Technical and Bibliographic Notes / Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

Metropolitan Toronto Reference Library
General Information Services

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Metropolitan Toronto Reference Library
General Information Services

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

INDEX TO CATALOGUE

Everyman's Library.

- (1) Arranged according to catalogue number Pages 5-18
- (2) Arranged according to title of book Pages 27-40
- (3) Arranged according to author Pages 49-62
- (4) Arranged according to subject Pages 71-84

The arrangement of the catalogue renders it most serviceable for those using the library. It is arranged in four forms:—

- (1) According to catalogue number, as in bookcases.
- (2) According to title of book.
- (3) According to the name of the author.
- (4) According to subject.

In the first part of the catalogue the books are arranged according to the catalogue number, as in the bookcases, for the use of the Librarian.

It may be that a nurse, desiring a book, has forgotten the title, which may be found in the second part of the catalogue, but has remembered the name of the author of the work required. The book may then be readily found by turning to the third part of the catalogue, where the books are arranged alphabetically by the name of the author.

Then, again, the nurse may forget the title of the book, the name of the author, but remembers the subject, and this she finds in the fourth part of the catalogue, where the books are arranged alphabetically according to the subject.

RULES FOR THE CIRCULATING LIBRARY.

Nurses' Residence, Hospital for Sick Children.

1. The General or Circulating Library is open every Saturday evening from 5 until 7 o'clock.
2. The Library is open to the staff, nurses in training and probationers. Should any nurse wish to use the Library on any day other than the evening specified, she may notify the Librarian.
3. The borrower is held responsible for any book taken out in her name, and borrowers ceasing to reside in the Nurses' Residence must return their books to the Library, in order to have their card cancelled.
4. Books may be retained two weeks, and may be renewed once for the same length of time.
5. A borrower is entitled to two books at the one time, provided that not more than one of them is fiction.
6. Books must be handled carefully, and borrowers will be held responsible for any injury done to them while in their possession, unless the book shows a certificate of the Librarian that it was in a damaged condition when given out. All cases of injury must be promptly adjusted. Examine your book carefully before taking it away.
7. Writing in books is prohibited.
8. Every reader, when returning her book, must herself place it in its proper space on the book-shelf.
9. The Librarian of the Circulating Library has charge of the room, and any information required will be furnished by her.

By Order of the Trust.

JESS ROBERTSON,
Chairman.
