

MARRIAGE LAW HEARING ENDS

Judgment Will Be Delivered at Later Date

THE QUEBEC SYSTEM

Marriage for Many Classes of People, Including Infidels, Not Provided for in Regulations of that Province.

Ottawa, May 31.—Argument in the reference by the Dominion government to the supreme court of questions with regard to its jurisdiction in enacting the Lancaster marriage bill, was concluded at one o'clock this afternoon after a hearing of four days and a half. Judgment will not likely be rendered for some time.

The right of the Dominion government to ask the questions submitted in these references and its right to insist on a reply, was presented to the court at the closing session by E. L. Newcombe, deputy minister of justice. He asked the court to answer all the questions and also if the question as to the jurisdiction is to be answered in the affirmative, that the court suggest or advise the government in the matter.

Mr. Lafleur, K. C., for the promoters of the bill, followed Mr. Newcombe and closed the argument.

At its conclusion the chief justice said that the court was extremely indebted to the leaders of the bar participating in the argument, and stated that the court greatly admired the courtesy which was manifested during the hearing.

Mr. Newcombe referred to Mr. Hellmuth's statement that he had no instructions from the government. He either was instructed or he was not, he said. "Mr. Mignault," he said, "had no instructions. This bill is predicated upon nothing, but the solemnization of marriage."

Mr. Newcombe continued: "It was maintained that it did not relate to solemnization, but the law of solemnization, and the law of solemnization is an overriding power. There is really only one question, and that is the view of the court of judicial opinion, it seemed necessary to submit the question."

HARRIMAN IS HIMSELF IMPLICATED

Accused of Providing Darrow With Funds To Bribe Jury.

Former Socialist Mayorality Candidate in Los Angeles Gets a Surprise at Trial—Bert Franklin Examined.

Los Angeles, Cal., May 31.—Job Harriman, late candidate for Mayor of Los Angeles on the socialist ticket, today at the trial of Clarence S. Darrow for alleged jury bribing, heard himself accused of being the man who provided Darrow with the alleged bribe money. Later in the day he heard the same witness, Bert H. Franklin, testifying for the state quote Darrow as saying to him: "If you mention my name, I want you to say to mention what you know about Job Harriman."

Franklin's testimony on direct examination was of a dramatic nature in the extreme, the witness departing from his apparent willingness to tell all he knew to a seeming loquaciousness which he subsequently drew into his story of jury corruption.

Franklin related numerous conversations with Darrow in which the latter's course was discussed. He did not fear conviction for the attempt to bribe Lockwood, he said, but Lockwood Davis had been conducting negotiations with the District Attorney with a view of getting the latter to accept a plea of guilty on the part of Franklin. In the event of such a plea, and the imposition of a fine of \$5,000 as anticipated, Darrow had told him, the witness said, that he would pay the fine and in addition give him \$2,000. "The \$3,000," said Franklin, "was for the protection of my family and I could not reveal my reputation in the community."

At a later date a question was suggested by Davis, and the witness, in answering a story of a Franklin-Darrow go-between in order to save the latter, but Franklin told them, he said that Assistant District Attorney District Attorney Lunney was defeated through the machinations of Mr. Pugsley.

MR. PUGSLEY AND MACHINE METHODS OPENLY DEFIED

AT MEETING LAST NIGHT WILL BUILD ROAD FROM END TO END

City and County Conventions of Opposition Stormy

CERTAIN DEFEAT AWAITS TICKET

Will the Telegraph Dare to Assert there is "Complete Harmony" in Local Opposition Ranks Now? -- Very Easy Victory for Six Government Candidates.

Machine tactics were much in evidence at the opposition convention to select city candidates, last evening. Ignoring the chairman, R. T. Hayes, Mr. Pugsley took charge of the proceedings several times, but his efforts to pour oil on the troubled waters were not so successful as usual. A goodly percentage of delegates openly resented his tactics and vociferously asserted that they were not getting a square deal.

The convention was obliged to swallow the machine ticket, Foster, Knowlton, Mahoney and Kierstead, but it did it with a wry face and only after a vigorous fight on the part of the insurgents.

Although he carried his point, Mr. Pugsley was very evidently dismayed by the attitude of the insurgents. At times there was a look of sheer terror on his face; his eyes bulged, the cords of his neck twitched spasmodically, his hair was damp with sweat, and his hands were shaking.

Edward Lantlam, the old Liberal warhorse, was not present and a popular attempt to nominate his nephew, Dr. Lunney, was defeated through the machinations of Mr. Pugsley.

TAFT AND ROOSEVELT BOTH ACCUSED OF FATHERING RECIPROCITY MEASURE

THE BLAME

Then the Republicans Seek to Implicate Champ Clark — President Fathered Bill On Advice of Ex-President.

Washington, May 31.—Responsibility for Canadian reciprocity was debated in the house today during consideration of the Military Academy appropriation bill. Representative Shackelford, of Missouri, (Democrat) asserted that the reciprocity bill, a repeal of which was placed on the house agenda last session, was the work of President Taft and a "former president." Representative Prince, of Illinois, (Republican) retorted that the democratic speaker of the house was a bed-fellow of President Taft on the reciprocity question.

Mr. Prince isolated the people would hold the democrats responsible. Representative Lloyd backed Mr. Shackelford in reiterating that President Taft "fathered the measure up on the advice of an ex-president."

Representative Beaumont of Minnesota presented a petition, signed by 11,000 "farmers who farm," asking for the repeal of the reciprocity bill, lest Canada at some time accept its terms.

Representative Good, of Iowa, suggested it be passed over to the democratic members to sign.

"Better send it to President Taft," suggested Representative Lobeck of Nebraska.

Representative Ogden of North Carolina, wanted to know if the petition was signed "before or after Col. Roosevelt changed his mind."

Mr. Beaumont said he was very proud Col. Roosevelt had changed his mind and only wished the democrats would do likewise.

IMMORALITY IS RAMPANT IN REGINA

Shocking Conditions of Vice and Debauchery in Western City—Moral Reform League Inactive.

Regina, Sask., May 31.—That immorality is not only among young men and young women and girls, but among married people, exists in Regina to an alarming degree, is the accusation of Magistrate Grant, who wants to know when the social and moral reform league is going to keep the city clean.

"I know for a fact," said the magistrate to a reporter, "that some men in this city are making a regular practice of changing their wives with one another. Immorality is rampant among the young girls of this city, particularly stenographers and clerks. Some of the apartment blocks are veritable hives of licentious debauchery and are used as a rendezvous by young couples for immoral practices. Any evening you may see these girls climbing the stairs of the apartment blocks to visit young men who have rooms or suites, and there they remain until all hours of the night."

"Only recently evidence was submitted during a trial before me to the effect that at a certain dance hall in the east end, respectable women are allowed to attend the dances free, while an entrance fee of fifty cents is levied against those women who are known to be leading immoral lives. That in itself is a pretty good indication of the condition of things which exist in this city today."

"It seems to me that the time has come when some kind of a check should be put on such practices. What is the Social and Moral Reform League doing in this city? Beyond knowing the name of the organization that is all the evidence we have of its existence. It seems to me that there is a large field for the organization to do some good work, yet apparently nothing is being done."

MONCTON BOARD OF TRADE ELECTS ITS OFFICERS FOR YEAR

Programme for Entertainment of British Manufacturers Adopted at Annual Session—Liquor Dealer Convicted.

Moncton, May 31.—The Gaekin investigation was concluded today and Commissioner Adair of Sussex will later report the result. A number of other cases are to come up.

L. Comeau of St. John, was before the Magistrate today charged with sending liquor into a Scott act county. He was convicted and fined fifty dollars and twelve dollars costs.

At the annual meeting of the Board of Trade tonight officers for the ensuing year were elected as follows:—M. Lodge, president; H. C. Charters, vice-president; W. H. Friso, secretary; treasurer; J. A. Marven, H. J. Gordon, J. F. Edgett, C. H. Boudreau, F. R. Sumner, A. C. Chapman, W. G. Jones, G. H. Clark, members of the council; H. J. Gordon, W. G. Jones, A. C. Chapman, auditors. The membership of the Board was reported at 171. The programme for the entertainment of the British manufacturers on June 12th, which includes trips to the oil and gas wells and shale properties, a banquet and a natural gas demonstration was adopted.

OUTLOOK FOR FARMERS DARK

Heavy Rains With Small Chance of Abatement Make Prospects Bad in Quebec—Seeding Late.

Montreal, May 31.—Tremendously heavy rains throughout the province causing a backward season with little or no growth except grass in old meadows, is the report of agricultural conditions given by Prof. E. Barton, stationed at the experimental farm in connection with Macdonald College at St. Anne De Bellevue. The outlook is far from bright owing to cold, damp weather. Many farms are literally under water and great damage has been caused, while farmers who had not completed all their fall work, have suffered heavily owing to the impossibility of getting at the land.

Seeding will not be completed until the last of June, many farmers not having yet commenced, even the seeding of oats in many cases being very far from complete.

Live stock is reported as being generally in poor shape, owing to entering the stalls in poor condition on account of dry pastures last fall.

It is expected that the corn crop may solve some difficulties, it being suggested that many meadows showing no growth be ploughed under and sown to green corn.

The horticultural department reports that the setting out of crops is nine days late. The orchards in bloom have suffered from heavy rains which have interfered with pollination and shortness of crop is feared.

KINGS COUNTY IS THE BEST

Highways New Infinitely Better than Under Old Administration — Candidates Address Enthusiastic Meeting of Voters

Special to The Standard.

Head of Millstream, May 31.—Any hopes which the opposition force hereabouts may have entertained for victory in the coming election must disappear after the rousing meeting held here last evening by the supporters of the government. In spite of the heavy downpour of rain, the hall was packed to overflowing. The crowd came from distant points to hear the candidates for Kings, and to express by their presence their hearty endorsement of the Fleming administration.

The meeting was presided over by Isaac Gaunce who in opening the meeting delivered a brief address. He brought to the attention of the audience the benefits which had resulted from honest administration of the affairs of the province under Premier Fleming and his colleagues of the government. As regards Kings county, the comparative condition of the roads and highways at present and under the old administration give sufficient evidence of the benefits which have accrued since the former government was swept from office in 1905.

The first speaker of the evening was H. V. Dickson, who, in an able address dealt with the agricultural policy of the government. He pointed out the excellent work which is being done in the interests of the farmer by the government. Experts have been employed to go among the farmers and explain to them how they can obtain better results. The most approved methods have been brought right to the farmer, and he has been given the advantage of learning the most advanced systems of conducting his farm without having to undergo the expense of attending an agricultural college.

Geo. H. Jones and Hon. J. A. Murray, the other two candidates, addressed the meeting on the policy of the government, and were received with great enthusiasm. The whole meeting was marked by optimism. Reports from various sections are most encouraging and a complete victory for the government candidates is predicted.

MAN SUSPECTED OF HALIFAX MURDER

NATIVE OF BOSTON

Special to The Standard.

Halifax, May 31.—The man arrested on a charge of being the murderer of Thomas Donaldson, of the Bedford Road was brought from Windsor to Halifax tonight by Detective Hantzban and as soon as he entered the police station Chief Rutland identified him as Hubert Grant, of Boston. Ten days ago he came to the police station saying he had lost his money and asking the chief to wire for funds to his brother, Newbury Building, Mass. Avenue, Boston. He gave the brother's name as Henry D. Grant.

The message was sent, but the brother refused to answer beyond telling the telegraph company that he would have nothing to do with him.

Grant allowed himself to be photographed this evening. As he was entering the police station he became annoyed at the crowd around the door seeking to get a glimpse of him and said, "What in hell are you looking at?"

The police say he has made no admission but has not asserted that he is innocent.

He will be arraigned tomorrow.

MINISTER OF TRADE AND COMMERCE GOES TO THE OLD COUNTRY

Hon. George E. Foster Sails on Tunisian to Attend Session of Imperial Trade Commission.

Ottawa, May 31.—Hon. Geo. E. Foster, minister of trade and commerce left this afternoon for England to be present at the meetings of the Imperial trade commission of which he is a member. He sails from Montreal on the Tunisian. The minister of the Interior, Hon. Robert Rogers, has gone west to attend the Conservative banquet at Regina, June 10.

WILD MAN OF BORNEO DIES AFTER A LONG EVENTFUL CAREER

Plutano, Captured Some Years Ago and Exhibited by P. T. Barnum—No Larger Than a Child.

Boston, Mass., May 31.—Plutano, the last of the famous pair of "Wild men of Borneo," died at the home of Mrs. Warner, of Waltham, today. Plutano is believed to have been about 22 years old and with his brother, Wano, who died in 1905, had travelled all over the world.

Plutano and Wano were among the most famous freaks exhibited by the late P. T. Barnum. The pair were brought on a ship to this country in the early 20's and were said to have been captured on the island of Borneo. Plutano and Wano were not larger than the average ten year old boy, but were possessed of prodigious strength and each could lift with ease, two heavy men, a feat that was a regular part of their exhibition.

The wild men were never able to speak English.

RUSSIAN KILLED BY FALLING FROM RAILWAY HANDCAR

Kingston, Ont., May 31.—A Russian named Ukrank was killed and another named Arfodo badly injured while running a handcar on the C.P.R. Ukrank's hat blew off and he let go his hold on the handles. He fell off and the wheels of the car went over him. His skull was fractured. Arfodo was also thrown off and he suffered injuries to the base of his skull.

MOOSEJAW'S NEW PUBLICITY IDEA STRIKES A SNAG

Winnipeg, May 31.—It is reported here that tomorrow the enterprising publicity commissioner of Moosejaw, Sask., is sending out 50,000 postcards bearing the slogan: "To Hell with poverty; come to Moosejaw." Orders have been issued by the post master general's department at Ottawa to turn all these over to the dead letter department.

Records of Candidates Show Their Weakness

BEST MEN REFUSED

First Choice of Opposition Declined to Take Chances—Copp Tries to Sustain Ebbing Spirits of Followers.

Woodstock, May 31.—Everything went badly with the opposition convention today. The heavy rain all day was discouraging and when a rainy attended convention met at Hartland in the afternoon, there were no candidates in view. Andrew McCain, of East Florenceville, positively refused to go on the ticket.

Dr. Curtis, of Hartland, whom it was thought would be pleased to have the convention in that village, instead of Woodstock, was approached, but answered that he was not anxious to enter politics. If at any time he intended to do so, he would pick his own time and this election was the least opportune for a victory. Hon. W. P. Jones, Henry McCain, A. R. Foster, Harry Carroll, C. F. Gallagher and Major W. C. Gidd had refused to have anything to do with it some days ago.

Finally to keep Premier Fleming in the county, a straw ticket was put in the field, consisting of Geo. W. Upham and C. L. Smith, of Woodstock, and Frank B. Shaw, of Victoria. It is believed these gentlemen will not be able to save their deposits.

When their government was in power with all that money in this county, these men contested elections here. Mr. Upham was defeated on March 2, 1906 by 130 votes. He won on Dec. 1, 1907, over W. J. Owens by 88 votes, the latter conducting a pure election without money or run.

C. L. Smith was elected in 1899 by 60 votes and retired shortly afterwards to become postmaster at Woodstock. J. B. Shaw was defeated in 1903 by 125 votes and again defeated in 1903 by 62 votes.

PARRSBORO BANK BRANCH CLOSED DOORS YESTERDAY

Fire of Incendiary Origin Destroys Barn and Contents in Early Morning—Insurance Amounts to \$500.

Special to The Standard.

Parrsboro, May 31.—A barn belonging to Concellor Sullivan with all its contents, consisting of ten tons of hay, some straw and other goods, was destroyed by fire about three o'clock this morning. The fire was undoubtedly of incendiary origin. The barn and contents were insured for five hundred dollars.

The Parrsboro agency of the Bank of Nova Scotia, which was opened ten years ago, was officially closed today and the business of the agency has been transferred to the Royal Bank of Canada. The closing of the Nova Scotia agency leaves only two banks in town, the Royal and the Bank of Commerce.

WARM WELCOME FOR PREMIER

Bathurst Will Accord Mr. Fleming Rousing Reception Next Wednesday—Natural Resources Being Developed.

Special to The Standard.

Bathurst, N. B., May 31.—On the application of the principal rate-payers of Bathurst and Bathurst Village that a vote be taken on incorporation, a ballot was taken here today, resulting in a vote of 3 to 1 in favor of the measure. This was the preliminary step taken in connection with the establishment of pulp and paper mills in this town.

The assurance given in the manifest of Premier Fleming as to the encouragement of the natural resources of the province gave great impetus to this movement and a syndicate of Canadian and American capitalists who own the Bathurst Lumber Company and Adams Burns Company and have secured control of the Grand Falls water power, purpose running the mills, including pulp and paper with hydro-electric power.

As this means the development of an immense business on the North Shore it will undoubtedly prove a great factor in the election of the candidates favorable to the Fleming government. The Premier is expected here on Wednesday June 6th. Excursion trains have been arranged for from all points in the lower end of the county and the Premier can be assured of a warm welcome on this, his first visit since he has become the leader of the government.

EIGHT HOUR CLAUSE TO BE INCLUDED IN ALL CONTRACTS, NOW

When United States is Party to Agreement, Proviso Requiring Short Day Must be Inserted.

Washington, D. C., May 31.—The Senate today passed the eight hour house eight hour bill requiring that every contract made in which the United States is a party shall contain a proviso that no mechanic or laborer shall be permitted to work more than eight hours in any one day.

OUR TORIC LENSES. Are the Best that are Made. D. BOYANER, 38 Dock Street.

MR. PUGSLEY AND MACHINE METHODS OPENLY DEIFIED LAST NIGHT

Continued from page one. Row in County, Too. In the county convention Mr. Lowell had an equally strenuous time, and at one period the fight grew so fierce that a hurry up call was sent to Mr. Pugsley. The county delegates wanted to force the nomination on Mr. Lowell, but he would not have it, pleading that his health and other personal reasons would not permit him to enter politics at this juncture...

When the city convention was called to order, Mr. Hayes took the chair. Mr. Hayes said he was not familiar with the chairman's duties and asked for instructions. Mr. Pugsley started to give the views of the matter, but the delegates showed a disposition to run their affairs and Mr. Pugsley sat down.

Presently the chairman called for nominations and the following were nominated in the order named: W. J. Mahoney, Walter E. Foster, Dr. J. M. Smith, F. J. B. Knowlton, Dr. T. H. Lunnay, W. Kierstead, Dr. E. Scully, Dr. W. F. Roberts, J. V. Russell and R. T. Hayes.

After the appointment of scrutineers, the roll of delegates was called. Quite a number of delegates failed to respond to their names. As the names of the delegates were called and they were heard to rise and go to their seats, Mr. Pugsley remarked that he had information that Dr. Roberts, Dr. Lunnay, W. E. Scully and Dr. M. Smith would not accept a nomination, and that it would be a sad thing to nominate men who would not accept the nomination...

Mr. Pugsley tried to run things. The chairman asked that Dr. Roberts' name be withdrawn. This was agreed to without much trouble.

GOOD HEALTH FOR YOUNG GIRLS They Need the New Alood Dr. Williams' Pink Pills Actually Make.

Perhaps you have noticed that your daughter in her teens has developed a fitful temper, is restless and excitable. That she complains of weakness and depression; feels tired out after a little exertion; appetite variable, complains of headaches and is growing pale. In that case remember that the march of time is leading her on to womanhood, and that at this period a great responsibility rests upon her. These are symptoms of anaemia—that is bloodlessness, and no time should be lost in increasing and enriching the blood supply. Unless your girlhood almost always leads to unhealthy womanhood. All young girls in their teens need not only Dr. Williams' Pink Pills, which enrich and increase the blood supply, and give sickly drooping girls the bright, healthy, rosy cheeks and good looks that are the mark of a young girl who is well and happy.

Dr. Williams' Pink Pills are sold by all medicine dealers or can be had by mail for 50 cents a box or six boxes for \$2.50 from "The Dr. Williams' Medicine Co., Brockville, Ont."

Mr. Anderson the duty of saving the ship of state. Mr. Pugsley avoided provincial issues. Mr. Pugsley tried to run things.

MARRIAGE LAW HEARING ENDS

Continued from page one. It may be said there are five or three questions, but in my view there is really one. What exists is an investigation of the court. It is an important subject and when the bill came up it was stated on high authority that the matter was doubtful, so the government concluded to let it stand over.

Important Question. "Question 2 is most important and I respectfully request that it be answered on its merits if the conclusion be favorable to the jurisdiction of parliament. It may be so that all parties are not represented here, but this is in all cases, if the Hebert case comes to this court, there are hundreds of others who will be affected by the decision, yet they are not represented here. Public and private interests are affected. If the conclusion is that parliament has jurisdiction on this subject, it should not fall to advise upon every interrogation. If an opposite determination is reached, a different situation is before us. I submit that questions one and three should be grouped."

Justice Dighton—"Supposing the court decides that the bill is badly drawn, the question one being overlooked. Eugene LaFleur, K. C., associate counsel for the promoters of the bill allowed Mr. Newcomb to reply to the argument of counsel for the opponents. He again took up the question of rights given at the time of the contest. He contended that the rights had been given to the Roman Catholic church, which they may have been given to the individual members. Mr. LaFleur—"And there's no place or association where they can register."

Counsel reiterated his argument on the publication of banns and with respect to the clause of which he held were no impediment.

Mr. LaFleur—"And there's no place or association where they can register."

ST. JOHN, N. B., SATURDAY, JUNE 1, 1912.

MUCH LUBRICATION REQUIRED.

Had the ex-Minister of Public Works failed to attend the Liberal Convention last night there is a strong belief that it would have broken up in a riot. As it was required all the obnoxious qualities of Mr. Pugsley to carry through the cut and dried programme that had been arranged earlier in the day as to the candidates who would be nominated. In addition to those selected the names of Dr. J. M. Smith, ex-Alderman W. E. Scully, Dr. W. F. Roberts and Dr. Lunney were brought before the convention and everyone of them appeared to have more or less supporters.

Mr. Edward Lantulum, who has hitherto been a prominent figure in all nominating conventions of the Liberal party in this city, and who has frequently been called upon to pour oil on the troubled waters, was this time distinguished by his absence. The reason is not hard to find. Mr. Lantulum has been a life long Liberal and taken a more prominent part in the conduct of party affairs than any of its existing members. Since 1908 Mr. Pugsley has most consistently turned down almost every proposition made by Mr. Lantulum notwithstanding the fact that in 1905 he saved the Liberal Government ticket from defeat in the city of St. John by taking a place upon it. It is probable that last night when Mr. Pugsley, finding himself surrounded by a riotous horde instead of a gang of subservient supporters, regretted that he had not Mr. Lantulum on his side to assist in calming the tumult down.

The convention had not proceeded very far with its business when it was evident that everything had been arranged by the machine before hand, and when Mr. Pugsley tried by a process of elimination to get rid of the extra luggage the members of the convention were not slow to inform him that they were sick of machine tactics and demanded a square deal. Mr. Scully, Dr. Smith and Dr. Roberts were disposed of without much difficulty, Mr. Pugsley explaining, apparently on somewhat doubtful authority, that none of these gentlemen desired to run.

When he reached the name of Dr. Lunney, Mr. Pugsley struck a snag. The doctor is a nephew of Mr. Lantulum, and when Mr. Pugsley informed the gathering that he also declined to run, an independent selector made the statement that at five o'clock Dr. Lunney had stated his willingness to be a candidate if nominated. This was rather an awkward poser, but when bent on having his own way Mr. Pugsley is never much concerned regarding the statements or wishes of others, and Dr. Lunney went down to oblivion with the rest whom the machine had rejected. As pre-arranged, Messrs. Kierstead, Foster, Knowlton and Mahoney, the machine candidates, received the nomination.

Before the scrapping was over in the city Mr. Pugsley was called into the County Convention to settle a difficulty that had arisen, but as that organization wisely met with closed doors, the extent of the difficulty was not learned, and Mr. Pugsley was back in time to take a place on the platform and address the delegates, whom he asked to work in harmony. This request naturally had a noticeable effect on the risibilities and irritabilities of the audience.

Before concluding his address Mr. Pugsley found it necessary to refer to what he had done for the city of St. John while at Ottawa and what he would have done had the Government of which he was a member not been defeated. The claim of Mr. Pugsley was so broad that some one in the audience was moved to ask why he didn't build the Valley Railway twenty years ago. This was too much even for the ex-Minister, who could only promise to answer the question "later on."

When he did answer it Mr. Pugsley stated that he was not in the House twenty years ago, but he omitted to say that somewhere about that time he had issued a very florid circular during a political campaign promising to secure the construction of this road at an early date, if elected. Mr. Pugsley, somewhat incautiously, referred to his introduction of a measure in the House of Assembly in 1907 providing a guarantee of \$15,000 a mile for the construction of the Valley Railway. He failed to tell the convention that the railway he proposed to construct commenced at Westfield and ended at Centreville. There was no provision whatever for the road coming to St. John or connecting with the National Transcontinental line. It was to be part of the Canadian Northern, but its terminal was twenty miles from this city and the only guarantee he had that would be built was a telegram from Mackenzie and Mann stating that they would investigate the matter and enter into a contract "providing we find the route satisfactory from engineer's and traffic standpoint. The contents of this message can be used at your discretion." This latter clause was the most important of all because a Provincial election was pending at the time. There are several other things about this road which Mr. Pugsley failed to throw light on before closing his speech.

It cannot be said that Mr. Pugsley appeared to great advantage at the Opposition gathering. The delegation was not in sympathy with him and appeared more willing to criticize than endorse his candidates and his views. It is evident that a large section of the Liberal party in this constituency is not satisfied with the present leadership. They think it is time, and not without reason, for a change.

THE OPPOSITION IN ST. JOHN.

The convention to nominate candidates to support the Opposition at Fredericton was held last evening and Messrs. J. W. Kierstead, W. J. Mahoney, W. E. Foster and F. J. G. Knowlton were selected as standard bearers. The Telegram and Times have been pleased to refer to the ticket nominated by the supporters of the Government in St. John as a weak one. The gentlemen selected on the Opposition side have no individual strength and form a ticket much weaker than any the Liberal party have nominated in recent years. Not one of them is well known in the community outside of a small clique of personal friends.

Mr. Kierstead served a term in the City Council as alderman with no great credit to himself or benefit to the city. Not one of the others has hitherto entered political life, although all have been more or less prominently identified with the workings of the party machine in St. John, particularly in the last two or three campaigns. Mr. Foster is a prominent merchant identified with a large wholesale dry goods business. Mr. Knowlton, although a lawyer by profession, hardly ever appears in court but gives most time to the conduct of his

insurance business. Mr. Kierstead is in the same line of business and Mr. Mahoney is a lawyer. The selection of these gentlemen will not give any more satisfaction to the party in general than it did to the delegates who objected to Mr. Pugsley's machine tactics last night. In choosing Mr. Mahoney a number of persons have been turned down who have been identified with the Liberal party in this city for a much longer period than he. They have been freely expressing themselves on the streets as opposed to his nomination and have threatened to withdraw their support from the Liberal ticket. Mr. Pugsley was confident before the convention held in January, 1911, for the purpose of nominating candidates for the Dominion and Provincial Legislatures there have been internal troubles and discord in the Liberal ranks.

To such an extent had trouble spread that before the last Dominion election a sub-committee from the general committee of the Liberal party was appointed to see if it was safe to call the nominating committee together. After much log rolling the delegates convened and nominated Mr. Pugsley and Mr. Lowell as candidates for the Dominion House. Mr. Pugsley was confident before the convention, and for some time afterwards, that he would secure his election by at least a thousand majority and carry Mr. Lowell with him. When the votes were counted Mr. Pugsley's majority was 65 and Mr. Lowell was defeated by 110.

The internal condition of the Liberal party at the present time is even worse than it was last year. The dissatisfaction has spread to such an extent that the old delegates, although nominated for the specific purpose of choosing candidates for both Dominion and Local elections, were not called upon to meet for the latter purpose. They were ignored. Another convention was held and fresh delegates appointed who selected the candidates above mentioned.

There never was a time in the political history of St. John when the Liberal party was so weak as it is today. A very large portion of the party has no confidence whatever in its leaders, who made it a practice to set aside the claims of old timers and distribute all the good things amongst a few new comers into the party, who entered its ranks for what they could make out of it while the Laurier Government was in power.

This sentiment had a good deal to do with the small majority Mr. Pugsley received in the last election, and also aided in the defeat of Mr. Lowell, who failed to arouse the confidence of the party which he presumably represented. The division in the Liberal party has already strengthened the Government in St. John and will play a no small part on June 20th in the defeat of the Opposition candidates.

INTRA-EMPIRE TARIFFS.

The Vancouver News-Advertiser has been reviewing the activities of Hon. G. E. Foster, Minister of Trade and Commerce, in the direction of better intra-empire trade relations through a system of preferential tariffs, and concludes that not only will the Conservative party of Canada endorse Mr. Foster's programme but the Liberal party as well will be forced to recognize the value of these preferential schedules. Mr. Foster has effected a preferential arrangement with the West Indies and is now negotiating with both Australia and New Zealand with the object of admitting a similar tariff with them. That is to say, there is under way among the Overseas Dominions a movement which is certain to culminate in an intra-empire tariff system.

It is pointed out that the British people are making rapid advance in economic and fiscal problems affecting themselves as well as the Empire at large. No longer are they invoked, as they were even as late as Mr. Chamberlain's campaign, to impose a tariff for the purpose of differentiating between Empire and foreign imports, not because it would aid their own industries or promote their own welfare, but from the paternal point of view that it would be a tremendous stimulus to the Daughter Nations and States of the Empire; and serving to draw them closer to Great Britain, if the project involved a sacrifice it would be "a sacrifice worthy of the cause."

Through the growing greatness of Canada and the other Overseas States of the Empire, and with the aid of the lucid eloquence of such men as Mr. Foster, who always resented this idea of "sacrifice," the British people are apprehending more and more clearly day by day that an intra-empire tariff means the augmentation and steady of British trade, greater demand for their home manufactures, with more constant and better remunerated employment for their workmen.

The nominations made at Hartland, Carleton County, yesterday afternoon, show that the Opposition party in Carleton is even in a worse state of disorganization than it is in St. John. Some very prominent gentlemen of the county have been mentioned as possible candidates but none of them materialized and the ticket selected which is comprised of Mr. George W. Upham, Mr. C. L. Smith and Mr. Frank R. Shaw is about the weakest that could have been nominated. Mr. Carvell was a prominent figure both at the convention and at the subsequent meeting at Woodstock. The latter, although Mr. Copp, the Leader of the Opposition, was the star speaker, was only sparingly attended and the interest displayed was more negative than enthusiastic. The people of Carleton are thoroughly in accord with the policy of Premier Fleming and will return him and his colleagues as their representatives on June 26th.

The Liberal convention to nominate candidates for the County of St. John held last evening, selected Mr. Bentley and Mr. Amador Anderson of Fairville as their candidates. During the last session of the Legislature Mr. Bentley proved himself to be the most tiresome member of the House. Mr. Anderson is making his first bow to the electors. Judging from the present temper of the people of St. John County it will also be his last. The ticket is one that ought to be and will be defeated.

Current Comment

(Gait, Ont. Reformer.)

Clean milk is a mighty factor in the conservation of infant life. Infantile mortality statistics for Canada are lamentably incomplete, yet it is known that thousands of Canadian infants die every summer as a result of being fed diseased, dirty, germ-laden milk. This is a national loss of very serious magnitude, and one that demands the immediate application of preventive measures.

(Montreal Herald.)

In Paris you can get popular subscriptions for a municipal three-per cent. loan at ninety-five, but in Montreal there are not enough people satisfied with that rate to take up ten dollars worth. The difference is not that our civic credit is worse but that our opportunities of making money are better.

(Kingston Whig.)

According to baseball law the umpire must regulate the men who insult them from the bleachers. That is the definition of the law as it has been handed out in Ty Cobb's case.

(Hamilton Herald.)

As against little New Zealand's contribution of a Dreadnought to the Imperial navy, Canada can at least produce a great mass of fine patriotic after-dinner oratory in two languages.

Children's Button and Laced Boots

Made on the Approved Broad Toe that allows the foot to grow naturally. Beautiful Kid, Tan, and Calf Leathers. Flexible, Tough, Double Soles. Nice Fit and Finish. Will hold their shape and stand repairing.

This is the most desirable line of children's footwear we have ever seen and our customers are loud in their praises of these Money Saving Shoes.

45 Successful Years

Thoroughness and progressiveness have always been the dominating ideas in the management of this College; showiness and superficiality, the rocks to be avoided. Our reward has been ample and satisfying.

St. John's cool summer weather makes study during the warmest months just as pleasant as at any other time.

Students can enter at any time.

S. KERR,
Principal.

Unnumbered Automobiles.

Some days ago Chief of Police gave an order to the officers to report all owners of automobiles in the city whose cars were not numbered with the 1912 sign according to law, and Sergeant Baxter is the first to make a report. Yesterday he reported David Fleming for allowing his motor car to be driven on the public streets without being numbered as according to law. There being no number on the front end of the car and the number 99-1912 on the rear end. The Sergeant also reported William Lob for acting as chauffeur on motor car No. 99, he not having a chauffeur's badge or license as required by law, and driving car No. 99 through the streets of the city.

ORANGE GRAND LODGE ELEGTS NEW OFFICERS

Next Session will be Held in Newfoundland.

Fredericton, May 31.—The Grand Sovereign Orange Lodge of British America, concludes its 53rd annual session today. The selection of the next place of meeting caused a long, good-natured discussion. The claims of St. John's, Nfld., were put forth with great eloquence by the delegates from the ancient colony. It will mark the jubilee year of the Orange Order in Newfoundland and this fact was used with great force. Among others Sir Mackenzie Bowell supported the invitation from Newfoundland. The result was to secure a favorable vote for St. John's, Newfoundland on the first ballot.

The Grand officers were elected as follows:
Grand Master—Lieut. Colonel J. H. Scott, Walkerton, Ont.
Deputy Grand Master—Dr. D. D. Ellis, Fleming, Sask.
Grand Chaplain—Rev. H. A. Fish, Owen Sound.

Grand Secretary—William Lee, Toronto.
Grand Treasurer—W. J. Parkill, Midland, Ont.
Grand Lecturer—J. W. Whitley, Vancouver.
Deputy Grand Secretary—W. M. Fitzgerald, Toronto.
Deputy Grand Treasurer—H. C. Hocken, Toronto.

Deputy Grand Lecturers—Newfoundland, Geo. Langmaid; P. E. I., R. K. Bruce; Nova Scotia, D. Coleman; New Brunswick, P. A. Guthrie, Fredericton; Ontario (East), S. W. Owens, Ottawa; Ontario (West), James Jennings, Toronto; Manitoba, S. Larkin; Saskatchewan, Thomas McMann; Alberta, J. Montgomery; British Columbia, S. Court.

Most Anything

Banter Babble Blarney Bosh and Bits of By-play

THE LOVE TALE OF ARABELLA. (Neeta Marquis, in Judge.) When Arabella Whiffletree went in for things esthetic, Her efforts, if the least is said, were strongly energetic. She searched Hindu philosophy. She sidled into theosophy. And worshipped a fat Swami with a seal that was pathetic.

She then took up another cult—Descartes, Kant, Shopenhauer—And over gentle Emerson she prattled by the hour. No theory could frighten her. Nor even much enlighten her; But she declared that what she sought was "thought-producing power."

She joined a reading circle next, whose object, great and crowning, Was manifested by the way the members had of frowning. On common poets and things. "Twas here her spirit found its wings. She idolized the "sweet soul" though wasn't much on Browning.

She passed into that period when age comes, and grows ever closer. And finally besought to wed, she did not answer, "No, sir." The gentleman was one whose scope Embraced molasses, beans and soap. The groceries palmed Arabella—but how she loved the grocer!

SAYS GRANDPA GRIPSACK: Sponge cake is the most deceitful thing in the world. When George Henry got home late to supper, his wife said: "I don't mind your going to ball games, but I wish when there's an extra-inning game you'd call me up ahead of time and tell me, so I'll know when to have supper."

If cats have nine lives As the poets declare, It must be a puzzle To know when to wear Mourning for those who Have wandered away. For they are quite apt to Come back any day.

OUR BEST TIGHT-WAD. The man who fills his fountain pen at the post office ink well.

All in Cold Storage. "I was just reading about a dairy maid who wrote her name on an egg and got a proposal of marriage. "I've heard about that scheme. It doesn't always work. I know of a hired girl out in Elizabeth township who had written her name on more than 3,000 eggs and never got a letter yet."

They're talking now of calling him Tiresus Cobb.

DREAMSTICKS
THE CLOCK STRUCK MIDNIGHT BUT PHILIP STILL SAT AT HIS DESK DETERMINED TO THINK OF A DREAMSTICK BEFORE HE WENT HOME. AT FIVE MINUTES AFTER ONE HE WAS SATISFIED WITH THIS ONE: "IF ALL THE GIRLS LOVED A CONDUCTOR, WOULD HE BE A CARPET?"
GOOD NIGHT!

Try Tea This Way

Here is a new, safe way to discover a fuller richness of tea flavor. Your dealer can now sell you a package backed by this assurance: Should you not like the flavor well enough to be more than pleased with your discovery, return the broken package and get your money back.

PREPARE FOR LUMBAGO!

If You Have "Nervine" Handy One Rubbing Will Cure the Pain.

THOUSANDS USE "NERVINE"

The "strike" of lumbago is like a bolt of lightning—you never know when it is coming or where it is going to strike. Probably the one certain thing about lumbago is the fact that it can be cured by Nervine—the only liniment that penetrates deeply enough to reach the congested chords and muscles.

"Years ago I strained my back and suffered considerably with weakness over the spine," writes Dr. P. Millan, a well-known farmer, residing near Kingsville. "Then lumbago attacked the weak spot, and for days at a time I would have to lie up in bed, unable to move or turn. Liniments, poultices and hot applications failed to bring relief, and I was in despair of ever getting really well again. I at last decided to test 'Nervine.' I got five bottles from the drug store and had it rubbed on three times a day. The stiffness and pain left my back quickly, and by continuing Nervine I was completely cured of lumbago."

This is similar testimony to that of nearly five thousand Canadians who have written unflinching words of praise to the manufacturers of Nervine. For the cure of lumbago, sciatica, neuralgia and rheumatism there is no liniment with one-fifth the pain-relieving power of Nervine. Refuse any substitute. Large 50c bottles of Nervine, or five for \$1.00, at all dealers, or The Cataract House Co., Kingston, Ont.

THE GAY MUSICIAN.

Comic Opera Coming to St. John. The demands of the playing public throughout the United States and Canada for an opportunity to see and hear The Gay Musician, Julian Edwards' most successful comic opera, has decided the manager, M. J. Kavanaugh to send out to the larger towns a special production of this sensational success with a cast composed of several sterling artists and a high class singing and dancing chorus. The production is remarkable in many ways. The New York newspapers acclaimed it as a memorable advance in material and form over any native predecessor. Massive scenic environment, lavish costuming and effects will mark the presentation of The Gay Musician, which comes to the Opera House for Thursday, Friday and Saturday, June 6, 7, 8.

English Gardener to Locate Here A Williams, of Berkshire, England, arrived in the city yesterday and expects to engage in market gardening in this province. He had a long conference with the superintendent of immigration, and was much pleased with the information Mr. Wilnot was able to give him. He will look around the province with a view to determining the best location for a market garden. He is prepared to buy a farm if one suitable for market gardening is available. On the advice of Mr. Wilnot he decided to work for two or three months with a native gardener for the purpose of getting experience of methods of work here.

"SALT RHEUM"

Had It On Hands For Two Years. ITCHED SO DID NOT KNOW WHAT TO DO. Tried Three Doctors and Went to Hospital.

All skin diseases are more or less occasioned by a bad state of the blood, and so one can expect to be free from some form or other of skin trouble unless the blood is kept in good shape. All skin diseases can be very easily cured by the wonderful blood-cleansing properties of Burdock Blood Bitters. This is due to the unrivaled purifying action of Burdock Blood Bitters on the blood, coupled with the thorough manner in which it cleanses and expels the impurities from the body. Mrs. Richard Couline, White Head, Que., writes—"I have been bothered with salt rheum, on my hands, for two years, and it itched so I did not know what to do. I tried three doctors, and even went to Montreal to the hospital without getting any relief. I was advised to try Burdock Blood Bitters, so I got three bottles, and before I had the second used I found a big change, and now to-day I am cured."

Burdock Blood Bitters has been on the market for about 35 years and is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

CITY MARKET

CASES IN COURT

Wholesalers Charged with Forestalling Arraigned Yesterday Morning—Magistrate Will Render Decision Today.

Robert H. Cother, Thomas Foley, James D. Williams and Thomas J. Dean, wholesale victuallers, were in the police court yesterday morning, charged with forestalling in the country market. The actions were the result of the determination of Commissioner McLeellan, endorsed by law forbidding forestalling. Commissioner McLeellan, Chamberlain Lingley and Deputy Clerk Dunham were present in the interests of the prosecution.

The charge read over to the defendants was to the effect that they purchased produce in the country market for the purpose of re-selling the same before the produce had been left standing for three hours as required by law, the offence having been committed on the 25th inst. Chamberlain Lingley was named as the informant. The defendants all admitted purchasing the goods, but pleaded in extension that they had no knowledge as to how long the goods had been exposed for sale when they made the purchases. George A. Henderson, the clerk of the court, conducted the case for the prosecution, and Deputy Clerk Dunham was the only witness examined.

The case against Mr. Cother was taken up first and Deputy Clerk Dunham was the first witness. He testified that on May 25th Mr. Cother had purchased two cases of eggs from Mrs. Baxter before they had been exposed the time provided by law. Mr. Cother said he had been doing the same thing for years, and asked why he had not been reported before if the practice was against the law. Mr. Dunham replied that he had only recently received instructions to enforce all the market laws.

The case against Thomas Foley was next taken up. In this case, Deputy Clerk Dunham testified that on May 25 he saw Mr. Foley purchasing a pair of fowl from Mr. Hopper, a farmer, from Kings county. Mr. Hopper arrived in the market about 10.15 a. m., and placed the fowl on the stand for sale about five minutes later. They were exposed for sale about an hour when Mr. Foley made the purchase.

In the case against Thomas J. Dean, Mr. Dunham said he saw Mr. Dean purchasing a pair of fowl from Mrs. McGowan, of Black River, after the fowl had been exposed for sale but 20 minutes.

F. E. Williams was in court to represent James D. Williams, who was charged with purchasing real food from James McFarlane. He consented to have his case adjudicated upon with the others.

Mr. Dean thought there should be some discrimination made between those doing business in and outside of the market. Those who do business outside the market had not an opportunity of ascertaining how long the goods had been exposed.

"About the time the law was passed," said Mr. Dean, "there were only about two meat dealers doing business in the city, outside the market. Now there are about 50. Mr. Dean thought that the market should be divided in two sections—wholesale and retail."

Mr. Foley thought it was unfair to the countrymen that they should have to leave their produce exposed for three hours before they could sell to wholesalers. Mr. Cother said that the middleman was at a disadvantage, since when they purchased from the countrymen they had no redress. Most of his supplies, Mr. Cother said, he purchased from the country people in the morning, or factories, and had them shipped direct to him in the city.

TEMPERANCE MEN

TO EXACT PLEDGES

N. B. Temperance Federation will Ask Every Political Candidate to Support Provincial Prohibition.

At a well attended meeting of the executive of the N. B. Temperance Federation yesterday afternoon, the political situation was thoroughly discussed. The following resolution, adopted by and being acted upon by the Sanbury county meeting, was presented by Rev. T. D. Bell, of Rusagomis, and endorsed by the executive: "Whereas, The New Brunswick Temperance Federation has since 1907 asked the provincial government three times to repeal the liquor license act by enacting a provincial prohibition; and whereas, it is known that three hundred and thirty-five men have received licenses to traffic in intoxicating liquors for the ensuing year, and whereas, as the licensing of any man in any city or county of the province is a serious handicap to prohibition counties, and a gross reflection upon the moral convictions of the temperance people; therefore, the electors of the county of Sanbury whose names are attached, do hereby request our political provincial representatives to sign the attached declaration, and we do hereby pledge ourselves to support only such candidates as—

"I am seeking to be elected as the representative of Sanbury county, do hereby solemnly declare that if elected, will use my best influence to introduce or have introduced into the next session of the legislature, a provincial prohibition bill, and will continue to do so from year to year so long as I remain such representative; and I will vote for such bill no matter by whom or what political party introduced."

It was decided to communicate with each candidate nominated by both parties throughout the province asking for signatures to a pledge similar to that submitted by the Sanbury county organization. An organizer for the province was elected with authority for the procuring of a first-class man was considered. Latent sentiment will thus be awakened and the full strength of the temperance people shown. A committee consisting of Rev. H. E. Thomas, C. L. McTavish and W. F. Washburn of St. John, and Rev. G. D. Bell of the Maritime Provinces who would decide disputes between shippers and dealers, and there is a probability that the suggestion will be acted on.

The usual holiday rates will prevail on the I. C. R. for the King's Birthday, and the first class one way fare tickets are good to return on June 5th. The full summer suburban service, under the new time schedule will be in effect Monday, giving fine opportunities for excursionists to spend the day out of town.

SPECIAL FARES FOR KING'S BIRTHDAY.

The usual holiday rates will prevail on the I. C. R. for the King's Birthday, and the first class one way fare tickets are good to return on June 5th. The full summer suburban service, under the new time schedule will be in effect Monday, giving fine opportunities for excursionists to spend the day out of town.

THE NEW C. P. R. ELEVATOR.

Good progress is being made on the crib work for the new C. P. R. elevator at Sand Point. The old house at Blue Rock will be moved over the present site by the company.

ORDINATION IN TRINITY.

In Trinity church on Sunday morning Rev. A. L. Skerry, of Stanley, will be ordained to the priesthood and will be made a deacon. The Bishop of Fredericton will conduct the ordination.

PROVINCIAL.

New Lighting System for I. C. R. Trains.
Moncton, May 31.—Commuting with the electric time the I. C. R. coaches will be lighted by electricity instead of kerosene gas as at present Monday will be observed as a holiday in the I. C. R. offices and shops.

Valley Road Contract Awarded.
Fredericton, May 31.—G. H. Tucker, of Brownville, Me., has been awarded the contract for one mile of the St. John's Valley Railway just above Springhill. It is a short distance below where Smith and Merritt have their contract.

The York County Ticket.
It is very doubtful if the opposition will nominate a ticket in York county at all. The government ticket will be Hon. H. F. McLeod, J. K. Pender, Mr. Young and Dr. Moorehouse, and their re-election is certain.

Change in Collector.
Shediac, May 31.—Ferdinand Rolland has been appointed collector of customs at Shediac in place of A. M. Lezer, who was dismissed for political reasons.

GOVERNMENT PROMPT

TO KEEP PROMISES

Chairman of Grain Commission Arrives to Make Good Pledge of Hon. George E. Foster.

An interesting illustration of the way the Borden government looks after the business interests of the people was afforded yesterday when Mr. McGill, chairman of the Grain Commission, arrived in the city to investigate complaints made by the local grain merchants. When Hon. Geo. E. Foster, minister of the department of trade and commerce, spoke before a meeting of the Board of Trade about two weeks ago, H. A. Smith complained that when grain merchants here bought grain, the consignments delivered did not always conform to the conditions set forth in the certificate of inspection accompanying them.

In response, Mr. Foster spoke of the extension of the powers of the local grain commission, pointed out that an effort was being made to improve the systems of the local grain dealers, and that when grain merchants here bought grain, the consignments delivered did not always conform to the conditions set forth in the certificate of inspection accompanying them.

Yesterday the chairman of the commission had a long conference with E. A. Smith, J. T. Knight, Mr. Peters and other grain dealers in the rooms of the local Board of Trade. The local dealers told of the occasions on which they had received consignments of a poorer quality than they had ordered and the question of devising means to prevent this sort of thing in future was discussed at length.

E. A. Smith when seen after the conference, said representatives of the trade had discussed with Mr. McGill the conditions surrounding the handling of grain, chiefly oats, and considered the disabilities under which dealers in the Maritime Provinces labored. He said that the local government party was held last evening in the rooms of the St. John Conservative Club. The plans for the coming campaign were discussed and committees struck to complete arrangements for the various phases of the work. A number of the meetings will be held next week in the different parts of the city when the candidates will speak. The committee is in communication with Premier Fleming and expects to hold a big meeting here at an early date, at which he will be present and deliver an address.

POLICE REPORT.

William Holder has been reported by Sgt. Baxter for having a defective water gutter on his building corner of Peters' wharf and Ward streets, and allowing a heavy flow of water to fall on pedestrians. James Johnston has been reported by Policeman McGillon for having a water conductor on his building 156 Carman street that is a menace to the public. Policeman Gardner yesterday reported Alex. Watters, of Elm street, for refusing to stop when ordered by the I. C. R. gateman on Mill street, and also driving over the railway tracks when the gates were down.

PRESENTATION TO REV. H. D. MARR.

At a meeting of the Epworth League of the Portland Methodist church last evening the league presented the pastor, Rev. H. D. Marr, with a beautiful gold mounted umbrella. Miss Evelyn Huey made the presentation. Rev. Mr. Marr although taken greatly by surprise thanked the league for their kindness and complimented them on the good work they are doing. Rev. Mr. Marr leaves next week for Calgary where he has accepted a call to the district secretary of the Bible Society mission field of the Province of Alberta.

LEO OWENS.

A pretty wedding was solemnized on Thursday evening at the residence of the officiating clergyman, Rev. Miles McCutcheon when he united in marriage George Lee and Jennie Owens, both of this city. The couple were unattended. The bride was prettily gowned in crease serge. They will make their home in the city.

HEAVIEST MAY RAIN

FALL IN MANY YEARS

Four and Seven-tenths Inches Fell During Last Twenty-Four Hours Breaking Records for Past Decade.

Four and seven-tenths inches of rain during twenty-four hours, is the official record for the last two days in St. John, and it has beaten the records for the month of May for some years. Since the rain has started it has fallen almost incessantly, causing the streets to be in a very muddy condition. Along the river front at Indian town the water has risen considerably although nothing serious is expected to occur. The heavy rainfall has also caused the different creeks and brooks to rise rapidly with the result that all the low ground around the city is in a state of flood. On the rifle range the water is knee-deep in places and greatly resembles a lake. The temperature during the storm has been a trifle cool, it being a little below the average, and especially so during the night. The morning temperature during the storm has been a trifle cool, it being a little below the average, and especially so during the night. The morning temperature during the storm has been a trifle cool, it being a little below the average, and especially so during the night.

On the Westmorland Road the rain water carried and into the sewers causing them to choke up with the result that along the side of the road the water is four or five feet deep. As at this place the road is higher than the ground level, it was not flooded to any extent, teams experienced no difficulty in getting through. This pond proved a great attraction to the youngsters of the vicinity yesterday when several of them conceived the idea of building rafts. To this end they raided the I. C. R. tie pile and after much labor succeeded in making a raft. On this they made several trips around the pond and were enjoying themselves immensely until the affair broke up and threw them into the water from which they were rescued more frightened than hurt.

THE CITY CAMPAIGN.

A largely attended meeting of the executive of the local government party was held last evening in the rooms of the St. John Conservative Club. The plans for the coming campaign were discussed and committees struck to complete arrangements for the various phases of the work. A number of the meetings will be held next week in the different parts of the city when the candidates will speak. The committee is in communication with Premier Fleming and expects to hold a big meeting here at an early date, at which he will be present and deliver an address.

SPECIAL FARES FOR KING'S BIRTHDAY.

The usual holiday rates will prevail on the I. C. R. for the King's Birthday, and the first class one way fare tickets are good to return on June 5th. The full summer suburban service, under the new time schedule will be in effect Monday, giving fine opportunities for excursionists to spend the day out of town.

ORDINATION IN TRINITY.

In Trinity church on Sunday morning Rev. A. L. Skerry, of Stanley, will be ordained to the priesthood and will be made a deacon. The Bishop of Fredericton will conduct the ordination.

PROVINCIAL.

New Lighting System for I. C. R. Trains.
Moncton, May 31.—Commuting with the electric time the I. C. R. coaches will be lighted by electricity instead of kerosene gas as at present Monday will be observed as a holiday in the I. C. R. offices and shops.

Valley Road Contract Awarded.
Fredericton, May 31.—G. H. Tucker, of Brownville, Me., has been awarded the contract for one mile of the St. John's Valley Railway just above Springhill. It is a short distance below where Smith and Merritt have their contract.

The York County Ticket.
It is very doubtful if the opposition will nominate a ticket in York county at all. The government ticket will be Hon. H. F. McLeod, J. K. Pender, Mr. Young and Dr. Moorehouse, and their re-election is certain.

Change in Collector.
Shediac, May 31.—Ferdinand Rolland has been appointed collector of customs at Shediac in place of A. M. Lezer, who was dismissed for political reasons.

New York Waiters May Strike.
New York, May 31.—New York is facing the possibility of a strike of every union waiter and cook in the city, and the hotel and restaurant proprietors are preparing to bring negroes from the South to replace the strikers.

Made \$50,000 as an Organ Grinder.
Boston, May 31.—Pietro Bonetti, for fifty years an organ grinder here, yielding every important city in Canada and the United States, is now on his way to his home in Italy. He literally "ground out" a fortune of \$50,000.

The New Levathan.
New York, May 31.—It is announced that the "Titanic" here is to be replaced by the "Titanic" here, which will be launched in the fall of 1913.

TODAY COMMENCES

THE HALF HOLIDAY

With King's Birthday Monday Holiday Time will be well Observed - Attractions Today and Monday.

The first Saturday half holiday on the season will be held this afternoon when the majority of the larger concerns will close their doors at one o'clock. It is expected that the half holiday arrangement will be more general this year than in the past. The stores which will observe the half holiday remained open last evening, although the inclemency of the weather interfered somewhat with business. Should this afternoon prove fine, many will take advantage of the opportunity to get away from the city, inasmuch as Monday is the King's birthday, and is to be observed in most of the stores as a holiday, those who leave the city this afternoon will have two and a half of the most important items of the season and worry of store or office.

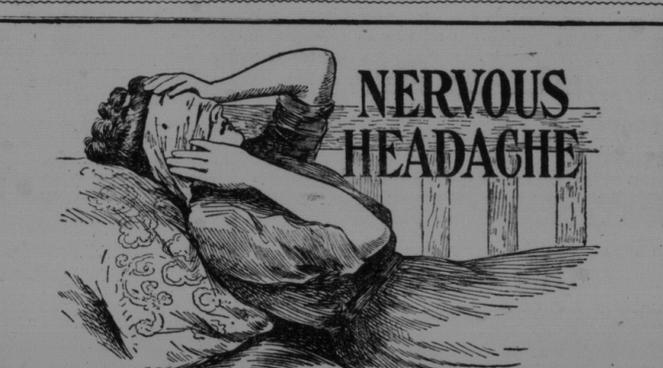

Monday, June 3rd will be generally kept as a holiday and the usual holiday features are listed. The morning picture houses have arranged special bills for the day, and will, no doubt, draw crowded houses, especially should the weather continue as it has been for the past few days. For outdoor attractions the baseball games will be the most important items of the programme. Games are scheduled for morning and afternoon, when Houlton will be seen in action against the Marathons. The local team has undergone a reorganization since May 24th and as constituted now, with the return of some of last year's favorites and of new ones, the fans should see something more attractive than when the Marathons last performed on their own grounds.

On the river things should liven up. Many owners of motor boats and other craft have been busy during the week getting in readiness for the season and will take advantage of the holiday for the first spin of the year. The Power Boat Club will hold a race for the commodore's shield. The course will be from a buoy off Public Wharf at Indian town to a buoy off Brown's Flats and return. In honor of the day a salute of 21 guns will be fired from Dorchester battery at noon by a detachment of No. 6 Battery, in command of Capt. Frank Magee.

Presentation to Rev. H. D. Marr.
At a meeting of the Epworth League of the Portland Methodist church last evening the league presented the pastor, Rev. H. D. Marr, with a beautiful gold mounted umbrella. Miss Evelyn Huey made the presentation. Rev. Mr. Marr although taken greatly by surprise thanked the league for their kindness and complimented them on the good work they are doing. Rev. Mr. Marr leaves next week for Calgary where he has accepted a call to the district secretary of the Bible Society mission field of the Province of Alberta.

LEO OWENS.

A pretty wedding was solemnized on Thursday evening at the residence of the officiating clergyman, Rev. Miles McCutcheon when he united in marriage George Lee and Jennie Owens, both of this city. The couple were unattended. The bride was prettily gowned in crease serge. They will make their home in the city.

NERVOUS HEADACHE

Nervous headache is among the most persistent symptoms of an exhausted nervous system. It is greatly in evidence in the spring time, because at this season of the year the blood is usually thin and watery, and the nerves suffer from lack of proper nourishment. You may feel too tired to drag yourself about your daily work; you may lack energy and ambition; you may suffer from nervous indigestion and loss of appetite; all tell of a run-down nervous system; of the need of restorative treatment, such as Dr. Chase's Nerve Food.

To ward off the ills and weaknesses of spring, to restore the tired brain and exhausted nervous system, to make the pale, weak and emaciated strong, healthy and robust there is no treatment so thoroughly effective as Dr. Chase's Nerve Food.

Mrs. George Bradshaw, Cozy Nook, Harlowe, Ont., writes:—"I am glad to state that I received benefits from Dr. Chase's Nerve Food, which I had taken for many years. I was troubled for many years, in fact from my early womanhood, with weak, watery blood, and given to dropsy. I suffered untold agonies from nervous sick headaches, dizziness and sinking spells; in fact was a semi-invalid for many years. I tried many kinds of patent medicines and got no help, and tried every new doctor that came along, but all failed to help me. Doctors told me I had no blood, and that my heart and kidneys were diseased, and that I had no more complaints than was not much use in doctoring up one or two. Four years ago I took six boxes of Dr. Chase's Nerve Food, and was glad to see I felt better, and then got six more, and they have cured me of many of my complaints. When I began taking Nerve Food I weighed 110 pounds, and to-day I weigh 135, and am 45 years old."

Dr. A. W. Chase's Nerve Food

Is the greatest of restoratives. It forms new, rich blood, strengthens the nerves and adds new, firm tissue to the body. You can prove this by noting your increase in weight while using it. Such symptoms as nervous headache, sleeplessness and nervous dyspepsia soon disappear when the depleted nerve cells are revitalized. Fifty cents a box, 6 boxes for \$2.50, at all dealers, or Edmanson, Bates & Co., Limited, Toronto. It is to your interest to refuse substitutes and imitations, for they are almost always a disappointment.

RAILWAYS. CANADIAN PACIFIC. Passenger train service from St. John. Atlantic Time—Effective June 2nd, 1912. Daily Except Sunday unless otherwise stated.

STEAMSHIPS. "The Royal Line" An Innovation in Travel Luxury. EVERY man desires for the comfort and convenience of passenger that he has had—Maxim, White, etc.

"HOW I FLEW THE CHANNEL"---DARING AMERICAN GIRL'S STORY OF FEAT THAT STARTLED EUROPE

"Empress of the Air" Writes for The Standard
Editor's Note: Miss Harriet Quimby, an American girl, recently started Europe by flying alone and unaided across the English channel, France and Great Britain have crowned her "Empress of the Air," and have given her precedence over all their bird-women. Miss Quimby is a Californian by birth, and a New Yorker by adoption. She is 24-years old.

Directly I took my seat in the Blériot I knew I would be all right--she was a beauty! I felt perfectly at home. I set my course over Dover Castle, and had my first surprise in a few minutes. When the machine rose everything was beautifully still and calm, but once over the castle and we ran into the most exciting winds.

But I was up and away over the channel before they had time to do me any harm. And then it was high, and me for Calais as hard as I could get! The channel, no doubt, looked very fine, but I was not out for admiring the view just then. I let the Blériot go for all she was worth, and then, "slap-bang," I hit a fog-bank head on. In about ten seconds I hadn't the remotest idea where I was. I just couldn't go blundering on through that horrible fog, so I sent the Blériot up until I was 2,000 feet high. Below me land suddenly appeared!

WITH THE BIG LEAGUES

AMERICAN LEAGUE.
St. Louis, May 31.--Powell's pitching together with the locals heavy hitting was too much for Detroit this afternoon, and St. Louis won 7 to 1. The visitors long rally was scored in the first when Bush was passed and Cobb tripled. Score:

IT MEANS SOMETHING TO BE A WORLD'S CHAMP--LOOKEE HERE!

Heavyweight Champion Jack Johnson is the play-fellow of a lot of fads who inhabit the neighborhood of his Chicago home. He says he finds relaxation in the association. The big fellow frequently stops, on

his road work, to play ball for a few minutes with the boys and when the photographer wanted to take his picture, he called the youngsters to get into the group.

COMMITTEES APPOINTED YESTERDAY

At noon yesterday there was a meeting of the executive of the West-

LOOK OUT FOR THE BALL FLAG

Unless the unfavorable weather of the last two days continues this morning the game scheduled for this afternoon between the Marathons and Houlton in the N. B. and Maine league series will be played as arranged. The grounds will be in fairly good condition, men were put to work on them last night, and this morning the big league stunt of drying the diamond with burning gasoline will be pulled off. It is expected that this will have the desired effect, and that the grounds will be dry enough to play ball on. The baseball flag which was in use last season will be put into requisition today on the market square staff if the game is to be played.

The Marathons will put up a strong team in the field, and as the Houlton team is known to be the fastest that town has turned out for many years the game should be a good one. The

Rim-Cutting Wrecks 23 Tires in every 100

It is because they cannot rim-cut that No-Rim-Cut Tires have made such great sales records.

800,000 have been sold--sold to the shrewdest class of buyers. Get the number right--800,000--enough to equip 200,000 Cars and not one has been ruined by rim-cutting.

The diagram shows why. No-Rim-Cut Tires are held in place by the round surface of the side ring.

Ordinary tires must be held by a hook-shaped ring with the sharp edge of the ring next to the tire. The constant rubbing of this sharp edge of the ring cuts the tire and in case of puncture ruins the tire in a few moments.

GOODYEAR

No-Rim-Cut Tires

10% Oversize

These tires which can't rim-cut are 10% larger than ordinary tires--have 10% more resiliency--save unnecessary vibration.

They have 10% more carrying capacity--provide for overloading. They add, with the average car, 25% more tire mileage.

We will be glad to send our book "HOW TO SELECT AN AUTOMOBILE TIRE," free.

The Continued Increase

In the sales of "WHYTE & MACKAY" is perhaps the best acknowledgement by the public of its superior quality.

WHYTE & MACKAY is a Scotch of exceptional flavor, developed by great age. Call for it at any first-class hotel, club, bar or cafe.

Your dealer can supply you for home use.

ROTHESAY WILL GET THE MEET

The objection to the holding of the intercollegiate athletic meet at Rotesay, was largely done away with yesterday when the Moncton High School wired the local boys that they had agreed to go to Rotesay. In connection with this a vote will be taken at the High School early in the week. The meet, will probably be held at Rotesay on June 8th.

GOLF MATCH POSTPONED.

This afternoon had been set for a golf match between the president and vice-presidents of the golf club but has been postponed until a later date, owing to the weather.

NO EAST END LEAGUE GAME

There will be no game of ball in the East End league on Monday evening, owing to the holiday. Rotesay will get it.

FRANCE IS INTERESTED IN CANAL

Politics Not Affected but Construction is Closely Watched by People—"Simple Lifers" from Germany.

Paris, May 30.—As the time for the opening of the Panama Canal approaches, European countries are showing more and more interest in the probable political and commercial effects of the cutting of the two Americas by a waterway.

France from a political standpoint, has practically no interest in the canal. The political problems and possible quarrels of France of the future lie solely in Europe, it is agreed. But from a commercial standpoint, the opening of the canal is of the greatest importance, and the French Commission, which is now in American waters trying to find a suitable coaling station for French merchant ships, has been instructed to study the problem from every standpoint, as France wishes to find new markets for her exports.

An example of the interest in the canal is had in the examinations which are now given to candidates for the French consular and diplomatic service. One of the most important questions requires an explanation of the results of the opening of the canal on the general movement of economic relations and the influence which the opening of the Panama Canal is likely to have on those relations.

Much interest has been aroused in Switzerland by the arrival of a band of German "simple lifers," numbering about a dozen and consisting of naturalists, with their wives, a writer and a photographer. They have reached the Buddhist monastery at Lausanne, on a tour around the world on foot, several of them traveling barefoot. Their journey the hope to accomplish within five or six years. Their motto is taken from Heine, "God gave us two legs to walk with and if he wished us to be the slaves of the soil one leg would have sufficed."

The "simple lifers," who are all vegetarians and believers in open air, have undertaken the trip around the world to study the religions, customs and costumes of the different countries they pass through. They continue their journey by Italy, Austria, Turkey, Aethiopia, Persia, India, Thibet, China and Japan, thence to the United States, returning by ship to Spain and then up to Lapland, returning eventually to Germany. All the "simple lifers" are in good health and very enthusiastic. They have passports and money and the leader is stated to be a well-known German writer.

A group of enthusiastic admirers of the famous Spanish torero, Lasarte, whose real name was Rafael Molina, have decided to erect a monument to him in his native town of Cordova. The idea has met with general approval and as a prominent Madrid newspaper points out, other celebrated sons of Cordova, like Seneca or the great Captains Don Gonzalo, must wait their turn a few centuries longer.

The bull fight shows no falling off as the great Spanish public sport. In 1911 there were 872 combats throughout the country, which were witnessed by over 7,000,000 spectators, who contributed more than \$4,000,000 to the money. The celebrated matador, Machaquito, earned about sixty bulls. About 4,500 bulls were killed in 1911, and they represented a value of over \$1,000,000. There were some bulls raised the death of 5,600 horses before they themselves went down under the knife of the matador.

The Portuguese government has decided to sell so much of the furniture and valuables of the royal palaces, which are recognized as belonging to King Manuel and his mother as will return \$2,000,000—the amount which was advanced by the state to the late King Carlos. The property includes the crown jewels, valued at \$4,000,000, which are kept at the National Museum, and Dom Miguel's jewels, which are deposited in the Bank of Portugal, and are valued at \$2,500,000.

The French state match factories, which turn out annually about fifty billions of matches, have hitherto obtained all the wood they required from Russia. Attempts had been made to grow in France the special kind of aspen used, but without success, single trees thriving, but plantations growing badly in spite of every care.

In consequence of the price of Russian aspen has been rising considerably, and it is proposed that plantations of which apparently give wood of the desired qualities—absence of knots, lightness, homogeneity of fibre and softness of grain—should be cultivated on a large scale in France. At present the principal factory which turns out the sulphur matches generally used in France imports over 25,000 cubic metres of aspen wood from Russia, and it is pointed out that the growing of popular trees on a sufficiently large scale to supply this quantity would prove a very profitable undertaking.

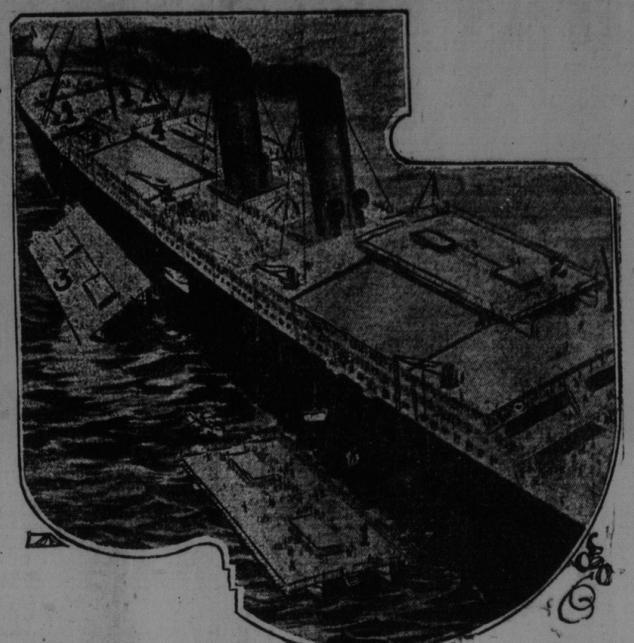

HUMAN HEADS WERE USED AS PLAYTHINGS

Horrible Barbarities of Moors at Fez—French Were Massacred Without Mercy When City Fell.

Following on the mutiny of the greater part of the Moorish troops forming the garrison of Fez, terrible barbarities were inflicted on Europeans, but French troops soon arrived on the scene, and after fierce fighting quelled the mutiny.

The first action of the mutineers was to kill their instructors. They then ransacked the ammunition stores and, calling upon the townspeople to

ENGLISH PLAN TO SAVE SHIPLOAD PEOPLE AT SEA

Here is a specially drawn diagram of the best plan suggested to the British admiralty since the loss of the Titanic, for the saving of life at sea. The author is Frank T. Bullen, probably the best known nautical expert in England. Bullen's plan, in brief, is to have a large part of the boat, or top deck, so built as to be detachable in sections, forming

great rafts which will hold 2,000 to 3,000 people. The picture shows deck raft No. 1 in the water with the crane containing shipwrecked people being lowered; also a great bag containing food and water. The plan is to have small deck houses on each raft, in which will be kept for emergency, masts, sails, steering gear, etc. Deck raft No. 2 is still in position. The picture shows the wheels and

hoisting apparatus ready to roll the raft to the side and drop it over. Deck raft No. 3 is on its way to the water under control of steel hawsers and pulleys. The Titanic could easily have carried five such rafts, each 40 feet broad by 100 feet long—a total area of 20,000 square feet. It would have been necessary to sacrifice only a veranda, a lounging room and a few staterooms.

GOMEZ--THE MAN WITHOUT A COUNTRY-- NOT EVEN A "PROVISIONAL" COUNTRY

Emilio Vasquez Gomez, from a Snapshot at Juarez, Before His Return to Safer American Soil.

By William G. Shephard. San Antonio, Texas, May 30.—Which will be the tired, worried-looking, gray-haired little Mexican—the next president of Mexico or a man without a country?

He is Emilio Vasquez Gomez. When I saw him and talked with him the other day in the custom house at Juarez, there were bars on the windows and guards stood at the door. He had been in Juarez four days and had not left that apartment. He had slept in his dining room and dined in his sleeping room for many hours. He was seemed to be a prisoner. That was before he escaped back to San Antonio and before his serious setback Orozco's forces met last week.

"Why did you go to Juarez from San Antonio?" I asked Gomez later. "Because on March 2 the revolutionary junta in San Antonio asked me if I would be the provisional president of Mexico."

"But why do you not serve, then?" "Because Gen. Orozco, in charge of the troops, says that there shall be no new government until he reaches Mexico City, triumphant over Madero. This is some misunderstanding."

Every house-top and window seemed to hold mutineers, and the scene was like a chapter from the Indian mutiny. But the French troops never faltered, though bullets rained thick and fast. From house to house they drove the rebels and succeeded in saving many Europeans who had been in grave danger. One company of Timolours had every officer killed or wounded.

Two days later more troops from Mexico arrived. The barracks which the mutineers had been their headquarters were shelled, and the rebels fled. As there are now 4000 French troops, with heavy artillery in Fez no further trouble is anticipated.—Lloyd's Weekly.

But there isn't a Maggie in the Block. "Are there no children in your block?" "I should say there are. Every time I call 'Marjories' to supper no less than seven Marjories come running to see what I want."

ICEBERGS FURTHER SOUTH THAN USUAL

Divergent explanation for the presence of icebergs so far south as the thirty eighth parallel are made by maritime authorities. An unusually mild summer in 1911 in Greenland facilitated the formation of gigantic bergs according to Captain John J. Knapp, U. S. N., chief hydrographer at Washington, D. C. An unusually cold and stormy winter along the Labrador coast caused the great number of icebergs in the southern shipping lane, according to a despatch from Saint Johns, Newfoundland.

Possibly both sets of conditions combined to cause an unprecedented drift of ice into the waters of the temperate zone.

In a despatch from Washington Captain Knapp is reported as saying:—"While we were having a comfortable time last year, reports from Greenland showed a temperature of 94 degrees and thereabout. A mild summer off the west coast of Greenland facilitates the formation of icebergs. The glaciers sloping off toward the ocean are broken off when their mass is pushed upward by the sea, and when the temperature is sufficiently high to prevent them being frozen to the coast they drift southward. They are held in the Labrador region until early spring when the tide, winds and water loosens them and they again start southward. Our reports show that a great mass of ice is still coming from the north, and present conditions are likely to continue."

THIN, FRAIL WOMEN WITH PALE CHEEKS

Now Rapidly Learning the Way to Health and Vigor by the Use of Dr. Hamilton's Pills.

Thousands of half dead, emaciated, worn-out women are dragging out their weary lives simply because they don't know what ails them. Nine times in ten it's indigestion, which directly leads to anaemia, poor circulation, and eventually invalidism.

The first step towards relief is to flush out all wastes and unhealthy matter. Loosen the bowels—stim up the liver—stimulate the kidneys. Once this is done, Dr. Hamilton's Pills will quickly manifest their health-restoring qualities.

"The best way to correct impaired digestion, to cure constipation, headache, liver trouble, and other ailments of the stomach and bowels," writes Mrs. Uriah A. Dempsey, from Woodstock, "is by the frequent use of Dr. Hamilton's Pills. I didn't know what it was to enjoy a good meal for months. My stomach was sour, I belched gas, was thin, tired, pale and nervous. I simply house cleaned my system with Dr. Hamilton's Pills, and have been robust and vigorous ever since."

To keep the machinery of the body in active working order, no remedy is so efficient, so mild, so curative as Dr. Hamilton's Pills—good for men, women and children, 25c. per box, at all dealers or the Cataracton Co., Kingston, Ont.

The Weak, Lame, Aching Back Comes From The Kidneys.

Those who have never been troubled with kidney trouble do not know the suffering and misery which those afflicted undergo.

On the first sign of backache Doan's Kidney Pills should be taken immediately so as to avoid years of suffering from kidney trouble.

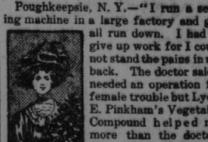

They go right to the seat of the trouble, heal the delicate membranes of the kidneys and make their action regular and natural.

Mrs. Joseph Throop, Upper Pointe de Bute, N.B., writes—"I cannot speak too well of Doan's Kidney Pills. For two years I was so tired life was a burden and I got up more tired than when I went to bed, and my back was so lame I could hardly straighten up. I took different kinds of medicine, but none of them did me any good until a friend advised me to try Doan's Kidney Pills. I did so, and today I don't know what it is to be tired, and my lame back is all gone. I can recommend them to any person suffering with lame back and that terrible tired feeling."

Price 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

FACTORY GIRL GIVES UP

Too Sick to Work—Doctor Advised Operation. Restored to Health by Lydia E. Pinkham's Compound.

Foughkeepsie, N. Y.—"I run a sewing machine in a large factory and got all run down. I had to give up work for I could not stand the pains in my back. The doctor said I needed an operation for female trouble but Lydia E. Pinkham's Vegetable Compound helped me more than the doctor did. I hope that every one who is suffering will get the Compound. My pains, nervousness and backache are gone and I have gained five pounds. I owe my thanks to you medicine for it is the working girl's friend, and all women who suffer should write to you for special advice."—Miss Thelma Foughe, 3 Jay St., Foughkeepsie, N. Y.

When a remedy has lived for over thirty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their very lives to it, it is not reasonable to believe that it is an article of great merit?

We challenge anyone to show any other one remedy for a special class of disease which has attained such an enormous demand and maintained it for so many years as has Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (consultant) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

ENJOYING THE BEST OF HEALTH

"Fruit-a-tives" Cured His Rheumatism

Prof. J. F. Davis

I want to say to the people of Toronto and elsewhere that "Fruit-a-tives" is my only medicine and has been for the last four years. Previous to that, I had been very much troubled with Rheumatism and Kidney Disease and had taken many remedies as well as employing hot applications of salt bags etc., without getting satisfactory results.

Noting the advertisement of "Fruit-a-tives," I adopted this treatment altogether and, as everybody knows, since taking "Fruit-a-tives," I have been enjoying the very best health and find it a pleasure to follow my vocation of Dancing and Department Instruction.

PROF. J. F. DAVIS, 563 Church St., Toronto.

Happenings of the Week

Continued from page ten.

ternoon will become the bride of Horace Black. Mrs. Smith received her guests in a very handsome white gown and was assisted by the guest of honor, Miss Smith, who wore an exquisite imported hand-embroidered gown. The color scheme was most artistic and effective, being carried out in the drawing room in yellow and white spring flowers. Each guest was presented with a daintily tied up yellow and white parcel which contained a pair of gloves. A piece was given for the nearest sewing when finished. Then the guests adjourned to the dining room a slight long to be remembered greeted them—a regular Cupid's bowler, the mantles were banked with white sweet peas and smilax; the daintily appointed table with its choice linen cloth was round and from the chandelier was festooned white tulle with bunches of lily of the valley. The centre-piece was a handsome basket filled with white roses, while from the centre of the chandelier a string of Cupids descended to the basket of roses. The chair of the bride-to-be, was decorated with a huge bow of wide white satin ribbon. Her shoes were of heart shaped cups, while on the top were white cupid's slippers. A very handsome cake decorated with flowers was placed in front of the bride-to-be, who had to cut it and pass to her friends. All the confections were decorated, suggestive of the festive occasion. Mrs. Robert Murray, who presided over this pretty table, was gowned in a very handsome costume of white voile embroidered with blue and white beads and was assisted by Miss Beth Smith, who looked charming in light yellow and yellow silk with large black picture hat, trimmed with yellow and black daisies and Miss Roberts, who wore a very becoming gown of yellow satin with large white and yellow hat to match. Among the guests were: Mrs. Robert Travis, Miss Aubrey Bullock, Miss Gladys Bullock, Mrs. Pollard Lewin, Miss Ruth Flanders, Miss Helen Church, Miss Mabel Barbour.

Throat Becomes Diseased From Neglecting Colds

Than Catarrh Sets In, Mucous Drops Into the Stomach, Coughing, Headaches and Debility Follow.

That the best method of curing catarrhal disease consists in using Catarrhone is infinitely superior to rough medicines, tablets, sprays and emulsions, which for the most part are of no practical value except to ease the cough for the time being. Often liquid cough remedies contain opium, morphine and cocaine. With Catarrhone you take no drugs—you employ Nature's way—just inhale Catarrhone's soothing healing vapor and relief and cure follow promptly.

Weak Throat, Racking Cough Cured. "For five years I suffered from a severe bronchitis. A harsh, dry, racking cough kept my throat in a raw condition from one year's end to another. Before going to sleep at night I always had a bad attack, and in the morning before each breakfast I suffered greatly. My voice was harsh and raspy, and sometimes I found it difficult to make myself understood. Catarrhone seemed to soothe and heal from the first day. It cured me, and now I wouldn't think of being without a Catarrhone inhaler—it means life to me."

The above experience is related by Mr. Alexander F. Savary of Hamilton, Pa., and proves the effectiveness of Catarrhone, which will cure every cough, cold, bronchial or catarrhal attack. The dollar size of Catarrhone contains two months' treatment and is guaranteed. Smaller size 50c, sample size 25c. All dealers, or The Catarrhone Company, Buffalo, N.Y., and Kingston, Canada.

SEARCH IN RUINED ABBEY FOR LOST \$20,000,000 WILL

British Chancery Mystery of 100 Years Ago Recalled by Mysterious Visit to Welsh Cemetery.

London, May 29.—A sensation has been caused in North Wales by the operations of mysterious visitors to the ruins of Valle Crucis Abbey, Llan-gollen, who are supposed to be searching for the will of Anthony Pritchard, whose vast estate, valued at £4,000,000, went into Chancery 100 years ago in the absence of a will or next-of-kin.

The will was supposed to have been left in the custody of a caretaker named Jones, but after Pritchard's death it mysteriously disappeared, and claimants to the estate have been hunting for it ever since.

Some years ago the grave of the caretaker, Jones, who appears to have exercised a weird fascination over Pritchard during his life, was twice dug up at midnight, and the coffin was searched for the will that was alleged to have been buried with the body. No will, however, was found.

Visitors, accompanied by London solicitors, have from time to time appeared at Llan-gollen and the coffin was searched for the will that was alleged to have been buried with the body. No will, however, was found.

The custodian said that since Easter a number of secret visits have been paid to the enclosure by known people, sometimes in the early morning and sometimes late at night but always during the absence of the guardians of the place and the historic treasures it contains.

The visits are not likely to be repeated without official sanction, for an effective cordon of watchers has been established. In the neighborhood of the abbey, one of whom was a very old resident, stated that before the abbey was enclosed as a show place the chapter house was the living room of a large farmstead, where it is understood, relatives of Jones, the caretaker, at Llan-gollen, lived and some stated that Jones frequently visited the abbey at night. It is thought that he may have concealed documents under the floor of the chapter house, and it is asserted that certain documents on which the claim to the millions is based bear indications of having been kept for a considerable time in a damp place and under conditions similar to those obtaining under the chapter house floor.

Whether anything has been discovered or not is not known, but the principal claimant, who some years ago asserted that her case was all but complete, has, after a long stay, suddenly left the locality.

Ludger Cote's Backache had developed into Bright's Disease, and pains and aches were his portion—Dodd's Kidney Pills cured him.

St. Yvon, Gaspe Co., Que., May 31, (Special)—Once more a wonderful cure has been made of the old Canadian Kidney Remedy ringed through the Province of Quebec. Mr. Ludger Cote, a well known resident of this place, in the Province of Quebec, tells the story of his cure in his own words as follows:

"For four years I suffered from Backache, stiffness of the joints, and finally Bright's disease. I could not bend my right leg on account of the pain in my hip and knee. I had terrible pains in the region of the bladder. My eyes were swollen, I was always tired and nervous and took no pleasure in life. Finally, I decided to try Dodd's Kidney Pills and the effect was marvelous. Six boxes cured me completely."

Backache, neglected, develops into Bright's Disease. The one sure way to escape its tortures is to cure the Backache which is first starts with Dodd's Kidney Pills.

guests of Mrs. Henderson's mother, Mrs. Albert W. Lockhart, Duke street.

Mrs. Norah Stewart, Sydney street left on Wednesday evening for New York where she will visit for a few weeks.

Mrs. Lehrle is visiting her son, Mr. Louis Lehrle, at Rothsay.

Mr. Edward Donville, of Montreal, spent the holiday at Rothsay with his parents, Senator and Mrs. Donville.

Dr. and Mrs. W. S. Carter, who have been spending the 24th at Kingston, visited in the city for a few days this week, and returned to their home in Fredericton, today.

Mr. and Mrs. T. Escott Ryder expect to move to "Arctique" to their summer residence, today.

Mr. and Mrs. James P. Robertson have arrived on the steamer Virginia from England and are expected today at their summer home "Karsalia," Rothsay.

Mrs. W. S. Benson and family, daughter of the Hon. L. J. Tweedie, accompanied by her brother, Mr. J. Murray Tweedie, left Chatham last evening for her home in Vancouver. Hon. Mr. Tweedie met his son and daughter at Montreal, having been in New York.

Several of this year's graduates of the U. N. B., young men of this city, have secured lucrative positions already. Among them are, Mr. William C. Ewing, who left on Monday for Chatham, where he has accepted a position under Mr. G. Stead, the Dominion district engineer, also Mr. Kingston Jones, and Mr. Henry F. Morrissey, who left this week to take good positions.

The Misses Sturdee and Miss W. Ritchie, (Rothsay), registered at the Canadian Office, London, last week.

Mrs. J. Morris Robinson left on Wednesday to visit her daughter, Mrs. Joseph Harrison, at Middleton, N. S.

Mr. and Mrs. Clarence Henderson and daughter, arrived in St. John from Dominico, on Wednesday, and are the

CLERGYMAN HURT, WILL SOON RECOVER

Rev. W. J. Kirby Not so Seriously Injured as was at First Feared—Hopewell Girl Gets London Certificate.

Hopewell, May 28.—The many friends of Rev. W. J. Kirby are pleased to hear that he was not so seriously injured on Sunday as was first reported. The reverend gentleman, who was driving from his home at Albert to attend to his regular service at Harvey, was thrown from his carriage by his horse shying at an auto, and running away, Mr. Kirby, although unable to attend his services on Sunday, will be around in a few days. Mr. Wagstaff preached at the Hill Sunday evening in his absence.

Miss Mary Russell, teacher at Upper Lochester, spent the holiday at her home here.

Miss Nellie Rogers returned to her home here today from Mount Allison where she has completed her first year. Miss Lizzie Peck, daughter of C. L. Peck, who has been studying music in Moncton, recently received a diploma for advanced pianoforte from the Royal College of Music, London, having passed a very creditable examination held by members of the faculty of that institution. Miss Peck is an excellent performer.

Hon. A. R. McNeil has been elected president, Alex. Rogers, secretary and Jas. C. Wright, treasurer of the Hopewell cemetery company.

Miss Robb, returned a missionary from Korea, will lecture on Mission Work in Korea, in the Presbyterian church at Riverside, on Monday evening, June 3.

Miss Mary Newcombe accompanied by her friend, Miss Eliza Palmer, of Sackville, returned today from Mt. Allison university, where she has completed her sophomore year.

The Understudy of the Sun McClary's Sunshine Furnace

WHEN Old Sol swings low and far away he appoints an understudy for the purpose of keeping Jack Frost where he belongs—Outside.

Years ago McClary's "Sunshine" Furnace, by reason of its marvelous heating capacity and the balmy June air it suffused the house with, was specially appointed Understudy to the Sun. That appointment has been confirmed year after year, and your "Sunshine" Furnace—Jack Frost's Master awaits your orders for the coming winter.

Remember the past winter—the Frost King was very active—He battered us with a three months' siege of snow and ice—Almost conquered the thermometer by chasing the mercury out of sight. But he failed to penetrate thousands of homes, because the Understudy of the Sun—McClary's "Sunshine" Furnace—was on the job in the cellars of these homes.

It's easy to keep Jack Frost at a safe distance with the "Sunshine" Furnace. He may storm and rave outside, but there is no place for him within—because, the Understudy of the Sun has demonstrated its mastery in the home.

NEW COMPANIES SEEK INCORPORATION

Messrs. F. P. Elkin, D. J. Parry, F. C. Beatty, F. Gilbert McMillan and N. C. Scott, all of St. John, are seeking incorporation as The Tugboat Life Company, with a capital of \$8,000 to operate a general tugboat business.

Messrs. Henry L. Main, Austin A. Allen, Norman S. Steeves and Lily M. Allen, Moncton, and Joseph S. Grey, St. John, are seeking incorporation as Main, Limited, to take over the business of Henry L. Main, boot and shoe business at Moncton. The capital is \$15,000.

Mr. Willard Amos Lawrence, Mrs. Jennie Lawrence, Mr. William Walsh McDonald, Mrs. Maud McDonald, Mr. William Hamill Oulton, and Mrs. Julia S. Oulton, all of Sackville, are seeking incorporation as The Sackville Heating and Plumbing Company, Ltd., with a capital of \$4,000 to carry on the business of W. Amos Lawrence.

GOVERNMENT APPOINTMENTS. Hon. James A. Murray, M.P.P. of Kings County, has been appointed president of the Executive Council in place of Hon. Robt. Maxwell, resigned.

The following appointments are also made: Pierce E. Casgrain, B.A., LL.M., barrister, to be a commissioner in the Province of Quebec for taking affidavits.

Leon Violet, barrister, of Paris, to be a commissioner for taking affidavits in France to be read in the courts of New Brunswick.

Kings County—George Kingston, Centreton, and John Jackson, Havlock, Justices of the Peace; Frederick Ham, Grand Bay, and Alfred Whitley, Carter's Point, coroners.

Saint John—Horace C. Wetmore, M. D., to be a member of and chairman of the liquor license commission.

The following have been registered to solemnize marriages: Rev. Algeron C. Penwick, Upham; Rev. Crompton Sowerbutts, Waterford; Rev. Briley Abbott, Queensbury and Southampton; Rev. E. E. Lake, St. Marys.

SUBJECTS. There's the whole great world to write about With all of its joy and pain, The things we love and we fight about.

The fun and the loss or gain. There are themes of endless variety. Numberless themes to treat, Politics, trade, society, The bitter, the kind, the sweet.

There are plenty of things to sing about Wherever you chance to look. For life seems fairly to fling about. Subjects to fill a book. The song of the souls victorious, The songs of the failures, too, Things ignoble or glorious, The false as well as the true.

There are themes so multifarious That nobody knows them all. Matters that soothe or hurry us. Winter and spring and fall: A million themes to be bright about (It's easy when you know how) There are plenty of things to write about. But I cannot recall them now!

They used to have knockers on the roof door. Now they have 'em all over the house.

THE FARMERS LIFE

means hard work, but, in spite of the heavy labor involved, there is no existence more enviable for a robust man, and no calling that leads more surely to independence. Field-work however, is heavy-work and only a well fortified system can long withstand the strain; this is why farmers should rely on

RED CROSS GIN

to supply the reserve of energy and strength of which they are in constant need. They will learn by experience that Red Cross Gin is an ideal tonic as well as a stimulant, and that its effect on the general health is most beneficial. The reasons for its superiority over foreign gins are not hard to seek.

Red Cross Gin is distilled under the direct supervision of Canadian Government authorities and is therefore fully guaranteed as to purity, age and quality, whereas Foreign Gins not being submitted to any Government Control whatsoever are often dangerously falsified.

Insist on having RED CROSS GIN, a pure CANADIAN product.

THE WEATHER

Toronto, May 31.—Rain has been general again today in Quebec and the Maritime Provinces and a few scattered showers have occurred in Alberta and Saskatchewan.

Minimum and maximum temperatures:—Victoria 52, 66; Vancouver 50, 66; Kamloops 50, 74; Edmonton 38, 62; Battleford 46, 74; Prince Albert 48, 70; Calgary 39, 68; Moosejaw 44, 71; Winnipeg 54, 64; Port Arthur 40, 66; Parry Sound 40, 68; Toronto 42, 78; Kingston 44, 66; Ottawa 46, 64; Montreal 44, 56; Quebec 42, 46; St. John 50, 66; Halifax 54, 64.

Lower Lawrence—A few scattered showers, but for the most part fair with higher temperature.

Gulf and Maritime—Moderate to fresh winds, cloudy, occasional showers.

AROUND THE CITY

First Aid To the Injured.
The C.P.R. West Side class in first aid to the injured will be held on next Tuesday evening and thereafter on Tuesday evenings instead of on Monday evenings as formerly.

Defective Streets.
The police report two dangerous holes in St. James street and another one on the corner of Duke and Pitt streets. The streets in some parts of the city were quite badly damaged by the heavy rainfall.

The Holiday Season.
Every Saturday afternoon during June, July and August the store and office of Emerson & Fisher, Ltd., will close at 1 o'clock. Monday being the King's birthday, will be observed as a holiday.

A Still Alarm.
About 7 o'clock last evening a fire was discovered in rags in Jacobson's junk loft on Pond street. A still alarm was sent in to No. 4 station and the firemen put on a stream and quenched the flames in a short time. The damage done was trifling.

The Burns Shooting Case.
James Burns, the man who was shot by a companion on Monday last, is rapidly improving at the general public hospital, and is expected to be able to leave the institution in a short time. George March, who shot Burns is still in jail.

Wedding This Morning.
A pretty wedding will be celebrated at the home of the bride's parents at 10:45 this morning when Miss Grace Jenkins, a daughter of Thomas Jenkins, will be united in marriage to James W. Ellsworth-Griffith. Rev. Charles Flanders, D.D., will officiate at the ceremony after which the happy couple will leave on an extended trip. On their return they will reside at 10 Park street.

The Redmond Inquest.
Last evening Coroner D. E. Berryman empaneled a jury to inquire into the death of Joseph Redmond, the members being as follows: Fred A. Estey, Sidney Gibbs, John Chestnut, John Seaton, Arthur Foster, Albert S. Peters, and J. S. Armstrong. The jury visited the residence of the deceased on Brussels street and after viewing the remains adjourned until Tuesday evening next when the inquest will be held in the rooms of the county council in the court house.

Popular Young Lady to Wed.
A wedding of interest will take place this afternoon in Centenary church when Miss Ellen Barry Smith, eldest daughter of H. Morton Smith, will be united in marriage to Horace G. Black, son of the late Rev. Dr. S. McCully Black. Rev. Charles Flanders, D.D. and Rev. F. S. Porter will officiate at the ceremony. Mr. and Mrs. Black will leave on the Montreal train for a trip through the upper Canadian cities and on their return will reside at 4 Wentworth street.

Children's and Misses' Dresses.
The daintiest of dresses for girls and young ladies that have been created this season by the New York designers are on display at F. A. Dykeman & Co.'s store. They have secured a large portion of a New York manufacturer's overstock and these Children's and Misses' Dresses can be had in colors and in white from this season's materials and this season's styles at almost half their usual price. Sizes run from 6 to 17 years. The latest styles are suitable for small women. Their store will be open till 10:30 this evening.

Garden Supplies.
Now is the time to plant your garden. We can supply you with anything you want for your garden at moderate prices. Phone us and we will be pleased to call for your window boxes and have them planted for you. W. and K. Pedersen, 19 Charlotte street, Phone 1884.

Excellent Showing in Millinery.
Best values and latest styles in Millinery. Everything new and up-to-date. An inspection will convince you of the excellence of our showing. Washburn, Nagle, Earle, Limited, 29 Canterbury street, Next door to Evening Times office.

Voters, Attention!

The Local Government party for both the City and the County have opened headquarters at Room No. 11, Ritchie's Building, 50 Princess street, Phone Main 28. Information regarding the voters' lists, etc., can be obtained by calling or telephoning. Residents of St. John City or County whose names appear on the voters' list in other counties, or any resident of St. John whose name has been accidentally dropped from the last list can have their names placed on the list by calling at the office of Innes and Hazaar, No. 108 Prince William street, second floor, or Phone Main 380.

MARGARET ANGLIN TO PLAY ENGAGEMENT IN THIS CITY

The Great Canadian Actress and former St. John Girl will Appear in Opera House July 1 with Her Complete English Company which Played in New York all Winter—"Green Stockings" the Play—Enormous Guarantee Necessary to Secure Miss Anglin.

MARGARET ANGLIN.

After two years' effort, F. G. Spencer is now in a position to announce the positive appearance of "Margaret Anglin," in St. John July 1st, and on one or two succeeding days. This is probably the most generally interesting local amusement announcement that has been made during the present generation, at least Miss Anglin's name is not only a household word from the Atlantic to the Pacific, on both the Canadian and United States sides of the line, known as one of the two or three great actresses of the present day, but she is a St. John girl, daughter of the late Timothy W. Anglin, Speaker of the House of Commons; also a sister of Hon. Justice Anglin, of the Canadian Supreme Court, now residing in Ottawa.

Miss Anglin left St. John at the age of ten, and after some years' residence in Toronto, she began that stage career which has added lustre to the name of Anglin. The transatlantic tour, which will conclude here, has been one of the most successful ever undertaken by any star and from the Canadian western cities, some reports of the unprecedented drawing capacity of the wonderful young Canadian, who has in the past twelve years advertised her native country as probably no other artist has done.

No less, it is reported, was her success in San Francisco, Los Angeles, Denver, Seattle, Portland, Cleveland, Pittsburgh, Chicago, St. Paul, and all the leading cities on the continent where the St. John girl's genius accomplished what only the few in a decade can. The press in all these cities agreed that such a combination as "Green Stockings," "Margaret Anglin," and her magnificent supporting company of English artists, has seldom been heard on the American stage. In view of these facts, a statement that Margaret Anglin's appearance here will mark an epoch in the amusement history of St. John, would not seem to suggest an exaggeration. It is said that Mr. Spencer has guaranteed Miss Anglin and her company, a sum that no other actress with one exception of Bernhardt, could command, but there seems little doubt that the capacity of the Opera House will be inadequate to accommodate the thousands from all over the province, who will desire to see and hear "Margaret Anglin," who as a short skirted child, played near her father's residence on Waterloo street without thought of the great future which would be hers.

SEES GOOD TIMES AHEAD FOR EAST

Nathaniel Curry Predicts Great Development for New Brunswick Along Industrial and Agricultural Lines.

That the future holds bright prospects for the Maritime Provinces, is the opinion of Nathaniel Curry, of Montreal, president of the Canada Car and Foundry Co., and also-president of the Manufacturers' Association of Canada, who passed through the city last evening from Amherst. For the agricultural development of the section Mr. Curry is confident of great growth within the next decade. "In ten years," Mr. Curry said, "I predict that the farmer will be getting from his land twice as much as he is at present. The soil is not producing nearly as much as is possible to take from it, but the farmers are evidently beginning after a long time to realize the great possibilities of agriculture.

"The influx of new settlers," Mr. Curry pointed out, "is an important factor, and new blood coming into the country will be of benefit. These newcomers from different countries bring with them new ideas and will help to build up the east."

He expressed his firm belief in a prosperous future, both in agriculture and industrial lines.

Speaking of Amherst, Mr. Curry said that the Nova Scotia town is daily showing signs of growth. Industrially, the town is making rapid strides. Among the new industries of Amherst is an automobile factory the ground for which is already being broken.

On Thursday evening Mr. Curry was the guest of honor at a banquet tendered him in Amherst by the leading citizens of the town. He left last evening for Montreal.

MR. CONELLY AND COUNTY CAMPAIGN

Well Known Lumberman Always Staunch Liberal, will Support Baxter and Carson—To Preside at Meeting

Robert Connelly of the Pejepscot Lumber Company, at Salmon River, will preside at the meeting to be held there on Monday evening by the local government candidates. The meeting will be addressed by Col. J. B. M. Baxter and Warden T. B. Carson, the county candidates.

Mr. Connelly, who has always been a staunch liberal, telephoned to the secretary of the county campaign yesterday morning that he places himself unreservedly in the hands of the county campaign committee, and will speak for the local government candidates.

The Best Quality at a Reasonable Price

The little defects in eyesight are usually the most annoying. When the defect is great there is poor vision and as there is no personal knowledge as to what should be seen by a normal eye, there is no worry. Little defects are annoying because they cause pain in the eyes, or headaches or the eyes are weak.

Let us advise you about your eyes.
