The copy filmed here has been reproduced thanks to the generosity of:

Seminary of Quebec  
Library

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Séminaire de Québec  
Bibliothèque

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

THIS BOOK WILL BE FOUND TO CONTAIN A  
LARGE NUMBER OF COLORING, COOKING,  
AND OTHER RECEIPTS, VERY USEFUL  
TO EVERY FAMILY.

PUBLISHED BY  
NORTHROP & LYMAN,  
TORONTO, (Late of Newcastle), ONT.

Presbyterian Printing Company, 102 Bay Street, Toronto.

# CANADIAN LIQUID HAIR DYE!

A preparation complete in itself, excelled by none for colouring the Hair and Whiskers. It is carefully prepared from the best materials, and by its peculiar combination is warranted to produce without injury to the hair, a most beautiful brown or black, as may be preferred, allowing it to retain all the lively appearance of nature. Unlike many other Hair Dyes, it will neither rub nor wash off. Try a bottle, it will give your satisfaction.

Prepared only by **NORTHROP & LYMAN** Toronto.

Price 50 cents per bottle.

*Sold by all Druggists and Medicine Dealers.*

## Dr. Kellogg's Catarrh Snuff.

This Snuff has thoroughly proved itself to be the best article for curing Catarrh, Cold in the Head, and Headache. It has been found also an excellent remedy in many cases of Sore Eyes and Deafness. Hearing has often been greatly improved by its use. It is fragrant and agreeable, and

### GIVES IMMEDIATE RELIEF

to the dull, heavy pains caused by cold in the head. The sensations after using it are delightful and invigorating. It opens and purges out all obstructions, strengthens the glands and gives healthy action to the part affected.

**NORTHROP & LYMAN, Toronto., Ont.,**

Sole Agents for Canada.

For Sale by all Medicine Dealers. Price 25 cents per Bottle.

### A SECRET WORTH KNOWING!

Some horse dealers have discovered that by the use of 'DARLEY'S CONDITION POWDERS AND ARABIAN HEAVE REMEDY' their horses are so much improved in every respect that they will readily sell for from \$25 to \$60 each more than they would otherwise, and at a cost of not more than \$1 each. We consider this a secret worth knowing, and one, which all who own horses, should not fail to profit by; it is unquestionably the best horse medicine ever sold.

*Remember the name, and see that the Signature of Hurd & Co. is on each Package.*

**NORTHROP & LYMAN, Toronto, Ont.,**

# NO RISK!

**ELECTRICITY! THOMAS' ECLECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD. DO YOU KNOW ANYTHING OF IT? IF NOT, IT IS TIME YOU DID.**

**"PAIN CANNOT STAY WHERE IT IS USED."**

It is the **CHEAPEST MEDICINE EVER MADE.** Five drops covers a surface as large as the hand. One dose cures **SORE THROAT.** One bottle has cured **BRONCHITIS.** Fifty cents' worth has cured an **OLD STANDING COUGH.** It *positively* cures **CATARRH, ASTHMA, and CROUP.** Fifty cents' worth has cured **CRICK IN THE BACK,** and the same quantity **LAME BACK** of eight years' standing. It cures **SWELLED NECK, TUMORS, RHEUMATISM, NEURALGIA, CONTRACTION OF THE MUSCLES, STIFF JOINTS, SPINAL DIFFICULTIES, and PAIN and SORENESS in any part,** no matter where it may be, or from what cause it may arise, it *always* does you good. Twenty-five cents' worth has cured bad cases of **DYSENTERY.** One tea-spoonful cures **COLIC** in 15 minutes. It will cure any case of **PILES** that it is possible to cure. Six or eight applications are **WARRANTED** to cure any case of **EXCORIATED NIPPLES or INFLAMED BREAST.** For **BRUISES,** if applied often and bound up, there is never the slightest discoloration to the skin. It stops the pain of a **BURN** as soon as applied. Cures **FROSTED FEET, BOILS, WARTS, CORNS, and WOUNDS** of every description on man or beast.

## WHAT IT MEANS.

**ECLECTRIC.**—Selected and electrized. A union of the words **Eclectic,** to choose, and **Electric,** containing electricity. The proprietor of **THOMAS' EXCELSIOR ECLECTRIC OIL** has the exclusive right to use the word **Eclectic** as applied to any and all preparations of medicine, he having coined the word, and having a copyright thereof.

## WHAT IT IS MADE OF.

There are but few preparations of medicine which have withstood the impartial judgment of the people for any great length of time. One of these is **THOMAS' ECLECTRIC OIL.** Scientific physicians know that medicines may be formed of several ingredients in certain fixed proportions of great power, and producing effects which could never result from the use of any one of them or in different combinations. Thus, in the preparation of this Oil, a chemical change takes place, forming a compound which could not by any possibility be made from any other combination or proportions of the same ingredients or any

other ingredients, and entirely different from anything ever before made, one which produces the most astonishing results, and having a wider range of application than any medicine ever before discovered. It contains no alcohol or other volatile liquids, consequently loses nothing by evaporation. Wherever applied you get the benefit of every drop, whereas with other preparations nearly all the alcohol is lost in that way, and you get only the small quantity of Oils which they may contain.

See testimonials on wrapper around each bottle for remarkable cures. Persons who have any trouble *whatever* of the

### THROAT AND LUNGS

are particularly requested to read the following and to act upon it.

As a medicament for diseases of the LUNGS AND THROAT, whether used for bathing the chest or throat, for taking, or for inhaling, *it is worth its weight in gold!* When inhaled, its agreeable vapor pervades the lungs, increasing respiration, thereby gradually expanding the lungs, conveying its virtues to every diseased part, renewing the powers of life, HEALING ULCERS, and enabling the patient to raise with ease. If your throat or lungs are diseased, you are probably seeking relief from some quarter. If the Eclectic Oil is as represented, it is the medicine you want. It is not necessary to purchase a large quantity; a 25 cent bottle is sufficient for a trial; a single dose has cured hoarseness of several weeks' standing. Full directions with every bottle, for using externally, taking, and for inhaling.

The demand for this celebrated Oil is increasing rapidly because it does what it advertises to do, consequently advertises itself. The sale of a single bottle has been the means of selling many dozen, and its great merit has made it, within the short space of five years a STANDARD MEDICINE. It is believed to be immeasurably superior to anything ever made. Will save you much suffering and many dollars of expense.

### As a Horse and Cattle Medicine it is Unequaled.

It cures COLIC without failure; also cures GALLS *and work the horse every day.* Fifty cents' worth will generally cure the worst case of CONTRACTION of the HOOF, never takes more than four bottles.

There are many persons who have been using for 20 or 30 years what they considered never failing remedies for Horses and Cattle, who have entirely abandoned their use, and now freely admit that the ECLECTRIC OIL is not only the Cheapest, but the Best. If you have a horse or an ox taken suddenly ill, and do not know what the trouble is, give them four table-spoonfuls of the Oil, according to directions, and in 80 cases out of 100 it will cure. *Remember this!* Druggists and Country Store-keepers have it.

**NORTHROP & LYMAN, Toronto, Ont.**  
General Agents.

*The following Page contains Extracts from a few of the many letters that have been received from different parts of Canada relative to this Oil, which we think should be sufficient to convince the most sceptical.*

JOHN COLLARD, Sparta, writes, Oct. 30, 1871.—“Send me Six Dozen Thomas' Electric Oil. Have sold all I had from you, and want more now. Its cures are wonderful.”

WM. MAGUIRE, Franklin, writes, May 15, 1872.—“Please send me Three Dozen Electric Oil. We have sold all the agent left here. It acts like a charm. It was slow sale at first, but takes splendid now.”

H. COLE, Iona, writes, Nov. 15, 1871.—“Please forward five or six dozen Dr. Thomas' Electric Oil. Am nearly out. Nothing exceeds it. Highly recommended by those who have used it here.”

MILLER & REID, Ulverton, P. Q., write, June 20th, 1872:—“The Electric Oil is getting a great reputation here, and is daily called for. Send on, without delay, four dozen.”

JOHN BEDFORD, Thamesville, Ont., writes, Dec. 2, 1871.—“I am nearly sold out of the Electric Oil—only one bottle left out of the three dozen I had. I never saw anything sell so well, and give such general satisfaction. I think six dozen will soon sell here.”

JOHN THOMPSON, Woodford, writes, March 9, 1872:—“On receipt of this, please send by express three dozen Electric Oil. I am sold clean out of the last three dozen; nothing in the market takes like it.”

W. GEO. O. BURDICK, of Caradock, writes, March 12, 1872:—“I have been troubled for the last four years with Rheumatism and Neuralgia, and doctored with all the doctors to no avail. I bought two bottles of Dr. S. N. Thomas' Electric Oil, and it has helped me very much. Believing it to be a good thing I would like to sell it around the country for you,” &c.

THOMAS ROBINSON, Farnham Centre, P. Q., writes: “I have been afflicted with Rheumatism for the last ten years, and have tried many remedies without any relief. Last January I got a bottle of Dr. Thomas' Electric Oil and found it gave me instant relief, and since then have had no attack of it. I would recommend it to all.”

J. H. EARL, Hotel Keeper, West Shefford, P. Q., writes: “I have been troubled with Liver Complaint for several years, and have tried different medicines with little or no benefit, until I tried 'Dr. Thomas' Electric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in case of Cuts, Wounds, etc., and think it is equally as good for horse as for man.”

H. GLADDEN, West Shefford, P. Q., writes: “For a number of years I have been afflicted with rheumatism. Two years ago I was attacked very severely. I suffered a great deal of pain, from which I was not free for a day, until last spring when I began to use Dr. Thomas' Electric Oil, and I rejoice to say that it has cured me, for which I am thankful now, and ever shall be.”

E. BURROWS, of the firm of Burrows and Winstanley, Sarnia and Wilkesport, writes that he was cured of a very dangerous case of inflammation of the lungs, solely by the use of five bottles of Electric Oil. Feels great pleasure in recommending it to the public, as he had proved it (for many of the diseases it mentions to cure) through his friends, and in nearly every instance it was effectual.

# CANADIAN PAIN DESTROYER!

FOR THE IMMEDIATE RELIEF OF PAINS!

*Used both Internally and Externally.*

## The Pain Destroyer will Relieve

*Rheumatism—Pleurisy—Pains in the Side—Lame Back—Spinal Affections—Sprains and Bruises—Pains in the Head—Sick Headache—Colic—Cholera—Cramps in the Stomach—Cholera Morbus—Dysentery—Bowel Complaints—Sudden Colds—Sore Throat—Neuralgia—Tic Doloureux—Burns—Toothache—Frost Bites—Chilblains.*

THE "Canadian Pain Destroyer" is composed entirely of vegetable ingredients, and by means of an improved process of preparation the valuable and healing qualities of the different articles entering into its composition are extracted in all their purity, while all useless and deleterious matter is removed, and thus in a small compass much power is concentrated, and a small quantity only of the medicine is needed to effect a cure.

The "Canadian Pain Destroyer" has been before the public for many years, and we do not know of a single case where it has failed to give permanent relief when timely used, or an instance of dissatisfaction when properly and faithfully applied; but on the contrary, all who have used it are delighted with its operations, and speak in the highest terms of its magical effects and medical virtues; and therefore we say to those who are afflicted with any of the diseases or complaints for which it is recommended, that they may depend on the "Canadian Pain Destroyer" as being a scientific preparation, and a never-failing remedy.

The "Canadian Pain Destroyer" has been, and is now, the means of relieving hundreds of persons daily from the torturing pains of Rheumatism, and its wonderful success in relieving Nervous Affections, entitle it to a high rank in the list of remedies for these complaints.

It certainly requires an article of real merit and intrinsic value to sustain itself during the stern ordeal of public experiment, and this the "Canadian Pain Destroyer" has done; it has stood the test trial, and has not been found wanting.

The success and sale of this article far exceeds our most sanguine expectations; orders from medicine dealers and merchants in all parts of Canada are coming in daily for a further supply of it, and each testifying as to the general satisfaction it gives.

The "Canadian Pain Destroyer" is for sale in every City, Town, and Village throughout the Province. Physicians order and use it wherever its magical effects have been witnessed, and no family will be without it after once giving it a fair trial. To all sufferers we would say, do not let your prejudices, or the prejudices of others, stand in the way of relief that is sure to follow the use of the "Canadian Pain Destroyer," which has now become the standard medicine of the day.

**Directions for Using the Canadian Pain Destroyer.**

In cases where it is desirable to reduce the Pain Destroyer before using, mix well with sugar, syrup, or honey, and a little water.

**In Cases of Cuts or Bruises**, where the skin is broken, apply the diluted Medicine as above to the affected parts, to stop the pain and prevent inflammation. Should the patient feel faint, a small quantity of the same mixture taken inwardly will soon revive them.

**For Asthma**, bathe the throat and chest well with the Canadian Pain Destroyer pure, and take a dose of the diluted medicine containing a spoonful of the Pain Destroyer when distressed, and relief will be had in a few minutes.

**For Hoarseness and Sore Throat**, bathe the Throat with the Pain Destroyer; then mix one part of Pain Destroyer and two parts sweet oil, saturate a piece of linen or flannel, and bind it on the throat on going to bed, and take a dose of diluted medicine. This repeated two or three times will generally effect a cure.

**Canada Cholera, or Cholera Morbus.**—This disease generally commences with vomiting and purging; the first thing to be done is to check the Diarrhoea and get the patient warm; this can be done most effectually by taking frequent doses of the diluted medicine, and bathing the abdomen and spine thoroughly with the Pain Destroyer pure. This, if attended to in time, will generally stop the disease.

**Billious Colic** usually commences with griping pains in the stomach, followed of: times by vomiting. Cure:—Take a teaspoonful of Pain Destroyer mixed with sugar and water, at once, and repeat the dose every half hour, and bathe the abdomen well with the pure medicine until the pain ceases; then take some mild cathartic medicine to operate upon the bowels.

**For Burns and Scalds.**—If the skin is not broken. soak some lint or cotton in the Pain Destroyer and apply at once to the part affected, keeping the cotton well saturated with the Pain Destroyer. If the skin is broken, it will do no harm to treat it in the same way if the patient can bear it; but if not, use the diluted medicine. In a short time it will take out all the fire, and the pain will stop; then cover with a tallowed rag to keep the air from it.

**Neuralgia, Lumbago, Rheumatism, &c.**—The Canadian Pain Destroyer is the best preparation known for the cure of these most troublesome diseases, and by rubbing well and briskly with the pure medicine, and keeping flannels wet with it on the parts affected, relief is sure to be had. In cases where the disease has become chronic, and the joints swelled or contracted, an excellent embrocation may be made of Pain Destroyer and sweet oil in equal parts, and a frequent and vigorous rubbing of the parts with this will invariably effect a cure.

**FOR CHILDREN AND INFANTS.**

Use the Pain Destroyer in the same way as for adults, only in smaller doses, according to the age and constitution of the child.

Purchasers will please ask for the **Canadian Pain Destroyer**, prepared by **NORTHROP & LYMAN**, Toronto, Ont., and observe their note of hand on the wrapper, and be sure not to take any other, if they would get the genuine article.

**READ THE FOLLOWING :**

AGRICULTURAL WORKS,  
NEWCASTLE, ONT., August 1st., 1869.

*Messrs. Northrop & Lyman :*

GENTLEMEN,—I have used your “Canadian Pain Destroyer” in my family for the last ten years, and for a general medicine I believe it is the best I have ever used. For Rheumatism, Neuralgia, Pains, Crick in the Back, Sore Throat, Pains in the Chest and Side, Frost Bites, Burns and Bruises, &c., I do not think it has any equal.

I have from 40 to 60 men working for me constantly, and have heard many of them speak of its merits in the highest terms.

H. A. MASSEY, *Proprietor.*

A. B. KENT, of Newcastle, says :—“Having had occasion recently to test the qualities of the Canadian Pain Destroyer in cases of those complaints so peculiar to this season of the year, in my own family, as well as at other times, for other ailments, I deem it but just to yourselves, and a duty to the public, to record my high appreciation of this remedy. It has never, so far, failed me; and I have great confidence in it, especially for summer complaint and colds.”

*Northrop & Lyman :*

NEWCASTLE, August 18th.

SIRS,—I have been a great sufferer from Neuralgia for a length of time, and have tried several good physicians, and quite a number of patent medicines, which afforded me only slight relief; finally, I was recommended to try a bottle of Canadian Pain Destroyer, which, in justice to yourselves, I must say has done me more good than anything else I ever tried. I have much pleasure in recommending this medicine to all similarly afflicted. Yours,

F. BOATE,

*Widow of the late W. T. Boate, School Superintendent.*

DR. SAMUEL SHERICK, Waterloo Township, says :—“I have used in my practice considerable quantities of Canadian Pain Destroyer, and with very satisfactory results in Rheumatic Affections, Diarrhœa, Colic, Cramps, Lameness, Pains of the Bones, Joints, &c.”

W. H. BOWMAN, Berlin, says :—That he sells more of the Canadian Pain Destroyer than all other preparations of a similar nature put together, and finds that it gives general satisfaction.

JOHN T. WAIT, of Armprior, says :—“Send me five gross of your Canadian Pain Destroyer at once, as I am nearly out, and the demand for it is constantly increasing.”

GEO. MORTIMER, Ottawa, says:—"Send me two or three gross of your Canadian Pain Destroyer, as I am on my last dozen, and shall be entirely out before a fresh supply can arrive."

B. A. MITCHELL, London, also says:—"Send me two gross of your Canadian Pain Destroyer at once, as I am entirely out."

CHAS. BRITTON, Lindsay, Merchant, says:—He finds the Canadian Pain Destroyer an excellent article, and always recommends it in preference to any other.

*Sold by all Medicine Dealers at 25c. per Bottle.*

All orders for the "Canadian Pain Destroyer" must be addressed to—

**NORTHROP & LYMAN, Toronto, Ont.**

"My hand is not a lemon, nor my lips dear meat," as the young lady said to her escort when they parted at the door the other night. Why did she speak thusly?

An American, teaching English to a German, met his request for a specimen of an English irregular verb thus:—"I go, thou wentest, he departed, we made tracks, you cut sticks, they skedaddled."

TOO MUCH LEARNING.—A learned young lady the other day astonished the company by asking for the loan of a diminutive argenteous truncated cone, convex on its summit, and semi-perforated with symmetrical indentations. She wanted a thimble.

"Gentlemen," said an orator who was soliciting the grangers' votes, "I am proud to be one of you. My father was a farmer, and I am a farmer born. Yes, I may truly say, I was born between two rows of corn." At this juncture a tipsy agriculturist, at the further end of the room, hiccoughed out:—"A (hic) pumpkin, I guess!"

After severil years uv reflection, I have come to the konklusjon that the three most difficult things in life are—1st. Carryin' an armful of live eels up a steep hill without spillin' an eel; 2nd. Aktin as a referee at a dog fight without gettin' mad; 3rd. Editin' a newspaper.

The population of the principal cities in the world is as follows:—London, 3,254,260; Sutchan (China), 2,000,000; Paris, 1,851,792; Pekin, 1,300,000; Tschantschau-fu, 1,000,000; Hangtchau-fu, 1,000,000; Siangtan, 1,090,000; Sing-nan-fu, 1,000,000; Canten 1,000,000; New York, 942,292; Tientsin, 900,000; Vienna, 844,284; Berlin, 826,341; Hangkau, 800,000; Schingtu-fu, 800,909; Calcutta, 793,645; Tokio (Yeddo), 674,447; and Philadelphia, 674,022. Of Cities smaller than Philadelphia, the leading ones are—St. Petersburg, 667,663; Bombay, 645,405; Moscow, 611,670; Constantinople, 600,000; Glasgow, 587,548; Liverpcol, 463,405; and Rio de Janeiro, 420,000.

# AYER'S SARSAPARILLA.

**FOR PURIFYING THE BLOOD.**

This compound of the vegetable alteratives, Sarsaparilla, Dock, Stillingia, and Mandrake, with the Iodides of Potassium and Iron, makes most effectual cure of a series of complaints which are very prevalent and afflicting. It purifies the blood, purges out the lurking humors in the system that undermine health and settle into troublesome disorders. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of Scrofula, and all scrofulous diseases, Ulcers, Eruptions, and eruptive disorders of the skin, which are the appearance on the surface of humors that should be expelled from the blood. Internal derangements are the determination of these same humors to some internal organ, or organs, whose action they derange, and whose substance they disease and destroy. AYER'S SARSAPARILLA expels these humors from the blood. When they are gone, the disorders they produce disappear, such as *Ulcerations of the Liver, Stomach, Kidneys, Lungs, St. Anthony's Fire, Rose or Erysipelas, Pimples, Pustules, Blotches, Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Ulcers and Sores, Rheumatism, Neuralgia, Pain in the Bone., Side, and Head, Female Weakness, Sterility, Leucorrhœa—arising from internal ulceration and uterine disease, Dropsy, Dyspepsia, Emaciation and General Debility.* With their departure health returns.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

COOKING RECEIPTS.

**Excellent Short Crusts.**—Take two ounces of fine white sugar, pounded and sifted, quite dry, then mix it with a pound of flour well dried; rub into it three ounces of butter so fine as not to be seen; into some cream put the yolks of two eggs, beaten, and mix the above into a smooth paste; roll it thin, and bake it into a moderate oven.

**Another.**—Mix with a pound of fine flour dried, an ounce of sugar pounded and sifted; then crumble three ounces of butter in it till it looks all like flour, and with a gill of boiling cream work it up to a fine paste.

**A Common Cake.**—Mix three-quarters of a pound of flour with half a pound of butter, four ounces good sugar, four eggs, half an ounce of caraways, and a glass of raisin water. Beat it well, and bake in a quick oven.

**To Make Splendid Buns.**—Three cups of sweet milk, one cup of sugar, one cup of yeast; set in sponge over night. In the morning add another cup of sugar, one cup of shortening, and a cup of fruit, if you like, then rise again; when light, roll out and put on tins, and rise again; when light, bake them.

**Potatce Pie.**—Skin some potatoes, and cut them into slices; season them; and also some mutton, beef, pork, or veal. Put layers of them and of the meat.

**Lemon Mince Pie.**—Squeeze a large lemon, boil the outside till tender enough to beat to a mash, add to it three large apples chopped, and four ounces of suet, half a pound of currants, four ounces of sugar; put the juice of the lemon, and candied fruit as for other pies. Make a short crust, and fill the patty-pans as usual.

**Mock Mince Pie.**—One and one-half cracker pounded fine, three table-spoons vinegar, three of sugar, three of molasses, a bit of butter, spice and raisins to taste.

**Custard Pie.**—Boil a pint of milk; when nearly cold add three well beaten eggs, a little essence of lemon, a pinch of salt, and sugar to taste. Grate nutmeg over, and bake with an under crust.

**Lemon Custards.**—Beat the yolks of eight eggs till they are as white as milk; then put to them a pint of boiling water, the rinds of two lemons grated, and the juice sweetened to your taste. Stir it on the fire till thick enough; then add a large glass of rich wine, and half a glass of brandy; give the whole one scald, and put it in cups, to be eaten cold.

**Almond Custard.**—Blanch and beat four ounces of almonds fine with a spoonful of water; then beat a pint of cream with two spoonfuls of rose water, and put them to the yolks of four eggs, and as much sugar as will make it pretty sweet; then add the almonds; stir it all over a slow fire till it is of a proper thickness; but do not boil. Pour it into cups.

Hive (or Croup) Syrup has long been known and used by the people and physicians as a universal Cough Medicine, and has an older and better reputation than any other Cough Remedy ever offered to the public. In fact it forms the basis of all good Cough Medicines.

RANSOM'S HIVE SYRUP AND TOLU, in addition to ingredients for ordinary Hive Syrup, contains Balsam of Tolu, decoction of Skunk Cabbage Root, Lobelia and Hops; a combination that must commend it to every one as a superior remedy for Croup, Whooping-Cough, Asthma, Bronchitis, Coughs and Colds; indeed, for all affections of the Throat and Lungs where Cough Medicine is necessary. This Syrup is carefully prepared under the personal direction of a regular physician of over twenty years' practice, whose signature is attached to the directions on the bottle. Its very pleasant taste makes it an agreeable medicine for children. Every person should keep a bottle of Ransom's Hive Syrup and Tolu in the house, not only as a universal Cough Medicine, but as a sure and ready remedy for sudden attack of CROUP among the children. It is a sure remedy for distressing attacks of Asthma, affording relief in a very short time. With full directions, both in English and German, pasted on each bottle. Reader, try one bottle of this superb article. When once tried, its superior merits will be acknowledged by every one. Remember that CONSUMPTION is caused in most cases by neglecting a slight cough.

RANSOM'S HIVE SYRUP AND TOLU is for sale by dealers in medicines throughout the country. Small bottles contain four, and large bottles eight ounces by weight.

#### PHYSICIANS' TESTIMONY.

The undersigned, practising Physicians and Surgeons, certify that we have used and prescribed the Hive Syrup and Tolu prepared by D. Ransom, M. D., and find it an excellent remedy for ordinary Coughs, Hoarseness, Bronchial and Lung affections:—

J. A. RESSEGIEU, M.D., Earlville, N. Y.  
H. MEAD, M.D., Morrisville, N. Y.  
GEO. MUNGER, M.D., Morrisville, N. Y.  
THEO. MEAD, M.D., Perryville, N. Y.  
LEVI P. GREENWOOD, M.A., Erieville,  
N. Y.

E. H. GREY, M.D., Eaton, N. Y.  
E. W. ROOT, M.D., East Hamilton, N. Y.  
E. S. LYMAN, M.D., Sherburne, N. Y.  
O. B. WILCOX, M.D., Assistant Surgeon U. S. Army.  
J. M. THROOP, M.D., Surgeon U. S. A'y.

EXTRACTS FROM LETTERS.

*Milton, Wayne Co., Ind.*—Your Hive Syrup and Tolu has proved itself the most reliable medicine for the purpose intended of which I have any knowledge.  
 DAVID G. KERN.

*Edwards, Wis.*—I have sold all the Magnetic Ointment your Agent left me last summer, and wish you to send me a supply as soon as possible, as I don't like to lose my customers by not having it always on hand.  
 EDWARD NEWHOUSE.

*White Pigeon, Mich.*—I find your Hive Syrup and Tolu an excellent remedy for Whooping Cough and Croup, especially for the former, which is prevailing in a neighbourhood south of us, I must not be out of the Syrup; please forward me a supply without delay.  
 W. O. AUSTIN.

*Grand Haven, Mich.*—Please send us six dozen Hive Syrup and Tolu; we have sold all your agent left with us. We cannot afford to be without it.  
 ANGEL & NORTH.

*Jerseyville, Ill.*—Your very reliable medicines have a great run here. I am out of your Hive Syrup and Tolu. Please send me a gross as soon as you can.  
 C. A. BUFFINGTON.

*Indianola, Iowa.*—We have sold all the Hive Syrup and Tolu left with us, and could have sold double the quantity. It gives very general satisfaction. We want a supply at once.  
 WAYSON & NOBLE.

*Chatham Four Corners, N. Y.*—Send me a supply of your Hive Syrup and Tolu and Trask's Magnetic Ointment; I am entirely out, and cannot keep a shop without them.  
 J. L. BEST.

*Tufton, Grant Co., Wis.*—There is no medicine that sells so rapidly as your Trask's Magnetic Ointment and Ransom's Hive Syrup and Tolu. The Syrup of Tolu will stop coughing almost instantly, and is a certain remedy every time for the Croup. The Magnetic Ointment is a universal remedy. I have used, in my own family, including what my neighbours have borrowed, no less than twelve bottles. It is the best for Burns, Sores, Swellings, Sore Throat, and, indeed, everything it is advertised to cure of all the medicines used for such purposes. I am out of the two medicines. Send me a supply at once.  
 DAVID PARSONS.

*Frankstown, Pa.*—I bought some of your Hive Syrup and Tolu a few days ago, and have sold it all. It has given entire satisfaction. Please send me six dozen immediately, and I will forward the funds on receipt of it.  
 MARTIN L. STEHLEY.

*Berrien Spring, Mich.*—The six dozen bottles of your most excellent Cough Mixture, Hive Syrup and Tolu, which was left by your agent last fall, is entirely gone; and as it is an article no druggist or community can dispense with, will you please forward to me six dozen more, to be accounted for to your agent when he comes to this place again.  
 L. A. BARNARD.

# DARLEY'S CONDITION POWDERS, AND ARABIAN HEAVE REMEDY.

## FOR HORSES AND CATTLE.

Are positively superior to any or all other preparations for the cure of Heaves, Coughs, Thick and Broken Wind, and all diseases which affect the Wind of Horses; also as a Condition Medicine, surpassing everything of the kind; is easy to give, sure to cure, and safe in all cases, at all times, and does not prevent the horse from being worked while using it.

These powders have now been in use in this country about twenty years, during which they have effected more cures, and done more to improve the Condition of Horses than all others combined. This statement is confirmed by the testimony of thousands who have either used them or seen them used by others. No person who has used them will use any other, and many have travelled miles to procure them, well knowing that they were the only powders on which they could depend. They do not, like most articles of the kind, benefit for the time being only; their effects are *permanent and always safe*; they do not contain any of the *mineral or vegetable stimulants* generally used, which, though they appear at the time to benefit, really injure the animal. This many know, who have been induced to use some of the many Horse Medicines scattered over the country, generally prepared from *coarse, cheap materials*, by persons of little or no intelligence, who possess no knowledge of compounding medicines, and who knew not, that many articles, harmless in themselves, become, when combined, positively injurious. There is no doubt but many valuable horses have been lost in this way.

But here is a Medicine, composed of the **VERY BEST MATERIALS**, prepared with the greatest care, and in the most skilled manner, by an experienced Chemist. It contains nothing that will injure a horse, whether sick or well, and may be given with safety at all times. It is, in fact, the only preparation upon which any dependence can be placed in the treatment of those complaints for which it is designed.

**PRICE—25 CENTS.**

**D. W. HURD, Successor to Hurd & Co.,**  
Maiden Lane, New York, Sole Proprietor for the United States.

**NORTHROP & LYMAN,**  
Toronto, Ont., Proprietors for Canada.

## DOMESTIC RECEIPTS.

**An excellent Lemon Pudding.**—Beat the yolks of four eggs; add four ounces of white sugar, the rind of a lemon being rubbed with some lumps of it to take the essence; then peel, and beat it in a mortar with the juice of a large lemon, and mix all with four or five ounces of butter warmed. Put a crust into a shallow dish, nick the edges, and put the above into it. When served, turn the pudding out of the dish.

**Baked Suet Pudding.**—To one pound of flour add six ounces of chopped suet, three pints of skim milk, nutmeg and salt: mix thoroughly and smoothly and bake the pudding in the dish under the meat.

**Icing for Cakes.**—For a large one, beat and sift eight ounces of fine sugar; put into a mortar with four spoonfuls of rose-water and the whites of two eggs, beaten and strained, whisk it well, and when the cake is almost cold, dip a feather in the icing, and cover the cake well; set it in the oven to harden, but do not let it stay to discolour. Put the cake in a dry place.

**A good Pound Cake.**—Beat a pound of butter to a cream, and mix with it the white and yolks of eight eggs beaten apart. Have ready, warm by the fire, a pound of flour, and the same of sifted sugar, mix them and a few cloves, a little nutmeg and cinnamon in a fine powder together; then by degrees work up all the dry ingredients into the butter and eggs. When well beaten, add a glass of wine and some caraways. It must be beaten a full hour. Butter a pan, and bake it a full hour in a quick oven.

The above proportions, leaving out four ounces of the butter and the same of sugar, make a less luscious cake, and to most tastes a more pleasant one.

**Cream Nectar.**—Two ounces tartaric acid, two pounds white sugar, juice of half a lemon, three pints water boil them together five minutes, and when nearly cold, add the whites of three eggs, well beaten, with half cup of flour, and one half ounce essence wintergreen. Bottle and keep in a cool place; take two table-spoons of this syrup for a tumbler of water and one quarter teaspoon soda. Stir it and drink.

**Apple Jelly.**—Pare tart apples and cut them up; put to them a little water, and let them boil until it becomes glutinous and reduced; then strain it; put one pound of white sugar to each pint of juice; flavor with lemon essence and boil it until it is a fine clear jelly; then strain it into moulds.

**To Take out Mildew.**—Mix soft soap with starch powdered, half as much salt, and the juice of a lemon; lay it on the part of both sides with a painter's brush. Let it lie on the grass day and night til the stain comes out.

**To Make Flannels Keep their Colour, and not Shrink.**—Put them into a pail, and pour boiling water on, letting them lie till cold the first time of washing.

**Tomato Catsup.**—One bushel of Tomatoes, boil and strain them through a colander and then through a sieve; then boil and skim until the froth stops rising, when the whole will be reduced to six quarts; then add one ounce white mustard and all kinds of spices except mace; half ounce of mace; the spice should be put in without grinding and allowed to boil about an hour. Then strain and add a pint of good vinegar and half a pound of loaf sugar—season with salt and cayenne to suit the taste. The spices can be saved and put in a bottle, and vinegar poured on them, and this vinegar used to thin the Catsup when wanted for use.

The almost unprecedented demand with which it meets stamps it at once as the **GREATEST MEDICAL SUCCESS** of the age.

It is constantly effecting cures of the utmost importance. **THE MOST INCREDULOUS** are **CONVINCED**—the most faithless are compelled to believe in the power and virtue of this great remedy.

It is universally admitted to be the **MOST WONDERFUL COMBINATION KNOWN TO THE WORLD** for the **IMMEDIATE RELIEF OF DISEASE AND PAIN**.

It never fails, while there remains sufficient life to restore a natural and healthy action to the capillary vessels of the body, and equalize the circulation of the blood. By this means **A CONTROLLING POWER IS GAINED OVER THE MOST MALIGNANT FORMS OF DISEASE**, which cannot be obtained from any other remedy. Such is the power of this combination, that it penetrates to every portion of the human frame; every bone and muscle, vein, nerve and ligament is searched out and made sensible of its purifying and healing influence. Hence it copes as readily with **INTERNAL** as **EXTERNAL** disease.

Numerous instances are on record where this remedy has restored health to patients so near the grave that the most powerful internal remedies failed to produce any effect. Such has frequently been the case in **INFLAMMATION OF THE BOWELS**. No patient ever need die with this disease, where the Magnetic Ointment can be obtained. That dangerous epidemic known as the **PUTRID ERYSIPELAS** can always be cured by this remedy. For **INFLAMMATORY RHEUMATISM**, this Ointment is the most complete remedy ever prepared. For **DIPHTHERIA** or Putrid Sore Throat it is unrivaled.

In ninety-nine cases out of a hundred, it will afford entire relief to the worst cases of **NERVOUS HEADACHE**, in 30 minutes.

FOR **NERVOUS DISEASES**, this medicine is of immense value. Affections of the **SPINE, RHEUMATISM, LAMENESS, ULCERATED SORE THROAT, BRONCHITIS, PLEURISY, CROUP, COLIC, CHOLERA MORBUS, AGUE** in the **FACE OR BREAST, BURNS, SCALD HEAD, SCROFULA, SALT RHEUM, ERYSIPELAS, INFLAMED EYES, FEVER SORES**, etc., will be immediately relieved by the use of **Dr. TRASK'S Magnetic Ointment**.

**DR. FOWLER'S**  
EXTRACT OF  
**WILD STRAWBERRY.**

A CERTAIN and effectual cure for *Diarrhœa* and *Dysentery*. A reliable remedy for every variety of Summer Complaints. A popular specific in *Flux* through its stages. A soothing and relieving agent in children *Teething*. An infallible and instantaneous check to *Cholera Morbus*; and, when administered at an early period, a cure for *Asiatic Cholera*.

This medicine has been prepared by us during the past twenty-five years, and from the remarkable success attending its administration in the various affections of the bowels enumerated above, more particularly in 1865, when it was brought to the favourable notice of the public, owing to its wonderful influence in curing and saving many valuable lives of those who were scourged with the dreadful plague. Since then it has been growing in public favor, and now is sought after by all classes, both rich and poor, and has become a leading and standard remedy,—its sales having more than doubled during the past two years.

CASTLETON, Oct. 11th, 1871.

MESSRS. WOODRUFF, BENTLEY & Co.—Sirs—This is to certify that I have used *Dr. Fowler's Extract of Wild Strawberry*, as prepared by you, and can honestly say that I consider it the best medicine sold for what it is recommended. I have used it in *Diarrhœa* and *Dysentery* of Children during the last eighteen years, and have known it to give relief when other medicines failed to do so. I would advise every one suffering with these complaints to give it a fair trial.

Yours respectfully,

(Signed),

CARMEN M. GOLD, M.D.

Dunbar, June 27th, 1873.

MESSRS. WOODRUFF, BENTLEY & Co.—Gentlemen—I have been selling your *Extract of Wild Strawberry* for the past fifteen years, and would say it is giving universal satisfaction, and the sale is constantly increasing. I could furnish you certificates from almost every family in this neighbourhood giving it a high recommendation.

SAMUEL H. ROSE.

## AYER'S CATHARTIC PILLS,

For all the Purposes of a Family Physic.

CURING *Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach and Breath, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Biliousness, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and Purifying the blood,* are the most congenial purgative yet perfected. Their efforts abundantly show how much they excel all other Pills. They are safe and pleasant to take, but powerful to cure. They purge out the foul humours of the blood; they stimulate the sluggish or disordered organ into action; and they impart health and

tone to the whole being. The cure not only the every day complaints of every body, but formidable and dangerous diseases. Most skillful physicians, and most eminent clergymen, and our best citizens, send certificates of cures performed and of great benefits they have derived from these Pills. They are the safest and best physic for children because mild as well as effectual. Being sugar coated, they are easy to take; and being purely vegetable, they are entirely harmless. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the Pills with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation. Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these Pills rapidly cure:—

For **Dyspepsia or Indigestion, Listlessness, Languor, and Loss of Appetite**, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery or Diarrhoea**, but one mild dose is generally required. For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back, and Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy and Dropsical Swellings**, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression**, a large dose should be taken, as it produces the desired effect by sympathy.

As a **Dinner Pill**, take one or two PILLS to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well often finds that a dose of these PILLS makes him feel decidedly better from their cleansing and renovating effect on the digestive apparatus.

Prepared by **Dr. J. C. AYER & Co., Lowell, Mass.,**  
Practical and Analytical Chemists.

SOLD BY ALL DRUGGISTS AND DEALERS IN MEDICINES.

Northrop & Lyman, Toronto, Ont., Gen. Agents.

THE GREAT FEMALE REMEDY

**JOB MOSES' PERIODICAL PILLS.**

This invaluable medicine is unailing in the cure of all those painful and dangerous disorders to which the Female constitution is subject. It moderates all excesses, and removes all obstructions; it invigorates the debilitated and delicate; and by regulating and strengthening the system, fortifies the youthful constitution for the duties of life, and when taken in middle or old age, proves a real blessing.

To MARRIED LADIES it is peculiarly suited; it will, in a short time, remove all obstructions, and bring on the monthly period with regularity. On the approach of Child-birth, these Pills should be used for two or three weeks previous to confinement; the benefits to be derived are incalculable; they fortify the constitution, lessen the suffering during labour, and make it of shorter duration. They also prevent weakness of the Uterine organs, and enable the mother to perform her duties with comfort to herself and child.

In all cases of Nervous and Spinal Affections, Pains in the Back and Limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics, and Whites, these Pills will effect a cure when all other means have failed; and, although a powerful remedy, do not contain iron, calomel, antimony, or anything hurtful to the constitution.

Full directions in the pamphlet around each package, which should be carefully preserved. JOB MOSES, NEW YORK, *Sole Proprietor*. \$1.00 and 12½ cents postage, enclosed to Northrop & Lyman, Toronto, Ont., General Agents for the Dominion, will insure a bottle, containing over 50 pills, by return mail.

CAUTION.—To insure getting the genuine Female Pills, see that each bottle has my name blown in the glass, and wrapped in a neat steel plate cut, on which are printed on white ground the words—"The Great Female Remedy, Job Moses' Periodical Pills," also my note of hand on one side of the wrapper as follows:

**\$0.01.** For value received, I promise to pay the bearer hereof one cent on demand, at my office.

Dated New York, March 1, 1872.

*Job Moses*

To imitate which is forgery.

Why should we use "Bryan's Pulmonic Wafers?" Because when used for coughs, colds, tickling in the throat, hoarseness, &c., they act like a charm. Ministers and Lawyers use them, physicians recommend them, and singers and public speakers say they are the very best medicine in existence for the cure of such complaints. Sold by all medicine dealers at 25 cents per box.

# DARLEYS' ARABIAN OIL

For Horses and Cattle,  
AND UNIVERSAL FAMILY LINIMENT.

A NEVER-FAILING REMEDY.

This valuable preparation combines all the medicinal virtues of those articles which long experience has proved to possess the most safe and efficient properties for the cure of

Flesh Wounds,  
Sprains, Bruises,  
Galls of all kinds,  
Cracked Heels,  
Ring-bone, Spavins,  
Wind-galls, Callous,  
Fistula, Sweeney,  
External Poisons,  
Scratches, or Grease,  
Strains, Lameness,  
Mange, Whitlows, Corns,  
Sand Cracks, Foundered Feet,  
Horn Distemper,

Swelling,  
Rheumatism, Cramps,  
Chilblains,  
Caked Breasts, Boils,  
Bites of Animals,  
Weakness of the Joints,  
Contraction of Muscles,  
Burns and Scalds,  
Frost Bites,  
Painful Nervous Affections,  
Chapped Hands,  
Tumors,  
Old Sores,

And many other Diseases which Man and Beast are subject to:

## Directions for Using the Arabian Oil on Horses.

### Spavin, Splint, Ring-Bone and Wind-Galls.

Spavin is a lump knot, or swelling on the hock below the joint, and is generally considered incurable. Take one 25 cent bottle of the Liniment and half an ounce of Iodine, rub them well together; with this bathe the Spavin two or three times a day, rubbing in each time with flannel cloths. If this treatment be persevered in, the lumps will soon disappear, and the limbs be left smooth and active. Splint, Ringbone, Wind-galls, and all other lumps or nodes, may be treated in the same way, and with almost a certainty of a speedy cure.

**For Bruises, Strains, Spring-Halt, Scratches, Sweney, Cracked Heels or wounds**—bathe the parts effected well with the Oil, and a speedy cure may be anticipated. Wounds or sores of any kind should be washed clean with Castile soap and warm water, and the horse kept in a clean, dry stable.

#### Saddle, collar or Harness Galls.

These sores, particularly where a horse is worked constantly, often become very obstinate, and difficult to cure. When they have become scirrhous and ulcerated, they should be thoroughly cleansed with castile soap, and the Oil applied freely, three or four times a day. When the outer skin is merely rubbed of, a few applications of the Oil will effect a cure.

#### Poll-Evil.

This is a very troublesome disease, and when it is thoroughly established is generally considered incurable. If taken in time, when the first appearance of swelling on the nape of the neck is discovered, if the Oil is freely rubbed on the affected part two or three times a day, and the horse allowed to rest, it will generally remove all the swelling or soreness in a week or ten days. But if it has proceeded to running or suppuration, make a single incision, so that it can discharge the matter freely; then wash the wound out clean with strong soapsuds and a sponge, and dress it with a bottle of the Oil. If the matter should be now in great abundance, repeat the dressing. This treatment will seldom fail to effect a permanent cure. Treat a Fistula or any other old sore in the same way, and you will very soon get rid of them.

### SPECIAL NOTICE.

A horse should never be worked or ridden while he is lame, or labouring under any serious affection, as is too often the case. It is a custom of the Mexicans never to mount a lame horse even on long journeys, showing in this respect at least, that they are too sensible of what is due to a faithful animal in distress, to made him carry his burthen, or travel while lame. Lameness from strains or any other cause, if taken in time, may generally be relieved in a very few days by a free use of this Oil twice a day, well rubbed in each time. When a horse's feet or legs are washed, they should always be rubbed dry; as, if they are left wet, the gradual evaporation of the water creates a chillness and numbness of the foot that frequently brings on Scratches and Cracked Heels, and general stiffness of the joints. In all cases a cure will be hastened by feeding Darley's Arabian Condition Powders, which act directly upon the blood.

"THE ARABIAN OIL" also acts like magic in cases of severe Burns, Frost Bites, Chilblains and Rheumatism, which makes it an excellent Family Liniment.

The "Genuine" is manufactured by NORTHROP & LYMAN, TORONTO, (late of NEWCASTLE,) Ont, and each wrapper bears their Signature.

*Northrop & Lyman*

N.B.—Ask for "DARLEY'S ARABIAN OIL," manufactured as above, and take no other.

Sold by all Druggists and Medicine Dealers throughout the Province.

Price Twenty-Five Cents per Bottle.

## THE GREAT ASTHMA REMEDY.

UNTIL very lately, that dreadful, tormenting, and long continued disease has been thought incurable. For ages it has been the bane of the medical profession, but at last a cure has been found in

### DR. THOMAS' ECLECTRIC OIL.

No more sleepless nights for the sufferer. Asthma has to succumb to that searching and penetrating medicine, as can be proven by those who have been cured.

S. CHADWICK, of Arcadia, Wayne Co., N. Y., writes:—  
 "I have had severe attacks of Asthma for several years. I commenced taking the Eclectic Oil. The first dose relieved me in one hour. I continued taking it in teaspoonful doses for a few days, and have not had an attack of it since, now nearly one year."

O. BORTLE, of Manchester, Ontario Co., N. Y., writes:—  
 "I obtained immediate relief from the use of Dr. Thomas' Eclectic Oil. I have had Asthma for 11 years. Have been obliged to sit up all night for ten or twelve nights in succession. I can now sleep soundly all night on a feather bed, which I had not been able to do previous to using the Oil."

Another writes:—"I have been troubled with Asthma for years; have used half a bottle of Eclectic Oil, and the benefit I have received from it is so great that I would not take one hundred dollars for the balance, if I could get no more."

A young lady visiting at a gentleman's house had a very severe attack of Asthma; it was thought she could not live until morning. "Eclectic Oil" was thought of, and with the first dose and application she had immediate relief, and was soon calmly sleeping.

*Sold by Druggists and Country Storekeepers at 25c. per Bottle.*

**NORTHROP & LYMAN, Toronto, Ont.**

**General Agents for the Dominion.**

ANNA STORY was recently married to Robert Short. A very pleasant way of making a story short.

To prevent bleeding at the nose, keep your nose out of other people's business.

WHAT is that from which, if you take the whole, some will remain? Wholesome.

A DARKEY'S instructions for putting on a coat were, "First de right arm, den de left, and den give one general conwulsion."

TRIEING to refute lies is like trieing to kill oph musketoze; yu only git rid of thoz which are partly satisfied, and let in a fresh and hungry batch.

"ARE you a burglar, sir? If so, do not come in, as I am alone," said a Somerville (Mass.) servant girl, when a man called the other day.

A GENTLEMAN was walking down Nassau Street behind two English swells, when he overheard the following conversation: "Arry, my boy," says one, "what's o'clock?" The other felt for his watch and exclaimed, "By Jove, h'I've left h't h'at' ome." Then turning to a bootblack standing by, he said, "My lad, what's o'clock?" "What's a clock?" says the lad; "why, you darned fool, it's a thing as big as your head, with hands on it." Englishman passed on.

FASHIONABLE Milliner: "You'll have the flower on the left side of the bonnet, of course, madam?" Fashionable lady: "Well—er—No! The fact is, there's a pillar on the left side of my pew in church, so that only the right side of my head is seen by the congregation. Of course I could change my pew!" Fashionable lady's husband: "Ya-as. Or even the church, you know, if necessary."

LENGTH OF DAYS.—The days of Summer grow longer as we go northward, and the days of winter grow shorter. At Hamburg the longest day has 17 hours and the shortest 7. At Stockholm the longest has 18½ hours, and the shortest 5½ hours. At St. Petersburg the longest has 19 and the shortest 5 hours. At Finland the longest has 21½ and the shortest 2½ hours. At Wanderbus, in Norway, the day lasts from the 21st of May to the 2nd of July, the sun not getting below the horizon for the whole time, but skimming along very close to it in the north. At Spitzbergen the longest day lasts three months and a half.

**What is Best to be Done.**—If you are suffering from rheumatism, lame back, sprains, strains or bruises, sick headache, toothache, colic, bowel complaints, burns, frost bites, &c.; decidedly the best thing to get is a bottle of the "Canadian Pain Destroyer." The cost is trifling, and its effects certain. It is a never failing remedy, and no family should be without it. Sold by all medicine dealers.

# AYER'S HAIR VIGOR!

*For Restoring Gray Hair to its Natural Vitality  
and Color.*

Advancing years, sickness, care, disappointment, and hereditary predisposition, all turn the hair gray, and either of them incline it to shed prematurely.

AYER'S HAIR VIGOR, by long and extensive use, has proven that it stops the falling of the hair immediately; often renews the growth, and always surely restores its color, when faded or gray. It stimulates the nutritive organs to healthy activity, and preserves both the hair and its beauty. Thus brashy, weak, or sickly hair becomes glossy, pliable and strengthened; lost hair regrows with lively expression; falling hair is checked and established; thin hair thickens; and faded or gray hair resume their original color. Its operation is sure and harmless. It cures dandruff, heals all humors, and keeps the scalp cool, clean and soft—under which conditions, diseases of the scalp are impossible.

As a dressing for ladies' hair, the VIGOR is praised for its grateful and agreeable perfume, and valued for the soft lustre and richness of tone it imparts.

**THOMAS' EXCELSIOR ECLECTRIC OIL,**  
As a Horse and Cattle Medicine is Unequaled!

A Western fair consisted of a calf, goose, and a pumpkin. It rained so hard the first night that the goose swam off, the calf broke loose and ate the pumpkin; and a thief prowling around stole the calf, and that ended the fair.

# YOUNG'S CORN SOLVENT.

*Removes Corns in 20 Minutes, without Pain or Cutting.*

The Solvent is a new Compound, and contains neither Aqua Fortis Vitriol, Muriatic Acid, nor any of those Caustic ingredients generally used in Medicine sold to Cure Corns. As its name indicates, it softens the Corn, and it will not injure the finest muslin; and if used in accordance with the plain printed directions, supplied with the medicine.

**Each small Vial, sold for Twenty-five Cents, contains sufficient Solvent to Cure, at least, a Score of ordinary Corns.**

## HERE WHAT THE DRUGGISTS SAY.

*Mr. A. White:*

DEAR SIR,—*Young's Corn Solvent* is all that it claims to be it softens the Corn and removes it without pain, and will not injure the finest fabric.

Yours, G. MORTIMER,

*Chemist to His Excellency the Governor-General.*

OTTAWA, March 7th 1874.

This is to certify that having tested *Young's Corn Solvent* I find it to contain no acid or mineral in any way injurious. It seems especially adapted for the effectual removal of Corns. I have sold large quantities, and found it gave entire satisfaction.

H. F. MACCARTHY,

OTTAWA, March 1st, 1874.

*Chemist and Apothecary.*

This is to certify that one of my customers had a toe so affected by a Corn that he decided to have the toe cut off. I advised him to try *Young's Corn Solvent*, which he did, and it entirely cured him in a short time.

C. O. DACIER,

OTTAWA, March 6th, 1874.

*Chemist and Druggist.*

*A. White, Esq.,*

OTTAWA, June 1st, 1874.

DEAR SIR,—Please send me immediately one gross of your Corn Solvent. My customers are delighted with its marvellous efficacy in extracting Corns.

Yours truly,

W. A. JAMIESON,  
*Chemist, Duke Street, Chaudiere.*

**CAUTION.—Beware of Imitations. None genuine without YOUNG'S CORN SOLVENT on label on top of Each Bottle.**

# AYER'S CHERRY PECTORAL,

FOR

Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping-Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of CONSUMPTION, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of Childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome INFLUENZA and painful BRONCHITIS, when they know how easily they can be cured.

AYER'S CHERRY PECTORAL has been known to the public about forty years, by a long continued series of marvellous cures that have won for it a confidence in its virtues, never equalled by any other medicine. It still makes the most effectual cures of *Coughs, Colds, Consumption*, that can be made by medical skill. Indeed the CHERRY PECTORAL has really robbed these dangerous diseases of their terrors, to a great extent, and given a feeling of immunity from their fatal effects, that is well founded, if the remedy be taken in season. Every family should have it in their closet for the ready and prompt relief of its members. Sickness, suffering, and even life is saved by this timely protection. The prudent should not neglect it, and the wise will not. Keep it by you for the protection it affords by its timely use in sudden attacks.

# RHEUMATISM!

The Best Rheumatic Cure is Dr. Thomas' Electric Oil—  
Read the following Testimonials from those  
who have been benefited:—

MR. A. B. DES ROCHERS, Asst. Postmaster, Arthabaskville, P.Q., writes:—"Thirteen years ago I was seized with a severe attack of Rheumatism in the Head, from which I nearly constantly suffered, until, after having used your *Thomas' Electric Oil* for nine days, bathing the head, &c., when I was completely cured, and have only used half a bottle. This I can certify to under oath."

MR. W. MAGUIRE, Merchant at Franklin, Ont., writes:—"I have been afflicted with pain in my right shoulder for the last eight years. I became almost helpless at times. Have tried several remedies with no relief. Have heard my customers speak of the value of *Electric Oil*, but being skeptical neglected using it. One night the pain being very acute, as a last resort I tried the 'Oil,' and after three or four applications the pain left me entirely, and I have not felt it since. My object in writing this is that others similarly afflicted may be benefited.

Since writing above, Mrs. Robert Lee, of Cavan, informed my daughter that her son was afflicted with a pain in the Eyebrow, causing him great suffering for several hours every day. They tried everything they heard of, but nothing did him any good until they heard of the *Electric Oil*, which proved an effectual cure. This is only one of the many cases I could cite.

A MAYBEE, Merchant, Warkworth, writes:—"I have sold some hundreds of bottles of 'ELECTRIC OIL,' and it is pronounced by the public, 'one of the best medicines they have ever used; it has done wonders in healing and relieving pain, sore throats, &c., and is worthy of the greatest confidence.'

IN a country graveyard in New Jersey is said to be a plain stone with this inscription: "Julia Adams, died of thin shoes, April 17, 1839, aged 19."

A ZEALOUS but ignorant negro preacher, in expounding to his flock the astounding nature of miracles, got a trifle confused in the matter. He said: "My beloved friends, the greatest of all miracles was 'bout the loaves and fishes—dere was 5,000 loaves and 2,000 fishes, and de twelve 'postles had to eat dem all, and de miracle is dey didn't bust."

"MR. SPEAKER," exclaimed a member of the Arkansas Legislature, "my colleague taunts me with a desire for fame. I scorn the imputation, sir. Fame, sir. What is fame? It is a shaved pig with a greased tail, which slips through the hands of thousands, and then is accidentally caught by some fellow that happens to hold on to it. I let this greased-tailed quadruped go by me without any effort to clutch it, sir."

NORTHROP & LYMAN'S  
**INDELIBLE INK!**

FOR MARKING LINEN, SILK, OR COTTON.

IN placing this INK before the public, we have the greatest confidence in recommending it as an article that will give the best satisfaction for marking either fine or coarse fabric. It flows readily from the pen, does not spread or blot, which, combined with its great durability, render it the best Marking Ink now before the public.

Price, 25 cents per bottle.

Prepared by NORTHROP & LYMAN, TORONTO.

DEAN SWIFT says : "It is with narrow-souled people as it is with narrow-necked bottles ; the less they have in them the more noise they make in pouring it out."

WHY is a sheep a fit member for a jockey-club ? Because he is bred on the turf, gambols in his youth, associates with black-legs, and is fleeced at last.

A YOUNG man who knows all about it, states that his experience has taught him that a flirt is a fool who delights in fooling fools, and the fool who is fooled by such a fool is the foolishest kind of a fool. He has been fooled badly we should judge.

THERE are in England 20 dukes, 19 marquises, 110 earls, 23 viscounts, 24 bishops, and 230 barons. All these, with four dukes (who are princes of the blood) and the two archbishops, are members of the House of Lords, as it is usually termed, but which is more correctly called the House of Peers. There are ten ladies who are Peeresses in their own right.

AN OHIO SPEECH.—A Toledo paper gives this as a correct report of a speech recently delivered by a member of a school board in that section : "Mr. Cheerman,—I rise for to—that this is to make a motion which is as follows :—*Resolved*, That there are no need to build such costive school-houses as some of this ere board is proposin' to 'rect. No, Mr. Cheerman, I'm 'posed to spendin' money for more housen. The old ones are pretty good yit, and to go for to build a pretty slick house which will cost \$10,000, or more yet, it's all wasted. It's no 'conomy to throw away money we don't need. Taxes cost money, and money has to go to pay taxes, and let us expense with any more school housen."

LANDLADY (fiercely,—“You must not occupy that bed with your boots on !” Boarder—“O, never mind, they're only an old pair. The bed bugs can't hurt 'em. I'll risk it, anyhow.”

## A CURE FOR LAMENESS,

TOWNSHIP OF PERCY.

"I was induced to try Thomas Electric Oil for a lameness which troubled me for three or four years and I found it the best article I ever tried for lameness. It has been a great blessing to me."

MR. JOSEPH RUSAN.

### DOMESTIC RECEIPTS.

**Cream Tea Cakes.**—To a pound of flour, put a pint of sour cream, and a cup of butter; dissolve half a teaspoonful of saleratus in a little hot water, and put to it; mix it lightly, flour your hands well; make it out in small cakes, each about the size of an egg; lay them close in a buttered basin, and bake them in a quick oven.

**Common Cake Cup.**—One cup of butter; two cups of sugar; four cups of flour; four eggs; one cup of sour milk; one teaspoonful of saleratus in water; one teaspoonful of essence of lemon, and half a nutmeg. Beat the mixture well. Butter a couple of two quart basins and divide the mixture between them. Bake it in a quick oven for three quarters of an hour.

**Ginger Cake.**—One tea-spoon of soda in a coffee cup, four table-spoons melted butter, five table-spoons hot water, and fill the cup with molasses.

**Sugar Cookies.**—Three cups of sugar, three eggs, one full cup of butter, one tea-spoonful of salt, one-half teaspoonful of soda, scant half cup of milk, flour to roll.

**Plum Pudding.**—Take half a pound of flour, half a pound of raisins stoned and chopped, and some currants washed, picked and dried; use milk enough to stir easily with a spoon; and half a pound of suet chopped fine, a teaspoonful of salt, and four well beaten eggs; tie it in a floured cloth, and boil it four hours.—The water must boil when it is put in, and continue boiling until it is done.

**Muffins.**—Mix two pounds of flour with a pint of warm milk, two eggs well beaten, half a spoonful of melted butter, and half a gill of yeast; stir it well together, and set it in a warm place for two hours, then bake on a griddle in rings two-thirds full; then when one side is done, turn the other.

### *A certain cure for Swelled Ankles, &c.*

WARKWORTH.

"For weeks I was troubled with a swelled ankle which caused me much pain and annoyance. Mr. Maybee of this place recommended Electric Oil for it—I tried it and before one bottle was used I was cured—it is an article of great value.

MR. A. M. HAMILTON.

## HOLLOWAY'S WORM LOZENGES.

*A certain and safe Remedy for Worms in Children and Adults.*

As it is a well-known and melancholy fact that one great cause of death among children is from worms alone, it cannot be too deeply impressed upon the minds of parents the necessity of closely watching their children. By so doing, and understanding the symptoms and true cause of the disease, thousands of children might be saved from early graves.

**SYMPTOMS OF WORMS.**—The following are a few of the very numerous symptoms and diseases which are caused by worms:—Deranged appetite, emaciated extremities, offensive breath, frequent picking at the nose, grinding of the teeth during sleep, hardness of the belly, with frequent slimy stools, and sometimes convulsive fits, pain in the head and stomach, unquiet sleep, faintings, tremblings, coughs indigestion, low spirits, frightful dreams, and a gradual wasting away of flesh.

Many physicians have been led astray by mistaking the symptoms of Worms for other diseases; and not until death has relieved the sufferings of the patient and an examination taken place, did the true cause present itself.

Knowing the sad effects and innumerable diseases produced by Worms, the proprietors of "HOLLOWAY'S WORM LOZENGES," offer them to the public as a certain and safe remedy both for children and adults; at the same time assuring them that no mineral or any other hurtful ingredient enters into their composition; they are composed of highly concentrated virtues of medicinal plants, which prove effectual in expelling Worms, but cannot injure the constitution of the most delicate infant. At the same time the utmost care is used in their manufacture, to secure uniformity of strength.

They are palatable and self-administered to the child; are sure to kill and expel Worms from the stomach and intestines. They also aid digestion and restore children to perfect health.

These Lozenges are put up in large boxes, and sold by all Druggists and Medicine Dealers at 25 cents per box.

Each box contain the fac simile signature of NORTHROP & LYMAN, Toronto, Ont., who are the sole proprietors.

N. B.—Ask for HOLLOWAY'S WORM LOZENGES, and take no other.

**Pickled Onions.**—In the month of September, choose the small white round onions, take off the brown skin, have a very nice tin stew-pan of boiling water ready, throw in as many onions as will cover the top; as soon as they look clear on the outside, take them up as quick as possible with a slice, and lay them on a clean cloth; cover them close with another, and scald more, and so on. Let them lie to be cold, then put them in a jar, or glass, or wide-mouth bottles, and pour over them the best white wine vinegar, just hot but not boiling. When cold cover them; should the outer skin shrivel, peel it off. They must look quite clear.

**To Pickle Cucumbers and Onions Sliced.**—Cut them in slices, and sprinkle salt over them; next day drain them for five or six hours; then put them into a stone jar, pour boiling vinegar over them, and keep them in a warm place. The slices should be thick. Repeat the boiling vinegar, and stop them up again instantly; and so on till green; the last time put pepper and ginger. Keep in small stone jars.

**HALL'S**  
VEGETABLE SICILIAN  
**HAIR**  
**RENEWER.**

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful colour, making it soft, lustrous, and silken. The scalp by its use, becomes white and clear. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigour, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M. D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Sold by all Druggists and Dealers in Medicines.  
PRICE ONE DOLLAR.

Manufactured by R. P. HALL & Co., Nashua, N.H.

**NORTHROP & LYMAN, Toronto, Sole Agents  
for Canada.**

**ROGERS' PEARLINE!**

FOR BEAUTIFYING AND PRESERVING THE  
COMPLEXION, REMOVING TAN, SUN-  
BURN, FRECKLES, &c.

This preparation contains nothing injurious to the most delicate skin, but gives it the freshness of youth, and a soft and pearly tint, leaving it fair and transparent. A toilet article that no lady can well dispense with. If your druggist has not got it ask him to send for it. Do not take anything else.

Prepared by R. J. ROGERS, Attica, N. Y.

**NORTHROP & LYMAN, TORONTO, AGENTS FOR CANADA.**

# WHY SUFFER

WHEN YOU CAN GET

## RELIEF IN TEN MINUTES!

Thousands of people are now carelessly allowing themselves to drift through the preliminary symptoms of Consumption, under the delusion that they are troubled with nothing but a "slight cold." How necessary is it then, that a cold should be cared for from its incipency, and every exertion used to get rid of it. Among the many articles before the public, none has proved of more benefit than

### BRYAN'S PULMONIC WAFERS.

They are the most certain and speedy remedy ever discovered, for all disorders of the Chest and Lungs, Asthma and Consumption, Pains in the Chest, Spitting of Blood, Difficult Breathing, Influenza, Coughs, Colds, Hoarseness, &c., &c.; not only affording temporary relief, but effecting a rapid and lasting cure; and are warranted to give satisfaction in every instance. They do not nauseate like alcoholic compounds, and the medicinal properties are combined in a form so agreeable and pleasant to the taste, that any child will readily take them. One dose will always afford relief in ten minutes.

They do not dry up a cough, but loosen it, enabling the patient to expectorate more freely. Two or three wafers will invariably relieve a cough, or tickling in the throat, and one box has repeatedly cured the most stubborn cough; and though so speedy and sure in their operation, they may be used by the most delicate female or children of any age with perfect safety, being purely vegetable and very pleasant and agreeable to the taste. In case of coughs, colds, croup, &c., we will guarantee a cure if taken in season. No family should be without them. They are within the reach of all, as the price is only twenty-five cents per box, and sold by medicine dealers everywhere.

The proprietor has a great number of certificates from the most eminent physicians, who have used them in their practice, and give them the preference over every other compound.

Clergymen and lawyers use them, and say they prefer them to every other preparation for clearing the voice, and for Bronchial affections. Our most noted singers use them to clear the throat and improve the voice, and say they are the very best medicine for the vocal organs.

To VOCALISTS AND PUBLIC SPEAKERS these Wafers are peculiarly valuable; they will in one day remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The very great celebrity of this invaluable remedy has induced unprincipled persons to prepare base imitations, which disappoint the just expectations of the purchaser, and injure the character of the genuine medicine.

See that the word "BRYAN" is stamped on each Wafer, and also observe the fac-simile signature of the proprietor, "JOB MOSES," on each wrapper, to counterfeit which is *forger*y.

Offending parties will be dealt with to the full extent of the law. BRYAN'S PULMONIC WAFERS are for sale by all Druggists. Price 25 cents per box.

JOB MOSES, Sole Proprietor,

GENERAL AGENTS FOR CANADA.

## RECIPES FOR COLORING.

### SCARLET (Very Superior.)

Three ounces of cochineal, three ounces of cream of tartar, and four ounces of solution of tin; powder the cochineal and rub through a bag into blood warm water sufficient to cover the yarn; when it is a little warm put in the cream of tartar, and simmer, then add the solution of tin—your yarn must be wet with clean water, steep it in the dye till the yarn is properly dyed. Dry your yarn before you wash it. This will color three pounds.

### WINE COLOR.

One pound of wool, half a pound of red powder, one ounce of madder compound. Soak the powdered wood in warm water all night, mix the madder compound with about half a pint of water, (in a glass), and add it to the rest; rinse the wool in warm water and put it in the dye; boil about half an hour, take out the wool and rinse in cold water. A color almost as fine may be had by using a quarter of a pound of alum, and boiling in the same way.

### BLUE.

A splendid blue may be produced in an hour by the following process: For each pound of wool or cloth take two and a half ounces of alum and one ounce and a half of cream of tartar. Boil these together in a brass or copper kettle for about an hour; now take sufficient warm water to cover the cloth or wool, and color it to the shade you wish with the liquid blue; put the whole into the copper pot and boil in a short time, taking care to keep it stirred; remove the cloth and rinse it in clear cold water, and hang it up to dry.

### SALMON COLOR.

Take one pound of wool, a quarter of a pound of annatto, and a quarter of a pound of soap. Take water sufficient to cover the wool, in which dissolve the annatto and soap; rinse the wool in warm water, put it into the annatto mixture, and boil about half an hour. The shade may be made lighter or deeper according to the quantity of annatto used.

### PINK.

For every three pounds of yarn or cloth, take  $3\frac{1}{2}$  quarts of water, or enough to cover the article you wish to color, two ounces of cochineal, and half an ounce of cream of tartar—steep the cochineal in warm water two hours, or until the strength is entirely extracted, and add the cream of tartar, then wet the cloth in clear water, wring it out and put it in the dye—bring it to a scalding heat, let it remain in a few moments, and it will be finished.

### GREEN.

For every pound of yarn or cloth add three and a half ounces of alum and one pound of fustic; steep to get the strength, but not boil; soak the cloth until it acquires a good yellow color, then throw out the chips and add the indigo compound slowly, until you have the desired shade of green. An ounce or more of the compound is required for the above quantity, varied according to the depth of shade.

### CRIMSON.

Use one pound of Lac Dye, together with two ounces of compound, to every two pounds of cloth or yarn. Soak the Lac Dye over night in a brass or copper kettle; then add the compound, and stir; then the cloth, and bring your dye slowly to a scalding heat; then vary the time as you wish the color; if dark, let it remain some hours, if not, one hour; then rinse in soft spring water, without soap.

**BLACK.**

ON WOOL, SILK OR COTTON.—For every pound of cloth it will require one ounce of extract of logwood, and half an ounce of blue vitrol. Prepare an iron kettle with a sufficient quantity of water to admit the yarn or cloth to be worked in the dye, without being crowded; bring the water to a scalding heat, then put in the yarn or cloth a few minutes; when it is thoroughly wet, take it out and drain it; in the next place add the blue vitrol, and when dissolved, and the water skimmed carefully, put in the material to be colored, and let it remain half an hour at a scalding heat, airing it occasionally; then take it out and rinse it in soft water; the vitrol water may be emptied into a separate vessel, and the extract of logwood dissolved in a sufficient quantity of water, brought to a scalding heat, and skimmed; put in the cloth, keeping the dye at the same temperature, and let it remain half an hour, airing it frequently, then take it out and drain it; add the vitrol water to the dye, and put it in again, let it remain fifteen minutes, airing as before. Cleanse it well.

**BROWN.**

For each pound of wool take a quarter pound of alum and two ounces of cream of tartar, and boil for half an hour. Take half a pound of red powder, quarter pound of fustic, and two ounces of logwood chips; soak these a night in sufficient warm water to cover the wool; take the wool out of the alum water and boil with the woods for about half an hour. If a dark brown is wanted, add about a table-spoonful of copperas.

**MADDER RED.**

Take one pound of madder for every two pounds of yarn or cloth; soak the madder in a brass or copper kettle one night in warm water, enough to cover the yarn you wish to color; next morning put in two ounces of madder compound for every pound of madder which you have soaked. then wet your yarn or cloth in clean water, and wring it out in clean water; afterwards put in the dye; now place the kettle over the fire and bring it slowly to a scalding heat, which will take it about half an hour; keep it at this heat half an hour if a light red is wanted, and longer if a dark one, the color depending upon the time it remains in the dye. When the color is made rinse the cloth immediately in cold water, and it will then be finished.

**YELLOW.**

One pound of wool or cloth, three quarters of a pound of fustic, quarter pound of alum—put all into an earthen vessel and pour on sufficient hot water to cover the wool and keep it warm all night; give it half an hour's boil in a brass kettle and then rinse in cold water. A much deeper and richer yellow may be made by using turmeric powder instead of fustic, and proceeding in the same manner.

**PURPLE.**

For every pound of yarn or cloth, take two ounces of Cudbear, rinse the cloth well in soap suds, then dissolve the Cudbear in hot suds (not quite boiling,) and soak the cloth until of the required color. The color is brightened by rinsing in alum water.

**Dove and Slate Colors of all Shades**

Are made by boiling in an iron vessel a tea-cup full of black tea with a teaspoon full of copperas and sufficient water. Dilute this till you get the shade wanted.

All fancy colors should be colored in brass or copper vessels, with plenty of soft water, and wet before putting them into the dye.

## IMPROVED INDIA-RUBBER POROUS PLASTER.

The curative host of the age. Will cure Lame Back, Weakness and Fatigue, Sciatica and Rheumatism, Neuralgia, Lumbago, Inflammation of the Kidneys, Hip Disease, Croup, Pleurisy, Lung and Throat affections, Paralysis, Bruises and Fractures of the Bones, Asthma, Dropsy, Cold Feet, Whooping Cough, Diseases of the Spine, Ague in the Breast, sudden and severe Pains in the side and Back; and in fact, all pains that human flesh is heir to. Call for MITCHELL'S, and take no other, if you want the most scientific plaster of the age,—will not run after being applied; can be worn with perfect ease. The genuine are signed GEORGE E. MITCHELL, and a fac-simile of the proprietor on each Plaster.

## BELLADONNA PLASTER.

Patented September 12, 1871.

Combination of pure Rubber, Medicated Gums, and the best extract of Belladonna. Applied only by the warmth of the body. Warranted superior to any other in the market, and not to grow soft or run after being applied. This plaster—while being made and perfected, between two and three years before the patent was issued—was sent to different parts of the United States and foreign countries, among the leading physicians, and members of the medical profession, and in every instance they reported it to be superior to any other ever before used by them. Beware of spurious imitations, well calculated to deceive, and being forced upon the market as the genuine article.

## IMPROVED ADHESIVE PLASTER.

That will always keep good, regardless of the climate; will adhere strongly by moisture from a wet sponge or cloth passed over the surface; will not irritate the skin. It is ready cut, of any desirable width, and so arranged on cylinders or single rolls, that a surgeon can select the desired width. Call for MITCHELL'S, that has a cut of the **Novelty Plaster Works** on each package, and take no other if you want the best in the world. This Adhesive Plaster is put up in elegant mahogany and black walnut cases, containing 50 feet of plaster from  $\frac{3}{8}$  to 2 inches wide, on purpose for doctors to carry, and called Surgeons' Companions; also in one and five-yard rolls.
