TOWN AND COUNTY NEWS.

REMEMBER The tea-meeting in the
Drill Shed to-night in connection with
the laying of the foundation stone of the new
Baptist Church.

FROM BRITAIN.—Dr. and Mrs. Clarke
arrived in town last Monday from their
trip to Britain, whither the doctor had
gone to spend the winter. The doctor looks
well, and confidently expects an
ultimate though perhaps tardy recovery
to former health and strength.

FOR BRITAIN.—We understand that a
large party of ladies from this vicinity
contemplate a visit to the old country
during the coming summer. Mrs. Chas.
Mickle, Miss Mickle, Mrs. Capt. Stewart
(Capt. Val's daughter), Mrs. Dr. Tuck,
Mrs. Lemon, and Mrs. Sheriff Davidson,
Berlin, being amongst the fortunate
"voyagers." Their departure, we hear,
is fixed for the middle of June.

PICTURES OF LONDON.—Mr. John An-
derson has sent us a copy of Harper's
Weekly, along with a supplement con-
taining views of London by Gustave Doré
and Blanchard Jerrold. These views are
to be completed in twelve parts, and will
form a most interesting collection of pic-
tures by this great painter. Each part,
along with the "Weekly" costs only ten
cents, while the views alone sell in Lon-
don for \$25. To the lovers of Art this is
a rare chance to procure a choice collec-
tion of Doré's pictures. Mr. Anderson
has the two numbers already issued for
sale, and will receive the others as fast
as they are published.

Base Ball Match.

A match, the first of the season, came
off last night between the Hotelkeepers
and the employees in Sleeman's Brew-
ery for a barrel of beer. After a spirited
game the Hotelkeepers came out victori-
ous, and the contents of the barrel were
punished on the ground. The following
is the score:—

A Well Merited Compliment.

At the half-yearly meeting of the share-
holders of the Great Western Railway
Company, held in London, on the 17th
ult., the President, Sir Thomas Dakin,
in moving the adoption of the report,
prefaced the resolution by a speech
of some length, and concluded with
the following flattering allusion to
the services of the officials of the
Great Western in Canada:—"I believe
that the utmost economy and the great-
est prudence and frugality have been ex-
pressed in the working of the line. We
have reason to believe that our superin-
tendent, Mr. Muir, our engineer, Mr.
Reid, our treasurer, Mr. Price, and all
our officers, lend their best efforts and
give their undivided attention to the
working of the line in the most economical
manner. We have their detailed ac-
counts periodically, we look at them
closely, and we have reason to believe
that the best is done in that respect
that can be done. Our line is in a first-
class order; and I cannot help thinking
that the whole condition of the Great
Western of Canada has never been so
satisfactory."

Town Council.

The Council met on Monday night.
Present—the Mayor in the chair, Messrs.
Kennedy, Snider, Stevenson, Crowe, Bell,
Elliott, Hogg, Massie, Stewart, McMillan,
Mitchell, Bruce, Howard and Allan.

The following petitions were presented:
—by Mr. Massie, from 41 ratepayers, for
the appointment of night watchmen; by
Mr. Kennedy, from John Thomas Cun-
ningham, for aid to strengthen his fence
on the Edinburgh road, the foundation
of which was taken away when that road
was repaired, and in consideration there-
of he would give the Council a receipt
for all damages past, present and to come;

by Mr. Bell, from Messrs. Burr & Skin-
ner, respecting the boundaries of their
lot on which they are building their Fur-
niture Factory, having received a notice
from the Road and Bridge Committee to
remove the same to the line which the
Committee considers the proper bound-
ary, and asking the Council to confirm
their line as at present built on; accom-
panying the petition is a memorial from
ratepayers owning land adjoining the lot
to the effect that they have no objection
to Burr & Skinner retaining the line they
now have marked out. It is alleged that
Burr & Skinner have built four feet on
the street; by Mr. Howard, from Capt.
Bruce, asking the use of one of the small
rooms in the Drill Shed for holding uni-
forms, &c.; by Mr. Mitchell, from James
Davidson, asking the Council to refund
him \$5 fine imposed on him for removing
material off the street; by Mr. Mitchell,
from ratepayers on the east side of the
river, asking the Council to assist in
building a foot bridge across the river
from Col. Hall's house to the opposite
side of the bank near the new English
Church, the ratepayers interested to
give one-half the amount; also to close
Orange street from Arthur street to the
river, and sell it to the parties owning
the property contiguous, the same being
of no use; by Mr. Mitchell, from rate-
payers, for watering the streets from
West Market Square to a point north of
the Wellington Hotel; from Mr. Jones,
for a transfer of license for Red Lion
Hotel.

These petitions were referred to
different Committees interested. A
petition of Capt. Bruce, on motion of
Mr. Howard, seconded by Mr. Elliott,
was granted.

With reference to the petition for wa-
tering the streets, Mr. Mitchell moved,
seconded by Mr. Massie, that it be re-
ferred to the Road and Bridge Commit-
tee to ascertain if it contains the necessary
number of names, and, if so, to advertise
for tenders and let the contract. Carried.

In reference to the petition of Burr &
Skinner a good deal of discussion follow-
ed, on the point whether they had en-
croached on the street or not. Mr. Bell
moved, seconded by Mr. Stevenson, that
this Council do not interfere with bound-
aries of lots occupied by Messrs. Burr &
Skinner not having a fresh survey at
once, and if the present boundaries are
found correct that Burr & Skinner be al-
lowed to proceed with their building at
once.

This motion was subsequently with-
drawn, and Mr. Elliott moved, seconded
by Mr. Stevenson, that the petition do
lie on the table. This means that the
Council take no action in the matter.
The motion was carried.

The new Market By-Law, consolidating
all previous by-laws, with some impor-
tant amendments, was read a third time.
The following are the principal clauses
making changes in the old market by-law
formerly in force, and which affect the
selling of meat, the purchase of produce,
&c., by hawkers, and the measuring and
fixing the quality of firewood:—

That no butcher, huckster or dealer,
or his, her or their servant or agent, or
any person on his, her or their behalf,
shall purchase or cause to be purchased
from any farmer or other person any
meat, fish, fruits, roots, vegetables, pon-
dry, dairy products, eggs and all such
articles required for family use and such
as are usually sold in the market and
offered for sale in the public market be-
fore the hour of 10 o'clock in the fore-
noon from the 1st of May to the 1st day
of November; or before the hour of 11
o'clock, a.m., from the 1st of November
to the 1st of May for the purpose of sell-
ing the same again; nor shall any but-
cher, huckster or dealer, his, her or their
servant or agent or any other person on
want or agent of any other individual in
the purchase of any meat or other articles
of provisions, as enumerated above, offer-
ed for sale in the said market before the
hour aforesaid.

That no person shall go to meet any
fruit, roots, vegetables, poultry, dairy
products, eggs and all articles required
for family use and such as are usually
sold in the market, for the purpose of
buying or proposing to buy or inspect
such articles.

That no person shall sell or offer for
sale in any place but the market, or
the centre of York-shire Street, the
centre of Fleet Street where said street
intersects the River Speed, thence along the
centre of said street to York-shire Street,
thence along the centre of said street to
Suffolk Street, thence along the centre of
Suffolk Street to Woolwich Street, thence
along the centre of Woolwich Street to
Norwich Street, thence along the centre
of Norwich Street to the River Speed,
thence along the place of the Speed to
the centre of beginning, where butchers
the course of beginning, where butchers
may be allowed to open shops for the
sale of meat, provided such shops be used
exclusively for the sale of meat, and for
no other purpose. This section shall not
come into force until the 1st of August,
1872.

That no person but butchers, being
lessees of shops outside the limits defined
by section 12, shall sell meat in a place
quantity than by the quarter, but it shall
be lawful for all persons to bring meat
to market in waggons, sleighs or other
conveyances, and to sell the same by the
carcase or quarter subject to the market
regulations.

That all firewood sold to parties living
within the corporation and delivered
therein shall pay a market fee, and in case
such sale is a greater quantity than one
load, the seller is not required to take
the same to the market, but may deliver
the same at the residence of the pur-
chaser, and it shall be lawful for the
market clerk to issue to the seller a tick-
et for the whole quantity to be delivered,
which ticket shall be procured before any
delivery shall take place, and said ticket
shall be signed by the market clerk, and
shall contain the date, the number of
loads sold, the name of the seller, the
name of the buyer, and his residence, the
market fee on each load, so that the total
market fee shall be 10 cents per cord.

That the market clerk or his assistant
appointed inspectors and measurers of
firewood, and it shall be their duty to
measure all firewood brought to the
market, to mark the measure of each load
on the wood in red chalk or paint, and to
deliver to the person bringing the same a
ticket specifying the quantity, quality,
name of seller and date, and the fee to be
paid for every such load shall be ten
cents.

That every person bringing firewood to
the market for sale shall, before offering
the same, or sale, require the market
clerk or his assistant to measure and
mark the quantity therein, and obtain
from him a ticket specifying the quantity
and quality as above provided.

Mr. McMillan read the report of the
By-Law Committee on the resolution passed
by the Council for the encouragement of
manufacturers. The Committee think it
would be difficult to frame a general By-
law that would satisfactorily meet the
case, and there is no suggestion that it
would be better to receive applications from
parties about to commence manufacturing,
and the Council to make further resolu-
tion in every case where which the Coun-
cil considers of sufficient importance and
magnitude, that a full exemption from tax-
ation on land and buildings for five years
should be made, and also any other con-
sideration which the Council may see fit
to advise to offer on any application
that the Council considers of sufficient
importance. The Committee recommend
that a By-law be introduced and passed
exempting the establishment of such ap-
plicant from taxation for said period, and
that the clerk be instructed to publish the
provisions of the report in the *Globe* and in
some Montreal paper.

On motion of Mr. McMillan the report
was adopted.
Mr. Bruce presented the Report of the
Relief Committee, stating that they have
sent John Ryan medical assistance, and
the doctor found it necessary to amputate
his fingers; that they are not set to be
their duty to interfere in the matter peti-
tioned for by Mr. Wilson; that they will
grant such relief to Robert Bard as the
funds at their disposal will admit of; that
they will require \$200 placed to their
credit at once; that they will require a
further sum of \$200, making \$400 in all.
On motion of Mr. Bruce, the report,
with the exception of the 5th clause, was
adopted.

Mr. Allan presented the report of the
Exhibition Committee, recommending
that the tender of Mr. David McCrae, of
\$66 for the use of the Exhibition Grounds
for grazing purposes for the summer,
be accepted, it being the highest bid.
Adopted.

Moved by Mr. McMillan, seconded by
Mr. Stewart, that the Messrs. Messrs.
Bruce, Elliott, Hogg, and the Mayor be a
Special Committee to examine the agree-
ment between the Town and the G. T. R.
Company touching the railway bridge
crossing the river Speed, and to report to
this Council the best means to be adopted
in order to compel the Company to make
certain conveniences and improvements
about said bridge; also to devise means
by which there would be less damage to
those passing under the railway; also to
report as to the best course to be adopted
in order to prevent said railway Company
from running the whistles of the engines
while passing through the corporation.
Carried.

Moved by Mr. Massie, seconded by Mr.
Howard, that the Finance Committee
constitute the Court of Revision for the
current year, and that the first sitting of
the same be held on the 27th inst., and the
Clerk be instructed to give due notice of
the same. Carried.

On motion of Mr. Massie the Mayor
was instructed to issue a proclamation
for the holding the Queen's Birthday as
a public holiday.
Moved by Mr. Massie, seconded by Mr.
Elliott, that that portion of the Fire and
Water Committee's report asking an ap-
propriation for purchasing 300 feet of
new leather hose be adopted. Carried.
The Council then adjourned.

lessees of shops outside the limits defined

sent John Ryan medical assistance, and
the doctor found it necessary to amputate
his fingers; that they are not set to be
their duty to interfere in the matter peti-
tioned for by Mr. Wilson; that they will
grant such relief to Robert Bard as the
funds at their disposal will admit of; that
they will require \$200 placed to their
credit at once; that they will require a
further sum of \$200, making \$400 in all.
On motion of Mr. Bruce, the report,
with the exception of the 5th clause, was
adopted.

Mr. Allan presented the report of the
Exhibition Committee, recommending
that the tender of Mr. David McCrae, of
\$66 for the use of the Exhibition Grounds
for grazing purposes for the summer,
be accepted, it being the highest bid.
Adopted.

Moved by Mr. McMillan, seconded by
Mr. Stewart, that the Messrs. Messrs.
Bruce, Elliott, Hogg, and the Mayor be a
Special Committee to examine the agree-
ment between the Town and the G. T. R.
Company touching the railway bridge
crossing the river Speed, and to report to
this Council the best means to be adopted
in order to compel the Company to make
certain conveniences and improvements
about said bridge; also to devise means
by which there would be less damage to
those passing under the railway; also to
report as to the best course to be adopted
in order to prevent said railway Company
from running the whistles of the engines
while passing through the corporation.
Carried.

NOTICE TO ADVERTISERS.

The Circulation of THE MERCURY is guaranteed to be three times more than that of any paper published in Guelph, or in the County.

THE FEMIAN CLAIMS.

A lively debate took place in the House on Monday night, on the Feman Claims, on certain Resolutions moved by Mr. Cartwright, but the Government and their supporters voted them down, and carried Mr. Harrison's amendment, which was to the effect that it was not to the interests of the Dominion to discuss the question, or express an opinion on them.

The Market By-Law.

Mr. George Elliott has taken considerable time, and been at great pains, to consolidate all the by-laws of the Corporation in relation to our market. The new Bylaw was read a third time and confirmed by the Council on Monday night, and comes into force at once.

Among other things the by-law requires that all sorts of dairy products, fish, fruit, vegetables &c., must first be brought to market; that no huckster or dealer of any kind who buys to sell again can purchase anything exposed for sale on the market before ten o'clock of the forenoon in summer, or eleven o'clock in winter.

Another important alteration is in regard to the limits within which it is unlawful to sell fresh butcher meat except in the market. These limits are clearly defined in the clause which we publish, but this section in justice to those at present engaged in the business who will be affected by it—does not come into force till the 1st of August.

The last important alteration in the by-law is the means provided for a thorough inspection and classifying of firewood. We trust that the authorities will see that these provisions are stringently carried out, and that the by-law will not remain a dead letter.

There will be offered for sale by Public Auction, at the Market House, in the Town of Guelph, On Saturday, 18th May, 1872, At the hour of one o'clock, p.m., that excellent saw and grist mill, and three acres land, situate on the front of Lot 6, in the 2nd concession of the Township of Maryborough, County of Wellington, now in possession of Michael Tomlinson.

ISLAND REVENUE OFFICER.—We hear that yesterday Mr. District Inspector Romine and Mr. Collector Gow, assisted by Constable Moore of Arthur, and Constable Coulson of Guelph, seized an illicit distillery at work in the village of Waldemar, in the Township of Amaranth.

EDITORIAL NEWS.

It is understood that the Globe is shortly to be enlarged into an eight page paper.

The Hon. John Sandfield Macdonald has been obliged to go home from Ottawa on account of ill health.

Sir John A. Macdonald's laboured effort on Friday has disappointed even his supporters. His speech was too inconsistent and contradictory even for the Ministerial rank and file to be influenced by it.

CONSISTENCY, THOU ART A JEWEL.—Says the Hamilton Standard.—The Guelph Herald is contented with Hinks' budget. At the close of an article very complimentary to the Finance Minister and the other members of the Dominion Government the Herald indulges in a poetical tirade such as its "cann" used to apply so gracefully when he threw stones from the other side of the fence.

The Toronto Telegraph is hereafter to appear as an evening paper only. He blames the treachery of the Dominion Government for all his troubles. Because he refused to be their tool and slave they intrigued and worked against him to compass his ruin.

Says the Hamilton Times.—The London Free Press, in a heart-broken sort of way, informs its readers that Hon. Mr. Mackenzie's action in the insurance business—inflicts a fatal wound upon the noblest safeguards that the wisdom of British legislators ever raised around matters left in trust to the honor and integrity of others.

LOVE AND HONOUR.

A TALE OF THE CLYDE. CHAPTER XXIX.

For a long time the two stood silently surveying this imposing spectacle, which absorbed their attention to the exclusion of the magnificent landscape which the height on which they stood commanded.

"Mighty me, Maister Edwin, but that is a grand and an awful sight," said Ritchie at length, who was unable to keep longer silent under his over-wrought feelings.

"Most magnificent," exclaimed Edwin. "A sight like that, Ritchie, has not been beheld for more than a generation—not, I should say, since the time of Napoleon, when his legions showed themselves on the plains of Europe."

"And tae think that they are marchin' on tae kill or be killed," added Ritchie.

"Ah," rejoined Edwin, "looked at in that light the spectacle is sad enough, but that is all lost sight of in the thought that they are going to fight for their country, to repel the attack of the invader, to preserve the greatness and freedom of their native fatherland. How would you feel, Ritchie, if a foreigner had landed on the shores of Britain? What would you be inclined to do?"

"Dae! I would dae my best tae drive them back, of course."

"Just so, and that is just what these German soldiers are burning to do. The French have given out that they mean to sweep through Prussia to the very centre of Berlin, and the hosts we see down there have come forth to prevent it. The struggle, however it goes, will be a terrible one, and you and I, Ritchie, are like to see bloody work going forward. But really that is a grand spectacle to gaze on."

"It just reminds me of a hive o' bees when they cast," said Ritchie. "They hae the very sound o' that, tae."

"Ah, the noise of the army comes mellowed by distance to a low continuous drone."

"Where abouts will Maister Hermann be?" said Ritchie, falling naturally into the Scotch habit of asking a question which cannot possibly be answered.

"Who knows?" rejoined Edwin; "but I hope we may see him before night-fall."

"Toots, we may see him in an hour for that part o' it. We'll some gang down the hill, and after that it's easy spunkin' o'er the level ground."

"Easy enough, but the road is considerably longer than you dream. In this clear atmosphere of the south objects are much more distant than you would suppose judging by the distinctness with which you behold them. We have at least ten miles of road before us before we are in the camp."

"Maister Allerton, that's no possible," said Ritchie, in a tone of considerable amazement. "I wadna count it ower three or four at the outside."

"So much for your inexperience of this Continental climate. Remember, we are not looking through an English fog or a Scotch mist."

"Atweel I ken that, sir, for h'thing has a strange and foreign look tae me; but, doo, it's a queer thing if we are ten mile frae your army."

"Well, we shall put the matter to the proof ere long. Meanwhile I vote that we rest here a little, eat our rations and contemplate the noble scene. I call our provisions rations. We are camp followers, you know, and must use military phrases. So hault' ground arms, 'tinsoulder knapsack, and bivouac."

"Thus saying, and laughing as he spoke, Edwin threw himself on the grass and proceeded to examine the interior of his bag, from which brought some slices of bread and meat and a flask of brandy."

DOMINION PARLIAMENT.

OTTAWA, May 6. Mr. Galt gave notice that he would ask the Premier "Whether the Government had taken any steps to have the views of Canada represented to the Emperor of Germany in the matter of the San Juan Boundary."

Hon. Mr. Blake asked when the Government proposed to introduce a Bill respecting the redistribution of seats.

Sir G. E. Cartier said the Bill would be introduced as soon as possible, but he could not say on what day.

Mr. Cartwright rose to move that the House go into a Committee of the whole to consider certain resolutions in relation to withdrawing the claims of the Dominion of Canada against the United States for compensation on account of injuries arising from Fenian raids.

The resolutions are as follows:

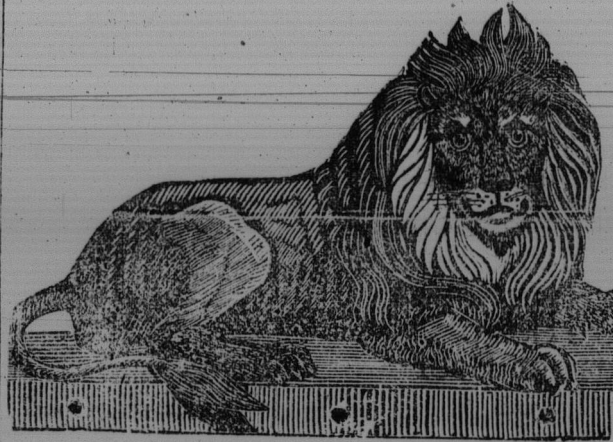

1st. That this House regrets to learn that Her Majesty's advisers have seen fit to assume the responsibility of withdrawing the claims of the Dominion of Canada against the United States for compensation on account of injuries arising from the Fenian raids.

2nd. That this House cannot but feel that the proposal to indemnify the people of Canada, whether directly or indirectly, at the expense of the English tax-payers for wrongs committed by subjects of a foreign State is impolitic both in itself and tends to produce dissatisfaction in the mother country; and furthermore that such a course of action is likely to operate as a direct incentive to renewed outrage, inasmuch as it is notorious that the above mentioned raids have arisen rather from feelings of hostility to the Imperial Government on a whole than from any special animosity to the inhabitants of this Dominion.

3rd. That, taking into consideration the circumstances under which these incursions were committed, this House is apprehensive that the refusal of the British Government to press those claims is calculated to encourage the people and Government of the United States in the belief that the due discharge of their international obligations towards the Dominion of Canada is a matter of comparative indifference to Her Majesty's Imperial Cabinet.

He pointed out that the Fenian organization was really directed against Great Britain and not against Canada; and that in asking Britain to compensate us we were demanding her humiliation before her enemies. To make England pay for the default of the American Government was but to sanction the American breaches of the international good faith, and encourage the Fenians to make fresh efforts.
