

ALLANS SIGN WITH GOV'T. TO FURNISH LINE TO FRANCE

tion of peace until the close of the session, when matters will be adjusted to the satisfaction of all concerned. The agreement is a mutual understanding between the two parties, and an assurance for the time being, for the sake of harmony and unity of the party but all the same it is a victory for Premier Parent, as the title of the agreement retains the premiership. The latter received word from Montreal yesterday that the Executive Committee of the Union faction had agreed to the last conditions under negotiation, but just what their terms are is not made public. Premier Parent will presently receive in writing. Premier Parent said that he preferred not to speak on the subject for the present, but he is sure that the agreement, in the terms of agreement will never be made

is certain, however, that Premier Parent's resignation, which has been in the air for several months, will disappear from the arena of active politics. He is a sick man, and his physician emphatically suggests that he should retire from public life, which must be a long one, away from the scene of undue excitement, and for a while at least, he will be content to be a private citizen. Hon. Mr. Parent is a very remarkable man. The general public, especially the English-speaking public, has not known him for many years, but they have had the greatest sympathy for him, and will doubtless regret his retirement from public life. Mr. Parent is glad to leave the premiership, but he has not relinquished his duty. He says he has done his duty to the electorate who placed him in office, and he has done his duty to them, but has done his best to give the people honest administration.

LIVE STOCK MARKET.
TORONTO.

Toronto, Feb. 23. — A liberal run of live stock characterized the city market this morning, and owing to the excessive arrivals of cattle, prices were lower. There were in all 2,000 cattle marketed, and it was inevitable that this weight of offerings should bear down values, in view of the artificial conditions which have prevailed for some time past, the recent emphasis being placed on the fact that the country was a big boom in prices, that was recognized as being of only a temporary character. Hogs were unchanged in price. Lambs were higher and sheep firm and unchanged. The run, including eight Chicago cars, was 120 loads, comprising 2,000 cattle, 366 sheep and lambs, 1,200 hogs and 91 calves.

Butchers' Cattle—The freight congestion on the railroads has been relieved and many cattle which have been held in the country awaiting improved transportation facilities were rushed to the market today, the result being a slump of 15c to 25c per cwt. The weakness was more noticeable in the lower grades, as the offerings were largely composed of common to medium grades, the quality of the offerings, taken as a whole, being poor. For the half-fat sorts the demand was light; hence the sharp slump in prices. Good quality cattle, however, were in demand, and these also averaged considerably below last week in price. Farmers should bear in mind that common and medium quality cattle are in demand, and the better grades are snapped up with alacrity.

Export Cattle—The demand for good exporters was very fair, and prices were well maintained, sales at \$4.90 being reported. Old country markets are still weak, and the only sustaining prop here is the fact that many dealers are compelled to purchase cattle to fill space, previously engaged.

Stocks and Feeders—The demand was good and prices were firm. Shorter sold from \$4 to \$4.40 per cwt., and stockers held well up to last week in the matter of values.

Milk Cows—There is a good demand for this class up to \$50, or perhaps \$55 for something extra choice.

A few of the day's transactions follow:

George Rowntree bought 200 cattle for the Harris Abattoir Company at \$4.25 to \$4.40 for best butchers, \$4.25 to \$4.40 for good \$3.70 to \$4.40 for medium to fair, \$3.15 to \$3.40 for fair to good cows, \$2.85 to \$3.15 for medium to fair cows.

W. Dean bought 100 short-keep feeders at \$4 to \$4.40 per cwt; they averaged 1,100 to 1,200 lbs.

T. Halligan bought four loads of butchers, averaging 900 to 1,100 lbs., at \$3.50 to \$4.20 per cwt.

C. McCurdy bought two loads of butchers, 950 to 1,150 lbs., at \$3.65 to \$4.25 per cwt for steers and \$2.75 to \$3.50 for cows.

Frank Hunslett bought 7 butchers, mixed, weighing 900 to 1,200 lbs., at \$3.20 to \$4.15 per cwt.

H. Murby bought a number of feeders, 1,100 to 1,200 pounds, at \$4 to \$4.25 per cwt, and some stockers weighing 800 to 900 lbs., at \$2.25 to \$3.50.

Crawford & Hunslett sold five loads of cattle at \$3.25 to \$3.90 per cwt for mixed butchers, averaging 900 to 1,150 lbs., at \$3.25 to \$4.40 for export steers, averaging 1,270 to 1,525 lbs.

A. W. Pringle bought 45 butchers, 900 to 1,150 lbs., at \$3.75 to \$4.40 per cwt.

Con Woods bought 40 butchers, 900 to 1,000 lbs., at \$4.10 to \$4.25 per cwt.

Mr. H. Pringle bought 35 butchers, 900 to 1,100 lbs., at \$3.75 to \$4.25 per cwt.

George Dunn bought one load of steers, 1,150 lbs., at \$4 to \$4.20, and one load of mixed, 1,000 lbs., at \$4 per cwt and \$10 over.

C. Zeagman bought one load of mixed butchers, 1,200 lbs., at \$3 to \$3.25 per cwt, and one load of heavy butchers, 1,140 lbs., at \$4.25.

Fred Rowntree bought 18 mixed cows at \$4 and \$50 each.

Sheep and Lambs—Receipts were very light and prices of lambs advanced 10c per cwt. Sheep were unchanged. Trade was quiet, and the very small run. As a result of current high prices for both sheep and cattle, a considerable increase in the holdings of sheep and in the annual production of lambs is anticipated. declares the Drovers' Journal. This will be fortunate, as the price of good mutton stock is considerably below the consumptive demand. A considerable increase in the price of good mutton sheep and lambs may be handled and prices still hold at about the most remunerative basis of any class of stock produced on the farm.

A SOLEMN CEREMONY

Impressive Rites Over the Remains of Grand Duke Sergius.

Moscow, Feb. 23. — The coffin of the dead duke stood upon a catafalque covered with cloth-of-gold, while below on cushions rested the orders of the dead man. The coffin itself was covered with cloth-of-silver, trimmed with ermine. The mangled body lay in state dressed in full uniform, but a veil of fine lace covered the mutilated face. A gloved hand held an ikon of St. Nicholas. When the imperial party entered the church, Grand Duchess Elizabeth, the widow, took her place at the foot of the coffin. She was the center of all eyes. Throughout the ordeal she displayed the same fortitude she showed yesterday when she followed the dead coachman to the grave. The Metropolitan and ten bishops conducted the service, which was accompanied by recitative chanting by the imperial choir. When the Metropolitan read the prayer for absolution, all present knelt, many of those in the rear of the church prostrating themselves. When the time came to kiss the dead, according to the custom of the orthodox faith, the Grand Duchess Elizabeth almost broke down. Her tall, slight figure shook and swayed, and she was about to fall, when Grand Duke Constantine gave her support and she kissed the uniform on the left breast thrice. When this ordeal was over, the coffin was lifted up and borne on the shoulders of the grand dukes and aides-de-camp attached to Grand Duke Sergius' household, was carried in silent procession preceded by priests in gold of the vestments of the Church of St. Andrew within the monastery. There a brief service of monsignors took place, and the body was placed in a vault where it will remain until removed to St. Petersburg. Exactly at noon, as the ceremony concluded, Moscow's 500 bells began tolling and the people who had gathered in the vicinity gradually dispersed.

MUSIC AND DRAMA.

MOVING PICTURES.

The Quebec Chronicle commenting on Merritt & Pritchard's Moving Picture exhibition, which comes to the Grand for three nights next week, says:

Messrs. Merritt & Pritchard exhibited at the Auditorium last night, before a large and fashionable audience, a series of living and moving pictures, which fairly electrified everybody by their faithfulness and steadiness. There was no vibration or shakiness, and every view came out boldly, and in clear relief. The programme was varied. The comic scenes were very amusing.

BOARD OF WORKS DISCUSSES
OVERCROWDING OF STREET CARS

Company To Be Asked To Provide Additional Trolleys.

Service Declared Altogether Inadequate at Certain Hours.

Nothing To Be Done Towards Widening Dufferin and Princess Avenues—Tenders Let.

The crowding of street cars in London was the subject of a short discussion at the meeting of the board of works last night. The question came up when a communication from City Engineer Graydon was read, recommending that the city secure legislation to prevent street railway companies permitting their cars to be crowded. Mr. Graydon pointed to conditions in London, both on the electric and steam railways, and in addressing the committee, he declared that the only way to put an end to the overcrowding is to secure legislation at once.

Mayor Campbell said Mr. Graydon's suggestion was a good one, but he thought it would be wise to send a copy of the resolution to the Union of Canadian Municipalities, so that when the Legislature was approached, the city of London would have all the municipalities in Canada at its back. Chairman Forristal thought the mayor's suggestion an excellent one, and he favored acting upon it. It was high time, he said, that something was done to prevent the overcrowding of cars in London. At 6 o'clock in the evening the lack of street car accommodation for the people was a disgrace to the city.

Ald. Garratt agreed with Ald. Forristal, and he moved that the engineer request the company to put on extra cars between the hours of 5:30 and 7 p.m. each day.

After some further discussion it was finally decided to send Ald. Garratt's motion to the company for their consideration. Mayor Campbell's recommendation was also acted upon, and a copy of the engineer's communication will be sent to the Union of Canadian Municipalities.

Will Hold Company Responsible.

In regard to the complaint of the cartage companies of London about the condition of the streets, Engineer Graydon reported that he had notified the London Street Railway Company that the city will hold the company responsible if any suits are brought against the corporation by persons whose property may be injured through the neglect of the company to properly remove the snow from the streets traversed by the company's lines. On motion of Ald. Garratt, the secretary was instructed to notify the cartage agents of this action of the engineer. Mr. Graydon also explained that Mr. Carr had informed him that he (Mr. Carr) is doing all in his power to remove the snow from the streets. If an accident occurred, Mr. Carr said, it would be through the carelessness of the party injured, and neither the city nor the company would be responsible.

Ald. Garratt's motion re the improvement of roadway on street where the people petition for cement walks, curbs and gutters, was laid over till next meeting.

The committee was instructed to examine the roof of the main building on the fair grounds, and ascertain whether or not a new roof is needed this year. A number of petitions for and against local improvements were referred to the assessment commissioner to report.

The request of B. C. McCann, secretary of the Old Boys' Association, for permission to use No. 2 committee room for a purpose was granted, and Mr. McCann was also given the use of the south ante-room (off the council chamber) for an office until after the celebration in August.

It was decided to grant the request of Registrar Dignan for a telephone in his office, as it was felt that Mr. Dignan is in absolute need of a phone to conduct the business of the office properly.

An End to This Matter.

Engineer Graydon's proposal to widen Dufferin and Princess avenues was given its quietus by City Solicitor Meredith, who in a communication to the committee, stated that he does not think it is practically possible to carry out the work. It would be impossible to do it under the local government with any satisfaction, and he does not suppose the council wishes to provide the necessary amount (which would be considerable) for the purpose of widening the streets.

The request of Bruce McLeod, caretaker of Queen's Park, for an increase in salary, did not meet with the approval of the aldermen. It was pointed out that Mr. McLeod now draws \$450 a year, has free house-rent and gets his fuel free.

"Fifty men would jump at the job if it were vacant," said one of the aldermen. It was decided, however, to send the request to No. 1 committee.

The communication of Park Commissioner Pearce re a new greenhouse was laid over for a week.

Tenders Accepted.

The committee accepted the tender of C. Barritt for cleaning the streets at \$2,317 50, providing certain stipulations of the committee are complied with, and the tender of C. Barritt & Co. at \$2,885 75, will be accepted.

Tenders for gravel for the year were accepted as follows: No. 1 ward, Alex. McArthur, \$3.90 per cord; ward No. 2, W. J. Anthistle, \$2.60 per cord; for pit gravel, and Cotton & Moir, \$2.50 per cord for river gravel; ward No. 3, Cotton & Moir, \$2.50 per cord for pit and \$2.75 for river gravel; ward No. 4, W. J. Anthistle, \$2.60 per cord for pit gravel, and Cotton & Moir, \$2.50 per cord for river gravel, delivered west of Adelaide street, and \$3 per cord for river gravel delivered east of Adelaide street.

E. North & Co.'s tender for concrete sewer pipe at sizes quoted, and W. J. Anthistle's tender for 40-inch pipe were accepted. The tender of J. D. Macfie for American glazed sewer pipe.

E. E. Skuse secured the contract for Portland cement for the year at \$2.25 per barrel.

Corner irons for cement walks will be supplied by Gillean McLean at \$2.50 per 100 pounds.

Peter Taff's tender for cleaning the asphalt pavements was accepted at \$1,200.

Contracts for cement walks were awarded to W. J. Anthistle for all streets south of Dundas street and east of Wellington street, at 8 1/2 cents a foot, and all north of Dundas and west of Wellington street, at 8 1/2 cents a foot. A west end of Dundas street were awarded to the Forest City Paving Company at 9 cents a foot.

Chairman Forristal, Mayor Campbell, Ald. Wyatt, Gerry and Garratt, Engineer Graydon and Secretary Bell were present.

INQUIRY INTO DEATH

Orangeville Man Said to Have Been Hit by Wife's Relatives.

Orangeville, Feb. 23. — An inquest is being held to clear up the cause of the death of Alexander Robinson, who died here last Friday. It is expected the inquest will be concluded next Monday night. Tuesday night's session in the town hall was attended by about 400 curious spectators. According to the facts already elicited, Robinson had been drinking heavily prior to his death. He quarreled with his wife, and as a consequence, it is said, he was struck by Wesley Montgomery, his wife's uncle, on the Friday prior to his death, and by Tiny Montgomery, his wife's brother, on the Saturday prior. It is said his body showed distinct bruises, but whether they had anything to do with his death remains to be seen. The brothers of deceased and the Montgomerys are both represented by counsel at the inquest.

UNDER SNOWDRIFTS

35 Below and Blizzard Raging at St. Johns, Newfoundland.

St. Johns, Nfld., Feb. 23. — Another blizzard is raging here tonight. The thermometer has fallen to 35 below zero last night, and the whole country is under snowdrifts. The eastern coast is blocked by ice floes, rendering ingress or egress from St. Johns impossible. The steamer Ingham, sent to Trinity Bay to take passengers and mails from an express train snowbound more than a fortnight ago, has been caught in the ice.

NO COMPROMISE
SAYS ALLIANCE

Will Join With the Templars in
Demanding That Whitney
Abolish the Bars.

Toronto, Feb. 23.—There was a long discussion at the Dominion Alliance today on the report of the committee on resolutions, which dealt with the questions of local option, licenses in New Ontario and enforcement of liquor laws. Some of the delegates present were opposed to going to the Premier, with a demand to abolish the bar when he had given no pledge to enforce the home rule direction.

Rev. Dr. Carman said it was his desire to have the Government show its hand. The executive ought to have waited upon the Government before calling the convention. "It would be terrible weakening to go to the Government and suggest this, that or the other amendment. Go with our platform and ascertain fairly and squarely where the Government stands."

The A. Austin announced that the Royal Templars Grand Council had decided to send a deputation to see Mr. Whitney and ask for one thing, which was that he should abolish the bar. If the alliance would join them in this it would be well, but if their convention complicated the issue by dragging in subsidiary questions, the Royal Templars would go alone. It was therefore decided to unite on the one demand.

The treasurer's report showed receipts of \$3,822, and expenditures of \$3,888. There was a total indebtedness of \$1,648, but under the leadership of Joseph Gibson, of Ingersoll, the sum of \$1,658 was subscribed in the convention, thus providing for the deficit. Several hundred dollars' subscriptions were given and the enthusiasm manifested by the officers and delegates was manifest and warm.

G. F. Marter was re-elected president.
