KENTVILLE NEWS

The Dean and Mrs. Lloyd and Mr. and Mrs. George Franklyn of Halifax spent Saturday in Kentville and vicinity.

Mr. Bert Carr of the Maritime Telegraph and Telephone Co., stationed at Windsor, spent the week end with Kentville friends.

Mr. and Mrs. A. C. Hawkins have gone to Avonport to reside during the summer. Mrs. Hawkins has charge of the cook house at the Avonport brick works.

Messrs F. B. Newcombe & Co. are arranging to make a large addition made by the already well equipped and established by enlargement of the store.

Messrs Hiltz Bros. contemplate a very busy season this year. They will make many changes and improvements in the large Marjosem Block which they have purchased.

At the Baptist Church on Sunday evening Rev. J. D. Spence administered the rite of baptism to one young lady candidate and received six into church membership.

The regular meeting of the Kentville W. C. T. U. will be held at the home of Mrs. J. Carroll, Main St. West, this (Tuesday) at 3.30 p. m.

The ladies of St. Stephens Meth. Church intend holding a Pie Social at V. M. C. A. rooms Friday evening June 20th. There will be a musical program also Ice Cream and home made candy for sale. Admission Adults 10c. Children 5c.

Mrs. Harold Brown returned home Saturday from Truro, accompanied by Mrs. Chas. Griffin who spent the week-end here guest of Mr. and Mrs. Brown. Mrs. Griffin is a violinist of the highest order and those who had the pleasure of hearing her, were delighted with her playing.

An Exhibition of the work of the boys in the Mechanic Science Department, Kentville Schools will be held in the Mechanic Science building on Friday, June 14th from 2 to 3 p. m. All parents and friends interested in this department are cordially invited to its display.

Yesterday morning Sheriff Rockwell accompanied by Constables John Coleman and Mort Thomas left for Dorchester with the six prisoners who were sentenced on Saturday last by Judge Ritchie. A number of the prisoners' friends were at the station to bid them adieu.

The great scarcity of dwellings in Kentville will be met by the erection this summer of several new houses. Preparations are now being made for several and it is hoped that more will be prepared and erected during the summer. There is a constant call for neat dwellings in this town.

FINE RESIDENTIAL PROPERTY SOLD—Messrs Hamilton-Catty and Brockbank the hustling young Real Estate agents have sold the handsome and well equipped property on Leverett Avenue of Mrs. W. H. Chipman to Dr. Smith, who has been stopping in town for several weeks. This is a most desirable property and we are glad to welcome Dr. Smith and family as property owners and citizens.

In the Carolina Mountains

The popular Colonial Stock Co. will play at the Nicklet Theatre, beginning June 12th. The opening bill will be "Carolina," a romantic Southern play. It is a play containing an unusually strong plot and an abundance of bright original comedy. It deals with the trials of a young Southerner, who has inherited large coal lands, and who is being cheated out of his birth right, by a smooth talking land-shark from New York; until he discovers the real worth of his lands, he had practically succumbed to the wiles of the clever agent.

There is a charming love story, and a number of dramatic situations. This play met with great success when first produced in New York five years ago.

The Colonials this season, have the strongest organization of its kind that has visited the Provinces for some time.

Mr. and Mrs. Aubrey B Rand will be "At Home" to their friends on Thursday and Friday afternoons and evenings June 19th., and 20th.

Miss Laura Landry of the composing staff of the "Kentville Advertiser" left Monday to spend a week's vacation at Windsor.

New Baseball League Formed

On account of the Academy team withdrawing from the Baseball League it was found necessary to organize another league. A representative gathering of fans and players was held in Pastime Rooms Friday evening and the following officers were elected:

President—Earl Piggott
Vice President—Pat Flynn
Secty-Treas—Harold Brown
Cor-Secty—Wm. Burgoyne
Executive Committee—Wm. McCosh, W. Spencer, Frank Smith, and Hugh Moore.

Committee to select First Team—Roy Hiltz, chairman; P. Swanson, C. B. Lockhart; with power to add William Burgoyne was elected Manager.

The following motions were put and carried:

Resolved that a game consist of five innings only.

Resolved that the Bankers be allowed to play one man besides Lyons, not in bank; that the Carriage Factory be allowed to play the two non-factory men now playing; that the D. A. R. be allowed to play two men, outside of the D. A. R.

Resolved that Roy Hiltz umpire all games.

The need of some means of keeping back crowds from the base-lines was brought up and it was the opinion of the majority that we should ask for, and have, police protection. Nothing definite was done about this, however.

Following is the schedule: This may be doubled if all goes well.

Monday, p.m., June 9th—Factory vs Bank
Friday, p.m., June 13th—Town vs D. A. R.
Monday, p.m., June 16th—Factory vs D. A. R.
Friday, p.m., June 20th—Town vs Bank
Monday, p.m., June 23rd—Town vs Factory
Friday, p.m., June 27th—Bank vs D. A. R.

Minard's Liniment Cures Diphtheria
Strange Disease Puzzles Doctors
 London, June 1.—Physicians in many parts of England and France are puzzled by the spread of a mysterious throat complaint, the chief symptom of which is a flimsy exudation from the tonsils or at the back of the throat, varying from a slight rash to what seems the most acute form of diphtheria. Frequently also there is a severe swelling of the glands of the neck. It has caused several deaths.
 The complications include erysipelas, high temperature and weakness of the heart action. Bacteriological examinations have failed to discover the germ of diphtheria. Some physicians are inclined to believe that it is a non-typical form of scarlet fever or measles.

Minard's Liniment Cures Diphtheria

Highly Honored
 Rev. Arthur Wentworth Hamilton Eaton, of Boston, a native of Kentville has been elected a Fellow of the Royal Society of Canada, English Literature Section. This honor is richly deserved and would have been conferred long before but for the fact that the Doctor, under the rules of the Society, was temporarily disqualified by residence out of Canada. The new recipient of this distinction, the highest attainable by literary and scientific men in Canada, is easily the most eminent of the literary men of Nova Scotia of this generation, both as a poet, and as a prose writer, whose pen has known but little rest.
 He is the author of an able religious-philosophical treatise entitled, The Heart of the Creeds, a History of the Church of England in Nova Scotia, and the Tory clergy of the Revolution, Acadian Legends and Lyrics, Letter Writing, its ethics and

etiquette; College Requirements in England; Acadian Ballads and the Soto's last Dream.
 Poems of the Christian Year, the Lotus of the File and other poems, The History of Kings County, N. S. He also edited the Recollections of a Georgia Loyalist; written by the mother of Hon. James W. Johnston. He has completed a Genealogy of the Nova Scotia Eaton's of Berwick, Dover and Halifax, Hamilton of Olivestob and of several families, members of which were distinguished Nova Scotians as Hill, Cochran, Inglis and is now engaged on Genealogical memoirs of old Halifax families, of which the Garrish family, have just been published. He has received honorary distinctions from many universities and learned societies in the United States and Canada—Dig by Courier.

CANADA HUMILIATED

It is in accord with the eternal fitness of things that two such political castaways as Sir Geo. Ross and Sir Wilfrid Laurier should be the chief operators in the Senate's rejection of the Naval Aid Bill.

It is of no consequence or importance that Sir George Ross, stultified himself. This is the best thing he does, he shines in such a capacity, and he has been guilty on so many and frequent occasions that no one is surprised.

And, of course, the fitting instrument of this shameful blow was Sir George W. Ross, the impeccable statesman, the darling of the Sunday School teachers and mother's meetings, but a leader in politics which disgraced the annals of our country.

SUPREME COURT

The Criminal Cases of the June Session of the Supreme Court were concluded on Saturday, the remaining cases of the docket being held over to the August term.

Table listing criminal cases: Arthur Dorey - Attempt to Murder (14 years), Samuel Gould - Burglary (8 years), Percy Hiltz - Burglary (2 years), William Salsman - Stealing (7 years), Vernon Salsman - Attempt at Burglary (5 years), Jonathan Nichols - Burglary (2 years).

The criminal docket was quite a large one, and out of the entire number of accused all were convicted, four out of the six pleading guilty.

pared with the government for which Sir George W. Ross was Premier in Ontario, and now this Pecksniff of politics has crowned his life with a treachery to opinions he has frequently expressed, and sentiments he has often avowed.

The people of Canada have been dishonored by their Senate. They have shown in a mean, contemptible, and carping lights, how easy it is for a lot of be-whiskered old men to follow the snap of the finger of their boss, and the people of Canada will remember, with an all-consuming lust for vengeance, the name of those ex-ministers who helped Sir Wilfrid to lead the poor old gentlemen into the trap and why they did it.

The Colonial Stock Company

The roster of the Colonial Stock Company, for the coming season has just been announced; it will include Mr. Alexander Rivers, who has just closed an engagement with the all star cast of Roseville at the Lyric Theatre, New York.

in California. For the last six years they have been playing with the Morosco Stock in San Francisco. The other new additions are Mr. Percival Scammon, Mr. Louis Neville and Miss Ada Bolam who have just closed an engagement in Halifax having played these in Stock all winter.

The ever popular Comedian, Mr. Frank Oliver, will be seen in the best line of parts he has ever presented to his many friends in the Maritime Provinces.

It is good news to learn that Miss Louise Lamont, the old time favorite of the Company, has been persuaded to return to the Colonials after her successful engagement with the "Good Little Devil" at the Balasco Theatre New York.

Ladies who desire the best of satisfaction in Tailored Garments, would do well to have them made during June, at H. E. BORN's (over Sealy's).

The entertainment which was to have been given in Temperance Hall Port Williams on May 23rd., but was postponed on account of bad weather, will be given on Friday evening June 13th., it will consist of May Pole drill, Patriotic songs etc.

During June we will make reductions on all ladies tailored garments, if material and trimmings are bought from us. H. E. BORN, ladies tailor.

THE man who tries to keep his business in his head can't keep ahead in his business.

His brain can't stand the strain—it's built to remember facts—not figures. The human mind is never completely accurate.

The National Cash Register thinks with a brain of steel.

It keeps track of every detail, of every sale—stops leaks and checks losses.

A store using a National Cash Register is a good store—it's run on system—it's bound to give you "money's worth."

Those who know buy DE LAVAL Cream Separators

Creamerymen—Because they are experts in the handling of cream and know by long experience that the De Laval skims cleanest and wears longest. That is why 98% of the World's creameries use the De Laval exclusively.

Experienced Dairymen—The De Laval is the universal favorite among big dairymen. They know that no other separator will give them such satisfactory service.

Old De Laval Users—Whenever a man who has used an old model De Laval decides to purchase a later style machine he invariably buys another De Laval.

Men Who Investigate—If anyone takes the time to investigate the merits of the various cream separators, either by finding out from other users what kind of service their machines have given or by testing other machines out against the De Laval, the chances are a hundred to one that his choice will be the De Laval. More De Laval machines are in use than any other make.

There is a reason. Come in and we will tell you why.

More than 1,500,000 DE LAVALS now in use.

Culture

If the crop does not come as quickly as expected, it can often be improved by rolling with the ordinary land roller. In cases where crust is forming the roller will help to pulverize it, and if the land is too loose it will pack the soil more closely around the seed and assist the germination.

A great many growers roll their fields three or four times after the crop starts to come, as rolling will never damage the beets even when two or three inches high, and almost invariably improves the condition of the soil.

It is particularly necessary to cultivate after each shower, so as to break the surface and thus conserve the moisture. This question of conserving soil moisture is a most important one for every farmer to understand. To grow the ordinary crop of root or grain requires from 18 to 22 inches of water. During the growing season the rainfall is usually about ten to twelve inches. It is necessary, therefore, to have stored in the sub-soil a large amount of water during the winter and early spring for the use of the crop in the dry months of summer. Any soil which is hard on top, particularly if it is inclined to crack will lose moisture very rapidly while in that condition. The careful farmer must keep a well cultivated mulch of three or four inches on the surface to prevent evaporation. This applies both before the crop is planted as well as during the growing months.

If a second hoeing is required this should be done about three weeks after the thinning, or when the plants are about ten to twelve inches across. This second hoeing is recommended in all cases where there are any weeds, and is practised by a great many good growers regardless of weeds, for the extra cultivation it gives to the land. The rows are ordinarily planted about twenty inches apart, and the plants left ten to twelve inches apart in the rows.

In very rich, loamy soil, where the beets are inclined to grow out to the ground, they should be left a little closer as to compel the roots to go down into the soil for room. This will not only make a heavier crop of better quality but will also eliminate a good deal of the waste in topping.

HARVESTING

It is very important to harvest the crop when it is ripe. Too many farmers believe that while the other crops should be harvested when they are ripe, that the beets can be harvested at any time. This idea is entirely wrong. From our observations we believe it to be just as important to harvest beets when they are ripe as it is to harvest a crop of wheat, oats, corn or any other of the farm crops. If not harvested they are likely to take second growth, by which they not only lose heavily in weight, but also deteriorate considerably in sugar.

In this country it usually takes about 140 days to mature the crop. The general appearance of the field should tell the experienced grower when the crop is ripe. The tops will flatten down so as to run the rain away from the roots and about one-third of the lower leaves will turn a golden brown shade. If there should be any doubt it can be determined by pulling a few beets when, if they are clear of fibres, it is a sure indication that the roots are not taking anything more from the soil and should be harvested at once. If the roots are not being delivered promptly after harvesting, they should be protected from the sun and frost by covering the piles with leaves, but every effort should be made to get them to the factory at the earliest possible moment after taking from the ground, as they

will then waste up in the factory to the manufacturer.

If the reader has followed us closely he will observe that we have endeavored to impress five points, the importance of which can scarcely be over-estimated.

- (1) Thorough preparation of the soil.
- (2) Shallow planting.
- (3) Early thinning.
- (4) Frequent cultivation.
- (5) Harvesting the crop when it is ripe.

SIGNALS OF DISTRESS

Kentville People Should Know How to Read and Heed Them

Sick kidneys give many signals of distress. The secretions are dark, contain a sediment.

Passages are frequent, scanty, painful. Backache is constant day and night.

Headaches and dizzy spells are frequent. The weakened kidneys need quick help.

Don't delay! Use a special kidney remedy.

Booth's Kidney Pills cure sick kidneys, backache, and urinary disorders. Kentville evidence proves this statement.

James Foster of Gasperean, N. S. says:—"For several months I had been very much troubled with lame and sore back which inconvenienced me very much in working. The pains in my back were so severe at times that I would have to stop my work. The kidney secretions had also been highly colored and contained a heavy sediment. I had tried various remedies to relieve me but without receiving any benefit from them. I then learned of Booth's Kidney Pills through an advertisement and procured a box at J. D. Clark Pharmacy and found in them almost immediate relief. To-day I feel as if I had a new back as it does not trouble me in the least. The kidney secretions have also cleared and I feel better generally." Sold by Dealers. Price 50 cents. The R. T. Booth Co., Lt. Fort Erie, Ont., Sole Canadian Agents.

Novel Celebration of Wedding Anniversary Also Marked by Presentation of a Chest of Silver

(Brooklyn, N.Y., Daily Eagle.)

Never before was the anniversary of the marriage of a pastor and his wife celebrated in such a notable way as that of the twentieth of the Rev. Dr. William B. Wallace, pastor of the Baptist Temple, Third avenue and Schenckhorn street, and Mrs. Wallace, last night.

There was some touch of pathos in the playette, but there was much fun, too, and Mr. Orchard wrote into the play a description of a football game in which young William Wallace was the star, which would go anywhere for a fine piece of dramatic work.

The coach and managing director of the little play was Harrie J. Stokum, who for many years was the coach of the Amaranth Dramatic Society, and he had certainly drilled those in the cast well, for they did their work in a manner to prove themselves capable actors and actresses.

A Valuable Report

The Forty-Ninth Annual Report of the Fruit Grower's Association of Nova Scotia, which has been published recently from the press of the "Kentville Advertiser," is a most comprehensive and valuable report. It contains the fine address of the President, a concise and very encouraging report of the Secretary, very valuable articles from such well-known fruit-growers as John N. Chute, R. J. Messenger, John Buchanan, F. H. Johnson and R. S. Eaton, valuable articles were also contributed by W. W. Moore, Chief Markets Division; C. W. Baxter, Chief Fruit Inspector; Robert Matheson, Provincial Entomologist; George E. Sanders, Field Officer, Division of Entomology; Mr. J. P. Stewart, Experimental Pomologist; Prof. W. S. Blair Supt. Experimentation for Annapolis Valley in connection with the energetic Secretary Manning Ellis, Port Williams, N. S.

Attention Subscribers! We have stated several times that the increasing cost of production of newspaper is causing many weekly publishers to increase their subscription rate. Nearly every publisher of a paper issued twice a week has already advanced the subscription price and we hereby give timely notice to all of our subscription to do so.

Every subscriber who pays in advance will still receive "The Advertiser" twice a week at the original price of one dollar a year.

We do not intend that the one who habitually neglects to pay for his local paper shall get it at a low figure as the one who pays cash. The cash business is growing so rapidly among wholesale dealers and home merchants that the person who gives long credit cannot compete with the other fellow who has the money he earned right in his hand to pay his bills.

On and after June 30th, 1913, the price of "The Advertiser" will be strictly as follows: - In advance per year \$1.00 When not in advance but paid during the year 1.25 After end of year, per year 1.50

United States Subscribers - One year in advance with postage 1.50 One year not in advance 1.75 Two years or more in arrears per year 2.00

Subscribers who are now in arrears can settle their account in full if the money is received by us before the end of June at the rate of one dollar a year, for any part of Canada, or one dollar and fifty cents per year in the United States.

We give every subscriber plenty of opportunity to pay up their account in full at the former rate and receive for a full year in advance without any increase in cost. Those who neglect to do so will find it impossible to settle with us, except at the rates quoted herewith. We give all fair notice and will treat all subscribers alike.

After July 1st, a large number of old subscription accounts, due for 3 years or more will be left for collection at the \$1.50 per year rate, or \$2.00 in the United States.

The label on each paper shows what time the paper is paid; 12 on the label means paper is paid to January 1st, 1912, and the subscriber owes for two years to January 1st, 1914.
