

THE ADVERTISER

TUESDAY'S EDITION

KENTVILLE, N. S., MARCH 21st 1916

No. 94

Spraying Materials

**Grasselli Lime Sulphur
Grasselli Arsenate or Lead
Paste**

**Sulphate of Nicotine and
Corona Dry Arsenate of Lead**

These famous brands need no introduction to the Fruit Growers of Kings County.

Owing to the unsettled market conditions we strongly recommend our customers to place their orders with us at once to insure the minimum price and get prompt delivery.

We are booking orders at today's prices for these goods up to March 25th, after that date the prices will undoubtedly be higher.

Hardware and Plumbing.

KENTVILLE NEWS.

Miss Marion McBride of Dalhousie Ladies College, Halifax, is visiting at her home here.

There will be a special train to Wolfville after the performance on Thursday night.

Miss Louise Pike and Miss Josephine Kenny, Bridgetown, visited Mrs. Blair at the Experimental Station, recently.

Mr. Joseph Redden accompanied by his two sons and Mr. Wallace Kaiser of Milltown enjoyed a pleasant trip to New Ross last week.

Prof. Blair made application recently to the Department of Agriculture for leave of absence to join the overseas forces. The minister of Agriculture could not see his way clear to grant the request. Not having a military training he considered he would be of greater value to the Empire assisting to increase production of farm crops.

Turkey—who says Turkey!
Oh, no—we are not allied with Turkey this trip—but there are lots of other things just as good to eat. Come along and taste them tonight at the Presbyterian supper, J. W. Ryan's building, Admission 10 cents. Supper 40 cents.

Mr. John S. Scott, who conducted the Western Chronicle newspaper contest left here on Tuesday last for Windsor on his way to New Glasgow to begin a contest there for the "News." Miss Appleby of Newcastle, N. B., his assistant contest director accompanied him. Mr. Scott has under consideration the moving of his family from Toronto and residing in Nova Scotia.

The firm of N. H. Phinney Co., Limited are returning to Kentville to resume business. Their campaign in selling musical instruments last fall was so successful that they have decided to open a permanent branch here. In this issue will be found the opening announcement of this reliable firm. They have leased the old Royal Bank building in which they formerly did business and it is being thoroughly renovated by painting walls, woodwork and ceilings and the plate glass front windows will be lowered so as to allow a fine display of pianos, organs, phonographs, etc.

KENTVILLE NEWS.

The Presbyterian supper and sale tonight in J. W. Ryan's building will be fully up to the usual style of the events of former years.

Rev. J. D. Spidell administered the ordinance of baptism to one candidate, Miss Coldwell, New Minas, at the commencement of the Sunday evening service.

H. M. S. Pinafore, Gilbert and Sullivan's popular operetta will be put on in the Nicklet Theatre on March 23 by Mrs. Cora Pierce Richmond, Wolfville, and her pupils. To say that Miss Helen Knowles will take the part of "Little Buttercup" alone bespeaks an enthusiastic audience.

Mrs. H. L. Brady and little daughter, Vernice, who have been sending some time in town, guests of the former's mother, Mrs. W. C. Taylor, left Saturday for their home in Quebec.

The boys of the 112th and of any other regiment who are in Town are welcome at the supper and sale in Ryan's building. Owing to the fact that the 85th men have not their uniforms yet they are requested to wear "the feather"—as all soldiers are admitted free of charge.

Don't forget the supper tonight in J. W. Ryan's building—given by the ladies of the Presbyterian Church. They are great cooks. Just come along and see.

Mr. Watson Smith, Shubenacadie, N. S., made a short visit to the Experimental Station a few days ago. Mrs. Smith is a sister of Prof. Blair. They have gone to Bridgetown to visit Mrs. Smith's sister, Mrs. M. P. Pike. Mr. Smith was a delegate to the recent convention of the Nova Scotia Temperance Alliance held at Halifax.

The annual convention of the County Women's Christian Temperance Union will be held in St. Paul's Presbyterian church, Wednesday, March 22. There will be three sessions, morning, afternoon and evening. The evening session will be open to the public and an interesting programme is expected. The speaker for the evening will be Rev. A. J. Prosser, of Cadzow. Special music will be given.

5c Will Buy 75 Envelopes at Weaver's

Good white wove paper, No. 7-125, three packages for only 5c. Box of 500 for 30 cts.

Envelopes of heavy smooth paper, letter or note size, 25 in package for 5 cents. Also lined finished at 10 cents a package.

Writing pads, note size ruled paper at 5 cents each.

Winona Writing Pad, note size, 140 pages of good ruled paper for only 10c. Also letter size at 10 cents.

Norman L. Pen Pads beautifully finished paper, plain only, note size 10c. Double fold or letter size at 20c. May be had in bulk at 24 sheets for 10c. Envelopes to match 10c package.

Lead Pencils, 1c, 2c, 5 and 7c.

Scratchers 5c.

Note Books 1c, 3c, 5c, and 10c.

Ink, big 5 ounce bottles only 5c.

WEAVER'S

Where you pay Cash and Pay Less in the Blanchard Building, Webster & Kentville Nova Scotia

H. M. S. PINAFORE

The last chance of the season to see H. M. S. Pinafore, on Thursday night, March 23rd. Don't Miss It.

The Band will play at the Arena on Wednesday evening instead of Thursday, this week.

The most delicious ice cream made from pure cream—the real thing—will be on sale at the Presbyterian supper tonight and good home made candy, too.

Mrs. Stanley Hale, of Brooklyn St., will be at Home to friends on March 22nd, and evening of 23rd. 2 ins o&a.

The sale of seats for Pinafore opened on Saturday at J. D. Clark's drug store. If you are wise you will secure your seats early. The Nicklet Theatre is not large, and its capacity will probably be taxed.

NOTICE.

The ladies of St. Paul's Presbyterian Church are holding a supper and sale tonight, March 21, in J. W. Ryan's building. If you want a good supper and an enjoyable evening come along and bring a friend with you.

Today is the first day of spring. Do not hurry to appear out with a new spring suit, hat or bonnet as we have heard no warblings from the robins.

The Kentville Liberal-Conservative Club will hold a special meeting in the Advertiser Hall on Tuesday evening, March 21st at 8 o'clock. The Club will be addressed by R. H. Watts, M. P. P. for Cape Breton County. Liberal-Conservatives with their friends are invited to attend.
N. A. Woodworth, Sec'y

KENTVILLE NEWS.

Mr. Charles Turner has returned home from a pleasant visit to Morristown, Berwick and other parts of Western Kings.

Anniversary exercises at St. Stephen's Methodist Church, and other matters of interest unavoidably held over this issue owing to the large demand on advertising space will appear in Friday's issue.

There will be a bargain sale of Presbyterian Cook Books at plain sewing table tonight. Eat your supper first,—of course you'll enjoy it. Then buy a cook book to take home and learn the ladies culinary secrets, which they sell for the benefit of this church. The regular price of these well-known books is 50 cents, on Tuesday night, 40 cents.

HORTICULTURAL

Prof W Saxby Blair, Supt. of the Experimental Station at Kentville, will furnish us with material from week to week bearing on Horticulture. We are confident that our readers will appreciate this valuable information as Prof. Blair is a well known authority, and if his suggestions and advice is followed, success is assured.

HOTBEDS

In order to have vegetables covering as long a period as possible it is necessary to have a hotbed. Some plants cannot be brought to maturity without the hotbed to start the seeds in and develop the plants for setting out. The expense connected with the hotbed is not great. The size of frame required is one large enough to carry four sashes each 3 feet wide and six feet long. Two inch plank is usually used. The back of the frame is 15 to 18 inches high and the front 10 to 12 inches. The planks are spiked to the end pieces which are 4 inches under the 6 feet, and three 2 by 2 cross pieces are put level with the top of the frame to carry the edge of the centre sashes. Boards can be used for the frame but the plank are much more satisfactory and durable.

The sashes are usually made up of 3 rows of 10 by 12 glass which are lapped so that the water will run off, 16 lights are required for each sash. The sashes usually cost about \$2.25 each complete. The glazed sashes cost usually \$1.25 each. Any window sash can be used and a frame any size to fit the sash can be made. Outside window sashes are often used, and if kept properly painted and laid away after they are not wanted it does not injure them appreciably. After a rain they should be lifted to let the water run off so that the putty will not be loosened.

The hotbed should be located on the south side of a building, or protection of some sort is advisable.

The manure used is placed on the surface of the ground. Horse manure is the best to use as it gives a uniform and lasting heat. The bed is made at least one foot larger on each edge of the frame. The frame is set on this when it is finished. If the pile is made too narrow and the edges not well built the frame will settle at the edges and the inside become rounded, hence the importance of using care in getting the edges well put up. The manure is scattered evenly in layers building the whole pile up so that it will settle evenly. If the manure is dry it should be tramped and possibly some water to dampen it may be advisable. If it is damp very little tramping, except that caused by the forking over the manure, will be necessary. Manure that has been "fire-fanged" is not of any value, and when saving up the manure care should be taken to see that it does not become "burnt-out." If the bed is started early 2 1/2 feet, which will ultimately settle to 18 inches, should be used. Two feet of good manure makes a good bed after the early part of April.

After the manure is placed the frame and sashes are put on the bed and it is allowed to remain for a week giving a little ventilation to allow rank gases to escape. An inch or two of soil, cinders, ashes, or sand is then placed on the manure to level it up if flats are to be used, or if soil is to be used this can be put on to a depth of 5 inches. The bed then should be in good condition for starting seeds.

Any good garden soil is suitable for starting seed in. It is not advisable to have the soil excessively rich as this forces growth too rapidly. A light loamy soil is advisable.

Much care is necessary in order to give proper ventilation. If the weather was in any degree constant specific directions could be given, but owing to varying sunshine wind and out-

side temperature conditions this is impossible. Keep in mind that the space between the glass and the plants is very small, and that a bright sun will run up the temperature very rapidly, and in fact burn the plants in a short time if left without a slight ventilation, on the other hand too much ventilation may chill the plants in a short time. It does not take long to form judgment in the management of the frame if one gives a little thought to it. A temperature of the soil ranging about 60 degrees may be considered about right but considerable variation either way may not cause injury. It is better to run the bed fairly low, as the plants are much more stocky. If the plants are forced by high temperature they become weak and spindling.

The watering requires care. The soil should not be soaked particularly during dark cold days when it is impossible to ventilate very much. The watering should be done about noon so that the plants and bed can dry off before being closed for the night. It is not good to use ice cold water on small seedlings as this chills the plants. If a very cold spell approaches it is wise to protect the plants by putting bags or rugs over the glass. This is particularly desirable if the manure has not been heating well or if much heating material has not been used. Usually the heat of the sun is sufficient for the day time but for night the heat from the fermenting manure is depended upon. Old heavy bags sawed together form a splendid cover and the cover should be made large enough to come down over the edge to shut off the air from the edge of the sash. A little attention to this will give a more even temperature in the bed during the night and possibly prevent freezing during a very cold night.

The hotbed can be made any time now; in fact, it is well to get busy at once as we are not far from the first of April when seeds of some plants should be started, and the bed should be made a week before any seeding is done.

If women could make hotbeds nearly every farm-house would have one, but it is a man's job. The women can look after the details connected with the management of the hotbed better than the man, hence the importance of placing it within easy reach of the rear of the house so that it can receive the attention of the women of the house. I want to say, however, that we owe it to our families, to the boy and girl, particularly, to start a hotbed. It is a potent factor in the development what makes for good citizenship. Its value cannot be measured in dollars and cents, and the man who fails to help out in this particular is not living up to his opportunities. The old excuse of not having time does not hold in this case. The truth is it is a lack of interest in one of many things which goes to make life on the farm worth while.

It is not for vegetables alone that we want the hotbed, but there are many annual flowering plants which can be started that will go a long way toward making the home attractive, and not only gives pleasure to the inmates of the home, but they give pleasure to all those who come in touch with that home.

FLATS.

The word flat is used to designate a shallow box. This box may be any size desired but should not be deeper than 3

inches. The flat should not be too large. Twelve by eighteen inches is a good size, and it can when filled with soil be easily handled by a woman. Two and a half inches in depth of soil is sufficient to grow any plants in for setting out. It is best to use 1/2 inch lumber for sides and bottom and 3/4 inch ends. The bottom should not be tight thus giving drainage. Soap boxes, packing cases, in fact any such lumber makes excellent flats. It is a good plan to make the flats of one size in order to make the best use of the space in the hotbed.

The advantage of the flat is that seedlings start better in them than in soil in the hotbed. They can be moved from place to place. The bed can be opened a flat taken to the kitchen the plants transplanted to other flats where it is warm and the flats carried to the hotbed again. Less soil is required. As the plants get larger and ready for hardening off they can be left outside or put into a cold frame and the space in the hotbed given to other plants. When transplanting time arrives the plants can be carried to the field and with a knife the soil cut out in squares and the plant set to the open ground with little check. In fact in every way the flats are desirable and will materially add to the success of the grower. Usually the first interest awakened in the boy and girl in regard to pleasures in farm life centers around the handling of garden plants and it is well that we see to it that a few plants are well grown rather than many should be poorly grown. The flat helps in the growing of good plants and the work of putting together a few flats is not very great.

STARTING THE SEED.

The smaller the seed the shallower the depth of planting. The small seed such as celery should be covered about one-eighth inches deep and cabbage and onions one-quarter inch. Moisture is essential to good germination and as the germinating seed is confined to the top thin layers of soil it is necessary that this should be kept always moist. It is advisable that a paper be spread over the flat of newly planted seed to keep the soil from drying out rapidly and save so much watering. This covering should be removed as soon as the young plants appear; to neglect this will spoil the plants in a short time. It is a good plan if the sun is very bright to lay laths on the glass spaced one inch apart to give a partial shade yet furnish the desired sunlight.

Every care should be given to the watering of the seedlings for the week following their germination and at this time do not overwater. The advantage of a partial shade is that less drying out of the flats will take place. The higher the temperature the quicker the germination, however, too high a temperature may force the germination and give weak plants. It is well therefore to give moderate temperature conditions. Poor germination often results from drying out of the surface soil hence the importance of giving attention to this detail. Excessive moisture with a low temperature favors rotting of the seed and the lower the temperature the less the watering required.

The soil should be put into the flat so that it will settle uniform and should be slightly packed particularly around the edges of the flat. The soil may be screened and the rougher parts placed in the bottom and the finer on top. It is not necessary however to screen the soil if it is well worked over by hand. If the soil is heavy sand should be added to lighten it some and the covering for the seed is better made up of half sand and half soil. The seed may be scattered broadcast or put in rows and after it is covered press the soil around the seed

THE Haines Bros. Piano is honored by sixty years of unequalled popularity and the approval of the world's greatest musicians. It will be a pleasure for us to show you the Louis XV and Colonial styles.

Kentville Garage, Agents for G. S. & M. Co.

as this gives better surface moisture conditions.

If the hotbed is kept closed and the air charged with moisture and there is a possibility of the damping off fungus getting started. This fungus causes a rotting of the plants at the surface of the ground. Plenty of ventilation is the best way to guard against this trouble. Seedlings particularly are liable to injury and if this is noticed give less water and ventilate more freely.

For the average farm a hotbed of two sashes say 6 by 6 feet will give what plants are required. It is better to put up a bed for one sash than to be without the hotbed.

W. SAXBY BLAIR

Minard's Liniment Cures Burns, Etc.

From Outlook Cor. Middleton and Melvern Square: Mr. DeWolfe of Kentville was the guest of Mr. and Mrs. C. M. Hoyt, last week.

Miss Gretchen Gates came home on Saturday from Wolfville to spend Sunday. Among those on the sick list last week was the Rev. A. E. Wheeler, who has been very ill of tonsillitis, consequently he was unable to fill his appointment on Sunday.

Principal H. L. Bustin, who unfortunately, cut his foot early last week, has been confined to his home during the week, but will soon be able to attend to his duties as usual.

Minard's Liniment Relieves Neuralgia.

Turks Petitioning Sultan For Peace.

Give Warning That End of Present Situation Will Likely be Revolution.

London, March 14—The Athens correspondent of the Daily Chronicle sends the following:

"The Salonica branch of the Young Turks Committee has received information from Constantinople that a petition has been submitted to the new Crown Prince by the inhabitants of the Vilayets of Isnid, Brussa, and Koni, signed by 70,000 persons, requesting the Sultan to dismiss the young Turks' Government, negotiate peace with the Entente, and dissolve the present Chamber. The petition ends by stating that if the present situation continues it will end in revolution.

The Crown Prince took the petition to the Sultan, with whom he discussed the subject for a considerable time, leaving the Sultan's presence in a nervous condition. The petition has made a great impression in diplomatic circles in Constantinople, because it must have been impossible to obtain so many signatures without the fact becoming known to the authorities. This being the case, either the authorities themselves commenced the movement or tolerated it.

Outside Constantinople three German regiments are encamped, and together with a few auxiliaries guarding ammunition depots hold the Turks in check. The Germans are entirely policing the city.

Members for Kings County Ask to Vote For Temperance Act

Kingsport, March 8.—The following telegram from the quarterly meeting of the Annapolis district of the Methodist Church meeting at Kingsport on March 7 and 8, was sent to H. H. Wickwire, Dr. A. M. Covert, N. H. Phinney, O. T. Daniels, H. H. Marshal, A. E. Comeau, M. P. P's at a meeting of the Annapolis district of the Methodist church, consisting of ministers and laymen, representing the Methodist people of Digby, Annapolis and Kings.

"A resolution was unanimously passed requesting you to vote for the bill now pending for the extension of the Nova Scotia Temperance Act to Halifax."

Mrs. Samuel Flint.

There passed away at her home in Yarmouth on February 28th, 1916, Ada Cecelia wife of the late (Capt. Samuel Flint), at the age of 76 years, she had been an invalid for a number of years and her death had been looked for at any time, although it came as a shock to her family and friends. She leaves to mourn their loss one daughter, Mrs. (Con.) W. H. Conrad of Annapolis Royal and two sons H. Blanchard Flint of Roxbury, Mass., and George of Somerville, Mass. H. Blanchard Flint and Mrs. W. H. Conrad arrived in Yarmouth on Wednesday to attend the funeral, which took place in the family lot at Mountain Cemetery on Thursday.

Germany Waking Up, Asks Information.

Federal States Showing Dissatisfaction With War Conditions.

Amsterdam, March 14.—German newspapers say that Chancellor von Bethmann-Hollweg has returned from general headquarters. His return is in connection with the illness of Admiral von Tirpitz, the Minister of Marine, which, the newspapers say, has created an unusual sensation.

The committee on foreign affairs of the German federal states is to meet to-morrow under the presidency of the Bavarian Premier. Neither the Chancellor nor Prussia is represented on this committee, which meets occasionally as a sort of control board of foreign affairs of Germany.

George Bernhard says in the Vossische Zeitung that the decision to hold a meeting of this committee is regarded as a sign that the German states are dissatisfied with the present condition of affairs in respect to the war. He hints that the committee desires a conference with the Chancellor on pending questions, including disputes with the United States. Herr Bernhard declares the nation is being kept in the dark, and takes the position that the Government's silence must be broken.

PILES

Are you a sufferer? Know that terrible itching, dragging-down pain, that robs you of pleasure, even of rest, and makes life miserable? Don't you believe in the law of averages? If a remedy has cured hundreds of people, don't you think it likely it might at least cure you?

Just give Zam-Buk a fair trial! Mr. J. McEwan, of Dundas, suffered from piles for fifteen years. He says: "I tried pretty nearly everything, but got no permanent relief until I tried Zam-Buk. This balm relieved the pain; continued use completely and permanently cured me."

The rich herbal essence of which Zam-Buk is composed, quickly relieves congestion, relieves the dull, smarting, burning pain, and cures. All druggists and stores, or post-paid from ZAM-BUK CO., Toronto, for price, 50c. Box 3 boxes \$1.25.

ZAM-BUK

MEN COMRADES IN LIFE AND DEATH.

Inseparable Since Boys, Die 20 Seconds Apart on Same Bed

"Comrades, Comrades, Ever since we were boys; Sharing each other's sorrows, Sharing each other's joys."

Minnesota Daily News March 3.

David Thompson, 61, and A. J. Cosler, 40, Minneapolis, were comrades in life and death. Friends from boyhood, they died Thursday afternoon 20 seconds apart both bodies resting on the same death bed.

Mr. Thompson was ill at his home, 2724 1st Ave. S., Minneapolis. Mr. Cosler was visiting him.

When Mr. Cosler was seated by the bedside, recalling old times, Mr. Thompson suddenly died of age infirmities.

Comrade Grief-Stricken.

Grief-stricken, Mr. Cosler sat motionless beside the bedside.

Just 20 seconds later he fell lifeless upon the bed beside Mr. Thompson's body. Death was due to heart disease.

They were school chums in Nova Scotia. When the time came for them to go out into the world to earn their living, they went out together.

Join Same Church.

Thirty-five years ago they came to Minneapolis. There they joined the same church.

David Thompson became a policeman 22 years ago. He retained the position up to the time of his last illness.

A. J. Cosler became a stonemason contractor. As the years went by the ties of friendship between the two men were even more firmly cemented.

Just as they have been united in life, so will the last services be said over them together. Plans are being made for a double funeral.

WARDEN PLANT, Secretary.

Kentville, March 13th, 1916.

BORN

Webb—At Kingsport, January 24th, 1916, to Mr. and Mrs. Clifford Webb, a daughter, (Ora Esther.)

Woodburn—At Kingsport Feb. 13th 1916, to Mr. and Mrs. W. R. Woodburn, a daughter, (Thelma Alceda.)

MacKinlay—Kingsport, March 10th, 1916, to Mr. and Mrs. Geo. MacKinlay, a daughter.

WEDDING BELLS.

Cooper—Lyons

A very pretty wedding took place at the home of the bride's father, T. R. Lyons of Waterville, Kings County on Wednesday afternoon, March 8, when his daughter, Grace Marguerite, was united in marriage to William E. Cooper of St. John, N.B.

The bride was gowned in white paillette silk with ostrich feather trimming she wore the conventional veil and orange blossoms and carried a bouquet of crimson and white carnations.

At two o'clock the bride entered the room with the groom to the strains of Mendelssohn's wedding march played by Miss Alice Fair of Aylesford. They took their places under an arch of evergreen and white carnations.

The bride was attended by Miss Winnifred Manson of Waterville, as bridesmaid, who was gowned in pale blue silk and oriental lace and carried a bouquet of pink and white carnations. Little Miss Helen Cameron of Canning, who was daintily dressed in white net over satin, acted as ring-bearer.

Rev. Mr. Spencer of Waterville, performed the ceremony. Immediately after the wedding luncheon, Mr. and Mrs. Cooper left on the afternoon express, enroute for Boston, New York, etc. On their return they will reside in St. John.

The bride's going away gown was Russian green broadcloth, with hat to match.

They were the recipients of a great many presents: mahogany, linen, cut glass, silver etc., also about three hundred dollars in gold and cheques.

The house, which was filled with guests, was prettily decorated with evergreen and daffodils.

Spinney—Brown

A quiet but pretty wedding took place at Wolfville March 6th when Nellie Grace Spinney, formerly of Church Street became the bride of Henry George Brown of Greenfield. Rev. M. P. Freeman officiating.

The wedding was a very quiet one. Miss Spinney was charmingly attired in a gown of blue satin de chene over which hung a tunic of white silk lace. After the ceremony the happy couple left immediately for Greenfield where they will reside with the groom's parents Mr. and Mrs. J. H. Brown. Their many friends both in Greenfield and Wolfville wish them many years of happiness.

Canadian Casualties to Date 25,000

Ottawa, March 10.—The list of actual casualties among the Canadian forces including killed in action, died of wounds and sickness, wounded and missing, but not known to be prisoners-of-war, has been totalled up to March 1 by the casualties branch of the Militia Department, and amounts to 13,961.

There has been killed in action 2,338 Canadians. Some 988 have died of wounds and 298 have succumbed to sickness, or a total of known dead of 3,264. There is besides, however, a list of missing men not known to be prisoners-of-war, of 1,012. It is practically certain that by far the greater number of these men are dead, which swells the list of Canadian dead to almost 5,000. The total number of wounded is 9,225. If prisoners-of-war and cases of sickness are all included the total number of casualties would be nearer 25,000 men.

Federal Prohibition.

OTTAWA, March 16.—Hon. C. J. Doherty, Minister of Justice will introduce on Monday an act in aid of Provincial Legislation prohibiting or restricting the sale of intoxicating liquor. The purpose of the bill is to make effective the proposal outlined in connection with the amendment to be moved by R. B. Bennett to the Stevens prohibition resolution.

It will assist a dry province in preventing the importation of liquors from non-prohibition districts.

The Federal Parliament under this proposed law does not prohibit the liquor trade nor restrict it, except in so far as supplementary legislation by the Dominion is necessary to make effective the legislation already in force in the Province.

The initiation of prohibitory legislation is left to the provinces, but if a provincial legislature enacts against the importation of liquor from non-prohibition districts, the Dominion law will support such a provision and facilitate its enforcement.

If any province legislates that the citizen must NOT have in his possession liquor for domestic use, the federal law will enable the province to take steps against the violation of the law by outsiders.

Dealers in non-prohibition provinces, who export liquor to a prohibition province, for the violation of the law in that province, will be made liable to fines of \$100 and \$200, and to imprisonment for first and second offences respectively. For subsequent offences they will be liable to imprisonment WITHOUT THE OPTION OF FINES.

It will be further provided that the prosecution may be conducted in either of the provinces concerned. Legislation of this kind is believed here to be all that need be enacted by the Dominion Parliament, the constitutional powers of the provinces in respect of prohibition being extremely wide.

Makes Astonishing Cures

Mi-o-na Tablets Cure Dyspepsia by Promptly Removing the Cause, or Money Back.

There is just one way to cure dyspepsia and stomach disorders, trivial or serious and that is to tone up or put energy into the stomach walls, so that they will be able to properly mix or churn the food.

Mi-o-na tablets quickly arouse the stomach from its inaction and in a short time it is able to do its work properly.

Harry Dodd of Bridge Street, Hastings, Ont., says: "For seven years I had suffered and spent much money doctoring, but all to no avail. I could eat but very little, as the food would ferment and sour, making gas which caused serious heart oppression; I was in constant misery, sour gas would belch from my stomach, I was languid and weak and had no ambition. I did not feel like going anywhere or seeing anyone. There was a constant dull pain in the pit of my stomach. I was unable to sleep, was nervous, restless and would awake more tired than on going to bed. I tried Mi-o-na and soon found relief, and in less than six weeks Mi-o-na had completely cured me."

I. D. Clark the druggist sells Mi-o-na tablets at 50 cents a three box under a rigid guarantee to do all that is claimed for them or money back.

French Repulsed Five Onslaughts.

Paris, March 17.—Important infantry assaults on the French lines east of Verdun were made by the Germans during the night. Five successive onslaughts in force were repulsed by the French.

The Advertiser

H. G. HARRIS, Editor and Publisher.

Kentville, March 21st., 1916

GREAT BRITAIN REDIVIVUS

Incidents are not wanting of a great awakening in the British Isles over the necessity of manufacturing at home the goods formerly so freely imported from Germany and Austria.

Many will be the changes in Britain's national policy in consequence of this devastating and debt creating war.

Free Traders will maintain they have not been converted to the idea of a tariff but have bowed to the necessity of a national crisis.

But generally the adoption of a tariff will commend itself to all because they are for the future good of Britain and her colonies.

Some day (and we think it is not many months distant) our Empire will be again at peace with Germany.

More Troops Arrive Safely Official announcement has been made of the safe arrival at a British port of troopships Messanabie and Scandinavian.

Wm. T. Blair, nephew of Prof. Blair, who has charge of the greenhouse and garden work at the Experimental Station, has asked for leave of absence to join the Nova Scotia Highlanders for Overseas Service.

Mrs. Howard West and son, wish to express their thanks to many friends and neighbours who showed them kindness during the illness of their late husband and father.

Mrs. Jessie Borden would take this opportunity of thanking the friends who so kindly offered sympathy and help during the illness of Miss Lucy Borden.

Ves Laing Wounded.

A letter received Thursday, written "Somewhere in France" February 23rd, by a Halifax member of the 6th Mounted Rifles, said:

"We have been over a month round the firing line and only arrived here two nights ago for a rest. We had very dirty weather while in the trenches, snow and rain making it very muddy and uncomfortable.

Mr. H. Wyman returned last week from a trip to Detroit, etc. Sitting Hens Wanted—Radcliffe & Vereker, Chipman Corner.

Miss Bessie Hennigar who has been spending the past two months in New York and vicinity returned to Canning yesterday.

For Sale—1 mare, weight 1550 lbs., good worker and sound. Ivor Best, Grafton, 31 ox

Misses Hilda and Edith Longley of Paradise attended the wedding of their cousin, Miss Grace Lyons at Waterville.

F. W. Bishop and J. C. Phinney of Paradise have gone to Montreal in charge of apples for the United Fruit Cos.

Sunday morning the thermometer was at 9 degrees to 12 degrees below zero in different parts of the town and Monday morning at 3 and 4 degrees below.

We are glad to state that Private William Quigley of the 219th N. S. Highlanders, who has been suffering with blood-poisoning in the hand, is improving, and will be able to report for training duties again soon.

Mr. Fred VanBlarcom is another of our loyal subjects who has volunteered for Overseas Services, but unfortunately for King and Country he has been pronounced medically unfit by the physician.

Mr. Gilford Gillingham of the Accounting Dept. of the D. A. R. Kentville, for some time left recently for Ottawa where he has taken the senior position in the Accounting Department of the Imperial Munition Board at Ottawa.

Lost—Airedale Terrier Dog, Rough haired, black and tan. Answers the name of "Tip". Reward paid for his return or information as to his whereabouts. A. V. RAND, Wolfville. 1 sw

Cards of Thanks

Mrs. William Harris and family, of Sheffield Mills, wishes to thank the many friends for the sympathy and kindness shown them during their recent sad bereavement.

Mrs. Howard West and son, wish to express their thanks to many friends and neighbours who showed them kindness during the illness of their late husband and father.

Mrs. Jessie Borden would take this opportunity of thanking the friends who so kindly offered sympathy and help during the illness of Miss Lucy Borden.

BORN Letch—At Kentville, March 7, to Mr. and Mrs. Archibald Letch, daughter.

Sergt. Snyder Wounded.

A Kings County boy writing from the front to a friend here has the following to say about a well known Kings County boy who has contributed many columns to The Advertiser.

Table with 2 columns: Location and Number. Windsor 1285, Kentville 156, Middleton 142, Digby 136, Yarmouth 121, Bridgewater 134, Shelburne 90, Chester 77, Liverpool 67, Meteghan 54, Lunenburg 21.

WHERE THE 112TH MEN ARE LOCATED.

Wolfville gave Colonel A. H. Borden, Capt. Cullen and the 85th Band a great reception on their return from a recruiting campaign in the Province Sunday, March 12th, will long be remembered here, a military parade was held in the morning through several streets to the Baptist Church where a recruiting sermon was given by Rev. N. A. Harkness.

The band concert in the afternoon was very largely attended and much enjoyed. In the evening at 7.45 at the close of services a monster service was held in the Baptist church at which Mayor Fitch presided.

The Tribune says: On account of the splendid response to the colors of the 112th which is now up to over fourteen hundred, Col. Tremain is transferring between fifty and sixty French Acadians, now stationed at Meteghan, to the French Acadian Battalion recruiting at Moncton, N. B.

Noble Kelley of Avonport, son of Mr. John Kelley has enlisted with the 112th at Windsor.

MILITARY NOTES.

Private Thomas Leighton of the 85th N. S. H. is visiting old friends in Kentville.

Rev. Lewis F. Wallace of Annapolis has enlisted in the Highland Brigade for Overseas service.

Pte. James Kelley of the 85th Battalion is spending a few days in Kentville.

Private Walter Kaizer of the 115th Batt., St. John, is visiting his parents, Mr and Mrs Nelson Kaizer for two days.

Pte. Charles Lovelace of the 85th Battalion, N.S.H. is home from Halifax on a few days leave of absence.

Lieut. R. H. Morris of the 112th is taking a course in bayonet and physical drill at Montreal.

Major Parker has been given charge of the 112th Battalion stationed at Kentville, Digby and Middleton and will spend a part of the time at each place.

Many of the boys of the 112th took advantage of a brief leave of absence to visit their respective homes for the weekend.

Sergeant William Burgoyne of the Army Service Corps Dept., Halifax spent the weekend at his home in Kentville.

Major Stanley Bauld, Second in Command of the 25th Batt., has been wounded, but not fatally.

Mr. J. Milton Robinson formerly assistant manager at the Experimental Station here, who enlisted some months ago for active service for the Empire, and is now in England, has been promoted to sergeant.

Mr. Alonzo McGill of Cambridge has signed on at Kentville as a member of the 219th Batt., N. S. H. Mr. McGill has a brother in the 112th detachment now in training at Kentville.

Mr. Robert Muir, of the D. A. R., well-known in hockey circles as "Stonewall Muir" is one of the latest to join the honor roll of the 219th Batt. N. S. H. at Kentville. In thus answering the call of duty Mr. Muir helps in Britain's Stonewall Defence against the Hun.

CANNING

WOLFVILLE AND VICINITY

Mr. Harold Evans, of the senior class, was in Kentville on Friday.

Miss Blanche Bishop who has been seriously ill, is reported much better.

Mrs. James Harvey, another resident of Greenwich, is recovering from a serious illness.

The second recital given by the faculty of Acadia Seminary was held in College Hall last evening.

Mr. and Mrs. Harry Rudolph and daughter, Pansy, were in town a week ago, visiting Mr. and Mrs. Dunkle.

Miss Hattie Nowlin, trained nurse of Mass., has been visiting her former home at Newtonville, Mr. Owen Nowlin's.

Mrs. George C. Johnson, formerly of this town, now residing in Windsor with his daughter, Mrs. Keddy, was visiting here last week.

On Wednesday evening there will be a meeting in the Methodist Church to discuss affairs relating to the work of the church.

Mr. and Mrs. D. A. Rickards are receiving congratulations on the birth of a daughter which will bear the name of Katherine Marguerite.

Mr. Enoch C. Bishop of Greenwich Ridge has sold his farm to Mr. Howard Forsythe of Greenwich the latter to take possession in the spring. Mr. and Mrs. Bishop purpose moving to Wolfville.

Mr. Millett, of Gaspereau, took a large sleighing party of the Loyal Sons Bible Class and their teacher, Miss Clara Martin, to Kentville on Tuesday evening, where they attended the Nicklet before returning home.

Mr. A. N. Griffin, New Minas, who has been one of our foremost breeders of shorthorn cattle in the Province has sold a very valuable animal. Yesterday he shipped at the Kentville station the four year old bull "Stately Monarch" and took the animal as far as Truro where he handed him over to his future owners J. M. Leard & Son of Kelvin Grove, P. E. Island. "Stately Monarch" does not belie his name in any particular, he was the champion for two years at Halifax and St. John for the Maritime Provinces and has never been defeated in any competition. Messrs. Laird & Son are to be congratulated on obtaining such a fine shorthorn sire.

OBITUARY.

MISS LUCY BORDEN

At the old Borden homestead (built in 1812.) Belcher Street, on March 11th., Miss Lucy Borden passed quietly to rest in her 90th year. For a number of years she had been in failing health, and had been the recipient of loving care from her sister-in-law, Mrs. Jessie Borden, and her nephew, Mr. T. J. Borden, with whom she lived.

The funeral service was held by her pastor, Rev. A. J. Prosser. Rev. C. H. Martell, a former pastor, being present assisted. Interment at Canard.

Bronchitis

"Gross" Chamberlain

"There is no disease that should cause more anxiety in the home than Bronchitis, for if neglected in the earlier stages it often becomes chronic and may even prove fatal.

Chamberlain's Cough Remedy is the medicine for this disease, and if given in regular doses will relieve the cough, ease the pain, remove the difficulty in breathing and produce a free and easy expectation, thus reducing the inflammation.

Old people, and those who have weak lungs, cannot be too careful in guarding against this disease.

Chamberlain's Cough Remedy

strengthens the throat and lungs and makes them less susceptible to changes of the atmosphere. In fact, the use of Chamberlain's Cough Remedy will prevent an attack of Bronchitis becoming chronic.

Give it for Health - **Chamberlain's**

BUSH BR

United States Have Entered Villa Territory.

El Paso, Texas, March 17—Expectation along the border was keyed to its highest pitch today by the general belief that before the nightfall the advance guard of the American expeditionary force would have entered the Villa territory in the mountains of the Casas Grandes region of Mexico.

While the censorship prevented any official news of the whereabouts of the American columns, reports brought by Americans arriving from the interior, coupled with the calculations of men thoroughly familiar with the territory over which the expeditionary force is passing, made it reasonably certain that the U. S. soldiers must be close to the district where Villa is believed to exercise his greatest influence and have the largest number of sympathizers.

With the possibility that actual fighting with the Villistas might begin at any moment, interest was redoubled in every item of intelligence that threw any light on the attitude of the Carranza adherents and more especially on that of the five detachments of Carranza troops who are declared by the officials of the de facto government to be operating against Villa.

Andres Garcia, the Carranza consul here, who is recognized as the closest man to the first chief on the border, refused to make any definite statement as to what co-operation the American officers might expect from the Mexican authorities. Rumors of disaffection and revolt among the Carranza troops are plentiful here, but all reliable information is to the effect that thus far at least, the first chief and his lieutenants have maintained strict order.

Minard's Liniment for sale everywhere.

No Free Trade With Germany After the War.

Manchester, Eng., March 15.—The election of directors of the Manchester Chamber of Commerce today resulted in the return of eighteen out of twenty-two directors who are definitely committed to the policy of no free trade with Germany after the war.

SIGNALS OF DISTRESS

Kentville People Should Know How to Read and Heed Them

Sick kidneys give many signals of distress. The secretions are dark, contains sediment. Passages are frequent, scanty and painful. Backache is constant day and night. Headaches and dizzy spells are frequent. The weakened kidneys need quick help. Don't delay! Use a special kidney remedy.

Booth's Kidney Pills cure sick kidneys, backache, and urinary disorders. Kentville evidence proves this statement.

James Foster of Gasperau, N. S., says: "For several months I had been very much troubled with lame and sore back which inconvenienced me very much in working. The pains in my back were so severe at times that I would have to stop my work. The urine secretions had also been highly colored and contained a heavy sediment. I had tried various remedies to relieve me but without receiving any benefit from them. I then learned of Booth's Kidney Pills through an advertisement and procured a box at J. D. Clark Pharmacy and found in them almost immediate relief. Today I feel as if I had a new back as it does not trouble me in the least. The kidney secretions have also learned and I feel better generally. Sold by Dealers. Price 50 cents." The R. T. Booth Co., 44, Fort Erie Ont., Sole Canadian Agents.

The Doctor Says of Apples.

The manifold blessings of the apples has often been set forth in many ways. It is an aperient, keeping the internal organs in good working order; it is a prophylactic or preventer of disease, owing to the medicinal value of its juice; it is soothing in fever, a foil to headache, a general regulator and dietetic. Easily digestive itself; it aids in digesting other foods. Nobody ever got sick from eating ripe apples. They cure, but never cause, indigestion. As an antidote to alcoholism they have been proved a sovereign remedy. A regular apple eater will never contract the liquor habit. There is a mutual aversion between the apples and John Barleycorn. They do not live in the same house together, will not occupy the same bed and can't agree in the digestive organs. Drink liquor and you hate apples. Eat apples and you hate liquor. It follows therefore that the cultivation of a taste for apples is a sure preventative of contracting the liquor habit.

"My own opinion, as a practitioner of medicine and surgery for over a quarter of a century, is that the use of much less meat and more fruit by our citizens would certainly result in less illness and add much to length of life and happiness to the people. Also that modern medicine, surgery and apples are most potent agents in increasing longevity and reducing the high cost of living."

Makes Boys Soulless.

"Several of my young acquaintances are in their graves who gave promise of making happy and useful citizens," declares Luther Burbank, the wizard of the plant and vegetable kingdom, whose experiments have caused the civilized world to wonder, "and there is no question whatever that cigarettes alone were the cause of their destruction. No boy living would commence the use of cigarettes if he knew what a useless, soulless, worthless thing they would make of him."

A Good Suggestion.

To the married man who cannot get along without his drinks, the following is suggested as a means of freedom from the bondage of the saloons:

Start a saloon in your own home. But the only customer you will have no license to pay. Go to your wife and give her two dollars to buy a gallon of whiskey—and remember there are sixty-nine drinks in the one gallon. Buy your drinks from no one but your wife, and by the time the first gallon is gone she will have \$8.00 to put in the bank and \$2.00 to start business again. Should you live ten years and continue to buy booze from her and then die with snakes in your boots, she will have enough to bury you decently, educate your children, marry a decent man and quit thinking about you.

Clamor For Peace Growing in Germany Spirits of People Dropping Early.

New York, March 15.—A news agency despatch from Paris today says: "That the desire for peace is rapidly increasing throughout Germany was the information brought to Paris today by Dr. Sidonia Paes, former Portuguese minister to Germany, who declared war on Portugal.

"The spirits of the people are dropping rapidly," said Dr. Paes. "Economic conditions are very bad. The recent issue of potato cards shows the desperate food situation. Prussia is the hardest hit of all the German states. The situation there is positively painful."

Valuable Wood Lot For Sale.

At Canaan, 5 miles from Kentville, about 2 acres of Cord Wood, standing hard and soft, estimated to contain between 60 and 80 cords. This lot will be sold at a bargain. For further information enquire at the

Synopsis of Canadian North-West Land Regulations.

THE sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any Dominion Lands Agency (not Sub-Agency) on certain conditions.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within five miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre.

Duties—Six months residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

Acquirer who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months out of three years, cultivate 50 acres and erect a house worth \$300.

The act of cultivation is subject to reduction in case of rough, scrubby or toy land. Live stock may be substituted for cultivation under certain conditions.

W. W. COREY, C.M.G.,
Deputy of the Minister of the Interior

NOTICE

All bills due me must be settled by Feb. 1st, 1916. After Dec. 31st, 1915 all blacksmith work will be strictly cash.

SIGNS OF THE TIMES

Made-in-Canada's "Big Victory"—Foreign Advertising Cut Out

One of the best known trade papers in Canada has announced a significant change in its advertising policy in its November issue. The announcement is a matter of public interest, and we reproduce the following extracts: "For years this paper has advocated the use of 'Made-in-Canada' hardware, and the advocacy by retailers of the Canadian Made lines. We believe that there is no other way to build up a strong healthy national life in Canada as effective as the creation of a diversified manufacturing industry, as well as successful agricultural, lumbering and fishing industries. Last month we went a step further than ever before and announced that hereafter we would accept no new advertising contracts from any foreign manufacturer unless they start a branch plant in Canada. When we decided on this policy we expected it would entail a sacrifice, and our expectations have been realized. So far we have (1) Refused to quote rates to a Boston advertiser; (2) Held up a quarter page order until the United States firm involved starts its Canadian branch; (3) Lost a full page from a Canadian wholesale firm and (4) Lost half page from a Chicago advertiser. These losses simplify our problem, however. We want to be the great advocate of 'Canadian-Made' goods, and the sooner that anything to prevent that is removed the better."

CREAM AND BUTTER

Big Saskatchewan Creamery Appeals to the Farmers

The home market is ever the big market for the mixed farmer. A thriving town with many shops and warehouses, factories with busy workers, and railway shops with the hum of activity about them, constitute a market for the food products the farmer has to sell.

While manufacturing industries have not developed much anywhere in Canada in the past couple of years, the start which they received four or five years ago has been sufficient to create a body of workers in many Western cities and towns which is more than equal to the absorption of whatever products of mixed farming are available in the West. Instead of the farmer having to go after his market, the market comes after him as witness the following advertisement in a well known Saskatchewan farm paper recently:

1. Keep up your cream production, because prices will be high this fall and winter. Stocks of butter are very light, and with the strong demand for export, prospects for high prices are favorable.

2. Don't forget that prices for dairy butter are only high during the harvest season, and that cream prices bring much better returns the year round.

3. Ship up your cream now and always. It is less trouble than churning, and cash is vastly better than trade.

The farmer who is engaged in mixed farming will seriously reflect before he will agree to any big change in a trade policy which has resulted in bringing to his door a ready market for all he has to sell.

AMERICAN POLITICS

Active Campaigns for 1916 Are Getting Under Way

Papers from our neighbors to the South are full of news and editorials regarding the next political campaign, which will culminate in the elections in November, 1916. Already the old cries of "Free Trade" and "Protection" are ringing out through the land, and whatever the result may be the citizens of United States will have ample opportunity of judging the merits of the two systems.

The Republicans are apparently going to run a straight protectionist campaign, and will use the depressed business conditions that prevailed all over United States in the first two or three years of the Wilson regime as their basic argument on the evils of free trade. They will explain the present great revival in American business as being attributable altogether to the war and the huge war orders which have come to American mills. The following are a few samples of protectionist dogmas:

"A Protective Tariff has made the United States the wealthiest nation in the world. Destroy it, and you will destroy the source of our national prosperity by turning it over to all the other nations of the world!"

"While an increase in the number of persons who till the soil will not increase the value of a bushel of corn, increasing the factories increases the number of consumers who demand the bushel of corn. And a Protective Tariff does that, you understand."

"A total eclipse brings darkness only for a few minutes, but Free Trade darkens the fires in the factories for a whole Free Trade administration."

"Germany can deliver in Chicago, duty paid, for 40 cents an article costing 30 to 90 cents in a Cincinnati factory; a German woman can do for 25 cents the same work for which an American man is paid \$3.50; yet Free Trade invited them to rush in their cheap foreign labor products and let the American workman take his place in the soap line. Is it fair?"

CANADA'S TRADE POLICY AND WAR CONTRACTS

Millions of dollars' worth of munitions of war are now being manufactured in the industrial plants of Canada and more large orders for additional goods are on the way from the allies.

The wisdom and foresight of those who framed the National Policy and put it into effect has been strikingly justified from a military as well as from an economic standpoint. In time of war our factories are protecting our people and property as in times of peace they promoted national prosperity. If Free Traders had been allowed to put their policy into effect, thereby making Canada an adjunct of the United States, their war orders would not now be placed in the factories of Montreal, Toronto, Hamilton, Winnipeg and many other Canadian cities but would be filled by the factories of Chicago, Buffalo and Philadelphia, upon which we would have been industrially dependent both in times of war as well as in times of peace. Protection has not only protected our industries and allowed them to exist and develop, but it is now enabling us to forge weapons in our own country to protect ourselves from our enemies.

Teddy Blamed.

Berlin, Feb. 29. (Special) The German Crown Prince last evening was having a nice little chat with his father, the butcher of Potsdam, and apropos omf nothing said:

Father, who started this war? I know, said the father, playfully, but I won't tell. Did Cousin George start it? persisted the youth without a chin.

No, said Father. Did Cousin Nicholas? No! said papa. Did Francis Joseph? No said the old man. Well, who did, then?

"I will tell you, son! You remember Teddy Roosevelt came out of Central Africa and called on us several years ago and I showed him our magnificent army; I showed him our great and glorious navy; I showed him the Zepps and the submarines and the gas bags, and Teddy greatly impressed, slapped me on the back and said: 'Bill my boy, you can lick the world'—and, like a fool, I believed him."

The New York Baptist Social Union recently was addressed by Rev. Austen T. Kempton, of the Broadway Church, Cambridge, Massachusetts. Mr. Kempton was the originator of the drama sermon and he rendered his original sermon, "Paid in Full," which has made a deep impression wherever it has been given. He recently gave a drama sermon before the faculty and students of the Newton Theological Institution, with explanations of its methods, purposes and results. Mr. Kempton has engagements to repeat his lecture and give a drama sermon at the Theological Seminary of Colgate University and the Divinity School of Tufts College. He is the talented son of one of the best beloved pastors that ever ministered to a church in Kings Co., Rev. S. B. Kempton, D. D., now residing in Dartmouth, N. S.
