This Feeding Floor Could Be Built in The Fall

and it would help greatly to preserve the condition of your live stock in the Spring.

Every farmer knows that in the Spring of the year his barnyard is almost bottomless. The live stock mire down into the mud and almost float around—greatly to the detriment of their physical condition.

By building a Concrete feeding floor in the yard, this trouble is done away with. A Feeding Floor of comparatively small

area and built this Fall, would pay for itself next year. Concrete is the only material that can be used in this way at a moderate cost.

Will you ask for your copy of the book which we have prepared for you—"What the Farmer Can Do With Concrete"? It's free—and, take our word for it, you'll find it one of the most interesting pieces of such literature you ever read. And profitable, too—because it will save you money.

ST. JOHN MAN STRUCK BY TRAIN NEAR MONCTON

Joseph Carr Hurlled Down
an Embankment and Ser-
iously Hurt.

Moncton, N. B., Nov. 7.—Joseph Carr, aged 40, who hails from St. John, while walking on the I. R. C. track near Humphreys, two miles east of Moncton depot, was struck by a special freight about 12.30 this afternoon and seriously injured.

Carr was knocked off the track down an embankment and picked up in an unconscious condition. The train was stopped and the injured man picked up and brought to the city hospital. He remained in an unconscious condition for some time but partially recovered late tonight, and was able to give his name and address.

Generous Offer of Mrs. J. C. Jordan
For Her Property Being
Considered.

Salisbury, N. B., Nov. 7.—It is understood that there is a possibility of the valuable summer residence at the Glades, belonging to Mrs. J. C. Jordan, widow of a Boston millionaire, being converted into a sanitarium. A number of prominent physicians of St. John and Moncton, Premier Hazen and other prominent public men, have, it is understood, recently inspected the property, and Mrs. Jordan's generous proposals regarding the matter are evidently under consideration.

NO CLEMENCY FOR
CANDY, THE MONTREAL
DOUBLE MURDERER

Cabinet Decides Not to Interfere
With the Hanging Set for Nov. 18.

Ottawa, Nov. 7.—The cabinet council had under consideration this afternoon the capital case of Timothy Candy, under sentence to be hanged in Montreal on Friday, the 18th inst., for fatally shooting Constables Fortin and O'Connell while resisting arrest on the night of May 6 last. It was decided to recommend no executive clemency although a strong effort was made to save him from the gallows by his wife and friends.

NATIONALIST WINS

Bourassa's Candidate Beats The Gov-

Conference of Men and Companies Fruitless and Vote
on Suspension of Work Will be Taken—Chief Stone
Says the Drivers Are a Unit on the Question.

Chicago, Nov. 7.—A strike vote will be taken among engineers of sixty-one railroads, west, south and north of Chicago, including the Illinois Central, following the termination today of the negotiations between the roads and grand officers of the Brotherhood of Locomotive Engineers, which had been in session since Sept. 26. Differences in wage increase of approximately 7 per cent. and alteration of the working conditions stood between the negotiations.

DON'T BE BALD

Nearly Anyone May Secure a
Splendid Growth of Hair.

We have a remedy that has a record of growing hair and curing baldness in 93 out of every 100 cases where used according to directions for a reasonable length of time. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claim to an actual test.

We are so certain Rexall "43" Hair Tonic will cure dandruff, prevent baldness, stimulate the scalp and hair roots stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid us for it in every instance where it does not give entire satisfaction to the user.

Rexall "43" Hair Tonic is as pleasant to use as clear spring water. It is delightfully perfumed, and does not grease or gum the hair. Two sizes, 50c. and \$1.00. With our guarantee back of it you certainly take no risk. Sold only at our store—The Rexall Store, T. Wran.

TROLLEY CAR PATENT

Walter Howard, station agent at Kent Junction, Bruce Brown and Wm. Murray, of the K. N. R., Richibucto, have applied for a patent for a trolley car, to be used with gasoline power, and on account of the successful trials of the machine they are expecting it will eventually be used in place of the pump car on the railroads.

CLAIMS THOMAS AS LEGAL HUSBAND

British Wife of Capt Thomas of St.
Martins Says There Has Been
No Divorce.

Moncton, Nov. 7.—In view of the absolutely flat denial given by Capt. G. E. Thomas, of St. Martins, through the medium of a St. John newspaper, to the report that he has a wife living in England, giving out that he had obtained a divorce, Chief of Police Rideout, of this city, has pursued the matter further and is in possession of letters, etc., from Alice Thomas, stating that all she has told is the absolute truth.

INSURGENTS CAPTURE TOWN

Montevideo, Uruguay, Nov. 7.—The insurgents have captured Nice Perez, a small town about 125 miles north of Montevideo. The government is still sending troops to the interior. Several prominent officials have been despatched from here for the purpose of acting as intermediaries between the government and the insurgents, who are opposing the candidacy of Jose Battle Yodenez.

OLDEST PRESBYTERY VOTES FOR UNION

The oldest presbytery in the Dominion, that of Truro, has voted 13 to 1 in favor of union. The chief business was consideration of remits from General Assembly, the basis of union with Methodists and Congregationalists. Most of the day was spent on this remit, practically every member speaking on the question.

P. E. ISLANDERS OPPOSE

LOBSTER REGULATIONS

Charlottetown, P. E. I., Nov. 5. A meeting of representative lobster packers and fishermen on Thursday protested against the new regulations requiring more space between the laths of the traps and larger meshes for head nets. They declared the enforcement of regulations means the ruin of the industry, as the factories would have to close down. They recommended shortening the season as the best way of preserving the fishing. A resolution to that effect passed, also another that pending consideration of their request, the Government suspend the new regulations for one year.

ONTARIO MAYOR

DISQUALIFIE FOR

SELLING TO HIS CITY

Perth, Ont., Nov. 8.—Dr. J. S. McAllum, mayor of Smith's Falls, has been declared disqualified and unseated by a decision of the county judge here. Dr. McAllum in 1909 purchased from M. Ryan of Smith's Falls, 400 bags of cement which he proposed to use in construction of a business block, but plans for the building fell through. Last June Dr. McAllum as head of the corporation, executed an agreement with a Belleville firm for construction of granolithic walks and subsequently it was alleged offered his cement to the contractors, who accepted the offer. This, it was held, was a violation of the municipal act and an application for the mayor's disqualification and unseating followed. Dr. McAllum was ordered to pay all costs.

FRANCE TO TAKE STEPS TO PREVENT RAILWAY STRIKE

Government Proposes to Have Power to Militarize its Employees.

Paris, Nov. 7.—The ministerial programme which will be read in the chamber of deputies tomorrow, provides for an elaboration of existing legislation with regard to trade unions.

The laws as proposed will make impossible a repetition of the situation brought about by the recent railroad strike. The legislation includes measures conferring upon the government extensive powers for the militarization of railroad employees, and providing severe penalties for those who provoke "sabotage" and insubordination.

RUSSIAN OPPRESSION

The Finnish Diet was dissolved last month, and new elections in January ordered. The dissolution of the Diet by imperial decree has appeared inevitable since September 23, when President Svinhufvud declined to submit two imperial bills on the ground that they were the direct proposals of the Russian Ministerial Council instead of the Emperor. The measures concerned the rights of Russian subjects in Finland and the establishment of a tax in lieu of personal military service.

OWES HER LIFE TO

Lydia E. Pinkham's Vegetable Compound

Vienna, W. Va.—"I feel that I owe the last ten years of my life to Lydia E. Pinkham's Vegetable Compound. Eleven years ago I was a walking shadow. I had been under the doctor's care but got no relief. My husband persuaded me to try Lydia E. Pinkham's Vegetable Compound and it worked like a charm. It relieved all my pains and misery. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound."—Mrs. EMMA WHEATON, Vienna, W. Va.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

The "Chemics" of Bread

LET us look a bit into the chemistry of bread.

For we want our bread not only to seem good but we want it to actually be good. And as bread is a question of flour and flour a question of wheat we see that wheat is where we have to begin.

Gluten, starch, water and phosphates, are the principal component qualities of wheat. And in proportion as these qualities are more or less present is the wheat more or less valuable so far as nutrition is concerned.

The nutritive and bread-making qualities of wheat are the things that make it more valuable than rye or oats or barley or corn as human food.

The quality of nutrition, too, is what makes one brand of flour more valuable than another.

If it were not for nutrition

and bread-making qualities any flour would be as good as any other. We wouldn't have to care whether it was made from good wheat or poor wheat, from Spring wheat or Winter, from all wheat or part other cereals.

A chemist will tell you that ROYAL HOUSEHOLD FLOUR is richer in high quality gluten than flour made from low grades of wheat. And for that reason it is better for food, hence more valuable than ordinary flour.

And actual tests in your kitchen will tell you that it produces more and larger loaves to the barrel than ordinary soft wheat or blended flour, the reason being that flour made from hard Red Fyfe wheat is more expansive and more absorbent.

It is plain, common-sense that flour made from the finest hard wheat in the world and scientifically milled must produce the finest bread in the world. And it does. Try it. Prove it.

LOCAL NEWS.

TENA McKENZIE

The death of Miss Tena McKenzie, second daughter of A. G. McKenzie, occurred at her home in Dalhousie Thursday evening, after an illness of six months, aged twenty-two years. Deceased entered the Jeffrey Hale Hospital, Quebec, in October 1909, to train as a nurse and became a victim of typhoid fever, which developed into consumption. Miss McKenzie was a promising girl, and great sympathy is felt for her relatives in their sad bereavement.

DUNCAN McDONALD

The death of Duncan McDonald, of Dundee, occurred at the home of his daughter, Mrs. John Thompson, of Dalhousie Junction, on Wednesday last. He was one of the oldest and most respected farmers in Restigouche, being 95 years of age at his death. He was a native of Scotland and came to Restigouche when a boy. His funeral took place to St. John's Presbyterian cemetery, Dalhousie. The services at the house and grave were conducted by Rev. M. Kirk.

DEATH OF ROBERT HARVIE

There passed away at River Louise on Oct. 20th, one of its most respected citizens in the person of Robert Harvie, who died of pneumonia at the age of 66 years. Not only in the home but also in the church and in the community, he will be greatly missed. He was a friend of the poor, a liberal supporter of every good cause, a useful member of the church and an esteemed elder of the congregation of Jacquet River. Many a traveller found a resting place in his hospitable home, for he was given to hospitality. His funeral, which was held on the 22nd, was one of the largest seen for years in the county. The interment was made in New Mills Cemetery. His pastor, Rev. J. M. McLeod, conducted the funeral service and paid a fitting tribute to his memory. His bereaved wife and sister at home and all the sorrowing relatives have the sympathy of the community.

A YEAR'S PROGRESS IN THE CEMENT INDUSTRY

The current issue of "Construction" contains an editorial review of the operations of the Canadian cement interests for the past year, expressing gratification that the formation of the merger has not led to any undue advance in cement prices. "As long," concludes "Construction," as the cement interests continue to develop the industry along these lines, as long as their policy continues to be constructive, they are deserving of the good will and support of the Canadian building public. Constructional development and improvement is, and will continue to be, in Canada for some years hence, one of the greatest factors in our growth. Cement has become an indispensable structural work of every character and type, as are the hands of the laborer who does the work, and an ambitious country will never tolerate a monopoly in a material so universally used in both public work and private enterprise.

POST OFFICE BOXES

One hundred and seventy five small post office boxes have arrived and have been installed, which relieves the work at the wickets very much. The Graphic would suggest that Chief Hughes place an office on duty at the office between 6 and 8 and instruct him to make all keep in line and take their turn. It is not very convenient for ladies who come to the office to be obliged to stand around until the crush is over before they can get their mail. At present it is a case of the stronger having advantage over the weak. All should be made to stand in line and take their proper turn.

DALHOUSIE

On Thursday, Nov. 3rd, death entered the home of Mr. A. G. McKenzie of this place said took away his second daughter, Tena, much beloved by all who knew her. Always bright and cheerful in the days of health, she maintained the same happy disposition during all her illness, which lasted six months. Instead of needing, cheering and encouraging words, she cheered and strengthened those around her and in her death has left a pleasant remembrance of a life well-lived and a departure full of hope.

Many beautiful floral tributes, sent by class mates of former days, both in the Sunday and week-day schools and also by the nurses of the Jeffrey Hale Hospital, Quebec, which she had entered for training, testified to the esteem in which she was held. The funeral took place on Saturday and was largely attended. The Graphic extends sympathy to the bereaved relatives.

DIVORCE GRANTED

At Fredericton, on Wednesday, Mrs. Ida C. Robinson, formerly Miss Warwick of St. John, was granted divorce from her husband, Frank L. Robinson, formerly of Marysville, now of Ontario. The parties were married in 1903 and separated in 1904. In the case of Herbert E. Smith, of Johnston, Queens county, for divorce from his wife, Alice M. Smith, witnesses gave evidence showing that Mrs. Smith eloped last July with Walter Kincaid. Judge McKeown will deliver judgment on November 29.

E. A. STRANG.

The death occurred on Thursday of Mr. Ephraim A. Strang of Chatham, one of the best known business men of the town. Mr. Strang was born in P. E. I. in 1875, married Miss Annie D. Stapleton of Chatham in 1861, and in 1862 began a grocery business of his own which grew and proved successful. Mr. Strang was a member of the Methodist Quarterly Board. He leaves a widow and two sons, H. E. and L. Wilmot Strang.

GREATEST CURE FOR RHEUMATISM IS "FRUIT-A-TIVES"

"I Honestly Believe It," says Mr. Mills

Knowlton, P.Q., Oct. 12th, 1909. For many years I suffered from severe rheumatism and the attacks were very distressing and prevented me from doing ordinary work.

I tried many remedies and physicians' treatments but nothing seemed to do me much good, and I was becoming very anxious for fear I would become a permanent cripple from Rheumatism. I tried "Fruit-a-tives" and this medicine has entirely cured me, and I honestly believe that "Fruit-a-tives" is the greatest Rheumatism Cure in the world.

E. E. MILLS,
Asst. P.M., Knowlton, Que.

"Fruit-a-tives" not only strengthens and heals the kidneys—but also regulates the bowels, improves the action of the liver—and thus keeps the blood pure and free from uric acid which causes rheumatism.

"Fruit-a-tives"—the great fruit medicine—is sold by all dealers at 50c a box, or \$2.50 trial size, 25c or sent on receipt of price by Fruit-a-tives Limited, Tawa.

Thomas A. Edison
did another wonderful thing
when, having brought his Phonograph to a point where not even the most critical could ask for improvement, he multiplied its entertaining ability by two.
He did this by producing a Phonograph Record that plays, sings or talks twice as long as the Standard Edison Records.
He did this without increasing the size of the Record, making it a Record that can be used on old instruments as well as new.
He did it without affecting in any way the clear, rich, musical tones for which Edison Records have always been famous.
He calls this double-length Record "Amberol."

A Positive Cure For Rheumatism
For many years, both during Father Morrissey's lifetime and since he passed away, his No. 7 Tablets have been curing many of the worst cases of rheumatism in Eastern Canada.
During his lifetime it became the custom, when people could not get relief from other sources, to consult Father Morrissey, and few indeed did so in vain. His standard prescription came to be called
Father Morrissey's No. 7 Tablets
and it can now be procured from any druggist or dealer in medicine.
No. 7 Tablets act directly on the kidneys, stimulating them so that they can remove from the blood all the Uric Acid, which alone causes the rheumatism. Two or three weeks' treatment cures ordinary cases, while with the worst chronic cases it seldom takes more than three or four boxes of No. 7 Tablets to thoroughly eradicate the rheumatism from the system.
In every case, right from the start, the sufferer gets relief from the torturing pains and aches.
We would be glad to refer you to one-time rheumatics, now well through taking Father Morrissey's No. 7 Tablets.
See a box—at your dealer's.

MISS WILSON
PASSED AWAY
Nelson Resident and Daughter of a
Miramichi Pioneer.

Eliza Wilson of Nelson, aged 80 years, died on Friday at the residence of her nephew, Ernest Flett.
Miss Wilson was the daughter of the late John Wilson, of Wilson's Point, one of the earliest pioneers of the Miramichi. He was engaged in farming and stockkeeping, and for years ran a horse ferry between Nelson and the Point and from the Point to a place a short distance below Sinclair's on the Newcastle side. This was in the days before the bridges were built over the branches of the Miramichi.
Miss Wilson is survived by a sister, Jessie, of Brooklyn. Another sister was the wife of the late Enoch Flett of Nelson.
The funeral was held Sunday afternoon at 2.30 from her nephew's residence and was largely attended.

BRIEF RESPIRE FOR CRIPPEN
Belle Elmore's Murderer Not to Be Hanged Till Nov. 23: Petition Started for Clemency.

London, Nov. 7.—Inspector Dew of the Scotland Yard detective who arrested Dr. H. H. Crippen and the Leneve woman on the S. S. Montrose, has resigned his position. No cause is made public.
Solicitor Newton, Crippen's counsel is drafting a petition to reprieve Crippen. The execution is now fixed for Nov. 23.
It is officially announced that Dr. Hawley H. Crippen, convicted and sentenced to death for the murder of his wife, Belle Elmore, would not be executed tomorrow, as originally arranged, for the reason that the law provides that two weeks must elapse between the dismissal of an application and the carrying out of the sentence.

The Single Tax In City of Vancouver
Mayor Writes Mayor of St. John How it is Working.

His Worship the Mayor is in receipt of a letter from the Mayor of Vancouver giving some interesting information as to the working out of the single tax system in that city. Vancouver started fifteen years ago by making a reduction of 50 per cent in the improvement tax. The result was so beneficial that in 1906 a cut of 25 per cent more was made, and this year the building tax was eliminated altogether and so adopted the single tax in its entirety, and that city no longer regards what it is doing as an experiment. The Mayor says the land owners really benefit more than even the builders and building owners, for while the tax on improvements has not been abolished the land tax has not been increased, but remains at 22 mills on the dollar, just what it was before the single tax was adopted. With the tax the same on improved and unimproved property the owners prefer improvements. Vancouver's Mayor says the municipal statistics clearly show the single tax has stimulated building. Before the first fifty per cent was voted in 1895 the per capita value of building improvements represented approximately \$200 per capita. In 1905 they had increased to \$234. A similar increase was shown following the reduction of 25 per cent. In 1908 the per capita valuation of building improvements was \$302.66 and in 1909 it was \$308.17, and yet, says His Worship, these figures do not half tell the story, for the reason that the population increased from 17,000 in 1894 to over 100,000 last year, and in the last five years has been trebled. Building operations in Vancouver have exceeded those of any other Pacific coast city, and in this connection the Mayor gives figures showing this increase. The real property valuation in 1895 was \$18,929,724 the improvements \$4,317,660, making a total of \$13,147,384. In 1909 the figures were: real property \$48,281,380, improvements \$24,405,210, total \$72,686,540. Since the reduction of the improvement tax to 25 per cent in 1906 more steel and granite buildings have been erected than during any previous decade and in proportion to the city's size more substantial and costly buildings have been erected than elsewhere, while since the adoption of the single tax in its entirety the building development has been even more rapid and upwards of a million dollars worth of building is expected to be done this year including the erection of six steel sky scrapers. The Mayor says 75 per cent of the toilers own their own homes. The Mayor, concluding, declares that the single tax prevents a boost in prices, as no owner wants to pay extra taxes.—Globe.

REV. S. BARKER WILL GO TO KOREA

Chatham, Nov. 2.—A most successful and well attended Thanksgiving service was held Monday night at St. Andrew's Hall, Rev. A. F. Robb was the speaker and told of the nature of the Presbyterian mission work in Korea.
The feature of the evening was the announcement that Rev. S. Barker, Presbyterian clergyman at Escuminac, P. Q., would shortly be appointed to go to Korea to join the mission workers at that place. Rev. Mr. Barker is well known in this section, having married a daughter of Robert Watson, formerly of Douglastown. At the close of Rev. Mr. Robb's address a vote of thanks moved by W. S. Loggie, M. P., and seconded by Rev. D. Henderson was tendered the speaker. The collection amounted to \$24.00. It will be given to the Mission Band. Rev. Mr. Barker will probably leave for the far east early in December.

SMELT FISHING

Smelt fishermen are making preparations and plans for the expected harvest of the little fish. It is stated by those directly interested that there will be more nets set this year than ever before on the Miramichi. Smelt are plentiful in the river now. Price of nets and twine is slightly lower than last year. It is said by smelt fishermen that fishing conditions have changed. The best hauls are made nowadays when the ice is forming and when the setting and hauling of nets is a hazardous business. As soon as the ice forms so that it will bear men and horses the greater part of the fish leave this section of the river and the fishermen must follow them toward the bay in order to get really "big hauls." This migration, it is said, is due to the extreme timidity of the fish which become frightened by the noise of traffic on the ice above.
