

ADMINISTERED A WHIT WASH

Toronto, With McNeill and Pearson

in Box, Defeated Wellesleys

at Diamond Park.

SCORE WAS ELEVEN TO NOTHING

Boston Beat Philadelphia, Brooklyn

New York and Pittsburgh

Cincinnati.

The Toronto whitewashed the Wellesleys

on Friday afternoon at the Ball Park

by 11 to 0. Fine weather was the order

and a fairly large crowd was present to

witness the first practice game of the week.

Manager Pearson utilized two pitchers, Mc-

Neill and Pearson, the former twirling for

three innings, Pearson finishing the game.

The men on the rubber for Wellesleys

were Peter and Roden.

The whole team worked well together by

managing to hit only one ball, a home run

by the late, with three hits, and a few

errors. The game was a complete rout

for the home team, the former twirling for

three innings, Pearson finishing the game.

SHAKROCK II. DISMANTLED

Squall Struck Challenger While Pre-

paring to Race, Injuring Sir

Thomas Lipton.

CAPT. WRINGE'S RELATIVE DROWNED

Overboard.

Weymouth, April 17.—Sir Thomas Lipton's

new challenger for the America's Cup,

Shamrock II., was dismantled in a squall

yesterday shortly after leaving this harbor

preparing to start a race with Sham-

rock I. Her mast, as it fell over the side,

carried several of the crew and all the

gear and canvas aboard. One man was

drowned and several persons, including Sir

Thomas, who was knocked down a hatch-

way, were bruised or otherwise injured.

The man who was drowned was a brother-

in-law of Captain Wringe. He was hand-

ling a buoys when the mast fell. Sir

Thomas was not hurt, but he was

knocked down a hatchway. The

challenger was dismantled in a squall

RESULT OF OVERWROUGHT NERVES

SLEEPLESSNESS, IRRITABLE TEMPER, SENSITIVENESS TO NOISES.

Pitiable is the condition of victims of overwrought nerves. Slight noises disturb and irritate. Sleeplessness comes to rob them of nature's restoring power. Irritable, though not listless, they are unable to rest. They quickly lose self-control, without which living is rendered almost intolerable, not only to the victim, but to those with whom they associate.

Pitiable, indeed, continued it ought to be called on the part of those who will by errors of diet or neglect of proper hygienic surroundings, allow themselves to be hurried into a condition of absolute uselessness, if not insanity.

The first step towards removing this deplorable condition is to improve the digestive and nutritive functions of the body. Irritable nerves are another name for starved nerves. One may be well fed, but poorly nourished. Faulty nutrition is the cause—the remedy can be easily obtained by the use of Ferrozone.

The immediate action of Ferrozone is to improve the appetite, sharpen digestion, stimulate nutrition. Ferrozone therefore strikes at the very basis of life, at the very root of the conditions above described.

The improvement is progressive. First, vigorous appetite, quickened nutrition, then rich red blood. Blood of this quality means ample material to supply the needs of the body, and that in turn insures the development of strength. In a word, perfect health. It is impossible to use Ferrozone where the body is weak, where the blood is thin, where the strength is wasted, where irritability, sleeplessness runs day of its pleasures and night of its rest, without being immediately benefited and ultimately cured by the use of Ferrozone.

The spring time strangely develops many weaknesses of the body and the summer months add their own, it is, therefore, of the utmost importance that at the beginning of spring Ferrozone should be used to fortify the body against spring sickness and the weakening influences of hot weather.

It can be more easily and promptly accomplished now than when the enervating influence of summer adds its burdens to a system already too severely taxed, and the result will be not even a little below par will delay no longer to profit by an acknowledged remedy of such striking value as Ferrozone.

All Dealers in Medicine Sell Ferrozone.

Ferrozone Assures Health.

WILL HAVE FIVE NEW SEATS.

Toronto Stock Exchange So Decides.

Price of Each to Be \$20,000.

The local stock exchange members held a meeting yesterday afternoon and decided to create an additional membership of five, making a total of 45 members. The new seats will be held at an upset price of \$20,000 each.

Considerable discussion took place over the question of allowing attorneys to act on the exchange. Under the old regulations a member was allowed a privilege of a supply for 25 days in the year. Lately this has been discarded and attorneys have had the full privileges of the exchange, commencing on June 1, however, the period for an attorneyship will be extended to 30 days, and any excess of this will be charged at the rate of \$5 a day for each attorney.

COMMISSIONERS ARE PRISONERS.

Constantinople, April 17.—The members of the special mission sent by the Sultan to pacify the Albanians, it is now announced, are practically imprisoned at Jipek, Albania, where they are surrounded by several hundred Albanians, whose chiefs refuse to accept the proposed terms, and demand the appointment of an Albanian Governor, adding that otherwise they will continue the revolt.

Left \$100,000 for Public Good.

London, April 17.—Lieutenant-Colonel Temple West of the Grenadier Guards, who recently died at Nice, has left over \$100,000 for public purposes, largely for the purchase of works of art to be placed in the National Gallery.

WHEN TAXES MUST BE PAID

Payment of First Instalment Will Be Necessary on June 20.

NEW SMOKE CONSUMER BYLAW

East End Phone Service—Arthur and Parliament—St. Car Lines—Around the Hall.

The Board of Control yesterday set the dates for the collection of taxes for 1903, as follows: First instalment, June 20; second, Sept. 15; third, Nov. 10.

The dates are a little earlier than last year.

The board awarded 74 contracts for concrete sidewalks throughout the city. The engineer will construct 23 of the total, while the balance was divided up between eight contractors.

Richardson was in favor of calling for new tenders, as he feared the city was being held up by a ring. Ald. Loudon, Oliver and Burns, however, voted for the contracts going to the lowest tender in every case, and this was done.

Smoke Bylaw Again.

A sub-committee of Legislation and Reception met to tackle the question of an abatement of the smoke nuisance. Assistant Engineer Williams, who has charge of this matter in the Engineer's Department, was present, to give information and advice to the committee. Asked by Ald. Harrison whether steamboats and railway engines could not be controlled, he said there was no doubt they could.

The following draft bylaw was adopted and sent on to Council: "The emission of dense smoke from the smoke stack of any boat or locomotive, or from any chimney, anywhere within the city, should be deemed, and is hereby declared to be a public nuisance, and shall not be deemed within the provisions of this bylaw, and also provided that for starting the fires 10 minutes shall be allowed, and for firing up during the day three minutes. The owner or owners of any boat or locomotive engine, and the person or persons employed as engineer or otherwise in the working of the engine or engines in said boat, or in operating such locomotive, and the proprietor, or the occupier, or the engineer or fireman of any building, who shall permit or allow dense smoke to issue or be emitted from the smokestack of any boat or locomotive, or the chimneys of any building within the city limits, shall be deemed and held guilty of creating a nuisance, and shall, for every such offence, be fined in a sum not less than five dollars, nor more than fifty dollars."

The enforcement of the bylaw shall be in the hands of the chief of police.

East End Phone Service.

A Sub-Committee of Works met to deal with the application of the Telephone Company to erect poles on Queen street, from the Woodbine, east to the eastern city limits, and on Waverley road, from the lake shore, north to the city limits. The application stated that many requests had been received by the company from residents of the city in regard to the placing of wires (cables), and as the Board of Control would soon deal with the matter as a whole, he thought it would be rather unfair to expect the company to wait a long time for the decision of the Board.

"Could not the same poles be used for electric light, telegraph and telephone wires?" asked Ald. Foster.

Mr. Dunstan, manager of the company, explained that the poles of placing telephone and electric wires upon the same poles had proved to be dangerous. The wires found to be so in the William, where the City Hall was burned owing to a cross current.

Ald. Foster said he was in agreement with the explanation and wanted the opinion of an expert on the matter.

Mr. Dunstan explained that the company had an option on a piece of property down there until May 1, and

MCKENDRY'S LIMITED

Business Hours 8 a.m. till 6 p.m. A. C. ROGERS, Managing Director.

A Record Breaker.

Last Saturday was a record-breaker, positively the largest day's sale on the records of the store—To-day will be a repetition, and as the store closes at 6 o'clock, as on other days, we respectfully ask those who intend buying Millinery here to come as early in the day as possible.

Ready-to-Wear Hats

There has been an enormous demand for Ready-to-Wear Hats of the proper kinds, at the proper prices. To-day we present our customers with an array of over one hundred separate and distinct styles, copied from New York's swiftest modes. Special prices for to-day, \$2.00, \$2.50 and \$2.95 each.

Waiking Skirts and Suits.

We're looking for a big day's trading to-day in Skirts and Suits. The styles in stock are unquestionably correct, and prices challenge competition from whatever quarter.

MCKENDRY'S, 226 and 228 Yonge St.

the company's canvass of the residents would be concluded by that time, but they could not hesitate an exchange, unless they were assured of fifty subscribers. A rate of \$20 for the season would be charged.

Ald. Hubbard moved that the permission be granted, subject to the election of an exchange this year, and subject to the terms of the present agreement, which would fix the rate for a 'phone at the beach at the same as the city. Arthur and Parliament Car Lines.

E. H. Keating was present at the meeting of the sub-committee appointed to deal with the proposed new car line running along Arthur, Bathurst, Front and Parliament to Howard street. The only new track the company would have to lay is on that portion of Parliament between King and Queen and on Front street, from King to Bathurst. The latter section the company is at present constructing, and the city wants the shorter section put down in order to complete a very necessary line from the northeast to western sections of the city.

Mr. Keating was asked whether the Arthur-street cars would run to the market. He replied that he had not looked into the matter sufficiently.

Ald. Spence was strongly in favor of the scheme. He argued that the people should be educated to use the transfer system more than they do at present. The proposed line was constructed for the passengers on the Carlton-street line, from the east, would have to transfer at the corner of Gerrard and Parliament, in order to get down town. Ald. Sheppard supported Ald. Spence's suggestion, and Ald. Hubbard moved that the Engineer be requested to consider the advisability of building an extension of the Parliament-street tracks from King to Queen.

Inspector Want More Salary.

Hon. R. Harcourt received a deputation of Public School inspectors yesterday morning. A memorial was presented by 35 county inspectors, more than half of whom receive less than \$1200 per year, only \$600 receiving a salary exceeding \$1000. It was suggested to the Minister that salaries should be regulated by the number of teachers employed under the inspectors, and that the minimum salary should be not less than \$1400, and that inspectors in charge of the large number of teachers should receive \$2000. Hon. Mr. Harcourt promised the deputation that their suggestions would be given careful consideration.

The Minister of Education was also waited upon by a deputation from the Ontario Educational Association to confer with him in regard to the action to have local public school inspectors in towns and cities. It was suggested that the principals of local model schools be appointed.

For a Great University.

Pittsburg, April 17.—Pittsburg is to have a great university that will rival the big colleges and universities of the east and west. For its endowment, it is said, the millions of Andrew Carnegie and twenty other wealthy Pittsburgers are pledged.

AROUND THE STATION.

George R. Webster, formerly in the chief engineer's department of the C.P.R., has been appointed superintendent of a department just created by the company. He will be known in the future as superintendent of right of way, and will deal with property owned by the company other than their actual transportation lines.

Superintendents J. K. Agnew and John Doyle, together with Trainmaster A. E. Ashley, all of Port Huron, have sent in their resignations.

E. M. Chadwick, barrister, has sent to Dr. Oronhyatekha, Supreme Chief of the Ojibwa, some exceedingly valuable documents relating to Joseph Brant, for preservation and exhibition in the historical collection of the Temple Building. The documents were secured by Mr. Chadwick after considerable trouble, and are of great value to the collection. They are signed by Joseph Brant himself. These documents are, of course, highly valued by Dr. Oronhyatekha, and he appreciates very fully Mr. Chadwick's kindness in turning them over to him.

The first parade of the season of the 4th Field Hospital, Army Medical Corps, is ordered to take place on Saturday at 8 o'clock, at the headquarters, 101 Simcoe street.

LOCAL BREVITIES

Ward 4 Conservatives will have a smoking concert in Victoria Hall on Friday evening next.

The debate on municipal ownership announced at the Institute for last evening was postponed for a week.

A very strong program has been arranged for the popular concert to be given in the Armory by the Highlanders' Band this evening.

The Easter service of praise at the Church of the Ascension will be repeated on Wednesday evening next, with a slight change of program.

Canon Carley will preach at St. George's Church to-morrow morning, and the Rev. Merideth Hare in the evening. The special Easter services and anthems will be repeated at both services.

The members of the Canadian Institute will hold their annual meeting in the Library this evening at 8 o'clock, when J. H. Paul will read a paper on "Mendelssohn and Milford," with lantern illustrations.

The seventeenth annual session of the O'Neill's Hall, Parliament street, Thursday evening, when a large number of members and friends of the lodge were in attendance. The program was an excellent one.

The story of the Crossings will be the subject of a discourse by Rev. James L. Gordon, pastor of the Endeavour Congregational Church, to-morrow morning at 11 o'clock. At the evening service Mr. Gordon will deliver a discourse on "The Crossings of the Great Trial."

Special services for men will be held during next week at the War End Y.M.C.A. beginning Wednesday, the 22nd. The first three nights will be in charge of Troop A. J. Brace, troop chaplain of the 3rd

Dunlop Detachable Tires

The Easiest Tire on Earth to Repair

The illustrations and instructions in this advertisement show the ease with which a Dunlop Detachable Tire may be removed, repaired and replaced on the rim.

No other make of tire can be repaired so easily, quickly and permanently.

This illustration of the rim with a piece cut out will show how the cover is manipulated in taking it off. One of the wires is shown in position on the ledge, and one can readily see that it is too small to come off. But if its position is altered, as the other wire is shown, by pressing one side down into the central channel of the rim, then on the opposite side it hangs below the edge and may be easily passed over it. The removal can only take place when the tire is deflated. The mere act of pumping the tire fastens it securely in place. The tire can never creep or move around in the rim and shear off the valve.

The single tube tire can be repaired only from the outside, and therefore can never be permanently repaired.

With Dunlop Detachable Tires a perfect repair can be made on the inside, leaving the tire as airtight as when new.

Bicycle and carriage buyers should study these instructions before buying, and then they'll realize that the only perfect wheel or carriage is the one fitted with Dunlop Tires.

The Dunlop Tire Company, Limited
Toronto

Depots at Montreal, St. John, Winnipeg, Vancouver.

Have you found a Dunlop Coin?

Easy Method of Repairing a Dunlop.

No. 1. Deflate tire by unscrewing the valve cap and pressing the valve plunger. Take hold of the tire at a point farthest away from the valve, pushing one edge of the cover into the bottom of the rim with the thumb, as in illustration No. 1.

No. 2. Keep the thumb pressed down firmly on the wire in the edge of the cover and move hands around tire in opposite directions until they reach each other near the valve, where the cover will form a loop above the edge of the rim. See illustration No. 2.

No. 3. Pull the cover over the rim by taking hold of the cover just above its edge with the thumb and forefinger, or slip the fingers under this loop, as in illustration No. 3. Under no circumstances use a tool of any kind—it is absolutely unnecessary, and is liable to injure the tire. Pass the hands around until the entire edge of cover is off the rim. Push the valve through the valve hole and remove the air tube. Then the other edge of the cover can be removed from the rim in the same manner as the first edge.

Any repair is then easily made on the inside of the tire with the Midget Repair Kit, which is given free with each pair of tires.

To Replace a Dunlop Tire

Slip one edge of the cover into the rim, commencing opposite the valve and pressing the edge into the bottom of the rim with the thumb and moving the hands in opposite directions until they meet, when the edge of the cover will spring into place.

Replace the air tube and valve as before and slightly inflate the tube so that it will become circular and lie in the bed of the rim and prevent it from being nipped between the edge of the cover and the rim. See that it is not twisted, but the remaining edge of the cover on the rim in the same manner as the first one. Inflate the tire a little more, then examine the edges of the cover and see that they are rising properly on the shoulders in the sides of the rim. When properly adjusted inflate to riding pressure, and see that the valve cap is screwed on. When the tire is inflated the valve stem firmly between the thumb and fingers.

Use no tools whatever.

HALF MINUTE TALKS.

Georg Ruitli, St. Gall, Switzerland: A great number of the Swiss people are coming out to Canada to settle. Wages are exceedingly small in Switzerland. This country offers every inducement to people whose conditions in Europe are hard. Trade between Canada and Switzerland has doubled during the past year.

James Dale, Balduf, Manitoba: I have just returned from England, where I went as one of the Canadian farmers delegates. I am most hopeful of good results from our trip. The class of men we have interested will make most desirable citizens. Any strong and healthy man we can use in Manitoba.

Thomas Southworth, director of the Bureau of Colonization, Ontario farmers are applying for help by the delegates. I am most hopeful of good results from our trip. The class of men we have interested will make most desirable citizens. Any strong and healthy man we can use in Manitoba.

"I have heard of towns springing up in a day, but I never before saw a thousand square miles of city, town and country springing into activity, as I did this year," said Rev. Mr. Sinclair, of the Missionary Department of the Methodist Church, Toronto, who recently returned from a trip thru the Canadian Northwest, and to which he had reference.

Prof. Wolverton, Brandon, Manitoba: "I have just returned from Europe, where I have been studying the European situation. The situation is perhaps more critical than is generally known. I have 5000 applications, for farm help. There are ten applications to every one immigrant landing here. What will be the result of this dearth of farm labor I cannot say."

Reality Values to Advance. "The World describes as existing in the suburban towns, 'is not more acute than the famine which now exists in Toronto,'" said M. J. Mallaney, the real estate broker. "During the past month," he continued, "we have had more enquiries for good building lots than we would have in a whole season in past years. I look for a strong advance in values before the end of the summer, and would advise buyers to lose no time."

Lever's Y-Z (Wise Head) Disinfectant Soap Powder dusted in the bath, softens the water and disinfects.

CARLING

LONDON

HOFBRAU

Liquid Extract of Malt.

The most invigorating preparation of its kind ever introduced to help and sustain the weak and the ailing.

W. I. H. Chemist, Toronto, Canadian Agents

REINHARDT & CO., TORONTO, ONTARIO

"Cottam"

stands for the best in bird food—perhaps not for the largest seeds, which, like the largest potatoes, are often not the best. But for solid nutriment—health and song-giving qualities—COTTAM SEED is not equalled.

Every bird lover should have a box of COTTAM SEED. It is the only seed that can be used in all cases, and is the only one that can be used in all cases.

Burdock Blood Bitters

Has No Rival as a Spring Medicine

It has been used by thousands FOR OVER A QUARTER OF A CENTURY and has never failed to give the utmost satisfaction. At this time of the year when spring is approaching, you feel dull, tired, listless, and have that all-gone, no-ambition feeling—After the hard work of the winter, the eating of rich and heavy foods, so necessary to give the body warmth during the cold weather, the system becomes clogged up with waste and poisonous matter, and the blood becomes thick and sluggish. The cleansing, blood-purifying action of **B. B. B.** eliminates all the pent up poison from the system and makes it

Burdock Blood Bitters

WITHOUT EXCEPTION

The Best Spring Medicine.

Cured of Drink Habit Without His Knowledge

A Friend of His Wife Writes That He Wonders What Caused Him to Stop Drinking and Smoking.

She Gave Him Tastes of Samarra Prescription and Says: "It's a Great Remedy and no Mistake."

"My friend wrote you concerning her husband's case and sent money for treatment, which was duly received. The man has been completely cured of the drink habit, and the use of tobacco, and while we are keeping the matter a secret from him he is wondering how the cure came about. And in the case of another friend of mine one month's treatment has made a complete cure. It is a great remedy and no mistake."

FREE SAMPLE and pamphlet giving full details of the Samarra Remedy. Correspondence and orders to Samarra Remedy Co., 25 Dundas Street, Toronto, Canada. Also for sale at Bingham's Drug Store, 209 Yonge Street.

I WANT TO TALK TO YOU

I Want to Give my Reasons for the Popularity of my Dr. McLAUGHLIN BELT.

This is the electrical age. We are passing through a period which is prolific of invention upon the lines of electricity, and it is fitting that great improvements should be made in the adaptation of electricity for the cure of disease and many weaknesses from which men suffer. No branch of electrical research has offered so great inducements, such marvellous possibilities, for the betterment of mankind, as the improvement of the methods of applying electricity to the human body for the restoration of its vitality. Experience coupled with faithful and constant study, observation of the needs of the sick and weak, combined with the ardent ambition to produce the means which would most effectively battle with the elements which create distress of mind and body, have enabled me to produce a most wonderful method of applying electricity to the human system, and I am gratified with my success, not only having perfected an appliance which overcomes all objections to the use of electricity, and which absolutely cures, but by plain and honest statements of facts, by appealing to the judgment of suffering people, I have built up the largest business of the kind in the world. I take every case that comes to me individually and arrange my Belt to suit the demands of that particular case.

You may say, as many others have said, "Doctor, your arguments sound good, but show me evidence of cures to back up your statements." That is my strongest argument. Every man or woman who comes into my office gets a practical illustration of my method of treatment. After seeing original letters from prominent people (letters which I am permitted to exhibit), their doubts are dispelled, they are convinced that the claims I have made are true. You can see these patients and secure from them verification of my statements. Hundreds of my best testimonials can not be published, as the patients, though recommending my treatment privately, object to publicity.

Here is a letter from Victoria Harbor, Ont. Read it—

Dear Sir: Over one year ago I purchased one of your Belts for Sciatica and Dyspepsia. I was in such a condition that I could not take even a drink of water without turning my stomach. In one month after putting on the Belt I got relief. I have no symptoms now. I can eat and sleep as usual. I can now state that I have been cured of my Sciatica and Dyspepsia. I am happy to say that your Belt completely cured me. Yours very truly, JAMES A. DUFFIN, Victoria Harbor, Ont.

Here is another from Malcolm, Ont.—

Dear Sir: It has been my intention for some time past to write to you and let you know the great benefit I have received from the use of your Belt. I have been suffering from Sciatica and Dyspepsia for many years. I have tried many remedies, but none have done me any good. I have now been cured of my Sciatica and Dyspepsia. I am happy to say that your Belt completely cured me. Yours very truly, JAMES A. DUFFIN, Malcolm, Ont.

Read this letter from Mr. Isaac Hunter—

Dear Sir: I thank you very much for the friendly interest you have taken in my well-being. I am pleased to say that I am in good health. I have been suffering from Sciatica and Dyspepsia for many years. I have tried many remedies, but none have done me any good. I have now been cured of my Sciatica and Dyspepsia. I am happy to say that your Belt completely cured me. Yours very truly, JAMES A. DUFFIN, Malcolm, Ont.

Another man made happy—

Dear Sir: I take great pleasure in telling you of the immense good your Belt is doing me. I feel entirely like a new man and feel that I can enjoy the pleasures of life better every day. The losses have been entirely stopped. In fact, I am feeling better in every way. I have been cured of my Sciatica and Dyspepsia. I am happy to say that your Belt completely cured me. Yours very truly, JAMES A. DUFFIN, Malcolm, Ont.

I have for years contended that old age was nothing but the freezing of the blood when there was no longer sufficient vital heat in the body to keep the blood warm and the organs active. I have said that years did not cause decay and proved it by citing cases where men have been made vigorous under my rejuvenating treatment. I have men at seventy years of age who will tell you that the manner in which I apply electricity made the warm blood bound through their veins.

Read this letter—

Dear Sir: It is a good while since I wrote you, but I have not forgotten you, and if anyone has given your Belt a fair trial, I have, and I do not regret it. When I got the Belt I could not sleep to the left of my back, and I was in such a condition that I could not take even a drink of water without turning my stomach. I have now been cured of my Sciatica and Dyspepsia. I am happy to say that your Belt completely cured me. Yours very truly, JAMES A. DUFFIN, Malcolm, Ont.

Decay in old men is similar to general debility in young men. Years have nothing to do with it. In each it is the failure of the stomach to generate sufficient energy to supply the demands made by the vital organs.

Read what Mr. Wilcox says—

Dear Sir: It gives me great pleasure to inform you that I have found your Belt all that I expected, and more. I am in as good health as any man can be. I have been suffering from Sciatica and Dyspepsia for many years. I have tried many remedies, but none have done me any good. I have now been cured of my Sciatica and Dyspepsia. I am happy to say that your Belt completely cured me. Yours very truly, JAMES A. DUFFIN, Malcolm, Ont.

A great many wealthy men are suffering tortures and dosing themselves with drugs without relief who never try a remedy like mine because they repose entire confidence in their family physicians, who believe that electricity is a remedy of the future, not of to-day, and so advise their patients.

"I tell you that Electricity is a remedy of to-day. It has been a grand remedy for the past ten years. I have studied this subject more carefully than any physician ever studied his text-books, and I can show results. I am curing men every day who were never able to get benefit from drugs."

Here is a case of kidney trouble. Note the action of my method in this case—

Dear Sir: I have been troubled with kidney trouble for eighteen years, and had tried all kinds of drugs and plasters without relief. When I placed myself under your care I was doubtful of being cured, but after wearing your Belt and following your directions and advice for two months, I feel much better. I am now in as good health as any man can be. I have been cured of my Sciatica and Dyspepsia. I am happy to say that your Belt completely cured me. Yours very truly, JAMES A. DUFFIN, Malcolm, Ont.

If I have failed to cite you a case that you know write me, tell me where you live and I will give you the name of some one in your own town I have cured.

When your own neighbor tells you that Dr. McLaughlin's Electric Belt cured him, will you then believe I can cure you?

I WILL PAY \$1,000

For a case of Nervous Debility, Stomach Trouble, Varicocele, Early Decay, Waste of Power, Rheumatism, Lame Back, Sciatica, Any Case of Kidney Disease that has not gone as far as Bright's Disease, Indigestion, Constipation, or any weakness caused by ignoring the laws of nature, which I cannot cure with my new improved Electric Belt, the marvel of electricians, the most wonderful curative device that has ever been introduced.

Give me a man (or woman for that matter) who has been sick and suffering for years and taken medicine until the system is all run down and debilitated, the stomach unable to digest the food and the nerves shattered. My Electric Belt will give new life to every organ, drive out disease and restore health.

I have the grandest invention of the age for weak men; the surest and easiest cure for all nervous and chronic diseases. Its wonderful power is directed to the seat of the nervous system, through which its vitalized strength penetrates into all parts of the body, carrying new life to every function which has been weakened by excess of dissipation, restoring energy to the brain and power to the vital organs. No weak man, no delicate or sickly woman, will ever regret a fair trial of my

DR. McLAUGHLIN'S ELECTRIC BELT

To those who still doubt there is any cure, because they have been misled by false representations and want evidence of cure in their own case before paying, I say, disregard my testimonials if you will, but be convinced of what I can do in your case before you pay. I am willing to take all the chances of curing your case. Give me reasonable security and I will arrange a Belt with all necessary attachments suitable for your case and send it to you, and you can

PAY WHEN CURED.

CAUTION! Beware of the schemer offering you a Belt for a dollar or two or perhaps a free gift. Many who have been victimized by such offers lose faith in electricity. These articles are made to sell, not to cure.

READ WITH CARE. Every patient wearing Dr. McLaughlin's Electric Belt receives FREE, until cured, the advice of a physician who understands his case. Agents or drug stores are not allowed to sell these goods.

FREE BOOK. If you cannot call, write for my beautiful descriptive book, showing how my Belt is used. It explains how my Belt cures weakness in men and women, and gives prices. Send for it to-day. I have a book especially for women.

FUNERAL OF R. SHAW WOOD.

Late President of East Middlesex Conservative Association to Rest.

London, April 17.—The remains of the late R. Shaw-Wood of London Township were laid out this morning in the family vault at Woodlawn cemetery, beside those of Mrs. Shaw-Wood, who died a few years ago. The funeral was held from 10 to 11 a.m. The pallbearers were chosen from the friends of the family. They were: Dr. Beattie, Mr. M. L. A. of Toronto, G. T. McNamee of Buffalo, N.Y., Young, Jr. John D. Wilson, Campbell, Leitch and C. A. A. of London. The East Middlesex Conservative Association, of which Mr. Shaw-Wood was the respected president for some years, and London Conservative Club, were well represented.

I.P.B.S. ELECTIONS.

The 22nd annual meeting of the Irish Protestant Benevolent Society was held last night. There was a large attendance of members. The chair was occupied by the president, T. D. Delaney, K.C. The reports of the various committees indicated the past year to be one of the most successful in the history of the society. A balance was rendered to 220 individuals and the amount expended was \$121.04. During the Christmas season 117 families were aided.

The election of officers for the ensuing year resulted as follows: President, E. J. Malone, K.C.; first vice-president, A. M. second vice-president, T. A. Lyle, treasurer, Wm. Wilson; secretary, Thomas H. Jones; chairman of committee, Samuel Corrigan, Samuel Corrie, Fred Hunt, J. W. Varro, J. B. Funder, John Hall, H. G. Kingston, Robert McCallister, J. N. McEwen, Alexander Purdie, Frank Cameron, David Spence, W. D. Stewart, John Tait.

Mr. Delaney was presented with a past-president's jewel.

JUDGE WILKINSON'S FUNERAL.

Kingston, April 17.—The funeral of the late Judge Wilkinson took place here this afternoon, the remains being conveyed from Kingston by special train. Members of the Niagara and Kingston Associations and Kingston Synod attended. The cortege was a lengthy one.

Union Labels in Senate.

Ottawa, April 17.—Hon. Robert Watson introduced a bill in the Senate today respecting labor union labels. The bill aims to give labor unions power to register such labels. Other bills were discussed and referred to committee.

FERROL

(The Iron-Oil Food)

are the greatest system-builders known to medical science. Nearly everybody knows, too, that most people find it very difficult and sometimes impossible to take and digest Cod Liver Oil or Iron. This trouble is completely removed by the introduction of FERROL, which combines Iron with Cod Liver Oil and a modicum of Phosphorus in an emulsion pleasant to take and so easy to assimilate that infants digest it without difficulty.

Sample and literature free.

YORK COUNTY AND SUBURBS

Work Begun on Excavation for Additions to Canada Foundry.

NARROW ESCAPE FROM ASPHYXIATION

Mr. and Mrs. Farr of Woodbridge Have Adventure With Coal Gas—Other County Happenings.

Toronto Junction, April 17.—The Canada Foundry Company began excavating work on the foundation of another large building to-day. It is expected that the new locomotive works in connection with this concern will be built in York Township east of their present buildings.

Mr. Lennox purposes erecting a block of houses on Humberstone-avenue to meet the large demand for houses to rent. The front of this block will be built of the new cement bricks, so colored as to give them the appearance of cut stone.

Manchester Unity, No. 6808, Oddfellows, was honored last night with visitors from their sister lodge. Among those present were: H. Veal, grand master, and George Frost, D.D.G. W. G. Veal, P.P.G.M.; R. G. Goss, P.G. and J. M. Wise, N.G., were appointed a deputation to attend the district meeting.

Woodbridge. Mr. and Mrs. William Farr put fresh coal on their stove and turned the drafts before going to bed. Had not Mr. Farr awakened about 3 a.m. both would have been smothered with coal gas. He was dazed and ran to the verandah for fresh air, but it was some time before Mrs. Farr recovered.

The Young Canadian Lacrosse Club has been admitted to the C.L.A. Pine Grove School is to be rebuilt. Tenders will be opened to-day. It is to be completed by Aug. 17.

Weston. George Sanderson who was operated upon for appendicitis in St. Michael's Hospital, is recovering nicely.

The county bridge, which has undergone a thorough overhauling, is again open to the public.

The Village Council has contracted with W. S. Taylor of Detroit for a hundred tons of coal mine run, provided the first car load is satisfactory.

Markham. The regular meeting of the Village Council will be held on Monday evening.

On Sabbath evening next the Rev. Chas. Smith will take for his subject, "Fraternal Philanthropy." Thomas Hargrave of lot 24, con. 8, Markham, has a field of wild geese wheat, nicely sown and showing beautiful and green. The Speil's Wagon Co. closed down three days for necessary repairs. Division Court will be held in Markham on Thursday next. The Sovereign Bank building is being rapidly pushed forward, and will soon be ready for occupation.

The receipts from the Ladies' Aid Bazaar, in connection with the Presbyterian Church, were \$135, which is regarded as most encouraging. A house and lot on George-street belonging to the estate of the late Rev. James Bain were sold for \$525. The purchaser was Peter Glen, and Mr. Glen is a resident of the city.

The members of St. Andrew's Church contemplate extensive improvements to their church during the coming summer. James Bishop has secured the contract for the necessary repairs at \$800. More than \$1200 has been already subscribed to meet this and other expenses. A new pipe organ will in all probability be installed.

Locust Hill. The Clipperton Football Club, intermediate champions of York and Ontario Counties, have reorganized for the season with the following officers: Hon. president, C. E. Burton; president, Anthony Forster; J. Jarvis; president, Mr. R. Hoover; first vice-president, Mr. Hargrave; second vice-president, A. Ellis; financial secretary, William D. Foster; corresponding secretary, J. J. McKinnon; captain, W. J. Cowie; team manager, William Cowie; field committee, William Forster; Thomas Robinson, Arch. Maxwell; delegates to intermediate league.

The record of the Clipperton last season was exceptionally brilliant, and it is confidently hoped that last year's success will be repeated.

Unionville. Mr. Edward Eckardt, who, for many years resided immediately south of the village, and who has since lived in Ridgeville, died a few days ago at the age of 62. The remains were interred at Ridgeville.

Markham Township Council met at Victoria Hall on Tuesday last. Members all present. Only routine business was transacted. Pathmasters to the number of 79 were appointed for the current year. A bylaw authorizing the sum of \$5000 to meet current expenditure was passed. The Sovereign Bank will advance the money at 5 per cent. On motion of Messrs. Francis and Hoover the price of stone delivered will be 50c per yard, and

"TWO IN ONE"

Look upon this Darkey, His face now wreathed in a smile; He's surely found out something That will hold you for a while.

It's all about a 'shoo paste, Well known as "2 in 1," For which if you don't make haste, You won't be in the run.

Sold by all dealers at 10c and 25c per box.

undelivered 25c per box. Council will meet on Tuesday, May 12.

Mimico. The assessor's tax bills for 1903 are not meeting with that popularity which the treasurer and Council of Mimico would have for. On vacant lots in the Mimico town site there is an advance of nearly 50 per cent. in the assessed value. The owners say they would not object if the taxes were expended on local improvements. Now that interest in suburban property is revived, the movement for the incorporation of Mimico as a separate municipality may be helped along by this present increase in the assessment.

Orchard Meetings. The Fruit Division of the Dominion Department of Agriculture is co-operating with the Provincial Department of Agriculture in the holding of practical orchard meetings to demonstrate such subjects as pruning, grafting and spraying. In Ontario these meetings have been held under the auspices of the Farmers' Institute. Most of the speakers at the meetings were from the United States and Canada. The meetings were held in the orchards and consisted of a practical demonstration of the subjects mentioned. The farmers, who attended in goodly numbers, also took part freely in the discussions which ensued. These were usually continued at evening meetings held in a local hall. In many cases local fruit growers were present. The meetings were held in the following places:—

Brookville Spring Show. The annual spring show of the Brookville Agricultural Society was held on Thursday, the 10th, at Thistleton, where the best of agricultural implements and stock were on display. The show was a success and the directors were put to account on the tremendous heavy rain on the night, the date that they had set for the show. The entries were larger than for last year's show. Following are the prize winners:—

Heavy draught stallions—Brooks Stamp, Cameron, Pace and Wood; Ebbelcoke, 1; Herworth, James Jackson, Weston, 1.

Thoroughbred stallions—Lord Roberts, A. Hewson, Grahamsville, 1; Davy Candide, R. T. Wood, Ebbelcoke, 2.

Thoroughbred stallions—Ansonia, George McLaughlin, Grahamsville, 1; Jim Bryson, the Standard Bred Horse Company, Woodbridge, 2.

Draught colts of 1902—William Dobson, 1; Carriage colts of 1902—James Jackson, 1; William Riley, 2; Herbert Parr, 3.

Roadster colts of 1902—Isaac Johnson, 1; Boyd, 3.

Carriage horse, best in harness—R. Boyes, 1; William Reamish, 2.

Roadster, best in harness—J. Kellam, 1; Joseph Wallis, 2.

Trials of speed—J. K. McEwen, 1; J. O. Harvey, 2.

Agricultural teams in harness—Thomas Baldock, 1; Isaac Johnson, 2; R. Boyd, 3.

Short-horn bulls—J. Kellam, 1; Joseph Frost, 2.

Jersey bulls—J. R. Lawrence, 1; Thomas Baldock, 2; J. R. Lawrence, 3.

East Toronto. George Elliott, foreman of No. 2 Fire Brigade, is giving his men fire practice every Thursday night at the fire hall.

W. Johnson, who has been suffering from blood poisoning this last three weeks, is now convalescent, and will be able to resume his duties at the round house.

E. Allwood goes to the General Hospital to undergo an operation to his eyes under the care of Dr. Trux.

George Gibbins' little son, aged 6, fell while climbing an apple tree, re-

AFTER CUNNING MUSKRATS

Sport Good on the Scugog River in the Spring When the Ice Breaks Up.

THE MODUS OPERANDI IS DESCRIBED

Animals Are Flooded From Their Winter Homes and Are Drowned in Canning Traps.

The breaking up of the ice on the narrow reaches of the Scugog above and below Lindsay is eagerly watched for every spring by a couple of dozen of our citizens because they are skilled in the trapping of the muskrat, whose odor is objectionable, but whose jacket of close, soft fur is an article of commerce at present in great demand—so much so, that the price has almost doubled in the last few years, says The Lindsay Post. When the ice starts to break up the rising flood forces the muskrat families out of the snug houses in which they have spent the winter, and this is the hunter's opportunity. Traps are cunningly set near every submerged log and landing place likely to be visited by the rats in the course of their night excursions in quest of food or material for their winter homes. The muskrat happens to touch a certain innocent looking twig the trap beneath the surface is sprung, and the chances are that the jaws close on one of the animal's legs. Then is ended one of the muskrat's tragedies. The rat struggles until exhausted, and finally drowns.

Where Skill Counts. Next morning the owner of the trap hikes along in his canoe, and, ejaculating, "There's another!" casts the muskrat bunch of fur on top of the pile in the bow of the boat—the fruits of his visit to forty or fifty traps—before he returns to the shore. The pelts are stripped and stretched on cedar frames to dry and cure, and the skill and care displayed in the operation may mean the difference between the lowest and the top price when the buyer has his innings.

Some years ago as many as 2500 muskrat pelts were marketed in Lindsay, but this number represents more than should have been taken, and several of the trappers say that a close season is needed to give the animals a chance to repopulate the river. This argument seems to be borne out by the fact that last season several trappers worked East and West Cross Creeks and along the upper channel with such success that they were able to repeat the visit this spring, and with the exception of a few odd days, all the trapping this season was done below. McLaren's Creek and vicinity yielded a fine harvest, and it is reported that some Indians had great luck on Emily Creek.

Taken in Numbers. The quality of fur taken by local trappers as closely as can be ascertained, is as follows: Joe Hand and George Jackson, 215 rats, 2 mink and 2 raccoons; Les Foley, 112 rats; F. Dennison, 58; Joe Lyle, 237; George and Dave Hudson, Jr., and F. Reeves, Jr., 200; Stafford, 18; Jack Dickson, 32; W. J. Britton, and F. Rushnell, 44. In addition to the above Mr. O'Leary, A. Bradshaw and several Indians, including "Doc" Taylor and his father, made up a respectable total of the season.

The great bulk of the fur was purchased by Mr. Thos. Spratt, who at the very outset offered the top price of 20c for prime and 25c for common skins. Messrs. Ed. Armstrong and John Flurey were also on the lookout and bought all that offered at about the same figure. The latter secured several large lots from north country points.

The Call of the Bugles. The bugle call has sounded; it's "Forward—march!" and then the shouting of the captains and the charging of the men! The storming of the ramparts—the victory—the retreat! And April rains fall crimson on the hills and valleys sweet!

The bugle call has sounded; it's "Forward—march!" and then some shall sigh their farewells, and meet no more again. The flag shall ripple victory, or droop in dread defeat!

The bugle call has sounded, and forth they fare to fight; But, "With the stars—the flag—the red bars, are faces cold and white. And some shall come to glory; but hearts in vain shall beat thru long—long years of loneliness, for unreturning feet.

The bugle call has sounded; the storm is in the sky. And one shall live for Liberty, and one for her shall die.

And farewells fall from trembling lips from hearts no more to meet. And the rains of April reddon on the hills and valleys sweet.

She Never Was a Boy. When I came home the other night I found my little boy looking at me. That I had got into a fight.

Poor ma commenced to cry. But when I told pa how it was, He clapped his hands for joy. He said he'd done his best, 'cause Once he had been a boy.

"Boys will be boys," I heard him say; "They won't be otherwise, I say. And the one that tries to fight his way Is the one that wins the prize."

When I was his age he was just as big as I. My greatest earthly joy— "But ma, she kept on crying," 'cause She never was a boy.

My golly, but I'd hate to be A girl with fluffy hair. And always prim as A. B. C. With clothes too clean to wear!

When ma was small I s'pose she was Red checked and sweet and coy. But O, the fun that missed her 'cause She never was a boy.

Alighted From Moving Car. Mrs. Kerr, 46 Eastbourne, in alighting from a moving car, was thrown violently to the ground and received serious cuts about the face. She was carried into Waltons' drug store at Owen and Lozon, where Dr. Brown attended her.

DR. WOOD'S NORWAY PINE SYRUP

Cures Coughs, Colds, Bronchitis, Pain in the Chest, Croup, Hoarseness, Sore Throat, Asthma, Whooping Cough, Quinsy, and all Throat and Lung Troubles.

It is pleasant to take and is soothing and healing to the lungs. There is nothing to equal it for stopping that tickling sensation in the throat, and the persistent cough that keeps you awake at night.

Price 25c. at all Dealers. QUICKEST AND MOST EFFECTIVE. I have used Dr. Wood's Norway Pine Syrup many times for my family and have found it to be the quickest and most effective medicine for all kinds of cough and cold. I have never seen a child who had a severe attack of bronchitis, but before using half a bottle of the Syrup he was completely cured. I cannot praise it enough.

Mrs. Wm. J. FLEWELLING, Arthur, Ont.
