

JUGO-SLAV GOVERNMENT ADHERES STRICTLY TO THE AGREEMENT OF DECEMBER 9

In Reply to Ultimatum of French and British of Jan. 14th, They Raise Many of Same Objections as Wilson.

LIARSA ISLAND IN DISPUTE

Claim An Annexation of Purely Jugo-Slav Territories Would Bring About Violation of Principles of Nationalities.

Washington, March 2.—Strict adherence to the British, French and American agreement of December 9th on the Adriatic question characterized the reply of January 20 of the Jugo-Slav Government to the French and British ultimatum on January 14. The Jugo-Slav note, which was made public today by the State Department, raises many of the same objections as set forth in President Wilson's note of January 19, protesting against the overturning of the previously agreed solution of the vexatious parliament.

The single insistent difference which distinguishes the point of view of the Jugo-Slav reply from that of the agreement signed by Secretary Polk on behalf of the United States December 9 is over the cession to Italy of the island of Liarsa, which, according to the Jugo-Slav note, "is purely Slav and, from an economic point of view, indisputably united with Dalmatia."

The Wilson Line.

Concerning the readjustment of "the Wilson line as proposed in the French and British proposal," the note declares such an "unjustifiable annexation of purely Jugo-Slav territories would bring about a new and flagrant violation of the principles of nationalities. It would inevitably create a permanent hot-bed of irredentism within the frontiers of Italy of a nature precisely analogous to that which was held as a justification of the claims of Italia Irredenta in which its return to the mother country is demanded."

London, March 2.—Anton Trumbic, the Jugo-Slav Foreign Minister, speaking today concerning the Adriatic question, said: "As far as Serbia is concerned, the London discussion of Adriatic affairs has resulted in no progress whatever. We are gratified to see that President Wilson is standing by his guns and insisting that there be no adjustment of the difficulty other than one which will be equitable to all concerned and certain to guarantee peace."

C. P. R. PASSENGER TRAIN DERAILED AT SUDBURY

Broken Rail Sends Six Coaches Into the Ditch—Seven Passengers Receive Slight Injuries.

Montreal, March 2.—The accident to train number three westbound from Toronto to Vancouver, reported in a dispatch this afternoon from Sudbury, caused the derailment of the six rear cars of the train, which consisted of ten cars, according to information received at the head office of the Canadian Pacific Railway here. One of the derailed cars, which was at the front, a colonist car, also derailed. The accident, which was caused by a broken rail, occurred half a mile east of Metagama at ten a.m. yesterday and the track had been cleared and resumed by 9 p.m. Seven of the passengers were injured, but all the injuries are reported to be slight, and none of those injured needed to go to a hospital.

VETS PROTESTING AGAINST WAUGH

Claim One of Their Number Who is Qualified Should be on Saar Valley Commission

Ottawa, March 2.—A protest against the appointment of Richard D. Waugh as mayor of Winnipeg to the position of Canada's representative on the Saar Valley commission is to be made to the Government by the Great War Veterans' Association. The vets are protesting on the ground that preference should have been given to a qualified ex-member of the C. E. F.

EIGHT BURNED TO DEATH IN FIRE AT ST. FERCAL, QUE.

Quebec, March 2.—The home of Gaudios Dupont, a farmer in the village of St. Fercal, fifteen miles from here, was destroyed by fire last night and four children, together with Mrs. Dupont's mother and father, and Mr. and Mrs. Tremblay, were burned to death.

Turkey To Be Deprived of 24,000,000 Population By Territory Subtraction

London, Mar. 2.—The Supreme Council is expected to finish its labors, as far as the premiers are concerned, on Saturday, the details of the Turkish treaty being left to the conference of foreign ministers and ambassadors. This may be prolonged as the financial questions alone are expected to occupy much time. Although the council is silent as to just what share will be allotted to Turkey, it is understood that the subtractions to be made from her territory will decrease her population from 30,000,000 to 6,000,000. This will necessitate an entire readjustment of Turkey's debt. The disposition of the Turkish fleet has not as yet been decided upon.

Enquiries Before House Regarding Sentences Under The M. S. Act

"That National Economics Demand That the Greatest Concern be Given to Such Means as Are Necessary to Encourage Fullest Development of the Dominion" is Text of Resolution to be Presented in the Commons.

Ottawa, March 2.—(Canadian Press)—The number of conscripts who have been sentenced by virtue of the Military Service Act, the number jailed, fined or allowed to go without payment of such fine, or who served their sentence on parole, is being asked in the House. What amount, if any, is or was due from Germany by way of war expenditure and how much has been returned to Canada, is a question being asked in the Commons by E. B. Devlin, Wright. Mr. Devlin also asks what amount is due the Dominion from Great Britain for advances of munitions and other war materials. The adoption by the Government of measures to fit and prepare all conscripts for the war, and to encourage grants of alien origin for assuming the duties and responsibilities of Canadian citizenship is asked in a resolution to be submitted to the House by Dr. Michael Steel, Member for South Perth.

MINISTERS RETURN FROM CONFERENCE WITH SIR ROBERT

Premier Expects to Return and Resume His Duties Later in the Session.

Ottawa, March 2.—(Canadian Press)—Hon. J. A. Calder and Hon. J. D. Reid returned today from New York where they met and conferred with Sir Robert Borden on matters relating to the sessional programme, including the Franchise Bill and Railway situation. They report that the Prime Minister has greatly improved as a result of his sea voyage. Sir Robert and Lady Borden have gone south for further rest. Sir Robert would have preferred to return to Canada at once, but he feels his health had not sufficiently improved to warrant his doing so. He has, however, every confidence of being able to return to the capital with a view to resuming his work at a later date in the session.

SIR ROBERT DENIES REPORTS SENT OUT FROM OTTAWA

Is Not to be Named Governor General and Had Nothing to Do With Canadian Representation in Foreign Countries.

New York, March 2.—Premier Borden still declined to be interviewed when again approached by newspapermen this morning. He refused to discuss the conference which he held with Hon. J. A. Calder and Hon. J. D. Reid yesterday afternoon.

Sir Robert, however, issued a denial to the Canadian Press of a despatch from Ottawa, printed in a local paper yesterday, to the effect that he was to be named as the next Governor General. "There is no foundation whatever for such a report," he said. The Premier also declared that the question of representation for Canada in Foreign countries had not been discussed by him with Imperial authorities during his visit to England. Further than that he declined to talk about his movements in the old country, other than to say that he felt benefited in health by the trip.

SIR ROBERT WILL LATER RETURN TO OTTAWA DUTIES

Report Brought Back from New York by Hon. J. A. Reid Expected to Clear Political Atmosphere of Uncertainty Prevailing.

CAUCUS EXPECTED IN SHORT TIME

On That Occasion it Will Probably be Definitely Stated What Sir Robert's Intentions Really Are.

Ottawa, March 2.—(Canadian Press.)—The report as to Sir Robert Borden's condition and his plans, brought back to Ottawa from New York by Hon. J. D. Reid, Minister of Railways, and Hon. J. A. Calder, Minister of Immigration and Colonization, is expected to go a long way toward clearing the political atmosphere of a certain degree of uncertainty which has prevailed for the past few weeks. Those members who had heard the report that Sir Robert was somewhat improved in health but had decided to continue with his plans for a stay in the South, expressed relief, coupled with the hope that the Prime Minister would soon be sufficiently recovered to resume his duties here. Members of the opposition, when discussing the report, were of the opinion that it meant another couple of months of practically leaderless drifting. However, they were anxious to learn as to the Premier's condition and equally solicitous as to his welfare.

Await Caucus. The expectation is that there may be a caucus of Government supporters called within a very short time now and that some sort of message will then be placed before the members. It is stated, in some quarters, that the Premier will give a definite announcement of Sir Robert's intention to give up the post, and that he may also indicate who he would choose as his successor. In that event it is said, the choice of a man for House leader may decide the choice of the future leader of the party. So far, it is stated, there has been no action toward the calling of a caucus on any given date.

FIRE AT HALIFAX SCHOOL FOR BLIND

Started on Third Floor of Administration Building and Damaged the Floors and Ceilings.

Halifax, March 2.—(Canadian Press.)—There was a slight fire at the School for the Blind, tonight. The fire started on the third floor of the administration building and damaged the floors and ceilings. The chemical engines extinguished the blaze. The loss is not heavy. The pupils, who were in the other parts of the school, were not disturbed.

PROHIB. ABOLISHED AT GRAND MERE

Quebec, March 2.—Prohibition was abolished by a huge majority in Grand Mere today. There are about twelve hundred voters in the city and of these five hundred and some odd votes were cast. Only ten were given in favor of prohibition, so that Grand Mere is now to have beer and wine under the new provincial license law. The cities of Three Rivers and Shawigan abolished by vote the local optional prohibition law recently.

Pershing Advises U. S. Congress To Be Prepared For Army Expansion

Washington, Mar. 2.—Retention of sufficient war-time posts and war plants to permit rapid expansion of the army and resumption of production of war materials at full capacity will be recommended by General Pershing, he indicated today on his return to Washington after a three months' tour of inspection of camps, cantonments and supply depots over the country. There is strong sentiment throughout the United States in favor of universal service of some sort, the General said, based on recognition of the benefit to the men themselves and also on the fear "that we might not have the Allies to hold the line for us in the next war."

An Amazing Jumble Of Contradictory Ideas And Convictions

Debate on the Address Yesterday Fell from His High Estate of Monday Into a Maze of Uncertain Oratory—D. McKenzie Flops from Former Position in Tariff and Smites United States.

Special to The Standard. Ottawa, March 2.—Debate on the address today fell from his high estate of Monday into a maze of uncertain oratory by a variety of speakers who gave expression to an amazing jumble of contradictory convictions and ideas. Mr. D. D. McKenzie, sometime leader of the Liberal party, and now reverted to a front-bench, lieutenant, launched the trouble by an assault upon free trade. Said Mr. McKenzie against Cobdenism: "I would not trade to the extent of a five cent piece with any country that did not recognize our Canadian dollar by its full face value. If the Canadian people are loyal to themselves, loyal to their principles and loyal to their institutions, they will have no trade with any country that will not give the Canadian dollar its full face value."

Now there is nothing very revolutionary about Mr. D. McKenzie's voluntary free trade. Mr. McKenzie is a protectionist. He is so much of a protectionist that—as he informs the House last session—he believes in protection by bounties. The curious thing, therefore, was not what he said, but the place from which he chose to say it. For Mr. McKenzie, bear in mind, sits by Mr. MacKenzie King and is one of Mr. King's chiefs of staff—the same Mr. McKenzie then is, had he forgotten the 1919 platform or did he ever give it homage. Is he like his fellow Nova Scotian, Mr. Fielding, of the opinion that platforms, after all are "made to get in upon, and must be accepted with grave reservations? And, if so, what kind of company is this which Mr. King is keeping, with "made to get in upon, and must be accepted with grave reservations?"

Mr. McKenzie, of course, was thinking of the United States. Looking down to where the little band of farmers are grouped, one could not help wondering what they thought of it all. What was passing through the mind of "Red McKenna" at this new Liberal doctrine of "No truck or trade with the Yankees" offered from the bosom of his ancient friends, and what were the reflections of the bucolic but honest-hearted Mr. Creer upon the policy of this leader among those among whom he may be seeking a future alliance? After Mr. McKenzie came Mr. McDonald Mowatt. Mr. Mowatt who is that rare thing in politics, a Liberal from Toronto, is inclined to be a Unionist. Indeed so anxious is Mr. Mowatt to see Unionism perpetuated that he emphatically gave his hoped-for platform a mortgag upon his support without knowing what the platform may be.

But most remarkable utterance of the day came from Mr. J. L. Gauthier, of St. Hyacinthe. Mr. Gauthier, who is a big man in his party, and who spoke from directly behind Mr. McKenzie, had a new Gospel—the Gospel of revenge. Sir Wilfrid Laurier once told Dr. Michael Clark that politics had no place for recriminations or revenge, but Mr. Gauthier holds quite differently "My Honorable friend," he said, referring to a plea by Mr. Mowatt for reconciliation of races.

Outside the chamber, in the corridors, interest centres on the return of Mr. J. D. Reid and Mr. J. A. Calder from their New York interview with Sir Robert Borden. The two plenipotentiaries (as Mr. McKenzie termed them) gave out an official communique which was designed to say nothing and succeeded admirably; by the result that gossip and rumor are running wilder than ever. All this is known for the present is that Sir Robert, whose health, although improved, is not yet restored, heard a complete statement of Unionist's problems, perplexities and prospects and, in return, communicated his own views and ideas to his colleagues. What those views and ideas are no one outside of some circle of the cabinet knows, or likely will know, until the Ministerial Caucus, upon which the fate of so much depends, is summoned.

CANADA MAY HAVE REPRESENTATION ON COMMISSION

Backed by the League of Nations it Will be Sent to Study Conditions in Austria, Poland and Russia.

Ottawa, March 2.—(Canadian Press.)—The organization of a commission backed by the League of Nations, and upon which Canada may have representation, for the purpose of visiting Austria, Poland, Southern Russia, etc., to find out exactly the conditions in Central Europe, is indicated in a cable received by the Minister of Labor from Deputy Minister F. A. Acland, who is at present in London. Mr. Acland went overseas to represent the Canadian Government on the governing body of the International Labor Conference and was accompanied by Mr. Tom Moore, President of the Trades and Labor Congress, as a representative of employees. He will attend the next meeting of the governing body, which takes place in London on March 22.

LIBERALS FIRST TO HOLD CAUCUS

Committees Named to Take up Organization for the Session.

Ottawa, March 2.—(Canadian Press.)—The first caucus held in the new Parliament building took place in the opposition caucus room on the second floor this morning at 10.30. It was held afterwards that Hon. Mackenzie King, Liberal leader, had given the members a frank outline of what had been done in the way of national organization. Committees were named to take up the work of organization for the session. The members present were unanimous, it was said, in expressing their enthusiasm over yesterday's speech by their leader in amendment to the address offered by Mr. King. W. H. White, Victoria, Alberta, presided over the caucus.

JUDGE ROBSON'S RETIREMENT IS BEFORE HOUSE

Acting Premier Lays Before Commons Correspondence Covering Judge Robson's Retirement from Commerce Board.

CONTROVERSIAL POINTS ABSENT

Believed it Improper to Stay on the Board When He Was Out of Sympathy With the Act.

Ottawa, March 2.—When the House adjourned tonight Sir George Foster tabled in the House the correspondence between himself and Judge Robson covering the latter's resignation as Chairman of the Board of Commerce. Judge Robson states simply that he finds it impossible to remove his home to Ottawa, as his presence is required in Winnipeg. The acting Premier, in his acknowledgment, accepts Judge Robson's resignation with regret.

On the same day as he resigned, February 23, Judge Robson wrote a long letter to the Acting Premier, giving his views on the operation of the Board of Commerce, suggesting that a Federal machine to inquire into costs and profits of commodities, and to act in an advisory capacity to provincial boards, would be more useful than the Board as constituted at present, the matter of dealing with profiteering being better left, the Judge thinks, to the provincial authorities. The Combines and Fair Prices Act, which Judge Robson's resignation is required in Winnipeg. The acting Premier, in his acknowledgment, accepts Judge Robson's resignation with regret.

On the same day as he resigned, February 23, Judge Robson wrote a long letter to the Acting Premier, giving his views on the operation of the Board of Commerce, suggesting that a Federal machine to inquire into costs and profits of commodities, and to act in an advisory capacity to provincial boards, would be more useful than the Board as constituted at present, the matter of dealing with profiteering being better left, the Judge thinks, to the provincial authorities. The Combines and Fair Prices Act, which Judge Robson's resignation is required in Winnipeg. The acting Premier, in his acknowledgment, accepts Judge Robson's resignation with regret.

G. T. AGREEMENT Tabled in House

Other Documents Tabled Included International Opium Convention and Air Regulation of Canada.

Ottawa, March 2.—A copy of the agreement between the government and the shareholders of the Grand Trunk was tabled by Hon. T. R. Reid, in the House this afternoon. The agreement follows the provisions of the Grand Trunk Acquisition Act passed last session. Accompanying it are a series of schedules indicating companies controlled by the Grand Trunk and its subsidiaries. The par value of the first, second and third preference stocks and the common stock (which the government is to acquire by arbitration), is given as 27,628,482 pounds sterling. The value of the debenture stock is given as 31,226,175 pounds sterling.

Other documents tabled included the International Opium Convention, tabled by Hon. C. W. Rowell, and the Air Regulations of Canada, tabled by Hon. A. L. Sifton, Secretary of State.

FIRE COLLEGE FOR THE DOMINION

Ottawa, March 2.—A movement has been inaugurated to have a fire college for the Dominion of Canada established in Ottawa, using as a nucleus the Ottawa fire department's training school. The matter is at present receiving the attention of the Dominion Fire Commission, C. Grover Smith, Fire Commissioner, the Dominion Superintendent of Insurance, Mr. O. Finlayson. They will present the matter to the convention of the Dominion Fire Chiefs Association which is to be held in St. Thomas toward the end of the present month.

Women's Auxiliary Board Meeting

Interesting Letters from Out of Town Branches Heard Yesterday at St. Luke's—Preparations for Annual Meeting.

A large amount of business was transacted at the meeting of the Diocesan Board of the Women's Auxiliary held at St. Luke's School Room yesterday. A particularly interesting feature was a number of letters read from out of town branches, telling how, amid the storms and with the large amount of sickness in the parish, they still manage to hold their meetings and carry on the W. A. work.

Mrs. Thomas Walker presided, and a very hearty welcome to St. Luke's was given by the rector, Rev. R. P. McKim. Taking as his text Eph. 1:14 and 15, Mr. McKim gave a brief address on "Sanctification, Soiling, and Strengthening." He showed how all persons were bought with a price or sanctified, sealed or marked, and strengthened all that they might be fitted for the service of the Master.

A copy of the letter written by the Chapter of the Rural Deanery to Miss Skovil congratulating her on her organization of the Province for the Forward Movement was read by request of the Deanery, who wished all branches to hear it as the W. A. was such a strength in that campaign.

The corresponding secretary, Mrs. W. D. Forster, read a letter from Miss Smeater, Dominion Secretary, making an appeal for the school at Lac La Ronge which was totally destroyed by fire in January. The Government will rebuild, but the W. A. helps to furnish the schools and clothe the Indian children. This matter will be left to the annual meeting to decide.

Other communications were read from Miss Wetmore of Clifton, who has recently been made a life member, Mrs. Siam of Moncton, telling of the formation of a Senior Branch and from Mrs. Titus of Lower Jemseg, and Mrs. Scott of Canterbury Station.

Mrs. L. R. Hargrave gave a notice of motion for the annual meeting to the effect that "The Fredericton Diocesan Branch of the Women's Auxiliary extend the privileges of life membership to all life members coming from other Dioceses to live within its jurisdiction."

\$2300 and that each branch will have the treasurer, Mrs. G. P. McIntyre, in her report, stated that the assessment for the pledges is now \$2000 and that each branch will have to do its utmost to raise this amount.

Mrs. H. J. Roberts the secretary announced that notices had been sent to all branches telling them of the date of the annual meeting April 27th and 28th, and reminding them that those desiring hospitality must have their names in by March 25th.

The literature secretary, Mrs. Jas.

Board of Health Regular Meeting

Rev. George Scott Asks for Assistance for Children's Aid Society—Secretary Reported 119 Deaths During the Month of February—Other Business.

At the regular monthly meeting of the Board of Health yesterday afternoon the Rev. George Scott, on behalf of the Children's Aid Society, asked the assistance of the board in payment of a nursing bill incurred in connection with the Hall and children, found in a pitiable condition from scurvy and skin disease in their parents' home, City Road, last December.

The board instructed their health officer to investigate the case. The secretary reported 119 deaths during the month of February, the large number was largely due to pneumonia and influenza.

Nurse Murdie of the Victorian Order reported having made seventy-three visits during the month on young mothers with infant children, giving instruction in the care of the little ones. She also made a report on the housing conditions she met with during her work.

Dr. F. Fred Johnson reported on butter fat and bacteria tests on 123 samples of milk. The samples examined showed improvement.

Miss Brophy, Tuberculosis Nurse, reported on the work of the Free Dispensary and her visits during the month.

Dr. William Warwick, the new district health officer, reported having refused permission for the installation of a septic tank in the Mt. Pleasant district, after investigating the conditions.

A list of daily food rations heretofore issued to people quarantined for small pox was submitted by Dr. Melvin, Chief Medical Officer of the Province, as follows:

One lb. of meat, 1.5 lbs. bread, 1.5 lb. butter, 1.5 of tea 1.3 of sugar, 1/2 plat milk, 1 lb. potatoes.

The board was notified of the transfer of vital statistics to their care. A communication was received from the commissioners of the Great March protesting against the dumping of locomotive ashes in the Marsh Creek.

W. H. Golding was appointed to confer with the Marsh Commission on this matter.

Dr. Warwick reported on the condition of houses on Haymarket Square, Brindley, North and Pond streets, as reported by the Victorian Order of Nurses.

The Stirling Realty Co. were instructed that unless repairs were made on their building in North street within a reasonable time it would be ordered closed by the board.

Dr. Warwick reported on the plans for the purchase of equipment for the Free Optical Clinic to be opened in a few weeks.

Dr. Mabel Hamilton, medical inspector for schools, submitted her report for month of February.

F. Robertson, said that a large number of study classes are being held at which the Leaflet as well as "The India" is being studied. The Lenten Weekly Classes are held on Thursdays at the various churches a Bible character being the topic. The subscribers to the Leaflet now number over 1400.

Mrs. Cortland Robinson, who has taken up the Girls' work for the rest of the year, told of receiving a letter from Miss Gladys Frink who will not be present at the annual meeting. She wished the girls to remember the pledges for the Educational Fund.

It was announced that a new Junior Branch has been formed at Edmundston, N. B.

Miss Margaret Hamilton read a very interesting letter from a Japanese Christian worker.

Letters were read by representatives from Temperance Vale, St. Andrews and Canterbury Station. These were greatly enjoyed. They all placed emphasis upon the success of the Forward Movement.

Mrs. Walker told of receiving a letter from Mrs. W. H. Cummins expressing the hope that the Forward Movement would result in still greater enthusiasm in the work of the Auxiliary. Mrs. Robertson read a paper by Rev. Dyson Hagen entitled "And now Forward." Mrs. G. F. Smith spoke of the programme for the annual.

A loving greeting was sent to Mrs. R. P. McKim who with her daughter is in Nova Scotia.

VICTORIAN ORDER ELECTED OFFICERS

Judge Forbes Again President of Board—Delegates Named for Annual Meeting at Ottawa—Meeting Held Last Night.

The election of officers took place at the March meeting of the Victorian Order of Nurses which was held at the home of Mrs. George F. Smith last evening.

Delegates for the coming annual meeting at Ottawa were elected as follows: Mrs. George F. Smith, Mrs. Stanley Elkin, Senator Thorne, Senator Daniel.

The following officers were elected: Judge Forbes—President. Mrs. George F. Smith, Vice President. W. H. Lugsdall—Hon. Secretary. Treasurer. Senator J. W. Daniel—Auditor.

Had To Go To Bed Headaches So Bad

Milburn's Laxa-Liver Pills Made Her Well.

When your liver gets sluggish and inactive, your whole health suffers. Your bowels become constipated, your head aches, your tongue is coated, breath bad, specks float before the eyes, you are bilious, have heartburn, water-brash, pain under the right shoulder, muddy and brown spotted complexion, etc.

Help the liver to resume its proper functioning by removing the bile that is circulating in the blood and poisoning the system.

Mrs. E. Bainbridge, 30 Maple Ave, Amherst, N. S., writes—"I take pleasure in writing you of the good I have received by using Milburn's Laxa-Liver Pills for headaches. I was so bad I had to go to bed, and could not sit up. A friend told me about your wonderful medicine, and two vials have made me as well as I can be."

Milburn's Laxa-Liver Pills are small and easy to take, do not gripe, weaken or sicken do not leave any bad after-effects. Price 25c. a vial at all dealers, or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

Eyes human and spiritual

ORIENTAL people suffer greatly from diseases of the eye.

TWENTY years ago—Dr. Willie, a most eminent Danish oculist, gave up all the honours and financial rewards of his European reputation to join his Organization, and consecrate his life and skill to the eye-afflicted people of Java and other Oriental countries.

HIS labours have been wonderfully crowned for they have enabled the Salvation Army to spread the knowledge of Christ in places and among peoples that were in outer darkness; literally and spiritually.

Maple Leaf CORDS

MADE IN CANADA

THE MAPLE LEAF RUBBER CO. Limited Montreal

Maple Leaf Cords are the last word in tire making. To the riding quality, assured by handmaking, and the use of none but the finest materials, is added the long life and protection under heavy strain, given by the CORD construction.

Locate the Maple Leaf dealer near you and ask about Maple Leaf Cords and the Maple Leaf Fabric Tires—Plain and Non-Skid. Made in standard sizes.

Local Distributors: W. H. Thorne & Co., Ltd. T. McAvity & Sons, Limited. Can. Fairbanks-Morse Co.

AHM System

100% Canadian

Largest Manufacturers and Distributors of Footwear in Canada

LEATHER FOOTWEAR RUBBER FOOTWEAR FELT FOOTWEAR CANVAS FOOTWEAR

THE Ames Holden McCreedy System is a 100% Canadian institution. It is universally acknowledged as Canadian headquarters for all kinds of Canadian footwear.

No matter what footwear you require—for business or play, for rain or shine, for indoors or out, for winter or summer—the A.H.M. System is ever ready with correct styles at fair prices—Shoes made in Canada, by and for Canadians.

The A.H.M. warehouses throughout Canada carry at all times complete stocks, not only of leather shoes, but also of rubbers, white canvas, tennis and outing shoes and felt footwear. Located practically at the elbow of every retailer in Canada, these stocks reduce the cost of distribution, and enable us to offer you much better values.

And the larger resources and greater capacity of the A.H.M. System allow us to anticipate conditions more quickly, and to effect economies for your benefit which are not possible in a smaller organization.

A.H.M. Footwear is sold by 7,291 retailers in all parts of Canada. You can safely accept the mark of the A.H.M. System as assurance of full value at a fair price—Canadian through and through.

During March our 83 travelling salesmen visit every good dealer in Canada in the interest of good and dependable rubber footwear.

MR. KING'S BARGAIN COUNTER.

Though its creator is away on sick leave Union Government is sufficiently healthy to give a good account of itself, and the acting Premier's trenchant reply to the leader of the Liberals will make that grand marshal of platitudes and vague generalities more wary in future of rushing in where the winged virtues might fear to tread. If it were true that the Government has outlived the confidence of the people, the indictment would lie but ill in the mouth of Hon. Mackenzie King, for since his election to the Leadership of the Liberals by the Quebec anti-conscriptionists there has been more than one reason to doubt that he has the confidence of the best elements of his party. His call, for instance, for delegates to come to Ottawa to help him form a national organization was not responded to by a single provincial premier, or any Liberals of out- standing importance in his speeches during his tour of the Maritime Provinces were described by the senior organ of Liberalism, The Toronto Globe, as indefinite and inadequate, and his attempt to expound a policy that would command the confidence of the people was so unsatisfactory that he received anything but encouragement from the Western Premiers to continue his tour and spread his peculiar gospel over the prairies.

Union Government doubtless has its faults, but before Mr. King demanded its dissolution he should have given the public some idea of the alternative government he is prepared to provide, and the policies upon which it proposes to act. But among his tenants he has no men of outstanding qualifications except Hon. Mr. Fielding, who evidently has no great admiration for Mr. King himself, and no enthusiasm for the platform of ancient platitudes adopted by the Liberal convention last summer; at any rate he has in his paper, The Journal of Commerce, frequently alluded to that form in tones of sarcasm plainly inspired by disbelief in its sincerity. Mr. King certainly could not out of his present Liberal following organize a Government which would compare in any way with the existing administration, containing some of the ablest men in both parties; and there is little reason to suppose that he could command the services of Sir Lomer Gouin, because that able Liberal has recently declared his disapproval of the King programme of a sweeping and un- considered re-organization of the Government. The Union Government is likened to a ship without a captain drifting upon a troubled sea. But as a matter of fact it has faced the problems of reconstruction with courage and energy, and put through sweeping measures which have assisted the country to come through a trying period with less disturbance than any other country — not excepting the United States, which in comparison suffered little from the war. No doubt it has not met the provision for the solution of all the problems that are coming to the forefront. There is, for instance, the problem of the revolution of relations between capital and labor which is now in progress. Mr. King is supposed to be an authority on this question, but since he became leader of the Liberals there has been nothing in his speeches that show any adequate conception of the problem, nor has he attempted to offer a solution of any kind. Union Government through Hon. Mr. Rowell has taken a much more progressive attitude on the labor question than Mr. King occupies today. In fact Mr. King's association with the governing classes of the United States during the war appears to have made him a greater reactionary than any Liberal ought to be. Like the Bourbons the governing classes of the States, whom Mr. King served, shunned nothing from the war; they sought for democracy till the welkin rang, but now that the people are asking for an installment of industrial democracy the governing classes are greatly annoyed, and are adopting repressive legislation to destroy free speech and the organizations of labor. Indignantly the governing classes of the States rejected what Sam Gompers called the International Labor Charter of the Peace Treaty and refused to have anything to do with the Labor Conference of the League of Nations; and Mr. King would have had Canada follow their example, or at any rate he preserved an impressive silence when the Liberals in Parliament were protesting that the adoption of the Peace Treaty by Canada was not worth while.

Mr. King may have imagined he heard a call to take over the government of the country, but it evidently did not come from the majority of the people, who are not anxious to buy a pig in a poke.

ANGER OF UPHEAVAL.

The next move in the big struggle between the Government and the miners of Great Britain over the question of nationalizing the coal mines rests with the Trade Union Congress, and pending the decision of this body

there will be no strike for two months at any rate. One thing that has evidently been worrying the Government was the threat of the miners to strike without further parley, a thing that would prevent any adequate measures being taken for the relief of Europe, and, with winter in progress, might bring disaster upon France and Italy, which are short of coal, as they are not getting the expected supplies from Germany. Lloyd George in his recent defiance of the miners took care to say that he was not opposing a flat negative to the demands of the miners. On the contrary he offered them a partial scheme of nationalization affecting areas where by reason of a number of collieries working the same seam the miners' plan would be tried out under the worst possible circumstances, so far as an object lesson to the public is concerned. This seems to have merely angered the miners, who want their scheme applied in the Welsh coal fields, where, according to one of their leaders, Vernon Har- horn, M. P., the profits last year were £50,000,000, or more than the share capital of the whole coal field concerned.

Meantime the Labor Party is counselling delay, and in conjunction with the Trade Union Congress and the Co-operative Societies is conducting a big campaign throughout the country, involving a great many meetings and millions of pamphlets, on behalf of nationalization. The Trade Union Congress will be called shortly will decide whether its five million members will support the miners in a strike to induce the Government to nationalize the mines. Some prominent labor leaders are frankly against a general strike, believing that such a course might soon lead to civil war. The Miners' Federation have agreed to await the action of the Trade Congress, but declare that they reserve their right to strike, with or without the sanction and support of the Trade Congress.

Lloyd George's recent declaration that his Government would fight to the death any attempt on the part of the miners to impose their will upon the nation by violence indicates the seriousness of the situation, and may well give the miners pause. It is reported that the Government is buying up supplies of coal, and it would not be taking such a precaution if it did not fear that the miners would make good their threat. Efforts are being made to induce the Government to hold a plebiscite of the nation on the question of nationalization, a course which would compel the Labor party to bring all possible pressure to keep the miners at work, or lay itself open to the charge of abandoning its professed adherence to constitutional methods of action.

DEMOCRACY UP-TO-DATE.

Having made the world safe for democracy, President Wilson apparently has determined that he is the prophet and complete embodiment of democracy. This must be a comforting belief in which to repose, but it presents rather awkward angles to the Congress and the world. The infallibility which upholds the President makes the divinity which used to hedge kings look like a flimsy camouflage. Italy has learned something from the war; it has taken from its King the power to determine foreign relations or declare war. But President Wilson claims the right to determine the foreign relations of the United States, and most other States.

If Congress was anxious to make America safe for democracy it might follow the Italian example, and strip the President of his extraordinary powers. In the last analysis the struggle between the President and the Senate over the Peace Treaty is a question of the relation of the President to Congress, and America ought to be big enough to settle her problems without dragging the League of Nations into it. Largely speaking, the reservations ask the League of Nations to recognize that in America democracy has not settled where the sovereign power of the State abides when there is a strong-willed and idealistic President at the White House. An amendment to the constitution might adjust the dispute, but apparently it is a high crime and blasphemy to hint of the possibility of amending the constitution. That document was apparently not made by human hands, but handed down from the highest heavens. Jesus Christ amended the law that was handed down from Mount Sinai, and Mother Eddy revised the Sermon on the Mount, but the constitution of America is the last word of wisdom, human or divine. At any rate this appears to be the attitude of the reactionaries of whom President Wilson and the Senate are the angry gods, though it is not the attitude of a great many Americans who see both humor and tragedy in the attempt to make the world revolve around an anomaly in the constitution of the United States.

According to the judgment of the Supreme Court the matter referred to it by the Foster Government was not the issue before the Legislature last year. The Premier may be a great business man, and doubtless he thought he was a great politician when he persuaded the Legislature that he was passing the buck to the Supreme Court. But it now appears that he passed something else. The issue between the city and the Power Company remains.

If the Maritime Provinces are going to induce all their wandering sons and daughters to return home they will have to get over the fear of making public expenditures which permit industrial and other development. Quebec has not been asking its people to come home and look over abandoned farms; it prepares a district for settlement as a public enterprise, and then invites the people to settle down.

The Committee appointed some time ago to make a report on the harbor question has held one meeting. But it is time we have had a majority report, or at any rate a minority report. The minority report might throw some light on nationalization, which sometimes The Times demands with much enthusiasm and at other times says we have already.

A year or thereabouts has passed since the energetic Foster Government was authorized to appoint a commission to report on the question of school teachers' salaries. Apparently the report is in the hands of the Government, but the teachers are still waiting. It would be interesting to know if the commission advised increases of the school grants which the Government by reason of its extravagance are unable to grant.

WHAT THEY SAY

Canada's Place in the Empire. (Agricultural Gazette.)
 Canada is the foremost of the family of the British Empire, and being nearest, the great responsibility rests upon her, not alone to aid and succor in battle, but to lead the van in all forms of industrial life; to seize every opportunity to forward the grandeur and stability both of herself and of the Empire.

Easy for Santa Claus. (Halifax Chronicle.)
 Two thousand reindeer are to be imported from Alaska this season and located in the region west of Hudson Bay. Canada scored a big success in restocking buffalo and beaver. "If the reindeer experiment is as successful as Santa Claus," says the Toronto Globe, "will not have to worry over the price of gasoline in our time."

Depopulating Cities. (Toronto Mail and Empire.)
 A 34-mill tax rate in Ontario will drive people from the city. There is a limit to which public extravagance can go in the matter of expenditures and taxation. A rush by citizens to get homes outside the city limits, where taxation is only one-fourth of what it is in the city, might serve notice on the spenders that a halt is needed.

To Beat the Taxes. (Toronto Star.)
 Temperance folks want people taxed for the booze in their cellars. If this becomes law there'll be an awful temptation for folks to get drunk and stay drunk for a few weeks before the assessor comes around.

A BIT OF FUN

Short Run.
 Wilson-Scribner told me a month ago that a play of his was to be produced very shortly. Have you heard anything about it? Simpson—Yes; it was produced very shortly, indeed, it ran for one consecutive night.

Deceiving Man.
 "So your husband has been deceiving you, eh?"
 "Yes, the wretch! I used to give him fourpence for his bus fare every day, and I've found out he's been walking to the office and spending the money."

Desperate Case.
 The other day a negro went into a

Daily Fashion Hint

NEW AND DIFFERENT.
 This youthful frock of dark blue turtleneck strikes a note that is both new and different. The tunic blouse has an open neck, finished with a collar of black satin. Embroidery in red, blue and black silk trims either side of the front. The removable shield, which shows so faintly through the slashed front may correspond with the collar or one shade of the embroidery. Sleeves and skirt are plain. Medium size requires 3 1/2 yards 64-inch turtleneck and 1/2 yard satin.

She Is Picture Of Health, Now

Had Suffered Four Years from Indigestion—Gains Twenty Three Pounds by Taking Tanlac.

The story of how a young wife, who for four years has been a martyr to indigestion and its attendant evils, has been restored to perfect health and strength again, is one of the most pleasing which has been our privilege to publish. The following statement was made by her husband, Mr. Edward Ford, of 34 North Street, Dartmouth, Nova Scotia, who is employed by the Imperial Oil Co. in Halifax to the Tanlac representative at Kinley's Drug Store.

"This is the seventh bottle of Tanlac that I have bought for my wife, and I am more than gratified with the results. It may seem hardly credible but it is nevertheless true, that she has actually gained twenty-three pounds in weight and is in better health to-day than she has been for years.

"For four years now she has been a sufferer from indigestion and stomach trouble. She was never able to eat a meal without being in misery for hours afterwards. She had to force herself to eat in order to live, but whatever she ate only caused her pain and distress. She was also subject to severe sick-headaches, and her nerves were so bad that she couldn't sleep at night but would wake up every few minutes, and many a night would hardly close her eyes at all. I am safe in saying that she hasn't known what it is to be really well for a single day during the past two years, and for over a year now she has been in such a weakened run-down condition that she couldn't do her house work and was only just able to keep up and about. She had fallen off until she only weighed a hundred and one pounds and was literally a wreck.

"None of the many medicines prescribed for her ever seemed to meet her case, and at last in sheer desperation I decided to give Tanlac a trial. Its effect was immediate and indeed truly marvellous. The indigestion and stomach troubles were soon overcome. Before long she had a keen appetite and found that she could eat meat, fruit or vegetables without having to suffer for it afterwards. Her nerves have got steady and strong and she can now sleep fine. As I said before she has gained twenty-three pounds in weight, and is so much stronger that she can now do all her own housework. To-day she is the picture of health and I have to thank Tanlac for it."

Tanlac is sold in St. John by Ross Drug Company and the leading druggist in every town, under the personal direction of a special Tanlac representative.—Adv.

JUDGMENT IN THE N. B. POWER CASE RENDERED BY SUPR. COURT

Valuation of the Property is Reduced \$250,000—Court Was Charged With the Task of Finding the Original Cost of the Property of the Power Co. on January 1st, 1919—Find Quarter Million Less Than Currier Commission Found—Other Rescripts.

Fredericton, N. B., March 2.—The Supreme Court of Appeal today announced its judgment in the N. B. Power case, which is the most important case being heard by the court since the fact that the court was to hand down judgment in the St. John Power case.

The judgment of the appeal court was prepared by Sir Douglas Hazen, C. J., and in a rescript of 37 pages. After passing in review the various measures taken through commissions and otherwise to decide the issue and explaining that by the bill of reference passed by the House the Appeal Court was charged only with the duty of finding the original cost of the property of the Power Company on January 1st, 1919, the finding practically declares the same to be about a quarter of a million dollars less than that made in the report of the Currier Commission in 1919. In brief the court reduces the property valuation of January 1st, 1919, from \$2,800,000 to \$2,577,645.56, and as the question of the base rate itself was not referred by the legislature neither, as observed in the judgment, was the court called upon to ascertain the amount upon which the rates of the company might fairly charge for their services should be based and determined.

The judgment recites that the court has taken advantage of the power given it by the Act of Reference to carry on investigations by expert assistance. Referring to the services of an expert chartered accountant in compiling figures and statistics and in advising with regard to matters of a technical accounting character, it bulks into the original cost of the production of railway, gas, electric light and power services as follows: Original cost of land, \$156,830.50; original cost of buildings, power and transmission lines, \$1,100,000; age and rolling stock, gas mains and all other equipment, including installation and construction overhead, \$2,420,836.06; total, \$3,677,666.56.

It then goes on to say the above amount does not take into account any allowance for depreciation nor include any amount representing the proposed water power development on the Lepreau and Maguadavie rivers or any amount representing working capital, including materials and

supplies. Commenting on working capital the court's judgment remarks: (1) That the amount of working capital to be allowed or included should not be in excess of the financial needs of the company in carrying on the railway, electric and gas services. (2) That the amount thus ascertained should be included only to the extent that it had been furnished by the company.

The judgment compares the evidence of the various engineers and it is in general a comprehensive and exhaustive analysis of the merits of the case after the investigation of the public utilities and other commissions. There were no less than ten reports of investigations referred to and some are cited at considerable length in the judgment and reference is made likewise to the statement of additions to the property during 1918 furnished by Mr. Hopper. The court also refers to the advantage of hearing the argument of learned and able counsel representing the Power Company and the City of St. John.

Speculating on the outcome now of the judgment on appeal it is believed the matter will probably be again before the legislature at the coming session to fix the rate base.

Other judgments handed down by the court were as follows: W. R. Stevens, Angus McNeish vs. W. R. Stevens, leave granted to defendant till April session to enter appeal. Petitions to be filed in accordance with rule.

Scott and Co., Ltd. vs. McCain Produce Co., White J., delivers written judgment. Appeal dismissed with costs.

The King vs. the City of St. John ex parte George Carvell; Grimmer J. writes judgment of court; order nisi to quash discharge.

The King vs. the like; Order nisi for mandamus made absolute with costs.

The King vs. Ritchie, police magistrate of St. John ex parte Ed. J. Brodbeck; Hazen, C. J., writes judgment of court; rule absolute to quash conviction.

An order will now issue to the building inspector compelling him to grant a license to Mr. Carvell to build his garage. Court adjourned sine die.

OBITUARY

James F. Mitchell.

Numerous friends in the city will regret to hear of the death of James F. Mitchell, son of the late Mr. and Mrs. John Mitchell, which occurred about four o'clock yesterday morning in the St. John Infirmary.

Mr. Mitchell was for twenty-five years employed with the mechanical department of the Intercolonial Railway and was superannuated about four years ago. He enjoyed the esteem and respect of a large circle of friends, from which sympathy will be extended to the bereaved family. He is survived by two brothers, Charles, with the Canadian National Railways freight department, and J. Joseph, stove and metalware dealer, both of this city, and two sisters, Misses Sarah and Agnes, at home. The funeral will take place on Thursday morning at 9.15 o'clock from his late residence, 217 Waterloo street, to the Cathedral for requiem high mass.

Fenwick W. Tapley.

One of the best known residents of North End, Fenwick W. Tapley, passed away early yesterday morning at his home, 134 Douglas avenue, in his sixty-third year. He was a lumber surveyor and had numerous friends about the city who will sympathize with the family in their bereavement. His wife survives with one son, Robert, in the service of the Fraser Lumber Co., and two daughters, Misses Dorothy and Blanche, at home. Louis E. Tapley is a brother, and there are four sisters, Mrs. Charles MacDonald, Mrs. Ralph Robertson, Miss Mary and Miss Ada Tapley.

Annie Louise Murphy.

Many will regret to hear of the death of Mrs. Annie Louise Murphy, wife of the late John T. Murphy, which occurred at her home in Dorchester, Mass., on February 17. Both she and her husband were formerly of St. John. Mrs. Murphy was a daughter of the late Matthew and Annie Russell, of West St. John. She leaves one son, four daughters, six sisters and three brothers. A large circle of friends extend sympathy to the bereaved ones. The funeral took place in Dorchester, and interment was made in Malden, Mass.

Charles T. Carpenter.

There passed peacefully away February 29th, at his son's residence, Charles T. Carpenter, at the age of eighty-one years. He was the eldest son of Timothy Carpenter of Wickham. His foreparents were Loyalists. His wife preceded him about twenty years ago. There remains to mourn his death one sister and brother, Mrs.

The Eighth And Final Session

Final Session of the Inter-Church Training School for Sunday School Workers Held in Germain Street Institute Last Evening.

The eighth and final session of the Inter-Church Training School for Sunday School workers was held in the Germain Street Institute last evening. The meeting was opened with prayer by Rev. Mr. Pinkett. A lecture on the Program of Maritime Provinces was then delivered by Rev. F. S. Dowling. He was followed by A. M. Greg, who spoke on the problem of middle class education. Dr. King, of Mount Allison University, gave a very interesting address to the leaders of the "Teen Age Girls." The Doctor took as his subject, The Atrocity of the Educational System of the Maritime Provinces. He said that under the present systems the children were made fit for the curriculum, instead of the studies being made to fit the needs of the children. This was strikingly brought out by the fact that of those entering the schools of the provinces but four per cent. ever finished High School, and but one and one-half per cent. went through college. That being the case, the Doctor said a change should be made in the present system.

Before the school adjourned a hearty vote of thanks was extended to all who had lectured during the course.

THE PAINTERS' WAGE

George T. Hay, president of the Painters, Decorators and Paper Hangers' Union, said yesterday that with the exception of two shops, the master painters have their demand for a forty-four hour week and seventy-five cents an hour. He said the men in the shops that have refused to meet the demand are out on strike, but he expected that an early settlement would be reached.

FUNERALS

The funeral of Mrs. Johanna Shest took place yesterday morning from the residence of her daughter, Mrs. Charles Lannen, 285 Douglas avenue, to St. Peter's church, where requiem high mass was celebrated by Rev. Edward Scully, C. S. R. Interment took place in the old Catholic cemetery. Many spiritual offerings were received. Relatives acted as pall-bearers.

The funeral of Mrs. Annie E. Bottinson took place yesterday afternoon from the residence of her daughter, Mrs. Murray Campbell, 259 Duke street, west side. Service was conducted by Rev. W. M. Townsend, and interment was made in Cedar Hill.

The funeral of William Mahoney took place yesterday afternoon from the residence of his sister, Mrs. Edward Gilbert, 174 Adelaide street, to St. Peter's church. Rev. James Wood, C. S. R., conducted services, and interment was made in the new Catholic cemetery.

Catherine Worden of Queenstown, and Melbourne Carpenter, of Wickham, have two daughters and one son, Mrs. Isaac Carpenter, of Wickham, and Mrs. Judson Slipp, of Hampton, and son, Arthur, of Queenstown.

Services were conducted by Rev. G. E. Strothard, of the United Baptist church, of Brown's Flat, N. B. (St. John Telegraph please copy.)

The Commissioners Met Yesterday

Three City Fathers Opened Tenders and the Tenderers Were All Referred to the Commissioner of Public Works to Report.

At a meeting of three of the City Commissioners yesterday the following tenders were opened:

For asphalt—Barret & Co., \$38 and \$48 per ton; Imperial Oil Company, \$40 per ton.

For street sweeper—Barry Supply Co., \$500; J. C. Berry, \$425 or \$1,000. For steam roller—F. W. Dykeman & Co., \$3,775; Mussels, Ltd., Montreal, \$2,950.

For scarifier—Mussels, Ltd., \$1,750; Watersons Engine Co., \$1,250 or \$1,150 or \$1,050.

The tenders were referred to the Commissioner of Public Works to report.

STAR MISSION CIRCLE MET LAST EVENING

Clever Paper, Music and Devotional Exercises Made up Excellent Programme—Plans for Future Endeavors Were Made.

An interesting meeting of the Star Mission Circle of Exmouth street Methodist church was held at the residence of Mrs. Ernest Thomas, Paddock street, Miss Blanche Myles presided. An instructive paper was read by Miss Maud Hazlett, describing hypocrisy in different countries and telling how the missionaries are working among those afflicted by this disease to bring them spiritual comfort.

Two delightful solos were given by Miss Mabel Shaw and Miss Mildred Bastin. Miss Edna Bettle gave a helpful Bible reading.

Delegates were appointed for the convention to be held at Charlottetown, P. E. I. in June. Plans were made for the Easter offering and for a tea to be held after Easter.

After the business session a pleasant social time was spent, dainty refreshments being served.

MILITARY NOTES.

Owing to the small number of troops now in England awaiting transportation, it has been found necessary to move the clearing services command, under Captain Ross, to its headquarters in Quebec, preparatory to further demobilization of this department as the duties become less and some of the work has been carried out by these services will be taken over by Military District No. 7 about the last of the week. Captain R. L. Murdoch, officer commanding the casualty com-

SENATE OBSTRUCTIONISTS' ESTIMATE OF THE PEOPLE

Dr. Eliot Calls it the Lowest Ever Made by Native or Foreigner, and Says Senseless Apprehensions Humiliate America.

(By Dr. Charles W. Eliot, President Emeritus of Harvard University in the New York Times.)

The Senate obstructionists to ratification apparently hold the opinion that the American people are too dull to see that their interest in the travail of the world is now just what it was in April 1917, when they went to war eagerly and unanimously on behalf of arbitration of international quarrels—a characteristic American doctrine for a century past—rather than on behalf of security for small nations, safety for all democracies and strong international means of preventing war by physical force as well as public opinion. Three years ago the American people could draw the logical conclusion from the sinking of the Lusitania, the presence of German submarines off Nantucket, and the proposal of Herr Zimmerman that Japan and Mexico should unite to attack Texas, New Mexico, and Arizona. They then saw the menace of the German power to our freedom. They saw that Great Britain and France were staggering under the German assaults, and hurried to the rescue. But now the Senate obstructionists to think that they can lead the people of this country to believe that the objects for which America fought are attained, that the old despots are crushed and the new ones will destroy themselves, that America has no interest in helping Europe or Asia to peace and order, and may safely withdraw to isolation and the care of her own material interests on her own territory. America first. This is the lowest estimate of the intelligence and good sense of the American people that has ever been made by native or foreigner. That such an estimate should be made by public men who had the means of watching the way the minds and hearts of the common and uncommon people in the United States worked in 1917 and 1918 would seem incredible, but it is an humiliating fact.

The obstructionists also believe that the American people relapsed into gross selfishness when the fighting stopped and are now ready to do the best they can for themselves, without concern for either the miseries and terrors, or the trembling hopes of Europe and of humankind. The obstructionists actually urge the people to abandon the altruistic motives which have governed them for three years past, and to be henceforth selfish and hardhearted. "Safety first! Save yourselves! Never mind these others who have fallen among thieves and are left half dead. Never was a sympathetic and generous people made by native or foreigner. That such an estimate should be made by public men who had the means of watching the way the minds and hearts of the common and uncommon people in the United States worked in 1917 and 1918 would seem incredible, but it is an humiliating fact.

Some of the obstructing Senators are much concerned because the United States is to have only one vote in the International Assembly, like France and Italy; whereas the British Empire is to have one vote, and Canada, Australia, South Africa, New Zealand and India will also have one vote.

The Quick Way to Stop a Cough
This home-made syrup does the work in a few minutes. It is prepared, and saves about \$1.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest-cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good. Four 2½ ounce bottles (10¢ each) worth in a 10-oz bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or fruit syrup, instead of sugar syrup, if desired. Thus you make 10 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup. And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma. Pinex is a highly concentrated compound of Norway pine extract, known for its healing effect on the membranes. To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

ANTI-KAMNIA TABLETS FOR ALL PAIN
FOR HEADACHE AND NEURALGIA
ASK FOR ANTI-KAMNIA TABLETS

ACID IN STOMACH SOURS THE FOOD

Says Excess of Hydrochloric Acid is Cause of Indigestion.

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which irritate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, water brash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.

that this League of Nations through the Assembly, Council or International Court might negatively contrive some amendment of the covenant or treaty to which they might hold that the United States was bound. Even this apprehension is absolutely excluded by Article XXVI of the covenant, which describes the careful mode in which amendments to the covenant may be effected. The last sentence of the article is as follows: "No such amendment shall bind any member of the League which signifies its dissent therefrom; but in that case it shall cease to be a member of the League."

Three reservations out of 14 are apparent in the last sentence of Article 1, a natural, peaceful means of withdrawal from the League as follows: "Any member of the League may, after two years' notice of its intention so to do, withdraw from the League, provided that all its international obligations and all its obligations under this covenant shall have been fulfilled at the time of withdrawal." This is just such an amicable arrangement as reasonable partners in a business firm might make to provide for the withdrawal of any member of the firm who for any reason might wish to withdraw. At the proviso in the sentence the obstructing Senators took intense alarm and have insisted that either the United States should have any right to decide whether the obligations of the United States under the covenant shall have been fulfilled. The obligations of the United States which most excited their alarm resulted from Article X, which declares as follows: "The members of the league undertake to respect and preserve as against external aggression the territorial integrity and existing political independence of all members of the league. In case of any such aggression, or in case of any threat or danger of such aggression, the council shall advise upon the means by which this obligation shall be fulfilled." The council is to "advise" only, not give orders. The obligation of members of the league to respect and preserve as against external aggression the territorial integrity and existing independence of all members of the league is, of course, essential to the effective promotion of "international co-operation" and to the achievement of "international peace and security."

BAD COLD LEFT HIM WITH BRONCHITIS
However slight a cold you have you should never neglect it; if you do it can have but one result. It leaves the throat or lungs, or both, affected. Bronchitis is one of the most common affections of a neglected cold, and neglected bronchitis the most general cause of consumption.

Dr. Wood's Norway Pine Syrup is just the remedy you require to cure the bronchitis. It does this by loosening the phlegm and mucous, and stimulates the irritability of the organs, allays irritation and subsides inflammation, soothes and heals the irritated parts and thus prevents it becoming chronic. Mr. R. P. Sundblad, Francis, Sask., writes:—"I had a very bad cold which left me with bronchitis. I tried several cough remedies and oils of all kinds, but they all failed. At last I got Dr. Wood's Norway Pine Syrup and after using two bottles I have never had a sign of bronchitis since. I therefore can honestly recommend it for coughs and colds."

Very Effective Method for Banishing Hairs
(Modes of Today.)
At very little cost any woman can rid her face of hairy growths if she will use the delatone treatment. This is made by mixing some water with a little powdered delatone. This paste is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No harm results from this treatment, but care should be used to buy real delatone.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

STEEL WORKERS IN SOUTH WALES JOIN GENERAL STRIKE

Should it Continue Steel Plate Mills, Employing 50,000 Hands, Will be Tied up.

Cardiff, Wales, March 1.—Nearly all the steel workers in South Wales today joined in the general strike. The men are demanding a forty per cent. increase in wages. Between 18,000 and 20,000 of the workers are idle. If the strike should continue the sixty-five steel plate works, which employ fifty thousand hands, will be brought to a standstill within a week, as they are dependent on the steel works for materials.

Let us have no more heartless delays or meaningless discussions. Ratify the covenant and treaty, and let us Americans get to work at utilizing and multiplying the manifold good in them.

SHOULD ALFALFA BE GROWN ALONE OR IN MIXTURE?

So far, alfalfa is generally grown alone. The difficulty to secure a good stand, experienced in the past is to quite an extent responsible for this practice, as it has become a sort of hammer-in rule to "give alfalfa every possible chance to establish itself." On this account it is generally deemed unwise to sow any grass with the alfalfa because it is considered that, in doing it, there may be a certain danger of the alfalfa not getting the best opportunity to gain a firm foothold. This view is undoubtedly correct in the majority of cases, especially where, on account of climatic and soil conditions, the standing of alfalfa may meet with some difficulties.

On the other hand, experience has shown that in sections where alfalfa can be grown easily, some admixture of certain grasses may give excellent results. In Western Canada mixtures of alfalfa and Western Rye grass yield excellent crops providing that the mixtures are so balanced that the alfalfa and the Western Rye are given equal chances to establish themselves. In Eastern Canada several grasses have been tried in mixture with alfalfa, and the results so far obtained certainly seem to indicate that such mixtures may profitably be grown providing that the right varieties of grasses are chosen.

When choosing the grasses to be used in mixture with alfalfa, it should be kept in mind, in the first place, that such grasses as are apt to choke out the alfalfa on account of their inclination to spread out must be avoided, and, secondly, that only those which are early are of any particular value. Timothy for instance, which reaches full development comparatively slowly, is rather unsatisfactory in mixture with alfalfa. When the latter is ready to cut for hay, the timothy is hardly more than half-ready, the consequence of course being that the full benefit of it is not being realized. To defer the cutting of the mixture until the timothy is at its best, can of course not be recommended, by doing so, a poorer quality of hay will be secured as far as the alfalfa is concerned. It will also check the prompt development of the second crop. The grasses which go best with alfalfa are those which are ready to be cut at the same time as the alfalfa. There are three grasses of this type that deserve to be mentioned, viz.—Tall Oat Grass, Orchard Grass and Meadow Grass Fescue.

Tall Oat Grass is comparatively susceptible to cold winters and should therefore not be used in districts where the winters are severe.

Where it can be grown without losses on account of winter-killing, however, it goes excellently with alfalfa. The Orchard Grass is especially well adapted to well drained soil and, on such land, it may to great advantage be used in mixture with alfalfa. Its nutritive qualities are excellent and besides, it has the reputation of being one of the best weed checking grasses known.

The Meadow Fescue which is universally recognized as one of the most valuable grasses, especially for dairy cows, has the advantage over both Orchard and Tall Oats Grass in that it is harder. It may therefore be used with alfalfa in districts where the grasses may suffer from lack of winter hardiness. It also comes on quicker after cutting, contributes more to the bulk of the second crop, provides more pasture, in case the field should be used for that purpose, and yields better results on land which is somewhat wet on account of imperfect drainage. On the whole, the Meadow Fescue may be universally recommended in mixture with alfalfa.

Big money in Cellar Digging if you use a

PRACTICALLY no end to the digging and excavating work the Keystone Excavator Model 4 can do. Cellar digging seems to be "just made" for it. Many other uses, too.

The Keystone travels under its own power. Weighs only 12 tons, so it can go almost anywhere a dump wagon can. In cellar digging it stays on the level. Backs up and "takes the cellar with it," drag-line fashion. Works fast. Easily handled. No teams needed in the excavation. Big money earner.

MARKET REPORTS STOCKS, BONDS AND PRODUCE

POSTAL RECEIPTS SHOW INCREASE OVER LAST YEAR Surplus for the Fiscal Year Over Expenditures Totals \$2,329,128.27.

Ottawa, March 2.—(Canadian Press)—The report of the Postmaster General, which was tabled in the Commons this afternoon, showed a net revenue for the fiscal year 1918-19 of \$21,602,712.62, an increase of \$27,318,290, as against an expenditure of \$18,273,584.45, an increase of \$12,278,024.04. The surplus of revenue for the fiscal year over expenditures was \$2,329,128.27. The balance of the credit of depositors on March 31, 1919, was \$41,654,960.23. Loans approved by the Soldier Settlement Board now total nearly \$7,000,000 and some 35,213 returned men have passed the necessary tests to qualify them as agricultural settlers. Up to February 4, the number of settlers' loans approved was 15,083. Over 12,000 were established on farms and are off to a good start in their agricultural career. New Brunswick leads the three sea coast provinces, but only slightly ahead of Nova Scotia.

STOCK MARKET HESITANT AND DULL YESTERDAY Trading Was the Lightest and Narrowed in Volume of Any Full Session in Many Weeks.

New York, March 2.—Business on the Stock Exchange today was extremely dull and hesitant, the market taking little further heed of the supreme court ruling in the United States Steel "trust" case and other developments usually accounted as favorable. The decision of the Railway Brotherhood to accept, temporarily at least, the terms of the new railroad bill, exercised virtually no influence, beyond a moderate hardening of trading in the later dealing. Trading was the lightest and narrowest in volume of any full session in many weeks, but pressure was limited to high grade specialties embracing transportation, oil and equipment, leather and textiles. Reactions of 2 to 6 points in those issues were only partly recorded at the apathetic close. Sales amounted to 468,000 shares. Firmer money tendencies were an overshadowing factor over all other events bearing upon quoted values. There was no lack of call money at 10 per cent, but nine to nine and a half per cent was offered for time funds without appreciable response. That the more rigid credit conditions are extending to interior centres was evidenced by advices from Chicago where short term rates also stiffened and buying of merchants' bills was said to be almost negligible. The rate for demand bills on London rose to 3.43 1/2 per cent, or within two cents of its extreme rally from the acute depression of a month ago. Liberty and Victory issues featured the bond market, the former rallying substantially, while the latter fell to low records. Other bonds, including Federal Reserve notes, were quiet. Total sales, including inter-dealer, were 4,250,000.

DECREASE IN FLOUR OUTPUT Wheat Market Weaker But Mills Are No Where Near Normal Production.

Minneapolis, March 2.—The North-western Miller's Weekly Review of the flour trade says: With an erratic but, on the whole, weaker wheat market, there has been little flour buying, but prices have remained steady, and there has been indications of a coming revival of buying activity. Purchases of clear by the Wheat Export Company have helped to relieve the accumulation of this grade of flour. Stocks are declining. There has been strong demand for milled which has risen a dollar or more per ton over a week ago. The flour output continues to decrease, but only about thirty-four per cent of estimated capacity. The Kansas Hard Winter Wheat Mills group sixty per cent of the total output of soft winter wheat mills showed a slight increase to fifty-one per cent.

MARKET DULL AND SOMEWHAT SOFT (McDOUGALL & COWANS.) New York, March 2.—The market was dull and somewhat soft in the afternoon, except that the oil stocks and equipment acted rather better than the rest of the market. While it is recognized that the railroads will not be able to do much for some months to come, they are preparing to resume purchase of equipment for renewals which are charged to operating expenses. A 2 o'clock price advance of a small rally, but in the last half hour became irregular again and closed generally under the best prices of the day. Sales 450,700. E. & C. RANDOLPH.

Grain Traffic For Canadian Ports How to Divert Big Canadian Grain Traffic to Canadian Ports—80 Per Cent. Now Shipped Via Buffalo.

To the Members of Parliament of Quebec: A New Brunswick and Nova Scotia: For some years the Grain grown in Canada for export has been shipped via Buffalo and the American Railroads to Sea Ports of New York, Boston, Philadelphia and Baltimore. And this situation is getting worse instead of better, so that before long the entire eighty per cent of our grain for export now finds this channel. This should not be, because Canada has built three Transcontinental Railways, the Quebec Bridge, the System of Waterways, Canals, Docks, Elevators and is building a fleet of Steamships. It is a Merchant Marine for Canada, for the very purpose of carrying and taking care of the traffic created in Canada for the Canadian Sea Ports of Montreal, Quebec, St. John and Halifax. As a member for your Province, does it not appear to you that this affects your Sea Ports, does it not appear to you that the entire eighty per cent of the Grain grown in Canada should be shipped to the Canadian Sea Ports instead of the American Sea Ports? Does it not appear to you that Canada is maintaining the American Railways and Canals at a profit to the Americans, and maintaining the Canadian Sea Ports at a loss to the Canadians when we allow our traffic to be sent over the American route? This is a loss to our Railways and Canals, a loss to our Ocean Marine Fleet of sixty Steamers, Montreal, Quebec, St. John and Halifax. If you find that the people that have elected you to represent them in Parliament, to have this traffic diverted back to the Canadian Sea Ports where it belongs by taking the matter up with all of the Members of the Provinces of Quebec, New Brunswick and Nova Scotia, for the purpose of having the Federal Government impose an Export Tax on all Canadian Grain shipped for export via the American Channels? The reason why our grain is shipped over the American Channels for export, is because it is nearly all sent by the all-water route via Buffalo and the Erie Canal, transferring it into the barges at Buffalo. The reason why Canada has lost this traffic to the American route is because the Lake Steamers that carried it all water from Lake Superior through to the Canadian Sea Ports, were taken over by the Imperial Government for service on the Atlantic during the war. As these vessels did not return, Canada has not the required tonnage to take care of this traffic. The remedy, is for you to have the Federal Government build a fleet of Steamers to carry our Grain from Lake Superior Ports through to Montreal, Quebec, St. John and Halifax, so as to keep the Elevators filled at these Ports for supplying cargoes to the fifty Canadian Merchant Marine Steamers, so

TORONTO GRAIN QUOTATIONS

LONDON MANAGER FOR C. N. RAILWAYS APPOINTED

William Phelps Leaves Shortly to Look After the Interests of the C. N. R. Govt Merchant Marine in England.

Montreal, March 2.—The appointment of William Phelps, director of the Robert Hord Company, Ltd., to the position of European manager of the Canadian National Railways and of the Canadian Government Merchant Marine, with headquarters in London, England, was announced today by D. B. Hanna, President of the Canadian National Railways. Mr. Phelps will be leaving for England about the third week of the current month.

ATLANTIC SUGAR STOCK IN GAIN

Montreal, March 2.—Atlantic Sugar again contributed much more than half trading to the local stock market today, the turnover being 5,680. The stock had a substantial rise touching 85 1/2 during the day and closing at 94 1/2. Spanish River stocks were next most prominent, the common closing at 83 1/2, a net rise of 3/4 points and the preferred closing at 84 1/2, a net gain of 2 1/2 points. Dominion Bridge advanced 1 1/2 points to 19 1/2, and maintained 1 1/2 gain at the close; Abitibi added a point at 32 1/2. Canadian General Electric sold at 108 5/8 which was 1 1/2 points under the previous sale. Illinois preferred was down 1/4 at 68 1/2; Abitibi preferred lost a point at 39, and Asbestos preferred lost a point at 88. The feature of the bond sales was the breadth of the dealings, the largest number of issues for a year past being handled. Total trading: Listed, 15,321; bonds, \$166,050; unlisted, 105.

PAPER COMPANIES LARGE EARNINGS

Montreal, March 2.—The statements of the paper companies, as published, show the remarkable earnings that they are now having. Howard Smith's statement came out this morning. The paper stocks, as a whole, showed advances, Spanish River being the most active and strongest. The common advanced four points to 88, and the preferred up to 135. Brompton and Laurentide were both better. Wega's common was bid up with no stock coming out. The principal interest today was again in Atlantic Sugar. It was the most active stock and advanced 1/2 point to 94 1/2, closing at 94 1/2. Transactions in the balance of the list dominated the market. McDOUGALL & COWANS.

To Investors with Vision

Next to the automobile industry the Motion Picture Industry of recent years has shown the most amazing growth. The reason is clear. The appeal of the "movie" is universal, its interest never-ending, and its cost to patrons reasonable and therefore often repeated. So it is that far-advanced investors will vision both the security and profit offered by the Cumulative Preferred Shares of Famous Players-Lasker Corporation, Limited. That is why there is an active and growing demand for these Shares. Write or write immediately for prospectus and terms.

TAFT REGARDS EXCHANGE STATUS AS DREADFUL

Thinks the Situation Would Become More Stabilized if U. S. Would Ratify Peace Treaty. Hamilton, Ont., March 1.—W. H. Taft, ex-President of the United States who is on a lecture tour under the auspices of the Dominion Chautauque was in this city for several hours today. "The presidential outlook is all confusion," he said in an interview. "Failure to ratify the Peace Treaty and delay in regard to reconstructive measure prevent early activity in the election of a candidate."

STATE'S RIGHTS ON INCOME TAXES

Court Upholds Right of States to Impose Income Tax on Non-Residents on Income Derived in That State. Washington, March 1.—Right of the States to impose income taxes on non-residents, provided the taxes are not in violation of the Commerce Clause, was upheld and upheld today by the Supreme Court in two decisions. In a case from Oklahoma the Court held that a State unquestionably had authority to levy income taxes against non-residents on incomes derived from property within the State. In any case, however, the tax on non-residents must not be discriminatory.

NEW CORPORATIONS ANNOUNCED BY ROYAL GAZETTE

Five Companies in List—Moncton Man Assigns for Benefit of His Creditors. Fredericton, Feb. 25.—Notice is given in this week's Royal Gazette that J. Clark and Sons, Ltd., of this city, has increased their capital stock from \$100,000 to \$250,000. The new shares will be held by Robert H. Hatfield, Montreal dealer; Owen I. Clark, lumberman; Roy W. Cameron, lumberman; and William E. Nevers, lumberman, all of the town of Hamlet, have been incorporated as the Hatfield Lumber Company, Ltd., with a capital stock of \$18,000, and to carry on and operate a general woodworking and wood manufacturing business in all its branches and the head office to be at Hamlet in the county of Carleton. Frederick G. Spencer, amusement promoter, John G. Armstrong, clerk, and Charles J. Wilson, Ltd., have been incorporated as the Wilson Lumber Co., Ltd., with a capital stock of \$24,000, for the purpose of buying and selling dry goods, groceries, hardware, patent medicines, etc., with the head office at Carleton Place in the county of Carleton. Nathan A. Land, builder; M. L. Martin, bookkeeper; W. G. Waiters, accountant; and J. M. Trueman, barber, all of St. John, have been incorporated as the East St. John Building Company, Limited, with a capital stock of \$99,000, and to carry on the business of a general building contractor, with the head office at the city of St. John in the county of the city and county of St. John. Burr Ellis Cliff, produce dealer; Robert Myrna Wilson, produce dealer; Charles Pickard Cliff, barber; Robert Henry Wilson, farmer; and Robin Charlotte Cliff, married woman, all of Carleton Place, Ontario, have been incorporated as the R. H. Wilson Ltd., with a capital stock of \$24,000, for the purpose of buying and selling dry goods, groceries, hardware, patent medicines, etc., with the head office at Carleton Place in the county of Carleton. The capital stock of the Maintenance Lumber Co., Limited, has been increased from \$50,000 to \$500,000. Supplementary letters patent have been issued whereby the name of Connolly, Fairweather Co., Limited, has been changed to Fairweather, Limited, and the powers of the company extended to carry on the business of selling and installing all kinds of heating apparatus and to do the business of a general department store.

The S. S. Dyonysios-Stathatos, Mo-
lean-Kennedy agents, sailed from
Dunkirk on February 22nd for a Cana-
dian port.

**TURK REMAINS
IN EUROPE**
(Montreal Star.)
The Allied decision to leave the
Turk in Constantinople has raised a
storm of protest in certain quarters
in England, and a memorial, bearing
very influential names, has been sent
to the Government protesting.
This is by no means surprising. The
expulsion of the Turkish power from
the Turkish occupation, since the armis-
tice, has not been such as to make
for it many new friends. There has
been the usual round of massacre and
imposed upon the unfortunate
Turks under the rule, and there is
not much chance of reform. What
the world has hoped was no doubt that
Constantinople should be freed from
Turkish occupation, and the control
areas in Asia Minor should be put
under the supervision of either America
or one of the European Powers.
Why has this not been accomplished
or why at least a start has not been
made, it is impossible to say definitely.
But apparently it is grim necessity
which has compelled Great Britain to
acquiesce in the retention of Constani-
tinople by the Turk. The Sultan is
still the official head of Islam, and
Great Britain is the greatest Islamic
Power in the world. She has hun-
dreds of millions of subjects who are
devoted followers of the Prophet.
There has been unrest in India, and
worse than unrest in Egypt. It is
quite possible that the expulsion of
the Turk from his last resting spot
in Europe would have grave conse-
quences elsewhere, and that Britain
has found her hands firmly tied and
has been compelled to give sanction
to an arrangement with which she
has little sympathy. France has nev-
er approved of the removal of the
Turk from this side of the Bosphorus,
probably because she distrusted
any arrangement which could be made
to replace him. The United States
has refused to lend a hand in the
protection of populations which may
in their turn become the victim of
Turkish oppression. Once more the
Turks seem likely to be saved from the
condition which alone preserved his
corrupt and cruel power for genera-
tion after generation—the inability of
the Great Powers to come together
and put an end to him.
But he has lost at least one asset
which made him formidable, the con-
trol of the Bosphorus and the Dardane-
ls, and that almost impregnable
fortress stained by the blood of so
many brave men. With that out of
his hands he ceases to be a serious
military factor. In European affairs,
and with the resumption of peace con-
ditions the Great Powers cannot, for
very shame's sake, permit the reign
of horror in Armenia to be resumed.

**County Local
Housing Board**
We are prepared to receive ap-
plications for loans on houses now
in course of erection or con-
templated by private parties in the
County of St. John. Application
forms may be had by applying to
P. O. Box 668, or to Thomas K.
Sweeney, Secretary-Treasurer, 109
Prince William Street, City.
ALEX. WILSON,
Chairman.

PUBLIC NOTICE
PUBLIC NOTICE is hereby given
that a Bill will be presented for en-
actment at the next session of the Pro-
vincial Legislature the object of which
is to amend the "Saint John City As-
sessment Act 1919" in the following
particulars:
(1) to provide that real estate to the
amount of \$500. for a female who is
compelled to earn her own living,
where the total amount of such real
estate does not exceed \$5,000, shall be
exempt from taxation under the said
Act.
(2) to provide that when an estate
of a deceased person has been wound
up and the income therefrom becomes
payable to the beneficiaries of the
deceased, notice thereof in writing
shall be immediately given to the
Chairman of the Board of Assessors.
(3) to provide that all companies,
corporations or individuals doing busi-
ness in the city and who transfer
their business to some other company,
corporation, individual or individ-
uals, shall be liable to be assessed in
the succeeding year on the income re-
ceived during the year in which said
business was transferred.
Saint John, N. B. 20th February
A. D. 1920.
HERBERT E. WARDROP,
Common Clerk.

CHANCERY SALE.
Take notice that will be sold at
Public Auction at Chubb's Corner (so
called), corner of Prince William and
Princess streets, in the City of Saint
John, on Saturday, the sixth day of
March next, at the hour of twelve
o'clock noon, pursuant to the direc-
tions of a certain Decreeal Order of
the Supreme Court, Chancery Division,
made on the eighteenth day of No-
vember, 1915, in a certain cause there
pending wherein Alexander C.
Jardine is plaintiff, and C. Herbert
McLean and Joshua Tobin are defend-
ants, with the approbation of the
undersigned Master of the Supreme
Court, pursuant to the provisions of
the said Decreeal Order, at which
sale all parties have leave to bid, all
the right, title and interest of the
said defendants, or either of them
in and to the lands and premises
described in the plaintiff's statement
of claim, and in the said Decreeal
Order as "All that piece or parcel of
land conveyed by Joshua Tobin of
the City of Ottawa by Indenture dated
"the twentieth day of November, A.
D. 1912, and therein described as
"All that piece or parcel of land con-
veyed by John Ross of the said City
of Saint John to the said Joshua
"Tobin by Indenture dated the third
"day of October, A. D. 1912, and re-
"corded at the office of the Registrar
"of Deeds for the County of the City
"and County of Saint John as number
"2711, Book 121, pages 307 and 308,
"and therein described as ALL that
"lot of land and premises situate, ly-
"ing and being on the western side of
"Brussels street, in the said City of
"Saint John, and therein described as
"follows: BEGINNING at a
"point on the western side of Brussels
"street forty feet distant from Car-
"roll Alley, so called, and at the
"southeastern angle of a lot formerly
"owned by one Robert Carson, thence
"southerly along the western westerly
"boundary of the southern line of the
"Carson lot and a distance of forty
"feet therefrom one hundred feet
"thence northerly parallel to the said
"Brussels street to the southern bound-
"ary of the said and thence
"following the southern boundary of
"said Carson lot to the place be-
"ginning, the same to be subject to
"any rights of way that may exist.
"And also all that other piece or
"parcel of land conveyed by John Ross
"of the said City of Saint John, to the
"said C. Herbert McLean by Indenture
"dated the twenty-first day of Decem-
"ber, A. D. 1912, and therein described
"as ALL that certain lot, piece or
"parcel of land situate, lying and being
"in Wellington Ward, in the City of
"Saint John, and bounded as follows:
"beginning at the southeast corner of
"said parcel of land on the west side of
"Brussels street now under lease to
"one Thomas Froid; thence running
"westerly along the south line of the
"said parcel of land (100) one hundred
"feet thence at a right angle south-
"erly (18) eighteen feet; thence at a
"right angle easterly (100) one hundred
"feet to Brussels street aforesaid;
"thence at right angles northerly along
"the west side of Brussels street (8)
"eighteen feet to the place begin-
"ning.
"Together with the right with others

FORECASTS.

Maritime—Moderate winds, fair with slightly higher temperature.

Northern New England—Fair and warmer Wednesday.

AROUND THE CITY

BOARD OF HEALTH.
The Board of Health report on the influenza epidemic yesterday: Total number of cases reported, 288; recoveries, 194; deaths, 15.

THE POLICE COURT.
In the police court yesterday morning further evidence was taken in the charge against three youths for robbing Hoffman Brothers store of cloth valued at \$1,100 on the morning of January 24. The case was adjourned until Friday morning.

FEAST OF PURIM.
Tomorrow evening is the Eve of the Feast of Purim. This is called by the Jews the Feast of Lots, and was instituted to commemorate the deliverance from the machinations of Haman. On Thursday afternoon the Hadassah Chapter, Daughters of Zion will entertain the children at the Y. M. H. A. to celebrate the Feast Day.

DAUGHTERS OF ISRAEL.
The Daughters of Israel held their regular meeting last evening at which, in the absence of the president, Mrs. J. Goldman, Mrs. L. Isaacs presided. This society does a large amount of charitable work and last evening made several grants to those needing assistance. Their meeting was held at the Y. M. H. A., Horsfield street.

AFTER LONG VOYAGE.
The C. P. O. S. tug Musquash arrived in port this morning after an absence of three years, during which time she was working in the interests of the British government. During the early winter months she tied up at the Azores and when weather conditions warranted she worked to Bermuda, thence to New York and St. John. She was in command of Captain Mitchell, and was consigned to Nagle & Wigmore.

AN INCREASE.
An increase of slightly more than \$300 in harbor revenues is reported for February, 1920, as compared with the corresponding month of the previous year. On account of the up of traffic in the snowstorm, the top wharves this year was considerably less than the top wharves for February, 1919, but the sideway traffic was double that of February last year.

The figures are: February, 1920, \$20,810.38; February, 1919, \$20,509.02.

SENIOR MISSION BAND.
At the regular meeting of the Senior Mission Band of the Central Baptist Church, held at the home of Miss Edoria Brown, Rockland Road, Miss Maude Northrup read a paper on the work of Miss Blackadar in India. The sum of \$25 was voted to mission work and several contributions came in for the quilt which is being made for a medical mission in India. Mrs. R. D. Christie, the president, was in the chair, and there was a good attendance of members.

VETERAN OF GREAT WAR DIED YESTERDAY
Otto Logan Passed Away Yesterday at General Public Hospital—Member of 55th Battalion—Ill Only One Week.

The death of Otto Logan took place yesterday at the Public General Hospital after about a week's illness. Scarlet fever followed by pneumonia was the cause. Mr. Logan was a returned soldier, having come over seas with the 55th Battalion. His family was formerly of St. John, but he had been in the States some time before the war. He was taking a course of retraining under the Soldiers' Civil Re-establishment when he fell ill. He leaves a wife and one child.

Mr. Logan was a prominent member of the Great War Veterans' Association and has a large circle of friends who will greatly regret the news of his death.

QUITE SATISFIED WITH INSPECTOR

A meeting very representative of the Ministers, business and professional men and of the Ladies' Temperance societies of the city, was held yesterday afternoon in the Y. M. C. A. building.

A careful consideration of the present temperance situation was given, much information was received and committees were appointed to carry out the wishes of the meeting.

A hearty resolution was unanimously passed expressing confidence in, and appreciation of the work of Chief Inspector Wilson, and pledging him continued support in that work.

NEW BRUNSWICK POWER CO. DISHEARTENED OVER FINDINGS

Director of the Company, in an Interview, Reviews Trials and Hardships of the Company, Admitting Discouragement—Unable to Determine at This Time What Their Next Move Will Be.

"What do you think of the findings of the second commission appointed to determine the rate base of the New Brunswick Power Company?" was asked by The Standard of one of the directors of that company last evening.

"The findings of the second commission is naturally very disheartening and very discouraging to the company," was the reply. "We felt that when the Currier Commission made the finding of \$2,800,000 that confiscation had set in, but the present finding is so much more drastic that it has developed a most serious situation. The facts of the case are that, as uncovered by Messrs. Lybrand, Ross Brothers & Montgomery, certified public accountants who were engaged by the Currier Commission, the cash disbursements in the purchase of the St. John Railway Co., were \$2,576,498. In order to secure the cash for this, \$1,750,000 of 1st Mortgage Bonds, \$1,000,000 of 1st Preferred stock and \$350,000 of 2nd Preferred stock were sold for cash, producing \$2,871,500. It will be noticed that the par value of these securities sold for cash was \$3,100,000."

"As stated by the above firm of auditors, since the property of the Street Railway Co. cost \$2,576,498, there remains, approximately \$90,000 in cash and the common stock which could have been applied to the purchase of water powers. The rate base decided upon by the last commission is merely the amount of the cash paid for the property without allowing anything whatever for the money expended or the potential market value of the water powers."

"No 5 per cent Mortgage Bonds, no 7 per cent 1st Preferred, or no 7 per cent 2nd Preferred stock in a utility company such as ours could be sold today at par, yet this company is supposed to go on and finance this undertaking with such a judgment as this."

Several Chapters Meetings Last Night

Brunswick, Windsor and Seven Seas Chapters I. O. D. E. Met Yesterday—Protestant Orphanages to be Assisted—Delegates Named for National Meeting.

Several Chapters of the I. O. D. E. held meetings last evening at which donations were made to various good causes and plans made for future activities.

Seven Seas

The Seven Seas Chapter I. O. D. E. held their March meeting last evening at the home of Mrs. Fred Myles, Wright street, the Regent, Mrs. Ray Haley, presiding. Nominations for councillors for the meeting of the National Chapter to be held at Calgary were made. Miss Zela Lamoreaux and Miss Mildred Wilson were elected councillors to attend the Provincial meeting at Fredericton.

The Regent brought before the members the advisability of buying "Made in Canada Goods" and a ban on the Hearst papers in Canada was strongly advocated.

The Echoes secretary stated that she hoped to secure two-thirds of the Chapter members as subscribers to Echoes.

It was decided to join with the other Chapters in paying the passage of a soldier's wife to England.

A committee was appointed to find out what would be the best way to help the Protestant Orphan's Home on the West Side. Plans were made for the holding of a pantry sale in the near future.

Brunswick Chapter

The Brunswick Chapter I. O. D. E. held their regular meeting last evening at the residence of Mrs. Samuel Elliott, De Monts street, the regent, Mrs. G. S. Mayes, presiding. It was decided to join with the other Chapters in paying the passage of a soldier's wife to England, the sum of \$12.50 being voted for this purpose.

Twenty-five dollars was voted to the Protestant Orphanage on the West side and two subscriptions to magazines authorized for the D.S.C.R. Hospital. Plans were made for an entertainment to be held Easter week.

The Windsor Chapter, I. O. D. E., held their regular meeting at the residence of Miss Maud Cunningham, De Monts street. The regent, Miss Gertrude Lawson, presided and various matters of routine business were carried out.

Mrs. Heber Vroom was nominated as the representative to attend the meeting of the National Chapter to be held in Calgary.

Final arrangements were made for a dance to be held shortly.

A LEAP YEAR BIRTHDAY PARTY

A very enjoyable evening was spent at the home of Mr. and Mrs. Walter McNeil, when a number of friends gathered Monday evening to wish her many happy returns of the day. Mrs. McNeil is not as fortunate as a good many persons, as her birthday only comes once in every four years. She was made the recipient of a very handsome parlor table.

The evening was joyously spent in music, songs and games. A sumptuous supper was served at 12 p.m., after which the happy party broke up, wishing Mrs. McNeil the joys and happiness of the coming years. "Auld Lang Syne" and God Save the King were sung.

Final Showing of "Evangeline" Today

Again yesterday Imperial Theatre was crowded afternoon and evening to witness the truly beautiful picture, "Evangeline." The picture is a masterpiece of art, and the people are delighted with it, it is so sweet and pure, pictorially pretty and what strikes Maritime Provincialists forcibly, the historical value of the story is truthfully depicted. It is a theory in the picture business that "costume" plays are not acceptable to the people as a whole, but such a production as "Evangeline" exploits this belief. Today at 2, 4.45, 7 and 8.45 the final showings of the story will be made, preceded in each instance by topical and magazine reels. Tomorrow Pauline Frederick appears in a second-wife domestic story "Bonds of Love."

FREE PATTERNS AT DYKEMAN'S.

During this week which is being especially featured as Home Sewing Week, the F. A. Dykeman & Co. will give absolutely free one of McCall's Patterns with every dress length of cotton or woven fabric goods sold. Wash Fabrics, Dress Goods and Silks join an inviting array to make selection easy.

With Spring almost at hand and Easter unusually early, it is certainly time to get that necessary Spring Sewing done.

It will surprise you to find how easy it is to make beautiful clothes at home by the aid of McCall's Patterns and the saving spells thrift.

With McCall Patterns and F. A. Dykeman's piece goods any woman can have charming clothes for very little money.

Death Said To Be Purely Accidental

Jury Attaches No Blame to Anyone at Inquiry Held Last Night Into Death of George Demeau—Number of Witnesses Gave Evidence.

Monday afternoon George Demeau, a young man about twenty-four years of age, was crushed to death by a falling pillar of bricks in the store of Jacob Jacobson, Main street.

Last night an inquest was held, and the jury empaneled by Donora A. Porter viewed the body and adjourned to the Court Rooms, Germain street, where evidence was taken, after which the jury brought in the following verdict:

"We, the undersigned jurors, find that George Demeau came to his death on March 1st, 1920, by being crushed by a falling pier, while at work for Hyman Davis, at the store of Jacob Jacobson, 637 Main street. We attach no blame to anyone, said death being purely accidental. Signed: Harry Weston (foreman), James Little, John Magee, Herbert J. Keys, C. Fred McCluskey, Allison V. DeWolfe, E. A. Garnett.

The first witness to be called was Hyman Davis, who testified that he visited the store in which the accident occurred on Monday at 1:30 o'clock. Everything was in perfect condition, and there was no danger whatever from the pier falling. He said that Demeau commenced work last Friday. The work begun then was the tearing down of two partitions.

Dr. F. W. Stevens, the next witness called, said he received a telephone call Monday afternoon about three o'clock, and upon arriving at the scene of the accident found the body of the deceased lying on the floor in the front shop. The body had been taken from the rear of the building, where the repair work was being conducted. He said he did not examine the body, but noticed that blood was gushing profusely from the mouth and one ear.

Hyman Davis was again called, and when asked if he had given any orders as to how the work was to be done, he said he told them what there was to be done, but did not tell them what was to be done in doing it. Demeau had been with him since last November, and was not a first-class carpenter, but belonged to the Carpenter's Union and he did not examine the pier, but thought it looked as if it was in a safe condition.

Charles McCafferty, the third witness, stated he was working at the time of the accident, said that the pillar previous to its falling was solid, but when it struck the beam which was resting near it smashed into several pieces.

Dr. Leonard West, a physician at the General Public Hospital, was the fourth witness. He testified that the body of George Demeau was brought up to the ambulance about 4 o'clock, and was taken immediately to one of the wards, where a bed had already been arranged. He said that deceased was lying on his back, with his eyes closed and mouth, and that he was unconscious, but his pulse appeared to be fairly good. The left side of his skull was caved in. Just one hour later the man died, at 4:15 o'clock. He said that death was caused from a fracture of the skull.

Henry Cregg, the fifth witness, said he was standing on a ladder on the opposite side of Demeau, and had just stepped down to get a plank when he heard a crash behind him, and upon looking around saw the body of the deceased lying on the floor. Some nails scattered over the ground when the pier fell. He stated that he tested the foundation of the pier on Saturday, and found it to be perfectly solid, and he could not give any reason for the pillar falling, as there had been no jar near it which would cause it to fall. He also stated that the foundation of the pier was intact after the pillar had fallen.

Jacob Jacobson, proprietor of the store, the next witness called, said that he was in the store at the time of the accident. He heard a crash from the back shop and heard someone shout "Look out." followed shortly afterwards by "Come pick this man up quick." He helped another man who was working there carry the body to the front shop and lay it on the floor. He did not go back into the store again, but stood outside for some minutes.

Nathan Leonof was the next witness. He stated that he and another man tested the foundation of the pier and found it to be perfectly safe. He could see no danger whatever of the pier falling when he examined it on Friday.

Selick Jacobson testified that he was sitting in the front shop when he heard a crash. He did not go into the back shop to discover the cause, but saw the men bringing the body in the front shop and lay it on the floor.

This was all the evidence given, and the jury brought in a verdict as stated above.

Morris Dickinson of Presque Isle arrived in St. John on Monday having been called to the city by the serious illness of his father, C. W. Dickinson. Mrs. Max Ross is spending a few days in Sackville, N. B.

Mrs. Daniel Mullin returned from Montreal yesterday.

"Ehamelled Sinks," P. Campbell & Co.

AT GILMOUR'S.

New Spring cloths have been opened in the Custom Tailoring Department, and also attractive lines of Ready-to-Wear Tailorcoats and Suits.

Several Chapters Meetings Last Night

Brunswick, Windsor and Seven Seas Chapters I. O. D. E. Met Yesterday—Protestant Orphanages to be Assisted—Delegates Named for National Meeting.

Several Chapters of the I. O. D. E. held meetings last evening at which donations were made to various good causes and plans made for future activities.

Seven Seas

The Seven Seas Chapter I. O. D. E. held their March meeting last evening at the home of Mrs. Fred Myles, Wright street, the Regent, Mrs. Ray Haley, presiding. Mrs. Heber Vroom was nominated as the representative to attend the meeting of the National Chapter to be held in Calgary.

Final arrangements were made for a dance to be held shortly.

Musical Society Plan For Concert

Meeting Held Last Evening—Reports of Chorus and Programme Committees Heard—Pianist and Baritone Coming.

Final arrangements for the bringing to St. John of Madame Sturkow-Tyder, pianist, and Finlay Campbell, baritone, were made at a meeting of the St. John Society of Music held last evening in the Retail Merchant's Association Rooms, Germain street. The president, Neil McLean, was in the chair.

It was announced that the concert would be held in St. Vincent's Auditorium.

Miss Louise Knight reported that a chorus has been formed and there is every reason to believe that this will be in a flourishing condition by the last of April.

Mrs. A. C. D. Wilson was highly complimented on her excellent report of the programme committee.

There was some discussion regarding the bringing to St. John in the summer months of Michael Scarpino who charmed an audience in the city recently, to teach a "master violin class." It was felt that there were many who would like to take advantage of such instruction.

BRANCHES CLEARED.

The Albert Railway and the Eglis and Havelock branch have both been cleared of snow and traffic is again running over them. Service on the Valley Railway has been resumed and men are working on the St. Martins branch to clear the tracks.

VICTORIA RINK.

Skating this afternoon. Band and good ice tonight.

Final Showing of "Evangeline" Today

Again yesterday Imperial Theatre was crowded afternoon and evening to witness the truly beautiful picture, "Evangeline." The picture is a masterpiece of art, and the people are delighted with it, it is so sweet and pure, pictorially pretty and what strikes Maritime Provincialists forcibly, the historical value of the story is truthfully depicted. It is a theory in the picture business that "costume" plays are not acceptable to the people as a whole, but such a production as "Evangeline" exploits this belief. Today at 2, 4.45, 7 and 8.45 the final showings of the story will be made, preceded in each instance by topical and magazine reels. Tomorrow Pauline Frederick appears in a second-wife domestic story "Bonds of Love."

FREE PATTERNS AT DYKEMAN'S.

During this week which is being especially featured as Home Sewing Week, the F. A. Dykeman & Co. will give absolutely free one of McCall's Patterns with every dress length of cotton or woven fabric goods sold. Wash Fabrics, Dress Goods and Silks join an inviting array to make selection easy.

With Spring almost at hand and Easter unusually early, it is certainly time to get that necessary Spring Sewing done.

It will surprise you to find how easy it is to make beautiful clothes at home by the aid of McCall's Patterns and the saving spells thrift.

With McCall Patterns and F. A. Dykeman's piece goods any woman can have charming clothes for very little money.

Death Said To Be Purely Accidental

Jury Attaches No Blame to Anyone at Inquiry Held Last Night Into Death of George Demeau—Number of Witnesses Gave Evidence.

Monday afternoon George Demeau, a young man about twenty-four years of age, was crushed to death by a falling pillar of bricks in the store of Jacob Jacobson, Main street.

Last night an inquest was held, and the jury empaneled by Donora A. Porter viewed the body and adjourned to the Court Rooms, Germain street, where evidence was taken, after which the jury brought in the following verdict:

"We, the undersigned jurors, find that George Demeau came to his death on March 1st, 1920, by being crushed by a falling pier, while at work for Hyman Davis, at the store of Jacob Jacobson, 637 Main street. We attach no blame to anyone, said death being purely accidental. Signed: Harry Weston (foreman), James Little, John Magee, Herbert J. Keys, C. Fred McCluskey, Allison V. DeWolfe, E. A. Garnett.

The first witness to be called was Hyman Davis, who testified that he visited the store in which the accident occurred on Monday at 1:30 o'clock. Everything was in perfect condition, and there was no danger whatever from the pier falling. He said that Demeau commenced work last Friday. The work begun then was the tearing down of two partitions.

Dr. F. W. Stevens, the next witness called, said he received a telephone call Monday afternoon about three o'clock, and upon arriving at the scene of the accident found the body of the deceased lying on the floor in the front shop. The body had been taken from the rear of the building, where the repair work was being conducted. He said he did not examine the body, but noticed that blood was gushing profusely from the mouth and one ear.

Hyman Davis was again called, and when asked if he had given any orders as to how the work was to be done, he said he told them what there was to be done, but did not tell them what was to be done in doing it. Demeau had been with him since last November, and was not a first-class carpenter, but belonged to the Carpenter's Union and he did not examine the pier, but thought it looked as if it was in a safe condition.

Charles McCafferty, the third witness, stated he was working at the time of the accident, said that the pillar previous to its falling was solid, but when it struck the beam which was resting near it smashed into several pieces.

Dr. Leonard West, a physician at the General Public Hospital, was the fourth witness. He testified that the body of George Demeau was brought up to the ambulance about 4 o'clock, and was taken immediately to one of the wards, where a bed had already been arranged. He said that deceased was lying on his back, with his eyes closed and mouth, and that he was unconscious, but his pulse appeared to be fairly good. The left side of his skull was caved in. Just one hour later the man died, at 4:15 o'clock. He said that death was caused from a fracture of the skull.

Henry Cregg, the fifth witness, said he was standing on a ladder on the opposite side of Demeau, and had just stepped down to get a plank when he heard a crash behind him, and upon looking around saw the body of the deceased lying on the floor. Some nails scattered over the ground when the pier fell. He stated that he tested the foundation of the pier on Saturday, and found it to be perfectly solid, and he could not give any reason for the pillar falling, as there had been no jar near it which would cause it to fall. He also stated that the foundation of the pier was intact after the pillar had fallen.

Jacob Jacobson, proprietor of the store, the next witness called, said that he was in the store at the time of the accident. He heard a crash from the back shop and heard someone shout "Look out." followed shortly afterwards by "Come pick this man up quick." He helped another man who was working there carry the body to the front shop and lay it on the floor. He did not go back into the store again, but stood outside for some minutes.

Nathan Leonof was the next witness. He stated that he and another man tested the foundation of the pier and found it to be perfectly safe. He could see no danger whatever of the pier falling when he examined it on Friday.

Selick Jacobson testified that he was sitting in the front shop when he heard a crash. He did not go into the back shop to discover the cause, but saw the men bringing the body in the front shop and lay it on the floor.

This was all the evidence given, and the jury brought in a verdict as stated above.

Morris Dickinson of Presque Isle arrived in St. John on Monday having been called to the city by the serious illness of his father, C. W. Dickinson. Mrs. Max Ross is spending a few days in Sackville, N. B.

Mrs. Daniel Mullin returned from Montreal yesterday.

"Ehamelled Sinks," P. Campbell & Co.

AT GILMOUR'S.

New Spring cloths have been opened in the Custom Tailoring Department, and also attractive lines of Ready-to-Wear Tailorcoats and Suits.

Final Showing of "Evangeline" Today

Again yesterday Imperial Theatre was crowded afternoon and evening to witness the truly beautiful picture, "Evangeline." The picture is a masterpiece of art, and the people are delighted with it, it is so sweet and pure, pictorially pretty and what strikes Maritime Provincialists forcibly, the historical value of the story is truthfully depicted. It is a theory in the picture business that "costume" plays are not acceptable to the people as a whole, but such a production as "Evangeline" exploits this belief. Today at 2, 4.45, 7 and 8.45 the final showings of the story will be made, preceded in each instance by topical and magazine reels. Tomorrow Pauline Frederick appears in a second-wife domestic story "Bonds of Love."

FREE PATTERNS AT DYKEMAN'S.

During this week which is being especially featured as Home Sewing Week, the F. A. Dykeman & Co. will give absolutely free one of McCall's Patterns with every dress length of cotton or woven fabric goods sold. Wash Fabrics, Dress Goods and Silks join an inviting array to make selection easy.

With Spring almost at hand and Easter unusually early, it is certainly time to get that necessary Spring Sewing done.

It will surprise you to find how easy it is to make beautiful clothes at home by the aid of McCall's Patterns and the saving spells thrift.

With McCall Patterns and F. A. Dykeman's piece goods any woman can have charming clothes for very little money.

Our Imported Models

High lustre is the predominant feature of the new Spring millinery. The sipper and the cellophane braids, also the patent-finished fabrics are shimmering and lustrous. This note in the Spring millinery indicates the propinquity of Spring-time. We have a fine collection for your inspection.

Marr Millinery Co., Limited

Modern Labor Savers

FRESH NEW SPRING BLOUSES

In Acknowledged Styles of the Moment

A glance will show that someone with critical taste designed these Blouses and that they are the smartest styles to be found anywhere.

VOILE BLOUSES ARE THE FAVORITES OF FASHION

Among these you will find:

Tailored Models in fine sheer voiles. These are made with solidly tucked fronts, long sleeves and high necks, plain or banded with ribbon. Some have trimmings of small white pearl buttons.

Other youthful styles are made in charming ways featuring lace trimmed fronts, round or V shaped necks, small sailor collars and short or long sleeves. Fronts are beautifully embroidered or tucked in novel patterns. Some have inserts of fine Guipure lace.

There are all sizes in the collection. You cannot fail to find a suitable and very becoming model.
