

MR. CONMEE'S POWER BILL.

Committee Discuss Ontario & Michigan Power Co. Bill.

Matter For the Province of Ontario Declared Mr. Blain.

Premier Said Dominion Had Jurisdiction Over the River.

(Special Despatch to the Times.) Ottawa, Ont., May 3.—The House went into Committee on Private Bills and took up Mr. Conmee's bill to incorporate the Ontario & Michigan Power Company.

Mr. Conmee saw no reason why the Dominion House should not consider the matter. The Premier of Ontario was not Governor of the Dominion House.

Mr. Claude MacDonell argued that under the B. N. A. Act the Province of Ontario was vested in all lands of the Province, and that part of the bed of Pigeon River was a portion of the public domain which lay exclusively within the jurisdiction of the province.

Sir Wilfrid Laurier pointed out that the first question was whether the Dominion Parliament had jurisdiction. His view was that it had.

WESTMINSTER GOT QUITE A SURPRISE.

Rev. J. Roy VanWyck Tendered Resignation—Congregation Insists on Withdrawal.

Westminster Church people are happy to-day, after having had their peace of mind disturbed in a most unexpected manner yesterday.

In making the announcement of his intention Mr. VanWyck made it very clear that there was not the slightest trouble or unpleasantness. He had carefully and prayerfully thought the matter over, and had come to the conclusion that the church having been firmly established in its new edifice, it would probably be in its best interest that another man should become its pastor.

And the congregation did—and lost no time about it. A meeting was held immediately after the service. There was but one opinion, and it was expressed as plainly and as strongly as possible.

Three Boys Drowned

New York, May 3.—An upturned boat bobbing up and down in the cove off Freeport, L. I., yesterday, with sail gone and rigging entangled, told another story of a Long Island Sound tragedy.

Any doubt that might have existed of the fate of the three boys of this vicinity whose overturned sailing craft was found off Freeport, L. I., yesterday, was removed to-day when searching parties recovered the bodies of two of the lads, David Hulst and Henry Ludlow.

WORK BEGUN ON NEW LINE.

Building of D. W. & B. Road is Now Under Way.

Beamsville, May 3.—(Special)—The first sod on the Dunnville, Wellandport & Beamsville Electric Railway was raised on Wednesday last by the Mayor of Dunnville, just at the outskirts of that town, and the first team of horses driven by the chairman of the Board of Works Mr. Howard Lloyd, who is one of the foremen of construction, when spoken to said that the extension to St. Ann's will now be rushed ahead.

Sir Wilfrid Laurier pointed out that the first question was whether the Dominion Parliament had jurisdiction. His view was that it had.

INQUEST RESUMED; PRESS ADMITTED

Suggestion From Attorney-General That Newspapers Should Not Use Some Sensational, But Not Essential Matter.

The Kinrade Family Came Here Last Night—Crown Will Try to Conclude the Inquest To-morrow Evening.

Toronto, May 3.—The decision as to the admittance or otherwise of the press at the Kinrade inquest in Hamilton this afternoon rests with Coroner Anderson, and no one else. The Government, through the Premier this morning heard a number of newspapermen, in an informal protest against exclusion, and the foregoing was in effect the answer.

THE SITUATION

The press will not be barred from the Kinrade murder inquest, as requested by George Lynch-Staunton and Thomas Hobson, the family lawyers, in a letter sent to the Attorney-General's Department on Saturday.

Mr. Staunton's request to bar the press met with a storm of public disapproval, and people who sympathize most with the Kinrades expressed the opinion that it was a mistake.

NEW INDUSTRY FOR GREATER HAMILTON

Hardware Supply Company Has Secured Land and Will Soon Begin Building Operations.

The first dividend to the citizens has been declared by the Greater Hamilton Association in the shape of a new industry just secured for Hamilton.

The Board of Works will meet to-morrow night to consider a lot of small business, including an offer from Charles T. Rasberry to sell the city gravel property on Burlington heights, and the report of a sub-committee on changes desired by the Hamilton & Barton Incline Railway at the southern end of the railway.

THE MAN IN OVERALLS

From remarks made by Alf Wilkes it can easily be seen that the Technical School is not to do the work of the Art School.

If the Labor men would take up the question of the investigation of the fraternal societies Mr. Stadhols might make a move to have something done. We want to know about our lodge dues.

If a Minister was to resign his office whenever it was insinuated that he had been guilty of a corrupt act, the whole Dominion Ministry would be put out of business. It will be time enough to resign when the direct charge is made in the House or when such charge is proved.

THE HANGMAN WAS BUSY.

Thirteen Persons Executed in Constantinople Last Night.

U. S. Missionary Got Guard to Go to Hadjin With Him.

Late Sultan Said to Have Planned the Massacres.

Constantinople, May 3.—Thirteen civilians and soldiers sentenced by the military courts to death for murder, were hanged in different parts of Constantinople at 4 o'clock this morning.

Adana, Asiatic Turkey, May 3.—The Governor-General of the vilayet has given the Rev. Wm. N. Chambers, a missionary of the American Board of Commissioners for Foreign Missions, a guard to accompany him to Hadjin.

Constantinople, May 3.—Documentary evidence has been discovered among the records of the telegraph office here of the knowledge of the Constantinople authorities that massacres had been planned for the Adana district, and that they were to coincide with the political events here.

Other papers have been found indicating also that the conspirators at the palace acted in the Sultan's name in preparing the military mutiny of April 13. Lists of houses, with notes on the kind of loot to be found therein, were discovered on some of the prisoners now in custody. The arrangements included a general massacre of foreigners in Constantinople, including the diplomatic representatives, on April 24.

London, May 3.—A special despatch from Constantinople says the Turkish Cabinet has resigned, and that Hilmi Pasha will be the new Grand Vizier. The political situation is bewildering, and no one can tell what the outcome will be. This latest ministry was organized April 30, with Tewfik Pasha as Grand Vizier.

BARTON VS. HAMILTON.

Judgment in the water supply and sewer service suit of Barton vs. Hamilton has been rendered by the Divisional Court. The city contention was that all the costs of the former action should not have been charged against it.

NO COAL STRIKE.

There will be no strike of anthracite miners this year. At one time there seemed to be danger of an interruption of mining, which would have caused great loss to the workmen, and the effect of which doubtless would have been felt by the public.

AGAINST GAMBLING.

The anti-gambling laws have always been found difficult of enforcement. Whether or not man is to some extent by nature a gambler, it is very evident that the struggle to overcome his addiction to gambling is not to be easily won.

THE LARGER QUESTION.

The proceedings in connection with the Kinrade inquest make it clear that either the law needs amending, or that it requires to be interpreted so that the jury process shall not be in danger of being turned into mere travesty.

OUR NEW "COAT."

We have heard as yet no paens of praise of Ontario's new coat of arms. Of course it is a very important matter—almost as important as the family supply of coal in late November, or the congealed frigidity which is placed meeting at your door about 4 a. m. on a July morning.

NO BOOM. (Brantford Expositor.)

BETTER TO LET THEM IN. (Brantford Courier.)

It is much better and far more British to allow newspaper representatives the courtesy of an open attendance at enquiries which affect the public interest, and the clearing up of the mystery of the killing of a young girl in broad daylight, in a populous city, must certainly be regarded as possessed of moment to the community at large, both for the good and the bad.

WHY NOT MAKE CHARGES? (St. John Sun.)

Dr. Pugsley and the Government are afraid to investigate the Mayes lunacy, says the Standard. Suppose that were true; would it not give the Opposition all the more reason to desire investigation?

THE FEEBLE-MINDED. (Toronto Globe.)

Dr. Helen MacMurphy's reports on the condition of the feeble-minded in Ontario must always be read with mixed feelings. The primary one must be that of profound pity for those who come into the world with a confused, defective brain, living in a mental and moral twilight, yet unfortunately not experiencing that kindness and consideration which their stricken condition should naturally excite.

You never showed me any such a telegram, and you were there with some kind of a yarn that you'd destroyed the telegram, but that sounded pretty pellucid, for a woman keeps a telegram as long as she lives, and if I sent you any such a fool wire as that, why, it must have been while I was in what they call the subconscious state.

Now, look a-her! Seeing that you're taking that casting up and cantankerous tone about it, why, I just guess I'll change my mind about that clothes business. Guess I'll just get myself a couple of suits to do with the duds that I've got.

ANNIVERSARY OF MACNAB.

Rev. D. C. Hossack, of Toronto, the Preacher Yesterday.

Clergyman From England at Christ's Church Cathedral.

Dr. Peck at Ascension—Laymen's Movement at Erskine.

The 55th anniversary of MacNab Street Presbyterian Church was celebrated yesterday, morning and evening, by special services, that were attended by large congregations.

Mr. Hossack said when anniversaries come around it was well to ask what are the influences peculiar to the church of Jesus Christ. They were not wealthy in this world's goods, but they were rich in all that pertains to a good church.

The life of the church does not depend so much upon the pulpit as it does upon the people. The church that stands for Christian perfection won't attract the masses.

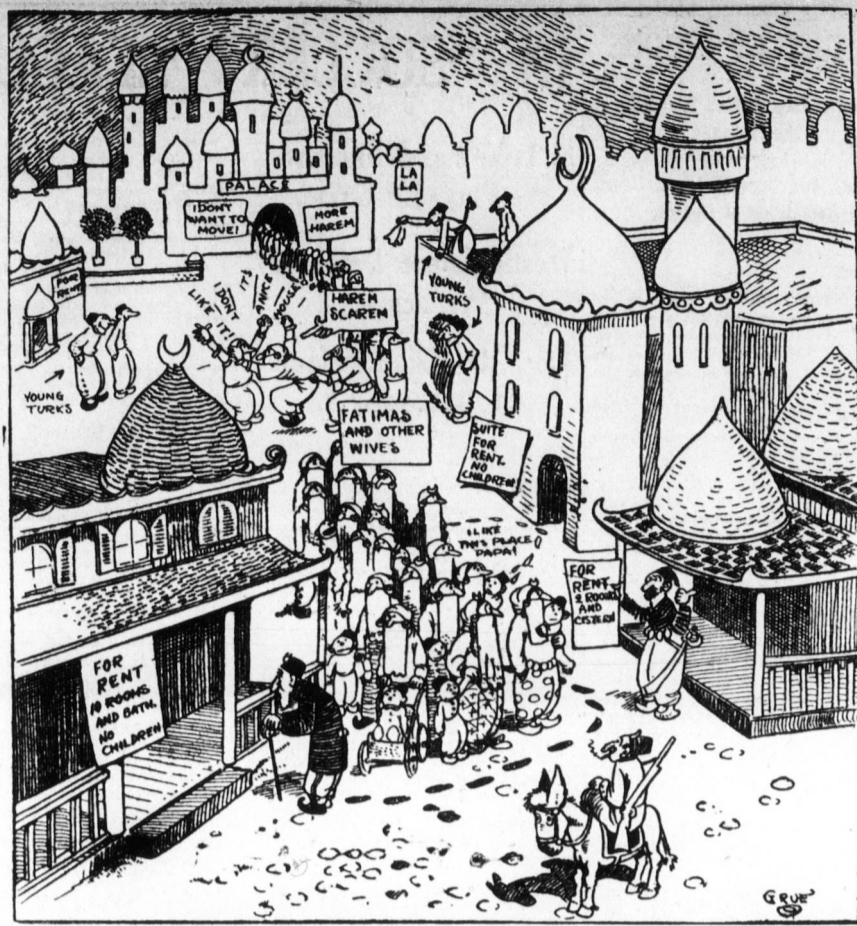

Preachers may like to have large congregations, but large congregations do not make a live church.

REV. DERRY AT CATHEDRAL. In Christ's Church Cathedral yesterday morning, Rev. D. C. Hossack, of Toronto, England, preached a very instructive and helpful sermon to a large gathering.

By the sin of man in the beginning the world was left in sin, and so it drifted on and on from bad to worse until once more brought under the direct influence of God through the death of His son.

DR. PECK AT ASCENSION. A large number of members and adherents of the Church of the Ascension turned out last evening to hear the sermon by Dr. Peck, a missionary from amongst the Esquimaux.

He chose as his text Mark xvi. 15 and 20: "And he said unto them, Go ye into all the world and preach the gospel to every creature."

and preach the gospel to every creature. And they went forth and preached the gospel everywhere, the Lord working with them, and confirming the work with signs following."

It was a parting command to carry his message of salvation to the world. The preacher for Christ does not work alone, but with the Master as his constant companion.

When he was working in the navy, he said after hearing the sermons on the subject, that he was favorably impressed and led to see the importance of the work to be done, and as a result decided to go out among the Esquimaux and do the command—"Go ye into all the world and preach the gospel to every creature."

MARSH WON BIG RACE

Record Time Made in Canadian Marathon.

Wood Was Second and Meadows Third.

Soccer League Games on Saturday.

Toronto, May 3.—John D. Marsh, of Winnipeg, won the Canadian Marathon Derby at the Island on Saturday, and accomplished an exceptionally fine performance.

The weather was cold, with a raw wind, and an occasional snowdrift, but the attendance, some four thousand persons, indicated the continued popular interest in this form of entertainment.

John D. Marsh, Winnipeg, Fred Meadows, Montreal, Fred Simpson, Hawatha, Tom Coley, Toronto, Henry Jackson, Midland, Charles Petch, Toronto, David Bennett, Cleveland, Cesare Guila, Toronto, W. P. Cummings, Toronto, R. Booth, Deer Park, R. J. Hatton, Toronto, Percy Sellen, Toronto, R. Redding, Toronto, A. Windmill, Toronto, W. McNell, Toronto.

The pace that was set by Marsh and Sellen told its tale early with some of the inexperienced runners and some of the veterans.

Simpson and Tom Coley were disappointed. Marsh's long experience and his good record made him look the best of the starters, but Simpson was believed to have here an opportunity to establish himself as a front-rank man in the game.

FOR THE YOUNG AMATEURS

The weather on Saturday interfered somewhat with amateur baseball. Snow and rain made the grounds very slippery, and the cold wind was hard on the players.

Despite the weather, two games were played in the Victoria Park League, and, considering the conditions, two fast games were played. The Victorias defeated the Royal Canadians by a score of 11 to 7, and the Erskines defeated the Wanderers 7 to 6.

Indoor baseball league which was going last year will be formed again. The teams played after 6 o'clock, and they caused much excitement. The Night Owls were the winners in this league.

The Young Keystones won their first game of the season, when they defeated the Beavers on Saturday at Fearman's field. The score was 25 to 16.

The teams in the Church League intended fixing up their diamonds on Saturday, but they could do little on account of the mud.

The Inter-metropolitan league will open at Maple Leaf Park on May 15. Manager Robinson says that the diamonds will be the finest in the district when finished.

The Night Owls' uniforms this season will be the same as last year—green with white trimmings.

A new league is to be formed, composed of the following teams: Alerts, Hurons, Blue Labels and Broadviews. An east-end gentleman who takes an interest in sport is promoting it.
