DOZEN COAL MINING PROPERTIES ARE OFFERED CITY

And They Range in Price All the Way from \$150,000 to Half a Million Dollars; Committee Picks Five of the Likeliest Properties for Consideration

ALDERMEN WILL LOOK AT VARIOUS PROPOSITIONS

Will Take a Civil Engineer and Mining Expert and Make an Inspection of Physical Possibilities of the Various Properties Offered for Sale

THE choice of about a dozen coal mining properties has been offered to the city since the power and development committee advertised for tenders some weeks ago. Prices ranging from \$150,000 to \$500,000 have been quoted and the city has an opportunity to secure almost all the various kinds of coal known, if it cares to purchase.

Five of the likeliest propositions were selected by the power and development committee, yesterday and Ald. Wm. Ross, Ald. Garden, Ald. Crichton and Ald. Frost were appointed a committee to visit these properties and make a civil engineer and inspect them as soon as the weather is suitable. The city representatives will make a mining expert.

The selected propositions. Three areas of coal lands in the Highwood and two areas near Banhead and Camrose, within three miles of the C.P.R., were selected by the committee for investigation. The Highwood and Livingstone range properties include the Ford mine, the Rodrigue mine, and the DuBocheville claim. The latter is the proprietorship of the late J. M. Rodrigue, a resident of Nanton, a distance of 30 miles.

The Rodrigue claim of 2,550 acres, 2 1/2 miles southwest of Nanton has been valued at \$225,000. The coal product of these two mines is almost exactly similar, according to the analyses submitted. The B. T. U. in each case is 14.7.

The Ford mine of 4,800 acres, well timbered, 59 miles from Calgary, on a level line is quoted at \$400,000. This property includes water falls sufficient to develop hydro-electric power for operation of the mine.

A holding of 6,095 acres near Drumheller is offered at \$500 per acre, by James O'Hara, and two holdings of the Henderson syndicate near Calgary, within three miles of the C.P.R., are offered at \$100,000. The latter two properties are said to contain anthracite, semi-anthracite and lignite coal, for power, cooking and domestic purposes, and to be easily accessible via the Bow River valley from the railway at Camrose.

The city clerk read a list of various other properties tendered to the city, which may be investigated later on.

Some of the Properties. The Superior Coal Co. will sell a developed mine with an output of 200 tons per day for \$400,000. This property is 80 miles south of Calgary. The Elk Summit Co. has put in a tender at \$100,000 for 2,500 acres in Hillcrest.

The Grosbeck property of 6,683 acres in Three Hills, near Red Deer, was rejected by the committee for the present, the surface mines being preferred because of the cheaper cost of operation.

The leader on the McFarlane mine north of Pincher, offered at \$200,000. This also held over for later consideration.

The analysis showed a very high grade coal in almost every instance, the B. T. U. test varied from 12.5 to 15.55.

"I think there will be very little difficulty in securing a desirable deal," said the mayor. "There are at least twenty-five mines available at present, all within easy reach of Calgary. The question is, do the people want a municipal mine?"

Ald. William Ross, chairman of the committee, thought a definite proposition should be put to the people before an expression of opinion was asked.

SPENCER IS LEADING

Medicine Hat, May 16.—With forty boxes counted, yesterday's session of the recount showed that Mayor Spencer had made a big gain, and at the close of the session he was leading Hon. C. R. Mitchell by five majority. There are some 19 boxes to be counted by Judge Carpenter, the majority of them from city polls. The recount will probably be finished tomorrow.

SENATE WILL USE OLD MOTION BY LOUGHEED AGAINST NAVY BILL

Will Insist That Government Submit Question to People Before It Becomes Law

Ottawa, May 16.—The Evening Citizen says: It was stated today in an authoritative circle that when the naval bill reaches the senate, the Liberal majority will move the same amendment as was moved by Senator Lougheed, now government leader in the upper house, to the Laurier naval bill in 1911; namely, that the bill does not become law until submitted to the people for their approval.

Senator Watson objected to the power to appoint special constables being taken from the governor-general in council and given to a single minister as this bill proposed. He said they had a large experience of special constables and preferred special constables in western elections which made them shy. Men had been given badges without being appointed, so do political work and assured of the protection of the Manitoba police department.

CALGARY CADETS ARE BEING ENTERTAINED IN THE EAST

Col. Walker Receives Letter from Military Officer Who Is Giving Them Good Time

Although all the Canadian cadets who are now on their way to England are being well looked after, Claude Watkinson and Dalton McWilliams, the Calgary boys forming part of the contingent, are receiving special attention, according to a letter received here by Lieut. Col. James Walker yesterday. When the boys left Calgary, Col. Walker wrote to Major A. E. Swift, of the permanent forces at Quebec, asking that officer to give the Western youngsters particular attention, and to see that they got all the good things possible out of the trip. That his letter has already borne fruit was apparent yesterday, when he received an acknowledgment of the letter, which stated that the Calgary youngsters were two of the best representatives of Young Canada, and had been given a good time in Quebec, and also on the boat, where they are receiving special attention from Captain Marshall, the officer in charge of the contingent.

During their short stay in Quebec the Calgary boys were entertained by Major Swift, and on the last day of their stay were sent out for a long automobile ride in the company of Dr. Laferty. On this occasion all the points of historic interest in the old city were visited by the young Westerners, who, at the conclusion of the ride, called in person to thank Major Swift and tell him how much they enjoyed their stay in Quebec and the sights they had seen.

"The boys from the West have made a bit with the Easterners, according to the letters I have received," said Col. Walker, who is as proud of the Calgary youngsters as if they were his own. "They are both good representatives of Calgary and Western Canada, and their self-reliance, business and general willingness have made them great favorites with the officers of the contingent and the permanent forces with whom they came in contact. Captain Marshall, in charge of the boys, is a warm personal friend of the boys, and is taking a special interest in the Calgary boys. He is giving them particular attention during the trip, so that they will miss nothing."

Dr. J. W. Richardson left for England on Wednesday evening, and he will spend a couple of years taking post graduate courses at the hospitals of London and Edinburgh.

Only Foreman Wilson appeared at the city hall yesterday. He denied the substance of the charges. Commissioner Graves remarked in the course of conversation on the matter that The Albatross had apparently misconstrued his remarks on the day previous relative to the deterioration of Italian laborers.

PARCELS POST FOR CANADA ANNOUNCED

Ottawa, May 16.—Hon. Mr. Pelletier presented a resolution authorizing the establishment of a parcels post. The bill does not go into details of the system. It declares that a parcels post is established and will be maintained in Canada for the conveyance of all parcels of all kinds, including farm and factory products except such articles as may be excluded by regulations.

No parcels shall exceed 11 pounds in weight or be more than 72 inches in length. All charges to be prepaid and the rates are to be determined by the postmaster-general. Under the authority of the government there will be two supervisors or inspectors.

FAVORITE PASTIME OF ELECTION CROOKS MADE A CRIME

Personation of Dominion Police Will Be Dealt With by Criminal Code, Says Senator Lougheed, Speaking for the Government

SENATOR REFERS TO METHODS IN MANITOBA

Things Have Come to Such a Pass That White Men Will Stand for no More, Is the Emphatic Declaration of Another Western Senator

Ottawa, May 16.—In the senate today, on a motion for the third reading of the bill amending the Dominion police act, Senator Watson offered an amendment providing a penalty for personating a Dominion police officer, as he said had been done by one Marshall Jackson in an election. Mr. Lougheed said that the matter would be dealt with in the criminal code. The government was surprised to learn that there was no such law on the statute books already.

Senator Watson objected to the power to appoint special constables being taken from the governor-general in council and given to a single minister as this bill proposed. He said they had a large experience of special constables and preferred special constables in western elections which made them shy. Men had been given badges without being appointed, so do political work and assured of the protection of the Manitoba police department.

Methods in Manitoba. Senator Davis said that in Manitoba, laborers had been arrested without cause. Constables had been flooded with special constables to intimidate electors. These things had come to such a point that white men would not stand them much longer. The power to appoint special constables was restricted to the governor-general in council there would be more police in authority were left with a single minister. In a few hours he could flood the province with special constables to intimidate the voters.

Hon. Mr. Lougheed said there seemed to be no reason to fear that the minister of justice would tolerate anything. The government was most anxious to have the law very strict against police personation.

Senator Watson said that in one of the Manitoba elections the matter had been taken to such a point that he had handed out to all sorts of characters police badges to enable them to act as constables. These things were instructed to arrest all Liberal workers. When they hesitated to act without proper authority the eminent king's counsel assured them they would be protected by the attorney-general of Manitoba.

Sir Mackenzie Bowell declared that personation of police was a crime, and should be punished by imprisonment. He thought that the government could be trusted in this case.

On the assurance of Hon. Mr. Lougheed that the point would be amended by amendment to the criminal code, the bill was given a third reading.

CITY SOLICITOR WILL EXAMINE CHARGES AGAINST FOREMEN

With Chief of Police May Sift Evidence of Alleged Political Partisanship

At a meeting of the city commissioners yesterday, the charges of the political partisanship of Foreman James Wilson and five other city foremen, made by Mr. Stanley Jones, were considered briefly, and the affidavits were turned over to City Solicitor Ford for investigation. Commissioner Graves suggests that the city solicitor and the chief of police be constituted a court of investigation to hear and sift all the evidence available.

Only Foreman Wilson appeared at the city hall yesterday. He denied the substance of the charges. Commissioner Graves remarked in the course of conversation on the matter that The Albatross had apparently misconstrued his remarks on the day previous relative to the deterioration of Italian laborers.

"My remarks did not apply to Italians any more than to any other nationality represented in the city's service. Neither was it intended as a reflection on the laboring classes, merely meant that some of these men so deteriorate and are found to be poorer workmen after five or six years than in the beginning. Sometimes this is brought about by drink or by various causes. The remark did not apply to a large majority of the men."

New Grain Company. Ottawa, May 16.—The Spencer Grain Company, Ltd., of Winnipeg, has been incorporated with a capital stock of \$140,000. The provincial directors are C. S. Spencer, L. B. Spencer, E. S. Farewell, A. E. Bowles and H. L. Jackson.

IF THE WOMEN OF CALGARY DO NOT SLEEP ON THEIR RIGHTS SEVEN THOUSAND OF THEM MIGHT EXERCISE THEIR FRANCHISE THIS YEAR

King Alfonso's Visit to Paris Explained

Referring to King Alfonso's coming trip to Paris, Comde de Romanones, the Premier, in an interview, recently said: "The king's trip to Paris is the cherished project of my professor, Senor Canalejas, and one of the features of his program on coming to power. The king has long desired a meeting with the French President, once the treaty between France and Spain is signed, as it considered this would crown the diplomatic work and demonstrate Spain's friendship for France, who engaged to contribute to the mission in Africa which the interests of civilization have entrusted to our nation."

CALGARY WILL LEAD WAY IN SOCIAL SERVICE

Lectures Will Be Delivered by Public Men on Social Matters at the University

The social service movement, of which much has been heard during the last few days, is to be yet further advanced in the city of Calgary, and if all things go well, the city will take the lead in the west in this line. The university of Calgary will next winter include in its course a number of lectures by public men on various subjects of public interest in this line. The course, which will be open to the public, will be under the charge of Dr. Ward, who has charge of the modern language department at the college.

A number of local men have already taken a keen interest in the matter, including Professor McDougall and most of the leading clergymen in the city. T. H. Mawson, who is engaged to prepare plans for the city beautiful of Calgary, is also taking an interest in the course. This part of the work will take care of the end which looks to the provision of leaders for the social movement in the city.

The other matter is the provision of places where the work of social service may be carried on. At present most of the churches have the auditorium for worship and the Sunday school rooms. It is now suggested that this latter should be modelled to be used for the work of the social service people, which will be 15 hours of the week, rather than for the school, which is only for one hour.

A further suggestion which is already before the school board is that the school buildings and the school playgrounds should be used for the purpose of the work. Now that Mr. Martin, the director of play for the schools of the city, has been elected, this work is sure to go on with interest.

PAVING TENDERS OPENED; REFERRED FOR TABULATION

The General Contracting Co., of Minneapolis, has submitted the lowest tender for city paving in competition with three local companies. The tenders opened yesterday were as follows: Calgary Paving Co., for streets on North Hill up to 50,000 square yards, asphaltic concrete, per sq. yard, \$2.67; curb and gutter, 72c per lineal foot. Bitulithic and Contracting Co., \$2.00 and \$2.35 per square yard; curb and gutter, 80c.

Crown Paving Co., asphaltic pavement, \$2.45 per square yard without curb tracks; \$2.55 with curb and gutter, \$2.75 with curb and gutter, \$2.85 with curb and gutter, 60c per lineal foot.

The tenders will be tabulated before any recommendation is made.

WHAT THE WEST DID YESTERDAY

VANCOUVER. Imports for year ending March 31, \$4,218,859; exports \$11,077,421. Navigation was opened on Upper Fraser today. \$12 modern steamers connecting Port George with Tete Jaune Cache and eastern Grand Trunk Pacific lines.

British Columbia Electric Co. started work today on a \$40,000 tram station for south link. First train eastward on Canadian Northern, Port Mann to Spuzzan railroad, its miles, was opened yesterday. Lieutenant Governor and Premier among first passengers.

LETHBRIDGE. Joseph P. Tracey, formerly secretary chamber of commerce at Sudaw, Michigan, assumes duties as commissioner of commerce and manufacturers here; salary \$4,000 year; three year contract. Has announced plans to increase production of mines and factories with \$12 electric power. Contract signed to furnish power for flour mill for 10 years; \$12 per horse power annually for 13 day-light hours.

WINNIPEG. For week ending Wednesday, 6,000 ocean settlers reached Winnipeg, of which 3,500 were British.

REGINA. Boy scouts of this city are to be given use of vacant lots for garden purposes.

CALGARY. Retail Merchants' association endorses proposition made by United Farmers to supply eggs in sealed cases direct from farmer to retailer. A two foot seam of coal was discovered under city when making soundings for bridge foundation. A bylaw is to be submitted providing \$250,000 for building to house small industries.

CONSERVATIVE ORGANIZER SUED BY FOREIGN WORKER

Edmonton, May 16.—A sensational echo of the provincial bye-election in Regina in May, 1913, was heard in the supreme court yesterday, when Harry Lehle, a German, sued Frank Christie, organizer for the Conservative party, for \$644, which he alleges was due him for services rendered in the bye-elections in question. The action was dismissed.

Unsanitary Grocery. It was not the Corner Grocery, Third street east, of which William Maitland is proprietor, that the health authorities found in an unsanitary condition, but as The Albatross plainly stated yesterday morning, the grocery at the corner of Fourth street east and Seventh avenue.

J. S. Dennis, assistant to the vice president of the C.P.R., left yesterday for the coast where he will be for a few days.

QUICK ACTION NECESSARY

The women of Calgary take immediate action, it is possible to increase the number of women voters to 6,000 or 7,000 this year. The voters' list is being compiled in the city clerk's office, for issuance in August or early in September, and all persons whose names are on the assessment roll when the court of revision concludes its final sitting, will be entitled to vote.

The court of revision has not yet been convened for the final meeting, and it is possible that Alderman Tregillus, chairman of the court, may be induced to postpone the final sitting for a few days, at the request of any strong, representative body of women.

"The women should get together at once," advised Ald. William Ross yesterday. "There is no reason why the voting strength of the women should not be increased from 1,600 to 6,000. Fully that number of women are eligible to vote under the present charter."

A number of the aldermen are very much in favor of the widest possible municipal franchise for women. Ald. Wm. Ross, Ald. George Ross, Ald. Freeze, Ald. Tregillus, Ald. Frost, Ald. Costello, Ald. Garden, Ald. Carson, Ald. Adshhead and Ald. Crichton, the mayor and commissioners are likely to support any concerted effort by the women to increase their influence.

"Six thousand women's votes would practically mean that the women could carry anything and everything they desired in Calgary. Conditions of Eligibility. Ald. William Ross points out that under the present charter every person, male or female, who is assessed as the owner of property in Calgary or as tenant of property to the assessed value of \$400, or as a tenant of any portion or share of property, which portion or share is sufficient to give each tenant a rating of \$400 may vote at the municipal elections.

This means, says Ald. Ross, that a wife may be assessed as tenant of the property owned by her husband, on which she lives; or as joint tenant of the property leased or rented by her husband provided its value is \$800 or more; while every woman who owns and is assessed for property or who rents property in her own name is entitled to a vote. Boarders and lodgers are excepted unless the property occupied is of sufficient value to give each boarder or lodger a \$400 rating, when they become virtually tenants.

Assessment List Closes Soon. Where women eligible to vote are not on the assessment roll and desire to become enfranchised it is necessary to appeal to the assessor for the necessary change of assessment. This must be done within a few days, the aldermen advise, as the assessment roll must be closed very shortly, in order to establish the mill rate of taxes for the year.

Examination of the assessment roll reveals the fact that very few women have availed themselves of the privilege which Ald. Ross declares is theirs under the present charter.

FISCAL AGENT WAKES UP; FINANCES EASIER; 1,000 MEN TO BE PUT TO WORK

THE completion of negotiations with the Bank of Montreal is in sight, and if the money is forthcoming by Monday, the city will put about one thousand men at work on various public improvements which have been delayed owing to lack of funds.

Ald. William Ross and Ald. Freeze expressed the opinion in council yesterday that this will relieve local business conditions along every line.

"Employment for one thousand men will mean a general loosening up," said Ald. William Ross.

The amount of money expected is \$2,000,000. Although this is a comparatively small amount, the commissioners think it will be sufficient to begin the work provided for in the estimates.

A special meeting of the city council was held yesterday afternoon to validate the negotiations of the finance committee with the city's fiscal agents—the Bank of Montreal. The deal has been pending sometime, but as a result of the council's action yesterday, it is likely that the bank will be able to advance the money at once, to enable the city to go ahead with the season's work.

The bank's communication to the city council was private, but it is understood that an important announcement affecting the sale of city securities will be made very shortly.

ANOTHER CONCERN TO MILITARY MEN TO GET MORE PAY FOR THE CAVALRY MOUNTS

Herron Oil and Natural Gas Company Organized—Will Commence Work at Once

With a capitalization of \$75,000, divided into shares of \$50 each, and with five sections of oil lands held by the company, totalling in all 3,200 acres, the Herron Oil & Natural Gas Co., Ltd., composed of local capitalists and S. W. Carroll, a Californian oil expert, was incorporated yesterday.

The local men interested in the new company are James E. Herron of the Calgary and Western Lumber company of this city, and his brother, M. Wilson Herron. The Herrons are brothers of the men who are at the head of the Calgary Petroleum Products Co., Ltd., which company also has large holdings in the Okotoks field.

"We are making arrangements for the immediate development of our property," stated Mr. Carroll yesterday, "and expect to get our drillers at work within the next thirty days. Already we have several oil seepages (Continued on Page 11).

DRILL FOR OIL IN OKOTOKS FIELD

As the result of the agitation made by western officers at the meeting of the Canadian Cavalry association early in the year, the allowance for horses used in cavalry, artillery, army service and other corps in the military encampments this year has been raised to \$125 per day.

In the past the allowance has been \$100 per day, but at the meeting of the cavalrymen in Ottawa it was pointed out that it was impossible to get the right kind of horses for this amount, and a resolution was passed asking the government to make the allowance \$150 per day. Although not acceding to this demand the government raised the allowance 25 cents per day, and this amount will be allowed for horses in all military camps this year.

Another feature will be the insuring of horses. Owners of horses sent to the camps can insure them for 85 cents per \$100 for cavalry horses, and \$1 per \$100 for artillery horses.

SYMPHONY ORCHESTRA SUCCESS IS ASSURED

Subscriptions Already Received Are Sufficient to Assure Success of Proposition for Twelve Concerts During Next Winter

LOCAL MUSICIANS LEND SUPPORT TO MOVEMENT

There Will Be Six Evening Concerts and Six Matinees.—World Famed Stars Are Expected to Appear as Additional Attractions

Interest is growing in the projected Calgary Symphony Orchestra, and much of the advance work which has been done during the last few weeks has revealed an enthusiasm for the movement which is fast becoming the fondest hope of those who put forward the project. In point of fact the success of the movement is assured, and those who are behind the scheme are going forward with renewed vigor knowing that they have the full and hearty support of the people of the city.

Max Well, who will be the first conductor, will leave for the east on Tuesday to make a number of arrangements for the programme of the concerts for the coming winter. There will be in all six evening concerts, starting on the first Monday in November, if the present arrangement is carried out, and there will be following, at intervals of a fortnight on the evening concerts, matinee performances for the children and ladies of the city who take a deep interest in musical.

Specialists Engaged.—While in the east Mr. Well will engage a number of expert musicians who will be the leaders of the orchestra, and it is expected that six of them will be required, and all of them will be men of the highest credentials and experience in the musical world. It is hoped to make up the remainder of the orchestra from local talent, partly amateur and partly professional. The members of the local union have gladly fallen into line in the movement, and are giving their hearty support to make the affair a success, feeling that it is in the best interests of the people of Calgary to foster the artistic temperament in the matter of music.

Mr. Well will also make special arrangements while in the east to have some special features for some of the concerts, so that besides hearing the orchestra, which they may claim as their own, the people of Calgary will have the opportunity of hearing some of the great singers and musicians of the world at the same time. This will add variety to the concerts, and will throw an additional interest in the work of the orchestra.

Great interest is being taken by the people of Calgary in the project, and if enthusiasm counts for anything, the affair will be a great success. W. B. Sherman, the local theatre manager, is taking a keen interest, and is planning to give the series of concerts every attention, and he will make sure that the best and most suitable dates are given for the work of the orchestra.

The music to be given at the concerts will be of the highest quality, and Mr. Well, while in Chicago and New York, will give attention to that matter. There will be, of course, the usual classics, and to these will be added the spice of the modern.

F. S. Dennis, of the C. P. R., who has consented to become honorary president of the association, has said that he has no dearer wish than to see such a movement flourish in Calgary. He feels that nothing better could be done for the uplifting and elevation of the tone of the city than the promotion of this symphony orchestra.

Ladies are not wanting in their support, and already an auxiliary is being formed with a view to seeing that the orchestra is a success. On Monday afternoon there will be held a joint meeting of ladies of every class and station who are ready to co-operate with the promoters of the scheme to make it a success. These ladies will form a committee of their own to give the orchestra their aid in every way, and there will be present at the meeting representatives of the various women's clubs and organizations in the city.

The project has already gained much attention in the city, and the concert will be on a subscription basis. Already half the sum which is required to make the affair a success has been subscribed, and indications are that the remainder will be forthcoming without any difficulty.

The orchestra will consist of about forty players. There will be a number of local amateurs in the number—people who are tried and known as efficient players. At some of the concerts, when some star of the musical world is not present to give an added flavor to the concert, the same will be accomplished by the work of local singers and players.

It is hoped that in addition to the twelve concerts to be given in Calgary, the orchestra will go for two short tours, visiting Edmonton, Saskatoon, Regina, Moose Jaw and Medicine Hat. This will give the much-desired publicity to Calgary, and the orchestra will be something of which to be justly proud.

TOO LATE TO CLASSIFY.

FOR SALE—320 acres of first-class farm land; all in one block. This is a splendid tract for grain growing or milk farming; the surrounding district is well settled, and it is only a few miles from a good market, good roads and a growing town. Some of the best in Alberta for raising grain crops. There are several running springs and abundance of soft water. The property is level to slightly rolling; no stone, chocolate loam soil, nearly all arable with a steam plow; no brush, and will be found as we represent. This land is open and can be had on easy terms with light interest. We will sell this in one block or small parcels. Interested buyers write for further particulars or call and see Arthur Mitchell & Co., Vulcan, Alta. M69-129

UNTRUTHS CIRCULATED ABOUT STREETS OF CALGARY

Much Publicity Given to Statements Appearing in Local Paper About Dry Sweeping, Comm'r. Samis Protests Untruths

DID NOT ADVOCATE DRY SWEEPING OF STREETS

Calgary Streets Are Sprinkled Before Being Swept; Flushing Was Stopped Owing to the Great Expense and Damage Done to Sewers

Commissioner Samis is very resentful of the wide publicity given to a statement appearing in a local evening paper that he had refused to heed the warning of the medical health officer against dry sweeping of the streets. Along dispatch appeared recently in the Vancouver Sun, elaborating this news, and advertising Calgary as a very unclean city. When the clipping was handed to Commissioner Samis by his secretary he was very resentful. "This was wired to Vancouver from

the office of The Calgary Herald," said Commissioner Samis to Commissioner Graves and Alderman Garza, who happened to be present. "What do you think of that? Aside from the fact that it gives this city very undesirable publicity, it is untrue. The commissioners never advocated the dry sweeping of the streets. There is no reason why all the streets should not be sprinkled before being swept, and the commissioners never gave any other instructions."

"I did oppose the flushing of the streets before they were swept, but we expect the street cleaning department to see that they are sprinkled," he said. "Flushing of pavements before sweeping was prohibited for the reason that it was costing us about \$10,000 a year more than it should to clean our sewers. If the fine gravel and sand accumulating on the pavements is flushed into the sewers, it simply ruins the sewers. Such wear and tear would very shortly ruin the sewer system in this city."

"We are spending a lot of money for clean streets," continued Commissioner Graves, "and there are few cities in the country with cleaner pavements than ours, although we have much more to contend with in wind and dust."

"This was wired to Vancouver from

the office of The Calgary Herald," said Commissioner Samis to Commissioner Graves and Alderman Garza, who happened to be present.

"What do you think of that? Aside from the fact that it gives this city very undesirable publicity, it is untrue. The commissioners never advocated the dry sweeping of the streets. There is no reason why all the streets should not be sprinkled before being swept, and the commissioners never gave any other instructions."

"I did oppose the flushing of the streets before they were swept, but we expect the street cleaning department to see that they are sprinkled," he said.

"Flushing of pavements before sweeping was prohibited for the reason that it was costing us about \$10,000 a year more than it should to clean our sewers. If the fine gravel and sand accumulating on the pavements is flushed into the sewers, it simply ruins the sewers. Such wear and tear would very shortly ruin the sewer system in this city."

"We are spending a lot of money for clean streets," continued Commissioner Graves, "and there are few cities in the country with cleaner pavements than ours, although we have much more to contend with in wind and dust."

Commissioner Samis is very resentful of the wide publicity given to a statement appearing in a local evening paper that he had refused to heed the warning of the medical health officer against dry sweeping of the streets.

Along dispatch appeared recently in the Vancouver Sun, elaborating this news, and advertising Calgary as a very unclean city. When the clipping was handed to Commissioner Samis by his secretary he was very resentful.

"This was wired to Vancouver from

Scene in Newspaper Office

City Editor, breathless, to "Cub" Reporter—"Hey, you; take your feet off that desk and jump down to the Calgaria Cafeteria, 215 Eighth avenue west—big story—police reserve called out to keep people in line; stampede to get its good food and hear the new orchestra; hurry up, take photographer and get picture—git!"

To Limit Beef Exportation.

Buenos Ayres, May 15.—The minister of agriculture conferred yesterday with President Saenz Pena on the subject of the American beef trust. It is believed in official quarters that the government will fix upon a minimum of cattle to be killed for exportation, applying to the remainder a prohibitive tax.

MASON & RISCH PIANOS

"From Factory to Home" 17 Western Branch Stores

We have never claimed to have the "biggest" factory. We do claim to have one of the most complete factories. It is a big factory and growing bigger each year. We claim simply that it is adequate to make Mason & Risch Pianos—and make them RIGHT. For our policy is not "how MANY," but "how GOOD."

Mason & Risch, Limited
507 Eighth Avenue West. Calgary.

MEDICINE HAT ELECTIONS

There is much misrepresentation of a remark made in the finding of Judge Carpenter in the trial of the returning officer at Medicine Hat. It is being published that he said that a ballot had been changed but that there was no evidence to show that the returning officer was guilty of such action. Judge Carpenter made no such statement! Here is what he actually said:

"It seems to me that if I were to take for granted, and I will assume for the sake of argument, that the ballot was, as stated in the evidence."

That is very different from the statement which was circulated in the press, and which is being used as direct evidence that there was something absolutely wrong in the election in that riding.

STREET RAILWAY MANAGEMENT

In support of the proposal to hand over the street railway franchise of Medicine Hat to a private corporation, the Medicine Hat newspaper supporting the proposition says the success of the Calgary street railway is due to good management. That is right. But this is the first time in history that any Medicine Hat paper ever suggested that Medicine Hat cannot manage successfully what Calgary has managed successfully. And in this instance Medicine Hat is showing altogether too much temerity. The Calgary street railway is under the management of human beings. Medicine Hat street railway would be under the management of human beings.

The idea that a city cannot find competent men to manage public utilities has been exploded many times during the last ten years. Medicine Hat can have as efficient management as Calgary and can profit by our experience and avoid some of our mistakes.

The Calgary street railway has been administered more successfully than most people think. In addition to the monthly surpluses that have been announced twelve times every year since the beginning of the railway, the system has earned for Calgary real estate in the form of parks donated to the city, property worth at least a quarter of a million dollars.

A private owned system in a city like Medicine Hat, would meet practically all the initial expenses in its real estate trading. But Calgary has shown that there is no reason why a city should not, to a reasonable extent, take advantage of the increased values which the extension of a utility creates. That is an additional reason why a progressive city like Medicine Hat should keep a firm hold upon all its franchises.

LLOYD GEORGE FINANCE

Some features of the British budget for the current financial year deserve attention on account of their bearing on present conditions in the United Kingdom. The estimated expenditure is close on the \$1,000,000,000 mark, an amount which, a quarter of a century ago, would have been regarded as beyond the power of the country to carry. Fifty years ago the annual expenditure represented about \$12.50 a head of the population; it is now equal to \$21.50 a head of the greatly increased population. For that increase the cost of armaments is in part responsible. Half a century ago it stood at roundly \$40,000,000; now it means \$370,000,000, an advance of no less than \$230,000,000, and the end is not yet. It is little wonder that Mr. Winston Churchill referred to the inordinate armaments which are now exhausting the European nations as pitiful folly, and urged that a concerted effort should be made to arrest or modify the mad competition, which ends in no real gain to the relative position of any of the competing powers.

Other large increases in expenditures arise from the \$100,000,000 given to education, \$55,000,000 in local grants and another \$100,000,000 in pensions and insurance. In these channels alone the British government is contributing over \$250,000,000 a year towards the moral, intellectual and physical well-being of the people. This has been done, too, while steadily reducing the national debt. Since entering upon office the present administration has reduced the debt by over \$500,000,000, the annual interest today being \$13,000,000 less in conse-

quence. When Mr. Lloyd George introduced the famous budget which the house of lords refused to sanction, thus committing political hari-kari, he estimated the additional revenue to be raised at about \$113,000,000. It has produced \$16,500,000 or more without reckoning the additional \$10,000,000 derived from the increased duty on a smaller consumption of whiskey. In other respects the difficulties prophesied by the opponents of that budget have not materialized. Out of 38,000 estates in land dealt with only 19 were submitted to a referee and in not one case was there an appeal to the courts.

Editorial Notes

The manufacturers see the wave on the way and the president of the association tariff in addressing the members declared that the manufacturers should organize to meet it. He referred to the downfall of Dingleyism across the line and the growing demand for an increase in the British preference and a reduction in the tariff against the United States. The movement is under way.

The joke is now upon our esteemed townsman, Senator James Lougheed. It seems that he as leader of the senate in 1911 met the Laurier naval policy with an amendment that the whole scheme before becoming law should be submitted to the people and he supported the motion with one of his justly celebrated speeches. Now the Liberals in the senate who are in opposition and also in the majority are preparing to meet the Laurier naval bill with an amendment word for word the same as that introduced by Senator Lougheed.

According to our reading of the calendar another day has passed and yet Premier Borden has not kept the promise he made almost two years ago to transfer the public lands to the province as soon as he had an opportunity.

To some people this alleged Tammanyism at the city hall is a sort of a justifiable jest. With a street railway that must be managed with the greatest economy to be a paying venture and other utilities that must be administered in a businesslike manner, the introduction of the spoils system would be calamitous.

There is no need of being hostile because some eastern Canadian manufacturers are enterprising enough to send a train through this country to show us just what they have. We recognize that it is an advertising scheme, but it is a very good one. Some day we shall have a good advertising scheme and hope that no small easterners will mock it. We are not because we are attempting to show what we are and what we have and what we can do. We would like it much better if these eastern manufacturers would locate branch factories out here or let us have some kind of a tariff that suits this country, but after a few more trips they may learn.

There is something worse than a tariff upon goods coming into this country and that is a regulation which permits some person to practically prohibit importation in the name of some law or other.

Aldermen who do as much work for the city as the Calgary aldermen should be paid. We have an idea that they spend too much time and do much work that should fall upon the commissioners. Either the work of the commissioners should be extended or the council reduced in size to about six or seven and the members paid a sort of a salary. In this democratic country we do not want men to work for the public without paying the motor it.

A Medicine Hat paper intimates that our utilities are saved from disaster merely by good management, which is more competent to manage such institutions than other Alberta cities, though somewhat flattering, particularly when coming from Medicine Hat, is not quite correct.

The government has made a good move in introducing the article Post. The idea is correct, but the public will be unable to thoroughly judge it until the postmaster-general furnishes the details of it.

STRENGTH FOR WEAK STOMACH
An Only Be Had Through Rich Red Blood

When the blood is poor and thin and the stomach is congested is imperfectly supplied with oxidized blood and nerve force, the digestive process becomes slow and fermentation of the food goes on, with the formation of gas and certain acids. The pressure of the gas causes pain in the stomach; sometimes it affects the heart. When the gas is belched out through the mouth the patient is temporarily relieved, the sour risings in the throat, and the burning sensations in the throat and stomach are caused by the acid fermentations. There are plenty of things to neutralize these acids, or to "sweeten the stomach" as it is called, but they do not cure the trouble. Pure, rich blood which will tone up the stomach and enable it to do the work nature intended it to do, is the only road to a cure. Dr. Williams' Pink Pills make new, rich, red blood—that is why they cure even the most obstinate cases of indigestion. The following is a bit of proof. Miss Minnie Greene, of Hall's Bridge, Ont., says: "About year ago I was greatly troubled with my stomach. Everything I ate caused me pain and distress. I would feel as though I was starved, but when meal time came the sight of food caused a feeling of loathing. There were days when I could not even hold milk on my stomach, and my head would ache, so that I could hardly keep from screaming. Only those who have suffered from stomach trouble know the torture I suffered. I tried almost every remedy recommended, but found not the least good health and able to eat freely kinds of food."

There is no reason at all for the continuation of the ward system. It is responsible for many of the ills of municipal government. It has been abandoned by most progressive cities. It provides a city with a council in which small men predominate, who could not be elected if the entire city voted.

The council has an opportunity now of making an important reform in the management of the city. The really big men in the council should assert themselves and see that the change is made.

HUDSONS BAY COMPANY

Point to This Suit Sale at \$19.00

As the Big Value Event of the Season
REGULAR \$25.00 to \$45.00 MODELS

WE HAVE gathered into one clearance lot 56 of the most attractive suits of this season's styles, besides the most practical plain tailored models designed for this season's wear. It's an occasion that Calgary ladies can point to as the big value-event of the season, for we have never offered suits the equal of these for anything like the money.

The variety of styles is an important feature and one that will add immeasurably to this store's already great prestige as leaders in more ways than one.

They come in splendid materials of French Whipcords, in navy blue, grays, mole; Stripe Worsted Serges in gray and fawns; Diagonal Tweeds and Fancy Mixed Tweeds, in Norfolk styles; Fancy Mixed Tweeds, in plain tailored styles; Brown Cheviot Serges; Brown Check Tweed, Norfolk styles; Fancy Worsted Tweeds in grays only; Heather Mixed Tweeds; Navy Corduroy Velvet and a few Navy Blue and Black Serges. Both misses' and women's sizes. Regular \$25.00 to \$45.00. Today..... \$19.00

Pretty Cloth Dresses In a Sale at \$8.95

WE PRESUME the only trouble will be in the quantity, for we don't think there'll be enough to go around—only twenty-five in the lot altogether. And such charming little dresses that ladies will fall in love with them at first sight. They are most becoming and beautiful in their quiet simplicity.

There are navy blue, Copenhagen, grey, tan, brown, fawn, and garnet serges; some with Persian silk collars and cuffs; others with slight trimming of Oriental colors, and a few trimmed with flat silk braid or with silk embroidery in self colors. Both misses' and women's sizes. Regular values from \$10.00 to \$26.00. Saturday..... \$8.95

These New Tailored Shirt Waists --- Big Value at \$1.00

And once ladies get a peep at them they will immediately proclaim them worth about as much again. As a matter of fact they are worth more, but through a fortunate trade incident we have been able to mark them at the popular price of one dollar.

Smart, manish, well tailored shirtwaists of fine finish percale, in black and white, blue and white, mauve and white and other color stripes. Well made with negligee collar and cuffs as well as laundered collar and cuffs. Carefully finished; all sizes. Special value..... \$1.00

WHO IS A RANCHER?
HARD QUESTION
FOR COMMONS

Members of Parliament Unable
to Arrive at a Satisfactory
Definition of Word; Members
Say Mixed Farmer Is Being
Discriminated Against

BANK ACT NOW BEFORE
THE HOUSE OF COMMONS

Better Pay for Bank Clerks
Also Under Discussion; Some
Members Maintain That
Bank Clerks Are Sufficiently
Paid

Ottawa, Ont., May 18.—The house
of commons today spent the afternoon and evening con-
sidering the bank act, and the members were unable to
arrive at a satisfactory definition of the word "rancher,"
which is one of the most contentious and a few of
all the non-contentious and a few of
the contentious clauses were passed
by the majority, however, stand over for
later consideration.

The principal discussion occurred on
the clause authorizing loans on grain
and ranchers' cattle. Many members,
particularly those from the West,
thought that the mixed farmer was
being discriminated against.

The clause defining the word "ranch-
er" was also under discussion. The
definition proposed was that a rancher
is one who has a large tract of land
and who raises stock on it. The
members were unable to agree on
this definition, and the clause was
passed by a majority of 10.

The question of the salaries paid to
bank clerks was also raised. Several
members thought that the clerks were
not properly paid. Other members took a
contrary view.

The minister of finance seemed in-
clined to think that the lower grade
clerks should get more money. The
house was adjourned for the evening.

On the adjournment, Hon. Robert
Bourke, who was in charge of the
house, said that it was satisfactory to
the opposition the budget debate would
be commenced on Monday.

Sir Wilfrid Laurier suggested that
as the attendance would be slim, it
would be better to make it a special
session. He was agreed that supply and
minor amendments will be the
order of business on Monday.

Changes in Bank Act
Hon. Mr. White stated that the bank
act had not been substantially modified
from the form in which it was
introduced in the house. The chief
changes made were in the definition
of "rancher" and in the provision
for the further provision that
auditors be selected from a list of forty
named and selected by the general
meeting of the chartered banks sub-
ject to veto by the minister. The
auditors will select their auditors
from the list.

Further provision had been made
in the register of liens which the new
act requires banks to take on through
of grain and on cattle.

The bill had been made in the
clauses relating rates of in-
terest and the rates of exchange and
other changes.

Provision had been made under
which the treasury board was to pro-
vide regulations for the sterilization
of bank notes.

Scrapards had been provided over
the period between the incorporation
of a bank and the issue of the treasury
certificates.

Provision had been made by which
local officials would be liable for any
corruption in making loans.

Does Not Include Hogs
Several members objected to the
fact that the term "cattle" upon which
banks could make loans did not in-
clude hogs. The minister explained
that this clause of the bill had been
added particularly for Western ranch-
ers and was not meant to be extended
to farmers generally. He said he
would not like to see the banks en-
ter into the chattel mortgage busi-
ness.

Hon. Frank Oliver said that the
thing of hogs was a big industry in
the part of the west and the packing
plants had been built up as a result.
Western farmers were always being
told to go into mixed farming, they
But there were the very ones that would
lose by this clause. There was no ex-
ception drawn between large and small
what growers, he said, and he did
not see why there should be any ex-
ception between men who raised cattle
and men who raised hogs.

The minister suggested that the
discussion might be deferred until clause
eighty-eight of the bill is taken up. If,
he mentioned it was found possible
to surrender the word "rancher"
Mr. Oliver's suggestion could be
adopted. The difficulty is, the minister
said, that it has been almost impossible
to define such words as "wholesale,"
"retailer," etc. The clause was allow-
ed to stand over.

The first thirty clauses of the bill
were not brought in quick order and
were not generally. He said he had
no objection made by Mr. Carvell
to the clause which allows a bank to loan
on its own stock. It was a right which
was not given in the ordinary public
Mr. Emerson also thought the clause
should be struck out. The minister
said that he had an open mind on the
subject and at his suggestion the clause
was held over for further consideration.

Better Pay for Employees
There was an interesting little discus-
sion raised by a question of Mr. Mac-
donald (Prince Albert) as to whether any
had been done with regard to
the salaries paid to employees of the
banks.

Hon. Mr. White said that this was a
difficult matter to include in the bank
act. His experience was that the em-
ployees were not paid very well out-
side of the head office. The principal
and see that there was an improve-
ment.

Mr. Oliver said that the fact that
the banks were bringing in clerks from
Britain showed that they were not
being enough in this country to attract
Canadian.

Mr. Carvell thought the bank clerks
were not paid well enough.

IN OUR ADVERTISING WE HAVE FREQUENTLY TOLD YOU
WHAT HOOD'S SARSAPARILLA IS MADE OF AND THE AIL-
MENTS IT HAS BEEN CURING FOR MORE THAN A THIRD
OF A CENTURY. BELOW WE GIVE A LETTER TELLING
PARTICULARS OF ONE OF THE MANY CURES IT HAS EF-
FECTED, AND WE LEAVE IT FOR YOU TO SAY HOW MANY
AND HOW STRONG ADJECTIVES WE MIGHT TRUTHFULLY
USE IN INTRODUCING A LETTER OF THIS CHARACTER.

C. I. HOOD CO., LOWELL, MASS.
"208 Upper Front St.,
"Exeter, N. H., May 27, 1912.
"Gentlemen:—It is with the sincere
purpose of benefiting others I write
what Hood's Sarsaparilla did for me.
"Upon getting up one morning I found
what seemed to be a mosquito bite
on the calf of my right leg. Soon the
eruption grew larger and continued
day after day, becoming more and
more troublesome. The physician ad-
vised poulticing, and I soon found I
had a running sore. It ate steadily
into the flesh, discharged freely, and
grew worse. Another physician told
me to use a rubber bandage, but the
sore grew worse until
"General Health Perfect.
I am able to work every day, weigh 175
pounds, my leg never gives me any
trouble, and I use it the same as the
other. I believe it my duty to tell what
Hood's Sarsaparilla did for me, and I
write it to all my friends." Mrs.
Josephine Sargent.

Hood's Sarsaparilla

Having cured such a tenacious case of scrofulous impurity as that described
above—and it has cured many other cases—is certainly to be relied upon for
all troubles caused or promoted by impure or low state of the blood.

would get along all right if they could
get the idea out of their heads that
they were supposed to be the social
leaders.

Hon. Mr. Lemieux said that his ex-
perience as crown prosecutor in Mon-
treal was that the broker shops and
the brokers were the places where
bank clerks went wrong. He thought
the minister of justice should
see that there was some restriction
placed on the operation of these places.

When the house resumed consideration
of the bank act that farmers should
quit consistent with the principles of
the bank act that farmers should
quit consistent with their threshed grain
in granaries. Farmers would be saved
time if they were not compelled to haul
their grain to inconvenient seasons.

Hon. Mr. White said that the banking
and commerce committee had held that
liens should be registered through the
bank act, but he was not convinced on
that point himself.

Banks should have the right, he said,
to take liens on cattle and the section
had been put in the act to make the
right clear. It had been in principle
to register the act for forty years that banks
should look rather to personal security
in the case of the farmer or the
rancher, but the case was different with
the banker. It would be unfortunate
if the banks really became
chattel mortgages of the personal
property of farmers. The provision
had been to have liens made on a short
time promissory note.

Definition of Rancher.
Mr. Sinclair (Gustafson), thought that
there should be some definition of
"rancher" in the bill, but E. R. Bennett
("Albany") did not believe the word
susceptible to exact statutory defini-
tion in the present case. The proposed
action should be amended, he said, so
as to make it permissible for banks to lend
money to ranchers or farmers on the
security of cattle, because of the im-
possibility of fully defining ranchers on
the bill.

Sir Wilfrid Laurier thought matters
would be complicated by Mr. Bennett's
suggestion. It would bring confusion as
to the distinction of meaning between
the two words.

Mr. Bennett, however, did not vote
the word "rancher," comprehensive
enough and he went on to say that he
himself did not believe the provision as
to registration would be useful.

After some discussion the clause stood
over. The house rose at 1:15.

The delicious quality of "Salada"
tea has been maintained for twenty-
one years, notwithstanding the fact
that there have been over a hundred
imitating packets which have come
and gone, and all of which have shown
the dealer a larger profit. Not one of
them has given the same satisfaction
to the consumer. You owe it to your-
self and to good service generally, to
see that another packet tea is not
foisted on you when your order

BRONKS PROVE THEMSELVES THE ORIGINAL REFRIGERATOR BASEBALL ARTISTS

Grab Eight to One Contest from Regina Red Sox While Faithful Fans Shivered—Wainwright Given Good Support—Two Games Today Finish Regina Series

The Regina Red Sox will have to play better inside baseball than they did last night if they expect to get a very large percentage of wins from the Calgary Bronchos during the course of the season. Last night they had the better of the mound work, but used rank judgment and gave their twirler man very woefully support although the box score does not show up the defects in as bad a light as might be. True, the grounds were in no fit condition for fast, snappy baseball and the players must have suffered from the cold bleak wind which howled across the diamond, but in spite of all this the local representatives outplayed their guests at every turn and by the very lopsided score of 8 to 1.

This cold threatening weather kept the attendance down to about fifty faithful fans. The sky was overhung with dark clouds and in the sixth inning the rain began to fall which necessitatedumps Mackin calling the game.

This final round was the fattest one for the locals. Four rounds were scored, and the feat of Daddy Strub was largely to blame for the quantity. Daddy got a hit on both of his previous trips to the plate. There were two men on and two men out when Julie went to the plate. "Pass him and get the hit," shouted Pap Davidson who well knew Julie's ability as a pinch hitter. Julie was given a transportation to first which congested the sacks.

Then Wainwright came up. Now Wainwright never was nor never will be a Ty Cobb. It looked like a pretty safe bet. Wainwright swung at two wide ones and Hargreaves chuckled up his sleeve; so did Pap Davidson, his spiritual adviser. In order to hasten the finish Hargreaves grooved the next one, and lo and behold! Wainwright shut his eyes and lifted the sphere over third base. It wasn't a very mighty effort, but it brought home two runs. Then Larry Piper came up and cleaned the sacks with a stinging three

NO CHURCH CHAMPIONS

Echoes of the hockey season were heard around the Y. M. C. A. last night when the Church League met to decide the championship. The ice had vanished before the league could finish the season and it was left to the executive to decide. With the wisdom of Solomon they decided to leave it to a board of arbitration, and selected Messrs. Ballantyne, Sharpe and Dawson of the Y. M. C. A. as the judges. They, in turn, after hearing both sides of the case, gave a decision that the league should remain unfinished owing to the indefiniteness of the league's rules.

Old Country Cricket London, May 16.—At the close of today's play Northampton's second innings with Surrey had added 202 to the score, including Seymour's 56 and Wesley's 28, while Cambridge, playing Sussex, scored 457 in the second. Calthorpe scored 81 and Franklin 68 not out. Baker scored 28.

Lancashire's second innings in the game against Nottinghamshire saw a score of 101 all out, Tyldesley scoring 28. In Hampshire's second innings against Derbyshire, Stone and Bennett scored 32 each out of the all out total of 158, while Warwick, playing Leicester, scored 313 for six wickets in the second. Quiffie passing the century mark with 118 not out; Parsons 48, Smith 42.

Yorkshire-Gloucester game, the former team had 286 runs for four wickets to their credit. NO HIT, NO RUN GAME AT MEDICINE HAT

Northrup Twirled Wonderful Game for Moose Jaw—Score Was 2 to 0

Medicine Hat, May 16.—Medicine Hat dropped a good game of ball to Moose Jaw today being shut out by Northrup, who did not allow the Hatters a hit. It was the best brand of ball seen on the local grounds this season and was wonderful considering the cold weather.

In the first and third innings Northrup was bad and in both cases had two men on bases but was given excellent support. Brown pitched fine ball, he walked one in the second and a long single by Weed scored the first run. In the eighth they found him for three, scoring the other run.

PLOWMEN WON GAME

The third game of the Mercantile Baseball league was played at Mewata Park last night between the Scotland Woolen Mills and John Deere Plow company, the latter winning by a score of 7 to 3.

ESKIMOS GAVE DICKIE VERY RANK SUPPORT

Saskatoon Quakers Took Advantage of Seven Errors and Walloped Northerners

Edmonton, May 16.—Saskatoon took the opening game of the series here tonight from the locals by a score of 11 to 3. Dickenson did not twirl such poor ball to the score would indicate. He fanned six and most of the visitors were due to the seven errors made behind him. Over 1800 fans turned out to see the Quakers perform and the verdict is that they are the strongest team seen here to date. Manning was hit hard but was strong in the pinches. The batting and base running of Rube Mills featured the Empire McDonald had a bad day, calling down the wrath of the players.

PUBLIC SCHOOL LEAGUE

Last night's public school baseball games resulted in two wins for Haultain and one for Central. Haultain "D" team took the Mount Royals into camp on the Royal's diamond. The Haultain team lined up: Taylor, Gainer, Emery, Malhot, Golding, Watson, Pottery, Amery. In "C" class, Haultain pulled off a win over the Connaught team on the former's grounds after a nip and tuck encounter. The score was 6-3 at the finish. Haultain team was Spear, Craig, Fiddler, Johnson, Harley, Sinclair, McDonough, Snyder, Kennedy. Central "D" played Connaught at home, and captured an excellent hour victory by the close score of 12-7. Central line-up: Johnson, McDougall, Fekhart, Barnes, Andrews, Palmer, Miller, Thompson.

NORTHROP, OF THE JAWS, MADE GREAT RECORD

Pitched No Run, No Hit Game Against Mad Hatters Yesterday

Medicine Hat, May 16.—Medicine Hat dropped a good game of ball to Moose Jaw today, being shut out by Northrup, who did not allow the Hatters a hit. It was the best brand of ball seen on the local ground this season, and was wonderful, considering the cold weather.

In the first and third innings Northrup was bad, and in both cases had two men on bases, but was given excellent support. Brown pitched fine ball. He walked one in the second, and a long single by Weed scored the first run. In the eighth they found him for three, scoring the other run.

New York, May 16.—Jas. O'Sullivan, secretary of the Amateur Athletic Union, announced yesterday that the United States would send an athletic team to the Olympic games to be held at Athens, Greece, during the spring of 1915. This team belongs to the "open cycle" of Olympic games, and can be held only in Greece. It has no bearing on the "international cycle" of meets, the next of which is scheduled for Berlin in 1916.

VICTORIA PARK FOOTBALL FIELD OPEN TODAY

Alderman Crichton Will Lead His Official Hoop Against Ball to Start Things

The new Victoria Park football field will be officially opened this afternoon at 4:30, when Alderman Crichton, chairman of the city playground commission, will put his official hoof to the football which is to be used in the game between the Callies and Pick of the League team, thus formally declaring the new playground to be opened for the season.

The new field is the result of hard work on the part of the soccer enthusiasts of the city. About twenty men have appeared upon the scene each night for the past three weeks, and have donated their services. The fence which surrounds the park has been built entirely by volunteer labor. The city has put the field itself into shape, using the city teams and scrapers on the job. The result is one of the finest football surfaces in Western Canada.

WELSH AN EASY VICTOR OVER REDMOND

Head and Footwork Were Very
Good and Seemed Stronger
in Bout in Winnipeg

Winnipeg, Man., May 16.—Freddie Welsh, lightweight champion of England and challenger for the world's championship, easily and in a decisive fashion scored a victory over Jack Redmond, of St. Paul, in a twelve-round bout here tonight.

In the opening round Redmond showed up fairly well, though mastered from the first. The second saw Redmond clinging on for protection, and when the song stopped the round was dangerous. The ninth witnessed Welsh loose in the third, and followed up his opponent so strongly that Redmond's only hope was in the clinch. The fourth, fifth, sixth and seventh rounds all went to Welsh in the same way. Redmond seemed to come back a little stronger in the eighth, but at no stage of the round was he dangerous. The ninth witnessed the only misjudged blow of Welsh from which he so speedily recovered that Redmond failed to find his man. The tenth and eleventh rounds Redmond pushing for a clinch, but which nothing but sheer force on the part of the referee could break. The twelfth and last round Welsh smothered his opponent with face and body blows until thirty seconds before the going sounded. Redmond took the defensive in a clinch, which the referee had difficulty in breaking. Popular opinion easily gave the victory to Welsh.

Welsh's head and footwork was the feature, but the steam of his blows since his last appearance here has improved remarkably to such an extent that he is judged when he so nearly scored a knockout, which would have been the first in his career. Redmond put up a game fight, but his clinches spoiled the effect.

ART PELKEY READY FOR ACTION

This is a recent picture of Arthur Pelkey who is to box Luck McCarty at the Manchester Arena a week from today. Note the pose. Looks like an overgrown edition of Tommy Burns does he not? Not much like the big awkward fellow who stepped into the ring a couple of months ago and surprised folks by the way he jabbed his left into Tommy Burns' face just about whenever he felt like it. Pelkey has been taken under the pugilistic wing of Burns who has been boxing with him and showing him the fine points of the game ever since the two met in the arena. Burns says Pelkey is to be the next heavyweight champion of the world. How good a prophet Thomas is will be discovered next Saturday.

Batteries: Toney and Archer; Rixey and Killifer.
At Boston: R.H.E. Cincinnati-Boston postponed, rain.

Brooklyn Still Wins

Brooklyn, May 16.—St. Louis got an early lead of three runs on Brooklyn today, but the locals came up with a rush in the next five innings and battled their way to a six to five victory. Outshaw hurt his leg spearing around the bases on his home run and retired.

Easy for the Leaders

Philadelphia, May 16.—Toney's delivery was easy for Philadelphia today, and the home team defeated Chicago 10 to 4. Rixey puzzled the visitors until play was resumed after a ten minute intermission caused by rain at the start of the eighth inning. Evers was spiked in the fifth inning by Knabe, and his place was taken by Phelan, who, in three times at bat, made a homer, a triple and a single. Paeker was put off the field for disrupting a decision at first base by umpire Eryon.

Mathewson Won Again

At New York, May 16.—Hard hitting by the home team and loose fielding by Pittsburgh gave New York today's game, 7 to 4. O'Toole's offerings

St. Louis, 020 000 000-2 8 2
Batteries: Collins and Carrigan; Baumgartner and Agnew.

Good Game at St. Louis

St. Louis, May 16.—Boston won from St. Louis today, 3 to 2. Both teams played perfect ball in the field, and the pitching of Collins and Baumgartner was about equal. Cooper won for Boston in the fifth with a long drive into the right field bleachers, scoring Wagner and Carrigan ahead of him. St. Louis hit Collins hard in the second inning, scoring two runs. After this Collins had little trouble. St. Louis being unable to hit him with any success.

Benz, Great Pitcher

Chicago, May 16.—Pitcher Joe Benz of the Chicago Americans held the New York Americans at his mercy today, allowing the visitors but three scattered hits, while Chicago batted McConnell opportunely and won the second game of the series, 7 to 0. This is the eighteenth scoreless inning pitched by Benz, who has pitched well in the pinches, either fanning or forcing the batsman to pop out.

Battle of Leaders

Cleveland, May 16.—Batting Gregg hard, Philadelphia overcame Cleveland's early lead and won, 8 to 5. Brown was taken out in the first. After Philadelphia had taken the lead they scored two runs in the seventh. Mitchell then replaced Gregg and allowed but one hit thereafter. In the seventh Cleveland filled the bases with none out, but all the runners were caught off base by a triple play, in which most of the Philadelphia players participated.

Detroit Beat Washington

Detroit, May 16.—Detroit did not waste a base hit today, and defeated Washington 5 to 2. The locals hit safely in only three innings, and these three all of their runs were scored. Washington took the lead in the first inning and held it until the sixth. Morgan brought in both of Washington's tallies. Bush was put out of the game in the first inning by umpire McGreevey for disrupting a decision. Louden, who replaced him, starred at bat and in the field.

Jersey City at Montreal, rain.

Long Game at Rochester

Rochester, May 16.—In a pitchers' duel today between Wilhelm and Enzman, Newark won a 13-inning game, 8 to 2. Swacina's triple and a wild pitch brought in the winning tally. Rochester had a man on second when Schmidt hit for two bases in the ninth, but did not score through Zier's rattled and sticking to second, figuring that Meyers was to catch the ball.

These **BARGAINS** Are Worth Any Man's Attention

\$3.00 Hats Today \$1.75

My expenses are \$1,500 a month less than others. You save this! **DAN**

You will have noticed since the opening of my Sale how many other stores have followed suit. You will also notice they claim to sell you \$40.00 Suits at the ridiculous price of \$13.00 to \$14.00. Now figure the profit between \$40.00 and \$14.00—\$26.00—some difference. Their profits must have been poor, and at that they are not paying rent for your sake. I pay half or less than half the rent for my big 50 by 100 two floored store—upper and ground floor on Centre Street, just around the corner from the high priced 25 foot stores.

Now just figure the difference between \$300.00 for a big store, big staff that is doing the largest clothing business in Calgary and \$800.00 rent for a 25 foot store. Now get this—the other merchant has to sell and make a profit of \$500 before I even start to do business. **DO YOU GET ME?**

NO, I CAN'T
Give You a \$40 Suit for \$14
but I do claim and will sell you for \$15.00 a Suit equal to any you will buy at \$25 to \$30 elsewhere or your money back.

A STIRRING RUNAWAY EXCITES MINT AVENUE

Teamster With Unequaled Daring Tried to Recover Broken Rein from Feet of Madly Excited Runaway Horses; Was Thrown at Their Feet

MARVELOUS ESCAPE OF THE RECKLESS DRIVER

Was First to Be at Work Getting Things Righted and the Great Crowd Looked on in Amazement at Man Who Had Been so Near Death

Ninth avenue about 4 o'clock yesterday afternoon was the scene of one of the most thrilling runaways of Calgary, and one of the coolest and most daring feats ever witnessed on a public street.

From Second street east a big team of Clydesdales, hauling a heavy wagon, bolted and careered madly westwards along the street. People scattered on every side and autos and wagons and draws and all the rest drew up to either side and watched the mad rush of the wild horses, each big and massive as any Clydesdale in the city.

Ladies shrieked to see the sight, and not a few sought refuge from the danger, that they imagined was their own, flying into store doors and behind any railing or shelter that appeared to be a means to balk the progress of the steeds.

As the great team went on with growing din and increasing fury, it was seen that the driver stood no longer on his perch as usual. He was out on the pole between the two horses. One of the reins had broken in his attempt to stem the wild rush away. With a courage that few drivers in Calgary would have shown, this man was not content to stand by and watch his horses get right away with nothing to stop them till something loomed up in front to accomplish that end.

Driver Out on Pole

Out he went along the pole to catch them when one of the reins, the other secure in his hand. No matter to him that his horses were plunging wildly and running at a speed that they had seldom done before; he made forward. Just as he was stooping to get the end of the rein right in front of the Empire hotel, the horse on the right stumbled and fell, and the wild career came to an end. For those who were looking on at the scene it appeared as though the driver, who had been thrown headlong when the

horse stumbled, was run over by the wheel of the wagon. Women shrieked loud that he was killed and men rushed forward to see what they could do.

But what was the surprise of all when the first man to come up out of the wreckage was the driver himself, unscathed and unharmed, and before any other could start in the work of disentangling the horses from the mass of reins and the wagon wheels he was at it hard! All gathered round looking on amazed at this man so cool and calm getting all in ship-shape form as though nothing had happened.

As he went at his work, all talked in bated breath and admiring tones of his daring and his wondrous escape, but Scotty, for he was such and his tongue did not belie him, soon got all ready and went off driving as coolly as though he had never been so near to death. Nothing would induce the man to tell a thing about himself, and his deed in his own eyes was but a part of the day's work.

Letters to The Editor

ALDERMAN RAMSEY AND HIS "DIRTY KITCHEN."

Editor, Alberta.—That anyone calling himself a man and one who was elected to a city office at the recent elections should have made such wholesale slaughter on the fair sex is rather daring. If we choose to retaliate, Alderman Ramsey may find himself outside the chartered city circle another election day. He is evidently a relic of bye-gone days, or else he has been "seeing things." He forgets that a woman today, can with the help of her means at her disposal, keep her kitchen clean in less time than her grandmother could. When she wants coal, she need not wait till John (hubby) comes

home to get it; she does not wait, because the same party has neglected to carry water from the neighboring well. Work in a well organized house seems like clock-work. And 10, 11 and 12 o'clock see each its quota of work completed and a good housewife plans for her afternoon's outing as she plans for her meals, and Alderman Ramsey can, contrary, notwithstanding, there is not a woman who is "gadding about to meet-ings lately"—but at the hour of 3 p.m. will show him as clean and orderly a kitchen, in fact cleaner and more orderly than the kitchens known to this gentleman in the days of his infancy. I doubt if Alderman Ramsey can prove the truth of his statements, and we throw out a challenge to him, to visit any of these ladies' homes and inspect them. If he will make himself known as willing to prove his statements we will let him inspect our homes and show him his error. Even the writer of this letter will be quite willing for a visit from him any hour of the day from 8

a.m. to 6 p.m., and show him as clean a kitchen as ever he saw. Besides, who relegated us to the kitchen? Not our Creator. We were placed in the Garden of Eden to help Adam. Woman's first job was out-doors by his side. Man has chucked her into the kitchen, but she won't stay there. Alderman Ramsey can secure the necessary information by appealing to The Albertan, by writing the social editor, who will notify the writer, and we will send a car to conduct him on his rounds.

"The needle is a far more valuable, useful and heroic weapon than the revolver" was an epigram uttered in a political speech the other day. The Peace delegates might with advantage introduce the phrase in their reports. As Mr. Carnegie is interested in steel, perhaps he will see it.

POSTMEN REFUSE TO ACCEPT BROWN BROTHER

Windsor, Ont., May 15.—Because of a proposal to appoint a negro letter carrier in Windsor, eleven out of thirteen members of the staff here drawn the color line and threaten to leave unless the appointment is withdrawn.

The trouble began several days ago when the letter carriers were told that Doran Dixon, a young negro, had been recommended for the appointment by Oliver J. Wilcox, M. P.

Wilcox has declared today that colored citizens have equal rights, and he will insist that Doran's appointment be confirmed and that he start to work.

WHEN BABY CRIES

When baby cries continually do not put it down to pure uselessness—that is not the baby's nature—it is to be happy and laughing. Every baby should cry on an average of fifteen or twenty minutes a day—that is how he strengthens his lungs. But mothers, if your baby gives sharp piercing cries or two sobbing wails, he is in pain and needs attention. Nothing will relieve the little one so quickly as Baby's Own Tablets. They regulate the stomach and bowels, expel worms, break up colds, and will make baby healthy and happy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CORPS OF GUIDES IN NEED OF MEN

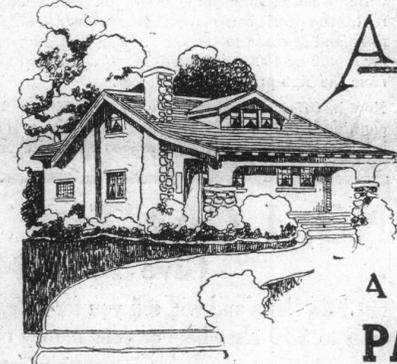

The corps of Guides is in need of men, and applications will gladly be received by the officers at the head of the corps from those who wish to join. Those who do so will be required to attend military camp at Calgary June 17 to 25, and there will also be some spare time required for special training. The qualifications necessary are good horsemanship, knowledge of the topography of Calgary, sketching and mapping, and knowledge of cavalry drill. Preference is given to those who own their own horses and have been in active service. Applications will be received by Lieut. Lowry, 307 First street east, Watson and Donaldson.

The orders for the week show that as this year will see the formation of a mounted corps of guides, the following appointments have been made: Lieut. Lowry, Watson and Donaldson for sections 1, 2 and 3 respectively. Lieut. Harrison is appointed adjutant, acting paymaster and quartermaster. These orders are issued by Major C. T. de Kem, D. S. O.

The sisters of Esther Rebekah Lodge No. 1, I. O. O. F., are requested to meet on Sunday, May 18, at 3 p. m. sharp in the Oddfellows' Temple.

MRS. RODGERS,
Recording Secretary.

Watch Repairs of All Kinds—American, English and Swiss. Moderate charges; work legally guaranteed. Dickson, working watchmaker, 231 Eighth avenue east, just below the Queen's. Phone 2440. Open till nine every night. Issued by marriage licenses.

REDCLIFF

To The Investor:

In Friday's paper we endeavored to give you a plain statement of **Fact** regarding **Factory** development in **REDCLIFF**. Today we would ask you to give at least some **consideration** to the following vital questions:

Do you know of any city in Alberta, which, at the same age and population, could boast of even **one-quarter** of the **Factory Development** of **REDCLIFF**?

Do you realize that all of the small towns in Alberta **combined** cannot produce an equal number of **Factories** or **employees** as compared with **REDCLIFF**?

Does not the **reversed** condition of development in **REDCLIFF**, as compared with **other towns**, give you food for thought? Heretofore the towns have **coaxed** the **factories** to follow. In **REDCLIFF** the **factories** are **coaxing** the **people** to follow.

Do you fully appreciate just what an **unlimited supply** of **Natural Gas** and **Free Power** will mean to the future development of **REDCLIFF**?

From your knowledge of values in other centers, do you not agree that **realty values** will **rapidly increase** within the mile circle in **REDCLIFF**?

It will cost you nothing to call and find out just what is going on in this **Young Smokeless Pittsburg**, **REDCLIFF**—the town of 1,000 **whirling wheels**, where values will **triple** within one year.

logue is replete with bright epigrams for which Charles Klein has become famous.

Pollard's Again Next Week

For the second time this season The Pollard Australian Opera Company is booked for an engagement at the Sherman Grand, opening Monday evening with a superb production of "La Belle Butterfly or the Millionaire." It is not often that a musical organization attains the widespread popularity which belongs to the Pollard Company. Year after year these clever people improve and with each successive visit their following grows until at the present time their appearance is awaited with the signal for packed houses and thoroughly delighted audiences. The feature bill of the return engagement of "La Belle Butterfly," which is based upon that well known musical success "The Americaner," which had such a lengthy run at the London Gaiety. There are 24 up-to-the-minute songs and ballet numbers included in this musical revelation and every one of the Pollard stars has ample opportunity to shine to the full extent of his or her ability. The costuming and dressing of the new piece was all imported direct from English costumers and is decidedly by the most beautiful ever used by the Pollard management. Besides the most beautiful ever used by the Pollard management.

Next Week at the Orpheum.

One of the greatest attractions that Martin Beck has ever booked over the Orpheum circuit will headline next week's bill at the Sherman Grand. It is what can be called a "girl act" and that means that the head-head row will be filled at every engagement. They are the London Palace Girls, an act which has been an attraction at the Palace Theatre, London, for the past five years, and during all that time would be glad to make to have then enter an agreement for an American engagement, but not until all the best persuasions of the managing director of the Orpheum circuit were made to see that this side of the "post" would be glad to take and hear them. They are said to be without a peer in their chosen line of dancing, and their "post" improves to be one of the big hits of the current season.

"A Dramatic Cartoon"

is the title of a very bright little sketch which Miss Norton and Oaul Nicholson are presenting. It deals with the earnest, if somewhat futile attempt of a department store clerk to support a wife on the meagre salary of \$7.00 a week. This is more or less a pathetic story but this capable pair present it in a manner that brings out all the humor that there is in the various situations. Musical acts have been and always will be a welcome addition to any vaudeville bill, and the announcement that the Five Musical Gormans are coming will be a pleasant news to followers of vaudeville, for they are generally regarded to be at the top of the ladder in their chosen line. The troupe consists of father son and three handsome daughters. One of the latter, Miss Katherine is one of the best lady comedians before the public while her brother may correctly be said to be a virtuoso of the drums. The other members of the troupe are one and all proficient on at least one instrument. G. S. Melvin is one of the most versatile scotchmen that has ever left his native heather to appear as a vaudeville entertainer in America and there is no question but that his act will go in great style especially as he is said to have relatives in Calgary.

Miss "Mike" Berlin

is a girl of the west daughter of a Montana mining man who has reached an enviable position as a violin virtuoso and in addition is a very handsome miss with a fine wardrobe and a proper idea of the methods to display this as well as her musical ability.

The Goyt Trio

are one of the best dramatic features under contract with Martin Beck and the beauty of the act

Early in July The News-Telegram will send a party of 15 young ladies on a two-months' tour of Europe. All expenses of the tours, from the time the ladies leave Calgary until they return, will be paid by The News-Telegram.

At Winnipeg The News-Telegram party will join other parties representing the Brandon Daily News, the Regina Province, and other Western Canada newspapers, and will use a specially chartered standard sleeping car to Montreal.

The News-Telegram intends that the 15 young ladies who are to enjoy this wonderful trip to Europe shall be chosen by the public, through the medium of a voting contest. This contest will commence Monday, May 19, and will continue until June 30th. On July 5th the successful young ladies will leave Calgary for Montreal, where they will take the palatial Allan Line S.S. "Scandinavian" for Glasgow. The return journey will be made on the White Star-Dominion Line S.S. "Canada," arriving at Montreal, August 31st.

TWO LEADERS WILL HAVE TWO TRIPS EACH

The two young ladies who finish first and second in the contest will each be permitted to name some other person to whom The News-Telegram shall award a free trip to Europe.

How to Win a Free Tour.

The News-Telegram contest is open to any young lady, married or single, residing in Alberta or eastern British Columbia. All that is necessary in order to compete is to send in the name of the candidate on the "Enrolment Blank," a post-card, or letter. Ladies may enter for themselves, or friends may suggest their names in the same manner.

The most votes will win the trips to Europe. The highest will receive two trips and the others one trip each. Votes will be published in each issue of The News-Telegram in the form of Free Vote Coupons, commencing today. These coupons will be published during the First Period of the contest in three "Series," A, B, and C. "Series A" coupons will be good for five votes each, "Series B" for two votes each, and "Series C" for one vote each, when voted before date of expiry.

Votes for Subscriptions Also

In addition to the Free Vote Coupons, The News-Telegram will allow votes, according to the advertised schedule, on all subscriptions to The News-Telegram and The Metropolitan Magazines. During the First Period of the contest, or until June 11, 20 per cent. more votes will be allowed on all straight subscriptions than may be secured later. There will be no "extra votes" or "bonus votes" during The News-Telegram contest. This is guaranteed at the beginning. At no time will the vote-earning power of subscriptions be greater than at the opening of the contest.

Votes will be allowed on all past-due and renewed subscription payments to The News-Telegram in amounts of \$1.50 or more.

All Candidates Will Win.

In addition to the Fifteen Free Trips to Europe, there will be 20 beautiful diamond rings awarded in the contest. Ten rings will go to each district. ALL CANDIDATES WHO WORK UP TO THE CLOSE OF THE CONTEST AND DO NOT WIN A PRIZE WILL BE GIVEN A SALARY EQUAL TO ONE DOLLER FOR EVERY FIVE DOLLARS COLLECTED BY THEM DURING THE CAMPAIGN. There will be no losers in The News-Telegram contest.

Win a \$100 Cash Prize.

The candidate who secures the most votes during the First Period, ending June 11, will receive \$100 in gold. There will be a \$100 cash prize. The second highest will receive \$50.00, and the third will receive \$25.00. This means that the ladies who enter into the contest and start to work at once will have a much better chance of winning the \$100 than those who enter later on. And the votes on straight subscriptions will be reduced 20 per cent. after June 11th.

Receipt Books Are Ready.

Candidates may receive receipt books at any time by calling at the contest office or writing to "Tour Editor, P.O. Box 1413, Calgary."

The contest offices are 214 and 215 New Burns Building. The phone number is M4848.

"THE TRIP OF A LIFETIME"

HOW THE YOUNG LADIES WHO WIN THE FREE TRIPS TO EUROPE WILL SPEND THEIR VACATION.

At Winnipeg the tour party of The News-Telegram will be joined, on July 7th, by young ladies representing other western newspapers. There will be about 40 ladies in the entire party. The schedule will be as follows:

ITINERARY OF EUROPEAN TOUR PARTY.

- Monday, July 7—Leave Winnipeg in special palace car for Montreal.
- Thursday, July 10—Arrive in Montreal.
- Friday, July 11—Leave Montreal by Allan Line S.S. "Scandinavian."
- Sunday, July 20—Due to arrive in Glasgow.
- Monday, July 21—Rath steamers, and coach four via Lakes and Trossachs to Stirling and Edinburgh.
- Tuesday, July 22—In Edinburgh. Carriage drive.
- Wednesday, July 23—To Melrose. Visit Dryburgh Abbey and Abbotsford.
- Thursday, July 24—Travel to London.
- Friday, July 25—In London. Two days' carriage excursions.
- Monday, July 28—Leave Monday evening for The Hague.
- Tuesday, July 29—At The Hague. Carriage drive, including Scheveningen.
- Wednesday, July 30—To Amsterdam. Carriage drive.
- Thursday, July 31—To Antwerp. Carriage drive. Continue to Brussels.
- Friday, August 1—To Brussels. Carriage drive.
- Saturday, August 2—Morning express to Cologne; afternoon sightseeing.
- Sunday, August 3—To be spent in Cologne.
- Monday, August 4—Rhine steamer to Brierlich, thence electric car to Wiesbaden.
- Tuesday, August 5—To Frankfurt. Carriage drive.
- Wednesday, August 6—To Heidelberg. Carriage drive.
- Thursday, August 7—Via Bale to Lucerne.
- Friday, August 8—In Lucerne. Excursion to Titianum and summit of Rigi.
- Saturday, August 9—Via Brunig Pass and Meringen to Interlaken.
- Sunday, August 10—Two days to be spent at Interlaken. Excursion to Grindelwald.
- Tuesday, August 12—Rail via Zweisimmen to Montreux, thence steamer to Geneva.
- Wednesday, August 13—In Geneva. Carriage drive.
- Thursday, August 14—Day express to Paris.
- Friday, August 15—To Paris four days. Two days' carriage excursions, including Versailles.
- Wednesday, August 20—Via Dieppe and Newhaven to London.
- Friday, August 22—London to Warwick, Stratford-on-Avon and Chester.
- Saturday, August 23—To Liverpool and sail by White Star-Dominion line S.S. "Canada."
- Sunday, August 24—Due to arrive at Montreal.

ENROLMENT BLANK EUROPEAN TOUR CAMPAIGN GOOD FOR 1,000 VOTES

TOUR EDITOR, Box 1413, Calgary. Please enter the name of _____ as a Candidate in the Free Tour of Europe Campaign. Signed _____ Address _____ (Only One Enrolment Blank Will Be Counted for Any One Candidate)

is enhanced by the performance of a beautiful fox terrier. There are few Indian performers in vaudeville and one of the best of the number is the wonderful horse singer or Chief Cagotta. The bill is completed by the wonderful "talkies" that round the bill out in fine fashion. the value thereof, is a question that the international arbitral tribunal, which is passing upon British-American claims, was asked to decide today. The Canadian government demands about \$50,000,000 of value of lumber used in 1900 to construct the military barracks at Eagle City, Alaska. Canada alleges that the United States bought this lumber from a man named Howard Mountain, who cut it from Canadian domain without a permit and without payment. He is alleged to have left the country later.

THEATRICAL NOTES

Current Drama Publications in Local Library

Many of the current season's New York and London successes in the realm of serious drama and comedy have been published in book form and, in many instances, on the suggestion of the Calgary Green Room Club the Librarian, Mr. Cahoon, has placed copies on the shelves of the library for the benefit of local drama lovers. Among the more prominent plays which might be mentioned are "Ruth," a very original and strong drama by Arnold Bennett and Edward Knoblauch which has been one of the outstanding successes of the season on both sides of the Atlantic and which is to be seen in Calgary next season. Another book which would well repay some study from any student of modern dramatic tendencies is a volume of plays by Brieux, the great French dramatist, including the powerful play on the social evil, "Damaged Goods," which is now being presented in New York by the Sociological Society. The play is edited by George Bernard Shaw and deals with the social problem in a most graphic manner. Another play of special interest is Israel Zangwill's latest play, "The Next Religion," the performance of which was prohibited by the censor in London, but which was given its first American production in New York last week under the management of Zangwill's, "The War God," is also on the shelves and is well worth reading.

A copy of Walter Brown's famous morality play, "The Women's Names," has been placed on the shelves and will, no doubt be widely read by local theatre-goers, especially in view of the local presentation of the play, which is promised for this fall: "The Blue Bird," Maurice Maeterlinck's beautiful fantasy, has been widely read in Calgary. Four copies of the play being in almost constant circulation. A local production of this play is no probable next season.

Local Stage Gossip

The next six or eight weeks will be the most notable in Calgary's theatrical history, both in the past and in the future. The local production of at least four of the present New York season successes. Does it not make you feel that Calgary is on the theatrical map when you read the names of such celebrities as Rose Stahl, Maude Adams, Rose Coghlan, Blanche Bates, Raymond Hitchcock, John Mason, Robert Edson, Wilton Lackaye, Eddie Foy, all of whom are to appear at the Sherman Grand within the next two months? John Mason is presenting one of the latest works of Augustus Thomas, the brilliant American dramatist, author of "Arizona," "The Witching Hour," one of Mr. Mason's earlier successes, "A Man Thinks" is the title of Mr. Mason's present vehicle. Rose Stahl, a Canadian actress who achieved a tremendous success in James Forbes' comedy "The Bonus Lady," is to make her first appearance in Calgary a week from Monday. Miss Stahl is now playing the part of Maggie Pepper in Charles Klein's comedy drama of that name and it is said that the part gives her even greater opportunities than in the Forbes play, "Maggie Pepper" deals with many of the phases of the life of a girl in a modern department store and the dia-

BIG MIDWAY PROMISED FOR THE CALGARY EXHIBITION

And Everybody Takes in the Midway, and There Will Be Races, Agricultural Products, Dogs, Poultry and all Things Worth Admiring

HERBERT A. KLINE'S SHOWS ARE COMING

And With Kline Comes the Tiny 'Princess Victoria,' Smallest, Cutest Exhibit That Will Be Shown; Exhibition Space Could Have Been Sold Twice

Some people attend an exhibition especially to see the races, others are interested in the horses and cattle and agricultural products, while others will think that the dogs or the poultry are the only things worth growing enthusiastic over.

But everybody takes in the midway. An especially interesting line of attractions will be located along the main trail at Victoria park this year during the summer fair. By day it will be lined with the tents and booths full of mystery which will in their own particularly seductive way draw the attention and incidentally the shekles from the pockets of the passers-by. There will be the usual gaudy signs indicating the wonders of land and sea which have been secured by the exhibitors for the express purpose of gratifying the curiosity of the fair patrons. There will be strange freaks of nature and judging from their pictures one would be almost justifying in making the same comment as the old gentleman did when he saw the giraffe: "There ain't no such darn thing."

Ballyhoo men, whose voices are a thing of wonder and go on forever, will introduce the new patter concerning the exhibits but it will be all in the same old strain.

Down the Midway. The joyous strains of the unending tune produced by strarthy sons of the desert, who direct from Cairo, Illinois, will float gently on the summer breeze. It will be located in front of a tent where someone will have several Egyptian princesses whom he rescued from the captivity of a life as washer. One, who must necessarily show considerable politeness will be the Princess Fatoneer whom the trusting will be told was the favorite dancer of Punk Pasha of Bohunk.

All these things that go to make up a real main trail will no doubt be found here in July, but there will also be lots of others that will be really good little vaudeville stunts. Herbert A. Kline's shows will be here and he has secured a great deal of space and will bring all his best attractions. Mr. Kline has a number of top liners including Princess Victoria, one of the smallest, neatest, little ladies one could be fortunate enough to see. There is also Round's Imperial band, composed of 19 young ladies with their own orchestra and a number of splendid specialties. The merry-go-round, ferris wheel, novel swings, animal circus and one in which fleas alone take part, a water circus with lady divers and swimmers, bands galore and a calliope whose music is ever dear to the heart of the small boy. There are a number of other attractions which Mr. Kline will bring here and every act will be perfectly clean with nothing freakish about it.

Men who will purvey the succulent hot dog and the sparkling tempests of variated colors and strength are taking up every available foot of space and all looks extremely well for the outside business at the fair.

Space in Demand. In the exhibition buildings there is just as keen competition for space among the exhibitors, and in the industrial, arts, agricultural and other buildings there will not be a foot of space which could not have been sold twice over.

The fair is six weeks away, but already the work of preparation on the grounds has commenced. Electricians are now working on the wiring for the electrical display and the grounds and buildings are being slicked up—so that the exhibition crowd can see just how quickly they can be littered up again.

LETHBRIDGE WILL GIVE POWER AT CHEAP COST

Lethbridge, May 15.—The city council today entered into an agreement with the Ellison Milling company to give power on a ten-year contract at a cost of \$10 a year per horse power for a twelve-hour day. The company will, in consideration of this contract, double the capacity of the mills they now have in the city, and will produce to the extent of 600 barrels of flour a day. It is believed that the power rate offered by the city is the lowest in Canada, but the expectation is that the city will greatly benefit from the favor which it has conferred on the company.

Law Examinations. Law students will be busy during the next week or so, as their examinations start on Monday, May 26, when the preliminary and the intermediate examinations will be commenced, lasting most of the week. The final examination will be held starting on Monday, June 2, and the LL.B. examinations during the following week, ending on June 5. The examinations will be held simultaneously at the Normal school in Calgary and the Mackay avenue school in Edmonton.

Auto Kills Child. Regina, May 15.—The four-year-old son of H. Golluck, 2305 Cornwall street, was knocked down and seriously injured this afternoon by an automobile owned by the Regina Motor company and driven by Gieves. Prosecutions will likely follow.

A FIELD DAY FOR CADETS DURING MILITARY CAMP

A field day, with athletic events of all kinds, is being planned by the officers of the cadet corps who will go under canvas as soon as the military camp in Calgary is over. The sports will include all kinds of races, football games, drill contests, and other events, and many of the cadet companies are now in training for the big day.

The cadet camp this year promises to be an unusually large one, and cadets from every portion of the province will be in attendance. A number of school teachers who are qualifying as cadet instructors will also go under canvas this year, and it is expected that after the camp a number of new cadet corps will be formed in connection with the public schools of the province.

RAIN BAD FOR BUSINESS BUT GOOD FOR FARMERS; BENEFIT TO COME LATER

According to local business men the recent spell of rainy weather, while having a slightly depressing effect on business generally, will ultimately prove a big boon to the commercial interests of this city.

"People are not on the streets in wet weather, and business suffers a little as the result, but the fine spells are bringing out the shoppers in large numbers and we look for a good spring and summer," said James Sewell, yesterday, commercial traveler reported business conditions in Calgary as being very good for this time of the year, and stated that orders were being placed everywhere by merchants who are looking for this year to be one of the best they have ever experienced.

ARCHITECTS HAVE THEIR CLAIM UPHELD

Holman and Gotch, architects, yesterday got judgment against Robber, a contractor, for the sum of \$40 for work done in connection with the preparation of plans for an apartment block. The case was heard before Judge Winter, who gave his decision yesterday. The block was to cost \$10,000. The architects were to get three per cent for the work, only if the plans were not finished by a certain time they were to get only \$100, as the building restrictions of the city were to be changed after that time. The plans were completed in the specified time and the permit taken out. The defendant entered a counter-claim that the work had cost more than the \$10,000 which was mentioned. The judge held that this had nothing to do with the case, and entered judgment for the sum asked.

Supreme Court Over. The session of the supreme court came to an end yesterday, a number of cases being left over for the next session, which will open here on June 17, with Mr. Justice Simmons presiding. There will then be a big list of cases up for hearing, and while about 20 appear on the peremptory list, there will be 12 which are adjourned from the present session.

TEAMSTER RUN OVER AND INSTANTLY KILLED

Charles Cookson Fell From Wagon Through Moving of Bales of Hay

Charles Cookson, a teamster for the Johnston Cartage company was instantly killed yesterday morning being run over by a wagon of baled hay which he was driving. The fatal accident took place at the corner of Ninth avenue and Sixth street east. The man was driving the wagon from the freight sheds to the barn of the company. Passing from the mud to the street pavement the wagon jolted and two of the bales were moved from their position, while the driver was thrown from the wagon and before he could move the front wheel passed over his head crushing the skull. Death was instantaneous. The ambulance was summoned and the body removed to Shaver's parlors. Dr. Costello decided that in the circumstances no inquest would be necessary. Cookson was an Englishman about 24 years of age living with his parents at 2719 Seventeenth street south east. He had been in the employ of the Johnston Cartage company for the last 10 days and worked with them last summer. During the winter he worked with the Calgary Brewing company in the same capacity.

YOU CAN BE STRONG, ACTIVE, HEALTHY, HUSKY AND HAPPY

Course—daring—bounding vitality—sure control of mind, body and nerves—the desire and ability to accomplish all desirable things—these are the attributes that make men admired and sought.

I have in my possession a recipe, which, from my own experience, I believe to be the best and surest means of rebuilding, strengthening, and restoring vitality and health.

If you are old or young, weak or strong, large or small and are lacking in the nerve force of your system, or if you are suffering from any of the ailments mentioned above, just write to me like this:

STREET SPRINKLING BY OIL IS OUT OF THE QUESTION

Price of Crude Oil, Delivered in Calgary, Is Prohibitive, Says Commissioner Graves in Reply to Suggestion That Oil Would Solve Dust Problem

But Freight Rates Would Bring the Cost Here to \$500 Per Mile; Perhaps Okotoks Field May Help to Solve Problem; Better Sprinkling Service

The price of crude oil, delivered in Calgary is so high that its use for street sprinkling is practically out of the question, says Commissioner Graves. Albertan Caracallen and a number of citizens have suggested repeatedly, the use of oil on all unpaved streets, as a partial solution of the dust problem. Oil is used with very great success in California cities and in almost every town and city and even on a number of country roads in Ontario; the country roads in the Niagara peninsula being quite generally oiled. This practice is out of the question in Alberta, however, because of the enormous freight on crude oil, while gravel and sand roads may be oiled for a whole season for from \$60 to \$100 per mile in Ontario, the cost would be five times that in Calgary. There is no oil in Alberta and the cost of hauling it from the oil fields of Ontario or of the southern states is prohibitive. All Caracallen has been making inquiries into the oil production of the experimental wells now being dug at Okotoks by the Petroleum Products Co. Some oil has been found there, and as soon as any quantity of crude

petroleum is available. Aid. Caracallen proposes to secure a supply to be used on several streets as an experiment. Lays the Dust. The use of oil on dirt roads practically obviates the dust nuisance, even with heavy motor traffic, and preserves the road from the weather and from heavy transportation. Automobile owners complain of its destructive effect on rubber tires—but this is a minor consideration compared with the increased comfort. A better sprinkling service is being arranged this year. When the new horseless sprinklers, ordered by the commissioners are received, the sprinkling carts at present in use on all paved streets on which the street par line does not run, will be transferred to the outlying districts. Commissioner Samis is preparing to organize the street sprinkling service to cover practically the whole city and to give an efficient service in ordinary weather. It will probably be impossible to cover the outlying sections wholly, but the increased equipment will be as fairly distributed as possible.

SUNDAY SCHOOL HEADS TO EXCHANGE VISITS AND FRATERNIZE

Visitation Arranged Interdenominationally by Alberta S. S. Association

Tomorrow is Sunday school superintendent's visitation day in Calgary. Upwards of twenty-five superintendents will pay fraternal visits to the neighbors Sunday school, exchanging fellowship greetings. The visitation has been arranged interdenominationally by the Alberta Sunday School association in co-operation with the executive of its auxiliary association in the city, a Baptist superintendent visiting in a Methodist or Presbyterian or Congregational school, a Presbyterian superintendent visiting in a Baptist or Congregational or Methodist school, and so on, there being a general denominational mix-up. The time was in years gone by that

persons of different denominational beliefs rarely met together except for the purpose of polite discussion. In the field of Sunday school work, by the denominations working together in conventions, institutes, conferences, training schools, etc., through the medium of the interdenominations of state or provincial associations a new spirit of fellowship and brotherhood has been created. It is to this source that men of our present day denominational concord may be attributed.

ANOTHER CONCERN TO DRILL FOR OIL IN OKOTOKS FIELD

(Continued from Page 1). located, and we are sure that gas in commercial quantities can be secured in the Okotoks field, because some of the companies already operating there have struck gas in large quantities, and are now using it for fuel to conduct their drilling operations.

Neither the Herrons or Mr. Carroll preferred to give out any information regarding the new company, which is the right to enter the field. As yet only the preliminary work has been done, as the incorporation papers were only received from Edmonton yesterday. "We can give out nothing definite as yet," stated Carroll, who is well known in the Californian fields. "We have formed the company and have control of five sections of land there, and going to go ahead as rapidly as possible."

CHURCH SERVICES

Unity Hall—917 Fourteenth Avenue West. Morning service, 11 a.m.; Rev. W. P. Freeman. Evening service, 7:30 p.m.; Rev. Prof. Lovings, M.A.; Kindergarten, 11 a.m.; Sunday school at 12:15.

A. at 3 o'clock on Sunday afternoon the Round Table Club, Mr. Alfred Price leading, will continue the study of the series of lessons they have taken up, discussing this week "The Healing of One Deaf and Dumb." Mr. E. Williams will lead the singing and there will be special music.

At 5:45 the Social Committee of the Association will serve tea to which newcomers to the city are invited to come as guests of the Association. First Congregational Church—Corner of Twelfth and Fifth streets west. Rev. J. Lambert Alexander, B.D., minister. Morning service, 11 o'clock; sermon, "Development and the Struggle."

able. We believe the oil is there, and we are willing to spend our money looking for it, but that is all we can say about the project at the present time, although personally I believe that there is every possibility of one of the biggest oil fields on the continent being uncovered somewhere in the district where we are operating. The five sections owned by the new company are scattered over the field, two of them being in the basin around which the other companies operating there are already drilling.

BAPTIST. Tweeds Mission—31st Ave. and Centre St. Rev. J. L. Jordan, pastor. Services tomorrow conducted by pastor. Evening subject: "The Two Debtors." Morning subject: "The Two Debtors." PUMPS VIM INTO WORN OUT MEN

If you feel tired and stupid, with no ambition to get out and hustle, if you have spells of despondency and a desire to give up the fight, you need new energy. The race is to the strong. Show me a failure, and I'll show you a weakling, lacking in courage, strength, and ambition, three essentials to the make-up of a successful man.

Take a man like that and Electro-Vigor pumps new energy into his body while he sleeps, and in a few weeks' time transforms him into a giant of strength and courage. It is proven that energy and electricity are one and the same thing. If you lack this energy, you can get it only by filling your nerves with electricity. Electro-Vigor does this. Wear it while you sleep. Feel its invigorating stream of electric life in your nerves, its vitalizing spark in your blood. You wake up in the morning full of new life, now vim, and courage enough to tackle anything.

Electro-Vigor is an electric body battery which sends a steady current of electricity into the nerves and vital, building up vitality and strength and removing the cause of disease. No pain can exist in a body charged with electric life. You can have no rheumatism, no weakness, no inactive parts from the life generated by this appliance gives health and strength to every organ.

Calgary, Alta., Box 674.

Dear Sirs—I have used your Electro-Vigor for about five weeks.

My stomach is getting stronger day by day and my health is improved. If something further surely I will write to you again. God bless you and your work.

K. L. JARL
Kensington Prairie, B.C.

Dear Sirs.—It is now a little over three months since I started your Electro-Vigor treatment. To say the least, my general health is greatly improved. The world appears a much brighter place to live in. I sleep eight hours each night now, and feel strong and fresh for a man of 55. I also eat well and have gained five pounds in weight.

(Signed) JAMES WILSON.

Get our 100-page book describing Electro-Vigor, and with illustrations of fully developed men and women, showing how it is applied. This book tells in plain language many things you want to know and gives lots of good, wholesome advice for men. A separate book for women.

IF YOU WANT TO GET AHEAD IN ALBERTA BUY FARM LANDS

Ten Years Ago a Cowboy, Now Owner of Six Sections of Land in Grand Prairie District, C. Daniels of Northland Gives Good Advice

LAND VALUES WILL DOUBLE WITH CANAL COMPLETION

Plenty of Land Left, Either to Homestead or Purchase, but the Time Is Not Far Distant When It Will Not Be So Plentiful

"If you want to get ahead in Alberta secure some farm lands. Farm lands in this province will double in value with the opening of the Panama canal and the completion of the miles of railroads now building in this province, and my advice, based on experience, is to buy farm lands now, if you can't work them yourself, get someone to crop them on shares and sit back and wait. You'll more than double your money in a few years."

Four years ago the writer, a cowboy with only two saddle horses, a saddle and a roll of blankets, riding from job to job and from ranch to ranch, and now the owner of six sections of land in the Grand Prairie district, Charles Daniels, who is now the resident of the north country, gives the above advice to young men of the West.

Plenty of Land Left
"There is plenty of land left," said Mr. Daniels yesterday, "either to homestead or to buy up cheap. The time to get it is now, and anyone who gets it now will have something on which handsome returns can be reaped."

The old cowpuncher stated yesterday that for years he had roamed the ranches, watched other men get rich by taking up land, and did nothing himself until a few years ago. "I can't work them myself, get someone to crop them on shares and sit back and wait. You'll more than double your money in a few years."

Sometimes I dabbled in cattle a little," he said, "and then I saw that the men who were getting on in the world were the cowpunchers who took up land and farmed it. It took a long time to get used to that idea, but finally I made the jump and I've never regretted it. Get the land now, get plenty of it, and you'll never regret it. That's the secret of my success, and it is the secret of the success of many other prosperous farmers in this province, who started in on a homestead or a few acres of bought land."

GREAT MASTERPIECES IN SOME LITTLE-KNOWN MUSEUMS OF FRANCE

Paris, May 15.—In art, as in other matters, people are apt to follow the beaten paths too closely. Travel having at all times been considered as, perhaps, the greatest educational factor, they go abroad with a desire to complete their education, and, very likely, make their first stop at Paris, "La Ville Lumiere," where every street and avenue is cluttered with objects of wonder and every stone seems to have been stamped with the magic word "art."

If they are artistically inclined, they follow the suggestions of the tourists' inseparable Baedeker, which is to pay a visit to the Louvre, the greatest art museum in the world, which holds more treasures than any three of four other museums combined. There they know how to spend the few hours, or the few minutes, that they can spare, for the guidebook makes it plain that they should not miss Greuze's "Broken Pitcher," Vigee Le Brun's "Portrait of Herself and Daughter," Corot's "Dance of the Nymphs," a few other renowned masterpieces, and, * * * the spot now deserted from which the "Mona Lisa" bestowed her mysterious smile upon generations of more fortunate visitors.

A run to Versailles is also strongly recommended in the guidebook. The Trianon with its reminiscences of Marie Antoinette brings to memory many stories as they stroll through those magnificent gardens which surround the palace, then in the palace itself and its succession of gorgeous salons, in quest of a glimpse of Nature's lovely portraits of the "Women of Versailles" of the Daughters of Louis XV.

If the tourists are able to do so, they are likely to follow the course prescribed by Baedeker to persons of large means: the classical automobile tour through the chateau districts and the cathedrals, of Amiens, Rouen, Reims, are described as showing perhaps the most magnificent examples in existence of Gothic architecture.

Then, if the travelers are in a hurry, and Americans, even those of large means, are always in a hurry, they proceed without further delay to Vienna, or Rome, or some other place equally praised by the guidebook, leaving France with the belief that they have had lots of fun.

They may have had lots of fun, but they have not seen a tenth of the sights worth while. They do not know France nor its people, and as far as art is concerned they are through before they have really begun. For the Louvre and Versailles, large as they are, do not by any means contain all of France's artistic riches. There are still many great museums scattered through the land, smaller than the Louvre to be sure, but second to none of our great American museums, if quality be taken as chief consideration.

We may have been told that Lille is an important woolen mill center, that Amiens is a charming city, and Dijon is the birthplace of the famous French mustard "a l'Ancresse." That Grenoble, aside from having many domestic qualities, is also a great military city; that Nantes is a seaport of importance, that Marseille is the only place

in the manner in which "Little Samuel" found his way into the Musée Fabre. Were it not attributed to one of Napoleon's plundering trips through Spain. However, he is there as one of the finest of the English painter's many sweet interpretations of childhood.

Saskatoon's New "Y" Saskatoon, May 15.—Saskatoon's fine new Y.M.C.A. building was formally dedicated tonight with elaborate ceremonies in the presence of a gathering of over 300 citizens. The association has over 1,000 members to start with.

Art, also, occupies a prominent place there, for the museum of Montpellier contains a rich collection of Italian, Flemish, Dutch, English and French paintings. Its foundation dates back to about 1800, when the artists and collector, F. X. P. Fabre, gave his choice collection to Montpellier, his native town, thus beginning what is today one of the most important of the French "musees de province."

In the same room where are some of the most charming pictures that Greuze ever painted, not far from three very fine Raphaels and very close to a beautiful Titian, hangs a portrait by Sir Joshua Reynolds. (1723-1792) of "Little Samuel Praying." At first thought it would seem as if an error had been made in crediting Montpellier with the possession of that painting, for every art lover knows that Reynolds' world wide known picture of "Little Samuel Praying" hangs in the London National Gallery. The artist painted the same subject twice, and while the National Gallery "Little Samuel" has benefited by the reputation and prominence of the collection of which it is a part, the Montpellier "Little Samuel," which is modestly described as a replica, is, nevertheless, the finer of the two, according to the opinion of various experts who follow their own judgment rather than the opinion of their London colleagues. There is a lack of data concerning

the party, owing to the freeze setting in. The circulation of the Blizzard is giving the circulation manager no concern, although it is only seven copies daily. The Blizzard comes out regularly every day with all the news of the world in it, the medium being the party's wireless station, which relays from Sydney.

Local news is scarce but the telegraph editor more than earns his salary. There is plenty of advertisement space to be let but the small circulation is prohibitive. However, the party gets a good deal of news and more amusement out of the sheet.

Wireless messages received in Sydney state that the members of the party are all well and are wintering ditto. The wireless is in good shape, the only complaint coming from the operator is pain in off manufacturing stories on him, to keep him busy.

AN ANTARCTIC NEWSPAPER
Mawson Party Get News By Wireless, and Run Paper With Circulation of Seven!

Sydney, N. S. W., May 16.—The newspaper with the smallest circulation on earth is The Adelle Blizzard, edited by Dr. Douglas Mawson, the intrepid South Australian scientist and explorer, who is wintering at Adelle Land, in the Antarctic continent. He missed his ship, the Aurora, which was forced to go away without

the party, owing to the freeze setting in. The circulation of the Blizzard is giving the circulation manager no concern, although it is only seven copies daily. The Blizzard comes out regularly every day with all the news of the world in it, the medium being the party's wireless station, which relays from Sydney.

Local news is scarce but the telegraph editor more than earns his salary. There is plenty of advertisement space to be let but the small circulation is prohibitive. However, the party gets a good deal of news and more amusement out of the sheet.

Wireless messages received in Sydney state that the members of the party are all well and are wintering ditto. The wireless is in good shape, the only complaint coming from the operator is pain in off manufacturing stories on him, to keep him busy.

wireless is in good shape, complaints coming from the pilot, who swears that the painting of manufactured him to keep him busy.

BANFF TO ENTERTAIN MANY VISITORS THIS YEAR

Dr. Brett, of the Big Resort, Says Reservations Have Been Made Weeks in Advance

That there will be a record rush of tourists to Banff this year and that not only tourists from the United States but from every country in Europe will visit Banff's holiday resort headquarters for a summer vacation is the opinion of Dr. R. G. Brett, who is a guest at the Alberta hotel.

great highway with the work on the roads and the baths. "A lot of money will be spent in beautifying Banff this year," he said, "and when this work is completed Banff and the National Park will be a more desirable spot than ever for spending a vacation."

APPROVAL GIVEN TO FRESH EGG SCHEME

The grocers' section of the Retailers' association has approved tentatively of the proposal of the United Farmers for the provision of fresh eggs for the market in Calgary, and the matter will be presented more fully to the meeting of the whole association to be held next Friday.

FAVORS GOVERNMENT ROAD IN ALASKA

Washington, May 15.—Secretary Lane, of the Interior, today placed himself on record as favoring a railway system in Alaska constructed, owned, and operated by the government. "Government ownership of railroads in Alaska," he said, "seems to me the one policy that will most certainly make for her lasting progress."

SENATE WILL NOT PASS HIGHWAYS BILL IN PRESENT FORM

Ottawa, July 15.—On the motion for the second reading of the highways bill the senate, Sir George Ross said this appeared to be a measure bearing a good name, but not a good character. It had been discussed by the senate last year, and he was surprised to see the government bringing the measure forward again in its original form.

YANKEE ROBINSON CIRCUS IS COMING

The Yankee Robinson three-ring circus will be seen in Calgary for the first time this summer, and will spend a day here in its route across the continent. The circus will be seen at Victoria Park on Thursday, June 12, and this is the first time that the great and widely-known show has been on a visit to the west of Canada.

Sir George Ross Announces That It Will Be Dealt With as He Says It Should Be

N.S. to B.C. on the "Air Line"

August 27, 1912, two men in an automobile shot out of Halifax. October 14, 1912, the same two men went into Vancouver. Let your imagination take you over 4,160 miles of travelling which words fail to amply describe and you'll find yourself saying: "We know that where a car can go, Dunlop Traction Tread tires can also go, and help materially in getting the car there. Men like Haney and Wilby, who made the first All Red Route trip across Canada give great credit to Dunlop Traction Tread tires, for here are extracts from their own signed statements:

"I desire to testify to the wonderful wearing qualities under most trying conditions of Dunlop Traction Treads."

"It was simply wonderful to see how the tires held the car to the road under the very worst weather conditions and to find the sense of fear disappearing when motoring over narrow ledges, overhanging precipices and on 25 to 30 per cent. grades."

"Dunlop Traction Tread is the highest priced tire made in Canada. You discover that fact when you are actually buying the tire. You forget it when you commence totalling up tire mileage received and tire mishaps averted."

DUNLOP Traction Tread Tires
Fit every type of rim
Have greatest air-capacity

SUNDAY DEALS ARE NOT VALID IN THE EYE OF LAW

Chief Justice Makes Interesting Pronouncement During Hearing of Real Estate Case

Sunday real estate will not stand the eye of the law. Such was the tenor of a verdict given by Chief Justice Ramsay in the supreme court yesterday. It was again a real estate deal which the plaintiff, Alfred B. Swinsted, sought to cancel with Gustav W. Anderson. It was brought out in the evidence that the agreement had been made on a Sunday and his honor said that for that reason the contract could be invalidated as a breach of the Lord's Day Act.

The plaintiff brought suit for the cancellation of the sale of two lots in the Altadore subdivision in Edmonton. The lots were purchased in April, 1912, for \$1100, the sum of \$900 being paid in cash and the remaining \$200 to be paid within a year.

Misrepresentation Made
The action was raised for the reason that it was claimed that there had been misrepresentation in the sale. The vendor had claimed that the lots were only a mile and a half from the post office and were high and dry. The purchaser, however, found that three miles from the post office and under water for a time being a mass of ice in December last.

The defendant claimed that he had shown the location of the lots on an official map of the Edmonton and explained that the lots sloped towards a slough. It was then shown that the agreement was made on a Sunday and the chief justice said that the agreement could be cancelled for that reason alone. He then gave judgment for the plaintiff ordering the return of the money paid with interest at 5 per cent. for the time that it was held by the defendant.

E. V. Robertson appeared for the plaintiff and Edward Coleman for the defendant.

Building Permits.
Building permits are few and far between these days, and nothing but a few houses of the smaller order are on the list. The number for yesterday was smaller than usual, and was as follows:
H. Scott, Central Park, dwelling, \$1,600; Phillip Repp, Bridgeland, dwelling, \$1,500.
J. Ehrhart, South Calgary, dwelling, \$2,500.
H. J. Spicer, South Calgary, dwelling, \$1,200.
Thomas Bruchel, Britton, dwelling, \$1,200.
Robert Nails, Hillhurst, dwelling, \$2,000.
G. Furnell, Pleasant Heights, dwelling, \$1,200.

CANADIAN NORTHERN RUNNING AT COAST

Vancouver, May 16.—The first train yesterday made the journey from Fort Mann to Sursum, a distance of 500 miles inland, over the Canadian Northern Railway. Among the party which made the trip from Fort Mann were the lieutenant governor, Sir Richard McBride, and a number of other officials of the provincial government.
