

FOOD CONTROLLER WILL CHECK PRICES

Hon. W. J. Hanna Promises Action Whenever it is Necessary or Warranted.

APPEALS FOR THRIFT

Tells Mass Meeting, Canadians Must Consume One-Sixth Less Food.

Characterizing the food problems of the world as a "grave and vital question" which has reached an acute stage, Canada's food controller, W. J. Hanna, in an address before a mass meeting in Convocation Hall last night, preliminary to the women's province-wide convention opening today, appealed to the people of Canada to eliminate food waste and adopt thrift and economy in the conservation of food resources.

In a speech devoid of oratorical phrases, the food controller reviewed the world's food conditions, quoting statistics, data and statements to support his arguments for self-sufficiency in food consumption by Canadians and Americans in order that the soldiers will not be defeated or compelled to retreat and to prevent the people of the allied countries suffering from hunger.

He centered his argument on wheat figures. The requirements of the European allies are 1166 million bushels of wheat, and of this amount 646 million bushels has been raised in Britain, France and the other allied countries, he said. In Canada, amounting to 460 million bushels, has been produced in India, Argentina, Australia and other countries, but cannot be shipped for 300 million bushels because of lack of tonnage.

Reduction of the consumption of wheat in the United States and Canada is therefore necessary in order to send the European allied countries the additional 160 million bushels required. The food controller said that if the consumption of Canada and America is reduced one-sixth, the problem of the world's food shortage is solved.

Particular appeal to conserve food was made to women by the food controller, who said that women could contribute more to the cause of thrift, economy and conservation than any other class of citizens combined. He appealed to them to do not only to conserve their own food, but to conserve the food of others.

Food Controller Will Act. That the food controller will not hesitate to exercise his powers of regulating prices whenever that action is necessary or warranted, he declared, and that he would explain the establishment of his office.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

The insubordinate Russian seventh army continues to fall back before the enemy in the region between the Rivers Sereth, Stripa and Zlota Lipa, and the Germans have occupied the Villages of Nastasov, Naniav, Uvse and Slavatin. Tarnopol, according to an unofficial despatch, has fallen to the enemy, but neither the Russians nor the Germans officially confirm the report. The news has alarmed the Russian Provisional Government, and the council of soldiers' delegates has conferred a virtual dictatorship on Premier Kerensky and has authorized the military authorities to fire on deserters. The Cossacks and the artillery will probably support the government in wiping out the mutinous detachments, which are causing all the trouble. Besides, the army commanders have the power of requisitioning supplies to the insubordinates. Brains and superior intellect on the part of the Russian higher command may save the situation.

The German advance north of the Dniester is assuming the shape of a huge wedge, with its apex near Tarnopol and its base between Zlochoff and Halerz. If the Russian higher command should manage to secure the neck of the salient from an attack, the Russians might strike near the neck of the salient from the Brody region, so as to cut off the German troops inside of the salient. It is unknown, however, whether the Russian higher command has large bodies of chosen troops near at hand for an emergency. The enemy is making the most of his easy successes.

The instability and weak morale of some Russian detachments are jeopardizing the development of a further Russian success in the Vilna region, north of the Pripiet Marshes. The Russians had captured a portion of the enemy's positions in the Tsary-Bogushli district, near Krov, and had advanced two miles in the form of a wedge and had taken 1000 prisoners. Then the detached men apparently refused to obey orders and to exploit the advance. Berlin claims that German counter-attacks repelled all but a small portion of the defences lost. The Germans also reported Russian attacks near Smoron and Dvinsk.

The German infantry action against the French on the Californie and Casemates Plateaux had resulted in another German reverse. The first lines penetrated by the foe are in the sections where the enemy's trenches are so close to the French that it is impossible to use artillery for the checking of the attack, so the French have turned these first line trenches to their profit by converting them into death traps for the enemy. After the enemy's big failure on Sunday he did not renew his infantry charges, but he liberally sprinkled the two platoons with his shells. The French, undertaking a small operation east of Cerny, made progress and took some prisoners. They beat off a German night attack northwest of Mont Carville in the Champagne, and their batteries opened an extremely active fire against the German batteries in the Moronvilliers region.

The Canadians carried out a large and successful operation near Lens yesterday morning. They penetrated the German lines on a front of 600 yards to a depth of 300 yards, took more than 50 prisoners, killed many Germans and greatly damaged his defences. Their losses, it is said, were fewer than the number of prisoners taken. The British troops, east of Meuseles, also did at the farm against the German tanks. They captured the enemy east of Oostaverne. British airmen dropped three tons of explosives on the German aerodromes, ammunition dumps and railway sidings.

HAMILTON NEWS

Hamilton, July 23.—In the death of Alfred Ward, which occurred at the family residence, 111 West Jackson street, this morning, Hamilton lost one of its best citizens. He was a Conservative in politics, and had been a member of the board of education since 1904. Soon after coming to this city from Montreal 22 years ago, Mr. Ward interested himself in Centenary Methodist Church, and he had held nearly every office of importance during the period. He was for many years a member of a firm of Semmens, Ward & Ewel, cabinet manufacturers.

MINISTERS OF GOSPEL PUT TANLAC TO TEST

Well-Known Ministers of the United States Come Out Openly and Fearlessly and Tell What They Know to Be the Truth About the Medicine That Has Helped Them.

RARELY will a minister of the Gospel endorse a proprietary medicine. The preacher's high calling, the influence he commands puts a grave responsibility on his every word. He will not jeopardize his reputation by commending a thing without first ascertaining that it is all right. His word carries as much weight in the home, on the street, or in the public prints as in the pulpit.

When ministers of some of the greatest communions in the land endorse Tanlac their words carry conviction. They say what they know to be the truth. They have put Tanlac to the test of personal service and have not found it wanting.

The proprietors of Tanlac have received countless testimonials from people in every walk of life, earnestly commending it. Among them are a number from prominent ministers of various churches. A few of these are printed below.

Rev. W. C. Norton is pastor of the Wesley Memorial church of Jacksonville, Fla. He says: "I suffered from chronic indigestion for years. I seldom slept well and had severe headaches. Since taking Tanlac I feel as well as ever. I did—sleep splendidly and eat anything I want. Tanlac has restored my health and I feel it my duty to recommend it."

Rev. A. H. Sykes, pastor of Watkins Park Presbyterian church, Nashville, Tenn., says: "Mrs. Sykes suffered from stomach and kidney troubles and a nervous breakdown. Tanlac restored her health. She is gaining strength and flesh rapidly. Her ailment is a permanent cure. I give Tanlac my unqualified endorsement."

Rev. John M. Sims, Baptist, Atlanta, Ga., says: "I suffered from nervous indigestion and inactive liver—digested badly impaired. Tanlac corrected these troubles entirely—gained ten pounds taking two bottles."

Rev. W. T. Roby, Pastor West Lonsdale Methodist church, Knoxville, Tenn., testifies from personal experience as to the great benefit he derived from taking Tanlac for disordered stomach. He says: "Tanlac has given me a new lease of life. I have been most satisfactory—am glad to recommend it as the best medicine I have ever tried."

Rev. F. M. Winburn, Methodist, San Antonio, Tex., says: "I had no appetite—suffered from weakness and general debility—could not work without quickly tiring. Found Tanlac just what my system needed. I consider Tanlac a good medicine to build up run-down systems."

Rev. R. J. Taylor, pastor St. Pleasant Baptist church, Frankfort, Tex., says: "Grippe left me in a very bad shape—had indigestion, nervous headache, and general debility. Tanlac has given me a new lease of life. I have been most satisfactory—am glad to recommend it as the best medicine I have ever tried."

RAILWAYS ALLOWED TO RAISE GRAIN RATES

Dominion Board of Commissioners Grants Application of Companies.

Ottawa, July 23.—The board of railway commissioners, in a judgment handed down today, has granted the request of the railways for increases in both the thru and local grain rates from Fort William to Toronto and Montreal. An advance of one cent in both lake and rail rates is allowed, making the charges now 16 and 21 cents respectively. The commission says: "Grippe left me in a very bad shape—had indigestion, nervous headache, and general debility. Tanlac has given me a new lease of life. I have been most satisfactory—am glad to recommend it as the best medicine I have ever tried."

DAYLIGHT SAVING IS IN DISFAVOR

Foster's Bill is Virtually Knocked Out by Chorus of Criticism.

DEBATE WHEAT PRICE

Proposed Minimum Figure Meets With Some Opposition in House.

By a Staff Reporter. Ottawa, July 23.—The house of commons today evinced a most unfriendly disposition to the daylight saving bill. Altho the bill was a government measure, it was vigorously assailed from both sides of the house, and would have been defeated in committee if the whole had not been taken.

wheat of Canada and the United States could be pooled and a price fixed by the two governments. The government's bill to amend and consolidate the Railway Act was reported from committee, but stood over for third reading.

Daylight Saving. Sir George Foster moved the second reading of the daylight saving bill and explained its advantages at considerable length. He said it would effect great economies in fuel and light and generally improve the health and morals of the people.

Sir Wilfrid Laurier said the bill was a law to make eight o'clock seven o'clock. Personally, he thought it would be a good thing if everybody got up an hour earlier, and if they could deceive themselves by setting the clock wrong this excellent result might be attained.

Strong Objections. When the bill got into committee, however, it encountered such a fusillade of objections that it had to be practically withdrawn. Mr. Carvell (Charleton, N.B.) pointed out that few localities had solar time because they universally adopted the railway standard time.

so much daylight in this part of the country that they did not know what to do with it. It was daylight from 12.30 a.m. to 10.30 p.m. To discuss a law providing for more daylight at this stage of the session, and in the present critical situation he regarded as little less than tom-focery.

Diarg of the Clock. Mr. Turritt (Assiniboia) said the farmers found the fast time a nuisance because when they finished their chores and rode to town in the early morning they found the stores closed up.

Maximum Wheat Price. The house then went into committee of supply on the estimates of the trade and commerce department, and Mr. Carvell asked if it were true that the grain supervising commission had fixed a maximum price of \$2.40 per bushel at Fort William for No. 1 northern.

Mr. Carvell said there was a great quantity of the 1917 crop still in the hands of the farmers, and they were naturally holding for a high price. Mr. Carvell: "I have no great sympathy with the man who has refused \$2.30 for his wheat."

alies should be competing against one another, and equally undesirable that the Canadian and American farmers should be in competition. Therefore, it was desired to pool all the wheat of the U. S. and Canada and take it at a fixed price.

Mr. Carvell thought \$2.40 a pretty stiff price, but if the government bought at that figure it should see that the miller sold his flour on the basis of \$2.40 wheat. The food controller, he said, was giving a lot of advice about people eating brown bread instead of white.

Mr. Carvell complained of gambling in wheat futures. Sir George Foster: "You can't prevent people betting."

Mr. Carvell: "Prohibit export for a while and they will be sick of their betting."

able to say something definite on this subject. Sir George Foster replied that nothing very definite could be said or done until the United States Government got the necessary powers from congress.

Mr. Glass said he could not see how fixing a maximum price for wheat could be of any benefit to the farmer, unless the government or some organization stood ready to take his wheat at that price.

Mr. Lapointe (Montreal) said it would be well for the government to quit talking and do something to fix prices and reduce the cost of living.

Mr. Lapointe: Yes, and he is about the same type of official as the mayor you have in Toronto.

bushels, netting the elevator companies \$1,250,000. Mr. Buchanan (Medicine Hat) criticized the appointment of Leslie Boyd as chairman of the grain commission in succession to Dr. McGill. He said Mr. Boyd was a Montreal lawyer and a courteous gentleman, but he knew nothing on earth about grain.

Report Railway Bill. The house tonight went into committee on the government bill to amend and consolidate the Railway Act. An amendment was passed authorizing the railway committee to require train conductors on local lines in Quebec to speak both English and French on and after July 1, 1917.

This is to distinguish them from conscripts after conscription is enforced.

GERMANS ATTEMPT TO AVOID DEBACLE

British Columns Press on Enemy in East Africa.

London, July 23.—German troops in German East Africa attempted to make a stand last week against the allied forces which are gradually closing in on them. An official statement reads: "On July 17 the enemy evacuated Mount Shikama. A portion of his forces retreated southwest toward Lake Tanganyika. A portion of the 17th and 18th columns pressed the retreating enemy in a most difficult country, capturing a few prisoners and occupying a ridge two miles north of Narongombe by nightfall of the 18th.

CALL IN ROSS RIFLES. Canadian Associated Press Cable. London, July 23.—Orders have been given by the Canadian command that all Ross rifles be returned immediately to the nearest ordnance depot of overseas forces.

LODGE NEWS

INITIATED NEW MEMBERS.

Court John, No. 4917, I.O.F., held its  
regular meeting last evening in the  
Foresters' Hall, the chair being taken  
by E. Feiman, acting chief ranger in  
the absence of the Chief Ranger, A.  
Montgomery. During the evening five  
new members were initiated. This  
Lodge has an honor roll of 50 names  
of whom four have fallen in action.

MANY AT THE WAR.

The regular meeting of Capital  
Lodge, No. 60, A.O.U.W., was held last  
evening in St. George's Hall, the chair  
being taken by T. Senior, Master  
Workman. This lodge has suffered  
severely as the result of the war, and  
in consequence there was a sparse at-  
tendance last evening. Following the  
regular routine business, the members  
enjoyed a friendly game of euchre.

MEDCALF LODGE MEETS.

Medcalf, L.O.L., No. 751, met last  
evening in Victoria Hall, the chair  
being taken by Norman Johnston,  
workshop master. During the evening  
the report of the committee for the  
12th of July celebration was re-  
sented and was highly satisfactory.  
The committee was congratulated  
on its work. Three new candidates  
were initiated into the order.

SENDS LETTER OF CONDOLENCE

At last night's meeting of Fidelity  
Lodge, No. 13, The Maccabees, the death  
of an old member was reported. W. J.  
Forster, who had been a regular at-  
tendant of the lodge for over thirty  
years. It was decided that a letter of  
condolence be sent to the widow. The  
letter was taken by Commander T. S.  
Pittack. The lodge adjourned early  
on account of the heat.

The Home Beauty Parlor  
(MAE MARTIN)

Dolly: "I made my faded, 'straw' hair  
dark on its natural color again and became  
soft, shiny and brilliant by shampooing  
with castor-oil, a teaspoonful of which  
dissolved in a cup hot water. It gently  
yet thoroughly dissolves dirt and  
excess oil, and when I rinsed it out, left  
the scalp healthy and clean. Since my  
first trial I have used nothing but this  
preparation."  
Mildred: "Yes, you can be sure of hair  
that you give it proper care. Rid-  
diness of itching dandruff by use of  
this economical, home-made tonic, which  
will make your scalp so healthy that the  
hair naturally grows long and heavy. Get  
this before each meal and you will see a  
gradual decrease in weight without loss of  
strength or aching skin. It is simple,  
harmless and effective. Requires no diet-  
ing or exercise."  
Mildred: "Instead of making over your  
gowns because you have outgrown  
them, why not try this harmless flesh re-  
ducer? Get four ounces of parrotin from  
your druggist. Dissolve it in one and one-  
half pints hot water. Take a tablespoon-  
ful before each meal and you will see a  
gradual decrease in weight without loss of  
strength or aching skin. It is simple,  
harmless and effective. Requires no diet-  
ing or exercise."  
Mildred: "The 'face cream without grease'  
which you see above is ready prepared at  
home by this recipe: Get from your drug-  
gist one ounce of almond oil. Dissolve it  
in one-half pint cold alcohol. Add two tea-  
spoonfuls glycerine, stir well and let stand  
over night. Apply it freely and pre-  
vent wrinkles and all skin-troubles. It  
is dissolving, soothing and healing and there  
is nothing better to relieve enlarged pores,  
redness and all roughness or redness of  
skin."  
Christine: "For your yellow, pimply skin,  
which indicates a liver upset, you should  
take blood and liver tonic. This is pre-  
pared by pouring one ounce karene into  
one-half pint alcohol and one-half pint  
water and then adding one-half cupful whisky  
and one-half cupful sugar. Take a table-  
spoonful before meals and your skin will  
soon be clear and beautiful. The karene  
is good for most bodily pains and  
sores, because it eliminates from the sys-  
tem the poisons causing them, and its time-  
ly use frequently prevents serious sickness."  
Celia: "You say, 'I am a slave to my  
powder rag.' Why not try this fine liquid  
beauty? It is lasting in effect and  
economical, besides being fine to wash and  
blushes. Get 4 ounces of spermacin or  
two teaspoonfuls glycerine and one-half pint  
big quantity and wash with it. This makes a  
divine face powder. It will be very be-  
neficial and will seem like a part of your  
skin."  
Mildred: "Don't be frightened into buying  
better to strengthen the eyes than to aid  
their weakness. For some years I have used  
this simple home-made tonic, which has both  
beautified and strengthened mine. Dissolve  
two drops daily, or several times daily, will  
make them clear and sparkling.

WOMEN'S EMPLOYMENT BUREAU

Munition Firms Asked For Hundred  
and Fifty-Two.

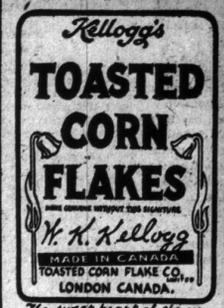

The report of the women's depart-  
ment of the Ontario Employment  
Bureau shows that during last week  
there were 223 applications for work,  
and 190 applications from employers.  
The number referred to positions  
were 120 and positions secured 43.  
A call from an ostrich feather  
firm for 20 employees resulted in 21  
being found. Munition firms asked  
for 156, aeroplane factories asked for  
one, auto factory for rubber work,  
six. Applications were also received  
for secretaries and stenographers.  
Among those referred to positions  
were: Machinists, 4; aeroplanes, 1;  
auto factory, 4; wrappers, 5; mun-  
itions, 106; laundry, 2; matron, 2;  
packing, 2.

OPERA MUSIC.

If you enjoy opera music, sung by  
the world's greatest artists, don't  
forget that you can have any of it  
you wish on a Victor Record. You  
can have a concert right in your  
parlor with the Victrola Par-

and hear some of these records  
played.

NIAGARA-ON-THE-LAKE.

For Niagara was the scene Satur-  
day evening of an entertainment and  
dance unique in every feature. The  
friends of Col. Miller, staff, and can-  
didates of the officers' training camp,  
came by every mode of conveyance  
from Buffalo, Toronto, St. Catharines,  
Philadelphia, Pittsburgh, Niagara Falls  
and Cleveland, until an audience as-  
sembled that must have numbered at  
least four thousand. The point about  
which they gathered was a hastily  
constructed stage under the limbs of  
the parade grounds. The picturesque  
location of the camp at the mouth  
of the river, where the Niagara flows  
into Lake Ontario, furnished a ro-  
mantic setting for such a gathering.  
The cool lake breezes rustling thru  
the trees mingled with the strains of  
"Pack Up Your Troubles in Your  
Own Kit Bag and Smile, Smile."  
The cleverness of the program, under  
the direction of Lieut. McClintock,  
Pittsburg, showed the abundance of

Mr. Urquhart's Convention Proposal

Ex-Mayor Urquhart represents the
senest and staidest wing of Liberal
political thinking, and his proposal in
last night's star to call a convention
representing those of the Liberal
party who desire to place the winning
of the war before every other
consideration; coupled with his own
declaration that he "cannot as a Liberal
endorse the platform which was
enunciated" at the conference of the
Liberal members of parliament and
candidates, will attract general attention.

Mr. Urquhart recognizes, as so
many do, the necessity for "some one
who will step out on the broad
platform of conscription of men, energies
and resources, with the one end
and aim in view, to win this war."

The British North America Act
does not require a practically unanimous
vote in war time for such a
necessary measure as the extension of
parliament. What it requires is a
resolution of the house of commons,
and that was forthcoming. Accession
to the wishes of a minority in a
case of this kind is straining the
democratic idea to the limit and
reminds one of the man who was so
straight he leaned over backwards.

So far from being a democratic
procedure, this submission to a minority
is a direct encouragement of the
autocratic spirit in that minority.
Their appetite grows with what it
feeds on. One concession merely
sharpens their demand for more.

We have been fighting hard for
three years to crush the militaristic
and autocratic system whereby a
minority of the autocrats of the German
Empire have tamed and cultured
the majority into their ways and
principles. We hope to conquer that
autocracy and all its pernicious
growths. But in doing so are we to
submit to a similar autocracy in
democratic guise at home, and yield
all the popular rights of majority rule
for which we have struggled so long
and so far? There is little use fighting
the Prussian spirit abroad if we are
to be tamed and dominated by the
Prussian spirit at home. The people
of Canada—Liberals and Conservatives,
are in no mind to submit to the
rule of the minority. A minority that
would shut down on further reinforcements
for our sons and brothers in
France does not represent Canada
and has no claim for consideration.

"So Much Good in the Worst
of Us."
Among the compensations of war in
Great Britain is the extraordinary
decrease in crime of all kinds. Military
service and army discipline brings out
the best in many men and subdues
much in the wilder sort that may be
after all, nothing more or less than
superabundance of animal spirits. The
new criminology recognizes that it is
action directed in proper channels
rather than restraint that the so-called
criminal class require.

This has been made clear also by
the record of those who have been
permitted to enlist from the reformatories
and other penal institutions to
the number of over 4,000. More than
half of those appeared in the casualty
lists, 530 killed in action, 49 died of
wounds, 12 of sickness, and 1,530
wounded. Among those men who made
good there were many heroes. Three
of them won the V. C. Twenty more
were mentioned in despatches. The
D. C. M. was awarded to 25. No
fewer than eight were granted com-
missions. This is a splendid record,
and a bright spot in the tragedy of
the war.

FURTHER EVIDENCE
AT COOK INQUEST

Disclosed That Florence Cook
Consulted Doctor and Under-
went Operation.

REFUSED TO NAME HIM

Mrs. H. Ellis Examined Re-
garding Nature of Girl's
Illness.

That Florence Cook consulted a doctor
about her condition and that he at some
time operated on her was the disclosure
made last night at the fourth sitting of
the jury, under Coroner W. Graham,
inquiring into the circumstances sur-
rounding the death of the seventeen-
year-old school girl in the Western Hos-
pital.

This testimony was given by Mrs.
Cook shortly after the inquiry was
resumed. She was at first quite com-
posed, but midway thru the examination,
which lasted for two hours, she showed
signs of nervousness, and frequently kept
her hand to her forehead. She was asked
some time for answers to his grilling
questions. Quite often she failed to
answer questions, and the coroner and
the prosecuting attorney, on two occasions
the latter telling her she was not being
in being impudent he would have
some other way of obtaining her
evidence. In refusing to answer one
query she exclaimed: "Please do not an-
swer my question."

Girl's Health Good.
At the outset she stated that Florence
Cook's education and bringing up were
in her hands entirely, and the girl's health
was good. She was a healthy child,
and was not suffering from any disease.
When Mrs. Ellis was recalled from
Hawkeville on account of her niece's
illness she said she had seen Florence
Cook at Florence's home, and that she
was suffering from a cold and a touch
of bronchitis. She was not suffering
from any other disease, and when an
effort had not been made to cure her
before, she was told that it was against
Florence's wishes that she was taken
to the hospital. She was not suffering
from any disease, and when an effort
had not been made to cure her before,
she was told that it was against Flo-
rence's wishes that she was taken to
the hospital.

Refraining to the doctor's statement
regarding the girl's illness, Mr. Greer
said: "He did not tell you the truth."
Continuing her evidence, Mrs. Ellis
said: "On Saturday night I thought
there was something wrong with Flo-
rence—something she was keeping back
from us all."
"Who did you think it was?" she
was asked.
"Isn't it really tell you what I thought?"
Speaking of the time at which Dr.
Green was called, she said she told her
husband, and her life might depend
on it.
"Did you tell Dr. Green about her
condition?" asked the coroner.
"This led to a very severe cross-ex-
amination," Mrs. Ellis replied.
"Where does Sifton get his view?"
asked Mr. Greer.

N. W. Rowell, M. L. A., leader of the
opposition in the provincial parliament,
stated at a liberal party meeting on
conscription several weeks ago, but
refused to discuss the letter. "I have
nothing to say," he said.

"The sentiments expressed in the
letter, you have read to me, are quite in
line with my thoughts," said W. J. Barry,
M. L. A., who spoke after Mr. Rowell.
"I would think that a splendid attitude
should be taken by the liberal party
in regard to the obligation of conscription.
The party should be straight and
square, and party matters are of first
importance. How does it come that
party considerations are not in the
forefront of our minds? We are not
influenced by party considerations.
There should be a common ground on
which we can entirely agree in order to
carry along the work of winning the war."

points penetrated have been retaken
with two exceptions. The Russians
renewed their attack on a wide front
south of Smorgon today, but the
statement says they were held in check.
On the eastern Galician front the
war office says the Germans have
occupied the heights west of Tarno-
pol, and are constructing a railway,
Ostroff Railway, and have begun
to advance on both sides of the
Dnieper.

Another indication that the Im-

**500-Yard Penetration.**

The German line was penetrated to a depth of over five hundred yards along a front of 700 yards. A large number of enemy dugouts containing many men, which had been constructed on both sides of a 20-foot railway embankment stretching between Avion and Mericourt were successfully bombed. In order to reach these dugouts the attacking force, consisting largely of men who had not hitherto taken part in an assault, had to make their way in the darkness through groups of wrecked houses, and a tangle of enemy wire cut during the past few days by our artillery, and a brick-

**To add to the difficulties of the men, a barrage of gas shells was put on by the enemy as they went forward, and continued as they advanced, which made it necessary for them to wear gas masks during the attack.**

The colonel of the regiment himself assisted before the attack in placing white tape to make the practicable paths thru the enemy wire, which at this point of the Oppy-Mericourt line is very wide. Thus aided, the assaulting waves, protected by an excellent barrage from our guns, had little resistance to overcome until they passed the enemy's first line trench, where a number of prisoners were taken. Pushing on rapidly, the attacking force encountered fierce resistance, and had to fight their way forward with the bomb and bayonet.

When the embankment was reached the occupants of the dugouts were called on to surrender. Only a few of them did so, the remainder preferring to take their chances below. The men who made this choice had only a few minutes to live, having come from the Russian front. They did not know that the means now used in destroying dugouts is so effective that the occupants can escape. Our men had no time to argue the matter or to descend and explore the dugouts, from which armed Germans were beginning to swarm out. Bombs were thrown into the entrances and explosions speedily followed.

Returned With Wounded. Gathering up the wounded raiders, the men returned toward their own lines, leaving outposts behind with instructions to fall back if heavily counter-attacked. The enemy in force attacked these outposts at dawn, and they were withdrawn to a point in the northern part of Avion, from which the raiders set out.

Prisoners state that there were many men in the destroyed dugouts

**FORTIETH ATTACK OF ENEMY FAILS**

(Continued from Page 1).

Plateau, the attacking forces soon melted to a thin line under the with- ering French fire which met them, and those still able retreated hurriedly to their own line, which meanwhile came under an intense French shelling fire that must have made the German trenches almost untenable.

In the same period from Casemat- es to California plateau, other German troops were suffering heavily under similar conditions. But several times here, they gained small portions of the French front, where did they reach the crest itself.

Where their line bent momentarily, the French troops organized immedi- ate counter-attacks and recon- quered nearly everything temporarily taken from them. A French captain, who fell wounded early in the day and was captured by the Germans, was later rescued by his own men when the Germans were forced back. He affirmed that German soldiers among whom he lay, desired that severe fighting in German troops, when ordered to go over the top, refused to vent- ure into the terrific fire which swept away everything in its path.

Aviators were busy thruout the day, and sometimes the sky was al- most covered with the flocksy smoke from the shrapnel bursting around them. It was a bad day for an attack be- cause the clearness of the air made every movement, even in the narrow communication trenches, visible to the observers and the observers in kite balloons.

The gain of a few hundred yards of a front-line trench, which is all that remains in German hands, appears small compensation for the fierce fighting in the forty attacks of the past ten weeks, during which con- servative estimates place the German losses in the vicinity of the Chemin des Dames alone at six figures.

When the correspondent left the field at an advanced hour in the evening, the fighting was still proceeding furiously, and a hot artillery fire.

The official statement issued by the French War Office tonight reads: "East of Cerny we made some pro- gress in the course of a small opera- tion, and took prisoners. In the re- gion of Hurbetise and Craonne the bombardment continued very violent against our positions, chiefly on the California plateau. There was no in- fantry action. Eight hundred and fifty shells were fired against Rheims during the course of the day.

"In Champagne, the Germans last night evidently made an attack on our trenches northwest of Mont Carnillet, but were completely repulsed after a spirited engagement.

"Our batteries were very active against the German organizations in the region of Moronvillers. There was intermittent cannonading on the rest of the front. A German long range gun was fired about a hundred shells in the region north of Nancy. There were no casualties and the damage was insignificant. In retaliation we effectively shelled bat- teries at Chateau Salins.

"Belgian communication: "There was great artillery activity along the whole front today."

Army, the east, July 22.—Patrol encounters occurred on the Struma and in the region of Barakli. The artillery action was particularly spirited in the region of Saravna and northwest of Monastir. Our fire caused an explo- sion in one of the enemy batteries."

**HOUSE OF GLASS AT THE ALEXANDRA**

Virginia Fox Brooks Triumphs in Her Greatest Role This Season.

**FIVE WEEKS' RUN FOR A PHOTO-PLAY**

"The Whip" Still Attracts Large Audiences at Grand Opera House.

Miss Virginia Fox Brooks has been the most successful leading lady that the Robins Players have presented to local audiences and in the course of her work in stock this summer she has shown herself gifted and versatile beyond ordinary. On one or two occasions she has had opportunities for the exhibition of her dramatic power, and she proved herself capable of taking the fullest advantage of such situations. Last night, she played the part of Marcia in "House of Glass" gave her the greatest role she has assumed this season, and she rose to the greatest heights and in the emotional climax of the third act took rank among the greatest of the younger actresses of America. A finer performance could scarcely be wished for, and the repeated calls at the close of the act was a genuine tribute to her power. The play is a police drama, but it is not concerned with the ordinary criminal types.

It is a reasonable and an interesting story, one of the first of its kind in New York, has saved \$100 out of her \$15 a week. She met her chauffeur, who has had, he tells her, \$100,000 left him, by a rich uncle. In two weeks she agrees to marry him, and she is to go to San Francisco when the detective comes in and arrest him as a burglar. The second act is eight years later. She was sentenced to three years, and after her sentence was served she was allowed out on parole, which she broke and went west. She marries a prominent railroad man, who goes to New York, and here for two years she lives in retirement, but the New York sleuth finally discovers her. Her husband is a hard man in his attitude towards criminals, and the great scene occurs in the third act, when she touches his adamant heart. There is a natural and simple quality about Miss Brooks acting in the play, there are the ordinary type of shrieking and wailing heroines, strength with restraint, emotion which degenerates into stoniness, genuine feeling which avoids the affectation of the melodrama, and her audience has the right to sympathize with which the greatest actresses command their audience, and that of high control—these are the gifts which Miss Brooks possesses in high degree. There was no law in her acting last night.

Powerful Appeal. Rarely is a play so powerfully artistic appeal than, with outstretched arms, slowly, timidly, yet urgently, by impulsive stages, and strong, clear stress in every line of her entreaty, and every quiver of the twitching fingers, she implores him to take her. Frasier presented a splendid study of an un- gracious part, the man whose duty re- quires him to be harsh. Thomas E. Jackson was very good as Burke, the ex-convict. John Maurice Sullivan, as the railway man, was excellent. The rigidity of the character not too repellent. Mr. Robins himself had most congenial part as Macellan, the attorney, and his interview with the detective and his indirect appeal to Lake were choice passages in the performance. The full company filled the other roles in a highly satisfactory manner.

**WILD AND WOOLY STORY PROVES REAL THRILLER**

Douglas Fairbanks Seen in Western Frontier Play at Regent Theatre.

With an original plot and thrilling scenes, in which Douglas Fairbanks is given more opportunities than ever before to show his dexterity in horsemanship and athletics, "Wild and Woolly" is the feature picture at the Regent Theatre this week won approval at its initial presentation yesterday after- noon, as the son of a railroad man, Fairbanks is sent to Arizona to investigate a proposal to develop some mining property. Discovering that the young fellow believes in "Buffalo Bill" stunts, are still in vogue in the west- ern country, the citizens of the town in which he is to stay, arrange to give him a reception such as would have been arranged for a visitor forty years ago. This young millionaire is com- pletely taken in and all goes well until the real villain takes the opportunity to abduct the heroine and make things uncomfortable generally. How Fair- banks captures the villain, fights fully a score of Indians and ultimately re- scues the girl and marries her, provides thrills galore and plenty of fun.

"Pictures showing the 48th and Maclean Highlanders in New York, scenes of interest to Toronto people, and edu- cational films, complete an excellent program.

**ALL-STAR ENTERTAINERS IN SONG AND COMEDY**

Many Good Features in This Week's Program at Loew's Theatre.

An all-star cast of entertainers presents a varied and pleasing bill of song and comedy at Loew's The- atre this week. The headline feature is the act of Tom Edwards, the well-known ventriloquist, who, assisted by Alice Melville, delighted the audiences with his witless and clever "Revue." "The Drudge" is the title of a comedy drama in which Mr. and Mrs. Sydney Faine entertain with the usual variety of domestic troubles, Dawson, Leani- gan and Covert, in a novelty musical and dancing act introduce some har- mony which is well received. Evans and Moore, in a "Revue of Revues," sing popular songs and display some picturesque costumes. Other acts which won the approval of the audi- ence were the xylophonists, xylopho- nists, Flo and Ollie Walters, who sing and dance.

**FINE VARIED PROGRAM AT STRAND THEATRE**

Olga Petrova Seen in Intense Problem-Drama of Family Life That Ends Happily.

An excellently varied bill was pre- sented yesterday at the Strand, with something to please every taste. Comedy, education, pathos and tragedy, intermingled with pictures of home and local interest. "The Waiting Soul," that fine actress, Olga Petrova, is shown in splendid advantage in a problem play presenting unusual develop- ments. This play is a gripping drama dealing in an unconventional man- ner with a question of family life.

Round the work tours showed many picturesque corners of the globe, Naples, Egypt and portions of the Sahara country. Perhaps the most interesting of a glimpse of olden France, in the City of Avignon, showing many beautiful types of 14th cen- tury architecture. These pictures were wonderfully clear and distinct. Loud applause was given for the pictures of the 48th Highlanders on their recruiting tour thru the States, with their slogan "Britishers, Enlist today," inscribed on a huge poster.

**AT THE MADISON.**

"Her Strange Wedding," the Lasky production which headlines the bill at the Madison Theatre for the first half of this week, is a drama of unusual interest and local interest. Fannie Ward has the part of a wealthy young girl whose hand is sought by two brothers, and who chooses the unworthy one.

**DR. CHASE'S OINTMENT**

Develops From Neglected Chafing and Skin Irritation.

If every mother could realize the danger which lurks in the neglect of chafing and skin irritation she would not take chances on being without Dr. Chase's Ointment to apply after the bath.

This ointment is so clean and pure, and so delightfully soothing and healing, that it affords prompt relief to the little one's dis- comfort. It arrests the development of eczema, and makes a complete cure. Unlike pore-clogging powders, it promotes healthful action of the pores of the skin, and therefore leaves the skin in perfect condition.

**HERBERT SISTERS SCORE SUCCESS AT HIPPODROME**

Their Songs and Dances Bright Feature of Excellent and Varied Bill.

Featured by the series of society dances and bright song numbers of- fered by the Herbert Sisters, the well-known Toronto girls who have made such a pronounced success in vaude- ville, the program presented at the Hippodrome this week is interesting and entertaining.

The Toronto girls' act consists of several unique and graceful dances and some popular songs. The girls frequently change their costumes, which are all bright and pretty, and hold the constant attention of the audience. Frequent applause marked their initial stage appearance yester- day. The program at the Hippodrome this week is interesting and entertaining.

Word was received in camp this morning that Lieut-Col. H. C. Os- borne's injury, sustained in Satur- day's gymnasia, was not as serious as had been feared. An X-ray ex- amination showed that there had been no fracture. The dislocated shoulder was set satisfactorily, and it is hoped that he will be back at the office in a day or so. In the meantime, Lieut-Col. John L. Mc- Laren, 3rd Brigade, is carrying on with the duties of A. A. G.

**Col. Thomas Stewart, Belleville, Was Prominent in Many Walks**

Special to The Toronto World. Belleville, July 23.—Col. Thomas Stewart for many years a resident of this city, died yesterday at the age of 70 years. He was at one time a coal merchant in the city and of late years had conducted an insurance business. For 25 years he was identi- fied with military organization, being for five years commanding officer of the 18th Regiment of this city. He was deservedly popular with officers and men. Recently he received his past master of Belleville Lodge, A. F. and A. M. and a member of Moira Chapter. He was also a member of the Sons of Scotland and the St. Andrew's Society of Toronto. In re- ligious he was a Presbyterian, being for years chairman of the board of management of St. Andrew's Church. His wife, formerly Miss Buchan of Toronto, predeceased him some years ago.

## OVERTIME VICTORY OVER THE REBELS

### Warhop's Double in Tenth Scores the Winning Run for Leafs.

Larry's Leafs turned in a 3 to 2 victory in the tenth inning of the last clash with the Rebels yesterday.

The Rebels were leading 2 to 1 in the ninth inning when Warhop hit a double to score the winning run in the tenth.

The Leafs' offense was led by Warhop's double in the tenth, which scored the winning run. The Rebels' pitcher, Ebel, pitched a strong game, but the Leafs' offense was too much for him.

The Leafs' pitcher, Jacobson, pitched a strong game, but the Rebels' offense was too much for him.

## PITCHER JUSTIN IS TO JOIN THE LEAFS

### Secured From Buffalo—Ed Barrow Next Head for National League.

Pitcher Justin has been purchased from Buffalo and will join the Leafs today. He is a right-hander with a good record, and should fit in nicely. Pitcher Snyder is also expected to report today.

The American draft for service in the United States army has hit the local club. Blackburn, the hustling shortstop, has been drafted in the lottery and will be called up shortly. Jacobson and Wagoner, outfielders, are also ones to be called. This will make a big hole in the local club.

## CIRCUIT RACING WITHOUT BETTING

### Five Heats Required for Early Dreams to Win Feature at Detroit.

Detroit, July 23.—For the first time in the history of Grand Circuit racing is a betting man in the starting line-up. Police Commissioner Cousins positively refused to allow speculation in the form of a betting man to enter the arena to see that the mutual machines were dismantled and the auctioneer properly engaged. It was understood that the betting man would be in operation just outside the grounds tomorrow.

## St. Cyprians Easily Won From Woodgreen

### At Willowvale on Saturday the return C. & M. League game between the St. Cyprians and Woodgreen resulted in an easy victory for the home team by 115 runs to 39.

At Willowvale on Saturday the return C. & M. League game between the St. Cyprians and Woodgreen resulted in an easy victory for the home team by 115 runs to 39. For St. Cyprians Lynch played a steadily defensive game for a score of 21 runs, composed of two and singles; Machan a well-played 25, which he gave but one chance to Jones; Huddleston, a lucky 12; Johnson, a better man than he was, and E. Davis 10. Woodgreen's 39 runs were made up of 29 runs and 10 runs. Woodgreen's 39 runs were made up of 29 runs and 10 runs.

## CHOCTAW CAME TO LIFE IN THE SEVENTH

### Another Fine Crowd in Attendance on Second Day at Thorncliffe Park.

Thorncliffe Park was favored with another fine afternoon for the second day of the meeting. The attendance was surprisingly large, the fields above the average, and the contest up to the standard. Choctaw, that ran outside on Saturday, when he was odds-on favorite, came to life yesterday, when the mutuels yielded better than 1 to 1. An explanation from the owner-trainer might be in order.

WHEAT STILL RISES ON BULLISH NEWS

Wheat rose in accord with the improved outlook for the establishment of a government minimum price of \$2 a bushel at primary centres. Bullish crop reports from North Dakota and Canada, likewise, received attention, and so, too, did advice that millers were free buyers at St. Louis. Besides, it was stated that the winter harvest in the central portion of the belt had been delayed by wet weather.

Delightfully Cool, Three Hours From Toronto.
Fort McNicoll, but three hours' pleasant journey from Toronto, is the gateway to the Great Lakes. Steamship express leaves Toronto 2 p.m. each Wednesday and Saturday, making direct connection with McNicoll's line with either steamship Keowatin or Assiniboia for Sault Ste. Marie, Port Arthur and Fort William. Particulars from any Canadian Pacific ticket agent, or W. B. Howard, District Passenger Agent, Toronto, Ont.

Disturber Punished.
For causing a disturbance in the newspaper distributing store of Herbert Wagner, Dundas and Keele streets, on Saturday night last, Simon Juba, 115 Maria street, was fined \$5 in the police court yesterday.
