Soldiers Scrambling For Farms

Loans Aggregating Upwards of Fourteen Millions Have Been Made to Soldiers Who Are to Take up Farming.

TOTAL NUMBER OF LOANS 40,262

Applications for Certificates Qualifying Men to go on the Land Have Exceeded 17,000, While Over 12,000 Have Been Granted.

Ottawa, June 23.—That loans aggregating upwards of fourteen million dollars have been made to returned soldiers, who propose to take up farming, was an interesting statement made in the House of Commons today when the Soldiers' Land Settlement bill was under review in committee.

Mr. Meighen dealt at length with the operations of the land settlement board up to the middle of the present month, showing that nearly nine million dollars has so far been spent on land, and nearly five million dollars on the purchase of stock and equipment. The total number of loans granted has been 40,262, and the average amount has been \$3,394.

Applications for certificates qualifying men to go on the land have exceeded seventeen thousand, while over twelve thousand have been granted. Ex-soldiers have chosen all the provinces for farming themselves. Alberta leading the list with slightly over four thousand, and Prince Edward Island being at the bottom with 241.

Mr. A. E. Frapp, Ottawa, during the course of the discussion, asked what the government proposed to do to enable returned men who do not intend to farm to rehabilitate themselves. Would they be given an opportunity to start shops or set themselves up in some other way? he asked.

Mr. Meighen answered the question by explaining that aid to soldiers, other than that given to those who will go upon the land, is one which would have to be settled by the government as a whole, and not by the minister of the interior.

Mr. D. D. MacKenzie was not inclined to be enthusiastic by the government's plan. He pointed out that men who do not profit by the scheme might be dissatisfied. He suggested that it might have been better to give each soldier a sum of money and let him subsequently depend upon himself.

The minister explained that the order-in-council, passed in February, giving the board the right to acquire private lands for soldiers' settlement did not give the right to expropriate land. That power was being sought in the bill before the House. After a long debate the committee reported progress.

Late in the evening consideration of the resolution providing assistance for the construction of highways was resumed.

Dr. Michael Clark wanted to know where the twenty million dollars to be spent through the provinces was coming from, while J. H. Maharg advanced the view that in the west railways are required more than highways.

Mr. Sesamith, East Peterboro, defended the government's programme and said its carrying out would aid production.

ADJOURN RAILWAY SHOPMEN QUESTION THREE WEEKS

Believed That at That Time the Railway War Board and Executive of Unions Will Have Something to Work Upon.

Montreal, June 23.—An adjournment of all negotiations for a period of three weeks was the proposition put up to the Canadian Railway Board this morning by the executive of the division No. 4 Railway Shopmen of America representing 30,000 men.

This suggestion was made in view of the assurances received by the officials of the division whilst in Atlantic City, that the United States Railway administration would have its finding completed within three weeks. The executive expressed the opinion that if this is done here, at the end of three weeks, the board will have something definite to work upon.

LABOR NEWS OF WINNIPEG SAYS SOMETHING

Claims Returned Soldiers Are Becoming Restless and Are Threatening to Take Things in Their Own Hands.

MOUNTED POLICE RAID NEWS OFFICE

Took Steps to Suppress Further Publications of the Periodical by Carrying Away Type and Arresting Editor.

Winnipeg, Man., June 23.—The Western Labor News, special strike edition number 32, this morning under the display headline "Strike Unbroken—Kaiserism will not Work," has much to say about the happenings of Saturday. Most significant, perhaps, is an article entitled:

"Is There a Way Out?" in which an attempt is made to find common ground for settlement.

"The returned soldiers," it says in part, "are becoming restless and threatening to take things in their own hands. They are tired of the policy of 'do nothing, keep order' so consistently followed by the strike leaders."

"Mediation by a body as well equipped as any that is likely to be fixed, has apparently failed. There is a deadlock. What will happen? How will it end? Is there any possible way out? Mediators have failed. Possibly something might be done if the principals could be brought face to face."

"The Labor News goes on to suggest, 'a shift of basis of discussion, the suggested solution,' a committee with extraordinary powers; power to make full investigations, powers to suggest and enforce radical and far-reaching policies, powers, if found necessary, to actually keep the business of the country going."

"Who ever ordered the shooting last Saturday is a Kaiser of the deepest dye, the Labor News says. The responsibility must be placed and the crime brought before the bar of justice."

The Committee of One Thousand must be taught that ideas are more powerful than bullets. The blood of martyrs is the seed of the church. We shall carry on, in spite of Hell, till the victory is ours."

Winnipeg, June 23.—Members of the Northwest Mounted Police raided the offices of the Western Labor News late this afternoon and took steps to suppress further publications of that periodical. The mounteds remained at the Labor Temple for more than two hours and when they left they took away all the type and "copy" that had been prepared for the issue of tomorrow.

J. S. Woodworth, acting editor of the Western Labor News and former of a Methodist minister, was arrested at the door of the printing office. Several years ago he gave up the ministry and took charge of the "all people's mission" here, later being employed by the government in social service work. After that he was at the Pacific coast for a considerable time in recent months where he worked as a longshoreman.

Steve Scherbanowicz, formerly of East Selkirk, Man., but recently living at 222 Lisette street, Winnipeg, died this evening in the general hospital of gangrene as the result of being shot in both legs. This is the second death resulting from Saturday's rioting, the other being Mike Sokolowski, who was shot through the heart. All the others injured are said to be progressing satisfactorily.

FIRE DESTROYS 102 AIRPLANES

Broke Out in St. Cyr Air-drome Doing Heavy Damage.

Paris, June 23. (By The A. P.)—Fire broke out yesterday afternoon in the air-drome at St. Cyr, destroying 102 biplanes and 102 airplanes. An enormous amount of other damage resulted. The loss is estimated at four million francs.

AMERICAN STRM. SUNK BY MINE

London, June 23.—The American steamer Farnam, from Baltimore, has been sunk by a mine explosion, according to a despatch to Lloyd's from Gothenburg.

Reparation Problems Delay Completion of Austrian Terms

Paris, June 23.—Completion of the Austrian peace conditions has been delayed by the reparation problem. The American proposal that the new states formed from Austria-Hungary bear something toward the cost of the army of liberation has not met with favor. The French delegation is working upon a new plan.

Three Officials of United Mine Workers Defeated in Election

Sought Leading Officers in the U. M. W. Which Recently Absorbed the Amalgamated Mine Workers.

Sydney, N. S., June 23.—Incomplete returns tonight indicated that the three chief officials of the United Mine Workers had been defeated in their contest for the principal offices of the U. M. W., the international organization which recently absorbed the Amalgamated Mine Workers.

INFURIATED MAN SHOOT AND KILLS A COMRADE

Lemuel Grant of Sydney Fires Revolver Shot at George Mapp, Killing Him Instantly.

Sydney, N. S., June 23.—Infuriated because George Mapp started for the police station to obtain protection for his (Grant's) wife, Lemuel Grant killed him with a revolver shot at 153 Tupper street this morning. He also fired at Mrs. Grant, but although she was only about three feet from him, he missed her, as she fell just as he fired. The revolver contained only two bullets, and the murderer was unable to complete his work. The incident, which led up to the shooting, occurred in the kitchen, in which Mr. and Mrs. Grant, Mapp and Albert Barrow were sitting. According to stories told by Mrs. Grant and Barrow Grant had been abusing his wife for about three weeks. Mrs. Grant referred to a woman on Hankar street, whom Grant has been keeping. When the argument had reached the climax, Mapp left the kitchen stating that he was going to the police station to obtain protection for Mrs. Grant. He reached the hall, when the murderer pulled the gun and shot him. The bullet entered Mapp's jaw and took an upward course.

He stated that in compliance with the expressed desire of the men's committee, he is endeavoring to arrange for them to hold a meeting in the Industrial Bureau tomorrow. Such meeting would be subject to police control; a stenographic record of proceedings would be taken, and it would be broken up on any incitements to unlawful act.

Hardly a meeting of the Committee has been held, during the past five weeks, without violent outbursts at what has been characterized by speakers as the arrogance of the Committee in taking for their exclusive use the great hall of the Industrial Bureau, which is claimed belongs to all citizens alike. To hold one of their sessions in the Industrial Bureau has, therefore, become something of an obsession.

If this is not permitted, it is probable that should the situation remain tranquil meantime, a meeting will be authorized in Victoria Park tomorrow.

An extra edition of the Winnipeg Telegram claims that on Saturday night four warrants were issued for the arrest of leaders of returned soldier strikers, but of these only one has

Special to The Standard. Newcastle, June 23.—Lord Beaverbrook will offer five scholarships for the students attending denominational colleges. They will be awarded by competitive examination, and will be open to all students taking the matriculation examination at the University of New Brunswick. There is a further provision that three out of the five scholars must come from centres outside of St. John and Fredericton.

Lord Beaverbrook will ask Crockett and Mr. Frank Ellis to act as a committee for the purpose of making the awards, and this committee is to take into consideration the financial position, moral character and industrial habits of the candidates. The sum of twenty-five thousand dollars has been paid to the Montreal Trust Company and set aside for the use of the committee, which is to make careful observations of the workings of the scheme during what may be considered an experimental period.

WINNIPEG PUT IN QUIET DAY YESTERDAY

Mayor Endeavoring to Arrange for the Strikers to Hold a Meeting Today in the Imperial Bureau.

Winnipeg, Man., June 23.—"Everything is quiet. I do not anticipate trouble today," said Mayor Charles F. Gray, to the Canadian Press Limited, today.

Asked whether he had heard the rumor that strike sympathizers were about to march on the city from the industrial northwestern suburb of Weston, His Worship said he had heard nothing of it.

He stated that in compliance with the expressed desire of the men's committee, he is endeavoring to arrange for them to hold a meeting in the Industrial Bureau tomorrow. Germany Liable To Have Military Dictatorship

Paris, June 23.—The movement for a military dictatorship in Germany is gaining ground, according to advices received by the American military authorities quoting the Kreuz Zeitung of Berlin. Die Freiheit, the independent socialist paper, declares that the counter-revolutionary element is preparing to strike a blow against the government.

National Council of Women Elect Their Officials

In So Far as Quebec and the Maritime Provinces Are Concerned the Election is Complete.

Regina, Sask., June 23.—The election of officers for the National Council of Women resulted as follows, as far as Quebec and the Maritime Provinces are concerned:

Provincial vice-presidents—Mrs. D. McLellan, St. John, N. B.; Mrs. D. Carmichael, New Glasgow, N. S.; Mrs. Arthur Drummond, Quebec.

LORD BEAVERBROOK TO PROVIDE FIVE SCHOLARSHIPS

Each Scholarship to be of the Value of \$325 a Year for the Period of a Whole Course.

GOUIN RETURNS WITH REDUCED MAJORITY

His Former Strength Was 75 Liberals, 6 Conservatives; Yesterday's Returns Show 68 Liberals, 9 Conservatives and 20 Labor Union Men.

CONSERVATIVES LOST ONLY ONE SEAT

In Addition to Official Opposition of Nine Members There Are Several Liberals Elected on Independent Tickets.

Montreal, June 23.—Sir Lomer Gouin goes back to power in Quebec with a slightly reduced majority as a result of the provincial election. His former strength was 75 Liberals to 6 Conservatives. His present strength, leaving out Pontiac and Temiskaming, both of which returned Liberals last election, but returns for which are not to hand tonight, is 68 Liberals against 9 Conservatives and 20 Labor union men.

Labor is represented for the first time officially at Quebec, men who have formerly run under the name having been straight Liberals.

The government lost three seats on the island of Montreal, Maisonneuve, Laval and Dorion. In the first and last, labor replaces Liberals; in Laval it is a straight Conservative gain. Maisonneuve is the scene of Sir Lomer Gouin's speech last week.

The Conservatives lost only one seat, Charlevoix-Saguenay, by not contesting St. Ann in Montreal and Lac St. Jean they lost two others.

Outside of Montreal the government lost five seats, Ierville, Joliette, Labelle, Chicoutimi and St. Hyacinthe. The leader of the opposition, Arthur Sauve was re-elected by 600 majority, a large one for a rural constituency.

In addition to the official opposition of nine members there are several Liberals who are elected on an independent ticket and of whom the government cannot be always sure.

A feature of the elections was the comparatively small majorities gained by the Liberal candidates, as compared with previous elections. Thus, Hon. Napoleon Seguin, the only minister to contest a seat, did not secure 1,000 majority, whereas in 1916 his majority was around 4,000.

The following results are reported in the provincial election today: St. Sauveur—Arthur Paquet, (Liberal), 275 majority.

Quebec East—Louis Letourneau (Government), 379 majority.

Montmagny—C. A. Paquet, (Government), 182 majority.

Lake St. John—E. Moreau, (Government), 232 majority.

Montcalm—J. F. Daniel, (Government), majority not given.

Charlevoix-Saguenay—P. Dufour (Government), 200 majority.

Chicoutimi—J. Goudreau (Conservative), 400 majority.

Germany To Sign Terms Of Allies

Their Plea That Certain Clauses Be Stricken from the Terms Was Not Acquiesced in by the Allied Powers.

WILL BE SIGNED DURING WEEK

Indications Are That the Peace Congress Will Not Defer Much Later Than Thursday a Meeting With the German Representatives.

New York, June 23.—The Associated Press tonight issues the following: Germany is to sign unconditionally the peace treaty of the Allied and Associated Powers.

Although the Germans had pleaded for the striking out from the treaty of provisions acknowledging Germany's responsibility for the war, and calling for a "supreme offence against morality and the sanctity of treaties," the will of the Allies, that these clauses remain in the document, is to prevail.

Likewise a request for an extension of the time allowed for acknowledgment by the Germans of their willingness to meet the Allies' terms—even though only forty-eight hours were asked for and the exigencies arising from the formation of a new governmental regime were offered as a basis—was peremptorily refused.

After having promised to meet the Allied demands, the spirit of reconciliation apparently prevailed for a time in the new Government of Herr Bauer, but this, seemingly, later was overcome and now everything points to the signing of the treaty at Versailles during the present week.

An indication that the Peace Congress will not defer much later than Thursday a meeting with the German plenipotentiaries for final action is obtained from a report from Paris that the steamer George Washington, on which President Wilson has been ordered put in readiness to sail Thursday. The report, however, does not assert that the steamer will sail on that date. In their plea for lessening the demands of the Allies the Germans continued to the last to declare that the conditions imposed were impossible of fulfillment, and to make reservations declining responsibility should Germany be unable to meet the requirements of the Allies.

It is asserted in Paris that "notwithstanding the fact that the Italian cabinet headed by Premier Orlando has fallen and another one headed by Signor Nitti has been forced to supersede it, the Italian peace delegates, now in the French capital, have been authorized to sign the peace treaty on behalf of Italy."

Weimar, June 23.—(3:16 p.m. by The Associated Press)—The National Assembly this afternoon voted to sign the peace terms unconditionally, the government having succeeded in overcoming the opposition of those who insisted on two conditions.

Paris, June 23.—(Havas)—The German note accepting the Allied peace conditions without reservation made only one written page. Paul Dautast, the secretary-general of the Peace Conference, had the note translated as soon as he received it and sent copies of the translation to Premier Clemenceau, Premier Lloyd George and President Wilson.

Paris, June 23.—(By The A. P.)—The signing of the peace treaty is now likely to take place before Thursday, possibly not until Friday. This announcement was made tonight by Premier Clemenceau and Secretary Dautast.

VON LETOW VORBECK IS IN BERLIN

Berlin Denies That He is Organizing Troops in East Prussia to Fight Forces of Noske.

Copenhagen, June 23.—A semi-official despatch received from Berlin denies, categorically, statements published in Berlin, Saturday, that Colonel von Letow-Vorbeck, formerly commander of the German troops in East Africa, is organizing a large army in East Prussia with the object of fighting both the forces of Gustav Noske, Minister of National Defence, and the Entente. The statement says that Colonel von Letow-Vorbeck is in Berlin.

POLICY OF ALLIES IS TO HELP RUSSIA TO SAVE HERSELF

French Foreign Minister Praises Kolchak and Declares Bolshevism is Doomed.

Paris, June 22.—The Allies wish to help Russia to save herself, declared Stephen Pichon, French Foreign Minister, in his address to the Chamber of Deputies last night, setting forth the policy of the government regarding Russian affairs.

Mr. Pichon began by paying tribute to the help that had been afforded in the East by Greek troops and followed by stating the size of the French effective forces in Russia. There are five thousand French troops in Siberia, he said, and two thousand at Murmansk and Archangel. Three divisions of French had been on the Dniester, he added, on of which had already been withdrawn, another of which would be relieved and the remainder of the troops relieved by degrees, as the Rumanians were in a position to defend themselves.

"We are not at war with Russia," said the Foreign Minister in beginning his statement of policy. "We are at war with Germany, and it was to restore the liberty of our communications that we went to Archangel. But we ought not to pay aside the Russian problem. No world peace can continue so long as anarchy exists in Russia. In order that civil war may cease in Russia it is necessary that anarchy, with its contagion of Bolshevism, should be stamped out. It is necessary that a great Russian democracy should be reconstituted which may establish peace. In order to attain this it is necessary to make an appeal to all the reconstituted elements in Russia.

"This is the policy of the allied government. We desire a Russia united, strong and powerful, and we do not wish her to be dismembered, but we are partisans of a Russian democracy, in federal form, based upon national sovereignty and upon the principles of right and of liberty, which are the principles of modern nations. Our views are also those of the Allies, for the problems in Russia concern others as well as ourselves. We are approaching the final result, which we believe is precisely what all civilized nations desire.

"As to Bolshevism, it has lost the day, and knows it. It may have yet a little while, as it finds some strength in its army which let it not be forgotten. It is bolstered up by German arms. Union is being established between all forces in order to re-establish order and tranquillity.

"Around whom do these forces gather. Around the government of Kolchak, who is a soldier, a good provisional government. Heartick from what he had seen, he had but one desire, one passion, to deliver his country from Bolshevist dictatorship. The immense majority of Russians are anti-Bolshevist.

BELGIUM'S KING AND QUEEN TO VISIT UNITED STATES

Have Accepted Invitation of Pres. and Mrs. Wilson to be Their Guests in September

Brussels, June 23.—(French Wireless Service)—Before President Wilson left Belgium, it was announced today, King Albert and Queen Elizabeth accepted his invitation to visit the United States. The Belgian royal couple probably will go to America in September.

THREE NERVY FLIERS WHO HAVE MADE TWO VISITS TO THIS CITY

Former Flight Lieutenant Stuart Graham, His Courageous Wife, and Walter Kohre, the Mechanician, Have Proved Interesting Visitors—Have Stopped Here on Two Occasions While Flying from Halifax to Quebec.

In future days, when passengers, mails and freight will all be conveyed by the aerial route, the arrival of a seaplane in St. John harbor will not be looked upon as an unusual event, but until that time comes, human pulses will quicken at the sight of a monster man-made bird, flitting with her husband, for she has said, "I would fly to Jericho, as long as my husband was with me."

The Curtis hydroplane, with Lieut. Stuart Graham, pilot; Mrs. Graham, navigator, and Walter Kohre, mechanic, arrives at St. John in the trans-provincial flight and is met by her friends and the inevitable interviewers.

London, June 23.—Hamel von Helldorf will sign the peace treaty for the Germans, it appeared likely today from all information at the headquarters of the American delegation.

THOMAS CHARGES "CARD STACKING" AGAINST LEAGUE

Williams Refers to Opponents as "This Whole Infernal Gang."

Washington, D. C., June 23.—A bitter partisan wrangle over the Knox resolution, calling for the separation of the peace treaty and the league covenant was precipitated in the Senate today. Again the Senate failed to reach a vote after hours of angry debate, in which Senator Williams, Democrat of Mississippi, referred to the league's foes as "this whole infernal gang."

Republican leaders explained the postponement of a test vote on the Knox resolution as necessary because of the absence of several Republican Senators, among them Senator Lodge, of Massachusetts, and Senator Penrose, of Pennsylvania. It is doubtful if they will be ready for a vote tomorrow.

A resolution was introduced by Senator Spencer (Republican) of Missouri, proposing a series of reservations by the United States with regard to the league covenant. Senator Spencer is opposed to the Knox resolution, but is not satisfied with the league.

This resolution would strengthen the so-called reservation of the Monroe Doctrine, protect the sovereignty of the United States over such matters as immigration and tariff, and in effect, eliminate article X, which binds the United States to maintain the territorial integrity and political independence of members of the league.

Charges Committee Was Packed. The administration's defence was opposed by Senator Thomas of Colorado. He declared it was improper for the Senate to adopt or reject the peace treaty in advance.

Senator Thomas accused the Republicans of "packing" the foreign relations committee with foes of the league. Senator Williams backed up his charge and one of the warmest debaters of the session was precipitated. Senator Moses, of New Hampshire, and Senator McCormick of Illinois, took issue with the democratic senators and the controversy waxed so angry that Vice President Marshall finally admonished the participants that they were grasping the edge of parliamentary courtesy.

Senator Williams insisted the committee "not only stacked as a deck with cards might have been against the President, because he was a Democrat, but it was stacked against him because he was the leader of the movement in favor of a covenant of peace for the world."

Senator Moses replied that the committee was stacked against the President only in the sense that the Republican controlled it while the President was a Democrat and pointed out that in view of the changes of partyanship it was significant that on every vote taken in the committee when the league was under consideration the Democrats "lined up solidly on one side."

Terms Opponents "Infernal Gang." Senator Williams reported that partisanship was shown in every movement of the republicans and declared the Knox resolution was not intended to gain time for consideration of the League covenant separately, but to defeat it.

"That is all there is behind it," shouted Senator Williams. "Any man who says you are merely pleading for further time to think, when if you had any capacity to think at all you would have thought long ago, is simply untruthful and dishonest and insincere. You are trying to defeat the League of Nations. That is what you are trying to do, and you know it. I mean this whole infernal gang."

"The Senator has charged," Senator McCormick interrupted, "that the Foreign Relations Committee was stacked

with republicans against the League of Nations covenant. It might be replied that the conference at Paris was stacked with democrats, ready to bow to the will of the chief American representative over there."

Senator Thomas went into a discussion of the Knox resolution, which, he declared, challenged "the treaty making power of the executive by supporting the co-equality of the Senate."

"I regret that this challenge was made at the time the peace congress delivered the revised draft of the treaty to the German representatives," said Senator Thomas. "I have no doubt they regard it as providential and that it may serve to stimulate their resistance to the treaty."

Refers to Irish Resolution. "Now the answer to co-equality of the treaty making power of the Senate has no warrant in the constitution. It is opposed to the overwhelming current of national procedure and enlightened opinion in this country. It has been asserted but never successfully. It has been assailed and always with success. The assertion of it at this time, and from a party which has always professed allegiance to the principles and doctrines of Alexander Hamilton, justifies me as characterizing it as partisan in design, and intending to be embarrassing to the executive in its operation."

"The Senator's resolution was precluded here by what I may term the Irish resolution, receiving the unanimous vote of the Senate with one exception. This resolution can have no other effect than embarrassing still further the deliberations of our delegation in the peace conference. And let me say that it is in direct conflict with the principles embodied in the Knox resolution."

GERMAN MENTAL ATTITUDE HAS NOT CHANGED

Paris Newspaper Comment View Germany Obeying Peace Clause Only With a Knife at Her Throat.

Paris, June 23.—(Havas)—The Paris newspapers, in commenting upon the decision of the German National Assembly to sign the treaty, lay stress on the efforts of Germany to escape her responsibilities, and see in their proof that the German mental attitude has not changed. The Germans, it is declared generally, will observe the clauses of the treaty only with a knife at their throats, and point to the deliberate destruction of the German ships at Scapa Flow as a symbol and a warning.

THOUGHT IT WAS A BOIL Doctor Said Abscusses.

Mr. Gleason R. Young, Kingscroft, N. B., under date of Feb. 9th, 1918, writes us as follows:—About five months ago, a lump came on my jaw bone. I thought it was a boil, and after it had been there quite a while it began to get larger. I went to a doctor and he said it was an abscess, and lanced it. He gave me a wash for it, so I went by his directions until it healed, but it commenced coming again, and in about three weeks it broke itself. I thought it would get better, but it didn't. A neighbor advised me to get a bottle of Burdock Blood Bitters, so I sent and got a bottle, and by the time it was all gone, the abscess had disappeared, and now it is all better."

Burdock Blood Bitters will heal and dry up sores, ulcers, and abscesses, no matter how large or how long standing. If you have never applied it to a cut, wound, sore or ulcer, just try it and see what soothing, healing, cleansing power it possesses. It takes out itching, stinging and burning, and promotes the growth of healthy flesh. So, too, when taken internally, by its power of eliminating all impurities from the blood and making that vital fluid rich, red and pure, it cuts out the origin and source of the foul matter that goes to make boils, pimples, sores, ulcers, abscesses and the like, and at the same time the purified and enriched blood creates healthy tissue where there was formerly, perhaps, a sore full of pus.

Burdock Blood Bitters has been on the market for 40 years. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

YORK-SUNBURY LIBERALS TRYING TO GET TOGETHER

Old Timers Take But Little Interest in a Call to Select Delegates to Attend the Party Convention at Ottawa in August.

Fredricton, N. B., June 23.—A call has gone out for the Liberals of York and Sunbury Counties to meet here next Saturday to select delegates to attend the Liberal party's National Convention at Ottawa in August.

Efforts have been made for some time to arouse enthusiasm among old-time Liberals of the constituency, but so far, only the same crowd that fought conscription, and put their own selfishness before the Empire's needs, have evinced any interest.

The unsettled state of Mr. Carvell's political future is not adding any comfort to their peace of mind, either, although some of them claim to have been "tipped off" as to what is going to happen.

ITALIAN CITIES CONTINUE THEIR DEMONSTRATIONS

Patriotic Organizations Are Opposed to the Formation of the Cabinet by Nitti, Former Minister of Finance

Rome, June 23.—In Naples, Turin and Milan demonstrations have occurred in protest against the formation of the cabinet by Francesco Nitti, former Minister of Finance. It is reported that these demonstrations have been promoted by the patriotic organizations composed mostly of former soldiers, who believed that Signor Nitti's policy is favorable to a renunciation of part of the claims of Italy to the eastern coast of the Adriatic, which were maintained at Paris by former Premier Orlando and from Minister of Foreign Affairs Sonnino.

BOARD OF TRADE RECOMMENDS ACCEPTANCE OF GOV'T'S OFFER

Special Meeting Held Yesterday—Messrs. Elkin and Wigmore State Government Will Not Give More Than \$2,000,000 for City Harbor Property—Com. Bullock Says Price Not Enough That Hon. Frank Carvell Said Offer Would be \$2,200,000.

At a special meeting yesterday afternoon, the Board of Trade adopted a resolution recommending the acceptance of the Government's offer by order-in-council of \$2,000,000 for the city's harbor property, but only in face of the strong opposition of the Commissioner of Harbors who thought it was a pretty mean proposition to offer \$2,000,000 for property worth \$2,970,000. Com. Bullock said Hon. Frank Carvell had given the city authorities definitely to understand that the offer would be \$2,200,000.

After the meeting was opened by the president, R. B. Emerson, an account of the negotiations with Hon. Mr. Ballantyne was given the members by Stanley Elkin, M. P. Mr. Elkin said the government had adopted an order-in-council making an offer of \$2,000,000, and this might come before parliament any day. Being a government measure it would go through, but the government might withdraw it if St. John was not satisfied, as considerable opposition in parliament was anticipated. Along with Mr. Wigmore he had been working on the question for a year. There was little or no chance of the government increasing its offer. Acceptance of the present offer might not be advantageous to St. John, but it would relieve the city of the responsibility for further expenditures which would be necessary if the harbor was to be properly developed to meet future requirements. The government figured that it would soon be necessary to spend \$750,000 to provide improvements demanded by the increasing commerce of the country. Mr. Bullock said the city had asked for \$500,000. When he and the mayor went to Ottawa they found the atmosphere chilly. Feeling they would not get what they wanted they were entitled to the interest, too.

Mr. Carvell said \$2,200,000, and had given them the very definite impression that that would be the government's offer, and he was greatly surprised to find it was only \$2,000,000. Mr. Ballantyne had told them the city was entitled to all it had spent on the harbor. The government's own auditors found that expenditure was \$2,000,000. On this the secured interest, and to give Dr. L. A. Partridge Island and new wharves built in that direction.

Mr. Wigmore, M. P., had no hope the government would raise its offer. The government would assume the responsibility of developing the harbor, which was, he thought, the principal consideration, as the city was hardly prepared to make further expenditures. H. C. Schofield said it was vital that the government should undertake the further development of the port, and that the Board of Trade recommend the acceptance of the offer.

M. J. Agar said the city could not be expected to continue the development of a gateway for the continent of Canada. If they could not get more they should take \$2,000,000. They would then breakwater extended to Partridge Island and new wharves built in that direction. After further discussion, the resolution was adopted unanimously, and a vote of thanks moved by W. F. Burditt, was extended to Messrs. Wigmore and Elkin, and Hon. F. B. Carvell.

You May Be Skeptical

About What Dr. Chase's Nerve Food Will Do for You, But Here is the Evidence.

When the blood gets thin and watery, when the nerves become weak and exhausted, when your vitality is run down and you feel weak and tired it is because nourishment is lacking.

You may be eating as usual but your digestive system fails to obtain from the food you eat the elements from which new blood and nerve force is created.

Because Dr. Chase's Nerve Food supplies this element to the blood and nerves it is the most successful or restorative.

While personal experience with a medical treatment is the only absolute proof that it will benefit you, still we are so familiar with the good and what will help one will help another under similar conditions.

This is why it is so interesting to read the experience of other people, and many will find in this letter their own conditions described.

Mrs. Thomas Williamson, Picton, Ont., writes: "For the last twenty years I have had trouble with my nerves. I suffered from sleeplessness, and, of course, my system was often in a run-down condition from nervousness. At different times when I would have severe attacks, I was under the doctor's care, but this only gave me temporary relief. Twice I was in a sanitarium in Toronto, where I secured some relief at the time. This past summer I suffered from another nervous breakdown, and it was then that I commenced using Dr. Chase's Nerve Food. I took treatment of this medicine and can now get up in the morning and do my work, which was something I could not do previously, because I used to get strangely confused. My appetite is good, and I can sleep well. Generally speaking, I am so much better that I am proud of my improvement. I cannot speak too highly of the splendid results I have secured through the use of Dr. Chase's Nerve Food."

COMMON COUNCIL MET IN COMMITTEE

Decided to Extend Water Main to Supply Dry Dock Company With Water—Action Deferred on Hawthorne Ave. Main—Other Business.

The common council meeting in committee yesterday morning decided to recommend the extension of the East St. John main 420 feet and the laying of a twelve inch main 1,156 feet to supply the St. John Drydock and Shipbuilding Company with water. Commissioner Thornton announced that on July 1st North and South Market streets would be closed to through traffic.

Commissioner Jones recommended that an eight inch main be laid, 2,000 feet in length, to supply the residents of Hawthorne avenue with water but action was deferred. Commissioner Thornton was given authority to spend \$500 in making repairs to the City Hall West Side. A communication from Weldon & McLean in reference to the permit of the building of garage on Cliff street was referred to Commissioners Thornton.

Tenders for moving the Market square drinking fountain were opened. They were as follows: Louis Stevens and Thomas Stevens, removal, etc., \$450; concrete vault, \$18.

B. Mooney & Sons, removal, etc., \$840; vault construction, \$25. The tenders were referred to the commissioner of public works.

Commissioner Jones submitted the following memo from the city engineer of renewals of water mains and sewers, which should be undertaken before any paving was done, and announced his willingness to proceed with the work at once if a bond issue was available.

Water pipe renewals—desirable, costing \$14,500; desirable, but may be deferred, \$14,200; contingent upon paving in 1919, but desirable, \$12,000; contingent upon paving in 1920, and desirable, \$14,700; total \$189,600. Wooden sewers to be renewed in 1919, \$13,500; if paved, \$12,000; desirable but may be deferred if money not available, \$14,000; total \$49,600.

It was agreed that this go to the commissioner of water and sewerage and public works for joint recommendations.

VENIOT IS BEING CALLED TO ACCOUNT

The Northern Light of Bathurst is Asking About Promised Improvements to the Caraqueet Railway Made by the Minister.

Hon. Mr. Veniot is being called to account in his own constituency. The Northern Light of Bathurst wants to know if anybody has heard of any energetic action on the part of the Minister of Public Works in connection with improvements on the Caraqueet Railway. During the session Mr. Veniot put through an act enabling the local government to compel the Caraqueet Railway to make improvements which would enable it to give the people a satisfactory service. At the time Mr. Veniot waxed eloquent over the shortcomings of the railway in question, and anticipated that with the passage of the act he would bring the railway to time. But the summer is well advanced, and his constituents are asking that he has done, and nobody seems to know.

SCHR. F. C. LOCKHART HAD ROUGH VOYAGE

Captain McDade Says He Experienced Long and Stormy Passage from Guadeloupe to St. John—Lost Seaman Before Leaving.

The schooner F. C. Lockhart which arrived Saturday with 500 puns of mose from Barbadoes had one of the roughest and stormiest voyages northwards it has yet experienced.

To were thirty-two days coming up from Guadeloupe, the longest time we have ever made in such a passage, and every day was one of storm and heavy gales. Before leaving the docks at Guadeloupe one our seamen, an a. b. named George Jenkins, was found dead in the water between the vessel and the docks, probably having slipped overboard in the darkness the night before when he was returning to the ship.

"In all my experience at sea, I never was in such a continuously bad storm as the one we have just come through," was the statement made by Captain McDade to The Standard yesterday.

FUNERALS

The funeral of Mrs. Elizabeth B. Cowan took place yesterday afternoon from her residence, 110 Victoria street. Service was conducted by Rev. Dr. Hutchison, and interment was made in Fernhill. The funeral was a very impressive one, as Mrs. Cowan was one of the oldest residents in the North End, and a large number of friends were present to pay their last tribute to her. Miss Blenda Thompson sang appropriate selections, and beautiful floral tributes were received.

POLICE COURT CASES.

In the police court yesterday, William Hayes was charged with being under the influence of liquor on Sunday night last. He wished to call witnesses and the case was set over. Leo Hayes and Walter Elliot were again before the court on a charge of assaulting a Chinaman in his restaurant in Brussels street. One witness could not talk English, and the case was further adjourned. E. S. Ritchie appeared for the prosecution, and W. M. Ryan for the defence. Cecil Livingston was also before the court on a charge of destroying property of McGuire Bros. He was remanded. Two drunks were awarded the usual penalty.

INVESTIGATION ON COST OF LIVING

Apparently There Will be no Investigation Here—Invitations Have Been Sent Out for Committee But Little or Nothing Done.

Apparently there will be no investigation into the cost of living here, though it does not follow that this means life is not worth living here anyway. The invitation sent out by the Cost of Living Committee of the House of Commons, Ottawa, requested the Mayor to form a committee consisting of the president of the Board of Trade, the president of the Trades and Labor Council, the president of the G. W. Y. A., and two representatives of women's organizations to ascertain the base cost of staple articles and the spread between the original producer and the consumer. The House of Commons asked that such committee perform these duties as an emergency public service. So far there has been little or nothing done.

Pre-War German Propaganda Brought Out in Connection With Gaby Deslys

The Pathé people have been investigating the stories that have been circulated about Gaby Deslys, and have brought to light some interesting disclosures showing how the Hun propaganda machine worked long before the war.

It will be remembered that when Miss Deslys came to this country for the first time the newspapers were full of a story connecting her with King Manuel, of Portugal, who had recently been divorced from his throne. This story declared that, through his love for Gaby, the young king had lost his throne. When Miss Deslys was touring this country for the Shuberts she denied this story, but now that she is on the screens in many of the principal cities, the newspapers are again revamping the yarn and printing it with new embellishments.

Accordingly, an official of Pathé called Miss Deslys asking her to give her version of the story. Miss Deslys' answer was startling. She stated that she never had known King Manuel, and the entire story had been traced to the German propaganda, which had been maintained in Berlin for years before the war. An effort was already being made by the Huns to create a feeling of antagonism between France and America. They were then planning for the great war and, realizing that a traditional bond existed between America and France, the Germans seized upon the opportunity presented by Gaby's coming visit to America.

They knew that she would visit all of the principal American cities and if one of the most celebrated French artists could be discredited and made to appear in the most unfavorable light possible, the Germans believed that would tend to create a feeling of contempt for the French by the Americans. In fact, this was only one of the many stories sent out by the propagandists in their attempt to show that France was a decadent, profligate nation. Stories of wild orgies in Paris, and of general immoral conditions all over France, were all originated and distributed with this one attempt in view. Through their fact-revealing publicity system the Huns were able to secure the widest circulation for these stories.

Miss Deslys did not know the origin of the King Manuel story until recent investigations in Paris, along the lines of the present American probe, brought out many facts concerning the German pre-war machine, and one of the stories which was traced directly to Berlin was the King Manuel affair. Now that quite a few American newspapers are reprinting this story it may be of interest to the editors to know that they are furthering the interests of the German propagandists in doing so, as there can be no doubt but that the Huns will leave no stone unturned in an attempt to destroy the wonderful feeling of friendship which exists between America and France.

A THOUGHT FOR TODAY

"God help the boy who does not know where all the woodland berries grow, Who never sees the forest glow, Who leaves his red and yellow, Whose childish feet can never stray, Where nature does her charms display.

For such a little boy I say God help the little fellow."

THE SPEANIN.

From Esenside to Huntly
From Peel to Hartwoodmyres,
The goddesses of the hill tops
Has lit her purple fires;
By Deloraine and Single,
By Shaws and Giddesstream,
The bracken paths are golden
Where fairy feet have been.

The glens are girt with glory,
The heights are crowned with pride
Where Nature's bonniest garland
Lies round the green hill side;
And here should be contentment,
And here no room for care,
Where swing the pink-white torches
From Glimscluech to Yair.

But Grief rides out by Etrick
And Sorrow roams by Ale;
From every misty hirsle
The winds bring back their wail;
Where here the bleating Cheviots
Run blindly down the burn,
And there the lone blackfaced
Go crying through the fern.

Behind the clamoring hirsles,
Beyond the rocks' unrest,
The sorrow of the green hill side,
Lies hid within her breast,
Given to no wind to carry—
No wind of all the four—
The cry of the great mothers
Whose sons come back no more,
—Will Ogilvie in the Scotsman.

And you will remember that love is not getting, but giving; not a wild dream of pleasure, and a madness of desire—oh, no, love is not that—it is goodness, and honor, and peace, and pure living—yes, love is that; and it is the best thing in the world and the thing that lives longest.
—Henry Van Dyke.

MADE IN CANADA

"WICKED DARLING" IMPERIAL'S FEATURE

A Splendid Midsummer Photoplay With Dash and Beauty.

Evelyn Campbell, whose propensity for writing moving picture stories seems unlimited, has contributed another chapter to her fast growing fame. The introducing title is "The Wicked Darling," and it was shown last night at the Imperial Theatre for the first time in St. John.

In addition to an exceptionally interesting and logical story, Miss Campbell has the advantage in this instance of a remarkably interesting star and supporting cast. Priscilla Dean is without doubt the most rapidly advancing female on the screen today. A few more films like "The Wicked Darling" will put her in the real top-notch class, in spite of the fact that she likes to dress most of her parts lavishly and sometimes severely. In "The Wicked Darling," she does not.

But no one notices any deficiency in her, or in the story, or in the direction of Harry Stevens, the most affable her ample opportunity for the clearest kind of acting.

It requires top notch acting for a star to stand out amid such players as Lon Chaney, Spottiswood Athien and Wellington Playler. But there is no doubt whatever who is the star of "The Wicked Darling."

The Imperial also had the British Weekly, the Canadian Budget and some interesting Paris News subjects, as well as the usual self cartoon. It was a good bill throughout. Tomorrow Bert Lyell will be seen in "Blind Men's Eyes."

BATH

Bath, June 22.—Thomas Bohan, son of Matthew C. Bohan of this town, has returned from his taking a collegiate course, at Antigonish, N. S.

WEDDINGS

Rowley-Fanjoy.
The Main Street Baptist Church was the scene of a very pretty wedding at 5 o'clock yesterday morning, when Miss Maud Fanjoy, daughter of Mrs. Maud Fanjoy, Horsfield street, became the bride of Stanley Rowley, also of this city. The bride was given away by her brother, Edward F. Fanjoy, Rev. Dr. Hutchinson was the officiating clergyman, and the wedding march was played by Harry Dunlop, organist. The bride party left the church at 11 o'clock, and the bride's train for Fredericton, and on their return from a honeymoon journey to various provincial points will make their home in the bride's mother on Horsfield street.

Callaghan-White.

At the Cathedral of the Immaculate Conception, at 5 o'clock yesterday morning, Leonard Callaghan, son of Mr. and Mrs. Thomas Callaghan, was married, with Nuptial Mass, by the Rev. Wm. M. Duke, to Miss Florence, daughter of the late Mr. and Mrs. Henry White, in the presence of their immediate relatives. The bride was Miss Loretta Boves. The groom was supported by David McCrossin, and Mrs. Callaghan left on the early train for a trip through the province. The groom, who is employed with the T. S. Simms Co., was presented with a cheque from the firm. Many presents of cut glass and silver were also received.

Burns-Knowles.

Yesterday afternoon at 5.30, at the home of the brides father, Joseph Knowles, 93 Elliott Row, Sibbald, Thomas Knowles was united in marriage to Colin Percival Burns, son of the late Mr. and Mrs. Thomas Burns, of this city. Rev. J. C. Berrie performed the ceremony in the presence of immediate friends and relatives. The parlor was beautifully decorated with roses, and the dining room with wild flowers. The bride was given away by her father. The bride and bridegroom were unattended. After the ceremony a dainty luncheon was served, after which Mr. and Mrs. Burns left on the evening train on a wedding trip to St. Stephen, Calais, St. George and other places in the province, and on their return will reside in Bridgetown, N. S.

Foster-Nixon.

Hartland, June 21.—A brilliant wedding took place on Thursday evening, June 19th, at 8 p.m., at the home of Mr. and Mrs. G. Burton Nixon, Somerville, when their eldest daughter, Nellie, became the wife of Penton Foster, son of Mr. and Mrs. Penton Foster, of Fort Fairfield, Me. The bride, attired in a handsome gown of white satin with veil and car-

rying a shower bouquet of roses and lilies of the valley, was given in marriage by her father. The ceremony was performed by Rev. P. J. Traflet beneath an arch of roses. Miss Madeline Smith, in a gown of rose silk with white picture hat and carrying pink and white sweet peas, acted as bridesmaid, while Raymond Plummer supported the groom.

The music of the occasion was very attractive, Miss Kathleen Kennedy in a beautiful gown of yellow satin with crepe de chene over dress and white picture hat, played the wedding marches. Miss Hilda Wilson, gowned in blue crepe de chene with black picture hat, sang very sweetly "The Cause," while a quartette composed of Misses Wilson and Traflet and Messrs. Frank Nixon and Carvel Foster sang "O Perfect Love."

Following the ceremony a dainty lunch was served to about a hundred guests who had been invited to do honor to the occasion after which the bride and groom left by auto for Hartland, from which town they proceeded the next day on an extended trip to Bangor, Portland, Augusta and other places in the State. The bride's travelling costume was a tall oiled coat suit of navy blue serge with blue and sang colored hat.

Among the guests out of town present were: Mr. and Mrs. Fred Foster and Carvel Foster, of Fort Fairfield (parents and brother of the groom); Misses King and Helen Plummer, also of Fort Fairfield; Miss Hilda Wilson, Lakeville; Miss Dorothy Olmstead, Perth; Miss Madeline Smith, East Florenceville; Miss Wilan Palmer, Jacksonsville; Miss Helen Jackson, Fredericton; Miss Rogers, Woodstock.

A very pretty wedding took place at St. Joseph's Roman Catholic Church here, on Wednesday the 18th inst. when Miss Maud Commins, eldest daughter of Dr. and Mrs. M. E. Commins, became the bride of C. P. Purjez, manager of the Bank of Nova Scotia, East Florenceville, N. B.

Miss Loretta Boves, who has been teaching at Pisgah, Ohio, has returned to the home of her parents, Mr. and Mrs. Alfred Gibson, for the vacation. J. C. Hayes and family motored to Fort Fairfield, Me. yesterday.

H. C. Craine has a number of men for the last few weeks employed on the streets here and surrounding lights.

The work he has performed deserves much credit.

Mrs. Alfred Kinney of Sumnerfield, N. B., is spending a few days in Bath, the guest of Mr. and Mrs. H. W. Crane. Mrs. Kinney was one of Bath's number of young women who were present at the recent report.

Charles McKinley is preparing to build a large barn on his lot in this town and is hauling lumber for the same.

R. W. Dennings and Chief Inspector Wilson were callers in town recently.

Rev. G. A. Gibson is holding special meetings at Holmesville.

C. E. Nelson of Hartland, has opened his moving picture house here each Thursday evening.

Mr. G. S. Larlee and wife have returned from their wedding tour and moved into their own home.

The United Farmers have begun the purchasing of hay and intend to handle all kinds of farm produce a little later.

The local cattle market seems brisk, two carloads were shipped from here yesterday.

HARTLAND

Hartland, June 21.—A pleasant social was held on Tuesday at the Reformed Baptist parsonage in honor of all the returned soldiers belonging to that church congregation, by the Rev. P. J. Traflet, nephew of the pastor, Rev. P. J. Traflet. The feast was a social affair, and the bride of Herman Savage. After the ceremony the young people left by the C. P. R. for a short honeymoon through the Upper Provinces. Both young people are popular and were the recipients of many presents.

Among those passing through town recently was Doctor Robert Cornell, cousin of R. E. Cornell of this place, who returned to his home in Boston, from Montreal, where he had been on professional business.

Miss Agnes Malles spent her vacation with relatives here, and left a short time ago for Lewiston, Me. It resumes her duties at the Central Mann Hospital.

GRAND FALLS

Grand Falls, June 21.—Interest in this locality centres around the development of the Grand Falls by a company, which according to agreement, will commence developing hydro-power, between the day in which peace is signed and one year from such date. Already the townspeople are awaiting anxiously the signing of the peace terms which will ultimately lead to action on the part of the company, or in case of default, a forfeiture of the deposit, now placed with the Provincial Government.

Hon. P. J. Veniot, Minister of Public Works, Hon. J. Fletcher Tweeddale, Minister of Agriculture, and Governor Esau B. Hill reached the town by auto on Thursday and spent a few days here on Government business.

DOMINION DAY PICNIC

The Dominion Day picnic here under the auspices of the G. W. V. A. series of sports has been arranged; and the ladies will serve a dinner, and a bean supper on the grounds. The picnic promises to be a success.

The forty-seventh anniversary of the landing of the Danes in this locality, was celebrated on Thursday last, under the auspices of the New Danish Settlement.

Herbert Moran of this place suffered painful injuries last Thursday while enroute by auto to attend the Danish celebration and picnic. He, along with several other young men, were climbing a steep hill, when his car in some manner left the roadway and brought up against a wire fence, cutting one of Mr. Moran's feet quite badly. None of the other occupants of the car were injured seriously, and the injured man was resting quite comfortably at the latest reports.

Among the St. John visitors in town recently were P. J. Gallagher and Gilbert E. Hart.

W. E. McMonagle, returned to town on Tuesday last, from St. John.

Dr. Crockett, Fredericton, spent Thursday in town on professional business.

Permanent road-work will be completed on the Portage Road in the near future.

A wedding of local interest was celebrated last Wednesday in the Catholic church here by the Rev. Father Jones, when Miss Alma Toner, became the bride of Herman Savage. After the ceremony the young people left by the C. P. R. for a short honeymoon through the Upper Provinces. Both young people are popular and were the recipients of many presents.

ALREADY SEVERAL PRACTICES HAVE BEEN HELD.

Reverend R. E. Brittain returned to town from Fredericton a few days ago, where he was recently ordained by His Lordship Bishop Richardson. Rev. Mr. Brittain is a veteran of the Great War, and holds the office of Vice-President in the local G. W. V. A. He will leave in the near future to take over his new charge in Denmark Settlement.

Herbert Moran of this place suffered painful injuries last Thursday while enroute by auto to attend the Danish celebration and picnic. A great many people, laden with culture and with a great reluctance in publishing a proprietary medicine, they have derived untold benefits, as a result of its medicinal value.

To a great extent this is due to Mrs. George E. Knight, Douglas Avenue, Saint John, Brunswick, who is naturally of a generous disposition. However, sense of gratitude and desire of others will not permit her silent regarding the benefits derived from the use of Tanlac.

Mrs. Knight is the wife of a Baptist minister, and was engaged in evangelistic work with the Christian Federation of C. her high Christian character, her disposition has won for her a host of devoted friends. In her experience with Tanlac, she said:

"I can certainly recommend to anyone who has any sores, aches, pains, or troubles, each trouble and suffers as I had suffered fearfully from for three years. My stomach was very poor and everything would sour, causing gas, and severe heartburn. I must that tired, worn-out feeling have to sit down feeling doing my housework. And 'Fru' my stomach got in a wretched and gave me increase with indigestion.

"When I saw where so fitted by this medicine Tanlac to try a bottle, and I taken just a few doses I felt better. I was soon eating I wanted, but after after I finished the first bottle, more trouble with my stomach and forming gas. I now eat anything without the least discomfort, and I am feeling like my old person. Tanlac is a medicine I can conscientiously recommend cheerfully to all who are afflicted with indigestion, from which I have been suffering, is not the most prevalent, but most distressing of all diseases, and has baffled the medical profession for years. The medicine being unable to cope with it fully.

Tanlac, which has proved so beneficial to those afflicted with this trouble, contains medicinal properties, which, being vegetable, are rapidly taken by the system, thereby stimulating appetite and aiding digestion, shifting the stomach in general food into nourishing elements, build up tissue and nerve tissue. Tanlac is sold by the Dominion Drug Co. and F. W. Munro, personal direction of a representative—Adv't.

Mrs. G. E. Knight of St. John Indorses Tanlac

Wife of Prominent Minister Relieved of Three Years' Trouble — Says She Can Conscientiously Recommend It.

A great many people, especially ladies of culture and refinement, feel a great reluctance in publicly endorsing a proprietary medicine, although they have derived untold benefit from its use, as publicity is more or less distasteful to them.

To a great extent this is the case with Mrs. George E. Knight, of 206 Douglas avenue, Saint John, New Brunswick, who is naturally of a retiring disposition. However, her deep sense of gratitude and desire to help others will not permit her to remain silent regarding the benefits she has derived from the use of the Premier Preparation, Tanlac.

Mrs. Knight is the wife of a prominent Baptist minister, who is now engaged in evangelistic work for the Christian Federation of Canada, and her high Christian character and kind disposition have won for her a host of devoted friends. In relating her experience with Tanlac, Mrs. Knight said:

"I can certainly recommend Tanlac to anyone who has any sort of stomach trouble and suffers as I have. I had suffered fearfully from indigestion for three years. My appetite was very poor and everything I ate would sour, causing gas, bloating and severe heartburn. I most always had that tired, worn-out feeling and would have to sit down frequently while doing my housework. And after I had 'flin' my stomach got in worse condition and gave me increased trouble with indigestion.

"When I saw where so many benefited by this medicine Tanlac I decided to try a bottle, and after I had taken just a few doses I began to feel better. I was soon eating anything I wanted, had a good appetite, and after I finished the first bottle I had no more trouble with my food souring and forming gas. I now eat just anything without the least trouble afterwards and I am feeling like a different person. Tanlac is a medicine that I can conscientiously recommend, and I cheerfully give this statement to be used in letting others know about it."

Indigestion, from which Mrs. Knight has been suffering, is not only one of the most prevalent, but one of the most distressing of all diseases. It is also one of the most difficult to treat and has baffled the medical profession for years, the most skilled specialists being unable to cope with it successfully.

Tanlac, which has proven of such great benefit to those suffering from this trouble, contains certain medicinal properties, which being purely vegetable, are rapidly taken up by the system, thereby stimulating the appetite and aiding digestion by assisting the stomach in converting the food into nourishing elements that build up tissue and nerve force.

Tanlac is sold in St. John by Ross Drug Co., and F. W. Munro, under the personal direction of a special Tanlac representative—Advt.

THE INSPECTOR'S STATISTICS CAUSE DOCTORS TO TALK

Rev. W. D. Wilson Told Baptist District 2,274 "Pers" Were Issued in Fredericton in May.

DOCTORS CALL UPON PREMIER TO INTERFERE

"Passing the Buck," Say Doctors, Who Charge Inspector With Making Monopoly.

(Gleaner.)

When Rev. W. D. Wilson, chief inspector under the Prohibition Act, gave statistics as to the number of prescriptions issued by physicians for liquor in Fredericton to the Third United Baptist District meeting this week he opened wide the growing rift between the medical profession and himself.

The statistics which the chief inspector gave showed that in the month of May there was an average of more than 70 prescriptions issued in Fredericton daily, the total for the month being 2,274, of which 374 were issued by one physician. Aside from giving the first official information as to the quantity of liquor sold in this community by the vendors these statistics are creating no end of comment by the public generally as well as the physicians.

Persons in a position to know stated today that almost as much liquor was being brought into Fredericton illegally or being illicitly sold here as was being sold by the vendors on prescriptions under the Act, to say nothing of the extracts and various other concoctions that are being consumed as intoxicants, including "Jakey," shoeblackening and various other things—one man having surprised a druggist by purchasing a bottle of perfume recently and drinking it while he stood at the counter before the owner of the premises. All this means that something like \$25,000 was spent on intoxicants bought or consumed in Fredericton and district during last month.

Physicians Talk.

Physicians with whom the Gleaner talked today declared that Chief Inspector Wilson was forgetting certain provisions of the act in making public statistics as to prescriptions issued and admitted it was a matter of fact that threats which he had made to publish certain information as to the numbers of prescriptions issued by physicians had been taken right to Premier Foster himself. "The position which the Chief Inspector has assumed in trying to 'pass the buck' for his own shortcomings to the doctors savors too much of Kaiserdom for the people of this province to stand," declared one physician warmly, "and it is time the public knew something of the truth as to the way their Chief Inspector is carrying out his duties."

"As a matter of justice," continued this doctor warmly, "why is it that the Chief Inspector gives no credit to us for the number of referrals, but only harps upon the number of prescriptions issued in order that the public will not realize that the true reason for the drunkenness is the liquor and substitutes being sold illicitly and not upon prescriptions. Mr. Wilson does not seem to appreciate the assistance which he has been given by the physicians of New Brunswick

CONSTANT PAIN AFTER EATING

The Tortures of Dyspepsia Corrected by "Fruit-a-tives"

St. Martin, N. B. "For two years, I suffered tortures from Severe Dyspepsia. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth.

"I tried doctors, but they did not help me. But as soon as I started taking 'Fruit-a-tives,' I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

MRS. HUDSON MARSHBANK. 50c. a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

or he would not cast such reflections upon the members of the profession as if he explained why he has been using his every effort to create a monopoly for three wholesale vendors at St. John to prevent outside competition which would make lower prices and to 'corner' the trade of the three concerns I speak of. Two of these three firms have been convicted of illegal selling under the Prohibition Act and one of them at this very time in employing the largest number of girls they ever had working in history to do what—to put up bottles of lemon extract by fabulous numbers to be sold all over this province and produce a state of affairs which is a disgrace to this or any other country.

What interest has Mr. Wilson got in creating such a monopoly? He ought to investigate reports of \$150 a week 'hush money' to one sub-inspector at St. John, too."

"When I know that Mr. Wilson himself is responsible for the distribution of seized liquor to the territories where it will sell the most readily because of the character of the people," said another doctor, "I don't want anybody to come to me with any more stories of his efforts to curtail the sale of liquor. I get my information as to how he sorts seized liquor that he is to be re-sold from an official of the Government whose position brings him into contact with the truth of the matter. If there's any 'whiskey blanc' seized, you watch where it goes; or if there is any French wine seized, where does it go—to the Acadian countries every time. And so on!"

Rev. Mr. Wilson could not be reached today for a statement as to his position. It was said that he had gone to St. John, Moncton and Bathurst, and would be home tonight.

SERIOUS STATE OF AFFAIRS IN ASIA MINOR

Turk Forces Outnumber Greeks Four to One and Threaten to Drive Greeks Entirely Out of Asia Minor

Paris, June 23.—The situation in Asia Minor is serious, according to official advices received by Reuters Limited here today. These advices stated that the Turkish forces outnumber the Greeks four to one and threaten to drive the Greeks entirely out of Asia Minor. The Greek forces are reported to be retreating before the Turks, who are supplied with good artillery and plenty of ammunition.

The Greek General Nide has decided to make his first defensive stand along the line running north and south through Pergamos, Magnesia, Nymphathion and Aidin. Greek reinforcements are expected to reach him within three or four days. The largest Turkish forces are now advancing from Denizli. The Turkish troops already have occupied Nussell and are proceeding against Aidin.

It seemed as if Canada had gathered from the clouds—

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle, containing three ounces of orchard white, shake well and you have a quart part of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

The grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

CONSIDERING SOMETHING.

Premier Foster was not at the meeting of the Board of Trade, yesterday, when the matter of assisting returned soldiers to jobs was brought up, but he sent word that he was considering doing something and recommended the appointment of an advisory committee.

"This indicates that the end of the war is in sight and that Premier Foster is preparing to do something about the problems of peace, if the advisory committee can tell him what to do.

WORLD RECORD SMASHED

TEXAS OIL PAYS \$50,000 IN DIVIDENDS TO INVESTORS. DEMAND INCREASING FASTER THAN SUPPLY. NATIONS AROUSED TO IMPORTANCE OF OIL RESOURCES.

United States Government report to Congress says, "serious action necessary to conserve petroleum resources. Demand increasing faster than supply. Twelve million barrels in excess of production drawn from storage in 1918, and 27,000,000 barrels imported from Mexico. Oil is the most essential single product known to civilization. Without it no machinery would be possible and not a wheel would turn." News despatches state Great Britain creating oil ministry and acquiring oil properties throughout the world. French Government seeking oil properties in Algeria and Roumania. British Admiral said, "The Allies floated to victory on a sea of oil." Judson Welliver, financial writer in Sunday New York Sun, said, "War is a contest between petroleum resources. No great state dares feel its future secure unless it has assured supplies of petroleum. The limit of use will only be set by the rate of production. The influence, power and interest of His Majesty's Government has been placed at the shoulder of the Royal Dutch Shell organization." At last Oil has come into its own. Oil won the war against Prussianism and it is daily winning the victory for commerce and progress. Your individual peace and prosperity is dependent on increased oil production.

TEXAS FORTUNE MAKERS—80 P. C. OIL WELLS

Oil statistics show record breaking percentage of oil wells. January 61 oil wells, 16 dry holes. February 196 oil wells, 20 dry holes. March 181 oil wells, 20 dry holes. April 208 oil wells, 39 dry holes. Total drilling, four months, 646 oil wells, 97 dry holes. Daily production, 160,000 barrels, worth nearly \$400,000 daily. Production from oil wells pays for all dry holes in 10 days. \$200,000,000 invested in Texas oil fields has already paid \$120,000,000 profit or 60 per cent. on every dollar invested. 83 different oil companies in less than nine months have paid dividends averaging more than 200 per cent. on every dollar. Fowler Farm Oil Co. paid \$75,000 for every \$500 invested. Marine Oil Co. paid \$80,000 for every \$500 invested. Van Cleave paid \$40,000 for \$500 invested. Burk Waggoner paid \$15,000 for every \$500 invested. Merriam Baptist Church refused \$1,000,000 for drilling right on its graveyard. Leased drilling right on church yard for \$100,000 and has income of \$200,000 from Royalty alone. Texas Pacific Co. stock sold from \$125 a share to \$2,150 a share. All happened in nine months in the banner oil producing territory of the world. New York capitalists by the hundreds are flocking to the oil fields. Dr. J. D. Young, director of the Bradley interests, said "New York people seem as wild over oil investments as the Texas people in sight of a new gusher."

It seemed as if Canada had gathered from the clouds—

"THE night we left was a memorable one, for within a few kilometres it seemed as if Canada had gathered from the clouds. Cavalry, artillery and infantry divisions long separated were united joyfully for the great adventure.

"The roads were crowded with transports and greetings passed between units from Toronto, Ottawa, Winnipeg, Hamilton and Montreal. In the early hours we passed through the suburbs of a deserted city whose venerable cathedral pile looked down, like the sentinel spirit of France—battered but unbowed....

"The day before the battle a chaplain walked and crept in every trench and spoke to every officer and man in his battalion. He gave them as a sermon five words on the five fingers of his hand "The Lord is my Shepherd" and told them to hold on to the fourth finger. The next day after the battle he met a boy in hospital...."

No story of the war yet written is so thrillingly exciting, so appealingly human as "The Story of Five Cities."

No loyal Canadian should miss reading this magnificent pen-picture of the last hundred days of victorious fighting.

Written by Capt. R. J. Renison on the battlefield it gives the final touch of completeness to "CANADA AT WAR"—the only truly Canadian story of the war yet published.

The first part of this splendid volume is a masterfully compiled record of our soldiers' heroism "Over there" and our own achievements at home. Of J. Castell Hopkins, the author, Premier Borden says:—"No Canadian is better fitted to write the story of Canada's part in the war."

WOOL MARKETING ON THE NEW PLAN PROVES WINNER

The Dominion Gov't Co-operative Scheme for Handling Wool is Meeting With Great Success.

Co-operative marketing of wool was inaugurated by the Dominion and Provincial Departments of Agriculture throughout Canada with the purpose of encouraging the sheep industry in general, and to have the wool growers give more and better attention to the wool during its growth. This led to the proper preparation of wool for market, and to the grading of wool in its various grades by competent wool men supplied by the Dominion Department of Agriculture before being offered to the manufacturers.

THE MARKETS AT A GLANCE

Business during the week continues to be of a very satisfactory order. There is, of course, a very serious situation facing the trade in certain localities, owing to labor conditions, that has made it difficult to move the goods. Other than these artificial restrictions, however, business continues to move along steadily, and at a fair profit.

Many advances of price have been made this week on the part of the wholesale jobbing trade. The importance of these will be seen in the number of items following. Borax is higher and imported knife polish, which has been scarce for some time, is again on the market at higher prices. Lithia water is advanced and higher prices obtain for cottonseed oil, crushed and axle grease. Various lines of canned meat have been revised in price. Strawberries of the canned sort are higher and crab meat and Canadian sardines are also higher in price. Tomatoes has advanced to 12c per pound. Almonds and Brazil nuts have been firming in primary markets. Peanuts, on the other hand, may decrease, this depending upon the interpretation of the new law regarding war tax. Supplies, it is stated, are held in customs pending this decision. Feed oats are up one cent per bushel. A firm market prevails for sugar, spices, shorts, coffee, tea and fruits.

MODERATE TRADING ON MONDAY'S STOCK MARKET

The Total Turnover and Number of Issues Traded in Falling Far Short of Recent Expansive Session.

New York, June 23.—The languid market, amounting almost to indifference, with which Wall Street greeted the news of Germany's unconditional acceptance of the peace treaty offered as ample proof that financial circles had long ago discounted that momentous event. Stocks were strong at the outset, leaders gaining 1/4 to 1/2 points on unexpected accumulation of buying orders, presumably for interior account, but prices were soon materially impaired on what apparently were further cashing in of profits.

A razor blade that's always sharp! What a comfort and convenience! Yet because of the self-stropping feature, that's just what you get with an AutoStrop Razor.

THE PRINCE ALBERT

YOU can't help cutting loose joy's remarks every time you flush your smokespot with Prince Albert—it hits you so fair and square. It's a scuttie full of jimmy pipe and cigarette makin's sunshine and as satisfying as it is delightful every hour of the twenty-four!

It's never too late to hop into the Prince Albert pleasure-pasture! For, P. A. is trigger-ready to give you more tobacco fun than you ever had in your smokecareer. That's because it has the quality.

Quick as you know Prince Albert you'll write it down that P. A. did not bite your tongue or parch your throat. And, it never will! For, our exclusive patented process cuts out bite and parch. Try it for what ails your tongue!

Most Canadian dealers now sell Prince Albert in the tidy red tin. If your dealer does not handle it tell him to order through his jobber. Leading Canadian jobbers are now supplied.

Quit Laxatives, Purges; Try NR

(NR Tonight—Tomorrow Feel Right)

It is a mistake to continually dose
yourself with so-called laxative pills,
calomel, oil, purges and cathartics
and force bowel action. It weakens
the bowels and liver and makes con-
stant dosing necessary.
Why don't you begin right today to
overcome your constipation and get
your system in such shape that daily
purgings will be unnecessary? You
do so by taking one or two boxes of
NR Tablets for a week or so.
NR Tablets do much more than
merely give you a laxative effect.
This medicine acts upon the
digestive system as well as the bowels—
promotes good digestion, causes the
body to get the nourishment from all
the food you eat, gives you a good,
healthy appetite, stimulates the liver
and bowel action and gives the whole
body a thorough cleansing out. This
accomplished you will not have to take
any medicine every day. An occasional NR
tablet will keep your body in condi-
tion and you can always feel your best.
Try Nature's Remedy (NR Tablets)
and prove this. It is the best bowel
medicine that you can use and costs
only 25c per box, containing enough to
last twenty-five days. Nature's Remedy
(NR Tablets) is sold, guaranteed and
recommended by your druggist.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Pre-
vents Food Fermentation, Sour, Gas,
Stomach and Acid Indigestion.

Doubtless if you are a sufferer from
indigestion, you have already tried
peppin, bismuth, soda, charcoal, drugs
and various digestive aids and you
know those things will not cure your
trouble—in some cases do not even
give relief.

But before giving up hope and decid-
ing you are a chronic despoite, just
try the effect of a little bismurated
magnesia—not the ordinary com-
mercial carbonate, citrate, oxide or milk,
but the pure bismurated magnesina which
you can obtain from practically any
druggist in either powdered or tablet
form.

Take a teaspoonful of the powder
or two compressed tablets with a little
water after your next meal, and see
what a difference this makes. It will
instantly neutralize the dangerous,
marmic acid in the stomach, which
now causes your food to ferment and
sour, making gas, wind, flatulence,
heartburn and the bloated or heavy
feeling.

AROUND THE CITY
FAIR AND WARMER

CHARGED WITH ASSAULT.
John Garrick, who was arrested last evening, is charged with being drunk and assaulting Inspector Linton.

IS DUE TOMORROW.
The S. S. Odana, with a complete passenger list of repatriated Canadian soldiers, is expected to dock at Halifax tomorrow.

DOMINION CONVENTION.
Sergt. Leo Duffy, of Chesley street, left last evening to attend the Dominion convention of the G. W. V. A.

FOUND BY THE POLICE.
Two small children were missing from their homes in St. David's and St. Patrick's streets, respectively, for a short time yesterday afternoon. The police were instrumental in returning the youngsters to their homes.

SIDEWALK REPAIRING.
City workmen were engaged yesterday making repairs to the asphalt sidewalks in Mill and Dock streets. Places where the old asphalt has broken away or settled were being filled with new materials.

WILL ARRIVE TODAY.
Seven passengers for this military district who reached Canada on the R. M. S. Scotian, Sunday, will arrive in the city today, on the first through train from Quebec. Lieut.-Colonel Corbett is in the party.

SCATTERED MAIL.
A parcel post box was overturned in Union street last evening. In falling, the door of the box was burst open. The post office authorities were notified. A policeman stood on guard over the mail matter until the box was secured.

THE FIRST REHEARSAL.
The first rehearsal of the G. W. V. A. band took place last evening under the direction of Bandmaster Murray Long. There was a full attendance, and the members of the band hoped to give a public concert. The band will have another rehearsal next Monday night.

MONCTON A CLOSE SECOND.
Moncton is running St. John a close race for the title of the liveliest town in the Maritime Provinces. The week-end round-up of drunks by Moncton police totalled fourteen. Moncton also had a riot in a Chinese cafe Sunday night, in which a young man was badly damaged by a bottle.

STREET ALL CLEAR.
For the first time since the ground was broken last November the street before the new St. David's church was all free from obstructions and no light shone on a pile of stone in the public highway. The work is progressing most favorably, the exterior work rapidly nearing completion.

"NEVER AGAIN."
"Never again," says Richard Hutchinson, who drove his motor car from Boston to Chatham in two days, (the distance he followed being 520 miles). He left Boston after breakfast, and slept at Bangor, averaging for that day 22 miles an hour, but when he struck Mr. Veniot's permanent road the going did not prove so good, and he was glad when he got to Chatham.

TAKEN IN CUSTODY.
When Policeman Thomas was called to a house in Canterbury street to prevent a breach of the peace, Langford Coram, who was said to be the cause of a disturbance, objected to the policeman's presence and proceeded to make a scene, with Thomas as the centre of attraction. The drama did not work out just as planned, so Coram was taken to the central police station, where he was charged with assaulting the officer. It is understood that another charge will be made against Coram, at the instance of his wife.

"CHASING RAINBOWS."
The City Council Band, under the leadership of Frank Waddington, delighted a very large crowd on King Square last night with a well-selected programme of music. The band had nicely got started in the last selection, entitled "Chasing Rainbows," when a shower of rain caused the citizens to hie homeward and the square was quickly deserted. The weather had had been considerate, however, in keeping back the rain until the close of the programme, and the National Anthem was being rendered as hundreds were crowding into street cars or doorways.

KINDERGARTEN ASSN.
IN NEED OF FUNDS

Executive Met Yesterday and Elected Officers — Funds Must be Secured or One Kindergarten Will Have to Close.

The executive of the Kindergarten Association held a meeting last evening at which the election of officers for the ensuing year took place and several business matters were discussed.

The following ladies were elected as officers: President, Mrs. T. N. Vincent; 1st vice-president, Mrs. Frank Hatheway; 2nd vice, Mrs. John Bullock; 3rd vice, Mrs. Secord; 4th vice, Mrs. H. L. Spangler; secretary, Mrs. W. S. Rowe; treasurer, Mrs. J. W. V. Lawlor. Mrs. H. H. Pickett, the retiring first vice-president, was made honorary president.

The executive found that the balance this year was not so large as last year, and on account of the increased cost of everything and the fact that this year they were supporting five kindergartens, whereas last year they only had to support four, they decided that they could not possibly carry on until their tag day in February. They came to the conclusion that some means such as an appeal to the business men of the city should have to be taken, or they would be forced to close down some of the kindergartens.

East End Improvement League Will Have Opening Ball Game Next Saturday Afternoon—Reports Show League is Booming.

A meeting of the executive committee of the East End Improvement League was held last evening in Thorne Lodge Hall, with Rev. R. T. Toth as the guest speaker. The purpose of the meeting was to hold the opening ball game on Saturday afternoon at two o'clock, and Commissioner Fisher will be asked to serve the first ball. A picked team will represent the league and an interesting game is expected. The grounds are being improved and will be in first class shape by Saturday. It is hoped the East End people will back the movement to encourage athletics and sport, and it is proposed to take up a collection during the game on Saturday to provide needed funds. A committee consisting of Water Daley, Harry Scott and D. C. Fisher, with power to add, was appointed to make arrangements for the opening game. Another committee was appointed to equip swings for the younger boys and girls.

A Lighthouse
For Gannet Rock

Government Engineers Make Survey of Dangerous Rock off Yarmouth and Report Favorably That Lighthouse Can be Erected There.

A lighthouse on Gannet Rock, Bay of Fundy, long desired and much demanded, will soon be an assured fact. Gordon S. Macdonald and George Green, engineers of the local branch of the Department of Marine and Fisheries, have returned to the city after making a survey of the rock with the purpose of establishing a lighthouse there.

They made a very thorough survey of the rock, its surroundings and landing conditions, and state that the erection of a lighthouse would be a difficult proposition, as, owing chiefly to the height of the rock and the number of surrounding ledges, it would be very difficult to get supplies to the beacon, once it was established.

Both engineers concur in the statement that such a lighthouse can be erected, and have reported favorably to the local department, but state that the matter will depend largely upon the opinions of master mariners sailing the bay course.

"If they only wish the approval of a master mariner or two, the lighthouse will be an assured fact," stated a local coastwise captain yesterday. "I can truthfully say that every mariner who has ever gone down the bay has cursed at that rock, as one of the most dangerous points of the whole bay. Members of parliament have taken the matter up, ships have been wrecked there—namely the coaster Batiscau, which went down with crew and cargo—and the place is really dangerous, as all mariners can prove. So if the approval of mariners is all that lies in the way of erecting a light house on Gannet Rock it will not be long before we will have one there."

INSPECTOR POTTS
WAS ON THE JOB

Made Inspection of Crates of Strawberries Arriving at Indiantown Yesterday — Some Boxes Were Not Well Filled.

The river steamers brought down a few crates of strawberries yesterday and these sold for thirty-five cents a box, wholesale, at the boats. The berries which came were a good size and well ripened, and the inspector, W. E. Potts, was right on the job to see that the boxes were filled. One lot was not quite up to standard in this respect, and he gave instructions to the consignee to write and tell the shipper that the boxes must be better filled. It is expected that Wednesday will see this delicious fruit coming in fairly good quantities.

Passengers on the steamer Hampton reported that a heavy frost Sunday night had probably killed a large quantity of the berries in that section, but passengers from other sections reported that while Sunday night was cold, so far as they knew there had not been any frost.

Had a Conference
With City Fathers

Messrs. Wigmore and Elkin Told Commissioners Sum Gov't Would Pay for Harbor Property—Commissioners Divided on Question.

R. W. Wigmore and Stanley Elkin had a conference with the city commissioners yesterday afternoon, following the meeting of the Board of Trade, when the question of accepting the government's offer of \$2,000,000 for the city harbor improvements was discussed. The members told the commissioners that the government was not prepared to pay more, and was not anxious to take over the harbor of St. John anyway. The city commissioners were divided on the question, two being emphatic on the point of sticking out for \$2,200,000. The Mayor's present view of the question is not known, though it is not believed anything has occurred to change his idea that the city should demand the larger sum.

With the commissioners unable to agree, and the Board of Trade in favor of accepting the offer, it is probable the matter will be referred to a plebiscite of the ratepayers.

GRAND PROSPECTS
FOR TENNIS SEASON

Y. W. P. A. Will Have Formal Opening of Courts on July 5th With Tournament and Tea—Officers and Committees Appointed.

At a meeting of the Y. W. P. A. held last evening it was decided to have the formal opening of the tennis season on the afternoon of Saturday, July 5th, with a tournament and tea and committees were chosen to make arrangements for the same. The officers and committees elected were as follows:

- Miss Nina Brock, hon. president.
- Miss Alice Hatch, president.
- Miss Grace Fleming, vice-president.
- Miss K. Murdoch, secretary-treasurer.
- Membership committee—Misses Sherwood, Irvine, Baynton and Dodge.
- Tennis committee—Misses Frink, Sheldon, Killin, Gray, Cummings, Terry, Upham and Farwell.
- Tournament committee—Misses deSorens, Collins and Dick.
- Grounds committee—Misses Pugs, Price and Storm.

The courts are being put in the very best of condition and will be ready for the members to play on next week. The prospects are that the tennis season will be this year and like everything else, has not yet been put in anything to do with this venture is sure to be a success.

YOUNG LADIES
PLAY BASEBALL

Young Lady Members of West Side Improvement League Have Organized and Formed Three Teams

The young lady members of the West Side Improvement League have organized a baseball league and expect before the season is over to show the boys how to play the game. Last evening they held a practice on the King Square diamond, which, by the way, has not yet been put in shape by the Improvement League, but will be in a short time and used tennis balls. They found it rather strenuous trying to play baseball with the boys, but they are determined to show them as it was so hard to hold. Tonight they will have another practice and the regulation ball will be used.

Three teams have already been formed and a fourth will be in a day or two. Any of the west side girls who desire to take part in this sport will be given an opportunity the only qualification called for being membership in the West Side Improvement League.

The three teams already made up are the Bluebirds, Mayflowers and Red Wings. Last evening after the practice game they met and elected a president, vice president, secretary and official umpire.

CHURCH MEMBER
GIVEN A SURPRISE

Mrs. George Price Presented With Set of China Last Evening by Pastor and Members of Ludlow Street Baptist Church.

Mrs. George Price, one of the oldest and most highly respected members of the Ludlow Street Baptist church, was greatly surprised one evening, recently, when a number of the members headed by the pastor, Rev. W. R. Robinson, invaded her home on Grand street, and announced they had come to spend the evening with her. She bade them a hearty welcome, and the evening passed pleasantly with music and song.

During the evening Rev. Mr. Robinson on behalf of the congregation of the church, as a slight mark of the appreciation in which the services of Mrs. Price are held, presented her with a handsome set of china, at the same time voicing the hope that she might live long to use and enjoy it. Mrs. Price although taken completely by surprise, expressed her thanks in a neat little speech, for the gift and the kindly feeling of which it was the tangible expression.

Finding Positions
For Returned Men

Matter of Appointing Committee to Co-operate With Dom. Employment Bureau and G. W. V. A. Was Discussed by Board of Trade Yesterday.

At the meeting of the Board of Trade yesterday M. E. Agar brought up the matter of appointing a committee to co-operate with the Dominion Employment Bureau and the G. W. V. A. in the work of finding positions for returned soldiers.

He said the council of the board had recently been waited upon by Major McLean and a delegation from the G. W. V. A., which had pointed out that soldiers were not receiving the consideration they had expected. Members of the board had been prominent in recruiting campaigns and had urged the men to go to the war, though some of the men being young and from humble walks of life had less to fight for than men who owned business and had a place in society. They could not consider that they had done their duty by paying these soldiers a pittance and feeding them while they were at war. They had an obligation to the returned men, and should endeavor to assist them to re-settle in civil life. This work might be difficult, and it might be true some returned men expected better positions than they were capable of fulfilling, and more money than they could earn. But they must face this problem, and learn patience from the men who fought for years without complaining.

Some people liked to get up on a public platform and tell the returned men that nothing was too good for them, which was no doubt very well, but when it became a question of doing something practical for the men the speakers were usually occupied at something else.

Mr. Agar said they should appoint a committee to act with the Dominion Employment Bureau and help in finding positions for the returned men.

A. H. Wetmore said contractors usually employed the greatest number of men and should be represented on the committee. Geo. L. Warwick said he had been in touch with the G. W. V. A. and in his view the business men of St. John had been showing considerable indifference towards the problem of re-settling the returned men. He thought an advisory committee, if it had the proper co-operation of the business men of the city, could do much good.

As by that time the meeting had dwindled down to eight members of the board it was decided to leave it to the president to see what arrangements could be made to get a committee to serve. The Dominion Employment Act which was passed some time ago provided for the appointment of representatives of business organizations and labor unions to act with the local officials of the employment bureau in devising ways and means to deal with unemployment.
