The copy filmed here has been reproduced thanks to the generosity of:

Vancouver City Archives

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol ➡ (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Vancouver City Archives

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole ➡ signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

ARTS, HISTORICAL & SCIENTIFIC ASSOCIATION

CONSTITUTED 1854
INCORPORATED 1857

Foreword

In the spring of 1894, the Arts, Historical and Scientific Association was incorporated to carry on the work which had been commenced two or three years earlier by a few ladies and gentlemen who knew the need of some society having for its object the fostering of public interest in the arts and sciences, and of preserving to posterity the too easily obliterated land marks of early British Columbian story. The constructive meeting was held in the then new O'Brien Hall, and the Rev. (now Canon) Norman L. Tucker, D. D., was made President, which office he continued to occupy until leaving Vancouver six years later. Mrs. Mellon, to whose efforts the Association mainly owes its inception, was, and still is, the First Vice-President, and has assembled a great deal of interesting information commemorating Captain Cook, whose name is inseparable from the earliest history of British Columbia. Mr. H. J. de Forest

was elected Secretary, and Mr. Lee Rogers, Treasurer. Among the charter members we find the names of several who are still working to further the objects and extend the influence of the Association: Dr. Roland D. Grant, Professor Odum, Mrs. McLagan, and Mr. F. C. Wade, K. C., who resigned the office of President prior to his recent visit to the Old Country, and was succeeded by His Honor Judge Howay. The Museum in the Carnegie Library Building is one of the visible results of the work of this Association, and was visited during the past twelve months by upwards of forty thousand people. By such figures is the existence of the Association vindicated. The valuable "Dr. Grant Collection of Minerals" was added during this year to the Museum, which contains, among others, a splendid collection of native Indian arts and crafts.

Under the auspices of the Arts, Historical and Scientific Association, a series of free lectures is given each winter in the Assembly Hall of the Aberdeen School. The large average attendance affords convincing evidence of the range and popularity of these lectures.
