

HE DIED IN A FENCE CORNER.

Sad End of an Unknown Few Miles Out of Guelph.

"My Name is Hawkins, Must Have Got on Wrong Road."

Passerby Spoke to Him But Was at Last Found Dead.

(Special Despatch to the Times.)

Guelph, March 25.—"My name is Hawkins. I must have got on the wrong road, but I'll be all right." These were the last known words and all that has been found to identify the remains of a man fifty or sixty years of age, found last evening in snow, ice and water in a fence corner on the Elmira road, some four miles out of Guelph.

Death, Coroner Dr. Savage stated, was due to exposure and cold, and an inquest may be held. A small sum of money, amounting to \$1.95, was found in the pockets, and some trinkets, but not a line to say who or what he was or where he came from.

J. Bruder, from New Germany, passed him as he sat by the roadside yesterday morning, and spoke, receiving a curt reply. Again in the afternoon he passed and found the man still there, and told Mr. Robt. Mason, a neighbor, of the circumstances. Mason went over and spoke to the unfortunate man in the afternoon, finding him much exhausted and suffering.

He said his name was Hawkins, and that he must have got on the wrong road. Leaving the poor fellow as he found him, Mason informed Reeve McDonald, who summoned the county authorities. Later in the afternoon Constable Young drove to the place, to find that life had already fled, although the remains were still warm. No trace of his identity has yet been found by the authorities, nor has anybody given in the village of having seen him before he was noticed in the fence corner where he died.

LION HUNTING.

Former Hamilton Man's Nephew Looking After Roosevelt.

Mombasa, British East Africa, March 24.—The heavy rains have begun in the protectorate, and yesterday four inches of rain fell in three hours.

The popular shooting season is at an end. The record of the four months shows the killing of 110 lions, including two manatees, and 3,000 head of other game. During the season nine natives and four white men were mauled by lions.

George McMillan, nephew of the late Senator McMillan, of Michigan, has returned to the protectorate from a tiger-hunting trip in India. He left Mombasa yesterday for his property north of Nairobi, to make preparations for the reception of Mr. Roosevelt. Mr. McMillan's home on the ranch is in the midst of the bush country, but he has installed there an electric-lighting plant and an ice machine.

The African Standard has published an eulogistic article welcoming Mr. Roosevelt, in which the former President is referred to as the "greatest republican autocrat in history."

The late Senator McMillan, of Detroit, was a native of Hamilton, being born on Hughson street north, near King.

ARE VERY DILIGENT ON KINRADE CASE.

Police Authorities Believe They Will Solve Mystery That Interests a Continent.

That the police have by no means given up hope of solving the Kinrade murder mystery is evidenced by their activity that has characterized their efforts during the past few days. They are having a complete new plan of the Kinrade home made, showing the layout of the home from cellar to garret. This will be laid before the jurors at the next session of the inquest. The police refuse to give their reasons for having this plan made or what they hope to accomplish by it.

Provincial Detective Miller was in the city this morning and spent a short time at police headquarters. He still seems quite confident that success will crown the efforts of the police to get at the bottom of the case, but declared that there was nothing new for publication at present. Detectives are busy in other cities trying to unearth evidence that the police are anxious to secure.

The "identification" by a Detroit paper of Miss Marion Elliott, mentioned by Florence Kinrade in her evidence as the woman who accompanied her on her trips around the country, as expected, turns out to be a fake. This paper pretended to identify Miss Elliott as a well-known Detroit woman. A Los Angeles

PUSHING ON.

More Attractions Arranged For Maple Leaf Park.

C. C. Hax, of Pittsburg, was in the city this week arranging for the erection of the amusement devices which the Ingersoll Construction Company, of Pittsburg, of which he is President, will construct at Maple Leaf Park. Mr. Hax was greatly pleased with the location of the new park, and thinks there is no doubt about it being ready by Victoria Day, when the Hamilton Exposition will open. Work was commenced at the park, and as soon as the ground and weather will permit an army of carpenters will start work on the new buildings and amusement devices.

The grand stand is being rebuilt, and made much larger, and walks are being laid. Everything is already on the grounds, and lumbering has a business-like appearance. C. J. Schoepfin, of the McKay Construction Company, of Cleveland, will be in the city to-morrow to arrange for devices which his company will build at the park.

LOCKED UP.

Butcher's Assistant Accused of Theft of Money Collected.

Shortly after 11 o'clock this morning Constable George Nichol and three men connected with the meat market marched into the City Hall and had a conference outside Police Magistrate Jelfs' private office. The upshot of it was that William Plastow and his employer, a butcher from west of the city, and the constable went to see His Worship. A few seconds later and the door opened and the man left outside was called in. "You're under arrest," announced Constable Nichol, laying his hand on the shoulder of the man who last entered. He is Fred Tassie, Kennedy street, and the charge against him is theft. He will face it in the morning at court. It is alleged that he delivered some meat for Plastow, who had to make returns for it to the butcher who employed him for delivering the meat. He is said to have received \$8.45 for the meat and kept it. He told Plastow he lost the money, but Plastow stated that he lost \$5 some time ago the same way, and he was going to put a stop to it. Tassie was locked up till to-morrow morning.

SIMCOE.

Oddfellows Celebrate—Death of an Old Merchant.

(Special Despatch to the Times.)

Simcoe, March 24.—The annual at-home of Court Simcoe No. 161, I. O. O. F., was held in the lodge room on Robinson street, Tuesday night. The order has a reputation for putting up a good programme and the room was packed to its utmost capacity. Music of a high order was rendered by the Simcoe orchestra. Songs were sung by Messrs. Harry Sterling and Fred R. Pursel. The latter is said to be a second Sim Fax, as a comedian. He did several character stunts. The order had Bro. Charles H. Mann, of Hamilton, Grand Marshal of the Grand Lodge of Ontario, present, who gave an eloquent talk on Oddfellowship. After supper had been served, toasts were given by several brethren.

The first part of the programme was carried out by Bro. Henry Hoffman, and Bro. William Sutton was toastmaster. The funeral of the late Robert Hodgson, who died on Monday morning, took place to Oakwood Cemetery yesterday. Two weeks ago he was in Toronto as a delegate to the Grand Lodge of Canadian Home Circles. He came home a week ago Saturday last, in good health, and attended church on Sunday. But in the evening he was taken ill, and pneumonia developed, and being 79 years old he had not the vitality to fight off the disease and succumbed in a week. He leaves a widow and son, and four daughters. Mr. Hodgson conducted a tailoring business in Simcoe for 53 years, and there is only one other man in business at the present time who has been in business as long.

RYAN'S DEATH SENTENCE.

To be Hanged on June 3rd for Murder of His Brother—Most Impressive Scene.

North Bay, March 25.—Judge Latchford this morning sentenced Maurice Ryan to be hanged on Thursday, June 3rd, next, for the murder of his brother, Francis Joseph Ryan, on or about November 18th, 1907. The prisoner, when asked if he had anything to say, why sentence should not be passed on him, replied that he knew nothing of the crime. His counsel, G. T. Bull, asked for a reserved case, averring that the remains had not been identified conclusively. The application was refused, but noted. His Lordship was visibly affected, and his voice trembled in passing sentence. The prisoner sank sobbing in his seat in the dock, but recovered his composure almost immediately, and walked firmly from the court room to take his place in the condemned cell. Judge Latchford told the prisoner that he could hold out no hope of mercy, and urged him to make his peace with God. The court room was crowded, and the scene was a most impressive one.

CROWN PRINCE GEORGE OF SERBIA RENOUNCES THRONE.

Has Tried to Embroil His Country With Austria—Alienated the People by Riotous Living.

Suspicion That He Murdered One of His Servants—Has He Fled the Country?—Brother May Succeed Him.

Belgrade, March 25.—George, Crown Prince of Serbia, has renounced his right of succession to the Serbian throne.

This action is the result of a bitter press campaign, in which the Crown Prince was accused of being the cause of the recent death of one of his servants, a man named Kolakovich.

In a letter to Premier Novakovich this morning, the Crown Prince announces that he has taken this step rather than rest under the suspicion of having murdered his servant, and that by the renunciation he foregoes all special privileges and immunities that attach to the person of the heir to the throne. Continuing, he expresses his willingness to proceed abroad for a lengthy sojourn.

The actions of Prince George of Serbia in recent years have been the scandal of the Serbian court. He is 22 years old and was designated Crown Prince of Serbia when his father, Peter I., ascended the throne in 1903, after the assassination of King Alexander and Queen Draga. He has been a leader of the war party in his country since the outbreak of the trouble with Austria-Hungary over the annexation by the dual monarchy of the provinces of Bosnia and Herzegovina, and on a visit to St. Petersburg last October he was urged by Emperor Nicholas to abandon his warlike attitude. His riotous living has alienated the affections of the Serbian people, and it often has been said that they would welcome the substitution of his younger brother, Alexander, as heir to the throne.

The renunciation of the Crown Prince brings a new and perhaps important element into the crisis between Austria-Hungary and Serbia, which is indirectly affecting all the great powers of Europe. The Prince has been recognized as one of the radical "fighting element" and while this is not the reason publicly assigned for his withdrawal, it may yet exert an important calming influence on the present crisis. The young Prince has been the central figure of several sensational episodes since he came to Belgrade with his father, culminating with the latest affair of the murdered servant. He still managed to hold a considerable following among the people, mainly because of his warlike declarations as to maintaining Serbia's position by force of arms against all outside influences.

FLED THE COUNTRY.

Vienna, March 25.—Official despatches have been received here confirming the statement that George, Crown Prince of Serbia, has renounced his right to the throne of that country. It is reported that the Prince already has fled the country, and another rumor is that he has resigned in favor of his younger brother, Alexander.

SUDDEN CALL.

George Wilson Expired on His Way Home From Work.

Without a moment's warning the cold, cruel hand of death quenched the vital spark of life in the body of George Wilson, 250 MacNab street north, last evening. Mr. Wilson is employed at the rolling mills, and after finishing work at 6 o'clock was walking up Stuart street with his son John. When near the corner of Bay and Stuart streets he was suddenly overcome and fell to the sidewalk unconscious. His son tried to help him to his feet, but he was unable to do so, and a passerby, seeing the necessity of some stimulant, rushed into the Bay View Hotel and got a glass of brandy. By the time he got back to the corner Mr. Wilson's condition was such that he could not swallow. A car came along at this moment and the unfortunate man was put on board and all speed made for Dr. Balf's. The car was stopped at his office, and after an examination the doctor pronounced him dead. The car proceeded as far as the City Hall, where Mr. Wilson was put in the ambulance and conveyed to A. D. Hodsworth's private morgue.

Mr. Wilson was born in Aberdeen, Scotland, 65 years of age, and came to Canada when ten years of age. He lived in Paris for many years, and had been a resident of this city for the past ten years. He was a member of St. Paul's Presbyterian Church, and was one of its most regular attendants. He was well known and highly esteemed by all for the honesty and straightforwardness of his character. He leaves two sons, John, of this city, and James, of Culbertson, Montana, and one daughter, Miss Jennie, at home. Mrs. Wilson died about eight years ago.

Coroner Balf pronounced death due to heart failure. The funeral arrangements have not yet been completed. Motorman John Ross and Conductor James Young deserve credit for the presence of mind they displayed. They took the stricken man on to their car and rushed him to the doctor's without a stop, although there were some passengers on the car who wanted to be let off before Dr. Balf's was reached.

BROKE A LEG.

Webber Bessey's Fine Mare Met With an Accident.

Miss Shelton, a high class race horse owned by Webber Bessey, proprietor of the Mountain View Hotel, broke its leg last night. The stable boy carelessly left the door of the box stall open, and the horse walked out and made a dash up the road. It had run about three hundred yards, when it slipped and fell, twisting one of its forelegs and breaking it just about the hoof. The horse was led back to the stable, and its leg tightly bandaged and put in a plaster cast. Mr. Bessey bought the horse in New York three years ago for \$500.

THE MAN IN OVERALLS

The police benefit fund, I understand, is running low. I suggest a tag day to help replenish it.

Nobody should object to a good, fat grant to the Art School. Leastwise, not the workmen.

There should be some system about the pruning of trees. The butchery is awful.

"Call again, Callaghan," was Sir James Whitney's answer to the suffragettes. He won't get off so easily the next time. Some of them will be chaining themselves up to the Speaker's chair.

Now who was it that guillotined Mr. Birrell? And who will in course of time chop off Mr. Sturdy's head?

In other words, the Magistrate doesn't think you can make a meal off of candy.

It would be a good thing if the Lemieux Act could be applied to the moulders' trouble.

Some day Whitney may close all the courts and institute government by order-in-Council.

I am not surprised to hear that people are going crazy over the Kinrade mystery. The police are all crazy to find the murderer and get that \$2,000.

If the worst comes to the worst, Hamilton might donate the Sandusker to the British navy.

Another smash up on the Jolley Cut, and forty feet of fencing torn away. It's awful.

Of course, John Patterson's cars will want to get to the Terminal Station either by surface, subway or elevated. Which do you prefer, Mr. Mayor?

Hamilton needs a first-class kidnapping mystery to give the jay towns something to keep them from falling asleep.

The Youman's Union is another institution that is doing yeoman service.

The man who is terrorizing women and children on the mountain needs a taste of the cat-o-nine-tails. He should get it good and hot, too.

How is Johnnie getting on at school? Do you ever take time to hear his lessons? You remember how you used to get puzzled.

If you want help of any kind, look in the Times want column. You may meet the man or woman you are looking for.

Sometimes people tell me that they don't know what it is to be sick. Then I hope they know what it is to be grateful.

The building of a library for Victoria College, Toronto, will be proceeded with at once.

ALL READY.

Hamilton Steamboat Company Starts Macassa on Saturday.

A solid sheet of ice spread over the bay the beginning of this week, but the rain of yesterday had a very softening effect on grim winter, and this morning the ice is broken up for a mile along the Beach. A real breezy day or two would complete the break-up and enable the Hamilton Steamboat Company to open navigation on Lake Ontario next Monday. The finishing touches are now being put upon the trustworthy Macassa, and she will be ready on Saturday of this week.

Capt. Henderson will be in command of the Macassa when she sails on Monday, with Engineer Plummerfeldt and Purser James Beckton as his chief assistants. When the Madjeska starts, about the beginning of June, she will be in command of Capt. Walsh, with Wm. Noonan as engineer, and Mr. Beckton as purser, Mr. V. Blong, succeeding the latter as purser on the Macassa.

The Turbinia will begin her service the Saturday before the 24th of May.

General Manager Bishop will have Mr. Peer associated with him here again, and Mr. Ed. Callaghan will be in charge of the Toronto end of the business.

The steamer Belleville will be the first out of the Richelieu & Ontario Co.'s fleet. She is a passenger and freight boat, and plies between Hamilton and Montreal. The Toronto and Kingston will not begin the season until June 1st. A new steamer for the Toronto-Prescott run is being laid down in Detroit for the R. & O. Company, and she will likely be ready by the opening of the season of 1910. The Toronto's capacity has been increased by nearly twenty state-rooms.

ONLY FINED.

Hamilton Youth Convicted of False Pretence in Brantford.

(Special Despatch to the Times.)

Brantford, Ont., March 25.—Herbert, alias William, Robinson, whose home is in Hamilton, was charged with securing money under false pretence at the police court this morning. Robinson cashed a cheque for \$7 on Manager Littlefield, of the Kerby House, and later stopped payment at the Bank of Hamilton in Hamilton. He was fined \$25 or three months.

The prisoner said he was working up an advertising scheme here. The police submitted evidence that he had formerly been charged with pocket-picking, but was acquitted.

BEACH PARK.

Work Will be Gone on With by Commissioners.

It is expected that the Beach Commissioners will go on with the work of building a park on the Birely property. At present the revenue derived from the Beach is about \$9,000 a year, and the Government is not asking a cent of it. The Birely property was sold to the commissioners for about \$13,000, and the payments have been so arranged that they will spread over a period of about 10 years. What the residents would like to see done would be to sheet pile out into the bay in front of where the promenade now exists. It would be an expensive piece of work, but something will have to be done immediately, as the water is undermining the cement sidewalk along that portion of the Beach. The Radial Company has signified its intention of hauling the dirt and sod for the park from Burlington.

PAARDEBURG.

Military Chapter Has a Record of Good Work.

Paardeburg Chapter, Daughters of the Empire, met this morning in the Y. W. C. A., with Mrs. Atkinson in the chair. Satisfactory reports were read from the Sick Visiting Committee, which showed good work had been done. A report of the entertainment given on Paardeburg Day, Feb. 27, in the Armories, was read. It stated \$90 had been realized, which will go to the funds of the Chapter.

A lecture will be given next month by Mrs. S. G. Wood, of Toronto, on General Gordon. It will be given at the home of Mrs. Thomas W. Watkins. Paardeburg Chapter's object is to look after all the sick of the local regiments, and the members would be glad to know of any young man belonging to the regiments who is sick, so that he may be visited. The matter will receive attention by notifying Mrs. Atkinson, 370 Hess street south.

ROBBED OF \$22.

Emerson Ripley, 20 Napier street, while going south on MacNab street, between Vine and Cannon, about midnight last Tuesday, was held up by three men, who demanded his money, and threatened a hiding if he failed to hand it over. He gave the men \$22, and yesterday afternoon reported the matter to the police. He has an idea who his assailants are, and may prosecute them if he does not get his money back. The men he suspects are some he was with on Tuesday night, and who saw his roll.

GOT \$400.

"REV." O'NEIL HERE AFTER N. Y. ROBBERY

Alleged Priest Fined \$2 For Being Drunk—Bill Changing Case Disposed of.

James O'Neil, New York, is somewhat of a mystery. He is registered at the Waldorf Hotel as coming from the Yankee Metropolis, but it is said he comes from the Province of Quebec. His address last night, and till 10 o'clock this morning was No. 3 Police Station.

He was arrested last night for being drunk, by Constable Burch, who said the prisoner had an awful skunk. Around his neck was a long string of beads with a little cross at the end. The policeman asked him what they represented, and he told them he was a priest, that he was the Father O'Neil who, a couple of weeks ago, was "stuck up" by two thugs in New York and robbed of six hundred English sovereigns. He arrived here almost broke, a few days ago, and he wore a clerical coat, hat, collar and expression, and, taken altogether, he was believed to be a young clergyman. This morning at court Constable Campaign had a long talk with him during the proceedings, and after it he talked to the reporters. He declared emphatically that the man was not a priest, and that he was an ordinary citizen.

O'Neil admitted that he absorbed too much liquid yesterday, and the fine was

KIDNAPPERS IDENTIFIED.

Willie Whittle Knew Them When He Saw Them.

Woman Suicides Who May Have Been Mixed Up in It.

Knew Antecedents of Man But Not Sure About Woman.

Cleveland, O., March 24.—Willie Whittle to-day identified the man and woman held on suspicion by the Cleveland police as the persons who kidnaped him from the school at Sharon, Pa., last Thursday, and held him for the \$10,000 ransom which was paid by his father, Attorney J. P. Whittle, on Monday.

Willie said the man who gave the name of James H. Boyle was the one who took him from school and carried him through a tortuous route to Cleveland, then to Ashtabula, back to this city, and placed him in the house in the east end where he was held until the money was paid. Willie also declared that the woman was the one who cared for him at the house where he was detained, and who acted the part of a nurse.

Boyle said the woman is his wife. The police have no other identification of the couple than the names given. So far as the man is concerned the police believe the name is correct. Boyle is said to reside in Sharon, and is a plumber by trade. He is said to have a widowed mother, four brothers, and a sister. The woman, who is accredited with being the wife of Boyle, declared soon after her arrest that her identification would cause a sensation in Sharon. When the identification was completed Mr. Whittle would say nothing regarding the woman. He said he knew Boyle slightly.

Immediately after Willie Whittle had seen the man and woman at the Central Police Station they were taken to the County Court House.

A woman known as Mary Diener, who the police say may have been an associate of the man and woman implicated in the plot, committed suicide to-day by drinking morphine. The woman (Continued on Page 8.)

WHIPS A LOVER.

Farmer's Daughter Pursues Him Until Fence Affords Haven.

Winchendon, Mass., March 25.—Miss Lillie Frink, a pretty 19-year-old girl, horsewhipped her former sweetheart, Alfred Boudreau, in the street here to-day until he ran toward a woods in fright. All the way the young woman pursued the young man, and he ran into a barbed-wire fence, tearing his trousers. While he was trying to get over the fence Miss Frink had an especially good chance at him with the whip, and she made the most of it until Boudreau cried out in pain.

Miss Frink is the daughter of a farmer. Called up to three months ago Boudreau called upon her regularly. Then there was a rift in the love of their love-making. Stories came to the ears of the young woman as to things that it was alleged the young man had said about her. Her anger flashed like powder, and to-day she drove to town to look into the matter.

When the wagon reached North Central street she caught sight of Boudreau. Seizing the whip, she leaped from the wagon and went after him, bringing the whip down again and again until he struggled over the wire.

A Corner on Beulah Survey. This survey was opened up one year ago last May. The number and class of homes built thereon is conclusive proof that Beulah has proved the most popular survey offered in our city. The district is a charming, healthy one, with all the city conveniences and within five minutes' walk of one of the most beautiful natural parks in our Dominion. You will never purchase a building lot in the southwest as cheaply as you will to-day; a man does not require to be a close observer to be convinced of this fact. Keep your eye on the southwest and you will see values increase even more quickly during the next five years than during the past five years. For your satisfaction look the situation over and you will observe that the land available for desirable homes is in a very small compass, and you will further note that "Beulah" and "West Mount" contain the largest blocks of desirable residential property in our city. If you propose building a home now or at some future date, investigate the merits of the 300 building lots we offer and compare values with others and you will conclude that this is your opportunity.

Our Terms Are Most Reasonable. H. H. DAVIS, Manager. Phone 685. W. D. FLATT, Room 15, Federal Life.

SOCIETY AT CAPITAL Also Deputation in Interest of the Hog Industry. (Special Despatch to the Times.) Ottawa, March 24.—The social life for the week consisted of the reception given by the wives of the Cabinet Ministers in the Commons Restaurant apartments, which was a most brilliant and success- ful affair, the Hon. Mr. Fisher's din- ner to a number of the members, as well as several semi-private dinners, kept that side of life very busy. Monday of this week, a deputation vis- ited the capital here, representing the hog industry of Canada. Mr. Flatt, of Wentworth, represented the Dominion Swine Breeders' Association; Mr. Feather- erton, of Peel; Mr. Brethour, of Brant; Mr. Cowan, of Peterboro, and a large number of others. They were taken in

charge by the member for Wentworth, who introduced them to the Hon. Mr. Fisher, Minister of Agriculture, and the various other departments. Their representations for an increase in tariff were most forceful and created a strong and encouraging impression. They also advocated an inquiry into the meth- ods of the hog trade in Denmark and Ireland, with a view to getting Canada's reputation in pork up to their level. The matter of co-operative packing houses was given a good deal of consideration, and it is quite possible that with Govern- ment encouragement, an experiment may be made before long.

STRIKE FAILED. Mania, March 25.—The leaders of the strike and boycott against the Mania Street Railway and commercial houses of this city have called them off. Both strikes have failed from their inception, but the boycott against the street car system has been partially effective.

NOT TRUE. Berlin, March 25.—The report published yesterday that Prince Kitel Frederick, second son of Emperor William, is to visit members of the Vanderbilt family at Newport this summer was given offi- cial denial here to-day.

It is reported at Winnipeg that an early Provincial election will take place, Premier Roblin using the disagreement at Ottawa on the boundary question as the issue for the electors. A woman never considers a man lack- ing intelligence if he has enough to admire her.

S. H. BLAKE. His Views Not Affected by Victoria College Regents.

Toronto, March 25.—The fact that Rev. Mr. Jackson's views are accepted by the faculty and regents of Victoria College as in keeping with doctrinal standards of the Methodist Church does not alter the attitude thereto of Mr. S. H. Blake, K. C., whose strong opposition to what in collegiate circles is called higher criticism has led to an investi- gation into the instruction of religious knowledge in University College. Referring to Mr. Jackson's statement that the early chapters of Genesis contained no account of the real beginning of the earth or of man, Mr. Blake said: "To the millions of humble Bible readers, who gladly accept the only history we have of these matters, 'un- less in words which to us teach that the Great Creator, the Omnipotent One, did not give correctly the de- tails of the work of creation carried on by himself. 'The early chapters of Genesis cannot go,' Mr. Blake added, 'unless with them you file away our Bible as a discredited and lying document.'"

It is expected that Electrical En- gineer R. S. Keleh, of Montreal, will be selected as consulting engineer for the city of London.

THE HAMILTON TIMES

THURSDAY, MARCH 25, 1909.

LORD STRATHCONA'S GIFT.

Sir Frederick Borden has found in Lord Strathcona a friend who gives very practical help and encouragement to his plans for physical training and military drill of the public school pupils of the Dominion.

Lord Strathcona's beneficence is proof that he finds that in Great Britain Sir Frederick Borden's scheme of cadet training for young Canadians is looked upon with favor.

"GRAFT" FEELERS OUT.

Mr. J. B. Lucas, M. P., has given notice of a motion for the purchase of all the Ontario telephone systems.

more than it could think of giving all the territory in question to Ontario and refusing Manitoba a foot of it.

No matter what the Dominion Government would do in regard to this boundary question it could not satisfy Robin or deprive him of that "outrage" issue.

SETTING ASIDE CONTRACTS.

The Ontario Legislature, led by Whitney, is making rapid progress toward brushing aside the will of the people, and substituting the arbitrary power of the Cabinet for the decisions of the courts of justice.

EDITORIAL NOTES.

In the year 1908 Japan paid \$6,170,566 in subsidies to her shipping.

It will take the profit from the sales of a good deal of candy to pay one \$20 fine for Sunday selling.

The speediest battleship in the world is the Téméraire, one of the latest of the British Leviathans.

It is unfortunate that Beck's bill will cause delay and difficulty to the H. W. & G. Electric Railway.

That woman suffrage deputation seemed to rattle-dazzle even Whitney.

The life insurance men very naturally want something to say about policyholders going to war.

The Hamilton Herald prefers to resort to wilful and deliberate misrepresentation of power rates in Hamilton.

ANOTHER "OUTRAGE."

The Roblin Government of Manitoba is busily engaged in trying to work up another "outrage" upon the Province in the matter of the extension of boundaries.

Dan Reed doesn't like the look of that Whitney scheme requiring municipalities to pay sinking fund moneys into the Provincial treasury.

Less than a year ago the Winnipeg Tribune was frantically denouncing the Dominion Government for alleged "extravagance" in spending money for the development of the country.

Hamilton merchants are red hot after Grimsby business and are holding out all kinds of inducements to draw the people to Hamilton stores.

with the construction of the Hudson Bay Railway. Another section of the Tories is denouncing the Government because it has not begun the construction of the Georgian Bay canal.

A member of the Legislature, "as an outcome of the Kinrade murder," proposes a bill to require a record to be kept of all firearms sold.

Montreal's mule spinners may go on strike, but not Montreal's donkey newspapers. Ah, no such luck!

A mysterious airship has been hovering over Hamilton and vicinity of late. It's only the detectives looking for clues in the Kinrade case.

Hamilton editors are writing learnedly on "the peak load" with all the assurance that comes from personal experience in the carrying thereof.

That economic situation is wrong which drives men, who are willing to work, to give themselves up to the police in order to obtain food and lodging.

The nine days' wonder over the Kinrade case seems to have come to an end, after exceeding the ordinary limit of duration.

The Kinrade case at Hamilton continues to develop curious features. Some of the lawyers engaged in it seem to think it their duty to try it with the newspapers as a rostrum and the public as jury and judge.

Mr. Lucas, chairman of the Private Bills Committee, gave to the Hamilton deputation of about a dozen Mayor, aldermen and city officials, who yesterday went to Toronto to promote the Hamilton bill to authorize the Council to incur \$237,000 debt without obtaining the consent of the ratepayers.

Perhaps Sir James Whitney's statement about his course in the Hydro-Electric matter, made to the Legislature yesterday, may be explained by assuming that it was "drunk with power," but it was very far from being couched in the language of a statesman who regards his duty to the people.

Laurier has refused everything that Manitoba asked in the settlement of the boundary dispute. It must now be apparent to the people of Manitoba that the Laurier Government is at home only to its political friends.

Is that a necessary logical conclusion? Is it not much more reasonable to conclude that as Laurier proposes to carry out a partition of the territory which the other Provinces interested regard as fair, the Manitoba chaps want to play hog in the matter?

A study of the facts of the old-age pension administration in the United Kingdom is interesting. It shows that 60 per cent. of the "pensionable" persons in Scotland have obtained pensions, only about 40 per cent. of those of Wales and England have got them.

In Ireland, however, it would appear that many more persons than those qualified by age of 70 years have been granted pensions. The figures for Ireland were:

Persons over 70 years ... 184,000 Less poor law disqualified 32,000 Number eligible ... 152,000 Pensions actually granted 170,365

On the face of the statistics it would appear that 18,365 persons are drawing pensions although lacking the qualifications. Perhaps, however, there is something wrong with the statistics.

The spectacle of the United States Republican party being forced to set about a revision of the protective tariff, while it does not give the Philadelphia Record much hope of the country getting such a revision as it needs, leads our contemporary to remark that the system of special privilege has done its worst.

The necessity of tariff revision has been forced upon the Republican party from within its own ranks. The frightful extravagance of the past ten years has of itself made new revenue legislation imperative.

Nurtured to the point where their capacity of production has outrun their capacity of consumption in the home markets, they demand tariff relaxations to enable them to compete for trade in outside markets.

OUR EXCHANGES

CONSOLING. (London Advertiser.) The fate of the Opposition in Alberta may console Mr. MacKay and his followers at Toronto.

THE LONG-EARED TRIBE. (Toronto Telegram.) Montreal's mule spinners may go on strike, but not Montreal's donkey newspapers.

WHAT IT WAS. (Brockville Times.) A mysterious airship has been hovering over Hamilton and vicinity of late.

LOADED. (Ottawa Citizen.) Hamilton editors are writing learnedly on "the peak load" with all the assurance that comes from personal experience in the carrying thereof.

WHAT IS THE REMEDY? (Toronto News.) That economic situation is wrong which drives men, who are willing to work, to give themselves up to the police in order to obtain food and lodging.

THIS IS A JOKE. (Bramford Courier.) The detectives in the Hamilton case still say they are following up several clues. To onlookers they look more as if they had been up several flues.

DYING OUT. (Guelph Mercury.) The nine days' wonder over the Kinrade case seems to have come to an end, after exceeding the ordinary limit of duration.

NEW KIND OF TRIAL. (Montreal Gazette.) The Kinrade case at Hamilton continues to develop curious features.

OH, DON'T BE TOO HARSH. (Dundas Banner.) If it is true that Mr. Lynch-Staunton made such statements, County Crown Attorney Washington and Attorney-General Foy should take action against him.

IT ISN'T WISE. (Toronto Star.) But it doesn't seem wise for Canadian journals that are trying to excite us to a fighting pitch to describe the British people as decadent, and the Germans as a great fighting nation.

FARMERS' TWO SUNDAYS. (Grimly Independent.) I have often said that the farmers of the county of Wentworth have two Sundays every week, one in Hamilton and the other at home.

A WORD FOR THE PEDDLER. To the Editor of the Times: Sir,—Grocers' combine against the peddler seems to be the new agitation in which the City Council is asked to take a hand, and the interest and convenience of the public are not considered.

The situation appears to be as follows: The slack times of late make trade very slow, and also collections, and many good people have to run accounts with the store; the grocers wish to get more trade and attack the living of the peddler; then the peddler, who should live in our city, keeps up a horse and wagon, pays his share of taxes by owning property or through a house, and, like the milkman, has to supply the public daily.

A pretty wedding took place yesterday afternoon, at two o'clock, at the home of the bride's parents, King street, when Miss Celia Liddy, second daughter of Mr. and Mrs. J. R. Liddy, became the bride of Mr. Albert Whigham, of Kirkwall, second son of Mrs. John Whigham. The knot was tied by Rev. W. H. Harvey. The bride looked charming in her gown of white duchesse satin and point d'esprit, with a long veil caught up with bridal roses, and carrying a bouquet of white roses. Her only ornament was a handsome pearl crescent, the gift of the groom. She was attended by Miss Ethel Ewing, of Alliston, who wore a pretty gown of pale blue voile silk, with a satin ribbon trimming and directoire tassets, and carried pink carnations. The best man was Dr. George Whigham, of Toronto, a brother of the groom. The wedding march was played by Miss Elsie Ewing, of Alliston, who wore a pretty white dress. After the ceremony was completed, the guests, numbering about thirty, who were the immediate relatives and intimate friends, repaired to the dining-room, where a dainty dejeuner was served, the tables looking very inviting with their decorations of pink and white flowers and smilax. Later in the afternoon the happy couple left for Alliston, and after a short visit north, will return and reside near Rockton. The bride's traveling gown was a becoming one of taupe color, with hat to match.

"Milady's Home" is the title for the unique entertainment that is to be put on in the Y. M. C. A. by the Ladies' Auxiliary on April 1. The building is to be turned into a model home, beautifully decorated. The ladies in charge of the various departments of the home will be dressed becomingly. A very high class programme has been arranged for the entertainment of guests, who will also have the privilege of purchasing home-made articles at various booths. The evening will be given up to a general reception and concert. The various committees of the Ladies' Auxiliary are sparing no pains to make this the greatest success possible.

only in addition to laughter, it is mingled with heart interest and tears. The company is said to be a very good one, and the play is well staged as usual.
"FOR HER CHILDREN'S SAKE."
At the Grand-to-morrow evening will be presented the well-known melodrama, "For Her Children's Sake." It is by that famous author of sensational plays, Theodore Kremer, and is one of his most successful. The company presenting it this season is said to be a very capable one, and give an excellent performance.
COLE AND JOHNSON SHOW.
Cole and Johnson's new musical comedy, "The Red Moon," which these clever colored gentlemen are presenting in Toronto this week, is to be seen at the Grand here next Saturday week. The music has twenty song numbers and is said to be quite pretentious.
THE BEATTITUDES.
Although the weather last evening was anything but inviting, there was a large audience in St. John's Presbyterian Church to hear the sacred cantata, "Beattitudes," by the choir, assisted by Harold Jarvis, and with Miss Adeline Smith, Miss Irene Brocklesby, Mr. Hamilton Robinson and Mr. Geo. Richmond as soloists, and quartette, and with Mr. Bert Webster organist and director. Mr. Jarvis was the stellar attraction, but without his presence the affair would have been an artistic success. The quartette soloists acquitted themselves with much ability. The ladies were in fine voice, and Mr. Richmond and Mr. Robinson gave careful renderings of their selections. The choir in their work showed faithful training, was well balanced, and altogether made an excellent impression. Perhaps they showed to best advantage in "Blessed are the Meek," soprano solo and chorus. This was finely given, and called forth hearty applause. Mr. Jarvis, with his wonderful voice, thrilled the listeners, meeting with recalls on each appearance. Among his solos were "Lord, We Forget," "Beattitudes," "Blessed are the Meek," and "Flow Sweet Afton." The latter was sung with much delicacy and depth of feeling. The following was the programme: Aria, "Crossing the Jordan" (Behrens), Mr. Harold Jarvis; Organ introduction; "Blessed are the Poor in Spirit," Mr. Richmond and quartette; solo, "The King of Love," Mr. Robinson and chorus; song, "Resignation" (Caro-Roma), Mr. Harold Jarvis; "Blessed are They That Mourn," quartette; "Father, to Thee We Look," Miss Brocklesby; "Blessed are the Meek," Miss Smith and chorus; song, "The Palm" (Faure), Mr. Harold Jarvis; "The Lord is My Light," chorus; "Blessed are the Merciful," Miss Smith; "Blessed are the Pure in Heart," chorus; "Blessed are the Peacemakers," Miss Brocklesby and quartette; "Blessed are They Which are Persecuted," quartette; duet, "The Road of the Loving Heart," Miss Smith and Mr. Richmond; aria, "I Will Lay Me Down in Peace" (Dudley Buck), (from "Triumph of David"), Mr. Harold Jarvis; "Rejoice and Be Exceeding Glad," Mr. Richmond and chorus.

KING'S DIPLOMACY.

Statement in British House by Foreign Secretary.

London, March 24.—In the House of Commons to-day, Sir Edward Grey, Foreign Secretary, made a noteworthy statement regarding the King's visits abroad in relation to the British foreign policy. Mr. MacNeill had raised the question as a constitutional one, complaining of the King going abroad with the Foreign Minister in attendance. Sir Edward Grey, ridiculing the complaint, said that no sovereign had, in more recent times, been so rigidly and consistently to constitutional practice than the present King. "The King's visits abroad," he added, "have been exceedingly valuable to the foreign policy of this country. They have been specially valuable for the reason that the King in his own person has a special gift, which I believe has never been exceeded, of conveying to the Government and people of the country to which he goes the impression of the good disposition and good-will of this country towards them. It is a great national asset that our Sovereign by his presence in foreign capitals should have contributed so much to smooth relations between ourselves and neighboring countries. The benefits of these visits are not, however, exhausted by making them special occasions for special diplomatic work. I assure the House that the King has not departed from constitutional usage."

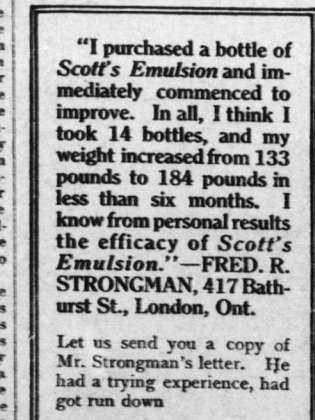

AN ENJOYABLE EVENING.

At the Alexandra Roller Rink to-night one hundred visitors from Brantford will fraternize with the Hamilton skaters, and this will be good news to the many patrons of the Alexandra who will not forget the enjoyable evening spent on the last occasion of the visit from Brantford. Special electrical effects will be introduced, and a competition for couples among the visitors will be held. Fifteen skating numbers by the wonderful militaigraph will be given. The floor and skates were never in better condition for genuine enjoyment on the little wheels. The Alexandra Rink is open three sessions every day, and as the season will soon close, the public should take advantage of the Alexandra and enjoy this splendid sport. A large crowd will, no doubt, be found in the balcony to-night to watch the competition. The admission is only ten cents.

"I purchased a bottle of Scott's Emulsion and immediately commenced to improve. In all, I think I took 14 bottles, and my weight increased from 133 pounds to 184 pounds in less than six months. I know from personal results the efficacy of Scott's Emulsion."—FRED. R. STRONGMAN, 417 Bathurst St., London, Ont.

NEW PHONE CO.

Paris People Voting on Screen Factory By-law.
Brantford's Schubert Choir—Boom Mohawk Park.

(Special Despatch to the Times.)
Brantford, March 25.—By May 1 Brantford will have in operation a dual system of telephones. The announcement was made here yesterday by General Manager McKay of the Canadian Automatic Manufacturing Co., and would enter into competition with the Bell Telephone Company. The new plant has proved a costly one. The outlay for an underground cable system with capacity for 1,300 phones already reached the \$100,000 mark. The central office battery will have a capacity for a 4,000 phone exchange. The rates have been announced at \$25 for business and \$15 for residence phones.

CAUSED BIG SENSATION.

Belgrade, March 25.—The action of the Crown Prince has created a profound sensation here. The National Assembly at once adjourned upon hearing the news. The newspapers issued extra editions and the intelligence quickly reached the assemblage of excited knots of people in the public places of the city. According to the terms of the Serbian constitution the renunciation of the Crown Prince can be accepted only by the Grand National Assembly. Minister of Finance Protios declared in an interview to-day that the Crown Prince could not voluntarily renounce his rights to the throne, explaining that such a step must have the sanction of the National Assembly before which the matter will be laid to-morrow.

STEALING RIDE.

Charles Watson and Fred Allen, said to be two well-known Toronto crooks, were arrested here early this morning while locked in a freight car on the Grand Trunk Railway. They were being taken from London, and the brakeman banged the door shut at Woodstock. Both are being held here pending inquiries into their recent records by the police.

ELECTED OFFICERS.

The Brantford musical organization, known as the Schubert Choir, has organized for another season's activities, with prominent musical representatives in office. The following were elected: Hon. Presidents, Judge Hardy and A. G. Parker; President, E. Sweet; Vice-President, M. H. Robertson; Secretary, H. John Smith; Chorus Secretary, John Varey.

GENERAL NOTES.

The local police have established a new night beat through the North ward for the benefit of the residents of that section. It is intimated here that the local hotel licenses will be left unmolested by the commissioners for this year. The local public schools have been organized into an athletic league by the Y. M. C. A., and outdoor sports will be the activity for the league. Manager Kellett, of the Street Railway, announced here yesterday that Mohawk Park would be closed again this summer, and several new attractions will be offered. The Grand River broke up again last night, making the third time this year. No damage was done.

TWO DOZEN PIES.

Pittsburg, March 25.—"Your Honor, I have never been arrested before. I am a steady worker in a bake-shop. If you will discharge me I will send you two dozen of the best pies you ever tasted. The kind mother made' will not be in it with the one I will send you if you will only let me go this time."
These words were addressed to-day to Magistrate Kane, at the Oakland Police Station, by Tim Eckert, a baker, who was arrested, charged with being drunk.

RELIGION OF THE INDIANS.

Chief Montour Spoke in Unity Church Last Night.
Last evening, in the lecture room of Unity Church, a large and appreciative audience listened to an interesting address by Chief Nelles Montour, of Hagerstown, on "The Religious Attitude of the Indians and the Nature of Their Teaching." Mr. Montour is the last hereditary Chief of the Delawares, a tribe once numerous and powerful in the United States and Canada. The Indian population of the reservation from which the speaker came is about four thousand. Of these, only about three hundred constitute the remnant of the original Delawares. While few in numbers, the speaker said they naturally thought they were equal to the best in quality. He drew a comparison of metals used in coins, saying that the copper represented the white race, Chief among these is the use of intoxicating drink. And when we have a religion introduced to us," he said, "it is largely an appeal to fear. Eternal punishment is presented on the one hand, and with an easy escape from it and the results of wrong doing on the other, by the mere act of belief in a theological statement. This form of faith does not appeal to me. I do not believe in frightening people to cause them to become good. They should be taught the laws of cause and effect, and that obedience to the inherent laws of nature result in the supreme good. I think," continued the speaker, "that if we are taught that grand idea that we are to be ruled by love, it has a greater power than the appeal of fear."

AT BENNETT'S THEATRE.

Manager Appleton has a great array of talent for the Bennett bill next week, and also one of the biggest novelties brought to Hamilton this season, Alber's Arctic sensation, twelve huge polar bears, direct from the New York Hippodrome, where they created a furore. These animals are remarkable examples of what it is possible to accomplish with long and careful training. It is a feature that will hold special attraction for women and children, and the matinee next week should see the house packed to the roof. Pipe Master Angus M. Fraser Murphy will be seen in an amusing Irish farce entitled "The Coal Strike," and another strong feature will be the famous "Clan Fraser Troupe," a Scottish specialty that should take Hamilton by storm. Pipe Master Angus M. Fraser, the leader of this troupe, is a Canadian, and enjoys the distinction of having won the title of "Champion of America" in competition with the best Scottish dancers on the continent.

EVA FAY COMING.

The announcement that beautiful Eva Fay, who is heralded as one of the greatest of mental telepathists, is to appear shortly at Bennett's Theatre, has already aroused an unusual amount of interest and the management of the local vaudeville house has been flooded with applications to reserve seats. Miss Fay bases her science of mental telepathy on the principle that nothing in this world can be lost. It is here somewhere, if it can be found, and to the trained mind this is but a question of time and opportunity. Miss Fay undertakes to answer all sorts of questions, and her exhibitions have created a profound sensation, not only in the leading cities of America, but on the continent as well. It is said that eighty per cent. of her answers are absolutely correct, and the answers seldom go astray, except when Miss Fay becomes fatigued. She is assisted by the Bengal Mahatma, who served as interpreter at the court of the Rajah of Johore. He speaks seven different languages, and has travelled all over the world.

"HUMAN HEARTS" ON SATURDAY.

Seats are on sale for "Human Hearts," which comes to the Grand on Saturday, and is one of the best plays of its kind. Arkansas has often been the theme of song and story, and no melody ever written has evoked more genuine pleasure than "The Arkansas Traveller." The same may be said when Miss Fay becomes fatigued. She is assisted by the Bengal Mahatma, who served as interpreter at the court of the Rajah of Johore. He speaks seven different languages, and has travelled all over the world.

FIREMEN FOR NEW STATION.

Row in Committee Over the Method of Selection.

Ald. Lees Accuses Colleagues of Playing With Loaded Dice.

New Waterworks By-law Will be Taken Up Soon.

The appointment of six new firemen for the Sanford avenue station caused a lively clash at the Fire and Water Committee meeting last night.

"Don't you think a fairer way to do it would be for each alderman to mark the names of six men and appoint those receiving the larger number of votes?" asked Ald. Morris.

"We might be voting all night doing it that way," protested Ald. Hopkins.

"What makes you think that?" asked Ald. Hopkins.

"That is not fair dealing," replied Ald. Lees. "It is playing with loaded dice."

"Did you have some man you wanted to have appointed?" asked Ald. Hopkins.

"Yes," said Ald. Lees. "If the Chief had named six men I would have supported them, but when there are six men, some aldermen know about and others do not, I say that is playing with loaded dice."

"I want to set Ald. Lees right," said Ald. Anderson. "There is only one name on the list. I can assure you I did not know anything about the names on the list until this evening."

"Neither did I," declared Chairman Clark.

"Then why are you not consistent in voting?" asked Ald. Lees.

"Crawford and Cox on that list are two men for my ward I wanted appointed," said Ald. Hopkins.

"Why don't you vote to have them on?" asked Ald. Lees.

"We will vote until morning," was Ald. Hopkins' reply.

Ald. Milne made some remark about the arrangement being fair, and Ald. Lees, with a display of warmth, remarked, "I say it is playing with loaded dice. It is not fair. You can't fool me like that. However, we will have it out in the Council."

Chief TenEyck strongly urged the aldermen to pass a by-law compelling the electric light and telegraph companies to bury their wires in the centre of the city.

The visitors placed their requests before the Government. They condemned the present system of immigration carried on by the Salvation Army and other agencies, and protested against the employment of American detectives during the time of the Co-balt strike.

The Chief said that the telephone company had done good work in putting its wires underground, but the electric wires in the centre of the city were so thick in the alleys that it was almost impossible to raise a ladder.

A man was constantly in danger of being killed by receiving a shock through the water. He related several instances to show how dangerous the present system was, especially during electrical storms.

The aldermen thought there was force in what the Chief said, and they appointed a sub-committee to report on the matter.

Tenders, amounting to \$1,335, for furnishing and equipment for the new Sanford avenue fire station were accepted.

George C. Copley, of Copley, Noyes & Randall, wrote saying that he had been asked by a Canadian manufacturer to request that the committee include Canadian serges in the specifications, when calling for tenders for firemen's clothing.

This manufacturer offered to supply three suits free of charge as a test, and the committee adopted the suggestion.

The application of D. Kelly, a county resident on Sherman avenue, for water, was refused.

Secretary James reported that out of the \$5,000 fund set aside last year for cleaning out the filtering basin, \$1,500 had been spent, leaving a balance of \$3,500, with the \$2,000 appropriation this year, makes a total of \$5,500 on hand for the work.

Replying to Ald. Morris, Chairman Clark said that it usually cost from \$400 to \$700 a year to rake the weeds out of the basin.

The secretary stated that there were 348 meters in the city, of which 148 paid under the meter rate, bringing in a revenue of \$30,451.

Ald. Milne wanted to know why so many meters were installed and less than half of them were obliged to pay the meter rate.

"Because the Council has never adopted the new waterworks by-law," said Secretary James.

Copies of this by-law, which was abridged last year, have been sent to the aldermen, and the matter will be taken up shortly.

Ald. Milne, Lees and Morris were appointed a sub-committee to report on the by-law.

FRIPP BILL.

Labor Men Present Views to the Ontario Cabinet.

Toronto, March 25.—Mr. Allan Studholme, M. P. P., introduced a deputation representing the Trades and Labor Congress to Sir James Whitney and the members of the Provincial Cabinet yesterday afternoon.

The visitors placed their requests before the Government. They condemned the present system of immigration carried on by the Salvation Army and other agencies, and protested against the employment of American detectives during the time of the Co-balt strike.

The Chief said that the telephone company had done good work in putting its wires underground, but the electric wires in the centre of the city were so thick in the alleys that it was almost impossible to raise a ladder.

A man was constantly in danger of being killed by receiving a shock through the water. He related several instances to show how dangerous the present system was, especially during electrical storms.

The aldermen thought there was force in what the Chief said, and they appointed a sub-committee to report on the matter.

Tenders, amounting to \$1,335, for furnishing and equipment for the new Sanford avenue fire station were accepted.

George C. Copley, of Copley, Noyes & Randall, wrote saying that he had been asked by a Canadian manufacturer to request that the committee include Canadian serges in the specifications, when calling for tenders for firemen's clothing.

This manufacturer offered to supply three suits free of charge as a test, and the committee adopted the suggestion.

The application of D. Kelly, a county resident on Sherman avenue, for water, was refused.

Secretary James reported that out of the \$5,000 fund set aside last year for cleaning out the filtering basin, \$1,500 had been spent, leaving a balance of \$3,500, with the \$2,000 appropriation this year, makes a total of \$5,500 on hand for the work.

THAT PRESS TRIP.

Something About the Imperial Press Conference.

High Old Time Awaiting Canadian Newspaper Men in Britain.

The programme of the Imperial press conference to be held in London in June is now nearing completion.

The gathering will be not merely unique in the history of English journalism, but an event of national importance. It is being treated as such by the Government and by the great political and social forces of the country.

For the first time nearly a thousand British journalists, representing every shade of opinion and every part of the motherland will be gathered together to do honor to the press of the Empire.

The other sixty are picked delegates from the three thousand newspaper of Great Britain chosen by their colleagues.

Canada will send a delegation which has been described by Lord Strathcona as men "worthy of representing not only the Canadian press, but the Canadian people."

Australia and New Zealand have chosen not only delegates from the splendid dailies of the older States, but others—pioneers typifying the romance of the press in a new land, men who started with their hand presses in gold-field dugouts and "boom" town shacks, and saw their ventures grow into the powerful organs of mighty communities.

India, the far east and other parts are all adequately voiced.

HISTORIC SURROUNDINGS.

The surroundings of the conference have been moulded on lines worthy of the occasion. The assemblies proper will be held in the conference room of the Foreign Office, the only official chamber large enough to accommodate the delegates.

This has been lent by the Government, and marks the historical side and the Imperial character of the assembly.

Leading statesmen, Liberal and Unionist alike, and great pro-consuls, such as Lord Cromer and Lord Milner, will participate in this gathering. Lord Rosebery will strike the note of Imperial unity and aspiration at the inaugural banquet.

The social side will be, as the Spectator has well put it, "the kind of welcome a naval display at Portsmouth is likely to offer to them." The Government, the Prince and Princess of Wales, the Lord Mayor and Parliament will all in turn entertain the delegates. There will be a special military review at Aldershot and a naval display at Portsmouth in the north. The great cities of their honor are arranging for visits from them when the conference proper has concluded.

Upon all sides it has been realized that this affords a great opportunity of showing to the men who are the eyes, ears and hearts of Great Britain what the power and resources of the motherland are.

The Australian and New Zealand guests will reach Vancouver on May 5, and will spend a few days in the city.

Preparations are already in progress to give a welcome there worthy of the best Canadian traditions. This will culminate in an official reception by Lord Grey, the Governor-General, at Ottawa.

The Canadian delegates will join the Australian guests, and will travel with them. Arriving in London, they will be housed at the Waldorf Hotel.

INAUGURAL BANQUET.

At the inaugural banquet, in the Hall of Music at the Imperial International Exhibition on June 5, nearly one thousand British journalists and delegates are expected to be present.

Lord Rosebery will give his opening address.

The conference meetings at the Foreign Office start on Monday morning, and last each day from 11 to 1. These meetings will be private.

Some of the great statesmen of the day, Imperial as well as national, will join in them, discussing various aspects of the mission and work of the press throughout the Empire.

The list of receptions and entertainments includes the following: Some of the delegates will be the guests of Lord Burnham at Hall Burn.

On Monday, June 7, a luncheon will be given at the House of Commons by members of the Houses who are associated with the literature of the day.

On Wednesday, June 9, there will be a reception and luncheon at the Mansion House, given by the Lord Mayor of London.

On Thursday, June 10, Mr. Balfour will preside at a luncheon to be given by the Constitutional Club. In the evening the Duke and Duchess of Sutherland will give a reception at Stafford House.

On the invitation of Mr. Haldane a day is to be spent at Aldershot, where the guests will be able to see something of the British Army.

On Saturday, June 12, the week will conclude with a visit to the fleet as the guests of the Admiralty.

On Monday, June 14, Lord Northcliffe will entertain the delegates at luncheon at Sutton Place.

Mr. C. Arthur Pearson will give a dinner at Ranelagh.

An afternoon will also be spent at the Horse Show as the guests of Lord Londsdale.

On the completion of their stay in London the delegates will take a short tour through a few of the leading cities of the north. Invitations from municipalities have poured in far more than can possibly be accepted. Such great centres as Manchester, Liverpool, Edinburgh and Glasgow must be included.

PORTRAIT OF GEO. DICKSON.

Before coming to Upper Canada Mr. Dickson was principal of the Hamilton Collegiate Institute for many years.

ONE ON THE DOCTORS.

Madame J. Rioux, St. Moies, Que., says: "Fruit-a-tives cured me of severe Liver Disease. Neither doctors nor any other remedy did me any good, but Fruit-a-tives promptly cured."

"Fruit-a-tives" always cure Liver Trouble, Biliousness and Constipation because they are directly on the liver. They stimulate the secretion of bile, which decreases the quantity of blood in the liver, and thus relieves the Congestion or Biliousness. With plenty of Bile to move the bowels, there is an end to the Constipation.

"Fruit-a-tives" are a positive cure for all troubles arising from a disordered liver.

"Fruit-a-tives" are the juices of apples, oranges, figs and prunes—prepared by a newly discovered process, and combined with valuable tonics and antiseptics. They are, without doubt, the most popular remedy in Canada to-day.

50c. a box, 6 for \$2.50, or trial box 25c. If you can't get "Fruit-a-tives" in your neighborhood, these wonderful tablets will be sent, postpaid, on receipt of price, by addressing Fruit-a-tives Limited, Ottawa.

Is Your Back the Weakest Point?

Does it play out first when you have steady work to do.

Look for other indications that the Kidneys are to blame and obtain cure by using Dr. Chase's Kidney-Liver Pills.

Many a man finds that his back is his weakest point and does not know why.

He cannot do heavy work and even light work, if continuous, leads to an aching back.

Under these circumstances you can be pretty sure that the kidneys are weak and disordered and that the back pains are really kidney pains.

Other symptoms are deposits in the urine after standing, pain and smarting when passing water, frequent desire to urinate, also headache, dryness and harshness of the skin and pains in the limbs and body.

CITY LEAGUE GAMES.

On Saturday night in the Central Y. M. C. A. gymnasium the city championship will be decided, when the famous Intermediate team will clash with the Boys' Club first team, junior Canadian championships.

There is a heated controversy between the two as to the authorship of the "Life, Career and Battles of Battling Nelson." The St. Louis man says that he wrote every word of the book, while Nelson comes back with the telling assertion that Finnigan was only his stenographer.

There will certainly be doing next Monday night at the Alexandra, when the old Buffalo Central basketball team will clash with the Hamiltons.

There will be a Christmas night when Hamilton was trimmed by 7 points, and that the local boys want to wipe this defeat out goes without saying, and they intend going at them from the start.

Following is the schedule of games arranged by Manager Long for the Hamiltons: Buffalo Centrals, here, March 29.

DID BAT NELSON WRITE HIS LIFE?

Chicago, March 25.—Bat Nelson insists he is a real literary lightweight.

There is a heated controversy between the two as to the authorship of the "Life, Career and Battles of Battling Nelson." The St. Louis man says that he wrote every word of the book, while Nelson comes back with the telling assertion that Finnigan was only his stenographer.

In a letter to a local sporting editor Finnigan says Nelson did not write, originate or compose one paragraph of the entire book.

That in a limited round bout, say of 25 rounds, he would be able to stay with Nelson, if only because of his extremely clever defensive tactics.

Can Philadelphia Jack O'Brien stay in front of Stanley Ketchel, the middleweight champion, at the National A. C. to-morrow night? When boxing is discussed the question causes a wide difference of opinion.

O'Brien is undoubtedly the cleverest pugilist who has ever faced Ketchel, so that the latter will surely be put to a test.

Ketchel, while training for the mill near Woodlawn, has used up half a dozen husky partners, who have been unable to stand up before his heavy blows.

DUNCAN ROSS ASKS QUESTIONS

Wants to Know Why Tenders Were Not Advertised For.

Did Not Want Any Trouble Like That at Ottawa.

Hon. Dr. Reaume Made Some Very Lame Excuses.

(Special Despatch to the Times.)

Toronto, Ont., March 25.—In the Public Accounts Committee of the Legislature this morning Duncan Ross, Liberal, West Middlesex, put several inquiries as to whether tenders had been asked for an underfed stoker apparatus for certain public buildings. Were there tenders even advertised? he asked.

"We got these apparatus at the lowest possible figure," Hon. Dr. Reaume replied. "The Jones Underfed Stoker Co. are the only manufacturers of these articles in the market. There is no competition."

"The Marine Department at Ottawa has equipped all its buildings and engines with this machine," said Mr. Ferguson.

"Well, we've heard of some troubles in the Marine Department at Ottawa, too," said Mr. Ross. "We know that there is none of that here. I can't find any record of any advertisements of tenders. I think I'll make a motion for the return of the papers in their cases."

Turning to another page of the public accounts, Mr. Ross wanted to know whether there had been advertisements for tenders for several bridges, costing from \$2,000 to \$17,000.

"Oh, yes, they've all been advertised for," Dr. Reaume said, and Mr. Ross decided to ask for returns in this case, too.

"You wouldn't believe the number of bridges in Ontario that are swept away in the fall or are burned," Dr. Reaume informed the committee.

The rent of a boat from Purvis Bros. to patrol Lake Huron and Georgian Bay for poachers, a sum of \$5,243, provoked another question from Mr. Ross as to why the Government hadn't bought the boat.

"We didn't advertise for a boat, but we examined several," said the Minister.

"You need a good-sized boat to start the seas, and this one carried a launch that could go into bays and shallow water to look for nets."

"Could you not get service cheaper?" Mr. Clark asked. "Seems to me you could get a pretty good boat for \$10,000."

Dr. Reaume promised to have full information on the subject ready next Tuesday, when the committee meets again.

STRATHONA'S GIFT.
Hon. Dr. Pyne, Minister of Education, is very much interested in Lord Strathcona's offer, as it will come under his jurisdiction in school instruction.

The Minister had nothing to say about the project this morning, but will confer with the Premier and announce shortly what steps will be taken.

ON WEDDING EVE.

Rival For Fiancee's Hand Held For Cold-Blooded Crime.

Wilmington, N. C., March 25.—On the eve of his wedding, Jerry Bigford, a young farmer and storekeeper, was murdered in cold blood last night near Freemans, Columbus county. His body was found this morning lying on the floor of his home near his store, where he lived alone, a shattered window pane giving evidence that the assassin had fired upon him from without.

Cleveland and Stillmore, two brothers, one of whom is said to have been the victim's rival for the hand of his expected bride, a Miss Squires, have been arrested and are being held pending the coroner's inquest.

The crime was discovered by a negro, who, on going to Bigford's store to make some purchases, found it closed, and started an investigation. After her grudge found the Sheriff was notified, and with bloodhounds he trailed the suspected assassin across Cape Fear River, where the Russ brothers were arrested.

Bigford and Miss Squires, who lives in an adjoining county, were to have been married to-night.

DIVORCE BILL.

Guilty Party Should be Prohibited From Remarrying.

Ottawa, March 24.—In the Upper House, on motion of Senator Cloran, the second reading of the bill to restrict the evils of divorce by forbidding the guilty party to marry again, was deferred to give further time for the religious organizations to whom the bill has been sent, to send in their opinions.

He said he had received large numbers of opinions, all in support of the bill.

LEVEL CROSSINGS.

Mr. Biggar Speaks For G.T.R. Before Senate Committee.

Raises Objections to Provisions of the Lancaster Bill.

(Special Despatch to the Times.)

Ottawa, Ont., March 25.—Mr. Biggar, K. C., counsel for the Grand Trunk, was before the Senate Railway Committee this morning. He stated that the need of the Grand Trunk was that the Lancaster bill would be against the interest of both the public and the railroads. The Senate had amended this bill last year, so as to make it more reasonable, and should amend it again. The Lancaster bill would on the first of January compel the Grand Trunk to reduce the speed of its trains so that the time of passage between Toronto and Montreal would be almost doubled. The road would not be able to comply with the crossing protection requirements of the bill in so short a time, even if it could raise the money. The legal liability of the company would be increased. Wherever there was an accident the railroad, whether it had complied with the protection requirement or not, would have to prove to the jury that the crossing was "properly protected," the verdict being against the railroad company every time, as jury verdicts always did. There was an idea in some quarters that the railroads would disregard the laws and continue to pass unprotected crossings at greater speed than ten miles an hour.

JOHN MACDONALD

Claims a Big Slice of Montreal—How He Owns It.

New York, March 25.—A special to the New York Times from Saranac Lake, N. Y., says: Some interesting financial possibilities have lately developed in the affairs of John Macdonald, a prosperous lumberer, who recently removed from Saranac Lake to Plattsburgh. The Macdonalds are claimants of a very substantial portion of the city of Montreal, Que. This land, now valued at \$8,000,000, was a war time grant from the British Government, and according to grandfather of John Macdonald, a claim to the latter's story. The Macdonalds have engaged counsel in Canada to prosecute their claim, and are assured by these attorneys, they say, that the Macdonalds win the former Saranac Lake figures he will receive \$250,000 as his share.

BOWLING SCORES.

London Man Rolled 641 This A. M.

At the Canadian Bowling tournament this morning London and Windsor trundlers rolled in singles and doubles. R. Graham, of London, made a fine score in the singles, 641. He was over 200 in every string. The single scores were: R. Graham, London, 641; J. C. Ayers, London, 412; J. Moore, London, 403.

The scores in the doubles were: Windsor—G. Dinean, 553, and F. Rose 482, Total, 1,035.

London—Graham, 535, and Ayers, 584, Total, 1,119.

Hamilton dog owners did well at the Buffalo bench show, which opened on Tuesday. The prize list has not yet been published, but Harry Barnfield returned this morning with a list of local winners. It is as follows:

Airedales—Harry Barnfield's Leading Stoker Tim, first in limit and third in open class.

Sarnia, Ont., March 25.—John D. Marsh, the long distance runner of Detroit, defeated a relay team of five men in a ten mile race here last night. The men who ran against him were Ray Thon, Los Angeles, Cal.; Max Hill, Peter Sullivan and Russell Springer, of Port Huron, and Bert Nye, of Sarnia.

Rochester, N. Y., March 25.—Edward Payson Weston, pedestrian, left this city westward bound this morning. He will walk to Batavia, about 35 miles, to-day in a heavy rain.

"This must be a case of graft," remarked the disappointed office-seeker when the political plum tree yielded him a lemon.

MAYOR ON NAVY SCARE.

Build Up Canada Our First Duty He Says.

Oil to be Used on Macadamized Streets This Year.

Mountain Water Main to be Laid on City Property.

A new departure in the matter of laying the dust on residential streets may be made this year. In his annual report to the city engineer, Secretary Brennan, of the Board of Works, states that the experiment with oil in place of water was very satisfactory. Mr. Barrow thinks he will recommend the Board of Works to use oil on a more extensive scale on the residential streets and on all macadam roads.

Hamilton's private bill will come before the Private Bills Committee at Toronto the first thing to-morrow morning. The bill was laid over yesterday on account of the suffragettes who appeared before the committee occupying most of the time. Mayor McLaren and the city solicitor will represent the city. An effort will be made to get the Railway Committee to deal with that part of the bill providing for a north end spur line to-morrow also and Aldermen Crerar and Guy will go down in connection with this.

The Fire and Water Committee decided last night to act on City Engineer Barrow's recommendation and lay the water pipe up the mountain side on the city's right of way. The first proposition was to construct it on the mountain incline property. Mr. Barrow recommended that the building of the power house be done by day labor but the committee deferred action on this.

To the Mayor of every municipality in Ontario the Toronto Star sent the following query:

In view of public alarm in the north-land, should Canada do anything for Imperial navy defence? If so, what and when?

Mayor McLaren replied as follows: Hamilton, Ont., March 23.

No doubt Canadians are willing to do their part honorably, but which will attain the object quicker, the spending of our money and energy to develop our resources in order that with increased population and wealth we may be better able to give adequate assistance, or to increase our exports now and at best only make a small contribution? If necessity arises I believe Canada would at once respond.

John I. McLaren.

Another batch of building permits were issued this morning.

R. A. Nicholson, frame house on Wood street, between Mary and Catharine streets, for J. A. Anstey, \$1,000.

Thomas J. Russell, two brick houses on King William street, between Ashley and Wentworth streets, for P. D. Crerar, \$3,000.

Charles Wilkin, brick house, Barton street, between Smith avenue and Leaning street, \$1,700.

J. H. Acker, brick house on Erie avenue, between Main and Stinson, for John McCoy, \$2,200.

J. H. Acker, brick house on Erie avenue, between Main and Stinson streets, for William Pringle and Stinson, for William Pringle, for John Duffy, \$900.

James McNaught, brick house on Main street, between Grant and Wentworth streets, \$2,000.

George E. Wells, brick cottage on Concession street, mountain top, for William Ayres, \$1,400.

The committee re-annexation will meet this evening at 7:30.

Moving Stairs for Waiters.

It is a strange fact that one of the greatest conveniences possible in the working mechanism of a hotel is being successfully introduced in foreign hotels, and although manufacturer in New York, is only beginning to be heard of in the United States.

It is known as an escalator, and is a moving runway or stairs for carrying the waiters from the level of the kitchen to upper dining rooms. Less than a year ago says Popular Mechanics, one of them was shipped to a leading hotel in Stockholm, Sweden, and some time later another to a hotel in Buenos Ayres. Others are being prepared for shipment to hotels in Europe.

pale-looking fellow, with specs on his nose, and looks like a student. He is about the meekest-looking thing that ever graced the police dock, but last night he lectured all within earshot.

O. G. Martin, who became so attached to a watch belonging to John Basquill the night before last, that when he and Basquill separated the watch went with him, was sent down for six months this morning.

Thomas Findlay, 353 1/2 King William street, was charged with vagrancy by Constables Cameron, Barrett and May. He pleaded not guilty, and as Chief Smith said he understood the man had work to go to, and the police did not wish to prosecute him, he was allowed to go.

In the bill-changing case that was in the court yesterday the defendant was found guilty this morning of having stolen \$4 from John Rombough, horse owner and trainer. He pleaded not guilty and declined to elect, through J. M. Telford, after the evidence had been put in, that he got \$5 from Rombough's man, David Huff, for a bill of \$1 for coal, and that the defendant kept the \$5 and changed it at the store at Crown Point a few minutes after, Mr. Telford asked that he be allowed to withdraw the original plea and election and plead guilty, and he tried by the lower court. His Worship consented to this and accepted an unconditional plea of the prisoner's guilt. He lectured him severely on his offense, but said that a better man than he might have been tempted by the bill he got from Rombough's man. His Worship agreed to let the young man go on suspended sentence if he would pay back the money and also pay all the costs.

Daniel Croshawite, Bartonville, charged by Robert Stewart, county constable, with assault, was represented by S. D. Biggar, K. C., who obtained an adjournment till Saturday. Stewart claimed that he had been struck several times by the defendant, and that he was afraid he was in danger of serious injury.
