DISSOLUTION IS THE TALK

THE CONSERVATIVE CAUCUS WILL
NOT BE HELD TO-DAY.

As the French-Canadian Members Have
Declared that They will Not Attend—
The Government and Convicted that
They Cannot Carry the Remedial Bill—
Members Going Home.

Ottawa, Feb. 27.—(Special.)—The situation grows more critical for the Government, or rather, they are coming to the conviction that they will not be able to carry their Remedial Bill and that they will be forced in a few days to consider what steps should be taken looking towards a dissolution. The 20 odd Conservatives who have declared against the bill threaten to grow to 30, and this has suggested to the Government that they make one effort to stop the defection. The caucus called for to-morrow morning, it is said, tonight will not meet, as the French members have declared they will not attend.

Several Ontario members leave for home in the morning. All sorts of efforts are being made to induce them to-night to call the meeting off. There is no interest taken in the Budget debate. The debate will finish to-morrow without any division, as the Opposition do not intend submitting any amendments.

PROCEEDINGS OF THE COMMONS.

Dr. Weldon Denies that He Had a Quarrel
With Sir Charles Tupper.

Ottawa, Feb. 27.—(Special.)—In the House of Commons Dr. Weldon called attention to a statement in the Mail and Empire of yesterday, that he and Sir Charles Tupper had had a quarrel between Sir Charles Tupper and himself. After having read the article, he said: "If there is a long-standing personal quarrel between us, I do not know of it." Sir Charles Tupper—I am equally ignorant.

Mr. Mills—Where ignorance is bliss it is folly to be wise. (Laughter.)
The House of Commons adjourned at 10 o'clock. The Government had no knowledge of the letter alleged to be sent to the Ontario members by the Northwest bishops asking if the Northwest Legislature had power to impose. From Sir Charles Tupper's Catholic schools and expressing a fear of such a course being carried out.

The Budgetary Session Begins.
Mr. Stairs, who dealt with the charge of the Liberals that sugar refineries were yielding a profit in excess of the expense of consumers. He said as a matter of fact, the profit upon actual cost of the refined sugar in Ontario was only about 6 per cent. This was certainly not exorbitant. Previous to this the refineries had run at a loss.

Mr. Fraser (Guyabour), dilated on the evils of the tariff and the benefits of free trade in Europe. In his opinion Canada ought to follow England's example.

After the debate was continued by Mr. Campbell (Kent), who dealt with the question of reciprocity. Mr. Edwards (Russell) spoke on the question of the export duty on logs and contended that Canadian lumber was not being sold in the United States and that if an export duty on Canadian lumber imported into the United States thereby brought into the Dominion would inflict serious injury on the Dominion.

"The People's Jimmy" Grows Familiar.
Mr. McShane (Montreal Centre) entered the House with a description of the meeting taken by the Conservatives to defeat him, contending that he was opposed by men who were making fortunes out of the tariff. He took exception to the remarks made by Mr. McLeannan (Glengarry) the other day.

He considered the remarks of the Montreal parties, and read several letters repudiating the strictures. One of the letters said: "You are the first live man that had reported us in such a depressed condition as last year, and getting familiar, addressed the Speakers as 'My brother-in-law.'" He referred to the farmers as being unfairly dealt with by "vampires" and bloodsuckers. He said that the "people are always with you" and that he would continue to sit in Parliament to watch their interests.

None of the relatives of the deceased yet been heard from.

Classified by Burglars.
Buffalo, Feb. 27.—Burglars entered the house of Henry Kreitzer at 623 Carroll street about 10 o'clock on Friday morning, and after rifling the drawers, carried away \$300 cash and amounts to the value of \$200. There was no clue to the thieves.

Women in N.B. School Board.
Fredericton, N.B., Feb. 27.—In the Legislature this afternoon a bill providing for the appointment of two women on every School Board in the Province—on the Governor's recommendation and the consent of the town concerned—was passed after some objection by one member.

MR. MULOCK'S BILL TO REDUCE IT
WAS THROWN OUT.

By the Banking and Commerce Committee
at Ottawa Yesterday—Bankers and Re-
presentatives of Boards of Trade Were
Opposed to the Reduction—The Rate
Will Remain at Six Per Cent.

Ottawa, Feb. 27.—(Special.)—There was an interesting session of the Banking Committee this morning, when Mr. Mulock's bill on interest was considered. The bill provides that when interest is payable by the agreement of parties or by law, and no rate is fixed by such agreement, or by law, the legal rate shall be 4 per cent. per annum. The bill was read from the Council of the Montreal Board of Trade and the Ottawa Board of Trade and read from the Winnipeg Board of Trade. It was also read from the Board of Trade in each case, and the rate of interest from 6 to 4 per cent, as detrimental to the best interests of the Dominion.

Mr. Z. A. Lash, on behalf of the Toronto bankers, was heard on the question, and added reasons why the reduction should not be allowed. Mr. B. E. Walker of Toronto was also heard, and he said, for the present legislation it was a mistaken conception of the case that he had wanted to get in as large a rate of interest as possible. This argument was not founded on fact, but it was clearly stated with the business it was acknowledged that such cannot be done. There was a motion made for a resolution referring to the United States system, which showed how undesirable the change would be to the Dominion.

Mr. D. R. Wilkie of the Imperial Bank opposed the bill on behalf of the Dominion bankers. He said that the bill would be a mistake in the views of the gentlemen who had spoken, he had come to the conclusion that the earning power of money was about 7 per cent. and that the rate of interest, and under these circumstances he did not think it would be well to reduce the rate.

Mr. Mulock and other gentlemen having addressed the committee, Mr. Mulock moved that the bill be thrown out. The bill was then thrown out.

PATRON CANDIDATES.

Twenty-five of them in Caucus-Grand Association.
A caucus of the 25 Patron candidates for the Dominion House was held in Toronto yesterday, and Mr. J. Lockie Wilson was chosen chairman of the campaign organization, which was formed.

The Patron Grand Association elected the following as officers: President, J. H. Macdonald; Vice-President, C. A. Malory; Secretary, T. O. Currie; Grand Treasurer, J. L. Walsh; Grand Secretary, J. W. Patton; Grand Auditor, J. R. Currie; Grand Marshal, J. H. Macdonald. A resolution in favor of uniform taxation and the abolition of all exemptions was adopted. The Dominion Government to abolish the deposit required of candidates for the House.

AMENDMENTS WHICH WILL LIKELY
CARRY IT THROUGH.

A Strong Delegation Representing the
Sporting Interests Will Attend the
Committee Meeting To-day—The Pearson
Divorce Bill Recommended to the
Senate—Political and Personal Matters.

Ottawa, Feb. 27.—(Special.)—Ontario horsemen are greatly interested in the bill to incorporate the Canadian Jockey Club, which will be up in committee to-morrow. A large delegation representing Quebec and Ontario sporting interests is here to promote the measure, which will be among other things, legalize betting on race tracks throughout the Dominion. Among those here are John Davies of Windsor, William Hendrie, Sr. of London, William Hendrie, Jr. of Hamilton, Robert Davies of St. Charles, and Charles of Chatham and Adam Beck of London. There is opposition to the scheme from the town of Detroit, where a race track was established last summer, bringing hundreds of American gamblers across the border. Mr. Sol White, ex-M.L.A., has been sent to oppose the passage of the bill.

With a view to settling the different interests likely to be affected, Mr. Sol White and the supporters of the bill had an interview with Mr. Dickey this afternoon. Certain amendments were agreed upon of a permissive character, by which the provisions of the bill would apply to those associations which become affiliated with the Jockey Club. The bill now stands at good stage of passing the committee.

Prof. Saunders' Annual Talk.
Prof. Saunders of the Central Experimental Farm, addressed the Committee on Agriculture to-day. His statements regarding the report of the year's agricultural work in the Dominion. He treated of the soil as found by the Dominion, and to the average of other countries. He compared the grain yields in oats, wheat, barley, etc., with those of the foreign countries, showing the varieties giving the best results. The professor had not concluded his remarks when the hour of passing Canada's Divorce Committee.

In the Senate this afternoon Chairman Kirchoff presented a resolution from the Divorce Committee stating that the committee had not been furnished with proof that an official summons had been personally served upon the parties in the application for the divorce of James Pearson, barrister at law, and his wife, Minnie Holcombe Pearson of Brooklyn, N.Y. The committee also recommended that the divorce of Woodburn Jarvis of Toronto, asking that certain documents filed with the committee last month, be returned with her application for divorce from her husband be returned, be granted. The report was adopted.

Political and Personal.
A cablegram was received in the city to-day announcing the death in Liverpool of the late Mr. James Macdonald, who was many years an official of the railway department and who was superannuated last year on account of ill health.

Major Hunt is reported to be the author of the story in circulation to-day that he had received a telegram from Winnipeg, announcing the death of his wife and sister, and that they were on their way and Sifton are about to start for Ottawa.

Mr. Laurier has a letter in Le Temps to-night, in which he admits that he would have been guilty of a breach of courtesy had he been responsible for the publication of the letter in the newspapers. He denies all knowledge as to who hit out publicly.

Major Little of London and Mr. Crony, Q.C., are here to support their interests in the Huron and Erie Loan and Savings Bank. The bill passed committee this morning.

Major Thomas Beattie, the Conservative candidate for the Dominion House at the next elections, is here on business with the Government. Mr. O'Leary, Inspector of the Dominion Police, is here on business with the Government.

WHO IS THIS FORGER CONVICT?

It is Said to be a Native of Wolverton,
Ont., and Was Convicted Under
an Assumed Name.

Columbus, O., Feb. 27.—There was brought to the penitentiary yesterday from Mansfield a prisoner who was sentenced to serve a term of three years for the forgery of a \$25 check. The man's lawyer said that the prisoner was related to New York papers, and that he had been in the city to prove his previous good record were produced in court.

It is said that three years ago the same prisoner was shipped into New York, and was arrested by the police. He was found to be a native of Wolverton, Ontario, and was convicted under an assumed name.

When they Made their Raid on the Trans-
vaal—Cecil Rhodes Claimed to Have
Been at the Bottom of it All—Some
\$500,000 Spent to Equip Uitlanders.

New York, Feb. 27.—Mr. G. Van Deth, a citizen of the Transvaal, now in this city, has ventured some amazing assertions in regard to Dr. Jameson's raid, giving as his authority letters from his Boer friends and files of the Amsterdam Telegraph. He alleges that Dr. Jameson has been guilty of untruth in stating that 200 Boers were killed by his troops, as there were but five victims. But, though this makes the bloodshed insignificant, he asserts that the butchery was the purpose of the raid, Jameson's troops having been armed with cartridges loaded with explosive Maxim bullets, each of which would have killed six men.

He asserts that 1,000,000 bullets of the same pattern were shipped into Johannesburg from Cape Town by Dr. Jameson and Cecil Rhodes, together with all the other munitions of war, and preparations fully made for a general rising of the Uitlanders and combat of the Boers. He says that in proof of this Pretorius Kruger is in possession of papers lost by Jameson and has discovered the explosive nature of the cartridges. Rhodes was at the bottom of the whole affair and on Jameson's defeat he once resigned as Premier of the Transvaal. He says that he has discovered the explosive nature of the cartridges. HERRESHOFF'S LATE FOREMAN TO BUILD THE R.C.Y.C.'S RIVAL

Chicago's Challenger Expected to Prove a World-Beater—Her Designer Assisted to Turn Out Defender, Vigilant and Other Famous Racers—Every Body Agreeable for a Race.

New York, Feb. 27.—The World today refers to the proposed international lake yachting challenge. The article says: So far, the strictest secrecy has been maintained as to who designed the two new Chicago challengers. The sudden anxiety to bring on international matches suggests that Chicago thought it had something pretty good up its sleeve.

Not only the Canadian, but the yachting world generally will get new ideas regarding Chicago's venture when they learn that the real power in the background is a man who has been Herreshoff's chief designer, and superintendent for the past nine years.

The most famous American racers have been turned out from the hands of this same man. Defender and Vigilant were supervised by him during the whole of their construction. So, too, were the celebrated Dakota and Niagara, which have had pretty much their own way in England; Navaho, Ballymena, Vamoose, Gloriana, Wasp, Columbia and many other well-known and speedy craft.

Mr. Pock is now the chief designer of the Racine Boat Manufacturing Co. of Racine, Wis. Prior to his departure from service with the Herreshoffs he graduated at the Royal Danish Naval Academy of Copenhagen, and held the rank of a naval architect and mechanical engineer is sufficiently attested by the excellence of vessels which have passed through his hands, and which he was at least partly responsible.

How far he is to be credited as to personal skill in the construction of the above mentioned world-beaters is not generally known, but there can be no question about his carrying to the Chicago people a large part of Herreshoff's best knowledge, so far as construction is concerned.

In reply to the enquiries made by Bruce Harman, honorary secretary of the Royal Canadian Yacht Club, as to the general design of the two new Canadian champions, which has only a 40-foot water line.

Secretary Harman's subsequent explanatory letter is, however, intended to bring on a match if possible, and it is probable that the international regatta will take place, with the original challenger, Vencador, but with the second racing cutter now being constructed in the same yard at Racine. This will be of the right water line length to meet Zelmia.

The new boat is to be named, and her dimensions are: Length over all, 60 feet; draft water line, 40 feet; beam, 12 feet 8 inches; draft keel, 2 feet 6 inches; extreme draft with fin, 8 feet 6 inches.

All Agreeable for a Race. The race between the challenger and Vigilant will probably take place at Put-In-Bay or on the Cleveland coast. The new challenger, Vencador, displaced on the actual sail area rule at 45 feet 7 inches, but was reduced to 42 feet by the R.C.Y.C. club. The conditions added to the original challenge were embodied in the letter presented to the Royal Canadian Yacht Club.

The conditions in regard to the length of both boats were that the challenger should not exceed forty-five feet six inches, while the new challenger was to measure not more than forty-two feet six inches, according to the actual sail area rule.

Yachmen here in the R.C.Y.C. on all length over forty feet. Yachmen here in the R.C.Y.C. on all length over forty feet. Yachmen here in the R.C.Y.C. on all length over forty feet.

Dunraven Sends His Resignation. New York, Feb. 27.—The letters received by the R.C.Y.C. from Lord Dunraven were made public today. The resignation was made public today. The resignation was made public today.

Record Target Shooting. Indianapolis, Ind., Feb. 27.—Rolla O. Sweig, Dayton, Ohio, champion target shooter of the world, made another sensational record yesterday at the Limited Gun Club's grounds.

At the Track. After the Stange's shoot at the Woodbine on Wednesday the match between Messrs. Lucas and Moore took place. The light was bad for shooting, and consequently the scoring was low.

Imperial H. are Champions. Toronto H. defeating Imperials at the recent championship of the intermediate series and winners of the handsome trophy donated by the League.

Went Lost. Imported. Ontario. Montreal. Toronto.

PURSES FOR PRIZE FIGHTERS.

Where the Money Came from for the El Paso Mill, The Kinestoscope and Its Failure.

It is not generally known, but nevertheless a fact that the Kinestoscope, which was introduced by the good people of El Paso, Texas, were primarily responsible for the Maher-Fitzsimmons fight, and had it not been for them—could they were soon have been coming money at the rate of 50 cents per 50 seconds on each and every Kinestoscope machine they could have put upon the market.

The story of how this all came about is interesting. Mr. Tilden, the money and of the exhibition, is a nephew of the late millionaire statesman, John D. Tilden.

Then they became ambitious. Their ambition was to get a big fight on the tapis at that time, and then it had been in the hands of the Kinestoscope, and it was suggested that some man who would be engaged to stand up before Corbett, and incidentally before the Kinestoscope.

Your machine is all right so far as it goes. You can't get two crack pugilists to fight in a ten-minute bout, and you can't get much of a fight between two evenly matched pugilists in a three-minute rest between each round.

George Goev, farmer, Eramosburgh, contracted to sell M. P. Barry & Co. of Rockwood 800 bushels of turnips. Goev delivered six loads at once and could not deliver the balance because Barry & Co. could not supply cars. Goev was afterwards requested to deliver the balance and refused to do so, claiming that the bargain was made with the view of delivering at once. Goev sued and got a verdict for the balance. The case was tried before the Division Court at Rockwood.

Cucumbers and melons are "forbidden fruit" to many persons so constituted that they are afflicted with cholera, dysentery, griping, etc. These persons are not aware that they have on hand a bottle of Dr. J. D. Kellogg's Dysentery Cure, which will give immediate relief, and is a sure cure for all summer complaints.

Fire Underwriters and the Legislature.
The Mutual Fire Insurance Association will petition the Ontario Legislature to establish a bureau for registration of fire losses, the expense to be borne pro rata by all fire insurance companies doing business in the province in proportion to the risk. A denunciation will wait on the Legislature to ask for a report on the fire investigation system of the State of Massachusetts, and if it be found desirable to have it introduced into Ontario.

DAY WITH THE EXECUTIVE

THE LEADING COUNCIL COMMITTEE IN SESSION YESTERDAY.

Mr. Johnston Voted Assistance in His Company Bill—Ald. Boustead's Committee Will Again Struggle With the Aqueduct Question—No Exemptions for Manufacturers in the Future.

The Executive Committee yesterday forced the suggestions of the Hamilton City Council, that the Municipal Act be amended so as to provide that no municipality shall have power to grant exemptions from taxation to manufacturers.

A sub-committee consisting of Ald. Sheppard, Dunn and R. H. Graham was appointed to consider the offer of the Ocean Insurance Co. to insure the city against all claims from damages from defective sidewalks, etc.

The Executive Committee yesterday forced the suggestions of the Hamilton City Council, that the Municipal Act be amended so as to provide that no municipality shall have power to grant exemptions from taxation to manufacturers.

A sub-committee consisting of Ald. Sheppard, Dunn and R. H. Graham was appointed to consider the offer of the Ocean Insurance Co. to insure the city against all claims from damages from defective sidewalks, etc.

The Aqueduct in Another Shape. Ald. Boustead's Aqueduct Committee will meet this afternoon to consider the new draft agreement which has been prepared. The draft provides:

That the company will construct an aqueduct to take water from the city, within the city of Toronto, to Lake Simcoe.

Charges for electric power shall not exceed one cent per kilowatt per hour, to the extent of at least 100,000 horse power per day.

The company will be in a position on Oct. 1, 1897, to supply 100,000 horse power, and 5000 horse power by the use of steam.

In case the company refuses or neglects to comply with the provisions of the contract, the company will pay a penalty of \$50 per day.

Tenders will be opened to-day for the pumping engine for the Island waterworks.

On Sunday last special services were held in connection with the sixtieth anniversary of the church. Rev. D. C. Looscock, LL.D., presided, and the choir, under the leadership of H. Green, rendered suitable music.

A Disgrace to the Statute Book.
That said the Canon, was one of the most disastrous and disgraceful pieces of legislation that ever passed the Ontario Legislature. What was the natural consequence? Why, that gambling in the United States being proscribed, and at the same time allowed in Canada, there was an enormous overflow of the refuse and the blacklegs and gamblers of the United States into Canada.

Life Service on the Bay.
A movement is on foot to have a lifeboat service established on the Bay of Quinte, the summer months. Ned Hagan is interested in the proposal, and he thinks that a service is very necessary to the pleasure boats which should be thorough watermen and boatmen. He is enquiring as to the cost of equipping and maintaining a patrol service, and as soon as he gets a statement prepared, he will submit it to the City Council, and ask them to consider the matter.

The Toronto Humane Society.
Vice-President Miss Dupont occupied the chair at yesterday's meeting of the Humane Society. Officer Willis reported 27 complaints and 7 convictions in February. Letters were received from Quebec, Nova Scotia, and New Brunswick, asking for the literature of the society. The society will make an effort to have the nominal fine of \$1 and costs for killing a horse increased, and will investigate the playful efforts of the small boy who drives small donkeys to his sleigh.

The Same Old Scheme.
A package of perfumes, worth \$30, was stolen from the drug store of J. W. Peck, at College-street. The thief, who is two young men, had entered the store and asked Mr. Houston for a preparation that he had gone to the cellar for and which he had downstair they rifled the till, took the perfumes and decamped.

Don't Forget This.
Roast turkey and roast beef are all very well, but perhaps, the fifteen season you prefer fish. If you can get most any kind you may want, at Simpson's, 78 Yonge-street. Not only fish, but this week he has mushrooms and vegetables in season. The following may interest you in preparing dinner to-day: Sea-salmon, cod, haddock, whitefish and salmon trout.

The Grays to be Tried.
The Attorney-General has decided to proceed against the Peterboroughs and Hesses with the trial of Thomas and Hattie Gray, on the charge of arson. The two, who were arrested on the charge of murdering David Scollie in Ottawa Township, were also charged with the destruction of Scollie's house by fire in 1894. After the fire the Grays' readiness body was found in the ruins.

The 'Varieties' Gaily Crews.
Rochester Union and Advertiser It is said that at her coronation next May the Czarina will wear a crown worth \$7,500,000. If this woman were an American heiress she could hardly be more extravagant than she is.

Nothing to complain of

—the woman who uses Pearline. Nothing to complain of in the washing and cleaning line, anyway. And certainly the proprietors of Pearline can't complain. If you only know how many women, every day, are making up their minds that the old, wearing, tearing, tiresome way of washing doesn't pay!

It's growing bigger than ever—the success of Pearline; though it has to fight not only against all kinds of poor imitations, but against a sort of superstition that anything which can save so much labor must be harmful in some way.

Peddlers and some unscrupulous grocers will tell you that it is as good as "FALSE—Pearline is never peddled." You an imitation, be honest—send it back.

Beware
MR. MASSEY'S CHARITIES.

A Million-Dollar Bequest Which Will Interfere With the Working of the Succession Duties Act.

The Province of Ontario will not profit to the tune of \$150,000 through the ability of the late Mr. Massey to accumulate millions during his lifetime; nor will it likely profit to the extent of a single dollar through the operations of the Succession Duties Act, passed to cover the bequest of the late Mr. Massey, so cleverly was the last will and testament of the dead millionaire arranged to avoid the operation of the Succession Duties Act, and to be devoted to the interests of educational and charitable institutions.

Man's Misery

when he sits down and feels that his trousers are making the size of his feet conspicuous by their endeavor to gradually crawl to his knees, and his coat a desperate effort to get over his head, is better felt than told.

It's Dreadful!

And what are you going to do about it? That's easy enough. Get right-fitting clothes, made of the best qualities at the lowest price. We sell them.
