## POOR SHOWING OF ST. STEPHEN BANK

### Blue Outlook for Shareholders—Statement Shows \$600,000 Worth of Doubtless Loans—Some Warm Remarks at Annual Meeting Yesterday.

St. Stephen, N. B., May 16—The annual meeting of the shareholders of the St. Stephen Bank was held in the office of that bank this afternoon at 3 o'clock. In the absence of the president, Frank Todd, who is not well, and is now at a sanitarium in New York, Vice-President John D. Chipman presided.

There was a large number of shareholders, as well as of the directors present. Considerable interest was manifested, and several of the shareholders expressed themselves very freely. One of them said he did not consider President Todd's \$100,000 a gift, but a just due to the bank; another suggested that some of the other officials pay a like sum. In the main the meeting was harmonious and the condition of affairs was allowed to stand. A committee of George J. Clarke, J. E. Gamong, and Henry E. Hill was appointed to co-operate with Curator Kessen in winding up the affairs of the bank. Vice-President Chipman reviewed the situation, details of

which have already appeared, and closed as follows:

"The condition of the bank is found to be such as makes it necessary to wind up its affairs."

### EXTRACTS

From Reports of A. McGill Chief Analyst of the Inland Revenue Department Ottawa, Canada,

[Bulletin No. 108, February 28, 1910.]

#### ON LEMON FLAVORING

I have the honor to present herewith a report upon seventy-five (75) samples, purchased throughout Canada in December last, as Lemon Flavouring Extract.

Lemon Extract is probably more largely used in the household than any other kindred preparation for the flavouring of pastry, &c. It is, of course valued, proportionately to its strength as a flavouring material, and to the quality of the flavour which gives it its name. No legalized standard for Lemon Extracts exists in Canada; and in view of the large consumption of the article, it is of importance that it should be defined and legally recognized.

The results now placed in your hands, together with those published in Bulletin No 114, will suffice to show the character of Lemon Extract as sold in Canada.

The United States standard for Lemon Extracts is as follows: "Lemon Extract is the flavouring extract prepared from oil of Lemon, or from lemon peel, or both, and contains not less than five (5) per cent by volume of oil of lemon."

Of the 75 samples covered by the present report, only 13 contain above 1 per cent of lemon oil.

62 samples contain less than 1 per cent of lemon oil and 60 samples contain less than 0.5 per cent lemon oil.

Below is a tabulated report of the extracts being arranged in order of their lemon oil content.

This should be of interest to every user of Flavouring Extracts.

## A TREAT AT OPERA HOUSE

Newcastle theatre goes had an unusual treat last week, during all of which time, the Colonial Stock Company presented first-class plays in the opera house. Thoroughly clean and moral, full of human interest, realistic, and acted with all the ease and grace, fire and passion required, was each play of their week's repertoire. Each play, while it held the closest attention of the audience throughout, and pleased them immensely, excited profitable thought and taught a lesson of highest moral value. The performance was well worth more than the cost of admission.

Among the performers one of the leading parts is taken by Edith Warren, whose acting is a revelation as to what may be accomplished by a talented and conscientious artist who believes in her part and throws her whole soul into it. The honest, upright, well meaning young man who shows every one fair play and believes that in every soul there is a spark of God, is Burton Mallory, whose difficult parts are well rendered. J. W. Hartman, who is the Business Man-

ager, is equally at home in the role of humorist or heavy tragedian, as are Frank Oliver and Carl Blayth. Myra Crowe, the impersonator of the giddy young girl, acts her part to perfection, and Molly Revel is an artist in caricaturing the nation of fashionable society. Elizabeth Little fits in in various capacities, always with acceptance. Much of the success of the company is due to Cortland Hopkins, who always has a prominent part and fills it with credit.

Jack Lawrence is a good actor, without whom the troupe would not be complete by any means.

Such plays as, *Sowing the Wind*; *The Sorrows of Satan*; *Leah Kleschna*, and the others they showed here, were an intellectual and moral feast that will not soon be forgotten. The audience, not very large at first gradually increased as the character of the company began to be better known, and by Friday night, when the superb play of *Leah Kleschna* was put on, the house was well filled. The Colonial Stock Co., will be welcomed when they reappear in this town.

## REPORT OF THE SWINE COMMISSION

The report of the Commission sent last year by the Dominion Government to Europe to study the swine rearing industry has been issued. It consists of a pamphlet of sixty pages of printed matter and a large number of striking illustrations.

The countries visited were England, Scotland, Ireland, Denmark and Holland, Denmark and Ireland, being the strongest competitors of Canada in the British market, received most attention. The report described clearly how the hogs are bred and reared, and the various steps taken to develop the export bacon trade. The far famed co-operative system, as applied by the Danes to the breeding and rearing of the swine, the packing and marketing, is fully described. Co-operative feed buying, which involves the purchase of over six hundred million pounds of grain, oil cake, etc., a year, is fully dealt with.

A valuable feature of the report is the attention given to the methods followed in the different countries for maintaining harmony between packers and farmers, and the securing of a uniform supply of pigs. Co-operation, not only between farmers, but between packers and farmers, is credited with excellent results. This is especially true in England in bacon curing vicinities.

After dealing with the various phases of production in the different countries, a chapter is devoted to the English bacon trade and another to lessons for Canadian farmers and packers. The report is comprehensive and practical, and therefore of value to every swine raiser in Canada. Copies may be procured free by writing the "Live Stock Commissioner" at Ottawa.

We have the faith to believe that the cold wave will pass and the weather soon will be as balmy as a day in June.

A prisoner convicted of second degree murder at New York has complained that the police extorted a false confession from him by driving him to distraction through hunger, thirst and want of sleep.

An immigrant has walked all the way from Brandon to Ottawa. It does not appear whether he intends to take a seat in the Commons or merely to view the lions and walk back again.

Montreal will close hotel bars on ordinary nights at ten o'clock and on Saturday nights at seven o'clock. This will be one of the most significant results of the rising wave of prohibition sentiment.

## NINE SOVEREIGNS AT KING'S FUNERAL

### Royal Honors for Roosevelt—Received by King George and Queen Mary—Ex-President also Views the Body of His Majesty.

London, May 16—The feature of the day in London was the arrival of Theodore Roosevelt, who came in from Berlin and will act as special ambassador to represent the United States at the funeral of King Edward VII., which will take place next Friday.

Colonel Roosevelt was received by King George at Marlborough House and later with Mrs. Roosevelt visited Buckingham Palace.

An enormous crowd, mainly composed of provincialists, spent the day patiently watching outside Buckingham Palace and Marlborough House, and the coming and going of royalties and princely visitors.

Another service was held in the throne room of the palace tonight, the last before the removal of the body tomorrow, and all the palace servants were permitted to attend.

Ferdinand of Bulgaria has decided to attend the funeral and will be the ninth king coming to London for that purpose.

### ROOSEVELTS IN LONDON

London, May 16.—Theodore

Roosevelt, special United States ambassador to the funeral of King Edward, arrived in London this morning, was received by King George at Marlborough House and later visited the throne room in Buckingham Palace, where the body of the late king is privately lying in state.

The Roosevelts had but just returned to Dorchester House when they received a return call from King Haakon, who greeted the special ambassador and his wife as old friends. While luncheon was being served, the Duke of Connaught and Prince Arthur of Connaught called.

Mrs. Roosevelt went to Buckingham Palace again this afternoon and paid a visit to Queen Mary.

Mr. Roosevelt's throat still bothered him. It was examined this afternoon by Dr. St. Claire Thomson, the throat specialist who attended King Edward during his last illness. Dr. Thomson prescribed further treatment for Mr. Roosevelt.

Tonight the Roosevelts dined quietly with Ambassador and Mrs. Reid at Dorchester House.

## TORONTO WOMAN CONVICTED OF A SERIOUS CHARGE

Toronto, May 16—Mrs. Laura Payne, a young woman, was convicted by Judge Winchester today on a charge of procuring sixteen-year-old Mary Allison, of Weston, for immoral purposes.

Arising out of the same charge is a prosecution for conspiracy against the woman and a man named Ewers.

Mrs. Payne is said to have secured the consent of the girl's mother by representing that she was taking her on a pleasure trip. The girl says she took her to a hotel in the city, where her ruin was accomplished.

## BIG CONTRACTS FOR NEW BRUNSWICK PULP WOOD

### American Paper Trust to Get 50,000 Cords—First Cargo at Portland From Chatham.

Portland, Me., May 16—The steamer Fram arrived here today from Chatham (N. B.), bringing the first cargo of 50,000 cords of pulpwood contracted for by the International Paper Company in New Brunswick. The Fram brought 1,300 cords.

Two steamers will be engaged in the pulpwood carrying business between Chatham and Portland this season.

## HARRY DANIEL ORR

The funeral of Harry Daniel Orr of Oldtown, Me., son-in-law of Lt. Col. and Mrs. R. L. Maltby of Newcastle, took place on Thursday at Mount Hope Cemetery, Bangor, under the auspices of the Order of Oddfellows. Archdeacon Robinson conducted the services, which were very solemn and impressive and well attended.

Concerning the late Mr. Orr, the following appears in the Oldtown correspondence of the Bangor Daily Commercial of May 10th, the day of his death:

"The many friends of Harry Daniel Orr were shocked to learn of his death, which occurred at his home on Stillwater Avenue, Tuesday forenoon, at the early age of 30 years.

"Mr. Orr had been in ill health for several years, but so determined was he to recover his health that he had been about the city and at his harness store on Main street as late as Saturday night when he went home for the last time. He was taken with a severe attack, and although everything possible was done to relieve him, he passed away as stated above.

"Mr. Orr, who was one of the three sons of Mrs. Emma C. and the late Adelbert L. Orr, was a native of the city and grew up here. He conducted a general trucking business for several years, but about three years ago bought the harness and photographic supply business of N. H. A. Gammon, to which he had given his attention. In August, 1905, he married Miss Marion May of Newcastle, N. B., who is left to mourn the loss of a kind and loving husband, whose grief is shared by his widowed mother and two brothers, Adelbert F. Orr of this city and W. J. Orr of Bangor, as well as a sister, Mrs. G. H. Perry of this city. The sincere sympathy of the entire community is theirs in their deep sorrow.

"Mr. Orr was an Oddfellow, a member of both lodge and encampment as well as a member of the New England Order of Protection."

## WITH THE BOWLERS

MONCTON, May 2—The Seat Act continues to be discussed and will as long as the services of Chief Ridout are retained by the city.

Dr. Andrews of Mount Allison gave a very interesting discourse before the Canadian Club on Friday night on the value of economy in citizenship. Some good wholesome advice was given to an appreciative but not very large audience. It is a great problem why the young men of this city do not avail themselves of the privilege of further enlightenment by listening to the many instructive addresses which the Canadian Club treats its members to from time to time.

The Colonial Stock Co. will visit this city once more and those who like to attend real interesting and good shows, are delighted to know that they will have the privilege on Thursday, Friday and Saturday of listening to this company who always have something new. Not only new people visit this city.

Letters of administration have been granted Judson Black to the estate of his brother Leonard Black, deceased, who was killed at the station here while shunting. The estate consists of real estate \$1,500 and insurance \$2,600. Mr. Judson Black is the well known brokerman who runs between Moncton and Campbellton on 33 and 34.

The Christian Brotherhood of the Baptist Church have a concert here on the 15th inst. at their hall, which adjoins the Baptist church.

At the general Methodist church yesterday afternoon there was a very interesting discussion by the men's League in regard to children. Mr. J. T. Hawke led in a fine address on 'A Plea for the Children.' Mr. Hawke advocated that a great deal of the juvenile crimes were caused by the lack of parents attending to a proper responsibility over their little ones. Corporal punishment is all right, when deserved, and judiciously applied. Parents should see their children attended school carefully, and not uphold them in disobeying the teachers. Compulsory education should be adopted and enforced. The discourse was listened to throughout and a resolution of thanks passed and Mr. Hawke was asked by the unanimous vote of the audience to publish his address. After discussion by other members of the league they also decided by unanimous vote to ask the city Council to adopt compulsory attendance at school.

It is rumored here that the Ocean Limited will go on about June 5th. Rev. C. W. Corey, who has so acceptably filled the pulpit as pastor at the First Baptist Church during the winter, will sever his connection with this church soon to accept the pastorate of a church in British Columbia.

HOUSE OF COMMONS THROUGH BUSINESS

OTTAWA, May 5—Parliament closed the second session of the eleventh parliament late yesterday afternoon amid the usual booming of cannon and military display.

In connection with the high cost of living it can be stated confidently that there has been a drop in rain. Manufacturers are said to be looking around for a substitute for rubber. Have they tried boardinghouse plank? Montreal barbers will not give a clean shave without making an extra charge of five cents. This sounds like barbed robbery.

The Bread and Butter Age. The growing child needs more good food at frequent intervals than the adult. Nothing is better and safer between meals than a slice of the good home-made bread. Formerly graham or whole wheat bread was favored; but Dr. Woods Hutchinson, the prominent hygienist, and other experts, have pointed out that the coarser flours are really less easily assimilated and are inferior in food value to the best white flour. 'Beaver' Flour is a product uniting the merits of the coarser flours with the delicate, white, appetizing qualities appreciated by children and grown people alike. It is not a crude mixture, but an exactly proportioned scientific blend of Manitoba Spring Wheat and Ontario Fall Wheat. The famous Manitoba No. 1 Hard contains the gluten and proteids which build bone and sinew, and we balance this with the right proportion of the best Ontario wheat, softer, whiter and richer in carbohydrates, to make a perfect food. For bread, cake and pastry, use BEAVER FLOUR. DEALERS—Write us for prices of Feed, Coarse Grain and Cereals. THE T. H. TAYLOR CO. LIMITED, - 101 - CHATHAM, Ont.

See that Your Flour is Sound and Dry. Then, Madam, the cookbook says: Sift Your Flour. Do YOU know the story the Sifter tells? To beware of flour that's soft and sticky, coming out of the sack with difficulty; flour that's lumpy, musty, woolly, soft; flour that sifts quite sluggishly. To guard against the stuff you can press into a ball near solid falling into several pieces when broken, not into that fine granular dust which FIVE ROSES is. Because, Mistress Housewife, all this means "stuffy" quality plus Excessive Moisture. Very nasty thing is excess moisture, Madam. Expensive too, you know. Since the bread-making and water absorbing properties decline, and YOU are robb'd of many loaves per barrel, many rolls, and pies and goodies. And you pay for water instead of good flour. FIVE ROSES is drier of all—just see what happens. It's granular, free, heavy, nothing remains in your sifter, no waste. FIVE ROSES being lively, even, and free, each particle absorbs a maximum amount of water, etc. Safer, easier to work, you see; fermenting uniformly, working soundly in the dough. And when the dough is done, it's wonderfully light and silky. Of course, Madam, flour (like all good foodstuffs) must contain some moisture. But there's Minimum and Maximum, you know. And when the moisture danger mark is crossed say 13%, then look out for molds and bacteria, for bad odors, musty, unwholesome, un-sound flour that won't keep, flour that makes "runny" dough and bad tempers. Ya FIVE ROSES, Madam, has a clean bill of health. Ground from the plump, well filled Red Fife kernels sun ripened on the sun kissed western prairies. Made from soundest wheat in the best way, packed right, fully dried stored in well ventilated sunny warehouses, shipped right. And it's guaranteed unbleached. Why don't YOU use FIVE ROSES. YOU CAN CURE CATARRH

J. H. Taylor, 54 Bond St., Toronto, Breathed Hyomei and Cured a Long-Standing Case of Chronic Catarrh That Defied All Other Remedies, Also Toronto and New York Specialists.

Without taking a drop of medicine into the stomach, J. H. Taylor, 54 Bond Street, Toronto, tells how the distressing troubles of Catarrh were overcome by simply inhaling Hyomei air.

Mr. Taylor says: "Some years ago while on a hunting trip in Northern Canada, I contracted a severe cold that settled in my head and finally affected my throat. It rapidly developed into catarrh and caused a miserable throat weakness. My head would become clogged during the night and there was a catarrhal dropping from the nose into the throat. Many days I had been unable to breathe other than through my mouth, and the constant hawking and spitting was almost unbearable. I had been treated by the best throat specialists here and in New York, but nothing benefited my condition. I obtained Hyomei at a store and soon found relief, the throat dropping ceased and my head began to clear. I continued with Hyomei for six weeks and after that time I was well in every detail. There has been no return of the trouble since, and I feel grateful in a speaking well of Hyomei, as it cured me when all else failed. Sold in Newcastle by T. J. Durick.

Being a part of a lot of lands in his lifetime owned by Patrick Donovan of Newcastle, now deceased, and which said lot was conveyed to the said Emily Jones by Susan Donovan, Mamie Donovan, Charles Donovan and William Donovan, heirs of Patrick Donovan, by Indenture dated the twenty-sixth day of September, A. D. 1907. Together with all and singular the houses, buildings and improvements thereon, and the rights, members, privileges and appurtenances thereof or to the said lands and premises belonging or in any wise accruing. Dated the twenty-sixth day of April, A. D. 1910. (Sgd) WILLIAM L. CURTIS, Mortgagee. May 8-2 mts.

GREATER PRINCE RUPERT

Mail advices to the Traffic department of the Grand Trunk Pacific this week, show that there is great activity, both in new building operations and in the advance in real estate in Prince Rupert, which in another two months will complete its first year of existence. It is nothing unusual for a million feet of lumber to be delivered at Prince Rupert in a single week and it melts away as fast as men and teams can handle it. A number of leaseholders are starting to build wharves, and the new concrete wharf of the British Columbia Government will also be under way at once. The Grand Trunk Pacific is planning further large additions to its already extensive wharves. The British Columbia legislature late in the season, which has just closed, gave Prince Rupert a charter as a town, with special privileges and rights as to the control of municipal water and lighting privileges not enjoyed by other cities in British Columbia. The population of Prince Rupert believe that the inauguration of their own municipal government instead of being administered by commissioners, will mean a further stimulus to the already phenomenal if not magical growth of the town.

Announcement that airship communication will be started in May between Munich and Oberammergau in Germany recalls the fact that proposals for an aerial service from Paris to London were made in 1784, within a year of the first balloon ascent.

It is suggested that Kitchener couldn't come to Canada because Sir John French is coming later on. Still Canada is big enough for two, especially one at a time, and there would be quite enough militia enthusiasm left for Sir John even after the greatest living general has tamped it. However, what isn't to be won't be.

STARTLING STATEMENT

It's Statements Like That of H. Heyman, Kingston, Ont., That is Making Mi-o-na World-Famous For Obstinate Stomach Complaints

Mr. H. Heyman, 132 Colborne Street, Kingston, Ont., says: "Mi-o-na is worth its weight in gold as a remedy to quickly cure long standing cases of dyspepsia. For years I had suffered with my stomach and could find no cure not even relief. I could not eat anything as it would sour and form gas in my stomach that had a pressure on the heart. Heavy pains would come around my sides and pit of my stomach. I was unable to sleep for this and there was nothing to relieve my miserable condition. I was weak and languid and would feel as tired in the morning as on going to bed and perspiration would break out all over my body. I would be so weak from vomiting that I would fall to my knees. My head would ache and spells of dizziness would leave me unable to see. Doctors had treated my trouble gastritis, but failed to benefit me. I tried Mi-o-na, which I procured at my druggist's on advice of a friend, which has cured me when all else failed. I am sound and well and feel grateful to Mi-o-na for my present health." It's the known results obtained by Mi-o-na that places it far and away above all other remedies and contrains T. J. Durick in offering to refund the money if Mi-o-na fails to cure stomach trouble, 50 cents a box. Relief in twenty-four hours.

STRONG WORDS BY A NEW YORK SPECIALIST.

"After years of testing and comparison I have no hesitation in saying that Dr. Agnew's Cure for the Heart is the quickest, safest, and surest known to medical science. I use it in my own practice. It relieves the most acute forms of heart ailment inside of thirty minutes and never fails. Sold by A. E. SHAW'S Pharmacy, 35

Homeseekers' Excursions.

The Grand Trunk Railway has issued a Circular authorizing all agents in Canada to sell Homeseekers' Excursion tickets to points in Western Canada. This is interesting information for those desiring to take advantage of these Excursions on certain dates from April to September 1910. The Grand Trunk Route is the most interesting, taking a passenger through the populated centres of Canada, thence via Duluth or through Chicago, and the twin cities of Minneapolis and St. Paul, Ask Grand Trunk Agents for further particulars.

A SPEED CURE

Kentville, N. S., Jan. 1st, 1910 Messrs. G. Gates, Son & Co., This is to inform you that I have been a sufferer for the last fourteen years from Kidney and Stomach trouble, brought on by severe colds, having been laid up every winter during that time. Last year I was laid up seven months so that I could not go out of the house. Dropsy set in and my stomach swelled so that I was six inches larger than my usual size, had two doctors in attendance but I grew worse and they were going to tap me. My friends despaired of my life. At this time I was recommended to use GATES' LIFE OF MAN BITTERS and INVIGORATING SYRUP and in one week after commencing their use my size was reduced two inches, and in four weeks was reduced to usual size so that I went to work in my mill, and have been able to continue it ever since. By continuing the use of your BITTERS and SYRUP I hope to get a cure of the kidney and stomach trouble so far as it is possible as it always helps me when I take it. You may make these truths known for the benefit of sufferers. Yours very gratefully, JOHN W. MARGESON.

Give Children Good Bread and Butter

YOU may say bread is bread and all children want plenty of it. In a way, that's true.

But it makes considerable difference whether the bread you give your children now counts just as a "filler" or whether it counts for future health. For there is a vital difference between breads made from different flours.

The most healthful as well as the cheapest food in the world is bread made from

Royal Household Flour

This bread isn't merely something to fill a hungry stomach. It is a perfectly balanced food, rich in strengthening, blood-making material. It counts for long life.

It counts for a vigorous constitution. It counts for bone and muscle making and good rich blood.

And this because "Royal Household" is made from the finest wheat in the world—the famous Red Fife—richest in high quality gluten, most in demand, and most valued in all the markets of the world.

Growing children thrive on bread made from "ROYAL HOUSEHOLD". It gives them just the nourishment their systems need and in the most digestible and tempting form. And it is natural food. It takes the place of meat, at one quarter of the cost, and is more quickly assimilated.

There is no better flour in the world than "ROYAL HOUSEHOLD", it is best and most economical for Bread, Flies, Cakes, Rolls, Muffins, Biscuit, and all family baking.

# ANOTHER MIRACLE IN NOVA SCOTIA

Thought the Disease was Cancer of the Stomach

"FRUIT-A-TIVES" Cured Him

SYDNEY MINES, N. S., JANUARY 25TH 1910

"For many years I suffered torture from indigestion and dyspepsia. Two years ago, I was so bad that I vomited my food constantly. The agony I endured all these years, I cannot describe and I lost over 25 pounds in weight. I also suffered with constipation which made the stomach trouble worse. I consulted physicians, as I was afraid the disease was cancer but medicine gave only temporary relief and then the disease was as bad as ever.

I read in the "Maritime Reporter" about "Fruit-a-tives" and the cures this medicine was making and I decided to try it. After taking three boxes, I found a great change for the better and now I can say "Fruit-a-tives" has entirely cured me when every other treatment failed, and I reverently say "Thank God for Fruit-a-tives!"

EDWIN ORAM, Sr.

"Fruit-a-tives" sweetens the stomach, increases the flow of gastric juice, strengthens the stomach muscles, and insures sound digestion. The wonderful powers of this famous fruit medicine are never more clearly shown than in curing the apparently hopeless cases of Dyspepsia and Constipation. See a box, 6 for \$2.50, or trial size, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

## MAN DIES OF INJURIES

Bathurst, May 13—Last Monday Patrick Nevins, engineer at the lobster hatchery in Shippegan, met with an accident resulting in his death yesterday. He and a man named Hacey were going down the stairs of the hatchery, the latter carrying a loaded shot gun.

The gun was accidentally discharged, the contents entering Nevins' right foreleg shattering the bone and severing an artery. Doctors Sormany and Comeau were called but the injured man was too weak from loss of blood to be removed to the hospital and he never rallied. He was a native of Pokemouche, this county.

LONDON, May 4—The Times says Sir Wilfrid Laurier's insight is equal to his great experience. He has never been excelled in clearness of vision and the felicity of his phraseologies, wherein on Tuesday he outlined the relations between the British governors-general system and national self-government Laurier speaks on all constitutional topics with some thing of the fervor and imagination of Gladstone.

The Morning Post objecting in the interests of the agriculturists, to free colonial wheat which may ultimately mean the loss of £2,000,000 revenue says the farmers' organizations would concentrate they would not only prove strong enough to get their own way, but would be recognized as equitable by self governing dominions, each of which has adapted a similar policy of drawing revenue from British as well as foreign imports.

The Mail, and Laurier's remarks on the choice of a viceroi, says coming from a statesman of great experience and French descent, these reflections are flattering to our national pride and any departure from the present practice may be productive of harm.

The supply of foodstuffs in Germany has only been kept up to the maximum figures by intensive agriculture, the employment of modern machinery, scientific fertilizers and the employment of millions of female farm hands.

Halley's is not the only comet that will cross the earth's path this year. Temple's second periodical comet, discovered in 1873, and with a period of 5 1/2 years, is due some time this spring. Darrest comet, discovered in 1851, is due to return this summer. Its period is about 61 to 62 years.

The Ottawa Journal (Independent Conservative) a newspaper unfriendly to the Laurier government comments on the recent gift to Hon. Mr. Fielding and says it is a rare tribute to the kindness and the personal qualities of the man who for fourteen years has been the Canadian Minister of Finance.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Construction of Wharf at Shediac, N. B.," will be received at this office until 5:00 P.M. on Thursday, May 20, 1910, for the construction of a wharf at Shediac, Westmorland County, N. B.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department, at the office of E. T. P. Shewen, Esq., District Engineer, St. John, N. B., Geoffrey Stead, Esq., District Engineer, Chatham, N. B., and on application to the Postmaster at Shediac, N. B.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, with their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, for the sum of two thousand one hundred dollars (\$2,100.00). The cheque will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

### SUMMER RESORTS

Experience, the testimony of thousands, and the popularity of the several fishing, hunting and tourist districts located on the lines of the Grand Trunk Railway system, is conclusive proof that they are the Elysium of the sportsman, and the Mecca par excellence of the tourist.

The "Highlands of Ontario" is a land dotted with lakes and rivers that have their source in the northern forests and flow until they join the vast inland seas, Superior, Huron, Erie or Ontario, whose waters are in turn, borne by the broad St. Lawrence to the Atlantic Ocean. This great Tourist Railway reaches all the principal resorts in this vast territory, including lakes Orillia and Couchiching, the Muskoka Lakes, a popular resort 1000 feet above sea level, where thousands of people annually make their summer homes for rest and recuperation. The Lake of Bays District where some of the finest hotels in Canada are to be found, and a locality replete with natural beauty and loveliness, with splendid fishing. Maganeta-wan river, the very heart centre for sport, for rod and gun. Lake Nipissing and the French River, where wild and rugged scenery is to be found, and the atmosphere filled with health giving properties. Splendid fishing and hunting grounds are found in this territory. The Temagami region, a forest reserve containing 2,750,000 acres of lakes, rivers and wilderness, the scenic grandeur of which is incomparable. Magnificent fishing and hunting in season. The 30,000 islands of the Georgian Bay is another most delightful and beautiful territory, where the most interesting trips may be taken. The steady increase of travellers to this locality is alone proof that it is becoming the most popular resort on the inland lakes. The Algonquin National Park of Ontario, a comparatively new and attractive region, little known to the lover of Rod and Gun and the tourist, has all the summer attractions that appeal to the denizen of the city. This territory has been set aside by the Provincial Government of Ontario solely for the delectation of mankind. The gamiest of black bass, speckled trout and salmon trout are found here in goodly numbers. Hunting is not allowed. The Algonquin Park covers an area of 2,000,000 acres, there being no less than 1,200 lakes and rivers within its boundaries.

Good hotel accommodation is found in all the districts mentioned and a postal card addressed to the General Advertising Department Grand Trunk Railway System, Montreal, will receive prompt attention, and illustrated publications of any of the districts will be quickly sent to all enquirers.

### A FASCINATING DRAMA

The peopling of the great Canadian West is a fascinating drama, whether we view it from the large or the small end of the telescope. From the point of the great railroad builder throwing a steel spine across the continent, or from the point of one little family unit finding its tree farm under the aegis of this transportation line.

The line of the Grand Trunk Pacific across Canada is essentially the belt of homes. Who is it that answers the call of the wheat? The young, the brave, the hopeful, the helpful, says Miss Agnes Dean, in the March issue of the "Magazine of Commerce." The writing tools to write the drama are the strong arms of men and of faith-possessed women. It is a good play for the world to watch. The first scene is enacted on the prairie farm where the virgin sod is turned under to a crop of wheat for the first time since creation's dawn. The second scene is the grain elevator, set against the setting sun, and the waiting wheat train of Grand Trunk Cars. Our drama closes with the loaf of bread clutched in the eager grasp of the little child in some crowded city of the old world. "Manchester (Eng) City News" March 10, 1910.

**Dominion Exhibition at St. John Assured Success.**

The Executive of the big Dominion Exhibition, to be held in St. John, N. B., September 5th to 15th next, decided upon two important matters when they abandoned the idea of charging floor rent for exhibitor's spaces in their buildings, and decided also to pay all freight charges on western exhibits as far east as Montreal. These concessions to exhibitors have proved a veritable boon, and the wisdom of Manager Good's suggestion is already exemplified in a hearty response from all over the Dominion. Already applications have been received from manufacturing concerns in Toronto, Montreal, Ottawa, Hamilton and other points west, as well as from notable American establishments. It will be somewhat familiar and exceedingly interesting to come in close contact with the exhibits, personal representatives and demonstrators of goods which most eastern folks see advertised extensively in magazines and the national press. Aside from this, the national character of the exhibition will bring with it a large number of displays usually seen at the official fairs of the Dominion Government, which distinction St. John will enjoy this year. Spurred to special effort because of these conditions, St. John, New Brunswick, and Maritime Provincial manufacturers and others are planning upon making extensive displays, and the St. John Board of Trade is putting forth a great deal of effort towards the same end. During the last few weeks prior to Dominion Exhibitions, a great number of smaller exhibitors entertainment promoters, exhibition "camp followers," etc., arrive on the scene and fill in all the available remaining space, thus rounding out a big show in every sense of the word.
