## IN SOCIETY

**NIAGARA-ON-THE LAKE.**—(Special.)—Among the recent arrivals at the Queen's Royal, Niagara, are Mr. and Mrs. Stephen Haas, and their sons, who are occupying the "Lillian" in the hotel grounds. Mr. and Mrs. Haas expect to spend the remainder of the summer at Niagara.

Miss Roosevelt, a near relation of the ex-president of the United States, has been at the Queen's Royal this week.

A golf tournament is being arranged to take place on the Queen's Royal links on August 18th, and the three following days, when some very fine players will be present to play over the links, which are in first rate condition. The St. Catharines ladies' team will play the Queen's Royal this Thursday, being entertained at a luncheon at the hotel before the game, and the Rosedale ladies' team will probably have a match at Niagara next week.

Arrangements are almost completed for the International Tennis Tournament which is always a feature of the season at the Queen's Royal, and will be held this year on the week of August 22nd. The Wrights, the Dohertys and the Sultons will attend, and an opportunity will be afforded of seeing Mrs. Hanham, who gave Miss Sutton the closest match of her career, when they meet at Newport in a return game with the world's champion, Mrs. Hanham has recently settled in Toronto, and is proving a great acquisition to local tennis circles.

Major James Fraser Macdonald spent the week end at Niagara-on-the-Lake.

Mr. and Mrs. Nelson Wilkinson will spend the week end at Muskoka and leave on Monday to camp at Niagara-on-the-Lake.

Mr. and Mrs. W. J. Wilkinson and Miss Marjorie Wilkinson are leaving on Monday to spend a fortnight at Honey Harbour.

Turnbull was in town from Hamilton this week to do some shopping.

The Bishop of Toronto, Mrs. Ewen and the Misses Sweeny, have moved into the See House.

Baroness Van Platen, who is one of the most charming of the delegates of the Women's Convention, and who has been so pleased with Canada that she hopes to return.

Dr. and Mrs. H. B. Anderson, corner Bloor and Huntly, have returned from holidaying at Muskoka.

Mr. and Mrs. W. B. Simpson of Balm Beach are spending a few weeks at "Bonville," Lake of Bays, Muskoka, after which they will go to Cedarhurst, Lake Simcoe.

Mr. and Mrs. C. M. Collins and family are spending a few weeks at Strathcona Hotel, Niagara-on-the-Lake.

Mr. and Mrs. W. J. Mather are spending the summer at Tadoussac and Murray Bay, and before returning home will visit Boston and the coast of Maine.

Mr. and Mrs. Anderson, Walmer-road, and their daughters, Mrs. Bell and Miss Arden, are spending a few weeks at Old Orchard Beach.

Mrs. W. J. Markle and her daughter Olive, left last week for Trenton to visit friends and relations.

Dr. Fulton Risdon left Tuesday for Seattle.

Mrs. and Mrs. Score, North Huron-street, have returned home after six weeks at Ocean Grove and Atlantic City.

Mrs. John Erskine, St. Vincent-street, has returned from a six months' visit to Jacksonville and other Florida points, visiting friends in New York and Syracuse on the homeward journey.

Miss Mabel Aldridge, Crawford-street, has returned from a pleasant visit to Peterboro and Chateau du Lac, Stony Lake.

Mrs. and Miss Shaughnessy, York-street, are the guests of Mrs. Hennessy, Simcoe-street.

Mr. and Mrs. John Aldridge, accompanied by their daughter Ethyl and Miss Ethyl Macfarlane, are enjoying the Mackinac trip.

Miss Zoe Case is visiting Miss Gullie of Collingwood.

Mrs. Lashly and Miss Lashly, Balm-street, left yesterday for Hotel Stanton for the balance of the season.

Miss Elsie Pierce of Philadelphia is the guest of Miss Irene Case, Brunswick-avenue.

Mrs. and Mrs. J. C. Broddy, have just returned from Olcott Beach, "Rochester, and Buffalo, and Mr. Broddy will be at home until the 4th before leaving for Winnipeg and the west.

Mrs. Fred E. Tough of Winnipeg is the guest of Mrs. R. H. Fish, Trillium-avenue.

Mr. and Mrs. W. E. Jones and daughters, 27 Spencer-avenue, have sailed for England and the continent.

Dr. Hamilton, Bathurst-street, with party of friends, is putting in a holiday on a cruise around Lake Simcoe and Trent Valley, returning on the steam yacht "Water Witch."

**SCRAMBLED EGGS IN THE MAIL.**

Package From Canada Disputed Postmaster at Battleboro.

WASHINGTON, July 28.—Eggs as an article of mail transportation are not popular with United States postal authorities. It was learned today that some one in Canada had mailed three dozen eggs to Battleboro, Vt., and when Postmaster H. E. Taylor opened a mail bag he found it dripping with eggs freshly scrambled. Addresses were obliterated from letters in many instances and they had to be sent to the dead letter office. Such a situation could not arise from mail originating in the United States, as such things as eggs are not mailable in this country.

As a retail store only, the few premises recently acquired by Briggs Seed Company, at 137 and 139 King-street, will be used by the company and not for the headquarters as was reported.

**Tobacco Habit.**

Dr. McTaggart's tobacco remedy reaches all desires for the cure in a few days. A vegetable medicine, and only requires touching the tongue with it occasionally. Price \$2.00.

**Liquor Habit.**

Marvelous results from taking his remedy for the liquor habit. Safe, inexpensive home treatment; no hypodermic injections, no public loss of time from business, and a cure guaranteed.

Address or consult Dr. McTaggart, 110 Yonge-street, Toronto, Canada.

## TO IMPORT A HUNDRED METHODIST PREACHERS

Mission Board Unable to Man Northwest Fields Without Drastic Measures.

A hundred young Methodist preachers are to be imported forthwith from England. This was decided by the Methodist Mission executive yesterday. Rev. Dr. Woodworth was authorized to proceed to the land of the Wesleys immediately and to return as soon as possible as a modern centurion with his band of fervid evangelists. They are as urgently needed in the spiritual harvest fields of the west as are harvesters for the grain lands of the prairie.

In addition, an active campaign through Eastern Canada was decided upon in the interests of home mission work in the west. The chief aim will be the recruiting of young Methodists for work on the prairies and in the Northwest. This effort will be conducted by Rev. O. Darwin of the Saskatchewan Conference.

Church officials of all denominations here and in the United States are perplexed by the problem of manning their home mission stations, while they have an excess of student volunteers of both sexes from the colleges ready to go to the foreign field. Members of the Methodist executive expressed the view yesterday that by making the needs and opportunities of Western Canada known to the theological students in England the problem would be solved.

## REAL SUFRAGETTES IN THE CIRCUS RING

Rose Wentworth to Banish Men From Her Hippodrome.

It is not generally known that Rose Wentworth, the petite equestrienne at Scarborough Beach, is a prominent suffragette, but it is a fact that since the formation of the department for the enfranchisement of women of the professional Women's League, Miss Wentworth has taken a very active part in the campaign.

During her tour of the Great Britain and the Barnum & Bailey circus, Miss Wentworth became interested in the movement and she follows the fortunes of the English suffragettes, that by making the view of the suffragette league, and in return she arranged a performance which was in reality a side show, but which was entirely under her control, and the receipts of which the management of the circus permitted her to divert to the poor of the county. This performance was unique in that every performer

was a woman.

While the circus was touring the midlands, Miss Wentworth was entertained by members of a local branch of the suffragette league, and in return she arranged a performance which was in reality a side show, but which was entirely under her control, and the receipts of which the management of the circus permitted her to divert to the poor of the county. It is said that even the ubiquitous Monahan Casey will be temporarily deposed.

Miss Wentworth has guaranteed to make the week a big success. The Park management is offering very handsome prizes for the best costumes in different classes during carnival week. The prizes for the best national dress will attract many young lady entrants. One of the prizes will be an upright piano, which will go to the lady elected by popular vote as the queen of the carnival.

**Directions For Making Iced Tea.**

Warm the teapot. Put in a heaping teaspoonful of "Suda" Tea for every two cups. Pour on freshly boiled water and allow to infuse from 5 to 8 minutes. Pour the liquor off the leaves and let the leaves steep in the water for a few minutes. The tea is a most delicious and refreshing beverage. A small piece of lemon will add to its flavor.

The music for Lieut. J. McKenzie Rohan's "tattoo," in connection with the British Army Quadrille at the exhibition this year, has arrived from England. It is the same as was used by the massed bands at the Royal Naval and Military Tournament in Agriculture Hall, London, last year.

rival from the west, posted \$5000 as a forfeit to bind a match with the negro pugilist for a fight of anywhere from twenty to a hundred rounds. The one-time boiler-

maker insists that the fight shall be held before the club offering the largest purse, and that when articles are signed an additional forfeit of \$5000 shall be posted. The whole sum of \$20,000 is to go to the winner.

Jeffries will leave for a short European trip in a few days. He will visit the springs at Carlsbad, in Bohemia, and will do a little preliminary training there. He plans to be ready to fight within five months.

"There is absolutely nothing the matter with me, anyway," said Jeffries after posting the forfeit, and added that he hoped the fight would be held in America. On posting his forfeit, Jeffries issued the following statement:

"After decisively convincing myself that it is easily possible for me to defend my title as champion of the world, as I am in as good condition as ever before in my life, I am to-day posting my forfeit to

## Test a "Black Cat" with any Virginia Cigarette, at Any Price—We Stand by Your Decision. Do It To-Day

Pay any price you like, you cannot buy better Cigarettes. The real natural taste of Pure Matured Virginia Leaf is found in every BLACK CAT Cigarette—an indescribable flavor which is only produced by Nature at her best.

TEST—Light a BLACK CAT Virginia and any other Virginia Cigarette together. Smoke from each alternately and pass the smoke through the nose. The smoke from Black Cat will be smooth and mild—the other will "bite" the sensitive nerves in the nose. BLACK CAT tobacco is perfectly matured the other is "green." Any Virginia Cigarette at any price may be tested as above with a BLACK CAT.

### 10 for 10 Cents

If you cannot obtain BLACK CAT CIGARETTES at your dealer's, send ten cents in postage stamps to Adolph Frank & Co., 232 McGill Street, Montreal, and you will receive a package of 10 BLACK CAT Cigarettes by return mail, post free.

## Lawn Bowling

Six rinks of the R.C.Y.C. Bowling Association defeated a strong aggregation from the Granite Club yesterday afternoon in a close and exciting game on the R.C.Y.C. lawn. ## DEAD HEAT AT DUFFERIN BY GAMEY AND VIOLET

Three Fine Class Contests Decided, Two in Split Heats—Toronto Entries.

The Dufferin Driving Club gave their usual Wednesday meeting at the park. The weather was ideal for racing and the attendance fair, not as good as the class of sport put up deserves. There was a good attendance of the fair sex, who take a deep interest in the light harness horse, as was evidenced by their applause. There have not been better contests at the track this summer, as the time in each event shows. Belmont Wilks' mile in 2:22 is exceptionally fast for this gelding, his best previous performance over the same track being 2:25, which was considered extra good. The general meeting advertised for Monday, Aug. 1, is postponed on account of the holiday, and will be held at Burns & Sheppard's on Monday, Aug. 8, at 8 p.m.

## Civic Holiday Matinee.

The Toronto Driving Club will give a big matinee for the trotters and pacers on Monday (Civic Holiday) at the Dufferin Park track. There will be three races on the program. The horses entered in the special race, 2-year-olds and up, are just back from the western circuit and are in the best of shape. The horses will be racing this year. They are just back from the western circuit and are in the best of shape. The horses will be racing this year. They are just back from the western circuit and are in the best of shape.

## American League Scores.

At Washington—Philadelphia won both games of the double-header with Washington in hollow style. Plank and Krause kept the local batters puzzled in both games, while Groom and Hughes were wild and ineffective. Scores:

First game—R.H.E. Washington 001000000-1 8 3  
Philadelphia 021010000-10 2  
Batteries—Oyster and A. Lawrence; Plank, Livingston and Thomas. Umpires—Kerin and Egan.

Second game—R.H.E. Washington 000000000-0 4 2  
Philadelphia 000032010-10 2  
Batteries—Hughes and Street; Krause and Thomas. Umpires—Egan and Kerin.

At New York—Boston had little difficulty in defeating New York, 8 to 2, hitting Warhop and Lake when his meant runs. Arenales delivery was master of the locals when men were on bases, and he received fast and splendid support. Score:

R.H.E. Boston 100032110-13 2  
New York 010001000-2 3 3  
Batteries—Arenales and Downey; Hurst and Connolly.

## Odds on Choice Wine Frivolity.

EMPIRE CITY, July 28.—Cherry Oia, an odds-on choice, easily won the Frivolity Selling Stakes, 1-2 furlongs, today. She so outclassed Radium Star and Interpose, who had no liberties in straight betting only, that no liberties were taken and was held at 9 to 20. Interpose broke in front, but Augustin quickly sent Cherry Oia into the line and won by four lengths. Radium Star easily disposing of his stablemate.

FIRST RACE, selling, mile, \$500 added.  
1. Cheek, 105, (Taplin), 4 to 1, 8 to 5, and 4 to 5.  
2. J. H. Reed, 110, (McGee), 4 to 1, 8 to 5, and 4 to 5.  
3. County Fair, 107, (Bergen), 7 to 2, 7 to 5, and 4 to 5.  
Time—1:40 2-5. Shapdale, Summer-night and Conitulation also ran.

SECOND RACE, selling, 5 1-2 furlongs, \$400 added.  
1. Ostend, 109, (Butwell), 2 to 1, 4 to 5, and 1 to 2.  
2. Young Belle, 104, (N. B. Williams), 12 to 1, 4 to 1, and 8 to 5.  
3. Mornus, 112, (Page), 7 to 1, 2 to 1, and 4 to 5.  
Time—1:07 1-6. Rokeby, Plofield and Dictian also ran.

THIRD RACE, 6 furlongs, selling, \$500 added.  
1. Madman, 108, (Taplin), 9 to 20 and out.  
2. Billy Bodemer, 104, (Dugan), 2 to 1, and out.  
3. Mauvette, 99, (Crevery), 3 to 1, 3 to 5, and out.  
Time—1:25 1-5. Only three ran.</

## PUBLIC POWER AND ITS ENEMIES

Surprise need not be felt that the pernicious and mendacious attacks made by certain private financial interests on the hydro-electric policy of the provincial government, have met with some response in the London financial press. It is matter of wonder, however, that reputable journals such as The Statist should allow themselves to be misled by partial information into assisting the effort to impair the credit of Ontario and its municipalities. That effort is foredoomed to failure—indeed has already failed—and never could have had any effect except in the case of a small section of the British investing public. The great mistake that public service exploiters always make is to assume that investors are composed exclusively of people ready to absorb the bonus and watered stock of all kinds of public service companies, unloaded by promoters, brokers and other financiers out to make a profit for themselves. But there are fortunately many more classes of investors, and among them plenty who prefer gilt-edge securities of quite a different variety. The citizens of Ontario only need to remember that a similar campaign has been carried on for years by the same ring of London financiers against the credit of British municipalities and has not managed to damage it in the slightest.

It is a characteristic feature of the arrangements of the Ontario Government that none of them makes any reference to the repeated approval of its policy accorded by the municipalities interested, and by the people of the province generally. To read them one would imagine that the government had set itself wantonly to injure a particular company without either rhyme or reason. This of course is ridiculous enough to those who have been thru the fight for cheap Niagara power, and who remember the promise of great reductions in power and lighting rates made when the applications for provincial charters were under way. The public is said to have a short memory, but even at that, the announcement made when Niagara power began to be delivered that, no material relief could be expected, was hard of acceptance. That it was sincere has been later shown by the considerable concessions made in order to defeat the government's power policy in Hamilton, and elsewhere, and by the somewhat vague assurances offered that reductions are in contemplation in other cities. But the one conspicuous and significant omission in all the railing directed against the government is any acknowledgement that the public has an interest in the distribution of Niagara white coal at cheap rates, or indeed has any rights at all in the matter.

Besides, this agitation not a little remarkable, looking to the repeated and specific statements that it is quite impossible for the Hydro-Electric Commission and the municipalities to compete successfully with the private franchise-holders in supplying light and power. Supposing this scheme fails to accomplish what is expected, the fact could not but injure the general movement for the public ownership and operation of public services and utilities, and would correspondingly rehabilitate private corporations in the public eye. Why then this strenuous and unscrupulous campaign when all that it can do is to make the government and the municipalities, and the public more determined to carry the power policy thru? This has simply become a struggle between a gigantic private electric monopoly fighting to maintain its hold on the generation, transmission and distribution of Niagara electricity, and to dictate its own terms, and the people who want a fair deal. The public know what it wants, and it is convinced that under a scheme contemplating only legitimate capital expenditure and burdened only by proper operating charges, the prospects for cheap electricity and power are of the brightest. People are tired of seeing independent public service companies manoeuvred into identical control, and manipulated for private purposes. They are assured also that by protecting their natural resources for the public benefit, they are adopting the best possible course for enhancing the value of the provincial assets, encouraging its industries and improving its credit.

## GOOD ROADS AND AUTOMOBILES.

Opposition is offered to the demand for improved provincial road accommodation on the ground that whenever a highway is put in first-class condition it is at once monopolized and made unusable by automobiles and other fast running machines. This kind of argument is inherently weak, more especially when offered against a much needed reform, and one absolutely necessary in the interests of the agricultural community. As Mr. Lea, the state engineer for South Dakota, said in a recent article, good roads lessen the expense of hauling, make traffic possible in all seasons, facilitate rural mail delivery and incidentally add to the value of farm lands and farm products. If these advantages can be shown to be imperilled or prevented by reckless automobilists, the proper remedy is regulation, not the perpetuation of a road system which is keeping

back the agricultural development of the province and hampering the movement of commodities to the market centres.

Governor Folk of Missouri remarked recently that "It is always something else. When you are doing one thing, some people always try to discredit what you are doing by saying 'Why don't you do this or that?' not with a view to having this or that done, but in an effort to bring discredit on what is being done." That is true enough, and it is exemplified by the insinuation that the campaign on behalf of good provincial roads is the result of pressure exercised on the press by auto owners. The suggestion is nonsensical on the face of it, and it is a fair specimen of the tactics struck at by Governor Folk. No one defends the road hog, whatever kind of vehicle he may drive, but it is certain that before long motor cars will be part of the equipment of every up-to-date farm, and be in much more extensive use than they are now. The province needs better road transportation facilities, and the enforcement of proper regulations in the general interest presents no insuperable difficulty.

## MORE HIGH FINANCE.

How essential is supervision of a stock and bond issues where public franchises are concerned has again been demonstrated during the hearing held by the public service commission of New York, in connection with the reorganization of the Third Avenue Street Railway. It was admitted in the course of the proceedings that at a prior re-organization of the company \$16,000,000 "disappeared." At that time the road owed \$21,000,000, and in order to pay it \$27,000,000 was raised on securities ranking prior to the ordinary stock. Where the \$16,000,000 of difference went, and who got it, according to Mr. Whitridge, could only be found out by the expenditure of from \$300,000 to \$400,000, and recovery would be problematical even if the mystery were solved. Yet there are people who complain that private enterprise is discouraged because public service commissions have jurisdiction to inquire into the transactions of franchise-holding corporations, and because municipalities are becoming alive to their own interests. These complaints also fear, in such case, the distrust of the innocent investor. But private enterprise that gets away with \$16,000,000 at the expense of stockholders and the public is not of a kind whose effacement should be deplored.

## COMPULSION MAY HELP.

Without governmental compulsion it is doubtful if many people would pay the taxes necessary to secure public improvements. It is a question if that compulsion in some form or other should not be exercised to compel backward municipalities to keep their highways in a condition at least approximating to modern standards. It is not a pleasant thing for a family to find themselves quarantined when some infectious disease breaks out in the home, but the public welfare demands it. Some municipalities may be so penny wise that their pound foolishness may call for the exercise of pressure.

Toronto is the centre of one-sixth of the population of the province. The good roads movement should start right here, where most of the people are interested. The roads of York County are a disgrace, and the newspaper which joins in the good roads agitation with the proposal to establish a good roads zone around Toronto, has added a suggestion to the discussion that is really worth while.

The more The World studies the advantages of central administration the more convinced it becomes that this is the proper policy for the provincial government. Many municipalities have many councillors with a multiplicity of ideas which result in conflicting and unsuitable methods. Central administration of the leading highways will result in a comprehensive and well defined policy, under expert direction. The work will be accomplished best and most economically along standardized lines and in accordance with proved and accepted modern methods.

## ASHBRIDGE'S MARSH.

Editor World: I understand that the injunction Mr. J. Ross Robertson has secured from the courts, restraining the mayor from signing the agreement

with the Cawthra Mulock Syndicate, covers only two points.

(1) That the area of the property in question is larger than was supposed when the agreement was first entered into.

(2) That the agreement to deepen the channel at the south so as to provide water communication may be looked upon in the nature of a bonus.

I take it for granted, therefore, that the question is sub judice only so far as these two points are concerned. While leaving these phases of the question entirely for the courts to consider, I think it is an opportune time to discuss the settlement of that part of the city, in its general aspects.

It is a well known fact that for a number of years past there has been a good deal of talk of locating industries in the Ashbridge's Bay district, but, up to date, The British American Oil Company and the Don Foundry Company are the only two concerns that have been able to locate there. The fact of this matter seems to be that while Mr. Forman and other civic officials have been properly seized of the situation, and have been doing their best to get the matter settled in their locality, they have always been blocked by members of the city council, or by some of the newspapers, who did not fully understand the situation. That district has been lauded by these unreasoning "blockers" as a sort of Queen's Park property, and that so-called every time they talked about it.

The writer remembers distinctly, some five or six years ago, when he was very old, that he had been granted to the Mulock Syndicate, a friend of his from the United States, who wished to locate a certain industry in Toronto. He was unable, however, to make satisfactory arrangements with the city for the property, and turned his attention to some miles east of Toronto, where the municipality gave him a lot on the waterfront, and he has been busy thereon, and on which he has founded a very successful industry that, had it been located in Toronto, would have meant much to the city.

The fact of the matter is that we have been too long pursuing a "dog in the manger" policy. It would pay the city handsomely to surrender the Ashbridge's marsh to a certain industry, if necessary, to manufacturers who would locate proper industries there, safeguarding, of course, all the city's interests. It is evident, therefore, that there is a certain industry that should be used for foundries, oil refineries, paint and varnish works, ship building works, and such industries as require a great deal of inexpensive ground space. However, all such industries usually employ men only, who are generally paid large wages. The city would therefore gain immensely by having such industries locate there, and should be prepared to make the necessary arrangements with any concerns that can use to advantage the land in that locality.

Mr. W. F. Maclean, M.P., recently gave a very able address before the Riverdale Business Men's Association, showing what might be done in the way of development in the east end of the city, and pointing out the advantages of the Don Valley, and also a proper settlement of the Ashbridge's Bay district. Mr. Maclean is a statesman of wide outlook, and sees very clearly that the east end only requires building up with proper industries, and to the public spirit, to make it equal to any part of the city. If we were to build up Toronto and make it a great centre, we must have manufacturing industries, and in order to secure them, must be prepared to treat them with a certain amount of liberality.

Member of the Riverdale Business Men's Association.

## THEY MAY FEAR GERMS.

Editor World: Of course the reduction of 40 licenses in Toronto, done thru the alliance, has been done thru the drinking fountain at the corner of College and Spadina, and away! Now the thirsting souls that pass the Broadway Tabernacle have no means of quenching their thirst. Surely the whole town, for I understand it was because Broadway tabernacle objected that the fountain be removed. Won't someone take pity on the dogs, the horses and the humans at the corner of Spadina and College?

## FARMER'S ADVICE.

Editor World: So the bakers really have reduced the price of bread, and advanced the price per dozen goods. I really thought it a false alarm, but I know for sure that some have made the change. Of course the former profits were small on a few mixtures, but most paid well, at least fifty per cent. As to bread, four has been as high before, in 1898, being \$6.12 a barrel strong bakers, and the highest bread was selling for \$6.16 for 4 pound loaf. Now a four pound loaf would cost 20c, and flour only \$5.40 to \$6.00 for the best, and a 4 lb. of flour will make 65 loaves, weighing 4 lbs. each, or 14 loaves weighing 2 lbs. each, which at 10 cents would be \$13 for a barrel of flour after baking. It is a case of much wants more, and I guess mothers or daughters had best give the family a treat of real home baked bread, and cakes, at less than half-cost since the raise.

## MOTORMAN BLAMED

For Killing of Two Men Standing on Devil Strip.

WINNIPEG, July 28.—The adjourned coroner's inquest on Enoch Rees and Ernest Illette, who were crushed between street cars on the devil strip at the corner of Logan and Main-streets on Sunday, blamed Motorman Taylor for moving his car when the other car was already on the curve, and declared him to be grossly incompetent. They censured the street railway for employing incompetent motormen and for not having a standard examination. Both Taylor and the other motorman, Herbert, were detained by the police, and in the ordinary course will appear before the magistrate on Wednesday.

Burning issue in Iowa seems to be: Does the governor wear a celluloid collar? Even if he disproves this, some malicious enemy may charge him with wearing a made-up necktie.

Nineteen Stitches in Willie. Willie Virgin, 9 years, was run over in front of E. Nuttall's restaurant, Adelaide and Simcoe-streets, yesterday morning. The child lives with his mother and grandparents, the Nuttalls. Nineteen stitches were put in a bad gash in the back of the child's head and his right arm was fractured. His cousin, a Mr. Sprague, Queensville, Nellie A. Stewart, Blyth; Maud Tanton, Byron; Lizzie H. Taylor, Smithville; Myrtle M. Trainor, Binbrook; E. Gertrude

## Cobalt Market is Listless And in Some Cases Weaker

Market is in the Grip of a Mid-Summer Apathy—Strike Reported on Nancy Helen.

World Office, Wednesday Evening, July 28. While some irregularity existed at the mining exchanges to-day, there was a fair amount of trading done. As a rule transactions were made at slightly lower prices than yesterday, but there was no issue which could be expected as having exhibited any great weakness. The Cobalt market has evidently been once more seized with a mid-summer apathy, brokers in the majority of cases complaining that the outside public is exhibiting very little interest in mining issues, and until this has disappeared a steady and even running market is predicted.

Beaver was dealt in moderately today at steady figures. The shares opened at about last night's quotations, and after selling up to 31 1/2, closed weaker at 31 1/4. Temiskaming was slightly lower to-day, such sales as transpired being made around 18 1/2. Prices at the close of the session were 88, a fractionally lower figure than yesterday.

The other low priced issues were about steady. Silver Leaf advanced a point on the morning board, but weakened later. Rochester was active and declined nearly a point, closing at 43. Cobalt Central sold up to 43 and closed fractionally higher than yesterday. Peterson Lake was strong around 28. Chambers-Ferland was unchanged at 49. City of Cobalt was the centre of an upward movement early in the day, selling up to 45, a gain of nearly five points from yesterday. During the afternoon, however, the price sagged and closed at 45 1/2. The high priced shares were about steady. La Rose selling around 33 1/2. Nipissing was somewhat weaker, selling as low as 31 1/2. As a whole, the market was flat and inclined to weakness in some sections of the list.

### SHAFT DOWN 87 FEET

Quiet Development on Reeve-Dobie at Gowganda.

Mr. Wilson of the Reeve-Dobie mine at Gowganda is in the city on business in connection with that property, which is being developed quietly by British investors. In keeping with the adopted policy of the enterprise, Mr. Wilson had little to say.

When asked if the shaft had been sunk on the discovery vein he stated that it had been located somewhat to one side. The high price of silver, a strong outcropping of silver, still remained in place, he said. "No, that has been taken out, broken up and put into the ore bags along with the rest."

Mr. Wilson would give no expression of opinion on the party engaged by the shaft, he said, was 75 feet down. The mine was purely a private enterprise that had no interest whatever as to the outside impressions of the camp were favorable or otherwise.

The Reeve-Dobie strike was made August 4, 1908. A representative of the World inspected the discovery in company with Mr. Reeve in November and before the property was sold.

Many people have seen this discovery, and it is one of the most notable in Gowganda.

### PROSPECTORS MAKE GOOD

Party Sent Out Recently Stakes Two Good Claims.

News regarding the recent strike made by the party engaged by the shaft, he said, was 75 feet down. The mine was purely a private enterprise that had no interest whatever as to the outside impressions of the camp were favorable or otherwise.
