ONEDAY'S DOINGS IN THE POLICE COURT

Magistrate Ritchie Had Several Cases Before Him This Morning—A Water Street Fight—Sadie Gosline's Victory—Other News.

In the police court this morning Norman McDonald, William Wallace and Wallace Stephens pleaded not guilty to fighting on Water street on Saturday evening. Constable Heffer stated that he saw Stephens and Wallace in what he presumed to be a friendly struggle which was interrupted by McDonald, who was not connected with the young men, hurrying to the pair from behind Stephens and striking him behind the ear. Stephens fled into the ferry building and when Sgt. Baxter and Acting Serjt. Scott reached the meeting place McDonald demanded that Stephens be taken into custody for assaulting him. Mr. Heffer said he did not see Stephens or Wallace strike each other nor did he see Wallace separate McDonald and Stephens. Wallace asserted that Stephens and Wallace were accompanied by several others, intended to return to west end on the 6.25 trip of the ferry. McDonald was standing at a post near the entrance to the ferry building and McDonald. He acted as mediator between the belligerents and while separating them from the crowd he received a random blow which knocked him down.

Policeman Scott testified that he and Sgt. Baxter responded to the police alarm in the ferry building and when they reached the scene Stephens was bleeding and a complaint of McDonald he was arrested and confined in the Water street lock-up. Wallace was very inquisitive and questioned persistently for explanation of Stephens' arrest. He was instructed to accompany the officers into the lock-up and be enlightened. Meanwhile, Baxter was in receipt of further information which indicated that Wallace took the initiative in the brawl by striking Stephens, who countered on the Englishman and knocked him down. When he was in the lock-up the sergeant said, "Now that you're in you might as well stay" and placed the McDonald and Wallace in the cells. Stephens pleaded from Scott that an assault was usually constituted by some indignities or individual venting his dislike in blows. Tomorrow morning the hearing will be resumed when the police expect to produce testimony incriminating Wallace and McDonald particularly. The latter admitted that he struck Stephens and that he was in the lock-up. Stephens is at liberty on deposit of \$50 and Wallace on the receipt of \$25.

Sadie Gosline, a lady of color residing on Duke street, engaged a victor over Jean Green on the 21st inst. and was found this morning. Gosline had requested that Miss Gosline be cautioned against harboring George Foyne, a colored boy, whose father had given the lad to him for adoption. Since he vanished from his surveillance the boy had not attended school and was encouraged to absent himself by the woman. To his honor the boy professed the following lamentation: "Now, Mistah Ritchie, Ah tink dat's a lie for Ah mistah went to school when Ah wuz with mistah Graves for he sent me out peddlin' oysters and claims Ah was a school boy."

The woman displayed a ticket to Boston which the boy's father had mailed from Cambridge, Mass., and she was instructed by his honor to retain the lad until the steamer departs next Wednesday. "He should have gone last week, but to wash disgust he missed de boat and has to wait till de next boat," was the conclusion of her explanation.

William Frye complained that the police had cast reflections on his integrity and sobriety by even intimating that he was intoxicated when he was arrested on Water street on Saturday evening. Policeman Scott stated that Sgt. Baxter accused Frye of being drunk and when he refused to divulge his name but said he was proceeding to Sand Point in a discharging the cargo of a steamship. The sergeant deemed it indiscreet to permit him to work on a vessel after unloading the number of whom that his appearance denoted. Frye, in explaining this morning, said he thought his arrest was a joke until he felt the door of the cell closing on him. He considered that it was not necessary to give his name to the sergeant at 6 o'clock. Frye's logic was, "Here's a fellow I talk to, 'What if I was drunk?' He maintained that he conversed rationally, but his honor pointed out that liquor had two classes of ale, one of the regulation schooner type and the other a medium sized one. He was asked if this vessel was designated a "pony" but replied that he was unaware that it was the appellation by which it was recognized. Frye consented to abstain from liquor for six months and was released on suspension of a fine of \$8 or two months.

Albert Griffiths pleaded guilty to intoxication on Mill street on Sunday afternoon. Patrolman McCollum said he arrested Griffiths at the corner of North street after the latter had failed in an effort to outdistance him. He asserted to McCollum that he purchased two bottles of liquor on Saturday at 6 p. m. Judge Ritchie said the ordinary liquor keeper was blamed wrongly for the nefarious selling of whole liquor stores. At this point Chief Clark, who was standing by Policeman McCollum, vouchsafed that Griffiths said he purchased the intoxicants at Foster's wholesale store on Union street. "What's that?" was the query from the judicial chair and after the chief of police had repeated his statement, his honor said: "Next," in addressing the clerk, and the business of the court proceeded, Griffiths was remanded.

Edith Holland was fined \$8 or two months and Thomas Foley \$8 or thirty days for inebriation. Harry McLeod, a west end boy, was sentenced for acting in a disorderly manner in the entrance to City Hall, west end. John McGinnis failed to materialize.

THE TOLL OF THE SEA. Boston, Mass., March 22—Two hundred and twenty-one persons perished by shipwreck and eighty-nine vessels were blown to pieces off the New England and British North American coasts during the fall and winter of 1908-9, which ended last night. Of the eighty-nine vessels cast ashore or lost at sea, six steamers and fifty-six sailing craft were totally wrecked. The financial loss exceeds \$5,000,000.

ITALIAN GOVERNMENT AFTER THE MURDERERS. London, March 22—A despatch to the Chronicle from Milan says that the Italian government has offered £2,000 for the capture of the murderers of Lieutenant Perrone.

THE ATLANTIC EXPRESS today is eight hours late. The delay is caused as the result of two cars of the last immigrant special leaving Sunday, leaving the rails west of Megantic. There were no injuries sustained by any of those on board. As the accident is on the eastern division no details of the affair were obtainable at the office here.

CITY CALLS IN OUTSIDE HELP

Civic Re-organization Committee Will, This Afternoon Hear an Address from B. R. Macaulay on Clean Streets in England

At a meeting of the reorganization committee of the common council to be held this afternoon, B. R. Macaulay, of Macaulay Bros. & Co., who recently returned from a trip to England, will appear on invitation of Ald. Kelley, the chairman, and speak on the subject of clean and well made streets. Mr. Macaulay gave some attention to this matter while in England and says if the aldermen want to have the streets more properly made he can put them in communication with men on the other side who are thoroughly competent to deal with the matter.

Ald. Kelley is rather put out over the fact that Engineer Murdoch has no recommendations to make as a result of his recent visit to other cities, and the alderman will suggest that the engineer be put back at his former position as director of water and sewerage.

Several aldermen who do feel that much good will come from the meeting have stated they would not attend this afternoon.

OLD MEMBER OF TRINITY CHURCH

Mrs. Mary E. McGivern Died This Morning After a Lengthy Illness

The death occurred this morning at her residence, 23 Wellington Row, of Mrs. Mary Elizabeth McGivern, after a lengthy illness borne with Christian trust and fortitude. Mrs. McGivern was the widow of the late Richard P. McGivern, who predeceased her some seventeen years ago, and was a native of St. Mary's Bay, Digby county, N. S. She was a daughter of the late Sabine Savary and his wife Olive Marshall Savary, and both these latter severally represented noted Loyalist families of prominent New England stock. The McGiverns are numerous connected in these provinces and throughout the United States. Originally of Puritan stock, the Savary family developed a deep attachment to the Church of England. Mrs. McGivern was one of the oldest members of Trinity church at the time of her death, joining that congregation upon her coming to St. John as a bride, and a diligent worshipper there until recently. The family surviving comprises two sons: James Sabine and Richard P. McGivern, and three daughters: Mrs. John F. Taylor, and the young Mrs. Dr. John H. McGivern, died some years ago. Fred P. Taylor is a grandson. Royal N. S., is a brother. Mrs. J. R. Garden and Miss Margaret J. Savary, sisters, reside at Plympton, St. Mary's Bay, N. S.

TIED BY ANKLES AND HUNG UP TO SAPLING

Shocking Case of Hazing at an Indiana Boys School Which Resulted in Victim's Death

been investigation of the death by White House, Chicago, a pupil at the White House in White County, Indiana, it is alleged, was strung up by his ankles to a sapling near the school and left hanging so long that he died a few hours after he was taken down. Several teachers of the school had been driven away by unruly pupils, a few days ago a new teacher was employed. These unruly pupils, in their drunken and whipped several rebellious boys. These continued until the school was closed and thus caused their humiliation.

ROLAND E. RICH IS CHARGED WITH FRAUD

Roland Earl Rich, aged 48, a native of the United States, was arrested at 2 o'clock this afternoon by Sgt. Campbell on a warrant sworn out this morning by Fred S. Ferris alleging that Rich had secured Daniel Mullin to act for him and a hearing will probably take place this afternoon. Rich was reluctant to give his name. The affair took place between January and July, 1908. Rich was only released from jail at noon, having been arrested on Saturday at the instance of Mr. Ferris for debt.

TO INCREASE SPEED OF THE LUSITANIA

Liverpool, March 22—At noon on Friday the Cunard liner Lusitania set up a new record of 69 knots for a day's run eastward. The Lusitania of the same line will be dry-docked on her return to Liverpool, and will have her three blades after screws replaced by four-bladed screws, with a view to increasing her speed.

As the result of grand jury investigation last week of municipal corruption in Pittsburgh, the court today ordered indictments against six men.

ZEPPELIN STARTS THE WORD BY HIS WONDERFUL PERFORMANCE IN THE AIR

Most Remarkable Feat in the History of Aerial Navigation—Count Zeppelin's Dirigible Airship Makes a Successful Flight With 26 Persons Aboard—Count Will Next Try to Carry and Fire Explosives Thus Proving Feasibility of Aerial Navies.

New York, March 22—A special cable to the New York American from Berlin says: "Sounding like a mighty bird, Count Zeppelin's dirigible airship, the largest in the world, yesterday created a world's record for weight carried in cruising the sky. The huge dirigible ascended from its quarters at Lake Constance bearing Count Zeppelin, ten aeromancers of the German army and fifteen soldiers. Never before in the history of aerostatics has an airship made a successful flight with a crew of 28 persons." A great throng witnessed the flight. The dirigible covered 150 miles and the dirigible was in the air for four hours. When the descent was made the military experts were enthusiastic and unanimously agreed that the record flight brings nearer the practicability of Zeppelin airships as troop transports.

"The comparatively great weight carried in the flight also convinced the military men that the airship could with equal facilities carry an equal weight of explosives. The next test of efficiency will come when a demonstration will be made by Count Zeppelin firing explosives from his airship. The success of that test will establish, it is believed, the necessity for aerial navies."

The airship which made the record is 445 feet long with a diameter of 49 1/2 feet. It has three masts, each of 145 tons power. Its speed is as high as 50 miles per hour. The dirigible is fitted with wireless, has powerful searchlights and cost over \$100,000.

ACCIDENTAL DEATH

New York, March 22—Believed to be the victim of the accidental turning on of a gas jet in his room, Louis A. Levy, of Albany, N. Y., was found dead today in the apartments of friends on West 17th street, where he was visiting. The open jet had filled the room with gas, inhalation of which had caused the man's death about an hour before being discovered.

THE TIMES NEW REPORTER

HIRAM INTERVIEWED. Mr. Hiram Hornbeam has lately been giving some attention to the news in the country practice. He says it is the most promising field he has yet discovered, although his wife, Josephine, is a member of the Settlement has its millions.

"I hear you're going to have a new city council this year," said Hiram to the Times reporter. "Are any of the aldermen sick?" asked the new reporter. "They were all well last week," he replied. "What's that got to do with it?" demanded Hiram. "They have a life lease," said the new reporter. "Oh! I see," said Hiram. "I often wondered why the never was any change. But now I know," he said. "Always," said the new reporter. "There are always a few aspiring souls to whom the call of duty sounds from the direction of the city hall; but when they follow it they are led to the locality known as Salt Creek."

NEWS FROM FREDERICTON

The Debate on the Address Will be Resumed This Afternoon by Hon. Mr. McKeown and F. M. Spreul.

Fredericton, N. B., March 22—(Special)—Only a few members who went to their homes on Friday night have returned, and things are very quiet around the legislature buildings this morning. Mr. Lezer, of Gloucester, arrived today and took his seat. The committee to nominate standing committees has not held a meeting yet, but will likely be called together tomorrow morning and nominate the committees, after which the real business of the session will commence.

This afternoon Hon. Mr. McKeown will resume his speech on the address, and will be followed by Mr. Spreul. It is probable that this debate will be quite lengthy, as it is said several on the government side, those who were unable to get their speeches in last year, will have an opportunity this year.

William McLean, who is here in connection with the meeting of the University senate, will sound the government on their position as to pensions for aged school teachers.

It is reported here that J. P. Burchill, M.P., who has not taken his seat yet, will be here tomorrow. There is to be a meeting of the lumbermen here tomorrow.

Governor Tweedie is going to give a state ball on April 15. About 1500 invitations will be issued. Chief of Police Hudson, of Moncton, is here and will return here this evening with Private James O'Brien, who is under arrest on a charge of burglarizing the home of William J. Weeks, of Moncton, and stealing a quantity of silverware. O'Brien was arrested on Saturday by Chief Winters, chief of the Royal Regiment, last September. Riddout appears confident that he is the man wanted.

A meeting of the university senate held here this morning was attended by Dr. Inch, Chancellor Jones, J. D. Phinney, Benedictus, Dr. Thomas Walker, Judge McLeod, Wm. McLean, Judge Barry, Havelock county, and others. The question of having a chair of agriculture established at the university was brought up and afterwards a joint conference on the project was held with the local government. Suggestions have been made to equip the old government house as an agricultural college in connection with the Normal school, but nothing yet had been decided upon. Members of the senate all seemed to be in favor of the project, and if an agricultural school is opened it should be in connection with the university. The matter was gone into quite freely but nothing definite has been decided upon. The senate will meet again this afternoon.

PARIS STRIKE IS ON ITS LAST LEGS

Adjustment of Strike of French Telegraphers and Postmen is Already in Sight—1,000 Employees Returned to Work Today

Paris, March 22—In spite of minor delays the adjustment of the strike of the French telegraphers and postmen, that has disorganized the business life of France for a week or more is considered virtually in sight. Fully 1,000 employees returned to work this morning. A meeting attended by 6,000 strikers was held this morning and it was decided that the recommendations of the strike committee in the matter of a settlement constituted a surrender to the government because the resignation of M. Simey, under secretary of posts and telegraphs has not been secured. Consequently another committee was appointed to see Premier Clemenceau this afternoon. It is the general opinion that the strikers will emerge victorious and that the government has saved its dignity in refusing to cost M. Simey. This official, however, has already been practically eliminated. He had no share in the recent negotiations and in the future, Minister of Public Works Barthelemy will treat directly with deputations from the on-panels associations. Furthermore the government agrees to regard the whole affair as a "wave of folly" and to wipe the indiscretions of the state, in other words, to punish no one.

The newspapers of Paris are reviewing the strike movement as if it were over. The Socialist papers claim a victory; the government organs are gratified at the end of an unfortunate misunderstanding which the independent conservative press says the incident furnishes an excellent lesson of the dangerous state of Socialism towards which France is drifting.

RUSSIAN PRINCE DEAD

Prince Khilkoff Who Once Worked as a Common Laborer Died in St. Petersburg Yesterday

St. Petersburg, March 22—Prince Michael Hilff, a member of the council of the empire, and former minister of communications, died in St. Petersburg today. He belonged to an old but comparatively poor family, emigrated to the United States when a young man, rejoining the title to which he was subsequently restored. In the United States he worked at a bolt machine at an agricultural school in an eastern state. It is related that on one occasion when the prince was in the employ of the railroad, he was astonished to see a general of high rank descend from a train to greet him. He was introduced to the general as Prince Hilff, former member of the corps of engineers after the death of his father had become an engine driver to gain his living. The Emperor ordered him to be presented to her, and from that moment the prince enjoyed the protection of Her Majesty and of her husband, Alexander III, father of Emperor Nicholas, protection which led to his appointment as minister of railroads.

The Woman Nuisance

A woman caller who is a nuisance is the greatest nuisance in the world. She drops food on the tablecloth and on the floor, places her teacup or coffee-cup, as she has any, are hurt and not at all entertained by such subjects.

When a woman calls she should always remember the manner in which she wishes other women to behave in her house. If she thinks of this she will rarely make those blunders which are so distasteful to her friends.

There are many other kinds of women who make themselves unbearable to those with whom they come in contact with special care. Take, for instance, the woman whose life and ideas of life are all wrapped up in herself.

Such a woman makes her own life and the lives of those with whom she comes in contact absolutely miserable.

ORGANIZED WORLD-WIDE CROP REPORTING SYSTEM

Hon. Sydney Fisher the First Vice-President for Term of Three Years—What the Institute Has Set Out to Do.

Under the title of the International Agricultural Institute there was organized at Rome at the close of last year a world-wide crop reporting system. The scheme provides for the centralization on a certain day and from time to time of data upon which to base reliable estimates of forecasts of crops, and to prepare such data into tables and reports for publication in the best way to benefit every legitimate interest related to the world's commerce of agriculture.

The project has been under consideration for three years, having first been proposed in 1906 to the king of Italy and members of his government by Mr. David Lubin, a wealthy fruit grower of California. It is now being actively pushed by the king of Italy and the selection of the most suitable starting place for such an enterprise because it is not a large grower of agricultural products like the United States, nor a large importer of such products like Britain, and the selection of the most suitable starting place for such an enterprise because it is not a large grower of agricultural products like the United States, nor a large importer of such products like Britain, and the selection of the most suitable starting place for such an enterprise because it is not a large grower of agricultural products like the United States, nor a large importer of such products like Britain.

## MADISON SQUARE GARDEN AND ITS PLACE IN SPORT

Some of the Greatest Contests Ever Known in Pedestrianism Have Taken Place There—Old Times Recalled.

The Garden? What memories of sport, politics, fashion, and religious revivals the mere mention of the name brings to the old New Yorker. This handsome temple of sport, the scene of Alfred Shrubb's famous triumph, and of his later defeat by Tom Longboat, and where will be held the great international team race for which Ernest H. Crowhurst came to this country to secure the best runners in the world—claimed by New Yorkers to be the greatest building devoted to sport in the world.

That there is some justice in their claims I will endeavor to prove by giving some of the history of the big auditorium, more particularly that pertaining to the part as played in pedestrianism, as the sport once more claims it for its own. The variety of interests completed at some time or other with the Garden embrace every form of sport and exhibition known. Billiard matches, by casting swimming, cycling, wrestling, boxing, horse and automobile sports, sports, athletics of every character in fact every sport has had its turn and prospered. The Garden was the scene of the breaking of Stanford White by Harry Thaw; it was there the notorious Dowie tried to break his way into New York; there Cleveland Harrison, McKinley, Roosevelt, Taft, and other presidents announced their principles. Nothing added, seems to have been outside the scope of its usefulness. But let us to the sports' features.

## BILLIARD KINGS TO PLAY TONIGHT

Seven Experts Will Compete for World's Championship and \$3,000 in Prizes.

NEW YORK, March 22.—The first of 21 games in the 182 ball cue billiards tournament for the world's championship, which will begin tonight at 8 o'clock in the Madison Square Garden east hall.

## Mother Gave Her Child Hope.

Had Given up all Hopes of Living. Heart Trouble was Cured by Milburn's Heart and Nerve Pills.

Mrs. Andrew Savoy, Grattan's, N.B. writes:—"In the year 1905 I was taken sick and did not think I could live any length of time. My trouble was with my heart and people told me that nothing could be done for a case like mine. I consulted the very best doctors but they could do me no good. For seven weeks I could hardly cross the floor. I had no pain, but was so weak nobody in the world can believe how I felt. I had given up all hopes of living and had given my little girl to my sister-in-law.

## PROGRAMME FOR GRAND CIRCUIT

List of Events for the Readville Meet Next Fall is Partially Completed

Boston, Mass., March 20.—The Horse Breeders' Futurity stakes of \$8,500 will be offered during the Grand Circuit meet at the Readville track next fall, according to an agreement made tonight by T. E. Quinn, secretary of the Horse Breeders' Association, with Messrs. Welch and Jones, the new owners of the track. This will ensure a purse of \$70,000 for the meet, which, with the purses to be announced later, will bring the amount up to fully \$90,000.

## WITH THE BOWLERS

On Black's alley on Saturday night, the St. Hayward Co. team won three points from the Commercial Bowling League series. The scores were:

## NEWS AND VIEWS OF SPORT

Here are two views on the squeeze play: Jimmy Casey the Montreal manager-plays in the old city. Shortly after the season's League pennant for Baltimore last season." Roger Bresnahan, the great batsman and now manager of the St. Louis Nationals says: "The squeeze play is no good and I've cut it out from the Cardinals' repertoire of inside ball."

A proposition for the organization of an international hockey league is the latest move on the part of the hockey world. It is the hope of the St. Louis Nationals to see the crack eastern teams, Ottawa and Wanderers, in a section of a huge league to be composed of teams from the United States and Canada. New York sportsmen are anxious to appear, to organize and support a professional hockey team, and when the Ottawa and Wanderers teams played in New York they discussed the scheme.

Frank Marshall, the great chess player, who, although born in the United States, was a former Montrealer, and has two brothers who were born in Quebec, is the guest of the Westmount Club, Montreal, where he played chess with Mr. Sawyer, the Canadian champion, and Dr. Leckie, the Westmount champion. The next week he will meet Capablanca, the champion of Cuba, Mr. Marshall has come very close to beating Leckie, and is only 32 years old.

## BATTING NELSON TO FIGHT IN AUSTRALIA

He Will Meet Billy Brit in Sydney, N. S. W., Some Time in the Fall

CHICAGO, March 22.—Batting Nelson will fight Billy Brit in Australia some time next fall, according to an announcement by Hugh McIntosh, Australian fight promoter. Nelson agreed to meet McIntosh's terms and the fight will probably be fought in Sydney, N. S. W. Nelson will accompany McIntosh to Australia when the latter returns.

## LONGBOAT AND SHRUBB ARE MATCHED AGAIN

They Will Run Fifteen Miles in Toronto on April 17

Toronto, March 21.—Last night Longboat and Shrubb's representative victory in the 15 mile race, which was held at the Toronto track on Sunday between one and six o'clock in the afternoon, if conducted in a quiet manner, was introduced.

David Hartley, the famous little pedestrian, of Peterboro, on his way back from New York city, told of his experiences there in the big six day go-away-please race in Madison Square Garden.

## GIRL DID NOT GET HUMAN TREATMENT

Lawyer on Kinrade Case Objects to the Way Florence Kinrade was Grilled

Hamilton, Ont., March 21.—Geo. Lynch Stanton, K. C., one of the solicitors of the Kinrade family, granted an interview to the press Saturday and said: "How does it aid administration of justice in holding such 'inquest' as this?" "We did not detectives go to the girl quietly and get the history of her life privately, instead of hanging her to a jury and asking questions at that kind of inquisition, so that every half-baked intellect in the country can form half-baked conclusions from the evidence. The jury can't try any person, and I say the American court system is more than this system of inquest. Why, Dreyfus, over whose trial England and France almost came to blows because England thought it barbarous, was treated like a king compared with Florence Kinrade."

## AMERICAN TEAM WON CHESS MATCH

Cable Match Between American and English College Teams Was Completed Saturday

Princeton, N. J., March 20.—For the second successive year the American team of college chess players defeated the combined team of Oxford-Cambridge today in the annual cable chess match for the first international trophy. Five of the six games finished at six o'clock tonight with the score 1 in America's favor. The scores included three victories straight at boards 1, 3 and 5, and two drawn games at boards 2 and 6. The sixth game, finished at board 2 goes to the referee for adjudicating, but the American player has the better of the match.

## DRINK PLENTY OF GOOD WATER

Nature's Great Remedy, Also Tells of a Valuable Prescription Anyone Can Prepare at Home at a Very Nominal Cost

"The people here do not drink enough water to keep healthy," explained a well-known authority. "The numerous cases of kidney and bladder diseases and rheumatism are mainly due to the fact that the drinking of water, nature's greatest medicine, has been neglected."

## ROLLER SKATING RECORD BROKEN IN DENVER PLACE

DENVER, Colo., March 22.—The world's roller skating record was broken in the six day relay race that ended Saturday midnight when Ebenhand and Burke, the team from Idaho, completed 100 miles four laps on an eleven lap track. The previous record was 192 miles eight laps.

## DIAMOND NOTES

The meeting of the late-Society Base Ball League, scheduled for Sunday week, was further postponed until next Sunday, owing to the non-appearance of delegates from St. Louis and the P. M. The St. Joseph's had two representatives and St. Louis had one. The president was in attendance, and the president was in attendance.

## CATTLE MAY COME IN FROM MICHIGAN NOW

The Embargo Has Been Lifted as the Foot and Mouth Disease Has Been Stamped Out

Ottawa, March 21.—The embargo against cattle from the state of Michigan has been raised but is still in force against live stock from New York, New Jersey, Pennsylvania, Delaware and Maryland. The relaxation as far as Michigan is concerned is due to the fact that the authorities are satisfied that the foot and mouth disease has been stamped out in that state.

### Sampling Wine

Though many a man considers himself capable of telling good wine from bad, and tastes it with the air of a connoisseur, there are men who make a business of tasting wine. Their judgment is not rarely questioned, though they rely solely upon their sense of taste and smell. It takes a man following such a profession of a long time to become an authority in his line. Practice and experience are essential.
