## TORONTO MAN AND HIS WIFE, MOTHER AND TWO CHILDREN WERE DROWNED IN PIGEON RIVER WHEN A 14 POUND MASKINONGE OVERTURNED THEIR CANOE

### FIVE FIREMEN INJURED WHEN OLD LADDER BROKE AT A FIRE ON BAY STREET

Three Are in St. Michael's Hospital and Two Others Were Slightly Hurt by Falling 35 Feet to Pavement—Fire Damage is \$20,000.

Three firemen are in St. Michael's hospital suffering from injuries and two others are also more or less badly bruised as a result of a fire which did \$20,000 damage at the old Myott building, 120-122 Bay street, late last night. The accident occurred when a line of hose was being hoisted to the second story and the ladder to which the men were clinging broke into several pieces.

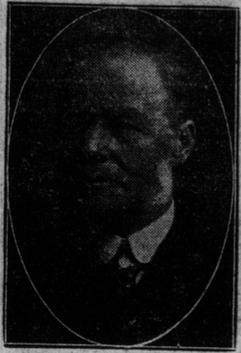

Oliver Pool of Berkeley street station, Arthur Taylor, Walter Joyce and John Knott of Portland street, were all on one of the old ladders on truck No. 2, Adelaide street. Pool was reaching to catch the frame of the window on the second story. He called to the three men below to run up the hose. But the strain was too much for the old ladder and it broke as the men reached the top.

With the exception of Pool, they all fell to the pavement 35 feet high. The other man grasped the top of the ladder. As the piece struck the ground Pool dropped off and was only slightly bruised.

Joyce was picked up and received medical attention at once. He was then taken with Taylor and Knott, to the hospital. The latter has a badly strained side, while Taylor injured his head and one arm. Joyce received the most serious injuries. He is badly bruised and is suffering from shock. All will recover.

**Fell on Driver.**  
W. M. Phillips, who drives the chief's car, was standing at the bottom of the ladder and all the men fell on him before he could regain his feet after the first comrade alighted on him. It is probably due to this man that the injuries to the others were not more serious, as he broke their fall.

Mayor Geary was at the scene of the fire shortly after the accident inquiring as to the condition of the men.

CHARLES McCAFFREY of Omemeo, whose wife, son, daughter-in-law and two grandchildren were drowned. He found the upturned canoe and some of the bodies.

### AMATEUR SLEUTH CAUSED ARREST OF HIGHWAYMAN

Harry Beattie Was Seen to Take \$146 From a Drunken Man, and Was Followed by a Pedestrian, Who Informed a Policeman—Another Man Also Held.

After being shadowed by James Warrington for several blocks Harry Beattie, 17 Bleeker street, was pointed out to Constable Scott as the man who had a short time before knocked down Charles Gow and robbed him of \$146.

James Warrington, who had been approaching, saw the robbery. Beattie has the reputation of being a "sand-bag man" and desperate. Warrington caught Beattie and took the money from him. This he gave back to Gow. Instructing a passing fireman to watch the intoxicated man Warrington followed the thing. By dogging behind posts and otherwise concealing himself he shadowed Beattie until he met Constable Scott at the corner of Church and Shuter street.

In the meantime another local character, Charles Smith, had picked up Gow, spotted the roll and assisted Gow to walk. He assisted the drunken man that he would take him where he could rest. On the way he ran into Constable Sutherland, who questioned the two, and when told that the drunken man was going to sleep it off he took charge of both.

At the signal box the two constables met with their respective prisoners and they were taken to the station together.

LONDON, Sept. 23.—(C.A.P.)—Enquiries in good quarters, says The Standard, tend to confirm the rumor that a fresh capital issue will shortly be made by the C.N.R. The issue, it is stated, will be one of two million sterling in 5 per cent. charge, convertible debenture stock. The price being mentioned is about 95.25.

### CARSON CHEERED BY 100,000 AT LIVERPOOL

Workingmen Gathered to Give Greeting to Framer of Ulster's Covenant and His Associates—F. E. Smith, M.P., Says Government Can't Dodge Responsibility.

LIVERPOOL, Sept. 23.—(Can. Press.)—Crowds numbering nearly 100,000 mostly of the working classes, gathered at the dock early this morning to welcome Sir Edward Carson, the Marquis of Londonderry and other Unionist leaders on their arrival from Belfast. Several thousand members of the Orange societies were drawn up with banners and bands. Alderman Workmen and the Orange Order, extended greetings to which Sir Edward Carson and F. E. Smith, M.P., replied briefly.

The horses were taken from the carriage and the visitors were drawn by workmen thru the streets to the Conservative Club amid cheering and singing. After breakfast the leaders addressed the crowds from the club balcony, telling of the success of the anti-home rule movement and the signing of the covenant in Belfast yesterday.

### Five People Were in a Sixteen-foot Canoe When it Was Overtaken by a Huge Maskinonge, and Altho Mr. McCaffrey Was an Expert Swimmer and Canoeist, and His Daughter Also Could Swim, the Whole Party Was Drowned.

In the placid waters of Pigeon Creek, which winds its way into Sturgeon Lake, near Peterboro, 70 miles east of Toronto, five people lost their lives Saturday afternoon when a 16-foot canoe capsized. An entire family was wiped out: William J. McCaffrey, his wife, son and daughter, of 16 South Drive, Rosedale, Toronto, and his mother, Mrs. Charles McCaffrey of Omemeo, a village near which the tragedy occurred. An overturned canoe, gradually sinking, found in the middle of the body of William McCaffrey was located and a fishing line, which was wound about his wrist, was being jerked by a 14-pound lunge, showing that the direct cause of the fatality was the "strike" of the fish on the troll, which evidently excited the party of canoeists. All the bodies were recovered Sunday after they had been grappled for for many hours by a number of villagers. The bodies of Mrs. McCaffrey and her daughter were tangled in the line.

The following is the death toll: WILLIAM J. McCAFFREY, aged 39 years, assistant manager of the supply department of the Canadian General Electric Company, whose home is 16 South Drive, Rosedale. MRS. CHARLES McCAFFREY, his mother, aged about 65 years, of Omemeo, near Peterboro, Ont. MRS. WILLIAM McCAFFREY, his wife, aged 38 years. MAXINE McCAFFREY, his daughter, aged 13 years. HOWARD McCAFFREY, his son, aged 8 years.

### TOOK FAMILY ON FISHING TRIP.

For twenty years William J. McCaffrey had been employed by the Canadian General Electric Company, and the vacancy he leaves is the assistant general manager of the supply department. Every year he had spent his vacation with his family at his old homestead, where his father and mother live. This was in Omemeo, a village with about 500 inhabitants, situated on Pigeon Creek, a small and peaceful watercourse, which runs for about six or so miles northward into Sturgeon Lake. Omemeo is on the line of the Grand Trunk Railway, about half-way between Lindsay and Peterboro, and is considered an ideal camping spot for holiday makers. This year Mr. McCaffrey did not enjoy a vacation, but on Friday night he decided to take his family for their annual visit to his native town. They intended to stay for just the week-end, but, if the fishing was good, would extend the visit until Tuesday night.

### FAILED TO RETURN.

On Saturday morning the party of five, just as they were wont to do on other years, began a fishing trip up the creek. When dusk came and they had not returned home, John McCaffrey, husband, father and grandfather of those in the boat, became anxious and set out to find them. He, with a neighbor, rowed up the river to a distance of about six miles from the village. In the middle of the creek, which was about 40 or 50 yards wide, an overturned canoe was found, sinking gradually at the bow. This was the only trace of the five of his family which had left the boat house a few hours before. Both men began to grapple for the bodies, but with no success. When darkness settled over the stream they returned to the village and there broke the news.

Early the next morning (Sunday) a great number of friends went up the creek to search for the bodies. William McCaffrey, on his wrist a fishing line was wrapped and tangled. When the body was placed in the stream it was found to be that of the little boy, Howard, and a boat struggling on the troll. This is the only indication of how the tragedy happened. Someone in the craft must have become excited by the struggles of the huge fish and overturned the canoe. Later in the morning the body of Maxine, the little girl, was discovered. The five bodies were taken back to the homestead, from where the funeral will take place on Tuesday afternoon to the village cemetery.

### AN EXPERT CANOEIST AND SWIMMER.

Nothing is known of the struggles of the one man, William McCaffrey, in the party to save the others. Those in Toronto—and there are many—who know him, are aware of his athletic prowess. He was an all-round athlete a few years ago, an excellent cricketer all his life and an expert swimmer. The only other one in the party who could swim was Maxine, who was a pupil at Havergal College, and for a girl of her age had a strong and able stroke.

But all were handicapped in the chilly water, and on account of the place where the craft capsized not one, even a swimmer, would have had a chance to reach land. On either shore is a marsh extending back about 100 yards, and impassable. William McCaffrey undoubtedly did not have a chance to save his mother, his wife or his children. An overturned canoe, which fills quickly, is practically impossible to handle by one person struggling in the water against odds. A 16-foot canoe, half-filled, cannot be righted by one person, and Mr. McCaffrey had four people to look after. It is more than likely that he sank exhausted after fighting vainly to save those dear to him.

The water where the bodies were found was six, eight and ten feet deep. About 100 yards from the spot where the waterlogged canoe was picked up was found the body of Mrs. McCaffrey, or. Farther up the stream looked in her arms, was drawn to the surface of these calm and peaceful, the treacherous waters. Some distance away William McCaffrey's body was picked up, and farther on towards the lake, his daughter.

**FIRST FATALITY IN MANY YEARS.**  
Old-timers in Omemeo say that it is the first drowning fatality in many years in Pigeon Creek. In no place is the creek over 60 yards wide, except where it empties into Sturgeon Lake. And the current is hardly noticeable. It thus being considered rather safe by even the most timid canoeist. Campers from all parts go there for the summer, and a more picturesque camping spot would be hard to find. The canoe used was just large enough for five people. It was two feet longer than the regulation size, and has a much wider beam, and therefore more difficult to upset. It was one of the usual type used by camping and fishing parties.

The news of the drowning was received in Toronto at 1.30 Sunday morning by long-distance telephone. Miss Salter, a half-sister of Mrs. William McCaffrey, a nurse at the Hospital for Sick Children, College street, was in attendance upon her mother, who is dying at 16 South Drive. No information was given the sick woman then, it being feared that the

### LACKNER RESIGNS IN N. WATERLOO

Accepts Shrievalty of Waterloo County, Vacant Eleven Months—By-Election Probably Nov. 3.

BERLIN, Sept. 23.—(Special.)—The executive committee of the North Waterloo Conservative Association met this afternoon for the purpose of calling a convention to nominate a candidate for the approaching by-election made necessary by the resignation of Dr. H. G. Lackner, M.L.A., to accept the shrievalty of Waterloo County, which office has been vacant since Oct. 26, 1911. The date set is Oct. 5, at Waterloo, and the date of the election, which will be announced next week, will likely be Nov. 3.

Dr. Henry George Lackner, who has five times been chosen to represent his district in the provincial parliament, was born in Hawkesville, Waterloo County, in 1831. He attended Toronto University, and was graduated in 1876 with the degree of M.D. Since his graduation he has practised continuously in Berlin. He was the first medical health officer for Berlin, and acted in that capacity for ten years, while since 1880 he has been physician and surgeon for the house of refuge.

He was elected a member of the provincial legislature in 1898 as a representative of the Conservative party for North Waterloo. He was re-elected in 1902, 1906, 1908 and 1911, receiving good majorities in each contest. He is the only Conservative representative that has sat in the local legislature since the county was organized.

It is reported that Ald. C. H. Mills will be the party nominee to succeed Dr. Lackner.

**You Would Naturally Think So.**

# HARDY PIONEERS OF NEW RAILWAY

## Will Ride on Ponies More Than 2000 Miles Into the Peace River Country.

EDMONTON, Alta., Sept. 28.—Engineers and surveyors in the employ of the Alberta, Peace River and Eastern Railway Co., which purposes building a new transcontinental line from Hudson Bay to the Pacific coast by way of Edmonton, are on a pony back trip of more than two thousand miles into the north country to survey the route. They will meet the McDouall party at Lesser Slave Lake and start on a tramp of 700 miles, finishing the trip on Oct. 15 and return in 12 months. The party, which is in charge of M. Edwards, an experienced engineer and surveyor, will first go over the northern portion of the route, thence continuing the survey westward along the proposed route from Fort McMurray to the Pacific coast. A branch line is to be surveyed from Fort McMurray to Edmonton, thence southwesterly to the Milk River country by way of Cochrane. H. M. King, head of the London and Ontario Trust Co., and president of the railway company, who is in England, completing financial arrangements for the system, which will cost more than \$40,000,000, is expected in Edmonton in a short time, when other important announcements will be made.

# HIGH WINDS AT CORNWALL

## Oldest Resident Comes to the Front With Statement That September Visitation is Unprecedented.

CORNWALL, Sept. 28.—(Special.)—A "baby winter" struck Cornwall this morning, following an all-night fall of rain and the weather took on a rather wintry feeling. Snow to a depth of about an inch fell on the level, much to the general surprise. The snow was exceedingly wet, and the flakes were unusually large. The oldest resident of the town cannot recollect snow falling in September. In 1905 the first fall of snow occurred here on Oct. 23, and in 1906 the first appearance of snow was on Oct. 3, and this latter date was considered early, but for snow to come on Sept. 28 beats this record by nearly two weeks. The damage done by the unprecedented fall of rain of late will be increased by the early appearance of snow.

# Ward Seven

It will be a big night tonight for the Runnymede Ratepayers' Association, when the plans for the proposed town incorporation of the districts of Swansea, Mt. Dennis and Runnymede will be discussed. The secretary of the association has sent invitations to John Bayles, J.E. of Mt. Dennis, and Mr. Sylvester of Swansea to be present, and as the matter is very contentious, the opponents to the scheme are expected to turn up in full force. If the attendance at tonight's meeting demands it, the gathering will be held in the new King George School instead of the library building. The several Orange lodges of West Toronto joined forces yesterday afternoon for their annual church parade, leaving St. James' Hall, Dundas street, at 3 o'clock, accompanied by the uniform corps, Knights of Malta, and the Loyal Blue Guard, they marched to the Runnymede Presbyterian Church, St. John's road, where Rev. Mr. Weatherill, the pastor, preached. The death occurred yesterday morning of John Robert Wilkie at his home, 22 Miller avenue, in his 69th year. He had been in poor health for a number of years. Interment takes place this afternoon in Prospect cemetery.

# BRANTFORD POSTOFFICE PLANS.

BRANTFORD, Sept. 28.—(Special.)—Plans for the postoffice building have arrived here, and are being looked over by the local committee. The new building will cost \$250,000, but the plans are considered somewhat stereotyped and will likely be revised before tenders are called for. The building will be completed next year.

# TURKS SLAY MONTEGEGRINS

## Porte Protests Against Onslaught on Ammunition Column—Servia in Conciliatory Mood.

CONSTANTINOPLE, Sept. 28.—(Can. Press.)—According to the official account of the attack on the ammunition column on the shores of Lake Scutari, Sept. 23, the attacking party was not composed of Malesse tribesmen, but Montenegrins. Eight Turkish soldiers and two boatsmen were killed and eighteen were taken prisoners. The Porte has made an energetic protest to the Montenegrin Government. The Serbian minister, Dr. Nemanovic, has addressed an enquiry to the Porte respecting the stoppage of Serbian ammunition after permission had been given for its passage. The foreign minister replied that the consignment was detained because of the doubtful attitude of Serbia. Dr. Nemanovic declared that the Serbian policy was unchanged, and that Serbia desired friendly relations with Turkey. The Turkish foreign minister then asked for a written statement embodying these assurances. The Serbian minister has refused to answer to Belgrade and is awaiting instructions.

# RULES OF \$5,000 CONTEST TODAY

Continued From Page 1. \$5,000, and there are enough of these fine prizes to make it almost certain that honest, painstaking effort will not go unrewarded. Thus, The Toronto World is planning to furnish a fascinating game, certain to attract as regular daily players every member of the family, and to which zest is added because of the fact that the lucky ones will be rewarded with gifts of great value. The rules and conditions of the contest place everybody, young and old, upon an equal footing. The boy that works in the shop stands as good a chance as the college professor, and the business man of large affairs will have no better show than the bright schoolboy or girl. English proverbs, the basis for the illustrations of the contest, are the homely, common-sense sayings which everyone has heard since childhood, and they are common property of everyone. No one has an opinion on them, and they are easily understood. They are a part of the vernacular supplementing daily conversation. So the proposition narrows down to a question of common-sense. It is the duty of every citizen to know the rules of the contest, and to be prepared to play. It is hardly necessary to point out to the reader of this assurance which is felt that every reader of The Toronto Daily and Sunday World is to become a participant in this most interesting and richly deserved game. The rules and conditions governing the competition and a sample proverb picture and its answer, together with the grand capital prizes, appear on another page of this issue of The World, and those who are planning to take part in the enterprise should read and study the rules carefully, for following the rules closely will depend the contestants' chances to secure the rewards. The first of the official proverb pictures will be published on Thursday, October 3rd, and persons who are not at present regular readers of The Toronto Daily and Sunday World should lose no time in placing an order with their nearest newsdealer to have the Daily and Sunday editions of the contest sent to them regularly, as the demand for additional copies of both the Daily and Sunday editions will be large and it may be difficult to supply back copies.

# Belgian Socialists Expected to Riot

BRUSSELS, Sept. 28.—Disaffected with the results of the late elections in Belgium, which reinforced the Conservative majority, the Socialists are organizing a general strike. They assert that they have been defrauded and must strike for universal suffrage. One man, one vote. M. Vandervelde, the Socialist leader, supports the movement. Riots are expected, since the Socialist intellectuals cannot control the rank and file of the party, which contains many outspoken revolutionists. The canal was being lived many people of careless habits and ubiquitous possessions. This had something to do with the lowering of the assessments.

at Woolwich always keeps them in the running. The fact that West Bromwich so decisively beat Liverpool is further evidence of how strong going the Thistles are this season.

**Barnsley Beaten.**  
But for that defeat of the English cup holders at Bury the results in the second division present nothing of particular note. It was stated that Barnsley would be able to win their way into the first division this season but they will require to show considerable improvement if they are to be any way near it. Bury, of course, are a good team now and again, and yesterday Hull City just managed to save their place at Lincoln, and thus keep their place at the head of the standing. Burnley are still on the black list, and more defeat was their lot. This time Notts Forest were their conquerors, satisfied with that draw at Leeds, and Preston North End will no doubt feel that a little happier after gaining that point at Bristol.

**Danger Averted.**  
It was known that Millwall were in danger at Gillingham, and the Athletic supporters waited with much anxiety for the result. When it came, announcement of a tie, there was every satisfaction, as the point gained was sufficient to keep the club's name at the head of more game players, with one exception. Plymouth, with one of the best players in the division, still at the top of the standing, club in Scotland to hold a week-end record. The Hearts, however, just beat Aberdeen and no more on Saturday. Queen's Park did well to get an odd goal at Dens Park, and this promise well for their game at Aberdeen on Monday. The great Lanarkshire side, the Aldridge and Motherwell, divided the points, a similar result occurring at Hamilton, Kirkcaldy, and Partick Thistle. Rangers, Clyde and Partick Thistle were engaged in cup ties for the day.

## Comments by "Soccer"

All argument with regard to Blackburn Rovers and Sheffield Wednesday was dispelled on Saturday, as the Wednesday only tied with Manchester United, and the one point loss left Blackburn to the top, the Rovers having gained the points from Notts County. Aston Villa are, however, level with them in every sense but goal average. The defeat of the Rovers was a great fight between them. The "Villans" had the greatest victory of the season over Everton and must have a dull city last night, both of its teams having gone down. Middlesboro have been in the doldrums for two weeks, but on Saturday they fairly came out of their shell and actually beat the "Rams" at Derby. This is certainly a great work. Tottenham had a splendid victory at Sunderland, where they defeated the "Blacks" 3 to 0. People cannot understand what has happened at the "Rams" but they seem to have struck a bad rut and cannot get out of it. Newcastle work away quietly, and the one point gained

## Aberdeen Beat Morton.

It was practically certain that Morton would not be able to hold their unbeaten record all this time, and it was a question as to which club would lead. It is difficult to say that they were expected that the honor would fall to Aberdeen on Saturday, especially as they had a week-end record. The "Wags" were asked to go to the club at Greenock. The unlooked for often happens, however, and Morton, still at the top of the standing, club in Scotland to hold a week-end record. The Hearts, however, just beat Aberdeen and no more on Saturday. Queen's Park did well to get an odd goal at Dens Park, and this promise well for their game at Aberdeen on Monday. ## No Public Sale For World Series in Boston Town

BOSTON, Sept. 28.—There will be no public sale of reserved seats for the Boston games of the world's championship baseball series, according to an announcement made by Treasurer McRoy of the Boston American League team. The reserved seats will be allotted on mail application and it is expected that the letters already on hand will take care of all of the main grand stand reservations, as well as the seats in the new third base stand. The allotment of box seats has been completed.

"Everything should be in shape so that tickets may be distributed by Friday morning of next week," Mr. McRoy's announcement says. "The club realizes that a great many good fans will be disappointed in not receiving the tickets they had applied for, but there is no room for every one and our efforts have been to make them go as far as possible."

**BICYCLE RACES AT THE WARD MARATHON**

There will be twenty-five of the best bicycle riders in Canada in the ten-mile championship at the Ward Marathon on Oct. 3, at Exhibition Park. Among those who have entered are Walter Andrews, Fred McMillan, Herb McMillan, Herb McMillan of the Queen City F. Brown of Stratford and Scott Wilson of Galt. Other entries are W. Spencer, T. Bolker, A. Watson and J. Spence of the Indian and K. Knight, R. Brady and H. Young of the Galt. The two bicycle races will be held on the 10-mile course at 10 o'clock and 11 o'clock. The two races are going to be a great success, as the entries are coming in fast. Eddie Collins, Fred McMillan, Walter Andrews, C. Duffy of this city, Green of Pittsburgh and DeLoe of St. Mary's will be kept busy with Eddie Cott.

**Yankee Rugby Opening**

NEW YORK, Sept. 28.—Today's football card showed games on almost every important college gridiron in the east. Yale and Cornell got into action on Wednesday of the week, but for most of the other big teams, including Harvard, Princeton, Pennsylvania and Dartmouth, the season has not yet opened. West Point and Annapolis are the only important eleven which will delay their opening until next week.

In the belief that "best" will count heavily in football under this year's revision of the rules, the navy coaches are doing their utmost to develop the best men of the squad. Any promising candidate who tips the scales at 180 pounds or better is assured of getting plenty of attention.

**Trimmed a Lemon.**

CLEVELAND, O., Sept. 28.—Knockout Brown of New York outboxed and outpointed Sammy Troit of Columbus in the scheduled twelve-round bout before the Cleveland Athletic Club last night, and the fight was stopped in the eighth round by Referee W. C. Kelly to save Troit from a knockout.

**Australians at Philadelphia.**

PHILADELPHIA, Sept. 28.—Philadelphia was all out for the first time in the cricket match with the Australians last night. The home players, including only one who has been in the making only one day, lost the match by two wickets.

The Australians, who went to bat and won the visitors' services, only 2 runs in 10 minutes when play was suspended 10-10 a.m. for luncheon.

## Chance Will See World's Series

NEW YORK, Sept. 28.—Frank Chance, manager of the Chicago Cubs, operated on here recently in a private hospital on the pressure of his brain caused by being hit with a pitched ball, was so weak today that he planned to leave for Chicago tomorrow. The operation was entirely successful.

## GOOD TRAIN SERVICE APPRECIATED.

The citizens of Toronto have evidently appreciated the North Toronto Ottawa-Montreal service, as the business is constantly on the increase, necessitating extra equipment nearly every night.

North Toronto Station serves one of Toronto's most largely populated residential districts and the up-to-date train service offered to Montreal and Ottawa equalizes the traffic, preventing congestion at the Union Station.

# From Woodbine to Maryland Horsemen Leave for Laurel

Thorncliffe Horses Will Not Race at the Winter Tracks - Last Half Mile Meeting Opens This Week.

The closing of the fall meeting of the Ontario Jockey Club at the Woodbine on Saturday marked the close of racing on the major tracks under the auspices of the Canadian Racing Association for 1924. Following the conclusion of the Woodbine season, horsemen, jockeys and the followers generally, departed for Laurel, where the fall meeting of the Maryland State Fair Association begins on Tuesday next.

The majority of the most prominent of the turfmen who participated in the meeting just closed, have arrangements to ship their valuable consignments to the Maryland track this afternoon. A recapitulation of the horsemen shipping to Laurel, follows: William Martin, Eddie Bathman, John F. Smyth, Lewis Garth, J. K. Frazer, John Butcher, Sam J. Louie, Mike Daly, Harry Murphy, Paul Miles, J. V. Condon, Mrs. L. A. Livingston, Capt. Fred W. Prabhav, D. L. McGibbon, C. S. Campbell and J. W. Hedrick. There will be a special train run to the Maryland track, leaving the city this afternoon.

It became public property yesterday that the racing establishment of the Toronto Jockey Club, which will not be campaigned on the winter tracks as previously contemplated. The announcement came as a great surprise to the majority of the owners and trainers, primarily because of the success that Trainer Charlie Patterson has achieved since taking charge of the equine boys. Patterson has won over forty races this season with the Davies broodmares, winning with Liberty Hill, First Sight, Spring Maid, Moving Picture, Cash, salary, Mr. Nest, Flower Girl, Paterina and Pate Glass.

Trainer Patterson had reserved stabling at Laurel for the horses in training and it was his intention to ship the youngsters to the Maryland track recently for Mr. Davies to be trained on Jockey Club's track at Jennings, D. C. In charge of his brother-in-law, C. Pierce, Patterson contemplated campaigning the stable during the winter at Huerfano, Mexico. Retrospectively speaking, the success of the stable at the winter meeting of the Charleston Fair and the fact that Patterson had stabled last winter was unique for a Canadian turfman. It was rumored at the track that Lechard's four consecutive defeats of the Epsom Derby candidate, Calgary, coupled with the recent poor showing of Plate Glass caused Trainer Patterson to sever his connection with the Davies establishment.

Jockey Eddie Martin, Robert Davies' contract rider, when interviewed, said: "The stable will winter in Canada, unless something unforeseen happens between now and the opening of the Laurel meeting. The Washington Jockey Club will depart for the Maryland course today, and in the event Mr. Davies will ride as a free lance this winter, he will ride as a free lance this winter. The stable of Joseph E. Seagram will be shipped to winter quarters at Waterloo, and the Dymott broodmares to be during the winter at the stable of Francis J. Pons. Seagram will likely campaign there again next season.

The horsemen that have been patronizing the half mile tracks and who did the Woodbine a success from a racing standpoint, will move their charges to the Laurel meeting on the minor tracks in the fall meeting on the minor tracks in the Dominion begins on Tuesday.

Mortimer M. Mahoney, charge of affairs of the Woodbine betting enclosure, departed for Baltimore last night, where he will have charge of the ring at the fall meeting of the Maryland Jockey Club, which will follow Laurel with a day's meeting.

# FAST PACING AT COLUMBUS

Pickles Wins 2.11 Race in Four Heats, Best Time 2.04 1/2—Fifth Day of the Grand Circuit Races.

COLUMBUS, O., Sept. 23.—Belle Ashland, Pickles and Thistlebome were winners of the 2.11 trot, 2.11 pace and 2.12 trot, respectively, with the program for the fifth day of the Grand Circuit Coliseum in Danville, Ky. Pickles, owned by Danville, Ky., attracted the most attention by pacing the fourth heat of the 2.11 trot, which drew eleven starters. He beat Prince Fouts and Bessie Bee were in higher favor than the winner. Belle Ashland was one of seventeen in the heat from fourth position and won Belle in the second heat to the front before the half was reached. From then on until the finish she had the lead. She and Auto are Kentucky-owned. Miss Davis Thistlebome was the first choice for the 2.12 trot, which drew eleven starters. He was beaten home and made entry into the 2.10 list by scoring the second place in 2:04 1/2. Deuchester tried hard to place, but Robert Mirov was second in the last, and Country Trap secured second money. Summaries:

# A LESSON IN A CANDLESTICK

Shakespeare says: "There are sermons in stones, and good in everything," which means that common, everyday objects may furnish us with priceless lessons. Look at a candlestick, and consider that the first grandman died a pauper because people were prejudiced against his invention. Today it is different. This is the age of "the open mind."

# THE DAVIS "NOBLEMEN" CIGAR

proves it. With many smokers, the "NOBLEMEN" Cigar has superseded "imported" brands, because it is the same thing at half the price. "NOBLEMEN" is a discovery which saves the "open-minded" smoker 50 per cent.

"NOBLEMEN" is made from Havana tobacco, and made by Cuban workmen.

"NOBLEMEN" also, 2-for-a-quarter. S. DAVIS & SONS, LTD., MONTREAL. Makers of the famous "CONCHA FINA" also, 3 for 25c. "PERFECTION" 2-for-a-quarter Cigars.

**A FENCE AROUND THE MELON**

The Kingston Standard concludes a  
long argument in defence of the Cana-  
dian Pacific melon by saying:  
If the C.P.R. were proposing to  
issue this new stock merely for the  
sake of handing out a melon to its  
shareholders we should oppose it  
and oppose it vigorously. But since  
the money is needed to provide ad-  
ditional and extensions that in the  
future the railway will handle its  
business more efficiently and more  
economically and be prepared to  
take the much greater business that  
surely awaits it, since it seems to  
us clear that the railway can raise  
its money in no other way than  
thru a stock issue; since it is like-  
ly clear that it cannot sell the  
stock in the open market and that  
it would be financial and railroad  
folly to seek to raise it by a  
bond issue—since these facts are  
clear or at least appear so to us,  
we believe the C.P.R. would be  
fully justified in offering the new  
stock to the public at 200 and con-  
sidering the value of money, would  
probably be justified even in offering  
it at 175, since this work is for  
the good of the country. Be-  
lieving this we believe also that  
the government would be equally  
justified in authorizing the C.P.R.  
and without reference to parlia-  
ment; for, with all due respect to  
our legislators, there are few of  
them sufficient to discuss the matter  
intelligently.

But is not the Standard begging  
the question when it says: "The C.P.R.  
would be fully justified in offering  
the new stock to the public at 200, and  
considering the value of money, would  
probably be justified even in offering  
it at 175?"

There is no intention of offering  
the stock to the public at these prices  
and will tenders be accepted from  
the public. The entire issue will be  
allotted to the present stockholders  
in England, Germany, Belgium, the United  
States and Canada. When the public  
come to buy this stock they will  
buy it from the lucky stockholders at  
275 or 300 and not from the company  
at 175 or 200. There is a fence around  
the melon patch. The Standard falls  
into a common error when it assumes  
that Canadian Pacific Railway stock  
will drop from 250 to 200 or 150 as soon  
as the melon is divided. Experience  
of past issues does not warrant this  
assumption. When a new issue of  
stock worth 150 in the market was  
allotted to stockholders at 125 two or  
three years ago, what happened? The  
stock, instead of falling to the price  
at which it had been allotted to the  
stockholders, rose higher and higher  
until it reached 235.

The Standard suggests that the man  
hereafter taxed to pay dividends on  
the melons of the Canadian Pacific  
by extortionate passenger, freight, ex-  
press and telegraph rates, cannot be  
heard to complain, because he can go  
into the market, buy a lot of C.P.R.  
stock and get in on the melons to be  
hereafter distributed. This is quite a  
brilliant suggestion, and offers a prac-  
tical solution for railway grievances  
and indeed for all grievances resulting  
from corporate tyranny. The man  
overcharged at a railway station has  
only to whip a few million dollars out  
of his pocket and buy the railway. It  
will be a great consolation for the  
western homesteader, with wheat rot-  
ting on the ground for lack of railway  
facilities, to learn that although he can  
borrow no money, at the bank he can  
easily become rich by investing a few  
hundred thousand dollars in Cana-  
dian Pacific stock.

The Standard is good enough to say  
that none of the newspapers opposed  
to the melon have made out a case  
against it. May we suggest in reply  
that the case is upon the melon cut-  
ters to make out a case for the melon.  
But we have yet to hear an argument  
in behalf of the melon, which any  
public man is likely to present to par-  
liament. We have yet to learn of an  
argument in its favor, which would  
dare to look an honest man in the  
face.

**SHEEP AND GOATS.**

According to The Financial Post, The  
World has classified the newspapers  
of Canada on the Canadian Pacific  
Railway melon issue and The Post  
considers itself unfairly treated in  
being assigned a place among the goats.  
It recalls having cautioned the Cana-  
dian Pacific Railway Company against  
dividing too large a melon among its  
stockholders at this time and there-  
fore complains of being grouped with  
the unqualified and "understanding"  
supporters of the company's high  
finance. But The Post did urge the  
government to authorize the Canadian  
Pacific Railway to increase its cap-  
ital and to do so behind closed doors  
and behind the back of parliament.  
People who are really against the

melon ask nothing better than a full,  
fair and free discussion on the floors  
of parliament, in the hearing of the peo-  
ple. However, we are glad to see that  
The Post is somewhat ashamed of be-  
ing a goat, unlike The Kingston  
Standard, which appears to be as proud  
and happy as the conventional goat  
whose portrait every spring heralds  
the advent of lock-beer.

A sheep, omitted from our list the  
other day, is The Calgary Albertan,  
which is now out strong against the  
melon. The Edmonton Bulletin, a  
newly-converted sheep, declares that  
its neighbor, The Edmonton Journal,  
belongs among the goats. Without de-  
tracting from the good work The Bul-  
letin is doing at present, we cannot  
refrain from voicing regret at its sil-  
ence when melons were cut in the  
past. The Bulletin assumes that per-  
mission to increase capital must be  
obtained by the Canadian Pacific Rail-  
way from parliament. This is not the  
case; only an order in council is neces-  
sary, and many such an order was  
made by the cabinet of which Hon.  
Mr. Oliver was a member.

**MUNICIPAL HOME RULE.**

Among the planks adopted at the Re-  
publican convention for the State of  
New York, is one embodying municipal  
home rule. Senator Root, in his in-  
troduction speech explained that the  
committee on resolutions had made  
special efforts to produce a platform  
policy in order in council is neces-  
sary, and many such an order was  
made by the cabinet of which Hon.  
Mr. Oliver was a member.

The plank as adopted reads: "We  
favor granting to all cities and villages  
adequate powers of self-government  
and control over their local affairs and  
property and the transaction of mu-  
nicipal business, subject to proper con-  
stitutional safeguards and the general  
laws of the state, but free of legisla-  
tive interference in purely local mat-  
ters. We favor legislation providing  
simplified forms of municipal organiza-  
tion, including the existing mayor and  
council plan, any one of which may be  
adopted by the voters of any city."  
The same freedom of action should be  
accorded in Ontario, and should in-  
clude the right to adopt any system of  
taxation that commends itself to the  
municipal ratepayers. Sir James Whit-  
ney objects to what he terms check-  
board systems, but is there any real  
ground for his objection? Liberty to  
experiment is the essential condition  
of improvement, and, as has been  
clearly shown, great diversity results  
in practice even under the supposedly  
uniform system that is now operative.

**MUNICIPAL ABSTAINERS.**

In the current number of Conserva-  
tion, the monthly bulletin issued by the  
Dominion Commission of Conservation,  
a strong recommendation is made for  
the establishment of properly regulated  
municipal abattoirs. It states that at  
the present time all meat sold in Cana-  
dian cities and towns, except that  
slaughtered for export or interprovincial  
trade, is not subject to inspection at  
the time of slaughter and may, there-  
fore, be considered to be slaughtered  
clandestinely. As no inspection exists  
in places where at that time, the im-  
portance to the public health of a  
municipal abattoir cannot be over-  
estimated.

In this, as in other matters, Toronto  
has suffered from the unwillingness  
of the city council to anticipate the public  
needs. In the matter of a municipal  
abattoir, there is no reasonable excuse  
for the failure to act years ago. It was  
no novel experiment, for the cities of  
Britain and Germany have for years  
insisted on its provision and for expert  
inspection at the only time when it  
can be efficient and effective. The  
delay has permitted conditions to arise  
which at last compelled action, that  
taken earlier, would have prevented  
their development and greatly  
strengthened the position of the city.

**IMPROVEMENT EXEMPTION.**

At the beginning of this year this  
City of Houston, Texas, introduced a  
system of assessing all and within its  
limits at about seventy per cent. of its  
fair selling value, which in most cases  
was identical with its speculative value.  
All personal property was totally ex-  
empted from taxation and buildings  
and other improvements upon land and  
machinery of manufacturers were as-  
sessed at twenty-five per cent. of their  
productive value, while franchises for  
the first time were assessed and the  
repealed. The changes was a relief of industry great-  
er than has been given by any other  
city in the United States.  
During the first six months of 1912  
there were 219 more buildings erected  
in Houston than in the corresponding  
period of the previous year and their  
value was three times as great as the  
value of those erected in 1911. This  
shows, as has happened in other cities  
making similar changes, that the par-  
tial exemption of improvements and the  
relief of personal property from tax-  
ation at once tends to stimulate the  
building industry. It also, in Houston  
as elsewhere, had the effect of increas-  
ing the number of land sales without  
depreciating prices.

**THE RESURRECTIONIST**

**A TRULY UNITED KINGDOM**

By Garrett O'Connor.

Editor World: Answering Rev. J. C.  
Speer's remarks in your issue for the  
23rd, in reply to my criticism of a sec-  
tion (or strictly speaking, a political  
lecture) delivered in Toronto on Sept.  
18, and reported next day in The  
World, I would say, taking his para-  
graphs in their order:  
I did not say that Irish Protestants,  
as a class, favored home rule for Ire-  
land, but I do say that there are suf-  
ficient Protestants in Toronto on Sept.  
18, and reported next day in The  
World, I would say, taking his para-  
graphs in their order:  
I did not say that Irish Protestants,  
as a class, favored home rule for Ire-  
land, but I do say that there are suf-  
ficient Protestants in Toronto on Sept.  
18, and reported next day in The  
World, I would say, taking his para-  
graphs in their order:

Kingdom Parliament, having the bal-  
ance of power—stranger things have  
happened. The statement, British and  
Irish, who bring all this to a happy  
consummation will go down in history  
as having settled a seven-hundred year  
quarrel between Britain and Ireland in  
a most acceptable way, as having made  
possible a lasting friendship between  
the United Kingdom and America, and  
as having completed the list of free  
nations comprising an empire founded  
on honor, truth and justice, not on the  
methods employed by Caesars, now  
turned to dust.

One word more. All true Gaels will  
join with me in thanking The World  
for its unstinted hospitality to Irish  
Nationalists and their critics.  
Remember this ye Britons, that  
when you give a favorable vote for Irish  
autonomy, that the united Nationalist  
party freely gave hundreds of votes in  
the United Kingdom Parliament in fav-  
or of strictly English, Welsh or Scotch  
progressive measures (and more to fol-  
low, such as Welsh disestablishment,  
Scottish home rule, etc., not to speak  
of the needed curb just put upon the  
lords) for every one vote for an Irish  
measure. Remember also that count-  
less thousands of Gaels in the United  
Kingdom have made possible the vic-  
tory of Nelson, just as the presence of  
others helped Wellington to win Water-  
loo in conjunction with Blucher, and  
more in South Africa won the rare and  
only privilege that spiders possess of  
wearing a national emblem, the sham-  
rock of Ireland, which the sovereign  
gave them the privilege of wearing;  
and do not forget, when reading Ten-  
nyson's "Charge of the Light Brigade,"  
that over half of the regiment was Irish.  
Thoughts on these subjects will con-  
vince you that you are not giving some-  
thing for nothing.

He Scorns Them.  
There are some other paragraphs in  
Rev. Dr. Speer's letter, but as they  
are just "stock-in-trade," scoldings of  
the "heresy," "Jesuit," "Molly Mac-  
Carthy," etc., I must decline to "scorn  
them," as squabbling over nothing.  
In reference to general charges so  
often made against the Nationalist party,  
I am reminded of a truism uttered by  
that great statesman, William Earl  
Gladstone, replying, I think, to a wire-  
less member of parliament named  
Mr. Newdegate: "He seems to have  
Jesus on the brain." The Rev. Dr.  
Speer says he deplores outrages com-  
mitted by Orangemen or Catholics, I  
charged by Rev. Dr. Speer and his  
colleagues (the leaders of certain parties)  
would I have to deplore any such  
if he and they would cease goading  
them into hateful acts. I charge that  
I see that the Nationalist party, as  
Rev. Dr. Speer and (last Sunday) by  
Rev. J. M. McIlraith do not help the  
cause of civilization and Christianity.  
The gallant Irish do not hesitate to  
Dawson in July is still being misre-  
presented in Toronto, men who need  
the remembrance of the slender Irish  
the common daily papers, working up  
the minds of poor people with untrue  
stories of women and children ill-used  
and mistreated.

The Irish Independent for July 27  
says that some of the rioters at Castle  
Dawson were tried before the Magis-  
trates. The gallant Irish do not hesitate to  
Hugh aware that the stone-throwing  
was started by the Unionists, also  
that there was not a woman or child  
struck from the beginning to the end of  
the riot; and Constable Osborne sup-  
ported him. Acting Sergeant McCloskey,  
on the other hand, saw a woman with  
some Hibernian small boys with a  
cut on her brow, and a plentiful sup-  
ply of "sermons" as the constable T.  
Burns said that the stones  
came first from the Unionists. I  
have read the report (two columns).  
The gallant Irish do not hesitate to  
children—if you pick up any Cana-  
dian or American daily paper you will  
see that men with the prefix of O or  
Mac to their name are constantly re-  
cusing the helpless women and children  
from fire, flood, storm, runaway horses,  
etc.; and they love to do it; and they  
will not stop to ask who their mis-  
deed women or children were. I would  
add that the admirable patience and for-  
bearance the Irish are displaying these  
very trying times proves their gallan-  
try. Mr. John Allan Baker, M.P. for  
E. Finsbury, Eng., visiting Toronto  
yesterday, says: "They (the Nationalist  
party) have shown a spirit of toleration,  
when assailed by the attacks of the  
Unionists, that is most commendable."  
No need for me to say what The En-  
glish Chronicle said yesterday of the  
Ulster agitators—it can be seen in the  
daily papers.

Home rule? Home rule will be pass-  
ed this fall with a majority of 100.  
Even the house of lords will have to  
sign the bill, it will still become law  
in less than two years. What follows?  
The first real, lasting friendship be-  
tween Great Britain and Ireland will  
be inaugurated by the opening of Ire-  
land's Parliament in College Green,  
Dublin, by King George, surrounded  
by the most progressive group of  
statesmen ever gathered together from  
"a truly united kingdom."  
What Will Follow.  
Then what will follow? There will  
be a general election in Ireland, and  
certain parties will be returned. What  
will be the titles of these parties?  
Probably Nationalists, Liberals and an  
Orange party, the latter, perhaps, like  
the Nationalist party in the United

LABOR MEN TO  
BE CANDIDATES  
Independent Party Decided to  
Put Men in the Municipal  
Field Next  
January

That labor is to take some part in  
the coming municipal elections was  
apparent Saturday night at the first  
of the winter meetings of the Inde-  
pendent Labor Party in the Temple  
Building. All told there were not  
quite a dozen members on hand, but  
the inclement weather and the fact  
that the meeting was called for Sat-  
urday night, no doubt, kept many  
away.  
To put candidates into the field with  
the definite idea of getting them elec-  
ted, rather than for appearance's sake,  
was the argument put forth by the  
majority of the members. On too  
many occasions, it was said, men had  
been put into the field just with the  
idea of an advertisement. The con-  
tention was also made that the labor  
candidate should run under that name,  
and not under the name of the Inde-  
pendent Labor Party or the Socialist  
Democratic Party, or any other party,  
but that he should go into the field as  
a workman's candidate, so that not  
only union men but workmen all  
over the city, union or not, would go  
to the polls and register a vote for him.  
"This year should be our opportu-  
nity to get our men elected, because  
everybody is disgusted with the pre-  
sident's city council," was the statement  
of one delegate.  
As to whether the Independent La-  
bor Party should affiliate with the  
Socialist Democratic Party in the con-  
tingent municipal campaign for the elec-  
tion of labor candidates came in for  
some discussion. At a previous meet-  
ing the two bodies could not come to  
a common ground on the matter, but  
was laid over pending the report of  
committees appointed at that meeting.

**SELF-PROPELLED CAR  
GIVEN A SEVERE TEST  
OFFICIALS SATISFIED**

New Gasoline Electric Railway Coach Will Be Used by  
C.N.R. on Suburban Lines, and Other Railways Also  
May Adopt It—Sir William Mackenzie Was Surprised  
—Fast Time and Low Operating Expenses Two  
Features of New Car.

A self-propelled car with a carrying  
capacity for 120 passengers and cap-  
able of traveling at the rate of a mile  
a minute at a fuel operative cost of  
three cents a mile. This is the new  
gasoline-electric car which railway ex-  
perts claim will revolutionize railroad-  
ing so far as branch lines are concern-  
ed.  
At the present time hundreds of  
branch lines of the Canadian railways  
are being operated at a loss, which by  
the adoption of this the Mackenzie  
system of self-propelled gasoline-elec-  
tric cars, will be turned into profit  
producing agencies. The operating cost  
of three cents per mile is compared with  
the 8 to 10 cents per mile operative cost  
of the steam locomotive it is to effect  
the change. This is admitted by experts  
in railway operation.  
A New Epoch.  
The initial trip of the new gasoline-  
electric car was made from Toronto on  
Saturday, when Sir Wm. Mackenzie,  
president of the Canadian Northern  
Railway Company, and a number  
of prominent railway men on board, a  
trial run from Toronto to Lake Station  
to Gamebridge and return was made.  
It marked a new epoch in Canadian  
railway development, and leading rail-  
way men declare that this system will  
be used instead of the steam engine on  
all branch or spur lines operated by  
Canadian railways through the Domini-  
on.  
The trial trip was made primarily  
with the object of the adoption of the  
self-propelled car by the Canadian  
Northern Railway, and Sir William  
was on board in order to decide what  
the car would meet the C. N. R.'s  
requirements.  
On board the car with the president  
of the C. N. R. were: Miss Ethel Mac-  
kenzie and Mrs. C. Mackenzie, the  
president's two daughters; Mr. C.  
Beardmore, J. C. Rothery, manager of  
the Toronto and Eastern Railway; A.  
M. Smith, consulting engineer, Toronto  
& York Radial Railway; C. M. Wilson,  
assistant manager, Toronto & York  
Radial Railway; F. S. Livingston, traf-  
fic manager, Toronto & York Radial  
Railway; Guy Toombs, traffic man-  
ager, Canadian Northern Railway; W.  
B. Boyd, consulting engineer, Toronto  
& York Radial Railway; W. Perrin, superin-  
tendent, Toronto & York Radial Rail-  
way; A. L. Grabum, electrical engi-  
neer, Canadian Northern Railway; W.  
M. Bennett, vice-president of the Inter-  
national Electromotive Company, the  
owners of the patent; E. H. Gentzel,  
electrician, International Electromotive  
Company, and Chas. W. Wright, man-  
ager of the Preston Car Works, Toron-  
to, who had charge of the party.  
The car was in charge of Engineer  
Penock, Conductor E. Starsted and W.  
Fitzsimons, brakeman.  
He Was Surprised.  
Superintendent Farrell, of the Grand  
Trunk Railway, who, it is understood,  
was representing the Canadian Pacific  
real management in the matter, rode  
with the car as far as the city limits,  
riding in the box with the engineer, in  
order to get a better idea of the work-  
ing of the new system. Before getting  
off, he expressed surprise at the smooth  
way in which the car rode the railway  
tracks and took the switches.  
It was the first intention to run the  
car from Toronto Union Station as far  
as Richmond Hill, but Sir William was  
so well pleased with the new car, that  
he decided to go right thru to Game-  
bridge, making an additional 20  
miles to the trip, or 72 mile run from  
Toronto.  
Made Good Time.  
The sixty-six mile part of the jour-  
ney from Toronto to Gamebridge was  
made in two hours' actual running  
time, or at the rate of thirty-three  
miles per hour. At ten-mile periods  
of the trip a speed of forty miles per  
hour was maintained, at times the  
car attaining a speed of about fifty  
miles per hour. If required to do so,  
this car can travel at a mile-a-minute  
clip.  
This car will, it is expected, be placed  
on a number of the Canadian Northern  
Railway lines where at present steam  
engines are in use. The line from  
Schenberg to Aurora, a distance of  
fifteen miles, will be the first of the  
lines where the change will be made.  
The new self-propelled car is to re-  
place the steam engines there next  
week.  
It is the intention that this car be  
used on the Toronto and Eastern line  
from Bowmanville to Aurora, a distance  
of twenty miles. The cars will  
be run on the new line from Bowman-  
ville as far as Cherrywood, from where  
they will come into Toronto over the  
C. N. R. railway tracks.  
Sir William Pleased.  
"I am very pleased indeed with the  
car," was Sir William's comment at  
the end of the trip, "and well satisfied  
with what the car has shown." Sir  
William also remarked that the C. N.  
R. would be able to use this style of  
car at innumerable places on the sys-  
tem.  
The self-propelled gasoline-electric  
car is 24 feet in length by 8 feet in  
width and has seating accommodation  
for 42 persons, but can carry 120 pas-  
sengers, the machinery being all un-  
derneath the body of the car and thus  
taking up none of the floor space.  
The car is of fireproof steel construc-  
tion and is equipped with side doors,  
thus facilitating the loading and un-  
loading of passengers.  
Good Heating System.  
The heating system generated by the  
car itself, both for power and lighting  
purposes. The heating system  
used is one of the best features  
of the car. It is taken in at the  
front of the car thru the radiator and  
the air thus cooling the water and be-  
coming heated is passed into the car  
itself.  
Gasoline-electric self-propelled cars  
are no experiment, having already  
been adopted by two of the leading  
railroads in the United States, the  
Union Pacific and the Pennsylvania.  
The car is also equipped with a large  
number of the large American cities.  
It is expected that following its adop-  
tion by the Canadian Northern Rail-  
way, the Canadian Pacific Railway, the  
Grand Trunk Railway and a number  
of places Trunk Pacific Railway will use  
the self-propelled gasoline-electric in-  
stead of steam for their branch line  
passenger traffic.  
Also the duty necessary by the im-  
portation of the car from the Preston  
Car Works, York, Pa., brings the price  
of the gasoline-electric above the price  
of the ordinary car, this will be met

**ASSESSMENT VALUES.**

Editor World: There has been a great  
deal said and written on single tax,  
and the assessment system. I do not  
believe in the single tax, I believe that  
the land has a tax value independent  
of the house tax. Each should be taxed  
at its proper value. If I have a lot,  
say 100 feet, and there are buildings  
on both sides of my lot, I know full  
well it has made my lot more valuable.  
If the buildings have been built  
cently, and the land sold for \$1000 per  
foot, and the assessor assesses it at  
\$800 per foot, my land should be assess-  
ed at the same \$800 per foot, the it is  
still vacant and full of weeds. The as-  
sessor in Toronto do not look at the  
vacant lot in this light. I think the  
assessor's assessment law is altered so  
that the city property is assessed on  
a percentage basis, the better for  
both rich and poor.

Flying Stone Broke Leg.  
KINGSTON, Sept. 28.—(Special.)  
While playing in St. Mary's School  
yard, the seven-year-old son of M.  
Amodeo, fruit merchant, was hit on the  
head by a stone and the member frak-  
tured. His elder brother hit the boy  
with a stick and he was then strapped  
by a teacher, who witnessed the entire  
affair.

COFFEE WON HUSBAND

But Wife Now is Sorry—How Charm is Worked.

CINCINNATI, Sept. 28.—Mrs. Maggie Schrader, who was remarried to her husband because he liked the coffee she made after she had divorced him once, has again sued for a separation, and says that never again will she bring a cup of the famous coffee to his bed before he arises in the morning.

Today she made public the recipe for the coffee which prompted her husband to remarry her. The recipe follows:

Wm. McCaffrey and Entire Family Fell From Canoe and Were Drowned

shock would result in her death. However, upon the advice of a physician, she was told last night, and although broken down, will survive the severe blow.

WAS PROMINENT IN TORONTO. William McCaffrey was prominent in many circles in Toronto. He had a long connection with the Board of Trade. He was a warden of St. Peter's Anglican Church, Carlton and Bloor streets, and had held other offices in the church for a number of years.

WERE MARRIED 15 YEARS. Mr. and Mrs. McCaffrey were married 15 years ago in Toronto. The dead woman was formerly Miss Laura Seagar of a prominent family in Alliston, Ont.

Mr. McCaffrey is survived by a father, two brothers—Charles D. of the Hydro-Electric, and James, a salesman for the Canadian General Electric—and seven sisters: Margaret, May, Ada, Mrs. George Burnside and Mrs. C. W. Patt of Toronto, and Ethel, a school teacher in Williamsburg, Ont., and Mrs. Dr. Thompson of Havelock, Ont.

ULSTER'S STAND NOT ALARMING

Wm. Redmond's Contemptuous Comment Cheered by Big Gathering in New York.

NEW YORK, Sept. 29.—(Can. Press.)—"The Ulsterites' demonstration against home rule at Belfast yesterday was no more dangerous than this flash-light," exclaimed William H. Redmond, the Nationalist member of parliament, when his speech at a large mass meeting in Carnegie Hall tonight was interrupted by the photographers' work.

"Half of Ulster is as ardently for home rule as any part of Ireland," he continued. "Half of Ulster belongs to the ancient faith and many Protestants in recent years have been marching side by side with Catholics in the battle for Irish liberty."

The speaker got a great ovation. The meeting had been arranged by a committee of prominent citizens, including Supreme Court Justice Keogh, W. Bourke Cochrane, Alton B. Parker and Herman Ridder. A letter was read from Cardinal Finlay expressing his warm sympathy with the cause.

The audience stood, waved hats and umbrellas, and shouted their approval when Mr. Redmond rose to speak. He declared that he had never been the centre of such a demonstration. "The Irish home rule problem will be foremost in Britain's political arena until the freedom of Ireland is assured," he said, and he predicted that before Christmas the bill would have passed the house of commons, and that if the present British Government continued in power, the name of King George would be attached to an Irish home rule bill.

America's Reply to Ulster. Sir Croydon Marks, an English member of parliament, also was enthusiastically greeted. He declared that tonight's demonstration was "America's answer to the anti-home rule covenant signed in Ulster yesterday."

At the conclusion of the speeches, a resolution was adopted endorsing the action of the Nationalist convention in Ireland on accepting the home rule bill and congratulating the Irish party and John E. Redmond upon the triumphant state of the Irish cause.

A collection taken at the meeting for the cause, brought \$20,493. The United Irish League and the Ancient Order of Hibernians contributed \$1000 each, and Bourke Cochrane and John D. Crimmins led the individual subscriptions with \$250 each.

TORONTO MAN HELD AT FRISCO

H. E. Sheater is Wanted Here for Stealing \$1619 From W. T. McDonnell Company.

H. E. Sheater who, two months ago, stole \$1619 from the W. T. McDonnell Company, 73 Front street, was arrested Saturday in San Francisco on information supplied by the Toronto detective department.

Sheater was a driver employed by the fruit company. He disappeared with the money collected for the firm. Detective Newton was assigned to the case, and found that the man had bought a ticket for the coast, with the intention of going to Australia. Sheater, however, was taken in custody by the San Francisco police and will be held until Francisco Detectives Boyd and Detective Newton reach there.

MRS. HANNER HAD THREE HUSBANDS

Police to Produce Records in Who Shot Buffalo Man.

NIAGARA FALLS, Ont., Sept. 29.—(Special.)—"I'll prove to you yet that I am innocent," said Mrs. Mary M. Hanner, when Detective Sergeant Geo. H. Callahan read to her, in St. Mary's Hospital, on the American side today, the warrant charging her with assault in the first degree, alleging she shot her husband in North Tonawanda on Aug. 12, while the Hanners were on their way from this city to their home in Buffalo by automobile. She will be given a hearing tomorrow in North Tonawanda.

The police say that they believe the arrest of Mrs. Hanner will reveal a very interesting story. That the woman had at least three husbands, is authentic, say in Canada. So far as can be learned she has never divorced any of them. Her first matrimonial venture, according to the prosecution's side, was her marriage to a man named Webber, while she was yet a girl. Just what became of Webber is not known, the police say, but are going to find out. They say they know he is alive. Then Walter Green appears in her life. He is said to have met her when she was living near Welland, Ont. Green is said to have been a wanderer, and his wife sought other fields. Next in the list of husbands came Hanner.

Just what became of Webber is not known, the police say, but are going to find out. They say they know he is alive. Then Walter Green appears in her life. He is said to have met her when she was living near Welland, Ont. Green is said to have been a wanderer, and his wife sought other fields. Next in the list of husbands came Hanner.

The police say that they believe the arrest of Mrs. Hanner will reveal a very interesting story. That the woman had at least three husbands, is authentic, say in Canada. So far as can be learned she has never divorced any of them. Her first matrimonial venture, according to the prosecution's side, was her marriage to a man named Webber, while she was yet a girl. BUT ONE TENDER TO BUILD SHIPS

Invitation to Compete for West Indian Service Failed to Attract British Firms.

OTTAWA, Sept. 29.—(Special.)—The tenders for the ships for the West Indies service, which are supposed to be opened on Tuesday, will probably be a disappointment to the minister of trade and commerce, for it is understood that only one serious tender has been received by the department. As a matter of fact the complicated tenders asked for have given British shipping men the impression that the government is simply fishing for information and, as a consequence, no tender is from the British Isles.

Today British shipbuilding is so very prosperous, ships paying for themselves in two years, that builders are not attracted by any uncertain government venture, hence the total absence of tenders from over the water.

It is also understood that neither the C. P. R. nor the Elder Dempster will take the trouble to tender, being more profitably employed elsewhere. The tonnage from Canada to the West Indies has increased from two to thirty thousand tons and the outward development still continues, although inward freights are lacking during six months of the year.

TORONTO MAN HELD AT FRISCO

H. E. Sheater is Wanted Here for Stealing \$1619 From W. T. McDonnell Company.

H. E. Sheater who, two months ago, stole \$1619 from the W. T. McDonnell Company, 73 Front street, was arrested Saturday in San Francisco on information supplied by the Toronto detective department.

Sheater was a driver employed by the fruit company. He disappeared with the money collected for the firm. Detective Newton was assigned to the case, and found that the man had bought a ticket for the coast, with the intention of going to Australia. Sheater, however, was taken in custody by the San Francisco police and will be held until Francisco Detectives Boyd and Detective Newton reach there.

COFFEE WON HUSBAND

But Wife Now is Sorry—How Charm is Worked.

CINCINNATI, Sept. 28.—Mrs. Maggie Schrader, who was remarried to her husband because he liked the coffee she made after she had divorced him once, has again sued for a separation, and says that never again will she bring a cup of the famous coffee to his bed before he arises in the morning.

Today she made public the recipe for the coffee which prompted her husband to remarry her. The recipe follows:

The marriage of Miss Lois Wilkie Moyes, the tennis champion, daughter of Mr. and Mrs. John W. Moyes of Deer Park to Mr. James Henry Bickie, son of Mr. and Mrs. J. Bickie took place very quietly at a quarter past nine o'clock on Saturday morning in the Deer Park Presbyterian Church, which was decorated with palms, ferns and cut flowers. The ceremony was performed by the Rev. H. M. Parson, pastor of the church, Dr. Russell Marshall presiding at the organ. The tall graceful bride, who was given away by her father, looked very pretty in her travelling dress of natter blue and black velvet hat with lavender and blue shades. Her corsage bouquet of lily of the valley. There were no attendants and the bride and groom left immediately for a trip to the north. On their return they will reside at 27 Crescent road.

Trinity Methodist Church was the scene of an exceedingly pretty wedding at 2 o'clock on Saturday when the marriage took place of Kathleen Mary, daughter of the late William F. McCree, and of Mrs. McCree, Spadina road, to Mr. Harold Brent, son of the late Dr. Brent. The church was prettily decorated with palms, ferns, asters and chrysanthemums, and the ceremony was performed by the Rev. Dr. Cleaver, Miss Towley presiding at the organ. During the signing of the register Miss Lilian Wilson, cousin of the bride, sang "It is Not Because Your Heart is Mine." The lovely bride, who was given away by her brother, Mr. Charles McCree, wore a beautiful gown of ivory duchess satin, with French coat of rose point lace and pearls, the skirt being draped and caught up with pearl ornaments. Her tulle veil was arranged as a Juliet Cap and caught at the sides with sprays of orange blossoms. Her sister, Miss Bessie McCree, attended as bridesmaid and was gowned in pale blue charmeuse with a flowered chiffon of delicate lavender shades. Two little flower girls, Miss Dorothy Coulter and Miss Lenore Scott, pieces of the bride, were also in attendance, wearing very dainty frocks of white embroidered net over made silk, white plush hats faced with maize having one large water lily on the brim. Mr. Austin Meredith was best man, and the ushers were Mr. Len Morrison and Mr. Harold McCree, brother of the bride. A reception was held afterwards at the home of the bride's mother, which was decorated with quantities of yellow and white chrysanthemums and dahlias. Mrs. McCree was wearing a handsome gown of black chiffon velvet with jet and real black hat with black and white willow plumes, and a bouquet of orchids and lily of the valley. The groom's mother was gowned in black crepe de chene and black hat. Later in the afternoon Mr. and Mrs. Brent left for a trip down the Saguenay, the bride travelling in a dress of natter blue and black whibcord and blue velvet hat to match, with amber and brown shaded wings. ### The Nursery

#### Contributed Ideas

A baby's winter carriage-robe is made from a yard square of double-faced white eiderdown. At one end the eiderdown is cut eighteen inches from the bottom and ten inches from the two sides. The flaps thus made are fastened together in the centre to form a bag for the child's feet. Exactly in the centre of the square from right to left and sixteen inches from the top an opening for the head is cut in the shape of a half-moon. It is six inches on the straight edge. This flap is turned down as a sort of bib and is bound with two-inch satin ribbon feather-stitched in place. Ribbons at both sides tie it closely about the baby's neck. The sides and bottom are finished in the same way and a large bow of the ribbon is placed on the front.

This makes a very attractive carriage-robe with the special advantages of fitting closely around the neck and protecting the back as well as the front of the child. If a heavier robe is desired, a double square of single-faced eiderdown and other material with an interlining may be used.

The double flamed feeding plate for children arriving at the dignity of using fork and spoon, are quite as necessary as are short-handled spoons. Meat and potato are much more easily eaten from a dish of this sort than from the ordinary plate. The designs of this porcelain are really fascinating to the tots and always are suggestive of a story.

A good thing to do for a sick child is to cut paper dolls, and arrange with all costumes. In one envelope, or to cut up some one-cent sheets of soldiers etc., and put each lot in an envelope. Tied up with ribbons, even such cheap gifts look pretty.

It is a grave error to suppose that a child can be hardened by exposing it to the elements without it being suitably and well nourished. Instead of trying to "harden" a child, endeavor to "toughen" its constitution, and even this must be done with care and discretion.

Some people allow their children to go direct from a warm room out into the rain or cold wind, without taking the precautions of putting on some wrap. If spoken to on the subject the usual reply is that the child must not be coddled.

But there is a medium course to pursue, and exposure to any sudden change of temperature must be injurious unless the child is well protected. Damp should be avoided as far as possible, and unless the atmosphere is dry, open the windows at the top only.

Let the babies be out whenever possible during the day, except in bitterly cold weather, or when it is wet. Do not overcoat the little tramp with clothing, but see that the garments it wears are warm and light.

### AT THE THEATRES

#### "The Enchantress."

One of the most important theatrical announcements of the season is the coming of beautiful Kitty Gordon in Victor Herbert's latest comic opera, "The Enchantress."

Kitty Gordon, the beautiful "Enchantress," at the Princess Theatre.

Joseph M. Gaites will present identical copies of the play, which the New York critics have declared to be the most beautiful and colorful spectacle of many seasons. Supporting Miss Gordon will be the original company, which was seen in the first production at the Princess Theatre. It includes Ralph Riggs, Harry Campbell, Miss Fitzgibbon and the famous Beauty Singing Chorus.

Al Reeves' "Beauty Show."

The coming of Al Reeves and his "Beauty Show" to the Gaiety Theatre, which resembles much more the cast of the "Beauty Show" than a current amusement of present day-drama, in spite of this stupendous cast and a \$40,000 equipment of scenery and costumes, the regular \$2 to \$5 seats will be in force and mail orders are now being received from the various theatres. The regular seat sale will open tomorrow morning.

#### "Bought and Paid For."

"Bought and Paid For," George Broadhurst's wonderful play, will be seen for the first time in Toronto tonight at the Royal Alexandra Theatre. The play comes here with a record of having played for one sold year at William A. Brady's Playhouse, New York. The vogue of "Bought and Paid For" is credited to the naturalness of the story, which will recall to many minds a similar series of episodes in families of their acquaintances, and also in a large measure to the personalities which are familiar to most individuals in real life. The play tells a true story of American married life, and shows to the auditor a phase of the marriage problem, and the dilemma of a girl who has become the wife of a man different from the one she anticipated.

Mr. William A. Brady is sending the company direct from the Playhouse, which only closed its engagement there on Saturday night, and Toronto will be the first outside city to see this telling play.

#### Wm. Faversham's All-Star Company.

There has been considerable speculation as to how various parts have been assigned in Wm. Faversham's all-star production of "Julius Caesar," which will be the attraction at the Alexandra Theatre on Tuesday, Oct. 1. To clear up such enquiries, it may be stated that Mr. Faversham has the part of Antony; Mr. Tyrone Power, Brutus; Frank Brennan, Cassius; Mr. Fuller Moulton, Caesar; and Miss E. J. Fox, Portia. Every player who is familiar with the work of these eminent stars will recognize in

William Faversham, the all-star company, in "Julius Caesar," at the Alexandra Theatre.

#### Zillah's Own Company.

The attraction looked for this week at the Star is called "Zillah's Own Company," which is reported to be one of the most important companies touring the Empire Circuit chain of theatres. The company is headed at the Metropolitan by Harry Bentley, who is well and favorably known in Toronto. The costumes that she will exhibit are marvelous for the time of the piece, and that she says goes, no matter who may oppose her. As a variety nature, she will be fortunate, constitute the theme of the play, there is another love story of which occasional glimpses will be obtained. The plot, however, is practically concealed by the comedy business, the clever singing and dancing, and the very attractive costumes.

#### Biaphon on Thursday.

The opening event of the musical season at Massey Hall will be the Biaphon concert on Thursday evening. Biaphon's operatic successes are matters of musical history. Both at Covent Garden and at the Metropolitan Opera House, New York, David Biaphon has been acclaimed as one of the greatest singers of the world. As one of the greatest interpreters of dramatic roles, especially in the Wagnerian dramas, he has been numerous and notable.

Like his former operatic colleagues, Mrs. Nordica and Mme. Schumann-Heink, Mr. Biaphon has not been able to withstand the potent lure of the concert platform and, during the last few years, devoted a greater part of his time to concert and recital work. His concert platform is as supreme on the concert platform as on the operatic stage. Indeed, it has been often said that the drama lost a great star to the opera in David Biaphon.

Seats are on sale at the box office of the hall this morning.

### Promoters of Musical Festival

Lawrence Solman of Toronto and J. H. Dalton of New York, who alone undertook to bring the world's greatest artists to Toronto at an initial outlay of \$40,000.

## GREATEST MUSICAL EVENT EVER KNOWN IN HISTORY OF AMERICAN CONTINENT

Forty Thousand Dollars Had To Be Guaranteed Before Orchestra and Singers Could Be Secured for the Arena Concerts, and Two Men Alone Undertook the Gigantic Task.

Many persons, when the Toronto musical festival, which is to be held at the Arena next week, was first announced, inquired as to who would be so courageous as to project so great a gathering of singers in a city of the size of Toronto, and who was going to foot the bills for the enormous expense involved. A small estimate of the actual sum of which the singers in aggregate had to be assured before their contracts were signed, would be forty thousand dollars. Yet while it is usual in most places where musical festivals are held to have a large local guarantee fund, two men alone undertook the task of giving to Toronto the greatest event of its kind that has been known in the history of this continent. One of these is Mr. Lawrence Solman, already well known for his exceptional enterprise in all classes of sports and amusement, and who was the first man to bring Tetrazini and Anna Pavlova to this country when ordinary managers had what is colloquially known as "cold feet" at the enormous financial risk involved. When he was asked to become manager of the Arena, Mr. Solman was resolved to do something of a magnitude hitherto unknown to place the possibilities of that great structure before the people of this country. From his friend, Mr. J. H. Dalton of New York, came the suggestion of this festival and the project has grown in magnitude as the response of our public became apparent. It has of our public became apparent. It has of our public became apparent. It has of our public became apparent.

Another year commences for the Canadian Business Women's Club. On Tuesday, Oct. 1, they will hold their annual reunion in the Y.W.C.A. Hall, McGill street, at 8 o'clock. It is hoped that all the old members and all prospective members will be present.

taken three months of continual organization work to perfect the scheme. Mr. Dalton, who in his preliminary stages made his headquarters at New York, but has lately been on the scene superintending every detail, was indefatigable in searching Europe by cablegram for artists, and was rewarded in his efforts by securing the splendid ensembles to be heard next week. Mr. Dalton is a Harvard man, who was, up till a few years ago, engaged in the practice of law at Boston, but his natural artistic tastes led him into musical and dramatic management. It was the confidence that he shared with Mr. Solman that the music-loving public of Canada would cordially support so gigantic an experiment, that led him to unite with him in guaranteeing the event. Fortunately, the public has responded so handsomely that both are now not only insured against loss, but of our public became apparent. It has of our public became apparent.

## Conditions Governing the Contest

The Toronto World Proverb Contest is a test of skill and diligence, designed to encourage thought and research on the part of the young and provide a pleasant mental diversion for everyone.

Every day, for a period of seventy-five (75) days, there will appear in The Toronto Daily and Sunday World, an illustration, cartoon or other representation of a commonly used and well-known English proverb, and similar to the sample proverb picture and answer published on this page.

The Toronto Daily World will award PRIZES AGGREGATING OVER \$5000 IN VALUE to readers of The Daily and Sunday World who send in the correct or nearest correct answers to the entire series of illustrations. The first proverb picture will appear in The World, Thursday, October 3rd.

The correct answers, to serve as a basis of awards, are being selected according to their common use by the Contest Manager, and three

representatives of The Daily and Sunday World, and will shortly be placed under seal in a Safety Deposit Vault.

The list of correct answers will remain under seal until called for by the judges, whose names will be announced in due course, and who will have full control of the examination of the answers and awarding of the prizes.

The correct answers will also be included in The Toronto World's Book of English Proverbs, which will be published as a guide and reference for contestants' use in the contest.

To compete for the prizes, contestants need only to supply the proverbs represented by the illustrations that will appear daily, and send in their answers, at the close of the contest, according to the rules. The person sending in the correct or nearest correct list of answers to the entire series of seventy-five (75) illustrations will be awarded the first prize. The person sending in the second nearest correct list of answers will receive the second prize, etc., etc. Entry may be made any time before the contest is entirely closed. Rules follow:—

1. The Toronto World's Proverb Contest is open to all readers of The Daily and Sunday World in Canada, except employees of The Daily and Sunday World and members of their families. Anyone not excepted as above mentioned may enter the contest by simply becoming a regular reader of The Toronto Daily and Sunday World.

2. Contestants must write the Proverbs represented by the illustration upon the coupon provided therefor, and which will appear on Page 2 of The Daily and Sunday World every day during the Contest. Answers may be written with pen, pencil, or typewriter, and arranged in any manner to suit the contestant.

3. Each picture represents only one proverb. Where contestants are not certain as to the correct proverb represented, they will be permitted to send five (5) answers (not more) to each proverb illustration. If the correct answer is given, incorrect answers will not count against a contestant.

4. Only one answer may be written upon a single coupon. Extra coupons must be used for additional answers, and all coupons of the same number must be kept together in making up the set.

5. Different members of a family may compete in the contest, but only one prize will be awarded to any one family or household, and only one set of answers will be accepted from any individual contestant.

6. Answers must not be sent in until the last proverb illustration has been printed. After the last picture has been printed, contestants must arrange their coupons in numerical order, fasten them securely together and deliver or mail them in a neat, flat package (not folded or rolled) plainly addressed to the Contest Manager, The Toronto World, Toronto, Canada, within the time specified in Rule 7.

7. The time of receiving answers will have no effect upon the awarding of the prizes with this exception: all answers must be delivered at the Office of The Toronto World or bear postmark of mailing of not later than midnight, December 28, 1912, twelve days after the close of the contest.

8. The prizes will be awarded to Toronto Daily and Sunday World readers sending in the correct or nearest correct set of answers to the entire series of seventy-five (75) Proverb Illustrations.

9. In the event of a tie between two (2) or more persons, the contestant sending in the nearest correct list of answers with the least number of coupons will be declared the winner. Where two (2) or more contestants submit the same number of correct answers upon the same number of coupons the value of the prize or prizes thus tied for will be equally divided among those tying.

10. In making the awards, the judging committee, whose names will be announced in due course, will take

into account the similarity and exact wording of the proverb answers as selected by the Contest Manager and three representatives of The Daily and Sunday World, and as contained in The Toronto World's Book of English Proverbs: spelling, wording, punctuation, and the correct construction of the proverbs are the essentials that will be graded.

11. Where a set of answers is securely fastened together the contestant will be permitted to stamp (with rubber stamp) or abbreviate his or her name on the space allotted for same, and omit the full address from the greater majority of the blanks PROVIDED THAT SUCH FULL NAME AND FULL POSTOFFICE ADDRESS IS plainly and distinctly written upon the FIRST SIX and LAST SIX BLANKS of the set.

12. In sending in the answers at the close of the contest, it is important that contestants seal all packages containing answers, and if mailed, contestants should exercise great care to see that postage is fully prepaid at the rate, one cent per ounce, or fraction thereof, in Toronto, and two (2) cents per ounce, or fraction thereof, outside of Toronto, as The Toronto World is not bound to pay postage due on any set of answers.

All communications or letters of inquiry concerning the Proverb Contest must be addressed to the Contest Manager, Toronto World, Toronto, Canada.
