RHEUMATISM

Heretofore there has been a considerable diversity of opinion among medical men, as to the true character of this disease. Some locating it in the fibrous or muscular tissues of the system, and others viewing it as an acute nervous disease arising from a poison circulating it the blood, and further it is ad titted that Rheumatism can never be thoroughly cured without exterminating such poisonous matters from the blood, by a constitutional internal remedy. We feel confident that no ie will feel better satisficand rejoice more, than the conscientionus physician, who has found out that cure for this staborn disease has been discovered. The following testim my from a gentleman of standing, and DIAMOND

RHEUMATIC CURE is a wonderful medical discovery.

1:0 PRINCE WM. STREET. MANCHESTER, N. H., Dec. 13.-A girl by the name of Hattie Beaman, about 23 years of age, came to this city in August last from Brashears Falls, N. Y., and since that time has been employed as a domestic in the boarding house of Mrs. Philbrick, No 90 Amoskeag Corporation. She was taken ill on Friday night, and in the morning she said she was too feeble to rise from her bed. At about noon her room was visited, but the door was locked. After a short interval she opened the door, and it appeared that she opened the door, and it appeared that she had given birth to a full-grown female she had given birth to a full-grown female infant, which was found under the bed with its throat cut. The girl contessed that she had murdered the child with a pair of shears. She was overwhelmed with grief and shame upon being discovered, and said that she had been betrayed by a young man at her residence at Brashears Falls.
