## PRISONER HURLS ACCUSATIONS AGAINST JUSTICE AND COUNSEL

Gerald Crowe Lets Loose Flood of Denunciation Unique in History of Courts in Manitoba—Previous to Being Sentenced for Ten Years for Forgery and Uttering—Characterizes Evidence as Mass of Innuendoes and Insinuations Without Any Direct Proof and Bids Court Do Its Worst—Splendid Command of Legal Phrases.

Winnipeg, Nov. 7.—Ten years in Manitoba penitentiary was the sentence meted out in the assize court this morning by Chief Justice Howell to Gerald Crowe, alias McLaughlin, alias Stone, alias Hilliar, alias Henry, alias Prince, convicted yesterday of forgery and the uttering of a cheque for \$2,650 on the Bank of Hamilton, Winnipeg.

In passing sentence his lordship denigrated the prisoner as a great menace to the community that the public must be protected from such a scoundrel.

The prisoner made a long statement and harangued the court for nearly half an hour in a speech that will be remembered as one of the most extraordinary ever heard in a court of justice in Manitoba.

When court sat, Mr. Hastings, on behalf of the crown, moved formally for the sentencing of H. McLaughlin. He submitted that the evidence had shown that the offence of which the prisoner had been convicted was no ordinary one and he asked that severe sentence should be passed.

"How do you wish me to address you, as Crowe or as McLaughlin?" asked Chief Justice Howell of the prisoner.

"My name is Gerald Crowe," responded the prisoner, rising in the prisoner's dock and nervously fingering the bar in front of him.

"I have a lot to say, my lord," he commenced.

"Prisoner then held up and read from a letter and statement from the Continental and Commercial Bank of Chicago, which, he said, had been received by him while in jail, in response to a letter sent by the bank.

"I wish your lordship to remember that I claim the money and that necessary I will institute civil action to secure it," he said.

## WESTERN TRADE IS REPORTED AS BRISK

Purchases of Holiday Lines Are Unusually Large—Business Good in the East—Trade Summary of the Commercial Situation.

Montreal, Nov. 6.—Reports to Bradstreet say general trade continues satisfactory in tone, although the continued mild weather is working against the movement of seasonable lines and consequently the sorting trade in dry goods is quiet.

"There is little change in values outside of cotton," for which prices are firm all round.

"I am innocent of this charge," said Crowe in conclusion. "I am not asking for any light sentence or for mercy. Your lordship is prejudiced against me, but I appeal to you as a fair-minded man that I have not had a fair trial."

### \$4000 SALARY FOR CALGARY'S MAYOR

#### Commissioner Clark May Be Candidate—Mayor Jamieson Will Not Run Again.

Calgary, Nov. 7.—The city council decided tonight to advertise for a commissioner to take the place of S. Clark, whose term of office expires on December 31st.

Several aldermen voted for the motion on the understanding that the commissioner must be an alderman in the people for endorsement. The idea of the motion was to secure an expert, but the city charter states that the commissioner must be an alderman in the city which unless amended bars outsiders.

The council turned down the recommendation of the legislative committee that a clause be inserted in the amendments to the city charter requiring a two-thirds vote of the council to reject a report of the commissioner.

It is likely Commissioner Clark will be a candidate for mayor.

That he may run as alderman, but positively not as mayor, was the gist of a signed statement issued by Mayor R. R. Jamieson on Saturday.

Briefly his letter that was issued in response to a petition of ratepayers asking him to run again was to the effect that he had been considering the matter for some time, but that he had been forced to the final conclusion that he could not give the time necessary to properly fill the office, and that of chairman of the commission for the coming year, without too great a sacrifice of his private business.

He says: "In view, however, of the cordial expressions received, I may, in order to help you to what extent I can in the city's affairs during the ensuing year, offer myself as an aldermanic candidate, where I could at least assist in bringing about certain changes that I consider not only very desirable but very necessary in the present system of city government, and where I could be in a greater position to advocate such changes than if I were in the mayor's chair, where I would be more directly affected."

The legislative committee of the city council made some vital recommendations at the meeting held Friday night. If these are adopted by the council, the following changes will go into effect:

The mayor's salary will be increased to \$4,000, and the commissioner to \$3,000, the new schedule to go into effect next year.

A new commissioner to take the place of the one whose time expires will be secured at a salary of \$3,000. Advertisement for a man to fill the position will be made. All applications to be in by November 25th.

It was also decided to recommend that Gleggery and Killarney be not included in the city limits under the new charter.

F. W. Peters, of Winnipeg, assistant to the vice-president of the C.P.R., will lay before the council at the next meeting a proposition for an agreement concerning the building of the new C.P.R. hotel between the C.P.R. and the city.

As being on C.P.R. property this building will be exempt from taxation, but the railway wants police protection and other civic advantages, and is willing to make concessions. For some days past Mr. Peters has been discussing the matter with the commissioners.

The Canadian Northern Railway will place on sale Monday, Nov. 14, nine railway townsite located on the Vegreville extension from Stettin south. It was the previous intention of the company to place them on sale

at intervals during the winter months, but owing to the urgent demand of those wishing to settle in the different towns and engage in business at once, they have concluded to offer them all on the same day.

This will be the greatest number of townsites ever placed on sale in a single day in the west. The lots will be sold at the regular prices and not auctioned at any increase from the upset prices. The sale will be held here in Calgary at the head office of Joe, Limited, a local real estate company.

The death of Mrs. Muir, wife of James Muir, K.C., occurred yesterday morning at her home, 804 Seventh avenue west.

The late Mrs. Muir, who was sixty-five years of age, had been ailing for some time, so that her death was not altogether unexpected. The funeral services will be held at three o'clock in the Pro-Cathedral of the Redeemer, which the choir are asked to attend. Interment at the Union cemetery.

The deceased came to Calgary with her husband twenty years ago from Picton, Prince Edward County, Ont. She was prominently identified with the work of the Anglican church and took a great interest in the Ladies' Hospital Aid Society.

Are Churches Social Clubs. "I am going to ask a very bold question tonight. Are the churches of today, the churches of Jesus Christ, or not?" was the opening sentence of the sermon of Rev. J. A. Clark at Knox church last night, when he questioned frankly whether many of the churches were churches of Jesus Christ.

He said in part: "It seems to me that there are good reasons for considering a question like that. Some good people would not even dare suggest such an enquiry. In some churches, a minister of the church would be forbidden to frame such a question or to give it utterance, if such a question can be asked without being transparently absurd and worthless, then it ought to be asked and answered. Unless I am very much mistaken there is a good deal of skepticism in this very matter."

There are hundreds of people who come to this church who have no good conviction and assurance that it is a church of Jesus Christ. So I propose to throw the whole question open. I am sure it is much better to take one or the other position in the matter than to live in a nebulous and vague uncertainty about it. Are the so-called churches of today the churches of Jesus Christ, or are they not?"

The City Beautiful. In urging that the individual citizen should make a start in creating the beautiful city by first beautifying his home and grounds, Parks Superintendent Buchanan before a large number of people at the city hall last night, said that he would like to see fifty local organizations taking up the work of beautifying the city, apart from parks and boulevards.

The Parks Board will look after the parks and boulevards when it gets the money. What he would like to see is fifty local organizations improving the plots of ground in their several vicinities and vying with one another in the matter.

Mr. Buchanan devoted a brief portion of his address to a description of the ideal city beautiful. Owing to natural conditions in Calgary it was a difficult matter indeed to produce the things which tended to make the city beautiful, but nature had made up for her restricted rainfall by two rivers. He would have every citizen therefore urge upon the council the need of securing as much water as they wanted for the producing of lawns, flower beds and trees.

House Bargained. Another bargain took place on Saturday night between nine and ten o'clock at W. McGregor's residence, corner of Sixteenth avenue and Fifth street west.

Entrance was made by a window from the veranda into a room occupied by E. Ross, a roamer, and a trunk and valise were ransacked.

Mr. Ross missed sixty dollars in cash, two watches, a chain, two razors and other articles.

Policeman McConnell visited the house at twelve o'clock on Saturday night. Going to the room he found everything in disorder, and that an

### GREATEST CURE FOR RHEUMATISM IS "FRUIT-A-TIVES"

#### "I Honestly Believe It," says Mr. Mills

Knowlton, P.Q., Oct. 12th, 1910.

For many years I suffered from severe Rheumatism and the attacks were very distressing and prevented me from doing my ordinary work.

I tried many remedies and physicians' treatments but nothing seemed to do me much good, and I was becoming very anxious for fear I would become a permanent cripple from Rheumatism.

I tried "Fruit-a-tives" and this medicine has entirely cured me, and I honestly believe that "Fruit-a-tives" is the greatest Rheumatism Cure in the world.

E. E. MILLS, Asst. P.M., Knowlton, Que. "Fruit-a-tives" not only strengthens and heals the kidneys—but also regulates the bowels, improves the action of the skin—and thus keeps the blood pure and rich and free from uric acid which causes Rheumatism.

"Fruit-a-tives"—the great fruit medicine—is sold by all dealers at 50c a box, 6 for \$2.50; trial size, 25c; or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Entrance had been made through the window. The burglar must have climbed the veranda to obtain access to the room.

The room occupied by Mr. Ross was the only one in which anything was missing, and it would appear that it was the only one entered by the burglars.

Claims Was Rotted. A man last night also made a complaint at the police station that he had been robbed of his small, but much needed capital of \$25, at the Royal Hotel. He complained that he was full of whisky when he remembered three men coming to his room and putting him out, as they claimed the room was engaged.

Mr. Hamilton, manager of the Canadian Bank of Commerce at Day in the city.

On Monday evening a number of the younger set gave a jolly little dance in Gilling's hall.

W. J. McNamara returned on Wednesday after an absence of some days, during which time he has been motorizing through the work-up between here and Lloydminster, attending the sale of school lands.

Rev. Dr. Choard left on Monday for his former home in Gramham. After settling his affairs there he will return to Wetsaskiwin with his wife, in time to assume his duties as rector of Immanuel Church on Sunday, the 13th inst.

E. W. Manley made a business trip to Bitters Lake on Monday.

J. Christopher, of Daysland, arrived in town this week and will take over the grocery store formerly carried on by C. E. Compton. Mr. Compton is retiring from active business.

The Ladies of the Altar Society of the Roman Catholic Church held a bazaar in Angus hall on Monday evening, which proved a great success. Something in the neighborhood of \$170 was realized for the benefit of the church.

Miss Jones, formerly of the post office staff here, spent a few days in town this week, the guest of Mrs. Miquelon.

Mr. Doctor Walker leaves on Sunday afternoon to sing at a recital to be held that evening in Christ Church, Edmonton.

Mrs. H. C. R. Walker was a scotch hostess at a delightful tea on Thursday afternoon. The house was most artistically decorated with beautiful yellow chrysanthemums, while the flow of many candies added their soft lights to the pretty room.

Mrs. Walker, always a charming hostess, received her guests in a handsome gown of cream silk grenadine with effective trimmings of black. Assisting her were Mrs. Gourlie, in old rose satin, and Mrs. A. R. Dickson in a pretty gown of pale blue with hat to match. In the tea room, Mrs. Bearisto and Mrs. McNamara presided over the tea and coffee urns, the former in a handsome black costume and the latter in a lovely old rose gown and hat.

Mrs. Taylor in a striking gown of soft black, cut the ices, while Mrs. Millar, in a gown of purple broadcloth, with turban of white fur, assisted by a bevy of pretty young girls, Miss Dolly Wvld, Miss E. Gourlie, Kelley, Iookson and Miss Florence Taylor, looked after the wants of the guests in the tea room.

Winnipeg Laborer Killed. Winnipeg, Nov. 5.—Chas. Clegg, aged 17, while loading coal on an engine from a car in the Transcontinental yards in East Winnipeg, was fatally crushed between the engine and the car, dying fifteen minutes later. He came from Kinard, N.B., with the harvest excursionists. The coroner inquiring the inquest for Monday commented that there were no coal chutes nor any of the necessary arrangements for average business.

"I do not believe there is any other medicine so good for whooping cough as Chamberlain's Cough Remedy," writes Mrs. Francis Turbin, Junction City, Ore. This remedy is also unsurpassed for colds and croup, and is sold by dealers everywhere.

### TARIFF NEGOTIATORS HELD BRIEF SITTING

Nothing Given Out as to Progress Made or Direction Discussion Is Tacking—Result of United States Elections May Affect the Outcome.

Ottawa, Nov. 7.—Tariff negotiations today were confined to one comparatively brief sitting, in a committee room of the Senate, which concluded shortly after five o'clock. None of the commissioners would say a word as to the progress of the negotiations or of the course they are taking, and it is apparent that they are all going to remain true to an agreement reached on Saturday not to say anything until such time as it is considered expedient to give a formal statement to the press. It is not even known definitely whether the negotiations have got beyond the initial stage of a preliminary exchange of views, but probably if this stage has been reached, the Canadian negotiators are by no means displeased because those who are opposed to reciprocity have not been averse to proclaiming their views from the house-tops. The action serves to make it clear to the American negotiators that the government cannot afford to make a bargain unless it promises to be a good one for this country, and will no doubt help to convince them if they are really anxious for a reciprocity treaty that for everything Canada gives, the United States must concede something of at least equal value in return.

In some quarters the view is expressed that tomorrow's elections in the United States may have some bearing on the negotiations.

Transcontinental Yards. Winnipeg, Nov. 7.—Cables came higher and Winnipeg markets were up 1/2 to 3/4 % on World's shipping movements were under those of last week, but heavily ahead of last year.

There was a good bit of trade and a fair amount of wheat all grades, and most of the export trade in low grades. The markets were steady.

Assisting her were Mrs. Gourlie, in old rose satin, and Mrs. A. R. Dickson in a pretty gown of pale blue with hat to match. In the tea room, Mrs. Bearisto and Mrs. McNamara presided over the tea and coffee urns, the former in a handsome black costume and the latter in a lovely old rose gown and hat.

Mrs. Taylor in a striking gown of soft black, cut the ices, while Mrs. Millar, in a gown of purple broadcloth, with turban of white fur, assisted by a bevy of pretty young girls, Miss Dolly Wvld, Miss E. Gourlie, Kelley, Iookson and Miss Florence Taylor, looked after the wants of the guests in the tea room.

Winnipeg Laborer Killed. Winnipeg, Nov. 5.—Chas. Clegg, aged 17, while loading coal on an engine from a car in the Transcontinental yards in East Winnipeg, was fatally crushed between the engine and the car, dying fifteen minutes later. He came from Kinard, N.B., with the harvest excursionists. The coroner inquiring the inquest for Monday commented that there were no coal chutes nor any of the necessary arrangements for average business.

"I do not believe there is any other medicine so good for whooping cough as Chamberlain's Cough Remedy," writes Mrs. Francis Turbin, Junction City, Ore. This remedy is also unsurpassed for colds and croup, and is sold by dealers everywhere.

### GOOD HEALTH FOR YOUNG GIRLS

#### What is Needed is the Rich, Red Blood Dr. Williams' Pink Pills Actually Make

Perhaps you have already noticed that your daughter in her "teens" has developed a fitful temper, is restless and excitable. In that case remember that the march of years is leading her on to womanhood, and at this time a great responsibility rests upon you as parents. If your daughter is pale, complains of weakness and depression, feels "all tired out" after a little exertion; if she tells of headaches or backaches, or pain in the side, do not disregard these warnings. Your daughter needs the doctor's medicine probably named—that is, bloodless.

Should you notice any of these signs, lose no time, but procure Dr. Williams' Pink Pills for her unhealthful girlhood is bound to lead to unhealthy womanhood. Dr. Williams' Pink Pills enrich impoverished blood and by doing so they repair waste and prevent disease. They give to sickly, drooping girls, health, brightness and charm, with color in the cheeks, bright eyes, a lightness of step and high spirits. A case typical of thousands cured through the use of Dr. Williams' Pink Pills is that of Miss Grace Clark of Winnipeg, Man., who says: "I really cannot say enough in praise of Dr. Williams' Pink Pills, as they have made me feel like a new girl. I was pale and almost bloodless and think three school sessions a week because I felt like a broken-down person, and too weak to do anything. The doctor's medicine I took did little more than keep me in hope; it certainly did not cure me. Then I was advised to take Dr. Williams' Pink Pills, and they soon made me feel like a new person. Day by day I gained strength and color, and I have your medicine to thank for it."

Dr. Williams' Pink Pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

GLASGOW CATTLE PRICES. Glasgow, Nov. 7.—Edward Watson & Ritchie report 349 cattle on offer, trade sharper for cattle of quality, midding and inferior slow. Prices were as follows: Top quality, 14c.; secondary, 12 to 12 1/2c.; bulls, top quality, 11 1/2 to 12c.; secondary, 11c. per pound.

Winnipeg Grain Prices. Winnipeg, Nov. 7.—Cables came higher and Winnipeg markets were up 1/2 to 3/4 % on World's shipping movements were under those of last week, but heavily ahead of last year.

There was a good bit of trade and a fair amount of wheat all grades, and most of the export trade in low grades. The markets were steady.

W. J. McNamara returned on Wednesday after an absence of some days, during which time he has been motorizing through the work-up between here and Lloydminster, attending the sale of school lands.

Rev. Dr. Choard left on Monday for his former home in Gramham. After settling his affairs there he will return to Wetsaskiwin with his wife, in time to assume his duties as rector of Immanuel Church on Sunday, the 13th inst.

E. W. Manley made a business trip to Bitters Lake on Monday.

J. Christopher, of Daysland, arrived in town this week and will take over the grocery store formerly carried on by C. E. Compton. Mr. Compton is retiring from active business.

The Ladies of the Altar Society of the Roman Catholic Church held a bazaar in Angus hall on Monday evening, which proved a great success. Something in the neighborhood of \$170 was realized for the benefit of the church.

Miss Jones, formerly of the post office staff here, spent a few days in town this week, the guest of Mrs. Miquelon.

Mr. Doctor Walker leaves on Sunday afternoon to sing at a recital to be held that evening in Christ Church, Edmonton.

Mrs. H. C. R. Walker was a scotch hostess at a delightful tea on Thursday afternoon. The house was most artistically decorated with beautiful yellow chrysanthemums, while the flow of many candies added their soft lights to the pretty room.

Mrs. Walker, always a charming hostess, received her guests in a handsome gown of cream silk grenadine with effective trimmings of black. Assisting her were Mrs. Gourlie, in old rose satin, and Mrs. A. R. Dickson in a pretty gown of pale blue with hat to match. In the tea room, Mrs. Bearisto and Mrs. McNamara presided over the tea and coffee urns, the former in a handsome black costume and the latter in a lovely old rose gown and hat.

## The Capitol Beer vs. Budweiser

We beg to inform our many patrons that we are using a temporary label for our "Capitol" Beer as an injunction has been granted by the courts restraining us from using our original "Capitol" label pending our law suit with the Anheuser-Busch Brewing Association of St. Louis, Mo. The quality of "Capitol" however will be just the same, or better if we can make it so; and judging from the demand we are sure that our patrons know from experience that IT IS THE BEER, and NOT THE LABEL, that has made "Capitol" SO WIDELY POPULAR.

## "Gee Whiz" Washer

The success and wide popularity of this washer is due principally to its superior method of washing, in which the hot soap suds are agitated and driven through the clothes, instead of agitating the clothes and rubbing them over various kinds of surface, which causes more wear and tear than you can imagine. The machine can be regulated in an instant, by moving one of the water wheels, to most anything from a single handkerchief to a machine full. The wear and tear of washing clothes by machinery is reduced to a minimum. To introduce this splendid machine to the public we place a limited number on sale at the low figure of \$7.75

# EDMONTON SIX YEARS A CITY

### Edmonton Enters Today Upon Seventh Year of Its Life as a City—Charter Was Granted November 7th, 1904—Its History a Story of Continued Growth and Ever-Increasing Prosperity—Every Department Tells Similar Tale of Progress—1910 a Year of Significant Events—Edmonton Moving Rapidly Towards Its Place Among the Great Cities of Canada.

Six years ago today the city of Edmonton cast aside the swaddling clothes of the town and donned the mantle of the responsibilities of a city government. The intervening period, though but a brief span in the life of a community, has been marked by a steady growth in size, prosperity and importance that may well be a source of pride for all those who have had their share in its development.

The intervening period, though but a brief span in the life of a community, has been marked by a steady growth in size, prosperity and importance that may well be a source of pride for all those who have had their share in its development.

By nothing is the growth of Edmonton more clearly evidenced than by the efforts but it is by its school board to meet the educational needs of its rapidly increasing population. The last report of the board, issued on the 31st December, 1909, showed an enrollment of no less than 2,443 pupils, a staff of sixty teachers, fifteen school buildings, six of these being imposing structures of brick and stone, and school property valued at \$553,093.

A Story of Progress.  
Within the memory of living men a trading post of the Hudson Bay Company, remote from the haunts of a civilized man; today the capital of the most fertile province of a great Dominion. Six years ago a city with a population numbering less than 7,000; today a city with a population numbering more than 24,000. In brief is the history of the city of Edmonton.

Never before has it occupied so large a place in the interest of the outside world. Edmonton has been known of the great things it has in store for the future. The world outside has for some time granted the measure of recognition to these, Edmonton has met every advance with gratitude and with the demand for a fuller measure of the energy of its Board of Trade and the enterprise of its newspapers this demand persistently has begun at last to meet the response which it deserved.

During the past year enquiries concerning the resources of the Edmonton district have poured into the offices of the Board of Trade from every quarter of the globe. Never in the past have so many British and American capitalists visited Edmonton. Amalgamated during the summer and fall of 1910 some men or persons representing important interests in Great Britain have come with the express purpose of verifying the development of Edmonton which have reached them of the extent and promise of the field for investment in the district of Edmonton. All have agreed in admitting that what they have seen has far exceeded their most sanguine expectations.

The year 1910 has seen a larger investment of British capital in Western Canada than ever before. In the year 1911 and succeeding years will witness the influx of a stream of capital of ever-increasing volume. This Edmonton will receive a share proportionate to the reward which it offers. What this reward may be estimated by the unconcealed enthusiasm of all those who during the past year have come to look over the field.

It has always been the boast of the Edmonton district that in climatic conditions it has been especially favored by nature. While an adequate rainfall was general throughout the West this claim could be disputed with some show of reason. When in the succession of years a period of partial drought fell upon the West it could no longer stand in question. The district which could boast no record of serious crop failure became as never before a centre of general interest.

## MOTHER'S LITTLE TREASURE

What mother does not look upon her baby as a little treasure. What mother would not rather suffer herself than see her precious little one suffer. The well child brings joy to the home—the sick child brings misery, despair and care. But mothers, there is no need for your baby to be cross and ailing; even during the much dreaded teething times. What baby needs to keep him well is an occasional dose of **Baby's Own Tablets**. These Tablets cure all stomach and bowel troubles, destroy worms and make teething easy. Mrs. Pierre St. Germain, New Richmond Centre, Que., writes: "Baby's Own Tablets have been of great benefit to my little ones and now they sleep well and eat well and is happy all the time." The Tablets are sold by all medical agents, or direct from The Dr. Williams' Medicine Co., Brockville, Ont.

## SUDDEN DEATH ON SOUTH BOUND TRAIN

F. C. Crandell, Formerly the Agent of G.T.P. in This City, Passed Away While Train Was Nearing Wetaskiwin.  
Passengers on the south bound train from Strathcona yesterday afternoon were shocked by the sudden death from apoplexy of F. C. Crandell, the agent of the G.T.P. in this city, while the train was nearing Wetaskiwin. Mr. Crandell had been in Edmonton for some days and was stopping at the Castle Hotel. Yesterday afternoon he walked from Edmonton to the Strathcona station with a large party of friends and had to hurry at the last part of the journey in order to catch the train.  
In his haste he became overheated and he is attributed his sudden death. When the train reached Wetaskiwin, Dr. Robinson was called, but it was too late to render any assistance. The body of Mr. Crandell, where it is being held awaiting instructions.  
Mr. Crandell was well known in Edmonton, having had his office here for some time. Later he was transferred to the coast end of the G.T.P. in the purchasing department under the superintendence of the chief purchasing agent, Mr. McNeilho.  
It is understood that recently he severed his connection with the G.T.P. and returned to Edmonton about ten days ago on private business and had left yesterday for Vancouver.

## INCREASED ENROLLMENT

The enrollment of pupils has increased to 2,499, and the teaching staff numbers seventy. Among the new school buildings erected during the year the handsome structure on Seventeenth street, to be known as the Oliver school, is the staff, by the acquisition of several new sites, and by the erection of several new schools.

## THE STREET RAILWAY

During the first eight months of 1910 the street railway carried 423,385 passengers, with a revenue of \$59,885. During the corresponding period of 1909 the street railway carried 423,385 passengers, with a revenue of \$59,885. ## ATHABASCA LANDING

William Ruppert, the owner of the Athabasca Landing, has been found guilty of the murder of a man named Thomas. The court has sentenced him to a term of imprisonment for life. The case has attracted much public attention due to the high profile of the defendant.

## THE BANK CLEARINGS

The total clearings for the year 1909 were \$10,078,184. In 1909 the total was \$10,078,184. In 1909 the total was \$10,078,184. In 1909 the total was \$10,078,184.

## LEADS ALL CITIES

Lately, however, Edmonton's clearings are advancing at a rate far exceeding that of any previous period. The returns for the week ending October 31, 1910, showed Edmonton leading all the cities of the Dominion in the percentage of increase over the year 1909. The Edmonton clearings for the week were \$1,757,616, showing an increase of 65 per cent. Her nearest competitor was Vancouver, with a 51 per cent increase.

## THE H.B. RAILWAY

The year 1910 will also be marked in the annals of Edmonton as that in which definite steps were first taken towards the construction of the Hudson Bay Railway. At the close of Sir Wilfrid Laurier's triumphant tour through the West, the Hon. Geo. F. G. Gammage, Minister of Railways, turned the first sod at the Pea preparatory to the construction of the bridge over which, before many years have passed, the Hudson Bay Railway will be carried by the shortest possible route to the eastern waters to be conveyed there by water to the markets of Europe. Talked of for many years, condemned again and again by the short-sighted and ignorant as an impracticable scheme, the construction of the Hudson Bay Railway was found upon investigation to be practicable, and the work was commenced when it was drawn.

## MINERS ENTOMBED BY AN EXPLOSION OF GAS

Trinidad, Colo., Nov. 8.—Between fifty and seventy men are believed to be entombed in mine number three of the Victor American Fuel Co.'s mine at Delgado, twenty-two miles northwest of here, as the result of an explosion this afternoon. Fifty men came out alive and unharmed through mine number two, which is connected with the main mine.  
It was reported at first that the mine had caught fire. Every available man was hurriedly notified to rush to mine number three for rescue work. The normal working force of the three mines worked by the company is two hundred and seventy-five men of which a majority are employed in mine three, but on account of this being election day, it is believed the force was much reduced. One report is that five men were killed.  
The death is announced of Mrs. Thomas Forrest at Caroline, Tex. She was a native of Scotland and aged 68 years.  
Great preparations are being made for the annual concert at Lake View, to be held on the 17th inst.  
J. B. McMillan has been visiting Summit and purchasing cattle for shipment from A. C. Langston and others there.  
This town has this week—the Jubilee Singers (Williams) at the Presbyterian Church, and the Musical Eckhardt's (bell singers), at the Methodist Church.  
L. C. Eckhardt presided at a most successful concert at the post hall at Trochu, in aid of the establishment of a library for both the secular and Roman Catholic churches.  
Miss Dodd presided at the piano and several excellent songs were given by Mrs. Webster and Mrs. L. H. Koshak; recitations and readings by Mrs. Pearson and the Misses Lee, Durant, Thompson, Buckley and Smith; Mrs. Trochu and Mrs. de Chaine's most effective duet; Harry Durant, humorous recitations; J. C. Burns was the auctioneer for the lunch-bakers. A dance finished up a most enjoyable evening.  
Poulton dance and concert in the school-house drew a large number from the surrounding country and all passed off merrily. Mr. Malcolm was chairman.  
The cement foundations for Trochu Hospital are now completed and the construction of first, second and third stories will at once be started and the building will be veneered with brick. Installs, November 3rd.

WHAT IS THE PRICE?

Mr. Borden invites the public to forget his part in the "glorious" Drummond-Archibald victory. He would have them overlook the fact that he figured among the combatants at all, and consider the engagement there as merely a fight between the Nationalists and the Grits, with himself a disinterested and neutral party.

SORRY FOR IT

The Toronto News "would welcome a change of government at Ottawa, but not by an alliance with the Nationalists. It would be against the true interests of the Conservative party of the Dominion and of the Empire; that Nationalist groups should have power in the House of Commons to dictate the policy of both parties and practically to determine the relations between the Dominion and the Mother country."

REV. G. W. KERBY ASKED TO BECOME PRINCIPAL

Board of Governors of New College Select Central Church Pastor for Calgary College—Choosing of the Site is Deferred.

Calgary, Nov. 5.—At a meeting of the board of governors of the proposed new college last night, Rev. G. W. Kerby was asked to take the position of principal. It was also reported that no definite site had been secured for the college, which is unincorporated, and is to be known as "The Calgary College." It was also reported that ten lots at the corner of Seventh avenue, facing Metawa Park, should be procured, and temporary buildings with dormitory accommodation for 200 students should be started as soon as possible.

Hon. W. H. Cushing was in the chair and C. F. Adams acted as secretary. The first item of business was the report of the charter committee, and the board adopted its suggestion that the institution be called "The Calgary College." The site committee reported that no permanent site had been decided upon, and that it would be wise to do so until such time as the university question was settled, as it would be advantageous to have the college located near the university.

Temporary College Buildings. The executive recommended that temporary buildings be put up on ten lots at the corner of Seventh avenue, opposite Metawa Park, where there would be ample room for recreation and have a splendid view.

Plans for temporary buildings were submitted, giving accommodation for seven class rooms and several music rooms, and with dormitories for upward of 200 resident students. The thought of the board was that these plans would give the board better opportunity to prepare more advanced plans for a permanent building on a permanent site in the meantime.

The kind offer of Dr. Blow of class rooms until such time as the temporary buildings were ready for use will be accepted. A start will be made immediately with the new buildings.

The committee on the staff reported that several applications for the academic and commercial classes—Government had been received, and the matter was left over for further correspondence and until advertising by other teachers had been accomplished.

Rev. Mr. Kerby for Principal. The staff committee and the executive committee brought in a simultaneous and unanimous recommendation that Rev. G. W. Kerby should be the principal. This board unanimously adopted, inviting Mr. Kerby to take the principalship. A committee was appointed to wait upon the board of the Central Methodist Church, which meets early next week, and lay the case before it.

Schwegel, of Winnipeg, Austrian consul for western Canada, stopped in Minneapolis today on his way from New York, where he had come to meet his wife. The consul said that Canada was the ideal home for the man of small means. He spoke in high terms of the fine class of settlers taking up farms in the western part of the Dominion.

Dr. Schwegel was stationed in Chicago, Ill., four years ago and still remembers the States, but said his heart was in his new country. He said that all classes of grain, vegetables and fruit are being raised, and he saw nothing but sunshine and wealth for those who are fortunate enough to go into western Canada. He added that Winnipeg, the metropolis of western Canada, was going ahead by leaps and bounds.

LIVE WIRE CAUSE OF BRANDON ASYLUM FIRE

Despite Vigilance of Guards, Thirty of the Inmates Made Their Escapes—Officials Say No One Remained in Building. Brandon, Nov. 6.—A great heap of smoldering ruins is all that remains of the Hospital for the Insane, which was destroyed by fire Friday night.

Despite the vigilance of the guards thirty of the insane people got away. The majority were men and not dangerous. With great forethought the assistants had taken care to secure all the articles among the lunatics. They were quickly hurried to jail and the others to the police cells.

During the night the city police picked up seven stragglers around the city streets. The great conflagration was started by a live wire in the top story of the centre building.

Hon. G. H. Caldwell said they would hold the inmates temporarily wherever accommodation could be secured. The officials declare that everybody in the building escaped.

The inmates were taken over to the winter fair buildings, being conveyed in cars, carriages and wagons. Many Will Go to Ponoka. It is now stated that Manitoba will be relieved of the care of hundreds of homeless lunatics on the completion of the Alberta Asylum at Ponoka.

The great majority of the inmates of the Brandon Asylum are from Saskatchewan and Alberta, and they will be sent to Ponoka within a few weeks. The asylum at that place will be completed by the first of the year, but it is expected that portions can be rushed to completion to provide accommodations and relieve the situation here.

Asylum Inmate Perished. Brandon, Nov. 6.—Mrs. Charles H. Harding, aged 48, of Loehridge, was found Saturday night on the Experimental Farm, having just expired of exposure. The deceased was a harmless inmate of the asylum who had been five years in the building which was burned on Friday night.

She wandered away in the confusion and the snowstorm and perished within a mile of the town. No inquest was considered necessary.

ONLY ONE TENDER FOR SERVICE. Union Steamship Co. of Australia Submits Proposals for Canada-Australia Service.

Ottawa, Nov. 6.—Only one tender has been received at the department of trade and commerce for the Pacific Mail Service which expires on August first next. It is that of the Union Steamship Company of Australia, which has submitted a number of alternative proposals as to routes and sailings.

The Union Steamship Company will of course get the contract, but just which of the various proposals made will be accepted cannot be decided until there have been negotiations with the government of Australia. Sir James Mills, head of the Union S.S. Company, is at present in Ottawa consulting with the government in reference to service.

SUICIDE OF BEAUTIFUL GIRL

Hammond, Ont., Nov. 6.—On Wednesday night a handsome young girl, Mrs. Cornelia Deane, 19 years of age, and married only one month, committed suicide by hanging herself on a small tree, holding her rosary. Her feet were barely two inches from the ground. Near her was found a bottle half full of brandy. The body was found last night by her husband, Mrs. Deane's sister, Miss Ehler, died two weeks ago, and the young girl was splendidly dressed over it. She left her home at Bourget early Wednesday morning, and attended mass, after which she walked to this town. It was stated that she cried during the whole church service at Hammond.

She bought a flask of brandy and a bottle of javale water and redneck and retired to a lonely spot half a mile from human habitation. Here she sat for hours and finally committed the deed.

Officers of National Y.W.C.A. Ottawa, Nov. 6.—Officers were elected at the national convention of the Young Women's Christian Association on Saturday as follows: President, Mrs. Kilgour, Ottawa; vice-president, Mrs. R. A. Falconer, Toronto; Ontario, Mrs. C. Leonard; for Quebec, Mrs. F. D. Adams, Montreal; for Nova Scotia, Mrs. Madeline Halifax; for Manitoba, Mrs. C. R. Crowe, Winnipeg; for British Columbia, Mrs. J. R. Skinner, Vancouver; treasurer, Miss A. Cassels; recording secretary, Miss J. L. Anderson.

Over eighteen years of age and under thirty-five years is a qualification that will not exclude the women of business training and experience; the woman who may wish to arrange her career on a more permanent basis than the constant demands of a business life will allow of. While the appointments in the first and second divisions of the service are almost entirely limited to men, a young woman has been appointed who passed the examination for the second division much ahead of the men competing. This shows that if women could fill all the positions open there would be no difficulty in their qualifying.

The second division is considered the training ground for promotion to the higher branches of the service. If women were allowed to fill these positions, it is thought, the higher quality of the service would undoubtedly suffer.

When the civil service commission began operations, all the hundreds of employees were put on the permanent service list, and a examination. The leave from competitive examination since introduced is proportionately small, but there are significant evidences that a rising movement of efficiency is taking place in the internal economy.

WOMEN HEAD LISTS IN CIVIL SERVICE

They Attain a High Standard in the Examinations Held for the Vacant Government Positions at Ottawa.

Ottawa, Nov. 4.—Competitive examinations by the civil service commission have done more than largely abolish the patronage system—they have resulted in women leading the lists of all divisions in which they may compete. Not only that, but their lowest percentage of marks have in some examinations been considerably above the highest obtained by the men.

Competitive Examinations. The amendment act of the civil service, 1908, came into effect on the first day of September in the same year. The regulations of the commission in regard to its duties in connection with appointments and promotions were later framed and approved by the governor general in council.

The system of competitive examinations was arranged for, and an order in council on the 17th of September transferred the work of the board of civil service examiners to the commission. The civil service commission since then had conducted all examinations, and made all appointments, excepting those specially recommended by the governor general in council, subject to a certificate from the commission.

The competitive examinations are of a nature that will determine the qualification of candidates for the particular positions to which they may be appointed and are held twice a year in the months of May and November. The order in council of the official notice which is published in the Canada Gazette at least four weeks before the examination. Forms for the examination are sent to the secretary of the civil service commission, and application must be filed before the 15th of April for May examinations and the 15th of October for that of November. In leading towns from coast to coast the examinations are conducted on the same dates.

As preparation for the November examinations for clerkships in second and third divisions of the inside service is going on, the possible perfection of the system which the civil service commission has developed.

Hundreds of papers have been set by university men and others authoritatively identified with a particular subject. These have all been printed in absolute reliance on the reliability of the member of the staff, arranged in sets, and sealed in a locked room. Small trunks containing them and also the blank books for the competitors are written are looked and shipped to the examining points. Before the candidates the trunks are opened, books distributed and the names arranged for each paper. At the expiration the books are collected, sealed and sent at once to the man responsible.

He has passed upon them marked each, two others verify, adduce and note the various points of excellence. The books are then returned to the commission, where they are responded to by the numbers are attached and later the results are announced. All of this is recorded and open for public inspection throughout the year.

Standing in one examination does not qualify for another later. Each examination is independent and only concerns the appointments to be filled.

As women are not appointed to the outside service, frequently those headed by the lists will not come to Ottawa. Upon refusal, the next in order of standing receives the appointment in the case where only a limited number are required, there may be twice that number having a far higher percentage than any of the men competing.

For instance in the May examinations this year in subdivision B of the third division, in the successful list and typewriters, with salaries ranging from \$100 to \$150, there were nine men to foot the lists of successful candidates.

For clerkships in subdivision B of the third division, in the successful list of thirty-three names, the first five were those of girls. As there are some positions in the third division which a woman is physically unable to fill, a certain number of men have to be appointed. In others, where men would be preferred, women have been appointed because suitable men were not available.

Over eighteen years of age and under thirty-five years is a qualification that will not exclude the women of business training and experience; the woman who may wish to arrange her career on a more permanent basis than the constant demands of a business life will allow of. While the appointments in the first and second divisions of the service are almost entirely limited to men, a young woman has been appointed who passed the examination for the second division much ahead of the men competing.

This shows that if women could fill all the positions open there would be no difficulty in their qualifying. The second division is considered the training ground for promotion to the higher branches of the service. If women were allowed to fill these positions, it is thought, the higher quality of the service would undoubtedly suffer.

When the civil service commission began operations, all the hundreds of employees were put on the permanent service list, and a examination. The leave from competitive examination since introduced is proportionately small, but there are significant evidences that a rising movement of efficiency is taking place in the internal economy.

WHEAT MOVEMENT.

More Than Thirty-Three Million Bushels Inspected at Winnipeg.

Winnipeg, Nov. 6.—A little over thirty-three millions of the wheat crop of 1910 has passed inspection at Winnipeg, or three and a quarter millions less than for the corresponding period of 1909. This means that approximately 63,557,460 bushels of the wheat crop of 1910 have been accounted for; that is:

Inspected at Winnipeg... 23,557,460  
Required for seed... 13,000,000  
Required for Interior Mills... 6,000,000  
In store, Interior Elevators... 6,000,000

Presuming that the Free Press estimate of 101,000,000 bushels is correct, there are a little over 27,000,000 to come forward.

The decrease in oat inspection has been more marked even than wheat, as for the two months only 2,484 cars have come forward, as compared with 3,562 for the corresponding period of last year, and a very great number of these cars have been filled with 1909 oats. While the inspection of oats shows a decrease, stocks in terminals are the largest in the history of the west.

Inspections of barley have been exceptionally light, being only 632 cars, against 1,535 last year. The forward movement of oats, however, shows a very notable increase, being 1,300 cars or 1,300,000 bushels as against 933 cars or 933,000 bushels last year.

The stocks in terminal elevators at the close of October were 7,721,203 bushels of wheat, 5,479,271 bushels of oats, 648,917 bushels of barley and 648,910 bushels of flax, while the Canadian visible stocks were 11,030,440 bushels of wheat, 5,608,208 bushels of oats and 867, 824 bushels of barley.

Flax stocks are not as yet being quoted in the Canadian visible. With thirty-three million bushels of wheat actually passed inspection, it is a natural question as to the condition of the wholesale trade, and how payments are being met. A round of wholesale houses showed that there had been a general and very gratifying expansion of trade during the year, all lines showing an increase, and the volume of goods asked for high.

In the matter of payments, however, the volume of money coming forward was not quite in proportion to the quantity of wheat inspected. This is no doubt accounted for by the fact that a very considerable portion of the wheat now at the lake front is held in store by farmers, and therefore no money for it is in circulation, and this applies also to the stocks in store in interior elevators. Farmers have found it comparatively easy to borrow money this year on their wheat, and seem to have availed themselves of this privilege to the full. Wholesalers declare, however, that while they the sum of \$22 some time about had not received as much money September last.

Paris, Nov. 5.—The local magistrate who has been investigating the Berton affair, has decided that there is no cause for trial. Some time ago servants of Mme. JOHN A. DIX DENOUNCES COLONEL ROOSEVELT

The Democratic Nominee Says That the Ex-President is Guilty of Wilful Falshood and That He is in League With Hearst.

New York, Nov. 5.—The democratic state campaign here reached a flood-tide at a meeting in Carnegie Hall, where John A. Dix, the nominee for governor, made his first public address in the city. The meeting also served as the occasion for Mayor Gaynor's long-expected formal announcement of his support of the ticket. This came in the form of a letter to the chairman of the meeting.

The rally was held under the auspices of the Independent Business Men's league, and Herman Ridder, president of that league, presided. Mr. Dix devoted the greater part of his speech to a denunciation of Theodore Roosevelt. He charged the colonel with wilful falsehood in repeating the accusation for which Mr. Dix in his Buffalo speech demanded an apology. He declared that Colonel Roosevelt "because of what he deems to be his political necessity of the hour, struck hands and made a political alliance" with Wm. R. Hearst, whom four years ago Roosevelt had "publicly branded as responsible for the assassin's bullet which made him president."

Martin H. Glynn, of Albany, devoted most of his speech to an attack upon Theodore Roosevelt and charges of Republican extravagance. He predicted that the historian of the future would refer to Colonel Roosevelt as "Theodore yea and nay." "What he affirms today he denies tomorrow," said Mr. Glynn. "At Saratoga he spends a day fighting for what he calls decent citizenship, elsewhere he spends all his time in the indecent crusade of bearing false witness against his neighbor."

THE THING TO CONSIDER

In purchasing a sound-reproducing instrument is the fidelity with which it reproduces the human voice in songs or speeches and the musical notes of instruments. Until you have heard the Edison Phonograph you cannot appreciate how far Mr. Edison has carried his invention in this respect. Every note of music and every syllable of a speech is not only clear and distinct, but also a perfect reproduction of the singer, band, orchestra or speaker who made the original record.
