CHANGE IN AUTO TARIFF IS FORECAST

GREAT INTEREST IN BUDGET SPEECH, DUE THIS AFTERNOON

Duties on Goods From West Indies Will be Changed to Conform With Recent Agreement—Income and Stamp Tax Changes Expected.

OTTAWA, April 15.—The budget which will be introduced in the House this afternoon by Hon. J. A. Robb, Minister of Finance, is expected to contain reductions in the income tax rates, although the details of the document will not be disclosed until the proposals are laid before the House.

IN REGARD TO THE TARIFF, there will be some changes in the rates on goods coming in from the British West Indies, in accordance with the trade treaty recently entered into by those countries and Canada.

THE FINANCIAL statement will show that the year has been a more favorable one than the year previous. The ordinary revenue of the Dominion increased \$22,000,000 during the past fiscal year, according to the preliminary reports of the Department of Finance and the net debt dropped about \$24,000,000.

THE REDUCTIONS in income taxes will, it is believed, benefit especially the man with a dependent family. Reports have been current for some days that the present exemption of \$2,000 for the man with a family is to be increased to \$3,000.

Mr. Robb's budget statement this afternoon will be comparatively brief. Tariff changes will not likely be numerous. With the exception of the tariff reduction on British West India products, and possibly on light cars, expectations are that the changes in customs rates will be few.

THE APPOINTMENT of the new tariff board has settled down to work, and reported, it is not thought likely that the government will propose any extensive tariff changes.

Twenty-five From New Brunswick to Tour Britain as Beaverbrook's Guests

Mr. Robb's budget statement this afternoon will be comparatively brief. Tariff changes will not likely be numerous.

OTTAWA, April 15.—Representatives of the British air force here announced this morning that continued efforts of his fliers to find Captain Esteves and his mechanic in the Syrian desert, had been unsuccessful.

13 Labor Members Suspended By British House of Commons

Wonder What Manx Governor Does In His Spare Hours Holds Multiplicity of Jobs From Legislative President To Police Chief

LONDON, April 15.—The people of the Isle of Man want an Admiralty Commission, and if they can get one they declare that they are willing to pay him well.

THE GOVERNOR is the most autocratic chief, under the British crown, says S. Novell, a member of the House of Keys (the Manx House of Commons).

\$350,000 In Liquor Burns In San Diego

SAN DIEGO, Calif., April 15.—Total destruction of the Mexican government's bonded liquor warehouse at Escondido, with the loss of more than \$350,000 in Scotch whisky, champagne and other liquors, in a spectacular fire last Sunday night, was reported by passengers arriving here from the Lower California seaport on the motorship Gryne.

CUSTOMS PROBE GOES INTO U. S. SHIP SEIZURE

Vessel Was Captured In Northumberland Straits DUFF MENTIONED

OTTAWA, Ont., April 15.—Seizure of the schooner W. O. Kennedy in June, 1925, with 974 packages of liquor aboard, was reviewed in the customs probe today. The schooner was in Northumberland Straits off Nova Scotia. The customs file showed that on the same day that Ottawa ordered the setting of officers to ascertain the contents of the cargo, the Customs Department here wired again, suggesting that Frank Mills and a man named Betts, both of Halifax, might be interested in the cargo.

THE GOVERNOR is the most autocratic chief, under the British crown, says S. Novell, a member of the House of Keys (the Manx House of Commons).

ARE BANNED FOR OBSTRUCTING PROCEEDINGS

Move For Censure Is Adopted By Vote of 163-76

Blocked Tellers Business Is Held Up At 6 a.m. After All Night Session

LONDON, April 15.—Thirteen Labor members of the House of Commons were suspended during an all-night sitting of Parliament, for wilfully obstructing proceedings.

THE HOUSE was in committee discussing clauses of the economy bill, when at 6 o'clock this morning, J. H. Thomas, former secretary of state for the colonies and Labor member for Derby, moved an adjournment of the debate.

THE FOLLOWING members were named: The Rev. Herbert Dunn, Durham; John Scurr, Steyne; Thomas J. Marly Jones, Glamorgan; George Lansbury, Poplar; John L. Lawson, Durham; R. A. Taylor, Lincoln; John Wheatley, Glasgow; Joseph Compton, Manchester; Hugh Dalton, Camberwell; George D. Harle, Glasgow; Colonel Harry Day, Southwark, and Messrs. Sheppard and Funnell.

THE DIVISION on the motion proceeded normally, but after the prescribed time, the tellers had not returned with the figures. It was reported that certain members in the "Opposition" lobby had refused to pass the tellers. Committee chairman Hope demanded the suspension of those abusing the rules of the House.

THE EVENING TIMES-STAR, SAINT JOHN, N. B. THURSDAY, APRIL 15, 1926

NAMED TO BODY ON DIVISION OF CHURCH ASSETS

Three Commissioners For Unionists Are Appointed

WILL TOTAL NINE

Representatives of Continuing Presbyterians Already Have Been Chosen

TORONTO, Ont., April 15.—The appointment of representatives of the United Church to the Federal Commission provided by the act of union has been made and the names approved by the Chief Justice of Canada. The new commissioners are: Isaac Pitblado, K. C. L.L.D., of Winnipeg; Walter Charles Murray, M. A., president of the University of Saskatchewan, and Rev. John Walker McMillan, of Victoria College, Toronto.

The Federal Commission is to be composed of three representatives from the United Church, three representatives from the Continuing Presbyterian Church, and three members appointed by the other six.

TO DIVIDE PROPERTY It is empowered under the Act, to make a fair and equitable division between the former Presbyterians and the non-concurring body of all properties of the parent church and to allocate to the continuing church such colleges and institutions as it may seem fit.

The representation from the Continuing Presbyterian church appointed some time ago, is composed of Rev. Thomas Elkin, D. D., of Toronto; Thomas McMillan of Toronto, and G. I. Fower Ferguson. A meeting of the six commissioners, will, it is understood, take place here on Friday, April 16, when an effort will be made to arrive at a unanimous choice of their three colleagues. If no agreement can be reached with regard to the remaining three commissioners, the act provides that they shall be appointed by the Chief Justice of Canada.

PASS STONES BY HAND TO BUILD HAWAIIAN CHURCH

The ancient Hawaiian method of building temples was revived in Honolulu recently when 2,000 Christian high school students formed a mile-long human chain and passed stones from the school campus to the summit of Punchbowl, an extinct volcano inside the city, to build a church there. Photo shows part of the line on the summit of the mountain.

Twelve Game Act Convictions In Amherst; Fines Reach \$1,260

AMHERST, N. S., April 14.—Twelve convictions have been passed out to violators of the Nova Scotia game laws in this county during the past month and a half. The two game wardens, Chandler and James, have been active since March 1. The arrest of three members of a Reid family from Farmington, N. S., and their subsequent conviction on the counts of killing deer, and having deer meat in their possession, gave the two wardens an even dozen convictions. The total amount of fines paid today for the slaughter of deer, etc., amounts to \$1,260. The two officers still have nearly a score of warrants in their possession, and will continue their activities for several weeks to come.

DAIRY MATTERS BEFORE COMMITTEE Suggest Way More Cream Can Reach Capital; Gagetown Factory Hinted

FREDERICTON, April 14.—The committee on agriculture met today with H. V. Dickson presiding and devoted a short session to consideration of dairying. Chief among the topics discussed was the possibility of increasing the quantity of cream available for manufacture at the plant of the Farmers' Co-operative Dairy, Limited, in Fredericton. President Dunphy and Manager Lewis Crawford, of that company, appeared before the committee, and with A. P. Moore, M. P. E. for Queens, discussed the possibility of improving accommodation for the bringing of cream from Queens county to the Fredericton plant. The accommodation desired is a good truck service. Mr. Moore said that if improved accommodation could now be secured, the number of factories had decreased in 15 years the value of dairy products had greatly increased. Mr. Mitchell devoted some time to explanation of the operation of the cheese and butter board in marketing the products of the cheese and butter factories. This board meets once a fortnight in the dairying season, at Sussex and Saint John alternately, offering the cheese and butter for sale as it came from the factories located chiefly in Kings county. On Friday the committee will discuss dairying and poultry raising.

SAINT JOHN GIRL IS HEARD IN RECITAL Miss Olive Hazlett Rankine Gives Fine Program at Mount Allison

SACKVILLE, April 14.—Miss Olive Hazlett Rankine, soprano, of Saint John, gave an enjoyable post graduate recital before a large audience of students and towns people in Beethoven Hall, Mount Allison University, last night. Miss Rankine delighted her audience with the fine rendition of her respective numbers, which showed the result of excellent training. She has a very sweet voice, with wonderful control, and the manner in which she entered into the spirit of her varied pieces proved her to be a gifted singer and artist. She was assisted by Miss Gladys Renous, pianist, of Grand River, Que., one of Mount Allison's brilliant graduates. A string quartette, consisting of Misses E. Cohoon, H. Reid, J. Ward and D. Wilson, also assisted in the program, and Miss Marion Swan was accompanist.

HELD AT BANGOR Fred Moran, Accused of Theft, Says He Belongs Here

BANGOR, Me., April 14.—A man who says that his name is Fred Moran and that his home town is Saint John, N. B., was seen to enter a house while the inmates were out, depart with an 88 silk umbrella, was later arrested while trying to sell it for 40 cents. Moran is locked up for two weeks before the next term of court in default of bail.

Mohammedans Observe Feast of Ramadan—Eat Nothing in Daytime

LONDON, April 15.—Several thousand Mohammedans in Great Britain recently embarked on daily fasts of 12 hours for a period of 29 days in celebration of the Mohammedan fast of Ramadan. Nothing whatever will be eaten between the hours of dawn and sunset. Those who carry out the fast are at liberty to eat their normal occupations as they do during the rest of the year. After 6 o'clock in the evening they are then free to take their meals. It is largely a form of self-discipline, and no great amount of ceremonial is associated with it. Ramadan is the month in which the Koran was revealed. Abstinence is enjoined during daylight, which is determined as the "time during which the faithful can distinguish a white thread from a black."

TRADE UNION CONFERENCE MELBOURNE, Australia, April 15

It was announced today that the Australian labor party had appointed two delegates to attend the conference of trade unions of the world which is to be held in London, the subject being immigration.

Use the Want Ad. Way

It all comes down to the Congoleum Gold Seal—The whole question of getting low-priced, dependable floor-covering comes down to getting rugs which bear the Gold Seal. It's an infallible sign of superior beauty and proved value. Still more, it is the emblem of the outstanding durability and quality for which Congoleum Gold Seal Art-Rugs have been famous for many years. This record of satisfactory service is without duplicate among labor-saving floor-coverings. And when you become acquainted with the wearing qualities and convenience of these charming, easy-to-clean rugs you realize that the value represented by the Gold Seal is well worth seeking out and insisting upon.

EASTER MEETING OF WOMEN'S SOCIETY

United Church Ladies, East Saint John, Hear Fine Address

The Easter meeting of the Women's Missionary Society of the United Church at East Saint John was held in the church last evening. A good representation of the congregation was present. In the absence of the president, Mrs. J. W. Flewelling, who was unavoidably detained, Rev. W. J. Bevis presided and led the devotions. The C. G. I. T. members sang several hymns and missionary choruses. Miss Bernice Flewelling gave a reading on the Lord's Prayer which had been prepared as a memorial to the late Mrs. John A. McAvery. The address of the evening was given by Mrs. H. DeV. Partridge, assistant secretary of the Saint John branch of the Grenfell Labrador Mission. She very impressively described Dr. Grenfell's work along the coast and in the heart of Labrador. The Easter offering amounted to a very creditable sum and will be used for missionary work of the United Church.

Deaths

Frank Lane, Jr. Many friends were greatly shocked to learn of the death of Frank Lane, Jr., which occurred at his home, Prince Edward street, last night following an attack of heart trouble. He was 83 years of age and a son of Mr. and Mrs. Frank Lane, Sr., St. Patrick street. He had lived in Saint John all his life and followed the trade of barber. He is survived by his wife, who was formerly Miss Mary Henderson, of Belleisle, his parents and three brothers, George, Haydock and William, all of this city, and one sister, Mrs. Thomas P. Stack, of Fair Vale.

Deaths Mrs. W. H. Kirkpatrick

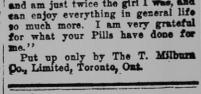

After a few weeks illness, the death of Catherine J. Kirkpatrick, wife of W. H. Kirkpatrick, occurred yesterday at her late residence at Kennikillen. Mrs. Kirkpatrick is survived by her husband, three daughters, one son, three sisters and one brother. The daughters are Ruby, Susie and Dora, and the son, Duncan Kirkpatrick, all at home. The sisters are Mrs. Robert Kelly, of Hoyt Station; Mrs. William Day, of this city, and Mrs. Frederick C. Burns, of Hatfield's Point. The brother is William Trot, of Vancouver. The funeral will be held at 10 o'clock on Friday.

Deaths Mrs. Lindsay Hoar

Elizabeth Lockhart, wife of Lindsay Hoar, who had frequently made her home with relatives in Portland, Me., died in Yonkers, N. Y., Sunday, April 4, after a long illness. She was born in Waterford, N. B., 37 years ago and had made her home in Portland all or since her marriage to Mr. Hoar in 1918. About 10 years ago she went to Yonkers and had been ill practically ever since. She was at one time a resident of Berth, N. H., and

She Could Never Do The Things Other Girls Did

Miss L. J. Ross, Scollard, Alta., writes: "I am only twenty years old, but have suffered from heart palpitation and nerve trouble for several years. I could never do the things other girls did, that is, in the line of sports, skating, etc., and could never depend on myself at work. About six months ago I began taking

and am just twice the girl I was, and can do everything in general life so much more. I am very grateful for what your Pills have done for me." Put up only by The T. Milburn Co., Limited, Toronto, Ont.

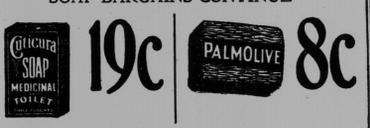

was a member of Star of King Charles, O. E. S. there. She was also a member of the Star of Hope Rebekah at Orono. Besides her husband she is survived by three sisters, Mrs. Maud L. Buntin, of Portland; Mrs. Herbert D. Crawford, of Hampton, N. B., and Mrs. M. L. Lison, of Edmonton, Alberta; and four brothers, Thomas H. Lockhart, of Montreal; John I. Lockhart, of Upland, N. B., and George A. and Walter Lockhart, of Sussex, N. B. Funeral services were held from her late home, 861 Congress street, Wednesday afternoon at 2 and interment was at Pine Grove cemetery, Falmouth Foreside.

SAINT JOHN, N. B., APRIL 15, 1926.

THE HARBOR EXPANSION TIME-TABLE—WHAT IS HALTING IT?

"Divide and rule, a capital motto: Unite and lead, a better one!"

Every once in a while, just as it appears that Saint John is about to make a long and profitable step forward in harbor policy and expansion, something, or somebody, throws the proverbial monkey-wrench into the machinery.

Let us pick it up at another stage—the present one. A few years ago it became evident to the engineers who were consulted that unless the C. N. R. had its own terminals at East Saint John—fully adequate terminals—we could not expect that we would ever benefit through the Canadian National Railways in the way that we had for many years benefited from the Canadian Pacific Railway on the West Side.

Today, when the people of Saint John are expecting that ample money to build the piers will be provided in the supplementary estimates, new difficulties have arisen.

The order-in-council authorizing this work was passed on September 26, 1925. It sets out the existing facts and the declared purposes of the Government in language clear beyond misapprehension.

Members of Parliament representing Saint John, and Liberals having the ear of Hon. W. L. Mackenzie King, should examine the copy of that order-in-council which is public property.

In other words, if the supplementary estimates do not contain ample provision for pushing the whole work through within a reasonable time, then the inevitable and general conclusion will be that Saint John is once more the victim of political buck on a scale at once foolish and extraordinary.

Should Saint John make that discovery when the supplementary estimates are tabled, it would naturally consider in what fashion it will answer such a challenge to its intelligence and such a deliberate attack upon its most vital prospects—from whatever source that attack was launched.

The excellent Canadian Journal, the London Free Press, has said more than one word of encouragement and appreciation regarding the situation in the Maritimes, has returned again to the fray.

The Maritime Provinces evidently do not relish the idea of a union of the three provinces under one government.

of having three sets of legislative assemblies, three prime ministers and three cabinets of ministers. We had an idea that united departments could work more effectively for the development of that country.

However, the suggestion has brought down on our heads the wrath of newspaper editors of the Maritime Provinces, who vigorously protest against the proposal. It is entirely a matter for the Maritime Provinces to settle themselves. If they like the present system no one is going to dictate to them.

The Times-Star itself is among the Maritime newspapers referred to by the Free Press editor as having objected to the suggestions regarding Maritime Union and Maritime readjustment put forward by well-meaning friends in the other provinces.

Ontario has no thought of telling the people down by the sea what they should do, and it continues in a vein that is interesting and that, we think, gives indication as to how the idea of fair play and unity is growing—even in Ontario. It says:

In the West and in the Maritimes that reference to Toronto will be received with something like smiling appreciation. It is foolish to talk about hatred growing up between the provinces or cities of the Dominion; it is absurd to think that in the end nine millions of people of the one family cannot readjust their situation so that fair play and reasonable contentment will emerge for all.

Today being the budget at Ottawa. It will contain much more than a financial accounting and survey of the Canadian field. By its very nature and content the speech will throw fresh light upon the whole political situation.

Odds and Ends

Wonders in the Sky

(The Nomad in Boston Transcript.) This note is sent to Mrs. C. W. from Newville:

The evening of March 23, about ten o'clock, clouds of unusual size and density were seen. One was plum-like in appearance. The writer phoned Harvard Observatory, but he had not seen anything like what I mentioned the information hoped for was not obtained.

Several other persons have spoken or written to the Nomad of this sky phenomenon of March 23. It is described by an observer at West Roxbury as being in appearance remarkably like the Aurora though it passed from the east across the north toward the west, instead of coming from the north.

Do you see that cloud, that's almost in shape like a camel? It's tucked like a weasel. Or, like a whale? Very like a whale.

The faithful observer of the clouds, if he have imagination, is in no need of allegories or of art galleries.

(Minneapolis Journal.) Justice, armed with sure and sufficient penalties, and supported by the power of the state and the sentiment of society, can keep order, repress crime, punish criminals. It can deal with robbers, murderers, anarchists, and protect homes, property, persons, lives.

Justice alone can do these things.

The Very Idea!

By Neil O'Connell

PAPERING THE WORST OF GREAT PERSONS IS THAT WHILE THEY LOOK DISTINGUISHED ENOUGH DRESSED UP INSIDE FRAMES.

When father comes home—say, it isn't so nice. He just has to climb the way through. A place to sit down? Well, he has to look twice. There's nothing in comfort, and it continues in a vein that is interesting and that, we think, gives indication as to how the idea of fair play and unity is growing—even in Ontario.

Some kids will get sunburned from swimming this summer—and some will get tanned.

Men don't hide behind their wives' skirts any more. Try and do it!

People understand why they should carry an umbrella, although it's over their heads.

FABLES IN FACT MAYBE THE POOR WATER WAS CARELESS DASH DASH ANYWAY. COMMA WAS COILED A BOWL OF SOUP OVER A BALD GENT'S HEAD PERIOD NOW COMMA YOU'D EXPECT THE VICTIM TO RAISE PARTICULAR CAIN COMMA WOULDN'T YOU QUESTION MARK WELLS COMMA HE DIDN'T AT ALL PERIOD HE HAD THIRTY EVERY HAIR COMMA THERE WAS COMMA AND SIMPLY TURNED TO THE WATER AND SAID COMMA QUOTATION MARK MAM DO YOU THINK IT WILL DO ANY GOOD QUESTION MARK QUOTATION MARK

That reference to Toronto will be received with something like smiling appreciation. It is foolish to talk about hatred growing up between the provinces or cities of the Dominion; it is absurd to think that in the end nine millions of people of the one family cannot readjust their situation so that fair play and reasonable contentment will emerge for all.

Today being the budget at Ottawa. It will contain much more than a financial accounting and survey of the Canadian field. By its very nature and content the speech will throw fresh light upon the whole political situation.

Just Fun

THAT FIRST MATCH FIRST AUTOIST: I always throw the first one away, because I never have been able to light my cigar on the first one, anyway.—Wisconsin Observer.

Silver moon, Pretty moon, Lips upturned For a kiss. None to see; Just us two; Sure I did; Wouldn't you?

A PLEASANT voice results from that kind of disposition.

INDIGNANT Customer: That meat you sold me yesterday wasn't fit for a human being to eat. If it hadn't been for my husband's dinner, I'd have brought it back and made you change it!

SHE was only the daughter of a mayor but she knew her oats.

OVERHEAD GAME "OUR team uses a style of play that is terribly hard to understand."

"Yes, the coach told me the team uses the overhead game."—Notre Dame Jugger.

EGGS WERE RUSHED MRS. JUSTWED: Your eggs seem very small today.

GROGGER: They do. I'm sure I don't know why.

MRS. JUSTWED: "Oh, I suppose the farmer took them out of the nest too soon."—F. B. B.

COMPLEX LIFE HIGHBROW (softly): It's a complex life."

LOWBROW: Eh? Why?"

HIGHBROW: "Some of our wires are starved and others are fed-up."—London Answers.

Timely Views On World Topics

By HENRY BERENGER

Ambassador of France in the U. S. and former journalist, in an address.

WE who have worked a long time on the press and in politics know that truth and justice are great goddesses but most elusive ones. They delight in hiding themselves behind the clouds of their Olympus.

Probably Not

THE WORST OF GREAT PERSONS IS THAT WHILE THEY LOOK DISTINGUISHED ENOUGH DRESSED UP INSIDE FRAMES.

From the Star, London.

POEMS I LOVE

"Counsel to Girls," by Robert Herrick.

HERRICK in the poet of youth and love, and his songs will haunt the world forever. He was a protege of Ben Jonson; and, when he became a clergyman, he was noted for his witty sermons.

His work was concise, always. Of the numerous poems which he has given us, not one is more than the briefest lyric. He seemed to be a maker of miniatures. But this is not to decry his great gifts.

He chose as the subjects of his pieces, mainly the common and homely things of life. Like many men of genius, there was a long period when he was unappreciated; and it was not until almost a century had passed that he came into his own. In his limited field, he stands without a peer in English poetry.

Gather ye rosebuds while ye may, Old Time is still a-flying: And this same flower that smiles to-day, Tomorrow will be dying.

The glorious Lamp of Heaven, the Sun, The higher he's a-getting, The sooner will his race be run, And nearer he's to setting.

That age is best which is the first, When youth and blood are warmer; But being spent, the worse, and worst Times, still succeed the former.

Then be not coy, but use your time; And while ye may, your youth employ: For having lost but once your prime, You may for ever tarry.

DO you want to DO something? Then don't learn to do, but learn in doing. The advice is Samuel Butler's. There's a sharp distinction between the two.

You have read about boy prodigies who could speak five languages, including Scandinavian, when they were 12, but were unable to earn a plumber's living when they were 21.

THE more Butler saw of academicism the more he distrusted it. "If I had approached painting as I have approached book-writing and music, that is to say by beginning at once to do what I wanted, or as near as I could do what I could find out of this, and taking pains not by way of solving academic difficulties, in order to provide against practical ones, but by waiting until a difficulty arose in practice and then tackling it, thus making the arising of each difficulty the occasion for learning what there was to be learnt about it."

A TRAVELER in the South chatted with an aged negro, who he met in the road. "And I suppose you were once a slave?" he remarked. "Yes, sub," the old colored man answered. "And, so, after the war, you gained your freedom," the gentleman continued. "But the ancient one shook his head sadly. "No, sub," he declared with great emphasis. "Not precisely, sub. I didn't get mah freedom, sub, after de war—I done got married!"

A CROSS young bridegroom came home to find that his wife had cooked some alleged dumplings for dinner. She was a poor cook, and she had done her worst. The dumplings were unpalatable. They were as heavy as the burden of guilt on a murderer's conscience.

"Call these dumplings?" roared the rate husband. "Want to choke me with metal door-knobs so you carry away insurance money?" And he hurled the weighty missiles through the window. The couple kept ducks on the back premises, and the fall of the dumplings on the hard ground shattering them, the ducks gobbled up the fragments.

Five minutes later, a timid knock was heard at the door, and a pale-faced urchin, axed by the strange tale of disaster he had to tell, thrust in his head and gasped, "Missus, yer ducks has sunk."

GIRLS UNDER A CLOUD (Ottawa Journal.) Japanese girls are up against a tough proposition. An old superstition of obscure origin is responsible for imposing a severe handicap on girls who are 20 years old this year. It is said that they must all be so bad-tempered as to be unsuitable for wives. This unlucky time occurs every 61 years, and although the superstition is waning, there are still large numbers of parents who won't allow their sons to marry girls under this cloud.

THE BORER AND RATTS (Kingston Standard.) It is said that it is now an impossibility to get rid of the corn borer in Ontario. It is "too late." That is the same old story with regard to all pests. Concocted action at first was required. As a matter of curiosity watch how the rats are spreading, and find out how and when they first came.

"ECONOMY" IN BRITAIN (London Daily Mail) The only hope this year was that drastic retrenchment by the government might enable certain of the most crushing imposts to be removed from British trade. . . . But if taxation is to remain at the existing figure (which is, be it remembered, distinctly in advance of the figure for 1924-25), then any chance of revival will be instantly destroyed.

A SAFE PLACE (KE: I have some very valuable papers here. Can you advise me concerning a safe place for them. MIKE: Sure, put them in a filing cabinet. No one will find anything there.—Colgate Butler.

1866 DIAMOND JUBILEE 1926  
60 YEARS OF SERVICE

If, for no other reason than that of causing us to be retrospective so that we naturally view events past and present through the eyes of comparison, resultant action meaning improvement, then it is worth while being as old as 60.

Every day or two we have been able to offer something new and worth while to our customers and as the merchandising celebration of our Diamond Jubilee progresses we look forward, with pleasure, to what we still have to offer them. Our ads. will tell you.

INTERESTING

A Feature Page of Interest to Everyone

INSTRUCTIVE

## Dorothy Dix

Wise is the Man Who Lets His Wife Take an Interest in His Business Affairs—He Not Only Stands to Profit by Her Ideas, but Gains by Their Common Interest in Sharing and Planning Together.

A WISE business man recently said: "I truly believe that if wives were to take more interest in their husband's affairs we would have a happier world."

DOROTHY DIX

No better recipe for promoting domestic felicity was ever given than this, for the real reason that marriage is so often a failure is because husbands and wives are not really united in a community of interests that takes in every detail of their lives.

As a matter of fact, in this country after most couples have been married for ten or fifteen years they have almost no interest in common except their children. The husband has gone his way and absorbed himself in his business, of which his wife knows nothing. The wife has gone her way and absorbed herself in her housekeeping, or her clubs or society, of which her husband knows nothing. They have literally nothing even to talk about, and they take to quarreling or keep themselves from being bored to death.

The most pathetic contrast on earth is that of an engaged couple who chatter incessantly to each other without ever being able to get half said that they have to say, and the same couple a few years later, yawning in each other's faces and as silent as two mummies.

THE reason for this pitiful change is self-evident. The engaged couple had every thought, plan, hope, interest in common and hence endless topics of thrilling discussion. The married couple have separate interests, aims and ambitions, and it is only when they can meet on the mutual ground of their children's welfare, or the housekeeping expenses, that they have anything to say to each other, and approaching this subject from different points of view, the meeting is more apt to end in a scrimmage than a love feast.

The business man was right in saying that the world would be a happier place if women took more interest in their husband's business, but he might better have said that the world would be a happier place if men would let their wives take more interest in their business.

The fault in this respect lies more with men than with women, for the average man seldom honors his wife with his business confidences.

THERE are very few husbands who ever talk over their financial affairs with their wives, and at least half, perhaps more, of the married women of your acquaintance have no definite idea of what their husbands are making, or what enterprise, other than their ostensible business, their husbands are interested in. The women are given an allowance, or else they are permitted to make bills which are paid with more or less grumbling, but whether the husband is over-generous, or too parsimonious, the wife has no means of knowing.

This is not because the women are either so dull that they cannot understand a business proposition, or so indifferent that they refuse to take interest in it.

On the contrary, women have a wonderful intuition about business affairs, and are so flattered when a man will discuss a financial deal with them that they are ready to invest in almost anything he offers them out of sheer gratitude at being treated as an intelligent human being.

SO the husband—unless he has picked out an abject fool for a mate—who wants to talk business to his wife, and explain to her the moves he makes in the most fascinating and exciting of all sports, the money game, is in no danger of not having an absorbing, interesting listener, and a side partner who will back him up to the last dollar in the family bank.

A great deal of the discontent and unreason and lack of sympathy wives show their husbands comes from the fact that their husbands do not take them into their business confidence and let them know why certain sacrifices are asked of the women.

It is, for instance, one thing for a man curtly and gruffly to tell his wife that she can't have the new suit that she has set her heart upon, and quite another for him to explain to her why she cannot, and show her that the money saved by close economies just now will enable him to enlarge his business in a way that will provide her with sealinks and vacations a few years hence.

THERE are might few women who wouldn't be amenable to that kind of an argument, and also exceedingly few who wouldn't resent being deprived arbitrarily of a thing that it seemed to them they might as well have as not.

Women's extravagance may also be traced to the same cause—lack of knowledge of their husband's business. As a general thing, women are as afraid of debt as they are of death, and when one goes along recklessly, spending more than she can afford, it is because she has never been told what she can afford.

Men could save themselves a lot of money by making their wives partners in reality, as well as in theory, in their business.

But the chief gain would be in the community of interest that a man and wife would have who were struggling and scheming, and planning together to build up the grocery trade, or the real estate business, or a practice in law or medicine, and who could talk shop together when the inevitable time came when they had exhausted the question of "Are you really, utterly sure that you never loved before, and that you can never love again?"

IN PROOF whereof observe the French bourgeoisie (who are—if divorce statistics prove anything—the most happily married of all people), where madame and monsieur invariably work side by side in store or cafe, or little manufactory.

The man who does not permit his wife to take an interest in his business makes two big mistakes—he misses some mighty good, shrewd suggestions in the first place, and in the second place he deprives himself of an audience that will listen with unflagging interest while he tells over and over again every detail of how he sold Smith that big bill of goods, or of the nefarious way in which he was treated by that rascally Perkins.

AND no other human being will stand for it but a wife.  
DOROTHY DIX.

### Nougatines!

Only the tongue can tell the charm of its taste. And it's a chewy centre, too, without cloying stickiness, and just the right size. No wonder it's a GANONG'S "best seller."

Ask for GANONG'S Nougatines by name.

### Ganong's CHOCOLATES

### Is this your BIRTHDAY?

APRIL 15—Your perception is keen, your heart courageous. You are firm of society, enjoy traveling, court popularity, and let your ambition lead you. You seldom allow unpleasant surroundings to disturb the tranquillity of your mind. You are a strong lover. Curb the desire to be always idle, and live within your means. You should marry happily.

Your flower is a daisy.  
Your birth-stone is a diamond, which means innocence.  
Your lucky colors are red and yellow.

## Spring Time Has Arrived

### Fashion Fancies

As long as the two-piece frock remains where it is, at the height of fashion, the designers will be forced to find new and distinctive touches to make the two-piece mode retain its interest.

They handle this problem with great success. The unusual model sketched above furnishes an example of the individuality of the new two-piece garments.

The material is crepe, and the color is a lovely deep plum shade which is modish for spring. The skirt has a flat-attached yoke at the top, and fastens with buttons at the right side. The overblouse ties at one side only and this bow is balanced by that of the separate neck scarf, which matches the dress.

### Menus for the Family

MENU HINT  
Breakfast  
Oranges LUNCHEON  
Cookies Fried Mush Coffee  
Vegetable Soup Crackers  
Spiced Prune Salad Bran Holls  
Milk  
Dinner  
Ham and Pineapple  
Sweet Potatoes  
Pickles Creamed Peas  
Mince Pie Coffee

TODAY'S RECIPES  
Spiced Prune Salad—Eighteen large prunes, three whole cloves, one and one-half inches stick cinnamon, one teaspoon grated orange rind, one-quarter cup finely chopped nuts, French trull salad dressing, two-thirds cup cream cheese, lettuce, one tabspoonful prepared ginger (optional). Wash prunes and soak overnight in cold water. The cloves in square of cheesecloth and simmer with prunes until tender. Remove stones, splitting prunes lengthwise. Fill with cream cheese, mixed orange rind, nuts, and arrange on lettuce, allowing three prunes to each serving. Serve with French fruit salad dressing.

Ham and Pineapple—Select any favorite ham for baking. For a four-pound ham, parboil about 40 minutes. Then drain until ham seems dry. Mix the liquid from a large can of sliced pineapple with enough brown sugar to make a paste. Plaster the ham with this and bake in a moderate oven for 60 to 65 minutes, depending on how well done you like it. About 10 minutes before ham is done, put the pineapple (cut in one-half inch pieces) over the ham and continue cooking. Use an open roaster and thorough process, and baste and turn ham occasionally on a hot serving platter and arrange pineapple attractively around it. Roll ham in morning if you wish, or even the day before. You can also stew it up the evening without harmful effect, if anything happens to delay dinner.

### A Thought

He that loveth pureness of heart, for the grace of his lips the king shall be his friend.—Prov. 22:11.

HE THAT has light within his own clear breast may sit in the centre, and enjoy bright day.—Milton.

### Little Joe

LOOKS CHEER UP INVENTED SO MEN WOULD HAVE SOME REASON TO FORGET TO HANG THEMSELVES.

### IN NEW YORK SEE-SAWING UP and DOWN BROADWAY

TABLECLOTH Millionaires they are called.

You see them almost any noon at lunch in the Astor, totaling up dream fortunes on the tablecloth.

Each day a new fortune is waiting to be made, if you believed them. Such and such a play would "clean up millions." If only this-and-that amount could be raised, the profits would be thus-and-so. And there are the figures to prove it. They argue and orate on the merits of this theatrical enterprise; and that millions seem to rise with the coffee vapors.

And when they leave the tablecloth resembles a couple of invoice books at the end of the month.

IN AMUSING contrast are the tables of the really successful Broadway figures but a few feet away. Here at producers of money-making productions, swapping jokes and talking shop with successful playwrights and successful actors. No jottings of figures on this tablecloth. The figures are being carefully tabulated by a corps of book-keepers.

AN EXPERT, I believe, could practically give the location of an eating place through an examination of its discarded tablecloths.

Thus, there are certain little places

### Make a quick get-away SHREDDED WHEAT is always ready to eat

TONY SARG, of Marionette and comic animal sketch fame, frequently sketches on any handy bit of paper while carrying on a conversation.

He does not seem to so much as look at the paper yet, glancing over his shoulder one time, I saw on the paper as funny a cowering little elephant as one would wish to look at. Obviously he had drawn such little figures so often that he could do them unconsciously.

—GILBERT SWAN.

FIRST BUM—Mighty fine coffee they give us at this mission.  
SECOND BUM—Yes, but it keeps me awake during the sermon.

### "Tea for THREE please"

with Christie's SOCIAL TEA biscuits

... the little hostess knows ... her guests, too ... what is proper.

They just love the distinctive flavour of Christie's Social Tea—the creamy sweetness—the rare freshness. Encourage them to feast on these thin wafers. Ingredients are of finest quality—absolutely pure—and baked in the inimitable Christie fashion.

When ordering, tell your grocer "CHRISTIE'S". By the pound or in the sealed package.

### ADVENTURES of the TWINS

by OLIVE ROBERTS BARTON

THE FAIRY RENT COLLECTOR

Nobody was working the radio. Nobody was even thinking of it. The Twins were looking for their kites to fly.

But suddenly the radio went: "Whoop! Wheel! Whoop! Wee-eee!"

"The idea!" said Nick. "What in the world's wrong with the crazy thing?"

"I wonder!" said Nancy staring at it.

But they were soon to know, for in a minute they heard a voice say faintly: "It's me! Mister Tingsaling! Look for the magic shoes. They're right beside you. Look and see! I'm Mister Tingsaling, the fairy landlord. And I have to collect rents. And I want you to go along. Put on the magic shoes and meet me between the lilac bush and the snowball bush at half past one."

The radio went: "Whoop! Wheel!" again and that was all.

"Yes, still! Here are the shoes," cried Nick excitedly. "It's another adventure, sure as anything! Hurry up, Nan, the clock says half past one now and those two bushes are away down by the gate."

Of came their everyday shoes and on went the fairy shoes!

And instantly the Twins were being carried along without the trouble of even taking a step, right through the house and down the steps and down the path to the gate where the two tall bushes stood.

Underneath the bushes it was quiet and dark and green—a sort of hazy, you know. Exactly the place you would expect to find a fairy!

And pushing the leaves aside and stepping into the mysterious dark space, that's exactly what the Twins did find.

Not a beautiful gauzy fairy, like Silver Wings, but a fat jolly little fairy, as round as a barrel and with a face like the moon. He wore an ice-cream saucer hat with a feather in it, and he carried a very large pocketbook and a very large pencil and book.

"Howdy, folks," said he amiably. "Ting Tingsaling, Mister Tingsaling. I got that name from ringing doorbells. But you remember me, don't you?" he asked anxiously.

"Sure we do," said the Twins together. Who, indeed, could forget the dear fat jolly little fellow if they had once seen him! "We helped you one time before. It was loads of fun," they added.

"Fun! Is that what you call it?" "Trying to get the meadow people and wood people and all the other people of Out-of-Door Land to pay me money when they don't want to."

But all the time one could see that he was secretly delighted at being remembered. That is one thing about fairies, children. They do hate to be forgotten, even fat fairies.

Another thing that pleased him was to know that the Twins had had a good time.

"We had a perfectly splendid time," said Nancy. "And I don't think people dislike paying their rents. It's just that the Out-of-Door people, the squirrels and rabbits and woodchucks and all the others like to think that they are smarter than fairies, that's all."

"Oh, do you really think so?" beamed Mister Tingsaling. "I certainly hope that's it, for I dislike being disliked. I always collect my rents on the thirty-second day of the month and this is the thirty-second day of the month in Fairyland."

"Fairyland!" cried Nick. "Are we going to Fairyland?"

"Yah!" said Mister Tingsaling. "Of course we are. Iant the meadow, and the garden and the whole world Fairyland in the spring."

THE EVENING TIMES-STAR, SAINT JOHN, N. B., THURSDAY, APRIL 15, 1926

## NEW BRUNSWICK I. O. D. E. ELECTS

Mrs. McLeod Chosen President and Many Saint John Ladies Get Offices

FREDERICTON, April 14.—The 26th annual meeting of the Provincial Chapter of N. B. Imperial Order Daughters of the Empire in the Parish Hall, Westmorland street, came to a close here this afternoon. Mrs. H. P. McLeod, of Fredericton, provincial president, was in the chair.

The afternoon session was devoted to the reports from primary chapters, the election of officers and the presentation of reports of representatives on the national standing committee. These were elected: President, Mrs. H. P. McLeod, Fredericton; first vice-president, Mrs. R. FitzRandolph, Fredericton; second vice-president, Mrs. Herbert Vroom, Saint John; standard bearer, Mrs. Myrtle Thomson, Saint John; provincial secretary, Mrs. Harold Coy, provincial educational secretary, Mrs. K. I. Campbell, Saint John; provincial treasurer, Mrs. E. Allison MacKay, Fredericton; provincial echoes secretary, Mrs. M. G. Siddall, Port Elgin; provincial organizing secretary, Mrs. F. H. Taylor, Saint John.

These were re-elected to the national standing committee: Child Welfare—Mrs. H. B. MacDonald; distinguished visitors committee, Mrs. Herbert Vroom; immigration, Mrs. N. C. Dougherty; Navy League, Mrs. C. B. Allan; committee on constitution, Mrs. H. FitzRandolph; work in India, Mrs. John Black; League of Nations, Mrs. D. V. White; girl guides, Mrs. W. H. Allison; press, Miss F. P. Alward.

Councillors elected were: Mrs. E. Allison MacKay, Fredericton; Mrs. K. I. Campbell, Mrs. Courtland Robinson and Miss F. P. Alward, Saint John; Mrs. H. Coy, Mrs. Robert FitzRandolph and Mrs. G. C. Vanwart, Fredericton; Mrs. H. B. McDonald, Chatham; Mrs. J. W. Hart, West Saint John; Mrs. Hugh Cannel, Saint John; Miss Bertha

## "KING AND QUEEN" OF FRANCE

French royalists acclaim the Duke of Guise (left) as the new pretender to the throne of France now his cousin the Duke of Orleans is dead. Guise, who is shown here as captain in the Danish army, may not be exiled from the republic as Orleans was. He has eschewed politics, and was cited for bravery while conducting a canteen for the French during the World War. His wife was Orleans' sister, Princess Isabelle d'Orleans.

Harvey, Miss Ethel Vanwart and Mrs. A. T. McMurray, Fredericton; Mrs. E. R. Taylor and Mrs. D. V. White, Saint John; Mrs. J. Harry Robertson, Fredericton; Mrs. C. T. Purdy, Moncton; Mrs. J. R. Thomson, Mrs. W. S. Allison and Miss Alice Lockhart, Saint John; Mrs. F. B. Black, Sackville; Mrs. A. G. Bailey, Woodstock; Mrs. W. J. Glen, Fredericton; Mrs. M. G. Siddall, Port Elgin. Mrs. Courtland Robinson was elected third member of the war memorial committee. Nominees for the national executive were Mrs. G. C. Vanwart, of Fredericton, and Mrs. Heber Vroom, of Saint John.

The semi-annual meeting of the Provincial Chapter is to be held November Next. The place will not be decided for some time.

**CARDS ENJOYED.** The card party at St. John the Baptist church hall last night was very greatly enjoyed and was attended by patrons sufficient to require 61 tables. The prize winners were as follows: Ladies' first, Miss Dorothy Green; second, Mrs. T. O'Donnell; third, Mrs. Leonard Shaw; gentlemen's first, J. Masters; second, F. E. Nugent; and third, John O'Brien.

**WHAT IT MIGHT MEAN TO YOU**  
If it were possible for you to look through somebody else's normal eyes and by doing so you would have better health, increased success, greater happiness—wouldn't you take that look?

Of course, you say. But how could it bring these benefits?  
By proving that the cause of your nervousness, debility or headaches—is eyestrain.

Don't say too quickly that none of these cases fits YOU. Have your eyes examined and know.

## SUPPER, SALE AND PROGRAM ENJOYED

Young Ladies' Club of St. Columba Church Have Delightful Time

A very successful supper sale and entertainment under the auspices of the Young Ladies' Club of St. Columba Presbyterian church, yesterday afternoon at the residence of Mrs. Edward Duff, was held in the church hall last evening.

The color scheme was yellow and white and was most effective in the decoration of the two large tables which were centered with clusters of yellow daffodils. Yellow shades covered the light fixtures. The tables were decorated with Mrs. W. Brownell, Mrs. Harry Brownell, Mrs. Fred Chittick, Mrs. Gordon Williams and the Misses Hazel Williams, Kate Fox, Viola Leggett, Blanche Rose, Edith Wilson, Beatrice Stinson, Bessie McQuarrie, Ruth Rose, Doris Moore, Annie Small, Marguerite Ewart and Margaret Rose. The refreshments were Mrs. Edward Moore and Mrs. Edward Duff. The pies were cut by Mrs. Adam Campbell.

Those who assisted in other capacities were Mrs. G. C. Lawrence, Mrs. Catherine Small, Mrs. J. Burns, Mrs. William Murray and Miss Annie Townsend. The candy table was in charge of Miss Catherine Leggett and Miss Hazel Williams. Mrs. W. J. Glen, Fredericton; Mrs. M. G. Siddall, Port Elgin. Mrs. Courtland Robinson was elected third member of the war memorial committee. Nominees for the national executive were Mrs. G. C. Vanwart, of Fredericton, and Mrs. Heber Vroom, of Saint John.

**PROGRAM GIVEN.** After supper, an interesting program was given. Rev. W. M. Townsend was the chairman. The numbers were as follows: A vocal duet by Miss Marion MacFarlane and Miss Beatrice Galbraith; solo, Miss Marion Swinburne; instrumental duet, Miss Edna Stevens; instrumental duet, Miss Katie Fox and Fred Morrow; solo, Miss Marion Marshall; solo, Miss Hannah Marshall; solo, Miss MacArd; instrumental and vocal selection, Miss Fox and Mr. Morrow. All numbers were encored. The accompanists of the evening were Miss K. Fox, Miss Edna Stevens and Miss Annie Ald.

On behalf of the Young Ladies' Club, Mr. Townsend extended a hearty vote of thanks to all those who had contributed to the successful entertainment and asked with the presence of a satisfactory sum realized for church purposes.

## CENTRAL PASTOR IS URGED TO REMAIN

Baptist Church Passes Resolutions to Present to Rev. James Dunlop

Resolutions urging Rev. James Dunlop to reconsider his resignation from the pastorate of the Central Baptist church, offering him a 10-week vacation period in which to visit distant relatives and appointing a committee of four to confer with him to secure his consent to continue in his present charge, were all passed unanimously by the large congregation assembled in the church last night.

A special congregational meeting was held after the mid-week prayer service to receive Mr. Dunlop's letter of resignation. After Mr. Dunlop had withdrawn, Kenneth A. Wilson, of the trustee board, took the chair in the absence of H. S. Wansmaker, and H. L. Prebble, church clerk, read Mr. Dunlop's letter. Mr. Wilson read the resolutions of the advisory board urging Mr. Dunlop to withdraw his resignation.

The congregation by an unanimous standing vote endorsed the resolution submitted by the advisory board. The two further resolutions were then put and carried unanimously and the committee of four, representative of the various organizations in the church, will wait upon Mr. Dunlop at the earliest opportunity.

## Anglo-French Concern Pegs Red Lake Claims

LONDON, April 15.—The chairman of the Anglo-French Exploration Company, at the annual meeting today stated that claims had been pegged at Red Lake, the new goldfield in the Province of Ontario, on behalf of the Anglo-French Exploration Company and other concerns.

## Women's Allure

no longer imperiled under hygienic handicaps—new way offers true protection; discards like tissue

FRESH, charming, immaculate under ALL conditions. Sheer gowns worn without a second's fear, any time, any day!

If you seek this added charm, stop employing old-time "sanitary pads," insecure, uncertain.

Eight in 10 better-class women now employ "KOTEX" . . . a new way, 5 times as absorbent as ordinary cotton pads.

Absorbs and deodorizes at the same time, thus ending ALL danger of offending.

✓ You discard it as easily as a piece of tissue. No laundry. No embarrassment.

You ask for it without hesitancy, at any drug or department store, simply by saying "KOTEX."

In fairness to yourself, try this amazing way. Costs only a few cents. Makes twelve in a package.

**KOTEX**  
No laundry—discard like tissue

## Social Notes of Interest

Mrs. Marie Furlong Coleman, and Miss Elizabeth M. Furlong were the joint hostesses at a delightfully arranged reception at their residence, 378 Union street, yesterday afternoon in honor of the Right Honorable P. A. Anglin, Chief Justice of Canada, and Mrs. Anglin, of Ottawa, who are spending a few days in the city at the Admiral Beatty. A profusion of pink roses and snapdragons, adorned the drawing room and the tea table, with its artistic appointments, was centered with a bowl of yellow daffodils. Mrs. David P. Chisholm presided over the tea cups and was assisted by Mrs. Everett Timmerman, of Montreal; Mrs. Gerald Furlong, Miss Frances Travers, Miss Annie Addy and Miss Amelia Haley. The hostesses were assisted in receiving the guests by His Honor the Chief Justice and Mrs. Anglin. The invited guests included Mayor-elect and Mrs. W. W. White, Sir Douglas and Lady Hazen, Hon. W. E. Foster and Mrs. Foster, Mr. and Mrs. George Cowill, Dr. and Mrs. J. Boyle Travers, Mr. and Mrs. Daniel Mullin, Mr. and Mrs. Sherwood Skinner, Mr. and Mrs. Andrew Jack, Captain and Mrs. Gerald Furlong, Lt. Colonel and Mrs. H. C. Sparling, Mrs. J. P. Byrne and Mrs. Byrne, Mr. Justice W. C. H. Gimmner and Mrs. Gimmner, Judge H. O. McEwen and Mrs. McEwen, Mr. and Mrs. F. Downing Paterson, Dr. and Mrs. D. Gordon Sanctor, Mr. and Mrs. J. D. Lewis, Mr. and Mrs. George McA. Blizard, Mrs. J. P. McInerney, Mrs. George K. McLeod, Mrs. Bessie, Mrs. B. Harrison, Mrs. Morris Robinson, Mrs. Brehm, St. John's, Newfoundland; Miss M. Travers, Miss Frances Travers, Miss Addy, Miss Helen Sidney-Smith, Miss Mabel Sidney-Smith, Miss Bayne, Miss Helen McAvaney, Mr. Arthur Thorne, Judge Ritchie, Dr. G. A. B. Addy, Mr. Richard O'Brien and Mr. T. P. Regan.

Mrs. L. A. Langstroth, Leinster street, entertained the members of the executive of the W. M. S. of Centenary United church, very delightfully at supper on Tuesday. A pleasing incident of the evening was the presentation of three volumes of Miss Carmen's poems to Mrs. W. H. Barker, who is severing her connection with Centenary W. M. S. Mrs. Barker expects to take up her residence in Toronto. Mrs. C. F. Sanford, the president of the society, made the presentation on behalf of the members of the executive, and expressed regret at the loss of the society, and Centenary church, had saddened in the departure from the city of one who had always been ready to do her share in the betterment of the community. Mrs. Barker feelingly thanked the members for their gift and good wishes.

Mrs. T. J. Gunn, entertained a few friends at luncheon at the Admiral Beatty yesterday following the presentation of the Ladies' Storming Musical Club. Covers were laid for eight. Her guests were Mrs. E. J. Terry, Mrs. M. Woodman, Mrs. Chalmers, Mrs. Rex Cornier, Mrs. J. M. Barnes, Mrs. H. Colby Smith and Mrs. Franklin J. Hodgson.

The last badminton tournament of the season will be played on the courts of the Garrison Club this evening, at 7:30 o'clock, for a trophy donated by Mrs. E. C. Gilman, who has been organizer of the club for three years, and is to leave in the near future to join her husband at Syracuse, N. Y. A pleasant evening was spent in games and music. The hostesses were Mrs. E. C. Gilman, Mrs. M. Woodman, Miss Hazel Stevens and Miss Hazel Stevens. Those present for Mrs. E. C. Gilman, Mr. and Mrs. Ira Stymest, Mr. and Mrs. S. T. Cougle, Mr. and Mrs. Robert Thorne, Mrs. Henry Prime, Misses Minnie Reid, Ethel Brown, Hazel Stevens, Nellie Kierstead, Messie McCormack, Erna Schofield, Bernice Schofield, Mary Kierstead, Lelia Alcorn, Ethel Carvell, Marion Carvell, Sallie Carvell, Lillian Schofield, Lenzie Townsend, Enid Schofield, Winifred Purger, Grace Sime, Helen Sime, J. C. T. Clark, Thatcher Townsend, Albert Lawson, Kenneth Thorne, Packard Campbell, Herman Finley, Edward Allen and Andrew Torrey.

The members of the Anglican W. A. will be interested to learn that Miss Alicia Heales, of this city, received the pleasing word that her friend Miss Gladys Hodson, a missionary in Kangra, India, expects to be home on furlough early in the New Year. She plans to come by way of Saint John, and will visit Miss Heales en route to Vancouver, where she will be a guest for some months of her sister, Mrs. Ruggles and Judge Ruggles. Miss Hodson has been in the missionary field for four years and is eagerly looking forward to her visit to Canada. She writes India has just had a heavy rainfall and there was great rejoicing, as food was at famine prices in the bazaars.

Mrs. George W. Babbitt, of St. Andrews, is the guest of Mrs. E. Albertson Smith, 43 Duke street.

Miss Ellen Gillis returned on Tuesday from Brookline, Mass., where she has been visiting friends.

Mrs. Harold Macmichael and children expect to leave at the end of the month for Belmont, Mass., where they will join Mr. Macmichael and in future reside. Mrs. Macmichael is a talented violinist and intends to further her studies in Boston. She will be sincerely missed by a wide circle of friends in Saint John, who will follow her future musical career with interest.

Miss Lillian Hazen expects to sail this week-end on the Melita for England. Miss Hazen will visit her sister, Mrs. William B. Chandler, and her niece, Miss Geraldine Coster, at Oxford.

Mrs. H. Atwater Smith, who has spent several months in England and on the Continent, arrived in the city on

## To Transmit Photos Across Atlantic

Canadian Press

LONDON, April 15.—Captain Richard H. Ranger, designer of the Photogram system, by which photographs have been transmitted successfully across the Atlantic Ocean by wireless, expects to begin a New York and London service within a few weeks.

Associates of Captain Ranger estimate that it will cost between \$5 and \$10 each to transmit photographs, although no definite rates have been announced.

Rev. W. R. Leard of St. Stephen, was the guest of Mr. and Mrs. Phillip MacIntyre of East Saint John, while attending the Presbytery meeting here.

## More New Styles DRESSES

### Friday @ Saturday

A dress for every occasion—nothing newer. Our New York representative sent the styles direct from the Model Houses last week. Why not see them before you buy?

QUEBEC MEMBER PAID \$5,669 AS HYDRO SOLICITOR

H. G. Acres, Ontario Engineer, Gets \$23,253 For Grand Falls Advice

HON. E. A. REILLY TELLS OF VENIOT ACT COSTS

Inform House of Saving Effected in Power Commission Expenses

FREDERICTON, April 14—Delving into the costs of the Grand Falls making act prepared under the Veniot administration, Hon. E. A. Reilly, chairman of the New Brunswick Electric Power Commission, revealed in his speech this afternoon that a member of the Quebec Legislature, who acted as solicitor for the commission, alone received \$5,669 for his services.

It was also pointed out by Hon. Mr. Reilly that H. G. Acres, Ontario Hydro engineer, received \$23,253.70 for services in an advisory capacity up to August 31, 1925, while Mr. Acres' first lieutenant, George H. Lower, up to the same date, had been paid \$15,755.56.

One of the interested visitors in the House this afternoon was the former Premier, Hon. Dr. Walter E. Foster.

BOARD CUTS EXPENSES

Turning to hydro matters, Hon. Mr. Reilly spoke of the appointment of the new hydro commission and said that as a result of economy practiced a saving of \$5,500 had been saved in the commission itself alone. The commission in addition had reduced its staff by 64 men, making a monthly saving in salaries and expenses of \$5,500 to the province, while on a new lease for office buildings a saving of \$2,500 a year had been effected.

The sending out of surveying parties for transmission lines from Grand Falls to Campbellton, Bathurst and Fredericton a few days prior to the elections last August was con-

demned by the Hydro chief. These surveys cost the province \$20,732. "I wonder what they were up to," asked H. Frank Smith. "The province was to be electrified," replied Hon. Mr. Reilly amid laughter.

REILLY SPEAKS

After reviewing the financial position of the province, Hon. Mr. Reilly dealt at length with the hydro development under the late Government. The first meetings of the present commission were held on Oct. 18 and 17, 1925, he said. The old commission was composed of seven members, three of whom received salaries; the chairman \$3,500, the vice-chairman \$3,000, and the third member \$2,500, or a total of \$9,000 per year and expenses. The other members, while sitting perhaps one day a month, receive \$20 a day when in session and expenses. The province there made a saving of \$5,500 and upwards in reduction of salaries.

EMPLOYEES REDUCED

Since taking office their employees had been reduced by 64. Not one of these vacancies had been filled, yet the service had been good. The monthly payroll had been reduced by \$5,500. In addition, the expenses of these employees retired from the service was \$2,514, thus making a monthly saving to the province of \$8,014. The rental of the hydro offices in Saint John also was reduced from \$300 to \$100 per year. Thus, with the reduction of salaries to the members of the commission gives a monthly saving to the province of \$8,500 on account of the reduction of staff plus an annual reduction of \$8,000 on account of salaries and rent.

RECORD OF MUSQUASH

H. G. Acres, one of the late Government's engineers, on April 28, 1925, speaking before this Legislature, the Musquash said: "As a natural power in the usual sense, Musquash is not a water power on the usual basis upon which such projects are appraised. It has been made an instrument for the production of power by the expenditure of money and its record today indicates that."

In 1925 this development only produced 15,000,000 k.w.h. general average current, which means that only 1,380 continuous h. p. was developed. This development, including transmission to the city of Saint John from Musquash, cost the province of New Brunswick \$3,656,228.88. Your capital cost of hydro at Saint John is \$1,548 per continuous h. p. The cost of operating the Musquash plant last year was \$285,938.02.

COST OF OPERATION

The cost of operating the power development itself, without any transmission line, was \$232,939.23; therefore the cost per h. p. at Musquash was \$88.82. He would congratulate the Saint John City Council on getting such favorable terms from the commission.

When this development was ready to deliver power, the then commission after some negotiations on Nov. 23, 1922, executed a 15-year contract with the then Council of Saint John for delivery to the consumers of Saint John power, minimum, 10,000,000 k.w.h., with the option of increasing to 15,000,000 k.w.h., with the further option of renewal for another 15 years. This same power, delivered at Saint John at 12c cost the province to produce it two cents per k.w.h., or a loss to the province of \$80,000 per year, if all the power contracted for were taken. As soon as the spring flowage is substituted the power taken increased, so did the loss.

Ten million k.w.h. taken at 12c amounts to \$120,000, while it would cost to produce 10,000,000 k.w.h. at two cents \$200,000, or a loss of \$80,000 to New Brunswick.

It might be argued that Saint John was not consuming the 10,000,000 k.w.h., yet the city was paying for 10,000,000 while it was only consuming 7,000,000 k.w.h. The Hydro Commission must always have had sufficient hydro supply, so that if Saint John should demand the 10,000,000 the commission must deliver it at such rate, at a loss of \$80,000,000 per year. It is Saint John demanded its full contract on the same basis, the commission would lose \$120,000.

It might be stated in this House that Musquash was now developing power over its necessary demands sufficient to supply the New Brunswick Power Company. To this he would remind the House that it was only temporary during the high water season, and as soon as the spring flowage is substituted the development of this power would be down to normal.

The weakness of the Musquash system was further illustrated by the old Government, as they were obliged as an auxiliary to purchase from the New Brunswick Power Company 2,000 h. p. to supply their customers in case of an emergency or a shortage on the part of Musquash.

This contract to purchase 2,000 h. p. was entered into with the Power Company on Aug. 8, 1925. This power was to be taken by the commission as required and was ready-to-serve charge payable in monthly instalments of \$2,383.28 each. There was a minimum charge of \$28,000 per year, even if the commission did not take any of the 2,000 h. p.

In addition, any power actually taken by the commission was to be paid for at the rate of 1 1/2 cents per k.w.h. for the first three million k.w.h. per year, and 1 1/2 for all over three million k.w.h. per year.

The commission had contracted to purchase power from the New Brunswick Power Company at the rate of about two cents per k.w.h. while they were selling to the city of Saint John for 12c per k.w.h.

LOSS TO COMMISSION. This was a loss to the commission. If Musquash had sufficient capacity to supply the needs of the lines already established, why purchase 2,000 h. p. of the New Brunswick Power Company for a price in excess of what they had contracted to sell under the agreement to Saint John.

After the new commission assumed the business management of the

into the affairs they found a large number of rights-of-way still unsettled. They adopted the policy of settlement by consent and agreement of both parties, if possible. Up to the present time, they had been successful in those they had undertaken. There still remained some 33 unsettled rights-of-way. Among these was the Ingleswood Property, so-called, in which the commission tendered \$59,000, but the property claimed some \$80,000. This settlement at present is under arbitration in pursuance of the act.

SYSTEM BEHIND \$55,505.10

The Musquash system went behind in 1925 some \$55,505.10. This same system since its inception cost some \$165,000. On July 16, 1921, the commission proceeded to Bathurst and purchased from the Bathurst Company under a one-year contract, without option of renewal, hydro current at 25c a h.p. sufficient to supply Newcastle with about 400,000 k.w.h. The commission then executed a five-year contract, on the 6th day of September, 1921, with Newcastle, for the sale of current at three cents a k.w.h. or about what they were paying Bathurst.

The commission then built a transmission line from Bathurst to Newcastle, which cost \$128,491.78. In the latter part of 1922, the Bathurst Company terminated their one-year contract. The New Brunswick Commission was then obliged to insure the transmission of current for Newcastle under the five-year contract to renew the Bathurst contract to supply current to Newcastle at 7 1/2c a h.p., for which they were paying only 43c a h.p. under the original contract.

PART OF DEVELOPMENT.

This transmission line appears to be a part of the Musquash development, since it was paid for out of Musquash bond issue. This was confirmed by the Hon. W. E. Foster in the Provincial Legislature in 1922 when he said this amount of money was paid for by Musquash.

The result of this blunder in purchasing power at a low rate under a one-year contract and selling to Newcastle under a five-year contract has shown losses to:

Table with 2 columns: Year, Amount. 1923 \$ 9,842.28, 1924 16,894.83, 1925 11,800.29

MONCTON CONTRACT.

The old commission, on June 5, 1922, entered into a 15-year contract with the city of Moncton for delivery of power, from five to seven million k.w.h. at 2.25c per k.w.h. This power cost the province 3 cents per k.w.h. to de-

livered at the Moncton station. The annual loss to the province and which the people must pay was:

Table with 2 columns: Description, Amount. In 1924 \$50,182.53, In 1925 44,637.08, Or a total in two years of \$94,820.20

The commission was selling electricity at Moncton at 2 1/2 cents per k.w.h. which cost it three cents to produce and deliver. Surveys executed immediately preceding the last election were carried out in the northern section of this province. These surveys were supposed to map out certain intended transmission lines from Grand Falls to Campbellton and Bathurst. These lines were started notwithstanding the development at Grand Falls had not commenced.

No. 4 survey under Engineer McKay commenced at the Bathurst-Campbellton line on August 6, 1925. Just four days before the election.

Survey No. 3 under L. P. Roy was sent out to St. Quentin on August 4, 1925, six days before the election.

Survey party No. 2 under J. A. McDougall was sent out to the line east of Grand Falls on July 30, 1925, eleven days previous to the election.

SENT TO SURVEY LINE.

E. C. Akerley was despatched on July 20, 1925, to survey the line from Grand Falls to Fredericton, just 19 days thereafter to demand from the Commission all or any part of the power developed. This was on the assumption that the contract was binding on both parties. As had been said by the Premier, how far it was binding was very vague and uncertain. The price at which the power was to be sold, the terms of supply and the rights of renewal, as well as other provisions of the contract, were left to be determined by future agreement between the parties.

PRESENT POLICY.

The policy of the present government had been, on the contrary, a complete protection of the people, both as to costs, industrial development and the availability of power for distribution.

EX-PREMIER'S WORDS.

On April 18, 1923, the ex-premier in this Legislature said that the Grand Falls Power Company or the International Paper Company as the two seemed interwoven, claimed that they had expended the million dollars in securing property rights at Grand Falls. This matter had been discussed, in fact P. T. Dodge, president of the International Paper Company, had conferred with him. These companies had been told that they would have to submit their claims to arbitration before a judge of the Supreme Court unless they would reduce the amount of their claim to a figure which would be considered reasonable. They had been in-

formed that their own figure was considered out of the question.

2. Supply five thousand h.p. for the Province of Quebec.

3. Supply two thousand h.p. for the International Paper Company for storage along the international boundary.

4. Supply an estimated or probable quantity of 14,000 h.p. as claimed by Mr. Graustein for storage and storage rights demanded by the State of Maine.

5. To develop Grand Falls at a cost to the people of the province of between nine and fifteen millions of dollars, for which the province must necessarily be bonded.

6. To reserve up to 14,000 h.p. for the Bathurst Company, Limited.

7. To reserve up to 14,000 h.p. for the International Paper Company for eighteen months.

8. To give that Paper Company the further conditional right of option exercisable anytime within two years, in late any additional primary power in amounts not less than 5,000 h.p., or 7,000 h.p., or multiples thereof for wood grinding purposes. (In 1925 the late government had sold no power from Grand Falls, notwithstanding what was said in this House to the contrary.)

OPTION PROVIDED FOR.

This agreement further provided that immediately an offer was made to the Paper Company, an option became operative whereby the Paper Co. was entitled at any time within two years thereafter to demand from the Commission all or any part of the power developed. This was on the assumption that the contract was binding on both parties. As had been said by the Premier, how far it was binding was very vague and uncertain. The price at which the power was to be sold, the terms of supply and the rights of renewal, as well as other provisions of the contract, were left to be determined by future agreement between the parties.

The policy of the present government had been, on the contrary, a complete protection of the people, both as to costs, industrial development and the availability of power for distribution.

(1). To eliminate the four original contracts (including contract "B") which gave the International Paper Company practically full and complete control of Grand Falls power, save only a small quantity for the Bathurst Company.

(2). To release the province from the expenditure of nearly fifteen million dollars in this development.

(3). To release the province from \$12,000,000 pledged by the old contract to be paid to the International Paper Company.

(4). To secure the return of \$235,200.

incurred by the old government in preparing data, plans, and information in connection with Grand Falls.

(5). To release the province from all storage claims on the International boundary.

(6). To release the province from any claim by the province of Quebec.

(7). To ensure that the whole development of the Grand Falls is to be at the cost of the International Paper Company, while New Brunswick is not to have one single cent of liability.

(8). To secure 20,000 h.p. for Frasers, Limited, for the production of newsprint.

(9). To secure 27,000,000 k.w.h. of dependable power for distribution to purchasers within the province.

(10). To secure in consequence of this development the construction of a newsprint mill at or near Campbellton, with a capacity of 200 tons per day.

(11). To secure the construction by the International Paper Company in the centre of the province of another paper mill with a minimum capacity of 200 tons per day, the capacity to be increased as power is available to 700 tons per day.

(12). To have this construction work commence in the month of May, 1926, and continue until completed in the latter part of 1928.

TOTAL POWER PRICE.

(13). To fix the price of power at Grand Falls at \$20 per continuous h.p. (Frasers, Limited, composed of two of the most outstanding and astute business men within our province, have agreed to buy at this price).

The ex-premier in this House said he had received a mandate from the people in 1920 when a delegation came here to demand the abrogation of the Grand Falls lease. Then, in 1924, he said the development of Grand Falls would never take place until the question was first submitted to the people. Speaking in this Legislature he said:

"In regard to Grand Falls they propose to employ the most capable engineers obtainable and were hopeful before long to be able to give the people an estimate of the actual cost of the undertaking. Possibly from his remarks hon. members opposite might be able to derive some idea as to when the next election would be held. Full details of the project would be submitted to the people, and he felt sure the time would come when the present administration, or some other, would go ahead with the work."

The late government, twelve days before the last provincial election, let a contract to the Powers Construction Company to construct a spur line from the C. P. R. to the supposed Grand Falls Power House, no development or installation having yet been com-

menced at Grand Falls. The contract price was \$29,250. The contractors commenced work seven days prior to the election. This was an expenditure paid from the people's pockets on which as yet there was no guaranteed interest nor any income or revenue to meet the overhead.

The Commission under the late government made an application to the legislature of the province of Quebec for an enabling Act permitting the installation of a storage system in the Temiscouata district to increase the water supply for Grand Falls.

While this was on a miniature Act, nevertheless it cost the province of Quebec \$200,000.

## BORDEN AGAIN HEADS CANADIAN RED CROSS BODY

Is Re-Elected At Central Council's Annual Meet

### DRIVE PLANNED

Campaign To Raise Funds Announced For 1927; Finances Reported Low

**Canadian Press**  
TORONTO, Ont., April 15.—The people of Canada will be asked to give tangible evidence of their appreciation of the work being done by the Canadian Red Cross Society, when a national campaign to raise funds to continue the work of the organization will be held during 1927, probably in May and June. Rapid expansion of services and consequent depletion of financial resources make it imperative for the society to appeal to the public, it was stated at last night's session of the annual meeting of the society's central council.

Sir Robert L. Borden, Canada's war time Premier, was re-elected president of the society yesterday.

### LACK OF FUNDS.

W. F. Kerr, of Regina, Commissioner for the Saskatchewan division, told the meeting that no less than eight requests for Red Cross nursing outposts from pioneer communities in that province had been refused owing to lack of funds. Already the Saskatchewan division was maintaining 11 outposts.

The outposts at Hudson, Ont., where two nurses were established, some weeks ago in a couple of cabs, had been able to give excellent assistance to prospectors going into the Red Lake mining district, according to Mrs. H. P. Plumtree, president of the Ontario Division. A large number of accident cases had been received and treated. As soon as navigation opened the outpost would be moved to Red Lake.

The council decided to accept the invitation of President Calvin Coolidge of the United States, and send delegates to the forthcoming pan-American Red Cross conference to be held in Washington, D. C., during May.

### OFFICERS ELECTED.

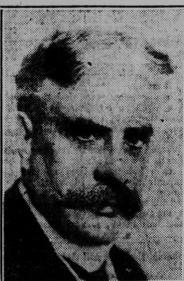

Officers for the ensuing year are as follows: President, Sir Robert Laird Borden, Ottawa; Dr. James W. Robertson, Ottawa, chairman of Central Council; honorary secretary, A. H. Campbell; honorary treasurer, F. G. Gordon Oiler, Toronto; honorary solicitor, Norman Somerville, K. C., Toronto; honorary advisor in public health, Colonel George G. Nasmyth, Toronto.

The following will represent the Maritime divisions on the Central Council: New Brunswick, C. B. Allan, Mrs. Royden Thomson and Mrs. L. P. D. Tilley; Nova Scotia, J. L. Hetherington, Mrs. P. H. Fielding and H. E. Mahon; Prince Edward Island, Dr. S. R. Jenkins, Hon. Mr. Justice F. L. Harsard and Dr. H. D. Johnson.

### MANSSION SOLD FOR \$4.

EDINBURGH, April 15.—Langton House, Berwickshire, a palatial building erected sixty years ago by the then Marquis of Breadalbane, is being demolished by housebreakers. The whole fabric, after being stripped of its roof and valuable fittings, has been sold by public auction for about \$4.

## Again President

SIR R. L. BORDEN who was re-elected head of the Canadian Red Cross at the annual meeting last night in Toronto.

## COUNTESS TO OPEN SCHOOL OF BEAUTY

Hairdressers and Specialists Will Be Turned Out For Fee of About \$250

LONDON, April 15.—For \$250 the society woman who is tired of doing nothing in particular can now become a trained hairdresser and beauty specialist. She can back out a career for herself with an orange stick and a pair of scissors.

Courtes Anneley has declared opening a training centre for this purpose in Albermarle street. This six-floored building will not only accommodate pupils who will be women and girls of education, but will provide the hairdressing and beauty treatment demanded by thousands of women during what is likely to be a record social season.

"Women should work for women," Countess Anneley declared in an interview.

In the middle ages they did so. It is only within the last hundred years that men have crept into women's employment. This is an employment for educated women.

Forty women and four men have already joined as pupils.

"Women will not have difficulty in becoming skilled, for they are adaptable and quick in the uptake."

**Canadian Heifer Goes Mad In Britain**

MANCHESTER, April 15.—A Canadian heifer, which went mad on the canal wharf of the Manchester Ship Canal recently swam the canal, scrambled over a railway wall six feet high, and ran for nearly eight miles before it was caught and shot. Edwin Smith, of Pinkett street, Fendleton, who tried to catch the animal, was kicked and taken to hospital with a badly injured leg.

The heifer, after crossing the canal, scattered pedestrians and raced along the West railway station, where it climbed the wall and ran down the embankment, and it only stopped for a drink at the end of three miles.

It ran into Eccles railway station and along the railway track toward Patricroft, and then altered its course towards Monton. It was not caught until it was exhausted.

**Jews Immune From T. B.**

NEW YORK, April 14.—Health Commissioner Harris declares that Jews are relatively susceptible to diabetes and disorders of the nerves and kidneys, while they are practically immune from tuberculosis.

## MONCTON CITY HOSPITAL HAD GOOD MONTH

Total Receipts Were \$11,131, While Expenditures Aggregated \$4,687

DAILY AVERAGE OF PATIENTS, FIFTY-SIX

Board Decides To Purchase Portable X-Ray Apparatus; Affiliation Changed

MONCTON, N. B., April 15.—The Moncton City Hospital Board, at their regular monthly meeting last night, decided to purchase a portable X-ray apparatus, as recommended by the superintendent, Miss A. J. MacMaster.

Requests have been made by the attending staff for such an apparatus, Miss MacMaster said, which would enable them to obtain satisfactory X-ray diagnosis at the bedside, when it was considered unwise to move the patient to the X-ray department.

**CHANGE AFFILIATION**

The board also decided, on the recommendation of the superintendent, to transfer the hospital's affiliation in obstetrics and infant feeding from St. Luke's Hospital, New Bedford, Mass., to the Montreal Maternity Hospital, which affiliation has been at various times considered but only now made possible because of their removal to a new building.

The president, A. C. Chapman, reported that on their authority he and the treasurer, B. A. Bourgeois had decided to purchase St. Stephen 5 1/2 per cent. bonds to the amount of \$5,000 the subsequent repayment to amount to \$3,176.40 on the maturing date.

The board decided to change the date of the May meeting from the 12th to the 14th on account of the former date being National Hospital day, when the institution is open to the public. The graduation exercises of the Moncton Hospital nurses' training school will also be held that evening, which is the anniversary of the birth of Florence Nightingale.

The superintendent's report said that 122 patients had been admitted during the month, 106 had been discharged and five deaths had occurred. The daily average of patients was 56. The total income from private room fees was \$5,286.26; public ward fees, \$108.72; operating room fees, \$638.00; X-ray fees, \$736.50; and laboratory fees, \$102.00.

Thanks was expressed by the superintendent to the Moncton School Board for the courtesy of allowing a dietetics class to be conducted in the domestic science department of the Manual Training School. The total receipts for March amounted to \$11,131.70, while the total expenditures during the month for supplies, equipment and wages were \$4,687.56.

The reports of superintendent, treasurer and auditor were adopted.

## ASSURES CANADA OF U. S. COAL SUPPLY

Operators' Official Tells Dominion Retail Association There'll Be no Embargo

TORONTO, April 15.—"The possibility of an embargo on the export of coal from the United States, dismisses it from your mind."

This was the statement made by Richard F. Grant, president of the U. S. Chamber of Commerce last year, vice-president of the M. A. Hanna Coal Company, and an executive of the Susquehanna colliers, in an address to the annual convention of the Canadian Retail Coal Association.

"When we start to cut off our right hand, then is the time to talk," Mr. Grant said. "You will have all the anthracite you want for five years. It will flow freely."

## Arrest Checks Flow Of Spurious Money

BUFFALO, N. Y., April 15.—The third member of an alleged gang of counterfeiters was arrested here today, and police and federal authorities expressed the belief that they had stopped the source of the flood of spurious Canadian and United States money that has been placed in circulation in Buffalo and neighboring Canadian and United States cities. The man arrested today is Anthony Mancuso, alleged leader of the conspirators.

**Maritime Fish Corp'n Not Entering Merger**

HALIFAX, April 15.—H. F. Robinson, manager at Canso, of the Maritime Fish Corporation, has advised that in connection with the reported merger reported by his company and two other companies, the Atlantic Fisheries and the National Fish Com-

## Eleven Insulating Walls In the Barnet

THE Barnet is scientifically designed and constructed to preserve a low temperature. It is built with no less than eleven insulating walls. There can be no leakage or radiation of heat or cold, either inwards or outwards, with a Barnet. It is both heat-proof and cold-proof.

Consequently your ice melts slowly. It's an economical refrigerator. It takes more ice to fill the ice chamber to begin with, but your ice lasts longer.

Thousands of people have proved the economy of the Barnet. It has all its other advantages to boot—the air inside "syphons" or circulates and the Barnet ventilating system dissipates all food odors.

Ask your dealer to show you the different sizes and finishes. If you'd like the Barnet Book, send us your name and address. Also special Barnet models in four sizes for electrical refrigeration.

Common Council Votes For Small Committee To See Government

FRINK FOR FORCING ELECTORS TO VOTE

Taxi By-Law Passed At Meeting In City Hall

At a Common Council meeting yesterday Commissioner Bullock brought up the matter of harbor improvements and moved that a small committee be appointed by the acting Mayor to go to Ottawa to press on the Government the needs of the port and seek to find out if there would be anything in the supplementary estimates for work in Saint John harbor.

WOULD COMPEL VOTING Acting Mayor Frink advocated the securing of legislation by the city to impose a penalty on those who were eligible to vote and refused to exercise their franchise.

The Council took up the taxi by-law and passed it after amending the draft by changing the time of issuing the license from May 1 to January 1 and imposing an extra fee of \$2.50 on each license issued after February 1 in any year.

The common clerk reported that at the civic election held on Monday last Walter W. White had been elected mayor and Rupert W. Wigmore and Thomas H. Bullock elected commissioners.

DISASTROUS HE SAYS. Acting Mayor Frink said he was convinced after this election that it was time the City Council took some action to compel those who had the legal right to cast a vote to do so.

Commissioner Bullock said the number of those who refused to take interest enough to vote was growing each election and he looked at though the citizens were losing interest in civic matters. Saint John was not alone in this, however.

Commissioner Wigmore said other cities were having the same experience and the vote in the recent Montreal election was the smallest for some years. At the last election there was no particular issue and the people did not turn out.

THINKS THERE WAS ISSUE. Commissioner Frink said he could hardly agree that there was no issue when he recalled the numbers of people calling at City Hall to secure relief from taxes and if it were not so late in the session of the Legislature he would have a bill along the lines he had indicated brought in.

The secretary of No. 2 S. C. & F. P. wrote that Ralph S. Miller had been elected a member and a warrant was ordered issued.

S. Norman Sancton wrote asking if any report had been received by the Council from the municipal finance committee in regard to his complaint about X-ray fees at the General Public Hospital.

Commissioner Wigmore said that the matter would be taken up at the next meeting of the finance committee, which had not met since Mr. Sancton's complaint had been received. The let-

ter was referred to the warden and finance committee.

TAXI BY-LAW. On motion of Commissioner Harding section two of the new taxi by-law was taken up and on motion of Commissioner Wigmore amended to read that licenses should expire on Dec. 31 in each year, that the fee should be \$10 for five-passenger cars, \$15 for six and seven-passenger cars and \$25 for all over seven passenger cars, that an extra fee of \$2.50 be charged for each license issued after Feb. 1 in any year, the special fee not to apply this year.

With this amendment the by-law was read a first and second time, read a third time and passed and ordained and the common seal ordered affixed.

MORE MAIL SERVICE ON SALISBURY ROUTE. SALISBURY, April 14.—During six months beginning about the middle of May, the mail service on the Salisbury-Hanwood route will be daily instead of tri-weekly. This route takes in North River, Montepel, Fredericton Road and Hanwood.

QUEBEC MEMBER PAID \$5,669 AS HYDRO SOLICITOR

Continued from Page 8

New Brunswick \$9,394.15. To support this enabling Act required 13 engineers, the members of the Commission and solicitors. A member of the Quebec Provincial House, who acted as solicitor for the Commission, alone received the sum of \$5,669.91.

These certain engineers were employed by the late government in connection with this Grand Falls scheme. The leading engineer was H. G. Acres, of Niagara Falls. Up to August 31st, 1925, he received \$2,853.70. His first Lieutenant, George H. Lowry, on the same date received \$12,756.56.

Referring to Musquash, towards the close of 1925 a statement was made in the Press, over the signature of the Ex-Premier, which said it was inaccurate to state there was a deficit of \$71,822.15 for the year 1925. As an answer to this he would suggest that the Hon. Ex-Premier turn to page 28 of the 5th annual report of his Commission, and he would find \$71,822.15 stated as the deficit after providing for all charges.

In the same statement a criticism was made that after the present Commission assumed the duties of office an audit up to the 31st of August, 1925, was made showing a deficit of \$35,726.34. Under the former Commission.

DEFICIT CORRECT. He also claimed that a second audit was unnecessary and that the statement should have been deferred until the end of the fiscal year. He (Reilly) would say to the Ex-Premier that the deficit as then announced was correct, and further, that the new Commission would not take over the business unless they were first placed in a position where they could have a clear statement before them setting forth the problems with which they had to deal.

A further criticism was to the effect that an item of \$16,000 a difference in adjustment of accounts between the Commission and the city of Saint John should be charged to capital account. This difference occurred over the regulation and delivery of power. There was also the sum of \$5,808 paid in the same year for outside power which was required during a disturbed period.

These amounts should be charged to capital account, although they were entirely depending upon the working and management of the service and should be operating charges.

SUBJECT TO MISHAP. All hydro electric plans were subject to accidents and misadventures liable to occur to any plant. The expenses of such accidents in providing for a continuous service must become an operating charge and not chargeable against capital.

The criticism was further made that the \$47,199 annual sinking fund should not be chargeable before the four or five years of the development of this enterprise and the argument was used that the province of Ontario levied no such charge. He wished to call the Hon. gentleman's attention to the fact that Ontario did levy such charge, but instead of calling it a sinking fund they set it aside as a general reserve, which from time to time was to be used to replace obsolescent works and equipment, the rate for which ran from 1.8 per cent to 3.5. It was a well recognized procedure among industrial corporations that all allowances for depreciation, depletion and obsolescence, commenced from the date which operations started, and there was no reason why a provincial commission should not be just as conservative.

MUSQUASH POWER. In concluding his remarks he said it was his duty to discuss briefly the present supply of dependable power at Musquash.

The old Commission in the Saint John and Moncton contracts sold fifteen million k. w. h. and seven million k. w. h. was sold to rural customers. Last year Musquash only produced 15,500,000 k. w. h. while there had been sold 25,000,000 k. w. h. under a contract which compelled delivery of all the power after notice. Musquash was therefore a long way over-sold and the only provision for an extra supply was the contract with the New Brunswick Power Company for the purchase of 2,000 h. p. at 2 cents per kilowatt hour. At the same time the Commission was under contract to sell this power for 1.2 cents per k. w. h.

This situation meant that auxiliary development must be immediately contemplated. It would be no breach of confidence for him to say that the Commission intended to secure at the earliest possible moment ample power to enable the fitting of all contracts from its own plants. Data were being gathered not only in connection with the extension of present development, but plans were being made along economic lines to so extend the system as to adequately provide for not only the present contracts and a fuller service of the present population, and industries, but for the future industrial development of the province.

SHEIDIAC POWER CO. WILL SELL LINES. SHEIDIAC, April 14.—At a special meeting of stockholders of the Shediac Electric Power Co. held at the office of Hon. Dr. E. A. Smith this afternoon, it was voted to accept the offer of the Shediac Electric Power Co. for the purchase of the Shediac power lines for \$20,000 from the Town of Shediac for its transmission lines, franchise, etc. The company will retain the waterpower on the Seaboard River and Machinery. The stockholders recognized that while \$20,000 represented about 80 per cent of their investment, it would be advisable to go out of business in favor of the more powerful system of the new Brunswick Electric Power Commission which will deal directly with the town in extending the Musquash-Moncton hydro lines here. As the result of today's vote it is expected work on the extension will be started some time next month and hydro will be in Shediac and vicinity before the summer ends. Moncton stockholders were represented at the meeting.

The steamer Carinthia, on its Mediterranean cruise, was scheduled to arrive at Cadiz yesterday.

Boy, Caught In Bog, Displays Great Nerve and Fortitude

LONDON, April 15.—A boy's remarkable thoughtfulness and fortitude while gradually being sucked down by a mud bog into which he had stepped when playing with two companions at the foot of cliffs on the seashore near Hull, in Yorkshire, Withersea, has just been told.

The boy, Leonard Walker, when he saw that his companions could not pull him out, refused to let them go home, as his mother was an invalid. The boy was gradually sucked down until the mud reached his middle. His companions appealed to some workmen to aid him. They allege that help was refused.

Still the boy refused to let them go home in case his danger caused a shock to his mother. His playmates state that they again when Walker's position was obviously almost desperate, appealed to the workmen, who said they "could not be bothered."

Watch in hand the sinking boy waited until it was the hour for his father to reach home. He then released his companions. When his father and neighbors arrived he was engulfed beyond his waist. With planks and ropes the boy, after being in the bog two and a half hours, was released.

probably that it will take place on Friday.

MILES A. WILSON, 65, DIES AT MONCTON

Was Former I.C.R. Conductor and Worked on Route to Saint John

MONCTON, April 14.—Miles A. Wilson, aged 65, for many years an employe of the Intercolonial Railway, here, died at 2 o'clock this afternoon at his home, 763 Archibald street, after an illness of several weeks.

Mr. Wilson, who was born in Covedale, Albert county, Nov. 20, 1861, a son of Mr. and Mrs. Aaron Wilson, entered the service of the Intercolonial Railway in 1882 and did not retire until 1922 when he went on the provident fund. He acted as trainman and conductor and for a time as station master and yardmaster in Moncton. He was particularly well known to the Moncton public as he ran on the Saint John and Point du Chene trains for years. He was also an active member of the employes' insurance committee.

Mr. Wilson is survived by his wife and one son, John, of Fort Arthur, and two sisters, Mrs. George Nixon, Archibald street, and Mrs. Edward McKee, also of this city. Two brothers, George, who resides in Dufferin street, and Samuel, whose home is in New York state, are also living.

Arrangements for the funeral have not been completed, although it is

The new Orthophonic Victrola is John McCormack's "other self." Startling—but true.

This remarkable new musical instrument is the "other self" not alone of one great artist—but of all.

The Orthophonic Victrola gives you in music, exactly what great artists like John McCormack give you. And it gives you everything in orchestral music, not part; everything from the sonorous boom of the bass drum to the piping treble of the piccolo.

The thousands who have heard it—artists and music lovers—go into raptures about its performance. Schumann-Heink said of it: "Marvelous!" "Real band music," exclaimed Sousa, the March King; "Magnificent!" commented Journeé—and could hardly restrain himself from rushing to the recording laboratory to make a record for this new marvel.

That is real enthusiasm! Now do you wonder why everyone wants to own this new instrument? Have you heard it? "His Master's Voice" Dealers are demonstrating every day.

# Baxter Declares Province Is On Eve of Greatest Expansion Industrially In Its History

Announces Success of Conferences With International Paper Co., Ltd., and Frasers Companies, Limited, at Fredericton

## PULP AND PAPER MILLS TO BE BUILT

Forward Step at Cataract With Bathurst Co., Ltd. Projects Will Involve Outlay of Perhaps \$25,000,000 in Near Future

BY JOHN J. DUNLOP  
Special Correspondent to The Times-Star

FREDERICTON, N. B., April 14.—"New Brunswick is on the eve of the greatest industrial expansion in its history," Premier Baxter stated here in a special interview tonight following completion of conferences that have been going on for two days between representatives of the provincial government, the International Pulp and Paper Co., Ltd., and Frasers Companies, Ltd., relative to the development of Grand Falls.

"The outline of the development is practically the same as given by me in the Throne speech debate, and although at times it seemed as though arrangements would not be carried through, I am happy to say we have been successful, and the benefits to the province will be immense," the premier added.

The Premier declared that under the new agreement reached here today, the International Paper Company, Ltd. would reserve for Frasers's Companies, Ltd., a block of 13,000 primary power and 7,000 secondary power for supply to a 200-ton per day pulp and paper mill that will be erected by Frasers's Companies, Ltd., at or near Campbellton. Frasers, he said, would construct their own transmission line from Grand Falls to Campbellton and for this purpose a bill would be placed before this session of the legislature to grant authority for such construction.

The International Paper Co., Ltd., he announced, would proceed to the development of the Grand Falls and in addition would construct a pulp and paper mill at a location to be selected. A branch of the International Paper Co., Ltd., will be incorporated under the laws of this province to carry out this work. Not only will all existing contracts between the province and the International Paper Co., Ltd., be abrogated but the International Paper Co., Ltd., the Premier said, would return to the province all the money spent by the province in connection with surveys made at Grand Falls. Side by side with this great forward

## In Parliament Today

OTTAWA, April 15.—The budget will be brought down in the House today by Hon. James A. Robb, Minister of Finance. The Senate adjourned until May 4. In the House a resolution of J. S. Woodsworth favoring national banking system was debated and the discussion adjourned by C. A. Cahan, Conservative, St. Lawrence-St. George.

## ACROSS CANADA AND BACK

"Marvelous beyond conception" aptly describes the glories of Canada's Rocky Mountains, as Premier Baxter declared in his speech here tonight. To be fully appreciated they must be seen. To start out on a trip by one's self into this unfamiliar but famed paradise-on-earth, to many appears quite a task. Realizing this, Dean Sinclair, Laird of Macdonald College, an experienced Rocky Mountains Traveler, for the third year in succession, has undertaken to conduct a party through this glorious wonderland.

A special train of dining, standard sleeping, and observation compartment cars has been chartered, to leave Toronto on July 19 via the Canadian Pacific Railway. Stops will be made at Port Arthur and Fort William, which together form Canada's greatest grain port; Winnipeg Beach, the popular summer resort for Winnipeggers; Winnipeg, Canada's third largest city; Indian Head, the chief tree distributing centre of the Federal Forestry Branch; Regina, the capital of Saskatchewan; Calgary, Alberta's largest city; Banff, the world-famous mountain resort, by automobile for 104 miles over the Banff-Wanderermere Highway, the most spectacular drive in Canada; through Kootenay Lake to Nelson, the commercial centre of Southern British Columbia; then through the Douk-hoover country to Penitence; along lovely Okanagan Lake, and to Vancouver where by steamer the Victoria.

Returning to the province by the main line of the Canadian Pacific, through the great canyons of the Fraser and Thompson Rivers, and through the Selkirk, and Rockies, affording scenery such as can be found nowhere else on earth; Lake Louise, the Pearl of the Rockies, the most perfect gem of scenery in the world; and other day at Banff, Edmonton, the capital of Alberta; Saskatchewan, Saskatoon, the city of optimism; Devils Gap Camp, on the Lake of the Woods, near Kenora, thence to Fort William, where one of the fine Canadian Pacific steamers will be used across Lakes Superior and Huron to Port McNicoll, then rail to Toronto, where the trip will terminate.

## EFFECT ON PROVINCE

In his former statement, Premier Baxter expressed the opinion that the combined developments would run anywhere from \$25,000,000 to \$40,000,000. The tremendous effect such expenditure and construction will have on the industrial life of the province can hardly be estimated. Details of the Grand Falls development have been given previously and the net result of the combined here has been the final agreement on technical points and the way now is paved for the legislature to place its stamp of approval on these plans. That this will be done is undoubted, although it is known the opposition will strenuously oppose it.

## THOSE AT CONFERENCES

Representing the government at the conferences were Premier Baxter, Hon. E. A. Healy, chairman of the New Brunswick Electric Power Commission, and Hon. L. F. D. Tillyer, K. C. The International Paper Co., Ltd., was represented by A. R. Graustein, president, Mr. Rollins, N. C. Head, C. H. Colson, Fraser Co.'s Ltd. by Arch. Fraser, C. W. Allen, G. Stairs and W. C. Pittfield. The International and Fraser Co.'s representatives, with the exception of Mr. Fraser, left here this evening.

Tomorrow afternoon in the House, the Premier will probably touch on the proposed development. He said tonight his speech would be a brief one and following it, the division will be

## ONE CITY DUMP IS CLOSED BY HEALTH BOARD

Condition of Some Others Matter of Discussion At Meeting

THE CONDITION of city dumps was the subject of some discussion at the meeting of the sub-district Board of Health held yesterday afternoon, and one dump was ordered closed as the board had not issued a permit to establish it.

John Kelly, chairman, presided and the meeting was well attended. It was decided to call a special meeting on April 28 to make final arrangements for taking over the city dump in the district from the Victorian Order Nurses.

T. M. Burns, secretary, reported that there had been 72 deaths during the month and 58 cases of notifiable diseases were reported to the office as compared with 77 cases in the corresponding month of the previous year.

## MARCH'S GOOD RECORD

It was remarked that although there had been a large increase in notifiable diseases there were no cases of diphtheria recorded in March, 1926, while in March, 1925, there were four cases of diphtheria.

	1926	1925
Diphtheria	0	4
Scarlet fever	17	7
Measles	22	2
Chicken-pox	6	7
Tuberculosis	13	7
Infants	1	1
Whooping cough	3	3
Mumps	5	3
Total	58	27

Regulations for the licensing and supervision of those who nurse and maintain infants for hire as well as the supervision of such premises were provided by this meeting and will be forwarded to Fredericton to be printed in the Royal Gazette.

Department reports were all very satisfactory. Dr. T. Fred Johnston reported the milk pasteurization plants were fulfilling all the requirements of the regulations. During the month there had been 17 cans of sour milk reported by this meeting and will be forwarded to Fredericton to be printed in the Royal Gazette.

## COUNTRY BEEF SCARCE

There only 105 animals slaughtered at the two local slaughterhouses, a count which had been very scarce. Two pigs that were slightly injured at the West Side docks were reported. The anti-tuberculosis report of Miss Hegan showed 340 cases had been on the roll during the month and 28 were being treated. Two went to the County Hospital and 12 left the city. One died.

The child welfare report of Miss H. B. Mackay, superintendent of the V. O. N., showed 338 babies had been under supervision, including 25 new infants and the nurses had made 504 child welfare visits. At the 12 well baby clinics the attendance totalled 119.

## FOOD INSPECTOR

Mrs. M. Furlong Coleman, food inspector, reported having made 506 visits and issued 15 milk permits. She had found unclean bread being sold unwrapped, but when the regulation was explained the dealers had had the bread wrapped.

Miss M. Wallace reported 184 had attended 19 dental clinics at which 182 treatments were given. There were 10 cases referred to private dentists. Miss Welch also made 18 follow-up visits. At the five pre-school age clinics the attendance had shown a considerable increase and totalled 22. She had made 88 visits in connection with the work of this clinic.

Miss Wallace also assisted Dr. William Warwick, medical officer, in administering diphtheria, toxoid and scarlet fever toxins to 206 children.

## German Prisoner Gets Ostrich Tastes

COLOGNE, April 15.—A prisoner named Moritz, in the jail at Pirmasens, has developed an appetite like an ostrich. Three times he has swallowed the spoon served out with his rations, and has had to undergo an operation for its recovery. Now he has bitten the handle off his water jug and swallowed it.

This ruse has failed, for the prison authorities have informed him that the time he spends in hospital will be added to his hard labor sentence.

## Nfld. Orphanage Is Destroyed By Fire

ST. JOHN'S, Nfld., April 15.—The main building of Mount Cassel Orphanage, conducted by Christian Brothers here under the leadership of Rev. Brother Ennis, who made the institution his life work, was destroyed by fire yesterday and considerable damage caused to the O'Regan wing, recently added. The damage was estimated at around \$100,000, with \$60,000 insurance.

## BOGUS SURGEON IS GIVEN YEAR IN JAIL

Under Forged Certificate Performed Many Difficult Operations Successfully

BERLIN, April 15.—A man with a passion for surgery and for stealing has just been sentenced here to a year's imprisonment for theft.

His name is Maximilian Bartl. He resided in Vienna as a surgeon, presenting a forged certificate to Professor Hogentzier, who employed him at his nursing home. There he operated with such success that he became chief surgeon under two of the most distinguished professors of Vienna. He performed 150 serious operations and was considered a brilliant surgeon.

The fact that he was not qualified would probably not have been discovered had it not been for his habit of stealing. Exposed in Vienna, he came to Berlin and continued his thefts.

## LIMIT SUGAR CROP

Cuban Government Acts to Prevent Over-Production For Two Years

HAVANA, Cuba, April 15.—The Cuban Cabinet yesterday decided to prevent over-production of sugar for the next two years and to curtail the present crop by at least ten per cent. Congress is to be asked to pass legislation providing for enforcement of these two decisions and the President will probably issue decrees to prevent further clearing of land for the planting of additional sugar cane for the next two years.

## Newcastle Heroine Receives R. H. S. Medal

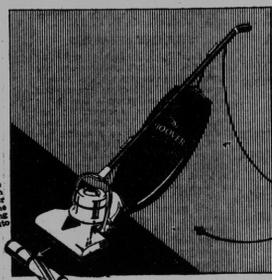

HAMILTON, Ont., April 15.—Headquarters of the Royal Humane Society here announced awards today, including a parchment for saving a boy from drowning to Mary Craig, aged 12, Newcastle, N. B.

## INJURY DELAYS FLIGHT

FAIRBANKS, Alaska, April 15.—Captain George Hubert Wilkins leader of an aerial expedition in search of land in the Arctic Ocean, announced today that he will not take the air again until his right hand, hurt Saturday, has healed. The hand remained swollen.

## "POSITIVE AGITATION"

Here it is: the greatest advance yet made in home cleaning science; a perfect principle

"POSITIVE AGITATION" is accomplished in the new Hoover vacuum cleaner by means of a special agitator which is attached to the motor and causes the dust to be thrown into a cyclone where it is separated from the air and falls into a dust bag. The Hoover vacuum cleaner is the only one of its kind that has this feature. It is the only one that has this feature. It is the only one that has this feature.

It pays to know the difference between The HOOVER and a vacuum cleaner

Sponsored by the world's oldest and largest maker of electric cleaners

AS is the modern motor bus to the stage-coach—as is the electric bulb to the kerosene lamp—as is the radio to the first primitive telephone—so is the new Hoover, here announced for the first time, to any earlier method of home cleaning and rug care!

In many ways this is the most important announcement ever printed over the Hoover name. It has to do with a major triumph in the science of cleaning floor coverings—the perfection of a tested principle in that science. This principle is called "Positive Agitation." Its application requires revolutionary changes in the design of the electric cleaner as previously known. These changes now make the familiar Hoover message "It beats, as it sweeps, as it cleans"

of greater significance than ever before. Nearly 2,000,000 modern homes have found The Hoover of standard design the most efficient cleaning instrument yet devised. But good as it is, the new-design Hoover far surpasses it, in these and other important particulars:

- 1 For the first time, it makes possible "Positive Agitation" of floor coverings.
- 2 By actual test, in the ordinary cleaning time, it beats out and sweeps up from carpets an average of 131% more dirt.
- 3 It is an even greater rug-saver; the oftener a carpet is cleaned with a Hoover the longer that carpet will wear.
- 4 It is virtually service-proof, every part, including the new motor, requiring no oiling.

5 It increases the efficiency of its remarkable dusting tool because of its 50% stronger suction.

6 Its exclusive dust- and germ-proof bag is now washable.

7 Its form and finish are of startling beauty; and every new feature insures greater operating ease.

The new Hoover is now being exhibited by Authorized Hoover Dealers. Go see it. Nothing like it has ever been available before. It is still only \$6.25 down, with the balance in easy monthly payments.

At one stride it steps out of and beyond the field of electric or vacuum cleaners as generally understood. Not to see it is to miss the greatest contribution made to efficient home-keeping in recent years.

## The HOOVER

It BEATS... as it Sweeps as it Cleans

## Better flour makes better bread

Good bread is the triumph of the home baker. Each golden-crust loaf—light and fine in texture—proves her mastery of the baking art.

With Quaker Flour you need never have a failure. It absorbs more water and yields a smoother, more elastic sponge. It makes those bigger, better-formed loaves which are the pride of every home baker.

Use Quaker Flour for flaky pastry—delicious cakes—tempting muffins. It is guaranteed by us on a money-back offer to give absolute satisfaction in all your baking.

Distributors: Clark's Park and Beans etc.

THE furniture is being moved in at last and the home is now ready for the young couple who will breathe into it something of their own character.

They must take their world as they find it; not so their home. That is a world for their modelling that can be made to assume much of their own gladness of spirit.

What a big part paint and varnish play throughout the years in maintaining that home; more so to-day than ever before, now it has been discovered what beautiful indoor decorating may be carried out with their use. More light, color, health,

protection and happiness are, literally, spread with the paint brush in modern homes.

Here again the Paint and Varnish industry contributes towards the greater development of other industries, as has been pointed out in connection with Canada's mines and chemicals, her agriculture, timber, labour and architecture. This time it contributes its share to that great industry of each one of us—healthful, happy living.

CONTINENT-WIDE PUBLICITY PLAN TO REACH PEOPLE

Would Impress All With Financial Value of Forests to Our Country

MAKE INSTINCTIVE PRESERVATION IDEA

Public Men, Clergy, School Teachers to Participate in Scheme

NEXT week throughout the length and breadth of this continent every man, woman and child capable of understanding the importance of the subject will be continuously reminded through various avenues of publicity how much the forest wealth of the nation means to the citizenry.

Happily enough "Save-the-Forest-Week" is being observed in the United States and Canada at the same time this year.

At a meeting held in the Parliament buildings at Fredericton, April 8, the committee members present were: Hon. C. D. Richards, Minister of Lands and Mines; Hon. J. L. O'Brien, Speaker of the House of Assembly; Mrs. H. F. McLeod, provincial secretary; D. E. G. H. Prince, Deputy Minister of Lands and Mines; L. S. Webb, chief forester; W. G. O'Brien, managing director of the New Brunswick Railway Company; Stanley Douglas, lumberman; and W. H. Golding, manager Imperial Theatre, Saint John.

According to the plans now on hand, "Save-the-Forest-Week" will have a speaking program outlined as follows: Monday, April 19—Rotary Club, Campbellton; G. P. Burchill, speaker.

Drive Out the Poisons and you Conquer Fatigue

Miss Katie Wilcox, R.R. No. 3, Winton, Ont. writes: "My stomach troubled me and I had frequent headaches. I felt tired all the time and could hardly do my work. I was in this condition for a year. Then I was told about Dr. Chase's Kidney-Liver Pills, took several boxes of them and they did me a wonderful lot of good."

Rid the poisons from the system by using Dr. Chase's Kidney-Liver Pills and you conquer these discomforts. Digestive troubles disappear when these vital organs are aroused to action. Headaches and biliousness are overcome. You feel well and happy.

Dr. Chase's Kidney-Liver Pills 85 cts. a box, all dealers or The Dr. A. W. Chase Medicine Co., Limited, Toronto 2, Canada.

Get Back that lost weight!

When you start to waste away to a shadow, when the color leaves your cheeks, and your poor, tired legs will hardly hold up your weakened body, it's high time you started taking a fine tonic and buldier like Tanlac.

Tanlac will build you up and make you feel that life's worth living. Made from roots, herbs and bark gathered from the four corners of the earth and compounded under the exclusive Tanlac formula, Tanlac is just what the poor, starved body needs.

When you know it has worked wonders for so many folks it's folly not to take advantage of Tanlac's help yourself. Don't put it off another day. Get a bottle at your druggist's now and start the good work right away. Take Tanlac Vegetable Pills for constipation.

Tuesday, April 20—Gyro Club, Saint John; W. Harry Allan, speaker. Thursday, April 22—Rotary Convention, Saint John; A. S. MacFarlane, speaker.

STUDENT SPEAKERS

In Saint John, Fredericton and other High School centres arrangements are being made to have a corps of student speakers who will cover the moving picture house assignments during the week, such as was so successfully carried out in 1925.

WHAT WOMEN MAY DO

With respect to women's clubs devoted to all spheres of endeavor throughout New Brunswick the committee desired to express through the newspapers its appreciation of the missionary work done by them in the past in pointing out the danger lurking in campfires in wooded sections.

RADIO BROADCASTS

Arrangements are now being made to have co-operating friends broadcast again this year from the powerful WBZ station of Springfield, so that for a surety the message will get an aerial circulation in this section of the Dominion.

FOR SCHOOL CHILDREN

Forest protection measures will be explained to public school children throughout the province next week, largely from a programme supplied by the federal department.

N. B. COMMITTEE

At a meeting held in the Parliament buildings at Fredericton, April 8, the committee members present were: Hon. C. D. Richards, Minister of Lands and Mines; Hon. J. L. O'Brien, Speaker of the House of Assembly; Mrs. H. F. McLeod, provincial secretary; D. E. G. H. Prince, Deputy Minister of Lands and Mines; L. S. Webb, chief forester; W. G. O'Brien, managing director of the New Brunswick Railway Company; Stanley Douglas, lumberman; and W. H. Golding, manager Imperial Theatre, Saint John.

PROMINENT SPEAKERS

According to the plans now on hand, "Save-the-Forest-Week" will have a speaking program outlined as follows: Monday, April 19—Rotary Club, Campbellton; G. P. Burchill, speaker.

SPLIT RAIL BLAMED IN FATAL WRECK OF LIMITED

Investigations are being made of the wreck of the second section of the Pennsylvania railroad's New York-Atlantic City flyer at Delair, N. J., in which several were killed and more than 40 injured. A split rail on a curve is believed to have been responsible. Two views of the wreckage.

\$100,000 AT STAKE IN MARRIAGE CASE

Englishwoman, Who Married Austrian in Paris, Claims Seized Property

EDINBURGH, April 15—An Englishwoman's marriage in France to an Austrian, and a German decree of nullity of the ceremony, are points in a tangle which is occupying the attention of the courts here.

2,000 Demonstrate in Paris for Raises

PARIS, April 15—More than 2,000 government functionaries, the majority of them postmen, carried out a pre-arranged demonstration yesterday afternoon and evening in connection with their demand for increased wages on a plating scale.

One Killed, 6 Hurt When Tank Collapses

PEABODY, Mass., April 15—One man was killed and a dozen were injured, when a 13,000-gallon water tank collapsed outside the N. H. Poor Leather Tannery, here, yesterday. The tank dropped 60 feet and burst, sending 12,000 gallons of water against the side of the factory, with enough force to rip away a 30-foot section of the wall.

Prince of Wales On Biarritz Holiday

LONDON, April 15—Traveling as the "Earl of Chester," the Prince of Wales, who recently underwent an ear operation, left today for Biarritz, for a short vacation. A large crowd cheered the Prince as his train left.

Advertisement for Sal Lithofos for Rheumatism. Text: "BODILY pains and aches are not the only symptoms of rheumatism. Neuralgia, Sciatica, Lumbago, Gout, Arthritis are all offshoots of that painful illness. An excess of Uric Acid is the chief cause of rheumatic affections. As a remedy, doctors prescribe Lithia, and in Sal Lithofos there is more Lithia and Sodium Phosphate in one single dose than in a quart of mineral water. Sal Lithofos has been successfully used for Rheumatism and kindred ailments for more than 20 years. At your druggist—three sizes."

FORMS COMPANY TO TAKE OVER ESTATE

Duke of Rutland Follows Lead of Marlborough, Grafton and Huelcluch

LONDON, April 15—The Duke of Rutland, like many of his fellow peers, has formed a public company to take over the ownership and management of his great estates, including the famous Welbeck Abbey, one of the finest country seats in England. The company is capitalized at £750,000. The Duke of Rutland himself is the governing director.

H. SPENDER IS DEAD

Prominent English Newspaper Man and Author Fails to Survive Operation

LONDON, April 15—E. Harold Spender, English Journalist and well known as an author and lecturer, died today at a nursing home, after an operation. Mr. Spender, who was born in 1864, was a son of the late Dr. and Mrs. J. C. Spender. He was on the staff of the Pall Mall Gazette, the Westminster Gazette and the Manchester Guardian at various times.

Ontario To Obtain Gatteau Power

TORONTO, April 15—Premier Howard Ferguson announced last night that upon the recommendation of the Hydro Electric Power Commission, the Government has authorized the delivery by the Gatteau Power Company at the inter-provincial boundary in the vicinity of Ottawa of from 230,000 to 260,000 horsepower of hydro-electric energy at a price of \$15 per horsepower.

LUNENBURG, N. S., April 15—Plans are under way here for the organization of the Lunenburg Sea Products and Cold Storage Company, which will erect a modern cold storage plant in the town. Lunenburg is the headquarters of the largest deep-sea fishing fleet in North America and a cold storage plant has been a much desired adjunct to the industry. The Norse started on this journey shortly after midnight last night.

AMUNDSEN AIRSHIP ARRIVES IN NORWAY

King Haakon Observes Her From Palace and Oslo is Excited

OSLO, Norway, April 15—The dirigible Norge of the Amundsen-Ellsworth Polar Expedition, made fast to her mooring mast here at 3:15 o'clock yesterday afternoon after an uneventful flight from Fulham, England. The Norge started on this journey shortly after midnight last night.

2,000 Demonstrate in Paris for Raises

PARIS, April 15—More than 2,000 government functionaries, the majority of them postmen, carried out a pre-arranged demonstration yesterday afternoon and evening in connection with their demand for increased wages on a plating scale.

Prince of Wales On Biarritz Holiday

LONDON, April 15—Traveling as the "Earl of Chester," the Prince of Wales, who recently underwent an ear operation, left today for Biarritz, for a short vacation. A large crowd cheered the Prince as his train left.

Ottawa Shivers In Little April Blizzard

OTTAWA, Ont., April 15—With a sudden drop of temperature, Ottawa was again plunged in mid-winter weather last night. Swirling snow and a chilling northeast wind drove the thermometer down to 15 degrees above zero.

TORONTO IS CHOSEN

International Council of Religious Education to Meet There in 1930

BIRMINGHAM, Ala., April 15—Toronto has been elected as the conventional city for 1930 by the International Council of Religious Education. Extended to the convention last night through Wm. A. Hamilton and Dr. George T. Webb, the Canadian city's invitation won over one from Cleveland by a vote of 31 to 27. The Religious Education Council of Canada was yesterday admitted to the International body on the same footing as the United States Council enjoys.

Threats To Kidnap Noble British Boy

RAYNHAM PARK, Norfolk, England, April 15—The closest guard being kept over ten-year-old Marquis Townshend, owner of one of the largest estates in England, as a result of a report by the Marchioness to Scotland Yard that she had received several letters threatening that the boy would be kidnaped unless £10,000 were paid to a charitable institution. Detectives are actively investigating in an effort to run down the source of the letters.

Use the Want Ad. Way

FOR PROSTATITIS AND ANY URINARY ILLS TAKE OUR HERBAL REMEDIES

Book on Skin Diseases. Treatise on the 60 commonest diseases mentioned in medical works, and advised by mail. 30 years experience here and in Old Country. English Herbal Dispensary, Ltd., 1559 Davie St., Vancouver, B. C. (B. C.'s Oldest Herbal Institution) Our Specialty: Treatment by mail.

Gray - yet young!

"If I only had my hair stay as young as I do," the premature gray woman often says with sorrowful eyes. This is because of her former loveliness or her bleaching hair. This harmless, vegetable solution that tingles, fades and restores hair to its natural color. Only new hair growth is possible. The effect is permanent. Colors, shading from lightest blonde to black. \$1.50 and \$1.99. Write for color samples. A trial bottle will be sent free. The Kenton Pharmaceutical Co., 1816 Stearns Bldg., Windsor, Ont.

HOW TO GET RID OF MUSCLE-LAMENESS

Beach Patrolman Advises - this Treatment After exposure to dampness and cold, and after hard exercise, muscles will stiffen up and get lame. A Beach Patrolman at Atlantic City writes that he has found this treatment the quickest and most effective way to take out the stiffness and pain. "Just put on a little of Sloan's Liniment. Don't rub. It's the liniment that does the work. You'll get relief right away. I've tried all sorts of other things, but nothing gets me so quick as Sloan's Liniment. Hundreds of letters like this tell of the wonderful relief from muscular pain that Sloan's gives. Sloan's gets results because it doesn't deaden pain, it gets at the cause. Right to the place that hurts it brings a healing stream of fresh, clean blood, and it supplies it with carries off the "fatigue-poisons," takes out stiffness and drives away the aches and pains. Get a bottle today and have it on hand. All druggists—35 cents.

FREE TO ASTHMA SUFFERERS

Free Trial of a Method That Anyone Can Use Without Discomfort or Loss of Time. We have a method for the control of Asthma, and we want you to learn it at our expense. No matter whether your case is of long standing or recent onset, or whether it is present as an occasional or chronic Asthma, you should get a free trial of our method. No matter in what climate you live, no matter what your age or occupation, if you are troubled with asthma, our method should relieve you promptly.

Alkali in Shampoos Bad For The Hair

If you want to keep your hair looking its best, be careful what you wash it with. Do not use prepared shampoos or anything else that contains too much free alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is Malified coconut oil shampoo, which is pure and grassless, and is better than any other you can use. Two or three teaspoonfuls of Malified is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy, wavy and easy to manage. You can get Malified coconut oil shampoo at any drug store. It is inexpensive, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Malified. Beware of imitations. Look for the name Watkins on the package.

THE REAL REASON FOR A BAD BREATH!

Mostly what we see in the world around us, but for a few of the free-breathing people who have the good habit of brushing their teeth with Stron taken in a glass of water removes the cause. Try it and you'll wear it.

She Could Never Have Done It With Piles!

Bless the American girl who has glorified all the sports! She makes a pretty picture in the water, and is a plucky swimmer, too. Piles are unthinkable for active women! If you have them, you ought to know this simple thing to do! At any hour or moment that you have the least disquiet or discomfort from piles, use a simple Pyramid pile suppository—and go happily to bed. The next morning, when you are feeling fine and healthy, you will be glad to hear the name in mind: Pyramid is the one every druggist has, usually the only one he will sell his patrons. Pyramid is marvelous. Why suffer another single hair-splitting pain?

Start even the best, the world around. But for a few of the free-breathing people who have the good habit of brushing their teeth with Stron taken in a glass of water removes the cause. Try it and you'll wear it.

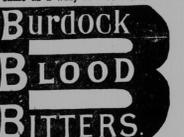

1,000-MILE "MUSH"

Inspector Mead of Royal Mounted Returns With Insane Indian

WINNIPEG, Man., April 15—After a hazardous trip of 1,000 miles, which took him into the barren wastes of Northern Manitoba and Ontario, Inspector F. J. Mead, of the Royal Canadian Mounted Police, reached Winnipeg yesterday.

A Pimpley Face Is Unsightly

Miss C. C. M. Smart, South Battleford, Sask., writes: "A while ago I was troubled with facial blemishes, especially pimples, and was really ashamed to go out with such a bad looking face. I tried 3 or 4 different remedies, but they didn't help me any, so one day a friend, who had been troubled the same as I was, advised me to use Burdock Blood Bitters."

After I had taken two bottles there wasn't a pimple of any kind left on my face, and I now have a clear, smooth and healthy complexion. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

WOMAN COULD HARDLY WALK

Mrs. Horn Tells how Lydia E. Pinkham's Vegetable Compound Restored Her Health

Hamilton, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound and I was able to walk again. I had a very bad time, but I was able to walk again. I had a very bad time, but I was able to walk again. I had a very bad time, but I was able to walk again."

your Vegetable Compound. I did, and by the time I took two bottles I was beginning to get around and work for me. I have plenty to do. I also used Lydia E. Pinkham's Sanative Wash, and I think it good. But I owe my health to the Vegetable Compound, and I think if more of it was used, more would be better off. I would not be without it if it cost me more."

HAD TO TIE CHILD'S HANDS

Eczema on Head Itched Badly. Cuticura Healed.

"Eczema broke out in pimples on my little girl's head. It itched badly and she scratched causing sore eruptions. Her hair fell out and she was very irritable. We had to tie her hands to keep her from scratching, and she could not sleep. We had her treated but the trouble kept getting worse. "We began using Cuticura Soap and Ointment and in a short time could see an improvement. We continued the treatment and in less than six weeks she was healed."

(Signed) Mrs. A. G. Awock, 706 Notre Dame Ave., Winnipeg, Man. Cuticura Talcum is cooling, soothing and comforting to tender, itching, burning feet.

Sample Each Free by Mail. Address Canadian Dept., Cuticura, Ltd., Montreal, P. Q., Dept. 100, 100 St. James St. W., Toronto, Ont. (Cuticura Shaving Stick 25c.)

FREE TO ASTHMA SUFFERERS

Free Trial of a Method That Anyone Can Use Without Discomfort or Loss of Time. We have a method for the control of Asthma, and we want you to learn it at our expense. No matter whether your case is of long standing or recent onset, or whether it is present as an occasional or chronic Asthma, you should get a free trial of our method. No matter in what climate you live, no matter what your age or occupation, if you are troubled with asthma, our method should relieve you promptly.

Quick Relief For Rheumatics

Local Druggists Sell Rheuma on Money-Back Plan. If you suffer from torturing rheumatic pains, swollen, twisted joints, and suffer intensely because your system is full of that dangerous poison that makes thousands helpless and kills thousands years before their time, then you need Rheuma, and need it now. Start taking it today. Rheuma acts at once on kidneys, liver, stomach and blood, and you can sincerely exclaim: "Good riddance to bad rubbish!" Many people, the most skeptical of skeptics right in this city and in the country hereabouts, bless the day when Watsons two stores and other druggists offered Rheuma to the afflicted at a small price and guaranteed money refunded if not satisfied. If you have rheumatism get a bottle of Rheuma today.

### SAYS MONEY IS SAVED BUYING FOR NEW SCHOOL

Fletcher Peacock Tells of Securing Vocational School Equipment

GIVES DETAILS IN THE DEPARTMENTS

Preparing For Opening of Work in New Building in August

**THE EQUIPMENT** for the four departments of the Saint John vocational school that has already been ordered is of the best and most up-to-date type and in one department the cost has been \$2,000 less than the original estimate, while in another department the cost has come \$1,000 below the estimate.

The excellent prices secured were obtained through the keen competition in tendering it was said yesterday by Fletcher Peacock, director of the new school, who is at present busy preparing the school's prospectus and attending to a great variety of other matters in connection with the drafting of equipment requirements for other departments and handling the many applications for positions on the teaching staff that are coming in in large numbers.

**THE EQUIPMENT.** The equipment of the four departments, machine shop, woodworking,

motor mechanics and electrical has cost to date \$17,190.08, with two more machines for the electrical department still to be procured. Wherever possible when contracts were awarded local firms received preference.

The machine shop equipment cost \$10,474, or about \$2,000 less than was anticipated and the various items in that equipment are being obtained from the Canadian Fairbanks Morse Co., Ltd., P. McAvilly and Sons, Ltd., Williams and Wilson Co., Ltd., Montreal; Rudel-Beisap Machinery Co., Montreal, and the James Robertson Co., Ltd., Saint John.

The woodworking department equipment has cost \$5,692, or about \$1,000 under the estimate and its various items are being supplied by the Preston Woodworking Co., through W. A. Adams, local agent; the Saint John Desk Company and the Canadian Fairbanks Morse Co., Ltd.

**MOTOR MECHANICS.**

The motor mechanics department equipment has cost \$1,348.70 and its different pieces are being supplied by the Energy Electric Co., Ltd., Emerson and Fisher and the Canadian Fairbanks Morse Co., Ltd.

There are still two more machines to be procured for the electrical department but apart from these the equipment so far ordered has cost \$775.38 and is being supplied by A. R. Williams Maritime Machinery Co., Ltd., Northern Electric Co., Ltd., Energy Supply Company and the Canadian Fairbanks Morse Co., Ltd.

The departments for which equipment is still to be procured include the following: Printing, plumbing and sheet-metal, commercial and home economics. There is also the furniture for the class rooms and assembly hall and equipment for the gymnasium to be procured. The home economics department equipment will not be considered by the vocational committee and the list of requirements is about complete. This equipment will include many cabinets and work tables and it is hoped that these will be made locally.

**DELIVERED IN JUNE.** All of the equipment is to be delivered at the school in June and staff appointments are to date from July 1 in order that the staff may supervise the installation of the equipment and have everything in readiness for the opening of the day school in August. Once the day school is organized the preparations for the opening of the night school will be in the hands of the night school committee.

The prospectus for the school is being drafted as speedily as possible and it is hoped to have it printed by May ready for general distribution to those who are interested.

### TO BUILD BRIDGE OVER CROOKED CR.

Albert Co. Contractor Makes Preparations; Structure to Cost \$17,000

**HOPEWELL HILL, April 14—A. E. Snye, veteran bridge contractor, who has the contract for building the Crooked Creek bridge at Albert, is getting ready to start the work as soon as spring opens, and is now on the search for needed timber. The bridge, which will cross the creek, a tidal stream, near its junction with the Shepody River, will be more elevated than the old structure, and will have a 160-foot span and be covered. It will rest on pile foundation and the contractor is now looking for 75 spalls, the sticks to be 90 feet long and nine inches in diameter at the top end. It is understood the contract figures for the building of the new structure is between \$15,000 and \$17,000. The bridge is on the road leading from Albert to Alma, through the West River district, a much traveled thoroughfare.**

### BISHOP INGRAM TO BE IN B. C.

**VICTORIA, B. C., April 14—Rev. A. F. W. Ingram, Bishop of London, will be in Victoria in September to lay the corner stone of the new Anglican Cathedral to be built here. Cathedral authorities announced last night.**

### HORNED LARK FLOCK INVADE ST. GEORGE

Speech Delivered and Noon Lunch Eaten by Many Visitors

**GRAND FALLS, April 14—This week the town was invaded by great flocks of horned larks. The birds which are rarely seen in this vicinity, appeared quite tame and were seen about town all day, particularly on Broadway. They are slightly smaller than the robin, dark brown head and back and light grey underneath. On either side of the head a hornlike feather protrudes. As they are a northern bird and winter in the Eastern states, it is evident they were on their northward flight and either alighted here to rest or were obliged to stop owing to the continued winter-like weather.**

### BOY FOUND.

**Police Constable Corvic found a three-year-old boy wandering about near the corner of Prince Edward and Union streets yesterday, and took him to police headquarters. He proved to be Harold Lawrence, of 22 St. David street, and he was called for later by his mother and taken home.**

### FARMERS' COURSE HELD IN YARMOUTH

Enjoyable Affair Held in Agricultural Hall; High School Girls Assist

**YARMOUTH, April 14—The short course for farmers held annually under the auspices of the Yarmouth County Farmers Association took place yesterday at the exhibition building. It was very largely attended by farmers from all parts of the county and the proceedings were presided over by George McGray, of Cheonggin, president of the local association. The social part of the affair was delightful and at the noon lunch held in the restaurant of the building the visiting speakers from Truro and elsewhere were the guests of the Yarmouth county farmers. After the repeat speeches were delivered all quite in keeping with the spirit of the hour. The speakers at the regular session were Mr. Creighton, of Truro, inspector of creameries for the province, who gave an interesting and instructive talk on butter and cheese production. He also stressed the great opportunities in Nova Scotia for dairying.**

### WITH THE POLICE.

**A dog owned by John Benson, 48 Prince Edward street, was struck by a street car yesterday afternoon at 2 o'clock and was so badly injured that Police Constable Corvic was called to shoot it. Plain Clothesman McBride was called on Tuesday night by Harry Crossman, 48 Brook street, to shoot a cat. At 4 o'clock yesterday afternoon Police Constable Bette was called to shoot a dog, which had two front legs broken when run over by an automobile.**

### TRIBUTE TO DEAD.

**BOSTON, Mass., April 14—The United States coastguard cutter Moped, on its way to the international ice patrol, yesterday stopped at the scene of the Titanic disaster and paid its annual tribute to the dead of the Titanic, which sank 14 years ago after striking an iceberg.**

### NEW WESTMINSTER TO PLAY WINNIPEG

CADETS GIVE BALL, HAMPTON VILLAGE

**YANCOUVER, B. C., April 14—New Westminster Adanacs, British Columbia basketball champions, have accepted the conditions outlined by President Boyd, of the Dominion Basketball Association, and will leave for Winnipeg on April 20 to meet the Winnipeg Trollers in a two-game series.**

### FOR STOMACH

**Acid PHILLIPS' Milk of Magnesia**

Instead of soda hereafter take a little "Phillips' Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

**BETTER THAN SODA** For fifty years genuine "Phillips' Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

**INSIST UPON "PHILLIPS"** Each bottle contains full directions. Any drugstore.

### Purity and Flavour

so zealously protected

**"SALADA" TEA**

has been nationally accepted for these qualities.

Brown Label 75c - Orange Pekoe Blend 85c

**WOMEN'S LEAGUE.** At the meeting of the Women's League of St. David's church held yesterday afternoon very satisfactory reports were received from the recent tea showing that a gratifying sum had been realized by that event. Plans were made for holding a rummage sale. Mrs. W. A. Simonds, president, was in the chair, and the meeting was well attended.

**8 out of 10 Ride C.C.M.'s**

**EIGHT** out of ten bicycle users in Canada have a C.C.M.: That is pretty nearly unanimous, isn't it? There is but one reason—value has been built into them. All through 27 years of manufacturing, C.C.M. bicycles have given unquestioned value. A C.C.M. is beautifully balanced—a thing of speed, lightness and beauty, responding immediately to the minimum of physical effort.

**An Easy Riding Bicycle**

There is no more easy riding bicycle than the C.C.M. To begin with it is light, though the English seamless tubing gives it more than the needed strength.

As soon as your feet touch the pedals of a C.C.M. Bicycle you know you are on a good wheel. The action of the wonderful Triplex Hanger is so smooth, so firm, so quick and responsive, so full of what motorists call "pep" and "pick-up". The Triplex Crank Hanger is made in a special three-piece design, different to the hanger of any other bicycle. It gives the C.C.M. speed and power. The Hercules brake—the little fellow with the giant grip—gives you perfect control in "pinches".

**You Don't Have to Wait Under C.C.M. Payment Plan**

An examination of the C.C.M. models at the dealer's will reveal why eight out of ten bicycle users ride C.C.M.'s. The dealer will gladly demonstrate the smooth working of all parts. You do not need to wait to become a C.C.M. bicycle user. Be one of the majority bicycle users. Ride a C.C.M.

Visit the C.C.M. dealer. Look over the new models. Investigate the easy payment plan. C.C.M.'s are 90% made in Canada, 100% value.

**ENDURANCE**

**THE** quaking shocks from Battering Rams and the smashing blows of huge stones flung from catapults were used in ancient warfare to break down the walls of cities under siege. Sometimes these walls withstood the battering of the enemy for years. The Greeks gave up the Siege of Troy after ten years and only got inside by strategy. The Walls of Jerusalem stood the Roman Siege for 143 days and the city only capitulated when actual starvation had made them too weak to resist. Like ancient fortifications, the powerful sidewalls and tread construction of a "Gutta Percha" Tire ENDURE the bombarding enemies of the road.

**WHY** did they make city walls so Enduringly strong? To protect their lives, their property, their liberty and their happiness. There is war to-day between the motor tire and the destroying enemies of the road. Why do we build the "Gutta Percha" Tires so ENDURINGLY strong? To give our customers protection against accident, to give them economy in service, to make them free from anxiety and worry when motoring. It is the wonderful ENDURANCE built into "Gutta Percha" Tires that makes their resistance to the warfare of the road the longest and most difficult siege in modern times.

**"GUTTA PERCHA" BALLOON CORD TIRES**

Championships Look Like 16 Matches on Each of Two Days; 13 on Next

Y. M. C. I. bowling executive members are busy working out a schedule for the silver pin championships to be contested here on the Y. M. C. I. alleys next Tuesday, Wednesday and Thursday.

The pin is emblematic of the New Brunswick and Maine championship at sandspits and is now held by the Y. M. C. I. who will defend it on their own alleys.

The competition will be strenuous with the likelihood of 16 matches on each of first two days and 13 on the concluding day of the tournament.

A smoker will follow the conclusion of play and at this the visitors will be guests of the Y. M. C. I.

Men's and Women's Amateur Athletic Associations to Meet in Moncton

The semi-annual meeting of the Maritime Provinces branch of the A. A. U. of C. will be held at Moncton on April 23.

Miss Felling said that it was possible that the local athletic clubs and several of the club's outstanding stars had been sold or traded to major league clubs over the winter.

Other positions seemed plugged, but he needed at pitcher. When the Detroit Tigers turned Owen Carroll, Holy Cross boy, over to him recently the big man felt satisfied.

ONE YEAR IN MINORS

Carroll starts his first full season in professional baseball listed as a coming pitcher star.

The announced debut of the New England favorite drew a holiday-sized crowd to Fenway Park.

Carroll stands out as one of the greatest college pitchers ever produced.

ATHLETICS GET ONLY SIX HITS OFF COVELESKIE

American League Champions Now Have Edge On Rivals

NEW YORK, April 15.—American League baseball battles provided the interesting features of the major circuit season yesterday, although Wayland Dean, youthful right-hander sent to Philadelphia by the Giants, allowed the Boston Braves only four hits.

At Washington the veteran Stanley Coveleskie held in check the powerful Philadelphia Athletics, as Walter Johnson had done on Tuesday.

Far different from Boston is the situation in the capital, where for 24 innings the Mackmen have managed to score only a single run and 12 safeties.

JOHNSON WON TUESDAY

Johnson shut them out Tuesday, 1 to 0, in 15 innings, and yesterday Coveleskie, whose strained back made him a failure in the last world's series, permitted only six hits in nine.

Three Brave pitchers were pounded while Dean was giving his excellent Philadelphia Athletics, as Walter Johnson had done on Tuesday.

The youngster gathered three safeties himself in a hitting spree that saw Warts, Ryan and Graham, all in trouble. The score was 10 to 1.

CARL MAYS BEATEN

The Chicago Cubs made nine hits count for as many runs, while the Cincinnati Reds could count only twice on 13 safe blows.

Carl Mays, veteran submarine ball artist, was knocked out at the box.

At St. Louis the world champion Pirates turned on the Cardinals and gained a 10 to 3 verdict, with Kremer pitching excellently.

With a right-hander opposing them, the Giants used their slicks to good effect against Brooklyn and won, 9 to 5.

King, with the Phillies last year pitched steadily, after a shaky start, for McGraw's team.

The Red Sox and Yankees continued their tremendous slugfest at Boston, but at the end the tables of the previous day had been reversed, the Hub team winning 8 to 7.

In the two games the Red Sox have made 19 runs on 29 hits, while the Yankees garnered 10 runs on 26 hits.

DEFENDS TITLE

MEMPHIS, Tenn., April 15.—Joe Stetcher, claimant of the world's heavyweight championship, easily defeated Nick Veleff, Bulgarian heavyweight here last night winning two straight falls.

CONSIDERS BROWNS BETTER THIS YEAR

St. Louis Manager Has Well Balanced Team—Contains Some Coming Stars

BY HENRY FARRELL, United Press Sports Editor NEW YORK, April 14.—(United Press)—George Sisler is one of the hardest young men in baseball to lure into conversation, and when it comes to making predictions he is as noisy as a mite.

"How about your club this season?" the youthful manager of the St. Louis Browns was asked some time back in the training camp.

"We're all right," Sisler replied. "Some of the critics say you're a sure one-two shot."

"That's very nice of them," he replied at length.

"Are you stronger than last year?" "I think so," he replied.

After the most laborious cross-examination it was finally drawn out of him that the Browns are improved this year by the findings of Oscar Melillo, a sensational rookie infielder, by the addition of the veterans Tommy Zachary and Wally Schang and by the improvement observed in Durr's young outfielder.

DEPENDS ON HURLERS. Like every other manager of a prominent contender, Sisler feels that the success of the team in the American League pennant race depends largely on the breaks and the pitching staff.

The Browns didn't have any the best of luck last season and they were crippled through most of the season by serious injuries.

Most everyone who has seen the Browns this spring was impressed by the class and the spirit of the club.

"Sisler," a prominent umpire said, "is a manager now instead of a player. By that I mean he is handling the club with the viewpoint of a manager and he is getting results."

Sisler has no club rules. He lets the players play what they want and do largely as they wish during off hours as long as they remain in condition to play baseball.

FULL OF CONFIDENCE. The team was full of hustle in the training camp and there was a very noticeable atmosphere of confidence in the players.

Sisler's biggest problem will be the selection of the proper infield. There is no weakness, but on the other hand, too much strength. Melillo fielded so brilliantly and hit so hard in the training games that he couldn't be kept out of the game. There was no room for him at second with Marty McManus playing there, and Gene Robertson is too good a third baseman to be kept out of the game.

Robertson, however, is not of the hustling type and it may be that Sisler will have to move McManus over to third base and use Melillo at second. The chances are that Robertson, with competition threatening his job, may put a little more spirit in his game.

With Walter Gerber around, the shortstop position is in good hands and Sisler is the best first baseman in baseball, so there are no infield worries.

STRONG OUTFIELD. The outfield also has plenty of offensive and defensive strength in Harry Rice, the biggest find of years, Kenneth Williams, "Baby Doll" Jacobson, Durr and Bennett. Williams was in poor health last year and had a poor season, but he ought to be back on his game this year.

Wally Schang and Dixon, a sharp shooting thrower, will alternate behind

MANY ENTRIES FOR BOXING TOURNAMENT

Some Good Bouts Expected at N. B. Amateur Championship on Friday

There are 33 entries for the New Brunswick amateur boxing championships, to be staged Friday evening in St. Peter's auditorium under the auspices of St. Peter's Holy Name Society, according to announcement made last evening.

The various entries represent nearly every sporting outfit in the city.

There are in addition, two men coming from Moncton. The classes range from 85 pounds to 147 pounds and the fans are assured of a splendid evening of good clean boxing.

OFFICIAL LIST The official list is as follows: 85 Pounds Thomas Creary, St. P. Holy Name Society.

100 Pounds Ronald Conley, Holy Trinity H. N. Society. John Lifford, St. P. Holy Name Society. Joe Bryson, Y. M. C. I.

125 Pounds Harold McDonald, Y. M. C. I. Cecil Gallagher, Y. M. C. I. Gerald Harley, John Graham, St. P. Holy Name Society. Edmund Young, Y. M. C. I.

147 Pounds Harold Murphy, Y. M. C. I. William Dalting, East End Boys Club. Arthur Walker, East End Boys Club. Joe Coyte, Y. M. C. I.

The officials in charge of the meet announced this morning that all boxers competing must weigh in at the Y. M. C. I. at 2 o'clock on Friday afternoon.

Duncan stated that several clubs in England and Scotland sought the match, but that the club named had made a satisfactory offer. The match will probably be played the third week in June.

The United States team would be composed of Macdonald Smith, Al Waters, Gene Sarazen, Leo Diegel, Bill Mehlhorn, Tommy Armour, Bobby Cruickshank, Al Hopkins, Joe Kirkwood, Johnny Farrell, Jim Barnes and possibly two others in addition to Hagen.

Duncan also said in his cable that an offer to set aside the receipts of the British championships at Lytham for use in sending a British pro team to the United States next summer, would probably be made.

Canada Has Entry In Penn. Relay Meet PHILADELPHIA, Pa., April 13.—The 32nd Pennsylvania relay carnival which this year has drawn the largest entry in its history, has taken on an international flavor with the announced intention of a Canadian team to compete. The carnival is to be held here next Friday and Saturday.

Hamilton Collegiate Institute, of Ontario, is the Dominion's sole entry, and will be pitted against more than five hundred universities, colleges and high schools, from all sections of the United States.

"Strangler" Lewis To Meet Munn Tonight BOSTON, Mass., April 13.—Ed. "Strangler" Lewis and Wayne (Big) Munn will get together here tonight in the famous diamond belt is at stake.

The former heavyweight wrestling champion, declared today that if Munn wins, the belt will go to the victor. Munn threw Lewis in a match a year ago, but the Strangler claimed a foul and succeeded in obtaining a court action restraining Munn from claiming the title.

March Report of Associated Charities

There has been a decided improvement in the conditions among the city poor during the last month, it was reported at the meeting of the Associated Charities in the Bible Society rooms yesterday afternoon, when Rev. A. I. Tedford presided in the absence of W. Shivers Fisher.

A number of special cases of distress were discussed and will be dealt with according to their needs. Miss Grace O. Robertson gave a statistical report of the month, showing that there had been 161 applications received and 20 had been seeking employment. Employment was found for 12. Records were given for 25. There were 69 that sought relief and relief was procured for 67. Miss Robertson made 108 visits, investigated 14 cases and distributed clothing to 10. There were four applications for transportation.

Closing Season At S. E. Boys' Club The South End Boys' Club members will present a special program in the club rooms tonight to demonstrate the work they have been doing during the season and to mark the season's formal closing.

There have been 140 boys on the roll this winter and the average attendance at the club each night has been about 60. J. Strachan as instructor has had

Scotland To Secure Pro. Golfers' Match

ST. PETERSBURG, Fla., April 13.—Professional golf teams representing Great Britain and the United States, will probably meet in an international professional match on the Glenn Eagles Club in Scotland, according to announcement here by Robert E. Harlow, manager of Walter Hagen, captain of the United States team, following receipt of a cable from George Duncan, British captain.

Duncan stated that several clubs in England and Scotland sought the match, but that the club named had made a satisfactory offer. The match will probably be played the third week in June.

The United States team would be composed of Macdonald Smith, Al Waters, Gene Sarazen, Leo Diegel, Bill Mehlhorn, Tommy Armour, Bobby Cruickshank, Al Hopkins, Joe Kirkwood, Johnny Farrell, Jim Barnes and possibly two others in addition to Hagen.

Duncan also said in his cable that an offer to set aside the receipts of the British championships at Lytham for use in sending a British pro team to the United States next summer, would probably be made.

Canada Has Entry In Penn. Relay Meet PHILADELPHIA, Pa., April 13.—The 32nd Pennsylvania relay carnival which this year has drawn the largest entry in its history, has taken on an international flavor with the announced intention of a Canadian team to compete. The carnival is to be held here next Friday and Saturday.

Carnival Dance Held In West End

The grand fancy dress carnival dance held last evening in Masonic Hall, West Saint John, by the Montclair Social and Athletic Club as a farewell on leaving Saint John for the last trip this season, proved so popular an event that the hall was thronged. Victor Hocking with his Montclair orchestra furnished an excellent program of dances and there were a great many attractive novelties and

souvenirs. Prizes were awarded for the spotlight waltz contest for the couples. The costume prizes were won as follows: Ladies, most humorous, Miss Lanyon; most original, Mrs. Woods; gentlemen's, most humorous, Mr. Young, of the Montclair, and most original, Mr. Irvin, of the Montclair.

The tanker Imperial sailed from Halifax at 1 o'clock yesterday afternoon for Saint John with a cargo of oil for the Imperial Oil Company.

N. B. DOCTORS MEET IN SESSION HERE

The annual meeting of the Council of Physicians and Surgeons of New Brunswick was held last night in the office of Dr. S. H. McDonald, 56 Colborne street. There were present Dr. W. D. Rankin, Woodstock; Dr. G. C. Vanwart, Fredericton; Dr. F. Murray, Albert; Dr. P. C. LaPorte, Edmundston; Dr. W. W. White, Dr. G. A. B. Addy, Dr. S. H. McDonald, Saint John. Routine business was transacted and the following officers were elected: Dr. P. C. LaPorte, president; Dr. G. A. B. Addy, treasurer; Dr. S. H. McDonald, secretary and registrar.

The Rossley Private Dancing School

Announcement to Parents Mrs. Jack Rossley opens a private dancing class for children from four to fourteen years of age. Since the showing of my ballet, "The Crimson Moth," at the Imperial Theatre, many parents have asked to have their children learn dancing.

Not For Show Business but for the happy results of my perfected system of training children for health, gracefulness and beauty.

Please bear in mind that my juvenile classes comprise both boys and girls. Your little son can profit by my instruction as well as your daughter. Health, poise, personality, charm of manner and symmetrical bodies. My teaching of children is entirely separate and distinct from my teaching of adults. I have several children from the very best families in town now enrolled. Ages four, five, six and seven; one hour only, body building and dancing games. Eight, nine, ten and eleven, two hours instruction, technique limbering, ballet dances, toe, classical, etc., musical comedy dances. Positively no one will be permitted to watch any of the children's classes. Children to practice in large room of the Admiral Beatty Hotel. Have only room for a few more children.

Classes open April 26. Saturdays, children's day. For further information write or phone MRS. JACK ROSSLEY, 237 Charlotte Street.

There have been 140 boys on the roll this winter and the average attendance at the club each night has been about 60. J. Strachan as instructor has had

Scotland To Secure Pro. Golfers' Match ST. PETERSBURG, Fla., April 13.—Professional golf teams representing Great Britain and the United States, will probably meet in an international professional match on the Glenn Eagles Club in Scotland, according to announcement here by Robert E. Harlow, manager of Walter Hagen, captain of the United States team, following receipt of a cable from George Duncan, British captain.

Duncan stated that several clubs in England and Scotland sought the match, but that the club named had made a satisfactory offer. The match will probably be played the third week in June.

The United States team would be composed of Macdonald Smith, Al Waters, Gene Sarazen, Leo Diegel, Bill Mehlhorn, Tommy Armour, Bobby Cruickshank, Al Hopkins, Joe Kirkwood, Johnny Farrell, Jim Barnes and possibly two others in addition to Hagen.

Duncan also said in his cable that an offer to set aside the receipts of the British championships at Lytham for use in sending a British pro team to the United States next summer, would probably be made.

Carnival Dance Held In West End

The grand fancy dress carnival dance held last evening in Masonic Hall, West Saint John, by the Montclair Social and Athletic Club as a farewell on leaving Saint John for the last trip this season, proved so popular an event that the hall was thronged. Victor Hocking with his Montclair orchestra furnished an excellent program of dances and there were a great many attractive novelties and

souvenirs. Prizes were awarded for the spotlight waltz contest for the couples. The costume prizes were won as follows: Ladies, most humorous, Miss Lanyon; most original, Mrs. Woods; gentlemen's, most humorous, Mr. Young, of the Montclair, and most original, Mr. Irvin, of the Montclair.

The tanker Imperial sailed from Halifax at 1 o'clock yesterday afternoon for Saint John with a cargo of oil for the Imperial Oil Company.

N. B. DOCTORS MEET IN SESSION HERE

The annual meeting of the Council of Physicians and Surgeons of New Brunswick was held last night in the office of Dr. S. H. McDonald, 56 Colborne street. There were present Dr. W. D. Rankin, Woodstock; Dr. G. C. Vanwart, Fredericton; Dr. F. Murray, Albert; Dr. P. C. LaPorte, Edmundston; Dr. W. W. White, Dr. G. A. B. Addy, Dr. S. H. McDonald, Saint John. Routine business was transacted and the following officers were elected: Dr. P. C. LaPorte, president; Dr. G. A. B. Addy, treasurer; Dr. S. H. McDonald, secretary and registrar.

The Rossley Private Dancing School

Announcement to Parents Mrs. Jack Rossley opens a private dancing class for children from four to fourteen years of age. Since the showing of my ballet, "The Crimson Moth," at the Imperial Theatre, many parents have asked to have their children learn dancing.

Not For Show Business but for the happy results of my perfected system of training children for health, gracefulness and beauty.

Please bear in mind that my juvenile classes comprise both boys and girls. Your little son can profit by my instruction as well as your daughter. Health, poise, personality, charm of manner and symmetrical bodies. My teaching of children is entirely separate and distinct from my teaching of adults. I have several children from the very best families in town now enrolled. Ages four, five, six and seven; one hour only, body building and dancing games. Eight, nine, ten and eleven, two hours instruction, technique limbering, ballet dances, toe, classical, etc., musical comedy dances. Positively no one will be permitted to watch any of the children's classes. Children to practice in large room of the Admiral Beatty Hotel. Have only room for a few more children.

Classes open April 26. Saturdays, children's day. For further information write or phone MRS. JACK ROSSLEY, 237 Charlotte Street.
