Italian Outlook is Better Today

Problem Seems To Be Nearer Solution

Likely Basis of Understanding Reached by Night—Signs of Concessions—Some Aspects of Peace Question in British Comm-

Paris, May 13.—The Italian problem seemed nearer of solution when today's conference began among the Allied representatives here, and it was thought probable that a basis of understanding would be reached during the day.

The discussions of the day began when Premier Orlando called on Colonel E. M. House of the American delegation. The Council of Four held no meeting this morning.

No further communications had been received from the German representatives at Versailles, and the experts to whom the last notes from Count von Brockdorff-Rantau had been referred had not yet reported.

It is understood that the Italian representatives have resumed complete participation of the pending peace negotiations by appointing a member of the liaison committee to the conference.

The Italian representatives have resumed complete participation of the pending peace negotiations by appointing a member of the liaison committee to the conference.

Paris, May 13.—(Reuters)—In the House of Commons, Hon. Mr. Bottomley gave notice of motion declaring that the peace treaty should be subject to the approval of the House of Commons.

London, May 13.—(Reuters)—In the House of Commons, Hon. Mr. Bottomley gave notice of motion declaring that the peace treaty should be subject to the approval of the House of Commons.

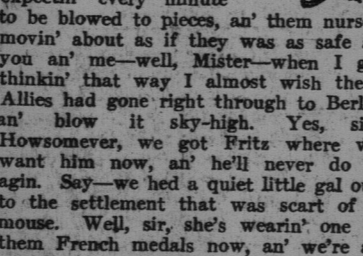

Paris, May 13.—(Havas)—Germany is willing to make integral reparation but the conditions of the peace treaty take from her all means of doing so.

Montreal, May 13.—The steamer Vendia brings an interesting and historic cargo into port, a score of captured guns which were wrested from the Germans by Canadian soldiers.

Regina, May 13.—Seeding is progressing very favorably throughout Saskatchewan, according to reports received by the department of agriculture.

As Hiram Sees It

"I see," said Mr. Hiram Hornbeak this morning, "that that German Count Rant-jaw (good name—what?) don't like them peace terms. He wants you 'n' me to play out our jaws 'n' says they won't play out our jaws."

"I would be farming," said the reporter, "or getting ready to store up nuts for the winter."

"I see," said Mr. Hiram Hornbeak this morning, "that that German Count Rant-jaw (good name—what?) don't like them peace terms."

SCHEIDMANN SAYS IT IS A BRUTAL DICTATED PEACE

Chancellor Discusses Possibility of Government Change

Imperial Ministry Discussed Terms on Monday—Rumor that Democrats and Centrists Will Withdraw from Government if Treaty Signed

London, May 13.—The possibility of a change in the government of Germany as a result of the presentation of the Allied peace terms was discussed by Philipp Scheidemann, German chancellor, in Berlin today, according to a despatch to the Exchange Telegraph Company.

"We thought that we Social Democrats were strong enough to prevent a peace by violence, but doubted whether the masses in enemy countries could support us because they are less strongly organized than we.

"It is possible a government might be formed which would sign the peace terms, but it is doubtful whether the Allies would be satisfied with such a government. A reactionary government is out of all question and a communist and independent government would be acting for the people of whom they are not a small minority.

Paris, May 12.—(By the Associated Press)—The imperial ministry met today to discuss the peace terms, but no positive proposals have as yet been communicated to the Entente.

The Vienna Neue Freie Presse declares that Count von Brockdorff-Rantau, head of the German peace mission at Versailles, has informed its representative that he is making every effort to secure the union of German-Austria with Germany.

Property transfers for the week have been recorded as follows: St. John County.

A. S. Creighton to H. B. Robinson, property in German street.

W. T. Ingraham to St. Mary's church, property in Waterloo street.

W. T. Millidge to L. D. Millidge, property in Cranston avenue.

W. T. Millidge to Gladys M. Millidge, property in Rockland road.

M. F. Mooney et al to B. Mooney & Sons, Ltd., property in St. John.

Catty and O'Reilly Case Dismissed

Magistrate Ritchie dismissed the case of Catty and O'Reilly this morning, deciding that there was no sufficient evidence to send them up for trial.

Montreal, May 13.—Shot through the head by two bullets as he stood arguing with two companions near the corner of Mount Royal avenue and Franchère street at midnight, W. M. Morar, aged thirty-four years of age, died in the General Hospital this morning.

The police have arrested a man named Fitzhugh as one of the street gutter party, and George Brodan is held as a witness. The man who is supposed to have fired the fatal shots is still at large.

West End Case.—The case of James Campbell, charged with stealing jewelry, valued at \$408.75, was heard this morning.

Workmen Falls Into Vat and is Fearfully Burned by Nitric Acid.—Sherbrooke, Que., May 13.—Falling into a vat of three feet deep, with nitric acid and sustaining burns to his body, Oliver Beland of Capelton is in St. Vincent de Paul Hospital in a critical condition.

Phelix and Pherdinand.—A five-year-old nephew of Colwell was the first to give evidence. He said he saw Tait and his uncle (Fred Colwell) at the road, where was liquor.

ACTRESS FOUND DEAD.—Paris, May 13.—(Havas Agency)—Madame Blanche Dufresne, an actress playing at the Theatre Sarah Bernhardt, was found dead yesterday in her dressing room.

BORDEN REPORTED RETURNING; FOSTER IN PLACE.—Paris, May 13.—Sir Robert Borden, Canadian premier, is returning to Canada, according to Reuters Limited.

RECEPTION FOR THE 26TH.—At the common council meeting this morning Mayor Hayes opened a discussion on the reception which is to be tendered to the 26th Battalion.

BEARS INNINGS IN THE CORN MARKET.—Chicago, May 13.—Heavy selling by a big commission house did a good deal today to put bears again in control of the market for corn.

ATTACKED IN STREET.—John McLeod was held up and severely beaten by two colored men in Orange street last night. He was taken to the General Public Hospital, where his wounds were dressed.

WARREN REPORT.—Paris, May 13.—Pilots of airplanes are forbidden to fly over towns or crowds of people except at such a height as will permit them to plane down to a landing field in case their motors stop.

MONTREAL STREET.—A man named Fitzhugh as one of the street gutter party, and George Brodan is held as a witness. The man who is supposed to have fired the fatal shots is still at large.

Rockwood Playgrounds Matter Now In Council

Communication From Judge Armstrong Plan For Legislation to Permit Transfer of Property to City For Playgrounds Use—Paving and Other Business

At a special meeting of the common council which was held this morning the following resolutions of the committee of the whole were passed:

The depot Battalion Band, which for three and a half years has been the evening motor with the 113th Battalion, 224th Militia and latterly under its present designation, will in all probability cease to exist as a military unit after Thursday this week.

That the granite curbing lately contracted for by the city, together with the setting of the same, be paid for by bond issue at an estimated cost of \$17,000 and that the work and estimate be approved, and that the commissioner of public works be authorized to call for tenders for setting the same.

That a further grant of \$500 be made to the town planning commission from the general revenue to aid in their work. That the tender of S. Herbert Myers of \$3,000 for driving piles at the ferry approaches, east side, be accepted, it being the best.

That the offer of James Splane to purchase the "Barry house" and lot (located) on the Milford road at price and on conditions approved by the common council on April 8 be accepted.

That the offer of Mrs. Ida Byers to purchase the "Byers house" and lot (located) in Leinster at price and on conditions approved on April 8 be accepted, with this variation, that the cash payment be \$100 instead of \$200, the difference to be paid in increments of \$115.50 for each of the four first years and \$91.50 for the balance of the period, and that a deed issue.

When the second section was taken up there was a lengthy discussion regarding financing for the pavement. Mayor Hayes and Commissioner Bullock favored taxing the abutters and Commissioner Fisher, Thornton and Jones favoring having the work done out of next year's appropriation.

Other members of the council spoke about the decorations and said that it was regrettable that the government buildings were not decorated. They were unanimous in the opinion that more decorations should be placed about the station and the houses in Port street as well as along that section of Mill street.

A discussion followed regarding the expenses and Mayor Hayes was authorized to pay any bills incurred.

St. John's, Nfld., May 13.—With the wind from the southwest local weather conditions are favorable for flying and the moon reports warrant the British airmen may fly this evening. Reports from Trepassy said the American airmen may start at 6 o'clock this evening, but the weather is foggy here and it is doubtful whether or not they will be able to get away.

Washington, May 13.—Despatches to the navy department today from Trepassy Bay indicated that the naval seaplanes at Newfoundland could not start on the trans-Atlantic flight for at least twenty-four hours. Commander John H. Towers, chief of the expedition, said heavy seas were running and that a storm was coming down on the coast to the Azores.

Bye-Law Matter.—Before Magistrate Ritchie today Charles Poyke, an elderly man, was charged with begging in Charlotte street. He said he wanted to go to his son in Yarmouth. His Honor said that he would either be sent to the Municipal Home or they would send him to his son.

H.P. SAUCE

continues to arrive from England.

Has a new and delicious flavour, no sauce just like it.

Wouldn't it be worth your while to try a bottle now?

USE The Want Ad Way

THE GROCERY MARKET

The following comment on the market situation as regards foodstuffs appeared in Canadian Grocer last week. There is comparatively little of moment in the markets this week. Changes have been of a more or less nominal character, though there is a general feeling of strength in all commodities offered.

Montreal.

Price changes for the week are important on one or two commodities and there are also some important tendencies to the market. Molasses has been reduced by one jobber five cents a gallon all around, and while this is the only definite change announced for molasses, it is understood that a nominal market prevails. Ground cloves have been reduced and spices are generally on an easy basis. Jarville water is lower in price, and one line of baby comforters is lower by five cents per dozen. Green vegetables have been reduced, although ripe tomatoes are higher. Feed oats are down.

Among the advances made is one for all oats, which is up ten cents per 100 pounds. Hay is much higher, best grade selling at \$80 a ton. Barley feed is up. Lemons are higher and tea, coffee, cereals and canned fruits are ruling very firm. The bean market is steady and rice and nut markets remain on a steady

English Semi-porcelain Stock Pattern Dinnerware

From which you can select sets of any size, or single pieces, as required. Attractive Floral Borders and Gold Band Designs.

O. H. WARWICK CO., LTD. 78-82 King Street

and unchanged basis. Prices hold high for maple sugar and syrup. The sale of mill feeds is good and the flour market is firm.

Some lines of new goods are arriving from week to week, gelatine, egg powder, etc., coming to hand.

Toronto.

The packers' strike and its possible effect on meat prices, should it be prolonged, was the only feature of outstanding importance in the grocery trade this week. Fresh meats, both beef and pork, were quoted higher this week. In fact most commodities were firm with tendencies higher. Quotations on Ontario potatoes have advanced to \$2.25 a bag. There is a great scarcity of On-

tario potatoes because of shipments to the United States. Potatoes for seed purposes are selling at even higher figures. New Florida potatoes are now arriving and are bringing from \$6 to \$10, according to grade. Dried fruits continue scarce and strong in price. Canned goods, too, are scarce, and indications point to supplies being pretty well cleaned up before the new crop comes on. Peas are an exception, however, being in very fair supply.

Reports from primaries indicate further advances on green coffee. As far as the Toronto market is concerned, quotations are unchanged, but all evidences

Stocks of Javaz that have been held in rather heavy quantities are active, but the bulk of the low grade teas have been pretty well cleaned up.

All imported fruits are arriving in good supply, and Porto Rico pineapples are quoted slightly lower. Strawberries are still very high. Rices are steady but the choice qualities are hard to get. Beans are experiencing renewed activity, and prices are fairly easy.

Winnipeg.

A further advance is recorded this week in coffee, in keeping with the recent trend of this market. The outlook is for very high prices on dried fruits, with prunes and apples scarce and high. There are no seedless raisins to be had. A big range is shown in current quotations on jam by various jobbers. Tea is moving more rapidly and no price reduction is expected.

Neat and attractive Oxford with wing tip and military heel. Black or brown leathers.

What the Dealer Means to You

THE shoe dealer does more for you than you perhaps realize. He not only carries a variety of styles and sizes for your convenience, right in your town, but he renders you a service which no one else can render in the correct fitting of your foot.

This is very important, not only for the sake of comfort, but also because the appearance and the life of your shoes depend upon correctness of fit. No matter what price you may pay for a shoe, it cannot give you its full service if it does not fit your foot.

And more than that: ill-fitting shoes often cause foot troubles, even though they may feel perfectly comfortable at first. Correct fitting shoes are essential, even if it means extra time and effort for you to get them.

So you should go to a dealer in whom you have confidence, let him advise you as to the type of shoe which is suited to your foot, and give him time to fit you correctly. You will get better service from your shoes if you will do this, and they will look better.

Write for our booklet "How to Buy Shoes" which gives more information on this important subject. It is sent gladly to any address in Canada upon request to our head office at Montreal.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, MAY 13, 1919

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

NOW THE WEST END.

The response to the appeal for an East End improvement League to get behind a neighborhood playground was of a most satisfying nature. The League was formed last evening with Rev. R. Taylor McKim as its first chairman, and the meeting was thoroughly representative, except that the ladies were not there. They will attend the next meeting and the east end will soon have the largest if not the best baseball diamond in the city, and a field that can also be used for general athletics.

OUR HOUSING PROBLEM.

When Mayor Hayes and Mr. W. F. Burditt had "said their say" on housing before the Rotary Club yesterday the chairman was certainly justified in observing that they had given the members something to think about.

PROFITEERS CONVICTED.

In the criminal court in Boston seven well-known business men have been convicted of profiteering. They were members of a fish combine, and artificially increased the cost of living at a time when the country at large was carrying the burden of war.

THE IMMORTAL.

Spring has come up from the South again, With soft mists in her hair, And a warm wind in her mouth again, And budding everywhere.

LIKELY WILL GO TO LONDON AGAIN.

Matters to Wind Up, Says Sir Edward Kemp—Canada's Horses Sold in Belgium for \$200 Each.

SOLDIER SETTLEMENT.

An interesting experiment in settling soldiers on land on Vancouver Island is thus described in recent correspondence from Victoria:

LIGHTER VEIN.

Sufficiently Supplied. "Agent—Have you a talking machine in the house?"

DEPRECIATED STOCK.

"I never loved any girl but you." "Oh, you had no need to tell me in so many words. You were an amateur in this business."

SMOKE MACDONALD'S INDEX.

In Doubt. Friend—I hear that you cured that patient you had with the falling eye.

HELP YOUR DIGESTION.

When acid-digestion, relieve the indigestion with Ki-Moids. Dissolve easily on tongue—as pleasant to take as candy.

FOLEY'S PREPARED FIRECLAY.

You Can Line Your Own Stove With FOLEY'S PREPARED FIRECLAY. To be had of W. H. Thorne & Co., Ltd., Market St., Toronto.

DAVE JONES: "It seems my occupation's going." MARY: "Yes, this quite gets over me."

quickly help to strengthen the digestion, stimulate the liver, regulate the bowels and improve the health by working with nature.

THE WORLD CAPITAL. Geneva the city chosen to be the seat of the League of Nations, is a French city in all but name. The canton of Geneva is almost surrounded by French territory. The Geneva area of French blood and speak the French language. During the great war their sympathies were overwhelmingly with France and France's Allies. It is fitting that a neutral nation has been given the honor of being host to the governing bodies of the League of Nations. It is also fitting that a city has been selected which has manifested an ardent sympathy with the cause of democracy. Brussels was passed over because Belgium was not neutral. The Hague was not chosen because of the divided sympathies of the Dutch people. Geneva is an ideal selection, and the fact that it is one of the most beautiful cities only serves to make more impressive the fitness of the choice.—Cleveland Plain Dealer.

Took Severe Cold ON HIS LUNGS.

COUGHED PHLEGM and BLOOD. On the first appearance of a cough or cold, do not neglect it, but get rid of it at once before it has a chance to grow worse, and gets settled on the lungs, causing bronchitis, pneumonia and other serious lung troubles.

Dr. Wood's Norway Pine Syrup will cure the cough or cold on its first inception and prevent a year's years of suffering. Mr. G. F. Stratteck, Carleton Place, Ont., writes: "Last winter I took a most severe cold on my lungs and was coughing up phlegm and blood most of the time. I had the cough for over two months, and took a great deal of different medicines, but found no relief from them. At last a friend advised me to take Dr. Wood's Norway Pine Syrup, which I did, and it gave me great relief in a very short time, and today I am enjoying good health again."

The Girl At Play-Age Needs A Shoe To Hold The Ankle Straight And True

Mothers, you cannot be too careful with the little folks in buying rightly shaped shoes for their early year, especially the play day shoes for spring outdoors.

CHAPLAIN HOOPER IN CANADA AGAIN

Major (Rev.) Edward Bertram Hooper, former pastor of St. Paul's here, and chaplain of the 26th Battalion arrived in Quebec yesterday on his way home from overseas.

Major Hooper will arrive in St. John, but he is expected within the next few days and the people of this city will undoubtedly give him a hearty reception.

IN PARLIAMENT

Ottawa, May 12—Sir Edward Kemp's report on the overseas military forces of Canada was tabled in the House of Commons today.

"It is gratifying to record," says the report, "that since the overseas military forces of Canada first went into action they have been awarded upwards of

11,000 medals, honors and awards, including fifty-three Victoria Crosses, 1,182 military crosses, nineteen distinguished flying crosses, 1,204 distinguished conduct medals and 6,610 military medals."

Regarding the civic service act Hon. A. R. MacLean, in reply to Dr. Sheard of Toronto, said he expected to be able to introduce in a fortnight a bill to amend the civic service act.

In answer to a question by L. H. Pappineau, Hon. Martin Burrell stated that Mr. A. Laliberte, sculptor, of Montreal, was authorized on June 15, 1914, by the Speaker of the Senate to execute a marble bust of Sir Robert Borden.

A small shed, owned by James S. Gregory, at the foot of Simonds street, was damaged by fire yesterday afternoon.

RECENT WEDDINGS

At the home of Silas Hayes, 239 Brittain street, last night, Rev. H. A. Cody united in marriage Carmon C. Butler of Granville Ferry (N. S.), and Miss Geraldine Ritchie, of Fredericton.

Lieutenant Robert Blaine Murray, son of Hon. Robert Murray, provincial secretary, and Hazel Marguerita, daughter of James H. Holmes, were united in marriage at the residence of the bride's parents, Doaktown (N. B.), on Wednesday evening, May 7.

Fredericton, May 12—(Special)—At the George street Baptist parsonage yesterday afternoon Rev. Mr. Fash united in marriage Robert Charles Cameron of the C. N. R. machine shops at Moncton and Miss Christina Chase, of 141 Westmoreland street, this city.

RECENT DEATHS

The death of Ernest H. Morrill of 74 Kennedy street, occurred yesterday afternoon at the General Public Hospital after an illness of three weeks.

Greta Margaret Cosman, aged eight years, only daughter of Dr. and Mrs. Greta Cosman, of Rockford (Wn.), passed away May 4.

The death of Mrs. Jane Blades took place at the home of her daughter, Mrs. M. P. Baker, Yarmouth, N. S., aged eighty-three years.

The death of Mrs. Mary J. Jones occurred at the Old Ladies' Home, Yarmouth, on Monday afternoon at the age of eighty-eight.

Charles Wesley Smith of Sand Beach, N. S., passed away at his home on last Sunday at the age of eighty-five.

MORE ARRIVE HOME

The S. S. Malta arrived in Quebec on Monday with 1,397 passengers, including ten soldiers and ten dependents for M. D. No. 7. They are: Major Edward Hooper and one dependent, St. John; Company Sergeant-Major J. C. Burrow and one dependent, South Devon; Private A. G. Irving and one dependent, Campbellton; Sergeant E. H. McCloy and one dependent, St. John; Corporal J. G. Turner and two dependents, St. John; Corporal A. R. Knight, Andover.

CENTENARY Y. P. S.

The annual meeting of the Centenary Methodist Young People's Society held last evening took the form of a banquet and business session.

"My daughter is positively delighted with her new piano," said Mrs. Petts. "She's quite familiar, as you know, with all the classic music composers."

Coal Points
That Spell Economy in Anthracite
The money value of coal lies in its heating power in which our American Anthracite is especially rich.
The heating parts of coal are carbon and volatile matter; the waste matter is ash, including clinkers, stone, etc. which keep it from burning, and ordinarily, increase its cost through excessive expenses in cartage for its removal from your home.
CONSUMERS' COAL CO'S AMERICAN ANTHRACITE
differs from ordinary kinds of coal in the very small quantity of ash it contains, having greater heating power than you usually find in coal, and, for this reason, is the most economical coal to use, this having been proven by experience over and over again.
Now is the time to lay in your coal for next winter. Lay in OUR AMERICAN ANTHRACITE COAL, GUARANTEED TO SATISFY.

A FINE PAIR OF FARM HORSES

This is a pair of Clydesdale-cross horses purchased by the Soldier Settlement Board and re-sold to soldier settlers. Each is eight years old. The horse on the left was purchased for \$190, the other for \$200, and these were the prices to the soldier settlers. The Soldier Settlement Board charges nothing for the service it renders to the returned man who is going on the farm.

POWER TO FORCE SALE OF LANDS FOR SOLDIERS

Extension of Scope of Legislation at Ottawa

PRIVATELY OWNED TRACTS

"Settlement Area" May be Picked Where Agricultural Production is Being Retarded and Owners Compelled to Sell

Ottawa, Ont., May 13.—The soldier settlement bill introduced by Hon. Arthur Meighen in the House of Commons yesterday afternoon extends the scope of the legislation passed in 1917, by which domain lands within thirteen

rules of a railway were made available for soldier-settlement, and it now provides for the purchase of privately owned lands in any province for sale to eligible soldier-settlers. It also enables the soldier settlement board compulsorily to purchase lands which are held to be retarding agricultural development. Those eligible to participate in the benefits of the act are members of the Canadian, imperial or colonial forces who served with an honorable record in an actual theatre of war or outside the country of enlistment; or members of the C. E. F. in Canada only who are in receipt of pensions for injury occasioned by such service. The privileges are also extended to widows of such persons. For the purchase of privately owned lands in any province the soldier settlement board may loan up to \$4,500 repayable in twenty-five annual instalments, with interest at the rate of five per cent a-mortified. For the purchase of live stock, implements, etc., the board may loan up to \$2,000, repayable in four annual instalments beginning in the third year, with interest at the rate of five per cent. A further sum of \$1,000 may be loaned for permanent improvements, repayable in twenty-five years at five per cent.

The bill also provides for agricultural training for those eligible soldiers who are not ready to go immediately on the land, and for the payment of allowances for subsistence for the settler and his dependents during the time of training. This training may be a training centre specially equipped, or with specially selected farmers. Instructors and inspectors of the board will visit and assist the settlers who participate in the benefits of the act.

Helps and Strengthens— Never Hurts!

This is one of the advantages of Postum over tea and coffee.

POSTUM

is made of wholesome cereals, and is caffeine-free—one of the finest beverages conceivable for the entire family— young as well as old!

Economical and delicious!

pendents during the time of training. This training may be a training centre specially equipped, or with specially selected farmers. Instructors and inspectors of the board will visit and assist the settlers who participate in the benefits of the act.

With regard to the compulsory purchase of land the bill provides that a "settlement area" shall be established only in districts wherein by reason of the lands remaining undeveloped agricultural production is being retarded. The board shall be the sole judge of this. A settlement area shall be deemed to be established when the soldier settlement board has gazetted such establishment. Within thirty days thereafter each owner of a block of land within such settlement area shall file with the board a return naming the price at which he is willing to sell, and such other information as may be required. In case of resistance provision for forcible possession is made.

The board may also arrange with the government of any province for acquiring or utilizing any crown or other provincial lands in such province, and settlement upon such lands will be, as nearly as possible, upon the same terms and conditions as those that are provided with respect to settlers to whom the board shall sell lands acquired by it. The board may acquire from the crown Indian lands which under the Indian Act may be validly released or surrendered.

The soldier grant will not be made to any settler who has secured land from the board by purchase or has secured an advance of money for the clearing of encumbrances on land owned by him, who is the owner of agricultural lands which are considered an average farm.

SOLDIER STRIKER, SAYS FOUR DOCTORS CALLED, BUT WOULD NOT GO TO HIM

William Allan, 46 St. Patrick street, served three years and seven months in the army, and returned from overseas in February, after service in France and Belgium. On arrival he found that his wife had died of influenza in last November, leaving three children. Mr. Allan informed the Times this morning that on Monday evening of last week he was taken with a hemorrhage and telephoned to four doctors and all refused to come. He had finally to telephone for the ambulance, which took him to the hospital, where he remained until last Sunday. He points out that he might have died at home without medical attendance, and in his opinion the conduct of the doctors was inhuman. He says he was not asking for something he could not pay for, and that as a citizen and a returned soldier he feels he has a right to more consideration.

BURIED YESTERDAY

The funeral of Miss Ella Gertrude Rowe took place yesterday afternoon from the residence of her sister, Mrs. N. L. Brennan, 133 Canterbury street. Rev. Canon Armstrong officiated and interment was made in Fernhill.

CALGARY LABOR TELLS TROUBLES TO COMMISSION

Industrial Body Finds Less Radicalism in Alberta Than in B. C.

Council's Official Tell of Conditions—Præcher Says Workers Would Have to Get Control of Industries

(Special to The Ottawa Journal by Main Johnson)

Calgary, May 12.—In Calgary the Industrial Relations Commission is getting a view not only of labor conditions in this city itself, but also in coal mines of Alberta in Crow's Nest Pass and further north in Drumheller Valley. As for the city situation there are several features more quieting than facts revealed at the coast. There is not nearly so much unemployment to begin with. Mayor Marshall, although he could not check the figures accurately, thought that about 1,000 men were out of work in town was more or less accurate. This is a much smaller figure than expected either here or elsewhere. Estimates were also to the effect that unemployment was not likely to increase during the summer. Mayor Marshall said that what was worrying him most was what they were going to do next winter, when he feared a great extension of unemployment. This is the first city in which the Trades and Labor Council has sent official delegates to appear before the commission instead of criticizing or ignoring the labor speakers showed a rather greater tendency to accept half way measures than many of them did at the coast, but at the same time there was sounded frequently and emphatically the note that any developments such as Whitley Councils would provide only temporary relief.

One witness, Rev. William Irvine, a Unitarian minister, editor of 'The Non-Partisan', and recognized as one of the ultra radicals of the west, in attempting to explain to the commission the "psychology" of the workers, expressed his opinion that there was no transmission period between the present and a new system of society.

Want Complete Control

He thought workers wanted complete control of industry and personally he thought they would have to get it. "Evolution in Calgary," he said, "means doing nothing; revolution means doing something. I think social revolution is necessary, but it does not necessarily mean bloodshed, but it did mean a complete fundamental change in society. Pressed for an answer as to any possible methods besides a 'revolution,' Mr. Irvine thought that proportional representation to be followed by grouping and taking over now of certain feasible industries by the state to see how they would get along might provide an avenue. But he did not interpret the working class mind it was determined upon a complete change.

Are Seeking Control

Mayor Marshall, who is a contractor and employer of labor, hoped that Mr. Irvine's definition of evolution in Calgary was not correct, and personally felt that Mr. Irvine was not quite accurate here. He admitted, however, that workers apparently were looking not so much for increased wages and shorter hours as for control of industry. He thought there would be a transitory period, but that evolution must not be held back.

R. H. Irvine, a carpenter who had to leave school at the age of twelve, was well enough educated to quote from Alfred Russell Wallace to the effect that "Parkies, but as he was not a "bloody revolutionist," and would support a Whitley Council, but he felt that things never could be right until the whole concept of industry was replaced by a cooperative one in which men were not thinking of profit but of service.

The woman's complaint, Mrs. Gorse, mother of six children, on the impossibility of workingmen's wives and workingwomen keeping their children well fed and clothed and educated, was considered significant as representing not so much that destitution which the mayor admitted was not absent from Calgary, but that condition of poverty which was so undeniably prevalent, and which was preventing workers enjoying what witness referred to as the more abundant life.

As for the coal mining industry, unfortunately the views of all the miners themselves were not presented to the commission. Secretary Brown of the United Mine Workers, said locally that their men would not be represented officially because they had no confidence in commissions. The mine workers, he said, were absolutely opposed to Whitley Councils, as were also the miners in Great Britain. He thought the only benefit the workers could achieve would be by using their economic pressure at the right time.

Now Said Lloyd George Will Not Receive the American Irish Delegates

Paris, May 13.—(By the Associated Press)—It is said here that David Lloyd George, British prime minister, has reconsidered his decision to receive Frank P. Walsh, Edward F. Dunne and Michael F. Ryan, representing American Irish societies. The reason given is the agitation which has arisen from the visit of the Americans to Ireland.

A despatch from Paris on April 21 said that Lloyd George had agreed to receive Messrs. Walsh, Dunne and Ryan but requested that the Americans remain in Paris until the following week as he would be unable to receive them earlier.

The despatch added that it was the Americans' intention to take up with him the question of his receiving delegates from Ireland who were going to Paris.

of a number of mine operators who did appear before the commission, there would not be any considerable opposition from them to the policy of nationalization. One of them said that during the last ten years, taken as a whole, the coal mines of Alberta had not earned one per cent on the amount of money actually invested in them. As for labor, all operators emphasized the difficulty involved in dealing with large groups of foreign workmen. Many of the mines had as high as 85 and 90 per cent of foreigners. Of these, Austrians were presumably in the majority, and there were also many Italians and Europeans of all races.

Jesie Jaungs, manager of one of the Drumheller mines, said there was growing revolt among the mine workers against their international union. He thought that about 80 per cent were against their own organization, on the ground that it favored perpetuation of the present system of society, while they were absolutely opposed to it. Not All One-Sided. W. S. Henderson, manager of another mine at Drumheller, was an interesting witness. He is a Scotchman, who at the age of eleven, had to leave school, go into the mines and help support his widowed mother and large family of brothers and sisters. By hard work far beyond an eight or even ten-hour limit, and by careful planning for the future, he had become a mine manager himself, and an employer of labor. Naturally, he said, he sympathized with the trials of workmen, but he thought the faults were not all on one side. At the present period agitators were disturbing the foremen and the workers were leading them. Things were wrong somewhere. There was more trouble now than during the war. If the majority of the men were against the present system he would be with the majority, if it would help humanity. He didn't want to see anything like Russia, however, where you never know when they are going to take you and your family outside and shoot you. Being connected with management according to Henderson, was not all fun. The shareholders kept calling "We must get our money back," and the workers were shouting "We want more wages, but we want more than that, we want control." All the evidence presented by operators showed that there was a period of several months' duration each year when mines were running very light or were shut down altogether. There was thus not steady employment for men. Asked as to unemployment insurance, John Shanks, manager of the Brazeau colliery, said industry at present could not stand the added charge.

There are two strikes at present in the mines, on disputes regarding wages and hours of labor. There is also one strike among the metal trades in Calgary based on the same question. J. E. Booth of the telegraphers was enthusiastically in favor of an industrial council for their industry. It would increase efficiency by adding incentive and knowledge to the telegraphers of the real state of business. Calgary came into prominence as the meeting place of the recent Western Canada Labor Conference, which put up specific resolutions and focused much of the present discontent in British Columbia and the prairie provinces.

East End Organizes Improvement League

Playground in Old Shipyard Beyond Marsh Bridge—A Rousing Meeting

There is now a vigorous East End Improvement League, whose first task will be to make a large playground in the old shipyard beyond the Marsh Bridge. The officers of the League are: Chairman, Rev. R. T. McKim; vice-chairman, D. Ramsay; secretary, H. W. McEachern; treasurer, Rev. A. L. Tedford. There is to be a second vice-chairman, who will be a woman, and also three other women members of the executive, but these have yet to be chosen. The additional male members of the executive are Humphrey J. Sheehan, Arthur Cooke, Raymond Moses and Walter Daley.

This league was formed last evening in the hall of Thorne Lodge, the use of which was kindly granted by the lodge. It was worthy of note that four ministers, Rev. R. T. McKim, Rev. G. F. Dawson, Rev. A. L. Tedford and Rev. F. Boothby, responded to the call in the interests of the boys and girls of their section of the city. It was also very pleasing to see there the chairman

of the physical committee of the Y. M. C. L. Humphrey J. Sheehan, who joined heartily in the movement. There was also a large attendance of young men and the meeting was decidedly enthusiastic. A. M. Belding called the meeting to order, and Rev. Mr. McKim was elected chairman. Mr. Belding reviewed the playground situation told of the plan to have improvement leagues in four sections of the city, each with a playground, the big recreation field at Rockwood to be developed by the city, and pointed out how the young athletes of the city could be developed and amateur sport of all kinds revived and the colors of St. John clubs seen on athletic fields all over the province as in years gone by. Mr. Belding then read the constitution of the South End Improvement League, and motion of Rev. Mr. Dawson, seconded by Arthur Cooke, it was resolved to form the East End Improvement League with the same constitution, subject to such verbal changes as might be necessary. The officers were then elected, with the exception of lady members. There were no ladies present last evening, and the election of their representatives was deferred until the next meeting.

Smoke MacDonald's Inade

Shooting in Montreal Street. A companion as he stood on the sidewalk at the corner of Franchère street and Mount Royal avenue at 11.30 last night, W. M. Moran, twenty-four years old, an Australian, was taken to the Montreal General Hospital dying.

The Quality Never Varies

SEAL BRAND COFFEE

The same satisfying strength—the same delightful flavor is sealed in every can of Seal Brand Coffee

In ½ pound, 1 pound, and 2 pound tins—in the bean, ground, or fine ground for percolators.

Write for our booklet: "Perfect Coffee—Perfectly Made". It's free.

CHASE & SANBORN MONTREAL

Mr. Belding's expression of the hope that before the summer is far advanced the South End and East End athletes would be competing in friendly games, was greeted with hearty applause. A collection was taken and a good sum placed in the treasurer's hands to meet incidental expenses until the league is fully organized. The meeting was a great success, and it is expected work on the grounds will begin this evening.

DEMAND AN ANSWER. Montreal Tramways Employes Impatient Under Arbitration Delay. Montreal, May 13.—The Montreal Tramways Company employes are becoming discontented with what they consider the unnecessary delay of the board of arbitration in deciding their case. M. Bourbonniere, secretary of the Tramway Employes Union, said yesterday that while the men all had confidence in the justice of the board of arbitration, they had become impatient under the repeated delays and were determined to have an answer one way or the other this week.

Shooting in Montreal Street. A companion as he stood on the sidewalk at the corner of Franchère street and Mount Royal avenue at 11.30 last night, W. M. Moran, twenty-four years old, an Australian, was taken to the Montreal General Hospital dying.

RAILROAD ENGINEERS OUT WITH STATEMENT

Men in the Cabs From Many States Declare Tanlac Conserves Health of Railroad Men and Makes Them Fit for Responsible Duties in Most Nerve-racking Service.

No calling demands a clearer brain, steadier nerves, a more perfect state of health than that for a railroad engineer. The safety of thousands depends on guarding his health, which is as important to the public as the efficiency of his engine.

Railroad engineers everywhere endorse Tanlac because they have tried it and know. Read what they say: W. L. Nabers, Atlanta, Ga., engineer Southern railway, says: "I had lost appetite—liver and kidneys deranged—since taking Tanlac haven't had a pain-gained 14 pounds."

L. C. Bowers, 910 First Avenue, south Nashville, Tenn., engineer Tennessee Central, says: "Stomach trouble and nervousness overcome—nothing too good I can say about Tanlac—gained eight pounds." D. A. Middleton, 1717 Chenover street, Houston, Tex., engineer Southern Pacific, says: "Was in bad shape—couldn't walk—Tanlac built me up like new man—gained 11 pounds."

G. G. Geiger, 188 Linden street, Atlanta, Ga., engineer Georgia railroad, says: "Tanlac relieved my wife of rheumatism—she gained 25 pounds from using it." C. J. Weeks, 2189 Lydia street, Jacksonville, Fla., engineer Seaboard, says: "Suffered 20 years from nervous indigestion—Tanlac entirely relieved me—gained 20 pounds." Jeff D. Riggs, 2020 Pearl street, Vicksburg, Miss., engineer Yazoo and Mississippi Valley, says: "Was nervous and physically weak—Tanlac an eye-opening and active as ever—gained 25 pounds."

Over 480,000 Boxes Sold Each Year This is conclusive proof that thousands find relief from kidney and bladder troubles by using GIN PILL'S FOR THE KIDNEYS

D. D. D. Prescription For Eczema For 15 years the standard remedy for all skin diseases. A liquid used externally. Instant relief from itch. Your money back if the first bottle does not bring you relief.

DISCUSSION ON ORPHANS' HOME

Suggestion for Use of Martello Hotel—Various Phases of Matter at Annual Meeting

Suggestions as to the enlargement of the Protestant Orphan's Home, the temporary leasing of Martello Hotel, and were discussed at the annual meeting of the directors and officers of the Protestant Orphan's Home yesterday afternoon. T. H. Estabrook presided. The secretary's report was submitted by Mrs. J. S. MacLaren.

W. B. Campbell, a member of the committee appointed to find quarters for the temporary extension of the orphanage, said that the government at Ottawa was considering a request for the use of the Martello Hotel for this purpose. He thought it likely that the same property had been had as a very small cost and said it was in excellent condition and eminently suitable.

Mr. Estabrook was in favor of such a step being taken, saying that an infants' home could be quickly established and would require no outlay for grounds or large buildings. In the discussion regarding the financing of enlargement schemes, every fund was said that the clergy had offered to take special envelope collections. Mr. Estabrook made a suggestion that was received with much approval.

HOW TO GET RID OF RHEUMATISM

"Fruit-a-lives" Point the Way to Quick Relief

"I suffered for a number of years with Rheumatism and severe Pains in my Side and Back, caused by strains and heavy lifting. When I had given up hope of ever being well again, a friend recommended 'Fruit-a-lives' to me and after using the first box I felt so much better that I continued to take them; and now I am enjoying the best of health, thanks to your wonderful fruit medicine."

W. M. LAMPSON. "Fruit-a-lives" are sold by all dealers at 50c a box, 4 for \$2.00, trial size 25c, or sent by mail for Fruit-a-lives Limited, Ottawa, Ont.

Just Apply This Paste and the Hairs Will Vanish (Boudoir Secret) The judicious use of a delicate paste insures any woman a clear, hairless skin. To prepare the paste, mix a little of the powdered delatone with some water, then apply to the objectionable hairs for 2 or 3 minutes.

SMOKE MAGDONALD'S INDEX DAYLIGHT TIME IN THE SCHOOLS TOMORROW

Summer Holidays Date — Night Schools and Improvement League Movement The city schools will adopt daylight saving tomorrow, according to a resolution passed at a meeting of the board of trustees last evening.

MR. FRED. K. SAUNDERS, 66 Euclid Ave., London, Ont., writes: "After having for several years been afflicted with a nervous condition, I met with a painful accident due to a fall from the top of a ladder, striking my back on the edge of a desk, which confined me to bed for three weeks."

After the pain had been reduced and the pain ceased so that I was able to get around, I was obliged to return to bed, suffering a complete nervous breakdown. My regular physician attended me until the middle of September without results being in any way satisfactory.

SLEEPLESS NIGHTS OVERCOME BY SAFE METHOD

Suggestions Given Whereby Insomnia Can Be Safely and Quickly Cured.

Worry, overwork, overstudy and indigestion cause insomnia. Healthy, natural sleep can't be produced by drugs. First, the blood circulation must be improved.

Perrosone is a very powerful and business-like manner, they set aside one day in the year, St. Patrick's Day, on which entertainments were given by the societies in aid of the orphanage funds. This example, he believed, could be followed by the Protestant societies with the same success and he said that the entertainments had given him much excellent entertainment for his wife's support if they worked for the Protestant orphanage. He thought it would be possible for an annual fair or annual entertainments to ensure an income of \$4,000 to the orphanage.

PENSIONS FOR MOTHERS URGED

There was a large gathering of representative women at the monthly meeting of the Women's Institute held in the basement of the Congregational church last evening, with the president, Mrs. J. W. V. Lawlor, occupying the chair.

At the meeting of the committee on the pensioning of mothers, Mrs. M. J. Hooper made a strong plea for mothers' pensions. Mrs. Coates said that Manitoba and Saskatchewan had already established mothers' pensions and Alberta and British Columbia were on the verge of passing such legislation.

THE RING.
The Big Fight
Toledo, Ohio, May 12—Reservations for seats for the proposed heavyweight title fight between Jess Willard and Jack Dempsey here on the afternoon of July 4, have aggregated \$75,000, according to A. Q. Thatcher, match-maker for Toledo Boxing Commission, who is assisting Tex Rickard, the promoter, in arranging for the battle.
Rickard arrived here today and announced that prices for the bout would range as follows: \$10, \$12, \$25, \$30, \$40, \$50 and \$60, with 25,000 on sale at the highest named figure.
Rickard estimated from the demand for reservations that there would be 87,000 others ranging down to \$10, which will be 250 feet from the ring.
Batting Nelson, former lightweight champion, wired Rickard today offering his services as referee for the contest. Rickard has not yet replied to the message.

EXPORT OF PULPWOOD PRESENTS A PROBLEM

American Interests Want Supply, But Can It Be Spared?—Reforestation is Needed

(Montreal Herald)

The campaign on the part of certain American interests to bring about a lifting of the embargo on the export of pulpwood cut upon the Crown lands of the Province of Quebec, may have a reactionary effect not anticipated by those behind the campaign. It has served, for instance, to draw public attention to the fact that the available supply of commercially accessible wood in the province is fast diminishing, and that unless some large plan of reforestation is speedily put into effect there will be a very real danger of the pulp and paper manufacturing industry of the province being confronted some years hence with an actual shortage of raw material.

So far from there being any likelihood of the government of the province yielding to pressure to lift the embargo on exports of pulpwood, say Greenfield & Co., it would be logical to believe that the larger measure of public attention drawn to the pulpwood situation might result in an extension of the embargo to cover the export of wood from the freehold as well as from the Crown lands.

Objections to such a course suggest themselves in the dependence of Canada on American supplies of such commodities as anthracite coal. The dominion, in the interests of the conservation of raw materials, adopted a policy of forbidding the export of all pulpwood, the United States might adopt a similar policy with respect to anthracite coal. At the same time even an extreme measure of the sort could be justified by the necessities of the situation, if urgent, and that there is a certain element of urgency is indicated by a summary of the situation recently made by the Canadian Pulp and Paper Association. "Not only is the supply of pulpwood," says a bulletin of the association, "being used up as a result of ordinary consumption, but also by reason of tremendous de-

struction caused by fires, insects and fungi. Only recently it has been discovered that the ravages of the budworm, a small, brownish caterpillar which breeds in millions and feeds upon the foliage of spruce, balsam and hemlock, have practically wiped out all the balsam in this province and occasional serious injury to the spruce, hemlock and other tree species."

A middle course by which the policy of the embargo on the export of pulpwood from Crown lands only will be continued on the one hand and on the other a plan of reforestation on a large scale will be undertaken by the government authorities will probably prove the most satisfactory in the long run. Since the existing embargo was put into effect, the investment in the pulp and paper industry of Canada has grown from \$28,104,660 in 1910 to \$186,274,906 in 1918. Exports of pulp and paper products in the same period rose from about \$8,500,000 to \$71,735,825. No Canadian industry has a record of such rapid and sound growth, with much of it due to the restrictions with respect to the export of wood cut on Crown lands. These at once gave courage to Canadian investment of American capital in similar plants on Canadian soil. No sound reason can be advanced why, to meet the wishes of a few American holders of Crown land leases, the present policy should be modified in any particular.

Now that the theory, once held in authoritative quarters, that Canada's spruce forests were self-perpetuating and that the supplies of woodpulp were inexhaustible, has been abandoned, important developments are taking place with a view to instituting a national scheme of reforestation. A few of the larger companies have made individual efforts along this line, but a broader policy will be required to meet a situation of such importance to the province as a whole. An industry that contributes about \$1,800,000 a year to provincial revenues, apart from ordinary taxation, merits encouragement. The authorities of the province, in such undertakings as La Loure Dam on the St. Maurice River, which has given added life and vigor to the important hydro-electric developments of the province, have displayed vision and good judgment in encouraging and protecting private industry.

TRING COLE TEA

"You'll like the Flavor"

The Big Value Package that is Guaranteed.

Perfectly packed in bright lead foil, and price marked on every package.

TUTT AND JEFF—JEFF PICKS OUT A "D AD" ONE By "BUD" FISHER

STUNG!

BUT MUTT, THE TOURISTS ARE HERE AS THICK AS FLIES AND THERE AIN'T ANY GUIDES TO SHOW THEM AROUND. YESTERDAY A GUY GAVE ME A FIFTY FRANC TIP!

NOT A BAD DAY'S WORK, JEFF!

PARDON ME, STRANGER, BUT COULD YOU DIRECT ME TO THE CHATEAU-THIERRY BATTLE FIELD?

YOU'VE COME TO THE RIGHT PARTY, SIR. I'M THE BEST LITTLE DIRECTOR THAT EVER DIRECTED!

I KNOW EVERY FOOT OF THIS BATTLE FIELD. IN THIS DUG-OUT IS WHERE ONE OF OUR BOYS CAPTURED SIXTY-SIX FRITZES ALL ALONE. SOME STUNT, I CALLS IT!

HOW PERFECTLY WONDERFUL!

AND THEN ABOUT SIX HOURS LATER

DEAR ME, IT'S QUITE LATE! NOW THAT MY FATIGUED BRAIN IS RESTED I SHALL HURRY BACK TO THE HOTEL AND WRITE ANOTHER CHAPTER FOR MY BOOK, "THE HISTORY OF THE BEE!"
