## VOLUNTARY TESTIMONY.

Messrs. DEVINS & BOLTON, Druggists, next the Court-House, Montreal, have received the following letter from Mrs. M. J. NOLIN HEROUX, witnessed and confirmed by her husband and E. M. ROY, merchant, of St. Phillips, Laprairie, of a wonderful cure by **Bristol's Sarsaparilla**.

Messrs. DEVINS & BOLTON:

SIRS—The present is to certify that I, M. J. NOLIN, 40 years of age, wife of M. HEROUX, Notary Public, have suffered for a year with violent palpitation of the heart, sudden chills, extreme heat and cold in various parts of the body, attended with great pain, particularly in the arms; my pulse was very variable—very slow or quick; frequently a tendency to faint, with a sense of suffocation; sleep troubled; irritable, and very low spirits. I tried several medical men without deriving any benefit, and they all concluded by giving me up. In July last, I saw in the papers, "**Bristol's Sarsaparilla**,"—"Blood is Life." I purchased five bottles at your store, which afforded me relief from the first dose. A substance resembling very fine white sand came from my legs in quantity, after which I recovered my nearly lost faculties, and was free from pains, palpitations, and chills, and perfectly cured of my affliction in ten weeks. I am convinced of the superiority of this remedy over all others.

Signed,

M. J. N. HEROUX,  
EMELIEN ROY, Merchant.  
Mr. HEROUX, Notary Public.

ST. PHILLIPS, LAPRAIRIE, *Sept. 20, 1862.*

## HOME EVIDENCE.

Mr. R. DUGAL, Chemist and Druggist, Crown Street, Quebec:

SIR—I send you the following certificate attesting the efficacy of **Bristol's Sarsaparilla**:

RESULT OF A SLOW FEVER—I certify that on the 19th March, 1860, my son, nine years old, was obliged to keep his bed from the above sickness. I employed the best doctors, who took him under their charge for two years, without affording relief. Last spring I commenced to give **Bristol's Sarsaparilla**, and from the moment he began taking the remedy a rapid improvement took place, and at present he can walk with facility. I therefore advise all persons suffering with similar maladies to try **Bristol's Sarsaparilla**.

JEAN LACHANCE.

ST. ROCH, QUEBEC, *Aug. 8, 1863.*

## MORE HOME EVIDENCE.

### RHEUMATISM CURED!

Still another of our well-known and highly respectable neighbors has come forward under a sense of duty, and made the following statement:

ST. CONSTANT, DIST. OF LAPRAIRIE, *May 25, 1863.*

Messrs. DEVINS & BOLTON, Druggists, next the court house, Montreal:

DEAR SIRS—When I began using **Bristol's Sarsaparilla**, I had been for nine months suffering with rheumatism, and had completely lost the use of my legs, being unable to walk during four months out of the nine. The first bottle of **Bristol's Sarsaparilla** gave me great relief, and before I had finished seven bottles, I was entirely free from pain, and able to walk as well as I ever could. You will confer a favor on many by making these facts public, which I shall be glad to confirm.

Very respectfully yours,

THOMAS QUELLIAN.

*D. M. Muller*

**THE ANATOMY OF MAN'S BODY,**

As governed by the twelve Constellations, according to ancient Astrology.

The Head and Face,  **ARIES.**

- Arms. Gemini 
- Heart. Leo 
- Reins. Libra 
- Thighs. Sagittarius 
- Legs. Aquarius

**BRISTOL'S CANADIAN ALMANAC FOR THE YEAR 1864,**

BEING LEAP YEAR.

The Astronomical Calculations are made in clock time, by SAMUEL H. WRIGHT, of Dundee, Yates County, N. Y.

**ECLIPSES.**

- There will be only two Eclipses this year, both of the Sun, as follows:
- I. A Central Eclipse of the Sun, May 5th. A small, partial eclipse will be visible about sunset in the north-western regions of Upper Canada and at Hudson's Bay, but not elsewhere in the Canadas.
  - II. An Annular Eclipse of the Sun, Oct. 30th, invisible in Canada and the British Provinces.

# IMPORTANT NOTICE.

Unlike all other Almanacs, which are generally repetitions of the same old receipts and stale jokes continued year after year, this Almanac contains every year different receipts and new and valuable information; it should therefore be preserved with care: the old issues are just as valuable ten years after publication as the day they were issued.

## VALUABLE RECEIPTS.

### TO PREVENT RUST.

If rusty iron is rubbed with boiled oil, in which some red-lead has been mixed, on a warm day, the rusting process will be arrested.

### WHITEWASH THAT WILL NOT RUB OFF.

Mix up half a peckful of lime and water, ready to put it on the wall, then take one gill of flour, mix it with a little water; then pour on it boiling water sufficient to thicken it; pour it while hot into the whitewash.

### CURE FOR WARTS AND CORNS.

An English physician of good repute says, that corns, warts, bunions, or any other excrescences, may be cured by applying to the parts a decoction composed of the bark of a willow-tree, burned to ashes, and mixed into paste with strong cider vinegar.

### HOW TO DYE SMALL ARTICLES.

In domestic dyeing, for trifling articles, the Dye and Mordant are often boiled together, and the stuff immersed in the liquid. The following are some examples:

**Crimson.**—Boil four ounces of Brazil Wood with half an ounce of Alum, and a quarter of an ounce of Cream Tartar, in a gallon of water.

**Purple or Lilac.**—Cudbear, two ounces, Pearlash, quarter of an ounce, hot water, half a gallon.

**Rose or Flesh Color.**—Pink saucers, with a little lemon juice, or Cream of Tartar, will be found convenient.

**Violet.**—Boil four ounces of Logwood with one ounce of Alum, and a quarter of an ounce of Cream of Tartar, to a quart of water.

**Blue.**—Add to water as much Liquid Blue as will make it the desired color.

**Yellow.**—Boil two ounces of Tumeric, or a drachm of Saffron, with half an ounce of Alum, to a quart of water.

**Green.**—Add to the Yellow dye sufficient Liquid Blue to render it green.

**Black.**—Boil one ounce of Logwood, a quarter of an ounce of Sumach, and half a tea-spoonful of Copperas, in four quarts of water.

**Buff.**—Boil one ounce Fustic, with one drachm of Alum, in four pints of water.

ESTABLISHED IN 1832.

# BRISTOL'S SARSAPARILLA.

In Quart Bottles.

**A TONIC, ALTERATIVE, AND DIET DRINK,**

ADAPTED TO

**All Seasons and All Climates,**

AND ESPECIALLY NEEDFUL IN

**SPRING AND SUMMER.**

Thirty years of practical experience have established the fame of BRISTOL'S SARSAPARILLA as a **Standard Remedy** for Scrofula and all Ulcerous and Eruptive Disorders, beyond the reach of competition. The world knows that its effects in such maladies are, to

**Arrest Suppuration,  
Produce Sound Flesh,  
Cool the Angry Skin,  
Restore the Secretions,**

**Invigorate the Frame,  
Purify all the Fluids,  
AND  
Brace the Constitution.**

But its operation is not limited to one class of distempers. As a general Corrective, Tonic, and Alterative, its importance is affirmed by the best medical talent of the age, and the sick and feeble everywhere place the fullest faith in its preventive and remedial properties. The value of BRISTOL'S SARSAPARILLA, as an antidote to the complaints which prevail in **Spring and Summer**, cannot be overrated. During these seasons the human physique is subjected to severe trials. It requires reinforcement, it demands help, in order to withstand the strain. We all know the debilitating and dangerous tendency of

**Changes of Temperature,  
Unwholesome Exhalations,  
Insalubrious Winds,  
Long-continued Rains,**

**Fierce, Exhaustive Heat,  
An Unhealthy Soil,  
AND  
Deleterious Water.**

In **Spring, Summer**, and a portion of **Autumn**, the lives of thousands are in continual jeopardy from these prolific sources of disease. The best safeguard, the surest defence against them, is BRISTOL'S SARSAPARILLA. It should be used as a daily beverage or **Diet Drink** throughout the unhealthy season. Two table-spoonfuls, taken in a tumbler of water three times a-day, will impart a tone and vigor to the system, which will render it impervious to the disorders that usually result from the above-named causes.

UNPARALLELED IN HISTORY.

James Wyckoff Cured of Ulcerous Scrofula,

BY

## BRISTOL'S SARSAPARILLA,

THE GREAT PURIFIER OF THE BLOOD!

And the only Genuine and Original Preparation for the **PERMANENT CURE** of the **MOST DANGEROUS** and **CONFIRMED CASES** of **Scrofula** or **King's Evil, Old Sores, Boils, Tumors, Abscesses, Ulcers,** and every kind of **Scrofulous** and **Scabious Eruptions, Syphilis, or Venereal Disease.**

Guaranteed to be the most powerful and purest preparation of **GENUINE HONDURAS SARSAPARILLA** that is put up for sale.

It is the very best, and, in fact, the only sure and reliable medicine for the cure of all diseases arising from a vitiated or impure state of the blood or from excessive use of mercury.

The afflicted may rest assured that there is not the least particle of **MINERAL, MERCURIAL,** or any other poisonous substance in this medicine. It is perfectly harmless, and may be administered to persons in the very weakest stages of sickness, or to the most helpless infants, without doing the least injury.

Full directions how to take this most valuable medicine will be found around each bottle; and to guard against counterfeits, see that the written signature of **LANMAN & KEMP** is upon the blue label.

Prepared only by

**LANMAN & KEMP,**

Wholesale Druggists, New York.

## VALUABLE RECEIPTS.

### WATER-PROOFING FOR CLOTH, LINEN, CANVAS, ETC.

We have given receipts for making cloth waterproof, but the following is the most simple and cheapest method: Brush the cloth with a solution of isinglass, and when dry, with a solution of nutgalls. This last preparation changes the gelatinous mass of isinglass into a true leather.

### TO SET COLORS IN CALICO.

All colors in calico may be set by the use of the following mixture: Dissolve one teaspoonful of ox-gall in a gallon of warm water, and wash the article in it, without soap. This is a cheap process, and every family should have a bottle of the mixture always on hand.

### THE GIRL WITH A CALICO DRESS.

A fig for your upper-ten girls, with their velvets and satins and laces,  
Their diamonds, and rubies, and pearls, and their milliner figures and faces;  
They may shine at a party or ball, embazoned with half they possess,  
But give me, in place of them all, my girl with the calico dress.

### TO RESTORE COLOR.

When the color is taken out by acid, it may be restored by an application of sal volatile and hartshorn, which will not harm the cloth.

### TO DYE NANKIN COLOR.

A pailful of lye with a piece of copperas half as large as a hen's egg boiled in it, will color a beautiful nankin which will never wash out.

### TO DYE A HANDSOME GREEN.

Boil out the old color, rinse in soft water, then take fustic, boil it in soft water, and it will make a bright yellow dye. Next take a bowl full of this yellow dye, and put into it a table spoonful of the blue composition (see page ten), stir it up well with a clean stick, and dip the articles which you have already dyed yellow in the fustic, into it. They will be a fine sharp grass green.

### LIQUID BLUE.

This is the English process: Mix one ounce of Spanish indigo with one and a half pounds of best vitriol, and scrape in a little chalk. Put it in a bottle. Set an iron pot half full of sand over the fire. When hot, place in the bottle, and let it remain until its contents boil gently (fifteen minutes). Then take the kettle off the fire, and let all remain twenty-hours, then bottle the liquid for use.

### TO PURIFY BAD WATER.

Five drops of sulphuric acid put into a full quart decanter of bad water, will cause the noxious particles to fall to the bottom. Twenty drops of diluted vitriolic acid will answer the same purpose. The water should stand two hours, and then pour off about three parts for use; the rest throw away.

# BRISTOL'S SARSAPARILLA

Is now admitted by the most learned physicians to be the very best medicine as

**A Healthful Stomachic,**

**A Corrective of Impurities,**

**An Antidote to Malaria,**

**A Preventive of Debility,**

**A Cure for Exhaustion,**

**A Repellent of Disease, and**

**A Strong Ally of Nature.**

Remember that the same sun which brings to perfection the fruits of the earth is firing the air with the elements of sickness, and fermenting into deadly poison the decayed vegetable matter in the pools, wells, and streams. The vital forces require to be sustained. Help them to resist the unhealthy atmospheric influences with **Bristol's Sarsaparilla**, and qualify every draught of water you take with that powerful disinfectant. So shall you avert all danger from the virus which floats unseen in the mid-day sunshine, and the evening and morning vapors, and defy the diseases which lie *perdu* in the feculent and turbid waters, waiting to assail you. Do this, and the augmented vigor of your animal system will enable it to

**Repel Intermittent Fevers,**

**Escape Summer Epidemics,**

**Ward off Bilious Attacks,**

**Defy Bowel Complaints,**

**Prevent Diarrhœa and Dysentery,**

**Keep Dyspepsia at Bay, and**

**Pass the Ordeal Safely.**

The public mind has been so much excited by the marvelous cures wrought by **Bristol's Sarsaparilla**, in cases of Virulent Diseases, that its virtues as a general preventive and restorative agent have been in some measure overlooked. Its tendency to recruit the dormant energies, to clear the brain, to refresh the animal spirits, to give activity to the temperament, to prolong life, and to promote that enjoyment of it which springs from the *entente cordiale* of a sound body and an elastic mind, are, in reality, as important to mankind as its specific operation in those terrible maladies of the flesh and skin, once supposed to be incurable.

**For Sale by all Leading Druggists.**

# WONDERFUL!

Is the Testimony that is constantly being received in favor  
of the Great Virtues of **BRISTOL'S SARSAPARILLA**.

Hear what is said by one who has tried it:

Messrs. DEVINS & BOLTON, Druggists, Montreal:

GENTLEMEN—It is with the most grateful feelings that I give you the particulars of the cure effected upon me by the use of the **Bristol's Sarsaparilla** bought from you. A severe and painful rheumatism had troubled me for years, rendering my right arm almost useless, and extending across my chest and down my back, made me unable to walk, and comparatively helpless, besides much pain in the side, from what my family doctor called liver disease. Mr. KENNEDY, my neighbor, on whom the **Bristol's Sarsaparilla** produced almost a miraculous cure, advised me to try a bottle or two. I did so, taking at the same time, as directed by you, a couple of **Bristol's Sugar Coated Pills** occasionally.

I am now entirely recovered, free from pain of every kind, and feel as if I had taken a new lease of life. I can with confidence recommend the **Sarsaparilla** and the **Pills** to any one suffering with the same troubles.

MRS. CROSBY,

Dry Goods Store, St. Mary's Street, Montreal.

**Bristol's Sarsaparilla** and **Bristol's Sugar Coated Pills** are for sale by all respectable Druggists.

---

## UNSOLICITED TESTIMONY.

From the Leading Druggists in Havana.

[TRANSLATION.]

The undersigned, Druggists of this city, tender the following statement in favor of **Bristol's Sarsaparilla**; and say that, since the liberty of introducing and selling it has been granted by the Government, they have had very many opportunities of witnessing its effects in nearly every kind of disease and sickness; and they conscientiously declare that they have never known it to fail in effecting a cure, always giving satisfaction; and to this continued success they attribute the prodigious consumption of it in this island; and they assert, from experience, that it is superior to all other preparations of Sarsaparilla ever known in this country.

LUIS LE RIVEREND, 42 Aguiar St.

J. A. GALLEGO, 70 Amargura St.

JOSEPH REYES, 74 Lamparilla St.

CITY OF HAVANA, ISLAND OF CUBA, March 5, 1860.

# VALUABLE RECEIPTS, &c.

**Rules for Dyeing.**—The materials should be perfectly clean; every vestige of soap should be rinsed out in soft water. The article to be dyed should be thoroughly wetted with the dye or it will be spotted; light colors should be steeped in brass, tin or earthen, and if set at all, should be set with alum. Dark colors should be boiled in iron and set with copperas; too much copperas will rot the threads.

**To Dye Blue.**—Boil out the original color and rinse in soft water; then get at the hatters or apothecaries an ounce or more of "blue composition." It is a compound of vitriol and indigo, which they always keep on hand; an ounce of it should cost about fifteen or twenty cents. Twelve or sixteen drops of this blue composition in a quart bowl full of warm water, stirred (and if there are any settlings it must be strained), will color a great many articles. If you wish a deep blue, pour in more of the composition. No cloth containing any cotton in it must be died with this, as the vitriol will destroy cotton threads. After the dyed articles are quite dry, they should be washed in cool suds; this prevents any bad effects from the vitriol.

**To Dye Slate Color.**—Take old tea leaves or grounds and boil them in an iron pot with a little copperas (sulphate of iron); this makes an excellent slate color.

**A Hint for the Summer Season.**—The simplest and best way of preserving woolens through the summer from the destruction of the moths, is to wrap them well up, after brushing and beating them, in cotton or linen cloths. The moth can pass neither. Two covers, well wrapped around and secured from the air, will be effectual. An old sheet will answer, and save all the expense of camphor, etc.

IMPORTANT  
QUESTIONS ANSWERED.

---

**Is it true that Bristol's Sarsaparilla can be relied upon to purify the Blood ?**

CHARLES MONTAGUE, of New York city, declares, that after enduring for nine years unheard-of pangs from Malignant Scrofula, which had turned his blood into a stream of putrid matter, eleven bottles of BRISTOL'S SARSA-PARILLA healed his sores, cleansed his whole system, and made him a well man

---

**Is it true that Bristol's Sarsaparilla can cure Cancer ?**

ALEXANDER MANN, of the city of Rochester, certifies, that he had a frightful case of Cancer in the Nose with which he suffered for over two years ; it had eaten the bones and flesh away level with the face. He tried the best doctors ; none could arrest the disease. Nine bottles of BRISTOL'S SARSA-PARILLA removed the Cancer, and restored him to perfect health.

---

**Is it true that Bristol's Sarsaparilla will safely heal deep Running Ulcers ?**

ELIZA DAVIS, of St. Catherine's, Canada West, testifies, that for four years she had six large Running Ulcers on her right arm and shoulder, the discharge of matter from them being more than a pint a day. The doctors decided to amputate her arm ; she would not agree to it, and began to use BRISTOL'S SARSA-PARILLA. Twelve bottles healed every sore, and left her well and hearty.

---

**Is it true that Bristol's Sarsaparilla will cure Gout and Rheumatism ?**

MR. S. L. MOORE, of Hartford, Conn., solemnly declares, that for eighteen years he was often confined to bed from four to six weeks at a time with the most excruciating Rheumatic attacks. He almost exhausted his means in paying for medicines and doctors' fees, but could get no relief. His friend, Thomas Hogan, Esq., of New York city, who had been cured by it, recommended him to use BRISTOL'S SARSA-PARILLA. He did so, and fifteen bottles entirely cured him. This was years ago, and no return of the pains has ever taken place.

# IT IS ASTONISHING !

Still another grateful letter sent to Messrs. DEVINS & BOLTON, Druggists, next the Court-house, Montreal:

DEAR SIRS,—For years I have suffered severely from liver complaint, constant pain in the side, no appetite, intense drowsiness, and a sense of suffocation, compelling me at times to remain in bed for three or four days. For two years I was constantly taking medicine, under the advice of two of our best city physicians, without getting any relief. By their orders I spent the whole of last summer in the country, but without benefit. Last March I was advised by a friend, who knew its virtues, to try **Bristol's Sarsaparilla**, but I had lost confidence in every thing, and was fearful of getting worse. At last I did try it: its effect was most beneficial: my appetite returned; the heavy drowsiness left me; and my digestion became vigorous and healthy. I used in all twelve bottles, and am now as strong and well as any man could desire.

You are at liberty to make my case known to the public.

Yours, very truly,

J. H. KENNEDY,

Grocer and Dealer in Wines and Spirits.

No. 160 St. Mary Street, Montreal.

## A CITIZEN OF QUEBEC CURED OF FIFTEEN RUNNING SORES.

The following letter was received by one of the most respectable druggists in Quebec, Canada:

W. E. BRUNET, Esq., Druggist, Pont St. Roch (or Craig) Street, Quebec.

DEAR SIR,—This is to certify that I have been thoroughly and entirely cured of *fifteen sores* which I had on my right arm, by the use of **Bristol's Sarsaparilla**. These sores had been on my arm for over four years, and during that time were continually discharging, which weakened me so much that I was unable to leave my bed for four months. Having heard of **Bristol's Sarsaparilla**, I made up my mind to try it. I used six bottles, and with the best results; for I am now as strong and as able a workman as I was before having the sores.

OLIVE GARNEAU.

Sworn to before me, this 10th day of February, 1863,

ED. ROUSSEAU, M.D., and Justice of the Peace, Quebec.

## HIGHLY IMPORTANT TO ALL THOSE WHO SUFFER WITH PLEURISY.

Another of the highly respectable citizens of Quebec, Canada, has voluntarily addressed the following to

W. E. BRUNET, Esq., Druggist, &c., Pont St. Roch Street, Quebec.

It affords me great pleasure to inform you that I have been completely cured of a very severe Pleurisy, which I had neglected, and by the use of only three bottles of the **Bristol's Sarsaparilla**, which I bought at your establishment in Vatie Street.

I am, dear sir, very truly yours,

J. B. ALEXIS DORVAL, Inspector of Timber. •

To convert pence into cents.—Add a cypher to any number of pence, and divide by 6.  
 Example: to 44 pence add a cypher, 440, which divided by 6 gives 73-2-6th, say 73 cents.

To convert cents into pence.—Multiply any number of cents by 6, and put off the last figure, which is tenths. Example: 73 cents multiplied by 6 gives 438, or 43 pence and 8-10ths, say 44 pence.

To convert sterling into currency.—To the given sum add one-fifth of itself, and one-twelfth of that one-fifth.

Currency into sterling.—Multiply by 60, and divide by 73.

### Principal Governments of the World.

**THE TESTIMONY OF THE WHOLE WORLD**  
**IN FAVOR OF**  
**BRISTOL'S SARSAPARILLA.**

---

**From Cardenas, Cuba.**—Dr. A. H. Hevia and Dr. J. L. de Hevia certify that they have been astonished by the cures of Syphilis, Scrofula, and all diseases arising from depraved humors and vitiated blood.

**From Havana, Cuba.**—The three leading chemists, Luis Le Riverend, J. A. Gallego and Jose Reyes, unite in stating that the results obtained by the use of **Bristol's Sarsaparilla** are actually marvellous.

**From Mayaguez, in Porto Rico.**—We have the cure of a negro certified by his owners, Messrs. Mata Martin & Bro., and by the government doctor, Don Fermin de Peña: by the commander-in-chief of that station, General Francisco Calvo; by two Notaries Public, and by A. R. Mooyer, Esq., American Consul. This is a most wonderful case—the poor boy was one mass of running sores; seven bottles of **Bristol's Sarsaparilla** completely cured him.

**From Lima, Peru.**—We have a letter from the chief physician of the Public Hospitals, Dr. Jose Almenavas, saying that he has had greater satisfaction from the use of **Bristol's Sarsaparilla** in the hospitals than any other medicine he ever prescribed. Its cures in bad cases of Scrofula, old sores, boils, ulcers, tumors, abscesses, and all venereal diseases, have perfectly astounded him.

**From Serena, Chili.**—We have a letter from Ignacia de Soto Lesena, giving details of a wonderful cure of ulcers and sores.

**From Buenos Ayres.**—Mr. Benito Jondal writes, describing a cure of Rheumatism that had defied all treatment for twenty-five years. Thirteen bottles effected it; and many other cures had he room to detail them.

**From Rosario, Argentine Republic.**—Mr. Manuel Puccio, Druggist, writes with particulars of a cure of ulcerous disease, where the body of the patient was so covered with sores that the hand could not be laid upon any portion of him without touching them; twelve bottles cured him.

**From Montevideo.**—J. V. Garaicochea, Chemist and Druggist, certifies to the cure of a family of six persons who were all afflicted with scrofulous disease. **Bristol's Sarsaparilla** restored them all to perfect health.

**From Brazil.**—We have the certificate of the cure of a horrible case of Elephantiasis on the person of a man living on the estate of the Brazilian nobleman, Don Ildefonso Simeon Lopez, near the city of Barra Mansa, in the Province of Rio de Janeiro.

**From the Town of Chingo, in Gautemala.**—We have the certificate of the illustrious citizen Francisco Ordones, testifying to the cure of a fearful case of Cancer that had existed for over ten years.

**From San Salvador.**—We have the letter of the Right Rev. Don Tiburcio M. de Santa Ana, certifying to a cure of severe Rheumatism that had defied all treatment for twenty years.

**For Sale by all Druggists.**

YOUNG LADY (*whose birthday it is*).—"Oh, yes! I have had a great number of nice presents: but I wonder who sent me this beautiful Bouquet?"

HANDSOME PARTY (*with moustaches, presence of mind, and great expression of eye*).—"And can't you guess?" (Sighs deeply.)

(N. B. *Poor Binks, who was at all the trouble and expense of getting the said bouquet, is supposed to be watching the effect of his gift with some anxiety.*)

## VALUABLE RECEIPT.

### Premium Corn Bread.

The *American Agriculturist*, of this city, recently offered a prize of \$10 for the best loaf of corn bread. 220 samples were offered, and the premium awarded to Mr. James O'Brien, of Carrick, Pa. The following is his receipt: To two quarts of meal add one pint of bread sponge; water sufficient to wet the whole; add one half-pint of flour and a table-spoon-full of salt; let it rise; then knead well for the second time, and place the dough in the oven, and allow it to bake an hour and a half.

ESTABLISHED IN 1832.

## MEDICAL TESTIMONY.

FROM ONE OF THE LEADING PHYSICIANS in Lima, Peru.

[TRANSLATION.]

LIMA, Sept. 28th, 1860.

I take pleasure in making known the excellent results obtained during my daily practice in the hospitals of St. Andres, of this city, by the use of **Bristol's Sarsaparilla**, and I will always prescribe it and recommend it in all cases of an ulcerous or eruptive nature, or when the blood or humors are in a vitiated or depraved condition.

JOSEPH ALMENAVALAS, M. D.

## Remarkable Medical Testimony.

Messrs. **PICAULT & SON**, Chemists and Druggists, No. 42 Notre Dame Street, Montreal, have received the following testimony:

MONTREAL, C. E., July 31, 1863.

Messrs. **Doctors PICAULT & SON**:

*Sirs*,—This is to certify that for five years I was troubled with general debility, unable to perform my household duties, and suffering violently from palpitation of the heart. I was constantly under the influence of a chilly fever, and experiencing awful pain in my whole body. I tried every thing—sought medical advice, but all to no avail. Twelve months ago I was induced to try **Bristol's Sarsaparilla**, and before I had taken two bottles experienced a decided improvement; but my means not allowing me to continue its use, I was becoming worse again, when you kindly gave me a few bottles. It was the needed remedy, and its effect on my system was wonderful. I am now another woman. I feel well, eat well, and sleep well, and do all my work without the least fatigue. I cannot too strongly recommend this invaluable medicine to the suffering, and I have not the least doubt they will derive from it the same benefit as I have.

(Signed)

ANGILE DANIEL,  
Wife of Celestin Courtois,  
95 Visitation-street.

I certify the above is the truth.

CELESTIN COURTOIS.

Sworn before me this thirty-first of July, 1863.

J. BOULANGET, Justice of the Peace.

## EXTRAORDINARY EVIDENCE.

Extract from a letter of **J. M. VENGOCHEA**, Esq., M. D., and member of the Medical Faculties of Paris and Bogota.

"SANTA MARTA, NEW GRANADA, Nov. 8d, 1862.

"It is with confidence that I can certify that **Bristol's Sarsaparilla** is the most efficacious remedy known to me for the cure of all kinds of syphilitic diseases, whether of the secondary or tertiary form. I have also, with this Sarsaparilla alone, cured some of the worst cases of Scrofula that have ever come before me in my long practice."

# CATALOGUE OF DISEASES,

## And Directions for using Bristol's Sarsaparilla.

WHEN any of the following diseases are of long standing, and of a very obstinate or aggravated character, the use of *Bristol's Sugar-coated Pills*, in conjunction with the *Sarsaparilla*, will overcome every difficulty, even in the most hopeless cases.

### CANCER.

This is one of the most dangerous and difficult diseases to which humanity is liable. For its cure, take half a wineglassful before each meal, and the same when retiring for the night. Use no liquors or highly spiced food; live on plain, but generous diet. Where the disease is in the first stages, and the skin is unbroken, the swellings or lumps should be bathed softly with a solution of six grains Iodine, twelve grains Iodide of Potash to one pint of water, taking two of *Bristol's Sugar-coated Pills* every morning. If it be an open cancer, use a paste made of Blood-root and Chloride of Zinc, spread on linen and applied to the sore.

### SCROFULA & SCROFULOUS DISEASES.

Begin with a half wineglassful twice a day, and after the system has become accustomed to it, take the dose three or four times a day; continue this treatment until the disease has disappeared. In some cases a few weeks may suffice, while in others it may take two or three months.

### Syphilis, or Venereal Disease.

For the permanent cure of every form and type of this frightful disease, even when aggravated with a MERCURIAL course, there never has been any medicine so sure and certain a cure as "BRISTOL'S SARSAPARILLA." More than a thousand persons who have been cured by it, have expressed their gratitude to the proprietor in letters that could be given, but for the private nature of the disease; suffice it to say, that it never fails, even in the worst cases. Take free and often-repeated doses, as much as the system will stand, and continue for some time after the sores are entirely healed. A piece of lint dipped in a weak solution of Tincture of Muriate of Iron, may be used as an outward application.

*Tetter, Erysipelas, Salt-Rheum, St. Anthony's Fire, Ringworm, &c.,*

All require the same treatment, all springing from the same source—*Impure Blood*. A half wineglassful morning and evening, will generally be sufficient, especially if BRISTOL'S SUGAR-COATED PILLS be used in conjunction.

### Female Diseases,

Such as RETENTION—PAINFUL and SUPPRESSED MENSES—IRREGULARITY—WHITES—STERILITY—ULCERATION OF UTERUS, &c., are all infallibly cured by doses of a tablespoonful taken three or four times a day. Perseverance in this treatment will effect a complete cure.

### OLD SORES, TUMORS, and ULCERS.

Take a half wineglassful three times a day, bathing the sore with the same solution recommended under the head of *Cancer*.

### Rheumatism, Gout, and Neuralgia,

are diseases against which the usual remedies of the faculty are comparatively useless. It is, therefore, with much satisfaction we proffer to the suffering, *Bristol's Sarsaparilla* as a sure and speedy relief, and a reliable cure. Taken in full doses three times a day, about an hour after eating, it will remove every vestige of the inflammation and pain. Its affinity for the uric acid, which in the blood is the main cause of these troubles, is truly wonderful. We have certificates of extraordinary cures of these diseases. *Bristol's Sugar-coated Pills* should be used in moderate doses, in conjunction with the *Sarsaparilla*.

### Bronchocele, or Goitre.

The SARSAPARILLA should be freely used: half a wineglassful four or five times a day, bathing the swelling with the same solution recommended for *Cancer*, only made twice as strong.

*Boils, Pustules, Eruptions, Blotches, Pimples,*

And all SKIN DISEASES, yield readily to the use of the *Sarsaparilla*, in doses of a tablespoonful three or four times a day, washing the parts with Castile soap and water.

*Enlargement and Ulceration of the Bones, Fits, Heart Disease, &c.,*

Are often caused by *Scrofula*. In all such cases, a moderate but continued use of the *Sarsaparilla* will give the most satisfactory results.

### BILIOUS ATTACKS, JAUNDICE, &c.,

Will be speedily cured by doses of half a wineglassful two or three times a day, and the cure will be much quickened by using "*Bristol's Sugar-coated Pills*" at the same time.

For the general guidance of patients we give a table of doses:—

For male adult...	½ wineglassful	3 times a day.
" female ".....	"	"
12 to 15 years.....	1 tablespoonful	"
8 to 12 ".....	2 teaspoonfuls	"
5 to 8 ".....	1 "	"
For infants.....	15 to 20 drops	in water.

## A GREAT MEDICAL TRIUMPH!!!

A letter voluntarily sent to the first drug-house in Canada.

Messrs. DEVINS & BOLTON, druggists:

*Gentlemen,*—Having suffered severely for four years with violent palpitation of the heart, and constantly recurring attacks of fever and ague, with loss of appetite and great pain after eating,—my system sinking under general debility and my flesh fast wasting away,—I was induced to try **Bristol's Sarsaparilla**; and, to my great satisfaction, I found even from the first bottle considerable relief, and before I had finished the sixth, the palpitation of my heart was entirely removed, my fever and ague completely broken up, my appetite good, my flesh fully restored, and my body as strong and vigorous as it ever was. Under these circumstances, I feel it my duty gratefully to acknowledge my cure, and to say that I had previously been under the treatment of the best physicians in Toronto, Chicago, Cleveland, and Toledo, without receiving any satisfactory or permanent relief. I am yours, gratefully,

ALFRED TUCK,

May 10, 1863.

Soap and Candle Maker, Craig St., Montreal.

## TESTIMONY FROM CALCUTTA.

TANK-STREET, CALCUTTA, June 21st, 1862.

*Dear Sirs:*—As a rule, I am averse to giving my name for use in statements or certificates connected with medical cures. But I would be ungrateful indeed were I to withhold my testimony in favor of your **Bristol's Sarsaparilla** after what it has done for me. For over eight years I have suffered almost constantly with severe pain in the right side, from my liver; but what annoyed me still more was a scrofulous impurity in my blood, that would show itself in the shape of boils, sore eyes, running sores, and ulcers, on different portions of my person; and at last this became so bad that I was ashamed to be seen by any one. In the mean time, I was under the treatment of the best physicians in this country without any perceptible benefit, and had made up my mind to go home to England last season, trusting that change of climate and better medical skill would be of service. At this time I saw your advertisement in one of our native papers. I bought two bottles, and used them diligently. Before they were finished, I felt better in every way. I then bought a case of twelve bottles more, and have used them all except one. My liver disease is entirely gone, and I have not a sore on my person. My appetite is excellent, and I both look and feel ten years younger, and much stronger, than before I took your **Bristol's Sarsaparilla**. Very truly, your obedient servant,

EDWARD WILSON.

## MORE EVIDENCE OF THE VIRTUES OF BRISTOL'S SARSAPARILLA.

Read the following letter received by Mr. H. R. GRAY, Druggist, St. Lawrence Main Street, Montreal:—

118 DOMINIQUE-STREET, MONTREAL, July 18, 1863.

Mr. HENRY R. GRAY:

*Sir,*—I have suffered severely from rheumatism for a length of time, and have been under the treatment of different medical men without any benefit. Having heard of **Bristol's Sarsaparilla**, I determined to try it. After using six bottles, I experienced great relief; and after using six bottles more, I found myself perfectly cured. The rheumatism from which I suffered principally affected my back.

I am, yours respectfully,

Mrs. P. LAFRANCE

# INTERESTING MISCELLANY.

**To make Old Black Cloth Clothes look like New.**—Take two ounces of blue galls bruised, and half an ounce each of logwood, sulphate of iron and sumach. Then take one pint of vinegar and put into it the galls, logwood and sumach. Macerate in a close vessel with heat for twenty-four hours, then strain off the clear liquid, and add to it the sulphate of iron and a little sugar and gum arabic. Shake the bottle twice a day for a week. Keep it tightly corked, and apply with a brush or sponge. It will make faded old black clothes bright and fresh as new.

**To Color Drab that will not Fade.**—Boil chestnut bark for two hours, or until the strength is extracted. Dip the cloth in strong copperas water, if a gray drab is required, and alum water if a purple drab. It will color cotton and woolen.

**Tomato Soup.**—Put in five quarts of water, a chicken, or a piece of any fresh meat, and six thin slices of bacon; let them boil for some time, skimming carefully, then throw in two or three dozen tomatoes, peeled, and let the water boil away to about one quart; take out the tomatoes, mash and strain them through a sieve, mix a piece of butter as large as a hen's egg with a tablespoonful of flour, and add it to the tomatoes; season with salt and pepper; an onion or two is an improvement. Take the meat from the kettle when done, and put back the tomatoes. Let them boil half an hour. Lay slices of toasted bread in the tureen, and pour on the soup.

**To Dye Black.**—Take a sufficiency of old cider, put it in an iron pot, and add logwood and a small portion of sulphate of iron (copperas); boil thoroughly. This makes a good clear black.

**Good and Bad Signs.**—It is a good sign to see a man doing an act of charity to his fellows. It is a bad sign to hear him boasting of it. It is a good sign to see the color of health in a man's face. It is a bad sign to see it all concentrated in his nose. It is a good sign to see an honest man wearing old clothes. It is a bad sign to see them filling holes in his windows. It is a good sign to see a woman dressed with taste and neatness. It is a bad sign to see her parading the streets in costly silks and satins, when her husband or father cannot pay his debts.

INDEMNITY for the past—pay up. Security for the future—pay down.

If we could read the secret history of our enemies, we should find in each man's life sorrow and suffering enough to disarm all hostilities.

**A Puzzle.**—Put twelve pieces of money in six rows, and have four in a row.

PRINCIPLES, like coffee, should be well settled.

"THOMAS," said Charles, "you are good at figures, please give me a *figurative* answer to this question: What ought one to do who arrives at a friend's house too late for dinner?"

Thomas, after thinking a little, wrote the following—1-0-2-8—40. What was his meaning?

# BRISTOL'S

(Vegetable)  
**SUGAR-COATED  
PILLS.**

ONLY  
**25 CENTS**

**PER PHIAL.**

**FOR SALE**

**BY ALL**

**RESPECTABLE  
DRUGGISTS.**

**THE GREAT CURE**  
FOR ALL DISEASES OF THE  
**LIVER, STOMACH, AND BOWELS,**  
PUT UP IN GLASS PHIALS, AND WARRANTED TO  
**KEEP IN ANY CLIMATE.**

These Pills are prepared expressly to operate in harmony with that greatest of blood purifiers, **Bristol's Sarsaparilla**, in all cases arising from depraved humors or impure blood. The most hopeless sufferers need not despair. Under the influence of these two **GREAT REMEDIES**, maladies that have heretofore been considered utterly incurable, disappear quickly and permanently. In the following diseases these Pills are the safest, the quickest, and the best remedy ever prepared, and should be at once resorted to:

**Dyspepsia or Indigestion, Liver Complaints, Constipation,  
Headache, Dropsy, Piles.**

For many years these Pills have been used in daily practice, always with the best results, and it is with the greatest confidence they are recommended to the afflicted. They are composed of the most costly, purest, and best **Vegetable Extracts and Balsams**, such as are but seldom used in ordinary Medicines, on account of their great cost, and the combination of rare medicinal properties is such, that in long standing and difficult diseases, where other medicines have completely failed, these extraordinary Pills have effected speedy and thorough cures.

# BRISTOL'S SUGAR-COATED PILLS, PURELY VEGETABLE.

## An Extraordinary Medicine.

Hundreds of Certificates from all Classes of Society, Doctors, Editors, Clergymen, Merchants, &c., &c., have been received by the proprietors. Never in the history of any Medical Preparation has such an array of convincing and authenticated evidence been accumulated. Read the following extracts from the statements published:

R. D. Crosswell, Esq., of the "Daily Times," says:—"They have, in the case of a lady—a near relative of the writer—effected the removal of dropsical swellings that had existed for over three years."

J. B. Goodwin, Esq., of the Weekly "Lorraine Gazette," says:—"I had long suffered with torpidity or constipation of the Bowels; nothing gave me relief. I used the sample bottles of **Bristol's Sugar-Coated Pills**, and have not been troubled with the complaint for over four months. I consider them the best medicine in existence for regulating the stomach and bowels."

Joseph Edwardson, Esq., of the "Tribune," says:—"I was a confirmed dyspeptic; two bottles of **Bristol's Sugar-Coated Pills** have given me more relief than all the medicine I have used in years." To the sick and suffering we can only say, *Try them.*

Julia A. Sumners, daughter of Mr. David Sumners, farmer, at New Hamburg, New York, after enduring the most intense suffering from suppression or stoppage, was entirely cured by four bottles of **Bristol's Sugar-Coated Pills.**

**Bristol's Elegantly Sugar-Coated Pills, put up in Glass Phials, and Warranted to keep in any Climate, are for Sale by all Druggists.**

# VALUABLE RECEIPTS.

## Alterative or Condition Powders.

Black antimony, 8 ounces; Flour Sulphur, 4 ounces; Powdered Nitre, 4 ounces.

Mix and divide into 16 powders. Give one in the feed every night.

## Cure for a Cough in Horses.

Take  $1\frac{1}{2}$  drachms Blue Vitriol,  $1\frac{1}{2}$  drachm Digitalis,  $1\frac{1}{2}$  drachms Cream Tartar, 3 drachms Nitre, 1 ounce Ginger, and 2 drachms Gentian.

Mix, and give two powders per day.

## The Cordial Ball for Horses,

IS ONE OF THE BEST DISCOVERED FOR COUGHS OR COLDS.

Take 4 ounces Aniseed Powder, 4 ounces Fenugreek, 4 ounces powdered Liquorice, 4 ounces Elecampane Powder, 4 ounces Flour of Brimstone, 6 ounces Grains Paradise in Powder, 4 ounces Extract of Liquorice cut small and dissolved in White Wine, 1 ounce of Saffron pounded small, 1 ounce Oil of Aniseeds, 8 ounces Olive Oil, and 8 ounces Honey.

Beat them well together into a paste, and if too dry, add more Olive Oil and Honey.

*Dose*—Two ounces three or four times a day, if needful. These balls consist of warm opening ingredients, and given in small quantities about the size of a pullet's egg, will encourage a free perspiration; but in Fever they should be given with great caution.

## An Excellent Horse Liniment.

Alcohol 1 pint,  $\frac{1}{2}$  ounce Castile Soap,  $\frac{1}{2}$  ounce Gum Camphor,  $\frac{1}{2}$  ounce Sal Ammoniac; dissolve, and add 1 ounce Laudanum, 1 ounce Origanum,  $\frac{1}{2}$  ounce Oil Sassafras, and 2 ounces Spirits Hartshorn.

Bathe freely. Excellent for strains, bruises, sprains, windgalls, etc.

## Ointment for Bone-Spavin.

2 ounces of Cantharides, 4 ounces of Mercurial Ointment, 3 ounces of Tincture of Iodine, 4 ounces of Turpentine, 3 drachms of Corrosive Sublimate.

Mix with 2 pounds of Lard.

*DIRECTIONS*.—Cut off the hair from the part affected, and grease thoroughly with the Ointment. Let it remain two days, then grease the part with lard. In two days more wash it off with soap and water, and apply the Ointment again. Continue this method until a cure is effected.

Another Great Triumph  
OVER  
**RHEUMATISM & SCROFULA,**  
BY  
**BRISTOL'S**  
**SUGAR-COATED PILLS.**

No disease is more agonizing than Rheumatism; none more difficult to relieve: yet a case which, for thirty years, had baffled the Faculty, has, it appears, been completely cured. The particulars are given, with expressions of astonishment at the result, in many of the Western Journals.

Let those who are suffering, or who have relatives or acquaintances suffering, with Rheumatism, read the following:

I, John Roche, of Cleveland, Ohio, aged fifty-six years, have, for the greater part of my life, endured torments of the most terrible description. My limbs have been racked and contorted by pain and muscular contractions, until my knee-joints were of the size of a man's head, and my fingers knotted and drawn up, until they resembled the claws of a bird of prey more than human hands, while a scrofulous tendency in the blood was indicated by blotches and pustules on various parts of my body. In this dire condition I began to use **Bristol's Sugar-Coated Pills**, in conjunction with that great antidote to the virus of Scrofula, **Bristol's Sarsaparilla**. Eleven phials of the Pills, and eight bottles of the Sarsaparilla, relieved me from every vestige of pain; and, although my limbs and joints have been only partially relaxed (for they were beyond absolute cure), I am now well, cheerful, and able to attend to my business.

JOHN ROCHE.

CLEVELAND, Ohio, *January 27, 1860.*

From the "**Monthly Medical Review**," one of the most respectable Medical Journals in the United States:

No family cathartic has ever deserved or received the praise which has been awarded to **Bristol's Sugar-Coated Pills**, both by physicians and patients. The testimonials to their efficacy and entire freedom from all objectionable properties, are from the very highest and most cautious medical authorities. Their great merit, according to these witnesses, is that they not only cleanse the stomach and bowels, but obviate the necessity for continual purgation. In other words, they give a tone and permanent vigor to those organs, which enable them to fulfill their functions naturally, without being urged to their work by a frequent resort to the original curative. This is a matter of vast importance. Moreover, they do not reduce the general strength, as all mineral purgatives do, nor involve pain nor nausea in their operation. Hence they are invaluable for women, children, and aged persons. They are put up in glass phials, which we consider is a great improvement on the old style of pill-boxes, besides insuring the preservation of the Pills for any length of time, or in any climate.

**BRISTOL'S SUGAR-COATED PILLS** and **BRISTOL'S SARSAPARILLA** should be used together in all cases of Impure Blood, or of an Ulcerous or Cancerous nature. With the help of these two great Medicines, failure or disappointment is impossible.

# THE UNIVERSAL OPINION!

**READ! READ! READ!**

*Hear what Physicians, Druggists, and Chemists, whose daily and hourly experience make them the best judges, say about*

## BRISTOL'S SUGAR-COATED PILLS.

JOSEPH J. RUBIO, Esq., a highly respectable and wealthy Chemist and Druggist in the city of Barranquilla, says that "the results obtained by their use in severe cases of Liver disease are really astonishing, effecting complete cures where it was deemed impossible. The sales of the **Sugar-coated Pills** are immense, and constantly increasing."

MESSRS. MALO & VILLAREAL, the largest Druggists in the city of Cartagena, N. G., write: "Your **Bristol's Sugar-coated Pills** are every day becoming more and more in demand, and it will be but a short time till no other pill can be sold in this market. The cures made by them in Chronic Diarrhea, Loss of Appetite, Headache, and Bilious Fever, are really wonderful."

MARCOS LABARCA, M. D., the first Physician in the town of Serena, Chile, says: "I am constantly prescribing in my practice your **Bristol's Sugar-coated Pills**, and with the greatest success, often effecting cures in cases heretofore considered beyond help. The elegant Sugar-coating is a grand improvement, enabling the most delicate stomach to retain them with ease."

LOUIS J. CHORRO, Esq., an importer and dealer in Drugs and Medicines in the city of Vera Cruz, Mexico, says: "Your **Bristol's Sugar-coated Pills** are by far the best cathartic we now have, their action being energetic and thorough, without irritation or pain, while their Sugar-coating makes them very agreeable to the palate."

MESSRS. MONGIARDINI & Co., very extensive Druggists in the cities of Valparaiso and Santiago de Chile, write, that "**Bristol's Sugar-coated Pills** are the most popular and best-liked medicine now for sale in Chile. There is not a day passes but they hear of extraordinary cures made by them. Their effect seems to be to strengthen the patient, while relieving the system of its acrid and diseased humors: the sales of them are enormous."

RAMON MARTIN, Esq., a learned Physician and Chemist in the city of Mayaguez, Porto Rico, writes: "There has never been a remedy offered for sale in this island which was so admirably adapted for the many diseases induced by our climate acting upon the Liver, as your **Bristol's Sugar-coated Pills**. In all Liver complaints they are the best medicine known."

MESSRS. VALVERDE, AYLLON & Co., Druggists in the city of Lima, write: "Your **Bristol's Sugar-coated Pills** are very successful in curing all diseases of the Stomach. They have also made some wonderful cures in Rheumatism, for which they may be called a specific."

MESSRS. FUENTES & Co., Druggists in the city of Lima, write: "Your **Bristol's Sugar-coated Pills** are held in great esteem here. We sell more of them than any other pill, and are collecting from our own customers a large number of certificates of cures performed by them, which will be duly sent to you. From what we know of them, we believe **Bristol's Sugar-coated Pills** to be the best purgative now offered for sale."

# POST OFFICE DEPARTMENT.

## GENERAL POST OFFICE.

Postmaster General, Hon. M. H. Foley; Deputy Postmaster General, Wm. H. Griffin; Accountant, H. A. Wicksteed; Secretary, Wm. White; Cashier, John Ashworth; Superintendent Money Order Branch, P. Lesueur. Clerks of the First Class—R. M. Julian, E. C. Hayden, J. T. McCuaig, R. Oliver, D. Lawson, H. S. Weatherley, P. Holt, J. C. Stewart. Clerks of the Second Class—J. Audette, C. R. McKenzie, J. Brophy, Geo. J. Mason. Clerks of the Third Class—J. Boyd, J. L. McMahon, E. H. Benjamin, Wm. D. Lesueur, B. King, G. H. Hargrave, H. J. Garrett, G. H. Holt, R. W. Barker, H. W. Griffin. Clerks of the Fourth Class—W. Berry, T. J. Holloway, O. Frechette, R. P. Davis, J. Wilson.

*Inspection Branch*—John Dewe, G. E. Griffin, M. Sweetnam, Edw. F. King, W. G. Sheppard, Francis Clemow, and Ogle R. Gowan.

## LETTER RATES.

Letters posted in Canada addressed to any place within the Province pass, if prepaid, for 5 cents per  $\frac{1}{2}$  oz., but if posted unpaid, such letters are charged 7 cents per  $\frac{1}{2}$  oz.

On letters to Nova Scotia, New Brunswick, and Prince Edward's Island, the rate is 5 cents per  $\frac{1}{2}$  oz., with optional prepayment.

The rate on letters to the United Kingdom is, by Canadian Packet,

Not exceeding  $\frac{1}{2}$  oz. .... 12 $\frac{1}{2}$  cts.  
Exceeding  $\frac{1}{2}$  oz. and not exceed'g 1 oz. 25 "  
" 1 oz. " 2 oz. 50 "

and so on, increasing two rates  $\frac{1}{2}$  postage for each additional ounce.

And by Cunard Packet, 17 cents per  $\frac{1}{2}$  oz., &c.

Letters for the United Kingdom must be prepaid, or they will be charged a fine of 6d. sterling on delivery.

Letters for British Colonies and Possessions beyond Sea, and Foreign Countries, via England, must be prepaid.

The rate on letters for the U. States (except California and Oregon).... 10 cts. per  $\frac{1}{2}$  oz.

The rate for California and Oregon..... 15 " "

The rate to Cuba..... 20 " "

The Postage rate to British Columbia is,

Letters..... 25 cents per  $\frac{1}{2}$  oz.

Newspapers..... 2 cents each.

## MAILS FOR CANADA FROM ENGLAND.

Two Ocean Steamers carrying mails for Canada leave Liverpool in each week, viz.: a Canadian Packet on every Thursday, *via* Derry on Friday, sailing to Quebec in summer and Portland in winter, by which the Postage rate is 6d. stg. per  $\frac{1}{2}$  oz.; and a Cunard Packet every Saturday, *via* Cork on Sunday, bringing mails for Canada, alternate-

ly to Boston and New York, by which the Postage rate to Canada is 8d. stg. per  $\frac{1}{2}$  oz.

The British Post Office forwards letters to Canada by the first packet sailing after the letter is posted, unless the letter bears a special direction—"By Canadian Packet" or "By British Packet"—and in that case they are kept over for the packet designated. "By Canadian Mail" is not a distinctive superscription; for any Mail for Canada is a "Canadian Mail," by whatever packet forwarded.

## REGISTRATION OF LETTERS.

Persons posting Letters containing value, should be careful to require them to be registered, and to obtain from the Postmaster a Certificate of receipt for Registration.

The charge for Registration, in addition to the Postage, is as follows, viz.:

On Letters to any other place in Canada, or British North America.... 2 cents.

On Letters for the United States.... 5 "

On Letters for the United Kingdom. 12 $\frac{1}{2}$  "

On Letters for British Colonies or Possessions, sent *via* England.... 25 "

On Letters for France and other Foreign Countries, *via* England, an amount equal to the postage rate.

Both the postage charge and the registration fee must in all cases be prepaid.

Registration is not an absolute guarantee against the miscarriage or loss of a Letter; but a Registered Letter can be traced when an Unregistered Letter cannot, and the posting and delivery or non-delivery can be proven. A Registered Letter is thus secured against many of the casualties which, from incorrect address, forgetfulness of the receiver, or other error, may affect an Unregistered Letter.

## MISCELLANEOUS CHARGES.

The charge on Parcels by the Parcel Post, which is limited to places within the Province, is 25 cts. per lb. (with 3 cents additional if Registered).

One cent per oz., payable in advance by Postage stamp, is the rate on Printed Circulars (Printed Circulars, if sent in envelopes, whether sealed or unsealed, are liable to letter postage). Prices Current, Hand Bills, and other Printed Matter of a like character, and on Books, bound or unbound, when posted at a Canadian Post Office addressed to any place in Canada, British North America generally, or the United States.

The charge on Books, &c., by Book Post to England, is 7 cents on packets not exceeding 4 oz. in weight, 12 $\frac{1}{2}$  cents on  $\frac{1}{2}$  lb. packets, and 12 $\frac{1}{2}$  cents additional for every additional  $\frac{1}{2}$  lb. These charges must be prepaid. Photographs, provided they are not upon glass or in cases containing glass, may be forwarded to England at the Book rate of postage.

Continued on Page 38.

# THE WORLD'S VERDICT.

---

**WHY do the Physicians prefer Bristol's Sugar-coated Pills before all others?**

BECAUSE it is easy for the sick to take them; they are pleasing to the eye, delightful to the taste, and are the best cathartic known—they never gripe, sicken, or weaken the most delicate.

---

**WHY does the man of elegant leisure and the lady of fashion always use Bristol's Sugar-coated Pills?**

BECAUSE these pleasant and admirable Pills never cause the least pain, need no alteration of diet, and do not interfere with their engagements.

---

**WHY are Bristol's Sugar-coated Pills so much in demand, when all others are gradually being disused?**

BECAUSE the people find that Bristol's Sugar-coated Pills act with more certainty, produce no griping, and are only half the price of the old style.

---

**WHY do Children take Bristol's Sugar-coated Pills without repugnance?**

BECAUSE they do not know that they are taking physic. Bristol's Pills are so exquisitely covered with sugar, that they are a pleasure both to the eye and palate.

---

**WHY do the Ladies all prefer Bristol's Sugar-coated Pills?**

BECAUSE, for all the irregularities and derangements peculiar to the sex, they are the safest and most thorough remedy.

---

**WHY do the public Newspapers all speak so highly in favor of Bristol's Sugar-coated Pills?**

BECAUSE there have been sample boxes sent to over Thirteen Hundred Editors of the most respectable Journals in the world, and they have used them, and found them the best and most reliable remedy known.

# LIST OF DISEASES,

## And Directions for the Use of Bristol's Sugar-coated Pills.

These Pills are prepared expressly to operate in harmony with that greatest of blood purifiers, BRISTOL'S SARSAPARILLA, in all cases arising from depraved humors or impure blood. The most hopeless sufferers need not despair. Under the influence of these two GREAT REMEDIES, diseases that have heretofore been considered utterly incurable, disappear quickly and permanently.

### **DYSPEPSIA, or INDIGESTION,**

Is a disease of civilization. Eating improper food, and at irregular times, without a sufficient amount of outdoor exercise, are prolific causes. The treatment is simple, but must be carefully complied with. Take two Pills every day, so as to move the bowels gently. Take regular outdoor exercise; eat sparingly, and of solid food, such as rare-done beef, mutton, and stale bread; never touch soups, stews, vegetables, pastry, &c. If this does not effect a cure, take every day, after the operation of the Pills has ceased, two tablespoonfuls of BRISTOL'S SARSAPARILLA. This will cure the worst cases.

### **Sick Headache and Nervous Headache**

Are both usually produced by Imperfect Digestion, Costiveness, Inactivity of the Liver, &c. Take a full dose of the Pills three or four days in succession; then take two Pills every day, for a week; and for the following week, one Pill per day. By that time the system will have recovered its tone, and by a little care in diet, and an occasional Pill, no return of the complaint will occur.

### **CONSTIPATION, OR COSTIVENESS,**

Gives rise to a great many dangerous and terrible disorders. The first step is to relieve the bowels thoroughly, and then continue the use of the Pills, in doses of two each morning, for a few weeks,—being very particular to have the motion as near as possible at the same time every day. This will induce natural habits, and there will be no further trouble.

### **PILES**

Are generally caused by Costiveness. To cure them, move the bowels gently with one or two Pills daily. Apply an ointment of lard 10 parts, sulphur 1 part, and white lead 1 part; mix thoroughly. For Bleeding Piles, add one part powdered nut-galls. A sure cure.

### **Liver Complaints and Billous Disorders.**

In all ordinary cases, the Pills alone will be found a sufficient and certain cure, taken in doses of four each day, for eight or ten days. In long-standing and obstinate cases, BRISTOL'S SARSAPARILLA should be used in connection with the Pills. No curable case of Liver Complaint can resist the combined operation of these two medicines.

### **NEURALGIA, or TIC-DOULOUREUX,**

Is generally caused by improper action of the kidneys. Take four Pills daily, until the tendency to the attacks is permanently checked. Avoid all exciting food and spices.

For more minute Instructions in all these Diseases, see the Directions around each box.

### **RHEUMATISM and GOUT**

Originate in a vitiated state of the blood. Take four Pills every day. In these diseases, BRISTOL'S SARSAPARILLA must be used in conjunction with the Pills. If an outward application is required, bathe the parts with warm oil and Venice turpentine, wrapping up in cotton, which must be kept on all night.

### **DROPSY.**

BRISTOL'S PILLS have been used with better results in Dropsy than any other medicine ever prescribed for its cure. Take from four to six Pills daily. Pay great attention to diet. Promote perspiration by exercise in the open air. Avoid soups and vegetables; live on beef, mutton, and bread.

### **PARALYSIS, PALSY, &c.,**

Can only be relieved by quickening the circulation of the blood, and strengthening the nerves. Take two Pills each day, and use BRISTOL'S SARSAPARILLA at the same time, which will greatly accelerate a cure.

### **STOPPAGE, or SUPPRESSION,**

Is always relieved by taking from four to six Pills,—the dose to be repeated until the desired effect is produced, which will generally be by the first or second dose.

### **Spasms and Fits of all kinds.**

Take four Pills daily, for five or six weeks; live as much as possible in the open air; eat generous food; avoid hot rooms.

### **DIZZINESS, or VERTIGO.**

Take, for a week or two, three Pills every day, and use BRISTOL'S SARSAPARILLA to impart vitality and richness to the blood. A certain cure.

### **NERVOUSNESS.**

Take moderate doses of the Pills,—say two or three every second day,—and at the same time use BRISTOL'S SARSAPARILLA, which is the most powerful tonic and nerve in existence.

### **Loss of Appetite. Disordered Stomach.**

Take three Pills every day, for two weeks. Eat your food slowly; masticate it well; let it be plain, but nutritious. Take regular outdoor exercise; a vigorous appetite will be the result.

### **BILIOUS COLIC.**

Take a full dose of the Pills—say from four to six—and repeat it until the bowels are thoroughly cleansed; then take two Pills each day, for one or two weeks, which will entirely prevent a return of this most distressing complaint.

**For Sale by all Druggists.**

## POST OFFICE DEPARTMENT.

BOOK POST WITH FRANCE. *cts.*

For a Packet of Printed Matter, or single Newspaper, Book, &c. not over 2 oz. 4  
 Do. exceeding 2 oz. and " 4 oz. 8  
 Do. " 4 oz. and " 8 oz. 17  
 Do. " 8 oz. and " 1 lb. 34  
 And so on, increasing 17 cents for each additional  $\frac{1}{4}$  lb.

The Book Post regulations between Canada and England apply to matter between Canada and France.

## NEWSPAPERS AND PERIODICALS.

Newspapers published in Canada may be sent by Post from the office of publication, addressed to any place in Canada, at the following rates, if paid quarterly in advance by either the publisher at the Post Office where the papers are posted, or by the subscriber at the delivering Post Office:

For a paper published 6 times a week, 40 cents per quarter.

Do. 3 times a week, 20 cents per quarter.  
 Do. 2 " 13 " "  
 Do. 1 " 6 $\frac{1}{2}$  " "

When the above rates are not paid in advance by either publisher or subscriber, such papers are charged one cent each on delivery.

## TRANSIENT NEWSPAPERS.

*Transient Newspapers*—that is to say Canadian Newspapers posted otherwise than from the office of publication, and American or British papers posted or re-posted in Canada, must be prepaid 1 cent each, by postage stamp, or they cannot be forwarded—except only *British Newspapers* distributed to regular subscribers by Canadian booksellers or news agents—such papers pass free as they would do if received in the Canadian Packet Mails.

## NEWSPAPERS BY MAIL FROM ENGLAND OR UNITED STATES.

Newspapers received from England by the Canadian Packet Mails are delivered free.

Newspapers from England by the Cunard Packet Mails are charged 2 cents each on delivery. (This is the American Transit charge.)

United States Newspapers, brought by mail into Canada, are charged one cent each on delivery.

## PERIODICAL PUBLICATIONS.

The rate on Periodical Publications is, if not exceeding 3 ounces in weight, 1 cent; over 3 ounces, 4 cents.

If prepaid by postage stamps from the office of publication, Periodicals published in Canada, weighing over 3 ounces, may pass for 2 cents each.

Periodicals, printed in this Province, other than Newspapers, when specially devoted to the education of youth (both religious and general), to agriculture, to temperance, or to any branch of science, and addressed directly from the office of publication, to be transmitted to any post office in this Province, are exempt from charge.

*Transient Periodicals*—including Canadian Periodicals not prepaid the commuted

rate from the office of publication—nor exempted by the preceding clause, and all other Periodical publications posted in this Province, must be prepaid by stamp, the full rate, at the time of posting.

Periodicals received in Mails from the United States are charged with the rates named in the first clause of this section.

## MONEY ORDERS.

Money Orders payable in the Province may be obtained at any Money Order Office in the annexed list, at the following rates of commission:

Under and up to \$10.....	5 cents.
Over \$10 and not exceeding \$20....	10 "
" 20 " " 30....	15 "
" 30 " " 40....	20 "
" 40 " " 60....	25 "
" 60 " " 80....	30 "
" 80 " " 100....	35 "

*N.B.*—No half cents to be introduced in the Orders.

No single Order can be issued for more than \$100.

Money Orders, payable at any Money Order Office in Great Britain and Ireland, can be obtained at any Canadian Money Order Office. The Orders are drawn in Sterling, the commission chargeable being: for £2 and under, 25c.; over £2 and up to £5, 50c.; over £5 and up to £7, 75c.; over £7 and up to £10, \$1. No order can be drawn for more than £10, but any number of orders of £10 each may be procured.

## POSTAGE STAMPS.

Postage Stamps are provided for sale of the respective value of 1 cent for Newspapers; 5 cents for ordinary Provincial Letters; 10 cents for United States rate; 12 $\frac{1}{2}$  cents for Canadian Packet; and 17 cents for Cunard Packet.

Letter Envelopes are provided, impressed with medallion stamps, and equivalent to the prepayment of postage to the amount of 5 cents and 10 cents respectively.

The 5 cent envelopes will be sold to the public at the rate of \$5 50 per hundred, or 66 cents per dozen. The price of a single envelope is 6 cents.

The 10 cent envelopes will be sold at the rate of \$10 50 per hundred, or \$1 26 per dozen. Single envelopes, 11 cents.

## PENAL CLAUSES.

The Act contains the following penal clause:

To inclose a letter or letters, or any writing intended to serve the purpose of a letter, in a Parcel posted, for the Parcel Post, shall be a misdemeanour.

To inclose a letter or any writing, or to make any written marks to serve the purpose of a letter, or to inclose any other thing in a newspaper posted to pass as a newspaper, at the rate of postage applicable to newspapers, (except in the case of accounts and receipts of newspaper publishers, which are permitted to pass folded within the newspapers sent by them to their subscribers,) shall be a misdemeanour.

# THE IMPERISHABLE PERFUME.

MURRAY & LANMAN'S

CELEBRATED

# FLORIDA WATER.

A Pure Distillation from the rarest Tropical Flowers.

It contains, so to speak, the condensed breath of the most odoriferous blossoms of Tropical America, and its fragrance seems inexhaustible even by long-continued evaporation and diffusion. In this respect it is unequalled by any Perfume now offered for sale. For

**Fainting Turns, Nervousness, Headache, Debility,  
and Hysteria,**

It is a sure and speedy relief. With the very *élite* of fashion it has for twenty-five years maintained its ascendancy over all other Perfumes, throughout the West Indies, Cuba, Mexico, and Central and South America, and we confidently recommend it as an article which, for soft delicacy of flavor, richness of bouquet, and permanency, has no equal. It will also remove from the skin,

**Roughness, Blotches, Sun Burn, Freckles,  
and Pimples.**

Reduced with pure water, it becomes an excellent wash for the skin, imparting rosiness and clearness to the clouded complexion and applied after shaving, it prevents the irritation usually occasioned by that process and also as a mouth wash, it neutralizes the fumes of a cigar, and improves the condition of the teeth and gums. As there are imitations which possess none of these properties, care must be taken to purchase "**Murray & Lanman's Florida Water,**" the famous South American Perfume and Cosmetic.

For Sale by all Fashionable Perfumers and Druggists.

THE DREAM OF BLISS.

HAIR-DRESSER.—Wish any stuff put on your hair, sir?  
SOMNOLENT OLD PARTY.—Cert'nly—Gin Cocktail.

### VALUABLE RECEIPT.

#### Pumpkin Preserves.

An excellent and economical sweetmeat is thus prepared: To seven pounds of pumpkin, take five pounds of sugar, four lemons, and two ounces of green ginger-root, to be obtained at most grocers' stores. Cut the pumpkin in slices half an inch in thickness, and in size and form to suit the fancy. Boil the pumpkin in the syrup until tender, then remove it and add the lemons and ginger-root. These should be sliced thickly and scalded before being put into the syrup. Boil it down until it is rich enough to keep without fermenting, and then pour it over the pumpkin. If the ginger-root cannot be obtained, lemons alone impart to it an agreeable flavor.

## EXTRACTS FROM THE FASHIONABLE PRESS.

[*New York Gazette of Fashion, Jan., '62.*]

"We have never known any article of the toilet which has received such universal commendations as **Murray & Lanman's Florida Water**. It is certainly the most fragrant and lasting of perfumes."

[*"Ladies' Journal," March, '62.*]

"The leaders of our fashionable world have set their seal of approval upon **Murray & Lanman's Florida Water**. It is on the toilet-table of every lady who has the least pretension to position or taste."

[*Magasin des Modes, Feb., '62.*]

"Whether for delicacy or richness of perfume, we know of no toilet article that will compare with **Murray & Lanman's Florida Water**. It is the very quintessence of the aroma of fragrant flowers."

[*From the Ladies' Monthly Journal of Fashion.*]

"There is a healthful, exhilarating quality in the fragrance of genuine Florida water. It awakes the remembrance of summer's floral incense, as some old tune might recall the by-gone scenes in which we first heard it. *Spirituel* and delicate as the aroma of the original Cologne, it is perhaps more lasting, and the odor never changes, as is the case with perfumes derived from volatile oils. Ladies who suffer from nervous headache, prefer it to every other local application as a means of relieving the pain; and as a perfume for the sick-chamber, it is eminently refreshing. We refer solely to **Murray and Lanman's Florida Water**. The imitations are worthless."

[*Court Gazette, July, '61.*]

"The fashionable members of our nobility are at present excessively annoyed by a base and worthless imitation of the celebrated **Murray & Lanman's Florida Water**. We caution our fair readers to buy none but that which has the name in full on every bottle."

[*Extract from Le Courrier des Etats-Unis, of Feb. 25th, 1863.*]

"We know of nothing which we could do more acceptable and of greater service to the public, than to call their attention to the Wholesale Drug and Perfumery Establishment of Messrs. **LANMAN & KEMP**, No. 69, 71 & 73 Water-st. This is the only house that possesses the rich perfume known as **Florida Water**, which is used in a variety of ways, for bathing, cleaning the teeth, and sweetening the breath. No person of taste but knows its great merits, and consequently consumers run great risk of being imposed upon if they apply elsewhere than to Messrs. **LANMAN & KEMP**. We would therefore advise every buyer to call at their Warehouses, Nos. 69, 71, and 73 Water-street.

HISTORY OF CANADA.

Why should we use

## MURRAY & LANMAN'S FLORIDA WATER?

**BECAUSE** *it is the most lasting and finest Perfume ever made.*

**BECAUSE** *it is distilled from fresh flowers culled while in bloom.*

**BECAUSE** *it is a much finer Perfume than the best Jean Maria Farina Cologne.*

**BECAUSE** *it is the cheapest Perfume ever offered to the Public.*

**BECAUSE** *it softens and beautifies the Skin.*

**BECAUSE** *it removes Tan and Blotches.*

**BECAUSE** *it relieves Headache and Faintness.*

**BECAUSE** *it removes Roughness, Pimples, and Sun-burn from the Skin.*

**BECAUSE** *it imparts a rosiness and clearness to the darkest complexion.*

**BECAUSE** *when used in the Bath it invigorates both mind and body.*

**BECAUSE** *when diluted it is the very best Tooth-wash.*

**BECAUSE** *when diluted it removes the smart of Shaving.*

**BECAUSE** *all these assertions are sustained by the fashionable world.*

# HISTORY OF CANADA.

1497. June 24, John and Sebastian Cabot discover Canada.  
1500. The Portuguese mariner Cortereal visits Canada, and is said to have discovered the Gulf of St. Lawrence.  
1517. June 11, Sir Thomas Pert's expedition, which is accompanied by Sebastian Cabot, enters Hudson's Bay, but does not explore it, owing to the timidity of the commander.  
1524. Francis I. despatches an expedition under Verrazzano, who takes possession of the North-east coast of North America, which he calls New France.  
1535. Jacques Cartier ascends the St. Lawrence as far as the present site of Montreal, and carries several of the natives, with their chief, to France.  
1540. The French erect the fort of Charlesbourg.  
1543. Roberval sails for Canada, and is lost.  
1581. The French again trade to Canada.  
1591. A French fleet sails to Canada.  
1593. Henry IV. of France commissions the Marquis de la Roche to conquer Canada, but the undertaking proves a failure.  
1603. July 3. Quebec founded by Champlain.  
1627. Richelieu intrusts the government of the colony to the company of a Hundred Associates.  
1629. Quebec taken by the English.  
1632. March 17, Quebec and all Canada restored to the French by the Treaty of St. Germain.  
1643-49. The colony suffers much from the incursions of the Iroquois Indians.  
1663. Louis XIV. erects Canada into a royal government, with the laws and usages of France.  
1665. Canada is granted to the French West India Company.  
1667. Peace is made with the Indians.  
1690. Sir William Phipps is despatched from New England to conquer Canada. He reaches Quebec Oct. 16, and re-embarks without effecting any conquests, Oct. 22.  
1711. The British American colonies send another fleet to conquer Canada, but it is wrecked at the mouth of the St. Lawrence, Aug. 22.  
1713. April 11, The peace of Utrecht restores tranquillity to Canada.  
1746. Shirley, governor of Massachusetts, projects the conquest of Canada, but only carries his arms into Nova Scotia.  
1755. The English again attack Canada.  
1759. Battle of Quebec, and death of General Wolfe, Sept. 13. The town surrenders to the British, Sept. 18.  
1760. Entire reduction of Canada by the British.  
1763. Feb. 10, Canada ceded to Great Britain by the Treaty of Paris.  
1765. Canada submits to the Stamp Act.  
1774. Legislative Council of twenty-three members appointed.  
1775. The Americans force invade Canada, and land at St. John's, Sept. 10. General Montgomery takes St. John's, Nov. 3. Montreal, Nov. 12, and in company with Arnold, assaults Quebec, Dec. 31. He is killed in the action, and the Americans surrender to General Carleton.  
1776. June 18, The Americans evacuate Canada.  
1791. March 4, Pitt proposes the Quebec Bill, by which Canada is divided into the Upper and Lower Provinces, and receives a representative constitution.  
1792. The first House of Assembly is opened by Lieutenant-Governor Clarke.  
1793. Canada is erected into a bishopric.  
1812. The Americans, under General Hull, invade Canada, but are compelled to surrender, Aug. 15. A second army, under General Wadsworth, also capitulates, Oct. 14; and a third, under Van Rensselaer, Nov. 27.  
1813. The Americans take York (Toronto), April 27; Fort George, May 27; they repel the British at Sackett's Harbor, May 29; and are defeated at Stony Creek, June 6. Indecisive battle of Williamsburg, Nov. 11.  
1814. The Americans gain the battle of Longwood, March 4; take Fort Erie, July 3; and gain the battle of Chippewa, July 5. Indecisive battle of Brigdewater, July 25. Peace signed at Ghent, Dec. 24.  
1823. 87,000 Canadians petition the king against the manner in which the governors had applied the revenues.  
1836. Sept. 22, The Houses of Assembly refuse to vote supplies.  
1837. The "Sons of Liberty," under Papineau, rise in rebellion at Montreal. They are defeated in an attempt to seize Toronto, Dec. 4; and again at St. Eustace, Dec. 14.  
1838. Jan. 15, Resignation of Sir Francis Head. He is succeeded by Lord Durham, who arrives at Quebec, May 29.  
1841. Feb. 10, Upper and Lower Canada united into one province.  
1844. The seat of government is transferred from Kingston to Toronto.  
1849. April 25, Disturbances in Canada, owing to the Rebellion Losses Indemnity Bill. The insurgents burn the Parliament House at Montreal.  
1853. May 9, By 16 Vict., c. 21, the Legislature is empowered to make provision concerning the lands known as Clergy Reserves, and their proceeds.  
1855. Sept., Extensive immigration from the north of Scotland.  
1856. March 12, An accident on the Hamilton Railway; seventy people killed. April 17, Quebec is made the seat of government.  
1858. Ottawa made the capital.  
1860. The Prince of Wales visits Canada. Aug. 18, He is received with great enthusiasm at Quebec. Sept. 20, He leaves for the United States.

# THE LEADING PERFUME OF THE AGE!

FRESH FROM LIVING FLOWERS.

REFRESHING.

SOOTHING.

INVIGORATING.

BEAUTIFYING.

HEALING.

HEALTHFUL.

## MURRAY & LANMAN'S FLORIDA WATER.

80,000 dozen bottles sold in 1862.

This rare Perfume is prepared from *tropical flowers* of surpassing fragrance, without any admixture of coarse essential oils, which form the staple of many "Essences" and Extracts for the Toilet. Its aroma is almost inexhaustible, and as fresh and delicate as the breath of LIVING FLOWERS.

### WHAT ARE ITS PROPERTIES ?

For twenty years it has maintained its ascendancy over all other perfumes, throughout the West Indies, Cuba, and Central and South America; and we earnestly recommend it as an article which, for softness and delicacy of flavor, has no equal. During the warm summer months it is peculiarly appreciated for its refreshing influence on the skin; and used in the bath, it gives buoyancy and strength to the exhausted body, which at those periods is particularly desirable.

### HEADACHE AND FAINTNESS

Are certain to be removed by freely bathing the temples with it. As an odor for the handkerchief, it is as delicious as the OTTO OF ROSES. It lends freshness and transparency to the complexion, and

**Removes EYESHES, TAN, and BLOTCHES from the SKIN.**

**Counterfeits.**—Beware of imitations. Look for the name of MURRAY & LANMAN on the bottle, wrapper, and ornamental label.

*From the Daily Times, August, 1862.*

"Unlike the generality of toilet waters, which are scented essences and nothing more, that delicious perfume, MURRAY & LANMAN'S FLORIDA WATER, is a fine cosmetic and external remedy. Reduced with pure water, it becomes an excellent wash for the skin, removing roughness, chaps, sunburn, pimples, &c., and imparting rosiness and clearness to the clouded complexion. Applied to the brow, it removes headache; and when resorted to after shaving, prevents the irritation usually occasioned by that process. Used as a mouth-wash, it neutralizes the fumes of a cigar, and improves the condition of the teeth and gums. As there are imitations which possess none of these properties, care must be taken to purchase 'MURRAY & LANMAN'S FLORIDA WATER,' the famous South American Perfume and Cosmetic."
