ORANGEMEN'S PLANS
FOR CELEBRATION
OF JULY TWELFTH

There was a largely attended meeting of the July 12 committee in the Market building last evening. Sub-committees reported having their work well in hand for the grand parade on Monday, June 25. Arrangements are being made to have two special trains, the first one leaving about half-past eight and the second one leaving at eight and a half-past eight with the city excursionists and making only such stops as will be necessary.

The lodges will assemble in their respective halls at an early hour on the morning of the 12th. There they will clothe themselves in full regalia, unfurl their banners and be ready to parade. The brethren from Parisville will probably go via the Suspension bridge to Simonds street, where they will fill in with Dominion O. L. 141, under the lead of the Carleton Cornet Band and go direct to the Union Depot. True No. 27 will march to the Orange hall, Gorman street, where they will join with the other city lodges and headed by the Royal Black Knights and Scottish Chapter with the Artillery Band in the lead, will march via King Dock and Mill streets to the Union Depot. The Pretzite Boys have also been invited to turn out with them.

CAMP AWAKENED
BY LIVELY MUSIC
OF MARCHING 74TH

Soldiers Pouring Into Camp Sussex
Today—Total Not as Large as
First Thought

Sussex, N. B., June 25—(Special)—Every incoming train today brought a large number of soldiers. The first to arrive awoke the camp from slumber at half-past five. They were the 74th, and they marched to their lines with band playing a spirited air. By nightfall there will be thousands of men under canvas. It is expected that the total enrollment will not reach the mark first estimated. It was at first said the numbers brouched would reach 3,500, but it is now thought that the complete strength will be between 2,800 and 3,000. Even this is a large camp.

FIND BIG SUN SPOT

Nearly Ten Times Larger Than
Content of North America

Pasadena, Cal., June 25—The largest sun spot has been detected within a year, a cool patch on the sun's surface, 10,000 miles in diameter, though its mark on the seventeen-day sun image at the Mount Wilson observatory, measures but a fifth of an inch across, is now under observation. The sunspot is the largest ever photographed several times its appearance on last Tuesday.

BLUE CHIEF COLOR
AT LAST COURT
OF LONDON SEASON

Queen Mary in Magnificent Gown
of Pale Blue Satin and Gold

London, June 25—The king and queen held the last court of the season at Buckingham Palace last night. The queen wore a pale blue satin embroidered with gold, with a train of cloth of silver, with a gold design interwoven. She wore a pearl and diamond crown with the Koh-i-noor and the lesser Star of South Africa, and the order of the garter. Blue, the prevailing color this season was worn by a large number of those attending. Many of the trains were exquisitely embroidered.

AND WILL SETTLE HERE

Doctor L. P. Jacks, of Oxford, England, accompanied by his wife, arrived in the city today, completing a tour of Canada. Doctor Jacks is planning to settle in this country and has been making a careful investigation of the possibilities in different parts of the Dominion. He has been all through the west and upper Canada, and has also taken a look around New Brunswick.

WANT POLICE SIGNAL
NEAR EACH CITY BANK

The St. John Clearing House Association has sent a communication to the common council asking for better police protection. At present the banks pay taxes to the extent of more than \$17,000 and they feel that this should entitle them to all the safeguards that could be given them. What they want particularly is that when the new patrol system is installed that a box be placed in the vicinity of each bank so that they may be assured of constant police protection.

NEGRO WOMAN LYNCHED

Atlanta, Ga., June 25—Ann Houston, a negro woman, who stabbed and killed Mrs. R. E. Jordan, wife of a prominent planter at Pinehurst, and who was later taken from the police at Cordelle by a mob, was lynched early this morning, according to a long distance telephone message to a local newspaper.

SENTENCE OF TWO
YEARS FOR ABERDEEN

Former C. P. R. Purser Pleads Guilty
to One Count—Nealey Case in Circuit
—Judge's View of Jury Matters

When Fred W. Atherton, former purser on the S. S. Empress of Britain, was brought before Judge Joubert for trial under the Speedy Trials Act this morning, he pleaded guilty to the charge of fraudulently converting to his own use traveling checks and other negotiable instruments, the property of the King and Dominion Express Company, and pleaded not guilty to a second count in the indictment, charging him with forgery. He was immediately sentenced to serve two years in Dorchester penitentiary on the charge to which he pleaded guilty, while prosecution on the other charge was discontinued.

LITTLE ONES ARE HAPPY
ON THE PLAYGROUNDS TODAY

Centennial and Aberdeen Lots Invaded
by Romping Children at Opening
of The Season—Some of Those in
Charge

With extra fine weather, and with a good attendance, the Centennial and Aberdeen playgrounds were thrown open for the season to the children this morning. The little ones had evidently been awaiting the opening for both grounds were crowded with boys and girls, enjoying themselves to the fullest extent. In the Centennial grounds there were more than 200 little ones present, and to see them romp and play would do one's heart good. Miss Mabel Petron and Doctor Margaret Paris of the Playground Association, visited the grounds during the morning and looked after the welfare of the little ones for a time. Miss Bertha Turner, the supervisor, was also present, and was kept busy showing the youngsters how to play the different games. She was assisted by Miss Janet Maxwell during the season. The trestles, swings and slide are being erected today, and will be in full go by tomorrow. During the morning the children were put through several fancy drilling under the direction of Miss Turner. Mrs. D. P. Chisholm acted as pianist. L. Bandlow, physical director of the Y. M. C. A., who has been appointed general supervisor of the city playgrounds, was also present, and is looking after the preparation for the different games. The basket ball court has been repaired, and a game will probably be played the afternoon. This morning the boys enjoyed themselves in playing baseball and quoits. The attendance last year was very large, but it is expected that this year it will be easily surpassed. Mr. Bandlow is being assisted in his work of supervising by Frederick Manning.

QUEBEC LARGEST PROVINCE

Revised Figures Under Recent Legislation—
New Brunswick is in Seventh Place

Ottawa, June 25—The revised area figures of the three recently extended provinces of Manitoba, Ontario and Quebec, have just been made public and are as follows: Manitoba, previous to the act of 1912, had 73,732 square miles, addition by act, 178,100 square miles; present area, 251,832 square miles. Ontario, previous to the act of 1912, had 100,000 square miles, addition by act, 200,000 square miles; present area, 200,000 square miles. Quebec, previous to the act, 31,873 square miles; addition by act, 334,961 square miles; present area, 746,834 square miles. The area of Saskatchewan is 239,000 square miles, of Alberta 253,540 square miles, and of British Columbia, 337,600 square miles. Quebec now leads all the provinces in area by about 300,000 square miles. ARMED MERCHANTMEN

"Shall Germany starve us?" is the somewhat startling title of a little book which comes to the Times with the compliments of the Imperial Maritime League, of which Lord Willoughby de Broke is president. The author of the book, Mr. H. F. Wyatt, will perhaps be remembered as having made a tour of the Empire in the interests of naval defense some eight or nine years ago. In a letter introducing the book the League observes that it deals with a matter of the most vital importance to the Empire, and that its contents are therefore of interest to the daughter states as well as to the mother country.

The purpose of the book is to arouse a public sentiment which will press upon the British government the expediency of at once arming and preparing a selected number of British merchant vessels to match the armed merchantmen of Germany, and to retaliate on German sea-borne trade any damage which may be inflicted on that of the United Kingdom.

Mr. Wyatt makes some very interesting statements in this little book. He declares that the great and imminent peril which threatens the mother country is that of starvation in the event of war. A royal commission a few years ago made an enquiry and came to the conclusion that at the worst time of any year there might be enough breadstuffs to maintain the population of the kingdom for six weeks.

The question of a site for the local sanitarium for advanced cases of tuberculosis should not be at all difficult to settle. Who's afraid? The county of Gloucester, as was expected, has returned four supporters of the Fleming government. The strength of that government is now its weakness.

The action taken by Germany to strengthen her navy is not to pass unnoticed by British. Chancellor Lloyd George stated in the Commons yesterday that supplementary naval estimates would be submitted by Mr. Churchill, and although only £1,000,000 will be asked for this year the policy adopted will involve heavy payments in subsequent years.

During the month of May the department of labor recorded industrial accidents to 31 work people in Canada. Of these 49 were fatal and 241 resulted in serious injuries. There were 10 fatal accidents during the month in the steam railway service of the country, 17 in the metal trades, 8 in agriculture, 9 in railway construction, 2 in building trades and the balance of the 90 in various lines of work.

The new city council shows commendable diligence in looking up sources of revenue and in preventing encroachments upon its authority. Its members are also displaying an excellent public spirit in connection with the Back to New Brunswick Week, the supervised playgrounds, and other matters. The benefit derived from having members of the council give up their whole time to the affairs of their departments is obvious.

Colonel Roosevelt is determined to form a new party, hoping to draw recruits from both Republicans and Democrats. At Baltimore, Mr. Bryan appears to be endeavoring to take charge of the Democratic convention. If he should fail, perhaps he also will endeavor to form an independent party. He could not very well join forces with Colonel Roosevelt, since each of them would desire to be at the head of the table. The situation grows more and more interesting.

Reference was made in the British Commons yesterday to an interesting portion of the Empire which is coming into prominence as a source of cotton and wheat supply. Parliament is asked to advance £200,000 for the development of the resources of the East Africa and Uganda protectorates. Mr. Lloyd-George observed that it was to the interest of Great Britain to assist every new cotton producing country. The money which will be advanced to the colonial authorities will be spent in providing better transportation facilities in East Africa and Uganda.

The Standard says that all the statements made in the book issued by Hon. Mr. Hazen's department, which has been criticized by The Times, are statements of fact. Here is one of the statements of fact:—"The deep water harbors on the Atlantic coast and Bay of Fundy are open all the year round, but floating ice from the northern waters and from the northern part of the Gulf of St. Lawrence sometimes obstructs and entirely blocks navigation until a change of wind takes place."

The Rev. Robert Wilson ranked high among the members of the Methodist ministry in this province in his years of active labor. He was also a writer of great ability, and took a very keen interest in public affairs. With a clear vision of the future greatness of Canada, he represented a stalwart patriotism, and a deep devotion to those ideals for which the British Empire stands. He helped to mould public opinion and to instill into the minds of the people the principles of loyalty which he so highly prized. He lived to see great changes and marvelous growth in Canada, and to see also the beginning of a great forward movement in the province where he labored for so many years.

INDUSTRIES OF IRELAND

A recent publication of the British Tariff Commission gives some interesting facts about the industries of Ireland. According to the census of production of 1907 the linen industry then gave employment to 71,061 hands; clothing, handkerchief and millinery work shops, 34,832; bread and biscuit making, 2,911; brewing and malting, 6,431; engineering, 5,767; hosiery, jute, dyestuffs, etc., 5,767; grain milling, 4,851; woolen and worsted, 3,441; flax retching, 3,763; timber, 3,440; distilling, 2,421; mineral waters, etc., 2,119; bacon curing, 2,049; boots and shoes, 2,028. This

scarcely takes account of the large number of persons employed in the ship-building industries. Some figures are given which show the relative value of the products of the factories. The output of the grain milling factories in 1907 was £7,463,000; the linen and hemp weaving factories had in 1907 an output valued at £8,000,000. Next in value came brewing and malting, £5,840,000; clothing, handkerchiefs and millinery £4,570,000; bacon curing, £3,284,000; bread and biscuit factories, £2,343,000; spirit distilling factories, £1,419,000; linen and hemp making up factories, £1,285,000, and others in lesser proportion. The general statement shows that while agriculture is the greatest industry, there is a very considerable amount of manufacturing.

In ship-building the number employed in the Belfast district and in a small degree in Londonderry in 1881 was 2,788; in 1891, 4,284; in 1901, 6,234, and there has been a further increase in the last ten years.

It will probably be necessary to make special arrangements for police protection and patrol during the Back to New Brunswick Week. The question of a site for the local sanitarium for advanced cases of tuberculosis should not be at all difficult to settle. Who's afraid? The county of Gloucester, as was expected, has returned four supporters of the Fleming government. The strength of that government is now its weakness.

TOO MUCH FOR MAC. The witches were making the broth. "I suppose one cook is going, one staying and one coming," cried Macbeth. Three at once were beyond his comprehension.

OBEYED ORDERS. A doctor, amazed to find a patient in a cold bath, began to scold him. "What's this?" he said. "Did I order you to take a bath?" "Indeed! You told me to take these pills in water,"—Domenica del Corere, Milan, Italy.

HER METHOD. Two young girls were drinking tea at Sherry's when a young man passed. As he passed the first girl blushed, displaying a beautiful ring on her white hand and murmured: "Well, Jack and I are to be married Easter week."

DAD'S IDLE SUMMER DAYS. And now returns the day once more. He rents a cottage by the shore. And sends his wife and gets his wife. Rejoicing them each Saturday.

"Weekends," says he, "I go to rest and read the books I like the best. To roll and loaf the hours away. The while my little children play."

And that sounds well if it were true, but dear old dad is bluffing you. His row picture I must spoil. His summer days are spent in toil. He goes for water, mows the lawn, ing their whole time to the affairs of their departments is obvious.

He puts up shelves and window screens, He sent to father early greens, Must row the boat and get the bait. And clean the fish and fix the gate.

In short, they save up chores for him and keep him sore in mind and limb; And what is worse, when day is o'er, They make him sleep upon the floor.

MISS ANGLIN TO ARRIVE ON SUNDAY

The famous actress with entire party of twenty will arrive in the city Sunday at noon on the C. P. R., and thus have an opportunity for rest before her first appearance on Monday afternoon. The matinee is scheduled to commence at two-thirty sharp and the evening performance at eight-fifteen. Those who are not in their seats prior to the rise of the curtain will be placed to the inconvenience of waiting almost an hour before taking their seats, which fact patrons should bear in mind and govern themselves accordingly. The C. P. R. suburban is being held until after the performance both Monday and Tuesday evenings. The seat sale is proceeding most satisfactorily, but there are plenty of seats for those who have not yet purchased.

AT MT. ALLISON (Sackville Tribune) Near the last of June, Dr. Borden and his family expect to leave for Avonport, N. S., where they will spend the summer on the Doctor's fruit farm in that place. Mrs. Campbell, housekeeper at the University residence, does not expect to return next year.

Three Arts men of Mt. Allison, H. C. Steeves, F. S. Swaine, and J. R. Oulton, graduated in medicine at McGill this spring, the two former belonging to the class of 1906, and the latter to that of 1907.

E. B. Mounce, Mt. Allison 1902, is shortly to be married to Miss Bows, daughter of Fred W. Bows, a hotelman of Halifax, but a native of Sackville, whose father, about sixty years ago, founded the Borden, the first paper established in this place.

C. W. Forster, Mt. Allison 1901, who is rector of St. James Episcopal church, Providence, R.I., has been given by his congregation a summer vacation that he may make a European tour and presented with a thousand dollars to pay his expenses.

Former University students who remember Hazel B. Wright, a junior four years ago, who completed her course at Columbia College, N. Y., will be interested to learn of her marriage to the Rev. David O. Cowles, of New Jersey. Mrs. Cowles is a daughter of the late Rev. Frederic Wright, M.A., 1855, of the Nova Scotia conference.

Dr. Campbell is receiving many applications for the vacant positions at the Ladies' College. Miss Flora Curtis has been appointed assistant to Miss A. L. Mitchell in the Department of Oratory in succession to Miss Edna Weatherspoon, whose marriage to a gentleman in the west is reported to be pending. Miss Curtis is a sister of P. V. Curtis, Mt. Allison's Rhodes Scholar from Newfoundland. Four vacancies are yet to be filled, caused respectively by the resignation of Professor Pickard and Miss G. A. Clark, of the music staff; Miss G. A. Borden, of the Domestic Science Department, and Mrs. Sharpe the housekeeper.

WOMAN FARMER BESTS WAR OFFICE

In Line of Gun Fire at Military Practice She Declines to Move and Gets Gun-Proof Home

London, June 24—A woman farmer on Dartmoor has been too much for the War Office. The widow, whose name is Endicott, is a tenant on Okment farm, which is adjacent to the military camp on the hill overlooking Okehampton, where the troops had built a dummy village for the purpose of knocking it down by howitzers. The widow had resided at Dartmoor for years. The government tried to persuade her to move to another dwelling during the gun practice. Mrs. Endicott declined to budge. The authorities yielded and provided her with a bomb-proof structure in which she and her two children can take refuge when the guns are being fired in her direction. It is constructed of rocks and plaster and lined with sheet iron. Mrs. Endicott's labors are performing their usual work, each resident in a red jacket so that he can be easily seen by the troops as they climb the ridges driving the ponies and cattle to grazing points that are out of harm's way.

REMARKABLE UPWARD TREND OF FOOD PRICES

In Fifteen Years Buying Power of Shilling Has Fallen Two And Half Pence

London, June 24—An abstract of the labor statistics of the United Kingdom just issued shows that 109 3-10 pence was needed in 1911 to buy the same quantity of necessities of life that were buyable for 100 pence in 1900, or 88 2-10 pence in 1896. Thus, in fifteen years, the cost of living has advanced 25 per cent. equivalent to a deduction of 2 1-2 pence from every shilling of wages paid. The increase in the price of food stuffs is extraordinary, as 113 4-10 pence were needed in 1911 to buy the same quantity of corn that was bought in 1894 for 81 3-10 pence. Potatoes, rice, beef and mutton are not seriously higher, but bacon and eggs have soared. Bacon was lowest in 1898; when 82 7-10 pence would buy what cost 142 3-10 pence in 1911. The latest official figures are for 1911, but statisticians agree that the increase is continuing and that the worker is worse off today than he was last year.

MORNING NEWS OVER THE WIRES

Chicoutimi, in the district of Saguenay, was swept yesterday by fire which destroyed the Chateau Saguenay, the cathedral, the town hall and the Chateau Hotel, besides several blocks of stores and dwellings.

Three labor leaders, Samuel Gompers, Frank Morrison and John Mitchell were found guilty of contempt of court by the supreme court of the District of Columbia on appeal. Gompers was sentenced to one year's imprisonment, the same as before. Morrison's sentence was reduced from nine to six months and sentence on Mitchell, who was not present, was deferred. Notice of appeal to the supreme court was given.

There may be a donation government experimental farm established on C. L. Smith's property at Woodstock. In Skowhegan, Me., after shooting and killing George Spencer, a boarder at his home, last night, Bert Lane aged fifty, turned the rifle on himself with deadly effect. The shooting was witnessed by Lane's nine-year-old son Harry. His father told him it was an accident. He said that his father was going down stairs with the rifle in his hand as Spencer was coming up, when the rifle went off and Spencer fell dead.

TRYING TIME ON THE KIDNEYS

No wonder there is so much backache. In the spring, so much fatigue and lassitude from poisonous systems and accumulated winter poisons must sweep from the body. The kidneys make every effort to purify the blood, but the changing temperature of spring flows have with them, congestion follows, the kidneys fail in their work and there are backache, headache, tired feelings and too serious developments.

You can help the kidneys wonderfully by using Dr. Chase's Kidney-Liver Pills. In a few hours the backache will disappear, and a little patient treatment will restore the activity of kidneys, liver and bowels and thoroughly purify the blood. No medicine is so satisfying as the means of removing the cause of chronic and acute indigestion, constipation and kidney and liver derangements.

MORNING LOCALS

An exhibit in the window of Charles Ballie, King street, is attracting a great deal of attention. It is a fine large rug weighing two and one-half pounds and was caught by R. D. Paterson in Moran's Pond, Prince Edward Island.

The Glasgow Herald states that Edward Partington of the Partington Pulp and Paper Co. was knighted on the king's birthday. Mr. Partington has for years shown keen interest in the local administration in Derbyshire and has presented a library and a convalescent home to the borough of Gosport.

The joint committee of the county and city councils met yesterday afternoon to discuss the selection of a site. They proceeded to Douglas avenue to inspect the site on the Merritt property and will prepare a report to be submitted at the next meeting of the committee.

W. A. Quinton and his brother while driving on the Marsh road yesterday met with an accident. The horse slipped at an old carriage at the side of the road and bolted dumping the occupants into a ditch. Neither Mr. Quinton nor his brother received serious injury.

The New Brunswick Loyalist's Society, which made an appeal to the minister of militia to have the old gun commonly known as the Bunker Hill cannon kept in Canada yesterday received a letter from him stating that there was no danger of its being lost.

LOYD GEORGE ON BUDGET IN COMMONS

Will Devote \$25,000,000 to Reducing Debt — Transportation Expansion and Naval Expenditure

London, June 24.—In the house of commons this afternoon, Right Hon. David Lloyd-George, chancellor of the exchequer, speaking upon the budget resolutions, reminded the house that there were two contingencies regarding the disposal of the surplus of £5,500,000.

He said that when he made his budget statement the first contingency was whether the coal strike could cause a loss of revenue in consequence of the decreased consumption. He was now able to say that such was the buoyancy of trade and the estimates of revenue given at the beginning of the fiscal year would be well within the mark, and that probably there would be a margin which consequently would render it unnecessary to draw upon reserves at all to meet the ravages of the strike.

The other contingency was a possible increase in the demands of the admiralty upon the exchequer. Right Hon. Winston Churchill, first lord of the admiralty, had stated quite clearly, said Lloyd-George, that he based his estimate upon the assumption that the German navy law would remain unaltered. There was a bill before the Reichstag at that time providing for a very considerable addition to the provision made by the old German navy law. Since then the bill has become an act of the German parliament it was now no longer a contingency but a fact with which Great Britain was confronted. This new law provided additions to spread over a period of six years of national programme, amounting in the aggregate to ten millions pounds sterling (\$20,000,000).

Increased Naval Expenditure.
Lloyd-George proceeded to say that in due course Mr. Churchill's statement of the admiralty would be published. It was in so far as necessary to explain the financial statement which was now made to the house.

This year, the additional sum which Mr. Churchill would ask for, he continued, did not exceed £1,000,000, but further heavy payments would fall due in subsequent years as the result of the British naval programme Mr. Churchill had found it necessary to outline.

That left a balance of £5,500,000 sterling which was not disposed of. There was, however, a new item of expenditure which he (Lloyd-George) proposed to recommend to the house. It had reference to the extension and development of the protectorate of East Africa and Uganda.

The colonial office were pressing the exchequer for an advance for the further development of that exceedingly rich country. He had recommended a year or two ago that a portion of the surplus should be expended in the extension of the railway of the Uganda and of the protectorate and for the construction of a deep water pier and jetty.

There was no doubt at all, he said, about the enormous possibilities of that great country. (Cheers.) There was an increase from year to year of products, which came from that quarter, especially cotton and wheat. It was undoubtedly to the interest of Great Britain to assist every new cotton producing country. This was a lesson which Britain had had in the shortage from the United States of America last year of the injurious effect on our cotton industry. It showed that it was a dangerous thing to rely exclusively upon one particular source of supply for one of our most important industries.

Products Rotting on the Wharves.
Having given figures of the exports of Uganda cotton in recent years, Lloyd-George proceeded to say that this year was expected that there would be 10,000 hundredweight exported from Uganda alone. Last year, for the first time, there were exports from the protectorate. The railroads, steamboats, and piers were quite inadequate to the development of the new source of supply. According to reports to the colonial office the products were rotting on the wharves and platforms for lack of carrying capacity and storing room. What were wanted was a large number of engines, carriages and tenders, also one of the most promising districts of the whole empire for cotton growing.

In this connection the chancellor said he would like to draw the attention of the house to the fact that the natives were very much discouraged at this situation, because having produced the cotton which the stimulus of great promises, they found it very disappointing that they could not get their cotton away.

It was proposed the government should advance to the colonial office a sum of £2,000,000 at a fairly remunerative rate of interest. This rate was not yet settled but Lloyd-George thought that the rate to be charged should be that of the last loan, namely three and a half per cent. with one per cent. for sinking fund.

The remaining £3,500,000 of the surplus would, he said, be devoted to the redemption of debt. The local reduction of debt affected by the present government for the £5,000,000, would be £78,184,000, and he asked as a matter of fair play that when common sense was made upon the price of consols, adverse to the government, the figures of the debt reduction should be given as well.

NOVA SCOTIA METHODISTS This is Closing Day of the Conference—The Finances of the Church

Amherst, June 24.—The Nova Scotia Methodist conference, which has been in session here since Wednesday last, will probably close tomorrow. This afternoon the members of the conference took a half holiday to visit the educational institutions at Sackville. They were cordially received by President Borden and by Rev. Dr. Campbell.

The morning session was a bright and breezy one. The financial statement for the past year was submitted and in all departments showed a healthy increase. Last year for all purposes the Methodists in Nova Scotia had raised for all purposes \$206,717, which is an increase over the previous year of \$17,774.

The superintendent fund also showed a decided increase. The total given last year towards this important fund amounted to \$133,533, which is an increase of \$1,100 over the previous year.

Salaries in the Methodist denomination are on the increase, as may be noted from the fact that the amount paid to ministers in salaries last year was \$66,453, which is an increase of \$3,111 over the previous year.

The temperance and moral reform committee submitted a lengthy report dealing with temperance legislation, the white slave traffic, the cigarette evil and race gambling.

An educational meeting was held in Trinity church tonight and forcible advice was given by Rev. C. C. Borden, Dr. Campbell and others. B. C. Borden, Rev. J. W. Aikens, formerly of Halifax and Amherst, were also present. The secretary of the moral reform movement, has received a call to the Metropolitan Methodist church in Canada. Mr. Aikens will take his next vacation before entering upon his new labors.

WAS TROUBLED WITH Weakness and Palpitation OF THE HEART.

Through one cause or another a large majority of people are troubled, more or less, with some form of heart trouble. Little attention is paid to the slight weakness of the heart, but when it starts to beat irregularly or intermittently, palpitate and throbs, skip beats, beats fast for a time, then slow as to seem almost to stop, then causes great anxiety and alarm.

To all such sufferers Milburn's Heart and Nerve Pills can and will give prompt and permanent relief.

They do this by their restorative influence on every organ and tissue of the body.

Mrs. John J. Downey, New Glasgow, N.S., writes:—"Just a few lines to let you know what my Milburn's Heart and Nerve Pills have done for me. I was troubled with weakness and palpitation of the heart, would have severe choking spells, and could scarcely lie down at all. I tried many remedies, but got none to answer my case like your Pills. I can recommend them heartily to all having heart or nerve troubles."

MR. KEITH IN CONTROL OF HIGH CLASS VAUDEVILLE IN AMERICA

R. G. Larsen, formerly of St. John but now in Boston, E. F. Keith's theatrical interests sends the following to the Times: By what is said to be the biggest theatrical deal ever put through in America, a deal involving many millions of dollars, and more than 200 theatres reaching from the Atlantic to the Pacific, B. F. Keith's million dollar theatre in New York, long acknowledged to be the most beautiful theatre in the world, becomes beyond all dispute the head centre of vaudeville in the entire country. B. F. Keith, who by the purchase of eight theatres in New York brought the deal about, is a New Englander. Boston is his home. B. F. Keith's theatre in Boston is his special pride—his most beautiful playhouse.

For years the class of vaudeville presented in Boston has been the standard for the entire country, and now as the head of this vast combination Mr. Keith will naturally give to Boston and New England everything his world wide interests command. It makes B. F. Keith's theatre in Boston practically the vaudeville centre of the world. It was here that such famous artists as Sam Bernard, The Rogers Brothers, George M. Cohan, Webb & Saxe, and others, made their start under the personal direction of Mr. Keith. It is here in fact that vaudeville in America was first presented.

The new combination of vaudeville interests in New York City, which these three recently acquired will make possible a wonderful coast to coast circuit. Such a circuit means bigger and better vaudeville, and Boston is to be the center. While the business of the circuit is carried on in New York the beautiful B. F. Keith's Theatre in Boston will be the general headquarters of Mr. Keith, and all the best attractions in the world.

As New England has led the rest of the country in legislative and judicial reforms, also rules for better living conditions, so has B. F. Keith, a real New Englander, through his Boston playhouse, led the rest of the country in the reforming and revolutionizing the vaudeville form of entertainment. It was here that the original vaudeville was first presented. It was here that the original rule of women refraining from the stage was first broken. It was here that the theatre that all references to religious beliefs, mother-in-laws and other personal matters were eliminated from the stage. All of these original Keith policies received the unanimous approval of the whole vaudeville community. The vaudeville in America are continually on B. F. Keith's Boston theatre. Each new idea inaugurated at this house spreads quickly throughout the land. It is the fashion plate of a modern up-to-date vaudeville theatre, and also for the best possible type of vaudeville attractions.

Mr. Keith's Theatre in Boston has become an institution in New England. Its fame has spread from one end of the United States to the other, and it is the nearest to perfection of any in this country or Europe.

There is cause for great pride in the heart of any New Englander when they realize that the vaudeville circuit in America involving more than 200 of the greatest theatres in the world is controlled by a native son of New England, and that the great headquarters of this remarkable chain of theatres is in the very heart of New England. Together with his wonderful theatre in Boston, Mr. Keith has established in New England, together with theatres at Providence, Portland, Lowell and other cities, a vaudeville empire.

During the summer and fall season Mr. Keith has arranged a list of vaudeville attractions which will surpass any previous programmes ever produced in America. The first of these will start the week of July 1, when the famous Harvard, Scheraga and Walter Quartet, known as the "Shirners' Choir," will be heard in the vaudeville programme of "The Merry Menesters' Camping Out." This act is one of rare beauty and excellence. Twenty-nine years ago Mr. Keith opened his little museum in a small room on Tremont street, Boston, with Baby Alice, a midwife as his only attraction. Today he is in control of all the really high class acts in America, and a majority of these will be produced during the summer and fall season at his theatre.

It is the height of all vaudeville performers' ambition to play the B. F. Keith Theatre in Boston. Known what success on the stage at this theatre means, performers aspire for years to be allowed to have their names enrolled on the programme for a week. Realizing the great number of famous stars who had their start at Keith's, the aspiring young artists look forward with rare delight and joy to their being booked at Mr. Keith's home theatre.

Performers also declare that a New England audience is the best in America. They are intelligent and intelligent and responsive. With the most beautiful theatre in the world, with the best vaudeville acts in America, and the vaudeville in England has really something to crow about.

POLICE INQUIRY TO BE UNDER OATH

A communication from Hon. J. D. Hazen informing the council that the matter of protection of pedestrians from teams at the Wall and Stanley street bridges had been taken up by the I. C. R. authorities and that Mr. Burpee had been instructed to carry out the recommendations made was filed.

Proceedings of Meeting of the Commissioners — Increase in Water Assessment

The city commissioners adopted two motions yesterday which will add materially to the revenue and meet the additional expense of their salaries for some months. These were the recommendations to collect from the city billboards at the rate of two cents a square foot and the amendment of the harbor law to bring motor boats under the regular harbor charges.

Commissioner McLellan was given authority at the meeting of the council to hold a sworn investigation into the conduct of members of the police force and will proceed to take the evidence within the next few days. The request of the 1912 bill for \$100 to use in advertising Old Home Week was granted.

Mayor Frink presided at the meeting and the fall budget was read. After the reading of the minutes of the report of the commissioner of finance and public affairs was read. The city billboards at the rate of two cents a square foot and the amendment of the harbor law to bring motor boats under the regular harbor charges.

Commissioner McLellan was given authority at the meeting of the council to hold a sworn investigation into the conduct of members of the police force and will proceed to take the evidence within the next few days. The request of the 1912 bill for \$100 to use in advertising Old Home Week was granted.

The report of the commissioner of public works was taken up and the first section recommending that the request of the N. B. Telephone Co. Ltd. to buy a conduit in Brussels street be refused until the company guaranteed to lay off all its wires in that street in the conduit, was referred back for discussion in committee.

The remainder of the commissioner's report was adopted.

X. T.: Large pores, I know, are disfiguring. However, you can soon reduce them if you use an almond cream-jelly, the recipe for which I give: Put 2 teaspoonful glycerine in 1/2 pint cold water, then add 1 ounce almond. When thoroughly dissolved it is ready to use. This almond cream-jelly should be applied plentifully and rubbed in well. After using the cream-jelly while you will find pimples and blackheads will have vanished and the skin once rough, oily and blotchy will be of a velvety softness, clear and beautiful. The almond cream-jelly is invaluable in protecting the skin from freckles, tan and sunburn.

A. G. B.: Dieting is a cruel method of flesh reduction and a needless torture, because with a parrot's solution, made by dissolving 4 ounces parrot's in 1 1/2 pints hot water, you can reduce your weight without suffering or inconvenience. Taking a tablespoonful before each meal gently and gradually dissolves the fatty tissues without possible injury, and when your weight is where you want it, the flesh will be firm and the skin free from wrinkles.

Mrs. A. D.: Don't experiment with alleged "hair-tonics," because they may streak the hair. If your scalp is itching and scaly, you should shampoo with castor oil, then apply a little of the quinine tonic, made by pouring 1/2 pint water (not hot) into 1/2 pint alcohol, to which is then added 1 ounce quinine. Occasional applications of this home-made tonic soon banish dandruff and correct unnatural oiliness. The faithful use of the quinine tonic will encourage the hair to grow in long and beautiful.

D. O.: Those troublesome hairs can be made to disappear like magic by applying a paste made with powdered delectable water. After 2 or 3 minutes it should be removed and the skin washed, when it will be found that the hairs have completely vanished. No pain or discoloration of the skin follows the use of delectable water.

Violet M.: Falling strength is not due to age in your case, because at 40 a woman should be at her best mentally and physically. What you require is a blood-purifier.

SPORT NEWS OF A DAY, HOME AND ABROAD

Local Notes. In the West End church league game last night the Fairville Baptist church team defeated the Ludlow street Baptist church team, 13 to 9. Ferris pitched for the winners and Malrose for the losers. In the Commercial League series last night the Baird & Peters team won from the McLeary Co. Ltd., by a score of 9 to 8. Lawlor and Evans were the battery for the winners and Bent and Nixon for the losers.

Conley in Lead. Gleaner—Bobby Conley has jumped into first place among the Fredericton hitters, with Brother Larry and "Hansel" Hoyt both giving him a hot battle for the honors. They are the only regulars of the local team in the 300 list.

Fitzgerald is in the select company however, with 302 as his figures, and when he has had an opportunity of studying the batters of the various teams in the league, his hitting will cause him to be chosen to do his share of the catching. In Fitzgerald and Murray the Fredericton club has the two best throwing catchers in the league.

The batting figures of the locals up to today:

Table with columns: Player Name, G, AB, H, Ave. B. Conley, 11, 41, 16, .383. Hoyt, 11, 41, 15, .366. L. Conley, 11, 41, 15, .366. Fitzgerald, 9, 30, 10, .333. Cram, 9, 30, 10, .333. Duggan, 9, 30, 10, .333. Bates, 9, 30, 10, .333. Fryer, 9, 30, 10, .333. Wildes, 9, 30, 10, .333. Murray, 9, 30, 10, .333. Brown, 9, 30, 10, .333. Ganley, 9, 30, 10, .333. Brennan, 9, 30, 10, .333.

Today's Game. The Houlton team will play the Marathons on the Marathons ground at 4:30 p.m. The pitcher for the Greys will be either Sweet or Winter. A good game is expected.

St. Peter's and C. M. B. A. Tied. In the inter-city baseball league last evening St. Peter's and C. M. B. A. played six innings to a tie, each team getting two runs. McGovern's pitching for C. M. B. A. was the feature of the game. A large crowd was in attendance and the class of baseball was far above the average. The teams lined up as follows:

Table with columns: Player Name, Position. St. Peter's: Catcher, C. M. B. A. J. Dever, D. Dever, P. Dever, Cribbs, McGuigan, First Base, McGowan, Irvine, Second Base, McCormack, Hanson, Third Base, H. Dever, M. Howard, Shortstop, Harrington, Oldham, Left Field, T. McGowan, A. Howard, Centre Field, C. McCormack, White, Right Field, Dowling, Haggarty, F. M. A. and St. Michael's are to meet tonight.

Injured Baseball. Halifax Recorder—Saturday's baseball game was an exhibition contest, but that was no reason that a number of the Standards should have made an exhibition of themselves. People paid their money with the same good faith to see players do their best as in a league contest, and that it was an exhibition is no excuse. The Socials played good ball, but careless fielding, baby tactics and arguments delaying the game such as was indulged in by some of the Standards are not wanted. It might go in some places, but not in Halifax. Our baseball patrons will pay to see good ball; they, however, will not stand for humbugging. It was indifferent actions on the field which killed professional baseball in Halifax before, and if the present pro-players will take a word of kindly advice they will profit by the lesson of the past.

Ford with Yarmouth. During the last week Yarmouth's semi-professional base ball team has defeated Summersville, Mass., in a series of games. "Lefty" Ford, of New England, pitching Thursday Middleton, N. S., was defeated 22 to 0, and again Friday 12 to 3, with local pitchers. The Yarmouth team is composed of James Saunders and Alexander McLaughlin, Yarmouth; Walsh of Lynn, Mass.; Burke, of Brockton; Sullivan, of

The 4 C's Dress-Making Dept. 68 Mecklenburg Street St. John, N. B., June 25, 1912.

Robuxby, Murphy of Massachusetts; Murray of St. John; Ford and Sweetland of Massachusetts. Two new pitchers will arrive in the course of a week. Ford pitched in St. John last season for the St. Johns in the N. B. & Maine League.

Lynch in Halifax. Bucky Lynch, who has been signed by one of the Halifax teams, is a St. John boy, and was on the roster of the Marathons at the first part of the season. He played with the Marathons last season, and is a good ball player. He ought to succeed in Halifax.

Diamond Sparkles. Ty Cobb has purchased stock in a \$300,000 corporation with stores in Detroit and Grand Rapids. He will be elected a director, and will have charge of the baseball goods department. Tyrus says he is preparing for the day when he quits the game.

One catcher was behind the bat for both teams for sixteen innings in the Commercial League double-header between Columbus and Yaxoo City at Yaxoo City, June 11. In the second inning of the first game the Columbus catcher was hurt, and there was no one to take his place. The Yaxoo City catcher volunteered to keep the game going, and it was so agreed by all in authority. Yaxoo City won both games.

As To Pitching. Rube Marquard, star southpaw of the New York Giants, who has won fifteen straight games, writes as follows: "Pitching is like making love. Everybody does it differently. Every spring you hear all sorts of stories about new and weird pitching tricks that are going to revolutionize the game. Some of these new balls are really good and some are not. The pitcher which I do not use, is one of a comparatively few freaks of pitching that is really done remarkable work."

Mathewson had a fast away ball that this ball, but none of them has the remarkable control of it that Mathey has. Freak balls are all right for a change, and a pitcher must have some curves and breaks to make good, but the foundation of all good pitching lies in two things—control and change of pace. A pitcher who hasn't got these two, and especially the first, is no good, no matter how many slants and queer jumps he can give to a ball.

That was the hardest thing I had to learn—control. You have to put the ball over the plate for big league batters. They don't strike at bad ones, and if you put them squares over the plate they hit 'em in the hole. This means that you have to work the sides of the plate, and that takes control.

Change of pace is necessary, because if you pitch every ball at the same rate of speed opposing batters soon learn to time and hit them. You have to mix up fast ones and slow ones to be used, or they will be able to tell which is a fast and which is a slow one before it leaves your hand.

What Might Happen. Now for a ball players' union, says an exchange. The players threaten to form one, having a grievance because Ty Cobb was laid off by Ban Johnson for hitting a spectator at New York. If they have the union they will demand:

One—Overtime after nine innings. Two—Double pay for Sundays and holidays, with Saturday half holiday from June to October. Three—Piecework scale: One base hit, \$5; two base hit, \$10; three base hit, \$15; home runs, \$25; special home runs with bases full, \$50. Four—Valet service in clubbing, street clothes to be presented daily while engaged on diamond. Five—Scale for fielding: pop flies, \$1; ordinary assists, \$1.50; extra long, \$1.75; catching thrown ball, \$1.25; if bounces; half hops, \$2; long bounds, no bonus; double plays, \$4; penalty for errors, 10 cents (first three excepted). Six—Schedule of 100 games only.

Boston in Exchange. A deal has been put through by Manager Johnny Kling of the Pilgrims which will send to Boston John Tius, an outfielder of the Philadelphia Nationals, in exchange for "Doc" Miller, the star right fielder of the Pilgrims. The trade will take effect immediately.

In discussing the trade, President John M. Ward of the Boston Nationals said: "The trade was made by John Kling and may be better for the interests of both teams. The trade will take effect immediately."

The deal came as a big surprise to the close followers of the Pilgrims. Miller was considered a valuable man and one of the best fielders and hitters of the Boston team. Last season he led the National League in batting. Tius played with the Phillies here for many seasons.

Cleveland Shake-up. Detroit, June 24—The Cleveland Naps are due for a sensational "shaking up." Davis has announced that the reconstruction will be Joe Jackson and Larry Laguda. This means the benching of Captain Olson.

Of the catchers, not one has proved himself of championship calibre. Livingston is an old team-mate of Davis and for this reason he probably will be spared, but it is asserted that O'Neill and Adams will be ditched. Grover Land probably will be recalled from Toledo.

Just who the Brown players Davis intend to get are not known. Earl Bitting, a Philadelphia high school boy, now with New Orleans, who was procured from the Naps, really is a wonder.

Hartel, manager of the Toledo crew, is a close and staunch friend of the Naps and he will be in all likelihood give Davis his choice of the Toledo men.

The Turf. A match horse race will be held on the race track at Halifax tomorrow when James Adams' Frank Patch will race R. Acker's Gallagher. There has been great rivalry between these two horses. The match is for \$1,000 a side and will be the best three out of five heats over a one mile course. Patch's record is 2:3 and Gallagher's 2:6.

The Rifle. Cadet Corps Match. On Saturday at the ranges the third league match of the cadet series was fired. The following are the scores of the St. Andrew's Church Cadet Corps:

Table with columns: Name, Score. Sgt. G. Fraser, 200; Sgt. W. A. Welford, 200; Lieut. W. B. Wisely, 27; Capt. C. P. Ingham, 27; Corp. F. Welford, 27; Pte. W. H. Henderson, 29; Lieut. A. E. Stephenson, 29; Col. Sgt. J. M. Gibson, 28.

fact that the ring for the July 4 contest measured but seventeen feet six and one-half inches, under the dimensions prescribed by the Marquis of Queensberry, and that the curtain ring broadened the Flynn chance for victory. "The ring looks big to me," Flanagan said after gazing at the already completed platform.

"How does the champion look to you?" Flanagan was asked. "Fine," was his reply. "I have not seen Jack much since we made our triumphant exit from Reno. Outwardly he looks like the same old Jack to me. However I have yet to see him stripped or in action. He is down to 220 pounds and that should prove that he is in good trim."

Betting Commissioner John T. Talbot, has commenced doing a land office business. Johnson rules favorite at ten to four and a lot of wagers, mostly small ones, were placed at that figure.

Brown and McGorty. Chicago, June 24—George "Knockout" Brown and Eddie McGorty, an Oklahoma fighter, have been matched to go ten rounds at Harbor Hotel on the afternoon of July 4, weight to be 138 pounds, at ten o'clock in the morning. McGorty is to do his training in Indianapolis, while Brown will work here.

Tex Ricard in New Role. New York, June 24—"Tex" Ricard, a former boxing promoter, is to be manager of a big land and cattle company, in Buenos Ayres which has just been organized in the United States with a \$1,500,000 paid up capital. Ricard has turned his back on politics and the roped arena and says he will devote the next five years to making money. The company has purchased 3,500,000 acres in Paraguay and will start with 100,000 head of cattle, which will be increased to 500,000 later on.

Attell for Lightweight Title. (Boston American.) Abe Attell, the former featherweight champion, will make a mighty effort to regain his lost ring prestige, when he clashes in a twenty round bout with "Harlem" Tommy Murphy in Daly City, Cal., on July 4. These men met in San Francisco last March and the New York lightweight won after twenty rounds of fast and furious fighting.

Attell is now in grand condition and he believes that he is destined to become the lightweight champion of the world. The wonderful little Hebrew has quit the ranks of the featherweights for good. He realizes that he would not stand the ghost of a chance of defeating the youthful Johnny Kilbane, the present title holder.

Abe, however, thinks he has an excellent opportunity to annex the lightweight title. Attell can defeat Murphy, he will be matched to clash with Champion Ad Wolgast some time in August, provided that the Michigan "Wildcat" is also a winner in his twenty round championship bout with Joe Rivers, which takes place in Vernon, Cal., on July 8.

Billy Nolan, who is now manager of Attell, has worked wonders with the former prize as they say. I am confident that he will win from Murphy. Abe realizes that his entire future depends upon the result of his bout with the Harlem real estate magnate, and, believe me, I say that he will battle like a wild cat from the tap of the gong at the opening of the first round until the contest comes to an end.

Johnson Favorite, Ten to Four. Flanagan of Toronto, who superintended Jack Johnson's training when the heavy weight champion prepared for his battle with Jim Jeffries, was in Las Vegas last week.

It is said by Johnson's corp of handlers that Professor Watson Burns will continue to look out for the champion and that Flanagan will shine in the roll of business manager. One of the first things Flanagan was acquainted with was the

DYKEMAN'S

A Great Bargain

In Fine White Organdie Muslin

We have secured a large lot of this muslin for dresses and waists at less than half its regular price and although the values run from 25 cents to 40 cents we have marked it at one price, 15 cents a yard, so that those coming first will no doubt pick up the best qualities. They are 34 and 36 inches wide and the qualities are good enough to make up into the finest of garments.

The Celebrated Nurse Nora Cloth

a wide cotton material, a substitute for linen, looks like linen and will launder like linen. It is 52 inches wide and only 25 cents a yard. Makes up beautifully into coats, suits or separate skirts.

LOCAL NEWS

NOT VERY PLEASANT

There was a very objectionable odor caused last night by a fire which started in the garbage barrel at the corner of South Market and Charlotte streets. The waste in the barrel was allowed to burn itself out and produced an odor that was by no means pleasing.

RE-OPENING CATHEDRAL.

At Christ Church Cathedral, Fredericton, Sunday evening announcement was made that the cathedral will be officially reopened on Saturday, August 24. It is understood that the date has been changed so that H. R. H. the Duke of Cornwall can be present, announcement having been made that His Royal Highness will be here on that date.

FAMED HALIFAX OARSMAN OF THE SEVENTIES IS DEAD

William Ross Passes Away at the Age of Sixty-Four—His Crew Beat the Logans of St. John

Wm. Ross, of Halifax, senior member of the famed Ross-Foley crew, died in Halifax yesterday. He was 64 years of age and has undergone three operations. He was in his sixty-fourth year. For years he kept a hat store in Grandville street, but retired from that business some ten years ago, and was appointed exchange broker at the immigration office.

The Ross-Foley crew were a pride to Halifax. There were no shells in those days, the course were always several miles in length and the Ross-Foley starting as amateurs defeated all local opponents and afterwards rowing professional, continued their unbeaten career, defeating among others the crack Logan crew at St. John. Their first defeat was by the Smith-Nickerson rowing crew, which the following year established the world's record for three miles at the Centennial Regatta, Philadelphia.

Mr. Ross was the senior member of the four, and those with him were Robert J. Foley, John H. Hutton and Arthur (now Captain) Marvin Hutton. John H. retired in 1873. Michael Inglis replaced him, and Captain Marvin retired in 1875, and John Mann took his place. Not only Mr. Ross' ability as an oarsman, but his keen judgment, his knowledge of equipping rigging boats, and having the faculty of knowing what to do at the proper moment, were always recognized by the others. He was, however, very modest about his abilities in this respect, and always ready to give credit to others.

After the crew retired from rowing, Mr. Ross took the keenest interest to advance aquatic sports, both professional and amateur. He was a member of the Halifax Rowing Association, and his well known fairness, his experience, his knowledge of the water, made him greatly in demand to referee aquatic events. He was referee at the last big carnival regatta at Halifax.

A NEW BRUNSWICK NURSE WEDS SCULPTOR WHO WAS DIVORCED

Miss Anna Benjamin Bride of Frank E. Elwell in New Jersey

Jersey City, N. J., June 25—Announcement of the marriage of Frank Edwin Elwell, a sculptor, to Miss Anna Benjamin, New Brunswick, Canada, today came as a surprise to the artist's friends. Mr. Elwell was badly injured in a fall about six months ago, and Miss Benjamin, a trained nurse, was engaged to care for him. They will spend their honeymoon in Canada.

Mr. Elwell's first wife obtained a divorce last year on the ground of desertion.

CATHEDRAL WEDDING

A wedding of much interest was solemnized in the cathedral at a quarter to six this morning, when Miss Agnes DeForest was united in marriage to John Perry. A large crowd gathered to witness the ceremony. The bride wore a handsome suit of lawn silk with black hat. She was escorted by her sister, Miss Alice DeForest, who was dressed in a navy blue suit with black hat. The groom was assisted by Thomas Graham. The bride received many handsome gifts.

Mr. and Mrs. Perry left this morning on a honeymoon trip to Boston, New York, and other cities in the United States and on their return will reside in this city.

In St. Bernard's church, Moncton, Daniel Landry of Amherst, was united in marriage to Miss Salome M. LeBlanc, daughter of Mrs. Denis J. LeBlanc, of Moncton. In St. Dunstan's church, Fredericton, Miss Cora Graham, daughter of Thomas Graham, and Arthur McMorley were united in marriage.

TODAY'S POLICE COURT

It has been unusually quiet in police circles during the last few days and the court has had very few prisoners to deal with. This morning there was one charged with drunkenness and he was fined \$8 or two months in jail.

Margaret Sullivan, who has been serving a term of two months in jail was allowed to go this morning, as friends in Moncton had asked her release and had promised to take care of her.

Percy Wright, who was arrested some time ago for breaking into a shoe shine shop in Union street and stealing \$81 was allowed to go on suspended sentence. His uncle is to take him west with him. The magistrate warned him that if ever he misbehaved himself again, he would be sent back and sent to the Industrial Home for four years.

James Daly, arrested last night on begging charge and he belonged to British Columbia. He was allowed to go on condition that he take this morning's train and go as far as it as his money will permit.

WANT FOXES REGISTERED

Charlottetown Patriot.—The fox ranchers of this province are calling out for the establishment of some system of registration as is done in the case of horses and cattle. The inducement is assuming such dimensions, and the danger from the introduction of inferior stock from the mainland is so great that some assurance must be provided.

BODY OF FRED FLAHERTY IS RECOVERED

Missing Man Found Drowned in Magee's Slip This Morning—Disappeared on June 8

The mystery surrounding the disappearance of Frederick J. Flaherty from his home in Charles street seventeen days ago, however, it was explained by Coroner Berryman, who practically decided that the cuts and bruises would hardly indicate foul play. He left his home on the night of June 8 saying that he was going out to get shaved. He was a young man of very exemplary habits and when he did not return that night, his people began to worry about his safety. Word was sent around to different towns in the province and elsewhere where friends of the family resided. It was thought for a time that he had gone to Boston to visit a brother, as he had told his brother that he intended going to Boston. But there was no word from the anxious ones until today.

The deceased was only twenty-seven years of age. He was employed with William Daley, beer manufacturer in Brussels street. He resided with his widowed mother in Charles street and bore an excellent character in the community. His father, John S. Flaherty died here only about two months ago. Besides his mother, he is survived by two brothers and three sisters. The brothers are Frank and William of this city, the daughters are Mrs. W. J. Quigg of Fairville, Miss Ethel and Miss Margaret at home.

The funeral will take place tomorrow afternoon at 2:30 o'clock from P. Fitzpatrick's undertaking rooms in Waterloo street.

THE DEAD WHO ARE ALIVE AGAIN AND LOST WHO ARE FOUND

Here's a St. Johner Who Wants to be Back For Old Home Week—Enthusiased Over Progress

The benefit the city is receiving in addition to the efforts of the 1912 Club in connection with the Back to New Brunswick Week is illustrated by the letters which are being received daily by the secretary of the board of trade. This movement, more than anything else, is helping to make known from one end of the continent to the other the tremendous development, which is taking place in St. John and the quality secured, already gives promise of substantial and lasting results. One of the latest letters follows.

Sault Ste. Marie, Canada, June 22nd, 1912.

W. E. Anderson, Esq., Secretary Board of Trade St. John, N.B.

Dear Sir:—I am in receipt of a circular letter written by you under date of May 25th and addressed to "Our Friends from New Brunswick" in which you start off by apologizing for sending out letters of this description. Well, I do not think you have anything to worry about on that account, as it was checked full of interest to me, as I am sure it must have been to all who were fortunate enough to receive a copy. Why, when I read this, I just felt like sending up a loud holler, "The dead who are alive again, and the lost who are found." Your list of things doing and going to be done is indeed a great one, and doubtless like the snowball it will grow, but even if it didn't, there should be sufficient to satisfy the greatest kicker. I have tried to keep in touch with what was going on, but was not prepared for so much, and therefore am the more delighted.

In addition to your letter, I received a private post card, which being freely translated, reads: "Yo donkey, why don't you come home?" Well, this is all right, but I think it should be supplemented by another, showing the poor devil who is just wild to get home but can't, which might embrace as many as the other, for while thousands will be with you, there would be thousands more if their inclinations were not weighed down by impediments, which could only be overcome by either having the wings of a dove or a shower of gold.

Since reading your letter my mind has been full of the matter, and at night I lay awake, walking through the streets of the dear old city, taking in the old haunts and looking for old friends, who have gone to the other side, and again trying to picture the great changes which have or are about taking place, and especially of the Courtenay Bay transition which has seemed to me like dreams, for until very recently, I thought impractical, if not impossible, and cannot quite reconcile myself to it yet; and with all this comes to me the old and now more than ever true—city motto, "Fortunati Quorum Jam Mensura Surgunt."

I should dearly love to be with you, but falling in this I can only hope that the "Home Coming" may be the success it deserves to be, that you will send me as to the future of the city and province may be more than realized. I shall take it as a favor if you will send me an occasional paper containing the best accounts of your big week.

Very truly yours,
F. A. KING.

An enclosing our last Board of Trade report.
