VERSAILLES PREPARES
FOR PEACE DELEGATES

All Countries Which Declared War Against Germany
Including Siam, Haiti and Montenegro, Will Send
Delegates—Voting Strength of Delegations Will
Furnish Big Problem for Settlement.

Paris, Nov. 20.—The City of Versailles is preparing to receive the delegates to the peace conference. The deliberations are expected to be held in the Grand Trianon part of the Chateau of Versailles, once occupied by Marie Antoinette. The waters of the Grand Canal, which also were camouflaged in order to avert airplane raids, are being restored to their natural condition. "The hall of mirrors," where William I proclaimed the German Empire, and where the peace treaty doubtless will be signed, is one of the first places to be made ready to receive the plenipotentiaries. M. de Notche, conservator of the palace, is in charge of the preparations. The practical details of the congress, such as the countries to be represented, the size of the delegations and the voting strength of the countries, are the subject of much discussion in diplomatic quarters. It is the general belief that the countries to be represented will include all which declared war against the central powers, and those states which were formed as a result of the war, the Czecho-Slovaks and the Jugo-Slavs.

Besides Japan, the eastern countries will include Siam and China. The presence of China probably will have a bearing on the future of Kiaochow, which has undergone a change since China declared war on Germany, thus canceling the lease whereby Germany held Kiaochow before Japan occupied the port at the outset of the war. The size of the delegations doubtless will be left to the various countries, but voting strength will not be dependent upon the size of the delegation; however, the same voting strength for all countries is considered open to objection, as giving Haiti, Montenegro and countries of that size the same strength as Great Britain, France, the United States and the other great powers. "These are among the practical details which will be adjusted before the sessions are opened. After the adjustment among the allies, it is probable that the representatives of the central powers will be called in for the arrangement of preliminaries. It is expected that all the central powers will be represented, for while armistices were separately signed with Germany, Austria, Bulgaria and Turkey, it is not anticipated that separate congresses will be necessary. It is believed that the final conclusions will be embodied in two treaties, the first one to be concluded early covering the essentials, and the second covering the larger general questions after a more thorough discussion.

PLANS TO SETTLE
SOLDIERS ON LAND

Meighen's Scheme, Presented to Conference of
Premiers, Provides for Small Payment Down
and Loan to Provide Accommodation.

Ottawa, Nov. 20.—Provinces other than the prairie provinces have specifically defined their attitude in regard to the transfer of western natural resources. In a memorandum which they submitted to the interprovincial conference this afternoon, they requested that in the event of natural resources being transferred by the Dominion Government to prairie provinces, other provinces be given additional subsidies from the federal treasury. The question now lies before the Dominion Government for decision. The memorandum was drafted at a meeting of provincial premiers preceding the regular sitting of the conference. Hope had been expressed that all the provinces would agree on a common basis for submission to the conference. This course was not adopted, however, and following the submission to the conference on behalf of Ontario, Quebec, Nova Scotia, New Brunswick, Prince Edward Island and British Columbia, delegates claim that they should receive from the Dominion Government the railway belt land in that province with retention of their subsidy in lieu.

of deferring of interest for a short time. In addition the scheme provides for a further loan of \$1,000,000 to the soldier, by reason of the development of his property, is in a position to offer security for it. The general aim of the scheme is to assist the returned soldier to purchase a farm and to set him up in business. Plans for Soldiers. Mr. Meighen recounted the work already accomplished in this direction by the soldiers' settlement board created last session. He said that the board had been aggregating \$1,239,680 had been approved. Some 162 loans were under consideration. Since completion of the settlement regulations, 275 soldier entries had been granted. "The limitations under which the board has operated from the point of view of available and suitable Dominion lands," Mr. Meighen went on, "have been greater than were anticipated. The board is convinced that there are not sufficient areas of available Dominion lands left, to enable a scheme of soldier settlement to be carried out, adequate to the anticipated requirements of those soldiers who will desire to settle upon Canadian lands, and who will be, with or without special training, reasonably qualified to do so." Plans for Training. Plans were also outlined for giving a great training to returned soldiers. In development of the general land settlement scheme it was suggested that a federal board be created, comprising the minister of immigration and a representative from each province. The further suggestion was made that a social welfare should be established in connection with the department of immigration and colonization. It is expected that the conference will conclude its work tomorrow afternoon. Hon. Frank Carvell, minister of public works, is presiding.

LUXEMBURG ENTERED
BY AMERICAN DIVISION

Holiday Proclaimed by Inhabitants
to Mark Big Event.

American Army of Occupation, Nov. 20.—Swinging northward from Metz the American first division crossed into Luxembourg just before noon today, entering Esch, a mining town of 20,000 inhabitants. The civilians expected the Americans Thursday, but when the vanguard appeared the news spread quickly. The whistles at the mines were blown, bells were rung, children were excited from school stories were closed and the afternoon was proclaimed a holiday. In the store windows and public buildings along the principal streets there were pictures of President Poincare and President Wilson, Marshal Foch and King Albert.

ENORMOUS FOOD SUPPLIES
Found in Kaiser's Castle

Copenhagen, Nov. 20.—According to Berlin advices enormous stores of foodstuffs were found in the castle of the German ex-emperor in Berlin. A member of the soldiers' and workmen's council is authority for the statement that there was a great variety of foodstuffs found, the value of which normally would be several hundred thousand marks.

TO WAR CAPTIVES

Over Three Thousand British
Prisoners Reported
Dead.

London, Nov. 20.—A "white paper" on the treatment of British prisoners in Turkey, issued today, says that of 16,583 prisoners taken by the Turks, 3290 are reported to be dead, while no trace can be found of 2222 others, and it is believed they have perished. These latter prisoners were all counted at Kut-el-Amara, so it is certain they passed living into Turkish hands, but no word has been heard from them.

Conference on Reconstruction

Franco-Belgian Losses.

CANADA NEEDS HOUSES

Rochester, N.Y., Nov. 20.—Belgium will need raw materials, machines and railway equipment; France will need a million plows and other agricultural machines, and England and America and all the other nations which have been opposed to Germany will need tens of thousands of houses. These, in brief, were the immediate construction needs of the principal allied nations as stated by their representatives here tonight at the opening session of the National Municipal League conference on reconstruction. Belgium's loss from German occupation was placed by Prof. Paul Van Denven of the Belgian Embassy at between four and six billion dollars. The nation has plenty of labor, he said, but looked to America for machines and raw materials. Lieut. Maurice Boyer, of the French high commission, estimated that six hundred million days of labor would be required to reconstruct the devastated portions of France, whose losses from German occupation he estimated at ten billion dollars. It will take two years to rehabilitate the coal mines for working, he said, and 1,510,000 cattle taken from French farms must be restored. Thomas Adams of Ottawa, Canada, declared that Canada would have to build 30,000 houses, England 47,000 and America 250,000 houses annually to meet the demands for homes.

BRASS BAND AND SWORDS
FOR TROOPS IN SIBERIA

Word reached Toronto last night that Brigadier-General H. C. Blokford, C.M.G., commander of the infantry brigade of the Canadian expedition to Siberia, is now homeward bound from Victoria to Toronto. To relieve the monotony of winter life in Siberia a military brass band is being sent from Toronto district to Russia to entertain the Canadian troops. If any difficulty or delay is met in organizing this band, the military plan to send to Russia the band of the Canadian railway troops, which will be able to do this because of the other members of the railway corps being demobilized. Swords, it is also announced, will be worn by the officers of the Canadian force in Siberia. The reason is that the authorities expect a "show" of force will have a great effect in calming Russian conditions.

HOMAGE PAID ALLIES
BY FRENCH CHAMBER

President Wilson Named in
Motion of Having Deserved
Well of Humanity.

Paris, Nov. 20.—The chamber of deputies this afternoon at the opening of the sitting paid homage to President Wilson. The motion was introduced as "having well deserved of humanity." The same honor also was rendered to the allied nations and their chiefs. Rene Renoult, president of the parliamentary army committee, made an eloquent speech in recommending the adoption of the motion, which was voted unanimously and amid the greatest applause.

TO MOVE PROHIBITION
AT PEACE CONFERENCE

Suggestion Made at Columbus
Meeting to Further Crusade
Against Saloons.

Columbus, O., Nov. 20.—The peace conference as a means of spreading the prohibition movement into countries as yet untouched by anti-saloon forces was advocated here tonight at the worldwide conference on prohibition, being held under the auspices of the Anti-Saloon League of America. Rev. P. A. Baker, national superintendent of the league, addressing the meeting, said that "somehow prohibition sentiment must make itself felt at the peace table," but he did not indicate just what means might be adopted to further the purposes of the organization. William Jennings Bryan declared the sale of intoxicating beverages on the continent of North America is nearing its end rapidly and that when the United States and Canada officials of other nations should be invited here to note the results, which, he believes, will be most convincing and effective in some advancement of the conference's aim of international prohibition.

BOLSHEVIKI IN VIENNA
PLACED UNDER ARREST

London, Nov. 20.—Several hundred persons have been arrested in Vienna on charges of conspiring with the red guards to proclaim a Bolshevik government, according to advices received by the Exchange Telegraph Company. Besides, the aviation barracks and other buildings would relieve the pressure of hospital accommodation.

OVER 800 MEN DISCHARGED

Ottawa, Nov. 20.—The order disbanding the civil section of the military police, composed of from 800 to 900 men, who have been engaged in rounding up defaulters under the Military Service Act since the act went into force, is now being issued, to all branches from militia headquarters. The men will be given 15 days' extra pay on the day of their discharge.

Three Days of Sweeping Price Reductions in House Furnishings--Today, Friday and Saturday

Furniture, Draperies, Floor Coverings, Wall Papers, and Pictures, All Included in the Great Bargain Giving Event--Buy for Christmas Gifts--Buy for Home Use

Doubling up of stocks, due to uncertain conditions, is the reason--in some instances goods have been tumbling into the receiving rooms the past ten days, which have been on order for six months to two years. A great deal of these goods, practically given up, as lost, had been replaced as best we could--now comes the avalanche.

With these unusual conditions, unusual remedy is necessary, so for three days there will be a carnival of bargains that should delight the hearts of those who have been going slow on housefurnishings the past four years, or of those who want to give good, practical gifts for Christmas. These excellent bargains for today will give an inkling of the great savings. Come in the morning, if possible.

Embroidered Pillow Cases, Gifts to Delight the Housewife's Eye

They are of fine Irish cotton, linen finished, and are made in the regular envelope style, with scalloped flags and edges--the flags gracefully embroidered, a square for monogram being left. The price, per pair, is but \$2.95.

Other styles of Japanese patterns, with hemstitched or scalloped ends. Still others show charming touches of hand-drawn work, at the ends or in the centre. The prices range from a pair, \$1.40 to \$1.75.

Comforters and Blankets, Cosy and Attractive

The "Indian" blankets of such well-deserved popularity are to be had in dozens of effective patterns and colors, strongly in evidence being navy designs. Of thick cotton, closely napped to resemble wool, they are excellently light and warm; double bed size. Price, \$8.50.

Household Linens Which Would Prove Welcome Gifts

Extremely handsome are some Table Cloths and Napkins of fine linen damask--made in Ireland. The cloths have plain centres with graceful border designs--of either broad circular bands and spots, or rambling roses. Moreover, the value is quite exceptional, since they were purchased a year ago and are priced correspondingly. The cloths measure 2 x 2 yards; the napkins, 24 x 24. Price, per set, \$17.25.

A gift which escapes the commonplace, yet is eminently practical--that is what one aspires to, but finds so hard to achieve. These little luncheon cloths, however, meet the case ideally. Of fine Irish linen damask--exquisitely patterned in dainty designs of chrysanthemums, scrolls and bands. They have deep hemstitched hems and come in sizes suitable for the luncheon table. Size 45 x 45 in., price, \$2.80; and 54 x 54 in., price, \$3.95.

Guest Towels of fine unbleached cotton, with fancy damask ends and borders, with space for monogram at one end. Size 14 x 21. Price, per pair, 65c.

Cotton Huckaback Hand Towels, so well finished that they are almost undistinguishable from linen; have delicate damask patterns and hemstitched ends. Size 20 x 38. Price, per pair, \$1.45.

Bath Towels of thick white Turkish toweling; measures 23 x 40, and are priced at, per pair, \$1.20.

Doilies of fine Irish linen, delicately hand embroidered in Shamrock pattern, and edged deeply with Irish crochet lace--would make really exquisite little gifts, and are surprisingly moderate in price. They are old stock, purchased from a well-known Irish firm; 10 inches in diameter. Price, each, \$1.00.

Distinctive Bureau and Dressing Table Scarfs of heavy linen, with deep borders and ends of handsome imitation flax. Price, per scarf, \$1.00.

Extremely effective and very good value. Size 18 x 36, price, \$1.75; 18 x 45, price, \$2.00; 18 x 45, price, \$2.50.

TWO LIEUTENANTS DIE FROM WOUNDS

Lieut. G. Mayne, M.C., and Lieut. G. C. Cornwith Succumb to Injuries.

Lieut. G. R. T. Mayne, M.C., who thru shell wounds on Nov. 7 lost his left arm, is reported to have succumbed to his wounds on Nov. 17. His wife was permitted to spend ten days with him in France. Word of his death was received by his father-in-law, J. T. Brooking, 29 Aldwych avenue.

Lieut. George C. Cornwith, 34th Battalion, has died of wounds received in action. Lieut. Cornwith, whose parents reside at 58 Wroxeter avenue, enlisted as a private and won his commission in France.

Sgt. Arthur W. Youell, M.M., who graduated from the School of Science in 1911, is reported to have died overseas in hospital. He won the Military Medal at Passchendaele while serving with the artillery.

Pte. Frederick W. Wardle has died of pneumonia, according to word received by his wife at 183 Blake ave-

CHARGE OF RAPE; BANKER ACQUITTED

Acting on instructions from Chief Justice R. M. Meredith at yesterday's session of the criminal assizes the jury returned a verdict of not guilty in respect to the charges of rape preferred against W. R. Travers, ex-manager of the defunct Farmers' Bank. The judge stated that there was no evidence on which to base a conviction. There was evidence, said his lordship, that the woman, Mrs. Alice Hiltzman, had gone to the Travers apartments for the purpose of having relations with Travers.

The date of the alleged attempted offence, according to witnesses, was Nov. 9. Mrs. Hiltzman in evidence stated that she bought some furniture from Travers, and that from that time on the prisoner had pestered her with his attentions. On Nov. 8 she received a letter from the prisoner demanding money. She immediately communicated with the detective department at the city hall. She and they collaborated together to trap the prisoner. She held a telephone conversation with Travers and the detectives "listened in." Travers asked her to go to his room. Later she and the detectives went to the prisoner's chambers. Finding that the

prisoner desired her to remain she turned to leave. He then attacked her and the detectives entered the room.

Plaintiff's evidence, and stated that he had gone along to find out why the prisoner demanded money. He was unprepared for the attempted assault upon the woman. Cross-examined by Crown Attorney Agar P.C. Ward stated that during the telephone conversation Mrs. Hiltzman had spoken of a former visit to the prisoner's apartment.

"You knew, did you not," said A. W. Roebuck for the defence, "that in asking the woman to go to the prisoner's chambers you were sending her on an immoral errand?"

"No, I did not," replied the detective.

SOLDIER-JOURNALIST CALLED TO THE BAR

Among those who will be called to the bar at Osgoode Hall today are Lieut. Fennel B.A., Toronto University, and Pte. J. P. C. Whalley of the O. T. C. Whalley graduated from Queen's University in 1913 and later edited The Peterboro Review. He is a brother of Thomas W. Whalley, proprietor of The Pembroke Standard.

Surveyor's Riddle: "When Is a Chain Not a Chain?"

The case of Purity Springs v. the Municipality of Toronto is being continued today before Mr. Justice Lennox. This is an action on the part of the defendant company to recover property on the west bank of the Humber in the vicinity of Bloor street now held by the City of Toronto.

T. G. Lemay, surveyor in Toronto, was the last witness called yesterday afternoon to give evidence. He pointed out that in the early thirties when the Hawkins plans were drawn up the surveyors used what was known as a link chain, which differed materially from the chain now in use, which was practically a steel tape. The witness quoted several instances showing discrepancies which might arise between the evidence of surveyors of 1918 and that of those of 1834. He himself had measured distances of say, 75 or 77 chains in which the Hawkins notes for the same number of chains had shown additional lengths of many chains. In one case the witness had measured a certain distance as 75 chains, 30 links; in the Hawkins report the same distance was shown as 75 chains and 98 links. The Hawkins report, said the witness, showed a discrepancy of ten chains from the findings of present day surveyors.

VERDICT IS REVERSED IN WABASH RAILWAY CASE

Mr. Justice Rose, yesterday at Osgoode Hall reversed the verdict of the jury under Mr. Justice Britton, in the case of Follick v. The Wabash Railway, in which the plaintiff had been awarded damages amounting to \$3000, in respect to an accident in which the plaintiff had been knocked down and injured by an engine of that railway. The evidence, said Mr. Justice Rose, was insufficient. The plaintiff who lived at Bridgeburg, was a section foreman at that town, and his counsel claimed that had the train which ran plaintiff down stopped before crossing at the point where there was no interlocking system, there would have been no accident.

FOUND DEAD IN FIELD.

Brantford, Nov. 19.--Having been missed from his home since morning, the body of John Durcan, a well-known local restaurant owner, was discovered early in the evening in a field in West Brantford east of the C. E. and N. railway tracks. He had been dead some hours, it is believed he had an attack of heart trouble while out for a walk this morning.

RED CROSS CONTRIBUTIONS FROM CIRCULATION MEN

The Canadian Red Cross Society has received, thru W. J. Darby, circulation manager of The Mail and Empire, \$200, which is the amount apportioned to the Canadian organization from an aggregate of \$500 donated for American and Canadian Red Cross purposes by the International Circulation Managers' Association, the above contribution being voted at their annual convention held last June in Washington, D.C.

Sons of Temperance Rally for Referendum

Sons of Temperance delegates from the local divisions attended the 69th annual meeting of the grand division, which opened at the W.C.T.U. headquarters yesterday. J. M. Walton, G.W.P. of Aurora, presided. In his annual address he declared that the Ontario Temperance Act had been a success, and recommended that the local divisions be called upon to organize immediately and to fall in behind the committee of one hundred in preparation for the referendum on the continuance of the prohibitory law.

Nov. 20.--On May 24, 1917, in effect of preventing an exodus of persons likely to be by the M.S.A., the government a regulation providing between 18 and 45 desiring use first secure a permit their departure. As this imposed some hardship on the public, and as the possibilities seem to render the further enforcement of the regulation the same, and people are to leave the Dominion before the outbreak of war.

Hon. Dr. Cody Gives Address at Technical School Commencement Exercises.

DOMINION SHOULD HELP Its Reconstruction Program Should Include Financial Help to Provinces.

The auditorium of the Toronto Technical School was filled last night, the occasion being the annual commencement exercises. Dr. McKay, the principal, was absent thru illness. The chair was occupied by George Bridson, chairman of the industrial advisory committee of the board of education.

The speaker expressed the opinion that a well-balanced education was necessary for the reconstruction program. Practical training and book learning should never be divorced. He explained the different kinds of schools that made up the provincial system—elementary, secondary and technical.

The financial aspect of the new education came in for a share of talk. "The people of the province must make up their minds if they want technical education without money, but the people of the province should not have to bear it alone."

Special Loan Committee Begins Sittings Today In accordance with the announcement made at the last session of the legislature, the special loan committee appointed at that time will commence its sittings at the parliament buildings this morning.

YORK COUNTY AND SUBURBS

DANFORTH

New Roadway Completed. Practically the last piece of roadway under the jurisdiction of the York County highways system to be completed this season was that portion lying immediately east of the city limits on Danforth avenue, and extending from the civic car line terminus to the diversion at the Kennedy road, a distance of approximately three-quarters of a mile, and which was finished yesterday.

First Car Over Viaduct. At four o'clock yesterday the first street car passed over the tracks of the new viaduct, from Broadview to the head of the new roadway east of Parliament street, loaded with ballast for the grading of that section.

Speaking of the insufficient service to Toronto by the express companies, Harry Newman pointed out that there is a better service by the companies in Leslie than in the congested sections of the city. D. Hinds, West Toronto, stated that they would not answer their telephones during business hours, on the plea that they were "too busy," and the parcels for delivery were being piled up.

Earls Court. Nearly all of the Earls Court churches are making plans to have Christmas trees or Santa Claus this year, and special services are being made for Sunday schools. The idea started in Sunday schools, and found a ready sponsor in the Earls Court and Fairbank districts.

TODMORDEN

Methodist Ladies Meet. A well attended meeting of Don Mills Methodist Church Ladies Aid Society was held at the parlour yesterday afternoon. Mrs. J. Taylor, president, occupied the chair. Plans for the winter work were discussed, and a program outlined.

Upwards of twenty detached dwelling houses in Leaside, the property of the Leaside Munition Works, which were partly finished and left standing at the outbreak of war, are now being rapidly completed.

RIVERDALE

SCHOOL ATTENDANCE NORMAL.

The attendance at Queen Alexandra School, Broadview avenue, is now normal. Only one death occurred during the influenza epidemic. The average number of children attending the school is 1000, with a teaching staff of 22. There are two teachers still away thru illness. John Wallis is principal of the school.

The Dunlop Rubber Company's employees were welcomed last night at St. Paul's Avenue Baptist Church, where a three weeks' evangelistic rally is now taking place. Gospel solos were rendered by Mrs. Torrie and an address delivered by Evangelist Torrie.

PUPILS ESCAPED "FLU."

All pupils are back at Pope Avenue School, and also many were ill with the influenza, no deaths took place. Many children, however, lost their parents, according to W. N. Colvin, principal.

EARLS COURT

PREPARING FOR CHRISTMAS.

Nearly all of the Earls Court churches are making plans to have Christmas trees or Santa Claus this year, and special services are being made for Sunday schools. The idea started in Sunday schools, and found a ready sponsor in the Earls Court and Fairbank districts.

The action of the board to muzzle criticism, said Harry Newman. D. Hinds pointed out that Ward 7 ratepayers were notified that they could only use the school until next January, and held in West Toronto. The ratepayers, A. Hanna and J. R. MacNicol also spoke against the closing of the public schools to ratepayers' meetings.

LEASIDE

Upwards of twenty detached dwelling houses in Leaside, the property of the Leaside Munition Works, which were partly finished and left standing at the outbreak of war, are now being rapidly completed.

Judge Winchester sentenced Clarence Williams yesterday to one month in jail for stealing six cases of salmon.

Take Your First Step Toward Your Own Home. By calling on us for very important information to-day. We have a most desirable homesite for you in the popular Danforth-Woodbine section. This section, already served by Danforth cars, will be greatly sought and bought when centralized by the new Bloor Street Viaduct car service. In this district, around our homesites, 150 new homes have been built this year. You will have good, thrifty neighbors. \$10 Down, Balance \$5 Monthly, will secure a beautiful spot to build your home on Woodbine Avenue or Lowther Park in the eastern section with the highest advantages and lowest prices. TELLS HOW HE STRUCK GUNMAN IN THE FACE

George G. Proctor, 14 Gough avenue, the man who was largely responsible for preventing the get-away of Frank McCullough, who shot and killed Detective Williams on Tuesday night, told the World last night. He said in part: "The World last night. He said in part: 'I was standing at the corner of King and Bathurst streets waiting for a car shortly after six o'clock when I heard four shots, and saw two men run out of the livery stable and run west on King when another man came out of the livery about two minutes later. I rushed to the north, Alderman Brook Sykes, his wife, and little girl are all confined to their homes with the complaint. Mr. Sykes had only recently recovered from an attack of neuritis when he was stricken with the flu.'"

POSSIBLE OPPOSITION TO HYDRO INTERESTS

Leaside Munitions Company Run Power Lines Across City Streets. The Leaside Munitions Company started yesterday to erect poles on Shaftesbury avenue, crossing the city streets and the hydro lines and possibly tapping T.E.L. current. The authority for the work is said to have been given on a temporary basis by Sir Henry Drayton, power controller. Mackenzie power may be carried on this line, and rumor has it that it is being acquired by Leaside industries in opposition to the hydro. The city council has never consented to the project, but the work is being continued. As the order was given after the armistice was signed it cannot have been promulgated as a war measure. City Solicitor Johnston, interviewed by the World, stated that the city can take action if the line has not been ordered under the War Measures Act or with the order of the board. "But now that the war is over I don't see why the line should be placed there under the War Measures Act, if that is what has been done," he added. While nothing authentic could be ascertained, rumor has it that Works Commissioner Harris left for Ottawa to consult Sir Henry Drayton about details of the order permitting the pole line. In some quarters the commissioner is represented as being satisfied to have the line go on, with the protection of the order under the War Measures Act. The city solicitor's hands are tied until the return of the works commissioner from Ottawa today.

TWO LITTLE CHILDREN ARE STILL MISSING

At a late hour last night Vida Taylor, aged 10, and her brother, Eddie, aged 7, were still missing from their home at 206 Logan avenue, from where they disappeared Monday morning. The children were last seen by C. W. Spink, who owns a boathouse at the foot of Leuty avenue. When interviewed by a reporter for The World last night Mr. Spink stated: "I found the children in a telephone booth, which I kept at my boathouse, on Monday afternoon. They had the floor of the booth bedded with sucking, and they had in a regular store of food. I asked them what they were doing there and they said they intended to make the booth their home, and when I looked over their outfit I found that they had even supplied themselves with a small express wagon. I was afraid they might put the boathouse on fire, so I told them they could not stay. The last I saw of them they had packed up their goods and were walking west on the lake shore."

BULGARIAN ACQUITTED IN MURDER TRIAL

Jury in Hamilton Case Was Only Out for Forty Minutes. Hamilton, Nov. 20.—After being out for 40 minutes, the jury tonight returned a verdict of not guilty in the murder trial of George Markoff, the Bulgarian charged with the killing of his friend, Tomo Georgeff, also a Bulgarian. Chief Justice Sir Glenholme Falconbridge ordered the prisoner to be set at liberty, and as Markoff stepped out of court a free man for the first time in eight months, he was immediately surrounded by a number of his countrymen, who had attended the trial during the past two days. Circumstantial evidence featured the case through, and it was evident from the first that the police were at sea. Violet Moore, convicted of having stolen a dress from the house in which she was boarding, fainted in Judge Winchester's court yesterday. A further charge against her was adjourned a week.

R.A.F. ANNOUNCES FLYING OPTIONAL

To Continue Flying Must
Sign Papers to
That Effect.

OFFICERS ON LEAVE

May Don Mufti, But Be
Prepared to
Report.

Royal Air Force orders which came into
effect yesterday state that R. A. F. mem-
bers who do not wish to fly will not
have to.

Any who wish to discontinue flying
can, and will be assigned to ground
duties.

All cadets or officers who wish to con-
tinue flying must sign a statement to
that effect.

The flying will, therefore, be
purely voluntary. No definite date at
which flying will be stopped has been set.
A number of R. A. F. cadets who have
completed their training in Toronto dis-
trict have been given leave of absence
indefinitely. The question has come up
as to whether these officers are free to
don-civilian clothes and to enter civilian
employment. At R. A. F. headquarters it
is stated that these officers are free to
wear civilian clothes while on leave of
absence, because it is always within the
regulations for an officer to be in mufti
when "off duty." It is also stated that
these men are not free to accept civilian
employment, because there is the chance
that they may at any time be called up
for duty.

The matter of recognition for flight offi-
cers who have remained in the Toronto
district aviation camps to be on duty as
flight instructors was brought to the
attention of the R. A. F. It was pointed
out that these officers who have done in-
structional work remained in Canada
under orders of their commanding offi-
cers, and thought some recognition in the
way of war-service badges was due them.
R. A. F. headquarters stated that very
valuable services had been rendered by
the officer-instructors who had remained
on duty in Canada, and that their work
had been of great importance. No ruling,
however, as to whether these instructors
or cadets injured who are granted leave
to receive special recognition from the Cana-
dian or imperial authorities had yet
come to hand. The officers retained in
Canada to be instructors for cadets in
training amounted to about 10 per cent
of the officers who completed the R. A. F.
course. They were retained in Canada
because they had shown special capabil-
ity as instructors.

Announcement was made that officers of
the R. A. F. who are granted leave from
the force will receive three months' post
discharge pay.

Because the residents in the vicinity of
Jesse Ketchum School are anxious that
the school be returned to the city by the
R. A. F. for school purposes, it is likely
that the transfer of the possession of the
property back to the board of education
will soon take place. In this connection
R. A. F. men now using the school build-
ing will likely be transferred to the Long
Branch camp. The R. A. F. is using
Jesse Ketchum as a barracks for head-
quarters' clerks, and disciplinary men,
and for quarter-master stores, and as a
discharge depot for air mechanics and
cadets.

"CANNIBALS OF THE SOUTH SEAS."

"Cannibals of the South Seas," Mar-
tin E. Johnson's wonderful cinema pro-
duction, opens at the Grand Hall Sat-
urday evening for a seven day
run. The New York Morning
Sun says in part: "The very acme of
perfection in the drama which can be
accorded to the beautiful camera work,
and scenes of tropical luxuriance
eclipse any photoplay ever shown in
this country. This sensation is just-
ified by the overwhelming splendor of
coral reefs, cocconut groves, brilliant
sunsets, fleecy clouds, limpid, shim-
mering waters that lure the senses with
the languid atmosphere of an en-
chanted isle. These scenes reach a de-
gree of natural beauty never surpassed,
and it is hard to believe that they are
only reflections of the photographic
lens. But it is the black, repulsive-
looking savages of these far-off islands
that attract the dearest spectators." Mr.
Johnson will deliver his famous
travel-talk at every performance.

PRISONERS BREAD FUND CONTINUES DISTRIBUTION

Subscribers to the British Prison-
ers Bread Fund will be interested in
the report from the central prisoners
of war committee that there is every
prospect of early repatriation. Never-
theless as is pointed out by this com-
mittee, and also by Fane Sewell, sec-
retary-treasurer of the British Prison-
ers Bread Fund, food must not be re-
laxed in the keeping up of supplies.

In Mr. Sewell's own words, "There
is much to be done for the prisoners
at the end of this year at least, the
fund will be open to any help our
generous-minded and sympathetic
friends may give.

Our own Canadians will be coming
back, but we hope not quite such a
desperate condition as those arriving
in England, but in any event the
prisoners bread committee will see to
it that as far as funds permit, every
effort will be made to make them feel
we are glad to see them back again."

LIFE IN TRENCHES WITH OLD BILL

True British Spirit Shown in
Picture, "The Better
"Ole."

INTIMATE ROMANCE
Humor and Pathos of the
War Intermingle
With Fun.

The tale of "The Better 'Ole," the
acquaintance of which all good pic-
turegoers are now scrambling to make,
is too well known to need descrip-
tion in print. The film play visualizes it
in a new form.

This romance of Old Bill is just a
simple story. Its worth lies in its
symbolism. Mankind is always search-
ing for symbols to carry its thought.
Ole spells valor, Arthur spells chiv-
alry, the Hun spells barbarism, the
sky is heaven, the sea is eternity.

And the great war has its symbol to
Old Bill intromises for us, and for
millions of others, the old army that
was in being, and the new army that
rose to the call. By the laws of asso-
ciation of ideas, Old Bill has come to
stand for the war, as Tommy, and
Tommy's people, know it.

He embraces the whole British army.
Not in his outward uncouth construc-
tion, but in what he stands for—dogged
devotion to duty, unflinching humor and
unfading valor.

It is the laugh in the face of death
that wins great victories, the laugh,
not of levity, but of pride of race, the
common possession of British peer and
British peasant. Surely Old Bill stands
for this.

This adventure of Old Bill's, the ad-
venture which became his romance, is
only typical of thousands of incidents
of the great war, but it will con-
vey the message of cheer, the message
of "carry on," of the men in the
trenches to those who wait in the
homes from which Tommy has gone,
to our colonies and to our allies.

This intimate romance, modest as
it is, can bear these vital messages at
this vital moment as no other story
can today.

The wonderful cast of players sup-
porting the three men, namely, Chas.
Rock, "Old Bill"; Arthur Cleave,
"Ber"; and Hugh E. Wright, "Alf,"
includes Mary Dibley as Maggie, Old
Bill's wife; Hayford Hobbs as Jim,
the soldier poet; Lillian Hall Phillips as
Lil, his sweetheart; Alfred Davils as
the spy, and Marguerite Blanche as
Suzette.

That Captain Balmfater's play
offered really magnificent opportuni-
ties to the film producer has long been
obvious to everyone who has seen the
play, for there are many incidents
which, they cannot appear on the
stage, yet come within the scope of
the film, and fill up the interstices of
the story to the greater satisfaction of
the onlooker. This was well shown
when a private view of the new film
of "The Better 'Ole" was presented
last week at the Allen Theatre, when
the very start, when a picture of the
Three Musketeers of the olden time,
in the picturesque panoply of their
period, dissolved into the Soldiers
Three of today—"Old Bill," "Ber" and
"Alf" in the trenches, the missing de-
tails of the play were filled in with a
constructive skill which added extra-
ordinarily to the true understanding of
the story. The introduction of "the
pouch soldier" as a sort of explanatory
touches, and few could not but feel
their heart strings drawn tighter at
the sections of the film which showed
how the "whisper of war" descended
upon all British homes, from the low-
liest to the highest in the land. The
very incidents of the play all ap-
pear, amplified and emphasized; and
that the film should have as great suc-
cess as the play from which it takes
its name is as much certainty as any-
thing can be in these days of uncer-
tainty.

TRIBUTE PAID GENERAL MERCER AND HIS HEROES

Hon. Dr. Cody, presenting a portrait
of the late General Mercer to the
Queen's Own Chapter of the Imperial
Order of the Daughters of the Empire
at a notable meeting of the chapter
yesterday afternoon, paid a glowing
tribute to the Canadian corps. Espe-
cially impressive was his reference to
the field cemetery where lies General
Mercer with seventeen thousand British
comrades. Canadians, said he, were
characterized by willingness to accept
an iron discipline, by skill in the use
of modern engines of war, especially
as gunners and by implicit confidence
in their leaders. "This trust was just-
ified and increased by the evidence
given that their generals never ex-
posed their men to needless risk, that
such conditions, for returning heroes
as will cause them to still further
idealize the homeland they fought for.
One hundred and twenty-five mem-
bers of the Queen's Own were on the

Stephen v. Stephen. A motion be-
fore Mr. Justice Rose by Margaret
Stephen for an injunction restraining
the defendant, Howard Stephen, from
selling or disposing of or encumber-
ing in any way the business carried
on at 23 West Dundas street, and
from withdrawing the funds deposited
at the Bank of Nova Scotia, corner
Queen and McCaul streets, standing to
the credit of the defendant. Motion
stands over to next week at the re-
quest of counsel for the plaintiff.

William Follick's action against the
Wabash Railway Co. for \$5000 dam-
ages fails. Follick v. Wabash Rail-
way Co. Action for \$5000 damages
and costs for injuries received at Ni-
agara Junction. Judgment of Mr.
Justice Britton. Let judgment be en-
tered for the defendant, the Wabash
Railway Company, dismissing the ac-
tion, but without costs. Fifteen days' stay.

The first appellate court dismissed
the appeal of the Toronto Hockey Club
v. Ottawa Hockey Association. The
appeal was from the judgment of Chief
Justice R. M. Meredith, the trial judge,
who dismissed with costs the Toronto
club's action against the Ottawa
Hockey Association. The chief justice
of Ontario, in his judgment, says: "I
am of the opinion that the leaving of
the 22nd Battalion for overseas altered
circumstances completely, and that the
defendants acted as fairly as possible,
and the judgment of the trial judge
must stand. Justices McLaren, Magree,
Hodgins and Huggins concur in the
judgment of the chief justice.

BLIND CONTRIBUTIONS TO CITY HOSPITALS

After hearing a deputation consist-
ing of the board of trustees of the
Hospital for Sick Children, the board
of control yesterday favored making
a grant to that institution to help
meet the deficit of the hospital, which
amounts to \$89,000 up to Sept. 30, and
instructed Finance Commissioner
Bradshaw to make arrangements to con-
tribute to the hospital officials as to the
amount of the grant. Controller Mc-
Bride suggested a report showing how
the deficit was due to caring for city
patients.

Mayor Church read a statement to
the effect that 4500 Toronto children
had been treated at the hospital during
the past year, and that the deficit
was due to city patients.

Finance Commissioner Bradshaw
said that the hospital had no infor-
mation. In the past year from year
grants had been made to hospi-
tals "in a blind manner." No money
had been placed on the estimates this
year for hospital grants.

Securing Better Service From Toronto Street Railway

In an effort to secure better service
from the Toronto street railway, As-
sistant City Solicitor, the trial judge,
the board of control yesterday as-
sailed:

"In my judgment the fact that the
company is entitled to the first
imposing a penalty is not any reason
why additional penalties should not
be visited upon it; and if, as I be-
lieve is the case, the company has
done nothing further to obtain 2000
new cars ordered, I see no reason why
this circumstance should not be
pointed out to the city of appeal and
endeavor to secure a further penalty
from the board," said the mayor.

SOCIETY

Conducted by Mrs. Edmund Phillips

Sir Henry Babington Smith, acting
high commissioner in Washington,
D.C., arrived in Ottawa and was the
guest for a few days of His Excel-
lency, the Duke of Devonshire, who
entertained at dinner in honor of Sir
Henry, when the other guests includ-
ed Sir Thomas White, Hon. J. S. Mac-
Lennan, Hon. Edgar N. Rhodes, Sir
Joseph Lavelle, Mr. H. D. Thomson,
Mr. Charles A. Magrath, Mr. Arthur
Sladen, Colonel the Hon. Harold Hen-
derson, Lord Richard Nevill and Capt.
Clive.

The Hon. the Premier of Ontario
and the Hon. G. Howard Ferguson are
at the Chateau Laurier, Ottawa.
A successful patriotic luncheon was
given in the Pompeian room at the
King Edward yesterday by the Park-
dale branch of the T.W.L.A. Mrs.
Magann, the president of the Parkdale
branch, presided. Lady Hendrie sitting
at the head table with Mrs. Magann.
Among others present were Mrs. Bun-
dy, president of the Liberal Club; Mrs.
H. D. Warren, Mrs. Ballantyne, Mrs.
Poplar, Mrs. Willoughby Cummings,
Mrs. Stevens, Miss Thorsbith,
Miss Malaval, Mrs. Edward Pau-
quier (Ottawa), Mrs. Robertson (Vic-
toria, B.C.), Mrs. William Beardmore,
Mrs. Ralph King, Mrs. Plumtree, Mrs.
Gilbert, Mrs. Gordon Osler, Mrs. H. S.
Osler, Mrs. McCarthy, Lady Mann,
Mrs. Charles Tempie, Mrs. Gerald
Boutin, Mrs. Paine, Miss Beatrice
Kerr. Mrs. Schuyler spoke on the
needs of France, where she has spent
much time since the beginning of the
war. She was introduced by Mrs.
Magann, and the vote of thanks to
the speaker was proposed by Mrs.
Ballantyne. The flowers on Mrs. Ma-
gann's table were sent to her by the
nuns of Loretta Abbey. The 450
present were much interested in the
speech and incidentally enjoyed a
very good luncheon.

The board room of the education
building, College street, was lent to
the O.E.R. Chapter, I.O.D.E. yester-
day for its monthly meeting and un-
veiling of an honor roll, the ceremony
being performed by Lady Pellatt. The
Mrs. Boyd was in the chair and
commenced the meeting with the
Daughters of the Empire prayer. A
portrait of the late General Mercer,
given to the chapter by his sister, was
presented by the Hon. Dr. Cody, who
spoke at some length. Prof. Law also
spoke. The chapter was in accord with
the Union Jack and the Canadian ensign,
and the table was decorated with a
large brass bowl filled with exquisite
yellow and russet chrysanthemums,
the roll of honor being covered with
a silk Union Jack. The chapter was
well represented, fully 200 members
being present.

Mrs. Maurice Lungard sailed yester-
day for Canada and cabled the
news that her husband, who was in the
last week, slowly recovering from se-
vere wounds had been granted a com-
mission in the overseas forces. He has
a commission in the 10th Regi-
ment, but volunteered and went to
France with a draft for the 75th
Battalion, which was nearly wiped
out in France.

Mrs. A. B. Campbell received yester-
day for the first time since her
marriage at 29 Grove avenue, with
her mother, Mrs. Featherstonehaugh.
The pretty bride wore her wedding
gown of ivory Limerick lace and satin
and carried an armful of pink roses,
her mother being in his handsome gown
of black and white silk with diamonds
and a corsage bouquet of violets. The
tea table, arranged with a Madeira
embroidered cloth inlet with real lace
was centered with the wedding cake
surrounded with silver vases of small
mauve chrysanthemums. Mrs. Cut-
bert Pack and Mrs. George Ludlow
poured out the tea and coffee, assisted
by Miss Hamilton, Miss Esther Den-
son, Mrs. Cockin, Miss Jessie Feather-
stonehaugh, Miss Helen Denison, Miss
Helen Skey, Miss Bessie Hibbs, Miss
Mrs. John Dick, Cobourg, is in town
staying with Mrs. Goodman.

Mrs. D. B. Hanna was the tea
hostess at the Women's Club Associa-
tion yesterday at the musicale assisted
by Miss Jean Hanna, Miss Eric Shep-
herd, Miss M. Dignan, Miss L. Dignan,
Mrs. W. B. Hanna, Miss G. Wat-
son. Mrs. Weatherall arranged the
musical program, the following art-
ists taking part: Miss Margaret
Martin played the piano, Mr. Peter
Kennedy accompanying the violinist,
Mr. Kalamos Jastam, Mrs. W. J. Hem-
ming singing several times.

Christmas Gifts Needed For Disabled Soldiers

The opening meeting for the sea-
son of the Speranza Musical Club was
held in the studios of the honorary
president, Miss Hope Morgan, yester-
day afternoon. A well executed
program was given, those taking part
being Miss Kathleen Skey, piano
solo; Miss Adeline Vigean, violin num-
bers; Miss Lois Poison, piano, and the
vocal selection, "Lo, Hear the Gentle
Breeze," by Miss Helen Simpkins, with
flute obligato by H. Lye and Miss
Morgan at the piano. The highly
artistic interpretation and musical
sopranos of Miss Simpkins called out
enthusiastic applause and an insistent
recall to which she responded.

Mrs. Yankington, who was intro-
duced by the president, Mrs. W. G. A.
Lambe, spoke, briefly thanking the
members for two pianos presented to
the military hospitals and for their
many concerts given the men. She
also asked for Christmas gifts, a re-
quisition having been sent to the
Christmas remembrances for 3000 ad-
ditional men.

Women's League Appeals To Women's Patriotism

At the fortnightly meeting of the
executive of the Women's Patriotic
League the report of the supplies of
food and clothing sent out during the
influenza epidemic were read. The
report also went on to appeal to the
patriotism of the women that they
may support made-in-Canada toys
when buying for Christmas.

Women of Canada Doing Good Work for Soldiers

Sir John Hendrie presided at Con-
vocation Hall last night when Lieut.
John Arnold of the Canadian Field
Comfords Commission, who has been
associated with Captain Mary Plum-
mer at the headquarters of the com-
mission in England, gave an interest-
ing account of the work done thru the
commission in England and France.

Lieut. Arnold said magnificent was
not too big a word for the work of
the women of Canada. She had re-
cently been as far as Victoria, and
was soon to visit the east, and every-
where she was amazed at what had
been done. The Canadian soldier, she
said, as far as comforts were con-
cerned, was better looked after than
any fighting soldier in the war. The
100,000 men of the Canadian fighting
unit were the spearhead of the 2,000,
000 of the British.

In her report Miss Arnold told of
over eighteen million cigarettes and
over thirty million miscellaneous
comforts that had been handled by
the Canadian commission. Miss Ar-
nold made an appeal for more gener-
ous supplies for the men overseas
who are now entering upon a most
trying time both in garrison towns
and as occupation troops.

THURSDAY MORNING, NOV. 21.

Tomorrow Night's Celebration.

An unwonted occasion certainly it must be for the first time in a hundred years induces the governors of the great States of New York and Ohio to pay an official visit to the Province of Ontario. Hon. Charles H. Whitman and Hon. James M. Cox are to be the guests of the lieutenant-governor during their visit when tomorrow evening they are to address a mass meeting in Massey Hall under the auspices of the Empire Club.

When this meeting was planned it had been feared that another winter's campaign in the great war might be necessary, and the visit was intended to strengthen the feeling of co-operation between the nations by bringing to us an assurance of the determination of our neighbors and conveying to them our appreciation of their effort. It can only be regarded with satisfaction that the occasion of the visit has been turned into one of rejoicing.

The meeting will be an historic event, and the 4000 who can be accommodated will be fortunate to be able to take part in a demonstration that has thus fortunately been transmitted from a council of war into what may well be a convention of peace in establishing still more firmly the happy relations that have so long existed with our border neighbors. It may be possible to say in the old words: "Mercy and truth have met together; righteousness and peace have kissed each other." And if it is not now, yet it shall be.

Sluggish Politics.

It is said that large bodies move slowly, but the facts are entirely against this view if we compare the methods of the United States Government in dealing with the public utility services of the country and the methods in vogue at Ottawa in their own similar field. It is possible that we have been influenced in Canada in some respects by British practice. At least there was some delay in the decision about the all-red cable. This measure was held up owing to the opposition of a Mr. Pike Pease (his name suggests reprisals which we forego), but on July 20 a resolution was passed by the Imperial war conference approving the co-operation of the various governments concerned in establishing a state-owned all-red cable.

We are not aware how many Mr. Pike Peases there are in Ottawa, but all agree with the original Briton in "receiving without enthusiasm" any proposals that mean better service for the people and fewer dividends for the interests.

The United States Government has moved with vigor and energy in all the steps necessary to the nationalization of the railways, the telegraphs, the express companies, the telephone, the cable and the radio services. Postmaster-General McMillan took over the cable systems on the 2nd inst., and declared on Tuesday that there never was a time in the history of the war which called for such close control of the cable systems.

Our telegraph systems are all hanging at loose ends instead of being linked up together into one service. The C.N.R. lines, the Intercolonial, the Prince Edward Island, the Transcontinental, the G.N.W. system should all be a single consolidated system, but the Pike Peases think otherwise and nothing is done.

The independent telephone companies' convention have just carried a resolution in favor of national ownership, and the sense of the country is entirely in favor of such measures.

In the United States there is no difficulty about getting things done, but at Ottawa government blood runs so slow and chill or there are such sluggish elements in it that delay has become the watchword instead of action.

In the United States they see that, having adopted the policy of public ownership, to make it a success they must follow the rules of the game. The political sabotage adopted towards public ownership at Ottawa is neither statesmanlike nor friendly to the people's interests.

A False Note.

Even his friends who value Canadian principles will be sorry for Sir Wilfrid Laurier's tone in alluding to the war. He spoke of it as a regrettable incident and thanked heaven it was now over and we could return to more important affairs.

This is scarcely the attitude to adopt towards the greatest war of history in which the fate of democracy was at stake, and the destiny of the world hung in the balance for four long years. It might pass in Spain or some other neutral nation, but not

A DREAM COME TRUE

In Canada where parents are mourning for sons whose blood is not yet dry in the soil of Flanders and the casualty lists have not yet ceased to come in. Sir Randolph Churchill described Mr. Gladstone as an old man in a hurry. Surely Sir Wilfrid is in too great a hurry to forget the greatest war of the world?

We were willing to respect his conscientious objection to compulsory service, but we had hoped for at least an equal respect for our conscientious objection to defeat, and Sir Wilfrid must know that when Great Britain faced defeat or compulsory service his own objection to the alternative adopted was scarcely sufficient grounds to warrant Canada choosing the course which would have helped Germany to victory.

The power of the Kaiser is crushed, he admitted, but it was compulsory service, the co-operation of all the people in France and Italy, in the United States and Britain, that crushed it. To indict the government of Canada for standing up with the four great democracies of the world in the effort to crush the Kaiser may appeal to a certain section, but not to those who see Canada's chiefest service to the world in the heroism of her sons in battling against the autocracy of Germany. It is rather an anti-climatic to be reminded by Sir Wilfrid himself that all his battles have been political.

Political Notes

Politics are getting quite interesting to our people now that the war is ended. The censorship on the press is over, or ought to be over; free discussion will prevail hereafter; and the acts of the governments and their officials and the politicians will be discussed with the greatest freedom. And the Unionist government at Ottawa, which was put in to help win the war, will be the object of very free criticism. The big and the little pots are beginning to boil in many directions; and pots that were moved to the back of the stove because of the war, have been moved up on the warmer lids.

Sir Wilfrid started in at London; Mr. Robert Rogers is here next week to be dined by his old Conservative friends; public forums are meeting on Sundays in many of our towns; and the ministers at Ottawa were never so busy as they are at this moment. All the provincial premiers are down there with pots and pans to warm up on the public stove; and Sir Thomas White is expected to generously use the public ladle in filling the pots and pans.

The war loan will soon dwindle if every one gets what he wants.

The Border City Star, the new paper for the Canadian towns on the Detroit River, thinks Sir Robert Borden ought to be on this side of the ocean at the present time notwithstanding the peace negotiations.

An Ottawa special to a paper near the Unionist administration, says parliament will soon meet, that the department is asked to get ready their estimates. In that case it is possible that the session will begin while Sir Robert is in Europe. The World believes, however, that he will be back sooner than his critics expect.

Hon. George Graham, in his Brookville paper, says that Clifford Sifton is the man behind the Unionist government, and practically selected the Liberals who were taken into it. If it would last also his; that he even named the board for the Canadian Northern. Also that Sir Clifford is going back to London to be the guiding genius at the peace conference. John W. Dufour, editor of the Sifton paper, The Winnipeg Free Press, has been named to represent the Canadian press at the peace conference. Mr. Graham even hints that Sir Clifford and Max Aitken are to have charge of Lloyd George's campaign fund. That's a pretty good bunch of news.

One enthusiastic Conservative M.P. said yesterday that there would be a thousand at the Rogers dinner next week. Mayor Church will be present and up at the top table.

The man who is getting the most knocks these days is Hon. N. W. Rowell; neither the stalwart Liberals nor Tories have any bouquets to hand him. He is the one Unionist that will surely remain by the ship, no matter what happens. But The World's information is all to the effect that the Ottawa government is one of the greatest harmony and co-operation and that they are not much concerned about politics.

The London convention and banquet demonstrated that it is going to be some job to get the Liberal party again on its feet. There was a good attendance of Liberals who supported Sir Wilfrid in 1917, but there was no rush to the mournful to the Union government. Sir Wilfrid was in fine form and capital spirits. He spoke for nearly two hours without a note, and while he said nothing of great importance, he spoke, as he always does, in a graceful and interesting way. His reference to Hon. N. W. Rowell was incidental, and probably accidental. He may have been surprised by the outburst against his former lieutenant, but he affected to be unconscious of it. The Laurier Liberals have a long knife out for Mr. Rowell, and would rather stay out of office forever themselves than help him to the premiership.

W. C. Kennedy, M.P. for North Essex, seemed to be the live wire of the London convention. He was flanked by Archie McCole of Kent and Duncan Ross of Middlesex, not to mention Wellington Hay,

THE WIFE

By JANE PHELPS

Brian Enthuses Over the War.

CHAPTER XXI.
Brian hung up the receiver, his mind in a peculiar condition. He was flattered that Mollie had misused him; yet a bit worried that she had called him. Suppose Ruth had been at home. He must warn Mollie not to call him at the house. Rachel, too, might answer and think it strange that a woman had called him. She was devoted to Ruth and probably told her all that happened in her absence.

"Mollie's a dear!" he said to himself as he often had said before. "She makes a fellow so darn comfortable."

Perhaps Brian was not so different from many other men, in that he admired a woman who made him comfortable. Most men are very sensitive to that sort of woman, and Brian was a very ordinary sort of man in most things—Ruth's belief to the contrary.

Brian's view of Mandel had not tended to make him happy. That preposterous, well-groomed man whom the war was treating with such subservience, was just the sort of man Ruth had been accustomed to all her life, and whom her aunt would have chosen as her husband had she been able. In a way, the sight of him—his evident prosperity—had made Brian more bitter toward Ruth than he had felt in a long time. Suppose this man did make love to her. Would she be able to resist him, his money?

Had he had a chance, he'd show them. Brian muttered as he started for bed. That he had all the chance anyone else had, he did not believe. It was just his luck not to get along like some fellows did.

Ruth's picture stared at him from his pillow as he prepared for bed. She looked so frankly into his eyes. There was such a sweet smile on her lips, that he raised it and pressed a kiss upon her forehead. "She's sweet," he said as he tucked it in his necktie. "I wish she liked to stay home."

Had he known that Ruth was lying awake, her eyes wet with tears because she had not heard from him, he might have felt a shade more off-putting—albeit he had thought of it—until he had something to tell her. But the excuse he made to himself, that he had been so busy, would have said that he felt so ashamed that he had spent the evening with Mollie, without a thought of Ruth, that he had not been able to write all that day. Brian was a temperamental soul. He did things when he was in the mood, or he did them not at all. But before he slept he assured himself that he would write Ruth in the morning, for if he spent the evening with Mollie he would be late, and not feel like writing.

While slipping his coffee the next morning he read the paper with more than his usual interest. That war was getting mighty interesting. It began to look as if it would last indefinitely. How he would like to get into the game! His blood tingled at the thought. What an experience! "Ain't yo' coffee des'nt mairv'lin'?" "Why yes, Rachel! I was so interested I forgot it, that's all. Please when he's not cup."

"Dog gone! but that's hot stuff!" he ejaculated as he read an account of the Tommies going over the top. "Ain't yo' coffee des'nt mairv'lin'?" "Why yes, Rachel! I was so interested I forgot it, that's all. Please when he's not cup."

"Dog gone! but that's hot stuff!" he ejaculated as he read an account of the Tommies going over the top. "Ain't yo' coffee des'nt mairv'lin'?" "Why yes, Rachel! I was so interested I forgot it, that's all. Please when he's not cup."

INHABITANTS OF METZ WELCOME LIBERATORS

Only Those of German Origin Fail to Rejoice Over Triumphal French Entry.

Metz, Nov. 20.—Every inhabitant of the city, with the exception of those of German origin, was out early yesterday in readiness to receive Marshal Pétain. The marshal made his triumphal entry together with a staff of allied officers at the head of the famous Iron Division, the 38th Division of the 20th Army Corps. Following was a long procession of Lorraine societies, and other groups, including a great number of girls in the national costume of Lorraine. This procession met the marshal at the Port de France and conducted him in triumph to the esplanade, where, surrounded by a remarkable group of generals and other high officers, he received the troops that had earned the honor of contributing to the victories of the allies on almost every battlefield of France.

The day was one of notable enthusiasm throughout the city. The air was dimmed by the light of flags, and the streets were thronged with cheering people. Bands with torches appeared as soon as the light began to fade, and jubilant processions continued gaily till midnight. The night was a brilliant display of fireworks which brightly lighted the sky, signal fuses and star shells serving as rockets, and it would be untrue to say that all Metz was gay today. A considerable number of Germans still remain here. Some of these tried to put a good countenance on the situation and join in the throngs out of doors, but their grim faces were mostly seen from open windows, peering out with suspicious mingled with interest. Those Germans that were met with in the crowds were treated with a consideration that prevented incidents.

Government Should Control Telegraphs and Telephones

The fact of the United States Government taking temporary control of the country's telephone and telegraph system was brought forward by Mr. Scott, president of the Canadian Telephone Association at the Carls-Rite convention held at the Carls-Rite Hotel in Ottawa, Tuesday evening. He said that the telephone system is a public utility and should be controlled by the government. He pointed out that the secretary, pointed out that there already have been some talk of a government loan to independent companies representing a total of \$6,000,000 and \$7,000,000, should be so organized that they will be able to present their proposals in the best possible way. The increase in telephone rates are hard on many independent companies, and as their rates are lower than the Bell Company's, he thinks the association should be entitled to the amendments proposed in the Ontario Railway Board in the event of the Bell Company's demands being accepted to.

A Line of Cheer Each Day of the Year

By John Kendrick Bangs.

AS TO PEACE,
When peace means freedom from all And wickedness and Tyranny made vain;
When it bespeaks a world made sweet And righteousness established every-
Then peace becomes the rarest, sweetest word
The best of mortal beings ever heard.
With evil banners flaunting in the sky,
Enthroned, and overborne, and wickedness
Then 'tis a word as blackly vile as they
Who fill the world with sorrow and dismay.

TODAY'S POEM

IMAGINATION.
By Robert Todd.
A wordless crystal, mirroring
The lives of freeman, serf, and King;
And cheek by jowl with Penury,
There, the lights of earth and sky,
And sea, and the winds that blow,
And limited for even the poorest knave
Are wonders quite beyond the grave.

SWISS TO REPATRIATE INTERNEED ALLIED MEN

Berne, Nov. 20.—In Switzerland today there are some 16,000 interned prisoners of French, British and Belgian nationality, who will now be repatriated, while 14,000 Germans still remain on Swiss soil.

The Swiss Government has been informed that a great number—perhaps 50,000—German and Austrian soldiers, who before the war were resident in Switzerland, intend to return to their homes in this country. The government, however, has ordered the frontier closed to troops of the central powers because of the danger of admitting men infected with Bolshevism or anarchism. This restriction will prevail until a decision is reached under which some of those who desire to return may be admitted.

IS THE WAR OVER?

BY IDA L. WEBSTER.

A few days ago we received a letter from a man who was apparently very much upset because in one of our articles we had mentioned the fact that the war was over. The writer of the note took exception to this, and informed us that he could send us any number of editorials from newspapers throughout the United States which would prove most conclusively that the war was not over, and that there was a possibility of it lasting for another four years.

As every man, woman and child in this country are mostly every other one is allowed to have their opinions, it would not be quite right for us to flatly deny our correspondent's statement, but at the same time we may point to such men as Poch, Haig, Pershing, Lloyd George and Bonar Law, everyone of whom has made public statements to the effect that the war with Germany is over.

Personally, we think that anyone who will deliberately say that the allies have not yet beaten the Germans is laboring under a delusion of the worst kind. In fact, they must have been listening to some rank pro-German telling just how good the German army still is, in spite of the fact that they have been hammered almost beyond recognition.

Surely the judgment of men who have been dealing with the German army for four years, as have Poch and Haig, must know something about the situation, and they also must be in a position to speak authoritatively about their movements. They have said that the war with Germany is at an end and that the boys will be demobilized as quickly as it is within the power of the militia to do so.

Lloyd George has made a statement to the effect that at last the world has been freed from the scourge of the Kaiser. Law is perhaps the only one who has been at all reserved, and his speech in the house the other day was summed up in these words: "All Europe is a seething mass of revolt, but the German arm is broken beyond repair. No doubt all Europe is seething with indignation, but it is not revolting, that cannot be carried on on an empty stomach."

The educated people of Germany resent only too well that their empire is a thing of the past. That when things become even slightly normal the once great and mighty German nation will be a republic. Emperors and kings will be dethroned, and the brows of the haughty rulers of the last 15,000 years will be shunted into the attic with the silver cruets.

REPAIR FOR SOLDIERS OR THEIR DISCHARGE

Ottawa, Nov. 18.—Inquiry at militia headquarters reveals the fact that there is in the hands of the receiver-general at credit of soldiers of the C.E.F. approximately \$15,000,000 deferred pay. This represents money saved by members of the C.E.F. since the commencement of the war. In other words, it is pay earned but not drawn, with accumulated interest. The majority of the men will have a sum of money which they themselves have saved immediately available on discharge.

Under the regulations adopted there will be paid to every man a further sum by way of free grant, commonly called post-discharge pay. This will amount to a sum equivalent to three months' pay and allowances, payable in three monthly instalments, including separation allowance to the soldier's dependents entitled to receive it. On discharge, any soldier who has done more than his share will receive \$35, which is intended to provide for the purchase of civilian clothing.

UKRAINIANS CONTINUE FIGHTING POLANDS

Lemberg, Nov. 20.—Since the capture of Lemberg, the capital of Galicia, by the Ukrainians on Nov. 1, fighting has continued there between the Ukrainians and the Poles, without cessation, according to Austrian newspapers quoted in a Vienna despatch, dated Monday, to The Daily Mail.

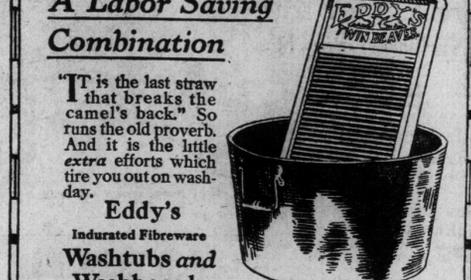

Lemberg was taken by surprise. The city was unprepared to re-capture the city. Both sides are using artillery and German officers are helping the Ukrainians. All traffic to and from Lemberg has been stopped, and the residents are unable to leave their homes.

GENERAL HIDES IN BARGE.

Zurich, Nov. 20.—General Hans von Beseler, the German governor-general of occupied territories in Russia, a Munich paper says, left Warsaw in an unheroic manner. He escaped from the Polish capital by concealing himself on a Vistula River barge.

Eddy's Washboards

Indurated Fibreware Washboards and Washbuds

form a combination which save you much extra labor. Indurated Fibreware tubs are much easier to lift and to move about. They keep the water hot for a much longer space of time, because they do not conduct heat as metal does. They are easier to keep clean, because they are made in one piece without joint or seam, and the hard, glazed surface is impervious to liquids or odors. And they cost no more. Last longer, too. Eddy's Twin Beaver Washboard has a double rubbing surface of Indurated Fibreware which loosens the dirt quickly and saves many tiresome motions.

Brian Enthuses Over the War.
CHAPTER XXI.
Brian hung up the receiver, his mind in a peculiar condition. He was flattered that Mollie had misused him; yet a bit worried that she had called him. Suppose Ruth had been at home. He must warn Mollie not to call him at the house. Rachel, too, might answer and think it strange that a woman had called him. She was devoted to Ruth and probably told her all that happened in her absence.

INHABITANTS OF METZ WELCOME LIBERATORS

Only Those of German Origin Fail to Rejoice Over Triumphal French Entry.

Metz, Nov. 20.—Every inhabitant of the city, with the exception of those of German origin, was out early yesterday in readiness to receive Marshal Pétain. The marshal made his triumphal entry together with a staff of allied officers at the head of the famous Iron Division, the 38th Division of the 20th Army Corps. Following was a long procession of Lorraine societies, and other groups, including a great number of girls in the national costume of Lorraine. This procession met the marshal at the Port de France and conducted him in triumph to the esplanade, where, surrounded by a remarkable group of generals and other high officers, he received the troops that had earned the honor of contributing to the victories of the allies on almost every battlefield of France.

Government Should Control Telegraphs and Telephones

The fact of the United States Government taking temporary control of the country's telephone and telegraph system was brought forward by Mr. Scott, president of the Canadian Telephone Association at the Carls-Rite convention held at the Carls-Rite Hotel in Ottawa, Tuesday evening. He said that the telephone system is a public utility and should be controlled by the government. He pointed out that the secretary, pointed out that there already have been some talk of a government loan to independent companies representing a total of \$6,000,000 and \$7,000,000, should be so organized that they will be able to present their proposals in the best possible way. The increase in telephone rates are hard on many independent companies, and as their rates are lower than the Bell Company's, he thinks the association should be entitled to the amendments proposed in the Ontario Railway Board in the event of the Bell Company's demands being accepted to.

A Line of Cheer Each Day of the Year

By John Kendrick Bangs.

AS TO PEACE,
When peace means freedom from all And wickedness and Tyranny made vain;
When it bespeaks a world made sweet And righteousness established every-
Then peace becomes the rarest, sweetest word
The best of mortal beings ever heard.
With evil banners flaunting in the sky,
Enthroned, and overborne, and wickedness
Then 'tis a word as blackly vile as they
Who fill the world with sorrow and dismay.

Are wonders quite beyond the grave.

TO WHOM SHALL BELGIUM TURN?

The Canadian Government recently sent a message of congratulation to King Albert of Belgium and the Belgian people upon their deliverance from the common enemy. The message terminated with the words: "They do not doubt that the same high qualities of courage, fortitude and resolution which sustained your people in their adversity will equally inspire them in the great work of rehabilitation which they trust may speedily restore Belgium to its old condition."

SUDDEN DEATH OF CITY HALL CLERK

Frederick Taberner, for the past seven years a clerk in the street cleaning department at the city hall, died suddenly yesterday morning. He was apparently in his usual health when he left the city hall on Monday evening, and the report of his death from heart failure came as a great shock to his co-workers in the department.

The late Mr. Taberner was 76 years old. He was born in Twitford Mills, Worcestershire, England, and as far as could be ascertained he had only one relative living in Toronto, Mr. Clarence Bell of Osogood Hall. A sister and a brother live in Listowel, Ont. He lived at 76 McGill street.

The following cases are listed for today's session of the first divisional court at Osogood Hall: Abell v. Woodbridge, MacPherson v. Niagara, Meade v. MacLagan, Sutherland v. Harris, Macin v. Gray, Fenberthy v. Crown, re estate of Louisa White, Wade v. James. The case of Abell v. Woodbridge is interesting in that it affects the highway commission, Abell

alleged to be acting for many residents of Woodbridge, who believe that the commission should have built a bridge across the river near the town instead of a culvert.

Coal Dealers Complaining That Deliveries Are Returned

Fuel Commissioner Chisholm stated yesterday that his department is still receiving statements from the local coal dealers, relative to the difficulties met in the deliverance of coal. One letter received by the commissioner yesterday from a dealer pointed out that from 26 deliveries, six were refused on account of buckwheat mixture, six had no funds, one had moved and two were away from home, while one other householder had already had four tons in the cellar.

In order to prevent a repetition of this the commissioner is now issuing a special order to coal dealers, the form of which all applicants will be obliged to fill out in the dealer's office. Many needless deliveries, it is expected, will be overcome in this manner.

Brave Young Men Capture Murderer of Policeman

The attention of the board of control was drawn to the fact today by ex-All. McGregor, that the two young men who had caught and held the man who is alleged to have shot and killed Policeman Williams Tuesday night. He was of the opinion that their bravery should be recognized. Mayor Church has decided to take the matter up with the police commissioners.

"The policemen have been getting all kinds of brick-bats lately," said his worship. "They work night and day at small mistakes, even to giving up their lives. I think that the police department should be congratulated on having such courageous men."

Do Your Children Get Their Full Share?

YOU don't want to deny your children health and strength.

You wouldn't do such a thing knowingly.

Do you give them lots of milk? Do you give them their full share? Not just an odd glass of milk now and again, but so much per day, every day?

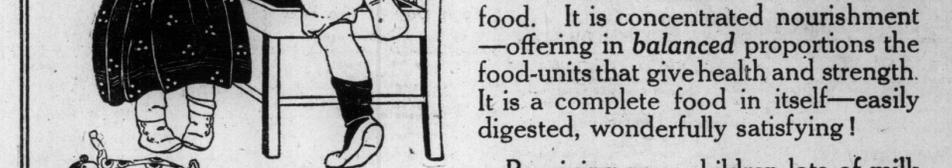

Doctors say that a growing child should have not less than a pint of milk a day. Many say a quart.

For milk to children is an essential food. It is concentrated nourishment—offering in balanced proportions the food-units that give health and strength. It is a complete food in itself—easily digested, wonderfully satisfying!

By giving your children lots of milk you ensure their proper development. You bring the roses to their cheeks, the happy, contented smile to their faces, the clear, shining eyes you want to see.

Order extra milk from the Farmers' Dairy—because milk is the cheapest food-value in the world—saves the need for more costly and less health-giving foods.

Start to-day to give a definite, liberal quantity to your children every day. Let them drink it for meals—and in-between meals too.

THE Farmers' Dairy procures milk only from the finest farms, where the cows are well-fed and well-tended to produce milk of the highest quality. The rich milk is made doubly safe by scientific pasteurization and bottling by machinery in the most elaborately equipped dairy in America.

HOCKEY PRACTICES WILL START TODAY

Clubs to Start on Long Grind—Notes of the Players.

They are off on the long winter grind. The cold season can now be officially opened, as the hockey teams will get down to practice today. The reason for the early start is that the teams that will figure in S.P.A. Christmas tree fund will need a couple of weeks' work to put them right on edge. The practice will be held at the Arena today, when Kitchener, world's champions, will trot out for their first workout at noon. Six clubs will practise at the Arena today, as follows: Kitchener—12 to 1. Royal Air Force—2 to 2. Dentals—2 to 3. De la Salle—2 to 4.5. Ashantians—2 to 3.5. Aura Lee—2 to 1.5.

An Ottawa despatch says: The first deal of the hockey season in 1918-19 was put thru yesterday, when the Ottawa Club purchased Tommy Smith, a local boy, who has never before been a member of the organization of the pro game in his home town. Smith started for several years on the Quebec team and was chiefly responsible for taking the championship to the Ancient Capital in the seasons of 1912 and 1913. He then went to the Canadiens, with whom he played for two winters. Last winter he was refused to come to terms with the Canadiens, remained out of hockey altogether. Clint Benedict has already accepted terms with the Ottawas.

Kitchener, the amateur champions, will take part in the senior series for the tree fund. The champions will be given the senior cup for the season. The junior winners will hold the junior cup until they are defeated. The games arranged are: Wednesday, Dec. 12—De la Salle v. Barrie, on Arena ice. Saturday, Dec. 14—Kitchener v. Dentals, on Arena ice. Wednesday, Dec. 14—Winners of series v. Ashantians. Saturday, Dec. 14—Winners 7th v. Royal Air Force.

Willard "Bill" Box, one of the most popular players that ever threw his leg over the arena boards, will manage the Dentals hockey team this season. The Dentals have Kitchener a great battle for the senior honors last year and will have a strong team this season and have all of last year's players with the exception of Lieut. Mac Sheldon, their star defense man, who is with the Siberian expedition to help the Red Cross. The senior O.H.A. laurels and the Allan Cup, which they captured two years ago. The following officers were elected for the year: Patrons, Major-Gen. W. A. Togie, Lieut.-Col. Guy Hume, Sir John Eaton, honorary president; Dr. B. G. McEwen, honorary vice-president; Major W. R. Eaton, Lieut. W. G. Thompson, vice-president; Capt. W. Woodall; treasurer, Capt. Leonard; secretary, Lieut. J. G. Stewart; Executive committee—Major Semple, Capt. W. J. Laflamme, Capt. George Leonard, Lieut. J. G. Stewart, Lieut. Sgt. "Bill" Box will manage the team and Dick Carroll has been engaged as coach.

A Kingston despatch says: Queen's Hockey Club last evening decided to enter a senior team in the inter-collegiate union this winter and also a junior team in Ontario Hockey Association series. In view of war being at an end, Kingston is already preparing for a complete revival of the inter-collegiate series. It is expected that a meeting of the inter-collegiate hockey executive will be held soon to prepare a schedule. Bill Marsden's Aura Lee juniors are looking themselves up for exhibition games. The north end club expects to play in Hamilton early next month, and Bill is expected to play a couple of Montreal teams for games in the eastern city. Lieut. Bob Dibble, who is in charge of athletics in Military District No. 2, has arranged to supply hockey cushions and measure pads for the members of all the military hospitals in this district, so that all the returned men will have an opportunity to enjoy themselves. The rinks will be at the following hospitals: Daviessville, Hamilton street, Base, Glens, St. Andrews and Brant House (Burlington). An instructor will be placed in charge of each rink to look after the place and the welfare of the patients.

Hamilton sends the following: Spaulding a sore-topped lad, who played with the Guelph Victorias, back in 1915, when they came here and met the Hamilton Hockey Club juniors, is in the city, and will likely join the squad at practice tonight. He has not played hockey for a few seasons, but expects to be able to come back. There is a wealth of hockey material in Hamilton right now, and more players are turning up every day. The cooler weather seems to be drawing them out, so many lads are eager to turn out with the Tigers that there is a large-sized chance that the club will enter an intermediate team in the O.H.A., as well as a senior sextet.

Eddie Lowrey will likely figure on the Ottawa line again. He was coming along in fine shape last winter when he dropped out, owing to the fact that the Ottawas were over their salary limit. An Ottawa despatch says: The table of the old lady with the shoe may be applied to the pro hockey clubs this coming winter. Toronto, Canadians and Ottawas will surely not know what to do with all their puckchangers. Even with four goalkeepers, the Ottawas have within reach four goalkeepers: Benedict, Hague, Lindorff and McCullough; also Moomy, Grand, Ritchie and Crawford for the defense, with George Boucher as a probable tryout at point. For the line they have Denney, Hyland, Darragh, Neighbor, Lowrey, Billy Boucher, Orville McCullough, Patsy Parker, Jack McKell and several others. Add Broadbent, Graham, Wilson and Bruce to this combination and then watch the scramble. Canadians and Toronto will be similarly fortified.

Chief Justice Sir William Meredith on the first Division Bench yesterday handed down the decision of himself and Justices McGe, MacLaren, Ferguson and Hodgins in the appeal of the Toronto Hockey Club Ltd. against the Ottawa Hockey Association and other members of the National Hockey Association and the N. H. A. itself for squeezing it out of the half of the league for the season of the winter of 1916-17, after the 23rd Battalion team was ordered overseas, and so broke up the six-team schedule. The appeal was dismissed with costs.

Best Riverdale billiard doubles competition last night resulted: 1. G. Sharpe and A. Rackall. 2. E. Parks and E. Farrow. 3. W. Level and J. Heatley. The singles competition will be played next Wednesday.

ST. ANDREWS AGAIN DOWN U.C.C. TEAM

This Time the Score is Thirteen to One—The Details.

St. Andrews played their return game with Upper Canada College yesterday, and it was the same story as a week ago. The big St. Andrews team played heavy football and won 13 to 1. U. C. C. were faster than their opponents but failed to use this much needed asset by failing to open out their play and tried to score holes in their heavier opponents thru the middle. Heavily made several mistakes by trying to drop field goals and kicking into his own scrum. Several points were thrown away by these tactics. Upper Canada wasted their scrum, and St. Andrews quarter failed to gain any ground. St. Andrews was a tower of strength and the winners. His tackling was deadly and he broke up many promising attacks. U. C. C. back line, and a pretty quiet was the result. Both half lines caught brilliant and it gave the goodly number of spectators something to look at. U. C. C. held better in the last half, and with their backs kicking, they kept St. Andrews from scoring. The Saints rolled up thirteen points in the first quarter and in the fourth quarter when Heavily kicked to the deadline.

Upper Canada pulled their piece of open play early in the second quarter when Heavily took a pass and was moved into touch later he had gained twenty yards but was tackled. Heavily then lost this good gain by trying a drop kick, which was around the end. A quarter ended with the score, St. Andrews 7, U. C. C. 0. Hamilton Victorias Elect Their Officers. Hamilton, Nov. 20.—The annual meeting of the Victoria Curling Club was well attended. The finances were found to be in fine shape, and the membership has been increased, and the membership with good prospects for the coming curling season. The election of officers resulted as follows: Hon. president, Hon. Dixon; president, Thos. Patterson; vice-president, Wm. Muir; secretary-treasurer, D. R. Gibson; executive committee, Messrs. P. Smith, James Crooks, H. Cross, Messrs. W. M. Brandon and P. L. Thurston; representative to Ontario Curling Association, W. M. Cunningham; alternate, P. Smith; auditors, Messrs. F. W. Gaylor and J. Lablster.

U.T.S. HAVE HOLIDAY; SARNIA VS. GUELPH. Secretary Robt. Hewitson of the O. R. P. U. has arranged for Sarnia and Guelph to play a sudden-death game on Saturday. The winner will then meet O.T.S. on the following Saturday.

PENNY ANTE A Pat Hand at the Right Time

City League Final Carded on Saturday

Saturday's Rugby battle at the Beach is sure to draw a good crowd. Two of the best teams that have ever represented the Senior City League will perform when Excelsiors will perform in their home ground. The two-year junior champs, will tackle Gouling's lads from Central Y.M.C.A.

There is little to choose between the respective players. It would appear that the west end club have a slight advantage in weight on the line, but what the Central lack in weight they make up in aggressiveness. Both have some excellent players. The back divisions are about of equal strength. Manager Gouling is confident that his team will give a good account of themselves, while the Excelsiors would appear to be picked at the meeting. The game will be played at 2 o'clock on Saturday.

At Kew Gardens, the Beaches fourteen will meet Arlington's, the game being called for 2.45 sharp.

Managers of teams in the City League are instructed that, for the balance of the season all games must start sharp at 2 o'clock. Darkness intervenes early these evenings, and if a game is late in starting there is always the risk of not finishing it before darkness sets in. In addition to this, provision must always be made for overtime.

Tigers and Victoria Yacht Club will decide the senior championship of the Hamilton Rugby Union in a sudden-death game on Saturday at the H. A. A. field. The winners, who will capture the Walter Howell trophy, will represent the Ambler city in the O. R. P. U. semi-finals. The winners, who will capture the Walter Howell trophy, will represent the Ambler city in the O. R. P. U. semi-finals.

Hamilton Oarsman Victim of Flu. Hamilton, Nov. 20.—Hamilton has lost another well known sportsman as the result of the death from flu of Hugh C. Waldeck, 41 Keith street. Hugh was a prominent member of the Hamilton Rowing Club and took a keen interest in hockey, being an official for several seasons at the Arna games. His death will be deeply regretted by the sporting fraternity.

Semi-Pro Idea Dropped

Cleveland, Ohio, Nov. 20.—Owing to the sudden ending of the war, the National Baseball Federation has abandoned all plans for the proposed semi-professional league next season, and will conduct its affairs practically as in the past.

ALD. JOHNSTON HEADS ST. MATTHEW'S BOWLERS

Popular Alderman Elected President at Annual Meeting—A Healthy Record. The annual meeting of St. Matthew's Lawn Bowling Club was held last night in the R.C.B.C. on Broadview avenue. Dr. C. R. Sneath presided. The directors—Dr. McNichol, H. E. Salisbury, D. Walton, C. R. Montgomery and Jacob Taylor. Auditors—Wm. Crichton, R. D. Whaley. Secretary R. M. Speirs fills that position for the eleventh year. The record of the club in their keeping: McKewen Trophy of Orangeville, Stratton Trophy of Peterboro, Ontario Cup of D.B.T. Ellis Cup of B.B.T.; also the club won the Walton Trophy for the fourth time. Other successes were: First in Granite tournament; first in Scotch doubles at Buffalo; second in consolation at London.

Soccer Notes

St. David's F. C. will hold a general meeting on Thursday evening in the Junior section of the City League. The meeting will be held at 8 o'clock. St. David's F. C. hold a weekly meeting Thursday, Nov. 21 at 8 o'clock. The team will be picked for Saturday's final with Parkdale Rangers. The City Playgrounds soccer games for Saturday are: Perth Square. 2.30 p.m.—Finn, Carlton Park v. McCormick. Harbor Square. 2.15 p.m.—Leslie Grove v. O'Neill.

Hamilton Tigers' Hockey Officers

Hamilton, Nov. 20.—The Hamilton Tigers, who have announced their intentions to place senior and intermediate teams in the O.H.A., have selected the following officers: Hon. president, Bob Parker; president, Ben Simpson; vice-president, C. C. Morin; secretary, Doug. Chilton; treasurer, Harry Chilton; representative to O.H.A., Frank Robins; executive, Andy Morden, Alex. Thompson, Herb. Thomas and Billy Tope. There is plenty of material for the senior aggregation, and Coach Jack Adams is confident that the Bengals will be in the running right from the work out on Tuesday and Thursday nights at the Arna.

WOODSTOCK OLD BOYS.

Owing to the large number of old Woodstock boys who are either attending school here or are residing in the city, it has been suggested that they meet for the purpose of organization. FIREWATER LANDS ATHLETE IN JAIL

Omaha, Neb., Nov. 20.—One of America's foremost Indian athletes is in jail here for the violation of the government liquor law. John Blackdeer, a former Carlisle student, who finished third in the Olympic Marathon in Stockholm, Sweden, in 1915 was brought here this morning from the Winnebago reservation by federal agents. Several months ago he was convicted of bringing liquor into the reservation and fined \$100. Although Blackdeer is well-to-do, he neglected to pay his fine and has been taken into custody. What disposition is to be made of the case is not stated.

CASTLE OIL COMPANY SHOWS GOOD RESULTS

Company's Thirteen Producing Wells in Mosa, Middlesex County, Maintain Splendid Output--Promising Properties Elsewhere in Ontario and Across Border.

Although there has been no important news from the Mosa oil field in Middlesex County during the past few weeks, development work has been proceeding steadily, and several new wells have been brought in. Meanwhile, it is significant that operations have been commenced in areas which are a short distance removed from the present producing district, but which bear very promising indications and which are viewed as extensions of the Mosa field. The Castle Oil and Gas Company, Limited, is one of the most active operators in the district, and is meeting with splendid results in its development campaign. This corporation was originally the Mosa Oil and Gas Syndicate, and was one of the pioneers in the Mosa pool. The original properties of the syndicate have been added to from time to time, and the holdings now comprise approximately 2700 acres, all favorably located and carefully selected by geologists and oil experts who have been associated with the syndicate members. Thirteen Producing Wells. At the present time the company has some thirteen producing wells at Mosa which are maintaining a splendid output, and provide very handsome earnings with crude oil at prevailing levels. The corporation owns its own pipe lines, loading racks, etc., and has railway sidings at two convenient points in the field, and as a result, the cost of production is particularly low, so that the gross returns work out at \$3.30 per barrel, which is interesting to note, as the highest price on the continent outside of Pennsylvania. The company has an additional four wells now going down, and a further

Plain Talks on Investment

By MARK HARRIS-- THE IDEAL INVESTMENT

There is a vast difference between a speculation and an investment, although at times the general public does not seem to appreciate this fact. A speculation deals entirely in possibilities, while an investment is backed by achievements. In other words, a speculative proposition hopes to do what the investment proposition has already accomplished. In spite of this, the public often put their money in speculative stocks thinking they are really making a safe investment, and later on, when they realize the true character of the security, they blame everybody but themselves. The greatest of all investments are our "Victory Bonds," returning 5 1/2 per cent. yearly, and safer than a thousand banks combined, so if you are looking for an absolutely safe security where there is no danger of losing your money, buy "Victory Bonds." Aside from Victory Bonds there are many other securities that are reasonably certain to pay dividends for more years than either you or I will live, and such propositions are rightfully classed as good investments. The ideal investment, in my opinion, is the one that is reasonably certain to pay a fair dividend for decades to come and at the same time has speculative possibilities that if realized would double or treble the value of the security. You will note that I use "reasonably certain" instead of "absolutely certain," and my reason for so doing is that there are no absolute certainties in this world, except, perhaps, death and taxes. Unless the unforeseen turns up, Canadian Pacific Railway will pay regular dividends for many decades, and so will the Bank of Montreal and other gilt-edged corporations, but at the same time no one can truthfully say that these securities are certain to pay regular dividends. For that reason I say that the ideal investment is a stock that is "reasonably certain" to return a fair-sized dividend and at the same time has possibilities of additional profit through increased business or future development of natural resources. Now that the war is ended, every good citizen should turn his attention to the rebuilding of Canadian enterprises, and I make the bold prediction that if all Canadians would invest their surplus funds in Canadian enterprises for the next five years, this country would forge to the front at a pace that would surprise the world. Canada has just shown her wonderful financial power by "going over the top" in a "Victory Loan," that only a few years ago would have been considered an impossible feat, and I want to tell every true and loyal Canadian that in my opinion investments in legitimate Canadian enterprises today offer opportunities for profit that simply cannot be equalled by outside securities. The financiers of other countries recognize the fact that the Canada of today is one of the untapped treasure vaults of the world, and, unless I am greatly mistaken, money will pour into this country from outside sources in an endeavor to develop our great natural resources. From now on the slogan should be: "Canada for the Canadians," and this is possible if you and your neighbor invest your funds in Canadian securities instead of allowing our good friends across the border to "eat our cake." It is a well-known fact that many wealthy Canadians have heretofore preferred to invest in what I would call "foreign" securities, where they received only a fraction of what they would have secured through "home investments." There is an old saying that distance lends charm and that may explain why so many Canadians have been blind to the fact that for many years "Canada" and "opportunity" have been synonymous to the army of investors in the United States. If you have money to invest, let me give you the full particulars regarding one Canadian investment that, in my opinion, is ideal in every respect. This company is already earning and paying dividends of 4 1/2 per cent. every three months, or at the rate of 18 per cent. yearly, and this is being accomplished with less than 5 per cent. of its resources being utilized. This remarkable company has made a wonderful record from the day it was organized, and, in my opinion, it is one of the few that can rightfully tag "ideal investment" to its securities. I am offering my clients a limited amount of stock in this company at a figure that means a net income return of 19 per cent. yearly, and the best part of it is the fact that it has future possibilities that almost look too good to be true. UPTURN RESUMED BY MINING STOCKS

Davidson, Hollinger and Kirkland Lake Are Prominent in Trading. The local mining market developed breadth and strength yesterday, the total of 166,200 shares being the largest in some days, while a number of issues responded in no uncertain manner to the buying orders by making fresh advances. The bulk of the purchasing since the peace movement began is said by brokers, however, to have been for the account of investors of the professional or semi-professional type that are usually the first to sense important changes in basic conditions and it is here in only beginning demand for stocks that is giving to shown signs of being aroused. The upturn in mining stocks, it is contended, is merely in the preliminary stages and not until the public is fairly in the market and trading in the range of 400,000 to 500,000 shares as a daily average can the movement be regarded as having attained boom dimensions. Davidson went thru its accustomed daily performance of making up another high record for the year. The fact that the well known secrecy hangs over operations at the property, more or less, and that only fragmentary reports of discoveries have been given to the "street" seems to have given zest to the buying Davidson was the most active stock in the list yesterday with a turnover of 11,000 shares. It advanced an net of 21,200 shares, and closed at 48, an increase of 2 points to 68, dividend five cents a share, sold at 1.10 equal to the actual gain was five points. McIntyre extended its gain two points to 17 1/2 and Kirkland Lake buying, amounting to 11,000 shares, was reported to have come from the north. Hattie at 61 and Moneta at 51 each gained a point, and fractional advances were shown by Newray at 17 1/4 and West Dome at 15 1/4, while Schumacher was two points higher at 23. Wasipika repeated the high price in the history of the stock, 42, established on Tuesday. In the Cobalts, McKinley-Darragh was prominent with an advance of 1-2 to 48. The usual quarterly dividend of three per cent. will, it is understood, be paid on Jan. 1. Adanac was again the most active of the silver stocks, but at 11 it showed no change. Ophir at 3 3/4 was slightly firmer. Evidence that the official announcement of the intention of the Mining Corporation to drop the option on the property had been fully discounted. Peterson Lake held at 9. This stock has not shared in the general advance, but it is expected that if the final decision in its litigation in favor of the former company, the shares will have a considerable rise. Beaver at 38 and Timiskaming at 35 showed fractional losses. Rockwood at 23, which has been bought on at 11, no longer than 20,000 shares changing hands at this price. SHAFT ON DAVIDSON TO OPEN UP RICH ORE One authentic report, received from northern Ontario, says that the new shaft of the Davidson Gold Mines extended the ore body at the 460-foot level and has been continued in it down to the 508-foot level, which is the depth reached at the time of writing. It is significant that the shaft was sunk for the purpose of opening up an ore body identified by diamond drilling at the 550 and 650-foot levels to be 30 feet wide and averaging in value from \$24 to \$37 to the ton.

WASAPIKA FAVORITE ON NEW YORK CURB

Wasapika ran into a bigger market yesterday, mainly because of the interest in the shares on the New York curb, where it has become a freely around the higher 42, and closed at that price bid on the Standard Exchange. Among the several offers made for control of the company, one was high as 60c a share, but it was the others were turned down owing to the high bid. The company is showing the big Ribble vein under development during the past summer. The hitting of Wasapika on the New York curb has been significant in the district wide market, and substance was given to the stock by one of the largest curb houses standing sponsor for its introduction to that market.
