CONDITIONS IN ITALY ARE WILD

Practically Anarchy in Central Part of Country

TOURISTS FLEE IN DROVES

Martial Law in Twenty Towns—Women Burn Railroad Stations and Spread Terror—Stormy Scene in Parliament

Rome, June 10.—Rioting and disorder in various places throughout the country in consequence of the killing of two Socialists by the police at Ancona on last Sunday were the subject of a violent discussion in the Chamber of Deputies yesterday. Premier Salandra said the government was determined to suppress the rioting. This aroused the anger of Socialist members, and they made bitter attacks on the premier. He also threatened that if the government took arbitrary measures there would be reprisals from Socialists. This caused an uproar which became so violent that the president was obliged to adjourn the session, as it was feared that the rioters would attack the place. The city is patrolled by troops.

Resorting to fire, striking workmen spread terror in Italy today. They burned the railroad stations at Imole and Fabriano, and disorder was reported from many other places. In order to prevent anarchy in Central Italy, martial law has been proclaimed in twenty towns where radical socialists are inciting disorders to gain adherents for general strike.

Tourists are fleeing from the country in droves, fearing that the railroad service will be completely paralyzed in a short time.

BY-LAW MATTERS

David Balg, reported for doing a junk business in the city without license, was fined \$40 this morning. James Campbell pleaded guilty to leaving his horse stand in Union street facing in the wrong direction. He said he did not know it was against the law, and was fined \$10. The magistrate said that taxicab drivers should know the law, and saw four horses standing in the street a short time ago, all facing the wrong way.

BURIED TODAY

The funeral of Mrs. Daniel J. Doyle was held this afternoon from her late residence in Broad street. St. John the Baptist church, where service was conducted by Rev. W. Donahue. Interment was in the new Catholic cemetery. Many beautiful floral tributes were received.

The body of Thomas Foley was brought to the city today on the Boston train and interment was made in Holy Cross cemetery at Sand Cove. Requiem mass was celebrated in St. Joseph's church, Boston, yesterday.

BROOKVILLE WON

The Brookville Stars came back last night on their diamond and in a five-inning encounter took the Torryburn Mosses into camp by a score of 10 to 9. Paving and Whelan formed the battery for the winners, while O'Donnell had his batting eye with him and was responsible for two three-base swats, while Ryan from Brookville, landed for three stations also.

CONFIRMATION

His Lordship the Bishop of Fredericton and Mrs. Richardson arrived in the city today from Pettaodoc and are the guests of Rev. W. O. Raymond and Mrs. Raymond, Sumner street. The bishop administered confirmation in Pettaodoc last evening and fifteen candidates were presented by the pastor, Rev. R. Coleman.

WITH FARMING SPECIAL

William McIntosh, curator of the Natural History Society, is with the better farming special train which is today at Doaktown. Mr. McIntosh lectures on the various weeds which farmers have to contend with. He will be away until July 4.

DEATH OF BABY

Mr. and Mrs. Malholand, of 23 Beaufort street, are receiving the sympathy of friends in the loss of their son John who died today, aged four months.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

The disturbance which was in Northern Ontario yesterday has passed to Eastern Quebec. Showers have again occurred in the western provinces. The heat wave which has prevailed during the last two days in Ontario is now spreading eastward.

Fine and warm.

Fresh southwest and west winds, fair, Thursday, westerly winds fine and warm.

New England—Fair and warm tonight, Thursday, fair, moderate winds, southerly southwest.

SIGNALS TO AVOID ACCIDENTS IN FOG

System Devised by Marconi Company Experts

New York, June 10.—A wireless electric system for the control of signals at sea, which it is now hoped, will prevent accidents in fogs such as the wreck of the Empress of Ireland, was described in a communication received at the office of the Marconi Wireless Telegraph Co. of America, from the technical committee of the Marconi Company in England, which has just concluded its experiments, and has obtained patents on the invention. The device will also control signals to mines or railway trestles for blasting purposes, alarm signals between vessels and call signals for the wireless telephone.

THE JUNE BRIDES

Mansell-Armstrong

A wedding of much popular interest in local society circles was solemnized this afternoon at 8:45 o'clock in St. John's (Stone) church when Miss Avis Patrick Armstrong, became the bride of Francis M. Mansell of Victoria, B. C. Many friends were present to witness the ceremony, which was performed by Rev. W. B. Armstrong, of St. John's. The bride was assisted by her uncle, Rev. G. A. Kuhring.

The bride was given in marriage by her father, Colonel J. Russell Armstrong, who was in white dress and a large white bow tie. She carried a bouquet of white and mauve sweet peas. L. P. Tilley, K. C., was groomsmen, and Mrs. Mansell will leave for a short trip through the province. They will return here in a few days before going to Victoria, B. C., where they will make their home.

Sears-Markay

In St. John the Baptist church at 8 o'clock this morning, Rev. Walter Donahue officiated in the wedding of Miss Mary Blanche Markay, both of this city. Her father, I. L. Markay, gave the bride away in a white dress and carried a bouquet of pink American roses. Stanley Spears, brother of the groom, was best man.

NEVINS-TAPLEY

A wedding of much interest was solemnized in Trinity church at nine o'clock this morning, when Miss Margery Tapley, daughter of Mr. and Mrs. Byron C. Tapley, of St. John, became the bride of Charles A. Nevins, only son of Mr. and Mrs. Charles T. Nevins, of this city. In the presence of the immediate relatives and many friends of the young people, Rev. R. A. Armstrong, rector of Trinity church, performed the ceremony and James S. Ford, organist of the church, played the wedding march, while the choir sang appropriate hymns.

The bride was attired in a suit of white silk with Medici collar and fichu of point lace and a hat of white lace and moire, and carried a shower bouquet of white roses. Miss Nevins, sister of the groom, was a bridesmaid and was charmingly dressed in a suit of midnight blue with white lace hat and carrying a bouquet of pink roses. The bride's mother wore a suit of dove grey satin and black lace hat, while Mrs. Nevins, mother of the groom, was dressed in a gown of anubeth satin. Clifford McAvity supported the groom, and Guy Merritt, Kenneth Macneil and Guy Burill acted as ushers.

After the ceremony a reception was held at the home of the bride, 284 King street east, and a delightful breakfast was served by the following ladies: Miss Alice Lockhart, Miss Edna Leonard, Mrs. H. A. Doherty, Jr., Miss Gracie Dowling, Miss Dorothy Tapley, Miss Madeline Harbour and Miss Elsie Nevins. The table was artistically arranged with a basket of bride's roses with white princess lace centerpiece with loops of white ribbon falling from the sides and caught at the corners of the table with bunches of marguerites, tied with white ribbon. During the reception a programme of music was rendered by an orchestra under the direction of Morton L. Harrold.

The popularity of the young people was shown by the handsome array of presents of silver, cut glass, etc., and including a check from the groom's father, a five o'clock silver tea service from the bride's parents, and a dinner set of Limoges china, from the directors of the Empire Garage, of which the groom is manager. The groom's gift to the bride was a check, to the bride's maid a pearl ring, to the groom's maid a cut glass inkstand, and to the ushers pearl stick pins. Mr. (Continued on page 4, 6th column.)

Still Uncertain as to Number Dead

Nineteen Certain is Latest Report Today

MAY BE LONGER LIST

Fate of Gaspe Coast Fleet Not Determined—Two Steamers Arrive After Hard Time in Friday Night's Gale

The latest reports of the disaster which followed in the wake of the Empress of Ireland, which was wrecked on Friday last is that the death list will number at least nineteen with the possibility of its exceeding this number when the full story is told.

Four schooners are known to have been lost, the S. J. Renou, the Heppburn, the Neruella and the Flavin. On these craft all the members of the crews were lost and the individual status in other cases swelled the number to a known total of nineteen.

So far the reports from the northern coast of the bay are meagre and it is not certain whether the craft from the Gaspe coast have escaped without loss of life. It is known that five of their crew of about thirty vessels were driven ashore on the Shippagan shores and it is feared that others of the fleet have met disaster also.

Two of the pumps were working saved two of the steamers which weathered the storm. The steamer Canada, from Montreal to Campbellton with mixed freight was out in the worst of the storm and the officers and crew were steadily working at the pumps kept the water level down and she managed to make port, considerably damaged, with her holds flooded and cargo water-soaked, but with no loss of life.

Another larger steamer, the Dalhousie, to load deals for the Dalhousie Lumber Company, had a somewhat similar experience, but her case is very seriously on account of the fact that she was lost.

Along the coast the plant and equipment of the salmon fishery was destroyed and very popular with many small boats were beached and battered.

On shore the effects of the storm are shown in fallen trees and shattered buildings. At Carleton Place, at least seventy big trees were blown down, some in diameter as Robin Whittman and Jones property were blown down and near the convent at St. John's, several five more fell before the gale. Ten barns and six houses in the course of construction were blown down on Sunday and several near Bathurst met the same fate.

REPORTS VARY

Chatham, N. B., June 10.—Conflicting reports are being received here as to the number of lives lost in the disaster. Some say that more than 100 persons had perished. It is believed this is a great exaggeration. The headquarters of the Bay Chaleur fishing fleet are remote points and it has been impossible to get accurate accounts of the loss of life. The vessel, the Scotia, which was on the coast, and because of a single accident by falling in command and three or four sons or other relatives composing the crew.

NOTE CASE BEFORE THE SUPREME COURT

Fredricton, N. B., June 10.—In the Supreme court this morning in the case of Thomas Nagle vs. the St. John and Quebec Railway Company, Mr. Wallace S. C. moved to vary the order granting a stay of proceedings. Mr. Guthrie, counsel for the railway company, opposed the motion, and the case stands until this afternoon.

THE GENERAL ASSEMBLY

Woodstock, Ont., June 10.—The addition of the names of several retired ministers to the presbytery roll opened a discussion at the assembly this morning. Principal Scrimger of Montreal objected to the addition of names of ministers who were not in active service. The matter goes to a special committee.

The assembly has practically sanctioned the amalgamation of the social services, home missions and evangelistic board. The recommendation that the work of these bodies be carried out by a general secretary and conveners will be presented to the assembly today with a plan showing how the work can be best carried out.

The reports of various colleges in Canada were presented and approved.

THE RIFLEMEN

Candidates for places on the Nova Scotia team to compete in Charlottetown tomorrow in the inter-maritime rifle match, are holding their final trials on the Sussex range today. Thirteen men are in competition for eight places on the team. One match was shot yesterday afternoon at 200, 300 and 400 yards. The scores were: Lieut. C. A. Estey, Grand Falls, 91; Serg. J. Downey, St. John, 94; Capt. W. E. Forbes, Richibucto, 98; H. M. Smith, Moncton, 90; Serg. I. P. Archibald, St. John, 89. The following scores were made at 200 and 300 yards by the candidates: Lieut. 600 yards not being received: Maj. J. S. Frost, St. John, 62; Col. Wetmore, 68; D. Chandler, Moncton, 62; Pte. Crandell, Mt. Pleasant, 62; Lieut. S. W. Smith, Florenceville, 62; Pte. L. P. Clark, Mt. Pleasant, 61. The second match was to be shot this morning. From the scores made it is apparent that the Nova Brunswick squad will make a good bid for the honors of the match.

The Prince Edward Island team will be selected from the following: Maj. C. Leigh, Captain D. A. McKinnon, Lieut. G. E. Ritchie, Lieut. J. F. Starna, Lieut. J. Landrigan, Sergeants J. A. Moore, E. McNis and A. McCabe, Gunners F. Kennedy and J. D. McRae.

Among the candidates for the Nova Scotia team was E. F. Gladwin, formerly of this city, but now residing in Halifax. Mr. Gladwin got fifth place in the trials, but on account of business matters was unable to go to the island. He has been in Halifax but a few months, but has been doing well on the range there. His general average for the season so far has been 95.25 out of 105. Mr. Gladwin's scores in the trials were—65, 66 and 66.

Mrs. Pankhurst Succeeds in Dodging The Police Again

Gets Away From Guarded House—Another Picture Slasher Wild in Court—Strong Denunciation of the "Furies" by Women of Sense

London, June 10.—The elusive Mrs. Emmeline Pankhurst, militant suffragette leader, again succeeded during the night in evading the police, who were closely watching a house in Grosvenor Square from which she had recently been conducting a campaign against members of the royal family at Buckingham Palace and other places.

The ingenuity of the women and their ability to circumvent trained brains of Scotland Yard whenever circumstances demand a real contest of wits are giving the police great satisfaction. They had a previous one early in May, did not produce the results expected by the police who today plainly showed their disappointment. The documents seized revealed very few names of public enemies.

Miss Bertha Ryland who yesterday destroyed George Romney's "Portrait of a Boy" in Birmingham art gallery was seriously injured for striking without cessation and quoting scripture.

A resolution strongly condemning Mrs. Pankhurst and demanding urgent action by the government to stop the reign of anarchy was adopted today by a large majority at a conference of the Women's Liberal Federation now in session in London. Lady Carlisle, president, in moving the resolution spoke of the "terrible scourge of violence" which has become a part of the methods which the suffragettes employ and the "disastrous example of unchecked violence" of these criminal wreckers is injuring the moral fibre of a considerable number of men and women in this country. Lady Carlisle denounced as "spurious sentimentality" the advice: "The suffragettes should be treated as criminals" and the theory that women should not be made to suffer the same penalties as men under the law. Her remarks were received with loud cheering.

SEVEN DIE IN A NEW YORK FIRE

Edmonton, Alberta, June 10.—A sensation was caused last evening by the arrest of Wm. Wheeler, a well known citizen and proprietor of the Dominion Club, on a charge of attempting extortion from women of the underworld.

His arrest is the result of a connection with the charges of graft, which have been made against the police department, the investigation of which will be begun on next Friday before Justice Scott. Wheeler was released on \$2,000 bail.

ARREST IN POLICE CASE IN ALBERTA

Edmonton, Alberta, June 10.—A sensation was caused last evening by the arrest of Wm. Wheeler, a well known citizen and proprietor of the Dominion Club, on a charge of attempting extortion from women of the underworld.

His arrest is the result of a connection with the charges of graft, which have been made against the police department, the investigation of which will be begun on next Friday before Justice Scott. Wheeler was released on \$2,000 bail.

DIFFERENCES IN LAWS MAKE FOR DIFFICULTY IN CARRYING ON BUSINESS

International Congress in Paris Take Up Matter of Credit on Merchandise

Paris, June 10.—At the sittings of the International Congress of Chambers of Commerce and Commercial and Industrial Associations today a motion was adopted in favor of an international conference to reach an agreement in regard to unification of legislation relating to merchandise.

It was declared that the question was complicated because of essential differences in the laws of the great trading countries. These, it was pointed out, could only be adjusted by the new legislation in all countries concerned.

WANT RESTRICTIONS OFF THE SALE OF PLUMAGE

Paris, June 10.—Called to defend the industry against what is termed legislative destruction on the part of bird protectors, the International Congress of Plum Dealers met here today.

Edwin Morin, vice-president of the French association of feather merchants and manufacturers, outlined the international situation. He told delegates that what must be obtained was repeal of a decree recently promulgated in Canada and also prevention of proposed legislation in Great Britain.

EIGHT HUNDRED Y. W. C. A. DELEGATES THERE

Stockholm, June 10.—Eight hundred delegates from twenty five countries are gathered here to attend the international congress of the Young Women's Christian Association to open today and end on June 18. Mrs. Waldgrave of England is presiding.

Brandon Nomination—Brandon, June 10.—Hon. G. R. Colwell, minister of education, has been unanimously renominated by Brandon Conservatives.

FLIES SO MANY, IMPOSSIBLE TO SEE ACROSS STREET

Prescott, Ont., June 10.—Although it is a common occurrence at this time of the year for this district to be visited by the shadfly, it appears to be an exceptional pest this year. When the wind is from the east it is almost impossible to see across the streets. For some mornings it has been necessary to sweep from the sidewalks otherwise their crushed bodies would form a slippery surface dangerous to pedestrians. Ten days at most is the life of this pest. The unusual phenomenon is so attracting people from the outside.

LEARNS THAT SON WENT DOWN WITH EMPRESS OF IRELAND

Another P. E. Islander Among Those Lost—Conviction and Appeal in Liquor Case

(Special to Times.)

Charlottetown, P. E. I., June 10.—A letter received by Mrs. DeYoung of Charlottetown, informs her that her son, Joseph Kinslow, aged twenty, was one of the victims of the Empress of Ireland disaster. He was a deckhand on the D. G. S. Minto but two years ago. He was employed on one or other of the C. P. R. vessels as fireman. Kinslow was married to a Liverpool girl and leaves besides his mother, his wife and two children. This makes the third islander so far as known, who was lost with the Empress. The other two were Ensign Herbert Muttart and wife of the Salvation Army, Edmonton, both natives of Bedouque.

Sheriff Magistrate McQuaid of Kings county started hearing prohibition cases again yesterday.

J. A. G. Ellis of Montague, whose case is pending since December, was convicted of three offences against the prohibition act. He has applied for certiorari to set aside Mr. McQuaid's judgment.

CUP DEFENDERS IN RAGE TODAY AS FIRST REAL TEST

Sandy Hook, N. J., June 10.—Over the America's cup course the Resolute, Yankee and Defender, three cup sloops, measured their paces for the first time today.

The big single stickers have never been tried out in a seaway before and the yachtmen regarded today's contest as the first real test. A heavy rainstorm beat down a heavy sea that was running by night and spouted what promised to be a heavy weather test. Instead there was a heavy rain and a swell when the start was made a little after 11 o'clock. The wind was eight miles an hour. An eleven mile beat to windward and return was set as today's course.

The new president will probably be C. J. Henderson, manager of the Canadian Salt Co., Windsor, Ont. The non-paying committee has also recommended that J. H. Sheppard, of the Alaska Feather and Down Co., Montreal, move to the chairmanship of the committee. The convention yesterday adjourned to grant \$2,000 to the Empire fund.

COMMISSIONER PROVIDES FOR HARBOR SWIMMING

Commissioner Russell will be a popular man with the swimmers this year in spite of the fact that St. John is almost entirely surrounded by water these days. He has been no convenient place for salt water bathing for the last two years, since the Blue Book bathing beach was done away with to provide a site for the new grain elevator.

In order to give swimmers a chance Commissioner Russell has secured a scow and had it fitted up with dressing rooms. This will be moored in deep water. While further plans have not been matured the commissioner is also considering the idea of arranging for a scow in shallow water to provide dressing room accommodation for bathers who are not proficient in the art of swimming.

ARTILLERY PARADE

The first parade of its kind to be held in St. John will take place tomorrow evening when the three batteries of the 3rd Regt. Canadian Artillery will have a route march with the officers' wives. Each gun will be hauled by four horses. Number one man of each company will be mounted and the other members will be mounted on the ground. The battery commander of each company will be mounted on a horse. The regimental sergeant-major and the regimental sergeant-major. The parade will be in charge of Colonel B. R. Armstrong, C. O., and the regimental staff band will be in attendance. Numbers one and three batteries will parade to Market Square where they will meet Number two battery, which will cross from the West Side drill shed on the 8:30 ferry with their guns. From there they will march up King street and along the principal streets in the centre of the city.

BUSINESS IS AS GOOD AS WE MAKE IT

The head of a great national industry—a versatile live wire—remarked recently that he could have a panic in his business any time he wanted it.

All he had to do was to let up driving and begin to talk hard times.

But instead of doing this, he increases his advertising, when things look equally and gives his salesman harder.

And good times or bad, there has never been a year that his business has failed to go ahead and yield a handsome profit.

This man incidentally practically does all his advertising in the local newspapers, figuring wisely that by making direct appeals to the distributors of his goods, he is paving the way for his own salesmen to get more orders.

The Bureau of Advertising, American Newspaper Publishers Association, is working to help builders of business build better. Booklet on request to 808 World Building, New York.

NOTHING CAME OF IT

I. C. R. Policeman Sevil Smith was in court this morning as he had been reported to give evidence in the matter of the arrest of James Murphy in the depot on Monday night, but as Mr. Murphy, who said he had been unjustly arrested, did not appear, Smith was told he would not be wanted.

MANUFACTURERS' REPRESENTATION

Not Sufficient in Parliament, Says Report

SOME TRADE MATTERS

Question of Assistance to Lumbering Industry—C. J. Henderson is to be the New President of Canadian Association

Montreal, June 10.—The contention that Canadian manufacturers were not fairly represented in either the provincial or Dominion parliaments was made in a report of the legislation committee to the Canadian Manufacturers' Association today. "It is not to be expected," this committee reported, "that others will safeguard the interests of manufacturers when the latter fail to look after their own interests."

This afternoon there was a meeting of the biscuit and confectionery sections. Referring to the matter of making trade commissioners agents for Canadian business firms, the executive reported. The fact that all industries in Canada lumbering is practically the only one that is entitled to assistance of some kind. Under no circumstances, however, should it be permissible for government commissioners to act as salesmen. Not only would service of this kind be inconsistent with the dignity of office, but inferentially it would make the government responsible for the foreign buyer for quantity and quality of momentous supplies to act as salesmen. The fact that all industries in Canada lumbering is practically the only one that is entitled to assistance of some kind. Under no circumstances, however, should it be permissible for government commissioners to act as salesmen. Not only would service of this kind be inconsistent with the dignity of office, but inferentially it would make the government responsible for the foreign buyer for quantity and quality of momentous supplies to act as salesmen.

MC 2035 POOR DOCUMENT

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, JUNE 10, 1914

Easy & Practical Home Dress Making Lessons

Prepared Especially For This Newspaper

A NEAPOLITAN CAPE.

Gradually the fashions are reverting to styles of grandmother's day. New modes have new names of course, but there is something familiar about this latest of wraps—the Neapolitan cape. It is developed in broadcloth or serge and may be made with or without the Gladstone (or Lily) collar. The front may be of corded silk or any contrasting material. Five and one-quarter yards of 45-inch or 4 1/4 yards of 54-inch material will be needed to make the design.

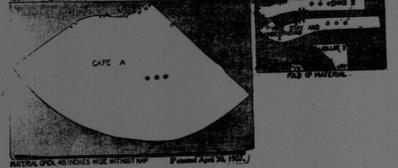

Either the 45 or 54-inch material will have to be laid open to cut the circular part of the cape. From a fold of material the back trimming, collar, band, yoke stay and facing may be cut. The back trimming piece and collar are marked with triple "T" perforations, and, consequently, placed on a leatherette side of the goods. Remaining parts are arranged on a lengthwise thread.

The process of putting the cape together begins with closing the back seam, which is indicated by a single large "O" perforation. The upper edges are gathered between double "T" perforations and the band sewed to the gathered front edges as notched. New adjust back trimming piece position on back, center-backs and notches even, regulating fullness underneath. Close back seam of yoke stay and undergarment, indicated by large "O" perforation; adjust to position underneath cape, center-backs, neck and front edges even, leaving lower part in back dress.

Wire collar along lines of small "O" perforations and sew to neck edge as notched. If the band is made of contrasting material, 1 1/4 yards will be required.

One of the newest of summer wraps is this cape made of chiffon cloth and trimmed with corded silk. Roman striped silks may be used effectively in this connection.

Waltham Watches

For a wedding gift of unique appropriateness, we suggest a pair of Waltham Watches.

Although differing in size, the two watches can correspond in general appearance and the engraved initialing on both can harmonize. The bride and groom will thus share equally in the gift and will have reason for lasting gratitude to the giver of these "companions" in harmony and faithfulness. Waltham Watches are beautiful to see and rich in their capacity to serve for a lifetime.

There are Walthams for as low a price as will buy a good watch, and up to as high a price as any one should pay. Visit your jeweler.

THOUGHTS ON THE GREAT TRAGEDY

(REV. HAROLD T. ROE IN HALIFAX CHRONICLE)

Since last I addressed my readers in the columns of The Morning Chronicle the one outstanding event has been the terrible fate of the Empress of Ireland and her freight of human souls. That tragedy has occupied the premier place in our thoughts and conversation all through the week. The whole world was so stunned and started at the blow that not yet has composure been restored. Notwithstanding the pressure of business or the pursuit of politics this truly appalling disaster ever and anon recurs before our mind. It may seem strange, but still true it is that even yet I can hardly credit the calamity. The only ocean trip I ever travelled was some four years ago when coming to this country to make my home. I crossed the Atlantic on that superb, but ill-starred, liner, the Empress of Ireland. Born and reared in one of the inland counties of England, I had but little, if any, acquaintance with the sea and none whatever of ocean-going steamers. To me the Empress was the largest and finest ship I had ever seen, but I shall never forget my amazement as I stepped aboard her at the docks at Liverpool. To me she was colossal, a thing of wonderment, and altogether unique and grand. When some one on the streets of Mahon Bay told me she was sinking I flatly refused to believe it. In spite of the tragic story of the huge "Titanic" I could not credit the story of disaster to the Empress of Ireland. Other ships I did not know and had not seen, but the Empress—had I not lived upon her, traversed her length of decks and been borne by her across the waters, and of course, it was only too sadly true. Not only had that gently rocking vessel foundered but she had carried with her over a thousand precious lives. How eagerly I scanned the papers, and how had relatives among the passengers or crew, but the very ship herself seemed something personal to me. She was, so to speak, a link between me and the dear old land I have left behind.

These were my first thoughts as I read the news of the calamity.

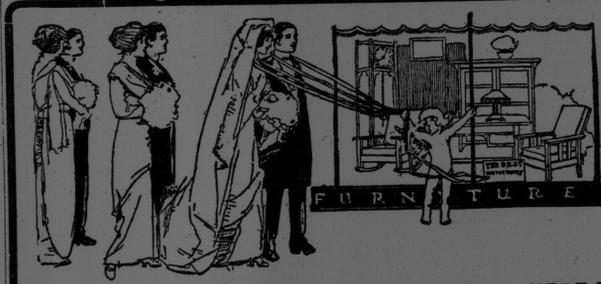

My next thoughts were of Commissioner Ross, and I called to mind a memorable meeting in the City of London when, on the same platform as the late General Booth, I heard him deliver an impassioned and eloquent address on the work and aims of the Salvation Army. The Christian gentleman—a valiant warrior of God—is silenced for ever this side the grave. My mind then turned, as yours have done, to the hundreds of men and women, ay, and children, too, our brothers and sisters who suddenly, without warning, were snatched into the

"Oh, thank you!" exclaimed an elderly woman to a laborer who surrendered his seat in a crowded car. "Thank you very much."
 "That's all right, mum," was the rejoinder.
 As the woman sat down the chivalrous laborer added:
 "Not I des, a man never ort to let a woman stand. Some men never gets up unless she's young and pretty; but, you see, mum, it don't make no difference to me."

FOLLOW THE JUNE BRIDE--SHE BUYS HERE!
 WE would like to use the present opportunity to thank the numerous June Brides and Brides-to-be for the generosity of their orders already given and to extend our heartiest congratulations and good wishes for their happy futures.

Hints for the Cook

Quaker Muffins.
 One cup scalded milk poured on 2-3 cup rolled oats. Let stand five minutes, add three tablespoons sugar, half teaspoon salt, two tablespoons lard or melted butter. Sift in one and a half cups flour, four teaspoons baking powder. Mix thoroughly, add one well-beaten egg. Bake in well-greased hot gem pans about twenty minutes.

Potato Turnovers.
 Boil and mash sufficient potatoes to measure one pint. As soon as mashed add one well-beaten egg, salt and pepper to taste and one tablespoon of flour. Turn on a well floured board, roll out carefully and cut in circles the size of a

RETURNS TO PAY IT BACK

Worcester, Mass., June 9—Impelled by a conscience that would not be still, Morris Rosenfeld came back to the court room from which he fled three years ago. Rosenfeld gave himself up and sought and secured clemency from the court. For three years in California, in order to make restitution from the district attorney's office to locate him, Rosenfeld has worked and saved money in order to make restitution from the larceny case in which he disappeared from the court room just a few minutes ahead of the reporting of a verdict of guilty against him by the jury that tried his case on February 17, 1911.

KILL THE FLIES IN YOUR HOUSE NOW

Toronto's Medical Health Officer says: "If you come across any flies in your house kill them now." Therefore all good housekeepers should commence using WILSON'S FLY PADS early and continue their use through the season. Remember that every ten-cent packet of WILSON'S FLY PADS will kill more flies than three hundred sheets of sticky paper. Follow the directions carefully to get the best results.

THREE ATTEMPTS TO BURN QUEBEC CATHOLIC COLLEGE

Longueuil Superiors in a State of Terror Place Their Case in Hands of the Town Authorities

Montreal, June 9—Mystified by three deliberate attempts of a firebug to burn St. Joseph's Academy and Sacred Heart College, Longueuil, the superiors and students of these institutions have been in a terrorized state for the last week.

No motive for the repeated attempts to destroy the Catholic institutions is known. Determined to get at the bottom of the mystery, Rev. Brother Ter-tullian, of the Sacred Heart College, has asked the authorities of the town an official investigation.

There are nearly 300 resident pupils at Sacred Heart College.

RECENT DEATHS

Mrs. Thomas Anderson died recently at her home in Chapman's, Westmorland county. She leaves two sons and two daughters.

Mrs. William W. Johnson died at her home in Andover on June 1. She is survived by her husband and one daughter, Geneva.

RECENT WEDDINGS

In St. George's church, Montreal, the marriage of Miss Margaret Heaton Ashby, only daughter of Mr. and Mrs. Herbert Ashby, of Montreal, to Philip Stancliffe Gregory, son of A. J. Gregory, K. C., and Mrs. Gregory, of Fredericton, N. B., took place on Saturday afternoon. The ceremony was performed by Rev. Dr. Patterson Smythe.

The bride was attended by a flower girl, Miss Phyllis Heaton, cousin of the bride, and her small brother, Master Reginald Ashby. Ernest B. Alward was best man and the ushers were John C. Heaton and Gerald P. Ashby.

Likely to Pay Dollar for Dollar

London, June 9—The double failure of Chaplin, Milne, Grenfell and Company and the Canadian Agency, although much discussed yesterday, has not raised any serious fears of further trouble on the stock exchange, although there were hints of some difficulty attaching to one of the group which took over the Grenfell's commitments. The failure of Chaplin, Milne, Grenfell and Company does not affect the exchange directly, as it was an outside firm.

The Financial Times suggests that the importance of the case was greatly over-rated, and states that its affairs had been the talk of the money market for some months. All the papers, in their drawal of acceptances bearing the company's name, for several weeks past. The general belief that the company will ultimately settle at twenty shillings on the pound, as the realization of the assets will offer little probability. The crash of the Canadian Agency seems to have upset the city more.

Better Sight—Less Annoyance

Toric Lenses give a larger field of clear vision, and their curved shape makes them appear very much nearer than flat lenses. Your eyelashes will not touch them, nor will you find any rear reflections to confuse and annoy. Let us explain their many advantages to you.

Book For Men, Free

8,000 Words, 30 Illustrations

TO MY READERS: Of the little illustrated advice book described below, which I gladly send free to all men who fill in the coupon. I beg to say that it represents the very BEST information of a private nature which I am able to offer you as a result of over 20 years' observation and study of my subjects, during which time I have personally interviewed many thousands of men, young and elderly, single and married, rich and poor, who came to me in confidence with their confessions of debility, lost nerve force and falling strength.

It is, reader, this vast and unusual opportunity which has enabled me to compile this very popular and valuable little free book (over a million of which have been sent everywhere to men who wrote me for them), and in a manner to reflect the exact living, breathing experiences and needs of real men who sought information as to the newer ways of self-treatment without the use of drugs.

Remember, this book of over 8,000 words and 30 illustrations will come to you by return mail in reply to your request, and in a perfectly plain, sealed envelope, for it is no one's business but your own what the envelope contains. There is absolutely no obligation on your part to buy anything or pay anything, and merely the receipt of this book does not mean in any way that you are to use one of my VITALIZERS (see description below) but only a portion of the book has any reference to the VITALIZER at all. Primarily it is a compendium of useful information for private reference, which you and all other men may easily profit by through life.

Therefore, please use the coupon, or if nearby, I should be very glad to hear from you.

SANDEN, AUTHOR.

It is a fact, reader, which you and I must both admit, that the wheels world adorns and is fascinated by strong, vigorous, healthy, manly men, and we must also admit that it is this same manhood and this vigor which is back of the real leaders and producers in every walk of life. No matter where we go, we find it to be the manly, vigorous, vital fellow who forges to the front, who fascinates men and women of this community, who does the really great things. An unmanly man merely means nature's laws gone wrong, for it is he who halts and hesitates, who takes the back seat, who does not fit into the picture in a way that a manly, vital nature should. And yet, reader, it is my firm belief that any man, no matter what his past, no matter what his disposition or follies may have left their mark upon his physical and mental being, I say to you that such a man, unless there be some unusual reason, may hope for a complete return of his strength, vigor and self-confidence, if he but go about his self-restoration in a natural, commonsense way.

I make a little appliance which we will call a VITALIZER, because I think that is the best word to describe its strange power. I don't want you to think of getting one of these VITALIZERS just now, but I would like you to investigate my claims as to what I believe can be accomplished by this VITALIZER faithfully for a few weeks. I speak, of course, of him who is willing to give up dissipation and lead a decent, conservative life, not only while using the VITALIZER, but for the future. The other kind of man, the dissipated, can hope for nothing from any treatment, no matter what it may be, hence such a man is eliminated from my consideration.

This little VITALIZER is made to wear upon the body all night. It weighs only several ounces and is no more unhandy than an ordinary belt, and it generates a great FORCE that I call VIGOR, which flows into your blood organs and nerves while you sleep. Men say it often takes any pain or weakness out of the back in one application, and that 60 to 80 days' use has been sufficient to restore manly strength and to put men in the "never felt better in my life" class. Special attachments carry the FORCE of the VITALIZER to any part of the body, for the use of weak men as well as men in cases of rheumatism, kidney, liver, stomach, bladder disorders, etc.

Over two hundred thousand of these VITALIZERS have been used or are now being used by men all over the world.

You had better learn more of the FORCE of the VITALIZER to any man, why not call and test the VITALIZER yourself.

WHAT THE FREE BOOK TELLS

The free illustrated advice booklet mentioned above is meant to be a simple declaration of certain important truths that every man in the world should know. The day has gone by when men are kept in ignorance of the real problems pertaining to these private subjects, and this illustrated advice booklet, which I send to men sealed, by mail, gives certain important facts relating to sex, just as those facts are. The booklet also fully describes my VITALIZER and you are told how you may get one for your own use if you decide that you want one. Please use coupon below, or call. Hours 9 to 6.

The Evening Times and Star

ST. JOHN, N. B., JUNE 10, 1914. The St. John Evening Times is printed at 27 and 29 Castlereagh Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

BORDEN AND THE NAVY.

Mr. Borden and his friends had an uncomfortable time in the house yesterday when the naval estimates were under consideration. The efforts of Liberal leaders to discover the present naval policy of the government brought out the fact that the best Mr. Borden and his friends can do is to keep the Laurier-Somerset naval reserve scheme which was a part of the Liberal policy.

THE CARAQUET DISASTER.

Despite the fact that means of communication have been multiplied in this province, the destructive storm in Bay Chaleur has shown that we can get news from the most distant parts of the world more quickly than from some parts of our own province.

TENEMENT HOUSES.

A little book entitled "Housing Reform in New York City," which is a report of the Tenement House Committee of the Charity Organization Society, tells a cheering story of reform in housing conditions.

EVERY WIFE'S DUTY

Watch Husband's Hair. If Thin or Full of Dandruff Insist on His Using Parisian Sage

Men give but little thought to the care of the hair. Not until the first bald spot appears do they really take notice. If your husband's hair is getting thin, if he has dandruff or itching scalp, take immediate action—do not let him become a bald head.

LIGHTER VEIN.

Adapted In days of hope small children clung to mother's skirts with tender touch. The modern mother scarcely wears enough for one small child to clutch.

Changed All Around

Have You Seen the "Enterprise" Magic Range?

It is one of the finest stoves in Canada for the money, and one of the best of the products of the Enterprise Foundry.

Our Stove Showroom is full of interest to anyone who requires a stove for any purpose. The values we offer are better than ever before. We invite a careful comparison of Goods and Prices.

Emerson & Fisher Ltd.

When You Buy Goods at a Fair Price You are Getting Value for Your Money

No matter what price store you purchase from us, you are getting good value for your money. All our stoves are guaranteed equal to any line on the market.

We are not offering you goods 20 per cent, or 25 per cent, below our competitors, or advertising great bargains in order to get you in to try and sell you a stove, but we will guarantee that when you buy a Fawcett made stove it is all that we claim it to be, and one large sale of stoves and ranges is evidence of the fact that they are giving satisfaction.

Call and see our line before placing your order. It will pay you. R. H. IRWIN - 18-20 Haymarket Square

MORNING NEWS OVER THE WIRE

Three deliberate attempts have been made this week by a Freiburg and the St. Joseph's Academy and Sacred Heart College, in Montreal.

In the appeal of the case of Thos. Nagle v. the St. John & Quebec Construction Co., at Fredericton yesterday, a stay was granted until August sittings.

A nine year old boy, arrested in Montreal as leader of a gang of youthful "bandits," and who has a long criminal record, was sentenced to the reformatory yesterday.

At Fredericton yesterday a portrait of Sir James Carter was unveiled. It was a life size painting of the former Chief Justice, presented by his son, Charles Carter and accepted in behalf of the Barristers' Society by J. D. Phinney, K. C. Speeches in eulogy of the late chief justice were made by several present.

At the annual meeting of the Canadian Manufacturers' Association in Montreal yesterday, there was a large attendance. Two thousand dollars was voted to the Empress of Ireland fund. The total membership was reported on as \$648. Total fire losses for 1913 were \$26,846,618, an increase of five millions in two years.

In that part of Kansas where they need rain, certain church congregations united to petition for it. "Didn't I see your husband going to church today?" one Kansas woman inquired of another.

"Yes, he went to ask for rain." "His faith must be pretty strong." "Yes, he wore his raincoat and took his overcoat and his oldest umbrella." "No; but he brought back a much better umbrella than the one he took away."

PARASOL AND GOWN SAME COLOR NOTE

One of the prettiest lingerie costumes seen this season has a narrow undershirt made of white linen, with a wide band of creton around the skirt. Over it is a long tunic of fine cotton voile. The parasol carries out the same idea, and a short loose coat of the linen covers a thin voile blouse trimmed with the creton.

RUSSIAN WOMEN TAKE UP DUTIES OF PRIESTS

Strange Movement Spreads Over Part of Empire

HOLY SYNOD BOTHERED

Sees Difficulty of Checking so Decides on Compromise—Leader of the Campaign Has Been Placed in Prison

(Times Special Correspondence)

Moscow, May 30—Holy Russia has found a new path to hellish through lady priests. Forty odd monkish women, dressed in sheepskins and armed with apostolical staves are tramping her eastern provinces calling on peasant farmers to come and be saved and warning the numerous ignorant that they will inevitably be lost.

The movement began last summer at Potynoye, near Nazimovsk, a town on the Yenisei River. The priest of Potynoye was drowned during a fishing excursion, and left behind a widowed spouse, Matrona, and an eager widowed church. It was hard to find a successor. Then Widow Matrona came to the rescue and assumed the office. Peasants of several neighboring villages then installed women priests.

The main cause of the spread is the propaganda carried on by the first woman priest in European Russia, Senaviina, a dealer in fruits and vegetables in the town of Perm. Senaviina is a first cousin of the Siberian priestess Matrona, and in that way she got drawn into the movement. This Senaviina, though she barely knows how to write, is no ordinary woman. Senaviina began a soul-saving tour and before last Christmas had induced forty-three peasant women of fairly good education to become priests. Senaviina declares she has a divine vocation. The official church she says, is ruined by priestly intemperance and by the marriages of priests, and it may be redeemed by women who will take an oath never to touch liquor and not to marry. Women priests who are already married must leave their husbands. Senaviina proved her zeal by leaving her own husband. New and old she was lodged in Perm jail on a charge of blasphemy, brawling in church, and incitement to disobedience. Later she was brought to Ekaterinburg; and there she remains. The other women preachers have been left in peace, and they are said to be conducting a vigorous campaign all over the Ural.

St. Petersburg Synod is strongly opposed to this movement, but cannot suppress it. It fears to incur the enmity of the women, who are the best supporters of the church. At a Synod council meeting held last month, M. Matveyeff, a provincial consistory member, declared that in many provinces women are almost the only supporters of the church, at least among the peasants. The peasant men are mostly hostile or indifferent. On the basis of this the Synod decided that the movement for women priests must be treated with caution; and that the vital point is not whether women preach or not, but that if they do preach it shall be in orthodox spirit. So far, the women preachers are nearly all schismatics.

The synod will not allow them to be ordained, but it is willing for them to receive theological education and the present plan is to found in Kief and some other towns theological courses for women.

IMMIGRATION QUESTION.

The people of the Eastern Townships of Quebec are out after their share of old country immigration. The Eastern Townships Immigration Society has been incorporated under the laws of the province and a permanent office established at Sherbrooke.

The society has induced the Quebec government to give it an annual grant of \$5,000 and to provide a fund of \$5,000 for assisted fares. The Quebec government, also, maintains, under the direc-

He Says He Told His Neighbors

AND THEY TOLD HIM TO TRY DODD'S KIDNEY PILLS.

Mike Rudy, Young Manitoba Farmer, Sick for Two Years, Tells How He Got a New Lease of Life.

Camperville, Man., June 9.—(Special) Cured of Kidney and Heart Disease of two years standing, Mr. Mike Rudy, a well known young farmer living near here, is telling his neighbors that he owes his new lease of life to Dodd's Kidney Pills.

"For two years," Mr. Rudy states, "I suffered with a terrible pain in the small of my back and shoulders. I took many different medicines, and was under the doctor's care, but nothing seemed to do me any lasting good. Finally heart disease was added to my troubles.

"Hearing Dodd's Kidney Pills well spoken of by my neighbors, I decided to try them. To my surprise and relief one box cured me completely. "Dodd's Kidney Pills cured Mr. Rudy because his troubles all came from sick kidneys. Dodd's Kidney Pills are a kidney remedy, pure and simple. If you have pain in the back, rheumatism, lumbago, gravel or diabetes, your kidneys are wrong. You need Dodd's Kidney Pills.

tion of the society, an agent in the old country and another in New England.

The society is an incorporate branch of the Eastern Townships Associated Boards of Trade, which comprises twenty-seven individual boards and represents a membership of over 3,000.

The Eastern Townships Associated Boards, it is understood, will seek the co-operation of boards of trade throughout eastern Canada in an effort to induce the federal immigration department to modify its policy to the end that eastern Canada shall in future receive larger attention in government literature and in the propaganda generally on behalf of immigration.

The east has contributed largely and willingly to western development. There is now an urgent need for more farm workers throughout eastern Canada. The Eastern Townships organization will lead in a movement to bring about a determined federal campaign on behalf of desirable immigration to the eastern provinces.

HOW "TIZ" GLADDENS TIRED, ACHING FEET

"TIZ" Fixed My Sore, Swollen, Sweaty, Calloused Feet and Corns

"TIZ" makes my feet just dance."

Ah! what relief! No more tired feet; no more burning feet; no more swollen, bad smelling, sweaty feet. No more pain in corns, callouses or bunions. No matter what ails your feet or what under the sun you have tried without getting relief, just use "TIZ."

"TIZ" is the only remedy that draws out all the poisonous exudations which puff up the feet; "TIZ" is magical; "TIZ" is grand; "TIZ" will cure your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore, swollen or tired. Think of it, no more foot misery; no more burning corns, callouses or bunions.

Get a 25 cent box at any drug store or department store, and get instant relief. Get a whole year's supply for only 25 cents. Think of it!

PORTRAITS IN ROCKS

Portraits in rocks may suggest to the mind of the reader the sweetest rock sold at the seaside, with caricatures of people in the centre of it, a fashion introduced goodness knows how many years ago, when the song "Said the young Obadiah to the old Obadiah" was in favor. It was called then "Obadiah rock."

But there are marvellous portraits in living rocks, carved by the hand of Nature herself, which, if they are not what Shakespeare calls "sermons in stones," are real resemblances in ruggedness.

The most remarkable of all these natural phenomena is, without doubt, the gigantic statue of Queen Elizabeth, known as the "Queen Bess Rock," at Bedrithan Steps, ten miles the other side of Newquay. It is in the form of an isolated pinnacle standing some 100 feet high, and when seen from one point of view is only a rugged and misshapen mass, but if the right angle is chosen the presentation of the Virgin Queen is absolutely startling. The figure wears the crown, possesses the aquiline nose, the fashionable ruffs of England, and lies the bust, waist, and flowing draperies continue until the base of the rock reaches the really golden sands.

Another very curious natural portrait is what is known as the "Profile Rock," at Boscawen. It is only the head and a portion of the neck. It stands at the mouth of Boscawen Harbor, the most wonderful natural harbor in England, and is of colossal proportions. It bears a striking resemblance in profile to the present Queen, although it is also christened the "Queen Victoria Rock." There is no difficulty in finding it or recognising the portrait, for the writer of this article was not aware of the existence of the rock, was exceedingly surprised on suddenly coming face to face with it.

Near wild Tinagel, on the North Cornish coast, is a great bluff headland standing on the seashore which bears some resemblance to an elephant with its trunk resting upon the sand. It is not so good, however, as the two portraits already mentioned, and it requires getting on a very peculiar position to obtain the exact outline. It is christened the "Elephant Rock," but imagination has been allowed to play a little here.

On the Devonshire coast, at Dawlish, where the sandstone rocks are of a bright red color, some very remarkable portrait rocks are to be found, chief among which is the "Parson and Clerk."

On Dartmoor itself there is the "Bowman's Nose Rock," near Widecombe, which absolutely seems to be laughing at you, and might also have been taken as the model for some humorous drawing by those artists who today make London laugh.

Rations Reduced. A famous Arctic explorer was once giving an account of his experiences amid the ice fields of the north. "We certainly would have travelled

much farther," he explained, "had not our dogs given out at a critical time." "But," exclaimed the lady, who had been listening very intently, "I thought the Eskimo dogs were perfectly tireless creatures." "The explorer's face wore a whimsically gloomy expression as he replied: "I—speak in a culinary sense."

Everything. "How's everything in your house?" asked Smith. "Oh," replied Brown, "she's all right."

Mutt Follows Jeff's Urgent Advice

By "Bud" Fisher

The Great Scotney Here Thursday and Friday

MME. EVELYN SCOTNEY, PRIMA DONNA SOPRANO BOSTON OPERA COMPANY

Mme. Evelyn Scotney has every advantage, physical and mental, to help along her ambition to be the world's most famous soprano. But twenty-seven years old, she is strong, vigorous and beautiful—and this she owes to her athletic training since childhood. Her great lung power has been developed through long distance and speed swimming; her untiring energy is the result of hours of physical training daily. Her thorough musical education and ex-

traordinary ability to memorize made it possible for her to learn the role of "Violetta" in "La Traviata" in seven days. And her God-given voice, that sings birdlike to higher notes than any living soprano, can only be compared with Tetrazzini's, and in the younger woman's favor by many critics. She will be heard on Thursday and Friday nights, June 11-12, at the Opera House, assisted by other distinguished artists from the Boston Opera Company.

C. N. RAILWAY AID BILL PASSES THE SENATE

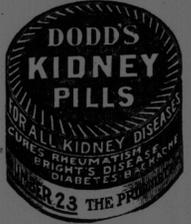

Majority of Fifteen on Third Reading—Liberals Allowed it on Grounds That Senate Cannot Amend a Money Bill

Ottawa, June 9.—The Canadian Northern Railway aid bill successfully ran the gauntlet of the senate and was passed at 8 o'clock this evening after being before parliament almost continuously for over a month. The vote by which the bill carried in the upper chamber stood 48 to 30, thus being a small majority of 18 in favor of the measure.

In striking contrast to the divided Conservative vote which defeated the Farmers' Bank measure last night, the government forces tonight lined up and gave a straight vote for the Canadian Northern bill.

After the rejection by the government of the recommendations unanimously passed by the Liberal majority in the senate last week, and in view of the general principle accepted by both sides of the commons that aid must be given in some form, Senator Bostock, leader of the Liberals in the senate, took the stand today that as the bill was a money bill, and could not be amended by the upper chamber it was useless to oppose the measure further. The government should take the responsibility for an agreement which was far from perfect, but which they refused to change.

Montreal, June 9.—Five cabarets were granted their licenses by the board of some commissioners this afternoon.

CHURCH UNION AGAIN BEFORE THE ASSEMBLY

Presbyterians Vote to Continue Negotiations by Vote of 266 to 109—Dr. Grant's Position

Woodstock, Ont., June 9.—The general assembly of the Presbyterian church in Canada tonight decided to continue negotiations with the Methodist and Congregational bodies looking to organic union. The recommendation of the union committee to this effect being adopted by a vote of 266 to 109.

The amendment submitted in the minority report that the negotiations be discontinued for the present was defeated 297 to 117 and a somewhat similar, but simplified form, of the same amendment, submitted by Rev. Dr. McQueen, of Edmonton, was lost 278 to 114.

Perhaps the next sensational feature of the debate was the intimation of Rev. Dr. Grant that he resigned from the home mission board and the board of finance because he felt that the present unrest resulting from the unsettled state of the church consequent upon the uncertainty as to the outcome of church union negotiations was interfering with his work and the work of committees.

Makes Call to People. Australian Premier Dissolves Houses on Labor Dispute.

London, June 9.—The Hon. Munro Ferguson, newly elected governor-general of Australia, has acceded to Premier Cook's request for the dissolution of both senate and house of representatives consequent upon the former's rejection for the second time in two successive sessions of the bill forbidding the grant of a preference to trade unionists in employment for government works. The position Premier Cook had to face was analogous to that created in Canada over the Naval Bill, but the prime minister has chosen to appeal to the people on the grounds that if only one chamber had been dissolved the government even if returned with an increased majority, would still be confronted by the solid labor phalanx in the senate. His present surprise move is, he says, the only method of overcoming the paralysis of parliamentary government. It had not been adopted, a serious constitutional crisis would have arisen. Elections are expected in August.

LIBERAL POLICY IS VINDICATED

Government To Use Cruisers as Training Ships

Hazen, the Chores Boy

Satirical Reference by Sir Wilfrid Laurier to Minister's Position in Cabinet—To Take the Sags Out of the N. T. R.

Ottawa, June 9.—In the commons this morning, Hon. W. T. White, replying to a question put by Hon. Geo. P. Graham yesterday, made a statement in regard to the last dominion loan of £2,000,000, four per cent. debenture stock, maturing in 1960. The minister said the financial success of the loan was assured when it was underwritten. The twenty-five million to be raised would be used to defray capital expenditure.

When the house went into supply on the supplementary estimates, an additional sum of \$1,000,000 for the National Transcontinental railway was taken up. Replying to questions by opposition members, Hon. J. D. Reid, acting minister of railways, said that all the "sags" of the grade of the N. T. R., about which complaint had been made, are to be found between a point 200 miles east of Cochrane and 100 miles west of the same point. The sags, he said, could yet be changed by the contractors on the 200 miles east of Cochrane. On the other stretch the corrections could either be made by contractors or by the Grand Trunk Pacific after the road had been taken over. There were, he said, thirty-two "sags" in all.

The minister of finance tabled a supplementary return for \$50,000 for the relief of the sufferers by the recent Emper of Ireland disaster. Also an item of \$10,000 to cover the cost of the inquiry into the "sags".

Branch Lines Vote. There was a long discussion by the maritime members on a vote of \$600,000 for the assistance of the government in the purchase of branch lines. Hon. William Pugsley wanted to know why the vote was in the estimates, in view of the fact that the branch lines bill was killed in the senate last year, and was not reintroduced. He said it looked like another Farmers' Bank case. Referring to the Farmers' Bank, he said that this bill had been killed in the senate through the assistance of the Conservatives.

Dr. Reid said that the branch lines bill had been supported by the Liberals in the commons, yet the senate had killed the measure. The responsibility for the defeat of the measure was on the Liberals in the upper house.

Dr. Pugsley said that this did not answer the question as to why \$600,000 was in the estimates. Dr. Pugsley regretted that the minister was unable to tell the house what he proposed to do with the money. This, he said, was an insult to parliament. All the senate had done was to reject the bill last session was to provide that in the event of the purchase of any branch lines the deal should be ratified by parliament.

Dr. Reid said that he had no intention to insult parliament. Under the provisions of the 1910 branch lines act the government could take over any branch line.

Suffered Intense Agony With His Back. Kidneys Were The Cause.

Weak back is caused by weak kidneys, and on the first approach or evidence of kidney trouble Doan's Kidney Pills should be used, and serious trouble avoided.

Doan's Kidney Pills go right to the seat of the trouble, cure the weak aching back, and prevent any further complications arising.

Mr. John Briggs, Whitewood, Sask., writes: "I am sending you this testimonial out of pure gratitude, as I am not a believer in patent medicines, but I got so run down, that I became quite willing to give anything a trial. I paid a visit to our local druggist, and told him I was suffering intense agony with my back. He told me I had kidney trouble, and handed me a box of Doan's Kidney Pills, saying it was the best thing he could possibly give me. I tried them, and the effect was certainly marvelous. They are worth \$10.00 a box of anybody's money, and I would not be without a box by me. I certainly owe my present condition to Doan's Kidney Pills."

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont. When ordering direct specify "Doan's."

line equal in standard to the I. C. R. It might become necessary during the present summer for the government to secure possession of the line running from Sackville to Cape Tormentine, in order to provide connection with the Prince Edward Island car ferry service. Dr. Pugsley said he was satisfied if the vote was to take over branch lines equal in standard to the I. C. R., subject to ratification by parliament. In view of what the minister had stated, he would not offer any further objection to the vote.

At the opening of the afternoon session the minister of railways moved an item of \$1,000,000 for a line to connect Montreal with the National Transcontinental. He stated that the government intended to make surveys, and if there was any of the vote left after the surveys were completed, it could be used for construction.

When the naval estimates were taken up in the evening, Sir Wilfrid Laurier asked for some information in regard to the naval college at Halifax. He was informed by Hon. J. D. Hazen that there were forty students taking the three-year course, eight of them studying on H. S. Berwick.

Sir Wilfrid observed that no mention was made of the Canadian navy, and Mr. Hazen replied that "when we have a navy, they would serve on it."

"When," asked Sir Wilfrid, "will that be?"

"The right hon. gentleman will have to ask the prime minister about that," Sir Wilfrid said.

Sir Wilfrid said in my innocence I supposed that the minister of the naval service would have something to say about the naval policy, but it seems he is only doing the chores.

There was next a query about the Niobe, and in reply to the opposition leader the minister said she was in good condition lying in Halifax harbor.

"Is it intended to use her at all?" asked Sir Wilfrid.

"It is a matter that may develop in the future," said Mr. Hazen.

Sir Wilfrid said he had seen it reported somewhere that she is to be training ship.

"The training of naval volunteers," answered Mr. Hazen.

PROMISES ELECTRIC LIGHT FOR VERY LITTLE

(Montreal Herald) Mayor Martin prophesied this morning that within the next few years Montreal would be enabled to enjoy electric light for next to nothing. The mayor said that the city fully intended to proceed with its scheme for the development of its own power plant.

That the city not only intends to supply this but is also to allow its citizens to share in its electric light was stated this morning when Mayor Martin was asked for an explanation regarding certain remarks he made on Friday afternoon. The remarks were addressed to the delegation representing the Canadian Fire Underwriters' Association, which came down to the city hall to request the board of control to make an examination into the city's water supply system.

Mayor Martin said that when he was an alderman he was in favor of an inquiry into the water works, but since he had been elected mayor of Montreal his eyes had been opened and he was now in favor of an inquiry.

Asked this morning what he meant by this statement, Mayor Martin said: "I have found out since I came into the mayoralty that the Montreal Light, Heat and Power Company and the Montreal Water and Power Company were at the bottom of the agitation for the inquiry into the water works. They wanted to show by the investigation that the city could not possibly develop its own power as the result of widening of the aqueduct. But we shall show them that this is a mistake, and within very short time the people of Montreal will be getting their electric light for practically nothing."

Actress Loses \$1,000. London, June 10.—Miss Elsie Janis, an actress, is lamenting the loss of a week's salary, £250. She has not yet been able to realize that English bank notes are real money, and fears that she swept the money into the fire.

The gold watch bracelet is retaining all its popularity as the favorite gift for the zroom to his bride.

SHORT JABS AT ALL ROUND SPORTS

Billy Meelike was tossed out of a Chicago restaurant, got mad, threw his suitcase at the window and broke the window of a tailor shop next door. When pinched, he said he was a St. Louis American League pitcher. Which may account for his control.

Keuhl, Scheffens, Himmschoel, Kockler and Sanlow won a bicycle race, in order, at Chicago, proving that Americans celebrate Decoration day.

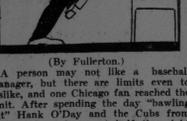

Don't be discouraged. We all may be best at something. We heard a fellow, with his chest covered with medals, bragging in a street car that he had won a tub race.

At the finish of the race in Indianapolis the first two Frenchmen embraced each other.

A Glimpse Ahead. Joe Mandel vs. Pal Brown, on June 15, at Superior, Wis.; lightweighters.

FAN BRINGS TALKING MACHINE TO HELP

(By Fullerton.) A person may not like a baseball manager, but there are limits even to dislike, and one Chicago fan reached the limit. After spending the day "howling mad" Hank O'Day and the Cubs from the bleachers, he spent half the night talking into a phonograph and attempting to get it into the park to help him. Even Hank would rebel at that.

A Dip into the Past. July 4, 1890—Harry Jewett, amateur, ran 220 yards in 22 seconds, equalling the record, Detroit, Mich.

The Man In The Street

Did someone mistake this for summer? Health Note:—When riding in open cars now, keep your car tabs on, and if you have a fur coat, don't leave it hanging in the clothes-press.

The army of unemployed in New York seems to be on the increase. Dispatch says 86,000 people attended ball game this week.

Should advise this young man to apply to Commissioner Potts for a position on the water-ways—can't we mean? Position wanted by a sober, steady, industrious young man as private or commercial chauffeur. Also an licensed ferry-boat operator.—Wisconsin State Journal.

The only man who seems to smile right through this weather is the June bridegroom, but probably he feels he has to, anyhow.

It might also be remarked that the one who likes these June "showers" better than any other is the prospective bride.

Man in jail this week for 18th time, according to Magistrate Ritchie. Little schoolboy question: "Would this be custom or habit?"

Suggestion to have city savings bank. Someone asks for the city, or for the people?

Picture of church in paper this week looked more like an Army. Probably belongs to the Church Militant!

It is said that bathers along the river at the summer resorts are using fur-lined bathing suits owing to the extreme dampness of the water during this cool spell.

Local chap has served 189 terms in county jail; his friends should know by this time where to address his mail.

Town in West Virginia has re-named itself "Tango." Probably more of a one-step, than a one-horse town.

There is a litter of pups on display in a store in Dock street. They are in a large box, but a side of it is missing, and a large piece of cardboard which was once used to advertise a certain brand of tobacco, has been placed over the open space. In some way just over the straw on which the puppies are lying there reads "Five cents per cut," but intending purchasers have been assured that the "cut"-rate price does not apply to the live stock.

News note says "There is not an automobile in the whole of Liberia." This would be a great place for residents of Waterloo street to live, for then their kids could play in the street.

Real estate company advertises booklet free on "How to Choose a Home." We'd be more interested if they'd tell us how to pay for one.

The commissioner could ask no better opportunity to test the confidence of the citizens than by asking them to place their savings in a civic bank.

Fire bug tries to burn a Montreal college; have the suffragettes invaded Canada?

Hon. J. D. Hazen's position in the cabinet defined at last; Sir Wilfrid Laurier discovers that he is "doing the chores."

City constables have gone on strike; the common council might manage to stand up under the blow if the police department would do the same.

Figures show that number of gas consumers in Great Britain is rapidly increasing. Probably includes many who have been listening to speeches of Bonar

Holly, Wm. Magee, each \$1.

BAND CONCERTS

The band concert season is at hand although the backward weather thus far has prevented any great demand for outdoor attractions of that kind. The sum of \$1,000 is available for the purpose, however, and it will soon be time to commence spending the money and listening to the music. At a meeting of the common council this week Commissioner Potts drew attention to this matter and was informed that the money had been provided in the estimates and that the arrangements had been left to the public works department, before he took office. Speaking of the matter to the Times the commissioner said that he is now ready to go ahead with the arrangements and will be glad to hear from the bands which wish to share in the grand

The Glebe Club of the Church of the Good Shepherd presented a three act play entitled "The Soldier's Boy" before a large and appreciative audience in the Church hall last evening. This is only the third appearance of the organization, about a year ago, and much favorable comment is heard on the standard concerning the ability of the performers.

Rev. Mr. Dunham and congregation are to be congratulated on an attractive and attractive appearance of their church hall. Many alterations and improvements have been made by the Willing Workers of the club, whose evenings for months have been devoted to the work in hand. The standard of enthusiasm which is a most healthy sign in any congregation of Protestants.

The following was the cast of characters in last evening's entertainment: Matt Windsor.....J. E. Edwards Marcus Graves.....Chas. Humphries Simon Stone.....N. S. Wood Mary Manning.....Miss Gladys Godfrey Bessie Bradley.....Miss Bessie Magre Nancy Nipper.....Miss Helen Keating The show will be repeated tonight.

NATAL DAY OF YARMOUTH OBSERVED AS HOLIDAY

Yarmouth, N. S., June 10—Yarmouth yesterday observed the 18th anniversary of its founding with a public holiday and every place of business except the public offices were closed. Picnic parties from town were scattered all through the country and Lakeside Park was crowded.

The second run of mackerel—the main body of the fish—has struck in. The advance guard passed by almost two weeks ago and it is from this first run that the great catches along the south shore have been made. This week the traps have taken quite a quantity, running about fifty barrels each and the large schools are expected at any time.

THE BURROWS CAMPAIGN

The evangelistic campaign, under the leadership of Rev. Dr. Burrows, of Youngstown, Ohio, which has continued for five and a half weeks, was brought to a close on Tuesday evening with a sacred concert given by prominent local talent, under the direction of Miss Blenda Thompson. It was much enjoyed by the large audience present.

Many of the Christian workers and church leaders testified to the marked zeal and earnestness of Dr. Burrows, who has been indefatigable in his efforts to win souls, and preached the gospel without fear or favor.

The Christian workers in the campaign are unanimously of the opinion that this has been the greatest and best campaign carried on in the city for years. Two hundred and fifty persons have taken a stand for their Christian life, and the campaign closed free from debt. Every dollar of expense had been provided for, so that there is no outstanding accounts to worry the committee as was the case at some previous campaigns.

The meeting closed with the singing of "God Be With You Till We Meet Again." It was quite evident that the doctor endeared himself to the Christian workers of the city from the great send-off he received. He left for his home in Ohio on the Boston train at 6:45 a.m. today, but expects to return to this province again next fall, as he has been invited to hold revival campaigns here, also in Sydney.

FAIRVILLE NEWS

Matter of Early Closing Still Is Undecided Playgrounds Ready Within a Fortnight—The First Home Run—successful at Home—Glee Club's Play

Nothing definite has been done as yet regarding the early closing of the stores on Thursday evenings. Several of the grocers have been interviewed, and while the majority are in favor of the plan, a few say they cannot see their way clear to close, while the drug stores in the town, which are also grocery stores, remain open. The promoters of the scheme hope to solve the difficulty by persuading the druggists to close the grocery side of their store.

The meat dealers were the first to fall into line and it would be a step backward if arrangements could not be made to give the stockkeeper one night in the week for recreation.

Some of the dealers are hoping that by next year Fairville may follow the example of the West End merchants, which has been successfully carried out for the last two years, and close shop at one o'clock on Thursdays, thus observing one half holiday a week throughout the summer. This of course is a consideration. The feature, the present request is for the evening alone. Carpenters have been busy for the last three days on the preliminary work of the new playground. The committee have lost no time in carrying out their plan, and within a fortnight the kiddies are promised their hearts' content of good wholesome fun in their own supervised playground.

At the Finner's Park last evening the Athletics defeated the Royals 7 to 4. Crossen and Thompson were the batteries for the winners, and Harrington and Gills for the vanquished. Keenan of the Royals made the first home run of the season.

Nothing was enjoyable at home was held in the Orange Hall last evening, when about 200 people gathered as guests of the Fairville Glee Club. This was the first social evening held under the auspices of the club this season, and judging from the success of the whole affair, it is hoped that the initial entertainment will not prove the last.

Selections from the hall presented a more attractive appearance, the walls and ceiling being unparagonably decorated with flags and bunting, while the entire stage was surrounded with an abundant array of ferns and potted plants. Harrison's orchestra provided an appropriate programme of music, which added considerably to the occasion. During the evening refreshments were served and the gathering broke up a little after midnight. The following ladies acted as chaperones: Mrs. J. C. Dalton, Mrs. C. Sutton, Mrs. Duffield, Mrs. Hetherington.

LOCAL NEWS

TOO STORMY. Weather conditions today made it impossible to remove number ten from the site where it was built to its location in the new Sand Point wharves. The work is delayed until the weather is more suitable.

FIRST HALF-HOLIDAY The first half-holiday of the season for the clerks of the grocery and a few other stores of West St. John will be tomorrow. Notices have been posted to the effect that the half-holiday will be observed beginning on Thursday of this week.

SUPREME COURT WRITS Writs have been issued in the Supreme Court as follows: J. H. Corbett & Sons, Fredericton, vs. Mining Industry Co., declarator claim \$1,025, account. Esters of Sarah E. Scammell, St. John, vs. Margaret C. Lewis; declarator claims \$1,000, money paid. John Walsh, Blackville, vs. James and Patrick Walsh; for recovery of land.

ILL IN KENTVILLE Many friends in St. John will hear with regret that Arthur Tully, who formerly resided here, is in very poor health in Kentville, N. S. Mr. Tully was very popular and well known about the city when here with the Transcontinental. He took an active part in athletics and was a general favorite. His friends here are grieved to know of his ill-health.

VISITING OLD HOME William Carleton, a former St. John man, but who has been in the states many years is visiting in the city and will probably remain for two months. He has been a prominent figure in New York theatricals for many years, with Klav & Edinger, and has had charge of many of this firm's biggest productions. Mr. Carleton is being heartily welcomed by old friends.

LUMBER SHIPMENTS FROM HERE TO BRITISH PORTS The lumber shipments from St. John to British ports in May showed a large gain over May of 1913, but the total for the first five months of the year still is far below that of the January 1 to May 31 period of 1913. The figures in detail show:

98c A Yard. Fresh Importations of Rich Paillette Silks A Yard. 98c

We have just received another lot of those rich, lustrous, soft Paillette Silks, which are now so much in demand for summer, street or house dresses, separate coats, waists, etc.; all are full 40 inches wide, consequently you require considerably less to make any garment than with the ordinary silk. The following new colors have just come to hand—Nile, Turquoise, Rose, Brown, Tan, Cardinal, Copenhagen, Purple, Mauve, Navy, Grey, Cerise, Plum, Sky or Black; 40 inches wide, 98c a yard.
