**SCOTT'S DASH**

Effort, too, to Raise the Sunken Tug—Officials of Owning Companies Arrive Here and go to Scene

W. W. Nering, treasurer of the Sagadahoc and Peapack Pulp Co., arrived in the city this morning, as did President Cowles, of the same corporation, the former from Salmon River, N. B., and the latter from Bath, Me. Both went to Cape Sponner to view the scene of the disaster to tug and barges on Tuesday night. It is said that an effort will be made to raise the tugboat, the bow of which is out of water at low water.

Captain Harris, of the tug Little, is of the opinion that a few more hard pulls by the tugs Lords Wolsey, Lord Bedford and Little, will have barge No. 4 out of its present position. Efforts to this end will be made tonight at high water. Several large boulders have punctured her hull, but it is thought that the united strength of the three tugs will take her out of ground.

No. 2 barge, which was floated and brought to port last night is now at the C. P. R. wharf, west side. To ascertain the damage done to her, will be placed on Hilyard's blocks in a few days.

Seven men of the tug and barge arrived in the city yesterday. Two women who were on board, one of whom was the wife of Captain Sweet, remained at a farmhouse after the rescue from the wreck. Those of the men who came to the city yesterday were: B. B. Pierce, C. A. Seckins, J. F. Einfeldt, H. Kenyon, F. S. Oliver, able of the Peapack, and Captain Sweet. The mate said yesterday that the captain had lost \$280 in money, and he, himself, had lost \$200 worth of clothing, watches and trinkets. He said the loss of life, and everything but what they had on.

## U. N. B. HONORS SUPERINTENDENT CARTER AND H. V. B. BRIDGES OF FREDERICTON

L. L. D. Degree is Conferred on Them Today

**SALARY INCREASES**

Senate Votes \$100 Additional to Two of the Faculty—The Closing Exercises in University Library This Afternoon—Lumber News is Hopeful

Fredricton, N. B., June 2.—(Special)—The annual meeting of the university senate was held this morning and was well attended. It was decided to recommend W. Carter, chief superintendent of education, and Principal Bridges of the Normal College for the honorary degree of L.L.D. Professors Day and Stephens were each granted \$100 increase of salary, making the former \$1,300 and the latter \$1,200. It was decided to pay the salaries of faculty members in future. It was also decided to authorize a change in the academic year at the college to enable it to open earlier in the fall and close earlier in spring. A committee was appointed to arrange for the installation of a hot water heating plant in the gymnasium.

**Closing Exercises**

Although the weather conditions were not quite up to the standard a large number of friends of higher education assembled in the university library this morning to witness the annual convocation exercises of the institution. Governor Tweedie presided and in the absence of Chancellor Jones in British Columbia, Professor Raymond acted as chancellor. Members of the local government, the university senate, the alumni and faculty, and judges of the supreme court occupied seats on the platform.

Dr. Phillips Cox delivered the address of grace of the founder and was listened to with marked attention.

The distribution of medals and prizes to the graduates of the degree courses next morning, and the presentation of the Douglas gold medal for the best English essay to Miss Amy L. Sharp.

The City of Fredericton gold medal for best thesis on forestry was presented by Mayor Edna B. Bell. R. S. Grimmer was awarded the medal for his thesis, "The Ketchikan silver medal for proficiency in engineering was presented by Dr. Charles W. Pepler, of St. John's."

The Brydson Jack scholarship for physics was presented by the president of the alumni, Dr. Charles W. Pepler.

The Premier Hazen presented the governor-general's medal to Miss M. Sharp.

The candidates for degrees were presented by Dr. H. S. Bridges and Professor Stone. The honorary degree of LL.D. was conferred upon Edna B. Bell, G. S. Grimmer and G. Fred Baird and W. C. Gillis and Joseph C. Wood received the degree of M. Sc. The other degrees were conferred as announced yesterday.

**PEARY MEETS THE KING**

London, June 2.—Commander Robert E. Peary was presented to King George at Marlborough House and received a half-hour telling His Majesty something of his own achievements and discussing with him the prospect of Captain Scott's Antarctic expedition.

W. W. Nering, treasurer of the Sagadahoc and Peapack Pulp Co., arrived in the city this morning, as did President Cowles, of the same corporation, the former from Salmon River, N. B., and the latter from Bath, Me. Both went to Cape Sponner to view the scene of the disaster to tug and barges on Tuesday night. At the Women's Missionary convention this morning in Centenary church parlors, the corresponding secretary, Mrs. W. B. Coulbaird, of Fredericton, presided. The meeting was opened with a Bible reading by Mrs. C. W. Strong, of Summerside. Holl call said that there were eighty-six in attendance. The reports of the Summerside, Charlottetown and Moncton districts were received and showed:

London, June 2.—Despatches from South Africa and India indicate that the suggestion that the coronation be fixed for Empire Day, is received with enthusiasm there.

Captain Scott appeals to the empire for funds in connection with his South Pole dash. It is pointed out that the crew will be imperial in character. Canada's representative will be Wright, a Torontonian.

The annual report of the new dominions' department of the colonial office has been issued. It is an admirable survey of the principal events overseas last year. Trade returns for 1909 show that Britain's total trade with foreign countries was \$211,106,532; with the colonies \$238,123,711; and with the dominions \$215,231,593; exports, \$217,238,084.

A boom in the British Columbia Timber Company promotion is promised within the next few weeks. Many London financiers are interested.

The Western Canada fund officials have received a resolution of thanks from the Bishop of Calgary's diocesan committee, and stating that it has been decided to establish one or more mission stations on the lines of Edmonton's. The fund has received \$25,000.

John Lindsay, president of the National Federation of Meat Traders, declares that importation of live Canadian cattle, which are the most healthy in the world, would put the meat market right. Irish cattle are not so good as the Canadian, and the Irish party is now dictating the price of meat in England.

## ONTARIO CROPS WEEKS AHEAD

### Government Department of Agriculture Issues Report of Much Encouragement

Toronto, June 2.—That the crops of the province are from two weeks to one month in advance of last year and nearly two weeks ahead of the average for the spring sowing were the earliest, for many years, and even with the setback in the latter part of April, spring sowing is about a month earlier than last season and a week ahead of the average year.

It was reported that the unusually high prices led to too heavy marketing. Cattle prices had been markedly low from disease. Milk cows are further than usual, but more calves are being kept. Sheep are doing well and lambs are coming strong and plentiful. Swine are not so plentiful.

The general outlook regarding orchards is encouraging. Blossoming was well ahead of a fortnight earlier than usual and was very profuse. Fears are expressed that the rain may have washed off a large proportion of the pollen. All small fruits are well advanced.

## PHYSICIAN FINDS NO DEFECT—LITTLE TO CHOOSE BETWEEN THE FIGHTERS

### So Far As Physical Condition Goes—Champion to Appear in Public

Ben Lomond, Cal., June 2.—Jim Jeffries is now in magnificent condition and if no accident or sudden illness befalls him he will enter the ring on July 4th for his championship battle with Johnson in perfect physical trim.

This is the gist of a statement issued by Dr. Charles V. Cross, United States examining physician of San Francisco, who yesterday made the most complete and painstaking examination Jeffries has had since he began training. The doctor gave out this statement:

"In the course of my practice I have examined 15,000 or 20,000 men, and I have never seen anything so wonderful as the strength, power, and perfect condition of this man. His eye is clear and steady, his breathing is cool and well balanced, his heart is strong and his action surprising. He is, after his vigorous exercises, and while he was being rubbed and kneaded by four boys of hands, his heart pulse was only 78. In the average man it would have been 80 or over."

"I was especially careful to search his lungs for any trace of the pneumonia with which he was seriously afflicted some years ago. The lungs showed absolutely no evidence of pneumonia, and his respiratory organs are entirely free and normal. His breathing machinery is excellent. Six parts of the physical man must be right for him to be strong enough to enter a strenuous fight with the best of men. Jeffries has a little short of merrill, heavy lungs, stomach, kidney, and liver. Every one of these organs in Jeffries is perfectly sound and free from flaw. I found nothing in my searching examination to indicate that the stories of hidden disease in Jeffries are true."

**Johnson, Tex.**

Dr. Gross, who recently attended Johnson, took occasion to compare the former champion with the negro. "As to a comparison of the two men, Johnson is a sound thorough. He has considerable more fat on his body, but when the pair are stripped of fat they will be almost an even match, so far as condition goes. I am convinced that Jeffries' reduction in weight must have rid himself of at least 50 pounds—and he improved his stamina."

The physician noted that Jeffries' muscles have been massaged and handled with scientific care and he said that the fighters muscles are little short of marvellous. Dr. Gross concluded:

"He is practically in fighting condition now and needs only to watch with extreme care that he does not over-reach himself before the day of the battle."

Johnson's camp was confident that the appearance of Jim Jeffries last week will be followed tomorrow night by a similar exhibition of DREAMLAND KING with Johnson as the chief attraction. The appearance of both fighters in action within so brief a period furnishes the betting fraternity with an excellent opportunity to draw their conclusions.

## FORWARD MOVEMENT AS SUGGESTED BY ALUMNI SOCIETY, IS DECIDED ON—DONORS OF FACETT MEMORIAL HALL INCREASE GIFT—DR. EVANS' JUBILEE—LINGLEY HALL TO BE SOLD

Rockville, N. B., June 2.—(Special)—As a meeting of the board of regents of the University of Mount Allison college yesterday, Dr. David Allison gave notice of his desire to be relieved of the duties of president of the university as soon as the board could fill the vacancy or not later than the end of the ensuing collegiate year.

Lingley Hall to be Sold

The board was in session all day and until 1:30 this morning. The attendance was more than twenty. Reports were received from the heads of institutions and from a committee appointed by the executive to submit reports with reference to the disposal of old Lingley Hall, which was moved from its site last year to make room for a brick wing to the ladies' college. After hours of discussion a resolution was passed by a narrow majority authorizing the executive to sell Lingley Hall, the condition being that it was not to be used by the purchaser for any unseemly or improper purpose.

There was much diversity of opinion regarding the matter, some desiring the utilization of Lingley Hall for more class room accommodation for science and faculties, and others supporting the idea of forwarding the building into a central library.

**A Great Forward Movement**

A resolution of the alumni society urging the board to inaugurate a forward movement for the purpose of raising \$20,000 to add to the Maintenance fund was considered at some length and received the unanimous approval of the board. The appointment of a man to undertake the great forward movement was left in the hands of the executive.

The new brick wing to the ladies' college was officially named JAINUS HALL. It was decided to hold a special meeting of the board soon to take into consideration the question of a successor to Dr. Allison. A resolution congratulating Dr. E. Evans of Hamilton, chairman of the board, on having attained the distinction of being fifty years in the Methodist ministry, was unanimously passed.

**Increase Their Gift**

Dr. Borden reported that Mrs. Ryan and C. W. Fawcett had intimated to him their intention to pay the entire cost of the Charles Fawcett Memorial Hall and in addition the cost of electric light fixtures and heating plant. The original offer was that the donors were to contribute about \$8,000 towards the new hall. As a matter of fact the gift amounted to twice that sum. The information was received with much satisfaction and an appreciative resolution was passed.

The board is holding its concluding session this morning. Among the members of the board present were Doctors Jones, Hearty and Morton, of the Nova Scotia conference; Rev. Wm. Harrison of Charlottetown; J. Paton of Charlottetown; H. A. Powell and S. D. Scott of St. John; Dr. E. Evans of Hamilton and Dr. D. Johnson, editor of the Wesleyan, Halifax.

Rockville, N. B., June 2.—(Special)—The board of regents this morning discussed several matters in connection with the institutions. The salaries of two professors were recommended to be increased, and the matter of securing a science professor to take the place of Prof. Arnold, resigned, was left in the hands of the executive. The board adjourned at 11:30.

## ARCHDEACON FORSYTHE AGAIN RURAL DEAN

Chatham Deanery Meeting—To Form Society for Weekday Instruction of Children by Clergy

Chatham, N. B., June 1.—The clergy of the deanery of Chatham met in St. Paul's rectory, Chatham on May 23 and 24. There were present Rural Dean, Rev. W. J. Bates of Dalhousie, Rev. C. W. Nichols of Newcastle, Rev. E. W. M. Bacon of Richibucto and Rev. F. H. Thomas, of Harcourt. The Rev. Canon Matthews, diocesan missionary was present as a visitor.

A committee was appointed to arrange for the formation of a society for the weekday instruction of children by the clergy. The venerable Archdeacon Forsythe was re-elected rural dean and the Rev. W. J. Bates, secretary, Hon. J. P. Burchill and the Rev. F. W. M. Bacon were elected deanery representatives on the board of diocesan missions.

At a meeting of the clergy and lay delegates, Ven. Archdeacon Forsythe was appointed a governor of Kings College for the rural deanery of Chatham.

On Wednesday evening a congregational reunion was held in St. Paul's rectory and on Friday morning the visiting clergy returned to their homes. The next chapter meeting will be held in Richibucto on August.

## HEAD OF CLEVELAND POLICE FORCE BEING TRIED ON SEVERAL CHARGES

Cleveland, O., June 2.—The second day of the trial of Chief of Police Fred Kehler, Cleveland's "golden rule chief" on a charge of immorality, intoxication and subordination, was a decidedly bright one for the defence.

Early in the hearing the prosecution put upon the stand their chief witness, a woman of the "red light" district, who was expected to prove the most serious charge of immorality. In substance all the testimony she gave was that she had once seen Chief Kehler drinking in a disorderly house.

Patrick J. L. Brown, a former policeman of Munich, (Ind.) is one of the two men who signed the charges against the accused official, claiming that on one occasion, when his automobile was stolen, Kehler refused to listen to his complaint. On cross-examination he admitted that he bet money on the result of the trial and that he also made a bet of \$20 he would "get Kehler yet."

Several witnesses testified to having seen Chief Kehler intoxicated but the evidence was contradictory and in certain cases proved for animus was shown. Three policemen who took the stand were proven to have been punished or degraded by the chief on one or more occasions.

## LOSING AMONG THE LABORING CLASSES

Philadelphia, June 2.—At the closing session of the general assembly of the United Presbyterian church yesterday the revised edition of the book of Psalms was adopted after a spirited discussion.

Rev. Chas. V. Stevie, president of the Presbyterian labor reform movement said that the church was slowly but surely losing ground among the laboring classes and that steps should be taken by it to show its sympathy with the workers.

Resolutions were adopted condemning "the grave evils of over-capitalization and combination whereby the cost of the necessities of life become greater for both laborers and consumers."

## GOTCH BACK TO FARM

### Champion Wrestler Says He is Done With It—Pole Going Home

Chicago, June 2.—Frank Gotch says he will now return to his farm in Iowa. In a statement after his defeat of Zhyzsko last night, he said: "I won, and now I am through with the wrestling game. I am thirty-three years old and it will be the simple life for me in the future. A good many wrestlers have waited too long and have been beaten. I am going to try to avoid that. I will leave for the coast and see if I can help Jeffries out, and then there will be a long rest coming to me."

Zhyzsko said: "It was no disgrace to be beaten by a man like Gotch. He is a cyclone. I am going home. I have no protest on the first fall. It is true I was not set and had at least expected to shake hands with my opponent. I was slightly hurt in the second bout, which to some extent accounted for my defeat."

## MANUFACTURERS IN BRITAIN TURN THEIR EYES TO CANADA

Gradually Awake to Necessity of Sending Representatives to the Dominion

Ottawa, June 2.—That the manufacturers of Great Britain are gradually awakening to the necessity of sending representatives to Canada in order to develop business in this country is the statement made by Joseph M. Munson, Canadian trade commissioner at Leeds and Hull.

Mr. Munson, in a letter to the department, says that in that part of Great Britain there are many indications of a well-kept interest in the trade relations between the United Kingdom and Canada. There has recently, he says, been a large increase in the number of firms sending representatives to Canada and many others contemplate doing so. There is also a decided increase in the number of firms asking for preliminary information in reference to the Dominion.

## TO ATTEMPT 86 MILE FLIGHT OVER WATER

Rochester, N. Y., June 2.—Dr. William Greene, an aviator, who has recently moved to Rochester, will attempt on June 21 to fly from Rochester across Lake Ontario to Toronto. He will use a bi-plane of his own design and manufacture. The distance is about 86 miles. Fast boats will relay across the lake in case of an accident.

## PANIC IN COLLISION OF SUBWAY TRAINS

New York, June 2.—Panic resulted last night from a rear end collision of two southbound subway trains at West 42nd street in the Bronx branch. The rear car of the forward train caught fire and sent out such volumes of smoke that passengers at the next station north, four blocks away, were driven rushing to the street.

The passengers in the rear train were kept imprisoned for twenty minutes, during which the terror of many was pitiable. Nobody was badly hurt, although the police carried nearly 200 persons to the fresh air.

## THREE KILLED IN STONE QUARRY BLAST

Allentown, Pa., June 2.—In a premature explosion of a blast in a stone quarry of the Lehigh-Portland Cement Co. at West Chester, Pa., three men were instantly killed and three others seriously injured. Three men are missing and it is feared they are buried under the mass of rock.

## MADRIZ FORGES BEATEN AFTER THREE DAY FIGHT

Panama, June 2.—Salvador Chamorro, the provisional, has received a message from the United States, stating that his son has defeated the Madriz forces under Generals Lara and Padilla, after a reported that 300 prisoners were captured by Chamorro.

## NEWSPAPER PLANT WROCKED

Levellie, N. D., June 2.—A mob yesterday broke into the printing plant of the Hills "Daily Register" of this city, and with sledge hammers destroyed three presses and a linotype machine. The attack is attributed to labor troubles.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five could be at her finest and fairest. Why isn't so?

The general health of woman is so constantly associated with the look of the face that it is not surprising to find that there can be no red cheeks and bright eyes where there is female weakness.

AN UP-TO-DATE STOVE

Do you realize there is no longer any reason why you should use a coal range? Oil is cheaper than coal; it is lighter and easier to handle, and gives an intense heat. Provided you have the right stove, oil is more economical, cleaner and less trouble.

The accompanying illustration gives you only a rough idea of its appearance. You really can't appreciate it until you either see it yourself, or talk to someone who has used it. It does everything that a coal range will do—except heat the room.

She River Plate steam lines from Europe have served notice upon shippers that, in view of the present prospective, they will not freight on the River Plate, coupled with the enormous delay in discharge of steamers at Buenos Ayres and Rosario and the increased expense of present outward rates of freight from the United Kingdom are found altogether inadequate.

As Sir Thomas Puts it "It is another case of someone buying a railroad for us without consulting us." This was the reply which Sir Thomas Shaugnessy gave today to the published rumors stating that the Canadian Pacific had obtained control of the Washington County Railroad which starts at Cassis (N.B.) and connects with the Maine Central Railroad at Washington Junction, about 33 miles from Bangor.

Fashion Hint for Times Readers

Tulle has ever been regarded as an ideal material of which to fashion the chapeau to be worn by the matron of honor at a church wedding, so perfectly does it accord with the head covering of the bride.

"You've decided sudden, ain't you?" asked McOppet. "There is a good big deck there to stack."

"You're back pretty pronto," drawled the gambler, by way of an opening remark. "Found something too big to keep hidden?"

"That reservation is a false alarm, as Billy and the others will tell you," answered Bostwick, referring to McOppet's chosen prospectors. "The rash will prove a farce."

3,000 YEARS AGO THE EGYPTIANS CURED DISEASE WITH FRUIT

To-day, Canadians Are Doing It With "Fruit-a-tives"

—The Famous Fruit Medicine

We are apt to consider the age we live in as the most wonderful age that the world has ever known. It is, in many respects, yet the ancients surpassed us in some things. Engineers our 42-story skyscrapers marvel at the massive pyramids and the Sphinx. So, too, the Egyptian eye doctors 3,000 years ago used fruit juice as a medicine for treating blood trouble, liver and kidney disease, and other ailments.

"Fruit-a-tives" is the natural cure for Chronic Constipation, Biliousness, Indigestion, Torrid Liver, Kidney Disease, Pain in the Back, Bow, Catarrh, Rheumatism, Nervousness, Headache and Neuralgia.

At all dealers, or from Fruit-a-tives Limited, Ottawa.

Some word of the wealth of the "Laughing Water" claim had come to bearly early in the week. He did not visit the cabin or the cove, for five or six minutes, however, he sat upon his horse and scanned the place in silence.

PLAYS AND PLAYERS, CHATTY NEWS OF THE GREEN ROOM

Alessandro Bonci, the tenor, who sailed for New York last week announced that he plans to organize a company to present grand opera in the United States at popular prices.

Miss Florence Weber, the prima donna of the Climax Company, sang the offertory solo in St. Paul's church, Halifax, on Sunday even. The efforts of the company to present such a fine production as The Climax were appreciated in Halifax more than in St. John, if attendance can be termed a mark of appreciation, and it surely is one of the most pointed.

For the first time in her long career as a prima donna, Mme. Schumann-Heink has sung in a prison. She entertained the convicts at the Marquette Penitentiary, France, on Sunday last by singing seven of her favorite songs. The convicts were assembled in the chapel, and Mme. Schumann-Heink was received with the greatest enthusiasm.

HON. C. W. ROBINSON

The personal tribute paid to Hon. C. W. Robinson yesterday by the members of the provincial opposition in the legislature was well deserved. Mr. Robinson is a leader who inspires respect and confidence.

Under Mr. Robinson's leadership the opposition has taken advantage of the failures of the government, and has exposed its weaknesses. As a result the tide of popular sentiment turned again toward the Liberals.

There was a public meeting at a place called Red Bridge, in Carleton county, on Tuesday evening. The speakers were Hon. J. K. Fleming and Mr. Donald Munroe.

No doubt Mr. Fleming had heard that there was political danger at Red Bridge. If there is a real bridge—a highway bridge—there may be danger of another sort.

The desire of the local government to give the people the St. John valley railway is a phrase that invites examination. So far as the record goes, the Hazen government is still without any desire to cooperate with the federal government.

The news that President Allison of Mt. Allison University desires to be relieved of his duties will cause widespread regret. It is a reminder that one who has done a great work for that institution feels the weight of advancing years.

### Mr. Hazen's Partizanship

(St. Andrew's Beacon). Premier Hazen told a Boston audience that he need look for no reciprocity from Canada—that Canada was more eager to help out the imperial preference, etc., etc. Of course he addressed the fact that the preference to the mother land which he professed so much interest in and admiration for, was the work of the Liberal party that he had always opposed. But this aside from what he intended to say, just as the Liberal party added to the prestige and prosperity of Canada by giving a substantial preference to Great Britain, without receiving any aid or encouragement from Mr. Hazen and his party, so will he without his or their sanction or aid listen to what the United States has to say in the matter of reciprocity, and if it can do cover any way by which the dominion can be benefited by a trade treaty with its next-door neighbor without damage to imperial connection or interests it will enter into such a treaty. What view Mr. Hazen may take with respect to reciprocity, or any other federal issue is of little consequence to the men who are guiding the Canadian ship of state. The fact that he is unwilling to discuss a matter that contains so many possibilities for his own province satisfies them that he is looking at the subject entirely from a partisan standpoint and not from the broadest standpoint of what is best for Canada and the empire.

### ONE WOMAN'S STATEMENT

Tells Her Suffering Sisters to Use DODD'S KIDNEY PILLS. They Proved a Blessing to Her When Her Pains and Weakness Were Almost More Than She Could Bear.

St. George, Mass., June 1 (Special).—Hoping to save my sister women in the West from pain and aches which come at the critical time in a woman's life, Mrs. Arlene Vint of this place has given the following statement for publication:  
"I have brought up a large family and have always enjoyed good health until the last two years. I am fifty-four years of age and at the critical time of life that comes to every woman, I feel pains in my right hip and shoulder. I could not lie down two minutes at a time without suffering the greatest distress. Sometimes I awakened with aching as if someone had laid a hot iron on my head. Another time I could lie down for some time under the covers. I had a severe pain under the shoulder. I could not lie down two minutes at a time without suffering the greatest distress. Sometimes I awakened with aching as if someone had laid a hot iron on my head. Another time I could lie down for some time under the covers. I had a severe pain under the shoulder. I could not lie down two minutes at a time without suffering the greatest distress. Sometimes I awakened with aching as if someone had laid a hot iron on my head. Another time I could lie down for some time under the covers. I had a severe pain under the shoulder. I could not lie down two minutes at a time without suffering the greatest distress. FORESTERS ASSEMBLE IN FORCE

LARGE GATHERING IN TEMPLE BUILDING TO HEAR PAST SUPREME ORATOR, REV. ALEX. MCGILVERY--HE SPEAKS OF BENEFITS OF MEMBERSHIP

A large audience attended the Foresters' meeting held in the new Temple building, Main street, last night under the direction of the contest committee.

Mr. McGilvery said in part: 'What the Independent Forestry has accomplished makes a very interesting story and whatever is of interest to our fellow countrymen should stand upon its merits.

Everything changes some with the years. We feel that now, after thirty-five years' experience and the test of time, we give to people as good and more benefits than any other organization.

There are also old age benefits, an insurance of which you yourself reap the benefit in part. The benefits begin at the age of 70 years.

'The great work we do is to provide for the dependent ones in case of a member's death. Last April 183 men and women members died. No man is doing his duty unless he provides for his family in case of his demise.

Mr. McGilvery told of instances when the benefits had come to the relief of families. He asked that the people protect themselves by taking advantage of the benefits of the Foresters' society, or some other equally good society.

'I mention these instances,' he said, 'to show you that the society is doing a beneficial and benevolent work among people. He spoke of provisions for orphaned children of whom were being taken care of.

The first one helped was in New Brunswick. I know of no diviner work, said the speaker, that God can give to some men than giving aid to the boys and girls who have to face the world bereft of parents.

'When you realize,' said Mr. McGilvery, 'that in the last twenty-five years there has been paid over \$2,000,000 in benefits, you will know that God is using us for a great work. In joining with a benefit society, the people are helping in the discharge of a great good. We hope for the day when there will be a Forester in every home.'

POLITICAL TRUCE NEARLY RUNS COURSE

Neither Side Willing to Yield in England--Veto Issue May Go Over for Year--The King's Oath

London, June 2--The political truce which followed the death of King Edward has nearly run its course. The dogs of politics are again straining eagerly at their leashes and although the battle is not yet actually begun, they are snarling and barking with mutual defiance.

It is in London's first duty, they say, to maintain the constitution as it stands with all its faults and imperfections. The truce has to provide for increased expenditure, entailing, presumably, increased taxation, a settlement may be prolonged and difficult.

'Then there's the burning question of the king's declaration of Protestantism. The government has not yet given any clear intimation of how they will deal with the veto, nor, indeed, any distinct pledge that they will deal with it at all, but the subject is known to be engaging the close attention of the members of the cabinet.

They are in no wise reluctant to remove the insulting terms to the declaration, but the problem of legislation on the subject is extremely delicate. That sensitive plan the non-conformists' conscience, upon which and Liberal government must largely rely for sustenance, reveals so violently under a touch of religious toleration that it behooves the cabinet to act with the greatest caution.

Premier Asquith, himself, would like to see the whole declaration abolished, leaving the coronation oath as the sole personal pronouncement of the sovereign upon Protestantism.

By that oath the Sovereign briefly swears to maintain the laws, the true profession of the gospel and the Protestant reformed religion as established by law.

The company placed no restrictions on their offer. A cake goes with every 25 cent purchase of their Borax Soap, no matter how much you buy. This generous policy seems expensive, but they say that it makes their lifetime customers and friends.

TWO THOUSANDS HAVE WEAK LUNGS AND DON'T KNOW IT

Editor Used a Well Known Tonic and System Builder

The Editor and Manager of the Burk's Falls 'Arrow,' is only human. This being so it is not surprising that he should feel and suffer as other men.

'I had a very severe attack of La Grippe which left me very weak, spiritless and run down. I seemed to have lost all ambition. "At this point I realized that my condition was likely to become more serious unless I took myself in hand. One day while in this "Half dead and alive condition" I was listlessly looking over recent copies of your paper, "The Burk's Falls Arrow" of which I am Editor and Manager, when my eyes rested on an advertisement of PSYCHINE. This clearly and explicitly set forth a case so exactly resembling my own that I at once purchased a bottle of the tonic.

After taking two or three doses I felt like a new man, and before half the second bottle had been used, every trace of the bad effects of La Grippe had left me. "PSYCHINE is a marvel, and I have strongly recommended it to some of my friends who are similarly afflicted and they have used it with equally beneficial results."

For Sale by All Druggists and Dealers, at 50c and \$1.00 per bottle.

He is a graduate of the Philadelphia Optical college in the class of 1900, and before going to Bangor held pastorates at Jonesport, Bucksport, Princeton. While in the seminary he had been in charge of the Methodist church in towns in Howland, Euford and Montague. He will enter the University of Maine in the fall.

Weather it was for advertising purposes, to test police protection or due to the sublime carelessness of one of the clerks is not known, perhaps all three reasons may explain why a suit of men's clothing was left outside the door of I. Williams' store in Dock street last night. The outfit was brought to central police station by Sgt. Caples and Policeman Sullivan. It hung this morning on the wall of the guard room, with its price \$4.50 stamped on a piece of white cardboard with a blue border, tempting any intending buyer who might desire a summer suit of grey flannel.

HE HAS NOT AUTHORITY TO COLLECT

Young Man Seeking From Citizens in Name of the Victoria Athletic Club — No Right, Says Mr. Armstrong

A young man who states that he belongs to the Victoria Athletic Club is collecting money from citizens. The Times-Star has been asked about it. There was an organization last winter known as the Victoria Athletic Club, of which R. J. Armstrong was president, and it has not yet been reformed. Mr. Armstrong says that nobody has any authority to collect money for that club.

BECOMES PRESIDENT AND MANAGER OF THE CANADIAN DRUG CO.

John Russell, Jr., Today Severed Connection With Telegraph and Times to Go Into Business For Himself

At a meeting of the Telegraph and Times Publishing Company, held this morning, John Russell, Jr., president and business manager, submitted his resignation, which was accepted and the directors by resolution expressed their thanks and warm appreciation of Mr. Russell's services to these companies during the many years of his association with them.

Mr. Russell becomes president and general manager of the Canadian Drug Company of this city, in which he has acquired an interest. Mr. Russell has been connected with the Telegraph since 1899 in a capacity or another, beginning as managing director, and afterwards holding the position of president and general manager, which he has filled during the last eight years. He was foremost in the work of organizing The Times Publishing Co., when that newspaper succeeded the old Gazette. During his connection with the newspaper business his energy and straightforward business methods have won him many friends and his associates on the Telegraph and Times, together with his acquaintances generally, will heartily wish him every success in the new and responsible position which he is taking up. Mr. Russell was formerly in the drug business and has a complete grasp of all matters connected with that trade.

BARK BOUND TO NOVA SCOTIA WRECKED

The Norwegian bark Borgbild, Captain Jacobson, from Fredericksbald, Norway, on ballast for Jeddore (N. S.) was wrecked on Caistor ledges off Beckett harbor, New York, yesterday morning. The captain and crew had a terrible fight for life and two of the twelve men were drowned. The surviving ten were rescued by a gawling launch in which three fishermen were trying to reach their nets. The three lifeboats on the bark were smashed one after the other as soon as the crew launched them so fierce was the gale.

Are You Starting House This June? If so, a Glenwood Range Will Make Your Cooking Easy

In starting house keeping it is well to start with little and have it of the best, than to fill a house up with inferior goods. We don't know anything about your furniture, but we do know that we can supply you with a Glenwood Range that will give you satisfaction from the start; will save your fuel, and make your labors light. It is true you can get cheaper ranges than a Glenwood. But we can't make them and put material and workmanship in them that we put in our Glenwoods. The Glenwood Ranges are well known. They are made right here in St. John. We can give you a range from \$25.00 up. Call and examine our lines.
