TWELVE PAGES—ONE CENT

Russians Adhere To Peace Principles

BRAVE EFFORT TO SAVE LIFE OF COMRADE WAS UNAVAILING

Airman Overcome Clinging To His Disabled Machine In Water

FLIGHT COMMANDER TO RESCUE

London, Jan. 11.—The Times says that on Monday, Freden's machine nose-dived, owing to engine trouble. It remained aloft with tail up. He tried to swing ashore, but a strong current prevented him and also bore away life-rafts dropped by other aircraft. Flight Commander Hodges and his crew, with all speed, went to the place where Freden was clinging to the disabled machine.

KEEP IT FOR USE LATER

'Strengthened Canada Campaign' For Prohibition—Mr. Wilson at Toronto Conference

Toronto, Jan. 11.—The "strengthened Canada campaign," which the dominion prohibition committee was organizing for the purpose of bringing influence to bear on the dominion government had not been granted by order-in-council, will be conserved for use in the future in case it is needed to secure permanent legislation. Representatives from all parts of the dominion, members of the dominion prohibition committee, reached this decision at a meeting held here today.

APPEALING 90 PER CENT OF EXEMPTIONS IN QUEBEC PROVINCE

Montreal, Jan. 12.—A despatch to the Gazette from Ottawa says: It is estimated that ninety per cent of appeals from decisions of the exemption boards in the Province of Quebec have been made by the military authorities.

LABOR CANDIDATES IN CAPE BRETON

Sydney, N. S., Jan. 12.—Labor men of Cape Breton are scheduled to gather here this evening in a convention at which the policy of the independent labor party will probably be formulated. It is understood that one of the matters to be given consideration is the nomination of candidates to contest seats at the coming by-elections in Nova Scotia for vacancies in the provincial legislature.

Continue Conference With Teutons At Brest-Litovsk

WITHDRAW NEUTRAL REQUEST

Trotsky Goes on Irrespective of Whether of Not Entente Allies Take Part—France Wants no Peace Talk Till Germans Bring Offers Direct

Amsterdam, Jan. 12.—Leon Trotsky, the Bolshevik foreign minister, at the conference at Brest-Litovsk yesterday, said that in order not to leave any possibility in the fight for peace unutilized the Russian delegation accepted the demand that the negotiations be continued at Brest-Litovsk.

WILL HAIL BRITISH EMPIRE AS SAVIOUR OF THE HUMAN RACE

Canada's Part in War Also Wins Praise of Japanese Baron in Ottawa

Ottawa, Jan. 11.—Baron Ito and Dr. Hishida, members of a special Japanese finance commission to the United States, met members of the Dominion government at a dinner given in their honor by Yasutaru Numano, Japanese consul-general for Canada at the Chateau Laurier last night.

WHY HUGHES WAS ASKED TO REMAIN PREMIER

Melbourne, Jan. 11.—(via Reuter's Ottawa Agency)—The government general has issued a statement giving reasons why he recommended Hon. Wm. Hughes. He says that in advance of the Nationalist defeat in parliament he endeavored to ascertain the situation by seeking information of all sections of representatives with a view to avoiding dissolution and decided that the majority of Nationalists were likely to retain cohesion and would be able to establish a stable government under Mr. Hughes.

BURIED TODAY

Quebec, Jan. 12.—News was given today to all agents of a sugar refinery here, to announce a further decrease of ten cents a hundred pounds on granulated sugar. It is the second out of ten cents a hundred pounds announced within the last three weeks.

QUICK WORK IN A LIQUOR CASE

Parker in Court And Pleads Guilty Hour After Inspectors Hear Of Matter

Evidence of the efficiency and skill of the local liquor inspectors was given this morning when in one hour after hearing of a sale of liquor the suspect was a convicted prisoner. Word was received at nine o'clock this morning by the inspectors that two sales of liquor had been made by George Parker, a Mill street barber. They went to his shop and found liquor on his premises. Taking him to the police court, he was brought before Magistrate Ritchie and a few minutes after ten o'clock had pleaded guilty. He was remanded for sentence until Monday. He is under three charges; two for selling liquor and one for having liquor in his possession while not at his own home.

CIVILIANS MUST NOT WEAR MILITARY GARB

And Soldiers Of Milit Must Not Wear Uniforms Except While On Duty

Ottawa, Jan. 11.—An order-in-council has been passed forbidding the wearing of military and naval uniforms, decorations and medals by persons not authorized or entitled to wear them. It is provided that no officer or man of the military or naval forces shall wear any uniform actually on duty, without special permission.

SETTLEMENT OF WAGE DISPUTE AT SYDNEY MINES IS IN SIGHT

Sydney, N. S., Jan. 12.—Indications now point to an amicable settlement of the wage dispute between the coal operators of the Sydney district and the miners. Yesterday Messrs. Massey, D. H. McDougall of the Dominion Coal Company and Senator G. D. Robertson and C. Watters, representing the union government, and a committee of the Amalgamated Miners Workers. Today they are in conference again.

EVANGELISTIC MEETING

Interest in the evangelistic meetings on the west side grows in interest from night to night. At 7:45 when the service started last evening the auditorium was filled to capacity. The service was well attended. A larger proportion of men than usual were in the congregation. The singing of Prof. Paul Duff was a great attraction. He possesses a clear baritone voice that he controls as a master player with an organ.

PROMOTED TO YARDMASTER

Friends of T. L. Irvine of the C. G. R. staff, who for the last three years has been the baggage-man on No. 9 train, running between St. John and Halifax, will be pleased to learn that he has been promoted to general yard master in the St. John yard. Mr. Irvine has been with the road for many years and his faithfulness to duty has won for him this fine promotion.

Aged Man Wandered Into Creek

Charlottetown, P. E. I., Jan. 12.—Jas. Pisk, aged ninety, wandered from his home in Tracadie Cross this week and was found dead of exposure. The body was in a creek in a sitting position.

British Destroyer Is Lost on The Irish Coast

London, Jan. 12.—The British destroyer Raccoon struck rocks off the Irish coast on Wednesday and foundered. This is announced officially.

The Raccoon was built in 1910. She was 266 feet long and displaced 915 tons. She was armed with one 4-inch and three 8-inch guns, and two torpedo tubes. Her normal complement was 105 men.

QUEBEC THEATRES OPEN ON SUNDAYS

Court Of King's Bench Reverses Decision Of Lower Courts

Quebec, Jan. 12.—By a decision returned at noon today by the court of King's Bench sitting in appeals, all movies and theatrical show places may open on Sundays. This decision turns down first a series of judgments of the recorder's court, then of the superior court, and then of the court of revision.

TRYING TO DENY THAT TORPEDO SENT DOWN HOSPITAL SHIP REWA

Amsterdam, Jan. 12.—The Wolf Bureau, semi-official German agency, in a communication regarding the sinking of the British hospital ship Rewa, says the German authorities cannot give a final statement as to which submarine might have been concerned. The communication adds: "Nevertheless competent quarters regard it as impossible that the ship should have been torpedoed by a submarine. Accordingly, the only possibility is that she was sunk by a mine."

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis—The storm which was in the southern states yesterday has moved northward to the Great Lakes, causing snow with gales of unusual severity in Ontario and Quebec. The western cold wave is now spreading eastward over Upper St. Lawrence and Ottawa Valley. Strong westerly winds, fair and very cold.

TWELVE INDIAN BOYS BURNED TO DEATH

Muskogee, Okla., Jan. 12.—Twelve Indian boys are reported to have been burned to death in a fire last night at the Dwight Indian training school at Marble City, Okla., about forty miles southwest of here.

Tall Chimney Crashes Through Lynn Factory Roof; People Killed

Was Blown Over This Morning In Gale

200 WERE AT WORK

Bodies Of Three Recovered Early, Two Of Them Women Mangled Beyond Recognition—The Injured Number About Thirty

Lynn, Mass., Jan. 12.—Several people were killed and others injured when a chimney extending thirty feet above the Sprague box factory in Broad street was blown over in a gale today. The bricks crashed through the roof of a three-story building, in which many men and women were working.

Worst Snow and Sleet Storm of Winter Holds the South in Grip

Atlanta, Ga., Jan. 12.—With the entire south in the grip of its worst snow and sleet storm of the winter today early reports showed that tornadoes which swept through eastern Alabama and central Georgia had taken a toll of sixteen lives and injured more than 100 persons.

More Than Hundred People Are Injured—Chicago Isolated So Far As Train Service Is Concerned; Coal Distribution Badly Affected

Chicago, Jan. 12.—Chicago is isolated from railroad communication with the outside world by one of the worst blizzards in its history. Its business is paralyzed. No milk trains arrived nor were coal wagons able to move ten per cent of the fuel needed. The thermometer dropped to fourteen below zero and a sharp wind from the northwest added to the suffering.

BRIDES-TO-BE MAY BE REFUSED LEAVE TO GO TO ENGLAND

Ottawa to Tighten Restrictions Against Journeys of Women and Children Overseas

Ottawa, Jan. 11.—It is understood that, in view of the increasing scarcity of food supplies in the United Kingdom, as evidenced by the recent proposals for adopting a system of rationing, the subcommittee of ministers who deal with the question of granting permission for journeys of women and children to the old country are considering the question of tightening restrictions against such travel.

RIOT AT SALE OF PIGS IN VIENNA

Hungry Austrians Fight for Chance to Buy 75 Cents a Pound

Washington, Jan. 12.—Food rioting in Vienna on New Year's day is described in a despatch received here today from Switzerland. When the authorities announced that 500 Serbian pigs would be put on sale at seventy-five cents a pound more than 20,000 people assembled outside the market, most of them remaining the New Year's eve in intense cold for the chance to buy.

PRESIDENT WILSON TO THE RUSSIAN PEOPLE

Renew Demands for War with Germany

New York, Jan. 12.—A message from President Wilson, saying that "nothing would afford me deeper ground for gratitude than to be able to help in any way the great Russian people to find their way to solid ground," was received here yesterday by Sigmund Sionin of the Russian-American Journal of Commerce. It was in reply to a message of appreciation Mr. Sionin sent the president in regard to the stand he took on the Russian situation in his recent declaration of war aims before congress.

FOUR MURDERED BY BANK ROBBER

He Wore Uniform of American Captain—Looted Camp Funstan Army Bank

Camp Funstan, Kansas, Jan. 12.—Four men were killed and one seriously injured last night when the army bank here was robbed by a man dressed in the uniform of a captain of the United States army. The bodies of the dead men are said to have been literally hacked to pieces.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

IF THE GERMANS CAME OVER HERE

If the Germans landed in America, what would you do? If they used your home for their headquarters, what would become of your family? This will be answered at the Star Theatre on Monday and Tuesday in "War and the Woman" featuring the late Florence La Badie.

PATHÉ PLAYS Big Stars-Big Features

Shown at the Star. ALL NEW TONIGHT AT THE OPERA HOUSE. It will be in line early tonight at the Opera House in order to secure a good seat at the new vaudeville programme is a real good one and every body in town will want to see it.

NEW TALENT AT IMPERIAL

Frank Evans and His Baby "Celia," also The Sisters MacMahon are the new attractions of the Imperial theatre. They are especially fine performers and will enhance the picture programmes to everybody's liking.

BIG NEW BILL AT THE GEM TONIGHT

"The Innocent Sinner," tonight's new feature picture at the Gem is reported to be exceptionally good. The management had a call from one who follows the movies closely and who declared it a very fine production. The new vaudeville also will please. Come tonight.

QUEBEC AND UNION GOVERNMENT

Toronto, Jan. 12.—Under the heading "Home Rule for the Provinces," the Toronto Star says: "La Canada (Montreal) fears that the union government is aiming at legislative control of the provinces and the creation of an alpine government and parliament at Ottawa. It is a contemporary may rest assured that such a project would find favor in Ontario. We know the Quebecers and their union and centralised powers. We regard it as a warning and we have no desire to return to the days of the Confederation which is one of the matters assigned to the central government by the British North America Act. It does not create a precedent for interfering in the local affairs of Quebec or destroying its autonomy as a province. Ontario, just as much as Quebec, regards provincial home rule as one of its most valued rights. It is the basis of confederation without which our system of government would break down."

NINE DEATHS

Nine deaths are reported at the local board of health office for the week; two from heart disease and premature birth and one each from acute nephritis, fracture of neck, cerebral softening, pulmonary phthisis and malignant disease of bladder.

Notice of Births, Marriages and Deaths, 500.

DEATHS

McKAY—In this city, on the 10th inst., John McKay, leaving, besides his wife, four sons and two daughters to mourn.

IN MEMORIAM

In loving memory of Matilda J. Torrey, who departed this life January 10, 1915. FATHER AND SISTERS. JAMES—In loving memory of Helen James who departed this life January 10, 1915.

NOVA SCOTIAN WINS THE V. C.

Private J. P. Robertson a Picton Man Gave His Life in Gallant Fight That Won Him Highest Honor a Soldier May Gain

London, Jan. 12.—The late Private James Peter Robertson, whose name appears in a list of seven Canadians who have been awarded the Victoria Cross for heroic deeds on the western battle front, is a native of Picton, N. S. He enlisted in MacLeod, Alberta. He was an engineer and was twenty-four years old when his platoon was held up by uncut wire and a machine gun. Robertson rushed to the opening on the guns, pushed the gun, killed the crew of four after a struggle and turned the gun on the remainder, who, overcome by the fierceness of his assault, were running towards their own lines. He inflicted many more casualties. Then, carrying the captured gun, he led his platoon to the final objective, where he got his gun into action, firing on the enemy, who were by this time quite demoralized. Robertson's determined use of the gun kept down the fire of snipers. Later, when two of our snipers were badly wounded, he went out and carried one in under heavy fire. Robertson was killed as he was returning with the second man.

LETTERS FROM KING AND CANADA'S WAR MINISTER

Mrs. Odessa Young of 78, Metcalf street has received "letters of condolence" with regard to the death of her husband, Pte. John James Young of the 180th Battalion, who was killed in action on November 7. One letter is from King George V. and the other from Major-General McCreath, Minister of Militia and Defence for Canada. The king's letter follows:

COMPLETE RETURNS IN THE CONSCRIPTION

Melbourne, Jan. 12.—The complete returns from the referendum on conscription show the following figures: For, 1,178,000. Against, 1,178,000. There were majorities against conscription in South Wales, Victoria, Queensland and South Australia. Western Australia, Tasmania, the federal territories and the Australian military forces gave majorities for conscription.

FOR TREATY BETWEEN JAPAN AND MEXICO

A Pacific Port, Jan. 12.—A Japanese ship carrying a mission sent by President Carranza of Mexico, for Japan, for so far arranging for the purchase of arms and ammunition from Japan for the Mexican army, has arrived in port here, according to a local paper. The mission, according to the newspaper, is headed by Juan T. Burns, said to have been former Mexican ambassador at New York, where he was indicted. It was said, for his alleged connection with passports and liberated on \$100,000 bonds.

NOT COMPLIMENTARY

Petrograd, Jan. 12.—The Bolshevik newspaper Pravda describes President Wilson as the head of a rapacious American imperialism, and as the greatest hypocrite history has ever known.

J. K. L. ROSS GETS ANOTHER STAR

Winner of Houghton Stake Coming to Canadian Horseman—Will Figure in Racing Next Season

Montreal, Jan. 9.—That Capt. J. K. L. Ross, Montreal horseman, plans to cut a large figure in American racing in the next few years is again evidenced. New York announcement is that he will have twenty-six nominations for the Futurity that will be run at Belmont Park in 1920.

SECOND PAYMENTS ON VICTORY BONDS WILL MET HERE

At the various banks this morning it was said that the second payment on the Victory bonds due yesterday was well looked after. Some failed to pay but the bankers consider that this was due to ignorance of the fact that yesterday was the closing time. In practically every case the subscriber had money in the bank, but until the bank received the check they could not pay the second instalment. In these cases the banks are taking letters to the subscribers and are forwarding them to Ottawa.

PERSONALS

Mrs. L. M. Price of Ayres Junction, Maine, who has been visiting her parents, Mr. and Mrs. A. M. Storm, of this city, returned on Wednesday. Mrs. J. D. Hagen, of New Brunswick, and Mrs. Hagen are here to spend a short time. They are the guests of St. Charles and Lady Kluge.

HOARDED POTATOES AND NOW ARE STUNG

Quebec, Jan. 12.—There is a huge surplus of potatoes in Quebec district as shown by the prices offered today on all the public markets. Potatoes were selling at 85 a bag of ninety pounds a month ago, today they are selling at 32 and even lower.

TURKISH OFFICIAL DEAD

Amsterdam, Jan. 12.—The death of Turkish minister of marine, is reported in a Constantinople despatch to a Berlin newspaper.

RETURN TO HALIFAX

Sergeant Penrose, of Halifax, who has been visiting his parents, Sandy Point Road, for a few days, left for Halifax on the late train last night.

BEVERLY WARREN IS SERIOUSLY INJURED

Beverly Warren of Hawthorne avenue, western man of the C. G. B., while at his work early on Thursday morning falling outside the Union Depot, was struck by a freight car, knocked down, and one of his legs was broken. As a result of his injuries his foot was amputated in the General Hospital.

FOOT SO BADLY HURT IN LOCAL C. G. R. YARD THAT AMPUTATION NECESSARY

As for a protest made by General Hoffmann in the name of the German chief command, against Russian wireless messages containing appeals of a revolutionary character to the German troops, Trotsky said that neither the conditions of the armistice nor the character of the peace negotiations would be affected by such a protest.

LIQUOR SEIZURES IN YORK COUNTY

The Goods Sent To St. John—Gossip in Connection With The Fredericton Elections

Fredricton, Jan. 12.—County Inspector E. H. Clark has made several liquor seizures. The liquor has been forwarded to St. John. The seizures were for irregular consigning, and not in raids.

RUSSIANS ADHERE TO PEACE PRINCIPLES

(Continued from page 1) M. Trotsky considered that the greater force of the Russian people had been awakened and developed by the revolution, just as the reformations of the sixteenth century and the revolution of the eighteenth century had vitalized the creative forces of the German and French peoples. He added:

GOVERNMENT TO TAKE UP LABOR QUESTION

Ottawa, Jan. 12.—In regard to reports that the government has reached a decision on the question of conscripting alien labor, the prime minister last night issued the following statement:

"Any reports which have appeared in the press respecting the question of the conscription of any class of labor for any purpose whatsoever are entirely without foundation. The government has not had an opportunity to give the matter any deliberate consideration and for this reason the statements which have been appearing in the newspapers are misleading and erroneous. In the very near future the labor problem, and particularly agriculture, will be comprehensively reviewed by the government with a view to devising ways and means whereby the available labor of the country may be utilized to the fullest possible extent for all such industries as are essential to Canada's welfare."

LOCAL NEWS

At a meeting of the St. John Chauffeurs and Repairers Union last evening President Jones occupied the chair. It was reported that information had been received which gave good grounds for the belief that in the future all chauffeurs given a license would have to undergo both a mechanical and road test examination. Two members were added to the roll.

A meeting of the Young Men's Society of the Immaculate Conception of the Cathedral parish was held in the Y. M. C. I. rooms last evening. Rev. H. L. Coughlan has been appointed moderator to fill the vacancy caused by Rev. Miles P. Howland's promotion from the Cathedral parish to the parish of Kingsclair.

The following officers were installed by Grand Chaplain E. N. Stackford at last night's meeting of the St. John District Lodge, I. O. G. T., in Thorne Lodge Hall: A. Brown, D. C. T.; H. McEachern, P. C. T.; J. McCavoy, D. C. M.; Miss E. Hume, D. V. T.; Mrs. B. Kitchin, D. S. J. W.; W. Crawford, D. E. S. M. A. Thorne, D. secretary; Miss Ines Boyd, D. treasurer; Mrs. Marshall, D. M. Mrs. T. Brown, D. chaplain; Miss G. Paterson, D. D. M.; Miss Johnson, D. A. secretary; E. Arbo, D. G.; G. Spahn, D. T.; H. Straight, D. M.; Mrs. H. McEachern, D. organist.

Former President William H. Taft, "Lloyd George does well, in my opinion," to emphasize his statement that the Allies are not fighting to dismember Germany.

LISTLESS, PEEVISH GIRLS

When a girl in her teens becomes peevish, listless and dull, when nothing seems to interest her and dainties do not tempt her appetite, you may be certain that she needs more good blood than her system is provided with. Before long her pallid cheeks, frequent headaches, and breathlessness and heart palpitations will tell you that she is anemic. Many mothers as the result of their own girlhood experience can promptly detect the early signs of anemia, and the wisest mother does not wait for the trouble to develop further, but at once gives her daughter the Pink Pills, which remove the blood supply and banish anemia before it has time to do its worst. The difference that good red blood makes in the development of womanly health, every young man for himself knows. If you have not taken the best steps to give your weak girl new blood, and the only sure way to do so is through the use of Dr. Williams' Pink Pills.

"New, rich, red blood is infused into my system by every dose of these pills. From this increased blood springs good health, an increased appetite, new energy, weight and perfect womanly development. Give your daughter Dr. Williams' Pink Pills, and take them yourself and you will promptly find their influence is felt in better health.

You can get these pills through any druggist in medicine or by mail, postpaid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

RECENT DEATHS

The Late Wm. H. Brittain.
William H. Brittain who died at his home, West End, on January 10, was one of the best known residents of that portion of Queens county. He had been engaged in farming and was a genuine worker for many years. Mr. Brittain was born on April 10, 1865, was a son of the late John Brittain of St. John, and was in his fifty-second year. He is survived by his mother, now a resident of St. John, and by two brothers, James and Ernest, both of this city, the latter of the fire department, and one sister, Mrs. A. Cunningham. His only daughter, William Harold and Norman W. also survive. Mr. Brittain was a Presbyterian. For years he was an active worker for the Conservative party. The funeral was held today from his late residence at Westford, burial in Mount Hope cemetery.

LOCAL MILITARY MATTERS

Major S. S. Wetmore, of Chipman, an overseas officer, has been appointed deputy assistant adjutant and quartermaster-general for Military District No. 7. He went overseas as an adjutant of the 6th Battalion, and later went to France with the 58th.

A communication has been received at military headquarters from the war authorities in the United States, asking them for qualified returned officers to act as instructors to the American troops.

Mr. and Mrs. P. Henneberry, 30 Castle street, have received word that their son, Louis A. Henneberry, has arrived at the training quarters in Augusta, Georgia. He is a member of the American aviation corps. He was in St. John recently and spent a few days vacation with his parents.

London, Jan. 11.—German newspapers received here announce the death in Vienna of the actress, Katharina Schrafft, for years an intimate of the late Emperor Francis Joseph, and to whom he left \$250,000 in his will.

Canada's Wonderful Honor Roll

CONTAINS THE NAMES OF OVER 400 000 MEN WHO HAVE ENLISTED TO HELP FREE THE WORLD FROM OPPRESSION AND MAD MILITARY AMBITION

But there is a longer list than that by far. There are over 2,000,000 Fathers, Mothers, Brothers and Sisters of those Men who have gone to the Front, who have endured the sorrows of parting, who have gone through the agony of apprehension without a murmur, and who have shown a fortitude but a little short of the self-sacrificing heroism of the Men at the Front.

These Next of Kin of the gallant Canadian Soldiers at the front, or who are destined to go there, deserve the recognition of all Canadians and are entitled to be on an Honor Roll of imperishable fame, for they have made sacrifices most cheerfully, and have endured much that Right and Liberty may triumph.

That the relatives of the men in khaki may show a tribute of honor and respect to their loved ones a most suitable "IN HONOR" BADGE has been prepared at the suggestion of the leading newspapers of Canada, similar to the designs herewith shown.

That these Badges may be the last word in quality of manufacture, in beauty of design, and in appropriateness to the great cause for which they will be worn, the firm of Henry Birks & Sons, Limited, of Montreal, were invited to be the sole manufacturers of these badges.

They are made of bronze, very dainty and attractive, and are most fitting tributes of respect to those who have enlisted.

These Badges are now ready for delivery, and can be secured through the use of the Order Form below, and in no other way except from the newspapers interested. Send in your order while our first consignment is available.

OUR SCHOOL PROBLEMS.

In the province of Saskatchewan last year a province-wide campaign for better schools was begun. The premier proposed it, the leader of the provincial opposition heartily endorsed it and the people co-operated; and so it was launched as a non-political movement with the whole force of the legislature behind it. A great public campaign was planned and carried into every section of the province. The cooperation of religious bodies, farmers and women's organizations, Canadian Clubs, municipal organizations and every other available agency was solicited. The result was a better school system, better school houses, better attendance, and a more sympathetic relation between all the people and their schools.

We need all this in New Brunswick. The facts laid before the provincial committee on vocational training in this city yesterday should arouse the people to a sense of their responsibility and give rise to such an agitation as that in Saskatchewan. We need and must have vocational schools in this province, and more definite pre-vocational training in the common schools; but we also need a better school attendance and the assurance that the schooling of the majority will not stop before the eighth grade is reached.

The committee which met yesterday has to do in a specific way with vocational training, and it is certain that more of this kind of training would stimulate many children who are classed as dull in the ordinary school studies; therefore consideration must be given to this phase of the problem as well as to that of providing vocational schools in the larger centres. The facts set out in the summary report of yesterday's meeting, which appears in today's Times, should be carefully studied by every reader, for they treat of that which lies at the very basis of intelligent and progressive citizenship.

The war has made more imperative the need of giving every child a fair degree of education, and of providing the means whereby vocational training may be within the reach of all. In the intense competition of the future that is before us, the child who has not trained his citizenship for industrial efficiency, and this means vocational schools. In New Brunswick, when we have a proper system, fully developed, there will be vocational schools for the benefit of farmers' children, the children who will be trained for manufacturing industries, for commercial life, for the fisheries, and for work in relation to our forest products. And all this will be based on a common school system having compulsory attendance and such provision for pre-vocational training as will enable those going into the industries to get a good start. Domestic economy or household science will of course receive full recognition. What has been well begun should be broadened and extended.

We need an educational crusade of the Saskatchewan sort in this province today. It should be participated in by the people as a whole. It is not too late to begin to promote the welfare of the people to promote the welfare of the people of any class, or of the people at large. The movement should be universal.

THE CHILDREN'S AID.

If the children taken from squalor and neglect by the Children's Aid Society and placed in happy homes could speak, they would tell the citizens of St. John that the Society should be provided with a home suited to its needs. It has not such a home at the present time, but hopes that one will be made available. Here is an extract from a letter from a minister who took one of the little waifs into his own home some time ago:

"Just a line in regard to the little boy. We would not part with him for anything. We love him just as if he were always ours. I wish you could see him, he is so bright and lively, and not the same boy he was when we got him. He is a dear little fellow and we will always keep him. You may have the papers made out and sent to me at any time. Everybody in the place loves the little fellow."

The writer of this letter told also of a baby who wanted a little girl, but the Society has none suitable at the present time. Its work is handicapped and cannot be enlarged or even carried on successfully on a small scale until a better home is provided. This is chiefly due to the fact that there is no hospital ward. For several months past the presence of an infectious skin disease affecting several children has practically closed the home against new arrivals, except in one or two emergency cases. Only last night shelter was given to a child a little over a year old that had to be sheltered, in spite of the risk of taking the disease. Of course the one child still having the disease is isolated, but that cannot be done as it should be in the present home. The Society is doing a work of redemption that is of infinite value, and therefore deserves to be provided with all needed facilities.

Quebec is expected to provide 20,000 men of the 60,000 required by the present call under the military service act.

THE WAR SITUATION.

The war news of the past week has been a puzzling nature, for while there has been no heavy fighting on any front the conflicting news from Russia and Germany makes it difficult to gauge the real situation. There is one discouraging fact, and that is the continued success of the German submarines. But, though Germany pins her faith to the submarine, the Allies have no fear that it will be the cause of their defeat. There is still no indication of a German drive on the western front. The attention of Germany is directed a good deal toward Russia, and the situation there is still very much undecided. We do well to take note of the words of Mr. Winston Spencer Churchill before the American Club in London, when he said:

"What bloody toll, what intense exertion, what infinite sacrifices and what need of shrewd direction, lie between us and those brilliant, spacious days which we now can discern and toward which we are marching painfully and which, were we to fall as fall we shall not, the world would not see. We must put away from our minds all clouds of illusion. The task still is unfinished and victory is not yet won. It may well be that the fiercest shock has yet to be sustained and world conclusions of Argonne had yet to be earned."

THE HALL OF FAME.

The merry gentlemen who got and paraded out that \$20,000 to advance the cause of political purity in this province have very short memories. It is really too bad that they esteemed their noble task so lightly. A record should have been kept, so that a generation hence a man in Carleton or Kings or any other county could proudly read and say, and say to his children:

"My father, your grandfather—was one of the noble band who boldly went forth in 1917, armed with \$20,000 and a holy zeal for purity, to save New Brunswick from the enemies within its gates."

As the case stands now, instead of ringing down the corridors of time as one of the great exploits of the second decade of the twentieth century, the incident may even "pass from living memory into a doubtful tale." All will rejoice, however, that the name of Mr. E. R. Teed has been set out in glowing letters, as one of the wise counsellors of the faithful custodians of liberty; for Mr. Teed was Mr. Fleming's fidus Achates in a former battle for the purity of the ballot, and therefore deserves "special mention." The Hall of Fame will enshrine at least a few of the worthies of these times that try men's souls, and that is some consolation.

Bishop Richardson reports that he was most vividly impressed with the care taken for the welfare of Canadian men at the front. Such testimony from a man we know will be very gratifying to relatives of New Brunswick soldiers.

Halifax Liberals are willing to permit one Liberal and one Union candidate to be elected in that constituency. This will obviate the necessity for an election.

Mentholatum advertisement. A Healing Salve. Quickly Relieves Headaches, Neuralgia, Hay Fever, Catarrh. Mentholatum is sold and recommended by the leading druggists throughout the Maritime Provinces. Send 3c in stamps for a generous size sample. The Mentholatum Co., 17 Lewis St., Pittsburgh, Ont.

Quebec is expected to provide 20,000 men of the 60,000 required by the present call under the military service act.

GOOD ENOUGH.

(Douglas Malloch.) As long as it was good enough, He really didn't care; The finish was a little rough, The mortise only fair; A screw (he didn't stop to drill) Had split the edge too; And didn't look so well—but still He knew that it would do.

As long as it would pass the eye, Why worry any more? He knew that it would get him by— It always had before. Why fuss and fiddle with details And cry 'thy thumb-bob?' There always are some twisted nails In every little job.

And so he sort of got along, And none could truly say His work was ever really wrong Or dock his daily pay. That So-and-So and Such-and-Such Did sigh when he went home; He didn't make so very much— And yet made good enough.

LIGHTER VEIN.

"Such a noisy place as you live in! What's that screaming?" "Girl downstairs getting a tooth out." "What's that?" "A baby getting a tooth in."—Boston Transcript.

Staff Colonel (in Christian Register) Your reports should be written in such manner that even the most ignorant may understand them. Sergeant—Well, sir, what part is it that you don't understand? General Pershing told in Paris a story about a young American soldier. "He talked a lot on the voyage over," said the general, "of the delight he would take in sightseeing when on leave. Don't miss Notre Dame Cathedral in Paris," said a French volunteer. "You bet I won't," said he. "Don't miss Westminster Abbey in London," said a Scot. "No street but, say fellows," the young soldier declared, "the thing I'm craziest of all to see is the Church of England."

The widow of a German officer presented herself at the office in Berlin for the purpose of drawing the pension due to her. She handed the necessary certificate from the mayor of the village in which she lived, to the effect that she was still a widow.

"This certificate is not correct," said the official in charge. "What is the matter with it?" asked the lady. "It bears the date of September 17," he told her sternly, "and your pension was due on September 17."

"What kind of certificate do you wish?" asked the disappointed applicant. "We must have a certificate stating that you were alive on September 17," said the official with great firmness.

GOT WET FEET TOOK AWFUL COLD COULD NOT SLEEP FOR COUGH

A had cold accompanied by a distressing cough that keeps you awake at night is most aggravating, and unless it is attended promptly, may develop into something very serious. Dr. Wood's Norway Pine Syrup is the remedy you should take. It heals the mucous membrane, soothes the inflamed throat, removes the accumulation of phlegm, quiets the most obstinate and distressing cough, and secures rest and sleep at night, not only to the sufferer, but to others whose rest would be otherwise broken.

Mrs. Ezekiel Acker, Lake Pleasant, N. S., writes: "I got wet feet and took a bad cold, and was unable to sleep at night, and would do nothing but cough. My husband got me a bottle of medicine, but it was not worth bringing home. I was going to call the doctor when a friend asked me to try Dr. Wood's Norway Pine Syrup. I told her I had little faith in it, but she urged me to get a bottle. I did, and I must say that of all the medicine I ever took, it is the best, and relieved me the quickest of anything I ever saw."

"Dr. Wood's" is put up in a yellow wrapper; three pine trees in the trademark; price 25c and 50c; manufactured by The T. Milburn Co., Limited, Toronto, Ont.

NOTED MUSICIAN OF MONTREAL

Advices the Use of "FRUIT-A-TIVES," the Famous Fruit Medicine.

MR. ROSENBERG.

589 Casgrain St., Montreal. April 20th, 1915. In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as "Fruit-a-tives." I was a sufferer from these complaints for five years, and my sedentary occupation, music, brought about a kind of intestinal paralysis with nasty headache, belching gas, drowsiness after eating, and Pain in the Back. I tried pills and medicines of physicians, but nothing helped me. Then I was induced to try "Fruit-a-tives," and now for six months I have been entirely well. I advise any one who suffers from that horrible trouble—Chronic Constipation with the resultant Indigestion, to try "Fruit-a-tives," and you will be agreeably surprised at the good benefit you will receive. A ROSENBERG, 50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

TELLS OF BELGIANS OUTWITTING GERMANS

Governor General Gets Suppressed Newspaper Regularly—Spirit Remains Unbroken.

Up to the entrance of the United States in the war against Germany, approximately 80,000 Belgian civilians had been shot, taken into Germany as prisoners, or fined for offending the German authorities in Belgium in various ways, according to High Gibson, former secretary of the American Legation at Brussels, who was one of the speakers at the Republican Club in New York, on last Saturday. The other speakers were James W. Gerard, former ambassador to Germany, and the Rev. Dr. Schenck, Boynton of the Clinton Avenue Congregational church, Brooklyn, chaplain at Fort Huachuca.

Mr. Gibson, who is at present chief of the Division of Foreign Intelligence of the State Department, described with many poignant details the sufferings of the Belgians and the irrepressible and buoyant spirit of the people which, he said, has not been quenched by the Teuton invader. He read proclamations of the German commandants posted daily and of the order of the buildings and boardings of the streets of Belgian cities, cause the population considerable amusement at first. Mr. Gibson said, until it was announced that the German military headquarters in Belgium were being used as a place of refuge for the German press, which told of their military victories.

TROUBLED WITH CONSTIPATION From 16 to 20

Constipation is one of the commonest ills of mankind, and one too often allowed to go unlooked after until some serious complication sets in. If the bowels are properly looked after, there will be no constipation, jaundice, sick or bilious headaches, heartburn, coated tongue, sour stomach, floating spots before the eyes, etc. Milburn's Laxative Pills will keep your bowels so regulated that in no time the constipation will disappear entirely. N. S., writes: "I am now 20 years of age, and since I was 18 I have been greatly troubled with constipation, so much so that at times I would be in bed 3 or 4 days a month. I tried all the old-fashioned remedies—castor oil, calomel, etc., with only temporary relief until my sister-in-law gave me some of Milburn's Laxative Pills. From the first they seemed beneficial and I gave them a fair trial. This was two years ago, and with an occasional dose I have kept entirely free from constipation for the period mentioned."

Marlatt's Specific advertisement. FOR Gall Stones AND Appendicitis. Removes Gall Stones Without Pain, Danger or Loss of Time.

MARLATT'S SPECIFIC is a most powerful bowel cleanser, which thoroughly purifies the system and is a great success in the treatment of appendicitis, liver for intestinal, stomach and liver disorders, peritonitis, kidney stones and chronic indigestion.

NOTICE

The annual meeting of lot holders of Cedar Hill Cemetery Company will be held at Temperance Hall, Fairville, on Monday, 21st day of January next, at the hour of eight o'clock p. m. In the transaction of the general business pertaining to such meetings as revising laws, if necessary, read reports and election of officers. All at seven o'clock at said place and date the directors of said company are requested to meet for the purpose of completing such business as is necessary to bring before the general meeting. Any lot holder who wishes to attend the meeting of the directors has a special invitation of the secretary to do so. If stormy Monday, the next fine Monday. W. H. ALLINGHAM, Secretary.

The Jewish World states that the Hon. Neil Primrose, M. P., was laid to rest in the Jewish cemetery of Ramble, situated between Jaffa and Jerusalem. This was strictly in accordance with Jewish law, since Lady Rosebery never shared the faith of the people to which she was born, and in Jewish practice children take their Jewish status from the mother and not the father.

THE DEPENDABLE INFANT FOOD
Always the same—summer or winter

I. C. R. NOT CONGESTED.
The I. C. R. authorities at Moncton take exception to an impression recently created here that the Intercolonial had been congested by freight to a great extent this winter. At headquarters it is said that while there has been local congestion at times due to heavy storms or as a result of the Halifax disaster, as a general rule the I. C. R. freight has been moved rapidly and in great quantities. The I. C. R. was relieved of a great deal of government war business this season, at least up to now, and its general freight traffic was therefore handled with unexampled speed and dispatch. The volume was very large.

SCARCITY OF COAL WAS ANTICIPATED

Report by W. F. O'Connor — A Drastic Remedy in Ottawa Suggested

Ottawa, Jan. 12.—That the present scarcity of coal was anticipated nearly three months ago in the office of the commissioner investigating the high cost of living, and measures to meet it advised, is indicated by a report to Hon. T. W. Crothers by W. F. O'Connor, K. C., commissioner of coal of living.

The report, which deals with the period from April to October, 1917, "the first six months of the coal year," states that during this time there was a great deal more anthracite imported into Canada than had ever been imported into the Dominion during a similar period.

The report goes on to say: "Under these circumstances, it might be thought that the coal situation should be most satisfactory indeed, and that there would be no trouble experienced this coming year through shortage. While this should be the case, yet, owing to indirect distribution, there is likely to be a great deal of inconvenience experienced, more especially in small communities, where, owing to the scramble for coal in large centres, they have been practically overlooked. This situation ought to be taken care of, and the wants supplied, at least partially, at once, if not through the regular channels, at least through the large wholesalers.

With reference to the Ottawa situation, a second report suggests the following drastic remedy: "As the immediate necessity is to secure sufficient supply to take care of the present emergency, consumers who are entirely without supply through no fault of their own, I consider there is but one step to take and that is to take from those who have a surplus in their bins, over and above requirements for the next two months. Payment for coal thus taken, or replacement up to a certain tonnage, should be arranged in a manner satisfactory to all concerned."

The report closes by saying that had proper supervision of sales been established last summer by Ottawa and other cities, the present difficulties would not have been encountered.

MAY PUT GERMAN WOMEN IN ALIEN ENEMY LIST IN STATES

Enemy alien restrictions probably will be extended soon to German women in the United States. Legislation to this end is being drafted, and congressional leaders have assured the department of justice that it will be enacted promptly, if this is done before the week of Feb. 4, when a nation-wide registration of unaturalized Germans is to be made under supervision of the department of justice.

THE CEDARS OF LEBANON

It Remained For the Kultured German To Encompass Their Destruction

(Journal of Commerce.)

Although the Turks have been in possession of the Holy Land for centuries and indulged in all kinds of atrocities whenever the notion seized them, it remained for the Germans to show what real Vandalism was like. It has just been announced that the Cedars of Lebanon, famous in Scripture and almost regarded as sacred trees, have been ruthlessly destroyed by the Germans. We all know the Germans' record in Belgium and France, where historic monuments, cathedrals, churches, shrines, libraries, and anything else that came in their way were ruthlessly destroyed. None of these things had any military value, but the Germans are true vandals and destroy for the pleasure they get out of it.

Palestine has been the centre of wars at intervals for thousands of years, for many hundreds being under the rule of the Turks. Despite the fact that army after army has crossed and recrossed the country the famous Cedars of Lebanon remained unharmed until the Germans got in their line work. The grove consisted of some 400 trees, said to be the oldest trees in the world. They were situated on a small plateau at an altitude of some 6,000 ft. above the sea, enclosed by a stone wall for the purpose of protecting them from sheep and goats. The beauty of the trees lay in their wide spread limbs, covering circles 200 to 300 feet, the girth of the largest tree being more than fifty feet. Experts declare that some of these trees were in existence when King Solomon built his temple at Jerusalem, when he dispatched 10,000 hevers and 3,000 overseers to cut the wood for his famous building. But Solomon spared the Cedars of Lebanon, as did the Assyrians, Romans, Persians, Babylonians, Greeks, Arabs, Saracens, Crusaders, and even the Turks. It remained for the German kultured Germans ruthlessly to destroy what is almost sacred property, not only to Christians throughout the world, but to Muslims as well. Germany truly is full of kulture!

LUX

Clean Without Rubbing

Here is the modern soap and the modern way of using it—LUX—tiny flakes of the purest essence of soap, making the creamiest of lathers in which even your very finest things are safely washed because they are not rubbed—just cleaned by gently stirring about. Try LUX and see for yourself.

This advertisement is the fourth of a series of ten, designed to effect closer co-operation between the company and its subscribers.

Party-Line Consideration

A party line is a single circuit, shared in common by two or more subscribers. It is not reserved for a single user and should be used on the share-and-share-alike basis.

On a 4-party line, it is possible for all four stations to try to talk out on the same circuit at the same time. There is also the liability of all four stations being wanted at the same time to receive incoming calls.

Therefore, there are special considerations which the Telephone Company urge a party line user to keep in mind:

- 1. Long conversations prevent the use of the line by other subscribers; therefore, party line talks should be as brief as possible.
2. Whenever another party line subscriber requests use of the line for an emergency, courtesy should prompt the first user temporarily to give up the use of the line.
3. Whenever a party line subscriber takes the receiver from the hook and finds the line in use, the receiver should be replaced at once in a careful manner.
4. At the end of a conversation, the receiver should be replaced upon the hook immediately, otherwise the other subscriber cannot signal the central office.

The New Brunswick Telephone Company, Limited

Lord Balfour of Burleigh has been re-elected chairman of the Clackmannan parish council. Elected as chairman of the old parish board in 1876, he has thus held office continuously for forty-seven years.

Jacob Gould Schurman, president of Cornell University, neither President Wilson nor the present Russian government could more completely disinherit the old world than Lloyd George does in this speech.

REAL ESTATE

PRICES DROP

Some bargains "as potent as sunlight," and they shine for all the bright ones who come early.

We say now, because this is no "price slaughter of a thousand coats," but a genuine price cutting on all broken lots of ready-tailored overcoats.

Although the selective draft affected business, our overcoat sales have been larger than a year ago, so that there are many broken lines. These are marked at greatly reduced prices to clear, \$12.50, \$13.50, \$15.50, \$16.50 for overcoats that were priced \$16.50 to \$25.

Gilmour's 68 King St.

Save and Be Successful

See J. Hill said: "If you want to know whether you are going to be a success or a failure in life—you can easily find out. The test is simple and infallible. Are you able to save money? If not, drop out—you will lose. You may not think so, but you will lose at sure as you live. The seed of success is not in you." Our systematic investment plan makes it easy for you to buy good bonds and dividend-paying stocks and pay for them with your monthly savings.

THE SCHOOLS

Too Small Percentage go as Far as Grade VIII Work

Statements to Provincial Committee on Vocational Education at Meeting Here—Some Suggested Improvements

In the public schools of New Brunswick in 1916, only four per cent of the children were in Grade VI, three per cent in Grade VII, 2.6 per cent in Grade VIII, 1.9 per cent in Grade IX, 1 per cent in Grade X, and 5, or one half of one per cent, in Grade XI.

Going still farther down the scale, only 12 per cent were in Grade V, or one half of the number that were in Grade I.

It should be said, however, that Grade V in the country schools is practically the same as Grade VIII in city schools, and this should be considered in estimating the number doing Grade VIII work.

Taking the eight-year period since 1909, the percentages show almost the same relative proportion. That is to say, the percentage of attendance drops alarmingly after Grade V. In other words the vast majority of pupils in this province leave school without anything like the amount of knowledge and training they should have to give them a fair start in life.

But a survey of conditions in one locality in the province where the educational conditions are perhaps as good as any, shows that the percentage of retained pupils—that is to say, the pupils who should be two or three grades further advanced than they are at their age—is depressingly large. It ranges from 21 per cent of the pupils in Grade II, to 47 per cent of those in Grade VIII. In other words, 21 per cent of those in Grade II ought to be in Grade IV or V, and 47 per cent of those in Grade VIII ought to be in Grade X or XI.

Mr. Peacock's Report.

These facts were presented by Fletcher Peacock to the provincial committee on vocational education, which resumed its sittings at the Royal Hotel in this city yesterday. Fred Magee, M.P.P., was in the chair, and the other present besides Mr. Peacock were J. L. Jennings, of Fredericton, Dr. J. Roy Campbell and A. M. Belding. Premier Foster attended the forenoon session. Since the committee met in Halifax Mr. Peacock had been making and tabulating valuable information, and a mass of it was presented for consideration yesterday. It was made clear that something must be done to keep children longer at school, and to make the course of training for those who must leave school at an early age more practical and better suited to the special needs in going out into life. This is one phase of the vocational problem of the schools, both urban and rural.

Superintendent Mackay of Nova Scotia, told the committee that in his opinion the course of education should be divided at Grade VII, so that those desiring to take a full school course could do so as at present. Since the committee could get intensive training for the last two or three years in the subjects most valuable to them when they went to work.

The other phase of the problem is, of course, that of vocational schools, and in this regard Mr. Peacock cites the case of Newton (Mass.), where they have a classical high school, a vocational high school and a technical high school. A pupil even from the sixth grade may, if he desires, go into the vocational high school or the technical. The result is shown in a little comparison. Newton is not so large as St. John, but in 1914 there were 1,688 pupils in its high schools, compared with 218 in St. John, and there were 250 graduates, compared with 72 in St. John. Comparing Newton with Fredericton, only 9.7 per cent of the pupils in the latter city took the high school course, while in Newton 25.2 per cent did so.

These comparisons show clearly that the vocational schools in Newton take care of a large number who in St. John and Fredericton are lost at Grade VII, or even perhaps as far down as Grade VI.

Need of Technical Training.

Mr. Peacock was also able to quote from the leading manufacturers of Fredericton, employing in one branch of industry 370 persons, very strong arguments in favor of special vocational training in their line, in every way. To this Chairman Magee added the very strong stand taken by the maritime branch of the C. M. A. in support of a thorough system of vocational training. It was pointed out that many boys whose aptitude would be quickly developed in a vocational school and drop out of the latter discouraged and unutilized for successful work in life. Vocational schools would give them their opportunity.

These schools, the committee agreed, might well take their color from the industries of greatest importance in the town or city. In Fredericton one of the big things is the manufacture of footwear. In Moncton there would be more need of mechanical training; in St. John a larger variety of industries would figure in the matter. But everywhere there would be the commercial courses, and domestic science; and in the rural districts agriculture.

Mr. Peacock presented a list of the percentage of the pupils enrolled in the province in 1916 no less than 46,577 were in rural centres, compared with 17,181 in cities and incorporated towns. Vocational training in rural centres is therefore of very great importance.

Four Divisions.

In considering vocational training there are four important divisions: Agricultural, forestry, manufacturing and fishing. This is of course apart from commercial courses and is simply impossible for a pupil to remain on your face. And the invigorated blood will replace your dead, sallow skin with the glowing color of a perfect complexion.

Your self-respect demands that you avail yourself of this remedy that thousands have proved before you. Get a big box of Stuart's Calcium Waters of your druggist today. Make your dream of beauty come true. Also mail coupon today for free trial package.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the lowest pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lungs, throat and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make any one an enthusiast on inside-bathing. Men and women who are accustomed to go up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, other skin troubles, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the most effective way to do this is to take a spoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and bicarbonate of soda. It cleanses and stimulates them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; it never makes a delicate effeminate, and it never makes a man a brute. It is a water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he has lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

With Fredericton, only 9.7 per cent of the pupils in the latter city took the high school course, while in Newton 25.2 per cent did so.

These comparisons show clearly that the vocational schools in Newton take care of a large number who in St. John and Fredericton are lost at Grade VII, or even perhaps as far down as Grade VI.

Need of Technical Training.

Mr. Peacock was also able to quote from the leading manufacturers of Fredericton, employing in one branch of industry 370 persons, very strong arguments in favor of special vocational training in their line, in every way. To this Chairman Magee added the very strong stand taken by the maritime branch of the C. M. A. in support of a thorough system of vocational training. It was pointed out that many boys whose aptitude would be quickly developed in a vocational school and drop out of the latter discouraged and unutilized for successful work in life. Vocational schools would give them their opportunity.

These schools, the committee agreed, might well take their color from the industries of greatest importance in the town or city. In Fredericton one of the big things is the manufacture of footwear. In Moncton there would be more need of mechanical training; in St. John a larger variety of industries would figure in the matter. But everywhere there would be the commercial courses, and domestic science; and in the rural districts agriculture.

GIRLS! MAKE A BEAUTY LOTION WITH LEMONS

At the cost of a small jar of ordinary cream, one can prepare a quarter pint of the most wonderful lemon skin softener and complexion beautifier.

Every woman knows that lemon juice is used to bleach and remove such blemishes as sallowness, freckles and tan, and is the ideal skin softener, smoothening and beautifier.

Just try it! Get three ounces of cream from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is wonderful to smoothen rough, red hands.

Mr. Peacock. He will now continue his enquiries into Nova Scotia, but will also pursue its enquiries in other provinces and states. The state of Vermont, where conditions are so similar to those in this province, has within the last few years revolutionized its system, and it is the desire of the committee to submit a well-considered report and recommendations, that will be of real value to the province. In Mr. Peacock it has a business manager, with considerable ability of getting at essential facts and presenting them in a form that is at once comprehensive and intelligible.

LIFE MEMBERSHIP IN NATIONAL CHAPTER IS PRESENTED TO MRS. E. A. SMITH

The Royal Standard Chapter, O. D. E. held in the chapter's room, German street, last night was one of unusual interest. The regent, Mrs. E. Atherton Smith was in the chair and before the regent's address, the members of the chapter expressed her earnest wishes for a good New Year to all the members, and the regent, Mrs. E. Atherton Smith, with honor to our allied cause and sister in a permanent way.

Mrs. Smith and Mrs. Anderson reported the splendid sum of \$1,107, raised for Christmas dinner at the hospital, and the amount which was added to the Christmas account. Mrs. Anderson reported \$1,107 raised for the Christmas dinner of the 26th. Mrs. J. F. Fraser reported \$1,107 raised for the Christmas dinner at the hospital. Mrs. A. S. Brown, etc., etc., and Mrs. F. A. Peters reported on the Christmas dinner at the hospital. Mrs. A. S. Brown, etc., etc., and Mrs. F. A. Peters reported on the Christmas dinner at the hospital.

A very interesting incident of the meeting took place before its closing, when Mrs. C. B. Allen, 1st vice regent of the chapter, last night was one of unusual interest. The regent, Mrs. E. Atherton Smith was in the chair and before the regent's address, the members of the chapter expressed her earnest wishes for a good New Year to all the members, and the regent, Mrs. E. Atherton Smith, with honor to our allied cause and sister in a permanent way.

Mrs. Smith was genuinely surprised and pleased and after expressing her appreciation of the gift, stated that she was really averse to the outward wearing of medals, but she was having those of her war activities placed on a shield, to remind her and her friends, in the peaceful future of the many efforts of the patriotic women of the empire to aid in winning this greatest of world conflicts. This beautiful pin, however, she would proudly wear, as it would ever recall to her, the splendid efforts of the patriotic women of the empire to aid in winning this greatest of world conflicts. This beautiful pin, however, she would proudly wear, as it would ever recall to her, the splendid efforts of the patriotic women of the empire to aid in winning this greatest of world conflicts.

MAY HAVE TO CALL ON SECOND CLASS

It is now apparent that the first coming of class I will not produce nearly the 100,000 men that the Military Service act aimed at. Even allowing for 20,000 men from Quebec as a final haul, it is doubted if much more than 60,000 men, all told, will be actually secured.

The percentage of men who have failed to do so is considerable. At the Ottawa depot, for instance, the total number ordered to report was 336. The number who have so far failed to report is 208, or nearly forty per cent. A good report was insignificant. He had attended one county institute where there was not a male teacher present, and another in a very large and populous county where there were only six men in attendance. Of 2,088 teachers, 1,085 had only second class and 888 third class license.

The committee spent the day yesterday in study of the facts presented

GERMANS LOST MILLION ON THE FRENCH FRONT

Report Compiled in That Section for 1917 Also Shows That Much Territory Has Been Taken Back

French Front, Dec. 8.—(Correspondence of The Associated Press).—One million casualties have been suffered by the German armies along the front occupied by the French troops during 1917, according to statistics recently compiled here. French territory dominated by the German army has been freed from German domination by the year's fighting and the German Crown Prince Frederick has been compelled to suffer the modification of leaving between 60,000 and 70,000 prisoners from among his best troops in French hands. His cannon to the number of 1,400 have been captured, and, in addition, thousands of machine guns and hundreds of trench mortars.

Although the defeated Germans did their utmost before withdrawing to turn the fertile fields and picturesque villages into a desert waste, these acts of vandalism did them more harm than it did the French, whose soldiers were stirred thereby to a even stronger determination than before to beat back the German invader.

Three dominant events on the front of the French armies in France have marked the year and each has terminated in a brilliant victory for French arms. First came the enforced retreat in March of the German forces from the greater part of the departments of Somme, Oise and the Aisne, brought about by the combined smashing blows delivered by the French and British during the battle of the Somme in the fall of 1916.

Then followed the French offensive on the Aisne and in Champagne whose conclusion came only at the end of three months of almost continuous fighting with the capture of the crown prince's armies of the key of the Hindenburg position formed by the Fort of Malmaison and their reluctant retirement from the famous Chemin des Dames. This left in the French hands all the good observation posts for future operations.

In the meantime the French had fought and won the culminating battle for the liberation of Verdun in the course of which the French troops repulsed nearly every inch of the ground around the fortress which it had cost the Crown Prince 800,000 men to capture in 1916.

Aviation played a leading part in all operations in the course of the year. No matter what weather prevailed, the air men were observing reconnoitering, fighting off German airmen accompanying their retreat, and the communications and depots of the enemy or making raids on German positions. This latter, although they effected only such tasks as were used as military centers, were made with north of Verdun what was regarded as the most successful of the year.

The American aviators of the Lafayette squadron, who have now been incorporated in the American army, played a very notable part with their comrades in the conflicts in the air. Several of them lost their lives in 1917, as did three of the best known French aviators, Guynemer, Dornier and Leprieux.

Besides the bombardment of French open towns, German men on several occasions, bombarded French field hospitals at Dugny, Valenciennes, Chaumont, Petit Montbairon and Belvoir.

The Bishop of London, at St. Paul's, "if there is one thing absolutely certain today it is that the nation was right in August, 1914, in leaving the peaceful security of the home and plunging into the welter of blood which we call the Great War. We have had sorrow and we have had tears, but the sorrow was a noble sorrow and the tears were the tears of pride as well as those of grief."

SYRUP OF FIGS FOR CROSS, SICK FEVERISH CHILD

Little Stomach is Sour, Liver Torpid or Bowels Clogged

Mothers can rest easy after giving "California Syrup of Figs" because in a few hours all the clogged-up waste, sour and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become lightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what child's age, from one year to ten, should always be the first medicine given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

Protecting Art Treasures of Italy

London, Dec. 20.—(Correspondence.)—The work of the Italian authorities in preserving Italy's art treasures against bombardment was described by Major Sir F. de Filippi in a lecture before the Royal Academy here recently.

Italy has been fully alive to her responsibility for the art of which she is the guardian, said the lecturer, "and has spared nothing in her endeavor to protect her cities and her treasures. In Venetian, Lombardian and Tuscan towns I saw whole buildings wrapped up in concrete. Outdoor monuments are often completely enclosed in what look like dog kennels. In many cases new masonry has been put in to strengthen historic structures, and elaborate systems of drainage have been installed further to reinforce the natural strength of the buildings."

Bags of seaweed, very light and elastic, have been extensively and successfully used in Venice for St. Mark and other buildings. Brasses, pictures and small monuments have been removed in colossal quantities and taken to places of security. The buildings themselves have been sandbagged without any loss of monument or architectural masterpiece separately shrouded.

"Venice has presented a difficult problem because of the soft soil on which it is built, making heavy masonry protection often impossible. One of the most difficult pieces of protective work done was the removal of Titian's great 'Adrian of a Part' of the wall of the 'Academia' having to be taken down to get it out."

"Four hundred bombs have thus far been dropped in Venice by enemy aircraft. That the number is not much less is due to the superb defensive work of the Italian army."

A NEW REIGN OF TERROR IN BELGIUM

Germans Remove Machinery and Tools to Cripple Nation Economically After the War

The Hague, Jan. 8 (via London).—The New York Times correspondent learns from an authoritative source that requisitioning in Belgium continues with renewed activity, especially in all metal articles, pictures, and furniture. A letter recently received from a large house in Belgium stated: "We live in darkness and have no light left in the whole house."

De Telegraf of Amsterdam confirms the news by a long account of plundering in Flanders. The paper states that Belgium is being devastated of everything and that machinery and tools in factories are being removed with the obvious intention, as German officers openly say, of hindering economical competition after the war. In evacuated districts bands of roughs have been hired to remove everything, not only the articles of value, but the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fall out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Dandruff at any drug store or toilet counter for a few cents; apply a little as directed, and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Dandruff. If eventually—why not now?

Wash Away Skin Sores

D. D. D., the liquid wash, has become a household word. It has proved itself a remarkable remedy. If you are a sufferer from skin diseases, including ulcers, pimples, scales, crust or Eczema in any form, this remedy will not disappoint you. It has stood the test and today is the master preparation for all skin diseases. Try D. D. D. We guarantee it.

SUFFRAGE ASSOCIATION.

The annual meeting of the St. John Suffrage Association was held at the residence of Mrs. Edwin Morris, Douglas avenue, yesterday afternoon. There was a large attendance and the election of officers took place for the ensuing year as follows: President, Mrs. W. F. Hatheway; first vice-president, Mrs. H. S. Culver; second vice-president, Mrs. Chas. Clarke; third vice-president, Mrs. F. Patterson; treasurer, Mrs. H. S. Coste; recording secretary, Mrs. Harold Climo. During the afternoon Miss Cora, who is visiting her brother, E. J. Alexander in this city, gave several delightful readings.

SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDERINE"

Spend a Few Cents! Dandruff Disappears and Hair Stops Coming Out

Try This! Hair Gets Beautiful, Wavy and Thick in Few Moments

If you care for heavy hair, that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, healthy hair if you have dandruff. This dandruff scrub robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fall out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Dandruff at any drug store or toilet counter for a few cents; apply a little as directed, and ten minutes after you will say this was the best investment you ever made.

BAKER'S COCOA
HAS GREAT FOOD VALUE

THE food value of cocoa has been proven by centuries of use, and dietitians and physicians the world over are enthusiastic in their endorsements of it. It is said to contain more nourishment than beef, in a more readily assimilated form. The choice, however, should be a high-grade cocoa—"Baker's" of course.

BIG GERMAN SCHEME OF POST-WAR TRADE

Vast Expansion of Shipping Industries Has Already Begun

Army To Be Made a Factor — Demobilization To Be Effected So as to Serve the Purpose of "Transition Economics"

How Germany's business interests are steadily preparing for a strenuous battle for the world's trade after the end of the war is a subject frequently mentioned in cables reports from European cities. Articles found in copies of German newspapers recently reaching London contain some details about the German trade plans not included in the cablegrams.

At the conference of representatives of German, Austrian and Hungarian industrial associations, held in Hamburg and briefly noted in an Amsterdam cablegram of Nov. 17, the principal subject of discussion was "the sea interests of the Central Powers." Addresses were delivered by Herr Auzinger of the Austrian Lloyd; Herr Kovacs of the Adriatic Line; and Herr Huldermann of the Hamburg-American Line.

As regards Herr Huldermann's speech, the Hamburg correspondent of the Kölnische Zeitung says that it cannot be fully reported, as most of what he said was not intended to go beyond the "trusted audience." But the German reports of the conference indicate the lines upon which the German shipping interests are working. They argue, on the one hand, that it is of vital importance to restore, in the act of concluding peace, the international status of German shipping. On the other hand, they assert that Austrian and Hungarian

THE NEW BRITISH AMBASSADOR TO UNITED STATES

(New York Times.)
Varied training in business, finance and law, joined to abilities of a very high order, give Lord Reading special qualifications for the unusual duties he will be called upon to perform as British ambassador at Washington. Lord Reading has had no diplomatic experience, and that is quite unimportant, since the present relations of the United States and Great Britain are of a nature so friendly, both being engaged in the war for freedom and democracy, that misunderstandings are quite unlikely to arise and no questions of great difficulty and delicacy may be expected to demand the attention and service of the embassy at our national capital.

But the new ambassador is a man accustomed to large affairs, and he is especially skilled in finance. It is in that branch of the relations of the two countries that his experience and abilities will be of greatest service, and it is with the large financial and business transactions

ships, they had been led into certain "excesses of style" in a desire to gratify the whims of the ocean-crossing public. Germany's newest creation in shipbuilding, the 22,000-ton Bismarck of the Hamburg-American Line (launched in June, 1914) would show, he said, that German ship architects had not length left behind them the limit of tastelessness which they had adopted for the benefit of American tourists.

At the Vulkan yards, near Bremen, the Hamburg-American Line recently launched a 14,000-ton steel vessel, christened Rhineland, which is the largest ship ever laid down in Germany for purely freight-carrying purposes. The press acclaims the launching not only as a sign that "Germany's determination to make her presence felt in world trade after the war," but because, despite the strain imposed on her industry for purely war purposes, her shipyards are able to turn out this "record-breaking" merchantman.

New Foreign Trade Association.

On Nov. 30 a special colloquium took place at the New York Times building, the organization of a new German foreign trade association with central offices in Hamburg. The Kölnische Zeitung gives the following summary of this association's plans:
This great new concern is to occupy itself exclusively with the development of German overseas trade. Important export houses, manufacturing corporations, shipping lines, and banks in Hamburg and all the other commercial and industrial centres of the empire will be interested. The company is to serve as an active and efficient axis round which all Germany's efforts to re-knit her old relations and establish new ones will revolve. It is not to be a bank in the ordinary sense or an export bank. It will on the contrary, refrain from banking operations of the usual sort. It will act primarily as a syndicate for exploiting foreign markets, and when advantageous opportunities present themselves will fulfil the functions of a financial promoting company. It will take up on behalf of all German concerns connected with the development of overseas trade, such as waterworks construction and operation, railway building, harbor and dock works, and transactions of similar magnitude. These the company will not only promote and carry out, but also supply the money for. The initial capital of \$5,000,000 is wholly provisional. It will be multiplied many times over as required.

MENNEN'S COLD CREAM

—prevents roughened or chapped hands, caused by dish washing and other household tasks which are hard on the hands.

THE ONLY MEDICINE THE BABY NEEDS

Baby's Own Tablets is the only medicine a mother needs for her little ones. They are a gentle but thoroughly laxative which instantly relieve all stomach and bowel disorders thus banishing all the minor ills of little ones. Concerning them Mrs. Jos. Levesque, St. Simon, Que. says: "Baby's Own Tablets are a marvelous medicine for little ones. They never fail to cure stomach and bowel troubles and neither my sister-in-law or myself would use any other medicine for our little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

of his country with the United States, that he will chiefly concern himself at his new post.

It is a marked departure from custom and prescription for the British government to ask the Lord chief justice to step down from that high seat to undertake a foreign mission, but there are good reasons for the innovation, the best

SAVE FOOD

In a time needing food economy many people are not getting all the nourishment they might from their food. It is not how much you eat, but how much you assimilate, that does you good.

The addition of a small teaspoonful of Bovril to the diet as a peptogenic before meals leads to more thorough digestion and assimilation and thus saves food, for you need less.

Shoulder to Shoulder.
(Brooklyn Eagle.)
Stating the terms upon which the British government would be willing to consider peace, Lloyd George makes it clear that England demands no material compensation for her great sacrifices. In taking this stand he ranges his country's shoulder to shoulder with the United States, which seeks in the prosecution of the war and the negotiation of peace no profit of peculiar benefit to itself.

We shall begin today at the Semi-ready Stores a January Sale of All Suits and Overcoats

The price of each will be found in the pocket of each garment and this price will indicate the actual value of each garment we offer.

LOCAL NEWS

MARRIAGES AND BIRTHS.

Four marriages, fifteen births, seven boys and eight girls, were reported to the registrar during the week.

THE DECLINE IN SUGAR.
The price of sugar is gradually getting down to a fairer basis. It is now sixty cents a hundred pounds below the highest point reached, and there is an ample supply.

PROPERTY SALE.
The McKel property at Coldbrook was sold at Chubb's corner at noon today by Auctioneer Potts to Robert Hamilton for \$4,900.

WEEK OF PRAYER.
Services in connection with the week of prayer were held in St. Luke's church last evening. The speaker was Rev. George Steel, D. D., and his subject was "Consecration." Rev. R. P. McKim was in charge of the services, and on the platform with him were Revs. Neil J. McLaughlin, J. C. B. Appel and David Hutchinson, D. D. The church was filled to capacity.

HAS PLEASANT TIME.

A meeting of the Buffs Sewing Circle, which was held last evening at the home of Mrs. Margaret Wilson, 128 Douglas Avenue, was voted a grand success by eighteen young people who were in attendance. The evening was spent in dancing and games. Music was provided by a "New Edison" through the courtesy of W. H. Thorne & Co., Ltd. The rubber and doll contest was won by Lorne L. Mowry with Jack Sutherland a close second. A "can" game was won by Miss Maud Roberts, an advertisement contest was won by Miss Alice McBride, and a tactful contest was captured by Miss Ryder. The contests were both interesting and amusing.

The Man In The Street

No one will deny that the weather is singular, but there is at least one woman in town who also thinks it is plural. As she expressed it: "These weathers make me tired."

It is announced that the shortage of cloth will eliminate "frills, yokes, plaits and patch pockets" from men's clothing. This is indeed a cruel war.

Germany has taken back her peace terms. Well, no one else seemed anxious to have anything to do with them.

What a fine appetite—to say nothing of an adequate thirst—must distinguish those Carleton county friends of the former government who needed \$5,000 for "dinners and booze!"

The chief difference between the witness at the railway inquiry yesterday and some others we might name seems to be that he was frank enough to admit that he "imagined" certain things.

Ontario is talking of a selective draft to furnish agricultural labor. The farm army would have their battle song all ready and waiting for them in that favorite ballad "I want to go back, I want to go back, I want to go back to the farm." And think of the attractions as set forth in the song: Doesn't it go on to say something about "with a milkmaid on my arm?"

The chap who framed that Massachusetts coal saving rule that shops shall be open only from nine to five, but that wages must not be reduced, should make a popular labor candidate at the next elections.

The war loans have taught us thrift; the food shortage has impressed us with the beauty of plain fare; the lack of cloth has made plain dressing popular and the coal famine is to teach us to get to bed early. By this time we have learned all the war-time virtues we should be, like that well known soap, at least 99 and 44-100ths pure.

If the street railway company are not saving enough by curtailing the service perhaps they could cut off all the cars and save a bit more. How about the revenue? That would be easy. Just let the conductors stand on the street corners and collect the fares as the people pass by.

The fact that 36 negroes in each 100 examined were accepted while only 25 in each 100 whites were enrolled is taken by some U. S. authorities to argue a superiority in physical qualities for the former. Of course it is not merely evidence that the authorities are more willing to let their colored brethren go than stay home.

We Take a Tip.
The telephone book is discourteous. To answer the telephone by saying "hello." Far be it from us to be caught in such rudeness. And thusly in the future, when we are called, we will be polite. And help to make the world happy. And spread the doctrine of culture. By our response. Instead of blating "Hello," we will greet our voice with the sweet oil of kindness. And graciousness. We will lovingly murmur: "Good-morning little sunshine. How is your aunt?"

IN POLICE COURT

FRIDAY AFTERNOON

Charles W. Kyffin was honorably discharged from any charge of complicity in liquor selling at yesterday afternoon's police court session. He swore that he knew nothing of the transaction which took place in his store in Union street when liquor was sold there and Magistrate Ritchie freed him.

Inspectors Crawford and Barrett gave testimony in the case against Fred Galbraith to the effect that the barrel of liquor had been found by them on a team driven by a man named West and that at the time Fred Durant was standing near. William Ryan appeared for the defense and took up a legal point in the case that the action was re-judicial since Galbraith had been already fined for keeping this liquor and therefore could not be again fined for getting it.

BISHOP RICHARDSON IS TO VISIT FRONT

Will Return Home in Five Weeks—Praises Way Men are Looked After

London, Jan. 11.—The Bishop of Fredericton, after visiting the troops on behalf of the Canadian church, says he was most vividly impressed with the care taken for the men's welfare. He has been through many hospitals, and says complaints are absolutely unknown. He speaks highly of the organization of the chaplain service. He visited the discharge depot at Buxton and accompanied 1,000 men to Liverpool en route to Canada, permanently unfit. He praises, also, the discharge depot organization and arrangements.

The bishop will return in five weeks, after a visit to the front.

THE VALLEY RAILWAY

Further Evidence Given — E. R. Teed's Name is Mentioned

I. W. Kierstead of Moncton and Wallace Gibson of Woodstock were the two witnesses on the stand at yesterday afternoon's session of the Valley Railway inquiry. Kierstead said he knew practically nothing about money, stating that he had charge of some \$500 he collected himself but that he knew nothing of any other money. Gibson had a rather better memory. Although he often "imagined" yet he managed to remember some useful information. He gave an explanation of the lapses of memory among the witnesses so far when he presented his name as E. R. Teed at his right hand in the Woodstock election and named Harry McElroy as well as two men named Topikow and Ritchie whom he did not know. In all, he received \$5,000 from a "stranger" in St. John and this he distributed for the election. The inquiry was then postponed until Jan. 29, when Hon. W. P. Jones and Peter J. Hughes, counsel for the crown, will be prepared to close the case.

ATTENDANCE AT SCHOOLS

Statement That Only 13 Per Cent Beyond Fifth Grade is Misleading

The attention of the Times is called to the fact that the apparent statement taken from the reports that only 13 per cent of pupils in New Brunswick schools pass the fifth grade, is misleading, because the fifth grade in country schools corresponds with the eighth in city schools.

Mr. Peacock pointed out to the committee on vocational education yesterday that such a difference existed, whom the Times is informed that it has a very material effect on the general showing.

But while 13 per cent for the province is too low, it is fair to say that in one urban center in this province, where the school conditions are probably as good as anywhere, less than 38 per cent of the pupils last year were in Grade V, so that the general average for the province is somewhere between 13 per cent and 38 per cent, and still far too low.

FAIRVILLE HAS A FURTHER COMPLAINT RE THE CAR SERVICE

Fairville street car patrons have another complaint against the company and this morning expressed themselves very forcibly. This morning car No. 94 was put on the line, a car famed for its cold indoor splendor and nothing else. It is devoid of heat, except the remarks of its cold stored passengers and added to its one accomplishment, it is possessed of a physical deformity explained by street car men as a flat wheel, but positively declared by several Fairville men to be a wheel quite square.

The continual bumping, not to mention noise of this square wheel (Fairville version) attracted the startled attention of the keeper at the new bridge who came out this morning, took the number of the car and notified the motorman that cars in that condition were not supposed to be run across the bridge. The vibration they caused. One Fairville man remarked that if the car jacked the bridge, how about his precious anatomy, but this complaint went by unnoticed.

Car 76, which was on the route yesterday is a well heated car and if it is not available Fairville people ask why one of the other five cars recently taken off the service could not be used on their section in place of the aged 94. The twenty minute service does not always work out either. If everything is most favorable the schedule can be adhered to, but held ups at railway crossings and other causes sometimes keep the trips twenty-five minutes and more apart. A journey of the street car up Main street, Fairville, now has become quite an event.

SOLDIERS' THANKS

That the returned soldiers appreciate the little favors extended to them by the local reception committee upon their arrival in St. John is evinced from a letter of thanks forwarded to Mayor Hayes with a request that it be sent to the ladies from some of the boys in western Canada. It is as follows:—"The invalided soldiers of Alberta and British Columbia desire to tender their thanks to the ladies of St. John for the kind remembrances received from them on leaving St. John for their homes in the west after the strenuous times we have had. It was with deep feelings of appreciation, we received the kind gifts, which showed that we had not been forgotten. Requesting you to convey our sincere thanks to the ladies, on behalf of the boys."

PTE. WM. S. ROBERTSON.

IN WALL STREET TODAY.

New York, Jan. 12.—(Wall Street)—Fractional recessions accompanied the early dealings on the stock market today. The only noteworthy exception was Marine preferred, which rose two and a half points.
