BEWARE OF IMPOSTORS!

Editor Observer:

The foreign Mission Office of
the Presbyterian Church in Canada
has issued the following:

"At present there are two men
from Asia Minor soliciting funds
in Canada, and this office has in-
formation to say that they are not
worthy of help. These men bear
letters signed by leading citizens
and ministers who had no other
information about them than that
they were satisfied with the cre-
dentials they carried and there-
fore commended the object of their
mission. We have information
which shows clearly that they are
impostors. One of them showed
us his book, and he has a large
list of persons who have given
him money.

"You will be rendering the
church a service by warning per-
sons not to contribute to any of
these men from Turkey or Persia,
no matter how piously they talk,
nor what letters they bear, unless
they are endorsed by this office.
It is a great pity that ministers
and college professors and others
will lend their names to men
whose case sounds worthy, and
whose credentials read well, but
of whom they know nothing.

"You will be rendering the gen-
erous public of all Christian
Churches a service by publishing
the above caution."

Mrs. Eliza Tibbitts Dies of Burns Received

Mrs. Eliza Tibbitts, who was so
severely burned in the fire last
Sunday morning, died at the
home of her son, Allan Tibbitts at
the Moore House last night at 6
o'clock, on her 75th birthday.
Mrs. Tibbitts was born on June
10, 1839, in Sheffield, N. B. She
was the widow of Charles Tib-
bitts who died in 1882. She was
the mother of twelve children,
four of whom are dead, eight now
living. Amos Tibbitts and Allan
Tibbitts, both of Millinocket;
Charles Tibbitts, Mrs. William
Clark of Carleton County; Miss
Lizzie Tibbitts of South Framing-
ham, Mass.; Mrs. Charles Wall-
ace of Millinocket; Mrs. Henry
Bastion of Bridgewater; Mrs. Rod-
ney Huff of Athol, Mass. Mrs.
Tibbitts lived in New Brunswick
until the past fourteen years,
when she made her home among
her children. She was baptized
in New Brunswick by the Rev.
A. Giberson, and was a member
of the Baptist church. She was
a kind and loving mother and was
beloved by all who knew her. Be-
sides the eight children already
mentioned, Mrs. Tibbitts leaves
one sister, Mrs. Thomas Rogers of
Mars Hill. One of Mrs. Tibbitts'
daughters was burned to death,
caused by a lamp exploding. At
that time Mrs. Tibbitts was se-
verely burned. She was living
in a house once before that burned.
And now her death was caused
by the burns received when the
house of her daughter burned last
Sunday morning. The funeral
will be held in the Baptist church
Friday, Pastor Thurston will
officiate—Millinocket Journal.

Yankee Opinion of N. B. Roads

If the road commissioner of
Centreville and Tracy Mills
would get their men and teams
out and repair the holes in the
road leading from the Boundary

would be large gainers on ac-
count of increased auto travel.
The best that can be said of this
stretch of road is that it is bad,
and should be looked after before
snow flies.—Mars Hill View.

A MISTAKEN IDEA

There are some people who still resort to drugged pills or alcoholic stimulants to overcome colds, nervousness or general debility, and who know that the latter, unadulterated, nourishment, the Scott's Emulsion is infinitely better, but refrain from taking it because they fear it may lead to excessive fat or obesity.

This is a mistaken idea. A true Scott's Emulsion first strengthens the body before making flesh. Its blood-forming properties aid nature to throw off sickness by building health from its very source, and flesh is formed only by the continued use of fish oil. Avoid all other substitutes for SCOTT'S.

VOL. 6 JULY 5, 1914 No. 4

SOME OBSERVATIONS

Just two years ago there appeared in the columns of this paper an article assailing the veracity and probity of Hon. J. K. Flemming in his political career. Said article was written by the editor, during the closing days of a bitter campaign, and had not every word of it been true, it would have been not only criminally libellous but scurrilous. Many good people, subscribers to this paper and admirers of Mr. Flemming, were deeply offended, for they had an honest faith in the Premier and believed The Observer's criticism was unkind, uncalled for and entirely untrue. There were some who were not supporters of Mr. Flemming who advised the editor that his pen was prone to be as untruthful as some people's tongues. But the writer was sure of his facts and the article referred to was in every essential true indeed.

The Observer desires to live in peace with all men. While disliking to hurt the feelings of any one, it has no speakable hatred for hypocrisy and sham and hollow pretences of virtue. The Observer glories in unmasking villainy, and when such occasion arises chooses to use language so plain that there can be no mistake in the meaning. The article which severely criticized Premier Flemming offended many well-meaning people whom the writer did not desire to offend. Yet there could be no retraction, for it was only the truth. The editor could only wait for the passing of time and it condoned events to prove that his article of two years ago was not unwarranted.

If Premier Flemming is not guilty of the charges preferred against him by Mr. Dugal, he is too blind and weak to hold any public office, much less the highest office in the government. Messrs. Brankley and Berry went to Premier Flemming's own room in the Barker House, Fredericton, and there met the Premier and E. R. Teed. According to the evidence adduced Mr. Fleming told Mr. Brankley that "whatever Mr. Berry may tell you about Mr. Teed will be all right." What Mr. Berry actually told Mr. Brankley about Mr. Teed was: "This is the man you are to give the money to." Thereupon Brankley handed Teed a package containing tens of thousands of dollars corruptly extracted from the lumbermen. And this delivery of corrupt funds for purposes of corruption was made in Premier Flemming's own room. True, as a western paper puts it, "He did not himself remain in the room to witness the actual slaughter of purity, but the screams of the suffering victim must have pursued him as he went down the hall."

Had the Conservatives a vestige of a charge of graft or crookedness that they could lay against E. B. Carvell we surely would hear of it in these "parlous" times. A prominent Conservative was heard to say the other day: "For being in politics so

many years, Carvell has a wonderfully clean record."

There is not a reader of this paper who will say over his own signature that he believes Premier Flemming knew nothing of the notorious campaign fund.

Most of the members of the government wanted the stumpage bonus fixed at \$150 per mile. But Premier Flemming was determined it should be only \$100. He carried his point. Then his man Berry passed around the bag and found graft easy. If anyone thinks Fleming knew nothing of this scheme let him say so over his own signature and The Observer will gladly print it.

A group of travelling men were discussing the situation. "Never was there such a scandal in the province," said one. "Nor in the dominion," added another. "It only has its equal in the police graft in New York, where a man was murdered, four were electrocuted, and another is sentenced to die," concluded a third.

All the timber bonuses should be cancelled and the lumbermen refunded the money they paid. Then the rate should be fixed at \$115, collected, and paid into the people's treasury.

Carvell tried his best to induce Berry to return and give evidence. Berry went home unless the Premier asks him.

The Christ is never more ashamed than when his Gospel is used to cloak the machinations of grafters and politicians.

"I'd like to see a stick of dynamite exploded under Frank Carvell," remarked a vindictive Tory the other day. Why? Why are the Tories so bitter against Carvell? The Conservatives are in power, have things their own way, and why should they not be happy?

James H. Corbett, a Valley Railway contractor who, Mr. Carvell alleges, paid \$10,000 to Mr. Flemming, is absenting himself from the inquiry. His continued absence will be accepted by the public as proof of the charge.

INJURED BY UNWISE FRIENDS

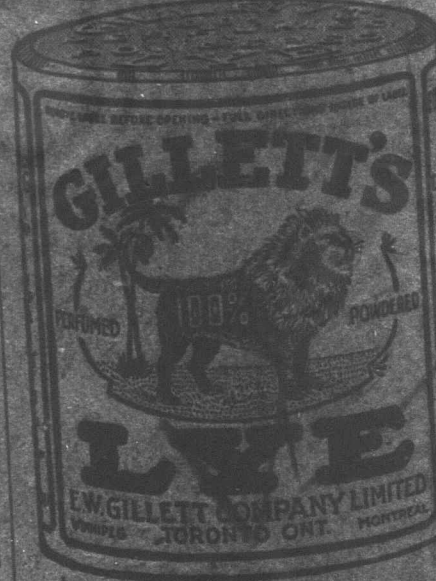

The genial Woodstock Press, which, curiously enough, regards our inquiry respecting a \$10,000 Woodstock contribution, "Was it from a campaign fund?—as an unmanly and vicious attack on the Premier of the Province," insinuates, without the ghost of an excuse for so doing, that our paragraph was written by the pastor of a church in Chatham. The clergyman referred to has absolutely refrained from any act or word, publicly or in the company of his friends, during his Chatham pastorate, that would indicate his party preferences. He had nothing whatever to do with inspiring, dictating or writing that or any other political or semi-political paragraph in the world.

The World asked a natural question, one that was on everybody's lips, and has elicited and published a denial. It has, therefore, been of service to the Premier in this matter, just as Mr. Dugal will have done him a great service if the evidence taken by the Royal Commission proves him innocent of improperly receiving money from Crown Land leaseholders and railway contractors. Those who proclaim his innocence in advance, and assail everybody as scurrilous and vicious who want the charges inquired into, are injuring instead of helping him.—Chatham World.

Annual Village Meeting

The annual meeting of the Hartland Village Fire and Water Corporation was held in the town building on Monday evening.

GILLETTE'S LYE EATS DIRT

Nearly 100 ratapavers were present.

The meeting opened with Com. Amasa Plummer in the chair. After Secretary Simms had read the minutes, his financial report and the report of the auditor were submitted.

The first report showed that there had been cash received as follows:

On hand July 1, 1913 \$ 40.81
Received for tap taxes, rates, etc. 1696.52

Total receipts \$1737.33
There was paid out for current expenses, including repairs and extension, and interest on bonds, the sum of \$1164.18, leaving a balance on hand of \$563.15.

The delinquent taxes for the past two years amount to \$155.19, a less amount than for any other two years since incorporation.

The auditor reported the books and vouchers correct, and said that during his years of service they had never been in better shape.

Com. Plummer was re-elected for another term of three years, and W. D. Keith was elected auditor.

D. E. Morgan was released of \$2.00 on over assessment.

R. B. Owens application for refund of taxes was dismissed.

F. A. Aiton made a motion that the 3 inch main on the hill be extended from W. D. Keith's south line to J. T. C. Carr's south line, a distance of 325 feet. The motion carried.

The commissioners were authorized to repair the reservoir to whatever extent appeared necessary. They were also permitted to use their discretion in making the reservoir 5 feet higher. A committee of four was appointed to act with the commissioners to determine what repairs were necessary. This committee includes Allen Bradley, A. F. Campbell, Bert Smith and J. S. Fulkner.

Owing to the extension of the main and repairs to the reservoir the village was assessed \$1500 for the ensuing year, which is \$500 more than last year.

The present Board of Commissioners includes Dr. L. B. Curtis, J. E. McCollom and A. Plummer. T. G. Simms is secretary-treasurer, and for his service in this connection, for caring for and operating the pumping station, and making minor repairs, he gets a yearly salary of \$175. W. D. Keith, the auditor, gets for his services \$5; and J. W. Montgomery, fire chief, gets \$15.

Hartland has the purest water that was ever analyzed, and an entirely adequate supply in case of fire.

Centreville

Fine weather; crops growing good and everything looking prosperous, even the potato bugs are multiplying at a great rate.

The Valley Railroad seems to be the only thing on the burn. Work has ceased for the present. Kennedy and MacDonald have turned their horses out to pasture and are awaiting the pleasure of the Government and Mr. Gould—mostly Mr. Gould. The road with the exception of a small cut is graded ready for the rails up to the Howard White property on the road to Woodstock. Work has not yet commenced on the station.

The Oddfellows picnic which was to have been held July 8, has been put off until August 20 when an excursion will be run from

Woodstock on the Valley Road. The committee in charge are sparing no pains or expense and hope to have numerous attractions to amuse the large crowd which will surely attend to help swell the new hall funds. The picnic will be held on the agricultural grounds and the Rebekahs and Oddfellows wives will provide dinner and supper in the large dining room on the grounds.

Miss Pauline Balloch, matron of the Presque Isle Hospital, spent a few days at her home here last week.

T. C. Cain, Tyler Sawyer, J. Gilland and F. D. Tweedie attended the celebration at Caribou July 4.

Mrs. Aikens (formerly Miss Lottie Fitzgerald) and children are here for a visit.

Dr. Lee Burt of Los Angeles arrived Monday to visit his old home. Everyone is glad to see Lee again.

Robert White and wife have moved into the tenement over the post office and started house-keeping.

The Primitive Baptist denomination held their annual conference at Bristol on July 4-6. Nearly 1000 people were in attendance and two churches were filled at each session.

On Saturday morning Rev. Kilcollins preached. Sunday morning Rev. P. J. Quigg preached, while the afternoon and evening sessions were addressed by Rev. A. Hatfield and J. M. Mallory, respectively. Rev. C. H. Orser preached at the closing session on Monday evening.

The Presbyterian generously gave the use of their church for the overflow and meetings were addressed by Rev's Giberson, Stairs and Hart.

A collection of \$124 was donated to the church building fund at Plaster Rock; \$72 was taken for the Conference fund; and \$20 was donated to the widow of Rev. Mr. Sprague.

Reports showed two churches organized within the year: at Bannan and at Plaster Rock, making 57 active churches.

During the year 150 converts had been baptized.

The former officers were re-elected, Rev. C. H. Orser as moderator and Rev. A. Hatfield, secretary.

The visiting brethren found the people of Bristol very hospitable and friendly and they will not soon forget so much kindness shown them.

Rev. C. S. Young returned on Tuesday last from Northfield, Mass., where he had been enjoying a holiday in attendance at the Northfield Student Conference. Mr. Young had been at the post of duty for nearly three years as pastor of the United Baptist church on the Tobique River. When the different churches on his circuit granted him a vacation, they also presented him with a sum of money which was to go toward traveling. While away, Mr. Young heard some of the most noted preachers and missionaries in the world. About nine hundred students of all nationalities were present at this yearly conference.

Mr. Young said last Sunday in supplying his different churches that he has heard and read a great deal of what our missionaries are doing, but never before had the pleasure of coming in touch with the missionary effort as he did at this conference. Dr. Young, a Chinaman, a recent graduate of one of our own universities; Dr. Becember, a native of India, graduate in medicine and dentistry. Both of these men with several others are going back to work among their own people during the coming fall. The missionaries have done a wonderful work among these foreign nations.

Cured of Piles and Eczema

By Using Three Boxes of Dr. Chase's Ointment.

Mr. Abraham Burr, Herbert, Sask. writes: "I want to say that I was troubled with eczema and piles and suffered greatly from the itching burning sensations caused by these annoying ailments. I sent for a free sample of Dr. Chase's Ointment, and this did me so much good that I bought three boxes more, and after using same was cured of both eczema and piles."

This is the third of letters we receive daily from people who have been cured of these distressing skin diseases by the use of Dr. Chase's Ointment. No matter how skeptical you might be, you could not read these letters for many days without concluding that Dr. Chase's Ointment is undoubtedly the most prompt relief and certain cure for these ailments.

If you have doubts send for a free sample box and be convinced. It was by use of a free sample that Mr. Burr was convinced of the merits of this treatment. For sale at all dealers, or Edmondson, Bates & Co., Limited, Toronto.

You can get one through The Observer without spending a cent of your own money. Just a few weeks earnest effort will enable you to secure a beautiful Piano worth \$400 Don't miss the chance.

THIS IS NO CONTEST!

This is a straight business proposition with no element of chance and with no disappointment in it. This is the plain, simple offer:

We will give a High Grade \$400.00 Piano, of handsome design and fine tone, to any and every subscriber who will get a certain number of new or renewal subscribers at 75 cents each. Compared with the value of the piano the number of subscribers required is surprisingly small. And if you fail to get a sufficient number to secure the Piano we will pay you well for the work you shall have done. The Manager of The Observer will give every worker great assistance, and we expect to have the pleasure of presenting more than one Piano.

The details of this remarkable offer will not interest the general public, but should interest every person who wants a piano.

DO YOU WANT THIS PIANO?

If you do, write us a post card stating that you would like to earn one and the Manager will write full particulars. Do it now, while the weather is fine. The first to get to work will have the best chance. Address

F. B. Carvell Spends Two Hours in Effort to Persuade Berry to Return

The Standard this morning printed in large type on its first page the following:—
"Carvell 'Cheek by Jowl' With Berry"

St. Stephen, N. B., July 5—(Special)—Frank B. Carvell and John M. Stevens were guests of Willard H. Berry at the St. Croix hotel in Calais Saturday afternoon.

The Times this morning called up Mr. Carvell at his home in Woodstock. Mr. Carvell said:

"It is quite true that I saw Mr. Berry in Calais on Saturday. I went there at his request. I spent two hours with him, and presented every argument I could in an endeavor to persuade him to return to New Brunswick and give evidence before the Royal Commission. I asked him if he would return if he were guaranteed safe conduct in and out of the province. Accompanied by John M. Stevens I went to the attorney-general and secured from him a promise to give Mr. Berry safe conduct, and conveyed the message to Mr. Berry. He still refused, however, to come, and I am now inclined to believe that he will not come and that only the government can bring him. Mr. Berry came to Calais at the urgent request of Frank Todd, who has been endeavoring to get him to come back ever since he went away."

If, therefore, Mr. Carvell was "cheek by jowl" with Mr. Berry, it was in an effort to secure the presence of the most important witness in the timber lease inquiry.

It may be added that at the instance of Mr. Carvell, and not of the provincial government or Mr. Fleming, A. R. Gould of the Valley railway was served with subpoena at Debec Junction on Saturday. Mr. Gould promised to be on hand when the commission meets again on July 15.—St. John Times.

Rev. Percy Fitzpatrick Makes Good Start

The Rev. P. A. Fitzpatrick, the new pastor of Wesley Memorial Church, preached at both services yesterday, to large congregations, and has already, by his genial manner and admirable presence in the pulpit, made great strides in the affection and esteem of the congregation to whom he will minister during the next three or four years.

The discourses both morning and evening were straight gospel sermons and elicited much favorable comment from the large number present. In the morning the church was filled almost to overflowing and in the evening the congregation was nearly as large. In the afternoon Mr. Fitzpatrick addressed the scholars of the Sunday School and made a decided hit with the children and young people.

Mr. Fitzpatrick is honors graduate of Mt. Allison University and a debater of recognized ability and forcefulness. He was one of the team of three men before whom in 1912, for the first time in nine years, the Acadia University team went down to defeat by a fraction of a point in the notable naval debate, which took place at Sackville during the spring of that year.—Moncton Transcript.

REMARKABLE CURE OF RHEUMATISM

Supt. Of Sunday School In Toronto Cured By "Fruit-a-Lives"

R. A. WAUGH, Esq.

TORONTO, Ont., Oct. 1st, 1913.
"For a long time, I have thought of writing you regarding what I term a most remarkable cure effected by your remedy 'Fruit-a-Lives'. All the enlargement has not left my hands and perhaps never will, but the soreness is all gone and I can do any kind of work. I have gained 35 pounds in 15 months."

PRODUCE THE WITNESSES

The Standard still appears to think that it is Mr. Carvell and the Telegraph and Times who are on trial at the bar of public opinion, and in this morning's issue it even appears to intimate that the members of the Royal Commission are worth watching. The whole trouble with the Standard is that it does not want the truth to come out, and everybody knows that this is the trouble with the Standard. If, however, too many of the witnesses do not cross the border or stay across the border there is a very excellent prospect that the truth will come out. The members of the Royal Commission appear to be of the opinion that somebody in this province could induce W. H. Berry to return to give evidence. Mr. Carvell says he is convinced that a telegram from Premier Fleming would bring Mr. Berry back. Just what could be done to insure the presence of James H. Corbett, A. R. Gould and two others who have not responded to their names the provincial government might perhaps be able to suggest, as these gentlemen have government contracts and should be willing to meet the wishes of the government in so small a matter as that of telling what they know about the financing of the Valley Railway.—Times-Star.

The Postmaster General's Crazy Freak

The Postmaster General, after some negotiations with representatives of the Canadian Press Association in regard to an increase of postal rates, put a bill through the Commons that gave him the absolute right to fix the rate according to his own sweet will. The Press Association got after the bill in the Senate, strongly urging that the rates should be fixed by Parliament, and the bill did not become law. And now the Postmaster General evidently with a small-minded desire to get even with the newspaper men announces that he will in future demand the maximum rate authorized by law—one-quarter of a cent on papers not delivered by letter carrier and one cent addi-

ional for papers delivered by carrier.

And here is the most wonderful official misinterpretation of a statute that ever found its way into a circular. It comes to us signed 'A. W. Throop, Secretary.' Listen to it!

'As regards the 1c. rate, the law is that this rate shall be for each poundweight or any fraction of a pound weight, that is, 1c. must be paid for each copy. The law does not establish a bulk rate of postage, and this question of 1c. for each copy must now be met.

The law is that newspapers and periodicals sent to subscribers or news agents in Canada, within a distance of 300 miles, shall pay a cent a pound or fraction of a pound weight, and this is interpreted to mean that much a copy! The man who makes such an absurd interpretation should be put in a glass case and carried around the country for exhibition as a human curiosity. It is no wonder that the newspaper men refused to consent to fixing of rates by such a man as this. It is an idiotic interpretation. It would be laughed out of any court of justice. It is unworthy of any brain that does not belong to an animal on all fours. There is no common sense or reason in it. It makes an ounce paper—the average country paper—pay as much as the ten to fourteen-ounce papers that are issued in the big cities.—Chatham World.

HOT WEATHER AILMENTS

A medicine that will keep children well is a great boon to every mother. This is just what Baby's Own Tablets do. An occasional dose keeps the little stomach and bowels right and prevents sickness. During the hot summer months stomach troubles speedily turn to fatal diarrhoea or cholera infantum and if Baby's Own Tablets are not at hand the child may die within a few hours. Wise mothers always keep the Tablets in the house and give their children an occasional dose to clear out the stomach and bowels and keep them well. Don't wait till baby is ill—the delay may cost a precious life. Get the Tablets now, and you may feel reasonable safe. Every mother who uses the Tablet praises them and that is the best evidence that there is no other medicine for children so good. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Co., Brockville, Ont.

Kirkbride-Burton

The home of Mr. and Mrs. Samuel Burton of Deerville was the scene of a very pretty wedding on Monday, June 29, at 4 p. m. when their daughter Elva Ferne was united in marriage to Preston Kirkbride of Charleston. The ceremony was performed by Rev. E. C. Jenkins in the presence of relatives and friends.

The bride looked sweet in a gown of white mull trimmed with oriental insertion and lace. The bride was waited upon by Hazel

L. Kirkbride, and the groom by Miles F. Burton. The wedding march was well rendered by Miss Mable G. Ebbett. The bride has been for many years one of the most beloved teachers of Carleton county and at the time of marriage had been holding Dis. 2 of Middle Simonds. After the ceremony an informal reception was held and refreshments were served to the guests. Many and costly gifts showed the high esteem in which Mr. and Mrs. Kirkbride are held by their many friends.

This marriage was a pleasing occasion as it was on the twenty seventh marriage anniversary of the brides parents. The couple will be making their home at White Glen where they will ever be pleased to welcome their old friends.

Gripped With Rheumatism

And Skeptical After Trying Many Medicines—Dr. Chase's Kidney-Liver Pills Cured Him.

When the poisons left in the system cause pain and suffering, such as backache, lumbago and rheumatism, read Dr. Chase's Kidney-Liver Pills. Mr. F. W. Brown, Ladbroke, Que., writes:—I have been in terrible pain of backache and lumbago for some time back by using Dr. Chase's Kidney-Liver Pills. I also recommended the pills to a man who was a cripple from rheumatism. He was skeptical, as he said that he had tried nearly everything on earth. Finally he consented to try them, and to his surprise was greatly benefited in the first week, and the pains left him until he was so supple he could walk and work as of old. Dr. Chase's Kidney-Liver Pills have worked wonders in this place, and we think there is no medicine like them. One pill a dose, 25 cents a box, 5 for \$1.00; all dealers, or Dr. Chase, Bates & Co., Limited, Toronto.

The Oliver Riding Cultivator

The Oliver Riding Cultivator, stands in a class by itself, by reason of the fact that it is built right, with larger range of adjustments so it can be adapted to do good work under all conditions in the potato field. Oliver quality has a name the world over.

In Aroostook County alone sixty-five per cent. of the Potato Cultivators used are Olivers.

The feature of the Oliver cultivator that appeals to all farmers who have used it or have seen it at work, is the excellent work that this implement does. By an ingenious arrangement the gangs are held parallel and therefore always cut a uniform distance apart, no matter how far they may be shifted to the right or to the left. On the Oliver cultivator neither of the gangs leaves an uncultivated strip between the shovels, nor does one gang cut a narrower width than the other when the cultivator is shifted to the side.
