Catholic Notes.
The Very Rev. Provost Maguire, V. G. of Glasgow, Scotland, has been appointed Auxiliary Bishop of the See.
Prince Colleen, chief of the most illustrious house of R. m., has abandoned the service of King Humbert for that of Leo XIII.
Father Elliot, the Paulist, who has been conducting a series of missions to the non-Catholics of Detroit, which aroused a spirit of enquiry among the Protestants of that diocese, will enter upon the same work in the Cleveland diocese.

In July of this year the celebrated Catholic college of Stonyhurst, England, will celebrate its one hundredth anniversary. The celebration will continue for several days, and numbers of distinguished Catholics, bishops, priests and laymen, will attend.
The Catholic Church has native priests in China and Japan. Right Rev. Bishop Conrard, of Nagasaki, Japan, has in his diocese 15 native Japanese priests, forty-five native catechists, eight native religious communities consisting of 180 Japanese Sisters engaged in nursing the sick and in teaching the girls.
From the time of St. Peter down to the year 1153 the Popes all wore full beards, but for the next four centuries they were clean shaven. Then came a period of two centuries in which they again wore the beard, but from the year 1700 until the present time the smooth face alone has been seen in the papal line.

Printer Schneider arrived on the 7th inst. at the birthplace, Rathenow, in Prussia, and thus ended a walk which he began two years ago in Calcutta, India. Schneider was a job printer in Melbourne, Australia, in 1889. In March, 1892 he had saved 23,000 marks, and he sailed for home with his wife and two children. The ship in which he took passage was struck by lightning during a storm in mid-ocean. It was burned, and Schneider's wife, children and fortune were lost. He was, with a few others, escaped in a small boat. He landed on an island, from which he worked his way aboard ship to Calcutta.

There he was without money or friends. He was unable to find work, and could find no opportunity to work his way on any vessel bound for a European port. In June, 1892, he walked out of Calcutta. He went northward, collecting from all the German consulates he passed certificates to the effect that he was making the whole journey afoot. He traversed Afghanistan, Persia, Russia; east of Berlin without once setting foot in a vehicle.

Blood Poison
THE BANE OF HUMAN LIFE,
Driven Out of the System by the Use of
Ayer's Sarsaparilla
"For five years, I was a great sufferer from a most persistent blood disease, none of the various medicines I took being of any help whatever. Hoping that a change of climate would benefit me, I went to Cuba, to Florida, and then to Saratoga Springs, where I remained some time drinking the waters. But all was no use. At last, being advised by several friends to try Ayer's Sarsaparilla, I began taking it, and very soon favorable results were manifest. To-day I consider myself a perfectly healthy man, with a good appetite and not the least trace of my former complaint. To all my friends, and especially young men like myself, I recommend Ayer's Sarsaparilla, if in need of a really reliable blood-purifier."—Jesse H. Escobar, proprietor Hotel Victoria, Key West, Fla.; residence, 324 W. 18th St., New York.

PILGRIMAGE
To St. Anne de Beaupre.
Fare for the Round Trip \$5.00
THE STAFF.
The excursion trains which are to carry the pilgrims as far as Levis will have point at Chene and Sackville on Monday afternoon, June 25th.
For the accommodation of persons leaving at a distance from the official Railway route, special arrangements will be made with the Montreal & Bonaventure, the Cape Tormentine, the Kent Northern and the Carleton Place, as also with the Charlottetown Steam Navigation Co., whose boats run between Summerside, P. E. I., and Point du Chene. Parties of ten or more, desiring to join the pilgrimage train, can secure from any of the foregoing lines excursion tickets issued at one half the regular fare.

As far as Campbellton, the trains will stop at such stations as shall have been specified to the purchasers of tickets; but Campbellton to Levis only, such stops will be made as are enacted by the I. C. R. regulations.
TIME TABLE.
The journey from Montreal to Levis will occupy about eighteen hours; seven from Levis to Campbellton, and seven from Campbellton to Levis.
The trains will leave: Sackville, 2:30 p. m.; Dorchester and Point du Chene, 4:00; College Bridge and Shediac, 3:15; Memramcook and Dorchester Crossing, 3:30; Meadow Brook, 3:35; Palmsville, 3:50. Arriving at Montreal at 4:15 p. m., the trains will leave: Montreal, 5:00 p. m.; Canaan, 5:30; Lacart, 6:00; Kamouraska, 6:15; Riverview, 6:45; Chatham Junction, 7:15; Newcastle, 7:45; Gloucester Junction, 8:45; Bathurst, 9:00; Petit Rocher, 9:25; Jacques Cartier, 10:00; Campbellton, 12:00 midnight.
AT LEVIS.
Arriving at Levis about noon Tuesday June 25th, the train will land the pilgrims on the wharf of the Quebec & Montreal Railway. Every train in waiting will at once transport the pilgrims to the Quebec side, and on the very wharf where they disembark they will find the train of the St. Anne de Beaupre and Charlevoix Railway, on which the last twenty-two miles of the trip to St. Anne de Beaupre will be made in about an hour and a quarter.
The scenery from Quebec to Beaupre is, in places, exceedingly picturesque and is everywhere charming. Following the course of the river, the railway winds along the base of a gently sloping hill crowned with a continuous chain of pretty villages and rural hamlets. A short stop will be made at the foot of the celebrated Montmorency Falls, in order to afford the pilgrims a full view of one of the most beautiful natural spectacles of Canada.
Leaving the train at St. Anne, the pilgrims will find themselves in the midst of an organization which has neglected nothing to ensure easy changes from cars to boats and boats to cars. In passing from one to the other carriages will be quite unnecessary even for the sick, as the main and boats practically meet on the wharves.

Reaching the objective point of the pilgrimage about 3:00 p. m., the pilgrims will march to the church in procession (six deep), singing a canticle for the good of souls. In passing all assembled in the church, the order for the pilgrimage exercises for the evening and next morning will be made from the rich and beautiful decorations of the Medals, Beads, etc., the pilgrims will have ample time to admire the striking beauties of the noble basilica and the masterpiece of religious art with which it is ornamented.
Particularly worthy of a visit is the new chapel of the "Sacra Santa," a reproduction of the hall in which our Lord was judged by Pilate. It contains a fine statue of the Virgin Mary, the Holy Spirit, and the three Marys, the thirty-two statues of which devout pilgrims are wont to ascend on their knees. Apart from the rich and beautiful decorations of the splendid edifice, there are grouped within it a multitude of statues artistically arranged to represent the various stations of the Cross.
Confessions will be heard on the evening of the 25th and the morning of the 26th by the Redemptorist Fathers of St. Anne, as well as by the Priests accompanying the pilgrims.
The village of St. Anne de Beaupre now offers ample hotel accommodation for 2500 guests. Moreover, the committee of organization have arranged for the pilgrims at Beaupre that the afternoon of June 25th and the forenoon of June 27th will be reserved exclusively for the pilgrims. Hence no other crowding need be feared. The return trip will be begun at noon on the 27th, when the train will start for Quebec. It is important that the pilgrims should bear in mind the hours indicated for the departure of the train, as it will not be on the train, and so to incur no risk of being left behind. Our tickets, however, are available on any of the regular trains running daily from Quebec to St. Anne and St. Anne to Quebec.
AT QUEBEC.
Quebec will be reached about 1:15 p. m. Those who desire to cross over to Levis at once will find a boat awaiting them and may proceed immediately to the I. C. R. station. The others will have six hours in which to visit the churches, convents and other monuments of the historic old city. The magnificent view to be obtained from the "Esplanade" will amply repay one for the trouble of scaling the heights.
THE HOME JOURNEY.
The pilgrimage train will leave Levis at 7 p. m., Wednesday, for Campbellton at 8 a. m., and Montreal at 1 p. m. on Thursday. It is needless to say that the return should be made as much as possible on the same train as the journey to St. Anne. The religious character of the pilgrimage is to be preserved throughout.
COLONIST CARE.
The committee will prepare beds in a number of colonist cars for the convenience of the sick poor who could not otherwise support the fatigue of travelling. A regular physician and nurses will attend to them throughout the journey. Those desiring of availing themselves of a bed in one of these cars should specify such desire when buying their tickets and should have their names specially registered by the secretaries of the committee, or by the agents from whom their tickets are bought.

Fullman can be attached to each train. Passage therein will be subject to the following additional cost: A double berth, if occupied by one person, for the round trip \$6.00; if occupied by two, \$3.00 each for the round trip. A drawing-room passage for double berths as being more economical. Parties or single persons desirous of securing berths on pullmans should at once forward their names to one of the secretaries of the committee, adding thereto the name of the station at which they purpose joining the pilgrimage.
MEALS.
Meals will be served on board the trains in special cars and at moderate prices. Pilgrims are of course at liberty to provide themselves with lunch baskets and such casual expenses. Refreshments and temperance drinks will be sold on the trains.
SINGING.
The singing will be directed by the Rev. S. Arsenault, C. S. C., of St. Joseph's College, and the Rev. D. Levesque, P. P. Fox Creek, both of whom invite all singers to look access to co-operate with them in the formation of a creditable choir. Hymns, canticles and litanies will be sung during the procession, at low mass, and at special masses. Pilgrims are requested to take their hymn books with them.
AFTER THE PILGRIMAGE.
First. Thank St. Anne for graces received, or continue to pray if your petitions have not been granted. St. Anne has frequently granted the favors asked for only in response to prayers perseveringly continued for weeks after the pilgrims had left her shrine.
Second. Be faithful to the resolutions made during the pilgrimage. Permit some daily prayer or invocation to St. Anne, and offer an occasional communion in her honor.
Third. Those who are favored with signal graces, such as bodily cures, are requested to make a solemn profession of faith at Beaupre, giving a plain statement of the facts in connection therewith.
NOTE.—The bearers of pilgrimage tickets, and they alone, will be allowed to board the train. Tickets will be placed on sale at different parishes. Persons writing to the secretaries of the committee will kindly mention a 2 cent stamp for reply and an additional 5 cent stamp for registration in case they desire to have a ticket sent to them by mail.
Price of Return Ticket, \$8.00.

Here is now a great chance for the arch-imped to show forth before the public the grounds on which rest his principles of unbelief. If he refuses now to come forward, as he declined to meet Father Lambert some years ago, it will be a great disappointment to every sincere believer in Christianity.
A Minister Becomes a Catholic.
Rev. George Frederick Fisher, the former pastor of the Methodist Church of Newtown, Long Island, has become a Catholic. For some time Mr. Fisher has been under the instruction of Rev. M. R. Flannery, of the Church of Our Lady of Sorrows, Corona. On Thursday several of his Catholic and Protestant friends were present in that church when Mr. Fisher read his solemn profession of faith at the epistle side of the altar. The choir then sang Cardinal Newman's hymn, "Lead, Kindly Light," and a baptismal procession moved to the vestibule. The neophyte was escorted to the front and conditional baptism was administered by Father Flannery. The ex-minister, on Friday, received his first communion. He is a married man with three children. His wife is still a Protestant. He intends to practice law. He is a brilliant man, and has a reputation as an eloquent speaker.

Ministerialists in Caucus.
OTTAWA, June 13.—A ministerial caucus, the first of the session, was held this morning, and was largely attended by members of both houses. Sir James Grant, member for Ottawa, presided. The caucus was mainly devoted to matters of legislation now before the house. It was the general opinion that a redistribution bill should not be proceeded with this session, while the insolvency bill, in all probability, will be hung up for a year, as after it leaves the senate there will not be enough time for consideration. The government will, however, proceed with the remaining business on the order paper, including the French treaty, the fast Atlantic service and the franchise bill, adopting the provincial basis of qualification. A dozen or fifteen members of both houses spoke freely on the different questions. The general opinion was expressed that prohibition could be reached by June 30th, or at the latest by the first week in July. The proceedings were closed by an address by Sir John Thompson. Cheers for the premier and chairman brought the large gathering to a close.
From all Quarters.
Boston is flooded with counterfeit money. Several arrests have been made.
Duncan McIntyre the well-known railway magnate of Montreal died Wednesday. He was worth about \$5,000,000.
A wealthy Englishman, who died recently, John Gillow, of Llystyan Hall, Inglestone, Essex, has bequeathed the whole of his personal property, amounting to nearly \$600,000, for the benefit of the Catholic Church in England and Wales.
Ten young women are every year started in self-supporting careers by the generosity of Mrs. Frederick Vanderbilt, of New York. The sum of \$500 is devoted to the instruction and advancement of each young woman who displays ability, ambition and industry.
It is a notable and interesting fact that all the Jewish papers in the United States, both orthodox and liberal, condemn the principles, the objects, the conduct and the leaders of the A. P. A. Their denunciation of it is not less vigorous than that of the Catholic organs.
Hetty Green, the richest woman in America, seems to be smarter than the Gould family in evading taxes. With all her New York holdings, and her fortune estimated at \$90,000,000 she is assessed in New York only \$40,000 because she claims to be a non-resident.
Henry F. Perley, formerly chief engineer of the public works department, who was dismissed from the government employ, for his connection with the Connolly-McGreavy Scandal, has been reinstated and will occupy a subordinate position. This is considered a preliminary move to superannuation.

Ingersoll Challenged.
REV. JAMES J. MEAGHER PROPOSES AN OPEN DEBATE.
Colonel "Bob" Ingersoll has been letting himself loose again provoking opponents to send letters about him to the daily papers. And through the New York Sun, Rev. James J. Meagher, of Cazenovia, N. Y., Manager of the Christian Press Association, challenges him "before a New York audience, on any platform, say at Madison Square Garden, where before the public" they may discuss Ingersoll's theories. Father Meagher, in his letter to the Sun, says: "For a number of years Mr. Ingersoll has been accustomed to attack all denominations of the Christian religion, destroying faith in God and in the future life by his public utterances. Now we have heard enough of this kind of one-sided warfare, and I challenge Mr. Ingersoll before a New York audience, on any platform, say at Madison Square Garden, where before the public we will discuss his theories.
Let the matter be confined to religious questions. Let each debater have five, ten or more minutes. Let no personalities be allowed. Let a small admission fee be charged and half be given to any New York charity Mr. Ingersoll wishes, and the undersigned will name another good work to which the other half of the proceeds will be donated. Let every facility be given Mr. Ingersoll to attack the Christian religion with his accustomed rhetoric and eloquence, and the undersigned will be there to reply and show forth the grounds on which all believers in God and Christ rest their faith.
Let Mr. Ingersoll choose a party, the undersigned will name another.

The hydraulic pressed brick company of St. Louis, Mo., the largest concern of its kind in the world has closed down because of the scarcity of coal. Seven hundred and fifty employees are thrown out of work. The company supplies the greater part of the pressed brick used in the city, and its closing would affect many men in the building trades who would be affected.
Mayor Pingree, of Detroit, Mich., has advanced a scheme to supply thousands of idle men in Detroit with vegetables for the winter. He has called on every lot and acreage owner in the city who has a foot of idle land to turn it in for the use of the poor until the crop year closes. He estimates that there are not less than 5,000 acres of such land in and about Detroit and already has hundreds of acres pledged to his scheme.
The Rev. Joshua Coit concludes an article in the Outlook in the following words: "The danger of our land-to-day is not from the Roman Catholic Church, but rather from those who have lapsed from this and from other churches. Let the Protestant Church, with united front, oppose not the Romish Church, but rather the wickedness and worldliness of the millions who are outside all churches, that we may become a Christian people in truth as well as in name."
Theodore C. Faxon, bookkeeper for Morton & Chesley, builders, of Boston, has been arrested for embezzling \$50,000 from his employers. He admits his guilt, and claims he spent the money for his living. Faxon owns a thirty acre farm in Braintree, where his residence is. He purchased the property about seven years ago, and has a herd of Jersey cows and a kennel of fine dogs. Faxon has, it is alleged, been taking money from the firm for sixteen years, or all the time he was in their employ. In the past six years it is said, his stealings amounted to \$25,000. His salary was \$1,000 up to a few years ago; when it was raised to \$1,500.
The Board of Health of Orange, New Jersey, seems determined to revive the blue laws of Connecticut within its jurisdiction. It has begun by prohibiting the innocent and somewhat amusing practice of kissing within the limits of its jurisdiction, and by regulating the length of dresses worn by ladies thereof. The Orange Board of Health attempts to justify these arbitrary regulations by the pretense that they are necessary for the defence of the public against the ferocious yellows. Kissing leads to diphtheria, in the view of Health Boards, and sweeping trains convey tramp bacilli from the streets into the homes of the people. The prohibition of kissing is an interference with an inalienable natural right. The regulation of the length of skirts is a sumptuary law, and is a violation of the rights of the individual. It is not likely the people will submit for a moment to this nonsensical tyranny.

"Train a man like a horse" and "A horse like a man"

Buying a thing under cost price to induce a customer to buy an article at 3 times its value is an example in business of the above saying, but it is not HONEST DEALING. How we have gained and maintained the largest amount of public support is by working on a small all-round percentage.
