to reproduce. Its richness and lusciousness depend on over-tones, so soft, so delicate, so fleeting, that the ordinary "talking machine" can neither record nor reproduce them.

But Mr. Edison—the wizard—the inventor of the Phonograph, the wonder of the musical world—accomplished the seemingly impossible in

THE NEW EDISON PHONOGRAPH

THE INSTRUMENT WITH THE DIAMOND POINT
So perfect are the Edison methods of Recording—so perfect are Edison instruments and records (which you may have in your own home at small cost) that the violin records become the violin of Ole Bull and Joachim. All the richness, fullness, softness—all the throbbing, heart-rending tenderness—all the luscious tones and over-tones—float from this amazing instrument just as the great artists achieve them on their priceless violins.

The new Edison Phonograph has the diamond reproducing point, unbreakable and long playing records, superior motors and construction, concealed horns, and the Cabinets are made in true Period styles, in perfect harmony with the finest furniture.

A. E. Alexander & Son, Campbellton.

DISCREDITABLE TO I. C. R. MANAGEMENT.

Moncton Transcript Publishes Letter Calling Attention to Condition on I. N. R.

Editor Transcript:—As members of the travelling fraternity and knowing that your paper is always at the call of common decency let alone justice, we would like to call your attention to the condition existing on the International Railway running from Campbellton to St. Leonard's under the management of the I. N. R. C.

To begin with the trip now takes about eight hours to make whereas formerly it was done in four hours. Under old conditions we had a pleasant and well heated car to travel in, but now it is a "2nd or 3rd" class car with no heating but a broken and grateless stove. The toilet conditions are to put it mildly a disgrace to humanity.

On the trip just completed the car in question was half filled with men going into the woods, about half of them were supplied with bottles of gin or brandy. You can imagine the rest. Added to this, at one time the writer saw no less than four (4) of them smoking in the so-called first class car and that in the presence of some half a dozen ladies.

These are the conditions which we never were called upon to put up under the management of Thos. Malcolm, but now the government has charge and we have to endure the above and still pay first class fare.

A COMMERCIAL TRAVELLER.
St. John, N. B., Nov. 15, 1914.

A FORMER I. C. R. CONDUCTOR DEAD.

Thos. Corbett, a Resident of Moncton and Well Known on This Division.

Mr. Thomas Corbett, formerly an I. C. R. conductor, died in Moncton on Wednesday. Deceased was in the employ of the Intercolonial for just even forty-five years and had a very successful career. In the year 1856, Mr. Corbett entered the employ of the railway running between Moncton and St. John as a brakeman. In 1873 he was promoted to conductor and ran as special man between Moncton and St. John. He became a permanent conductor in the year 1875, or late in 1874, and was transferred to the northern division when it was first opened, running between Moncton and Campbellton. It was in that year that he removed to Moncton. In 1877, he was married to Miss McInerney of St. John, who survives him. He was for a great many years conductor on the Maritime Express and in recent years conductor on the North Accommodation and had a fine record. His widow, two sons and six daughters survive. The sons are Michael of Boston, and Eugene of Moncton. The daughters are Misses Lottie, of the Moncton Hospital staff; Mary, Kate, Sister Marion, Irene and Verna, all of Moncton, except Sister Marion, who is at St. Patrick's Industrial School, Silver Falls, St. John. He is also survived by a brother, John Corbett, of the I. C. R. Moncton, and two sisters, Mrs. Thomas Quirk, of Sussex, and Mrs. William Hamilton of St. John.

Due to his being so busy shifting about, and one thing and another, that I never got time to write. Well, we had a pleasant trip across, was 16 days. We landed in Plymouth, from there we came by train to Lavington, marched about 6 miles to Salisbury Plain, and it has done nothing but rain since we came. We are up to our ankles in mud, but we have plenty to eat, and sleep warm. We have had two reviews, one by Lord Roberts, and one by Kitchener, and we are going to have one by King and Queen tomorrow. It is a holiday here today as it is Princess Mary's birthday. We are in double companies, 269 men, 1 Major, 1 Captain, 4 Lieuts, 8 Sergeants. We have what they call Platoons, 4 Platoons to a company. I tell you it keeps a Sergeant busy here, especially when you get on duty Sergeant for the week. But we are getting on fine. We have J. J. Good as our Regt. Sergeant Major. He is very strict. He used to be stationed in Fredericton. I just wish that we had you and Capt. McKenzie with us, we would be more at home, it is quite different here than going to Camp Sussex. We do not know how long we will be here, but hope we will soon be on the move for the front, it is either Berlin or bust, Ha, Ha. All the boys are fine. Lord Roberts is stationed in Newcastle yet, and how are all the boys. Will close, hoping to here a few lines from you.

I remain as ever,
SERGT. C. E. TURNER.
Remember me to all the boys.

Buyers, for the Government of France are negotiating in Chicago for the purchase of 40,000 pairs of red trousers for the army. The garments of red have been as much criticized as the kilts of the Highlanders, but the French believe that the associations that go with them more than offset any disadvantages they may have on the firing line. Perhaps the Frenchmen are right.

ENTIRELY BALD

Her Hair Commenced to Grow after Two Weeks' Use of Newbro's Herpicide

"Fever caused me to be entirely bald. I had given up all hope of again having hair when I was advised to use Herpicide. After two weeks my hair commenced to grow. I now have the most beautiful head of hair anyone ever saw. Praise to Newbro's Herpicide."

Thus writes Mrs. Howard Bailey, of Bellevue, Mich. We can point to thousands of instances where the proper use of Herpicide has been followed by a remarkable growth of hair.

Newbro's Herpicide is "the original remedy which kills the dandruff germ and stops falling hair."

Applications may be obtained at the best barbers and hair dressers. Newbro's Herpicide in 50c and \$1.00 sizes is guaranteed to do all that is claimed. If you are not satisfied your money will be refunded.

Thos. Wran, drugist.

LETTERS FROM THE FRONT
Through the kindness of Mrs. Munroe, we herewith reproduce a letter by her from her son Ernest, which is dated from Salisbury Camp on October 30th, 1914.

Ponds Farm Camp, October 30th, 1914.
Dear Mother:
Well, it has been quite a while since I wrote home. I am well. We are all in tents here again and it rains quite often here, it has rained nearly every day since we got here. We are camping on a big field 50 or 60 miles wide of nothing but green grass. I suppose that there is a foot of snow there now. There is no winter here. The grass is green here and just looks like summer. Well, we had a great trip over the ocean, and the English people could not do enough for us, and we got a great reception. We have saw quite a few British wounded soldiers from the front, and they all want to go back. You want to come here to see something, it is a pretty country. Well mother, I was in the biggest city in the world for 3 days. We are camping just a hours run on a train from the city London, and some of us were given passes. I got a pass and have just got back. You can tell them for men, that they want to go to London for to see something. I was in it all stone, and the houses are all stone or brick. There are some houses half a mile long. Street cars, automobiles and carriages for to take you over the city. You could start and walk, but you could not walk over London in 10 years. There are passage-ways under the ground all over London, and more trains under the ground here than there is in all Canada. You see more people in London in 1 hour, than you would in 20 years in Canada. There are all kinds of places, you could not begin to describe them. And you can tell them at home that I was in a place that only one Canadian out of a million have been in. I was shown through the Bank of England. You need not be ashamed to tell that. I was through the great St. Pauls Cathedral, second largest cathedral in the world. I have also seen Westminster Abbey. The London Bridge, Tower, the house where the Duke of Clarence lived, and I saw Buckingham Palace, where King George lives. There has been quite a few boys from Canada in it. Well, I could not begin to tell you all I saw. Well, I guess we will be here for quite a while yet. We are going to be reviewed by the King next week. Well, I guess I will have to close, so Good-by from
ERNEST.

Ponds Farm Camp, Nov. 3rd, 1914.
Dear Sir,
Well, you will think that I have forgotten you all together, well not quite,

BELGIAN RELIEF COMMITTEE

Province of New Brunswick
THE GOVERNMENT OF NEW BRUNSWICK, realizing the great need of the Belgian people and of our obligation to assist them, and believing that some organized effort should be made throughout the Province for this purpose, have appointed the following gentlemen as a Provincial Committee for Belgian Relief:—Hon. John E. Wilson; D. Mullin, Belgian Consul; Richard O'Leary, Richibucto; Irving R. Todd, Milltown; Dr. T. Carleton Allen, Fredericton; Senator Daniel; Mayor Frink and G. E. Barbour, St. John, who, under the patronage of the following prominent citizens, have kindly consented to act: Lieutenant-Governor Wood, the Bishop of Fredericton, the Bishop of St. John, the Bishop of Chatham; Rev. G. Pringle, Andover, Moderator of the St. John Presbytery; Rev. A. Rottie, Millerton, Moderator of the Miramichi Presbytery; Rev. J. E. Whiteman, Bathurst, President of the Methodist Conference; Rev. J. E. Wilson, Fredericton, President of the United Baptist Association, and Rev. J. J. Haughton, of the Congregational Church.

You are most cordially invited to give them your valuable assistance by promoting in every way possible this worthy object in your locality. Clergymen are requested to have this letter read in their churches at several services.

Object of the Committee.
1st. To secure information as to the present and future needs of the Belgian sufferers, and to supply this information to all wishing to aid in the good work.
2nd. To secure the co-operation of all the different forces, individual and corporate, at present working independently throughout the Province, so that our united efforts may better realize the object we have in view.
3rd. CASH CONTRIBUTIONS are the best, and with this object in view, we earnestly invite the assistance of all Churches, Clubs, Societies, Sunday Schools, etc., and the people young and old, to raise as much money as possible through the medium of Socials, Teas, Sales, Concerts, Collections, etc.

4th. THE COLLECTION OF CLOTHING of all kinds, new or slightly worn; boots, shoes, etc.
5th. BEDDING, quilts or blankets.
6th. NON-PERISHABLE FOOD STUFF, such as dried peas and beans, dried and evaporated fruit, dried or salt meats, canned goods, flour, etc.

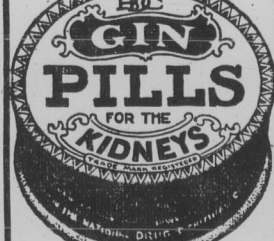

But owing to the lateness of the season and the great quantity of perishable food, like potatoes, vegetables, etc., already received, THE COMMITTEE DO NOT CARE TO ACCEPT ANY FURTHER CONTRIBUTIONS OF PERISHABLE GOODS.

Cash contributions should be sent direct to the treasurer, James H. Frink, Mayor of St. John, and all freight to the Belgian Relief Committee, St. John. All Railways and Steamers carry the freight free. As soon as received these goods will be properly sorted and classified, and

A Neighbor Told Him To Take Gin Pills

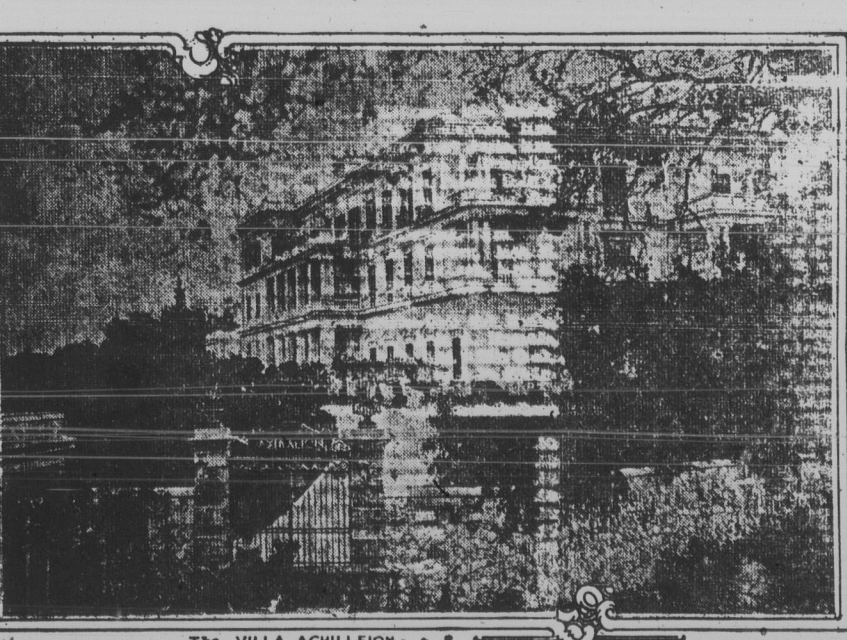

FOR THE KIDNEYS
If you want to know what Gin Pills are, ask your neighbor. He will tell you. Mr. D. A. Yorke, at Belport, Ont. He will tell you what Gin Pills did for him, after he had suffered with kidney trouble for 15 years. Here is his letter:

"I suffered for about 15 years with my kidneys. I could get nothing to help me. The pain went all through my back and down the cavities of my legs. When I would sit down for a while, I could not straighten up again until I would walk a rod or more, the pain was so great. Another advised me to take GIN PILLS. I did so and six boxes cured me. It is about two and a half years since I quit taking them. My back is all right, no pains and no more backache. I thank GIN PILLS for all they are worth their weight in gold."
D. A. YORKE.

50c. a box, 6 for \$2.50. Sold in the U.S. under the name "GINO" PILLS. Trial treatment if you write 200 National Drug & Chemical Co. of Canada, Limited, Toronto

FAR FAMED IMPERIAL VILLA TO BE SOLD BY KAISER.

The VILLA ACHILLEON
The wonderful Achilleon castle in the island of Corfu is to be sold, according to advices from Geneva. The German Emperor, its present owner, is offering this beautiful marble palace for sale, it is said, because he fears that Greece will join the Allies in the war against Germany and Austria and confiscate his property. A Swiss syndicate, with headquarters in Geneva, is said to have an option on the palace at a low price. It was built in 1881 for the Empress Elisabeth of Austria at a cost of \$5,000,000. In her will the Empress bequeathed the villa to her eldest daughter, the Archduchess Gisela, wife of Prince Leopold of Bavaria. A syndicate of German and Swiss hotel proprietors in 1907 sought to buy it for the purpose of turning it into a rival of Monte Carlo, but the German Emperor thwarted their project by purchasing it himself. The Achilleon lies on a hillside close to the village of Gastouri, south of the town of Corfu, at the foot of Mount Kyriake, with the blue sea to the east just below the terrace pleasure grounds, and the whole breath of the small island spread out to the west of the palace. It stands in the district in which the finest oranges grow, therefore in the most sheltered quarter of Corfu.

MIRACULOUS CURE OF ASTHMA

Suffered Terribly for 15 Years Until He Tried "Fruit-a-tives"

D. A. WHITE, Esq.
21 WALLACE AVE., TORONTO,
Dec. 22nd, 1913.

"Having been a great sufferer from Asthma for a period of fifteen years (sometimes having to sit up at night for weeks at a time) I began the use of 'Fruit-a-tives'. These wonderful tablets relieved me of Indigestion, and through the continued use of same, I am no longer distressed with that terrible disease, Asthma, thanks to 'Fruit-a-tives' which are worth their weight in gold in anyone suffering as I did. I would heartily recommend them to all sufferers from Asthma, which I believe is caused or aggravated by Indigestion".

D. A. WHITE

For Asthma, Hay Fever, for any trouble caused by excessive nervousness due to Impure Blood, faulty Digestion or Constipation, take 'Fruit-a-tives' 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

RUSSIANS BUY

LAST LIQUOR

Prohibition Becomes Absolute on Monday on Wine and Beer

Petrograd.—Thousands of men, women, and children stood since 4 o'clock in the morning in a driving snowstorm before the doors of the liquor shops on the last day in which it is possible to purchase light wine and beer, under the prohibition act of the Russian Government, which became absolute on Monday. Applicants for a final supply of beverages came with baskets, sacks, carts, and wheelbarrows, many have pawned their last belongings to procure a few more drops of alcohol.

This final prohibition act is the first of three distinct liquor reforms, the first curtailing the sale of vodka; the second abolishing the sale of wine; the third measure extends the prohibition to every form of alcoholic drink in all portions of the empire under martial law. Cities included under the prohibition are Odessa, Riga, Warsaw, Moscow, Kiev and virtually all cities of Western Russia.

The German threat to prevent the distribution of relief despatched to the suffering Belgians will simply tend to confirm the civilized world's opinion of German "Kultur."

Thomas H. Van Nostrand, a New York egg dealer, was fined \$200 for having 9,000 bad eggs in cold storage.

HAS W. H. BERRY RETURNED TO N. B.

Fredericton Paper Says he is Back and Makes Other New Charges Against Him

The Fredericton Mail publishes an interview with Mr. E. S. Carter, in which the latter says Mr. Willard H. Berry, of the Crown Land scandal fame, is back, and is improving his home at Oak Bay, Charlotte Co., and adds:

"Some important things have been disclosed since the inquiry closed, and the acting premier, Mr. Clarke, as well as the acting minister of lands and mines, Mr. Murray, might care to inquire into them. So long as Berry is available they might ask him why he accepted personally one thousand dollars from Hubert Sinclair, another thousand from George M. Stevens, a thousand from Allan Ritchie, and still other contributions of a like nature from the lumbermen, in addition to the fifteen dollars per square mile for the campaign fund, and while he is making inquiries of Mr. Berry, get him to explain what became of the check for \$2,940.32, dated August 20, 1912, which was given by the Dalhousie Lumber Company in settlement of the balance of their stumpage account. Let Mr. Clarke inquire of Col. Loggie if this money was ever paid into the Crown Land Department or what reduction was made in the first scale submitted to the department. He will find that it was not paid into Crown Land revenues and I think it will afford him all the opportunity he wants to prosecute Mr. Berry in the interests of the people of this province."

EMPEROR OF INDIA HAD EXCITING TIME

Acting as Naval Transport and Flagship—Took German Prisoners

The C. P. R. liner Empress of India, Captain Hailey, has been having an exciting time as a naval transport, according to a letter received here yesterday. It is dated Hong Kong, October 10, and the correspondence describes the movement of the liner during September. While at Singapore the Vancouver liner had the honor of becoming the flagship for the Straits Settlements Squadron, and Admiral Bertram staff took up their quarters on the liner. Other ships in the fleet were the Monarch, Hampshire, Yarmouth and two Japanese warships. The India was the flagship for ten days.

On September 30 she arrived at Sandakan, British North Borneo, and found two Germans captured and under the guard of H. M. S. Clio, Cadmus and two destroyers. The captain, officers and crew of the two Germans were placed on board the Empress of India, and on October 1 she sailed for the Straits Settlements. The German steamers following with prize crews aboard. They were the Tannanfels, which had 8,000 tons of coal and large quantities of provisions, and the Rio Passie, which had 4,700 tons of coal. The German prisoners on the Empress of India were very partial to singing "To the Day," and the "Watch on the Rhine." The Empress of India and her prisoners and prizes reached Hong Kong on October 8.

When a woman gets herself elected treasurer of her club, she is always glad that her husband studied arithmetic.

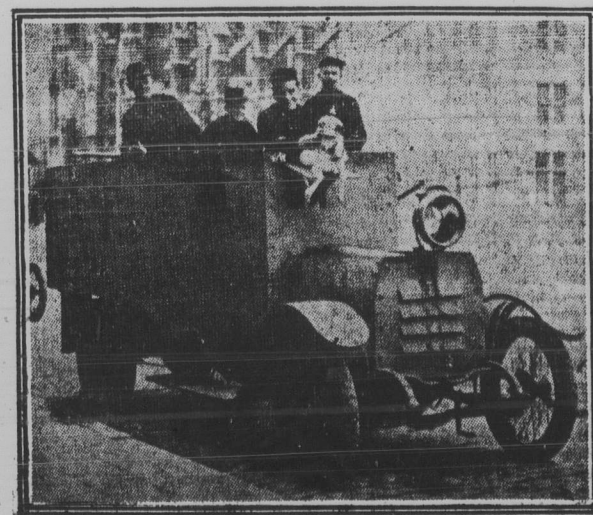

Many women with disfigured complexions never seem to think that they need an occasional cleansing inside as well as outside. Yet neglect of this internal bathing shows itself in spotty, and sallow complexions—as well as in dreadful headaches and biliousness. It is because the liver becomes sluggish, and waste matter accumulates which Nature cannot remove without assistance. The best

THEY "GOT THE GERMANS' GOAT" AND HELMET

A GERMAN GOAT CAPTURED BY BELGIAN ARMED. This goat, together with the helmet, was captured by the Germans in the occupants of the car. This was the type of car used by the Belgians in patrolling the streets of Antwerp at night on the lookout for Zeppelins.

RED LETTER DAY FOR NEWCASTLE

Opening of New Steel Bridge Across the Miramichi Last Thursday

(St. John Globe)

Newcastle, Nov. 12.—This is a red letter day in the history of Newcastle. All business is stopped and the citizens and citizenettes decked in holiday attire and celebrating the opening of the magnificent new steel bridge across the Miramichi river. The people of Newcastle and Northumberland County are proud to have such a splendid bridge, which will in future be a great help to the business life and a convenience to thousands. All credit for this work is due Hon. John Morrissey, who conceived the idea and worked indefatigably for its realization. And to-day he looks supremely happy, and well he may, for it adds several feathers to his political plume and puts numerous spokes in the wheels of his electric chair.

The foundations of the bridge are a matter of considerable interest, not only to people of the Miramichi, but to engineers throughout Canada and the United States, as they presented difficulties greater than are usually encountered which required special methods to deal with, and as a whole formed the most difficult piece of foundation work in the province. Mr. A. R. Wetmore recognized this problem fully, and made an exhaustive study of the river bottom by means of a large number of diamond drill core borings.

The bridge is situated above all the large mills in Chatham and Douglastown and several in Newcastle. It will not interfere in any way with the free movements of vessels to these mills. Only the vessels going to the mills at Nelson, at Sinclair, and one small mill in Newcastle, will be required to pass through the bridge. It has a clear opening of one hundred feet, wide enough to accommodate easily the largest vessel that will ever be able to navigate the river.

The depth of water at mean tide on the site selected varies from 30 to 43 feet. Many borings to a depth of one hundred feet or more were made in the river bottom to make sure that no weakness existed in the underlying soil. The length of the fixed spans between centres of piers is 278 feet 6 inches and the length of the draw span between the centres of the end bearings is 230 feet, the total length of the bridge between abutments being 1346 feet 3 inches. The long spans were adopted to provide room for handling rafts, the spans being seventy feet longer than the railroad bridge, and also to reduce the cost of the foundation work by reducing the number of piers.

The total length of the bridge and approaches is 2727 feet. The main foundation of the bridge consists of five piers and two abutments. All of these are founded on piles except the east abutment, which was carried to solid rock at a depth of 27 feet below water level. The abutments were built of concrete up to seven feet below mean tide level, and from this point to above high tide of cut granite backed up with concrete. The tops of the abutments are of cut freestone. The finished height of the west abutment masonry is thirty-one feet and of the east abutment forty-two feet. Over two-thirds of the abutments is below water level.

The granite selected for the work was from the Connolly quarry at Nepisiguit Junction. The freestone came from the quarry of Adams Hill, on the Northwest Miramichi. The fine silt and sand that formed the river bottom where the five piers are located was of such a character that open dredging of this material was not feasible, and the plan of construction adopted by the Foundation Co., Ltd., was to sink dredging caissons through the material to the gravel layer below. This is a recent method of construction and represents a great advance in the building of bridge piers over methods used previous to the present century. The largest caissons were 23 feet 4 inches wide, 51 feet 4 inches long and 64 feet high. If made into a dwelling a caisson would have had room for seven stories with ten good-sized rooms on each floor.

Work on the foundations of this bridge was begun June 3rd, 1913, when Hon. John Morrissey drove the first bolt in the caisson for pier 2. From that time work was carried on night and day, without regard to the weather, until all the piers were finished to above water level, March 16, 1914. Work was then stopped until danger from frost was over. About 1,500,000 feet of timber was used in the work. Two-thirds was hard pine and the rest was spruce and hemlock bought from local mills, 28,000 bags of cement, 10,000 tons of sand and gravel and 11,000 tons of granite and freestone were used in the foundations. About 150,000 pounds of steel was set in the concrete of the piers, and 50,000 lineal feet of piling were used to support them. There were about three hundred men on the payroll, nearly all of whom were local men. Mr. Charles A. Wentworth, engineer, was superintendent of the building of the foundations, with Mr. H. A. Frank as assistant engineer.

WAR COURAGE

MANY a man in Canada, willing to go a-warring across the seas, is unwilling to fight at home—against the shadowy toes or bad times or of business depression.

This is a time in Canada when Canadian business men should fight—fight to capture new trade and to hold old trade. To stop one's advertising is to withdraw a powerful offensive and defensive force, and to expose one's business without a guard.

If the courage of manufacturers, wholesalers, retailers—the generals and captains of trade and industry—fails, the courage of the nation will ebb.

Keep up Your Courage

Keep up Your Advertising

FREE JUSTICE IN KANSAS

In order to secure justice for the poorest citizens, even those who are unable to hire lawyers or pay court costs, the State of Kansas has established what is known as the small debtors' court, in which cases involving claims up to \$20 are settled in an informal but strictly legal manner.

During the year in which the court in Topeka has been in operation 378 cases were filed and in addition about 50 were referred to the judge and settled by the debtor with no formality whatever. In all claims were filed for a little more than \$2,000 and judgments were allowed for more than \$1,700 most of which was paid promptly, though in some cases where the debtor himself was a poor man, it was necessary to arrange for instalments. In only a few cases was it necessary

to attach property in enforcing the judgment of the court, and the theory is to eliminate friction as much as possible and to dispense absolutely with legal red tape. Judge Kemper serves without pay, and there are no court costs, nor is an attorney permitted to represent either side in litigation. The facts are stated to the judge in a simple nontechnical manner and he makes his decision accordingly.

The operation of the small debtors' court in various cities of Kansas has been so successful that it is proposed to raise the maximum on labor claims within its jurisdiction to \$50, instead of \$20. Not only does the court which insures free justice protect the wage-worker, but it discourages the habitual "dead beat," the man who has felt safe heretofore in disregarding small accounts with tradesmen, knowing that the amount involved is too slight to be worth taking into

10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

FOR THE EMPIRE!

BRITAIN NEEDS MEN

LORD KITCHENER SAYS:—

to the People of the Empire:—Every Fighting Unit We can Send to the Front Means One Step Nearer Peace"

WHO WILL VOLUNTEER TODAY FOR OVERSEAS SERVICE

HERE ARE THE CONDITIONS

Recruiting for the New Brunswick Regiment Must be Completed Within Ten Days

THE VOLUNTEERS

THE PERIOD OF ENLISTMENT is for the duration of the war and for six months after termination is required.

THE RATE OF PAY is \$1.10 per day and found for seven days a week, equal to \$33.00 per month.

IF DISABLED, the soldier will receive a pension at such rates as may be fixed by the Government.

IF WOUNDED OR ILL, the soldier will be well cared for and sent back to his home at the proper time.

THEIR FAMILIES

SOLDIERS MAY ASSIGN any portion of their regular pay to wives or others, and such sums will be paid regularly to the persons so designated.

WIVES OF VOLUNTEERS will receive twenty dollars per month separation allowance from the Canadian Government over and above the soldiers pay.

THE PATRIOTIC FUND will supplement this with an additional allowance as described hereafter. **SHOULD ANY OF THE SOLDIERS BE KILLED**, their wives and children will become wards of the Canadian Government, and generous provision will be made for them.

The National Patriotic Fund Committee has decided on a basis of distribution of funds among the wives and children, and other dependents of volunteers. It is estimated that a wife on her own account requires Thirty Dollars Per Month for her maintenance. The Canadian Government provides Twenty Dollars per month of this amount and the Patriotic Fund the remaining Ten Dollars, if required. Children between ten and fifteen years of age are allowed twenty-five cents per day; from five to ten years of age, fifteen cents per day; and under five years of age, ten cents per day. Thus a wife and three children of the ages of three, seven and twelve, may receive a total monthly allowance of Forty-five Dollars, of which Twenty Dollars is payable by the Canadian Government and Twenty-five Dollars by the Patriotic Fund. This is of course in addition to the Thirty-three Dollars per month paid to the soldier, and which may be assigned by him to his family.

Besides the above, provision is made for a compassionate allowance for temporary extraordinary need such as accident, sickness, etc. In short, the whole purpose of the Patriotic Fund is so to supplement the Government allowance as to provide all reasonable comfort for the families of men on service. Such provision, in each individual case, is subject to the report of local committees, who shall consider all the circumstances of families affected, with respect to the earnings of members of such families, amounts received from former employer of the soldiers, and other sources of income.

Every reasonable provision is thus made for dependent relatives, and volunteers need have no anxiety regarding the welfare of those left behind.

The 26th New Brunswick Regiment, 2nd Canadian Overseas Expeditionary Force requires Six Hundred more men at once. The full strength must be completed in ten days.

Who Will Enlist?

Recruits Will be Received by the Following Officers:—

MADAWASKA, VICTORIA, CARLETON—MAJ. A. A. MARGISON, 67th Regiment, Woodstock.
SUNBURY, YORK, CHARLOTTE—MAJ. W. H. GRAY, 71st Regiment, Fredericton.
QUEENS, KINGS, ST. JOHN—LT. COL. WETMORE, 74th Regiment, Sussex.
WESTMORLAND, ALBERT—CAPT. F. R. SUMNER, Moncton.
GLOUCESTER, RESTIGOUCHE—LT. COL. MALTRY, CAPT. A. E. G. MCKENZIE, 73rd Regiment, Campbellton.
ST. JOHN CITY—LT. COL. ARMSTRONG, LT. COL. McAVITY, LIEUT. CROCKETT.
NORTHUMBERLAND, KENT—LT. COL. IRVING, 71st Regiment, Newcastle.

THE DUGAL

COMMISSION REPORT

(Continued from page 2)

to report that of the total amount of seventy-one thousand, six hundred and sixty-four dollars, so raised, he, the said Berry, retained in his possession sixteen hundred, five hundred dollars, and the balance, being the sum of fifty-five thousand, one hundred and sixty-nine dollars, has been paid over to E. R. Teed of Woodstock who was asked by Hon. Mr. Flemming to receive and hold the same. According to Mr. Teed's evidence, he has paid from the fund some of the bills of the Local Government Party, also twelve dollars for safety boxes, two hundred dollars to Mr. Brankley for expenses and one thousand dollars for his own expenses in connection with the collection and handling of the fund. With the exceptions above noted the entire amount which was paid over to Mr. Teed as aforesaid was in Mr. Teed's possession at the time he gave evidence before the Commission, and he is now, or then was, holding the same as a fund to be used in the interests of the Local Government party in this Province.

All of which is most respectfully submitted.
Saint John, N. B., September, 1914."

THE VALLEY RAILWAY REPORT

This section of the Commission's report starts with a recital of authority, the charges as preferred by Mr. Dugal and the scope covered by the enquiry, and then proceeds to show what the act authorizing the building of the Valley Railway required from the parties concerned.

The relations existing between the St. John and Quebec Railway Co., and the St. John and Quebec Construction Co., are then explained at length, the legal documents showing their connection being given in full. The connection of the Prudential Trust Co. with the two companies is next set forth.

The question of diversion of funds as charged is then considered, and a number of cases in which this was alleged are named, after which the following remarks appear:—

Now these items, thus summarized, constitute the full contention made by Mr. Carvell along the line of diversion and in his closing argument before the commission he calculated their sum total at \$107,535.75. It may be fair, however, to say that Mr. Carvell made an attempt to show that \$100,000 remaining unpaid on the \$350,000 loan had been used by the borrowers for improper purposes, which he claimed to be a diversion. Inasmuch as this loan was made by the Prudential Trust Company to private parties we were liable for its retention as the proceeds of the guaranteed bonds were not pledged for its repayment it did not seem pertinent to the enquiry further than as it was made to appear that the proceeds of such bonds were used to pay off such loan and it was fully shown that every dollar so used in liquidation of such loan was represented by an equal amount put by the borrowers or some of them into the road.

The full claim of diversion therefore narrows itself down to the amounts above discussed, totalling a little over \$100,000 and our view has been expressed upon each item, and if we take the most unfavorable view possible under the circumstances, it is apparent that they by no means substantiate the claim of wrongdoing which we are asked to investigate in this part of the charge.

Turning back for a moment we find that Mr. Dugal in effect charges that \$300,000 paid out of the proceeds of the guaranteed bonds to the said railway company was diverted from its proper channels, remains unaccounted for and did not go into the construction of the railway, for he states in said charges that for the 117 miles under construction between Gagetown and Centreville the company received from the province proceeds of the guaranteed bonds and from the Dominion subsidy the sum of \$321,573.75, and that amounts to \$2.25 a mile for the said 117 miles. He goes on to state that the said railway, when entirely completed, will not cost the sum of \$28,000 per mile. He further alleges that it will take \$600,000 additional money to complete said railway between Gagetown and Centreville, and besides that the company owes to its various contractors the sum of \$200,000.

The statements of Mr. Dugal are that the said railway company had received their enormous sum of money and had made some improper use of a large amount of it entirely outside the construction of the said line of railway which was the clear purpose of its payment to them and of its receipt by them.

Now we have seen what evidence has been offered by him or his counsel to support this grave charge, namely an amount all told of \$107,000, composed of items which appear in the books of said construction company, charged to the construction of the said railway, most of which it is admitted on all sides would be properly chargeable to construction account under usual and ordinary circumstances, but under the particular circumstances of this case are not strictly properly charged to construction. As an instance an item \$30,197.14 for the Maxwell survey, although by the Act 10 Edward VII., as well as by the contract founded upon it the company is compelled to pay the costs of this survey.

With reference to most of the other items of the \$107,000 as before explained the question is not raised that they were not proper items to charge to construction, but that they should

WOMAN SUFFERED TEN YEARS

From Female Ills—Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Belleville, N.S., Canada.—"I doctored for ten years for female troubles and did not get well. I read in the paper about Lydia E. Pinkham's Vegetable Compound and decided to try it. I write now to tell you that I am cured. You can publish my letter as a testimonial."—Mrs. SUVRINE BABINE, Belleville, Nova Scotia, Canada.

Another Woman Recovers. Auburn, N. Y.—"I suffered from nervousness for ten years, and had such organic pains that sometimes I would lie in bed four days at a time, could not eat or sleep and did not want anyone to talk to me or bother me at all. Sometimes I would suffer for seven hours at a time. Different doctors did the best they could for me until four months ago I began giving Lydia E. Pinkham's Vegetable Compound a trial and now I am in good health."—Mrs. WILLIAM H. GILL, No. 15 Pleasant Street, Auburn, New York.

The above are only two of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which show clearly what great things Lydia E. Pinkham's Vegetable Compound does for those who suffer from woman's ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

not be paid out of the moneys from the proceeds of the bonds. Can it be pretended for a moment that Mr. Dugal had in his mind such items as these when he made these charges, or could it be supposed for a moment if all that is claimed by Mr. Dugal in the inquiry that all the items composing the \$100,000 and the proof with reference to them was before the legislature that this act would have been passed authorizing this enquiry on this branch of the charges? We think not. There was no attempt as far as the evidence shows at concealment of any of the items composing the \$107,000 by the company. They were all charged in the books of the construction company and one or more of the largest of these items were included in progress estimates and passed upon by orders-in-council.

Mr. Dugal's charge we think was of diversion mala fides, and in that sense there has been no diversion; and the charges on this branch of the inquiry, judged from that standpoint, fall to the ground.

The report next deals with the cost of the Valley Railway, concluding their remarks in this connection as follows:—

We beg to report that the actual cost of the Railway from Gagetown to Centreville up to 18th April 1914 was \$3,572,196.67; that the further amount necessary to complete said railway will be \$873,292.25; and the cost of the said railway when entirely completed, will be \$4,445,488.92.

Then come the decisions on the charges against Premier Flemming and Hon. H. F. McLeod in regard to compelling payment of large sums by contractors.

In Mr. Flemming's case, the evidence showed that he had received \$200,000 from John Kennedy, one of the contractors, and after a long paragraph in regard to this, Mr. Flemming is found guilty of compulsion.

In Mr. McLeod's case, he is given the benefit of his own testimony and adjudged not guilty, although the contractors, Scott and Kelly, gave evidence directly contrary to Mr. McLeod's.

KILLED IN EAST AFRICA

(From the Gloucester Northern Light) Mr. R. Carr Harris has received word that his son, Capt. Dale Harris of the Indian Army has been killed in action in East Africa.

Capt. Dale Harris at one time lived at the "Vale" and had many friends here, who will regret to hear that his brilliant career is ended.

In the State of Iowa more than two-thirds of the daily newspapers refuse to print any kind of beer, wine, or whiskey advertising. How about Ontario.

TAKES OFF DANDRUFF. HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out faster. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

BUSINESS AS USUAL

The United States has 6,000,000 factory workers and 1,600,000 railroad workers. Britain's railroads employ 600,000 men.

The world will no longer be able to speak of the "volatile" Frenchman. He is becoming as phlegmatic and calm in the trenches as his matter-of-fact British comrades.

SUCCESS TALK

Don't shed any of the briny if fate decrees that you cannot spend four years of your young manhood in a university. Get busy in the Moncton Business College, where everything is busy, where time is precious and opportunity is prized. Improve your opportunities, that's the thing.

G. J. SCHMIDT Principal Moncton Business College.

IMPRESSIONS ON GOING UNDER ETHER

(Martha B. Thomas in the N. Y. Sun.) Alone? Good God, can this be I To stand here shrinking in the dark? Have life and living passed me by And left no shadow, sign or mark?

What is this night of drifting dreams That filter by like flakes of snow? I feel but cannot hear the screams Of seething souls, lashed to and fro.

What am I? Fettered, bound or free, To be so dumb, so deaf, so blind? Your swirling veils are choking me! Ah, can ye not sniff out my mind?

A pulse seems pounding in my head: I cannot think Have I a soul? Have I been born, or am I dead? Is it not scratched upon the scroll?

"To-day," "To-morrow." What is time? I'm stifling! Heaven pity me! Is this some penalty for crime? O God, is this eternity?

Miss Gertrude Kerr, Graduate Nurse of Elliot Hospital, Keene, N. H., who has been visiting her mother, Mrs. Jane Kerr, has returned to her duties at Keene.

The many friends of Chief Hughes will be glad to hear that his son Basil is now making a good recovery from his illness, and is expected home on Friday or Saturday.

W. C. T. U. COLUMN

This department is conducted by the Local Union, and is under the charge of an editor appointed by them. This Editor assumes the responsibility for the statements and articles which appear in this column.

The report of the Commissioner of Internal Revenue at Washington, D.C., shows that during the fiscal year ending June 30th, 1914, there was a decrease of over \$4,000,000 in taxes on spirituous liquors. A further significant fact is the action of the Kentucky Distillers' Association, agreeing to cut the production of liquor in that state fifty per cent. for this year. It is stated that distillers in other States will do likewise, the reason being that the supply on hand in the private warehouses far exceeds the demands. Yet the liquor people would have us believe that the "prohibition wave" has brought about "increased consumption". From the C. E. World, Nov. 19th, 1914.

Another significant fact is the open stand taken by many journals, not solely religious or temperance, on this question. The Ladies' Home Journal, in the last three issues, published articles which might well have been taken from the pages of the most pronounced temperance journal in the world. In the month of September, Everybody's Magazine published the winning letter in one which it considered the best discussion of Rum. That such a magazine should have begun such a competition is another evidence of the trend of public opinion.

The following paper was read by Mrs. A. H. Ingram at the meeting of Nov. 10th.

OUR INTERESTS IN THE LUMBER INDUSTRY

Lumber is timber manufactured for building purposes.

Its manufacture constitutes one of the most important, as well as one of the most extensive industries of the world. In Canada some of the most important lumbering places are—

British Columbia, Quebec, Ontario, and our own province, New Brunswick. The lumber is not only manufactured for building purposes, but a great deal is made into furniture, which we make use of in our own homes.

The most common kinds of lumber in this country are—Maple, Ash, Oak, Elm, Poplar, Spruce, Pine, Birch and many others.

NOW, as we all know, that lumbering is one of the most important, if not the greatest, industry in our country, therefore it affords employment to a very large number of men.

The most important forms in which lumber exists are—logs, telegraph poles, boards, planks, joists, shingles, railroad ties and laths.

This great industry is carried on chiefly in the winter time, because it is at this time that the logs can be transported more economically than at other seasons. The lumbermen, during logging time, live in camps, which are usually constructed of logs, and consists of buildings in which the men sleep; a kitchen and dining room, one or more stables for their horses, and a blacksmith shop. The men of the camp are organized into squads, each in charge of a foreman, and assigned to a special line of work. One crew fells the trees, which is done by sawing them off near the ground, instead of chopping them as formerly.

Another crew cuts the trees into logs, and still another hauls the logs to the river, or to another suitable place, perhaps a siding, from which they are transported to the mills, while another may have charge of the roads over which the logs are hauled. The general foreman has over sight of all the work, selects the trees to be cut, and sees that each squad performs their work in a satisfactory manner.

A very large number of men go from this town, Dalhousie, and the surrounding districts, who are not provided with proper reading matter, books, papers, etc., that tend to have a direct, uplifting influence of lasting good, and what is of far greater value, form a love for good reading.

Next to friends and associates, BOOKS or reading of any kind, exert the greatest influence over the human mind. It is the source of much enjoyment and happiness.

Literature is ever young, ever helpful, ever inspiring. One cannot escape its influence, if once he comes heartily in contact with it. True literature may be a beautiful story that catches the attention, stirs the feelings, and molds the character.

It has been the custom of the W. C. T. U. Society for years, to supply the different camps with suitable reading, such as magazines of all kinds, books, papers, etc.

We have men and boys of all ages who make their living by having to go to the woods to earn money for their every day needs.

It is therefore our privilege to help supply these men with good reading matter. It may be in prose or poetry. To some minds one form makes a stronger appeal than the other, but both will charm the open minded. It is our aim as members of the W. C. T. U. to see if we can obtain the most interesting, catchy, and valuable reading that will suit all these different minds. I do not think that we have been careful enough in sending French literature.

At first they have very little reading, just what they take themselves. Now, these men have strict rules, which they must observe as well as

anything else. One of them especially is to be in bed, or, all lights out at 9. Most of them are tired and glad to get to rest. However, their evenings are long from dark, perhaps from 4 past 4 till 9, during which they could improve their time by reading. In some camps the books are looked after in the bosses office. It is a regular library. When they get a book, they are always punctual in returning it. These camps usually get their mail three times a week, but up the Kedgwick only every two weeks.

I think in all, there are about 1700 men occupied by lumbering from this town and some of the surrounding districts during the winter months. So you see we cannot send to much reading matter, as it certainly must take an enormous amount to go around the large number of men.

I might also mention that these camps are all supplied with mending kits, washing machines, etc. for their own needs. Their Sundays are spent in various ways, such as jesting, reading, smoking, etc. We can all form an idea in how they spend them.

They remain in the woods until about the 1st of April, when they come out for a month, then when it is time for river drive they most all return.

Their lumber is driven down the various streams to the main river, where it is all put in a boom and each company's logs are assorted, according to their own private mark. Then, it is towed to the mills and sawed in the different forms, thence shipped by water to all the different parts of the world.

We would like to call particular attention to the demand for French literature. There are many men in camp who speak very little English, and read none at all, having been educated in the Acadian schools. Reading in their own language would be much appreciated by these.

Church Notices

CHRIST CHURCH

Friday, Nov. 27th.

The Woman's Auxiliary will meet for sewing at the Rectory at 2.45.

The Junior Branch of the W. A. meets in the Church Hall after school.

Arrangements had been made to have Dr. McDonald, Editor of the Maritime Baptist to supply for Pastor Jenner, but Dr. McDonald has been appointed Chaplain for the Canadian force going to the front, and he has orders to hold himself in readiness to go when called.

CONCERNING PNEUMONIA

(Chicago Journal.)

The pneumonia season has arrived. Not because the weather is colder—Arctic explorers do not get pneumonia until they return to "civilization." Not because of raw winds from the lakes, though these chill the body and thereby reduce resistance to the disease. Pneumonia comes at this season because people close doors and windows to keep out cold air, and thereby condemn themselves to breathe the foul air in which the deadly pneumococcus rejoices and multiplies.

Keep your houses and offices as warm as you like. Americans are accustomed to warm rooms, and it would be foolish to make a sudden change. But see that the place where you live and work has plenty of fresh air. A closed window shuts sickness in, not out.

PROBATE COURT.

COUNTY OF RESTIGOUCHE

In the matter of the Estate of M. Murray, deceased.

To the Sheriff of the County Restigouche or any constable in the said County, GREETING:—

WHEREAS Honoring H. Langlois, J. Robert McKenzie administrator of the estate of Frank M. Murray in the Town of Campbellton in the County of Restigouche and Province of New Brunswick, deceased have

made an order for distribution made in the said estate.

You are therefore required to the heirs, next of kin, creditors and all others interested to appear before me at a Court of Probate to be held in the Police Office in the City Building in the Town of Campbellton on MONDAY the TWENTY-SECOND day of December, A.D. 1914, to cause if any, why the accounts of said Administrators should be passed and an order for distribution made.

Given under my hand and seal of the said Court this Twenty-first day of November, A.D. 1914.

(Signed) FRANCIS F. MATHES (Court Seal) Judge of Probate

HARRIET E. MOTT, Registrar of Probate.
