

THE DEMOCRATS OVERWHELMED.

New York Republican By Over 100,000 Majority.

William L. Wilson, the Author of the Original Features of the Present Tariff Bill, Defeated for Congress in West Virginia.

Forty-one states of the American Union held elections yesterday, and so far as returns had been received by The World up to 3 a.m. the result shows an overwhelming defeat of the Democrats in almost every state.

New York has gone Republican by over 100,000 majority. Senator Hill is defeated by Ex-Vice-President Morton for Governor, and Ex-Mayor Grant is defeated for the mayoralty by W. T. Strong.

The vote in New York city for Governor was Hill 121,052, Morton 121,500. Of course the Parkhurst moral movement will claim the credit for the defeat of Tammany, but the presence of Ex-President Harrison, Gov. McKinley and other Republicans of national importance, who are best able to judge the effects resulting from the tampering with the protection policy of the United States, has had much to do with the sweeping Republican victory.

The defeat of Tammany is not so much a surprise in New York as might be expected, as betting men all along have been offering odds on Strong for Mayor and Morton for Governor.

The New York delegation to Congress will stand 29 Republicans to 5 Democrats, compared with 11 Republicans and 23 Democrats at last election. The state legislature is Republican by 81 to 65.

How Dr. Parkhurst Views It. The result of the election was received with great enthusiasm by the opponents of Tammany Hall. Dr. Parkhurst came into the Committee of Headquarters at 7.30 o'clock and was immediately surrounded and congratulated by those present.

Dr. Parkhurst said that the victory signifies first that the people are getting their eyes open, and that their consciences are awake. The second place, that although our American institutions were put to a severe test, the better element has prevailed and good municipal government is assured.

Neither Senator Hill nor Gov. Fenton would discuss the results of the election. Governor-elect Morton said "I accept the result of to-day's election as the protest of the people of the Empire State against false theories and practices in Federal and State government, and the corruption of the political system in New York city. I am profoundly gratified by the high honor conferred upon me by the citizens of this great state and of the grave responsibilities which will devolve upon me as the result of their action."

Mr. Morton received the telegram from Ohio: "Hearty congratulations on your unprecedented victory, which will be hailed with joy by Republicans everywhere. Signed, William McKinley."

The result of the vote on the Constitution amendments in New York will not be made known until to-day afternoon. The indication are that they are carried. The result in the other states and territories of all the cities and towns contiguous to New York into one great municipality.

Although Nebraska Republicans were divided and the Democrats united with the Populists, the returns show a Republican gain.

In Kansas "Sockets Jerry" Simpson (Democrat) is defeated by Lang (Republican). Maryland the solid Democrat front has been broken, and the Republicans have made unprecedented gains.

The Republicans of Wisconsin have carried the state by over 15,000 plurality for Governor. The state ticket for Governor and his associates is carried by the Populists, and the state ticket for Governor and his associates is carried by the Populists, and the state ticket for Governor and his associates is carried by the Populists.

Illinois also still Republican. In Illinois the Democrats again tried the experiment of election of United States Senator by the people, as nearly as it could be done by the Constitution, but again were defeated.

Connecticut elected a Republican Governor and delegation to Congress, as had been expected, in view of the fact that the town elections in October were strong by Republican.

The unexpected didn't happen in Massachusetts. Governor Greenhalgh (Republican) being re-elected by an increased majority. John E. Russell, the Democratic candidate for the old Bay State, accepted the nomination in a speech in which he foretold defeat.

Iowa elected the Republican State ticket and tea Congressmen. Kaute Wilson (Republican) has been re-elected Governor in Minnesota by a decided majority, owing to the presence of a Populist candidate in the field.

Michigan also Republican. The discussion among Michigan Democrats may account in part for the election of John P. Dick (Republican) as Governor. After the nomination of the Democratic State ticket some of the candidates secured the presence of the A.P.A.A. campaign of accusation, and recrimination followed, and at last nearly half of the candidates withdrew from the ticket.

THE EXECUTIVE TO INVESTIGATE

In Regard to All Details Governing the Deal.

A Lively Letter From Aid. Wilson of Montreal Read at the Meeting of the City Council Yesterday.

The City Council met yesterday afternoon at 8 o'clock. The absentees were publicly demanded, and that of Mr. R. Wilson Smith of Montreal, re the sale of debentures was read, and a second communication making definite charges was also read.

The most interesting matter up for discussion was the debenture muddle, which was first dealt with.

The communication originally published of Blake, Lamb & Cassels, on behalf of Mr. R. Wilson Smith of Montreal, re the sale of debentures was read, and a second communication making definite charges was also read.

His Worship the Mayor of Toronto: Dear Sir,—We beg to refer you to our communication to you of the 20th ult., which remains unacknowledged.

Some matters have come to our notice, which, whatever may be the outcome of the action of your Board, we think it our duty to bring to your attention.

It now appears that, although tenders were publicly demanded, and that of Mr. R. Wilson Smith was in the hands of the committee and opened on Monday, the 28th of October, instead of these offers being dealt with as they usually are, and accepted or rejected on their merits, the tenders were held over.

Our client is in the city to-day and is anxious to return, and, therefore, shall be glad to know the ultimate answer of the Council at the earliest possible moment.

The Board Committee met on Wednesday evening and also accepted Mr. Smith's offer, and that same night the matter was referred to the Executive Committee.

Mr. Smith's offer, and that same night the matter was referred to the Executive Committee. Mr. Smith's offer, and that same night the matter was referred to the Executive Committee.

While our client, Mr. Smith, considers that in all fairness he is entitled to have his three and one-half per cent. offer carried out, and while it is evident that in so doing, even according to the statement of Mr. MacFee, no harm or wrong is done to him, and that the city is getting good bargains, and that the city is getting good bargains, and that the city is getting good bargains.

Mr. MacFee states that his offer for the four per cent. debentures at the rate of one-half per cent. and the council seem to have concluded that this offer is more favorable to the city than Mr. Smith's offer for the three and one-half per cent.

A CIPHER MESSAGE

And An Interesting Letter That Went Astray.

PROBING THE BOODLE CHARGES.

Some Spicy Developments at Yesterday's Session.

Mr. Bertram Hands the Ticked List of the Aldermen to Judge Meek.

Despite the sensational evidence of City Engineer Keating on the opening day there were very few outsiders in Judge Meek's court yesterday morning when the investigation into the charges of boodle against certain aldermen was resumed.

In the course of the day's proceedings there were some interesting pieces of testimony, but, as on the previous day, the most spicy bit of information was left to the last. It consisted of a letter which, in consequence of bearing a badly-written address, got delivered to the wrong man.

Col. Rogers was the correspondent who indited the epistle and Mr. Wheeler, the Brush Company's agent, was evidently the person for whom it was intended.

Instead of getting into his hands it was delivered to S. H. Wheeler of 28 Seaton-street, Toronto, who returned it to the Postoffice. Lawyer Nesbitt then got hold of it and brought down a photograph of the envelope and the communication it contained to enable the proceedings to be carried out.

Mr. Bertram handed the list of the Aldermen to Judge Meek. The list was handed to Judge Meek by Mr. Bertram, and it was handed to Judge Meek by Mr. Bertram.

The story of Mr. Keating relative to the statement made by the Brush Company was corroborated by George Bertram, but he was able to give additional interest to his evidence by handing in a letter which was addressed to the Alderman who, it is alleged, was ready to accept a bribe of \$1000 each.

Ald. Stewart's name is being closely examined whether rightly or wrongly, with the lawyers, but he is rather fortunate that he should be away. The lawyers have endeavored to serve a subpoena for his attendance, but such an out of the way part of the country has been unable to get out of the city.

It is likely, however, that he will go on the stand. "If we don't go," said Mr. Stewart, "let our friends go."

DEVELOPING THE OIL FIELDS.

Prospects that the Yield Will Exceed Even That of Pennsylvania If Property Worked.

Mr. W. A. Fraser arrived in the city yesterday from Athabaska Landing, 100 miles north of Edmonton, where he has been conducting tests for the Dominion Government with a view to the development of the oil fields in that district.

Boring has been conducted to the depth of 1000 feet, and Mr. Fraser is more than satisfied with the result. The indications are that if properly developed the yield from these oil fields will be greater than that of Pennsylvania and Ontario fields combined.

Mr. Fraser is en route to Ottawa to report to the Government. The experiment will be resumed in the spring.

TO SELECT MUNICIPAL CANDIDATES.

The Ratepayers' Association will take a stand in the Aldermanic Elections.

The Ratepayers' Association admitted the following new members at last night's meeting: J. P. Jackson, F. K. James, Dr. P. J. Strathy, J. K. Strathy, Hughes and James Fleming.

Several communications were read, among which was a request from Harbord-street school asking that they be allowed to have dancing at the school on the occasion of their coming reception.

The matter of municipal reform is a long one, and it is not possible to discuss it in a year ago was again taken up. Ex-Ald. DeJong said he was bringing the matter to the notice of the members of the City Council.

NOURISHMENT.

THIS WORD ENBRACES MORE THAN ORDINARY MEANINGS.

Nourishment is the Corner-stone of Health. What Food is Intended to Do—Avoid Secret Mixtures When Trying to Get Well.

The ordinary specific or secret nostrum affords only temporary relief. For instance, you may have some ordinary specific to cure a cold and fine temporary relief in the stimulant or tonic contained in the mixture, but the remedy does nothing to cure the weakness that allowed you to take cold. Consequently when you are subject to another attack you will succumb in the same way with more serious results.

This is what leads to consumption. The same illustration applies to hundreds of other complaints. If you are poorly nourished, you will lose flesh, take cold easily and gradually grow weaker until your health is seriously impaired.

Nourishment means everything to health. Food is designed to nourish the body, overcome wasting and give to every part of the wonderful human machinery the right substance to keep it in working order. But we all know food frequently falls short of the mark. It may be that the digestive organs are out of order. There is a general increased demand upon nourishment made by some unnatural condition. The most learned physician is frequently puzzled to know the cause of a decline in health, but one of the first things he thinks of is to prescribe a nourishment that will counteract the wasting or other unnatural condition.

In all cases of wasting Scott's Emulsion is the most effective cure. It has many uses, because it is both a concentrated food and a medicine, but the word "wasting" signifies much that Scott's Emulsion is especially designed to overcome.

All of the stages of decline of health are cured by Scott's Emulsion. Loss of even to the early stages of Consumption, flesh and strength are speedily overcome and as a cure for all affections of throat and lungs, like Coughs, Colds, Sore Throat, Weak Lungs and Bronchitis, Scott's Emulsion has no equal. Babies and children find in Scott's Emulsion the vital elements of food that make sound bones and healthy flesh. Riches and all wasting tendencies in children are cured also. Babies and children thrive on Scott's Emulsion when all the rest of their food seems to go to waste.

Scott's Emulsion is not a secret mixture. All of its elements can be traced by the chemist. It contains no worthless or harmful drugs. It has been prescribed by physicians for twenty years and has a clean record back of it. For sale by all druggists, 50 cents and \$1.

CHELLIE AXMINSTER IN PHILADELPHIA.

From The American Carpet and Upholstery Trade Journal.

One of the most important transactions of the past month was the organization in Philadelphia of a company for the manufacture of a genuine cheillie axminster by power. This, we believe, has never been attempted in Philadelphia, though hand-made axminster of a creditable kind has been made here. The present patent held from Canada, being owned and made exclusively by the Toronto Carpet Manufacturing Company, which, Mr. John R. White of Boyd, White & Co. is the principal organizer of the new enterprise, in the formation of which he has had during two weeks of the past month the active presence and direction of President Murray himself.

The fabric to be made was exhibited at the Chicago Exposition, the honor being at an early date to place the requisite number of looms and to proceed at once to the weaving of goods in Philadelphia. It is presumed that Mr. John R. White will be president of the company and that the board of directors will include some of our leading capitalists. The promoters feel assured of a quick market for their product, the experimental stage having been passed two years ago in the Toronto mill.

This new axminster and the machinery to produce it is covered by patents, both in Canada, the United States and European countries.

KING BLOWING MATCH.

Forty-three Entries for the Various Events—The Most Successful Yet Held—List of Prize-Winners.

The annual plowing match, under the auspices of the King Plowmen's Association, was held yesterday on the farm of William Walkington, 4th concession of King, and never in the long history of this association has a more successful meeting been held. 43 plowmen having entered for the different events, there also being present a large number of prominent residents of King, Vaughan and York to witness with what accuracy the contestants could make a furrow with the proper angle and turn and even comb on top. All good judges expressed their satisfaction with the quality of the work executed by King's young farmers—for nearly all the contestants were young men who take pride in their work.

The visitors were a well-dressed, well-fed and contented-looking lot of people, who, after their arduous labors in the harvest field and at the wind-up of the fall work on the farm, were out for a day's recreation, and to help along, by their presence, a very laudable purpose.

Mr. Walkington, on whose farm the match took place, was a busy man all day, looking after the comfort of his guests, and his praises were sounded on every hand for his liberality and hospitality. An excellent dinner was provided by Mrs. Walkington in the spacious farm house, and it is needless to say no one went away hungry. Mrs. Walkington was assisted in waiting on the guests by the ladies of the neighborhood, among whom were: Miss Walkington, Miss Haines, the Misses Cameron, the Misses Mahony, Mrs. Haines, Miss Vanderburg, Mrs. Ireland, Mrs. Smith, Miss Rumble, Miss Lawson and Miss Gillie.

Among the leading farmers and others present were noticed: Andrew McClure, Peter McMurchy, Thomas Atkins, Arch. Mitchell, William Jenkins, John McCallum, James McLean, Henry Hollingshead, Dr. Norman, Reeve J. C. Stokes, James Malloy, Deputy-Reeve A. McCallum, George High, Reeve of Vaughan; E. J. Davis, M.L.A., John Hutchinson, S. Lemon, deputy-reeve of King, and A. Quantz, Markham; R. McCutcheon, deputy-reeve of King.

The officers of the society are James Wells, president; Stephen Armitage, vice-president; George Lawson, treasurer; Wilfred Hancock, A. J. McCallum, George Ramsden, A. B. Wells, John Tawse, Milton Peterson, Milton Davis, David Humber, D. Elphig, William Wells, James Watton, E. O. Chappelle, J. W. Hutchinson.

AMENDMENTS TO BY-LAWS.

The Business Before the Board of Trade Meeting Yesterday. An important meeting of the Board of Trade was held yesterday afternoon, with President Blain in the chair. The chief business was the consideration of an amendment to the by-laws, and the following sub-sections were passed: At meetings called for the nomination of officers, members of the council, members of the board of arbitration, or of any other standing committee of the board, no member shall be nominated unless he be present or has signified his willingness to act.

Members of the board residing outside the limits of the city of Toronto may vote at all meetings of the board called for the election of officers or members of the Board of Arbitration, or of any standing committee of the board, without personally attending at such meeting.

A motion was made by Mr. Mason, and seconded by Mr. Wilkie, "That members residing within the city of Toronto may, under such restrictions as may be deemed advisable, exercise the same privileges as to voting as are now conferred upon members residing outside the city." This motion will come before the council at next meeting.

The tanners are to meet at the Board of Trade this morning to discuss prices. The following Bradford gentlemen have been nominated as members of the board: C. B. Waterous, J. S. Hamilton and Jeffrey Hale.

Another Attempted Burglary. Ridgeway, Ont., Nov. 6.—Burglars effected an entrance into the store of Eber Cutter Sunday morning by prying open the front door with a crowbar. The combination lock to the safe was broken with a sledge hammer and an attempt was made to drill a hole in the safe. The thieves evidently got discouraged and abandoned their attempt behind the counter was pried open and a small amount of change was secured. The burglars then packed up a quantity of goods and left. The tools which the burglars used to effect an entrance into the store were secured from Feab's blacksmith shop.

Very many persons die annually from cholera and kindred summer complaints, who might have been saved if proper remedies had been used. If attacked do not delay in getting to Dr. J. D. Kelly's Dysentery Cordial, the medicine that never fails to effect a cure. Those who have used it say it acts promptly, and thoroughly subdues the pain and disease.
