Left-Handers in Today's Ball Game

Cleveland City Cares for Nothing Today But World Series Contest - Card Games in the Night Line.

Cleveland, Oct. 11—With the count in games three and two in their favor in the battle for the baseball championship, the Cleveland Indians today were prepared to face the Brooklyn Dodgers in the sixth contest of the series...

THEY'RE OFF IN SCHOONER RACE; 18 MILE BREEZE

Halifax, N. S., Oct. 11—The forty mile ocean race for the championship of the Nova Scotia fishing schooner fleet and a purse of \$5,000 was started at nine o'clock this morning.

At nine o'clock, the hour set for the start of the race, the wind was blowing from the north at eighteen knots, covering the harbor with whitecaps and heeling the vessels well down to their rails.

TWO SLAIN AND GIRL WOUNDED

Wife of German Admiral and Her Maid Victims of Assassins.

Weimar, Germany, Oct. 11—The wife of Admiral Reinhard Von Scheer, former chief of the German admiralty staff, and her maid were assassinated and her eighteen-year-old daughter seriously wounded by two masked men who broke into the admiral's villa on Saturday afternoon.

As Hiram Sees It

The Times reporter rose and made an elaborate bow to Mr. Hiram Hornbeam. "My dear Hiram," he said, "take a chair—take several. Give me your hat. I am delighted to see you. I hope you are very well. Have a cigar."

Revised Figures Add Keith of Kings To The Government Column

Elected by One Vote Over Geo. B. Jones. So Tally Today Shows. This Would Give Premier Foster 25—Bourgeois in Westmorland—Not Sure Yet About Scovil—The City Figures Altered.

A careful revision of the polling figures in Kings county gave an additional seat to the government today, showing S. L. Keith leading G. B. Jones (O) by a single vote. One poll in Charlotte county is still unreported and the question is whether it will be only two votes behind his nearest opponent.

Westmorland. A revision of the returns from Kings county this morning showed S. L. Keith, government, leading G. B. Jones by one vote, the total being 2,700 to 2,699.

Westmorland. A revision of the returns from Kings county this morning showed S. L. Keith, government, leading G. B. Jones by one vote, the total being 2,700 to 2,699.

Table with columns: Polling Places, Keith-G, Jones-O, Scovil-O, Bourgeois-G, Westmorland-O. Lists various polling places and their respective vote counts.

GREAT WELCOME IS GIVEN PRINCE

London Outdoes Itself in Jubilation

Hundreds of Thousands of People in Streets to Acclaim Him on Return After Six Months' Tour.

London, Oct. 11—The Duke of York and Prince Henry, who reached Spitehead, near the battle cruiser Renown, in a triumphant entry into London today, on his return after six months' tour of the empire. Hundreds of thousands of persons turned out to give the prince one of the greatest welcomes of the kind in the history of the country.

From Victoria station, where he was met by the royal family, Premier Lloyd George and other dignitaries, all along the route to Buckingham Palace, the streets were lined with vast, cheering multitudes eager to catch a glimpse of the prince.

FREDERICK BOY IS SHOT IN FOOT

With Others on Way to Camp—Man Hurt in Auto Accident.

Frederick, N. B., Oct. 11—Jack McLellan, young son of Mr. and Mrs. W. A. McLellan of this city, was shot through the foot on Saturday afternoon by the accidental discharge of a gun in the hands of a boy chum. The accident occurred a few miles of the city.

Edward T. Langille of this city met with a painful accident on Saturday morning while motoring from Woodstock to this city. At Kelley's Creek he ran into a dense bank of fog and was unable to see the road he went over the Kelley's Creek bridge and the bottom of the car was damaged and the windshield broken.

TO PUT DOWN GAMBLING HERE

The weekly meeting of the Methodist ministers of the city was held this morning with Rev. J. B. Gough in the chair.

Rev. J. Heaney and Rev. E. E. Styles were appointed a committee to interview with reference to certain violations of the Lord's Day Act. A message was sent to Rev. David Hutchinson, D.D., inviting him to associate himself with this committee.

Rev. George F. Dawson spoke in reference to boys' work and a rally to be held in the city. He was requested to associate himself with the conference secretary of religious education to arrange for pupil supply in connection with the rally.

Rev. J. Heaney and Rev. E. E. Styles were appointed a committee to interview with reference to certain violations of the Lord's Day Act. A message was sent to Rev. David Hutchinson, D.D., inviting him to associate himself with this committee.

BACK OF THE CLEVELAND TEAM

Back of the Cleveland team today was a city which had lost interest in everything but baseball and which no longer even gave Brooklyn a chance to win the game.

On the street corners, in the hotels, the restaurants, the theatres, everywhere the only subject discussed was baseball and the "baseball" men were Jim Dunn's Indians.

The attitude of the Cleveland club's backers was indicated in the fact that the line at the bleacher gates last night and early this morning. Of twenty on guard at six o'clock, only five were there to see the game.

Harry McHugh of Cleveland, the first in the line, voiced the sentiments of the many when he explained "That it really was not worth waiting in line all night, because Cleveland had practically won the series."

By midnight, however, the line had approached the proportions of previous days.

Experience, apparently, had taught the waiters several lessons, for few were standing as they did on Friday and Saturday nights. Those waiting for the bleacher gates to open had brought chairs, boxes, tables and other comforts and played cards, matched coins and found other ways to pass the time.

With southwinds in the box, both managers planned to make the usual change in the line-up so as to increase the number of right handed hitters. The early selection follows:

Brooklyn—Olson, s.; Sheehan, 3b.; Neis, r.f.; Wheat, l.f.; Myers, c.f.; Konechy, 1b.; Kilduff, 2b.; Elliott, c.; Smith, p.

Cleveland—Evans, l.f.; Wambgsann, 2b.; Speaker, c.f.; Burns, 1b.; Gardner, 3b.; Wood, r.f.; Sewell, l.f.; Hill, c.; Mollis, p.

Cleveland, Oct. 11—Clear warm and the weather forecast said the temperature would rise by noon.

SAYS COUGHLIN BABY'S DEAD

"Crank" Tells Police Little One Smothered Under His Coat.

Harrisburg, Pa., Oct. 11—August Pasquale, "a crank," was confessed to Major Lynn C. Adams, superintendent of the Pennsylvania state police, that he stole Blakey Coughlin from his home in Norristown, Pa., and smothered the child under his coat.

He declares he buttoned the coat around the baby when he heard a noise as he was descending the ladder, and that when he had gone some distance from the house he found the baby was dead.

MRS. MARGARET S. JOHNSTON. The death of Margaret Substantand wife of the late Charles S. Johnston, daughter of the late James Hamilton of this city, took place in Fredericton. Mrs. Johnston is survived by four sons, two sisters and one brother.

RESUME AIR TRIP ACROSS CANADA

Winnipeg, Oct. 11—The trans-Canada air flight was resumed here at eight minutes to four this morning when air commodore A. K. Tyler, O. B. E., and Captain J. B. Home-Hay, M. C., left the St. Charles aerodrome here for Moose Jaw. They expect to make Moose Jaw by 9 a.m.

Regina, Sask. Oct. 11—Engine trouble caused the pilots in the trans-Canada flight to make a forced landing at Regina at 8:30 this morning. Several hours will be lost, making necessary repairs before the flight can be continued to Moose Jaw.

MINISTERS' WIVES AT THE BANQUET

Montreal, Oct. 11—Supporters of the Union government here met for the first opportunity of meeting and hearing two recently elected cabinet ministers at a banquet tendered by the Progressive Club in the Windsor Hotel tonight to Hon. C. C. Ballantyne, Minister of Marine and Fisheries. There will also be present Hon. R. W. Wigmore, Minister of Customs and Excise, and Hon. J. Doherty, Minister of Justice who will also be present.

EFFORT TO FORCE WHEAT UP TO \$3

Chicago, Oct. 11—Wheat prices today reflected the bullish influence of a forced movement of growers to organize the market up to a minimum of \$3 a bushel. Offerings were unusually light until values had scored a substantial upturn. Commission houses then took to the selling side, and something of a reaction ensued.

Opening prices, which ranged from 1 to 4 1/2 cents higher, with December \$2 to \$2.08 and March \$1.96 to \$1.99, were followed by material further gains before the market began to sag.

Corn was firmer with market. After opening 1/2 to 3/4 cent higher, the wheat advanced at slightly under the initial figures.

Oats were with other grains, starting 1/4 to 1/2 cent higher, and ending a little lower.

Lower quotations on hogs had a weakening effect on provisions.

DeLa Wana Race. Halifax, Oct. 11—DeLa Wana won the schooner race off here today.

THE NEW FLUSHER

The city's new motor sprinkler and flusher was given a try-out this morning. Commissioner Frink said that it worked satisfactorily except on some high grades.

He said it would hold some tons of water.

A BIG BOIT ON TUESDAY NIGHT

Carpenter and Levin's Complete Training for 12-Round Battle.

New York, Oct. 11—Georges Carpenter, European heavyweight champion, and Battling Levin, United States light heavyweight, today completed their training with light exercises in preparation for their 12-round non-decision bout at Jersey City baseball park tomorrow night.

The French fighter did four miles road work yesterday and boxed 12-rounds with Joe Jeannette, heavyweight, and two lighter opponents for four rounds each.

Levin's covered twelve miles on the road and a few rounds in a New York club, besides skipping the rope and playing handball.

Speakers who viewed the work of the two men were impressed most with their speed.

MANY REACTIONS IN WALL STREET

Stocks Again Under Pressure in Spite of Saturday's Clearing House Improvement.

New York, Oct. 11—(10:30)—Despite the improved exhibit of clearing house banks at the close of business last Saturday, stocks were again under pressure at the opening of today's session. Rails, gas, copper and various specialties including food shares were especially heavy.

Texas & Pacific made a further decline of 1/2 point and Reading Union Pacific and Atchafalpa & O. and New Haven forfeited large fractions.

Public stocks lost one and two points, respectively. Mexican Petroleum 3/4, American Sugar two and the motions and the specialties one and two points, respectively. Market rallied freely on buying of investment rails, but reacted again before noon, when leaders were depressed. Strength of Liberty issues featured the bond market. Call money opened at 7 1/2 per cent.

At 1:30. Lighter money favored the efforts at midday, call loans rising to 8 per cent. Selling for both accounts contributed to the further heaviness. Obscure specialties were weak, notably Coca Cola which fell almost 2 points, and pressure against leather and paper shares was more acute.

The Brethren

Now the Brethren proclaimed a great feast in their own honor. For they were, vain in their own conceit, and much puffed up.

And the tables were spread in the Valley of the Hallelu, and there was much food. For there were gluttons in those days.

And on the day of the feast they gathered together with noise of music, and they were swallowed up in the depths thereof, and were seen no more of men.

BANK TROUBLE IN HAVANA, CUBA

Havana, Oct. 11—The International Bank of Cuba provisionally suspended payments on Saturday. Rumors late on Friday caused runs on Saturday morning on several of the banks. The Havana Exchange has suspended operations during the crisis.

The situation is said to be due to heavy loans on sugar when the prices for that commodity were at high water.

The liabilities and assets of the International Bank have not yet been announced.

WHAT TAFT SAID LAST YEAR

(Before the Bar Association of Wisconsin.) "My friend, suppose you were a Senator, or suppose you had power to influence a Senator, and you influenced him against the League. Suppose the League came in and worked those benefits that we believe will work, and twenty-five years later, after that had been demonstrated, your grandson should come up and say, 'Granddad, why did you vote against the League? Suppose you are a man who voted against the League, I said to one the other day, 'My dear sir, don't you see how utterly logical and absurd you are? Why you are allowing yourself to be influenced by a man whom you hate to oppose something you would otherwise support. Just think, you magnificently and allow your personal feelings to ward him and his influence on you to be so great that you do not examine the merits of a question which concerns your country and the world? Now when this grandson of yours, twenty-five years from now, should come up to you (and you have voted against the League because you hated Wilson), and when he should ask you in the light of the beneficial operation of the League, 'Granddad, why did you vote against the League? what will you tell him? You do one of two things: you will either say, 'Run away, grandson, you do not understand those issues,' or else you will lie about it.

"But there are certain issues that rise above party, that transcend all parties and all party triumphs that are merely temporary. This issue (the League) is as fundamental as the Declaration of Independence, the Constitution of the United States, or the issues of the Civil War."

(Montreal Star.)

The price of flour took another tumble of fifty cents a barrel today, and is now \$12.00 a barrel for the finest quality, a miller stated this morning. Second grade flour, which is equal to the standard grade imposed by the Wheat Board is \$12.50 a barrel and it is this quality which is used by the majority of bakers.

This morning's decline is the third to take place of late. In September, it was decontrolled of the Wheat Board took place. The drop was anticipated by the bakers who met on Saturday and decided to lower the price of bread one cent a loaf in consequence. Housewives accordingly, were agreeably startled this morning to discover that bread was a cent cheaper than yesterday.

There was a grumbling of teeth however on the part of those who had purchased tickets at the old rate, as bakers interviewed this morning informed the Star that there would be no rebate on the tickets which had been secured for fifteen and a half cents each. "Of course they won't get their money back," stated one clerk in answer to the question

THE DREAD PYORRHEA BEGINS WITH BLEEDING GUMS

Pyorrhoea infecting germs cause many ills. Medical science has proven this. Exposed conditions, which not long ago doctors were unable to trace to a cause, are now known often to be in pockets about the teeth. Rheumatism, anæmia, nervous disorders and other diseases have been traced in many cases to this Pyorrhoea infection.

Don't let Pyorrhoea work its wicked will on your body. Visit your dentist frequently for tooth and gum inspection. And watch your gums yourself. Pyorrhoea, which afflicts four out of five people over forty, begins with tender and bleeding gums; then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of poisons generated at their base.

Forhan's For the Gums will prevent Pyorrhoea—or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy—the teeth white and clean. Start using it today. If gum-shrinkage has set in, use Forhan's according to directions and consult a dentist immediately for special treatment.

ARMISTICE TO BE SIGNED TONIGHT. Poles and Reds Coming to Agreement. Some of the Terms—Mutiny of Some Polish Forces. Who Effect Occupation of the City of Vilna.

Riga, Oct. 11.—Polish and Bolshevik delegates engaged in negotiations here will sign an armistice agreement at seven o'clock tonight. Hostilities will cease six days after signature.

The armistice will run for twenty-five days, and forty-eight hours will be necessary before either side can legally break it. If it is not broken for the period of twenty-five days it will continue automatically in effect for an indefinite period with a provision that it may be broken on ten days' notice.

An agreement was reached as to the boundary line between Poland and White Russia and Ukraine. It runs, roughly, from Drissa on the Dvinsk river, east of the city of Dvinsk, southward, passing near Baranovitchi. It passes west of Rovno, and reaches the Dniester river west of Kamenez-Podolsk.

Settlement in liquidation of Polish monetary claims was not included in the armistice agreement, but will be taken up in the treaty of peace, according to Polish officials. The armistice recognizes the independence of the Ukraine and White Russia.

A Complication. Warsaw, Oct. 11.—Occupation of Vilna late on Saturday followed rejection by the French governor to create Vilna a free city. The forces occupying the city were Polish Lithuanians, and not White Russians and Lithuanians as reported on Saturday night. Before entering the city General Zeligowski and his chief of staff sent their resignations to Polish army headquarters.

The troops which marched into Vilna were from the Grodno and Lida districts and maintained because of dissatisfaction over the terms of the Lithuanian-Polish armistice. This agreement left the fate of Vilna in suspense and caused such bitter feeling throughout the division that it was resolved at all costs to wrest the city from the Kovno government.

Negotiations between the Poles and Lithuanians at Suwalki were under the supervision of the representatives of the League of Nations. The Poles agreed to accept the demarcation line defined by the League of Nations but notified Lithuania in December by the supreme council of the League of Nations that Poland would not recognize the treaty between Lithuania and Soviet Russia. This convention gave Lida, Grodno and Vilna to Lithuania.

THE NAWAB'S MOTHER HAS SOME DENTISTRY DONE.

The Nawab of Rampur—Rampur is about 600 miles northwest of Calcutta—came down from his home to consult Dr. D. S. Smith of London, and brought 150 people with him to see about his mother's teeth.

It appears that she wanted a set of false ones, and because Englishwomen had two sets nothing would serve but that she also should have two. The Nawab is a Mohammedan, so his mother could not show her face. Likewise, Dr. Smith had to go to Rampur to do the work.

The old lady lay back with her face covered, and the dentist operated through a hole in a sheet.

The Evening Times and Star

ST. JOHN, N. B., OCTOBER 11, 1920.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act, 1884.

THE ELECTIONS

On the face of the first returns the Foster government is without a majority in the house, but neither would a combination of opposition, farmer and labor have a majority, and there is no reason whatever to assume that they could be united to force a deadlock and a new election.

A feature of the campaign was the success of the United Farmers in four constituencies. They lost in Westmoreland, Kings, Queens, Sunbury, York and Kent, but carried their ticket in Northumberland, Carleton, Victoria and Charlotte. They will have a party of nine in the house, and thus introduce the group system into the politics of the province.

The old opposition party, despite the wild boasting, has but thirteen members in a house of forty-eight. Three of its leaders, Hon. J. A. Murray, Hon. B. Frank Smith, and Hon. Dr. Landry went down to defeat, and Hon. J. B. Baxter, if elected, is in a very narrow majority. The people of the province finished on Saturday the work they began in 1917, and said very emphatically that they wanted no return of the old regime.

The result in St. John city was a complete vindication of government policy and a condemnation of those who stood for the old leaders and the "same old principles" of the opposition party. Premier Foster made no mistake when he decided to stand for this constituency. In the county the result is still in dispute so far as one of the opposition candidates is concerned, and it may develop that the county as well as the city is in line for good government.

There will be many new faces in the new legislature. Hon. E. A. Smith, Hon. Frank Sweeney, Hon. Le. A. Dugal, Mr. Satter and one or two others were not candidates in this election. Messrs. Campbell, Tilley and Potts of St. John, Carson, of St. John county, A. T. LeBlanc of Restigouche, Hon. F. J. Tweeddale of Victoria, Hon. J. A. Murray of Kings, Hon. Robert Murray, Hon. J. P. Burchill, Dr. McGrath and Mr. Allan of Northumberland, and Hon. B. Frank Smith of Carleton county, went down to defeat.

The defeat of Hon. Mr. Tweeddale was a direct result of the farmer movement and yet he is a farmer and was an excellent minister of agriculture. The result in Northumberland was a genuine surprise, as was that in York county; for it was not easy to believe that fine county would again pin its faith to the party that had made such an uneven record.

The net result is that the government party will face the house perhaps one less in numbers than in the last house when it had twenty-six members. It is idle to claim that the government is beaten.

MOTHERS' ALLOWANCES. Hon. Dr. Roberts hopes to see the boon of mothers' allowances granted by the legislature of the province at an early date. These allowances are given to penniless widows with children, on the ground that it is better to have children brought up under their mother's care than to have them scattered, or placed in institutions, or to have them self-fed and half-starved. The mother under this system becomes a civil servant, rearing children for the state.

ity in the province, and the municipal authorities appoint two of its members. The pension board is beginning with a flat rate as follows: City: Widow with five or more children, \$85 per month. Widow with four or more children, \$60 per month. Widow with three or more children, \$45 per month. Widow with two or more children, \$40 per month. Country: Widow with five or more children, \$45 per month. Widow with four or more children, \$40 per month. Widow with three or more children, \$35 per month. Widow with two or more children, \$30 per month.

The allowance is not large when the present cost of living is considered, but it will serve no doubt, to hold the homes together. Each case is very carefully investigated before an allowance is given. The action taken in Ontario means that several thousand children, who would otherwise be objects of charity and many of them scattered among strangers, will have a mother's care and a fair start in life. It is legislation of the most beneficent character.

Manitoba and other western provinces have adopted the system. New Brunswick will not be long without this great and needed measure of social and economic legislation, which has the universal support of the womanhood of the province.

Mr. E. S. Carter was much abused in many constituencies, although he was not a candidate. As Liberal organizer prior to 1917, Mr. Carter was the sleuth who dug up the facts that led to the exposure and defeat of the old government. For that he could not be forgiven. Mr. Carter attached a few more scalps to his belt on Saturday.

The women took a very active interest in Saturday's contest, and helped materially to roll up a majority for good government. If Mr. Potts is still of a mind to hold that auction there are certain remnants for which Mr. Baxter can have but little further use.

Premier Foster announces that the government will carry on. That it has sufficient support to do so may be taken for granted.

THE PROTESTANT TEACHERS' ELECT. Montreal, Oct. 11.—At the final session of the Protestant Teachers' Association of Quebec on Saturday, I. Gagnon, vice-rector of the Montreal High School, was elected representative of the association on the corporation of McGill University.

Officers elected were:—President, W. A. Kneeland. Vice-presidents, Dean Laird, Mrs. E. A. Irwin and I. Gagnon. Recording secretary, Miss M. G. Fraser. Corresponding secretary—Gordon Irving. Treasurer, Mrs. M. H. Cunningham. Pension commissioners—E. M. Campbell and M. C. Hopkins. Out of town officers elected included Levi Moore, B. A. Costicook, Miss A. Griggs, Sherbrooke, and C. A. Adams, Granby.

Rippling Rhymes by Walt Mason. Copyright by George Matthew Adams.

With Fate, unfair, I used to quarrel, because my hair was dingy soiled. My neighbor, Horn, had seven ringlets, that might adorn the brows of kinglets. I envied him his tresses shining, and life seemed grim, and I was pining. The years have sped, as years skeddadle, and Horn's hair head looks like a saddle. And I have hair to feed the chickens; to Horn's despair it grows and thickens. I envied him when we were younger; oh, how he'd prize my hair all brindle! I envied Mott his uncombed tresses, when I was hot from toll in ditches. All jealousy I used to worry to see him ride 'n' pounce on strays, which I despised, but I was not to be so. I was a Bussard spout, he slowly whittles and feeds to Mott his daily vittles; by pies and meats he'd soon be bested. The doc does not mind the sickly shavings, which makes Mott hot and starts his ravings. In his life sweet, or sad and tiring? And I can eat what Pm desiring. I envy seams, when swift winds trim it; of all bad dreams it is the limit.

Domestic Happenings of Other Days. FATHER DEQUEN. On Oct. 1, 1659, Father Dequen, one of the Catholic hermits of the Saguenay, died a victim of disease that he had contracted while administering the last sacrament of the Church to an Algonquin Indian who had been stricken with fever. His body was buried at the Jesuit church in Quebec where it rested until 1875, when the structure was torn down to make room for the new city hall of that place.

Public Health Nursing. The identified formality of college graduation ceremonies marked one of the most interesting and important events in the social life of the Dominion when on the 21st instant the diploma of Dalhousie University in public health nursing was awarded to thirteen bright and enthusiastic young women who comprised the first class in Canada. All of these young women had already taken a regular course in nursing at recognized hospitals, and had practical experience in the province, and several of them with the army nurses—but they had been attracted by the opportunity of qualifying themselves for the wider service which modern public health procedure offers, and had taken the special course which was established at Dalhousie some six months ago.

RECENT WEDDINGS

In Montreal on last Wednesday Miss Evelyn Fairley, daughter of the late James Fairley, of Boiestown, but for some years residing in Montreal, where she was a well known nurse, was married to Lawrence Jamieson, a prominent young man of Montreal.

A very pretty wedding was solemnized at the home of Mr. and Mrs. R. A. Mesley, in Norton, on Tuesday afternoon, Sept. 29, at four o'clock, when their

eldest daughter, Mildred Alice, was united in marriage to Foster G. Robertson. Rev. Fred Sears performed the ceremony under an arch of Maple leaves and rowan berries, in the presence of friends and relatives of the bride and groom. The house was very prettily decorated for the occasion. The bride entered the room with her father to the strains of Mendelssohn's wedding march, played by Miss Ruth F. Harmer. The bride was prettily gowned in white satin and georgette and carried a large bouquet of

pink and white roses. After the ceremony a buffet luncheon was served. The bride's going away suit was navy blue serge, with black picture hat. Mr. and Mrs. Robertson received very many handsome gifts, including cut glass, silverware, china and checks. The groom's gift to the bride was a beautiful taupe lynx fur. Mr. and Mrs. Robertson will reside in St. John.

A wedding of interest to St. John people took place in Alton (Mass.), on Tuesday, October 6, when Andrew Otty Crookshank, son of Mr. and Mrs. Andrew O. I. Crookshank, of Fredericton, N. B. was united in marriage to Miss Edythe J. Tucker, of Alton, Mass. The ceremony was performed in St. Luke's church, Rev. Mr. Duffield officiating. Following the ceremony a wedding luncheon was held in the Brunswick Hotel, Boston. Mr. Crookshank was a lieutenant in the 104th Battalion and had seen considerable overseas service. He has been living recently in Boston. Mr. and Mrs. Crookshank will reside in Alton. The father and mother of the groom attended the wedding.

RECENT DEATHS

Falling head foremost from a ladder, while working on a house in Waterloo street on Saturday afternoon, John Irvine of Park avenue, East St. John, received injuries which resulted in his death Sunday morning at 6.30 o'clock in the General Public Hospital, where he had been taken in an automobile. Mr. Irvine, a carpenter by trade and employed by Drury & Company for twenty-five years, was a well known and respected citizen of East St. John, esteemed by his employers and fellow workmen. He was born on Fair Isle, Shetland Islands, and came in 1892 with his parents to this province, where he has lived ever since. He is survived by his wife, three sisters, Mrs. Clarence Colby, of New Hampshire; Mrs. St. Clair McMillan, of Fairville, and Miss Margaret, of Milford; and two brothers, William, in the United States, and Howard, of Milford.

Fredericton, Oct. 10.—The body of Robert Wesley Upton, of Margerville who lost his life by drowning on the night of September 30, when he missed his footing stepping from the tug boat Lily Glazier to a small boat at Sewell's wharf, was found in the St. John river today. The body was floating on the surface some ten and a half miles below Fredericton and about two miles below the scene of the drowning. The body was brought to this city by a tug-boat and will be taken to Lakeville Cor-

ner, Monday, where interment will be made.

St. Stephen, Oct. 10.—The body of James Shirley, of St. Andrews, who died very suddenly on Friday afternoon, was brought to St. Stephen by automobile this morning and interred in the afternoon in the St. Stephen rural cemetery with Masonic honors. Several members of St. Mark's lodge, at St. Andrews, accompanied the remains to St. Stephen, Sussex lodge of this town uniting in the burial ceremonies.

F. C. Kenney, of Glassville, Carleton county, a member of a government survey party engaged in timber cruising in the head waters of the Miramichi river was drowned on Tuesday last. He had left the camp to go on a short hunting trip and was never again seen alive. A search party was organized and after some wandering about came upon an upturned canoe. Later the body of the unfortunate young man was found. He leaves his parents, Mr. and Mrs. R. H. Kenney, of Glassville, four brothers and two sisters.

Captain John C. Shaw, commander of the Canadian government steamer, died suddenly on Saturday on board his ship while en route from Levis, Quebec, to Sydney. The body was taken ashore at Sydney and forwarded to his home in Halifax. Death is attributed to heart failure. He was fifty-six years of age and is survived by his widow and one daughter.

FUNERALS

James Shirley of St. Andrews who died suddenly on Friday was buried in St. Stephen yesterday morning with Masonic honors. Several members of St. Mark's lodge of St. Andrews accompanied the body and took part in the ceremony. The body of Alex. Cullinan who died suddenly in Moncton was taken to St. Stephen on Saturday and interred yesterday in the Catholic cemetery, after service in the church of the Holy Rosary. His mother, brother and sister, all of Moncton, were at the funeral.

WITH NEW CREW

Tilbury, England, Oct. 10.—The steamer Minnekahda, the crew of which Saturday, refused to take the vessel to New York, unless arrangements were made for the return of the men to England, sailed today. A new crew evaded the strikers during the night, got aboard the Minnekahda and took her to sea.

SURPRISE PARTY

About forty friends of Miss Arline Miller of 150 Gullford street, St. John West, assembled at her home in honor of her birthday, on Thursday evening, October 7. The evening was pleasantly spent in dancing, games and music, and refreshments were served. Miss Miller was the recipient of a beautiful engraved fountain pen, also a nicely bound book. Wishing Miss Miller many happy returns of the day, the young folks dispersed soon after midnight.

REV. H. E. BENNETT GOING TO ENGLAND

Many citizens will regret to learn that Rev. Herbert E. Bennett, assistant priest of the Mission Church of St. John Baptist, is to sever his connection with the parish and with St. John. Father Bennett has been appointed assistant priest of St. Jude's church, Birmingham, England, and will leave this city for his native land on December 10. He will officiate as assistant priest at the Mission church for the last time at the end of November and will assume his new office on December 15. Father Bennett came from London to New Brunswick nearly five and a half years ago and during that time has made many warm friends in various parts of the province. In this city he was in charge of the Mission church during the long period that the priest in charge, Rev. John V. Young, was convalescing after a serious accident in Montreal, and took care of a vast amount of work, including many calls during the influenza epidemic, when he never thought of himself in his untiring efforts to minister to others. Father Bennett was ordered to the diocese by the Archbishop of Canterbury in 1915 and ordained priest by His Lordship Bishop Richardson at Fredericton. He was stationed at the Cathedral for a year. For a year and a half he was in charge of the churches at Cambridge and Waterbury, Queens county, and then came to St. John, being part of the time locum tenens at Hampton. He has been at the Mission church nearly three years. This year he attended the Anglo-Catholic congress at London.

SCHOONER LAUNCHED

Charlottetown, P. E. I., Oct. 10.—The three-masted schooner Annie Macdonald, was launched from the yards of her owner, J. A. Macdonald, at Carleton Place, P. E. I., yesterday. She succeeded her sister vessel, the Barbara Macdonald, launched from the same yards a year ago, and wrecked on her maiden voyage off the Newfoundland coast last December. The new vessel is 120 feet over all, and 700 tons burden.

GOING INTO COAL MINING IN ALBERTA

Toronto, Oct. 11.—Two Ontario mining companies, one gold and one silver, will embark upon coal mining in Alberta, as a result of permission given yesterday by shareholders of the Porcupine Mines, Limited, and the Fenistown Mining Co. to the directors to buy the Blue Diamond Coal Mines and secure an option on Canadian coal fields, two properties located about 200 miles west of Edmonton.

BARACA CLASS ORGANIZED

Organization of the Baraca Brotherhood of the Central Baptist church was completed yesterday afternoon, when officers for the winter term were elected, chairman of the various committees appointed and plans for the winter work considered. More than twenty-five members have already enrolled with this literary and debating society and it is expected that the number will be increased to fifty or more before the end of the term. Mr. H. W. Baker, who served in a similar capacity last year, will have charge of the brotherhood's Sunday study hour and it has been decided to have the brotherhood conduct the evening services in the central Baptist church two weeks from yesterday. The new officers of the organization are: President, J. L. Collins; vice-president, W. C. Fanjoy; secretary, W. E. Campbell; assistant secretary, C. J. Sides; recording secretary, A. R. Everett; treasurer, C. Coonan; chairman of publicity committee, Walter H. Golding; registrar, A. P. Hughes; assistant registrar, C. Ferris; chairman social committee, W. E. Campbell.

MAIL STEAMER AFIRE

San Juan Del Sur, Nicaragua, Oct. 10.—The Pacific mail steamer Newport, Captain Mackinnon, from Panama for San Francisco, which left here yesterday afternoon for Corinto, caught fire, but arrived at that port this morning. The Canadian Marine which was launched last month is lying at the dry dock pier, being fitted and it is expected she will be ready for sea by the time the Canadian Explorer hull is launched. The Mariner's engines and machinery have been installed and she is now being fitted. Some idea of the amount of work being done on these steamers is shown by the fact that 500 men were yesterday busy on the Mariner hull and smaller gangs on No. 5, 6 and 8 steamers. These are apart from the men at work in the dry dock and in the buildings and about the yards, the full force yesterday being over 1,500. The steamer Caraquez went in the dry dock on Monday and is still there. The two submarines which had been in the dock for some time were floated out completely Monday night and taken to the dockyard.

HIGH DEATH RATE AMONG INFANTS

The city council met last night with Mayor Parker presiding. After the preliminary business had been dispatched the mayor announced that Dr. McDougall, on behalf of the Halifax Medical Society, desired to bring a matter of importance before the council. Dr. McDougall then stated that he was one of a committee appointed by the society to lay before the council the desirability of immediate action to curtail the appalling rate of infant mortality in this city, whose death rate Dr. McDougall asserted, was probably the highest in Canada. He read a resolution from the society to the effect that a public health officer and a qualified nurse both possessors of a diploma of public health be appointed as soon as possible. Professor Nichols followed and quoted figures compiled by him from statistics of the city health department to prove that Halifax had the highest death rate of any Canadian city. Both doctors concurred in laying the high death rate among infants, 101.9 in 1,000, against two leading factors, infected milk and lack of proper or intelligent care.

THREATENS THE AUTHORITY OF HUSBAND IN HOME

Paris, Sept. 28.—(Associated Press Correspondence)—The husband's authority in the home is threatened in liberty-loving France. A bill has been introduced in the senate repealing a clause of the civil code which asserted that the wife owes obedience to her husband. Senator Louis Martin, who wanted this clause wiped off the statute books, said the time had come when the husband should no longer be an absolute monarch but the household should become a "constitutional monarchy." Senator Collin opposed the repeal on the ground that, unless there is a well defined head of the house the door would be open to bolshevism in the home. Action on the bill has been postponed.

LOCAL NEWS

At the yearly business meeting of the German street Taxis Boys last week the following officers were elected: President, Francis Fyfe; vice-president, Joseph McConnell; secretary, Horace Field. Plans for the year were talked over and a very successful session assured.

An item appeared in an evening paper on Saturday announcing a joint meeting of the board of trade and representatives of the government for tonight. R. E. Armstrong, secretary of the board, said last night that there would be no meeting of the Board of Trade until the first Monday in November.

Mayor Schofield, who returned yesterday at noon from Toronto where he had attended a convention of the pulp and paper manufacturers of Canada, said that he had been greatly impressed with the development of the harbor of Toronto, a trip around the harbor being one of the events on the convention programme.

George Waly, of 690 Main street, had his right foot badly crushed last evening when a motor truck ran over it while he was working on the Cornway Bay works in East St. John. The injured man was taken to the general hospital. Waly is twenty-six years of age and a native of England.

The Martello band fair opened in the Carleton Curling Club rink, West St. John, on Saturday night with a large attendance. Dr. James H. Frink, acting mayor, officiating at the opening ceremonies. The interior of the rink was splendidly decorated for the event and the Martello band, under the direction of Bandmaster Murray Long, added much pleasure to the evening. The door prize of \$10 was won by John Carlson.

An old favorite in the person of W. S. Harkins arrived in town on Saturday and is registered at the Duke Hotel. Harkins is a well known figure in the political world. He is being warmly greeted by his many friends. Regarding the political situation in the province, Mr. Harkins gave it as his opinion that Harding will be an easy winner. That will be a relief to many of the public opinion makers, who were held by many of the big business men.

From all parts of the maritime provinces to their farthest limits, delegates will come to attend the public convention of the United Baptist Women's Missionary Union which meets in St. John this morning. The list of delegates had some 227 names on Saturday evening but seventeen new names were received that day and it is expected that the total number may reach 300. Mrs. F. E. Fiewelling who, as convener of the billing committee, has had charge of the matter of providing accommodation for the delegates, has had no easy task.

WORK BOOMING AT SHIPYARDS IN HALIFAX, N. S.

Things are humming along full speed up at the Halifax Shipyards, and the whole staff is looking forward with interest to the launch of the yard's second ship, the Canadian Explorer, which is confidently expected by the workmen now busy on construction of her hull to take place the latter part of November or first week in December. The work on the hull is progressing splendidly and the plating is mounting to the top level. Work on the hulls of the third and fourth new ships at the yards is also well advanced. The hull of the No. 4 has been placed at the keel and men are now working on it and part of the floor of No. 3 has been laid. The Canadian Mariner, which was launched last month is lying at the dry dock pier, being fitted and it is expected she will be ready for sea by the time the Canadian Explorer hull is launched. The Mariner's engines and machinery have been installed and she is now being fitted. Some idea of the amount of work being done on these steamers is shown by the fact that 500 men were yesterday busy on the Mariner hull and smaller gangs on No. 5, 6 and 8 steamers. HOW BANDITS ROBBED PATRONS OF NEW YORK CAFE

(New York Evening Post) Six bandits early this morning held up and robbed about forty-five patrons of the New Central Cafe on the second floor of 116 Lenox avenue. Cash and jewelry valued at \$5,000 was taken. After the hold-up five of the bandits escaped by climbing several flights of stairs and going across the roof. The other ran down to the street through the subway station at 116th street and Lenox avenue and eluded an officer who was pursuing him by jumping to the subway roadway and running south. The customers of the cafe were at tables when the six bandits, their faces masked with handkerchiefs and each carrying a pistol in his hand, entered about 4 o'clock. Covering all in the room, they commanded "Hands up."

TONNAGE REPORT

New York, Oct. 10.—The monthly tonnage report of the United States Steel Corporation made public Saturday showing 10,374,804 tons of unfilled orders or hand September 30. This is a decrease of 430,234 tons from last month's unfilled orders, which totaled 10,805,038 tons.

THE STORY OF FILN FLON

Winnipeg, Man., Oct. 9.—Mining prospectors are not usually reading men, that is not readers of current literature. They read rocks and some times their interpretation of the story told by the indulations and twistings of the old earth's surface leads them on to fortune. Such says Wilson Blue, writing in the Manitoba Free Press, has been the case with the discoverers of the Flin Flon mine, who, according to statements of their friends, will next spring, with the expiration of the present option, divide \$1,000,000, the cash consideration for passing title to the property. The New York and Toronto purchasers in March last undertook to spend at least \$800,000 on development and at the expiration of one year either purchase the mine outright for a million and a half or hand it back to the discoverers. It was Tom Creighton who first picked up the disintegrated, disseminated sulphides on the lake shore. Later on, when preliminary trenching and test pits indicated the extent of the ore body, he named the mine.

YELLOW FEVER IN CHIEF MEXICAN PORTS

Washington, Oct. 8.—(By the Associated Press)—Yellow fever is present at all principal ports on the east coast of Mexico, and to prevent its possible spread to the United States the public health service has placed quarantine restrictions against all travelers from those parts. Epidemics of the disease have been reported from Tuxpan and Vera Cruz and some deaths have occurred at Tuxpan, and further to the south. It was only recently that the malady made its appearance in Tampico. Of companies in the Transimex field are apprehensive that the prevalence of the disease may cause an exodus of the foreign employes which would materially reduce the production of the world's greatest oil field. Many deaths from yellow fever have occurred in both Tuxpan, another large oil port, and at Vera Cruz. At Vera Cruz the dead included J. B. Heterick, a Texas man who was the public health service's agent there. Under the quarantine regulations, a traveler is prevented of entry after this country for six days after arrival. Disease, according to health officials, will show its symptoms within that time.

REPORT ON THE DRURY LOT TIMBER

REPORT ON THE DRURY LOT TIMBER

Presented at City Hall Today—Douglas Avenue and Other Matters.

At a committee meeting of the common council this morning Commissioner Frink read an application from the N. B. Telephone Company to install new poles in Courtenay, St. David, Leinster and Clarence streets. He read a report of Engineer Hatfield and moved adoption of it regarding St. David, Clarence and Leinster streets. He also embodied a request in his motion that an inspection be made of wires, many of which Commissioner Thornton said were dead and should be removed.

On motion of Commissioner Thornton the Public Works were granted permission to install a 500 gallon gasoline tank in their property in Pond street. Commissioner Jones presented a report regarding the standing lumber on the Drury lot, Hickey road, Parish of Simonds. The report was as follows:—According upon the suggestion of this council, I have had the engineer with the chief draughtsman of the water and sewerage department and an experienced lumber cruiser make an inspection of the standing timber on the Drury lot, Hickey road, Parish of Simonds. This property comprises an area of some 190 acres, of which the engineer states about 60 per cent is given to timber growth, and the remainder is partly dry barren land, marsh and alder swamp. In most of the wooded area he says there is to be found a health growth of fir, spruce, cedar and an occasional birch, the predominant species. Careful conservation, would probably in fifteen or twenty years be valuable as timber, but at the present time there are not enough trees of sufficient size to warrant lumbering on an extensive scale. The estimate made by the timber cruiser, who accompanied the party, was from 1200 to 1500 f. b. m. per acre, considering only trees 7 inch diameter at the butt, or about 125,000 to 150,000 f. b. m. in the whole tract, not considering smaller growth than 7 in. butt. There were some fine spruces standing, one 22 in diameter at the butt, but too few of these to affect the general figures. In taking out this timber the smaller trees will be destroyed, and in fact the area would be devoid of growth. This tract of land is not on the watersheds of either Loch Lomond or Lake Umbagog, it is on the watershed of Mispic stream and the cutting of the trees will only affect these lakes indirectly. It may be taken as a broad principle, however, that forest growth will affect to a greater or less extent the flowage in the immediate vicinity and the clearing of forest growth should not be encouraged, particularly when the land is not fit for farming.

You will remember that His Worship The Mayor, and myself were appointed a committee to, if possible, effect a settlement with Mr. Boyle, and so finally close this matter up. Subsequently we reported that an agreement had been reached, subject to ratification by the council, under these terms:—The city would agree to sell to Mr. Boyle all the standing hardwood and soft wood timber on condition that Mr. Boyle in his part would agree to pay forty per cent, in addition to the sum of \$800 already paid by him, the sum of \$400 and a further sum of \$800 upon conclusion of his operations, which were not to extend beyond a period of three years from the date of agreement.

Acceptance of this proposal will afford an excellent opportunity to dispose of this much discussed and vexatious problem. Commissioner Jones moved that the fire hydrant appropriation be reduced \$2000 and the sewerage and maintenance account be raised \$2,000. He explained that more money had to be spent last winter clearing out catch basins than was appropriated. The motion carried. Commissioner Jones said that all property owners in Douglas avenue had been notified to have sewer connections made from their property. He said they had not complied with the request the city would go ahead and make the installations and charge it against the property. Commissioner Frink read a petition from residents of Kennedy Place asking that a section of rock be removed, moved that the request be complied with providing that they submit figures showing the exact area they want removed and that the city will not be held responsible for any damage resulting. A communication was read from the N. B. Power Company notifying the city they intend to issue their first mortgage bonds for \$150,000 at five per cent. Commissioner Frink moved that the communication be filed until the next meeting of the council.

THE VISIT OF THE MAYOR TO UPPER CANADA

Mayor Schofield arrived home yesterday after attending a convention of pulp and paper magnates in Toronto. While in that city he was the guest of the harbor commissioners and was shown all around the harbor. He said they are doing a lot of valuable work developing vast areas for industrial purposes. While on route home he visited Outremont, Montreal, where a new incinerator is being constructed. He also visited one at Westmont. The latter he said is practically right in the centre of the principal section but there seems to be no objection to it.

The Eureka Vacuum Cleaner Draws The Air Clean Through

In order to thoroughly clean a carpet, portier, etc., the electric cleaner must draw the air clean through and not merely skim the surface. The Eureka makes cleaning rapid and thorough, because it does exactly draw the air right through the thing cleaned. It does this because it has such a powerful motor—the most powerful in any cleaner, and in this way it dislodges the imbedded dirt at its SOURCE, having neither nap nor warp nor fabric. Gladly show this modern appliance in full working order if you will but call.

SAD TIE-UP AT PORTS IN IRELAND

Dublin, Oct. 11.—Thousands of dock workers have been dismissed as a direct result of the unauthorized strike of seamen and firemen for increased wages, begun several days ago and the port is almost completely closed.

Similar conditions prevail at other important Irish ports except Belfast. The Jacobs Biscuit factory, one of the largest industries of its kind in the United Kingdom, which has a large export trade, has put its workers on short time, and it is reported, may soon close altogether.

SAYS THERE WILL NEVER BE SERUM FOR CURE OF CANCER.

Hamilton, Ont., Oct. 11.—"Research shows conclusively that there will never be a serum for cancer," declared Dr. H. R. Gaylord, superintendent of the New York State Institute for the Study of Malignant Diseases, in an address to physicians and surgeons here on Saturday night, following the annual clinic day of the Hamilton Medical Society.

This statement was of special interest in view of the claim of Dr. Glover of Toronto that he had discovered a serum for the treatment of cancer.

SIXTIETH DAY OF HUNGER STRIKE

London, Oct. 11.—Terence MacSwiney, lord mayor of Cork, passed a fairly good night at Brixton prison, according to a bulletin issued today by the Irish Self-Determination League. His condition was said to be virtually the same as yesterday. This is the 60th day of the lord mayor's hunger strike.

Cork, Oct. 11.—"Slowly eating themselves up" is how a prison official, who frequently sees the 11 hunger strikers here, described to the Associated Press the condition of the prisoners who yesterday entered the 61st day of their fast.

Asquith on Premier's Speech.

London, Oct. 11.—Herbert H. Asquith, former premier, has issued a statement commenting on Premier Lloyd George's speech at Carnarvon, characterizing it as a "declaration of insolvency on the part of the coalition government."

Mr. Asquith adds: "The only Irish policy the premier has to offer is repudiation, root and branch, of dominion home rule, and a condonation (for so it will be universally understood) of the policy of reprisals. An attempt to answer murder and outrage by terrorism is not government, but anarchy."

Arthur Griffith on Sinn Fein Affairs

Allegations About Happenings in Ireland — Says No Proposal Has Been Made by British Government.

Dublin, Oct. 11.—(By the Associated Press)—Reports that the Sinn Fein organization has become divided against itself were denied here a few days ago by Arthur Griffith, leader of the organization, during a long interview with the Associated Press. He reiterated charges he recently made that raids of prisons were a result of a "calculated policy of British government officials" and challenged Sir Hamar Greenwood, chief Secretary for Ireland, who recently denied these charges, to submit them to an investigation by an impartial tribunal to be appointed by the British government or the United States supreme court.

of men have been thrown into prison where they have been held for three months without charge or trial. Scores of creameries and factories in dozens of towns have been destroyed, harvests have been burned, and cattle owned by poor people have been killed. England has even kidnapped children in trying to terrify them into making false statements about relatives. For years she has been carrying on this system of sabotage and terrorism and has used propaganda to uphold her pretensions to the world that she is trying to maintain law and order among an anarchistic people.

British Drapers Seek Substitute for Pins

Since time immemorial the English drapers have given a packet of pins over their counters in lieu of small change. But now a grocer in the Leinizgerstrasse, Berlin, has gone over to giving soup cubes in the place of small change. Instead of giving farthings (half cents) across his counters in change, the draper has always thrust upon the customer a blue paper containing some two dozen or more of good pins. And a very big business has been done with them, since nearly every article priced at the drapers ends with an odd farthing or three farthings. That is why one never sees an article priced in an English draper's store at five and sixpence, or five shillings and sixpence. No! It is always five shillings and eleven pence, or five shillings and eleven pence, or five shillings and eleven pence.

Too Many Shoe Strings? Make a Dress of 'Em!

The manager of the Woolworth store in San Jose, Calif., found himself with too many shoe strings on hand. A small item, perhaps, but the quantity was anything but small. How should he push the sale of them? An idea popped into his head and was carried out while it was still "warm." He borrowed a big doll for the window display for the little as well as the big girls who passed the store. Then he designed a "gown" for Miss Dolly, fashioning it (as about the minutes) entirely from brown flat shoelaces. The dress resembled an Indian maiden's garment with a fringe effect at the neck and waist. First, the longer flat shoelaces were doubled in the center and pinned to a foundation—so close together as possible—around the waist of the doll, leaving the double ends to hang loose like fringe. This formed the blouse, or upper part, of the shoe-string gown. A loose coat. The short or slipper strings were used. They were not doubled, but laid close together across the shoulders and pinned there in the center, one end falling to the waistline in front, the other in the back. A brooch drew some of the strings together over the front of the doll and made an attractive neck finish. Thus was a garment completed without the aid of a needle. Miss Dolly held out her arms in greeting. On one arm she wore a lettered case.

Clark Paid His Fines Regularly Every Week

How a draper in London defied the shop hours act of 1913 by refusing to close his store every Thursday, preferring to pay fines regularly until the commencement of this year. The draper, reading for other retailers who were of the same opinion as his draper, thought it unwise to contest the act. The maximum fine under the act for each offense is \$50.

WHAT ABOUT THESE FIGURES?

(Toronto Globe.) The railways strike back. In a signed statement issued by the Railway Association of Canada, which embraces the Government lines as well as those privately owned, it is asserted that antiquated, overloaded and wasteful systems of distributing goods are much more properly a subject for public anxiety than railway charges, although such charges always must be a serious item in determining the cost of production.

ROSE HENDERSON ON MOTHERS' PENSIONS

In a plea for Mothers' allowances last year, Mrs. Rose Henderson, after noting the number of states and countries that have adopted the system said: "There is no figure in society today more deserving of our earnest consideration than the widowed mother with her family dependent and penniless. The proposal to endow mothers must have become necessary or else it would never have become law, and the arguments I have to bring forth in favor of mothers' pensions are advanced from the standpoint of our social and economic conditions."

To Wed at 83. New York, Oct. 11.—(By Canadian Press)—That age cannot wither nor custom stale the infinite variety of love was demonstrated the other day when Chester Osterhout, eighty-three years old, who lives in Brooklyn, and says he is a farmer, secured a license to wed Mrs. Lulu Alice Robbins, aged fifty-three, of the same borough. Both come originally from Kingston, N. Y.

Ontario Bond Issue. Toronto, Oct. 11.—Ontario's \$3,000,000 bond issue for which tenders were received on Thursday has been awarded to Aemilius Jarvis & Company, the highest bidder. Associated with them are Halsey, Stuart & Company of Chicago and the First National Bank of Detroit. The price was 108.567 contingent upon the province covering \$1,000,000 exchange at 81.4 per cent. The bonds will be offered in the United States. They are offered at a price to yield the investor seven per cent.

granting mothers' pensions the State will honor motherhood, and save her life for her children, she is entitled to the pleasures in which mother love finds its greatest compensation, namely, caring for her children at home. In men, judges, civil servants, industrial magnates, army and naval officers, all in receipt of good salaries during their lives. Is there any reason why our widowed mothers with young children should not be pensioned?"

GOLD PIN IS WOMEN'S GIFT IN EDMONTON TO LIBERAL LEADER. Edmonton, Oct. 11.—Presentation of a gold tie pin from gold out of the Saskatchewan River, from the women of Edmonton as a souvenir of his visit here was one of the features of a reception tendered to Hon. W. L. MacKenzie King by the women of the city yesterday afternoon. On the platform was a chair that had once been the property of Lyon Mackenzie, his grandfather.

One of the features of the day was the great mile by Sister Bertha, who set a new record for three-year-old trotters, 2:03. The final quarter was trotted in thirty seconds.

Duke of York Stakes. London, Oct. 10—Orpheus, 100-7, won the Duke of York stakes yesterday. Quetto, 11-2, was second and Abbott, trace 5 to 1 third. Ten ran. Silvers, the favorite, was fourth.

TWO GAMES GIVE
CLEVELAND THE
LEAD IN SERIES

Defeat Brooklyn in Saturday and Sunday Games—Standing Now Three to Two—Sunday's Batting Bee. By defeating Brooklyn Saturday afternoon and again yesterday the Cleveland Indians are now leading in the world's championship series three games to two. Saturday they won by a score of 5 to 1 and yesterday they piled up eight runs to the Dodgers one tally. In Saturday's game the Indians outdid the Dodgers twelve to five, but in Sunday's game the Brooklyn players got thirteen hits and the Indians were unable to get the attendance at Saturday's game was 26,784 and yesterday 26,884. The receipts yesterday were \$82,009. If the Cleveland Indians win the series the individual players shares will be \$5,000 and if Brooklyn wins they will be \$3,851. The reason for the difference is that the Dodgers have twenty-seven players to divide the money, while Cleveland has only twenty-two. If Cleveland loses the shares will be \$2,850, while if Brooklyn loses the shares will be \$2,857. Some sensational plays were made yesterday. Two other features were home runs by Elmer Smith and Pitcher Bagby. The former drove the ball over the right field fence and it struck a house on the opposite side of the street. Three men were on the bases when Smith's smash landed and two were on when Bagby came through with his circuit clout. Steve O'Neill, star catcher for Cleveland, made two sensational plays during yesterday's game. He flung his body after one of Bagby's wild pitches preventing a score and the second inning took Jamieson's neck throw from deep left field and caught Konechey at the plate. The box score of Sunday's game follows:

FIRE CHIEF ON "SAFETY WEEK"

Some of the Things That Can Easily Be Avoided in Personal and General Interest.

Fire Chief W. Russell, Toronto, has sent the following letter to the general manager, Ontario Safety League, in connection with "Safety Week," which commenced on Sunday.

"Instead of making a 'Safety Week' why not go the limit and decide right now to make it a 'Safety Year.' While fires are responsible for many serious accidents, some resulting in deaths, no doubt a large number could have been prevented. Most fires are caused through carelessness. No matter how often you warn the public against playing with a fire, they continue to do so, the answer is obvious. A wife arrives home hurried to get the evening meal, the fire must be lit and something is needed to hurry it—a little kerosene or gasoline. Sometimes it works and sometimes something not expected happens. In the morning probably the same lady will trifle around the same stove with a loose gas tap, or another over an open gas range.

If something could only be done to make people realize the great danger they run. Sometimes I believe they do, but having done it before, they seem to have confidence in themselves to continue doing fool-hardy things until it is too late. Moreover, the fact is very true that serious accidents happen to a freeman simply because you did not 'stop to think.' They cut themselves with falling glass, fall through buildings and off ledgers, having collisions in the street, simply because someone was in a hurry or took a chance and blundered. Most all fires can be prevented, consequently, accidents as well.

The careless smoker is a fire fiend that costs the country a high price in lives and property. A smoker who insists upon smoking in bed the last thing at night does one of the most fool-hardy things imaginable. Not only does he jeopardize his own life, but others. Another dangerous thing we find the careless smoker and others doing, is the way in which they dispose of their matches. If you wish to perform a great act in this campaign of 'Safety First,' you can do so by seeing that all matches you light are dead before throwing them away; in fact, not only those discarded by yourself, but those cast away by others. Do this and you will avoid many accidents."

PERSECUTION OF JEWS CHARGED

Poland and Hungary the Scenes

Chairman of American Jewish Congress Executive Re-counts Happenings After Visit to Europe.

New York, Oct. 9.—(A. P. Correspondence)—Continued persecution of Jews with bloodshed and cruelty, in Poland and Hungary, is reported by Morris Rothenberg, chairman of the executive committee of the Provisional American Jewish Congress, who returned here recently after the Jewish world relief conference in Carlsbad. Mr. Rothenberg declares that attacks on Jews in Poland have ceased at no time since the armistice. He says that while anti-Semitic excesses in Poland were mitigated by protest meetings held in America, "assaults upon persons and property in a smaller degree continued throughout Poland."

"Gradually these assaults assumed larger proportions," said Mr. Rothenberg, "until within the last few months Jews have found it unsafe to walk in the streets. Conditions came to such a state that the Jewish deputies in the Polish parliament appealed to the minister of war and Minister President Witos, who promised that they would take steps to stop these outrages, but nothing was done."

Mr. Rothenberg said that during the advance of the soviet armies on Warsaw the Jews readily enlisted in the Polish armies, but that they were attacked and persecuted by the Poles and were given the "most filthy and mental work to perform." The Jews complained to the military authorities, but he charged that the persecution was not mitigated.

"Immediately after the first victories of the soviet armies," Mr. Rothenberg asserted, "their ammunition was taken away, their uniforms removed and they were put under guard as though they were offenders. The Polish soldiers began to regard the Jewish soldiers as criminals. Every time the Poles took a city they killed Jews who came their way, and numbers of old Jews were shot without trial. The officers in charge afterward said that they killed Bolsheviks. This was a lie. In order to cover these outrages the minister of war issued an announcement that a large number of armed Jewish Bolsheviks were found in many cities. This information was fed only to the Poles and was not mentioned in the despatches for the outside world because it was apparent that these statements could not be substantiated."

Mr. Rothenberg charges that the minister of war and Minister President Witos refused to see Jewish delegations who called upon them to complain about anti-Semitic outrages. "The spirit of the Jews in Poland," he added, "is being utterly crushed by these terrible events, and they feel that they cannot much longer bear up unless these terrible excesses are stopped."

According to Mr. Rothenberg, 800 Jews have been murdered in Hungary from December, 1919, to June, 1920, and he charges that the officers and soldiers of the White Army are the chief fomenters of anti-Semitism. He said that they were willing to stop the pogroms provided the Jews economically.

"This is now being done," said Mr. Rothenberg. "Laws have been passed punishing profiteering by flogging, but the producers are not affected by this law, it is only the middlemen which means the Jews. Those who are found guilty are flogged and put in concentration camps and exiled."

Quoting the Jewish civil service employes in Hungary is also reported by Mr. Rothenberg. "Laws are also being passed specifically directed against the Jews without mentioning them," he said, "as for instance license formations could be admitted to universities. As Jews are not allowed to belong to these formations, Jewish students are unable to get into the universities. Many of them have been compelled to go to neighboring countries in order to pursue their studies, and are experiencing terrible want and suffering."

WHALE TRADER WHO WORKS ON SHORE

Victoria, B. C., Oct. 11.—"Beluga Joe" McGill, the only whaler who plies his trade on land, has had a most successful season, somewhat to the surprise of experienced whalers. Recently the steamer Admiral Watson, which touched here en route to Seattle, carried two carloads of whale oil and half a carload of whale skin from Joe's plant. Other shipments soon will be in readiness.

Beluga, who operates at Cook Inlet, on Beluga river, where there is a thirty-foot tide, stretches a net 1,000 yards wide across the mouth of the river. The lower portion of the net is anchored to the bottom, and along the upper side runs a hose, extending from shore to shore. When the tide is coming in it fills the hose with water, thus sinking the upper side of the net so that the whales are able to swim into the river. When the tide is full air is pumped into the hose, bringing the top of the net to the surface, trapping the whaler. As the tide ebbs large numbers of whales are left stranded in the flats.

SEEK PARENTS

800 Russian Children Who Were Sent Away in War Days for Safety.

Eight Russian children have just been brought back from Siberia through the aid of the American Red Cross.

These children, for the most part natives of Moscow and Petrograd, were sent by their parents, who were anxious about their safety, to various parts of the Ural Mountains in the spring of 1918. Tragically overtook these children in their mountain retreats.

The money sent by the parents failed to reach them. When salaries were no longer forthcoming, most of the teachers abandoned their posts, only a few remaining with the unfortunate charges, who soon were reduced to roaming in the woods, half naked, living on roots and berries, uncared for and unprotected.

The American Red Cross succeeded in transporting to Vladivostok a certain number of these children, who have since been brought to Europe by way of San Francisco and the Panama Canal. Every effort must now be made to restore these children to their parents, of whom many, it is believed, reside in various countries where they sought refuge in consequence of events in Russia.

The League of Red Cross Societies has printed a large number of lists giving the names of the children and their parents as well as the addresses of the latter at the time of separation. These lists have been sent to the central committees of the Red Cross societies, government and civil authorities, embassies, consulates in all European countries, the United States, Canada, Egypt and Persia. Consular agents in the Balkan and Scandinavian countries, Russian and Greek churches, charitable institutions, prominent newspapers in Europe and America and persons who, owing to their positions are specially qualified to assist in this work.

These lists, as well as particulars regarding the children themselves, can be obtained by applying to the headquarters
