Fireman Killed—Clerk Tried to Steal \$3,000--Liberal M. P. Wants Protection--T.N.O. Extension--Mexican Federals Slaughtered

LIBERAL M. P. IS FOR INCREASED PROTECTION

Carroll Would Stiffen Iron and Steel Tariff and Withdraw Concessions in Direction of Free Coal—Wilcox Urges Import Duty on Corn.

OTTAWA, April 15.—The house re-assembled today after a week's recess and almost immediately resumed the budget debate, the Liberal member for South Cape Breton, rather disconcerted his fellow Liberals from the west by complaining that sufficient protection had not been given the iron and steel industries, and that the drawback on bituminous coal imported for coking and smelting purposes was a step in the direction of free coal. Mr. Fielding, he said, had been accused of sitting tight on his goal, and the people of Nova Scotia were glad that he did so. They were sorry to see that his successor was getting off the coal scuttle. Mr. Carroll, however, evaded up by favoring free food and, indeed, free trade in everything not produced in his own constituency.

Plea for Protection.
Mr. Oliver Wilcox, the Conservative member for North Essex, who followed, made a strong protectionist speech in which he urged the government to impose a duty upon Indian corn, which is grown on a large scale in his constituency. His speech was well received in the main, although somewhat embarrassing to his fellow-Conservative members from the west. Mr. Wilcox insisted that the western grain grower was never more prosperous than he is today, and scouted as mere "political agitation" the complaints respecting existing conditions which are pouring in from the west.

Artisans Not Needed.
Mr. Carroll (South Cape Breton) resumed the budget debate. He considered that part of the budget speech which dealt with immigration. The finance minister had complimented the country upon the improved quality of our immigration, yet the statistics of the past fiscal year showed that immigration from continental Europe had increased, while immigration from the British Isles and the United States was decreasing. He thought that for the present we should discourage the immigration of artisans and workmen because of the general unemployment in Canada.

Mr. Carroll praised the Laurier government for the bounties it had extended to the farmer.

INTERVENTION IS NECESSARY TO END ANARCHY

British Newspapers Largely of Opinion That Critical Situation in Mexico is Result of Wilson's Idealistic Policy—Blockade of Vera Cruz is Suggested.

LONDON, April 15.—Most London morning papers, in their editorial comment on the Mexican situation, display sympathy with President Wilson in the difficulties which have arisen with Mexico, while at the same time contending that those difficulties were largely brought about by his idealistic policy. Much curiosity is expressed over the intentions of the United States, because, although it is generally believed Huerta will yield, it is pointed out that should he remain obdurate the mere occupation of Tampico would not have much practical effect, and that the blockade of Vera Cruz would be the only measure that would deal a serious blow to the Huerta regime.

Conquer or Remain Aloof.
The Daily Graphic considers that President Wilson's high moral purposes have landed the United States and the president himself "in a situation of the greatest difficulty and embarrassment."
The Graphic continues: "Mexico must now be conquered or left alone. The idea that intervention can be limited to the occupation of Tampico and Vera Cruz is a fresh delusion which will be speedily shattered."
The Standard says: "The big stick which Roosevelt would have used long ago has at last been grasped. The door to peace is still open, but it rests with Huerta to avail himself of the chance."
The Daily Mail says: "If President Huerta has the sense with which he is generally credited in Europe, he will lose no time in making his amende honorable to the United States. That he should deliberately provoke war with so formidable a power on the question of a salute seems unthinkable."
Temporary Protectorate.
The Mail thinks that in the event of war and the ejection of Huerta it would be necessary to have a temporary protectorate.

FEDERAL ARMY IS SURROUNDED

Eight Thousand Men Caught Between Two Rebel Forces Threatened With Annihilation.

CHIHUAHUA, April 15.—The federal army is being pushed to pieces between two forces of rebels, according to a telegram received today by General Carranza from General Villa. Villa received aid from a totally unexpected quarter, supposed at the time the telegram was filed to be the forces of General Pablo Gonzales, commanding the department of the east, who has been operating in the State of Tamaulipas, of which Tampico is the principal seaport, and Nuevo Leon, of which Monterrey is the largest city. The retreating federals, loaded on trains and said to number 8000, found the track torn up 20 miles east of San Pedro, according to federal prisoners, who brought word also that they had been attacked by a strange force which came from the east. As Villa himself had not molested the track, he attributed this piece of work to the mysterious reinforcements. Learning that his new ally was in a position to retreat, if not cut off further retreat to the east, General Villa took personal command of his own troops, with the intention, if possible, of administering the final blow which would eliminate the enemy in the north.

ATLANTIC AND PACIFIC FLEETS WILL ENFORCE DEMAND OF U. S.; FINAL WARNING GIVEN HUERTA

HUERTA CONFERS WITH ADVISERS NO REPLY SENT TO WASHINGTON

WASHINGTON, April 15.—General Huerta submitted to an executive session of the Mexican senate today the demands of the American Government for a salute to the flag. No answer has been received by the Washington government late tonight of the result of the deliberations.

UNITED STATES NOT BLUFFING FEELING HIGH IN WASHINGTON

Wilson Will Be Backed in Upholding National Dignity, Even if Actual Warfare is Deemed Necessary—Few Discordant Notes in Congress.

WASHINGTON, April 15.—The position of the administration, as it was explained to members of the senate and house committees on foreign affairs by the president, and as it was substantially reviewed in the notes sent to all foreign governments, is described in a statement given out during the day, which was prepared by high administration officials. Congress stands behind the administration almost to a man in the aggressive policy to demand reparation for indignities by the Huerta Government. In the senate and house today the opinion was general that the president would be backed even to actual warfare against Mexico to uphold the sovereign dignity of the United States. Both administration and Republican leaders expressed the emphatic view that the United States is not sending the fleet to Tampico as a "bluff"; that it is sending it there to signalize the fact that at last the patience of this government has been exhausted and reparation must be made, or the already war-scarred southern republic must suffer grave consequences.

DOMINION GOVERNMENT WILL FACILITATE PROPOSED EXTENSION OF PORT NELSON ON HUDSON BAY

OTTAWA, April 15.—The Ontario Government proposes to extend the Timiskaming and Northern Ontario Railway to Port Nelson, on Hudson Bay, and the federal government is making preparations to give Ontario the right of way.

T. N. O. WILL GET RIGHT OF WAY

Hon. Dr. Roche, minister of the interior, today gave notice of a resolution which he will move in the commons to provide for the transference to the Province of Ontario of the crown land now controlled by the Dominion Government in the Province of Manitoba, where such lands are necessary to make provision for the extension to Port Nelson of the T. and N. O., which is an Ontario Government railway.

NEW RAILWAY ACT TO BE INTRODUCED MONDAY

Hon. J. D. Reid Made Statement in Reply to Query.
OTTAWA, April 15.—Upon the orders of the day, W. F. Maclean of South York enquired of the government respecting the new railway act.
Hon. J. D. Reid, acting minister of railways, said the bill had been introduced in the senate and would be introduced in the house next Monday. This would be done for the purpose of having the bill considered by a joint committee of two houses.

TAXI DRIVERS FOUGHT FLAMES

Efforts of Reliable Taxicab Co. Employes Prevent Blaze in Shed From Spreading to Houses.

Only for the presence of mind of Morris Karlan, proprietor of the Reliable Taxicab Co., at 518 Ontario street, and Martin Benson, Norman Jones and Roy Gardner, drivers, a whole row of houses in that locality might have been destroyed by a fire which broke out at 9.45 last night in a shed in the rear of their garage, owned by John Courtice. The taxicab men saw the flames, and while some of them held the fire in check with the garage hose, the rest moved their cars out of the threatened garage and telephoned for the reels. One horse, owned by Courtice, was burned in the stable, and the total damage is about \$400, mostly covered by insurance.

TRAIN STRUCK WAGON DRIVER'S NEAR CALL

Rig Smashed, Horse Badly Injured, But William Nottson Escaped With Bruises.
While driving his wagon across the C. P. R. track at Jones avenue yesterday afternoon, William Nottson, 19 Vrell avenue, was thrown a distance of ten feet, when a passenger train in charge of Engineer P. Daley, struck the rear of his wagon. The rig was smashed beyond repair and the horse may have to be shot, but Nottson miraculously escaped death. He was badly shaken up, however, after receiving medical attention he was removed to his home.

HOME RULE TO BE HELD OVER

Other Questions Will Have Right of Way—No Immediate Prospect of Compromise.

LONDON, Thursday, April 16.—Despite rumors to the contrary, it is not expected that the home rule bill will come up for further discussion until the end of the present month or the beginning of May. Next week and the following week are already practically mortgaged for the Welsh bill and the budget. In the meantime a long series of questions has been drafted dealing more particularly with naval preparations by Churchill for the protection of stores and ammunition in Ulster. Questions were put to the prime minister yesterday with a view to ascertaining who was expected to take the initiative in making "suggestions" in regard to Ulster. Asquith assured the house that the government would announce the form which these should take "in due course."

CLAIMED TO HAVE BEEN ROBBED AFTER TRYING TO STEAL \$3000

Wm. Bird Posted Money Addressed to Roommate, Told Story of Being Robbed on the Street by a Woman, But Broke Down After Three Hours' Questioning.
Sent to the Sterling Bank to deposit \$3000, the day's proceeds of the horse sale at the Repository, corner Nelson and Simcoe streets, William Bird, 20, 117 1-2 Spadina avenue, returned to the office manager yesterday afternoon and stated that while walking along Nelson street he had the whole withdrawn from his pockets by a well-dressed woman. According to his story, he had released his hold on the roll of bills and cheques to blow his nose, when a man and woman stepped up alongside him and jostled him, and when he went to put his hand back on the money it was gone. The management of the repository telephoned the detective department and acquainted them with the details as related, and a man was sent over to bring Bird to the detective office. There for three hours he stuck to his story in spite of the cross-questioning of the detectives. Taken into Inspector Kennedy's office, the first thing said to him was: "Come, now, that story won't go here. It's too old; what did you do with that \$3000?" After a little more parleying, Bird confessed that in the two short months he had spent in Canada he had come to dislike the country very much, and thought that at last he had an opportunity of getting money to pay his passage back. He said he had a large envelope, stamped and addressed to George Campbell, his friend and roommate, ready for the occasion. In this envelope he put the \$3000 and dropped it in the nearest letter box, then went back to the office to say he had been robbed. Detective Murray went to the post-office and found the big envelope with all the money intact inside. Bird will be charged with theft this morning in the police court.

BUILDING BOOM IN WARD SEVEN

Thirty-Five Permits Issued in Fifteen Days During March.

APRIL MORE PROMISING

Death of James I. Halliday, West Toronto Poultry Dealer.

As expected earlier in the year, the building business in ward seven has begun to show a decided increase, and the first half of the April is already in advance of previous years.

The lady who said that she would have to get out of the district if the smells continued, as she would be unable to stand it another summer. "Why, one day last summer it effected me so badly that I fell down in shop floors, and yet without a pain in my body," she exclaimed.

People Made Sick. J. Carlton referred to the actions of people on the streets and in the street cars. "It is a common occurrence to see people vomiting on the street," he said, "and just as a street car comes into the street, up go handkerchiefs to wipe the noses and grooves of disgust issue from underneath the handkerchiefs."

Several residents testified as to the depreciation in value of the properties within smelling distance. "Practically everybody would like to sell if they could, and escape the torture," but people absolutely refuse to dicker over any figure," said another wrathful ratepayer.

ODOR STAYS AGAIN ON MORLEY AVENUE

Residents Determined That Something Must Be Done at Once.

BIG MEETING TONIGHT

Storekeepers in the District Have Lost Business—Some of the Effects.

The arrival of spring and the prospect of balmy summer days is not an unalloyed delight for citizens in the east end within smelling distance of the sewage disposal plant on Morley avenue. With the twitter of the birds came the first fitful gusts of odor, and the east enders are militant. As they say: "It's just April now. What will it be when the hot weather comes?"

They have no intention of waiting to see what it will be like then. The executive of the East End Ratepayers' Association will meet in St. John's Parish House, Norway, tonight to discuss the matter and decide upon some course of action, and all interested are invited to attend.

Dreadful Memory. "When I think of what we put up with last summer from that sewage plant," said President Bullock to The World last night, "it makes me very determined that nothing will be left undone this year by our association to have the nuisance done away with. If the thing isn't working right, then let us have something that will work right."

Another source of odors that the association will deal with is Small's Pond. Although it was completely drained recently, it is claimed that the bed of the pond is covered with filth and decomposing rubbish. Residents are afraid that it will be a nuisance when the water comes, and they want it cleaned out.

Some of the Effects. The Waddell report who visited the Morley avenue district yesterday was told of the effects of the obnoxious odor by a large number of incensed property owners and others living within smelling distance of the disposal plant. Each one had a terrible tale to tell of the way the stench affected their health, property, goods, etc.

Doctors' Advice. Mrs. Young, who is the owner of an ice cream parlor in vicinity of the plant, said that her business suffered last summer thru the awful smell. "People would come in here to eat ice cream, but when I served it to you think they could eat it? No. They would have to get up without touching the ice cream. It is in my business that the effects are felt, perhaps more than any other," she said. "In the ordinary course of events my shop door would always be open in the summer, but this year I had to keep it closed all day long, and who wants to buy candles, ice cream or cakes with such an abominable smell permeating the whole atmosphere?"

At the regular monthly meeting in St. James' Hall of Golden Star L. O. E. L., No. 300, a fraternal visit was paid then by Parkdale L. O. E. L., the worshipful master, of which occupied the evening and with his officers, exemplified the first degree. The work was put on in a very able manner by the visitation, and the evening of ritual. During the evening an address was delivered on the situation in the city by John Robinson, editor of The Telegram, and a banquet prepared by T. Brother Romney, U. M. of No. 300 closed the meeting.

Funeral Service. The funeral service of the late John L. Benrose, of 122 Western avenue, was held last night at his late residence, and the remains were sent to Bradford, Ont., where the funeral will be held at Mount Pleasant cemetery tomorrow. The late Mr. Benrose was in good health when he left for Aliston, Ont. Good Friday, and until Monday night, when he died, he felt as well as usual. Death was due to heart failure. He is survived by a widow, two sons and two daughters.

Fraternal Visit. Toronto Junction Council, Royal Templars of Temperance, will pay their annual fraternal visit to New Era Council, at Dovercourt road and Queen street tonight. The local lodge will provide the entertainment for the evening and the entertainment for the evening and the entertainment for the evening.

How I Rubbed Away About 14 Pounds of Fat From My Hips and Abdomen In Two Weeks' Time

For years I strained my corsets trying to hide the rolls of fat on my hips and abdomen; it seemed as if it had accumulated on just the two places that I most wanted to be thin. Everything that I tried failed to take off the horrible fat which it showed. But thanks to a lady friend who had studied herboterie, I learned the secret in a harmless plan which enabled me to rub away with ease about 14 pounds of useless fat in only two weeks.

This plan is so simple, and some of my friends seem to know it. I think there may be sister readers of The World who have perhaps been longing for this very advice. First get from any good druggist 1 dram of quassia chips, and a 3-ounce bottle of Aronone. Take the time you save by putting the quassia chips in a pan, pour over it three small cups of boiling water. When it has stood for about half a minute, strain through a cloth and add the Aronone. Then pour the mixture into a bottle and apply it every night and morning with your hands for about ten minutes, using a circular movement. Each time you can rub away some of the fat melt away. At first I thought it was a dream, but when I measured there was no longer any doubt. I soon grew too slender for my clothes, and had to have them taken in, but it was a pleasure to do it. I shall be eternally grateful to the lady who showed me how easy it was to gain my youthful figure.

NOTE: The above prescription is not a new one by any means, though not so widely known as it should be. It is known as "Bromo Quinine." Look for this prescription very frequently. Some remarkable reductions in weight have been reported from its use, and the mixture is entirely harmless.

HIGH-CLASS STOCK SALE AT WHITBY

Sir Henry Pellatt's Meadow Brook Farm Herd Sold by Auction.

SEVENTY-FIVE ANIMALS

Charles Grimsley, Eglinton, Bought Some Fine Cattle.

Sir Henry Pellatt's Meadow Brook Farm herd was sold by auction at Whitby on the 10th inst. There were seventy-five animals, all either shorthorns or Holsteins of exceptional quality and only two remained unsold at the conclusion of the sale.

There were 124 Holsteins averaging in price \$153.50, aggregating \$8,865.25. The head of the shorthorn herd, a seven-year-old, imported bull, was sold to R. M. Forbes of Monroese for \$350. A Big Buyer. The highest shorthorn cow brought \$250; the buyer being C. Grimsley, of Eglinton. The best of the Holsteins were purchased by Mr. Charles Grimsley, a big purchaser of Holsteins and shorthorns. His total expenditure amounted to \$32,290.

EAST TORONTO

Aldermen W. W. Hitts and W. D. Robbins, the representatives of ward one, will be present at the next meeting of the East Toronto Ratepayers' Association, which will be held on the 21st of April. It is expected that both of the aldermen will have some important statements to make in connection with the work which is to be started in the ward this spring, more particularly in East Toronto.

Harvey C. Moore has sold his residence at the corner of Gerard street and Northwood road, which he has occupied for over twenty years, to Harry Halls. The sale price is stated to be \$9,500. Mr. Halls has now begun the erection of a pair of two-family houses on the rear of the lot, with frontage on Northwood road. Each of the buildings is of solid brick with frontages of twenty-five feet. They will be let in four rooms each. As many as six other two-family houses have been erected in this locality during the past year.

ST. ANDREW'S TOMORROW

The report submitted by the wardens of St. Andrew's Church, Tomorden, at the vestry meeting last night was very satisfactory. The receipts for the past year in the church account, which provides for the clergyman's salary, being \$366.16. The expenditure was \$587.02 and receipts in the hall account, out of which all other expenses are paid, including the sexton's salary, amounted to \$214.53 and the expenditure, \$213.24.

N. TORONTO RATEPAYERS ARRANGE BIG MEETING

Want More Information Regarding the New Sewerage System.

There will be a big meeting under the auspices of the Ratepayers' Association in the old town hall, North Toronto, on Thursday evening at 8 o'clock. The purpose of the meeting is to inform the ratepayers of the new sewerage system, but simply want to be fully informed as to its design and scope.

Fire Hall Entrance. Miss Edith Williams, the owner of the lot in the rear of Daverville avenue fire hall, has offered the city that piece of property for \$400, when it has been acquired. It will provide an entrance to the fire hall from Bailly street.

The action of the city authorities in dumping stone near the new city yard next to the Bedford Park Anglican Church, is being resented by the parishioners of the church, as they claim that the stone is lying on part of their property.

Little William Parker, the fourteen-month-old baby, who was seriously burned while playing with one fire at his home, 62 Roselawn avenue, last week died at the Coronado Private Hospital on Wednesday. He was severely injured when the body that little hope was entertained for his recovery.

REV. DR. HUNTER OF YALE, DEAD

Former Resident of Mount Albert and Native of E. Gwillimbury.

PROMINENT PREACHER

Leading Pastors of Michigan Conducted the Funeral Service.

A prominent preacher and native of East Gwillimbury Township, Rev. Dr. H. D. Hunter, died at Yale, Michigan, on April 10. He had been pastor of the First Presbyterian Church for many years.

The late Dr. Hunter was of Irish parentage. His father and mother lived at Mount Albert, village of the County of North York. He was a brother of the late Rev. Dr. Samuel J. Hunter and Rev. Dr. W. J. Hunter, who both filled prominent positions in the Methodist Church of Canada. His father, John Hunter was a local preacher, his other son Robert, the same church. Upwards of 150 years combined service in the work of the church and the above members of the Hunter family.

Successful Record. In the death of Dr. H. D. Hunter, the Presbyterian Church has lost a leader, who had an eminently successful record as a pastor and church administrator. His ministry of 40 years and more was divided between Ohio, Illinois, Missouri, Texas and Michigan. He was the first in his family to receive a degree from the First Congregational Church, London, Canada.

His executive abilities regarding the manifold activities of a large congregation were of high order and he left a beautiful culmination of his ministry to see the respect shown by all the various churches and synods which he had ministered in. The leading pastors of the various Presbyterian Churches in Michigan, together with the members of the church, were assisted in conducting the funeral services in the church and afterwards to Elmwood cemetery.

Short illness. Dr. Hunter was united in marriage to Josephine P. White of Stoughton, Ontario, on the 11th day of May, 1871. Two children were their, John Edward and Paul; the latter's death occurring in May last. His only surviving sister and member of the family, Mrs. Wm. Hunter, Toronto, and Mr. Wm. Hunter, brother-in-law, were present during the doctor's short illness.

WORKMANN JURED IN EARLS COURT

Fell While Erecting Scaffold at Regan Street Public School.

OTHER DISTRICT NEWS

Hon. Adam Beck Will Address Meeting of B. I. A. on Monday.

Yesterday afternoon at 3 o'clock, while erecting a scaffold, Sydney Woodling, Manning avenue, a workman employed on the new Regan Street Public School, in the St. Clair district, fell a distance of 27 feet, breaking his shoulder, and receiving injuries to his head, which caused concussion of the brain. When picked up by his fellow workmen, he was unconscious.

Doctor Roy Tysar, St. Clair avenue, was immediately summoned, and having rendered first aid, had the man conveyed to the hospital where he held a consultation. The full extent of Woodling's injuries are not yet known but Dr. Tysar has hopes of his recovering. There was a full attendance of 103.30 p.m. last night.

HAMILTON WANTS VOTES ANY TIME

City Solicitor Opposes Bill to Fix Voting on Bylaws. MR. BECK'S POSITION SPEECH BY WILCOX

Before the municipal committee of the legislature yesterday the City of Hamilton, thru its counsel, Mr. Waddell, submitted a bill to allow an immediate vote on bylaws to issue debentures for the purchase of quarry lands...

Mr. Waddell explained that Mr. Gooderham's bill to postpone the vote on the Toronto Street Railway purchase came in for incidental reference. Mr. Waddell explained that Mr. Gooderham's measure would defeat the object of the Hamilton private bill, and be thought it a hardship for any municipality to be forced to submit municipal bylaws in January...

Mr. Adam Beck objected to the situation, and pointed out that Mr. Gooderham's bill, as amended, did not prevent them from submitting any money bylaw other than those dealing with public utilities in any municipality having a population of 25,000 or over on any other date than Jan. 1.

Cape Breton Liberal Member Rather Embarrassed, Colleagues in House. SPEECH BY WILCOX

Essex Member Would Have Protective Duty Placed on Corn. (Continued From Page 1.) tended to the iron and steel industries in Canada, that assistance by way of bounty was preferable to high tariff.

The people of Canada, Mr. Carroll said, were suffering from the high cost of living, partly due to the fact that they paid several millions a year duty on staple food products, and he said that in one ward of Ottawa alone, no less than seven hundred people were in distress.

Mr. Wilcox (North Essex) said these reports of poverty and distress were as a rule greatly exaggerated. Not long ago, in the City of Windsor, the Liberal papers had published lurid tales of poverty and distress. The city council had set an investigation afoot with the result that only two families in the City of Windsor could be found in need of financial aid.

Instead of getting them out through the body as waste, what is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the fat and four or five hundred more of the kind where they may reach the stomach, shrunken, run-down tissues and build up the body."

FRENCH KING LIKED PAGAN SOUVENIRS

COURT EXTRAVAGANCE

Professor Parson Gives Interesting Lecture on French Art and Its Influence.

"French art is—after-very early times—entirely the art of women; men had positively no influence in art development after the reign of Louis XII, when court favorites commenced to introduce the life of extravagance, luxury and pomp which was avenged by the reign of terror and the revolution."

Prof. Parsons, in his talk yesterday morning on the French Renaissance, charmed his listeners with tales of the fascinating, romantic development of French art, beginning with the first influences felt from the Italian Renaissance—undoubtedly one of the quaintest history lessons ever enjoyed by the enthusiasts present.

The French must have been very contrary. They vowed that they abhorred Italian Renaissance because of its pagan forms. Yet Louis XII, made crusader, sacked Milan, robbed Venice, stole from Verona and carried back his pagan souvenirs to France—just because they were pagan.

"First," said the professor, "the craze for stealing grew, then the craze for using stolen goods took possession of the people, so that in 1515, in the reign of Francis First, the pagan influence had swept the country and court ladies introduced that style of artistic luxury which resulted in the downfall of French monarchy."

Up till this time, it was explained, France was the home of Gothic art, the rose window being a living Bible. The wonderful stained glass windows, the wood carving, architectural structure and marble work being veritable pillars to the Gothic type—the religious expression of the people's minds.

"This spiritual calculation is not rampant in the minds of the present generation," added the speaker. Prof. Parsons further explained the gradual domination of Renaissance period by comparison. The church expressed everything in the Gothic period, he stated, but with the introduction of the new influences elaboration in the home reigned, so that in the time of Louis XIV, so exquisite was the palace, so alluring, so sought after, that 4000 people slept within the walls—and there were sufficient vessels of silver and gold with which to feed the multitude.

"It was the most wonderful period in the world's history of art—with the people straining to make France's power supreme." Holding sway in the court at this time were Madame Lavalier, Madame De Montespan and Madame De Maintenon, whose reckless extravagance provoked the nation to take the head of the innocent Marie Antoinette.

In the palace of Louis XIV, it is recorded that hundreds of gorgeously brocaded windows, slender hoop bracelets displaying dainty etchings and color innovations. The evening gowns with which the sparkling beauties are to be worn were flimsier, fustier and more elusive than ever—chiffons, gauzes and brocaded crepes of fairly-like texture with ruffles, fringes, ruffles, draperies and puffs. Some of the loveliest dance frocks are slashed to the knees, draped artistically and revealing most exquisite lace flounced undershirts.

The hosier and footwear for these costumes are bewitching, brocaded satin, velvet and silk pumps, studded with gems and brilliants, with heels of cut steel and silver, being prized for the fair fashion devotee whose purse will stand the strain.

Prof. Parsons explained that purpose should ever be considered. For instance, a dining room which is essentially considered as a place of eating, should not be transformed into a museum, enhanced by a motley confusion of stuffed animals, birds, plate racks and artificial flowers, which would tempt a sane person to act foolishly.

How "Restless" Muscles May Cause Sleep-Walking

What Do Our Visions and Dreams Mean?

By WINIFRED BLACK
(Copyright, 1914, by Newspaper Feature Service, Inc.)

A PRISONER woke his guards in the old, old prison in the old city of Rome the other night. He screamed at the top of his voice: "My mother, my mother, she is jumping from the window!"

And two days later it turned out that, at the very hour the prisoner had the vision, his mother did jump out of her window at home and kill herself.

I have awakened from a deep sleep often and often with that dear face so clear before me that I have spoken the boy's name, and very soon would come the tidings that he had wished for me or needed me at that very hour.

When one sits in the room with me he can put out his hand and touch me, and I know that he is there. Why should his arm be so much stronger than his mind? Why should my eyes be so quick to recognize and my heart so slow?

What is Love's Office?
These strange coincidences of visions and dreams and premonitions and signs and warnings—just how much do they mean, really, I often wonder.

When you ever cheated in a friendship in your life that you were really at the bottom of your heart surprised? Didn't you know all the time, with that knowledge of the heart that beats all the knowledge of the mind a thousand times in a thousand different ways, that you were befuddled and tripped, and didn't you make yourself go against that inward monitor when you came to grief?

BIG CITY BUSINESS.

Business men easily understand how the accounts of the city hall could get into such unintelligible disorder when they hear that there was no general ledger kept and that all accounts were run together in one ledger, so-called "general," wherein the departments were all jumbled together. The new system being installed will remedy this defect, each department having its own ledger, and a real general ledger providing the central summary.
Similarly all the revenues were dumped together on the principle of the Ontario Government's consolidated fund. This system will be abolished and appropriations restricted to their respective accounts.
The World has for years been trying to have the city hall authorities recognize that Toronto is going to be one of the biggest cities on the continent. As long ago as 1905 we outlined plans of development and policies of government. The elder generation is loth to believe that a million people will have gathered here in ten years, but the elder generation is passing away quickly, and the young men taking their places understand the facts and are prepared to act in accordance with them.
It will probably not be long before the suggestion made by Hon. W. J. Hanna yesterday that a charter suited to the needs of the city be prepared, will be taken up, in view of his assurance that it would receive favorable consideration.

LET THE CITY DECIDE.

Mr. Gooderham stated before the municipal committee of the legislature yesterday, according to The Telegram report, that, so far as he was aware, not a move had been made towards street railway purchase since a year ago. The fact of the introduction of Mr. Gooderham's bill, which he admitted was intended to block the proposed vote on the purchase, is quite sufficient in itself to confute his alleged ignorance. The Gooderham bill is only one of a series of blocking movements made to prevent the progress of the purchase negotiations.
Consideration of the Gooderham bill was adjourned till today. Members of the legislature will judge for themselves of the fairness of the attempt being made to take the power out of the hands of the citizens and of their elected representatives to deal with a question which is strictly local in so far as the present bill is concerned. As far as there are any features in the street railway purchase proposals that affect the rest of the province or the government, either directly or indirectly, they are dealt with by the McNaught bill of last year, under which the Hydro-Electric Commission of Ontario and the government have veto powers. The present Gooderham bill is purely a piece of municipal piecemeal legislation designed by The Telegram to advance its own ends, and to assist the projected candidacy of Mr. Gooderham for the mayoralty next December.
Toronto can deal with these matters directly and the legislature should allow Toronto to do so.

WAGES AND SERVICE.

When it is argued that the City of Toronto should set an example in the salaries it pays its employees, it may equally well be argued that its employees should set an example to others in the kind of service they render the city. If the city pays good wages it should receive good work. This is the one way in which the employees of the city can make good the argument that the city should pay good wages.

SEALER "KITE" NOW FEARED TO BE LOST

Wreckage Sighted, But Could Not Be Picked Up.
ST. JOHN'S, Nfld., April 15.—Fear that the Kite, with 65 men, the smallest steamer in the sealing fleet, has met disaster was increased today when the sealing steamer Eagle, in a radio message, reported sighting wreckage, consisting of a ship's hatch, a plank and some oars, 17 miles off here, last Thursday evening. Owing to stormy weather the Eagle was unable to pick up the fotsam.
It is now believed that this wreckage and that sighted on Saturday by the sealer Bloodhound did not come from the missing steamer Southern Cross.

able business evolution has taken place in the State of Kansas. Hitherto the United States has been regarded as opposed to the principle of co-operation, particularly as applied to ordinary commercial necessities. But in Kansas it has spread so rapidly, not only in the country districts, but in the cities, that whereas in 1912 there were only 12,000 people served by co-operative business institutions, there are now fully half a million people enjoying the advantage.
The wonderful increase in the number of co-operative enterprises is accounted for by the successful operation of the mutual telephone lines. There is not a single county in Kansas, says the special correspondent of Financial America of New York, which does not possess a mutual telephone organization. The associations vary from a line of a single wire with half a dozen instruments up to companies with several thousand patrons. But they have been able to obtain contracts with the Bell and other private companies linking them up with all cities from Denver to Boston.

Co-operation is not altogether new in the State of Kansas. For more than twenty-five years there have been grange stores at Olathe, these being among the first successful co-operative enterprises in the United States. These stores are handled exclusively through grange organizations, and are regarded as models of their kind. They are reported to be visited by hundreds of people each year desirous of obtaining an insight into their business methods and manner of distributing profits.

No less than 186 charters have been issued by the state within the past six months to co-operative grain concerns, most of them elevators, and a large proportion of them organized thru the Farmers' Union, an association of farmers that has spread thruout the middle west as did the alliance in the days before the populists. There are in the neighborhood of 300 of these co-operative elevators and grain companies doing business in the state. Each elevator has a complete equipment for grading and cleaning grain and preparing it for the mills. They do business direct with the big buyers, and the members profit on an average of 2c a bushel on the wheat they grow each year. At least, that has been the profits of those companies in operation during the last few years. The farmers who own stock in the co-operative elevators pay no commission or elevator charges, except the actual cost of their own elevator operation.
The newest form of co-operative business in the state is the co-operative buying of goods for a string of stores. There is one co-operative buying organization in Northern Kansas that has a purchasing power exceeding more than \$1,000,000 a year, taking the figures for the first six months of its existence as a basis. It was started last fall. The association has a secretary who does all the buying. The grocers, dry goods merchants, clothing merchants and hardware merchants of eight counties send to this secretary their orders for goods, and he goes into the market and buys in car lots. The competitive bidding for the business of this association is so sharp that the merchants are buying goods for their shelves at an average discount of 15 per cent. from the prices they paid when buying individually.

Co-operative delivery systems in 26 Kansas towns serve a total of 140,000 people. The cost of delivering merchandise to the homes in these cities has been cut just 15 per cent. for the merchant, and the people get better service.

The West and Freight Rates Reduction

The World publishes today some extracts from the western Canadian press, on the reduction of freight rates ordered by the railway commission. Some of the papers say nothing about the failure of the commission to give the same rates to the west as prevail in the east. Even Liberal papers are slow on this point. The Conservative papers, many of them, speak of the herculean task point that the commission had in hand and they say, on the whole, and the hardest better than expected, that at least it is a beginning. But one of the hardest conditions today in the west, or in the east for that matter, in view of the business conditions, is for the press to be absolutely independent and outspoken.
Let us first state the case in the words of a leading paper:

Winnipeg Free Press (Liberal), April 10: A correspondent asks The Free Press to condense into the fewest words possible the meaning of the judgment of the railway commission. Perhaps as good a way as any of doing this will be to set forth first the summary statement of the demands made by Mr. M. K. Cowan, K.C., counsel for Saskatchewan and Alberta, on behalf of those provinces, on Dec. 7 last, at the close of his argument before the commission, and then to note how the commission's judgment deals with these demands.
Here, then, is that summary statement, as placed on record by Mr. Cowan for Saskatchewan and Alberta.
"I.—That in view of the equal advantages which they possess, and past and prospective growth, these provinces are entitled to ask for the establishment of the same class and commodity rates as prevail in eastern Canada, on all articles consumed or used by the people of Alberta and Saskatchewan, on all articles consumed or used by the people of Manitoba to Fort William, on all articles consumed or used by the people of Ontario from points in Manitoba to Fort William, on all articles consumed or used by the people of the three prairie provinces should be on the same basis as the distributing rates east of Fort William."
"II.—That the present mileage tariff in Saskatchewan and Alberta and that any reduction in the Manitoba tariff apply also to Saskatchewan and Alberta."
"III.—That there be one scale of railway rates in all the territory lying east of Canmore and the Crow's Nest, on all articles consumed or used by the people of Alberta and Saskatchewan, on all articles consumed or used by the people of Manitoba to Fort William, on all articles consumed or used by the people of Ontario from points in Manitoba to Fort William, on all articles consumed or used by the people of the three prairie provinces should be on the same basis as the distributing rates east of Fort William."
"IV.—That there should be a substantial reduction on live stock and all other things used by the people of the west, these reductions to be brought down to the Manitoba scale and any reductions applying to Manitoba to apply also to Saskatchewan and Alberta."
"V.—That there should be a reduction in the rates on lumber from Kenora to points in Saskatchewan and the Crow's Nest to all points in Saskatchewan and Alberta reduced."
"VI.—That the rates on coal from Lethbridge and the Crow's Nest to all points in Saskatchewan and Alberta reduced."
Here is how the judgment of the railway commission deals with it:
I.—Rejected.
II.—Rejected.
III.—Rejected.
IV.—Granted in part. That is to say, the Manitoba mileage tariff is to apply in Saskatchewan and Alberta. But there are no reductions ordered to be made in the Manitoba mileage tariff.
V.—Granted.
VI.—Apparently rejected. There is uncertainty in regard to this, pending the arrival of the full text of the judgment.
VII.—Granted.
VIII.—Rejected.
IX.—Rejected.
X.—Granted.
Moose Jaw News (Conservative): The decision is one of the best pieces of work ever done for the west. It means the emancipation of Saskatchewan and Alberta communities from the domination of Winnipeg.

The moral effect of the decision is a demonstration that the country possesses tribunals to which appeal for justice and fair treatment against corporate interests may, with confidence, be made. The railway commission is a solution of a great problem by native instrumentalities. Freight rates have been forced down, not by foreign competition teaching a lesson thru the taking away of trade, but thru a Canadian tribunal created by the parliament of Canada and endowed with powers, not copied from other countries, but suggested by the powers possessed by the federal government. Such an achievement as this gives Canadians confidence to undertake the solution of any problem.

The Saskatchewan Phoenix: The judgment by the Dominion Railway Commission marks the culmination of a fight for more reasonable treatment in the matter of freight rates which has been waged by western Canada for ten years. The judgment is distinguished through by a calm, dispassionate review of the whole question of rates, with both its practical and theoretical aspects, and the commission has quite evidently endeavored to reach a decision which will be at once a concession of justice to the people and fair dealing with the railway companies. As long as the national transportation systems are in the hands of private corporations so long must the rights of investors be respected, and the commission, in directly recognizing such rights, is simply taking cognizance of an economic condition which is so far beyond its control.
Taken all around the judgment is a great victory for the western people and for it the people have to thank the enterprising public bodies of the west, the energetic governments of Saskatchewan and Alberta, and The Free Press, in whose pages this question of freight rates almost its own. For years it has pleaded, argued and pressed the cause of reasonable freight rates, and it was the pioneer in this field, and its investigation and its evidence yielded furnished the material which formed the basis of the inquiry which has had such important results. The Free Press, however, will not doubt be amongst the first to admit that without wholehearted public support it would not have achieved its due to the co-operative public spirit which has characterized the movement it initiated for fair and reasonable treatment of the west in the matter of freight rates.

Winnipeg Telegram (Conservative): The claim of the west that the railway discriminating tariff is disposed of by the railway commission on the theory that water highways and competition along the border to the south justify these lower rates in eastern Canada. And this view seems reasonable.
Winnipeg Tribune (Independent): Two great points of absolute proof have been furnished the railway commission for months.
First, we have the ruling of the late Judge Macbe, former chairman of the commission, that the cost of railway construction and of railway operation was greater in the west than it was in the east. And the density of traffic was almost as great or even greater in the western provinces than in eastern Canada.
In the second place, we have the incontrovertible evidence that there is discrimination in railway rates against the west.
And the ruling of the commission, handed out on Tuesday, is to the effect that the discrimination is "not undue or unjust."
We thus find the great judicial body appointed by the government to justly investigate and report on the matter of discriminating western Canadians to be "hears of wood and drawers of water" until such time as the west is strong enough to compel the enactment of just rulings by the railway commission; or so long as the west is strong enough to compel the enactment of just rulings by the railway commission; or so long as the west is strong enough to compel the enactment of just rulings by the railway commission.

More than ever will the west have sympathy with the movement designed to bring the great main question of discrimination directly before parliament.
There must be equality from ocean to ocean, and not discrimination against the weaker in numbers.
We foresee a greater agitation in western Canada. Members of parliament will not be permitted to take place behind a railway commission. The sooner the line-up takes place in parliament the better.

MUST NOT DISCLOSE SECRETS OF TORPEDO

Firm in U. S. is Placed Under a Permanent Injunction.
WASHINGTON, April 15.—A temporary injunction granted by Judge Veeber in the United States district court of New York restraining the E. W. Bliss Company from revealing to other nations the construction of the Bliss-Leavitt torpedo used by the United States navy has been rendered permanent.
The company was about to demonstrate the operation and construction of this torpedo, which officials say the navy has developed into the finest weapon of the kind in the world, to the Whitehead Torpedo Company of Flume, Austria, when checked by temporary injunctions sought by the navy department.

J. S. SKEAFF SETTLES ALIMONY ON WIFE
Case Did Not Reach Court—Rest of Action Heard Today
One thousand dollars alimony yearly was the settlement made upon Mrs. Edith Alice Polson Skeaff by John Stewart Skeaff, her husband, late yesterday afternoon, just before the case was to be called in the non-jury session of court. Skeaff is a Toronto bank manager.

This morning the rest of the action will be heard, in which Mrs. Skeaff will ask that a promise made by her husband twenty years ago, when they were married, be held valid. She states he promised to settle \$20,000 upon her. This was in Montreal before a notary public. Skeaff alleges this matter was never settled, only talked of.
French law experts largely into the case and expert witnesses will be called.

ESTREAN MURDER CASE POSTPONED UNTIL FALL
Young Russian Jew Has Not Fully Recovered From Bullet Wounds
Isaac Estrean will not be tried for the murder of Anna Garlock until October, 1914. At the criminal session yesterday T. R. Robbette, K.C., asked for this action because of prisoner's physical condition. Estrean was but recently discharged from the hospital and is far from being a healthy man. Miss Ray Levensky, one of a committee working to procure proper defence for Estrean, interpreted the indictment. Asked whether he pleaded guilty or not, the prisoner would not reply. Mr. Robbette then entered a plea of not guilty. Crown Counsel Du Verne agreed that the prisoner seemed to be not fully recovered from his self-inflicted wounds and did not oppose postponement.

EIGHT CRITICAL IRISH WILL BE IN AUDIENCE
"Playboy of Western World" to Be Watched for Sights.

When "The Playboy of the Western World" opens one week's engagement at the Princess Theatre next Monday night in the audience will be eight critical Irishmen. And if the play is as they suspect, a slight on Irish character, action will be taken, possibly in the form of an injunction to restrain further performance of the play.

The play caused much protest by Irishmen in New York when it arrived there more than one year ago from the old country. It is said to show a young Irishman who murders his father, and whose attitude over all the crime is anything but just to Irish character.

The United Irish societies of Toronto are sending a committee of critics on opening night, comprising the following: Hartley Dewar, M. J. Haney, Richard Disette, T. P. Phelan, P. F. Cronan, Gus Foy and A. T. Hernon. Q. B. Sheppard, manager of the theatre, is said to be an intimate acquaintance of some of this committee, and he states there is nothing deserving of objection in the play.

Other Toronto Irishmen take the same view, and maintain that to create trouble in this way would not be just, and that no ground save justice should be found for so doing.

Several Irish societies will discuss the matter this week.

GAYETY
CONDUCTED BY MR. EDMUND PHILLIPS

Mr. and Mrs. Tollison, Highfield School, Hamilton, arrive in town on Friday to spend the week-end with His Honor the Lieutenant-Governor and Lady Gibson at Government House.

The marriage took place in St. James' Cathedral yesterday morning of Pelica Dorset, eldest daughter of the late Mr. and Mrs. Gamble Geddes, and grandson of the late Mrs. Edward Jones, to Mr. George Edward Watson, eldest son of Mr. and Mrs. James P. Watson. Owing to recent bereavement, the wedding was very quiet, only the immediate relations and a few intimate friends going to the reception and breakfast at the house of Mrs. Watson, 1244 Park, the bride's aunt. Rev. Canon Plumtree officiated. Dr. Ham played the wedding music. The bride, who was given away by her uncle, Mr. E. G. Jones, looked very sweet in a Parisian gown of soft white satin, over a lace petticoat, the corsage of lace, a real lace veil, formed in deep folds, and a crown of white blossoms and white neather, the veil falling to the end of the train. She carried pink roses and lilies of the valley, and the groom's dress was in the latest style. Owing to illness, her sister, Miss Margaret Geddes, was unable to act as maid of honor. Miss Edith Watson, sister of the groom, was bridesmaid, and Miss Helen and Lillie Watson were flower girls. Miss Watson wore a charming gown of lavender satin and lace, and wore a black tulle train and hat. Her hat was black tulle with a crown of white and blue flowers, and she carried sunset roses and mauve sweet peas. Her gift was an amethyst and pearl pin. The little girls wore white and pink dresses with white bows and white roses. Miss Clark-Jones wore a gown of black satin with white and white roses. Miss Clark-Jones wore a gown of black satin with white and white roses. Miss Clark-Jones wore a gown of black satin with white and white roses.

HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION
By a Stomach Specialist.
As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess conditions that are absolutely healthy and stomachic, and the difficulty is, acid causes all the pain and difficulty, is acid in the stomach, usually due to irregularity of food fermentation, acid irritates the delicate lining of the stomach, which retards the process of digestion, and food fermentation causes wind and flat-bellied feelings. Thus, causing that flat-bellied feeling which interferes with and retards the process of digestion. The stomach is usually heavy and swollen, but irritated almost past endurance by these foreign elements—acid and wind. In all such cases, it is necessary to neutralize the acid and to correct the conditions which cause it. This is done by taking in a little warm or cold water immediately after eating, from one to two teaspoons of the best and only really effective antacid and food fermenting, and they come over in a natural way, and your stomach will be relieved. Be sure to ask your chemist for the best antacid, and as I have found other forms utterly useless, I will furnish you with the name of the one which is the best, and its peculiarly valuable properties.

ANARCHY'S REIGN MUST BE ENDED
Wilson's Decisive Step Considered Rather Belated by British Press.

(Continued From Page 1.)

temporary Protectorate of Mexico is inevitable, and adds:
"President Wilson is too wise and humane a ruler to consign a country to the sheer anarchy which is bound to follow the collapse of such a government as now exists in Mexico."
The Chronicle argues that any sovereign state might, without loss of dignity, have condoned the Tampico affair on receipt of the apology which Huerta has already tendered, and says:
"It is, therefore, difficult to disconnect the president's action entirely from the return of Mr. Lind. It is evident that Mr. Lind went home to urge stronger measures, and stronger measures have followed forthwith. They need not involve war. The Americans need only to sit tight at Tampico and Vera Cruz and collect the customs."

Cannot Go Back.
The Daily News is of the opinion that it will need all of President Wilson's firmness and patience to save the United States from slipping into a perilous path and marching on Mexico City, should the occupation of Vera Cruz be one further step in the policy begun a year ago of forcing Mexico to abdicate by cutting off its financial supplies. It adds that it makes it more difficult for President Wilson ever to go back.

PORTRAIT AND ADDRESS FOR LT.-COL. GOODERHAM
Members and Ex-Members of 10th Royal Regiment Will Repay Many Kindnesses

For many months a committee has been preparing for the presentation of a testimonial in recognition of the many kindnesses to the Royal Grenadiers during his connection with the corps. Col. and Mrs. Gooderham have been assisting in their many gifts and aids to the regiment and the ex-members of the original corps, the 10th Royal Volunteer Battalion, and the present 10th Royal Grenadiers are presenting a life-size portrait in oil by J. W. L. Porter, of the colonel in review order, uniform, and an address on vellum bound in morocco leather.

The address will contain the names of all the ex-members in alphabetical order who have subscribed to the testimonial fund, and to the testimonial fund will be made before a party of the Royal Grenadiers and ex-members of the original corps, the 10th Royal Volunteer Battalion, are to be sent to all who have subscribed to be present with their lady friends, and any ex-member who has not so far subscribed and who desires to attend the ceremony may do so by remitting to the secretary-treasurer, W. J. Bewley, 21 Nelson street, city. The presentation will be made by Col. H. J. Grant, representing the present regiment, and he will be associated with Col. George Shaw of the former corps.

THURSDAY MORNING

Turf Track Drying Out At Woodbine Park

THORNCLIFFE HORSES IN BEST OF HEALTH AND FULL OF RUN

Track at Woodbine is Drying Up Nicely and Candidates Breeze on the Back Stretch—Two Horses Arrive From Kingston, Ont.

The strong east wind yesterday morning made it very unpleasant for the horses and spectators at Woodbine Park. The track has dried up nicely. Many of the candidates were breezed on the back stretch.

Fred Newman got in yesterday morning with two from Kingston, Ont., owned by Dr. Hambley. They are Miss Joe and Outstep. They have been in good shape all winter and are in good shape for faster work.

Henry McDaniel who has the Robert Davies riding in charge has his horses out in sets. They are all in the best of health and full of run.

The strings include: Plate Glass a. Fountain Fox, Liberty Hall and Plate Glass have been in 1.25. All the year-olds have been breezed 1/2 in 27.

Gold Bud and Roguish, the two plate candidates, galloped a mile at a 2-minute clip yesterday.

Calgary pulled up lame in a work the last time out, but Mr. McDaniel's hopes to get him to the post in true form.

Claver, who rode with much success at Juarez the past winter will do the riding for the stable.

Mr. Davies as well as Trainer McDaniel are much elated with their new purchase. Nelson, by Salt Stover, foaled by Hanover. He will be used for breeding purposes only. He won the suburban handicap in the California Derby the year previous. From his blood lines and past performance he is considered a great addition to the breeding interests of the stable. They also bought the mare Sula, the dam of the champion, who has been a consistent race horse.

Trainer McDaniel has been practically brought up in the race-horse game. His father was an owner, having owned the winners of the Belmont Stakes for three consecutive years.

The buildings at the track are now being freshly painted and touched up. The grounds are also being put in shape, and the beautiful new grand stand to seat 7,000 people is nearing completion. In fact everything except the weather looks decidedly spring-like.

A Montreal despatch says: The first string of racehorses to leave Montreal this spring to be put in active training in preparation for their season's campaign left tonight for Toronto. The horses are all locally owned and are in public stable, under the care of Trainer Alan Bulcroft. The majority are Canadian-bred and eligible for many of the stakes to be run at the spring meeting of the Ontario Jockey Club, which opens at the Woodbine, Toronto, on May 8. The owners of the ten animals shipped include Sir Montagu Allan, N. Macfarlane, H. A. Ekers and the Invercore Stable.

The 1914 Indian Motorcycle

the Champion Hill Climber

BIG INJUN! HEAP SHOULD WORRY

Again it was demonstrated on Good Friday afternoon at the Toronto Motorcycle Club's Hill Climb at the High Park Toboggan Slides, the superiority of the Indian Motorcycle, both in the fast climb and the slow.

In the amateur climb, Herb Kipp, on an INDIAN, made the distance in 11 seconds flat, 2-5 second better than when he won the previous T.M.C. Hill Climb over the same course.

In the professional fast climb it was a clean sweep for the INDIAN, Harold Cole, Ernie McIntosh and Joe Baribeuau winning first, second and third places easily.

The slow event was easily won by Ernie McIntosh, his time being over six seconds better than the nearest competitor.

The above goes to show the immense power and flexibility of the INDIAN MOTORCYCLE, whereby it was possible for the machine to make the fastest and slowest time of the day.

Call and see these machines at our salesrooms, and let us demonstrate to you the tremendous reserve power that has for years made the INDIAN a byword for speed, reliability and durability in the motorcycle world.

BOOSTING LACROSSE IN TOWNS OF ONTARIO

Missionaries Hold Forth Night in Aurora—Prospects Bright Around Peterboro.

The lacrosse missionaries will hold forth tonight in Aurora. James Stevenson, the newly-elected president of the O.A.L.A., along with Frank Dwyer, Vice-President, Woodly Teagart and Councillor Pete Hocking, will be on the task.

Secretary Doyle was in Norwood on Monday, and made a bright outlook in that section. The village will have three or four school teams and likely an intermediate team in the group with Campbellford, Hastings, Tweed, Havelock and Peterboro.

That the lacrosse revival in Winnipeg is in for a good year was evidenced by the fact that the Winnipeg Lacrosse League, the largest and most enthusiastic league ever held in Winnipeg took place, it being the annual meeting of the Winnipeg Lacrosse League.

The meeting lasted four hours and decided to support the formation of a provincial body, and also suggested joining the Canadian body. Three teams will next constitute the league, the Winnipeg and Shamrocks for seniors and the Winnipeg and Shamrocks for juniors.

On hearing of their rejection these two clubs threatened to form an independent league to oppose the senior club. This was again elected president.

The Vancouver Cup is the name of a trophy which has been put up for competition in the senior series of the Vancouver Amateur Lacrosse Association.

According to President DeGraw of the association the cup will be competed for annually, but it is expected that the annual division at the present time; these teams will be competitors. The cup, but it is expected that several more teams will be competitors. The intermediates have the Opechee Cup, and the Juniors the Carwell Cup.

At a meeting of the Shamrock Lacrosse Club of Ontario, it was decided that the club, who were champions of the Ontario City Lacrosse League last year, would meet the eastern section of the Ontario Amateur Lacrosse Association.

The eastern section of the association is composed of teams from Almonte, Perth, Ottawa and Carleton Place. The reason for this decision is that the prospects of Ontario City Lacrosse are not particularly bright, as the league have no grounds where they can play their games. Varsity will can only be used by the students on account of it being exempted from taxes.

TORONTO BOXERS FOT GOTHAM TOURNEY

BOSTON, April 15.—Four national champions and many sectional winners were among the 131 amateur boxers who had entered the Gotham tourney, to be held here Friday and Saturday, when the entry list closed tonight.

Wm. Barrett of New York, national 155-pound champion, will be among the quarter of last year's winners to try for further honors. New York has a number of other entries, including several metropolitan champions.

Toronto and St. John, N.B., will be represented.

The regular weekly meeting of the Toronto Amateur Baseball Association was held at the Easton Club last night. The following were present: President Brydon, Secretary Walsh, Treasurer O'Donoghue, Walker and Smith. The sub-committee in charge of applications for reinstatement, a number of which were granted, while a number were refused.

Walsh, was presented with a club bag as an elegant token of appreciation of his services to the association during the last season. League secretaries were again reminded that the secretary will be in his office, 22 College street, room 204, on Friday evening, from 5 to 7, to distribute applications and to register all players.

BIG SEASON AHEAD FOR ST. ALBAN'S C.C.

Trip to Winnipeg Left to Committee—Officers Elected at Annual Meeting.

Charlie Muckleston from St. David's, Thorne and Fletcher from Eatons, and Horne, a county cricketer just out from England, are some of the new men to be in their lot with the St. Alban's Cricket Club. The annual meeting was held last night at the residence of the president, Dr. Harrington, Bathurst street, with a splendid attendance. Officers were elected, as follows:

Hon. president—His Lordship the Bishop of Toronto, Messrs. R. G. Davidson and E. M. Chadwick.

Hon. vice-president—W. Wyndham, M. E. Matthews, W. H. Cross, R. Falconer, J. E. Hall.

Hon. secretary—W. W. G. Harrison.

Vice-presidents—John Edwards, F. Grew.

Treasurer—N. Banks.

Secretary—W. H. Garrett, 607 Christie street, Tel. Hillcrest 2647.

Assistant secretary—W. Hamilton, Captain—H. Hancock.

Finance committee—F. Grew, W. H. Edwards, A. J. Harrington, H. Colborne, F. Colborne, Jas. Edwards, W. Kent, F. Saxton, A. T. Thorne, W. W. G. Harrison, G. Green, H. Loder, V. Garrett.

The proposed trip to Winnipeg for the championship was discussed and left to the incoming committee.

St. Alban's last year won five, drew one and lost two games in the City League, finishing second to the Toronto club, which won all their games but drew 4 and lost 11.

R. Kent is champion batsman, with an average of 21.84, and F. Hamilton champion bowler, average 5.61.

St. Alban's will play the south Varsity lawn, opening their league season on Saturday, June 13, at Rosedale.

SCHOOL BOYS WIN
WRESTLING HONORS
Spring Championships Decided in the Central Gym—List of Winners

The Central Y.M.C.A. held their spring wrestling championships for the school boys yesterday afternoon in the Central Gymnasium. Sixty boys took part in different weights, and some very close bouts were on the bill.

The 55-60 pound class had the biggest contest, in nine lightweights contesting. Hooper got the decision over Wood after three minutes.

The 60-65 pound class, between Sherin and Edlings, had to go a minute extra before a decision was reached. Moore setting it. Mitchell and Hamby won in the next bout, and had to go two extra periods before Hamby got the decision.

Semi-finals—Hooper got the decision over Moore after three minutes. Hines also won the decision over Cancelli in three minutes. Hamby then met Hines and got the decision, being on top most of the time.

The final brought together Hooper and Hamby, the former getting a fall in 1 minute 24 seconds, the \$1-35 class, had five entries. Dixon won the first bout, downing Phillips in 1 minute 25 seconds. Keachie and Hamby were the next pair; they had to go the limit before the decision was given to Keachie.

Semi-finals—Keachie met McLeod and got the decision in three minutes.

The final was a surprise, when Keachie got a fall with Dixon in 35 seconds. \$1-10 lb. class had seven boys entered. Lithgow downed Stephenson in 58 seconds. Sitchet got the second bout, when Jones downed Patterson in 1 minute 10 seconds. Reid again downed Carthy, getting the decision in 27 seconds.

Semi-finals—Lithgow again got a fall when he met Norman, doing the trick in 44 seconds. Mitchell and Reid had to go the limit in their bout, Reid winning out. Lithgow proved himself champion of his class when he downed Reid in 51 seconds.

111-125 lb. class—Only two boys entered this class—Adams and Model. This was the liveliest bout of the day, both men working hard. An extra bout had to be called for as a decision was reached.

Adams setting the decision.

Heavyweight class—Four boys entered to decide both bouts. Wood downed Davis got the second bout, downing Graham in 10 seconds. Wood and Davis met Ham in 10 seconds.

This was a good bout while it lasted, but Wood soon downed Davis.

The champions are as follows: 80-lb. class—D. Hooper. 85-lb. class—J. Keachie. 110-lb. class—F. Lithgow. 125-lb. class—L. Adams. Heavyweight—F. Wood.

OXFORD ATHLETES READY FOR MEET

Arrive in New York for International Relay Race at Philadelphia.

NEW YORK, April 15.—Arnold N. S. Jackson, England's great mile runner, and three other representatives of Oxford University, arrived here today on the Olympic to prepare for the international relay race, which is to take place under the auspices of the University of Pennsylvania at Philadelphia a week from next Saturday.

Norman S. Taber, formerly of Brown University, a Rhodes scholar at Oxford, is a member of the English team, but he arrived here some days ago. The other men who accompanied Jackson today are G. M. Sproule, an Australian Rhodes scholar; D. N. Gausson, the fourth man on the team, and G. S. Robertson, a substitute. The last-named pair are Englishmen.

Jackson said that they came here to run, not to talk, and when pressed for information as to the records of his team-mates, he said they had done lots of things, including getting seasick on the trip over.

When asked if he would accept an invitation to try for a record on the running track at the Harvard Stadium, Jackson replied:

"I would like to see the stadium, as I have heard a lot about it, but none of us are going to compete anywhere except at the Pennsylvania meet."

The visitors will remain in this city overnight, and will leave for Providence, R.I., tomorrow for a few days' practice at the Brown University track. From there they will go to Philadelphia, where they will be the guests of some of the University of Pennsylvania fraternities until after the meet, and are booked to return to England on Tuesday, April 25.

STATE MILITIA SHOOT AND TULSA RACES END

Soldiers on the Track Fired Volley as Horses Were Finishing First Race.

TULSA, Okla., April 15.—Disregarding a restraining order issued by Judge M. A. Breckenridge of the superior court, state troops today took possession of the Tulsa Fair grounds.

Today's action culminated a contest over the right of bookmakers to operate on the track. Open betting was permitted Monday, and that night applicants were filed by county officials before District Judge L. M. Doe.

What will be the next move on the part of the Jockey Club to test the legality of the order declaring martial law had been made to apply to the court.

Three men arrested today, but the release of the men early tonight made necessary the abandonment of this plan.

Two companies of militia were employed today in stopping the races. First the stands were cleared of spectators and the races ordered discontinued.

HORROR ASKED TO CARRY TOP WEIGHT

In Feature Handicap on Opening Next Saturday at Havre de Grace.

HAVRE DE GRACE, Md., April 15.—For the opening day of the racing here next Saturday the feature of the card will be the Hartford Handicap, a six-furlong affair.

August Belmont has five nominations, James Mannix has Superintendent to bear his silk, and J. L. Holland, presented by Gaines, Carl and Trifier, a very shifty trio over such a distance of ground.

Amos Turney is represented by Horror, who won all six of his starts last season, and Waterbas, a fast three-year-old. Old Catch Hill, who finished last season, is named to perform again, and there are others that are particularly shifty.

Handicapper Walter S. Vosburgh has just announced the weights for the running, and the post of honor goes to Horror, now a four-year-old. He is required to take up 126 pounds, and in the light of his performance last year he has earned the right to carry the top of the card.

Light of My Life has to take up 117 pounds, and Springboard, who won 19 years ago, is to carry 110 pounds. Mrs. Casatt, under 100 pounds, has to shoulder 116 pounds, Caught Hill, who finished last year at 119 pounds, and good third, has only to carry 110, and Superintendent is the first three-year-old on the list, his weight being fixed at 109 pounds.

Taking up this weight, Superintendent has to give a pound to Horror and two to August Belmont's stromboli, three-year-old that follow him in the handicap. Of the older horses, W. L. Oliver Kewassaw seems to be in particularly well under 99 pounds, and seldom is well treated when she is only asked to shoulder 102 pounds. Scallywag has been leniently treated at 99 pounds, and Altamaha, with the feather of 97 pounds, is in exceedingly well.

EDMONTON HOLDS GREAT HORSE SHOW

Hon. C. Sifton's Ravello Won Heavyweight Hunter Championship — Big Crowds.

EDMONTON, Alta., April 15.—Edmonton's first horse show has been a success from practically every viewpoint. The total attendance for the five days was close to twenty thousand, and the management expect to have a surplus on hand after all expenses are paid.

The closing night's program was, perhaps, the most spectacular one of the five days. Three four-horse teams were shown in the class for Clydesdale shires, pure or cross-bred, the first prize going to the Pacific Cattle Company, the second to the P. Burns Co. Ltd., Calgary, and the third to A. Ingram.

Local owners were well to the fore in the single carriage horse class, won by Mrs. J. W. Sifton's Actress, J. E. Lam-Ler's Maid securing the blue ribbon, A. Taylor's Wild Rose the third prize, and W. J. Magrath's Highland Lassie, driven by Miss Helen Auld, the fourth.

Maid and Pearl, and Fortin and Phyllis of the Imperial Stables were placed in the order named in the class for high-class harness horses, the first prize going to the W. C. Hanger in detail.

Philadelphia Captain and Pitcher Exchange Pitches

PHILADELPHIA, April 15.—"Cy" Marshall, the Phillie pitching recruit who has distinguished himself by showing he has recently made in the spring series, carries a punch in his arm as well as twirling ability.

The punch got loose today in the pool-room of the Phillies clubhouse and made a bee-line for the right eye of Sherwood Magee, star outfielder, slugger and captain of the cohorts under the wing of fiery-haired Charlie Doan.

Doan declared later that Magee was in the right and that he would uphold him, but when the doctor released other rows in which Magee had been a factor and for the most part sided with Marshall.

STOVALL REFUSES TO BELIEVE RUMOR

KANSAS CITY, April 15.—Geo. Stovall, manager of the Kansas City Federal League team, has refused to believe a rumor that he would leave the St. Louis team last week, said he would not believe Hamilton had jumped to the Kansas City Federal until he had definite information from the pitcher himself.

To assure Hamilton, Stovall offered a five thousand dollar bonus and a three-year contract for a total of \$21,000. The pitcher, however, has declined to leave Federal League Park. He is in such good condition, Stovall decided to use him in the opening game.

LEAFS RUN INTO RAINY WEATHER

NEW YORK, April 15.—(Can. Press.)—The Leafs arrived here tonight, and weather permitting will leave for New London tomorrow morning. The weather here is wet and cold, and work out in the New England States are equally unpleasant. President McCaffery left the team at Baltimore and will proceed home tomorrow morning from Philadelphia, where he went to confer with McGraw regarding the services of Heasne and other players, who are urgently needed.

A number of the players tonight called at the home of Tim Jordan to personally convey their regrets. Jordan is expected to rejoin the team in time for the opening at Providence.

"Give me the boys with the bright and watchful eyes," says Jimmy Sheppard, manager of the Cleveland A.A. team. "I figure that a player to be up on his toes in front of the net and work out in the night's sleep. I figure on carrying with me this season a crew of boys who get to be in respectable season and are up with the bark in the morning."

Pitcher Harry Woodman, whom the Ottawa club last year for \$500, is a holdout. He has not returned his contract, nor has he written to state what his intention is. Woodman is now under suspension, and the Ottawa club is endeavoring to get him back with him.

Manager Kelley Conferring With McGraw—President Leaves for Home.

Buffalo's complete Federal roster for the 1914 season is as follows:
 Pitchers—Russell Ford, Earl Moore, Gene Krapp, Bob Brown, Harry Moran, Courtney Woodman, Fred Anderson, Vic Schiltzer, Ed Purroy, Joe Houser, Jimmy Neher.
 Infielders—Joe Alger, first base; Tom Downey, second base; Bill Louden, shortstop; F. Smith, third base; Dwight Wuesty, utility.
 Outfielders—Luther Homlin, right field; Charlie Hanford, center field; Frank Delahanty, left field; Ed Pettigrew, Del Young.
 Manager Reising is greatly pleased with the showing of the London team. On the whole the team looks formidable when it is considered that they have only had four or five days of workout, and are doing battle against teams who have had practice for two weeks past. Catchers Snyder and Danford are youngsters of more than ordinary promise, and the youngster who is showing up wonderfully is McGinnis at second base, as he is only eighteen years of age. As hitters, it might be added that every man seen among the new faces is a free-swinging slugger.

Mayor Alan W. Hamilton and Mayor Ed Brantford will form the battery for the opening of the Canadian League season in Brantford, May 7.

WITNESS STOPPED MANY CONTESTS

Federal League Idle—Doings of the Big and Little Leagues.

Rain was general throughout the United States yesterday and only one game was played in the National League, Pittsburgh defeating St. Louis when the Cardinals' defense broke in the eighth inning.

The American League staged two contests while the Athletic-Highlander and the Brown-Tiger fixtures had to be postponed owing to the witness. The White Sox hit in timely fashion and fielded brilliantly, making it two straight over the Naps. Boston Red Sox played snappy ball, despite winter weather and turned the tables on the Yankees, who were out of their skins. Walter Johnson can't pitch every day.

SHORTAGE OF PLAYERS IN MAJOR LEAGUES BLOCKED JOE KELLEY'S BEST TRICK

Was It Jim Thorpe That Was Labeled for Seasoning With the Toronto Team?—South Has Been Well Combed by Big League Scouts

RICHMOND, Va., April 15.—(Can. Press.)—With only a few days to go before the bell sounds for the opening of the baseball circuit, feverish activity is being displayed by both President McCaffery and Manager Kelley, and which an International League prospect might be hiding. Many of the big league clubs have been in the frantic effort to reconstruct the machine, and where they are not outright, they can do little in the way of a baseball trade or sale until some comes from headquarters farther north, being more or less tied up to the big fellows. This has resulted in the frantic effort to reconstruct the machine, now in evidence, is directed largely in the direction of acquiring players by purchase from major league outfits.

Hard to Get Players.
 This work, too, is much more difficult than previous years. There is a dearth of available young material, and there are few clubs on the major circuits that have any to spare. In fact, there are several clubs up there that feel the stringency in the baseball market almost as acutely as do the International League clubs and other minor league organizations. Players are at a premium everywhere, and it will be harder to get men than in former times they found it. The waiver rule has accentuated the difficulties of minor league managers, and where in former times they found it comparatively easy to strengthen up by the underground route thru the friendship and close relations of clubs with American or National League outfits, this year the same managers are at their wits' end. It is not necessary to secure waivers from sixteen clubs in the minor circuits before a player can come back to Class AA teams, and as the clubs higher up it will be seen that waivers are not the easiest thing to go on in this year, and the promise of developing. That this shortage of players is laid is indicated by the number of scouts who have been occupying the existing towns where opposition big league clubs are playing, with the object of getting a man who may be turned back. Arthur Irwin, for example, has been following the Detroit Club games for the purpose of reporting on the merits of "Biggie Jennings" castoffs, and several other scouts could be mentioned who have been following the same methods. Hit by the Fed. raids, or suffering from the natural shortage of players, these clubs will refuse to waive, and are re-

Daubert Must Answer Charge

NEW YORK, April 15.—Jake Daubert, captain and first baseman of the Brooklyn National League club, must answer to a charge of violating the Sunday baseball law, in Brooklyn police court on Friday. He pleaded not guilty today and furnished \$500 bail for his appearance at the hearing.

Daubert is part owner of a semi-professional team, which played the Brooklyn National second team last Sunday.

PITCHER HAMILTON FLOPS BACK AGAIN

Rejoins St. Louis Browns—Federal League After the Jumpers in Earnest.

PARSONS, Kan., April 15.—Earl Hamilton, pitcher, who jumped from the St. Louis American League club to the Kansas City Federals last Thursday, today again to rejoin the St. Louis team. Hamilton reached his decision after an all-day conference with President Hedges of the St. Louis Club, at Hamilton's home, in Oswego, Kan., last here.

ROBBIE NOT TYRO AS TEAM MANAGER

New Dodger Leader Had Charge of Giants During McGraw's Absence.

NEW YORK, April 15.—Some one out of Brooklyn way seems to have been guilty of almost criminal negligence, for no ball club has been made in the despatches from the section that Wilbert Robbin holds a managerial record that has not been equaled. It tops by a considerable margin any like accumulation of records could be shown by any of the rest of this season's crop of new managers.

Robbie isn't a blushing debutante in the managerial ensemble. For several years he was John McGraw's lieutenant, with an occasional flicker at running the club as one of his perquisites. Last season he had such an opportunity during the heat of the championship struggle. It was during this period that he compiled the record mentioned above. A sudden illness, however, landed him on the job of McGraw, gave Uncle Robbie his opportunity. While the Little Napoleon languished in extremis, Robbin managed the Giants thru a campaign that brought the National League champions into contact with the Red Sox.

Robbie has a number of advantages over the rest of the new crop of managers. He is a former player, and has a good deal of experience in the game. He is a former player, and has a good deal of experience in the game. He is a former player, and has a good deal of experience in the game.

THE KELLEY KLAN

Ritter gives promise of developing into another Rube Marquard, says the Canadian Press correspondent with the Leafs in the south. Big and powerful he has a hand like a ham, an enormous wrist and arm that show strength and pitching potentialities in every line. He has a fair assortment of books, shows exceptionally good judgment for a youngster in emergencies and thinks quickly at every other stage of the game.

Kiddie Fitzpatrick is trying to convince Manager Kelley that he would be of more value to the team in the all-round role, but Joe cannot see it that way. Fitz has been going like a house on fire the last few games, felding in the first and hitting the ball hard. He and Fisher work together like machinery, and will have to work every day.

President Norris of the Toronto Canadian League club, wanted Catcher Trout, and he will be allowed to stop over at Philadelphia to go to his home, reporting at Toronto on Monday.

That the Toronto ball club must be strengthened immediately in the pitching department is generally admitted among the players and management alike, but the club has been unable to get anything to bring about the necessary changes.

An all-night rain and a continuance of Tuesday's cold spell caused a sudden change in plans of the Toronto ball team yesterday at Richmond, where the Toronto ball club by President Camiskey, of the Chicago Americans, from whom the player has been purchased.

Pitcher Gilbert reported to the Toronto team yesterday at Richmond. He is a rather light man, but has played in the southern section and reports bear out the story that he is a "hot" pitcher. Pitcher Kirby has left for home. He declared he has been in the Canadian League long enough and will not report at Toronto as ordered.

The members of the team are greatly depressed by the news of the death of Tim Jordan's father. Tim was on his way home to New York when the telegram came. The team members at the time of the news were at the club. The players and President McCaffery wired their condolence and sent two wreaths.

WEAVER'S BRILLIANT FIELDING A BIG FACTOR IN THE CHICAGO VICTORY—THE NEW INTERFERENCE RULE CROPS UP.

CHICAGO, April 15.—Timely hitting by Chicago, coupled with the sensational fielding of Weaver, enabled the locals to make it two straight from Cleveland today. In the eighth inning Weaver stepped into the infield and held the runner on third. Weaver was declared out by Timmy Sheridan. This is in accordance with the new amendment to the rules.

In the seventh inning Pitcher Steve Knicker hit on the knuckle of his pitching hand by Cleotis and was compelled to retire. Weaver would be some time before he could play again. Steve said he thought his knuckle was broken.

 Games to be played at Island Park.

The Fairbank Rovers had a successful meeting in Chappell's Hall on Monday night, and have decided to play their usual friendly games on Saturday this summer. George McNaughton was elected manager and H. Malory captain. The meeting was drawn up close with some fast bouts. Paynter, Chappell, King and Malory were the main glove slingers.

AND THE WORST IS YET TO COME

Frank Shaughnessy, manager of the Ottawa club, has his grasping tentacles in the Ottawa Club. Pitchers Kane, Rogers, Hall, Lill, Kubat, Bernhart, Kohl, Durkee and Newman; Catchers Lage and Powers; Infielders Don, Johnston, Baulock, Touch, Anderson; Outfielders Rogers, Shaughnessy, Murphy, Powers, Fried.

The Russells will hold a meeting in the Loewen Building, Dundas street, Friday evening at 7 o'clock. All those interested are invited to attend. The first practice is to be held at Lambton on Saturday 15th. All players and those wishing to try out with the team are requested to meet at the corner of Dundas and Keele street on Saturday 15th at 2:15.

GOODERHAM BILL CUT TO PIECES

Only One Clause Survived the Veto of Municipal Committee.

UNIFORM SPEED LIMIT

Present Law Will Not Be Changed to Twenty-Five Miles.

Hon. Mr. Hanna and the municipal committee proved too much for the Ontario Motor League and George H. Gooderham yesterday, when the latter's bill to amend the Motor Vehicles Act came up for consideration. With the exception of one provision—the one allowing number boards on motor trucks to be placed in such a position as not to be in danger of damage while the trucks were being loaded—none survived the veto of the provincial secretary and the members.

The request that managers, sales managers and sales agents be exempted from securing chauffeurs' licenses was struck out. The question of the kind of light and the position it should occupy on motor cars and motorcycles carrying sidecars, Dr. Gooderham and Thomas Phelan, solicitor, to consider and report to the committee, while the clause seeking to place the blame for reckless driving on drivers when the owners did not happen to be in their cars, was also laid over.

SCHOOL BOARD MEMBERS INTERVIEWED DR. PYNE

Asked That Counties Bear Larger Part of Support of High Schools

Hon. Dr. Pyne was approached yesterday at the parliament buildings by a deputation of school board members from different parts of Ontario, asking for a revision of statutes that would make the counties bear a larger part of the general support of high schools.

GRANTS TO SCHOOLS SUBJECT OF ENQUIRY

Public Accounts Committee Heard Evidence of Official in Charge of Work

The opposition enquiry in the public accounts committee was directed yesterday into searching for the necessity of reducing rural and public school grants. J. R. Humphreys of the education department, on the stand, explained that although the same grant had been appropriated by the legislature, the amounts earned by the schools which would warrant them enjoying larger grants, had been the cause of a pro-rata reduction. The department simply had to keep within the bounds of the grant set aside by the house.

SALARIES FIXED FOR COMMISSION

Men Who Will Enforce Compensation Law Will Be Well Paid.

THE CHAIRMAN \$10,000

Vice-Chairman Eighty-Five Hundred, and Third Member Thousand Less.

Before the legislature in committee of the whole, Hon. Mr. Lucas explained certain amendments to the Workmen's Compensation Act, chief among which was the inclusion in the measure of the salaries to be paid to the new board—\$10,000 to the chairman, \$5500 to the vice-chairman and \$7500 to the commissioner.

STALLIONS MUST BE PURE-BRED

After Four Years No Inferior Animals Will Be Allowed.

MUST BE INSPECTED

Mr. Duff's New Bill Provides New Standard for the Province.

The aim of the department of agriculture is to place the horse-breeding of Ontario on a new standard of excellence, and with this in view Hon. James Duff introduced a measure yesterday which will allow only pure bred stallions to be used after 1915. In addition clauses are added to the Stallion Enrolment Act, which will make the inspection of all animals compulsory and work towards the weeding out of inferior cross-bred animals.

Complaint from different counties has given rise to a protective measure which will hereafter prohibit farmers from allowing bulls to run at large in the country, and which will grant a farmer whose stock has suffered the opportunity of being recompensed.

Dr. Jessop's bill, which would give local or county councils the right to make special assessments in the carrying out of local improvement programs, was finally withdrawn on the request of the provincial secretary.

Hon. Mr. Hearst's Special Bill Elucidates Some Misunderstandings.

HIGHER PAY PROVIDED

Returning Officers Will Get More Money for Their Services.

A special bill, brought into the legislature yesterday by the minister of lands, forests and mines, is designed to elucidate some of the clauses in the Elections Act, relating to the exercise of manhood franchise at the polls. A submission will be made to enforce the submission of all nominations in writing and signed by at least 50 nominees. The verbal arrangement of the past has been found unsatisfactory in some cases. Further, the last certified list of voters taken prior to the elections, will be considered as the rule for the returning officer to guide himself by.

TORONTO SHOULD GET OWN CHARTER

Municipal Committee is Tired of Extending Special Privileges.

In considering the application of the City of Toronto for more power to limit the establishment of business concerns in residential districts, Hon. W. J. Hanna, chairman of the municipal committee, pointedly enquired of the civic representatives why the city did not take out a special charter for itself.

RECOMMEND MORE SALARY INCREASES

Board of Control Name Members of Health, Property and Jail Departments.

TENDER WAS ACCEPTED.

Wicket Brothers to Construct Poultry Building in Exhibition Park.

It was decided yesterday in the board of control to take up tomorrow the reorganization of the architect's and fire departments.

Tenders for the poultry and sheep buildings in Exhibition Park were opened. Wicket Bros. had the lowest tender for the poultry building, \$41,400, and it was accepted.

The board of control looks after civic finances, and all accounts should go to the board promptly and be passed and paid promptly.

Toronto jail—John McMillan, steward, from \$2000 to \$2100; John Wilson, deputy governor, from \$1300 to \$1350; John Brown, engineer, from \$1050 to \$1100.

Health department—Robt. Wilson, from \$1750 to \$2000; J. Carter, from \$1050 to \$1200; R. A. Shutt, from \$1150 to \$1300; J. Scholes, from \$1150 to \$1300; J. Jackman, from \$1000 to \$1100; R. Meadows, from \$1500 to \$1600.

Properly department—J. McGraw, chief accountant, from \$1500 to \$1600. Mayor Hocken looked anxious over these further increases in salaries.

"We should have a civil service commission," he said, "which would be an absolutely independent organization. The commission could deal with increases of salaries, superannuations and payments for injuries.

It will be a month or six weeks before the municipal valuator will be opened for business. A special committee of the city council was appointed to handle the completion of the abattoir.

YESTERDAY THE COMMITTEE INVESTIGATED BUILDING CONDITIONS AT THE abattoir and found that the walls will hold so much frost that the plastering must wait for warmer weather.

DELAY IN PAYING BILLS HURTS CITY

TO TRAIN AVIATORS

Company Asks Permission to Establish School on Island for Birdmen.

Commissioner Chambers is to have authority to purchase up to \$500 worth of supplies without calling for tenders, and the accounts are to be promptly passed thru the auditor to the treasurer for payment so that discounts may be saved.

Toronto's credit is poor in local circles because the bills are not paid without a lengthy delay," Ald. Cameron said.

The board of control looks after civic finances, and all accounts should go to the board promptly and be passed and paid promptly.

These increases in salaries will be recommended to council: Toronto jail—John McMillan, steward, from \$2000 to \$2100; John Wilson, deputy governor, from \$1300 to \$1350; John Brown, engineer, from \$1050 to \$1100.

VOTED AGAINST CIVIC PURCHASE DEPARTMENT

Heads of Two Departments Empowered to Pay Amounts Less Than One Thousand Dollars.

Upon the advice of Commissioner Chisholm, the property committee agreed yesterday to recommend that a police station with residence be not erected on the island in the meantime, and that plans for a station without a residence be submitted to the committee in a couple of weeks.

There was a lengthy debate upon whether a civic purchasing department was advisable, and the vote was in big majority.

It was resolved that the heads of the property and fire departments be empowered to purchase any article of supply costing up to \$1000, and save discounts, the bills to be passed thru the auditor to the treasurer and paid forthwith.

TRAVELS TO AID CAUSE OF PEACE

Newspaper Writers to Assist in Keeping Dogs of War Chained Up.

Canadian Press Despatch. NEW YORK, April 15.—Memorials marking the centennial of peace between this country and Great Britain in 1915, at an aggregate cost of \$1,000,000, were tentatively approved today by a sub-committee of the American centenary organization, meeting in this city.

Summs of from \$35,000 to \$75,000 each were set apart for statues of Lincoln in London, Francis Parkman, the historian, in Ottawa, Ont., and Queen Victoria in Washington, D. C.

Free educational trips abroad for newspapermen of all countries are to be instituted, with the proceeds of one of the funds available for the committee's use, it was announced.

ILLEGALLY HIRED FRENCH TEACHER

Judge in Cornwall Case Says Use of French is Unauthorized.

CORNWALL, Ont., April 15.—At the spring assizes which concluded here today before Sir Glenholme Falconbridge, chief justice, an interesting case concerning the introduction of the French language in a school in Glenora, Ont., occupied the attention of the court.

Donald D. McDonald and other English-speaking ratepayers of separate school section No. 14, Green Valley, took action against Mederic Poirrier, Emile Quimet and John Menard, trustees of the school, to restrain the trustees from employing Miss Senecal on the ground that she was not a properly qualified teacher and that she had been illegally engaged, also to restrain the trustees from using the rates of the section to pay Miss Senecal's salary, and to prohibit the defendants from using or allowing the use of French as the language of instruction or communication in the school.

Lacked Qualifications. "If I were to depose of the case today," he said, "I would hold first, that the engagement of Miss Senecal was quite illegal. She had not the necessary qualification, and what qualification she had had not been validated by the minister or the department. I should hold in the second place, without any hesitation, that the use and teaching of the French language in that section as at present carried on are also unauthorized, but I shall reserve the whole case for the purpose of considering the legal matters which have been raised, particularly with reference to the question of costs, as to which, of course, the good faith or want of good faith of the trustees has much to do."

KINGSDALE LAND FOR A CHURCH

Roman Catholics Secure Site for Twenty-Five Thousand Dollars for New Edifice.

A sale of a block of land in Duchesne subdivision Kingsdale, amounting to \$25,000, to Archbishop McNeil, has been announced by Wrights, Limited.

It is understood that the archbishop is acting for the building society of the Roman Catholic Church, and that a church will be erected in Kingsdale in the near future.

Considerable building activity is taking place there already and some fine homes are now erected.

The Kingsdale Planting Mill and Lumber Company, the Kingsdale Brick Company and the Kingsdale Builders' Supply and Hardware Company have established plants and are now operating.

Wrights, Limited, report sales in individual lot purchases of \$75,000 effected since March 17th, and another big week's business is expected as a result of their exhibit at the Arena.

CITY DEVELOPMENT EXHIBITION AT THE ARENA WILL BE OPEN UNTIL FRIDAY NIGHT

Owing to the enthusiastic attendance and the many requests to the management to keep open a few days longer, the City Development Exhibition at the Arena will continue until Friday night, April 17th, at 11 o'clock.

This will give an opportunity to those who have so far been unable to attend to see the most wonderful display of bird's-eye paintings, models of different cities and properties, the immense model of the City of Toronto, and the celebrated McEachren Bungalow.

See Our Beautiful Full-Sized Bungalow. Don't miss it. A sight of this alone is worth a visit to the Exhibition. This is one of the many designs of bungalows that will be built by us in Rivercourt, on the Upper Don. It was erected in the Arena in 24 hours—it is built of brick and wood—and completely finished inside.

Call at Our Office For Free Tickets

Call at our offices any time during the day and we will give you a free complimentary ticket to the Exhibition at the Arena. If you cannot come in tomorrow, send in the coupon for complete information concerning Rivercourt and our Danforth properties, and we will immediately mail a ticket to you.

Get Copy of Rivercourt March Free

This celebrated march will be played by the band every evening at 8.45. Call at our bungalow or office for a complimentary copy.

THE TORONTO WORLD

FURTHER PRESSURE ON STEEL STOCKS

Steel Corporation Shares Make New Low and Close Weak.

INVESTMENTS STEADY

Foreign and Local Conditions Are Expected to Cause Continued Weakness.

Further pressure was put on local securities yesterday, which was, however, tempered by small selling. Steel Corporation is being attacked by a bear party, who say they are convinced that the steel part of the business must be reorganized and that new financial arrangements are imperative.

Richelieu is another issue at present without friends, and short sales of this stock are being made with confidence. C. P. R. made a little demonstration of strength in the early business, but receded again to 129 when the Wall Street market weakened.

REACTION ON MEXICAN ISSUES AT LONDON

Talk of Dividend Reduction in Rails—Americans Quiet.

LONDON, April 15.—Money was easier, but discount rates were firmer today. Fears of complications in Mexico caused a reaction in Mexican issues on the stock exchange.

MONEY AND EXCHANGE

Glazebrook & Cronyn, exchange and bond brokers, report exchange rates as follows: Buyers, Sellers, Counter.

EUROPEAN BOURSES

BERLIN, April 15.—Trading was dull, but prices closed slightly higher on the bourse today. Exchange rates on the mark 45 pfennigs for cheques.

GOOD CROP CONDITIONS IN NORTHWEST OF U. S.

Seeding Will Be Moderately Early, According to Latest Reports

MINNEAPOLIS, April 15.—Crop conditions in the northwestern region are favorable, according to information received from all sections by The Northwestern Miller today.

HON. T. W. CROTHERS BETTER

OTTAWA, April 15.—Hon. T. W. Crothers, minister of labor, who has been seriously ill for some weeks with typhoid, and had a relapse two days ago, is reported tonight to be out of rigger.

BRAZILIAN MINISTER NAMED

LONDON, April 15.—The appointment of Sir Lionel Carden as British minister to Brazil was officially announced today. It is understood that Sir Lionel will proceed directly to Rio de Janeiro from Mexico City, to which he has just returned.

LESS WEAKNESS IN NEW YORK MARKET

Raid on Union Pacific Was Chief Feature of Trading.

FAIR BUYING POWER

Resistance to Bear Pressure Sufficient to Prevent Sharp Decline.

NEW YORK, April 15.—Pressure on the stock market was relaxed today, and while the movement was irregular there was no such appearance of general weakness as during the preceding session. The buying power was limited, but whenever the market showed signs of giving way a sufficient demand sprang up to bring about a rally. The range of prices was narrow and trading was on a much smaller scale.

The only determined effort to bring about a resumption of the decline which had been in progress most of the time for a week was made during the noon hour, when the bears raided the market, concentrating their attack on Union Pacific. Prices were forced under yesterday's low figures in many instances, but the effect of the raid was short-lived. Changes on the day with a few exceptions were insignificant.

RICHELIEU MADE SHARP RECOVERY

Stock Closed at Montreal With Net Gain After Early Weakness.

MONTREAL, April 15.—Price movements in the local stock market today were for the most part narrow and net changes at the close were small and irregular. Following the severe drop of Tuesday, New York was quiet and steady, but the general tone was uncertain and offered little to encourage buying of stocks here; with influences more or less neutral, the local market did little more than mark time.

WHEAT MARKET WAS IRREGULAR

May Option Still Strong in Contrast With General Tendency.

CHICAGO, April 15.—Increasing tightness with which the May delivery of wheat was held, tended today to make the market as a whole seem rather erratic. Closing prices were unsettled at shade off to 1/2c and 5-8c up compared with last night. Corn also had an irregular finish, varying from 1/2c decline to 5-8c advance. Oats closed the same as last night to 3-8c higher, and provisions were down 1/2c and 1/4c to 4 1/2c.

It took only a limited amount of buying to force May wheat half a cent a bushel above the topmost figure of the previous session. The effect was to cause uneasiness among sellers of the later months, notwithstanding that crop news was mostly bearish. The market became more pronounced after word was received that the big mills in the northwest were active buyers of May, influenced more or less by sharply declining receipts.

Corn Shorts Scared.

Shorts in corn received quite a scare from unconfirmed reports that vessel room had been chartered here for the shipment of 2,000,000 bushels of corn to the east. There was heavy spreading between the May delivery and the more deferred futures, especially September, which was freely sold against purchases of May. Oklahoma and Northern Texas sent reports of damage, said to have resulted from recent cold weather.

Trade in oats consisted mainly of changing from nearby to distant options. Provisions suffered severely from liquidating sales by miscellaneous holders. The only demand was that of shorts who were taking profits.

ST. LAWRENCE MARKET.

Receipts of farm produce were 300 bushels of grain and eight loads of hay. Wheat—One hundred bushels sold at \$1.01. Barley—Two hundred bushels sold at \$1.01.

Hay—Eight loads sold at \$16 to \$18.

Wheat, fall, bushel, \$0.98 to \$1.00; Barley, bushel, \$0.62 to \$0.64; Peas, bushel, \$0.80 to \$0.82; Oats, bushel, \$0.48 to \$0.50; Buckwheat, bushel, \$0.70 to \$0.75.

CATTLE MARKET ABOUT STEADY

Sheep, Lambs, Calves and Hogs Were Unchanged.

Receipts of live stock at the Union yards were 52 carloads, comprising 790 cattle, 1428 hogs, 583 sheep and 146 calves.

Trade in cattle was slow at Tuesday's decline in prices. Choice cattle were not as plentiful, but the common and medium classes were quite equal to the demand.

Stockers and feeders were in demand, as there were several buyers, some of them being Americans, all wanting to get bushel; Canadians, hand-picked, \$2.25; prime, \$2.

Beans—Imported, hand-picked, \$2.25 per bushel; Canadian, hand-picked, \$2.25; prime, \$2.

Peas—No. 2, 98c to \$1, nominal, per bushel, outside.

TORONTO SUGAR MARKET.

Sugars are quoted in Toronto, in bags, per cwt., as follows:

RETAIL GROCERS TALK OF UNION

May Become Amalgamated With Retail Merchants' Association of Canada.

OFFICERS ARE ELECTED

J. W. Miller, Brantford, President, and W. C. Miller, Toronto, Secretary.

A movement to unite the Ontario Retail Grocers' Association with the Retail Merchants' Association was started yesterday afternoon at the convention of the first named organization in the Temple Building. Its executive committee will go to the retailers armed with suggestions for union. After a conference members of the grocers' association will be asked their opinions of suggested arrangements, and if all are satisfied the union will be made.

DEMONSTRATION ORCHARDS FOR NEW BRUNSWICK.

(Special Correspondence.) ST. JOHN, N.B., April 15.—Three demonstration orchards will be established shortly by the department of agriculture in the Province of New Brunswick. French Lake, Benton and Havelock have been selected as the sites for the orchards. Work will also be continued at Westfield and St. John's. The French Lake, Benton and Havelock were started two years ago. It is planned by the department of agriculture to establish three new orchards in fresh sections yearly.

BUST OF TITANIC HERO UNVEILED AT HAGUE.

THE HAGUE, Netherlands, April 15.—Solemn ceremonies marked the unveiling today in the palace of peace of the bust of the late William T. Stead, the English writer and pacifist, who was a victim of the Titanic disaster two years ago. There was a distinguished audience of pacifists and diplomats representing many countries.

EPIPHANY MEN'S CLUB.

The Epiphany Men's Club, corner Beatty avenue and Queen street, held their annual banquet at 6:45 tonight when about 300 men of the church will gather together. Master of the evening, Archdeacon Renison of Hamilton.

PURITY ASSOCIATION.

The regular meeting of the Canadian Purity Education Association will be held in the Foresters' Building, 22 College street, tonight at 8:30. Dr. G. B. Smith will give an address, and reports from the congress at Ottawa will be given.

OFF TO THE WARS.

So far as known the first recruit for the Ulster civilian army has gone from Toronto. George Hobson, well known in local financial circles, left Toronto a few days ago for Ulster and announced to his friends that he was going to serve under the command of Sir Edward Carson.

GALT CADET CORPS RANKS SECOND IN CANADA.

GALT, April 15.—Col. Hodgins, O.C. of the first divisional area, and Major McCrimmon paid an official visit to the Galt Collegiate Institute cadets, winners of the general provincial shield at London camp, and presented rifles to the first aid corps won in provincial competition, and ranking the corps second for the Dominion of Canada. Major McCrimmon presented 26 signalling certificates. Both officers were royally entertained.

FIRE IN PICKING ROOM OF GALT MILL.

GALT, April 15.—Fire in the picking room of the C. Turnbull Knitting Mills this afternoon destroyed several hundred dollars' worth of stock, besides the damage from water poured on the blaze, which threatened to wipe out the building. The picking room is in detached premises. The factory proper sustained no injury. This is the first fire the company has experienced during many years' operation.

TOOK TEN MONTHS TO INSTALL VAULTS.

GALT, April 15.—Today the superintendent of the work of installing several huge vaults in the east wing of the federal parliament buildings returned from Ottawa, the finished contract having been duly accepted by the finance department. This, the largest commission of the kind ever executed in Canada, was given to the Goldie and McCulloch Co., and the work has occupied ten full months.

TO HOLD SPECIAL MEETING.

C.O.F. Sacred Heart Lodge, No. 201, will hold a special meeting this evening in room 4, fifth floor, Temple building, when all new members are urged to attend, as important business will be discussed. A new financial secretary has been appointed, J. J. Delaney, 26 Sydenham street.

WELLAND CANAL OPENS FOR SEASON.

PORT DALHOUSIE Ont. April 15.—The Welland Canal is open for thru traffic this morning. All lock and bridge tenders were on duty, but no arrivals or departures are reported as yet. The steamer Yorkton is expected to leave for Kingston any time now. The lighthouse will be kept lighted from now until the close of navigation.

YORKSHIRE STRIKE OVER.

LEEDS, Eng., April 15.—A settlement of the Yorkshire coal miners' strike was reached today when a ballot of the men resulted in favor of the resumption of work. The strikers, numbering 174,000, left work on April 2, demanding the introduction of a minimum wage scale.

Progressive Jones Says:

“Here is the Right Fertilizer For Lawns and Vegetables”

The most effective method of nourishing grasses and vegetables to get rich yields should also be the cleanest and handiest way. If you want these results, I say—use Harab Fertilizers.

Manures are not only offensive to handle but they sow weed seeds. Fertilize the Harab way; there is a Harab Fertilizer specially adapted for the kind of grasses, flowers and vegetables you want to grow. Harab Fertilizers are food for both land and crop.

If your dealer does not handle Harab Fertilizers write direct to the makers and send for this Harab Fertilizer Booklet which the Harris Abattoir Co. would like to send you free.
