THE SENSATION PROMISED NOW

Graduate Murder Case Again

RESUME INQUEST

Reference Kinrade Reported to be Broken in Health— Will be Called

MILTON, Ont., April 14.—The murder inquest, which was adjourned a month ago, after the death of the body, will be resumed tomorrow night. Hamilton is again getting keyed up by the excitement that prevailed in the early stages of the case. It is believed the inquest is all but virtually ended, and that the writs are completely baffled.

Sensation

It is sure we will have a big sensation in this case and before very long the statement made to your correspondent today by an officer who refused to permit his name to be used, was of the orders from the attorney general's department, that the case were not to be discussed in the press. Detective Miller's attitude has been so optimistic.

It is reported here that Florence Kinrade, who is at Delmonte Hotel, on with her mother, is broken in health. She will, it is said, be one of the witnesses called at the next stage of the inquest. There is a demand for well known child admission to the inquest.

It was such a crush at previous times that the police will issue no more tickets this time. Coroner Anderson is expected to attend to that.

WANTED.

WANTED AT ONCE—On salary, expenses. One good man, in locality with rig or capable of horse, to advertise and in-charge guaranteed Royal Purple and Posture Suits, \$25.00. Necessary. We lay out your for you. \$25 a week and expenses. Position permanent. Write W. KINGS, MANUFACTURING CO., N. Ont.

Write for particulars, EMERSON CINE COMPANY, London, Ont.

WANTED—Persons to grow mush-rooms at home. Waste space in garden or farm can be made \$15 to \$25 per week. Send for book and full particulars. Royal Supply Co., Montreal, 25-27.

WHOLESALE LIQUORS

L. WILLIAMS, Successor to E. H. Williams and R. H. Williams, 110 and 112, Prince St. Est. Established 1870. Write daily price list. 25-27

BIRTHS.

BLAND—In this city, on 11th, to Mr. and Mrs. Harry T. Pedersen, a daughter.

CEN—On April 7th, to the wife of T. Pedersen, a daughter.

WILL ATTACK THE NIAGARA ICE JAM WITH DYNAMITE

Four Small Towns are in Danger from the Twelve Mile Mass Now Filling the Niagara Gorge.

LEWISTON, N. Y., April 22.—The ice monster crowding his devastating bulk between the banks of the lower Niagara River slumbered the night through, heedless of the war which had been declared against him by the state engineers. On his flanks anxious watchmen waited, worried by the southwest squalls which had been driving an endless procession of ice over the falls throughout the afternoon and evening. But the force of the current crowded with loose lumps of ice which evidently ground out a smooth subway for itself under the massive flows. Unless the efforts of the engineers this morning prove fruitless it is probable that the greatest danger is past. The ice which plowed the upper banks uprooted huge trees and pulverized docks and boathouses. It still poised on its lofty level—but the middle line of the surface of the ice has apparently dropped a few feet. The jam is of appalling proportions when actual measurements are taken. Apparently only a peaceful expanse of dirty ice mingled with wreckage and uprooted trees. But the force of twelve miles in its powerful length and in many places sixty feet in its grinding depth. Taken altogether it represents millions of tons and a strength powerful enough to annihilate the four villages along its border if it should start to go out all at once. The plan of the state engineers, Henry A. Funnell, Assistant Supt. of Public Works, and Chas. A. Tuttle, an expert on high explosives who yesterday af-

HAZEN INTRODUCES BILL INCREASING EXECUTIVE SALARIES

FREDERICTON, April 21.—One of the most important matters introduced into the legislature today was that which increased the salaries of the chief commissioners in the Central Railway inquiry in arriving at the amount of \$174,035.35 unaccounted for have evidently assumed that no part of the \$150,000 paid for the Central Railway, outside of what was paid to Evans and Elkin for the bonds and stock held by them, was used for the purpose of securing the complete title to the Central Railway. Mr. Hazen's statement cor-

rectly. Answer—The statement as purporting to be made is correct. The commission-ers found that only about \$450 was paid to Dr. Bertram for his stock in the Central Co. and about \$400 was paid to C. N. Skinner for his services in securing the same. And Hon. Mr. Pugsley was questioned, when giving his evidence before the commissioners, as to what was done with the balance of about \$38,000 unaccounted for in connection with the purchase of the Central Railway, and he did not give the slightest information as to any further portions of this amount unaccounted for being paid to any of the shareholders for their stock.

Q.—Is it true, as stated by Mr. Pugsley in the said interview, that the commissioners never asked the company to render an account.

Answer—It is not true. Mr. Pugsley is reported as saying that the commissioners never asked the company for an account.

The Hon. Mr. Pugsley was sub-joined to produce all papers and documents before the commissioners which touched upon matters of inquiry, and he was informed by the chairman of the commission at a very early stage of the inquiry that the commissioners wanted all the light they could get on the expenditure of the moneys received by the company.

Mr. Carvell, who claimed to have been asked by Mr. Pugsley to represent the company, was requested to give the commissioners all moneys received by the company. Mr. Carvell submitted a statement to the commissioners purporting to give the items of expenditure which were made by Geo. McAvity during the term of his presidency. This statement was little more than a copy of the so-called "cash book" for June 30th, 1904, to July 1st, 1905. For very many of the items he produced no vouchers. Further than this, he produced no statement and made no attempt to show the disposition of the moneys received by the company, although frequently during the investigation he assured the commissioners that he could and would account for every dollar of these moneys.

Q.—Had Mr. Pugsley and the counsel for the company access to the evidence taken before the commissioners?

Answer—The chairman of the commission directed Mr. Ketchum, stenographer to the commission, to let Mr. Pugsley and also Mr. Carvell, if he desired it, have a copy of the evidence taken before the commissioners. Accordingly, Mr. Pugsley or Mr. Carvell was delivered a copy of the evidence as soon as it was typewritten.

Q.—In what purpose to be an interview with the Hon. Mr. Pugsley published in the issue of the Daily

Telegraph on the 21st inst. Mr. Pugsley is represented as saying: It is clear the commissioners in the Central Railway inquiry in arriving at the amount of \$174,035.35 unaccounted for have evidently assumed that no part of the \$150,000 paid for the Central Railway, outside of what was paid to Evans and Elkin for the bonds and stock held by them, was used for the purpose of securing the complete title to the Central Railway. Mr. Hazen's statement cor-

rectly. Answer—The statement as purporting to be made is correct. The commission-ers found that only about \$450 was paid to Dr. Bertram for his stock in the Central Co. and about \$400 was paid to C. N. Skinner for his services in securing the same. And Hon. Mr. Pugsley was questioned, when giving his evidence before the commissioners, as to what was done with the balance of about \$38,000 unaccounted for in connection with the purchase of the Central Railway, and he did not give the slightest information as to any further portions of this amount unaccounted for being paid to any of the shareholders for their stock.

Q.—Is it true, as stated by Mr. Pugsley in the said interview, that the commissioners never asked the company to render an account.

AGREEMENT NOW WILL ONLY POSTPONE AN ARMED STRUGGLE

GOOD FUNERAL AND BIG CROSS PROMISED AS THE REWARD FOR KEEPING SILENCE

Tony Declares Sandy Murray Made This Offer— Says He Was Never in Jail Before and Did Not Run a Dishonest House in Montreal

ANDOVER, N. B., April 22.—The murder trial resumed this morning with the cross examination of Tony by F. B. Carvell.

Witness told first of the details of his wanderings through America and Canada. Mr. Carvell came down heavily on the witness and tried to confuse him, but all to no avail. Little Andrew Hatch, the small son of James Hatch, was present, and sat close by his father.

Mr. Carvell sprang a rather sharp trap on Tony at one time. He asked, "Did you get up another man have a dishonest house in Montreal, where there were women who lured men and then you and this other man would rob them of their money?"

"No, sir, I was in an honest house." "Now, are you sure you were not in a house of that kind?"

"Yes, sir! And if the court asks such questions I will go down stairs, if they won't believe me." His Honor warned the prisoner not to repeat such remarks.

"Well, did you tell Leon that if John Valeno came here as interpreter you would not go up stairs?"

"Yes, sir, because he was friends with James and Andrew Hatch." "Did you say you wouldn't go up because he knew too much about you?"

"No, sir." "Did you ever in jail in Montreal?" "No, sir, not in Montreal or any other place." "Did you ever rob anyone in Montreal?"

"No." "Did you tell Leon, so?" "No, sir." "Did you have any talk with Murray since he came here the last time?"

"Yes, he said if we would not speak he would give us a good funeral and a big cross." "Did you call Murray one night and he wouldn't answer?"

"No." "Was it after you had told that Murray asked you not to?" "Yes, and I said I would continue to tell the truth." "Did you say to him, 'You need not get mad at me, we will say anything to save our lives?'"

"No, sir." "Did you ask Murray to get his uncle to get lawyers to defend you?" "No, I did not ask, but he said he would." "Did you ask him to get three other

WOMEN MISSIONARIES ARE IN IMMINENT DANGER

Have Sent a Request for Immediate Help—Fanaticism Spreading in Many Villages—Negotiations in Progress at Constantinople

BEIRUT, April 22.—Five American women missionaries are in danger at Hadjim in the Vilayet of Adana, Asiatic Turkey. One of them, Miss Lawson, has sent a message down to the coast asking for immediate help. The women are entirely alone and defenseless. The villages surrounding are in flames and Hadjim itself is invested by Norman tribesmen. Messages from the interior are being expressed.

CONSTANTINOPLE, April 22.—Grievous news was received here this morning from Erzerum, the principal town of Turkish Armenia. The transports of delight of the people at the proclamation of constitutional govern-

ment are now being supplanted by a movement in favor of the Sheri laws and the Sultan which it is expected may lead to a conflict between Christian and Moslem. The wave of fanaticism which originated at Adana some ten days ago apparently is spreading generally through the eastern provinces. The Christian villages in the Vilayets of Aleppo and Silivas have been attacked by Kurds, Circassians and Nomads, and the inhabitants are importing the Porte to send troops for their protection.

CONSTANTINOPLE, April 22.—Negotiations are proceeding this morning between Nazim Pasha, the Commander

FIGURING OUT THE ROUTE OF THE VALLEY RAILROAD

Corporations Committee Hears Several Suggestions, But Will Wait for Final Survey—Mr. Hatheway Withdraws Income Exemption Bill

FREDERICTON, N. B., April 22.—The corporations committee this morning further considered the bill to incorporate the St. John Valley Railway Co. The bill was taken up and explained by J. J. P. Winslow, solicitor for the company. The estimated cost of the road was quite fully discussed, it being stated that it was intended to construct a first class road. The route of the railway was discussed at length. Premier Hazen stated that it must be insured that the road follows the river St. John as closely as possible below Woodstock. Unless that was insisted upon it might be that after Oromocto was reached the route would be across country to Westfield and this leave out a section of country most in need of railway facilities. Hon. Mr. Fleming discussed somewhat in detail the proposed route above Woodstock, saying that Centreville, Waterville and other villages would be served by the railway. Mr. Tweeddale thought the bill should specify that from Andover to Grand Falls the valley railway should be on the opposite side of the river from the C. P. R.

THOMAS H. FOWLER, OF FREDERICTON, DEAD

Had Been a Sufferer for Some Years— Was Prominent in the Knights of Pythias.

FREDERICTON, N. B., April 22.—The death occurred at an early hour this morning at Victoria Hospital of Thomas H. Fowler, one of Fredericton's most popular young men. The cause of death was various veins. Mr. Fowler had been a sufferer from this disease for some years but has been seriously ill only for about a week. For fifteen years he was an employe of Oak Hall and at the time of his death was chief clerk in that establishment. He was a member of the Knights of Pythias, in which order he held the position of lieutenant. He was a son of the late Daniel Fowler and left a wife, formerly Miss Buzzel of this city. One brother also survives. He was about 35 years of age. The funeral takes place tomorrow afternoon under the auspices of the Knights of Pythias, while the Rev. J. H. McDonald will conduct the religious service.

COMMITTEE CHOSEN TO CONSIDER PLANS FOR THE ENLARGEMENT OF THE LADIES' COLLEGE AT SACKVILLE—Will Report in June.

SACKVILLE, N. B., April 22.—A special meeting of the board of regents of Mount Allison was held for the purpose of considering a proposal to commence enlargement of the ladies' college this summer. The question of enlargement was considered at some length, but no decision was reached. Action taken was the appointment of a committee to examine further plans of the proposed new wing and to discuss the matter of building this summer with the executive committee of the board so that a report can be made at the board's regular meeting early in June.

LITTLE BUSINESS TODAY BEFORE THE COMMITTEES

FREDERICTON, N. B., April 22.—The public accounts committee met this morning and passed upon a number of bridge accounts of the several counties. None of the opposition members were present at the session, Mr. Lablache being out of town and Mr. Tweeddale engaged in the co-operation committee, which latter has under private consideration the Tobique Pulp Mill Bill.

The municipalities committee held a short sitting and recommended to the house the St. John assessment bill as amended by agreement of all parties yesterday.

JAPS IN MANCHURIA

ST. PETERSBURG, April 22.—A special despatch received here from Harbin, Manchuria, says that Japan is sending large reinforcements into Manchuria and that the soldiers are spreading along the frontier.

"SPRING FEVER"

The need of a spring medicine seems to be universal. This is due to the fact that during the winter the blood becomes impure on account of the hearty food eaten. This causes that tired, weary, all-gone, don't-care-for-nothing feeling which is so prevalent at this time of year.

BURDOCK BLOOD BITTERS

THAT TIRED FEELING
Mr. F. H. Leard, Saskatoon, Sask., writes: "I have used Burdock Blood Bitters as a blood purifier and think that it is the best thing I can take. It would take it in the spring to cure me right up and I use it every spring. It is excellent for the blood."

USE IT EVERY SPRING
Mr. H. G. Gabley, Hamilton, Ont., writes: "I have used Burdock Blood Bitters as a spring tonic, and I find it the best thing I can take. It builds me right up and I use it every spring. It is excellent for the blood."

SPRING MEDICINE

VOLE OUT SALOON, APPEAL MADE BY MANY WITNESSES

Large Congregations Listen to Eloquent Discourses on Temperance by Rev. A. B. Cohoe, Rev. David Hutchinson and Rev. W. R. Robinson—Plans About Perfected for Work at Polls

In several of the city pulpits yesterday reference was made to the "license" plebiscite on Tuesday. Members of different congregations were urged to vote against the evil of the liquor traffic. The sale of franchise was strongly condemned from the pulpit.

Large attendances and spirited addresses marked the campaign of the temperance workers. Much interest was shown in the proceedings of the day. Chief importance centered in the sermon by the Rev. David Hutchinson in the Main street Baptist church on "What shall we do with the saloons?" The edifice was packed to the doors. The last meeting of the present campaign takes place this evening in the old Temple of Honor Hall on Main street, where a grand rally will be held.

Plans for the taking of the vote tomorrow are about perfected. The temperance workers will have a large delegation at each polling booth, while the liquor interests will also have a strong representation. Private detectives will be employed to look after impersonations. Both forces are organized for the fray and the battle at the polls promised to be a lively one.

At the Tabernacle Baptist Church there was a large gathering in the afternoon. Edward Stockford occupied the chair and Rev. W. R. Robinson and Rev. Gideon Swin occupied seats on the platform. The address of the meeting was delivered by the Rev. W. R. Robinson, who could not resist the subject in a capable manner.

In the evening at the church Mr. Robinson was again the speaker to a large audience.

ST. LUKE'S CHURCH. St. Luke's Church was crowded last night to hear the Rev. A. B. Cohoe, who in an impressive and eloquent address spoke against the evils of drink. The speaker reminded the audience that the real evil of intemperance did not appear in the drunkard. It was possible for men to laugh at the weakness of a man who could not resist the temptation. But the real evil of intemperance was made manifest by an acquaintance with the drunkard's home. Men saw altogether the wrongness of the silliness of the man who was drunk and all too little of the awful effects of the liquor traffic on the children who were forced to live with this man. The present campaign was an effort to close the saloons in certain sections of the city. It was an effort to make it impossible for men to buy drink. It was an attempt to take away from boys and weak men the temptation to intemperance which always exists in the opportunity of social fellowship in the conveniently located drinking saloon.

Men can find in their own homes if they so desire, but the abolition of the saloon would do away with the temptation to make good fellowship of the saloon for means of encouragement to intemperance. The speaker reminded the men of the audience that they are acquainted with the drunkard's home. Men saw altogether the wrongness of the silliness of the man who was drunk and all too little of the awful effects of the liquor traffic on the children who were forced to live with this man. The present campaign was an effort to close the saloons in certain sections of the city. It was an effort to make it impossible for men to buy drink. It was an attempt to take away from boys and weak men the temptation to intemperance which always exists in the opportunity of social fellowship in the conveniently located drinking saloon.

CHURCH NOTES FOR BUSY MEN

ROMAN CATHOLIC

JOAN OF ARC. PARIS, April 7.—The meeting of the French episcopate to be held on April 18 on the occasion of the beatification of Joan of Arc, is expected to result in several important decisions, especially with regard to the future political attitude of French Catholics.

It is reported that disciplinary measures are suggested against Monsignor Anfette, the Archbishop of Paris, for a passage in a diocesan address counselling obedience to the laws of the republic, and against Monsignor Puzet, Archbishop of Rouen, for modernist views.

HARD ON TORONTO. An exchange has the following: "A ticketed fellow in Toronto is disappointed because there is a Catholic young woman teaching in one of the holy schools. Toronto is a far and wide as the present book, 'Amalities and Amalities.' It is a beautiful little white book and a beautiful little white book."

THE BAPTISTS. WORK AMONG FOREIGNERS. TORONTO, April 9.—For an extension of the work among the foreigners of Toronto, a recommendation was made yesterday at the half-yearly meeting of the Ontario Baptist Home Mission Board for the Province of Ontario and Quebec. Reports were received from the home mission fields and showed great satisfactory progress on nearly all the fields. The number of baptisms for the quarter was 125.

THE ANGLICAN. CANON DEPIES THE BISHOP. LONDON, April 3.—A peculiar situation has arisen in the diocese of Birmingham and Canon Hanson, who is rector of the fashionable London church of St. Margaret, and the Canon of Winchester, who is a member of the Anglican vicar of the parish in which the bishop is situated, has written to him declaring that he would in no circumstances become a member of the vicar.

WEST SIDE CLUB. At the West Side Every Day Club, Mr. Brown, the president, was in the building. He addressed a large audience upon the history of the Every Day Club of the East Side. His address was concise and eloquent and was attended with interest by all.

SATURDAY SERMONETTE. AFTER EASTER. To some it meant beautiful flowers, decorated churches, sweet uplifting music inspiring sermons that were hope of a "glorious resurrection." To others it meant a closer connection of themselves to their loved Lord, who rose from the dead.

CASTORIA For Infants and Children. The Kind You Have Always Bought. Bears the Signature of Dr. J. C. Watson.

AERIAL SUCCESS MENACE TO MARITIME POWERS

ASSERTS GRAHAM BELL

"With the success that has attended the recent trials of the Zeppelin airship, there is a very grave menace to the maritime powers of the world," said Professor Alexander Graham Bell Saturday in discussing with the Sun the future of aeronautics.

Dr. Bell spoke a few hours in the city on his return from a tour of inspection for some time before returning to Baddeck for the summer. The distinguished inventor of the telephone has been closely identified with the development of aerial navigation for some years, and his views as expressed to the Sun Saturday form an important contribution to a subject that is of great interest among the great minds of the scientific world today.

THE BAPTISTS. TORONTO, April 9.—For an extension of the work among the foreigners of Toronto, a recommendation was made yesterday at the half-yearly meeting of the Ontario Baptist Home Mission Board for the Province of Ontario and Quebec. Reports were received from the home mission fields and showed great satisfactory progress on nearly all the fields.

GOING AHEAD. During the year four new missions were established and five new church buildings erected. Two of the new missions are among the foreign population of the city. One for the Bulgarians and Macedonians and the other for the Russians and Gallians. At both missions, conversions have taken place. The outlook is promising.

DISCUSSES EXPERIMENTS. Turning then to the progress being made in the field of aeronautics by himself and his collaborators, Dr. Bell discussed the recent experiments at Baddeck. "We find," he said, "that we have been making a mistake in not using before this year the frozen surface of a lake for starting our machines into the air. The success which has attended the utilization of this method has prolonged my stay in Nova Scotia longer than I had anticipated and more longer than I have ever before. My views in an attempt to introduce the latest doctrines among Presbyterians."

ANOTHER BANQUET. Sir Robert Perks, baronet and M. P. of the imperial parliament, is expected to attend a banquet in his honor in Toronto, which is being given in his honor by the great men of British Methodism, wealthy, liberal, and public-spirited. He comes to Toronto in connection with the construction of the Georgian Bay canal, which will utilize his visit in other ways.

A DESIRABLE PREACHER. The Maritime Baptist press refers to Rev. Mr. Alden as a heavy weight in the establishment of his works in the street Methodist church, Halifax. He is a public meeting in connection with the church in the evening is on the programme. A right royal time is looked for.

A P. E. ISLANDER. The following is copied from an exchange: "The Executive Committee of the Presbyterian church of Canada has organized a campaign in the Kootenai district of the Rocky Mountains. We wonder if you have any of the Bible in your hands or the Bible itself will be afforded the neophytes. Most likely some 'Higher Criticism' will enter the field and the result, of course, will have little to fear, as usual."

CANOE UPSET

SENDING THREE TO THE BOTTOM

Sad Drowning Near Danvers Mass. FOUR IN PARTY. Only One Saved.

DANVERS, Mass., April 19.—The wild lashings of a heavy thunder squall on the usually placid waters of Little Middleton Pond were responsible for the death of three persons, when a frail canoe overturned with its four occupants. Ernest Norton, of Salem, cashier of the Merchants' National Bank in Boston, was saved.

Only One Swimmer. Of nearly a dozen persons watching from the sheltered piazzas surrounding the pond, only one was a good swimmer. He was Matthew M. Merritt, of Danvers. Plunging into the pond, Mr. Merritt first encountered the form of Mr. Norton, the fatigued and nearly helpless after his short but strenuous battle for life. The transfer of the rescued man to a solid position on shore took some time, and when Mr. Merritt had reached the bank, although exhausted, he scanned the water for the other persons. They had sunk. For the last time, however, and when their bodies were recovered a short time after, life was extinct. The bodies of the mother and her child were close together and were saved by the mother's efforts in her dying moments to be near her baby.

Mr. Norton and his wife have for several years had a cottage on the shores of Middleton Pond. Annually, during this time, they have made a preliminary trip there on Patriots' day, to look over their cottage and enjoy a little outing. Today, however, brought with them their infant son and Victor Durgin, a close friend of the family. After paddling across the pond, this evening the wind rose and a heavy squall broke over the water. Mr. Norton and his wife and Durgin were experienced canoeists and made progress despite the contending elements. A promising rescue was made when a gust mightier than any preceding one overturned the frail craft, plunging its occupants into the water.

Two More Drowned. LAWRENCE, Mass., April 19.—A canoe containing four young men was capsized today and two of the occupants, Henry Corne, aged 22, and William Farrissey, aged 19, of this city, were drowned.

BALTIMORE, April 18.—Stmr Brantford, from Rotterdam, etc., reports April 6, at 3 a. m., lat. 46.38, lon. 41.45, struck close to an immense iceberg; at 8 a. m. Henry Corne, aged 22, and William Farrissey, aged 19, of this city, passed eight miles to the southward of another large iceberg. On the next voyage to this port the Brantford will be under the register and flag of Holland.

OWES HER LIFE TO Lydia E. Pinkham's Vegetable Compound. Vienna, Va.—"I feel that I owe the last ten years of my life to Lydia E. Pinkham's Vegetable Compound. Eleven years ago I was a walking shadow. I had been under the doctor's care for months on narcotics or harmful drugs, and to-day hold the record for the largest number of actual cures of female diseases of any single medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass. From women who have been cured from almost every form of female complaint, inflammation, ulcers, displacements, fibroids, tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial. If you would like special advice about your case, write to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful."

LONDON, April 19.—A badly butchered version of "The Devil," written by Henry Hamilton, was produced at the Adelphi Theatre last night. It was quite different from either of the versions produced in New York, being utterly gross and inartistic.

VERY BAD DEVIL INDEED

It is quite silly that a girl shouldn't let a man see that she is attracted by him. I don't think it is straightforward. It is rather secretive. If I saw a man I really liked I should run after him as hard as I could. I wouldn't give him a chance of escaping if I could help.

THEY ALIGHT ON TREE TOP

But They Complete Almost "The Classical Moralists" ITS OBJECT Sketch of the Distinguished Nova Scotia—His Other Works

BIDEFORD, Me., April 19.—Landing on the tree tops of the forest a few miles north of the city of Biddeford, Pilot William Van Sleet of Pittsford, Me., and Oscar R. Hutchinson of Lenox, Mass., completed one of the longest balloon trips ever made in New England at 4:15 this afternoon.

COVER 160 MILES

The men left Pittsford at 10:25 a. m. in the balloon "The Heart of the Berkshires" and headed northeast. The balloon rose to 6,000 feet and maintained an elevation of from 6,000 to 8,000 feet throughout the trip, passing over the White Mountain region. When Pilot Van Sleet saw the ocean in the vicinity of Old Orchard Beach...

Got New Vitality Increased Appetite

TRUE STRENGTH, VIGOR AND BUOYANT HEALTH QUICKLY FOLLOWED THE USE OF DR. HAMILTON'S PILLS.

By purifying and nourishing the blood Dr. Hamilton's Pills quickly impart new vigor to all weak organs. The kidneys and liver are stimulated, disease-breeding poisons are carried off, the entire body is renewed and restored.

VITAL ENERGY INCREASED

"I always felt 'ragged' and tired. When I awoke in the morning my limbs ached all I felt dull. I didn't enjoy my meals and couldn't digest properly. Dr. Hamilton's Pills strengthened my stomach, purified my blood, made me feel like new. No better medicine exists."

AWAIT 'GREAT WHITE CHIEF'

MOMBASA, April 19.—A cablegram has been received from Theodore Roosevelt, changing his original plan not to stop in Mombasa, but to proceed once to the ranch of Sir Alfred Pease on the Athi river.

VERY BAD DEVIL INDEED

LONDON, April 19.—A badly butchered version of "The Devil," written by Henry Hamilton, was produced at the Adelphi Theatre last night. It was quite different from either of the versions produced in New York, being utterly gross and inartistic.

SUMMER CLOTHING

The clothing worn in hot weather is of the greatest importance. Linen or cotton next the skin is indispensable for many odds and chills, especially in the case of a person who perspires a great deal. Next to the skin should be worn a thin woolen garment. Many people cannot stand the feel of wool in any shape near the skin; it irritates them beyond endurance. In these cases very fine "nun's" wooling makes ideal underwear. Garments of silk and velvet, however, are not good for heat, are also very suitable.

DOCTOR RAND'S LATEST WORK

STAND FOR LARGEST YIELDERS Sold by Leading Merchants IN SEALED PACKAGES Wm. Bennie Co., Limited Montreal, Winnipeg and Vancouver

The announcement of another work by Dr. Benjamin Rand, entitled "The Classical Moralists," now in the press of Messrs. Houghton Mifflin Company, widespread circulation than any philosophical work since the publication of Professor William James' "Psychology," and is prescribed in nearly all the leading American colleges and universities.

ST. LAWRENCE IS NOW OPEN TO NAVIGATION

MONTREAL, April 19.—To the Montcalm belongs the chief credit of making possible navigation of the St. Lawrence between Montreal and Quebec, open today. The weather had been so good that it was possible to open the channel.

ANOTHER SEARCH FOR THE OAK ISLAND TREASURE

ANNAPOLIS ROYAL, N. S., April 17.—For the first time the recovery of the treasure supposed to have been buried by that pirate King-Captain Kidd, at Oak Island, Chesapeake, will be undertaken by expert engineers, utilizing special patented, modern machinery, and the promoters of the scheme have no doubt that the mystery will be solved this summer.

300 Acres for \$8,800

Buildings cost over \$17,000. Only 1/4 mile to R. R. and river. For full description, plans of noble buildings and list of live stock, tools and machinery included, see page 30 "Strout's April Bulletin." CANADA ENDS A HARD YEAR WITH SURPLUS OF \$1,500,000

TWELFTH CONSECUTIVE SURPLUS UNDER LIBERAL RULE; \$14,000,000 WALL

Fielding's Splendid Showing with Decreased Revenue and Reduced Taxation—Canada's Credit Strong—Stringency is Past and Future Outlook Excellent

OTTAWA, April 20.—Hon. W. S. Fielding, Canadian Finance Minister for the past thirteen years, announced in the commons today his twelfth consecutive surplus. In a year when practically every other country had been confronted with falling revenues and large deficits and had been compelled to resort to new forms of taxation to make ends meet, Mr. Fielding had the gratifying announcement to make that during the past fiscal year the government has met out of the revenue all demands of ordinary expenditure with one and a half million dollars to spare...

A substantial surplus for the past year brings the aggregate of the present Liberal regime up to 141 millions; a curtailment of over twenty-two and one-half millions in expenditure for the current year as compared with 1908-9. An optimistic outlook for the financial situation during the current year with the prospect of meeting out of revenues, both on consolidated fund and capital accounts, exclusive of expenditure for the National Transcontinental Railway, a non-competitive Canada's credit as a result of recent heavy loan in the British market consequent largely upon construction of railway, and of other financial regulations respecting importation of foreign raw sugar for beet sugar manufacturers and for refiners...

Mr. Fielding began with a brief summary of the financial statements for the two fiscal years just closed and with the outlook for the current year. In his last budget speech he had counted on an actual revenue of \$56,500,000 and an expenditure of \$77,500,000 for the fiscal year 1907-8. The actual revenue was \$46,000 less than the estimate. The net result was that whereas the anticipated surplus was \$19,413,000, in addition there was capital expenditure of \$29,428,000, of which \$18,916,000 was expended on the National Transcontinental Railway, and other special expenditures of \$5,500,000, making a total capital and special expenditure of \$35,976,000. If the surplus and sinking fund, and a small refund be deducted from this capital expenditure, it left a deficit of \$14,385,000, or if the N. T. R. had not been built there would have been a decrease in the debt of over four million dollars.

Mr. Fielding said that he regretted a disposition on the part of a section of the press to create a new standard in the discussion of surpluses and deficits. One Conservative paper set forth in flaming headlines the statement that in the public accounts for the year there was a deficit of thirty millions, with more to come. He had seen similar statements in other newspapers, but he submitted that that was not a candid way of dealing with the public accounts. The words "surplus" and "deficit" had a meaning which has existed from the beginning of confederation. From Sir John Ross, the first, to Hon. Geo. E. Foster, the last Conservative finance minister, the present method had been followed of separating the capital and revenue expenditures.

Turning to the question of the trade of Canada for the year, Mr. Fielding said: "Our trade statistics for the past year will necessarily be unfavorable, but they will not be more unfavorable than the statistics of other countries. The year 1908 they had a partial year, a period of nine months, and therefore it is impossible for a year to be as good as far as the year is concerned. The total trade of the fiscal year 1908 reached a very high figure, being one hundred million more than 1907. Our exports amounted to \$226,556,430, and in 1908 they had increased to \$230,000,500. The imports in 1908 amounted to \$294,288,915, and in 1909 they amounted to \$297,825,000, and in 1908 it was \$260,738,000.

Now for the fiscal year 1909 we have no final returns, but from the best information we can obtain our exports amounted to \$231,379,304. Our imports amounted to \$297,825,000. Our total trade amounted to \$533,757,000. The exports have fallen slightly, but there is considerable decline in the imports. In respect to our trade with the United States, the decline in imports for the year has been about the same in all countries, but taking the figures of the calendar year the exports of Canada have decreased only to a small extent, whereas the exports to the United States decreased very largely.

Coming now to the fiscal year, which is before us, the year 1909-10, it is only fair to assume that with the abundant resources and widely recognized credit of the Canadian people we shall be speedily able to meet the demands of the past year. It is only reasonable to suppose that the consolidated revenue of the past year will be sufficiently ameliorated during the current year to enable us to meet a very considerable increase in revenue. I do not think we would be justified in expecting to reach the very high revenue of 1907-08, but we do think that the revenue of 1909-10 will considerably exceed that of the past year. The year just closed we are estimating to give a revenue of eighty-four and a half million dollars.

For the present year we anticipate that we shall realize a reasonable percentage over that, but we do not expect to reach the revenue of 1907-08, which was ninety-six millions. It would undoubtedly take us another year to overtake that. We do not think that the revenue of the year 1909-10 will be as high as that of 1907-08, but we do think that it will be considerably higher than that of the past year. The year just closed we are estimating to give a revenue of eighty-four and a half million dollars.

Mr. Fielding submitted figures showing a reduction of \$3,224,243 in the estimate on consolidated fund expenditure for 1909 compared with the appropriations for the previous year. On capital account there was a reduction of \$13,347,215. The total reduction was \$16,571,458. There were demands for public works all over the country. Many great works are projected in both railways and canals, and while these are important, and in some cases would have to be taken up later date, it was much more important that in the present condition of the eastern division of the N. T. R. we should be able to complete the construction of the eastern division of the N. T. R. I freely say that we might have avoided this addition to the public debt by refraining from the construction of the eastern division of the N. T. R. Especially it has been said that we might have refrained from building the Moncton section. Now whatever may be said by people living in remote districts, who are not familiar with the needs of that line, there was no portion of the N. T. R. which was so unimportantly demanded by the people as the section between Moncton and the Maritime Provinces which regard to party were practically unanimous in thinking that Canada was to engage in another continental service than the old I. C. R. We might have avoided this addition to the public debt by following the example of our predecessors in building the C. P. R., leaving out of consideration the cash bonus and gifts of finished roads to the C. P. R. and considering only the land grant.

Mr. Fielding said that he regretted a disposition on the part of a section of the press to create a new standard in the discussion of surpluses and deficits. One Conservative paper set forth in flaming headlines the statement that in the public accounts for the year there was a deficit of thirty millions, with more to come. He had seen similar statements in other newspapers, but he submitted that that was not a candid way of dealing with the public accounts. The words "surplus" and "deficit" had a meaning which has existed from the beginning of confederation. From Sir John Ross, the first, to Hon. Geo. E. Foster, the last Conservative finance minister, the present method had been followed of separating the capital and revenue expenditures.

Foster, the last Conservative finance minister, the present method had been followed of separating the capital and revenue expenditures.

Mr. Foster, in beginning his annual criticism, noted that the tone of the Finance Minister's speech was not nearly so buoyant and enthusiastic as the one of the previous year. He pointed out that the money stringency has passed away. The banks which for a time had to curtail their accommodation, are now ready to lend over legitimate industry. The last bank statement showed that more money is being sent out into the various avenues of trade. This means a revival of business, and with such a prospect, surely we can say with confidence for the past, that we have every confidence in the continued progress and prosperity of our country.

MILLER IS RE-ELECTED PROMINENT CITIZEN MAYOR OF NEWCASTLE COMMITS SUICIDE Defeats His Opponent, J. R. Peter J. E. Duget Was Church Lawlor by Forty-Seven Member and Highly Respected Voted

NEWCASTLE, April 20.—The town elections passed off quietly, only three hundred and eighty votes being polled as against four hundred and twenty one last year. Four hundred and fifty the year before. Several hundreds had not paid their taxes, according to the report of J. R. Lawlor, who was defeated by J. E. Duget. The other candidates voted in order as follows: Simon Mackled, Alderman Morriarty, Henry Wye, R. H. Stuart, Alderman Falconer, ex-Alderman J. R. Allison and Gilmore C. Stochart.

MONTGOMERY IS AGAIN RE-ELECTED Comeau Beaten by Lumber Merchant by 35 Majority

DALHOUSIE, N. B., April 20.—The civic contest here today resulted in the re-election of Mayor Montgomery over W. F. Comeau by thirty-five majority. Four of the Comeau ticket for Alderman led the poll and will be a great addition to the council. They are Thomas G. Scott, John B. Delaney, Andrew Barberie and Chipman Bateman. The old aldermen re-elected are E. J. Cliveron, Henry M. Shannon, Daniel McDonald with Neil Neilson, a new man, on the Montgomery ticket. The day passed off quietly.

WIFE OF DOCTOR COMMITS SUICIDE CHARLES PICKARD RE-ELECTED MAYOR Sackville will Give its Present Chief Magistrate Another Term

MONTREAL HAS A CIVIC SENSATION MONTREAL, April 18.—A bomb was dropped on Saturday afternoon on Saturday day when the court of review rendered a decision by which seven aldermen were unseated. The unlucky ones are Aldermen J. A. Lapointe, a wise and recently has been the leader of the council; Ald. G. W. Sadler, the oldest member with one exception, of that body; Ald. Lavallee, Ald. A. D. Fraser, Ald. Jas. Robinson, who has done more than any other man to unveil the "business methods in vogue; Ald. Ghuy and Ald. G. M. Gauthier. In connection of the seven are members of the finance committee, and the remaining two were members up to last February. The council in connection with the trip made by Mayor Payette and Assistant City Clerk Bussor as delegates to the city to the celebration in honor of Charlemagne in the town of Duplex, France, last summer. The council voted a sum of money for the trip, which was proved insufficient, and on their return they handed in a bill for the excess. This the finance committee ordered paid. Proceedings were taken against this payment, as illegal under the city charter. In the lower court Judge Charbonneau held that the payment was legal and dismissed the action, but Judge Martineau, Monet and Brunet, dissenting, held that it was illegal. The aldermen named were unseated. The aldermen named were unseated. The aldermen named were unseated.

MR. SEARS IS BADLY HURT Trolley Car Struck His Cab COUSIN OF EX-MAYOR George Edward Sears, of Toronto, in Serious Condition—Well Known Here

Postmaster Edward Sears has seen a word from Toronto of the serious condition of his cousin, George Edward Sears, who has made several visits to St. John and is well known here. Mr. Sears resides in Toronto at 2235 St. George Street. On Wednesday he was driving to a friend's house in his cab. The driver noticed a trolley car approaching, but was confident it could cross the track safely. However, the trolley, which was running a fast rate of speed, struck the cab, and the driver was killed. Mr. Sears was seriously injured. Several ribs were broken and one of his lungs was pierced.

FIVE MEN DROWNED DURING A COLLISION Steamer Runs Into Heavy Ice Floe on Lake Michigan and Sinks MACKINAW CITY, Mich., April 20.—Five men were drowned today when the steamer Eber Ward collided with a heavy ice floe and sank five miles west of here. The Eber Ward was commanded by John Hern, James Perry, John McBroth, Kinney McKay, unknown deck-hand.

SKIFF UPSSETS; THREE DROWNED GANANOQUE, Ont., April 18.—About five o'clock on Saturday afternoon word came from Clayton, N. Y., about nine miles from here, that a skiff had been overturned in the summer harbor of Miss Mary Irwin. The description revealed the fact that it was the skiff that had left Gananoque at 1 o'clock Saturday afternoon with Mr. and Mrs. J. R. Robins and J. M. Taylor. The skiff was the tub of Mitchell and Wilson accompanied by several smaller craft. There were with grappling apparatus for the scene of the accident.

WOULD BE A PANIC, ASSERTS BERSFORD LONDON, April 20.—"If the country knew the real truth regarding the present condition of the navy, there would be a panic," is a striking sentence in a letter from Admiral Lord Charles Baresford, read at a meeting of the Navy League, held at Bournemouth last night. To his Lord Charles asserted: "I wish you every luck in trying to arouse the people to the grave danger arising from our unpreparedness for war."

DROWNING ACCIDENT AT NORTH SYDNEY, N. S. NORTH SYDNEY, N. S., April 13.—A drowning accident occurred here last night when John McPherson, a Gloucester Bay, lost his life. McPherson was on board the schooner Maggie and was carrying a large quantity of lumber. He fell overboard and was not seen for some time. His body was found in the dock early this morning close to the post office. It is supposed that the dock while attempting to get on board again during the night.

RE-REVIVAL OF BUSINESS. "We feel that we can look forward hopefully from this time to a revival of business and a continuation of the growth of the country which for so many years has endeavored to Canada. We may not progress so rapidly as before, we may not have a revival of anything like boom times; nay, we would not

1,000.

DOMINANT CITIZEN COMMITTS SUICIDE

J. E. Duget Was Church Member and Highly Respected

STOCKTON, Ont., April 20.—While early insane Peter J. E. Duget, registrar for Oxford Co., committed suicide in his office this morning, stabbing himself through the chest with a surgeon's knife about six long. Duget had been deputy registrar for upwards of twenty-five years. He was well known and highly respected, a prominent member of St. Anglican Church, 51 years of age. He leaves his wife and five sons and daughters—Louis of Moisson's Toronto, Miss Rosalie, teacher in High School, and Dora, Har- Arthur at home. Temporary coroner was the cause.

MEN DROWNED DURING A COLLISION

Boat Runs Into Heavy Floe on Lake Michigan and Sinks

KINAWA CITY, Mich., April 20.—Men were drowned today when the Eber Ward collided with a heavy floe and sank five miles west of the dead.

SKIFF UPSETS; THREE DROWNED

GANANOQUE, Ont., April 18.—About five o'clock on Saturday afternoon word came from Clayton, N. Y., about nine miles from Gananoque that a skiff had been found opposite the summer home of Miss May Irwin. The description revealed the fact that it was the skiff that had been overturned on Saturday afternoon with Mr. and Mrs. R. Robins and J. M. Taylor. This morning the body of Mitchell and Wilson, accompanied by several smaller craft, left here with grappling apparatus for the scene of the accident.

CHARLES PICKARD RE-ELECTED MAYOR

Phillie will Give its Present Chief Magistrate Another Term

PHILLIE, April 20.—Charles Pickard was re-elected mayor of Phillie in today's election, and Aldermen Brooks and Anderson were elected in West ward over Charles Pickard defeated S. W. 58 votes, 220 to 162. Aldermen Brooks led the poll with 288 votes. He had 205 while Lund was behind. The fight in West ward was on the temperance question and other issues entering in the race for Lund, who had the temperance support.

ANIG ERUPTION ERRORIZES TOWNS

DO CITY, Mex., April 20.—A session of the Colima volcano by an earthquake shock, has error and confusion among the towns of nearby towns and villages, number of whom have deserted homes and fled to points outside affected zone. News of the eruption began at 11 o'clock morning. It covered a wide area and lava and only sub- nightfall. Just as confidence was restored the region was by a violent earthquake and who had returned to a sense of security were once more to a panic.

DROWNING ACCIDENT AT NORTH SYDNEY, C. B.

NORTH SYDNEY, N. S., April 18.—A drowning accident occurred here last night when John McPherson of Glace Bay, lost his life. McPherson was here on a visit and spent part of a day on board the schooner A. with Captain Dicks, who is a relative. He left the vessel at 6 o'clock to go to his hotel. His body was found in the dock early this morning close to the vessel. It is supposed he fell in the dock while attempting to get on board again during the night.

MR. SEARS IS BADLY HURT

Trolley Car Strikes His Cab

COUSIN OF EX-MAYOR

George Edward Sears, of Toronto, In Serious Condition—Well Known Here

Postmaster Edward Sears has secured word from Toronto of the serious injury to his cousin, George W. Edward Sears, who has made several visits to St. John and is well known here. Mr. Sears resides in Toronto at 27 Pembroke street. On Wednesday last he was driving to a friend's house in his cab. The driver noticed a trolley car approaching, but was confident he could cross the track safely. However, the trolley, which was running at a fast rate of speed, struck the cab and sent it against a tree about twenty feet distant. The driver and Sears escaped injury, but the occupant, Mr. Sears, was seriously injured. Several ribs were broken and one of the lungs was pierced. Postmaster Sears is in receipt of telegrams which have been encouraging under the circumstances. The injured man is reported as doing remarkably well under the circumstances.

WHERE GERMAN BATTLESHIPS ARE BUILT. These pictures, highly interesting at the present moment, show some departments of the Germania shipbuilding yards at Kiel, a branch of the great Krupp business. The total number of workmen employed is at the present time about 4,000, but when all of the new constructions so far planned are in working order employment will be given to about 7,000.

CHINKS WENT OVER A BANK

That I. C. R. Train Smashup

FEW INJURED

But Carload of Celestials Were Badly Frightened

MONCTON, N. B., April 17.—Scenes of more than usual excitement attended the wreck of the Maritime Express at Causapasc yesterday morning. The train did not get into half-past nine last evening. Passengers who were in the wreck had interesting stories, while the train crew said it was one of the worst wrecks that ever occurred on the I. C. R. Two cars filled with Chinamen in bond went over the steep embankment, and that only one of the foreigners was hurt is regarded as little short of miraculous. The accident occurred on a piece of road running along the Metapedia river, where there is a high embankment. The locomotive was the first to leave the rails, and ran along for twenty-five feet before going to one side. It turned to the left side and was partly tipped over. The passenger car followed, but went in the opposite direction, and plunging down the embankment was followed closely by two express cars, two colonist cars which were Chinamen, and another colonist car. The postal clerk was found inside the car nursing a badly injured head, while Express Messenger Morrison, of Sussex was more seriously hurt, he having been thrown about. His head received some severe cuts and his body bruises. When found a big box was on top of him and it was the first to be derailed. The cars were badly smashed up and the roadbed greatly torn. It being a dangerous wreck, and the passengers considered themselves exceptionally fortunate in escaping death or serious injury. The Chinese passengers were thrown into a state of abject terror by the crash and in the two cars they occupied there were scenes of the wildest excitement and a babel of noise. Some of the foreigners climbed out of the windows and others were too frightened to move until rescuers arrived.

THE ILLUSTRIOUS VIRTUES OF THE NEW HIGHWAY ACT

Mr. Hazen Surpasses Himself in His Praise of the Bill—Mr. Hatheway and the Ladies.

FREDERICTON, N. B., Apr. 17.—The House met at 10:30 a. m. A number of bills were read a second time including the amendment to the Highway Act.

Hon. Mr. Hazen explained the latter at some length. He said that when the Highway Act of 1908 was passed it was the intention of the Government to invite discussion of municipal councils and others interested in such legislation before bringing it into force. Councils had with a very few exceptions considered the act in a very fair spirit and had made valuable suggestions. There was pretty nearly a unanimity of opinion as regards the desirability of the principle of the act but considerable difference as to details.

The Union of Municipalities at its recent session at Moncton unanimously passed a resolution approving of the appointment of a highway board with a chairman appointed by the county council, and a property tax of 15 cents and poll tax of \$1.50.

He thought the house would be satisfied that there was after all very little difference of opinion regarding the principle of highway act passed last session, and no more difference regarding details than might be expected concerning so important a measure. The government had considered very fully all recommendations and suggestions and bill now introduced met them pretty fully. The highway board was retained, but provision was made that the board would elect its own chairman. One member of the board to be appointed by the Board of Works would be the secretary-treasurer of the highway board. As hon. members knew there were frequent changes in councillors who are elected by the people, and who would constitute two members of the highway board.

Mr. Robison suggested that the old road act be repealed and that a complete new act be passed. If the bill was passed in its present shape it would make it very difficult for the highway board and commissioners to take the act of last year, compare the amendments of last year and decide just what was intended. He thought the whole act should be printed in pamphlet form and distributed for general information. Hon. Mr. Hazen thought the suggestion a good one and he would consider it.

On motion of Hon. Mr. Hazen the time for the introduction of private bills was extended till Tuesday next. Mr. Currie gave notice of enquiry if the Government had been petitioned for a new road in the parish of Eildon, Restigouche Co. Mr. Sproul gave notice of enquiry re statements made by Hon. Mr. Pugsley in an interview published in the St. John Telegraph concerning the report of the Central Railway Commissioners.

Mr. Hatheway asked leave to introduce a bill to amend the N. B. Elections Act, which he said was to give

TICKERS "GOOD NIGHT" IS HEARD WITH SIGH OF RELIEF

Patton Favors Removal of Tariff on Wheat as a Slap at Manipulators—Declares Secretary Wilson's Estimate of the Crop is a Joke.

CHICAGO, April 17.—After a memorable speculative week the ticker's "good night" was received at noon today with a deep sigh of relief from Board of Trade men, not to mention an army of laymen drawn into the vortex of the wheat pit by the publicity given James A. Patton, the bull leader and his following. "Good night" meant a day and a half of quiet reflection on the great problem of the season—"will the public eat this year's or last year's wheat three months hence?" Today Mr. Patton personally left the market to his fate, which fate, from the evidence of the Patton crowd, improved considerably as prices advanced over a cent in May and July options. The accident occurred on a piece of road running along the Metapedia river, where there is a high embankment. The locomotive was the first to leave the rails, and ran along for twenty-five feet before going to one side. It turned to the left side and was partly tipped over. The passenger car followed, but went in the opposite direction, and plunging down the embankment was followed closely by two express cars, two colonist cars which were Chinamen, and another colonist car. The postal clerk was found inside the car nursing a badly injured head, while Express Messenger Morrison, of Sussex was more seriously hurt, he having been thrown about. Some of the foreigners climbed out of the windows and others were too frightened to move until rescuers arrived.

SURPLUS IN SPITE OF A LEAN YEAR

Small Balance to the Good

BUDGET TUESDAY

Opposition Attack on Pugsley Likely to be Delayed

OTTAWA, Ont., April 18.—The civil service competitive examinations to fill vacancies for clerks in the inside service will be held on May 25th in the various cities of Canada where such examinations are usually held. The vacancies include 25 clerks in sub-division "B" of the third division; 15 clerks in sub-division "B" of the second division, and 35 temporary clerks. It is possible that the attack of the opposition on Hon. Dr. Pugsley in connection with the New Brunswick Royal Commission promised for tomorrow will be postponed for a later day. A considerable number of private bills, some of a contentious nature, have first place on the order paper tomorrow, and if the greater part of the day is taken up with these the opposition will wait for another opportunity of seeking to retrieve the reverse of its first attack on the Minister of Public Works. Although the cabinet has not yet fully considered the question of Canada's acquiescence in the international waterways treaty as finally passed in amendment form by the United States senate, it is probable that no further modification of the treaty will be asked and a recommendation will be sent

GRAHAM NAMES MEN WHO WILL RUN THE I. C. R.

Two Important Statements Made

REFORM CLUB DINNER

Butler, Pottinger, Tiffin and Brady to Form Commission

MONTREAL, April 18.—Two important announcements were made on Saturday evening at a banquet tendered by the Reform Club to Hon. George P. Graham and Hon. A. P. Brodeur. The first of these was the statement of Mr. Graham that the commission that the government has decided to appoint to run the Intercolonial is to be made up of M. J. Butler, deputy minister; David Pottinger, general manager of the Intercolonial; and Frank P. Brady, who until a short time ago was general superintendent of the Lake Superior division of the Canadian Pacific. This board would operate the road, he said, in much the same way as a commission now operates the Pennsylvania lines. There would be a great deal of talk about selling or leasing the Intercolonial, but the government was not in favor of either of these plans at the present time and for a year would make a test of this new method in the hope that it would produce better results. An order in council making the appointment would be issued on Monday.

The other topic touched upon was that of naval defence. Mr. Graham was against the policy of building a dreadnought for the British navy, of giving a cash contribution to Great Britain towards the construction of ships. This would be equivalent to building vessels for Canadian coast defence and to continue the policy of home defence started when the government undertook to garrison Halifax and Esquimaux. In his remarks Mr. Brodeur was less definite, but he announced that he and Sir Frederick Borden as soon as the order of parliament was over would leave for London, where they would consult with the imperial authorities as to Canada's best plan.

IDENTITY ESTABLISHED

MONTON, April 18.—The identity of the man found killed Thursday morning on the I. C. R. track, east of Paines Junction, has been established. His name is John Camp, aged 27, and belongs to Halifax.

The new gas-holder to be erected at Bradford Road Gasworks, Manchester, will be one of the largest in the world, and probably the heaviest of its type ever built. It will have a capacity of 6,000,000 cubic feet, and the total weight of the steel is nearly 200 tons.

1,000 KILLED AT ADANA; CITY DESTROYED BY FIRE; TWO AMERICAN VICTIMS

Appalling Loss of Life at Tarsus Also—Rioting Continues

Saloniki Army at the Gates of Constantinople— Control Situation

Whole of Third Army Corps Will Reach There Today

Triumph Greater Than That of Last July for Young Turks

BEIRUT, Syria, April 18.—A terrible uprising has occurred in Adana. Street fighting has been going on for three days and at least 1,000 persons have been killed. The city has been practically destroyed by fire. American missionaries named Rogers and Maurer, the latter from Hadjin, are dead. All the other Americans are safe. The British vice consul, Major Daugherty-Wylie, is among the wounded. He was shot through the arm.

At Tarsus there was less loss of life. The American quarter, however, was destroyed. Four thousand refugees are housed in the American mission. The need of relief is urgent, for shortly the fugitives will be on the verge of starvation.

Conditions in the vicinity of Alexandria also are most serious.

LONDON, April 18.—It is unsafe to predict anything in the surprising developments in the Turkish crisis, the aspect of which changes from day to day. The present situation, however, seems to portend another triumph for the Young Turks over even that of the July revolution and unlike this time to involve the deposition of the Sultan. While the army seems to be rallying to the committee of union and progress, whose leaders already are gathering an imposing force with arms and munitions at the gates of the capital, with completeness, dispatch and secrecy, showing the capacity of the organizing generals, the authorities in Constantinople are civil and military, thus far display utter helplessness to meet the threatened invasion.

CONSTANTINOPLE, April 18.—The telegraph line to Adana has been re-established, but owing to the fact that the cables are being used for messages through 1,000 persons were killed at Tarsus and Alexandria. The massacres and incendiarism continue.

The Saloniki army has six batteries of machine guns and one battery of quick-firing guns. They expect to number 30,000 men at Saloniki. Quiet reigns in Constantinople and several barracks here looked to be deserted.

Izzet Pasha, chief of the general staff of the war office, with several thousands of men is reported to be on the march to the east. The officers on the demands which were submitted to the Chamber of Deputies. It is considered not improbable that the full demand of the Young Turks are purposely being withheld until the entire third army corps is concentrated at the gates of the capital. The government is hoped for a peaceful solution, although some doubt is expressed in parliamentary circles that the cabinet can obtain a vote of confidence tomorrow when its statement concerning the government policy.

A circular letter has been received at the foreign embassy from General Tuzun Pasha, commanding the Saloniki army, dated Deirhah, Saturday, in which he says:

"I have the honor to inform you respectfully that the object of the army corps in marching on Constantinople is merely for the definitive re-establishment of the constitution which is sacred to all Ottomans and the punishment of the cursed authors of the sanguinary disorder by the reaction of which humanity has always suffered. Be certain, excellency, that the lives and property of foreigners, the honored guests of our dear fatherland, will be safeguarded and that tranquillity and security will be assured the entire population."

CONSTANTINOPLE, April 18.—Confirmation has been received here of the killing of two American missionaries at Adana. The murdered missionaries were Mr. Rogers and Mr. Maurer. The others connected with the missions are safe, including Mr. Christie, who is at Tarsus.

Three French warships are hurrying to Mersina, where the situation is desperate. Foreigners and many Christians have taken refuge in the consulates. The local troops and the governor are doing their best to protect the town, but there is great fear that it cannot hold out much longer against the invasion of the Moslems, who are sweeping down in large numbers. The American vice-consul at Mersina, John Debas, has been unable to proceed to Adana, owing to the interruption of communication. A British warship is proceeding to Mersina, which is threatened by the Moslems. Several Armenian farms in that neighborhood

COW IS THE EMBLEM OF THE TAFT ADMINISTRATION

WASHINGTON, April 17.—The broiler of the Golden Club, that famous organization of newspaper men, was kept busy tonight serving up wit and humor at a special dinner complimentary to the new administration given in the hall of the New Willard. Care was taken that men prominently in the public eye got all that was coming to them in the way of thrusts and jibes that kept the great assemblage in a constant state of uproar. And then, too, there were some skits by an aggregation of sensationalists who would have put to blush many who count themselves in the class of professionals.

TAFT WAS THERE.

Of course President Taft was there. He was Speaker Cannon, members of the cabinet and the diplomatic corps, men big in the industrial and financial world and plenty of others of distinction. In the absence of President Henry Hall, who is just recovering from a long illness, the vice-President Scott C. Bone of the Washington Herald presided over the evening's doings. As soon as the doings were seated, the room was thrown into darkness while a musical welcome was extended to the distinguished guests. Then the mammoth electric gridiron flashed into

view, the lights were turned on throughout the room and the fun commenced. Almost the first thing to greet the guests was a handbill distributed by some speedy messenger boys announcing that there would be a great minstrel show by all-star performers, including "vocalists, comedians and cabaret artists." This undoubtedly was the bit of the evening, in true minstrel fashion, with all the accompaniments of gesture and a more or less discotic band, this troupe of club talent paraded through the hall before going on the "stage."

CLEVER Imitation.

The programme of the show was a clever imitation of the real thing, ending to the naming of the executive staff together with a special "note by the management," which called attention to what was to come and added the injunction that there should be no flowers. "Bathing through Georgia" was the opener, and it ran like this: "Sound the good old dinner horn, we'll sing another song. About the trip that Taft once made, when with digestion strong. He ate not even dry the line at alligator steak. As we went eating through Georgia."

We tackled the opossimum that they took care to bake. We ate canned watermelon and a dish they called hoecake. We did not even draw the line at alligator steak. As we went eating through Georgia.

By southern hospitality our hearts were surely won. And we resolved to do the very best that could be done. For Democrats, and so we saved some pie for Dickinson. As we went eating through Georgia.

And the chorus, well it would grate on the nerves of a hungry man if he heard these words:

Hurrah, hurrah, we sound the jubilee, Hurrah, hurrah, 'twis something fine to see.

We put away three meals a day And sometimes three times three. Then there ensued some lively conversation, but in the middle men who posed as the "vice-president," and the "speaker of the house" and the "balance officers" who composed the balance of the troupe. After a good deal of laughing over what was the meaning of "dead literature" and whether it referred to Sanscrit or Atece, the end man declared it to be the president's messages.

MERELY A BIG NOISE.

"Say, Mr. Vice-President," a member of the "cabinet" inquired, "do you know what the meaning of 'all those rollers blew up and scared a lot of people'?" "Oh, yes, I remember it perfectly, but I do not see why it should have any reference to anybody. It was merely a big noise."

"Yes, that was it. Everybody thought Mr. Roosevelt had come back."

He was promptly left to stare at night alone; there seeing things at night was the title of a song.

Secretary MacVeagh was classed as the "vice-president" in various varieties of reformers who had great difficulty in remembering when registration day came short. This discussion was cut short by the speaker's references to the tariff, which it was stated was being talked pro and con.

"Indeed," remarked the "vice-president" with evident surprise.

"Yes," replied the other man, "pro stands for the trusts. Con is what the consumer gets."

WHITE HOUSE COW.

The White House cow, already famous, was made the subject of the best stunts of the evening. Attended by a dairy maid, a splendid imitation of the bovine was led into the room, which instantly caused the "president" to inquire "what's this?"

He was promptly informed that while there had been a lot of loose talk about the "possum being the animal emblem of the present administration and that the teddy bear was one of "my pollsters," that had been inherited, it was all nonsense.

"The emblem of this administration," said the animal's keeper, "is the cow and this is it."

It was discovered that the milk pail was minus the lactical fluid and in its stead were found numerous articles, among which was a bottle edged with a testimonial from Senator Aldrich as follows:

"We used this medicine on the tariff bill and removed all Payne from it instantly."

The wall was being emptied of its contents when in rushed a member who impersonated Castro and who demanded a place of refuge. It was decided to let him take care of the cow.

REV. FATHER CAMPBELL DEAD

CHARLOTTETOWN, P. E. I., April 18.—Rev. Father Cornelius, D.D., died Saturday evening at Kelly's Cross. He had been in delicate health for some time but no serious results were feared.

KEEN FIGHT IN CHATHAM TO PREVENT FOREST FIRES

Betting Now Favors Snowball ODDS 2 to 1 ELECTRIC POWER.

Electors Don't Take Kindly to Action of News- papers.

CHATHAM, N. B., April 18.—Hugh Currie, a young son of James Currie, foreman of the Dominion pulp mill, Millbank, was badly hurt last night while in the mill. He had been sent to the mill while the night shift was on duty and became entangled in the machinery, resulting in his thigh bone being fractured. Dr. MacKenzie was called and did what was possible to ease the lad's sufferings. He was removed to the hospital today and will be up a long time, though it is hoped no permanent injury will result.

Interest in the civic elections is increasing rapidly, and a big vote is expected to be polled on Tuesday. The mayoralty contest is engaging the most attention. The combining of both newspapers, the World and Commercial, to force through their candidate, Aid. Benson, is not well known that actually to this new form of stifling public opinion. Saturday's World loudly lauded Benson's record in the last campaign. He is well known that much of the work of the public works department of which Benson was head, was of a very poor quality, a large over expenditure being entailed and little work of a permanent character being done.

It is stated that Dr. Lozier of Tracadieu will settle here. This will give Chatham two new doctors as Dr. Marven of Hillsboro arrived last week and is now practicing here.

A MOTHER'S CHIEF CARE IS HER BABY'S WELFARE

Every mother is anxious that her little ones shall be healthy, good and bright. Every mother can keep her children in this condition if she will give them the occasional dose of Baby's Own Tablets. Sold by all druggists. Sold by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

OVERWORK LED U. S. OFFICIAL TO SUICIDE

Treasury Dept. Agent in Paris Shot Himself — Nervous Trouble the Cause of the Act.

PARIS, April 18.—The desk in the consulate of Wm. E. Bainbridge, an American agent of the United States Treasury Department in charge of its Paris customs bureau, was found empty this morning. It contained a box of cartridges, five of which were in the hand of a paper in Mr. Bainbridge's handwriting, describing himself as "beset by a plot."

However, disclosed the slightest evidence that the department was dissatisfied with Mr. Bainbridge's work. Bainbridge had broken down from overwork, and that he was temporarily insane, and that he took his life while suffering from the mania of persecution.

THROUGH FOREST LANDS.

The course of the Transcontinental Railway was almost entirely through forest lands. It was not until the line to Moncton, most of it, privately owned with quite a large body of crown land near Green River, the Blue Hill tract, and a large tract near the mouth of the North Branch of the South West Miramichi. South of the New York Charter, a private lands through crown lands, private lands on Newcastle River then south of Chipman it ran through crown lands for five miles. It would thus be seen how important it was that every measure be taken to prevent fires and it was fortunate that we had the natural facilities for the generation of electricity, convenient to this line at Grand Falls, where it was estimated that a hundred thousand horse power could be developed. As it was estimated that only about forty thousand horse power would be required to operate the railway, it would be seen that Grand Falls would furnish abundant power. We had the experience of what had happened along all the other lines of railway, and it was our plain duty to try and prevent further damage. We should make every effort to prevent this forest area from being burned. The object of the resolution was to assist this effort by introducing electrical power, and he thought the operation of the Quebec government should be sought. He had no authoritative information as to how far the introduction of this power was possible. That it was so to some extent, was shown by the work already done in this direction by the New York Charter, the Grand Trunk and other lines.

ABSOLUTE SECURITY.

Genuine Carter's Little Liver Pills.

Very small and can easily be taken on empty stomach.
CARTER'S LITTLE LIVER PILLS FOR HEADACHE, FOR BRUISES, FOR RHEUMATISM, FOR COLIC, FOR CONSTIPATION, FOR BILIOUSNESS, FOR SICK HEADACHE, FOR PAINFUL URINATION, FOR ALL BRUISES, FOR ALL RHEUMATISM, FOR ALL COLIC, FOR ALL CONSTIPATION, FOR ALL BILIOUSNESS, FOR ALL SICK HEADACHE, FOR ALL PAINFUL URINATION.

CURE SICK HEADACHE.

WILL PREVENT FOREST FIRES

Mr. Burchill's Motion Passes

Roads Passing Through For- ests Must Use It—Grim- mer Upbraided

FREDERICTON, April 18.—The amendment to the forestry act introduced into the legislature yesterday afternoon by Premier Hazen is expected to be passed by the House next September. The Inspector shall report semi-annually as to accidents, and that the Inspector shall not be liable for damages.

A FORWARD STEP.

Mr. Burchill presented his motion regarding the advisability of requiring the Grand Trunk Pacific Railway to operate its trains through our forest areas by electricity. He said this was a great step towards the preservation of our forests. Not so many years ago it was felt that our forests were of little value, and were practically inexhaustible. In fact cases were known where forest fires were set to clear land, but now our people were awakening to the importance of preserving our forests and beginning to realize how much of our future prosperity depended upon its future preservation. Action had been taken in various ways to collect and disseminate information which would help in this direction.

In the State of New York great precautions were taken to prevent forest fires. Town supervisors were appointed throughout the state, whose duty was to protect woodland as far as possible. In fact, they were made personally responsible for damages if this duty was not performed, and further that they had the power to summon any citizen to assist in fighting a forest fire. A fire warden to go to a fire, must obey, for if they refused they would be liable for damages. Further, the state grants a rebate to forest owners of one-half the amount expended by them in fighting woodland fires. The maintenance of patrols and post-rangers is a very serious matter. The money thus paid to the town boards for 1917 was \$8,711.25. This work could be done as well as the lumbering industry, but those actually started in land, pasture fields, briar patches, or tracts that had burned over repeatedly. It was necessary to spend whatever amount was required to prevent further destruction. He could not speak with any personal knowledge of the subject of electrical power for the operation of railways, but if it was practical that the railway through New Brunswick should be so operated, it certainly ought to be done. The Commission developing electrical power at Grand Falls proposed to transmit and sell that power as far away as St. John, and if that were feasible he thought the power could be used for the railway. He assured the House that he would give the government the greatest possible pleasure to take steps to bring about this most important subject to the attention of the House and the resolution had his most hearty approval.

Mr. Burchill incorporated in the resolution the suggestion made by the Hon. Mr. Hazen to include the government of the province of Quebec and the resolution was unanimously passed. Mr. Robinson obtained leave of absence for Mr. McKewin until Wednesday next.

HE TOOK A FRIENDS ADVICE

And Dodd's Kidney Pills Soon Cured His Backache

HOW MALCOLM MCKINNON FOUND COMPLETE AND PERMANENT RELIEF FROM HIS KIDNEY AND STOMACH TROUBLES.

SHUNACADIE, Cape Breton Co., N. S.—April 18.—People with Backache so much that he could not work, Malcolm McKinnon, a well known resident of this place, took a friend's advice and used Dodd's Kidney Pills, and the result is that his Backache is gone.

"Yes," he says, in speaking of his case, "I was troubled with Backache, due to wet feet and hard work. It got so severe at last I was quite unable to do my work."

"I was through a friend's advice I started to use Dodd's Kidney Pills, and I was soon aware that they were doing me good. My back was easier and I had less pain in urinating."

"As Dodd's Kidney Pills had done me so much good I thought I would try Dodd's Dyspepsia Tablets and I did with marvelous effect. Two boxes set my stomach right."

"With Dodd's Kidney Pills to keep my Kidneys well and the blood pure, and Dodd's Dyspepsia Tablets to put the stomach in shape so that the food receives the nourishment it needs you are assured of the two first essentials of health. Any doctor will tell you that."

PARIS SEES GREAT FIGHT

PARIS, April 17.—In the greatest fight witnessed in France since John Sullivan and Charley Mitchell drew at Chantilly in 1888, Joe Jeannette of New York tonight defeated Sam McVey of California, in the fiftieth round of a ten-round fight. A great crowd witnessed a game exhibition of heavyweights, the contest lasting for three hours and a half. McVey had the better of the fight up to the fortieth round, and in both the twenty-first and twenty-second rounds he had the New Yorker so groggy that he barely could keep on his feet.

Jeannette bore the punishment bravely and recuperated in a wonderful manner. McVey had almost worn himself out at forty rounds, and by this time the New Yorker was coming back. By effective fighting he gradually beat the California and practically had him knocked out when the fight ended. McVey's seconds throwing up the sponge. Jeannette was the favorite in the betting and the purse was \$60,000.

It is understood that Jeannette now intends to make a challenge to "Jack" Johnson for the championship of the world.

In fact cases were known where forest fires were set to clear land, but now our people were awakening to the importance of preserving our forests and beginning to realize how much of our future prosperity depended upon its future preservation. Action had been taken in various ways to collect and disseminate information which would help in this direction.

In the State of New York great precautions were taken to prevent forest fires. Town supervisors were appointed throughout the state, whose duty was to protect woodland as far as possible. In fact, they were made personally responsible for damages if this duty was not performed, and further that they had the power to summon any citizen to assist in fighting a forest fire. A fire warden to go to a fire, must obey, for if they refused they would be liable for damages. Further, the state grants a rebate to forest owners of one-half the amount expended by them in fighting woodland fires. The maintenance of patrols and post-rangers is a very serious matter. The money thus paid to the town boards for 1917 was \$8,711.25. This work could be done as well as the lumbering industry, but those actually started in land, pasture fields, briar patches, or tracts that had burned over repeatedly. It was necessary to spend whatever amount was required to prevent further destruction. He could not speak with any personal knowledge of the subject of electrical power for the operation of railways, but if it was practical that the railway through New Brunswick should be so operated, it certainly ought to be done. The Commission developing electrical power at Grand Falls proposed to transmit and sell that power as far away as St. John, and if that were feasible he thought the power could be used for the railway. He assured the House that he would give the government the greatest possible pleasure to take steps to bring about this most important subject to the attention of the House and the resolution had his most hearty approval.

Mr. Burchill incorporated in the resolution the suggestion made by the Hon. Mr. Hazen to include the government of the province of Quebec and the resolution was unanimously passed. Mr. Robinson obtained leave of absence for Mr. McKewin until Wednesday next.

HE TOOK A FRIENDS ADVICE

And Dodd's Kidney Pills Soon Cured His Backache

HOW MALCOLM MCKINNON FOUND COMPLETE AND PERMANENT RELIEF FROM HIS KIDNEY AND STOMACH TROUBLES.

SHUNACADIE, Cape Breton Co., N. S.—April 18.—People with Backache so much that he could not work, Malcolm McKinnon, a well known resident of this place, took a friend's advice and used Dodd's Kidney Pills, and the result is that his Backache is gone.

"Yes," he says, in speaking of his case, "I was troubled with Backache, due to wet feet and hard work. It got so severe at last I was quite unable to do my work."

"I was through a friend's advice I started to use Dodd's Kidney Pills, and I was soon aware that they were doing me good. My back was easier and I had less pain in urinating."

"As Dodd's Kidney Pills had done me so much good I thought I would try Dodd's Dyspepsia Tablets and I did with marvelous effect. Two boxes set my stomach right."

"With Dodd's Kidney Pills to keep my Kidneys well and the blood pure, and Dodd's Dyspepsia Tablets to put the stomach in shape so that the food receives the nourishment it needs you are assured of the two first essentials of health. Any doctor will tell you that."

PARIS SEES GREAT FIGHT

PARIS, April 17.—In the greatest fight witnessed in France since John Sullivan and Charley Mitchell drew at Chantilly in 1888, Joe Jeannette of New York tonight defeated Sam McVey of California, in the fiftieth round of a ten-round fight. A great crowd witnessed a game exhibition of heavyweights, the contest lasting for three hours and a half. McVey had the better of the fight up to the fortieth round, and in both the twenty-first and twenty-second rounds he had the New Yorker so groggy that he barely could keep on his feet.

Jeannette bore the punishment bravely and recuperated in a wonderful manner. McVey had almost worn himself out at forty rounds, and by this time the New Yorker was coming back. By effective fighting he gradually beat the California and practically had him knocked out when the fight ended. McVey's seconds throwing up the sponge. Jeannette was the favorite in the betting and the purse was \$60,000.

It is understood that Jeannette now intends to make a challenge to "Jack" Johnson for the championship of the world.

DID ABSOLUTE TO CHE

Government Admits That a the Blaze and Then W Various P

FREDERICTON, N. B., April 18.—Hon. Mr. Grimmer in reply to Mr. Lowell's enquiry, said—

Q. 1.—Did any official of the Crown Land Department take charge of the fire which started at Ladgate Lakes, Saint John County in July last, towards Grand Bay?

Ans.—No official of the Crown Land Department took charge of the fire, which was under the supervision of Mr. Chief Warden Dean.

Q. 2.—If so, what is the name of such official?

Ans.—Answered by No. 1.

Q. 3.—Did he employ any one to assist him in extinguishing said fire?

Ans.—No.

Q. 4.—If so, who were employed by him and how long was each man employed?

Ans.—None were employed.

Q. 5.—What was the wages paid to each man?

Ans.—None.

Q. 6.—What was the total cost to the Government for services in connection with said fire?

Ans.—Nothing.

Q. 7.—How long was fire burning before it was extinguished?

Ans.—The fire was first noticed on the 12th day of July and was extinguished by rain on the 15th, the fire was burning for over ten days towards Grand Bay.

Q. 8.—How long was the fire burning before any Government official visited the scene of the conflagration, and how many visits did the official of the Government make to the Back Land Road where the fire was extinguished?

Ans.—The Department has no official information how long the fire was burning before any Government official visited it, but the Chief Game Warden visited the scene of the fire on the 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, and 31st of July.

Q. 9.—How many tenders did the Government employ?

Ans.—None.

EIGHT THOUSAN ON THE ADA

Fanaticism Breaks Out in A Fire Now Terrify the Chri

CONSTANTINOPLE, April 20.—All the forts surrounding Constantinople from the Sea of Marmora to the Black Sea, are now occupied by the Constitutional troops and the leaders supporting the Young Turks are advancing upon the capital. No definite information as to when they will enter Constantinople can be obtained.

DESERTED BY SOLDIERS SULTAN DECIDES THAT HE MUST ABDICATE

Abdication of Sick Man Expected at Any Hour

Young Turks Choose His Successor—Advance Upon City

Constitutional Army at City's Gates Without Meeting Opposition

Death List at Adana Num- bers 400—Murder of Missionaries

THE SULTAN OF TURKEY.

BULLETIN--Abdication of the Sultan Likely--His Successor Named--Constitutional Forces Reach Gates of City Without Encountering Resistance--Fur- ther Advance Withheld Until Force is Increased--Deaths at Adana Number 400.

CONSTANTINOPLE, April 19.--The most important feature of the situation in the Turkish capital today was the report that Sultan Abdul Hamid had abdicated. It caused the greatest excitement in the lobbies of parliament and spread with lightning-like rapidity throughout the city. A rumor of the flight of the sultan on a warship followed closely on that of his abdication, but neither could be confirmed. Large crowds gathered at the British embassy, where other reports had it the sultan had taken refuge and there were also scores of inquiring the truth of the rumor that his majesty was under the protection of Russia on one of the guardships.

KNOWLEDGE DENIED.

At both of these embassies all knowledge of the sultan's movements was denied, and the Turkish foreign office also gave a strong denial to one and all of these rumors. The abdication of Abdul Hamid, however, appears not to be improbable and it is believed that within a day or two the Constitutionalists may accept as his successor Prince late sultan, who is second in line. They are strongly displeased with Abdul Hamid's attitude. The palace today was under strong guard and even high officials were not permitted to enter.

The advance of the Constitutional forces began this afternoon. Small parties were sent out to reconnoitre and at seven o'clock in the evening they were within sight of the gates of Constantinople. They encountered no resistance, nor does any resistance seem likely unless at the palace. The headquarters of the Constitutionalists are at Besebasan, and General Huseini Pasha's forces, which now number between 20,000 and 30,000, occupy a range of hills about 20 miles from the capital. Every hour reinforcements are adding to their numbers.

SECRET SITTING.

At a secret sitting of the chamber today the deputies refused to act on a vote of confidence in the government, and it was unanimously decided to postpone the discussion of the government's programme until Saturday, which gives the government a fresh lease of life until then. It was apparent that the chamber was hostile towards the cabinet, owing to the fact that many of the Ministers were identified with the old regime.

WITHHOLD ADVANCE.

It is not likely that the entire army will reach the capital for some little time, as Huseini Pasha and his military associates deem it advisable to withhold their advance until they are strong enough to win success by overwhelming numbers. They hope that the so-called reactionary opposition will yield without fighting. The bringing up of the reinforcements is under the direction of Nisai Bey and Enver Bey. The civil direction of affairs continues at Salonki, at which place constant communication is maintained with Constantinople.

DEATHS NUMBER 400.

It is announced officially that the deaths at Adana during the rioting numbered 400, among the killed being many Turks. The telegraph lines to the provinces, however, are badly interrupted, and details of the massacres at Adana, Tarsus and other places are lacking.

Even though the rumors of the Sultan's abdication are unconfirmed they seem to produce a feeling of distinct relief in Constantinople and the advance of the Salonki army, which is slow but steady, makes the settlement of the question of administration a matter of hours. The general belief is held that the enveloping movement will be completed by tomorrow night or early Wednesday morning. The soldiers of the garrison appear to be thoroughly cowed by the advance of the third army corps, and the only cause for apprehension is the attitude of the fleet, which is held to be doubtful.

Izzet Pasha and other government delegates who were sent to confer with the Salonkians returned here today. All that is known of the result of the negotiations is that the Salonkians reiterated their demands already made and threatened to send five battalions into the city for the purpose of assisting the authorities in maintaining order. Business of all kinds is practically suspended and the civil and military officials appear paralyzed, waiting for the outcome of events.

GIVEN TO 10 TO ABDICATE.

PARIS, April 19.--A special dispatch from Constantinople says that the Young Turks have given the sultan until 10 p. m. to abdicate. According to the dispatch Mr. Zinovieff, the Russian ambassador, is conducting the negotiations and the Russian cruiser Admiral Greig, from Athens, is lying in the Bosphorus ready to take off the sultan.

Further proof of the unlikelihood of resistance to the Young Turks army and of the desire of the authorities to accept the Sultan's abdication is shown in the orders issued today for the preparation of military trains for the transport of the six thousand troops of the Constantinople garrison to Anatolia. This will mean the removal from the capital of all participants in Tuesday's revolt.

It is expected that the invading troops will enter the city on Wednesday. The sultan's movements were denied, and the Turkish foreign office also gave a strong denial to one and all of these rumors. The abdication of Abdul Hamid, however, appears not to be improbable and it is believed that within a day or two the Constitutionalists may accept as his successor Prince late sultan, who is second in line. They are strongly displeased with Abdul Hamid's attitude. The palace today was under strong guard and even high officials were not permitted to enter.

GOVERNMENT TOO LIBERAL WITH THE DRUMMONDS

Royalty Provisions Lasting for 80 Years Severely Criticized--Company Also Gets Big Water Privileges-- Game Act Passed.

FREDERICTON, April 19.--Replies were given to a number of inquiries. The house went into committee and considered the bill in aid of the development of the Gloucester iron deposits.

Mr. Byrne said he wished to correct an impression that seemed to have gone abroad that he was opposed to giving assistance to the Drummond iron company. He was at all times desirous that the company should have every encouragement, but he did object to the clause of the bill which fixed a royalty of five cents a ton for a term of 80 years. He thought the provision was altogether too liberal. In other mining leases issued by the government there was no royalty, but the royalty could be increased or diminished at the will of the government, and he thought such provision should have been retained in the leases issued to the Drummond Company.

All new that increased demands were made from year to year upon the revenue of the province and that the demand would have to be met in some way. No further money could be looked for from Dominion subsidies, and the resources of the province must contribute to meet the demand. Every person was glad to see the prospects for development of the iron deposits in Gloucester county were so bright, and it appeared to him that after a period of twenty years the Drummond Company ought to be allowed to pay the royalty of ten cents per ton. In his opinion it would be much better and wiser to fix the period of years for royalty at five cents per ton, and if at the end of that time the royalties were not realized the same royalty could be extended for a further period of twenty years.

He thought that a provision should be put in the bill that the company should erect smelting works and coke ovens.

Mr. Tweedie said that the history of iron mining in the province showed that it was not a speculative enterprise, and there was no doubt that the iron deposits in this province were superior in both quantity and quality. It was very desirable that the company be given every encouragement and assistance for the establishing of this industry, but there was a possibility of going too far, and the possibility had been just pointed out. The house should bear in mind that the company had in connection with their enterprise magnificent water power that could be utilized, and in view of the fact that the nominal royalty for eighty years was going too far.

The royalty clause of the bill passed without amendment.

When the section giving the company the privilege of erecting a dam in the Nepisiguit River was under discussion Mr. Byrne inquired if it was the intention to make the company pay for the privilege of using the water power. Hon. Mr. Hazen said that was done in the case of the company which erected the dam in Aroostook River, and he had no objection to the similar provision in the bill under discussion. In fact there was already a clause giving the governor-in-council power to make and enforce regulations for carrying on work and he thought that would permit them to impose a rental fee if thought advisable.

DEFENCE ONE OF INSANITY WILL TESTIFY FOR DEFENSE

Trial of Captain Hains Begins NO ALIENISTS

McIntyre to Leave Question Sanity With the Jury

FLUSHING, L. I., April 19.--That the "unfit" will not figure in the trial of Captain Peter C. Hains, Jr., U. S. A., for the murder of William E. Anns, at the Bayside Yacht Club last week, was the positive statement made today by John F. McIntyre, chief counsel for the defence, at the opening of the trial before Justice Garretson in the supreme court.

McIntyre is one of insanity, pure and simple," said Mr. McIntyre. Mr. McIntyre said that he would not call any alienists to show that his client was insane, but would leave it to the jury to decide as to his mental condition at the time of the shooting.

District Attorney Dewitt of Queens County, who is prosecuting the case, announced that he would retain three alienists to combat any testimony of insanity which the defence might offer.

The first day's session closed after some ten men had been examined, with only two jurors in the jury box. Justice Garretson ordered that the jury be kept under close surveillance during the trial and accommodations for the jury were made at a hotel four miles out of town. An extra panel of 150 talsmen was drawn today for Thursday in order to meet an emergency, in case the jury should be unable to complete their first day's experience in court.

The first jurymen accepted today was August Sandling, a tailor of Corning, L. I., who was called to the second seat in the jury box.

IF FIGHTING OCCURS IN CITY LOSS OF LIFE WILL BE GREAT

This is the Opinion of Army Officers Who Witnessed the Revolutionary Outbreak in Turkish Capital Last Tuesday--For- eign Opinion Favorable to Young Turks

LONDON, April 19.--"Should fighting occur on the streets of Constantinople the loss of life among the civilians would be enormous," is the opinion of an American army officer who witnessed the revolutionary outbreak at the Turkish capital of last Tuesday. "As an instance," the officer continued, "there was a clash Tuesday night between two small sections of soldiers. Three soldiers were killed and seven were wounded, whereas the casualties among civilians amounted to sixty. This is accounted for by the fact that the populace apparently without fear mingled freely with the troops and received a large number of the bullets intended for the rebels."

This officer estimates that at least 1,000,000 rounds of ball cartridges were fired Tuesday night to celebrate the success of the revolt and he believes that many women and children must have been killed or wounded in their homes, as the walls of the houses have no more resisting power than so much paper.

Foreign Young Turks

Foreign public opinion in Turkey is strongly favorable to the Young Turks contention that the revolt of Tuesday was engineered by the reactionaries, but it is not believed that the sultan has any knowledge of their intentions. The Liberal Union, which was supposed to be the head of the movement, is without great influence. The reactionaries used the name of the union in their banner they hoped to abolish the constitution and restore the old regime. Their momentary success might have been averted had the government taken a firm stand.

TEWFIK PASHA.

Continuing, the officer said that foreigners moved about the streets of Constantinople without the slightest interference by the soldiers or the populace.

HAS NOVEL IDEAS IN RAISING SHEEP

GAME PRESERVE WILL COVER A MILLION ACRES

TORONTO, April 19.--It is understood that a one million acre forest in the Rainy River district, set aside April 1st by order-in-council, will be declared a game preserve and the wardens will also act as game wardens. This land takes in Hunter's Island and the territory west and north. On the American side a great national forest of equal size was set aside by Theodore Roosevelt, Feb. 13. The Minnesota legislature recently passed a bill which is awaiting the governor's signature, declaring all national forest within state game preserves and also giving the fish and game commission of that state power to declare as a preserve certain territory not included in the national reserve, which lies between its eastern end and the Canadian boundary.

ANNAPOLIS WOMAN BADLY INJURED

ANNAPOLIS ROYAL, April 19.--Mrs. B. W. Cousins, wife of Councilor Cousins was the victim of a very serious accident at Ohio station last week. Mrs. Cousins left on Thursday to spend Easter with her people in Ohio. In alighting from the train she missed her footing and fell between the platform and the rails. Without doubt presence of mind saved her from an awful death for she fortunately laid quiet until the last three cars had passed the platform. The meantime having started on its way again. Mrs. Cousins was severely bruised and has ever since been confined to her bed under the care of doctors.

NOVA SCOTIA HOUSE AGAINST PROHIBITION

HALIFAX, April 19.--The prohibition resolution introduced in the provincial legislature ten days ago, and which has been the subject of almost continuous debate since, was put to vote this afternoon and lost, 23 to 8. The five members of the opposition voted for the resolution and three members of the government came over, making eight all told.

NOVA SCOTIA ESTIMATES.

HALIFAX, April 19.--The provincial estimates were brought down to the legislature today. The receipts are estimated at \$1,843,944 and the expenditure at \$1,634,004. Royalty from mines is expected to yield \$645,000; succession duties, \$75,000; subsidies from the Dominion, \$610,464, and interest on Halifax and Southwestern Railway mortgage, \$142,730.

ONE REASON WHY.

weeney said one reason why was so high in Moncton was because the city had to pay so great a rate for the electric company for energy and franchise. The tramway franchise was practically and they were now asking that that he believed was one of the most ridiculous franchises ever granted to a municipality.

Murray said the company was for a franchise to build a street in the city of Westmorland, which the securing of very large. The bill was already hedged with very stringent provisions, such a clause as the proposed incorporated he feared that it be impossible to interest the capital in the enterprise.

RIGHT TO EXPROPRIATE.

Robinson thought a clause should be given to expropriate street railway, time in the future if they wish to do so. He thought, in fact, that provision should be inserted in giving companies public utilities or else a general act be passed to apply to all such.

Murray agreed with the hon. for Westmorland, that such an act would be a wise provision in the interests of the public. He did not think, however, that it would be fair to incorporate such clause in particular before the committee and it is general. The bill was read.

Robinson presented a similar from six hundred residents of Moncton. He went into committee with Mr. Robinson and agreed to a bill to the bonds of the New Brunswick Cold Storage Company. In a question by Mr. Robinson, he stated that the title to the was vested in the crown and was insured for \$100,000. Two of the government were ex-rectors of the company, and they had not in the past held of meetings of the directors would see that in future all of the act were compiled.

WOULD NULLIFY COURT'S ACTION ABOUT NINETY BILLS SO FAR

FREDERICTON, April 19.--Up to the present time about ninety bills have been presented to the house, and as tomorrow is the last day fixed for the acceptance of private bills it is estimated that all are now pretty well in. Last year there were a few over a hundred before the house, so this year is about an average one. The public accounts committee up to the present time have held but three of their meetings, but it will not take more than that number to complete the examination. There is little doubt that the prorogation will take place at the end of next week.

The river continues to fall and the weather remains cool. The steamer Elaine arrived from St. John at six o'clock this evening and reports little difficulty in the run. She returns in the morning.

The washout on the I. C. R., formerly known as the Canada Eastern, still remains. At McNamees it is found necessary to convey passengers and freight by team some three miles. The trains, however, are running as usual, and there is little delay as far as time is concerned.

MANY CHARTERS GRANTED ROADS

OTTAWA, Ont., April 19.--A return obtained in the commons this afternoon shows the liberal way in which parliament has granted railway charters in the past twenty years. In the two decades from 1888 to 1908 exclusive charters granted to the Canadian Pacific, Grand Trunk, Grand Trunk Pacific and Canadian Northern, two hundred and thirty-three charters have been granted to railway companies, authorizing an aggregate construction of 63,809 miles. Of the total number of com-

LOCAL MATTERS OF INTEREST.

SATURDAY

Not permitted to proceed on her journey by the United States Immigration officers, refused admission to the Salvation Army shelter, clean without money or friends. Mrs. Hand, of Salisbury, proved herself somewhat of a problem to the Union station officials Saturday afternoon. Mrs. Hand was accompanied by an infant in arms. She was trying to reach Portland, Maine, but the immigration men interposed and had it not been for the kindness of Mrs. Williams of Shelburne street, who would have cared for her in and cared for her over Sunday. Today she will be returned to Salisbury.

A fire of incendiary origin was discovered in Al Stockhouse's livery stable, off Charlotte street, and an alarm from box 27 was sent in at 3:50 p'clock yesterday morning. The fire department were quickly on the scene. The flames had burst through the roof and it was thought that there would be a serious conflagration as the stable is situated so that it adjoins the Love stables in the rear of the King square, and other buildings in the rear of the north side of King square. Fortunately the building was saturated with snow and rain and in the loft where the fire started was only a small quantity of hay. It did not take long after the water was turned on to quench the flames and residents of the hotels and boarding houses in the vicinity calmed down.

The cheapest tea to use is not the lowest priced. You can buy a tea a few cents a pound cheaper that will make a drink, but if you want an absolutely pure, healthful, cleanly-prepared tea use "Salada." It is infinitely more delicious and decidedly more economical than other teas, because it goes farther.

MONDAY

In appreciation of the services of Ald. J. King Keeler in pushing and securing the Costing Act, the boys of the North End of the city presented him on Saturday in the new Temple Building with a gold recognition pin. The boys, Ald. Keeler, in reply to the Temple of Honor, the money raised for the purchase of the pin was limited to a few cents from each boy, thus enabling a very large number of the boys in expressing their kindly feelings for the alderman. The presentation was made by the past grand officer of Alexandra Section on behalf of the boys. Ald. Keeler, in reply to the youthful friends, urged them to make the most of their boyhood days in pleasure, study and development of sound bodies.

THINKS SWEARING ALL RIGHT

Providing the provocation equals the offense Jones stepping on Smith's Corn Extractor — it does cure corns and warts, in one day without pain. Try "Putnam's", free from acids, and painless.

The death of Margaret A. Taylor, widow of the late Capt. P. E. Taylor of Brooklyn, N. Y., late of Rockland, New Brunswick, comes as a great loss to many friends. Mrs. Taylor was the oldest daughter of William S. Bailey and leaves behind one daughter, eight sisters and one brother to mourn their loss.

Miss E. Iva Terza is home from South Africa on a visit. Miss Terza went from here six years ago with the Canadian school teachers who took up the work of teaching in South Africa after the Boer war. She arrived home on Saturday to visit her sister, Mrs. E. C. Elkin, Princess street, and will leave again for South Africa about June 1st.

The members of "The Gang" spent a very enjoyable evening at the home of Mr. Gordon Simpson, the secretary and treasurer, last evening. Refreshments were served and several of the members rendered musical selections. The club has been meeting weekly through the past winter months, during which time a series of games were played in which Mr. Willis Jones won the majority with Bayard Trueman coming second. In the ten-pin league Mr. Bayard Trueman's team was victorious. Mr. Willis Jones' team came second, followed closely by the team of Mr. Gordon Simpson.

Fat is Dangerous

It is unhealthful, uncomfortable, spells the age, causes wrinkles, flabbiness and loss of vigor. Let me send you my Proof Treatment absolutely Free you can safely reduce your fat a pound a day.

Who said my treatment has done for others... I would fill your treatment and feel like a new person. It is dangerous, unhealthful, uncomfortable and causes wrinkles, flabbiness and loss of vigor. Let me send you my Proof Treatment absolutely Free you can safely reduce your fat a pound a day.

TUESDAY

Last night the Young People's Society of Centenary church gave a concert in aid of the missionary societies. There was a large attendance at the Centenary school rooms and an enjoyable programme was gone through. The Rev. Wellington Camp of Leinster street addressed the audience. The following was the programme: Hymn 152; prayer; psalm 33; selection by the Orion quartette; piano solo, reading, My First Reformation, by Miss Dorothy Nice; hymn 321; collection; address by the Rev. Wellington Camp; reading, Miss Vera Maxwell; piano solo, Connomore, Miss E. Smith; hymn 113. A very pleasant time was spent by all who braved the elements.

That the people of the West Side appreciate the work of their representatives on the aldermanic board was truly demonstrated last evening, when the Carleton Cornet Band turned out and serenaded the victorious candidates. Bonfires were lighted and an elaborate programme carried out. At both Ald. Scully's and Ald. Keeler's residences supper was served and addresses delivered.

The Carleton Cornet Band headed the torch-lighted parade, which proceeded to Ald. Scully's residence, corner Charlotte and Lancaster streets. Several selections were played outside the door, including "Conquering Hero" and "He's a Jolly Good Fellow."

WEDNESDAY

The Knights of Pythias, Union Lodge, No. 2, were to the fore last night when some two hundred assembled in the Castle Hall in honor of the 25th anniversary. None of the new officers officiated. The honor was passed over to the past cancellors, who performed the impressive ceremonies of bestowing the third degree, or that of knighthood, upon three esquires, Messrs. Black, Rising and Waters. At a late hour the doors were thrown open and friends joined the harmonious gathering. Refreshments were served and a splendid musical programme carried.

Miss Jessie Wilson, sister of Dr. E. M. Wilson, left by last evening's train for Montreal, to join her sister, Mrs. Arthur Dingee, who is in the process of moving to Vancouver, B. C. where Mr. and Mrs. Dingee will reside. Miss Wilson will remain with her sister about a year.

Etate of Annie Mary Cook, married the late Capt. Valentine Cook, Petitioner, of the late Harold Cook, the oldest son, and of the guardians of the remaining children for administration in favor of the son, the husband having died intestate, the death of the wife. Administration granted to Robey Harold Cook. No real estate. Personal estate \$1,000. Messrs. Powell and Harrison, proctors.

The Rev. R. G. Fulton, pastor of the Methodist church here, placed his resignation in the hands of the trustees last week, to take effect at the end of the present year. At the evening service on Sunday last Mr. Fulton mentioned the names of the trustees of his congregation who had announced their intention of withdrawing their subscription to the church fund. Mr. Fulton's term expires in June, and he will probably go and locate in the West.—Despatch.

THURSDAY

Robert McGuire, of Elmville, is in jail awaiting trial on a charge of perjury which was laid against him by Mr. J. Henry Dyer. Some months ago Dyer brought an action against McGuire for debt. During the progress of the trial, McGuire swore that he had found plaintiff in the public position in his home. Dyer denied the allegation on oath and when the debt trial was disposed of, McGuire entered an action for perjury. McGuire crossed the position in his home. Dyer denied the U. S. immigration officers thrust him back and he was placed under arrest. Last Wednesday he underwent examination before Police Magistrate Richardson and was committed for trial. Mr. N. Cockburn is attorney for Dyer and M. McFonagie for the prisoner.—Beacon.

A number of the young friends of Miss Eva Newcombe called at her residence on Saturday evening last and presented her with a handsome ring. After the presentation the young people danced until eleven o'clock, when refreshments were served. A very pleasant evening was spent. Those present were: Misses Nan Dibbles, Marguerite Smith, Helen Woolverton, Alice Sprague, and Messrs. Don McCormick, Roy Watt, Clarence Sprague, Burpee Hay, Frank Woolverton, and Jack Kishner. Miss Newcombe with her mother and sister, left for St. John this morning. They will reside in Carleton.—Despatch.

Determined that Minister's island shall blossom as the rose, Sir William Van Horne, on the occasion of his recent visit to the island, at St. Andrews last week, gave instructions that the new flower beds should be laid out, and a number of other changes made. The new vineyard, 176 feet in length, has been completed and peaches, pomegranates, and other fruits, have been stocked with grape vines, and other tropical fruits. When these vines begin to bear fruit, Sir William will be able to step inside his very own and easily imagine himself in the sunny Southland.—Beacon.

TRYING TO RUIN CANADA'S CREDIT

Seems to be Disposition of Opposition

BUDGET DEBATE

Perley Says He's Optimistic—Member Cracks a Joke on Foster

OTTAWA, April 21.—The debate on the budget, which was "summed in the house today, revealed a disposition on the part of the opposition to cry down the credit of Canada by way of reflecting upon the financial administration of the present government. The lack of foresight, extravagance and reckless borrowing were among the charges hurled at the head of Hon. Mr. Fielding by Conservative critics, who with marked unanimity and characteristic disregard of facts conjured up a condition of affairs bordering on bankruptcy and mourned over a depreciation in Canadian securities which, as Minister of Finance, took occasion to suggest existed only in the imagination of Conservative politicians.

"I am as optimistic as any man in this house," declared Mr. Perley, who resumed the debate. "The Conservative party have always been an optimistic party." These sentiments were cheered by the opposition, and to prove how much of an optimist he is Mr. Perley proceeded to draw a picture of the financial state which would result if the government were to continue in the course it is going to the dogs. The Minister of Finance for having failed to anticipate the financial stringency and for having neglected to take advantage of more prosperous times to issue loans. To other respects Mr. Perley's speech was a weak echo of Mr. Foster's.

Lloyd Harris, who followed, in a humorous handling of the subject of finance at once got on good terms with the house by cracking a joke at the expense of Mr. Foster, which even the Minister himself could not resist. The member for North Toronto then made the soporific effect of Mr. Fielding's speech. Mr. Harris said he observed that the Minister of Finance himself had had a peculiar effect upon Mr. Foster. Up till the six o'clock adjournment yesterday the latter looked as if he had been put out of business, but on resuming at seven o'clock he had given the impression that in the interval he had taken a stimulant. "Well, I will substitute stimulus for stimulant," retorted Mr. Harris.

Mr. Ames in a carefully prepared speech dealt in elaborate detail with the finances of the country. He emphasized the increase in the public debt and made an exhaustive analysis of the government's loans with a view of showing that they had been loosely handled.

When he went on to declare that the credit of Canada had been seriously damaged by the Finance Minister's borrowings he met with a flat denial from Mr. Fielding, who stated that far from having suffered the credit of the Dominion had improved. Mr. Ames concluded by advocating an automatic sinking fund of four millions a year, which if continued for 40 years, he said, would wipe off the public debt. Dr. Clarke (Red Deer), dealing with the increase expenditure, pointed out that what was expected of any country was that it should keep its expenditure within its means. That the Conservative governments had not increased expenditure was because owing to the policy they had pursued they had no means. Instead of being a matter for complaint, the fact that the expenditures had increased might be accepted as a sign of immense prosperity and to a large degree of financial administration of the government.

MRS. E. MCCAIN. FREDERICTON, April 21.—The death took place last night at her home in Burton, Sunbury county, of Mrs. Elizabeth McCain at the age of 83 years. Besides her husband she had three daughters, Mrs. Charles Hand, Mrs. James Turney, and Mrs. Lindsay, all of Woodstock, and five sons, P. A. McCain of this city, J. Henry of Jacksonville Corner, Carleton county; Hayward of Burton; Donald and Herbert of British Columbia.

PATTEN WILL INSPECT CROPS

Off Accompanied by an Expert

BEARISH REPORTS

Will Missouri be Able to Deliver New Wheat in July?

CHICAGO, April 21.—Jas. A. Patten, the bull leader in wheat, left this city today to inspect the crop, particularly as it bears on the amount of wheat which may be delivered to him on July contracts. Mr. Patten is accompanied by an expert in wheat, who will inspect winter wheat crop in Illinois and adjacent states, among them Missouri, where reports are conflicting. The most recent report from that area is that the wheat crop is only becoming acute last Saturday. The deceased, who was in his fifty-fifth year, was born at Belleisle, Kings Co. N. Y. He was married to Mrs. M. Patten, Miss Eliza Ruth Martin, of Port Lawrence, N. S., two sons, Rev. Geo. G. of Yarmouth and Shelburne, N. S.; Jack, a student at the University of Toronto, at home; two brothers, Adina and Wm., of Woodstock, N. B., and two sisters, Misses Mary and Sarah, who reside in this city.

S.; Jack, a student at the University of Toronto, at home; two brothers, Adina and Wm., of Woodstock, N. B., and two sisters, Misses Mary and Sarah, who reside in this city.

SUSSEX MAN'S ACCIDENT.

SUSSEX, April 22.—Mr. John Ross met with a serious accident yesterday afternoon when he fell thirty-five feet from the roof of a house upon which he was working. The scaffolding gave way and Ross fell, sustaining severe injuries. He was taken to his home and medical aid summoned. Since then he has been engaged in various activities. A number of years ago he started a literary magazine called "Neth", which showed considerable promise but for lack of financial support expired after the ninth number.

Potatoes are being brought in to Sussex in large quantities and there is considerable activity going in sorting and entraining the same. Prices are very low.

Chief of Police Clark has received a telegram from C. D. O'Brien, Captain of the Detective Bureau, Chicago, asking him to locate and notify the friends and relatives of George Z. Parlee, an engineer, aged 60 years. He had a brother, William, who was connected with the Board of Education, or principal of a school fifteen years ago. The telegram further asked that notification be given of George Parlee's death which occurred yesterday morning. The authorities wished to know what to do with the remains.

"MY KIDNEYS HURT ME ALL THE TIME"

Gen Pills Cured Them. Free Sample Box Led to Cure. Only those who have been tortured with Kidney Trouble can appreciate how Mr. Trumper suffered. Doing a railroad job, he called upon to do all kinds of heavy work. He had a condition of kidney trouble. He was unable to lift or stop without pain. In fact, he pained nearly all the time. He had taken three boxes of Gen Pills, but they did not seem to do any good. He was unable to lift or stop without pain. In fact, he pained nearly all the time. He had taken three boxes of Gen Pills, but they did not seem to do any good.

FRANK TRUMPER, Napanee, Ont. Do sharp twinges catch you as you stop? Are you subject to rheumatism, Sciatica or Lumbago? Does your bladder give trouble? Take Gen Pills on our positive guarantee that they will cure you or money refunded. A box costs \$2.50. At dealers, or direct if you cannot obtain from druggist. Dept. B. N. National Drug & Chemical Co., Limited, Toronto

50,000 U. S. FARMERS HEADING FOR CANADA

MINNEAPOLIS, April 21.—One of the most amazing things in the history of the West is the exodus of farmers into Canada. It has been said that fully 50,000 persons will cross the line this spring, bound for the rich wheat lands of Manitoba, Alberta and Saskatchewan.

It has been less than twenty years since the rush to the wheat country of the middle West and now parts of the territory are being abandoned for the richer loam of Canada. Last week several carloads of farmers assembled here with their wives, babies, pigs, cows and farming tools-bound for Saskatchewan. The settlers are not poor. Many have accumulated small fortunes in wheat and they are going after more money. One young man was asked why he wanted to leave the states.

DR. A. B. WALKER DIED YESTERDAY

By the death of Abraham Beverly Walker, B. A., LL. D., Ph. D., LL. M., L. A., the Africans in this city lose their most prominent member. His death occurred at 10.40 yesterday morning after a brief illness of several months, which only became acute last Saturday. The deceased, who was in his fifty-fifth year, was born at Belleisle, Kings Co. N. Y. He was married to Mrs. M. Patten, Miss Eliza Ruth Martin, of Port Lawrence, N. S., two sons, Rev. Geo. G. of Yarmouth and Shelburne, N. S.; Jack, a student at the University of Toronto, at home; two brothers, Adina and Wm., of Woodstock, N. B., and two sisters, Misses Mary and Sarah, who reside in this city.

Dr. Walker was a man of high character and high ability. He was a member of the most interesting figures in St. John and had an interesting career. After his school education he studied law and became an attorney and a member of the bar. He was engaged in various activities. A number of years ago he started a literary magazine called "Neth", which showed considerable promise but for lack of financial support expired after the ninth number.

Genuine Castoria Always Bears the Signature of Dr. J. C. Ayer. The Kind You Have Always Bought In Use For Over 30 Years. THE CASTORIA COMPANY, 77 MURRAY STREET, NEW YORK CITY.

Hazen introduces BILL INCREASING EXECUTIVE SALARIES. (Continued from Page One.)

Q. 4—Was it not stated by Mr. Pugsley in his evidence before the committee that A. Trueman had a power of attorney and introduced all the stock of the N. B. Real Estate and Loan Co., keeping the books and records thereof; and did he not also state that Mr. Trueman had told him he had handed all these records to the auditor, Mr. Sharp, and did he not also state in his evidence that Mr. Trueman knew there was \$5,000 due this loan company from the N. B. Coal and Railway Co.?

A. Answer—Yes. Mr. Pugsley in his evidence before the committee stated that Mr. Trueman had a power of attorney and introduced all the stock of the N. B. Real Estate and Loan Co., keeping the books and records thereof; and did he not also state that Mr. Trueman had told him he had handed all these records to the auditor, Mr. Sharp, and did he not also state in his evidence that Mr. Trueman knew there was \$5,000 due this loan company from the N. B. Coal and Railway Co.?

Q. 5—If question 4 is answered in the affirmative, did Mr. Sharp present a report confessing to be a complete statement as far as his knowledge of the financial affairs of the company down to May 31st, 1944, only a month before the date of the payment of the \$5,000 to Dr. Pugsley; and is it not true that such report would profess to give all outstanding accounts against the N. B. Coal and Railway Company, makes no mention whatever of any debt from the N. B. Real Estate and Loan Co., or to any transactions between the two companies?

A. Answer—Mr. Sharp has prepared a statement professing to present a report confessing to be a complete statement as far as his knowledge of the financial affairs of the company down to May 31st, 1944, only a month before the date of the payment of the \$5,000 to Dr. Pugsley; and is it not true that such report would profess to give all outstanding accounts against the N. B. Coal and Railway Company, makes no mention whatever of any debt from the N. B. Real Estate and Loan Co., or to any transactions between the two companies?

Mr. Wilson presented the petition of the St. John Board of Trade against the bill respecting the levying and assessing of taxes in St. John. Mr. McInerney introduced a bill relating to the redemption of mortgages in the province of N. B., and explained that it was for the purpose of permitting the Redevelopmental Farmers to use a plot of land owned by them adjacent to St. Peter's Church in the city of St. John, as a burial ground for members of their order. On the ground of urgency and with the unanimous consent of the house the bill was read a second time.

Mr. Currie presented a petition in favor of a bill relating to the town of Campbellton. Mr. Plnder introduced a bill to authorize the school trustees of Fredericton to issue debentures, which, on motion of Mr. Plnder and with the unanimous consent of the house, was read a second time.

Mr. Murray presented a petition of 144 residents of Carleton county praying that legislation be enacted to restrict and regulate the running of automobiles on highways. Hon. Mr. Hazen introduced a bill to amend the act incorporating the N. B. Masonic Hall Co., which was read a second time by unanimous consent. Hon. Mr. Hazen introduced a bill respecting the executive council and explained that its object was to place the supervisory general and the chief commissioner of public works on the same basis as respects salary as the attorney general and the provincial secretary.

Hon. Mr. Hazen introduced a bill to amend the town's incorporation act, and explained that it provided that the ratepayers of any town which is in a default may not vote in the parish elections unless qualified in the parish as

ABSURD, SAY SIR RICH

Newfoundland Federation Yarn

NO NEGOTIATION

Bowell Gives Notice of Intention for Production Correspondence

OTTAWA, April 22.—In the today Hon. Mr. Loughnan said that he had received from Hon. Mr. Nid, published in Montreal 30 to the effect that Sir Procter had been negotiating as representative of the Canadian government the Premier Bond for the entry of Newfoundland into Canadian federation.

Sir Richard, Carwright reported the press report was untrue, had been no such negotiation. Sir MacKinnon Bowell gave a motion for the production of evidence from Sir Procter, Mr. Crowe, in connection with the dispatch.

Sir Richard said that there was no correspondence to produce. In connection with the dispatch, the Minister of Militia said that his correspondence with Sir Richard Carwright had been in connection with a business matter, and that he had no connection with the matter mentioned in the press report. He also stated that he had no connection with the matter mentioned in the press report.

HUBERT SINCLAIR WILSON MONCTON SOCIETY

Miss Marie Harris Bridgman Young Man

MONCTON, N. B., April 22.—A ding of unusual interest took place this morning at the home of Mr. Harry Steadman St. John, when Miss Marie was married to Hubert Sinclair Wilson, of the late Mr. Sinclair, of Miramichi. The ceremony was performed by Rev. J. L. Eastburn Brown, of St. Paul's Church. The bride was given away by her father, who was in white, and carried by her sister, Helen Harris, as maid of honor. Miss Marie was wearing a gown of heavy embroidered tulle and carried a shower bouquet of roses and lilies of the valley. The wedding feast was served in the dining room, and the bride and groom were seated at the head of the table. The bride was wearing a diamond necklace, and the groom was wearing a white shirt and a white tie. The wedding was a very quiet and intimate affair.
