

VICTORY FOR VALIANT GOVERNMENT IN ONTARIO CONSERVATIVES WIN EIGHTY-THREE SEATS; THE OPPOSITION 25

A Magnificent Victory for the Government, in View of Strong Prohibition Campaign Waged. ALL CABINET MINISTERS BUT ONE ARE RETURNED In Dundas only one Labor Candidate and one Independent Liberal Elected—Sir Adam Beck has Majority of 1500 in London Riding—All Toronto Seats Won by Conservatives.

(Toronto), June 29.—The elections for the legislature held throughout the province today resulted in the return of the Whitney government to power with a comparatively slightly decreased majority. In the last house the opposition mustered 18. In the new house the straight Liberals will number 25, with three Independents—Labor, Temperance and Independent Liberals. The composition of the new house will be as follows: Conservatives, 83; Liberals, 25; Labor, 1; Temperance, 1; Independent Liberals, 1; Total seats, 111.

The gains are not altogether easy to compute owing to the distribution, but counting new seats the Conservatives have made gains of 8 and Liberals 15. Two constituencies may be said to be still in doubt, namely, North Bruce and North Wentworth. Late reports were to the effect that the Conservatives had a majority of four in the latter riding and that the Liberals retained the former by a majority of seven.

All the ministers, with the exception of Hon. Dr. Reaume, minister of public works, were re-elected with large majorities. Dr. Reaume who ran in the new constituency of Windsor as an Independent, having failed to capture the party convention, was defeated by J. C. Tolmie, Liberal, by a majority of about 400.

SAY HUERTA IS LOSING HIS HOLD ON MEXICO Control Over Federals at Mexico City is Weakening—Uprising Looked For Within Two Weeks.

Vers Cruz, June 29.—The fear that the spread of dissatisfaction among the Mexican federal troops might result in an uprising in Mexico City caused the British residents there to hold a meeting on Saturday night to arrange final plans for the defense of the concentration district. British refugees who arrived here today and who had attended the meeting said the general opinion expressed was that Provisional President Huerta's hold on the situation in the capital was wavering and many predicted an uprising or a revolt of the federal army within a week or ten days.

URGES BRITISH SUBJECTS TO QUIT MEXICO Sir Lionel Carden Says the Shortage of Fuel May Tie Up All Train Traffic.

Mexico City, June 29.—In view of the existing conditions in Mexico Sir Lionel Carden, the British minister, today advised all British subjects temporarily to leave the country. He said that the shortage of fuel used in the operation of trains was becoming more acute daily and that the trains probably soon would stop running which would make difficult the departure of persons in the interior.

Eight hundred British subjects are registered at the legation as now residing in Mexico City. It is the minister's plan to get a sufficient number of these to sign an agreement to leave the capital so that they can obtain a special train from the government to take them to Puerto Mexico and also secure a transport to convey the passengers to Ixmiquilpan, where they could remain until the close of the present Mexican trouble.

SAILOR AT HALIFAX FALLS 30 FT. AND HAS SKULL FRACTURED Edward Flor Killed and Hans Blacker Sprains His Ankle When Staging Fell—Former Shipped at St. John.

Halifax, N. S., June 29.—Today two seamen, Edward Flor and Hans Blacker, of the steamer Eastington, while rigging up a staging on the funnel of the steamer, fell to the deck, with fatal results to Flor, as his skull was fractured. The other escaped with a sprained ankle.

USES KNIFE ON THREE OF CREW'S DEMENTED WOMAN ON OCEAN LINER SLASHES STEWARD, STEWARDESS AND ASSISTANT ENGINEER—CUT PASSENGERS' BAGGAGE.

New York, June 29.—When the Anchor Line steamer Campana arrived here today three on board were under the care of the surgeon and a fourth, who had slashed the others with a pocket knife, was under careful surveillance to prevent her from doing further damage. Several passengers complained yesterday that Mrs. Anna Nichol of Glasgow had cut their baggage and threatened their lives.

RIOTING IN THE BOSNIAN CAPITAL Hotels Wrecked and Wild Disorder Prevailed Following Killing of Archduke of Austria and Wife.

Sarajevo, June 29.—Anti-Serbian demonstrations are reported throughout Bosnia. In many places Serbians were attacked and troops were called out to keep order. These demonstrations ceased the proclamation of martial law, and the commander of the troops at Sarajevo exhorted the people, saying: "If you love your emperor, then go quietly to your homes."

The rioters consisted for the most part of Moslems of the lowest class. They looted shops, throwing the contents into the streets, and invaded private dwellings. The mob wrecked many hotels, cafes and shops. A variable panic was created, and women threw themselves on the ground weeping hysterically.

NINETY TEACHERS TO BE DISMISSED Board of Trustees Cannot Stand Expense of Lay Teachers in Separate Schools in Ontario.

Ottawa, June 29.—Ninety lay teachers employed in the separate schools here received two months' notice of dismissal from Chairman Gessert today. He pleads as a reason that owing to the loss of the government grant through the board refusing to carry out the 51-fifteen regulations and also because of the fact that the injunction proceedings instituted by the English trustees made it impossible to borrow money, the board cannot stand the expense of lay teachers and can employ only those belonging to religious orders at a salary.

THE JUSTINIAN MORNING CAPITAL IN MOURNING Burial of Archduke and Wife To Take Place Next Week. AUSTRIA'S FUTURE DEPENDS ON EMPEROR If Aged Ruler's Health Permits Him to Live Few More Years Sunday's Tragedy May Not Affect Foreign Affairs.

Vienna, June 29.—The bodies of the murdered Archduke Francis Ferdinand, and the Duchess of Hohenberg, are to reach the Austrian capital tomorrow and will be buried in the middle of next week at Assoluto, Upper Austria, in accordance with the wish of the late heir to the throne. It has been decided that the bodies are not to lie in state in the court chapel here as the duchess was not regarded as a member of the imperial family.

THE DONALDSON LINE PASSENGERS ALL TAKEN OFF CALIFORNIA No Panic When Steamer Went on Rocks—Captain's Coolness Prevented Disorder—Vessel Badly Damaged.

London, June 29.—Three hundred and forty-eight of the 1,016 passengers of the Anchor Line steamer California, ashore on Tory Island, were taken to Glasgow. The others were taken to Glasgow.

SIR EDWARD GREY'S TRIBUTE TO WILSON Compliments U. S. President For Attitude on the Question of Panama Tolls Exemption.

London, June 29.—The repeat of the act exempting American coastwise shipping from payment of tolls for passage through the Panama Canal was the subject of a highly interesting portion of a speech by Sir Edward Grey, the British foreign secretary, in the House of Commons today. Sir Edward was replying, after a general debate on the appropriations for the foreign office, and he paid high compliments to President Wilson and the motives underlying his action.

CARRANZA HAS PEACE ENVOYS WORRIED Official Washington Anxious—Favorable Reply Supposed to Have Been Sent by Rebel Leader Not Received Yet.

Washington, June 29.—Despite continued expressions of hope that the plans for Mexican mediation will not fall, considerable apprehension was shown today in official quarters. Considerable significance was attached to the fact that the mediation conference plans to take a recess unless there is some definite assurance from Carranza by tomorrow that his agents will meet the Huerta delegates and representatives of the United States and plans for a provisional government outlined in the recent protocol.

WARREN, OHIO, JUNE 29.—Two persons were instantly killed and one fatally injured when a fast train on the Erie railroad struck a buggy in which the three victims were riding near here early today. The dead are Thomas Winchell, twenty-seven, Green, Ohio, and Glenn Davis of Warren. Mrs. Thomas Winchell was mortally hurt.

FIRST LORD YIELDS TO WIFE'S APPEALS London, June 30.—Winston Spencer Churchill, First Lord of the Admiralty, according to the Daily Mirror, has yielded to the repeated appeals of his wife and has resolved to make more aeroplane flights this year. Mr. Churchill's enthusiasm for daring aerial flights has been the cause of much anxiety on the part of the British government and his personal friends.

**ROSS EXAMINED BY MR. TEED**  
It was after four o'clock when Mr. Teed took up cross-examination of witness.  
Chairman McKeown, whom witness said that he did not understand that he had been asked as to cost of completing all various classes of work on the line from Gagetown to Centreville, but never did so, although he did work. He also supplied piling, crossing planks, construction timber, etc. The witness under his contract, witness said, he could not remember, and, in fact, he said he only had a memorandum as he never got a copy of his contract.  
Mr. McDonald was re-called and asked regarding an item of \$14,151 for fencing in his firm's estimate of the cost of the line from Gagetown to Centreville. He said his firm supplied all material and labor for fencing. Most of the posts were bought from the railway company. His accounts showed \$2,058.54 paid to the railway company for posts, poles and bracing.  
The sub-contractor bought materials, to but what this amounted to he did not know.  
Under cross-examination, witness said he thought the posts used were the same as supplied the company by Mr. Scott. He thought the price of 5

## The Commission Meets at Capital

(Continued from page 1)  
The witness gave a detailed statement as to class of bridges, etc. and then Mr. Carvell had him produce the firm's contract for their construction work. The firm of Kennedy and McDonald was composed of John Kennedy and Alex. K. McDonald of Antigonish and the contract was signed by them and by A. R. Gould for the railway company. The contract was entered as an exhibit in the case, but it was arranged to return it to witness as the railway company will furnish a copy of the documents.

**Progress Estimates**  
The monthly progress estimates starting with June 1912 were then taken up and placed in evidence. The net amount of the estimates up to the end of October, 1912, was \$90,868.42. The cheques were expected to come to hand between the 15th and 20th of each month and they came along on time.  
Mr. Carvell then called for progress estimates up to the end of March, 1914, which showed the following figures:  
Gross on scheduled items, \$438,151.33, less ten per cent. held back, \$43,815.13; net on scheduled items, \$394,336.35; force account, \$9,891.64; total net, \$404,228.02.  
Up to April 8th, the date on which the charges were laid in the legislature, the amount received by contractors from the railway company was \$400,504.96. But little if any work was done on the contract in the early part of April. Since then the final estimates up to the end of May were, gross on scheduled items \$441,763.59, less ten per cent. held back \$44,176.36, net on scheduled items \$397,587.23.  
Mr. MacDonald estimated that his company had done \$2,500 worth of work in June. To complete the work he estimated the cost would be, fencing \$500, ballast \$4,000, grain oil \$14,000, track laying \$600, adjusted claim \$4,500. Kennedy and McDonald, witness said, had a \$25,000 contract to complete 2 1/2 miles of work south of the stn ground in Woodstock which they took from railway company in June, 1913. The contract for this work had never been actually signed, but this, the witness explained, was the fault of Kennedy and McDonald, they having forgotten about it.  
The prices on this contract were as follows: common excavation 26c. per yard, solid rock \$1.10 per yard, track laying \$50 per mile. These prices as related by Mr. Hill at St. John are figures which allowed a profit to the Hibbard Company, who had the original contract up to the end of March. The amount of progress estimates on this work showed the following, gross on scheduled items \$1,617.12, less ten per cent. held back \$161.71, net total \$1,455.41. The greater part of this contract, witness said, was a train fill on the crossing of the C. P. R. tracks at Woodstock. Up to the end of May when work was finished so far as the firm's contract went \$3,450 yards of train fill at thirty cents had been deposited and to complete the work Kennedy and McDonald expected to be paid for 6,000 yards more of train fill. This with the cleaning up of ballasting would complete the work on this 2 1/2 miles of road. In money this represented \$1,416 more than the progress estimate at end of March.  
For the contract by which Kennedy and McDonald estimated \$29,022.38 for laying, ballasting and train filling (twenty-eight miles on upper end of Hibbard Company's contract between Fredericton and Woodstock) the prices were same as the Hibbard Company's received with the exception of track laying on which the price was \$1.90 higher than in Hibbard Company's contract. The prices were, track laying \$500 per mile, ballast forty cents per yard, train fill thirty-five cents per yard, "overhaul" over five miles one cent per mile per yard.  
Up to the end of March progress estimates on this work were, gross \$1,136.75, less ten per cent. held back \$113.67, net \$1,023.08.  
Up to 21st of May the gross amount of progress estimate was \$29,022.38, a difference of some \$9,000 since April 8th.  
Witness was unable to estimate the work done in June, nor could he tell what it would cost to complete this piece of road.

**Thought She Would Go Mad WITH HEADACHE.**  
In all cases of headache the treatment should be directed to remove the cause, for with the cause removed the headache vanishes for all time. Headache powders just relieve for the time being, but what is necessary for a permanent cure is something that will go right to the seat of the trouble. For this purpose it is impossible to find a better remedy for headaches of all descriptions than Burdock Blood Bitters, acting as it does on every organ of the body to strengthen, purify and regulate the whole system.  
Mrs. Althea Bowman, Hamilton, Ont., writes:—"I have suffered terribly with my head for weeks at a time till I thought I would go mad. A friend advised me to give Burdock Blood Bitters a trial, so I got a bottle and found relief. I have used four bottles in all and I am glad to say that I have had no more headaches since. I would advise all sufferers to give it a fair trial."

**Health and Beauty Aids**  
BY MRS. MAE MARTYN.  
MARGUERITE—You should make up and use this hair tonic and you will have no further trouble with your eyes. In 1 pint clear water dissolve 1 ounce crytox, Put 2 or 3 drops in each eye twice a day for a while and the smart and ache will entirely disappear. The crytox tonic will give almost instant relief to tired, aching eye-muscles and its timely use frequently overcomes the need for glasses.  
CITY GIRL—Yes, some soaps have a tendency to rob the scalp of all its oil, and frequently causing a mild form of eczema. Get from your druggist a small, original package of canthrox and dissolve a teaspoonful in a cup of hot water, then pour this mixture on the head slowly and rub well. The thick, cleansing lather will dissolve all dust, dandruff and excess oil and greatly invigorate the scalp and hair roots. Rinsing leaves the scalp immaculately clean, while the hair dries quickly and is greatly enriched in color and brilliancy. Canthrox shampoos, if used regularly will correct all scalp troubles and induce the hair to grow thick and beautiful.  
FRISCELLA—The old-fashioned hardens tonic is Nature's best helper, and a course of treatment of this famous blood cleanser and tissue-builder restores strength and vitality to the weak, wan, warty body. It is easily and cheaply made at home—just dissolve 1-2 cupful sugar and 1 ounce hardens in 1-2 pint alcohol (not whiskey) then add hot water to make a full quart. The dose is a tablespoonful before each meal. This tonic restores lost appetite, builds up and strengthens the body, gives to the skin a clear, healthy glow and guards against bodily ills.  
MRS. A. I. M.—To retain the velvety smoothness and healthy tint of the complexion, apply daily a spruzum lotion, made by dissolving 4 ounces apurax in 1-2 pint which hard or hot water to which is added 3 tea-

It does not follow that because you are a young man, or a comparatively young man, you are therefore relieved of the responsibility of making a will.

Very early in life we are taught to live as if each day were to be our last. Pursuing this principle we will not fail to have our affairs in order—showing every consideration for our relatives and friends.

"Let all things be done decently and in order." This is a motto fundamental, and the Dominion Trust Company with its wide experience in the matter of wills wishes to be of real service to you.

The company, too, is well informed as to the common facts of the heirs of those who did not wish to make a will while yet in this world.

RANCH.

The ranch will be located on the Union Road, about six miles from Charlottetown on a farm of 165 acres. A portion of this property is covered with a beautiful grove of spruce and hardwood, making an ideal spot to prosecute the Fox-farming business.

The services of one of the most experienced ranch builders in the Province have been secured, and with his skill, coupled with the advice of our Veterinary Specialist, we will be able to give our shareholders the most up-to-date ranch yet built. It will be absolutely safe, sanitary and comfortable.

EQUIPMENT.

A comfortable house for the keepers, barns, ice-house, watchtower and everything necessary for the conducting of a first-class ranching proposition will be provided.

RANCHING EXPENSES.

There will be absolutely no charge for the ranching of the foxes for the first year. All charges for keep, food and everything connected with the maintenance of the foxes—salaries of the keepers, watchmen, veterinary inspector—will be paid by the promoters up to September 1st, 1914. This one item alone means a saving to the shareholders of from fifteen to twenty-five per cent, as the charges for keep in the greater number of companies is from fifteen to twenty-five per cent. The shareholders of the Canada Atlantic Fox and Fur Company, Limited, are, therefore, in a position to secure the fullest returns from their investment.

Agents Wanted

Representatives wanted in every territory throughout Canada and the United States to represent us in this attractive Fox proposition that guarantees 10 per cent annual cash dividend for the next five years.

None but reliable and hustling agents need apply.

Make application at once and receive full information from the Secretary-Treasurer,

J. STANLEY WEDLOCK, Charlottetown, P. E. Island, Canada.

Guaranteed Dividend

The Company guarantees to the shareholders a dividend of not less than ten per cent, per annum upon its paid-up capital during the first five years its does business, which is equal to a total dividend of fifty per cent. on paid-up capital in five years.

THE CAVALRY TO HAVE A FIELD DAY

Mounted Troops at Camp Sussex Will Have Sham Battle—The Weather Prevented Drill Yesterday.

Special to The Standard.

Sussex, June 29.—The "dry" regulations were today violated by an old offender commonly known as the weather man, who unfortunately does not come under the jurisdiction of the camp authority, and his endeavors today has put a stop to practically all drill. The artillery set out early this morning, but after a few rounds of "blanks" had been expended, were forced to retire in good order to their original ground.

Cavalry to Have Sham Fight All Their Own.

In addition to the big field day this year the cavalry on Wednesday, the plans of which were talked over by the officers of the different mounted corps this morning and full details arranged. The idea is roughly as follows: Two troops of picked men from the Hussars and Dragoons under command of Lt. Coldwell, R. C. D., will move out at 8.30 to a position eight or ten miles north east of Sussex, and their duty will be to try to break through past Sussex. This will be a particularly hard piece of work, as they will be opposed by all the rest of the cavalry in camp who are to

throw out a screen of protection from Waterford to Smith's Creek, and try to impede their advance and crush them. This will tax the skill of all the officers concerned, for while the opposing forces are small in comparison to the numbers of their enemies, they will have a large area to work in, while the larger body will have to keep in communication along the whole of their frontage or the opposing forces will be able to select a weak point and dash through the lines to safety. The actual clash will take place about noon.

On Thursday and Friday big field day will be held, when all the troops in camp will be brought into action. The attacking force, consisting of the Cavalry and Artillery will work from the south towards Sussex, moving out on Thursday night and bivouacking in the open. Their advance will be detoured by the infantry. This is rather a departure from the usual plan of attack and will put to a test the often disputed subject of whether infantry or cavalry are of most value. The Cavalry will work under the new "Yeomanry and Mounted Rifle Training," which is universally in use for Canadian militia and which the "charge" is done away with, the men galloping up to a position dismounting one man leading each four horses to cover, and his comrades opening fire on foot, when they have an opportunity, the led horses are signalled for and brought up at the gallop, when the men mount and dash to another point to expect the next attack.

At No. 2 clearing hospital things are fairly quiet, the "no liquor" regulation being responsible, to a great extent, for the small number of accidents and slim "kick parades." Numerous trivial bruises and sprains from unavoidable causes have been treated in an efficient manner. The interest in sports this year does not seem to be as great as other years, and only a few of the regiments have clashed in friendly rivalry. The meeting at the Y. M. C. A. tents in the evening have been well attended so far. Artillery Sham Fight. The 73rd and 74th regiments will fire at the range Tuesday morning and afternoon. The artillery will spend the morning in mounted drill and prac-

tice in holding a position against infantry advancing and the afternoon in shelling trenches. The engineers will spend the day in drill, preparing of ground for attack. The infantry will perform battalion drill in the morning and practice in outpost duties. The force of the sham fight will be divided and commanders as follows: Blue force, Col. McLean, M.P., command 8th Hussars, 28th Dragoons, 19th Field Battery; red force, Lieut. Col. J. B. McKenzie, 16th Infantry brigade staff, 12 field battery engineers, 67th, 71st, 73rd and 74th regiments, No. 6 signal corps, 8th field ambulance.

The following will umpire the day: Blue, Maj. R. J. F. Hayes, chief umpire, assisted by Capt. F. A. Good, 71st regiment; Lieut. Caldwell, R. C. D. Red force, Maj. Hamilton Gray, R. C. D., umpire in chief; Lieut. H. B. Boswell, R. C. D., Lieut. Henshaw, R. C. D., Lieut. L. M. Hugh, R. C. D. Twenty rounds of blank ammunition will be carried by each man.

## THE ONTARIO ELECTIONS

The result in Ontario yesterday cannot be regarded as a setback to the cause of prohibition, as such as a crushing blow to the Liberal party in that province. Mr. Rowell did not go down to defeat because he adopted the cry of "abolish the bar," but, rather, in the way of material. They had a canvass calculated to catch the voter whose vote is dictated by his heart rather than his head; the well-meaning citizen who, in his zeal for what he fancied would be the advancement of the cause of temperance, might refuse to consider the value of the services rendered to the province of Ontario by the government...

No one can deny that the canvass which Mr. Rowell and his followers made particularly their own is, ordinarily, possessed of much drawing power, especially in a province so pronouncedly temperance in its sentiment as the province of Ontario. Consequently, the outstanding lesson of the campaign is that Ontario people have so little faith in the pretensions of the Liberal party that they refused to take seriously the promises of Mr. Rowell and his henchmen, that if successful, they would drive the liquor traffic from the province. Also the result is a wonderful vindication of the administration and policy of Sir James P. Whitney's government. If Ontario's honored premier has been notable for one characteristic more than another, it is his reticence to make promises he might not be able to fulfill and his sterling, rugged honesty. During his tenure of office Sir James introduced advanced legislation on the temperance question and, in the present campaign, took the ground that whether the sale of liquor should be permitted in any part of the province was a matter for that district alone to decide, but once a district pronounced in favor of no license, all the machinery of the government was employed to see that the wish of the people was carried out.

The result has been, that even though the Rowellites, yesterday, found the people unwilling to ride them into power on a prohibition plank, the cause of temperance will hardly suffer. Premier Whitney has quietly been accomplishing what his opponents, with much ostentation, announced they were prepared to work for. Ontario will go dry when the people wish it, and will stay dry as long as the people wish it. But yesterday's result is illuminating as showing that, in one province at least, the cry of prohibition is not ineffective when presented as a vote catcher by the Liberal party.

## CANADA'S NATAL DAY.

Canadians tomorrow will celebrate their own holiday, the anniversary of the confederation of the Canadian provinces into the first Dominion of Canada. Forty-seven years ago the step was taken which meant the birth of a mighty factor in the sisterhood of nations composing the British Empire. The story of that birth is well known to all Canadians. It was not accomplished without some pain, some travail and much sacrifice, but who is there now who will say that all, and more, would not have been fully justified if the result was to produce the great nation of this day?

Since July 1st, 1867, the Dominion of Canada has progressed and developed at a rate unequalled by any other people, or country, on the face of the civilized globe. Viewing that progress, all adherents of the grand old Conservative party may well feel proud for it has been, in no small degree, due to the wisdom of those men who framed the national policy of protection as Canada's safeguard and bulwark during her period of growth. While there has been world-wide depression in trade and industrial circles, it is notable that Canada has weathered the storm with less damage than other nations. Conditions of business in this country today are immeasurably superior to those in the United States. This fact, also, is in no small degree due to Canada's strict adherence to the policy of protection. Let us suppose that the Canadian voters had given ear to the seductive promises of Sir Wilfrid Laurier during the reciprocity campaign, would this country have been as prosperous as she now is? Would it not rather have been one of those nations that sink the aggression in the United

## Diary of Events

**HISTORIC DAYS IN CANADA**  
One year from today will mark the 250th anniversary of the arrival in Quebec of the Marquis de Tracy, who was the first direct representative of the most Christian King of France to be dispatched to New France. Prior to De Tracy's appointment as lieutenant-general, French America had been governed by trading companies. The St. Malo Company of 1599 was succeeded by Champlain and De Monts four years later. Just three centuries ago Champlain organized the Rouen Company, and the rival De Caen appeared on the scene in 1620. From 1627 to 1665, when New France was made a part of the royal domain, France was ruled largely by the Company of the Hundred Associates. De Tracy was in turn and literally on "his last legs" when he reached New France, but his spirit was youthful. He was also claimed by the French. England's rule was confined to a narrow stretch along the Atlantic seaboard, and even New York had just been wrested from the Dutch. To the observer of that period it must have seemed that the whole continent was destined to French domination. De Tracy's arrival at Quebec, the last Governor-General of New France, surrendered the entire country to England.

**THE HUMAN PROCESSION**  
ECUADORIAN PRESIDENT OPPOSED BY REBELS  
Dr. Gen. Leonidas Plaza, who is, or was, president of Republica del Ecuador, was born fifty years ago today, and has long been active in the political affairs of the South American republic. Whether Gen. Plaza is or was, in relation to the presidency of his native land, is a matter for the latest cables from the front to determine, and not to be dealt with by the historical writer of biographical sketches. Although the Ecuadorian executive—or ex-executive—has attained a high rank among Latin-American statesmen, his reputation has not been sufficient to quell the turbulent rebels who have been turning Ecuador inside out and upside down for well over two years. In relation to the presidency, he was apparently incapable of solution of his political methods, and must be referred to the arbitration of arms.

Gen. Plaza first attained international fame when he was elected president of Ecuador for the first time in 1900. He served his full term of four years, for the republic was then quiet and he outgrew his revolutionary tendencies. After leaving the presidential palace at Quito, he was sent to Washington as Ecuadorian minister to the United States. After quitting that post he returned to Ecuador, where he lived in comparative obscurity until the death of President Emilio Estrada, in 1911, and the contentions of would-be successors, brought him again into the limelight. As in the case of the overthrow and death of Madero in Mexico, the officers of the army were responsible for the subsequent bloody affairs which disgraced Ecuador in the eyes of the civilized world. Gen. Pedro Montero was made president by a military coup, and immediately began to play the role of dictator and tyrant. After a month of despotic rule Montero was captured by a Guayaquil mob and dragged through streets lined with cheering populace. He was shot full of holes, and then, as an additional precaution, he was beheaded. After that, just to make sure that he was dead, the citizens burned the body.

That should have been enough to discourage further attempts at setting up a military dictatorship, and the public lynching of five of Montero's advisers was also calculated to discourage his ambitions. A few months later, however, Gen. Julio Andrade, military commander of Guayaquil, entertained an idea that he could succeed where Montero had failed, and proclaimed himself president. He, also, is quite dead. After that most of the rebellious soldiers took to the hills, and an election was held, following a heated campaign in which the Liberal party was split into two divisions. Gen. Plaza was the candidate of one section of the Liberals, and was elected. He was inaugurated on August 31, 1912, and for a little time there was peace in Ecuador.

The latest revolution was started last year by Gen. Carlos Cueva, who has had an ally, a Colombian soldier, Gen. Jorge Martinez. On De Tracy's arrival in 1620, the French flag was hoisted over the city of Quebec. The latest revolution was started last year by Gen. Carlos Cueva, who has had an ally, a Colombian soldier, Gen. Jorge Martinez. On De Tracy's arrival in 1620, the French flag was hoisted over the city of Quebec.

On the 15th of the city of Esmeraldas, capital of a province, fell into the hands of the rebels, but it was recaptured by the Plaza forces in February last. Gen. Plaza personally headed the army sent against the rebels. The government press of Ecuador described Cueva as a "bandit," and as the leader of a band of outlaws, but that the situation was serious was recently recognized by the Ecuadorian council of state in authorizing the executive to adopt extraordinary measures.

## CANADA STEAMSHIP, DAY'S FEATURE

Only Bright Spot Yesterday in Otherwise Dull Market.

### FIRMER FREIGHT RATES RUMORED

Scotia Shares active in the afternoon's trading—Denial by Dominion Iron Corporation's President.

Montreal, June 29.—The local market had another dull session today but the redeeming feature of the situation was the steadiness in prices. The Canada Steamship issues were the prominent features. The common was firmer at 11 1/4, and the preferred sold around 65, which was on a level with Saturday's high. There was no special news developments so far as these issues were concerned, but it is stated that there is a slight tendency towards firmer freight rates. Apparently there is a considerable quantity of freight being booked. So far as the common is concerned, however, there is very little increase in the volume of package freight moving westwards. In the afternoon Scotia was the most active feature and the market was easier. Sales took place at 50, but there was a recovery to 50 1/2 at the close. There was no trading in Dominion Steel today, but President Plummer issued a denial of the report that the Dominion Steel Corporation was unable to make any additional sales of pig iron into the United States in view of the recent heavy sales of rails by his company to Australian and Canadian railways. He says that the corporation is not selling pig iron in the United States at present, because there is a poor market there at the present time. He states, however, that the company is still in the market to sell pig iron whenever American buyers are in a position to take it at satisfactory prices. Brazilian steel was also active today by the market in Montreal. The price has been a delay in bringing to a conclusion the negotiations for the new Brazilian loan. London 45 1/2. It is expected that there will be a conference in a few days between representatives of the Tramways Co. and the civic authorities.

## TRADE AND THE CLAFLIN FAILURE

Except to make for greater conservatism in extending credit, no signs of affect on general sentiment

### Philadelphia, June 28.—

Except for the admission of bankers that the Claflin failure will tend toward greater conservatism in extending credit, there is no evidence here that the unfortunate development has affected sentiment in a strictly business sense, particularly as to the outlook for the last half of the year, a period which Philadelphia believes will be one of convalescence and reconstruction. The signs that usually precede improvement in some basic lines are regarded as unmistakable. In others, notably textiles, producers can see little reason for encouragement because of the lack of inquiries for forward delivery. June has been the slowest month of the year in this line, with approximately 45 per cent. of the machinery idle. Taken collectively, however, there is less hesitancy about placing orders for the future. Four times as many contracts were taken for pig iron in this section so far this month as in April. The last ten days have been especially brisk. This applies to volume only, prices showing no improvement. The position taken generally by the trade is that buyers have got to cover requirements, and as there is no possibility of prices receding, only one inference is to be drawn as to the future course of the trade. On the basis of present consumption, there is less than three weeks' supply of pig in furnace yards, and practically none in consumers' hands.—New York Evening Post.

## COTTON ESTIMATE FOR THIS WEEK

Second Cotton crop condition report to be issued tomorrow, expected to be better than first one.

Memphis, June 28.—That the second cotton crop condition report of the season, to be issued on Wednesday, July 1, will show a higher percentage than the first one of 74.3 is generally believed in this section of the belt. But it is not believed it will equal the ten year average of 80.7 for the same date, and that the belt's revised total will continue on the defensive. It is also felt that the figures on acreage, to be issued on the same day, will be smaller than last year's revised total, the principal decrease to be shown in the western belt. Conjecture regarding the report is now one of the chief influences affecting values. The numerous private reports which will come to hand during the next few days will aid in fixing expectations, but the greatest importance will, as always, be attached to what the official announcement will be. Those people who argue that the improvement over the June report will prove disappointing are citing the fact that for some days after the first one was made up, conditions in a large part of the belt continued unfavorable. In the western belt they were having too much rain, while most of the central and eastern belts were getting too little. That the crop's actual condition at the time the report was made was a point or two below 74.3 is thought to be a reasonable inference. That would make the basis from which improvement should start an extremely low one. Holders of such views think that many people have lost sight of this fact, and have also been disposed to overestimate the extent of improvement.

## NOTED "COPPER KING" AND BANKER REPORTED DYING IN NEW YORK

F. Augustus Helme, erstwhile "Copper King" and banker, is reported to be dying in New York. This information came to light when William Travers Jerome appeared in court for Mr. Helme in a judgment case for \$275,000, and in a plea to the Court for a postponement of the hearing Mr. Jerome said:—"I insist that Mr. Helme is a very sick man. He may never again be able to get out. I do not think it right to take advantage of a dying man. Have a heart, Judge; have a heart."

## SHORTS AFRAID OF BLACK RUST

Chicago, June 29.—Wheat—Fear of black rust in the northwest frightened a great many shorts in wheat into covering and advanced prices very sharply early in the day. Disclosure of the facts caused a resumption of the downward trend and sent prices lower than at the close on Saturday, although the early bulge had carried July, September and December over Saturday's close from 1-3 to 1-2 cent. While wheat looks so weak or weaker than at any time during the decline, it is time for caution. The export business done recently is going to result in a liberal outward movement of new wheat and with stocks as small as they are, and a good sized short interest outstanding any change in weather conditions here or on the other side would change the situation quickly and short sales should be made only on the hard spots. Corn—Has ranked lower, buyers rather disappointed and taking hold only sparingly. Bulge in wheat gave the market temporary help early as did the reports of general rain and lessened sales in Argentina. Cash corn was slow, sales 1-4 to 1-2 lower. Oats—Have weakened with other grains. There has been increased sales from the country of new crop oats for future arrival. Some hedging of actual purchases, and resumption of short selling by some that covered last week, and more or less liquidation by scattered shorts. HULBURD, WARREN AND CHANDLER.

## THE POLICY OF THE BANK OF ENGLAND

Why it has made no effort to capture the New York gold exports.

London, June 18.—The Bank of England's gold, which decreased £7,600,000 between January 25 and June 2, has since then increased £8,600,000. Last year it increased only £398,000 in the first fortnight of July. Whether the policy of the Bank of England in allowing the gold from New York to slip past it through the failure to offer inducements of its own is the correct one or not, time must show; but at any rate the Bank has acted upon what may be termed natural economic lines, and just as you have excellently upheld your character as a free gold market by promptly meeting all demands upon your stores of metal as soon as the exchange warranted the withdrawals, so we, on our part, have offered no artificial inducements to cause the metal to flow hither. Not only so, but even as a matter of financial policy it has probably been the wiser course to allow the Bank of France, at any rate, to become as strong as possible, for the financial needs of the French money market have been very great. At the time of writing comes the really definite news that the first portion of the great French Government loan is to be floated within the next week or two, and it must sincerely be hoped that after that loan has been issued, and the pursestrings of the French investor have been loosened, normal conditions may again prevail in France, and that there may be an end to the extraordinary gold accumulations.

## WORST SINCE '88, WITH 2 EXCEPTIONS

Yesterday on Wall Street leanest day except two, since memorable blizzard 26 years ago.

New York, June 29.—With two exceptions—July 11 and November 24 of last year—today's business on the Stock Exchange was the smallest of any day since the memorable blizzard of 1888, when New York was cut off from most of the world's markets. Transactions for the session amounted to 69,000 shares. The movement, what there was of it, ranged from irregular to heavy. Opening prices were mostly higher, in keeping with London, which showed no outward concern over the assassination of Austria's heir. An early sale of 100 shares of United Dry Goods preferred at 65, a gain of five points over last week's close, was the sole feature of the initial trading, but the stock yielded a part of its recovery in the later dealings. Standard shares reflected the abnormal dullness to an unusual degree, some of them remaining unquoted for long intervals, while various inactive issues were not quoted at all. In the special group a late apart in Continental Can common and preferred, which rose four or more points, and a decline of two points in General Motors were almost the only features of the day. Domestic news was of a negative character, including misgivings over the Mexican situation, a gain in the movement of western tonnage, and a sharp break in exchange, which probably had the effect of abating gold exports. Transfer of \$400,000 to the Pacific Coast called attention to demands from that center. A new low record for pig iron at Pittsburgh was registered, and copper metal prices were again revised downwards. The bond market was irregular, with weakness in some of the low priced issues. Total sales, par value, \$1,480,000. Government bonds were unchanged on call.

F. Augustus Helme, erstwhile "Copper King" and banker, is reported to be dying in New York. This information came to light when William Travers Jerome appeared in court for Mr. Helme in a judgment case for \$275,000, and in a plea to the Court for a postponement of the hearing Mr. Jerome said:—"I insist that Mr. Helme is a very sick man. He may never again be able to get out. I do not think it right to take advantage of a dying man. Have a heart, Judge; have a heart."

## A Seasoned Investment

Nova Scotia Steel & Coal Company 6 per cent. Mortgage Debenture Stock Netting 6 1-2 p. c. Interest is payable half yearly by means of cheque payable at par at branch of the Royal Bank of Canada or the Bank of Nova Scotia in Canada. Outstanding Features: The value of the Company's assets is estimated by the President at \$20,000,000. After deducting \$5,000,000 for the first mortgage bonds there remains assets, in the President's opinion, equal to almost five times the debenture issue. The report for 1913 shows net earnings applicable to interest on Debenture Stock of \$92,000, or more than five times the requirements. Investors should be specially interested in this security. # THE CLOSING EXERCISES IN SCHOOLS

## Girls win honors — High School programme of interest — The graduating class.

The public schools will close today for the summer holidays, and practically all the schools, except Alexandria, are celebrating the occasion and designed to interest parents, will be held. There will be the usual recitations, essays, and presentations of certificates and medals.

At the High School examinations this year the girls made a good lead over the boys, both in numbers and marks. Of the class of fifty-three, thirty-five are girls and eighteen boys. Three boys got into the honor division and the highest boy was in the eighth place. The failures to pass the examinations were confined to the boys.

The pupils passing the examinations with honors are as follows—arranged in order of merit: Miss Hilda Stevens, Miss Maude Hickson, Miss Marion Crickhank, Miss Helen Carter, Miss Dorothy Bayard, Miss Marion Machum, Miss Edith Vincent, Lorne Whitaker, Miss Beth Hoyt, John McIntosh, Miss Jessie Jamieson and Stanley Nason.

Miss Stevens, the valedictorian, led the class with a fine average of more than ninety per cent. Her nearest competitor was Miss Hickson with eighty-three.

There is an unusually large number of pupils in the grade XII class which corresponds to the first year at college this year. They will receive their diplomas in the following order: Miss A. Muriel Seely, Atwood S. Bridges, G. Lyman Anglin, Miss G. Mildred E. Wilson, Miss Helen G. Cushing, Miss F. L. Henderson, Miss Emma H. Colwell, Miss Alice G. Bell and Manfred W. McCutcheon.

Twenty-seven of the graduating class will write the matriculation examinations which will be commenced on next Tuesday morning. The closing exercises at the High School will begin at 10:45 a. m. The programme follows: Music—High School Orchestra March, "Flying Arrow," Holzman. Entrance of graduating class. Essay, "Good Citizenship," Macleod Boyer.

Dream of Fair Women—Tennyson Dreamer—Helen Reed. Helen of Troy—Dorothy McCConnell. Iphigenia—Constance Ewing. Coparceners—Jean Todd. Jephthah's Daughter—Elsie Wilson. Fair Rosamond—Helen Carter. Music—High School Orchestra March, "On the Alert," Burr. Scene from As You Like It, Shakespeare. Duke—G. D. Scott. Amiens—Stanley Nason. Orlando—Austin Kirk. Jacques—Ray Kirk. First Lord—Loren Harding. Declaration from Cicero, Lorne Whitaker.

# SCHOOL PLANT IMPROVEMENTS IN ST. JOHN

## Value according to official report, \$600,000—Statement of the assets and liabilities.

The value of the school plant of the city of St. John is over \$600,000, according to the report of the Board of School Trustees for 1913-1914, which has just been printed. The following is the statement of assets and liabilities as on June 30, 1913.

Assets	
Cash on hand	\$ 21.04
Land and buildings	539,475.02
Furniture purchased	49,257.93
Bank of Nova Scotia (Sinking Fund Investment Acct.)	15,863.81
Due from county secretary	6,028.77

Ground rent due	
J. H. Pullen	\$ 43.75
Dr. Jas. Manning	150.00
Estelle McAlpine	109.54
C. A. Clark	106.65
Florence A. Thompson	75.00
Supplies on hand for schools	484.97
Employees taxes due	46.00
	6.57
Office, assets and liabilities	\$631,678.57
	7,233.96
	\$638,912.53

(Sgd.) A. GORDON LEAVITT, Secretary. Correct, (Sgd.) Adam P. MacIntyre, C. A., Comptroller and Auditor. The superintendent's report for the same period says: "The total enrolment of pupils for 1913-14 was 7,587 for the first term and 7,483 for the second term. Number of boys enrolled, first term 1913-14, 3,692. Number of girls enrolled, first term 1913-14, 3,895. Number of boys enrolled, second term 1913-14, 3,630. Number of girls enrolled, second term 1913-14, 3,853. The percentage of enrolment daily present for the first term was eighty-eight per cent, and for the second term eighty-three per cent, but if the percentage be calculated on those actually belonging it was ninety-one per cent for the first term and eighty-nine per cent for the second term.

The schools have had on the whole a fairly successful year, and progress has been made all along the line—more particularly in the matter of equipment, greater attention to improved methods of teaching in what may be termed the basal subjects of the school course, viz. reading, writing and arithmetic, and last, but not least, a small beginning in industrial education.

## Had Nervous Dyspepsia

With Frequent Sick Headaches and Much Pain After Eating—Dr. Chase's Nerve Food Cured.

This letter is from a lady who gained fourteen pounds by using the great food cure. It did wonders for her in improving her general health. She is enthusiastic in its praise, and refers to her neighbors as witnesses of the splendid results obtained.

Mrs. Susan Dobson, Spring Hill Mines, N. S., writes: "It is with pleasure that I write to you in praise of Dr. Chase's Nerve Food. I was troubled with dyspepsia, and could not eat without suffering much pain; also had sick headaches frequently, and my nerves were in bad condition. About ten years ago I took a thorough treatment of Dr. Chase's Nerve Food, using altogether twenty-one boxes, and since then can eat anything, have been freed from headaches, and my health has been greatly improved in every way. I gained fourteen pounds in weight, and feel sure I owe everything to Dr. Chase's Nerve Food. You may use this letter, and my neighbors can tell you of my condition before using this treatment."

KEEPING cool is not a matter of keeping still. The people who get the most enjoyment and the least discomfort out of summer days are those who go right along about their regular business and ignore the weather.

# SCREENED WITH THE TERRIBLE PAIN

## "Fruit-a-tives" Completely Cured Distressing Kidney Trouble.

St. Thomas, Ont., April 1st, 1913. "In 1911, I was laid up with Kidney Trouble and not able to get out of my chair. Had tried many kidney remedies without satisfactory results. The pain was excruciating and my screams could be heard on the street. One day a friend from Ottawa came to see me and when he found me in such poor health, said he would send me a sample of 'Fruit-a-tives,' which he did and I commenced taking them. The result was so apparent with the first few doses that I recited to take 'Fruit-a-tives' and was completely restored to my normal state of health. I would strongly advise anyone suffering with Kidney Trouble to take 'Fruit-a-tives' and cure themselves."

CHARLES CALVBART, 55c. a box, 6 for \$2.50, trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

## Few Tourists.

Owing to the cool weather few tourists have come to St. John during the month, and reports from Digby say there have been few visitors as yet to that popular summer resort. Both the St. George and Yarmouth are running between St. John and Digby, but they have not been carrying many passengers. The Yarmouth, however, is carrying about all the freight she can handle both ways.

# PRESENTATION TO FREDERICTON PASTOR

## Purse of gold for Rev. Neil McLaughlin, who leaves capital to take up work in Bermuda.

Fredricton, June 29—Rev. N. McLaughlin, who preached his farewell sermon at the Methodist church last evening after a successful pastorate of four years, was presented with a purse of \$100 in gold by a committee of the congregation. Rev. Mr. McLaughlin replied feelingly and also referred to the presentation in his farewell sermon.

Rev. Mr. McLaughlin and his family will leave here by the steamer Victoria on Wednesday morning for Eppworth Park on the St. John River, where Mrs. McLaughlin and family will occupy a cottage until September. Rev. Mr. McLaughlin will sail from Halifax for Bermuda on July 17th, his family following in the fall. Rev. Thomas Marshall, the new pastor, is expected to arrive here about the middle of July to take up his duties.

Every Dish a New Surprise

## The Canadian Family Cook Book

Compiled by LADY GAY

brings to you 1,134 of the newest and most coveted dishes that over 200 successful Canadian housewives have thought out, planned and used frequently in their own homes with the most gratifying results. Here is a range of recipes so delightful, fully varied as to enable you to make every dish a new surprise—every meal a new delight. But the best of it is the low-cost with which these recipes can be produced. No need for expensive ingredients to secure the delightful effect and piquant flavor. You'll find no better or more satisfactory way of making the household fund go farther and giving a "new" pleasure to your meals than by using these economically-delightful dishes.

## Celebrate Fiftieth Wedding Anniversary

Mr. and Mrs. Charles Calvert of 169 Millidge Avenue at Home to Their Numerous Friends Today—An Old British Soldier.

Mr. and Mrs. Charles Calvert as They Look Today. Their Fiftieth Wedding Anniversary.

Mr. and Mrs. Charles Calvert, of 169 Millidge Avenue are today celebrating the fiftieth anniversary of their marriage and are receiving the hearty congratulations of their numerous friends.

Last evening when a Standard reporter made a friendly call at the cozy home of the Calverts he met about as happy a couple as any person would meet in a life time. Although they had reached the half century mark of wedded life, they were just as happy as they were fifty years ago. Both Mr. and Mrs. Calvert are in excellent health and they greatly enjoyed talking about the old days.

On June 30th, 1864 Charles Calvert became a regular in the British army, and his rank at that time was assistant school master of the 15th regiment, then doing duty right here in St. John, and on that date Miss Susan Ann Grant of Grand Lake, Queen's County, became his bride. They were married by Rev. Samuel Robinson of the Brussels street Baptist church.

Before coming to St. John with the gallant 15th, Charles Calvert had been a militiaman and was doing duty during the Crimean war, and he does not tire talking about the good old days when he and the other young soldiers were ambitious and looking forward to a fight for the good old Union Jack.

In fact when he gets warmed up to the subject of serving his King and Country he appears to be quite ready to go into the ranks again, and fight providing he was eligible, but those days have passed into history for him as he is now 75 years of age, but for a man of that age he, like his good wife, is most active and industrious.

Mr. Calvert was in the service of the British army for 21 years and 22 days. After remaining in St. John for four years with the 15th Regiment he left with the corps for Bermuda where he was stationed for a number of years. He was then sent to Ireland and later on went to Chatham, England.

Mr. and Mrs. Charles Calvert as They Looked on Their Wedding Day, Fifty Years Ago.

Mr. Calvert said last evening that he had been looking forward to the fiftieth anniversary of his marriage for some time past, and his comfortable home will be wide open today and to night when he and Mrs. Calvert will be pleased to meet all of their friends.

The Standard joins in extending congratulations, and it is to be hoped that Mr. and Mrs. Calvert will live many more years to enjoy the happiness that they have been blessed with during the past fifty years.

## AROUND THE CITY

**TOMORROW, DOMINION DAY. THE STANDARD WILL NOT BE PUBLISHED.**

**Two Drunks**  
Two drunks were taken in custody last night, one on Water street, and the other on Union street.

**Abusive Language**  
Albert Coombes was arrested yesterday afternoon on a warrant charging him with using abusive language.

**Grappling Irons**  
The commissioner of harbors, ferries and public lands has been authorized to purchase several sets of grappling irons and two sweeps for use in recovering bodies from any of the waters near the city. It was pointed out at the meeting of the commissioners yesterday afternoon that on Saturday afternoon, at the time of the drowning accident in Leonard's Creek there was a delay in securing irons. The commissioner will secure them as soon as possible.

**Work Nearly Finished**  
E. G. M. Cape, whose company has the contract for building the sugar refinery and for constructing the concrete superstructure on the West Side wharves, arrived in the city yesterday afternoon. During the afternoon Mr. Cape inspected the work his company is doing at the sugar refinery. To a reporter he said his company's contract was nearly finished, and that it depended on the company which is installing the machinery when the refinery would be ready to start operations. Today Mr. Cape will inspect the work on the West Side.

**Will Meet Today**  
The Arbitration Board appointed by the Minister of Labor to inquire into the dispute between the St. John Street Railway and street railway employees union, arising from the dismissal of Conductor Ramsey, met yesterday for organization purposes. The board will meet at 10 o'clock this morning in the County Court chambers in the Pugsley Building to take evidence. The board has been asked on behalf of the union to call eight or nine witnesses. It is expected the board will be able to complete its inquiry today. R. T. Hayes is the chairman, Judge Forbes the company's representative, and J. L. Segrue the men's representative.

**The Fish Market**  
Although the harbor fishermen made big catches of gaspereau during the season the fishing during the shad and salmon seasons which are practically closed was rather light. Salmon and shad were plentiful on the local market at good prices, but shipments to other markets were below the average. Reports from Charlotte county state that the sardine fishing has continued rather poor. Occasional good catches have been made at different points, but the fishing has been very unsteady. Cod and pollock fishing in the Bay of Fundy has been good, and considerable quantities of salt fish have come into St. John. Most of the wholesalers have good stocks in hand.

**KEEN INTEREST IN ONTARIO ELECTION.**  
The interest in the Ontario provincial election was very keen in St. John and the struggle was watched with interest by many people in this city and other parts of the province. From early last evening till early this morning the Standard office was besieged with inquiries concerning the results. Hundreds of telephone calls were answered by The Standard staff and the calls came from many points outside the city as well as from people in St. John.

**PERSONAL DECORATIONS**  
The little touches of adornment about a lady's attire indicates her refinement. A Billy Burke silk neck cord which is the newest thing for ladies' wear, gives one of these refined touches, and are very inexpensive. They run in prices from 10 cents to 15 cents each and can be had at F. A. Dykeman & Co's, where all the colors imaginable are on display. This firm is also showing the medic collar, that has a very graceful roll and is made of the newest materials, consisting of book voile and Irish net lace.

**CONSERVATIVE ELECTORS OF LANDOWNE WARD.**  
The Conservative electors of Landowne Ward are requested to meet in Orange Hall, Elmwood street, on Thursday evening, July 2nd, at eight (8) o'clock for the purpose of electing a chairman.

## DOMINION DAY

The natal day of the Dominion of Canada will be generally observed tomorrow and many plans have been formulated by citizens of St. John for celebrating the occasion. Out of town amusements seem more numerous than those within the city limits, but there will be plenty of entertainment provided for all who wish to remain in the city.

Baseball games have been arranged for the different parks and it is likely that several visiting teams will be on hand to battle with local aggregations. The Standard office was besieged with inquiries concerning the results. Hundreds of telephone calls were answered by The Standard staff and the calls came from many points outside the city as well as from people in St. John.

Fine weather has been predicted for the day and it is likely that the sunshine will be one of the chief helps towards a successful holiday.

## ASSAULT BY EX-CONVICT

James Fitzgerald Attacks Thomas McAndrews With Axe.

### BELIEVED RESULT OF A DRUNKEN ROW

Victim, covered with blood staggers up Harrigan's Alley and falls on sidewalk—Spectators horrified.

Persons who happened along Brussels street last evening, about seven o'clock, were horrified when they saw Thomas McAndrews, a man about 60 years of age, stagger up from Harrigan's alley and fall in a semi-conscious state on the sidewalk. Blood was streaming from wounds on his head, and face and his clothing was covered. It was thought by those who were first on the scene that McAndrews was dead and that he had been murdered.

The night and day squads of policemen had just been sent from the central police station by Deputy Chief Jenkins when a telephone call came to headquarters that a man was lying on Brussels street sidewalk covered with blood. The Deputy Chief, with Patrolman James McNamee, hastened to the scene and as the distance from the station to Harrigan's Alley is only a few blocks, the officers arrived there quickly and found McAndrews being cared for by some men. The ambulance was summoned and Policeman McNamee took the injured man to the general Public Hospital for treatment.

**Inform Police.**  
Before being placed in the ambulance McAndrews rallied enough to tell the officers that he had been injured by James Fitzgerald, a man who he said was looking for a fight.

Deputy Chief Jenkins then visited the apartment in the alley where Fitzgerald had made a quick getaway after committing the assault, and Deputy Jenkins then sent word to all the officers on the beats to keep a sharp lookout for him, and if seen to place him under arrest.

**Sickening Sight.**  
When the Deputy entered the place where Fitzgerald had lived, the sight that met his view was almost sickening. Where the man lived was but one room situated at the far end of the long alley. There was a stove and a table with a couple of chairs on one side of the room. In one corner was a sort of a cot, and in another corner was a kind of a bed made up on the floor. There was blood all about the room and to use the words of the police officer, "It looked more like a slaughter house than a place where any person resided."

The Deputy made a thorough search and found standing up against one of the walls a short handled axe, the blade of which was covered with blood and it was with this weapon that Fitzgerald cut McAndrews. After cleaning all the information he could, the Deputy had the room closed up and took the axe along to central police station for evidence.

**Fitzgerald Arrested.**  
At eight o'clock last night Detective Fred Lucas came across Fitzgerald on King street, near the McAvity stores, and placed him under arrest. He was taken to the central police station where he was charged with wounding and causing bodily harm to Thomas McAndrews by striking him with an axe.

Fitzgerald had very little to say regarding the affair and appeared to have been drinking. The hospital doctors found McAndrews was quite weak from the loss of blood, and that he had received three large scalp wounds, and a deep cut in the forehead. It was necessary to use stitches to close the wounds. It was reported last night that the victim was feeling pretty well and it is not thought that his injuries will prove very serious.

**Story of Victim.**  
McAndrews stated that he was living with Fitzgerald and was lying down on the bed in the room when Fitzgerald attacked him with the axe. He could not defend himself, and after being struck with the axe several times he was dazed and with the blood streaming in his eyes he managed to get out of the room and grope his way up the alley to the sidewalk where he collapsed.

Other residents about the alley, many of whom are colored people, appeared to know very little about the assault when questioned last night. They said that the two men were together in the room and that no person bothered with them, the first that they knew of any assault was when McAndrews reached the sidewalk and fell down. It was thought by some that very likely there had been some liquor going in the Fitzgerald room, and the assault was the outcome of a row between the two men.

McAndrews, who is 60 years of age, is a carpenter by trade, while his assailant is a laborer who gives his age as 43 years.

That McAndrews was not murdered by the blows on the head with the axe seems to be a wonder, and it is a fortunate thing that he was not killed, and that his assailant is not now behind the bars charged with murder.

Fitzgerald has had a past career in police circles. He has been arrested on previous occasions and one of his last visits to the court was on the charge of theft. That was a few years ago when he was found guilty and sent to Dorchester penitentiary.
