FORGES GOVERNMENT
TO FOSTER GROWING
OF FLAX IN CANADA

Submits Resolution, in Com-
mons, Which Carries—De-
bate French Translation.

FRANCHISE BILL TODAY

Ottawa, March 24.—(By Canadian
Press)—Private members' day in the
house was devoted almost in its en-
tirety to flax.

Mr. Frank Glass of East Middlesex,
who has raised the question of flax
production in previous sessions, held
the floor for the major portion of
the afternoon. He urged, in a resolu-
tion he submitted, the establish-
ment of experimental and demonstra-
tion stations; scientific standardiza-
tion and grading, and encourage-
ment in the developing of mechanical
appliances for harvesting the crop.

The resolution carried, and a
motion by Mr. Archambault of
Chambly-Vercheres, to provide that
a translation of French speeches
should appear in unreviewed Hansard
at the following day. Mr. Fielding
created considerable amusement by a
remark he made during the discus-
sion. There had been reference to
studies in the French language by
Sir George Foster, acting premier.

Asking Premier Learned French.
The only good thing we got out
of the peace conference, Mr. Fielding
observed, the house laughing,
was that the acting premier learned
French. It was a pretty expensive
lesson, but it is a good thing we got
some result.

Debate on Mr. Archambault's resolu-
tion was adjourned.
Mr. Deschamps (Montreal), ad-
vanced the debate on the resolution
and the house was adjourned at ten
o'clock this Thursday afternoon.

Mr. George Foster informed Hon.
W. S. Fielding in answer to a ques-
tion, that the government would bring
up the franchise bill tomorrow for
second reading.

ONLY STAGE PLAY
TO THE GALLERY

Legislature Has Lively Discus-
sion on Functions of
Board of Commerce.

J. Walter Curry, Liberal member for
southeast Toronto, shook down the
board of commerce in the legisla-
ture yesterday. The fruit was intended
to fall into the basket Attorney-General
Laurier was holding for the occasion.
It happened that others were also
holding baskets and Howard Ferguson
got away with the big apples.

The attorney-general admitted the
status of the board of commerce and
discussed the adoption of any im-
portant naval expenditure as he
followed by the startling announcement
that the government proposed "scrap-
ping" the present naval service. In
parliament the minister of marine
said that the statement was unau-
thorized. It may have been but it
was announced and accepted as au-
thentic by those who would know the
government's intentions, even by
cabinet ministers. Today it is un-
derstood that a further explanation
was given to the government's supporters.

Instead of "scraping" the navy ser-
vice there is to be a reorganization,
and in addition the Canadian navy
is to be considerably augmented by
the acceptance of the offer of the
British government to turn over to
Canada \$16,000,000 worth of fighting
ships. This would give Canada a
cruiser, and a certain number of
torpedo boat destroyers, submarines
and necessary auxiliary vessels.

Give Canada a Navy.
If this offer is accepted, the caucus
is opposed to a definite naval policy
being adopted now, but it would give
this country the beginning of a navy
with only a capital expenditure as we
have already naval bases. It would
retain in the Canadian naval service
our naval officers and seamen trained
in the war, and it would not
weaken Britain's naval forces, as with
the enormous naval development dur-
ing the war and the necessary re-
armament is expected to disclose the
reasons for the government's recent
position on naval policy and the de-
tails of the scheme to be adopted.

Twenty-Four Samples of Milk
Discloses Over One Unclean

Brantford, Ont., March 24.—(Special)—In making tests on 24 samples

clean sample was found. The butter
fat record was also very disappoint-
ing.

A STRIKE OF BRITISH MINERS
NOW CONSIDERED INEVITABLE

Lloyd George Has Refused to Negotiate Further and
Strike Ballot Will Be Ordered Today.

London, March 24.—A strike of the miners is regarded tonight as
almost inevitable, as Premier Lloyd George has declined to negotiate
further with the Miners' Federation. The miners' conference is ex-
pected to order a ballot tomorrow, which will occupy until Easter and
then a week's notice must be given before the strike can begin.

The government's offer of 20 per cent. is, roughly, two-thirds of the
miners' demand. There is talk tonight of the possibility of the "Triple
Alliance," which includes the transport workers and railwaymen, taking
a hand in the dispute. The miners have very little sympathy from
either the press or the public.

STATE CANADA WILL ACCEPT
BRITISH GOVERNMENT'S OFFER
TO PRESENT FIGHTING SHIPS

Understood Unionist Caucus
is Told Canadian Navy to
Be Augmented by Acceptance
of Gift of Sixteen
Million Dollars' Worth of
Britain's War Vessels.

Special to The Toronto World.
Ottawa, Ont., March 24.—A govern-
ment caucus was hurriedly sum-
moned this morning to consider the
franchise act, which will receive its
second reading tomorrow. Commit-
ments to the fairness of the new
franchise act have been numerous,
but there has also been much criti-
cism in government circles on its
leniency to those of enemy country
and to military defectors. It was
taken in this caucus it was ap-
parent that the majority were in
favor of the government measure and
opposed to the addition of any dis-
franchising clauses.

Says Parents Responsible.
Those in favor of the bill as it
stands argued that in the majority
of instances the defectors were not
the young men who evaded ser-
vice. They held that to punish a
franchise law which would be un-
fair to penalize the great number who
had succumbed to parental influence
to evade national service. Those in
favor of disfranchising took the usual
ground that the franchise was the
reward of citizenship and the de-
fenders had forfeited citizenship. A
birth there was apparently a
majority opposed to any further
franchise discrimination against
these people. Under the new na-
tionalization act, citizenship can be
withdrawn from those who prove dis-
loyal and this was considered by
many as adequate precaution. It is
possible another caucus may be called
to further consider the bill before
it reaches the committee stage.

Explains Naval Policy.
After discussing the franchise act
the caucus reverted to the vexed naval
question. The former caucus was
opposed to the adoption of any im-
portant naval expenditure as he
followed by the startling announcement
that the government proposed "scrap-
ping" the present naval service. In
parliament the minister of marine
said that the statement was unau-
thorized. It may have been but it
was announced and accepted as au-
thentic by those who would know the
government's intentions, even by
cabinet ministers. Today it is un-
derstood that a further explanation
was given to the government's supporters.

Instead of "scraping" the navy ser-
vice there is to be a reorganization,
and in addition the Canadian navy
is to be considerably augmented by
the acceptance of the offer of the
British government to turn over to
Canada \$16,000,000 worth of fighting
ships. This would give Canada a
cruiser, and a certain number of
torpedo boat destroyers, submarines
and necessary auxiliary vessels.

Give Canada a Navy.
If this offer is accepted, the caucus
is opposed to a definite naval policy
being adopted now, but it would give
this country the beginning of a navy
with only a capital expenditure as we
have already naval bases. It would
retain in the Canadian naval service
our naval officers and seamen trained
in the war, and it would not
weaken Britain's naval forces, as with
the enormous naval development dur-
ing the war and the necessary re-
armament is expected to disclose the
reasons for the government's recent
position on naval policy and the de-
tails of the scheme to be adopted.

WHAT IS INTENT
OF FRANCHISE BILL?

Legislature Buzzing With Ex-
citement Over Premier's
New Measure.

The legislative yesterday was buzz-
ing with excitement concerning the
intent of Premier Drury's outline of
the coming franchise bill. It is gen-
erally agreed that one object of the
measure is to considerably augment the
government to carry on if possible
against an opposition coalition for
four years. The test of the govern-
ment's strength may possibly depend
upon the meaning of this franchise as
proposed. In its general outline it is
acceptable, but members are not
clear on the point of its bearing in
the event of a want of confidence vote.

The British spirit of responsible
government is that if the legislature
vote want of confidence the lieutenant-
governor has no other course than to
accept the resignation of the ministry.
Conservative and Liberal members
are cautious of expressing opinions
until the text of the bill is before them.
They think, however, that a wide in-
terpretation is possible of Premier
Drury's statement. Would the lieuten-
ant-governor receive a new sanction
by this legislation, not to say the min-
istry must abide by a want of confi-
dence vote, but carry on for four
years the defeated on a question of
government policy?

The text of the bill is waited for
with keen interest.

ACCIDENTAL DEATH.

A verdict of accidental death was
returned by the jury at the morgue
last night, investigating the death of
George M. Wilson. Wilson was
struck down and killed by a motor
car at the corner of Bathurst and
Barton avenue on March 18. Coroner
Tandy presided at the inquest.

G.W.V.A. DEBATES
RE-ESTABLISHMENT;
NOMINATES OFFICERS

All Members Favor Further
Re-establishment—Ontario
Men for Presidency.

DISCUSS BONUS PLAN

Montreal, March 24.—(By Canadian
Press).—The prolonging of the re-
establishment debate which took up
practically the whole of today, side-
tracking the motion for adjournment
of the convention to Ottawa. Indi-
cations are that the re-establishment
question will also take up the greater
part of tomorrow's sitting and it is
doubtful that the adjournment motion
will carry.

Discussion on the Calgary cash
bonus plan was continued until late
in the afternoon when it was cut
short by the nominations of officers.
This plan, together with a sub-amend-
ment calling for the re-establishment
of the great war veterans' place of
last year, was returned to the com-
mittee which will report back to the
convention tomorrow morning.

Discussion tended to show that all
delegates favor further re-establish-
ment and most of them in the form
of a cash gratuity.

Nominations for officers of president
of the Dominion Great War
Veterans' Association for the year
following the close of the present con-
vention were then put in.

These were Dr. W. A. McKenzie
Forbes, Montreal; Canon F. Scott,
Quebec; R. B. Maxwell, Manitoba;
M. Davidson, Ontario and C. E. Je-
kins, Ontario.

Nominations for first vice-president
were S. Stafford, Ontario; W. A.
Irwin, Alberta; Captain J. Plante,
Montreal.

Nominations for second vice-presi-
dent were W. D. Fort, Nova Scotia;
C. D. Deane, British Columbia;
W. Russell, Alberta; T. Daise, Al-
berta; A. R. Peart, Ontario and C.
W. Whitaker, British Columbia.

Dominion executive nominations
were C. Edgett, British Columbia;
T. Daise, Alberta; A. C. Mills,

REFORM IN BRITAIN
OF DIVORCE LAWS

Lords Carries Bill Extending
Reasons, and Commons
Sure to Pass It.

London, March 24.—The House of
Lords yesterday passed the second
reading of a bill introduced by
Baron Buckmaster, proposing im-
portant divorce reforms.

The bill, which is based on the
majority report of a royal commis-
sion, extends the grounds for divorce to
cover, among other reasons, three
years' desertion, habitual drunkenness
and cases where a sentence of death
has been pronounced on either party.

After a powerful and impassioned
speech by Baron Birkenhead, the lord
chancellor, who supported the measure
on behalf of the government, the se-
cond reading was carried despite the
opposition of the episcopal bench, the
Catholic peers and the High Anglican
Church peers.

The bill has not yet appeared in the
House of Commons but is said to be al-
most certain of being carried when it
goes there.

WILSON CAN VETO
PEACE DECLARATION

Senator Says if Concurrence
Required for War, It is Also
Needed for Peace.

Washington, March 24.—With plans
for a peace declaration at a standstill
in the senate, Republican leaders of
the house moved today on means of
hastening action on the declaratory
resolution at their end of the capitol.

There was no final decision on the
form of the resolution or the time of
its presentation, but it was said an
agreement probably would be reached
within a few days. Several suggested
drafts are under consideration, all of
them following in some respects the
Knox resolution which has been ap-
proved by the senate foreign relations
committee.

A new element was injected into the
question today by Senator Thomas,
Democrat, Colorado, who declared in a
senate speech that if President Wilson
vetoed a peace declaration, as many
senators believe he will, congress would
have no authority to pass it over the
veto. He argued that as the presi-
dent's concurrence is required to de-
clare war it also would be requisite
to a peace declaration, regardless of
how many times or by what majorities
the declaratory resolution might
pass the two houses of congress.

Word was received in Toronto last
night that the request of the League

bill would be granted. The news was
received with enthusiasm at the big
Six Nations reserve at Brantford.

MYSTERY SHROUDS
ASSASSINATION OF
MAYOR OF CORK

No Evidence Adduced at In-
quest as to Motive or Iden-
tity of Murderers.

TRAGEDY IN DUBLIN

Cork, March 24.—The inquest on the
body of Lord Mayor Mac Curtain was
resumed at 7 o'clock this evening in
the city hall. There was a large police
guard.

The attorney-general that all facili-
ties would be given for the fullest in-
vestigation.

Several witnesses were examined
concerning the circumstances of the
murder and the subsequent visit of the
military to the lord mayor's house.

Their testimony, however, added little
to the details already published. Noth-
ing was disclosed to throw light on
the motive or identity of the assassins.

DECIDED GAIN MADE
BY CANADIAN DOLLAR

Big Deal by Estate of Late Senator
McLaren Responsible.

New York funds, which were quoted
at a premium in Toronto in the first
week of February of 17 per cent., of
12 1/2 per cent. a week ago and of 10
per cent. on Tuesday last, were down
to 9 1/2 per cent. yesterday. Until this
week the recovery was believed to be
due chiefly to the rally in the pound
sterling, but the pound has not im-
proved its position noticeably in the
past two days, while the drop in New
York funds has been more decisive
than at any time since the downturn
began.

The explanation appears to be that
the carrying out of the terms of sale
of a big tract of timber and iron ore
lands in West Virginia, owned by the
estate of the late Senator McLaren of
Perth, Ont., has involved the transfer
of a large sum to Canada, creating
New York an exceptionally heavy de-
mand for Canadian exchange. One
report is that the sum involved is \$25-
000,000, but this estimate is believed
to be excessive. Baltimore in-
terests are said to have acquired the
property, consisting of about 100,000
acres.

HYDRO REQUESTS BECK
TO RUN IN N.-E. TORONTO

The annual meeting of the Ontario
Electrical Municipal Association was
held yesterday afternoon at the city
hall, some 100 delegates being present.

A lengthy discussion over the election
of officers was indulged in, the Barrie
representative wanting a more demo-
cratic system.

A resolution was passed calling
upon the Dominion government to
make provision that any powers along
the St. Lawrence River that may be
developed should be handed over to
the Hydro-Electric Commission and
not to private corporations.

Mr. Mayor Church proposed a resolution
to the effect that the association re-
quest Sir Adam Beck to accept the
nomination in Northeast Toronto, so
that the Hydro-Electric Commission
representative in the legislature. The
mayor scored the Ottawa government
for its neglect of Toronto and her
harbor, but said he thought the pres-
ent provincial government was a good

WORKMEN'S FORCES DEFEATED
AFTER SHELLING OF WESEL;
NEGOTIATIONS FOR A TRUCE

Results of Yesterday's Fight-
ing Was in Favor of Be-
sieged—Civil Control Com-
missioners Enter City—
Belgians Are Strengthening
Their Defences.

Buderich, Rhineland Prussia, March
24.—Four civilians and two motor
cars, one sent out this morning and
one this afternoon, were driven swiftly
over the Rhine bridge today into
beleaguered Wesel, and it is believed
that negotiations are going on there
for a settlement of a truce.

Belgian and Belgian civil control
commission representatives also have
entered Wesel. Officially these visits
are not being discussed, but evidently
they are prearranged, as the Rhine
bridge has been absolutely closed to
traffic from the left bank of the
river.

The result of yesterday's heavy
fighting, it became known today, was
distinctly in favor of the besieged.
A few of the workers' forces
crossed the river from Lippe nearly
to the south and within little more
than a mile of the town, but were
eventually beaten back, and it was
learned that the workmen, discour-
aged in their attempt to break the
important main citadel protecting the
bridge, had shifted their attack to the
southeast, from which point there was
desultory firing throughout the day, with
a few brisk sputterings of machine
gun fire.

PEOPLE WANT BUSES
AND WILL GET THEM

Traction Interests Would Stop
New York's Purchase—
Mayor Says No.

New York, March 24.—(Special).—
The traction interests against which
the municipality of Greater New York
has been fighting for years, today
filed an injunction to stop the city
from purchasing 200 additional motor
buses as a measure of relief for the
traffic troubles with which it is faced.

New York already has fifteen munici-
pal motor bus lines and their suc-
cess on the busy streets of this city
has been such that the city council
two weeks ago approved with little
discussion a proposal to spend \$1,200-
000 in the purchase of 200 more to
further help traffic in the more con-
gested parts of the city.

The injunction order was presented
to the city authorities yesterday, and
is returnable today, when the city
will have to show cause why it should
not be made permanent.

"This is only another work on the
part of the traction interests to stop
the running of municipal buses in the
city of New York," said the mayor.
The order as originally drawn also
restrained the city from operating
fifteen municipal bus lines now in
operation.

"Bear in mind, aldermen, and keep
it right in your eyes that the mayor
in council today, that the buses are
here to stay. The only change in the
future will be improvement of the
buses. The people want the buses
and they shall have them. I am satis-
fied that no court in this state will
stop the operation of bus lines, as
attempted by the traction interests
today. The traction interests have
driven out all competition,
crowding the people into the cars and
later appealed for increased fares.
When they failed that they asked
the court to prohibit the operation
of the bus lines. I know something of
the temperament of the state courts
and they will protect the interests of
the people."

Constantinople, March 24.—
Despatches from Beirut
announce that Emir Feisal,
recently proclaimed king of
Syria, has given the French
until April 6 to leave Syria,
and the Arabs have ordered
the British out of Palestine.

Prince Feisal, son of the
King of Hedjaz, has been
ordered to explain to the

the crowning of him as king
of Syria, Mr. Lloyd George
announced that recognition
was denied him by the allies
as the ruler of that country
and Lebanon protested
against his sovereignty.

After the ceremony of his
proclamation, Emir Feisal
declared that this would not
affect relations with the
allies.

YORK COUNTY AND SUBURBS

TORONTO AND EASTERN. Soon to Start—But With Wooden Trestles for Bridges.

A municipal man interested in the Toronto and Eastern, in the city yesterday, said he had no doubt of Sir Adam Beck's statement that construction would start early in the spring. To get service going, the commission might use wooden trestles. Instead of steel bridges over three or four of the important streams, and follow later with regular bridgework. They thought the first crossing east of Toronto, namely, that over Massey Creek, at the corner of Woodbine avenue and St. Clair avenue, will be of this character, and the same would apply to Highland Street and the Rouge, and perhaps the crossing at Duffin's Creek.

EAST YORK POULTRY MEET.

Under the auspices of East York Poultry Association, a show of birds comprising all varieties of Orpingtons and Rhode Island Reds, single and double comb, and Mediterranean, was held in Smith's Hall, Main street, last night. NEWS OF EARLS COURT.

James Cooper, an Earls Court boy, was the winner in the Cadets' rifle contest, held yesterday. He made the highest score, and is a member of the 6th Battalion. He scored 66 points—a remarkable performance. Those participating were from Carlton and Grace Street Schools. The highest honors and the gold medal will go to these schools.

The local branch of the S.O.E. gave a dance and social last night at Morrow's Hall, Nairn avenue, Earls Court, many of the guests being returned men and their wives. A special prize was offered for the novelty prize waltz, which was won by Mr. and Mrs. Cooper of Earls Court. A handsome silver biscuit jar and butter plate were presented to the successful contestants.

Earls Court social circles are somewhat perturbed by a rumor circulated that the police had raided Belmont Hall, headquarters of the Earls Court branch of the G.W.V.A., St. Clair avenue. In this hall time and socials are held from time to time and the rumor has caused an unpleasant flutter in the district. It probably arose from the fact that a few weeks back a young woman was arrested for sealing a coat from a man, who was taken before a magistrate, and sentenced to the jail for a month. As the police have never raided Belmont Hall, as there has been no occasion for such a raid, the rumor has been conducted through the medium of the Major Stockley, chairman of the executive committee, takes charge of all the dances held under the auspices of the G.W.V.A., and is responsible to the executive committee.

The annual visitation of Beech Avenue Methodist congregation to the latter conducted during this week by being conducted by the Rev. J. A. Corlett is a most successful one. J. A. Cummers and William Rennie captains.

BOYS HAD SUPPER.

East Gerrard Street Methodist Epworth League entertained the Intermediate boys' class in the church basement last night. Rev. Braze, pastor, who has recently returned from the States, presided. The program was contributed by local artists and the Rev. Braze rendered several selections. An enjoyable time was spent by all present.

GREENWOOD RATEPAYERS.

The recently organized Greenwood Ratepayers' Association held a meeting last night in Greenwood Presbyterian Church. The executive officers were elected, J. Roberts, president, and J. Roberts, secretary. The association boundaries were discussed. In the school section number seven, school building which is proposed on the corner of the proposed new road, No. 200, and is intended to relieve the overcrowding at the present school. The proposal, which did not meet with further discussion, the site, it was stated, is already purchased.

WATER AND SEWERS NEEDED.

"Something will have to be done and done speedily in the eastern section of York township north of Danforth avenue regarding the installation of water and sewer systems," said D. McCarty, secretary of the Amalgamated Ratepayers' Association of York township. "The congestion in many sections is also a menace to public health. A committee of the amalgamated organization has been appointed to visit various ratepayers' meetings to discuss the questions of water and sewerage, and to set the views of the different local associations. Mr. McCarty, who expressed his personal opinion that the water and sewerage could not be made with the city at the present time in the matter of annexing a section of the eastern portion to suit both parties.

WEDDING IN TODMORDEN.

Miss Florence Balson, second eldest daughter of Mr. S. Balson, 108 Hogarth avenue, and Mrs. S. Balson, second eldest son of Deputy Reeve, A. Macdonald, 107 Bee street, Todmorden, were united in marriage, evening in Danforth Baptist Church. Many relatives and friends of the couple were present to witness the ceremony. Mr. and Mrs. Macdonald left last night for a short tour to the United States. They will reside on their return at 99 Hogarth avenue.

Government Troops at Wesel Resisting the Red Army.

London, March 24.—Reports from the frontier are to the effect that heavy fighting continues near Wesel, says The London Times' Rotterdam correspondent. Gun fire has been heard at Hevenaar, in the province of Gelderland, the same as during the war. The German government troops have dug themselves in and are endeavoring to withstand vigorous attacks by the Red Army.

CUP FOR NAVAL BRIGADE

No wonder you feel foggy, mean and ill-tempered. You need Cascarets tonight. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that trite and injurious remedy—milk and water. Cascarets, never gripe, shock, sicken or inconvenience you. They're grand!

ONLY STAGE PLAY TO THE GALLERY

(Continued from Page 1.) The procedure open to the board. The board might give its written authority or not for a prosecution. "I make no comment upon the proceedings that have taken place in Hamilton and Toronto, beyond this, that the department of the attorney-general will do what it can to see that this question is fully prosecuted if leave be given by the board and will lay an information." Mr. Curry wished the attorney-general to say whether or not his hands are tied by the authority of the board. Mr. Raney declared such was the fact by the statute creating the board of commerce.

THE HAMILTON INQUIRY.

H. H. Dewar called the attention of the attorney-general to the letter he had written regarding the Hamilton Dairy Co. Why, if there was substance in the statements contained in his letter, a prosecution of the Hamilton Dairy Co. had not been ordered. Alleged Stock Watering. Mr. Raney replied that as to the statement in Mr. Dewar's letter concerning alleged watering of the stock of the Hamilton Dairy Co., of which he found no evidence, he had so written Mr. Dewar.

Mr. Dewar: My point is that as the attorney saw fit in one case to proceed on hearsay, why he did not proceed in the other case on the same grounds. Mr. Raney replied by invoking procedure in respect to questions in the house. Howard Ferguson asked permission to say there is a long established right by members of the house to obtain information from government upon public matters. He wished to call attention to the fact that the legislation had drifted away from correct procedure regarding this right. They had, he said, just seen a play staged by the member for South-east Toronto (Mr. Curry), who was supposed to entertain a desire to get across the floor of the house. (Laughter.) The closer he got the more interesting his relations with the government appeared. (Laughter.) The attorney-general was apparently quite anxious to assist Mr. Curry in the method chosen for the staging of the present proceedings, the object of which was to give the attorney-general an opportunity of making a declaration upon a matter with which the legislature has no earthly concern.

Illinois Man Feels Many Years Younger Since Taking Tanlac

CHARLES STENSTROM, Well-known Peoria, Ill., Contractor.

I feel thirty years younger since I got hold of Tanlac and if it were necessary I could handle a shovel and turn as much dirt as any of my men," said Charles Stenstrom, the well-known concrete and excavating contractor, living at 607 Pisgah street, Peoria, Ill.

For thirty years I have suffered all the misery that goes with stomach trouble, rheumatism and disordered kidneys, and when I began taking Tanlac I was so bad off I was about to retire from business.

"My stomach was so badly upset that it nearly laid me up altogether and after every meal I took cramping spells that sometimes were so bad I could not leave the house for I was afraid I could not get back. I bloated up so with gas that I could not get a long breath. My legs pained me almost every minute of the day and when the weather was damp my arms hurt me so much it was agony for me to bend them. My kidneys were so badly out of order that I had pains all the time back and at night I was in such misery I could hardly sleep at all. Every morning my back was so stiff it was hard for me to get out of bed and during the day I could not think of doing my work.

"Things are different now, as Tanlac has made a wonderful change in my condition. Everything I eat agrees with me perfectly. The rheumatism has almost disappeared and the pains and stiffness in my back have all gone. I sleep sound every night and I get up in the mornings feeling fine and ready for breakfast. I have given up all idea of retiring from business, as Tanlac has given me new life and strength and I am now enjoying better health than I have for many years.

"Tanlac is sold in Toronto at 16 Tamblin Drug Stores. A special Tanlac representative is at the Tamblin store, 717 Yonge street, where he is meeting the public daily.

BYLAW QUASHED.

Mr. Justice Logie, on the application of the village of Merrickville, has made an order quashing a bylaw of the united counties of Leeds and Grenville, to raise \$366,653, ostensibly to meet debentures and bonds issued for war purposes. It was argued that the bylaw was really passed to supply funds for good roads.

PENITENTIARY FOR BOY.

Alexander Stewart was sentenced yesterday by Judge Coatsworth to three years in Kingston Penitentiary and to one whipping with a broad strap, for a series of daring hold-up offences. The lad is but 16 years of age.

APPEAL AGAINST CONVICTION.

An appeal has been made to the appellate division for Lava Zura, a Russian, against the decision of Justice Hodgins, who refused to quash a conviction by the magistrate at Fort William, under which Zura was sentenced to two years' imprisonment for having seditious and prohibited literature in his possession.

A Well-known Man

Dr. Pierce of Buffalo, N. Y., the celebrated physician, known throughout the entire civilized universe because of his many years of successful medical practice, once said: "At this time of year most people suffer from what we term 'spring fever' because of a stagnant condition of the blood, because of the toxins (poisons) stored up within the body during the long winter. We eat too much meat, with little or no green vegetables."

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the springtime of the year, should try the refreshing tonic powers of a good alterative and blood purifier. Such a tonic as Dr. Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and barks. If your druggist does not have the tablets send 10 cents for trial package to Doctor Pierce's Invalids' Hotel, Buffalo, N. Y., or branch in Bridgeburg, Ontario.

KITCHENER, ONT.—"I have used Dr. Pierce's medicines and found them to give perfect satisfaction. The doctor said I had no blood, my heart got very weak. I finally quit the doctor and began taking Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Favorite Prescription. When I had taken about five bottles I commenced to notice a marked improvement, and eventually I was all right, could do my own work. I really think these remedies saved my life as I was in very bad condition. I have used 'Pleasant Pellets' in my home for several years and found them good."—MRS. HENRY HARMER, 91 Victoria St.

ANTI-FREE TRADERS AMONG THE U.F.O.

Debate in Legislature Provokes Interesting Discussion on Fiscal Questions.

The debate on the address in the legislature yesterday was signalled by two declarations on the fiscal issue. Mr. Widdfield, U.F.O. member for North Ontario, declared flatly that he is not for free trade. He made a long digression upon respect for the laws of the country in this regard which could not be clearly followed.

R. H. Hall, Liberal member for Parry Sound, a Welshman, as he proclaimed himself, answered Mr. Widdfield with an uncompromising declaration for free trade and rubbed into the farmers and Labor members their admitted change of heart with many pleasantities that provoked members of all groups to laughter. Mr. Hall came to the front as one of the acceptable debaters of the assembly.

Decided Non-Free Trader. J. W. Widdfield (U. F. O., North Ontario) continuing the debate on the address, said he was not a free trader. He also denied that conscription had been played as a political issue on the U.F.O. platform.

R. H. Hall (Parry Sound) proclaimed himself a free trader from the ground up, also a labor man. As a labor man he had no fear of foreign—even German—competition. He was proud to be a Liberal. There were Liberals of whom the party might perhaps be ashamed, but as a free trader he had not degenerated from Liberal principles.

His next declaration got a solid round of applause from Liberals and Conservatives: "I believe there are members of the Conservative party who have the interests of the country as patriotically at heart as Liberals."

Speaking of the farmer-labor coalition, Mr. Hall said: "I do not think there is a case of co-operation. My observation is that when a labor member begins to feel his oats a little the farmer says, 'Down, Rover.' (Laughter.) If there is any excuse for co-operation between them it is that they are both learning to stick eggs. They talked of their hard work. But one person worked harder than both—the farmer's wife. (Loud applause.) The farmer is the hardest working person I know."

Mr. Hall moved the adjournment of the debate to enable members attend the lieutenant-governor's dinner.

FIRE FIGHTERS SEEK TO IMPROVE THEIR WORK

The executive committee of the International Fire Fighters Association arrived in Toronto yesterday morning and have made their headquarters at the King Edward Hotel. They were welcomed to the city by Mayor Church and the board of control and held the first meeting of their convention at 1 p.m., after which they proceeded to the shore, presumably to discuss the protection of the water front. Among their number is the millionaire fire chief, Percy Hoyt, of Cheyenne, Wyoming, and John Kenlon, chief of the fire department.

Chief Kenlon spoke at some length, yesterday, on the work that is being done in the U.S. towards the training of fire fighters. He suggested training institute.

He ventured the opinion that Toronto ought to be in a position financially to provide an institute of some kind devoted to this important work. The convention is an annual affair and is expected to last for two or three days. When the executive was discussing the place to be chosen for the holding of the convention, no city was given a second thought after Toronto had been suggested, according to Chief Kenlon. Upwards of \$300 delegates and their friends are expected to be present at the various meetings of the convention.

INJUNCTION SOUGHT.

McDougal and Cowans have brought action against the Black Lake Asbestos and Chrome Co., Limited, general baggage agent, Toronto, restraining E. F. Massey and others from installing a new board of directors of the company, or from paying any of the company's money to the National Trust Co.

DETROIT ORCHESTRA ENTHUSES AUDIENCE

Are Compelled to Respond to Encores Six Times.

Ossip Gabrilowitch and his fine organization, the Detroit Symphony Orchestra, gave a program at Massey Hall last night that drew more enthusiasm from the audience than is usually accorded by a Toronto gathering, the conductor having responded no fewer than six times to the instant applause that followed the Concerto in D Minor for piano and orchestra, in which he was playing soloist, and in which he was assisted most effectively by the orchestra.

Both as conductor and player, the noted Gabrilowitch impresses by the scholarly methods of his interpretations, these little details. The large checks and some of the smaller plectrum designs are steadily gaining favor. Some have diamond stitching in self on the pockets, while others have pearl buttons, which are narrow wide belts.

In the very comprehensive assortment are smart accoutrements of pleated and knifed skirts, blouses, dresses, and plain materials. Any woman would welcome the addition of a few of these stylish skirts to her wardrobe.

THURSDAY MORNING, MARCH 25.

Of Freedom of Election.

The proposal to fix provincial elections for the October of every fourth year may have wider-reaching results than some legislators anticipate.

Fixity of elections, as practiced in the United States, may discount freedom of elections, which was one of the things that were fought for by those fathers of ours, whose fights for liberty we speak much of, but know little about.

At the last general election there were over twenty vacancies in the house of commons. East Hamilton had been without a member for over three years.

An essential of British responsible government as expressed in freedom of elections is that no body of citizenry shall be disfranchised for any considerable time.

In the United Kingdom all thru the war every parliamentary vacancy that was created was filled automatically and without delay.

A new landmark in Canadian higher education is rising on the St. Lawrence. The University of Montreal has been incorporated, and the foundation fund of five million dollars is all but raised.

a Catholic institution as Queen's was Presbyterian. But provision is made in the charter of the invalid Alma Mater for a considerable lay element in the senate, and the control after the manner of the Catholic University of Washington.

An admirable feature of the subscription lists is the goodly number of English-speaking citizens who have subscribed handsomely to the fund.

A Six Months' Hoist.

Professor Barnard of the Yerkes Observatory, who takes front rank as a photographer of the stars, thinks it a great pity that so few of us know anything about the heavenly bodies, except the moon and the sun.

One does not know whether to be glad or sorry that expert scientists like Mr. Barnard can find no signs of animal life on any of our fellow planets. Those who have been religiously taught that the earth is only a vale of tears may be consoled by thinking that there is nobody anywhere else in the known universe with tears to wipe away or handkerchiefs to use.

Hon. Beniah Bowman, minister of lands and forests, said last evening that he has no information to communicate respecting the reported appointment of Justices Riddell and Latchford to inquire into the affairs of the departments of lands, forests and mines.

Kingston—Prof. M. B. Baker, formerly vocational officer of this district, in an address here, stated that 65 per cent of the vocationally trained ex-soldiers were successful. Kingston, he said, the percentage was as high as 70.

Will Ask if Premier Borden Promised Transfer of Resources

Ottawa, March 24.—(By Canadian Press).—A series of questions dealing with the transfer of natural resources of the three prairie provinces to the provincial government from the federal authorities are to be asked at the commons on Friday by J. A. Campbell member for the Pas.

G.W.V.A. DEBATES RE-ESTABLISHMENT

(Continued from Page 1.) Saskatchewan; L. Ward, Manitoba; C. E. Jenkins, Ontario; E. S. Akins, New Brunswick; E. S. McLod, New Brunswick; J. H. Stitt, Prince Edward Island. Quebec has not yet named its candidate, its choice being Dr. Forbes who is already nominated as candidate for the presidency.

Update Bonus Motion.

The chairman of the re-establishment committee of the G.W.V.A. of Ontario, presented its report and with the regular resolution recommended he read the Calgary resolution, which called for the additional payment of \$1 a day to men who served on a belligerent front other than Siberia, 90 cents a day for service in Great Britain or Siberia only, and 50 cents a day for service in Canada only and a cash bonus of \$1,500 in a lump sum to widows.

Need for Unity

Comrade Woods, in discussing his motion, said, "Unless we get together now with a definite plan for action we are lost." He said that the success enjoyed by "our" friend, Mr. Flynn, resulted from his having a definite stand and that unless the G.W.V.A. took some such stand stronger than the resolution of "milk and water" submitted by the committee the delegates would be betraying their trust to returned soldiers through the Dominion.

Says Gratuity is Just

Colonel De Salaberry of Ottawa said that the principle of a gratuity was just and the scheme was practical if proper means of securing the revenue were adopted, but that its cost, \$215,000,000, might mean throwing of that sum on the market and consequent financial disorganization unless the utmost care was exercised.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

What It Is and How It Increases Weight, Strength and Nerve Force in Two Weeks' Time in Many Instances. SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL.

Take plain bitro-phosphate is the advice of physicians to thin, delicate, nervous people who lack in energy and nerve force, and there seems to be a new proof of the efficacy of this preparation in the increase in weight frequently being attained by patients.

Physicians and hospitals everywhere are now recognizing its merits by its use in increasing quantities. Frederick C. M.D., editor of New York Physical Review, says: "Bitro-Phosphate should be prescribed by every doctor and used in every hospital to increase strength and nerve force and to enrich the blood."

CATTLE MARKET

A TRIFLE FIRMER

Quality Generally Fair and Demand More Active.

The run of cattle at the Union yards yesterday—about 300 head—was comparatively light, and a good deal less than anticipated. In view of this fact, and following on after Tuesday's big receipts, the market was a trifle stronger on nearly all classes, quotations from 15c to 5c up. There was a better feeling and a better clean up, notwithstanding the fact that there are still a good many cattle unsold. Today's receipts will not, it is thought, be very heavy, giving an opportunity for a general clean-up. The market is for milkers and springers is not very good, but the shipping out of two cars for the west by a local commission house at prices ranging from \$12 to \$16, will steady up the market a bit. Pretty much all the small stuff is holding steady, with the exception of lambs, and the lamb market is pretty bad. Sheep are holding steady, and the calf market is unchanged. The hog market is unsettled, packers offering 15c to the farmer, 15 1/2c f.o.b., and 15 1/4c fed and watered. At 4 o'clock it looked as though the tickets were marked, but a settlement will likely be along the lines indicated.

SPECIAL MARKET NOTES.

A Few of the Top Prices.
Rice & Whaley sold 7 cattle, 7400 lbs., at \$12.75, and 12 others, 10,140 lbs., at \$12.40.
Dunn & Levack sold 7, 1050 lbs., at \$12.50, and 20, 1310 lbs., at \$12.25.
Quinn & Hisey sold five baby beefs, consigned by George McKay of Meaford, 3150 lbs., at 14c a lb.
The United Farmers sold three baby lambs, averaging 670 lbs., at \$13 per cwt.
A Great Sheep Man.
Fred Dunn (Dunn & Levack) sold for John Burns of King yesterday, one carload of lambs, 108 in the lot, 75 of them at 15c, and the balance at 15c per lb., the top for that number of lambs on the local exchange yesterday. John Burns is one of the oldest and best feeders of lambs in Canada, and is considered an expert along this line. During his long experience as a feeder and shipper, Mr. Burns has always consigned his live stock to Dunn & Levack.
Are Shipping West.
The Corbett, Hall, Coughlin Co. bought two loads of milkers and springers, costing all the way from \$125 to \$160. They were an extra good lot and are going to western Ontario.
Alex. Levack in two days bought 400

LE FRUITS VEGETABLES

The first late Valencia lemons came in yesterday having a crop of 600 cases, showing a firming tendency at \$6.50 per crate, high as \$7.00.

Florida lemons at \$4.50 to \$4.75 per crate; California lemons at \$4.50 to \$4.75 per crate; Florida lemons at \$4.50 to \$4.75 per crate; California lemons at \$4.50 to \$4.75 per crate.

BRAZILIAN LOWER; BLACK LAKE FIRM

Demand for Dominion Iron Vanished Abruptly—Toronto Railway is Quiet.

N. S. CAR PFD. STRONG

Fresh weakness in Brazilian, an abrupt subsidence of activity in Dominion Iron and renewal of brisk buying of Black Lake Asbestos, resulting in the setting up of a new high record for the Toronto exchange yesterday. In the afternoon dealings slacked to small proportions, but, in view of the sharp break in New York, the steadiness shown locally was gratifying.

Brazilian, in which transactions amounted to 695 shares, was easily the most active of the listed stocks. The opening was firm at 48 3/8, but weakness soon developed, and the closing was at the lowest of the day, 47 1/2, a net decline of half a point. Apparently less optimism is felt regarding the prospect of an early resumption of dividends on Brazilian common stock. The demand for Dominion Iron vanished suddenly. Not a share changed hands, the stock which closed at 73 being on offer yesterday at 72, with 1 1/4 bid. The first sale of International Petroleum here since the recent stock distribution was at 48 1/2, a high record, but stock came out later at 47, and the closing bid was down to 45. Dominion Camera was relatively active, and sold up a point to 56, but yielded at the close to 55 1/2. N. S. Car preferred sold up three points to 39, closing at 38. Toronto Railway was in less demand, and was a shade lower at 54.

Dealings in war bonds dwindled, and prices showed no noteworthy changes. Black Lake Asbestos contributed a total of 1076 shares, selling up 1-4 to 14 1/4, and closing with that figure bid. Black Lake preferred was not active but advanced a point to 23 1/2. Brumpton declined 1-2 to 79 3/8.

The day's transactions: Listed stocks, 2341; bonds, 175; mining, 386,500; unlisted stocks, 1901, including 500 mining; bonds, 32,000.

Money and Exchange

London, March 24.—Bar silver, 71 1/2 per oz. Bar gold, 108 3/4. Money, 3 1/2 per cent. Discount rates: Short and three months bills, 5 1/2 per cent. Gold premium at Lisbon, 140.

Paris, March 24.—Prices reacted on the bourse today. Three per cent. notes, 58 francs 45 centimes. Exchange on London, 125 francs 45 centimes. Five per cent. loan, 88 francs, 20 centimes. The dollar was quoted at 14 francs 55 centimes.

Glazebrook & Cronyn, exchange and bond brokers, report exchange rates yesterday as follows:

Buyers. Sellers. Counter. N.Y. f.d. 9 1/2 pm. 9 1/2 pm. Cable f.d. 41 1/2 41 1/2 Demand sterling in New York, 3.88.

ABITIBI'S FIREWORKS

Montreal, March 24.—Abitibi furnished the spectacular in the local stock market today. It opened at an overnight gain of 24 points for a broken lot and 29 points for a board lot, at \$3.40, then sold up to \$3.50 for a board lot and to \$3.55 for a broken lot. This was followed by a sharp decline to \$3.15 for a broken lot and to \$3.22 for a board lot, leaving the closing sale 23 points down from the high and 21 points above yesterday's closing price. The movement is presumed to be based on the recent thirty per cent. dividend declared by the directors.

MAPLE LEAF DIVIDENDS.

The directors of the Maple Leaf Milling Company have declared a dividend of 8 per cent. on common and 1 1/4 per cent. on preferred, both payable April 15, to shareholders of record April 13.

REGARDING WASAPIKA

To Investors:

In yesterday's message we said that insiders are accumulating WASAPIKA stock at PRESENT LOW PRICES. This movement is continuing for the obvious reason that the stock is a positive "gift" at these prices.

If you could but visit the property and see for yourself the huge main vein of gold-bearing quartz that outcrops at intervals for a distance of over 2000 feet on the WASAPIKA—could see the free gold in this quartz—and could go down the shaft and observe the same vein 26 feet wide of commercial grade ore in the crosscut at the 100-ft. level—you, too, would be convinced of the cheapness of WASAPIKA at these prices.

The shaft has now almost reached the 200-ft. level. Cross-cutting at this level should reveal the big vein to be even wider than that at the 100-ft. level. Think of the possibilities of an ore body 2000 ft. long, averaging from 12 feet to 26 feet or greater in width and 200 ft. deep!

FRENCH CAPITAL IN OIL COMPANY

The big \$50,000,000 oil company with interests in Texas, Kansas and North Mexico, is stated to be making rapid headway toward completion. Some prominent Torontonians are interested in the company with Americans, and yesterday it was learned that French financiers had also entered the company. Fuller particulars of the embryonic company, its operations and prospects, will probably be before the public within a few days.

EASIER TREND IN MINING MARKET

Hollinger Continues to Sag—Bar Silver Moves Downward in New York.

Mining stocks, taken on the whole, showed an easier tendency yesterday, the severe break in the New York market having a depressing effect upon local sentiment in the latter. Although trading was more active, 118,000 shares being dealt in as compared with fewer than 60,000 on Tuesday, but the increase largely represented greater volume of business in lower-priced issues and the stocks which are usually counted upon to assume the leadership were not conspicuous.

Hollinger sustained a further loss, selling off 5 points to \$6.53, but the price level is still well above that touched in the downward trend of a few weeks ago. Other losses included: Atlas, 2 points at 22 1/2; Dome Extension, 3-4 at 28; Kirkland Lake, 1-2 at 71; Porcupine Crown, a point at 23 and Porcupine Y.N.T., 1-2 at 20. Davidson advanced a point to 67 and Thompson-Krist regained the ground lost on Tuesday by moving up a point to 18.

The Cobalt stocks showed few price changes worth noting. Kerr Lake, which has been noticeably scarce of late, was strong, a small lot selling at \$4.95 as against \$4.50 bid on Tuesday. McKinley-Darragh held well at 70 as did also Beaver at 64. La Rose at 31 and Timiskaming at 44 1/2 were each off a point and Tretwey advanced 1/2 to 45. Petrol Oil remained firm at 75 and Bothwell All advanced 2 points to the new high level of 40.

Bar silver had another relapse yesterday selling in New York at \$123 1/2-2 as compared with \$129 3/8 on Tuesday, but the white metal has been swinging erratically of late owing to the vagaries of exchange rates that its movements have not carried any vital significance.

MCKINLEY-DARRAGH ANNUAL.

At the annual meeting of the McKinley-Darragh-Savage Mines Shareholders yesterday the proceedings were of a routine character. The board of directors was re-elected with the exception that Mr. Beckwith of Rochester, N.Y., was elected to replace Mr. Thompson of the same city.

RICH STORE OF FACTS IN MINING HAND BOOK

The Investor's Mining Hand Book, which has just made its appearance, is a publication which no one interested in the northern gold and silver camps can afford to be without. Into the 60 pages of this vest-pocket booklet is packed a rich store of information about the various companies, the names of the directors, capitalization, dividend record, location of properties, etc., being set forth in a style convenient for reference. There is a complete record of the sales on the Standard Stock and Mining Exchange last year, a table of the price fluctuations during the past 3 years, a list of members of the exchange, brokerage charges, etc., and records of the output of Cobalt and Porcupine to date, with other valuable data.

J. J. Kingsmill, secretary of the Standard Exchange, who is the compiler, is to be congratulated upon the result of his work.

The booklet is being distributed by Hamilton B. Wills among his clients and other interested, and the demand promises to exhaust the supply shortly.

PRESSED METALS

Pressed Metals was quoted on the curb yesterday at 270 bid, 280 asked.

Eastertide--The Birthday of Spring

If You Are Planning an Easter Party, Our Decorations, Place Cards and Favors Were Never More Attractive.

Easter Lilies all bloom ready to grace the feast of the fairy Goddess Oster, whom legends tell us comes to visit this sleeping old earth, and, kissing it lightly, awakens it into radiant springtime.

Cunning Novelties for the Easter Party.

Even if you are grown up, you'll clap your hands with the kiddies when you see those table runners with Mr. Peter Rabbit in his tall silk hat, Mrs. Peter Rabbit in her hoop skirt, and Mopsy and Flopsy in their little poke bonnets, all dressed up for church in the cabbage patch; or the Serviettes with the "Fluffy Down" family flapping their little yellow wings and opening their little black eyes in "such a great big world."

Never Were Favors Daintier

Garlands, purple and white, 15c. Little Yellow Chickens and Ducks, 5c each. Electric Shades, 15c, 30c and 50c. Streamers and Festoons, 10c each and 2 for 25c. Table Runners, 25c each. Serviettes, 5c a dozen. Candy Box Favors, 5c each.

Your friends will appreciate an Easter Greeting Card—our selection is particularly well chosen. Prices 3c to 50c.

Men! A Comfortable Shoe

Before we talk about our Specials, let us tell you about two shoes that will mean foot comfort if you are troubled with large joints, or bunions, or if you require a really wide-fitting shoe. Here they are:

Dr. Grigg's Cushion Sole, Blucher Laced Boot is made from good black Dongola Kid leather, with Goodyear welted leather soles and cushion insoles. This boot is built over an extremely comfortable last, with toecap. Sizes 6 to 11. Priced at \$10.00 pair.

Our "Victory" Bunion Boot, made from selected black Vici Kid leather, with heavy leather soles, Goodyear welted. The laced pattern is made so that no seams come in contact with the toe joint. Made in sizes 6 to 11. Priced at \$15.00 pair.

Men's Black or Brown Goodyear Welt Boots, \$6.75.

(No Phone or Mail Orders on Sale Footwear) These Boots for men are well made on fashionable lasts—the Recede, the Comfort and the Commercial. Soles are leather Goodyear welted, and a few fibre soles in black only. Upper stock is brown or black kid—good wearing. Sizes 5 to 11. Come for them, men, they're Remarkable Value at \$6.75.
