SEN. COX WHY HE OWNS CANADA LIFE

Takes Stand Before Royal Commission—Owms or Controls 57 per cent. of Stock, Spurred On by Resolution Passed in 1891, Directed Against Monopolizing, and Declares He Has Never Interfered in the Board's Policy.

Hon. George A. Cox, president of the Canada Life Assurance Co., appeared before the Royal Commission on Insurance yesterday afternoon to tell about his company. No startling admissions have been made as yet by the head of the Canada Life. He told an interesting story of how he came to get on the board of the Canada Life, and admitted that he held the controlling interest. Incidentally, in speaking of the risk insurance companies were under, he mentioned two fire insurance companies doing business in the United States whose capital had "been wiped out in five minutes" by the Frisco earthquake.

There will be no sitting of the commission to-day, owing to the absence of Judge McTavish.

The appearance of Hon. Mr. Cox in the box at the afternoon session was the cause of lively interest.

Senator Cox mounted the stand and

HON. FRANK OLIVER, EDITOR, BLUE PENCILS REPORTS TO SUIT HIMSELF

How Minister of Interior Defends Presentation of Garbled Literature to Commons—His Department Under Criticism.

London, May 30.—It is feared the British navy will lose one of its best vessels, the first-class battleship Montagu, which struck on the rocks at Lundy Island, Wednesday, and, according to latest reports received at Devonport at midnight, is not likely to be refloated.

Naval experts are of opinion that to attempt to refloat the Montagu under present conditions will mean her disappearance in 30 fathoms of water, as she is fixed precariously on a ledge and is in danger of overturning.

If possible an attempt will be made to patch up the vessel before any attempt is undertaken to float her off.

Bristol, May 30.—The Montagu struck on a granite cone, southwest of Lundy Island, known as Shutter Point, at 2.10 in the morning, and remains on the rocks with a bad hole in her bottom. Several of her compartments are full of water and the engine room, boiler rooms and stoke holds are flooded, and with the water still gaining.

She has lost both propellers and her wireless apparatus and besides has several holes in her plates.

The battleship Duncan and a number of tugs and other vessels are on their way to assist her.

The Montagu was proceeding to Penzance for the forthcoming manoeuvres, and apparently missed her course in a fog.

The Montagu is a first-class steel battleship. She was launched in 1903, cost about \$3,250,000, and carried a crew of 750 officers and men.

Little is as yet known as to what happened when the vessel struck. All the members of the crew were saved, but several of the men had limbs broken or were otherwise injured. It is reported that something of the nature of a panic occurred when the Montagu struck.

CANUCK, to STRATHCONA: "Come over and help us."

BIG BRITISH BATTLESHIP RUNS ON A ROCKY LEDGE LIKELY TOTAL LOSS

H.M.S. Montagu, Which Cost \$5,250,000 in 1903, in Serious Plight—Crew of 750 Saved, Some With Injuries.

Ottawa, May 30.—(Special.)—R. L. Forde addressed the house today in support of his resolution for the appointment of a select committee to investigate the abuses respecting the public lands in the Northwest.

He quoted from the recent speech of James J. Hill, at Winnipeg. The growth in the Northwest, present and future, was to be in a great measure attributed to our vast public domain. The lands in the United States being all taken up, the tide of immigration must flow to Canada. Since 1898 the policy of the government had been to withdraw all jurisdiction over the public lands from the governor in council, and to not do the same with the minister of the interior. We had made this minister a despot. A new "Doomsday Book" could be easily made up, filed with the names and holdings of the personal and political friends of the minister of the interior. Vast areas had been assigned to syndicates at prices far below the market value. Mr. Oliver himself had recently stated that as the law now stood it had the power to sell every acre of public lands at not less than \$1 per acre, the speaker hoping that this interpretation of the statute was not correct.

In 1902 the Saskatchewan Land Co. obtained from the government 25,000 acres. The same parties, as a railway company, obtained an additional million acres. The price paid was about \$1 per acre.

Mr. Thomson, a strong Liberal, and a man who fairly worshipped the prime minister, had stated in The Boston Transcript that the value of these lands was well known to the government in 1901, a year at least before the grant was made. He had not hesitated to charge collusion between Adamson, M. P., who represented the purchaser, and the government. In 1902 there was a great demand for western land.

Referring to the regulations concerning mineral lands, the speaker asked why there should be a mining code for the Yukon and none for the Northwest. The statute withdrew lands upon which coal, oil or minerals might be found, from sale and settlement. A few days ago, order was made transferring all the minerals that might thereafter be found in a strip of land extending thousands of miles to the Grand Trunk Pacific.

Grazing leases received attention. Up to 1901 these were determinable upon two years' notice by the government. The law was then amended to place no limit upon the powers to lease in the hands of the governor in council between April 1 and Aug. 1, 1905. Irrevocable leases had been made aggregating 37,741 acres. One concern, the Grand Fork Cattle Co., in one day received two leases, both irrevocable, aggregating 96,373 acres.

Mr. Borden then touched upon the timber leases were made perpetual leases, thereby enormously increasing their value. Who benefited? T. A. Browns (Dauphin), the brother-in-law of Mr. Sifton, then minister of the interior, holds timber berths aggregating 100,000 acres.

FOUND GUILTY OF MURDER DECLARES HIS INNOCENCE

George Stanley Claims He Was Condemned by Press and Public Before Trial.

Windsor, N.S., May 30.—(Special.)—George Stanley, whose trial for the murder of Freeman Harvie, near Eidersherouse, Hants County, has been going on for the past few days, was found guilty yesterday, and sentenced to be hanged on Aug. 1.

Before sentence was pronounced, Stanley made a most forcible speech in good language. He charged the judge with not having given him a fair trial. He said he was tried and condemned last February by The Halifax Herald, that the press and all the people, including the officers of the law, were prejudiced against him. Everybody that came near him since he was confined in jail was against him.

"I am not guilty of this dreadful offence; I am not guilty," were his excited words. He reiterated: "I am innocent of this awful crime with which I am charged."

He concluded by saying that he was offered up as a terrible sacrifice on the altar of prejudice and party.

The practice has been going on since the prisoner was led away. He walked with firm step.

TORPEDO BOATS COLLIDE

FYRMOUTH, ENGL., May 30.—During practice manoeuvres to-day the torpedo boats Nos. 108 and 81 collided in the channel off this port, and both were badly damaged.

Michael Davitt is Dead Result of a Bad Tooth

Famous Irish Leader Succumbs to Blood Poisoning—His Career Full of Exciting Incidents—First Elected to Parliament While in Prison.

Dublin, May 30.—A notable career closed to-night when, after a long and painful illness, Michael Davitt died peacefully and painlessly at 12 o'clock in the presence of his eldest son, Michael, and his two daughters, who had devotedly attended him thru his illness, and of many of his most intimate friends, including John Dillon. Shortly before his death, Father Hatton had been with him.

Mrs. Davitt, who had been in constant attendance on her husband until a few days ago, when she herself was taken ill, lies prostrated in the same hospital, too weak to leave her room. She has not yet been informed of her husband's death. It is stated that Mr. Davitt left a written message.

Great sympathy has been displayed by all classes of society during Mr. Davitt's illness. To-day the hospital was besieged by anxious enquirers. John T. Redmond, leader of the Irish party in parliament, was a frequent enquirer by telephone from his house of commons, and gave up his proposed continental trip over the Whit Sunday holidays in consequence of the condition of his friend, the father of the Irish Land League.

After a rally last night Mr. Davitt was able to speak to those at his bedside, but soon showed that he was dying.

Among the last callers at the hospital to-night was Lord Hemphill on behalf of Earl Aberdeen, lord-lieutenant of Ireland, and the Countess of Aberdeen, who had been in the city for the representation of South Mayo in parliament in 1899, but to the last took a keen interest in the politics of his country.

Death was due to blood poisoning, which followed two operations for necrosis of the jaw bone, and spread so rapidly that all efforts to stay its course were unavailing. Mr. Davitt's illness began with an insidious attack of toothache, to which he paid little attention until John Dillon urged him to have recourse to medical advice.

For some time there were hopes of his recovery, but the state of his health, which was undermined by exertions at the recent general elections, greatly hindered his progress.

TORONTO MAN IS DROWNED WHILE BATHING IN MUSKOKA

James Morrison of Gordon, Mackay & Co. Meets Death in Gull Lake.

Gravenhurst, May 30.—(Special.)—James Morrison, 28 years of age, manager of the furniture department in Gordon Mackay & Co., Toronto, was drowned in Gull Lake here to-day.

Morrison had gone out canoeing and when he did not return for lunch a party after an hour's search, found the body in 12 feet of water. As the clothing had been removed, it is supposed he went in bathing and not being able to swim, got beyond his depth.

Morrison, a young Scotchman, had been in this country a little over a year and made his home at 57 Wood-street, in this city. He left for Muskoka Monday on a two weeks' vacation.

Two brothers live at 103 Church-street. As a member of St. James-square Presbyterian Church, he took an active interest in the work of the church's society. The remains will be brought to Toronto and the funeral will be held from 37 Wood-street.

STEEL RAILS IN DEMAND

Lots of Business Ahead for Both Big Companies.

Montreal, May 30.—(Special.)—It is now said that the Dominion Steel and Sec. concerns will have no difficulty in selling every pound of rails they can produce for at least two or three years to come. The two concerns, it is said, should turn out over 400,000 tons a year. The Grand Trunk Pacific will use close to 600,000 tons. Hill will use 150,000 or over and then there is the Canadian Pacific, Grand Trunk and Canadian Northern, with big extensions and renewals.

It is understood that the Dominion Steel Co. will get a good slice of the national transcontinental order of 55,000,000 United States rails cannot come into Canada under \$35, and British rails \$37 or \$38.

The 6000 tons of rails ordered by the Montreal Street Railway at Sydney last February are now being delivered.

NEW INSURANCE INSPECTOR

Humor Which Includes Names of Dr. Hunter an Aid. Fleming.

There is a circumstantial story in circulation among the east end Conservatives to the effect that the retirement of Dr. J. Howard Hunter, provincial inspector of insurance, is soon to be announced, and that his successor will be Aid. Robert Fleming. Aid. Fleming is grand secretary and secretary for the Canadian Order of Odd-fellows.

Aid. Fleming last evening fatly denied any knowledge of getting such a position. He said he had never applied for it, and this was the first he had heard of it.

FALLS HEADLONG INTO FIRE

Immigrant Seized With Epileptic Fit in Front of Log Fire.

Winnipeg, May 30.—A horrible fatality occurred to-day at Wynnton Beach, a summer resort about 50 miles from here, when an English immigrant named George Griffin, while standing in front of a great log fire, was seized with an epileptic fit and fell headlong into the flames. He was dead when found a few minutes later.

MAY AGREE

Mayor Says City and Railways Are Shaping Towards Terms.

Ottawa, May 30.—(Special.)—Mayor Coatsworth stated to-night that indications were favorable for the city and the railway companies coming to an agreement respecting Yonge-street bridge.

ARTILLERY TRAINING

(Canadian Associated Press Cable.)

London, May 30.—Answering Col. Herbert, R.B. Haldane, war secretary, said his attention had been called to the mode of training in Canada, which he believed was much more successful than had been anticipated by artillery experts in this country. The whole matter will be under consideration.

50,000 CIGARETS SEIZED

Sailors of "Montreal" Crew May Be Arrested for Smuggling.

Montreal, May 30.—(Special.)—Fifty thousand cigarettes were seized on the steamer Montreal to-day by customs officers, and it is said that a member of the crew will be arrested and charged with systematic smuggling.

The practice has been going on for some time. German cigarettes from Antwerp being the great temptation.

HIS CAREER

Michael Davitt had been for the past forty years prominently identified with the Irish nationalist party. Born in 1846, he began work in a Lancashire cotton mill at the age of 10, his parents having been evicted from their home in Mayo, County Ireland, four years previously. Thru an accident he lost his right arm in 1857, and he had a somewhat checkered career for some years before being employed as a newsboy, printer's devil and assistant letter carrier. It was in 1862 that he came into notice by entering the Fenian Brotherhood. Five years later he was arrested and tried in London for treason, and was sentenced to fifteen years' penal servitude, leaving in 1877. Two years later he, with W. J. Conboy and others, founded the Irish Land League. In that same year he was arrested on a charge of making a seditious speech, but the prosecution was abandoned. He continued his activity in organization

DEATHS

CHALK—Sarah A. Chalk, youngest daughter of the late Robert Chalk of Port Hope, died Wednesday, May 30th, at 124 King West, Toronto.

Interment at Port Hope Friday at 9 p.m. Friends will please not send flowers.

MURRAY—On Wednesday morning, the 28th of May, 1906, at his late residence, 318 Wellington-street West, Martin Murray.

Funeral Friday morning, June 1st, at 8.30, to St. Patrick's R.C. Church, thence to St. Michael's Cemetery.

WATSON—At her father's residence, 40 Munro-street, on Wednesday evening, May 29th, 1906, Annie Gertrude, beloved and only child of Michael and Annie Watson, aged 12 years.

Funeral Friday, June 1st, at 8.45 a.m., from the above address to St. Paul's Church, and thence to St. Michael's Cemetery.

For "Better Tailoring," MacLeod Yonge and College Streets.

WARM WEATHER

Meteorological Office, Toronto, May 30.—(8 p.m.)—Shows have been generally from the south portion of Saskatchewan to Lake Superior. Elsewhere with the exception of a few light showers in the southern Ontario, the weather has been fine. The outlook is becoming more favorable for warmer conditions.

Minimum and maximum temperatures: Victoria, 50-60; Vancouver, 48-62; Edmonton, 44-70; Calgary, 40-50; Qu'Appelle, 40-58; Winnipeg, 46-60; Port Arthur, 40-44; Parry Sound, 32-54; Toronto, 42-62; Ottawa, 38-64; Montreal, 46-64; Quebec, 40-68; St. John, 40-54; Halifax, 38-46.

Probabilities.

Lower Lakes and northern Bay—Moderate winds, mostly southeast; occasional showers; stationary or a little higher temperature.

Manitoba—Clearing and becoming warmer; Friday fine and warm.

Saskatchewan and Alberta—Fine and warmer to-day and on Friday.

RAILWAYS' TALE OF WOE EXPLAINING HIGH RATES

Claim Heavy Taxation, Coal Duties and Greatly Increased Cost of Sundry Materials.

Toward the close of a long and exacting session of the board of railway commissioners yesterday, a "bomb" in the shape of a very difficult question, was thrown by Hugh Blair of the board of trade deputation at the great railroads and their expert counsel.

Wm. MacInnes, the freight traffic agent of the C.P.R. was on the witness stand. Mr. Blair put this proposition to him: "It is admitted that the rail road rates from Montreal to Toronto are two cents a ton lower than the rates from Toronto to Montreal. Now, I put it to you if a merchant who lived in an intermediate city, say Kingston, for instance, wished to buy a parcel of goods, of the same quality, at the same price, quoted from Montreal and Toronto houses, if the freight to him were two cents less from Montreal than from Toronto, which place would he buy the goods from?"

The witness, as a railroad man, was reluctantly compelled, after much pressing, to say: "Why I suppose Montreal."

That's just the point, Mr. Blair, as he resumed his seat. When the commission opened at 10 o'clock yesterday morning, Mr. H. Carys, R. C. Adams, president of the Grand Trunk Railway, addressed the board. First of all he invited the commissioners and the members of the day's sitting, to visit the Toronto freight yards of the Grand Trunk, saying: "We believe we have as complete a system for handling freight as can be found in the world."

Mr. Chrysler then commenced a long and detailed speech, going into a mass of complicated comparative figures, with a view of dealing with the complaints against the railroad rates embodied in the petition of the board of trade and its additional memorandum, and not only endeavoring to show that they were unobjectionable but also, by demonstrating the enormous increase of expense in operating his railroad, which grew by leaps and bounds every year, to bring to the commission that it was impossible to lower the existing freight rate tariff.

In dealing, firstly, with the accusations contained in the board of trade petition that the existing rates were very little less than those paid by the original charterers to the railroads in 1884, Mr. Chrysler ridiculed the statement, and showed that the real basis of rates was not determined upon until 1884.

Counsel went into a very exhaustive history of railroad rates, and demonstrated that in 1884 the rates were 2 1/2 times for first class, and 8 times for fifth class above the current rates today.

Counsel then went into a mass of figures, which he claimed showed that the general population of Ontario since 1884 had not increased generally sufficient to justify the railroads in reducing the freight rates, even without calculating the enormous outlays which have been expended in extensions, increased taxation and other improvements for the benefit of shipper and the traveling public.

Mr. Chrysler then went exhaustively into the increased cost of maintenance of the roads, as reconstructing material was becoming scarcer every year.

Mr. Chrysler stated some startling figures. Since 1901 they had jumped up 1200 per cent, as a result of the Assessment Act, and the various amendments. In 1901 the municipal taxes on the Grand Trunk system were \$12,265, and in 1905 \$190,000.

Mr. Chrysler, in 1901 the C. P. R. paid \$428,000 in coal duty and in 1904 \$557,000. In the latter year the C. P. R. paid \$516,000. With regard to fuel supply, it was a thick to compare Canadian railroads with those of the United States, the reason being that they ran over or alongside of the coal mines and many of the railroads even had their own fuel free from duty, transportation or even payment, save the cost of mining. At Windsor and Suspension Bridge the Canadian railroads paid \$1.42 a ton in 1897, but now the price was \$1.48, without including duty and transportation.

Then certain many new burdens were laid upon the railroads by the act of 1903. The expenditure on improved appliances, brakes, couplings, etc., and for installing new machinery and keeping same in repair, was really tremendous. Patrons demanded these expensive improved facilities and equipment and the companies must perform supply them.

In New Territory. "There are all sorts of difficulties with outside branches. When there come clear a thick wooded district, freight rates are at their best, but after the ground is cleared, the traffic falls off and there is nothing to take its place. All railroad rates are lower than the standard mileage rates, but naturally vary from time to time."

Counsel then attacked the board of trade figures, stating the fact that in the estimates of those gentlemen they had not included cartage rates. Any way, Montreal rates are lower than Toronto rates.

After a speech which lasted nearly three hours, Mr. Chrysler called upon John Pullen, the assistant traffic manager of the C.P.R., and John W. Loud, freight traffic manager of the G.T.F., for reports and speeches. Both these gentlemen gave evidence that the existing rates were at their highest point and yet were insufficient for the purpose of the railroad exchequer. Hence the roads had never paid any dividends.

on their capital stock, but were making ready arrangements to do so. The valuation adjourned at 11 o'clock this morning.

Visit to Freight Sheds. After the rising of the railroad commission Chief Railroad Commissioner Kilham, Dr. Miller and Mr. Bernier, followed by Messrs. Howland, Allan, Blain and members of the Toronto Board of Trade, and Hon. A. Blair and P. C. Chrysler, K.C., proceeded in carriages to the G. T. R. freight sheds. The World representative accompanied them.

The bustling scene, where the men were handling incredible shipments of goods, was a kind of merchandise, elicited the warmest admiration of these facilities as far as the G. T. R. to shippers of freight. The sheds are the largest on the continent and possess the latest improvements.

The distinguished party viewed all the offices and working sections of the outgoing and incoming sheds, and expressed great astonishment and satisfaction thereat.

The commission meets this morning at 10 o'clock.

Lecture is Postponed. Owing to the fact that Friday is a school holiday at the request of His Excellency, Earl Grey, there will be no lecture at the old fort to the pupils of the schools. The pupils who were to be present on Friday will attend lectures later.

SENATORS TALK DIVORCE ISN'T A COURT BUSINESS

Lengthy Discussion of the Proposal to Stop Re-Marrying of the Divorced.

Ottawa, May 30.—(Special.)—The senate to-day discussed further limitation of divorce.

Senator Fowler thought it was the duty of every senator to do what he could to discourage the violation of the marriage vow.

The divorce bills as passed by parliament did not discourage, but rather put a premium on divorce.

The premier party went to the trouble and expense of procuring a divorce, and when it was granted the guilty man can marry again.

Senator Cloran declared the divorce committee had recommended divorce on evidence that would not hang a cat in an ordinary court of justice.

Senator Macdonald of British Columbia thought the senate should go a step further, cease altogether dealing with divorce, and turn the business over to the courts.

Senator Kirchoffer, chairman of the divorce committee, said not one of his members sought his place, and not one found divorce transactions distasteful.

The old four-foot plank sidewalk on Davenport-road, from Bathurst-street to Dufferin-street, is being replaced.

About thirty of the Wychwood Hall to discuss the question of annexation to Toronto.

The district, which some would like to see annexed to Toronto, comprises Poplar Plains-road on the east, the Northern Railway tracks on the west and St. Clair-avenue on the north.

Woodbridge, May 30.—Last night about 10:30 fire broke out in the agricultural building known as the banquet hall on the farm grounds.

Woodbridge, May 30.—Last night about 10:30 fire broke out in the agricultural building known as the banquet hall on the farm grounds.

Scarboro Old Bdy., The annual meeting of the Scarboro Old Boys' Association will be held at the Clyde Hotel, Toronto, on Saturday, June 2, at 2 o'clock.

When Seven Men Die You know at least one of them had consumption. At first it was only a cough, but it was neglected.

MARK COUNTY AND SUBURBS HAPPENINGS IN HAMILTON AGAINST THE OPTION REPEAL MAY 30.—REV. A. L. GEGGIE

Meeting is Held to Organize and Appoint Special Committee to Suppress Illegal Selling.

Toronto Junction, May 30.—The first shot in the campaign against the repeal of local option was fired last night when about 50 friends of the cause met at a social under the auspices of the W. C. T. U.

At 8:30 to-night Robert Gordon, a feeble-looking old man, who gives his age as 97, and said he came from the Township of Arthur, was found lying in a field north of the Weston-road, where he had been seen wandering around at 6 o'clock this morning.

At a meeting of the Women's Missionary Society of the Hamilton Methodist district this evening, banners were presented to the Woodstock Mission Band, and the Waterloo Mission Circle, which showed the largest increase in membership.

The first Chairman ever arrested in Hamilton on the charge of being drunk and disorderly, was taken from the Horeahoe Inn to No. 3 police station to-night. He is Charlie King, North John-street.

Jack Caffery, the runner, who established a record in the Boston Marathon race, is very ill, and it has been arranged to hold a field day at Brimley Park and a concert on June 20, to raise money for him.

The Hamilton City Improvement Society has sent a letter to Mayor Biggar, asking that an engineer be appointed to pick out a route through the city for the use of all railway lines.

Dr. Charles E. Doherty, superintendent of the asylum for the insane at a New Westminster, B. C., in honor of a New Westminster, B. C., in honor of a New Westminster, B. C.

On Tuesday evening a cantata entitled "The Flower Queen" was given at the Christ Church schoolhouse. The singing was fine. The room was packed to the door.

The case against the grocers' combine will be proceeded with at police court Thursday morning. The city has applied to the Dominion government for a grant, to be applied to relieving destitute immigrants, who are being dumped in the city.

The Toronto Daily and Sunday World delivered to any address in Hamilton before 7 a.m. daily, 25c a month; Sunday, 5c per copy. Hamilton office, Royal Hotel Building. Phone 100.

Methodist Conference. List of Transfers and Proposed Stations as First Drafted.

Niagara Falls, Ont., May 30.—(Special.)—Rev. J. H. Robinson, president of the first session of the Hamilton ministerial conference this afternoon.

The old four-foot plank sidewalk on Davenport-road, from Bathurst-street to Dufferin-street, is being replaced.

Woodbridge, May 30.—Last night about 10:30 fire broke out in the agricultural building known as the banquet hall on the farm grounds.

Knox Church Appoints Committee to Seek New Pastor—Benefit for Jack Caffery.

Hamilton, May 30.—(Special.)—Mrs. Stevenson, wife of William Stevenson, a traveler, employed by M. Brennan & Sons, died this evening at her residence, 217 North John-street.

The congregation of Knox Church held a meeting this evening and appointed a committee of five members of the session, five managers and ten members of the congregation, to take steps to secure a pastor to succeed Rev. E. A. Henry, Rev. J. Ross, Guelph; Rev. R. J. McAlpine, Owen Sound; and Rev. A. L. Geggie, Parkdale, are among those mentioned for the pastorate.

The sale of the east end incline was completed this afternoon, but the name of the purchaser is being kept secret.

Mrs. Rayner, 426 King William-street, widow of the late William Rayner, died to-day, in her 86th year.

At a meeting of the Women's Missionary Society of the Hamilton Methodist district this evening, banners were presented to the Woodstock Mission Band, and the Waterloo Mission Circle, which showed the largest increase in membership.

The first Chairman ever arrested in Hamilton on the charge of being drunk and disorderly, was taken from the Horeahoe Inn to No. 3 police station to-night. He is Charlie King, North John-street.

WOMAN'S WORLD.

His Excellency's Garden Party. The clerk of the weather did not vouchsafe his usual King's weather for the garden party which his excellency the governor-general gave at Glen Stewart yesterday afternoon.

The beautiful grounds of Glen Stewart had surely never looked fresher and fairer, as carriage and motor car passed along the driveway to deposit its freight before its hospitable doorway.

The beautiful grounds of Glen Stewart had surely never looked fresher and fairer, as carriage and motor car passed along the driveway to deposit its freight before its hospitable doorway.

The fact is so well established that in our large cities similar means are employed constantly to lure from home innocent, ignorant girls of adventurous spirit, who long for a glimpse of the great world beyond their quiet neighborhoods.

Temping advertisements appear in the papers which find their way into the pockets of the restless spirit, become aroused; the imagination is kindled by alluring prospects presented in the advertisements, answered, and, ed; the adventuress is answered, and, ed; the adventuress is answered, and, ed.

Then again, it is known beyond a peradventure that in some of our cities direct attacks are met by these monsters of iniquity in woman's garb, and that girls coming in as strangers, may be tempted by or misrepresented, entrapped at the outset into the "broad pathway," whose end is death.

The W. C. T. U., the Salvation Army, the Deacons, etc., have endeavored to checkmate this latter system of evil by frequenting their representatives all over the city, and for to frequent strangers to Christian institutions or employment agencies.

All the efforts employed, however, have been unavailing to stem this tide of evil which goes on increasingly.

Care of Salt Cellars. Salt cellars in these days of damp weather are often the cause of much loss and deep grief.

The French in preparing spinach after boiling it tender, properly salted and cut of course free from every trace of oil, throw it into a colander and drench with cold water, which gives it a firmness and snap which is not obtained in any other method.

In Cooking Spinach. The French in preparing spinach after boiling it tender, properly salted and cut of course free from every trace of oil, throw it into a colander and drench with cold water, which gives it a firmness and snap which is not obtained in any other method.

Stove Polish. When stove blacking does not adhere to the stove top in a little brown sugar, less than a teaspoonful, or three parts of coarse glycerine or molasses and it will then be an easy matter to remove the red spots. Only remember to use at once, as if set away for a day or so it will sour and the stove will give out a disagreeable odor when heated.

Attacks Church Colleges. Their Teaching Here Local. But London Conference Methodists Decline to Endorse Aged Minister's Remarks.

WOMAN'S WORLD.

Clever advertisements for secretaries, traveling companies, etc., form the bait to lure from their homes and native land the unsuspecting victims.

The girls accompany these women in whatever capacity they have been employed. Once upon Chinese subject they are handed over to the inhuman monster who has paid for them. They are then hurried into the interior, where, in some Chinese harem, they are lost forever to their friends and all that makes life sacred and dear.

To accentuate the horror of their position, they are held as chattel slaves, subject to sale again at the caprice of their owners, and if their conduct does not please their brutal masters are punished by the most cruel and most cruel punishments inflicted without fear of interference from the law.

The price paid for the girls is said to be from \$500 to \$1000, according to their beauty and accomplishments.

Recent investigations have proved that some fifty girls have already been thus victimized.

The fact is so well established that in our large cities similar means are employed constantly to lure from home innocent, ignorant girls of adventurous spirit, who long for a glimpse of the great world beyond their quiet neighborhoods.

Temping advertisements appear in the papers which find their way into the pockets of the restless spirit, become aroused; the imagination is kindled by alluring prospects presented in the advertisements, answered, and, ed; the adventuress is answered, and, ed.

OPPOSE WOMEN'S FRANCHISE

Toronto East Methodists Decline to Endorse the Movement.

Without exactly denouncing the idea that women should be enfranchised with power to vote in municipal elections, the Toronto east district Methodist ministers in annual session yesterday discussed, unfavorably, a communication from Mrs. Dettlor, soliciting support for such a measure.

The ministers approved an application from the Carlton-street Methodist Church, asking permission to sell the parsonage, the proceeds to apply on the purchase of a new one.

Two memorials will be presented to conference; one fixing the relationship of the Woman's Missionary Societies, Ladies' Aids and Young Men's Clubs, to the quarterly official boards; the other empowering the trustees of churches to accept gifts in the way of endowments.

The year's reports mention that Rev. W. W. Colpitts attended his first conference in Cuba for his health. Rev. M. L. Pearson is to be removed to Stratroy in the London conference, and Rev. Richard Hobbs of Stratroy comes to Gerrard-street church.

The total increase in membership was 60, and the increase in missionary giving over \$1400. The fund for all purposes was \$6000 less than the previous year on account of a number of churches having raised money to pay off debts.

The following ministers and laymen will represent the district in the different committees at conference: Sunday schools, Rev. W. E. Haszard and S. R. Pearson; Epworth League, Rev. H. D. Ferguson and Dr. W. B. Wilmut; contingent fund, Rev. T. W. Neal and A. W. Briggs; sustentation fund, Rev. Isaac Couch and L. E. Annis; temperance and moral reform, Rev. J. H. Oke and Alex. Mills; memorials, Rev. G. H. Edwards and John N. Lake; state of work, Rev. S. W. Dean and C. H. C. Fortner; nominating, Rev. Dr. Cleaver and Dr. Hough; stationing committee, Rev. Dr. Smith, with Rev. T. W. Neal as alternate.

A SUIT FOR DIVORCE.

Friends of Windsor Couple Trying to Head it Off.

Windsor, May 30.—(Special.)—Seven years ago Frank Prowse, a young Windsor accountant, was married to Miss Helen Barber, prominent in Brantford social circles. For several years the couple lived together happily, one child being born to them. Within the last few months there have been troubles, culminating in a suit for divorce, instituted by Prowse in the Detroit courts a few days ago. His bill of particulars he sets forth that his wife has more than once threatened to murder him. Prowse also asks the court to grant him the custody of his 6-year-old daughter. Mrs. Prowse makes no defence to the suit, but the court has not decided whether sufficient grounds for a divorce exist. Friends of the young couple are working hard to effect a reconciliation.

A 'PROTESTANT FEDERATION' GRAND MASTER SUGGESTS

Time Has Arrived, He Says, for Organization to Resist R.C. Aggression.

The bright-looking fellows around town wearing badges are the delegates to the Supreme Grand Orange Lodge of British America, which commenced convention at Victoria Hall yesterday afternoon. It is a big gathering; the attendance being a record.

The important feature of the opening proceedings was the address of Dr. Sproule, the grand master, in which he suggested the formation of a Canadian Protestant Federation, to resist the increasing influence and aggression of political Romanism in Canada. Dr. Sproule suggests the appointment of a committee to canvass the situation and formulate a working plan.

Substantial Reasons. The doctor said: "I think the time has come to take steps for the formation of a Canadian Protestant Federation, upon the lines of the Imperial Protestant Federation of Great Britain. By this means all the distinctively Protestant organizations could co-operate in resisting further and unwarranted concessions to the Roman Catholic Church. That a more vigorous propaganda is necessary to preserve the constitutional rights of the citizens of Canada has been made clearly apparent during the past few years."

"Since the passage of the anatomy bills, with their objectionable separate school clauses, and the closing of the session in which they were passed, Keewatin was separated from Manitoba and added to the Northwest Territories. "There is no possible doubt," said Dr. Sproule, "that this was done on account of the difference between the school laws of Manitoba and Northwest Territories, and that two new provinces created under the anatomy bills."

Some Particulars. "As an evidence of the speed with which the church follows up the work when vantage ground has been gained, it is only necessary to point out that parliament prorogued on July 19, and the order in council detaching Keewatin from Manitoba and annexing it to the Northwest Territories is dated July 24. In that order in council it is expressly stated that the portion so detached shall then and there be subject to the same government and laws as that part of the Northwest Territories to which it is annexed. And as these territories are under the separate school law of 1875, therefore Keewatin is by this section brought under the same provisions."

A Shameful Act. "A more shameful act was never perpetrated upon a province than the refusal of the government to increase the boundaries of Manitoba, seeing it was only too patent that it was due to the refusal of her government to accede to the suggestion of Mons. Shearrett to the attorney-general of that province, to the effect that by inserting in two clauses which he handed him, so as to restore the right of separate schools to his people, with the observation that the straddling of the Manitoba government some action on these lines would be politically expedient and tend to facilitate the extension of the boundaries. It seems apparent that the extension of Manitoba depends upon the re-establishment of separate schools. This to her credit, he said, Manitoba refused to do."

The grand secretary, W. M. Lockhart of Alliston reported the issue of 66 primary lodge warrants. The gross increase in membership totals about 20,000. Newfoundland leads in the net gain in membership, as it did last year. The grand treasurer's report shows office receipts of \$178,340 from provincial grand lodges, exclusive of Nova Scotia and N.W.T., western division, of \$1873. Expenditures totaled \$442,350. There are 42 new lodges paying dues.

A Bit About the Doctor. Altho Dr. Sproule, M.P., intended to resign from the grand mastership, he has been prevailed upon to reconsider his decision on the assurance that the office of the grand secretary would be removed to Toronto, thus facilitating to a large extent the handling of the grand master's correspondence. Bro. Harry Lovelock, associate deputy grand master of Ontario West, and Bro. William Lee, grand secretary of Ontario West, are mentioned as most likely candidates for the new office.

In the evening the grand lodge delegates were entertained at a moonlight excursion on the Modjeskas. The press committee is composed of H. C. Hocken, E. Flood and J. G. Hocken. The striking committees are made up of the grand masters of the various provinces.

GUARDS' BAND DISAPPOINTED

Colonels Have Agreed That Colonial Troops Shall Cease.

(Canadian Associated Press Cable.) London, May 30.—The Coldstream Band will not go to Canada this year. Some time ago the colonels of the four regimental guards' bands, Irish, Scotch, Grenadiers and Coldstreams, entered into an agreement providing not to go abroad again. They hold it is disastrous to discipline, etc. The band was eager to accept the exhibition invitation to bear on Haldane, the war minister, but it is understood the minister decided he cannot interfere. The band closed and disappointed and hope conditions may change by next year. It is said the Second Life Guards (Dundonald's regiment) may go this year.

"This bill for your new frock is really a bit high," observed the plutocrat to his daughter. "Six thousand dollars is considerable to pay just for an auto suit." "But, papa, the suit itself really is quite inexpensive. The most of that bill is for the trimmings." "Trimming?" "Yes, I spent \$5000 for an auto of the right tint to match the suit."—Puck.

Soft Hats—

It may sound a little blunt—but we can honestly back up the words of the head of the men's hats department when he says:

"Tell the men we have the only soft hats worth wearing." The most becoming blocks—the most quality for the money—prices 2.00 to 8.00—

Young men's special at 2.50—

METHODIST W.M.S.

Annual Conference is Opened—Work of the Past Year.

The 13th annual convention of the Women's Missionary Society of the Methodist Church opened yesterday in Parkdale Methodist Church. The societies reported are those of the Toronto conference branch and about 130 delegates from outside points attended the meetings.

The opening exercises were conducted by Mrs. A. R. Clarke, Mrs. G. McKay and Mrs. James Young of Thornbury, vice-presidents.

Mrs. J. B. Whitton, president, presented a report which was a resume of the work of the society since its organization, 25 years ago, and referred to the growth of the missions and the necessity for expansion in the work.

The report of the executive committee recorded the assigning of two candidates, Miss Wherta Steele and Miss Hattie Woodworth, for work as missionaries in the Congo. The acceptance of Miss Annie Scott for training in the deaconess home.

In the supply committee report Mrs. William Briggs told of the work of the auxiliaries in sending goods to the 62 different missions. There are 190 worth leagues in my place in my place have been donated during the year. Mrs. Briggs also presented the corresponding secretary's report, which shows an increase of three and a half dollars in membership, making a total of 106 with a membership of 3649, an increase of 101.

The treasurer, Mrs. E. D. Chown, presented the treasurer's report last night, and according to it there was \$15,322 raised by the different societies. Of this amount \$239 went for disbursements, \$14,710 to the general treasurer, and \$355 to the rest fund treasurer, leaving a balance on hand of \$116. The increase in cash collections over the previous year was \$25.

Miss M. Brimston, returned missionary from China, who is in charge of the orphanage work, gave a short address on the evangelistic work in the Orient. Rev. George Brown acted as chairman, in the absence of Rev. W. H. Hinks, and conducted the sacramental service at the afternoon session. Dr. Sparrow rendered two solos at last night's meeting.

The Golf Girl: John seems to have fooled in making love to me. The Auto Girl: Well, something's gone wrong with my sparker, too—Judge. Tommy: Goin' to start to Sunday school, are ye? Which one? Dicky: Don't know yet. Hain't found out where they're goin' to have their picnics this summer.—Chicago Tribune.

COD LIVER OIL.

It almost makes you sick to think of it, but it isn't nearly as bad as it used to be. The improved method of refining it makes it much easier to take, and when made into Scott's Emulsion almost every one can take it. Most children like it and all children that are not robust are benefited by it. When the doctor says "Take cod liver oil," he generally means Scott's Emulsion; ask him if he doesn't. They know it is more easily digested and better than the plain oil. SCOTT & BOWNE, Toronto, Ont.

INSURANCE COMMISSION.

Continued From Page 1.

1850, 55 bonuses ranging from \$2000 to \$8350 were applied to the same purpose. In 1856, \$24,787.50 was paid up. Senator Cox here stirred himself on the capital question. He thought that the company should have pursued the course it did and continued paying up its capital. It gives the company a better financial position, and inspired the necessary public confidence. Mutualization at this point would have been fatal to the company.

In 1856 shareholders commenced to pay on their stock. In 1885 \$125,000 had been paid in, of which \$61,428.50 was realized on profits. A resolution was passed in 1900 calling up the unpaid capital of \$75,000. Two calls were made, 7 1/2 per cent, and 10 per cent, to extend over two years. The witness said that was done because the company needed money, as it was branching out and extending its business in Great Britain and the United States. Then again the directors thought it would strengthen the position of the company if they called up the unpaid capital. Further, under the new law at that time regarding reserves, the company had not had a reserve of a million to be sure, but it would be always on the verge of bankruptcy.

Polyholders' Share. In 1900 the Canada Life business was put on a three per cent reserve basis. Asked by Mr. Shepley whether the calling up of the stock did not lessen the proportion of profits paid to policyholders, Senator Cox stated that it did not. Polyholders get 90 per cent of the profits and shareholders 10 per cent, and the added capital does not matter.

From 1881 to 1899 the company paid 20 per cent dividends yearly on the basis of the capital in 1900 a yearly dividend of 8 per cent, has been paid, but no bonuses. Senator Cox stated definitely that the shareholders had been unanimous in calling up capital. No shareholder had ever expressed any dissent. The witness' own holdings were not affected.

Senator Cox then told of his individual holdings of stock in the Canada Life. Mr. Shepley wanted to know who the directors were in a certain year. "Now I think I can save your time and make any that of the court," said Senator Cox. "You want to know whether I have a controlling interest. I may as well tell you that myself, by Senator Cox told that he was interested in the Canada Life. He owned 57 per cent of the stock."

Senator Cox told that he was interested in the Canada Life. He owned 57 per cent of the stock. He held 62 shares of Canada Life stock, his son 80 and his wife 90. When did you first have aspirations to be on the board of the Canada Life? asked Mr. Shepley.

"I had aspirations to be president of the company when I became a local director in 1891," said the senator, amid general laughter. His Own Directorship. Senator Cox then explained circumstances under which he became a director. There was some difficulty about getting quarters in the new Canada Life Building for the Central Loan Company and two directors had been named to be on the board. He had been named to be on the board, but he was not on the board. He had been named to be on the board, but he was not on the board.

In 1891 a resolution was presented by John Stewart protesting against the purchasing of the controlling interest in the stock by outside parties, and adding that employees getting so much stock as to become a menace should be discharged. This referred to Mr. Cox, President Ramsay had had to resign from the board, and reported to the board. The result was the appointment to the board in 1892 of three trustees, Messrs Ramsay, Gates and Syron. Ramsay was named as manager, and offered to accept the suggestion that he become a member of the board, but specified that he would not be in favor of any shareholder from securing a controlling interest.

Do you know that some companies have laws preventing any shareholder from securing a controlling interest? "Yes, some companies have. I can name one, the Confederation Life and North American Life. And it is well known that these are each controlled by one man."

On March 31, 1892, Senator Cox transferred to the three trustees four hundred of his shares, to be held by them as long as he was on the board. As regards the control of the company Senator Cox said he had never actively interfered in the policy. There had never been a division on the board.

Any present or future manager, so long as he retains the confidence of his public, has control of the company he represents," he added. Mr. Shepley stated the fact from Senator Cox that his stock was released in 1896, and the witness did not resign either.

With Col. W.C. Macdonald still in the box explaining certain cases of bad faith on the part of the Confederation Life, Mr. Shepley brought the examination of that company to a sharp close yesterday morning. Commissioner Kent examined the witness at length on actuarial results in loading and the expense of getting new business. Commissioner Kent asked Col. Macdonald before he left the box if there was room for other insurance companies, and he answered that there was already too many companies in Canada for the good of the business.

MEMORIAL DAY.

Local G.A.R. Veterans Decorate Graves of Fallen Comrades. More than ordinarily impressive were the annual services attending Decoration Day in this city yesterday, when the battle-scarred veterans of James S. Knowlton Post, No. 522, of the Grand Army of the Republic, visited the graves of fallen comrades, who repose in city cemeteries. The party, who numbered 40, were accompanied by a number of lady friends and left the Queen and Victoria, at 2 o'clock. Among those present were Thomas Hayes, commander; Charles R. Bolton, Past Commanders William Greenwood, Jas. Shannon, John Knowlton, John A. Macdonald, Charles R. Bolton, John A. Boyce and A. S. Brooks. The veterans and their friends drove first to the Necropolis, where the grave of James S.
