### AT THE RECREATION HALL

An Enjoyable Entertainment Thursday Evening.

A very delightful evening was spent in the Recreation Hall last Thursday when a party of sixteen friends of the County Hospital and County Home, kindly entertained the inmates of the respective Institutions with a musical and literary programme of exceptional merit. For one hour and a half, item followed item, with the following contributing: Songs, Mrs. A. M. Kennedy, Miss M. Troop, Mr. P. V. Young, Rev. E. Underwood; vocal duets, Misses M. Troop and D. Lloyd; Mrs. Thies and Mr. F. V. Young; Choruses, Misses H. and M. Troop, A. and G. Jackson, D. Lloyd, H. Griffin, E. Price and B. Crowe; Readings, Miss Frances Reynolds and Miss Jackson.

Instrumental Music, piano, six hands, and duets, Mrs. A. F. Little, Misses Cameron and M. Hicks. As stated above the whole program was of exceptional merit, but two very striking features were the piano music for six hands, and the concluding chorus, "Twinkle, Twinkle Little Candle," from the Operetta Penant. In the refrain of this came a delightful Gavotte. The hall was darkened, save for the light from the candles, held by the performers and this enhanced the effectiveness of the dance as well as giving point to the words of the chorus.

During a short interlude preceding the closing number, Superintendent Hiltz heartily thanked those who had so kindly taken the trouble to prepare and give the entertainment, at the same time assuring them, could they know, as he was in a position to hear the pleasure it gave those for whose sake they came, they would feel amply repaid.

The proceedings were brought to a close by the singing of the National Anthem. We are asked to say on behalf of the Superintendents of the Institutions and the Recreation Hall Committee, that they would be pleased to hear from anyone who would be willing to give an entertainment for the benefit of the inmates either publicly or privately. Often an entertainment given elsewhere might well be repeated for the benefit of those less fortunate than ourselves.

### Y. M. C. A. Campaign Notes.

Friday next is Red Triangle School Day and the teachers in the public schools will present this work to their pupils.

Sunday next is Red Triangle Sunday and from the pulpits throughout Canada this most important war work will be the leading topic.

The following meetings have been arranged: Deep Brook, Friday evening, speaker, Rev. W. B. Muir.

The Island, Thursday evening, speaker, Rev. Mr. Leggo.

Lequille, Monday evening, Rev. T. C. Mellor.

Matland, Monday evening, Rev. C. Munroe.

Springfield, Monday evening, Rev. D. K. Grant.

Capt. Walter Ruggles will speak in Middleton, Friday night.

Rev. Mr. Leggo, of Granville Ferry, will speak in the Annapolis Royal Methodist church on Monday evening, at 8 o'clock.

Saturday night, Mr. P. F. Moriarity, of Halifax, will give a five minutes talk in the Primrose theatre, Bridgetown.

Sunday, Mr. Moriarity will speak in the following places: Bridgetown, 11 a.m., Baptist church; Paradise, 3 p.m., Baptist church; Lawrenceport, 7 p.m., Baptist church; Middleton, 8.45 p.m., Baptist church.

Mr. Moriarity has spent his life in this work, is a pleasing speaker and has an inspiring story to tell.

### MONDAY NIGHT'S ENTERTAINMENTS

"Mrs. Temple's Telegram" at Bridgetown and "The Time of His Life" at Bear River.

Two entertainments held in this county Monday night were certainly very successful and the proceeds from both were for worthy objects. In Bridgetown the Amateur Dramatic Club presented the comedy farce, "Mrs. Temple's Telegram," under the direction of Mrs. A. C. Wilson, of St. John, to a full house. The following were the cast of characters: Jack Temple, Henry B. Hicks; Frank Fuller, Charles Bothamley; Alfred F. Hiltz, Mrs. W.A. Warren; Wigson, Charles E. Bent; John Brown, Wm. R. Longmire; Dorothy, Mrs. H.B. Hicks; Mrs. Jack Temple, Miss Hortense Griffin; Mrs. Frank Fuller, Mrs. W.A. Warren; Mrs. Brown, Mrs. Fred E. Bath.

The orchestra was also present and gave an excellent programme of music. Mrs. Wilson, who is a very interesting elocutionist, gave several good readings; between the acts, everyone performed their parts like professionals and the large audience was delighted with the entire entertainment. The gross proceeds amounted to \$128.00 which, after expenses are paid, will be devoted towards a rafter on the Victory Bond, purchased by the Riverside Cemetery Co. The public will be pleased to learn that this entertainment will be repeated in the Primrose theatre next Saturday afternoon as advertised in another column, and also in Lawrenceport.

In Oakdene Hall, Bear River, local talent presented the same evening, a comedy in three acts entitled "The Time of His Life." This play was for the benefit of the Red Cross and the proceeds amounted to \$133.00. The following is a copy of the cast:

Mr. Bob Grey, H. C. Anthony; Mrs. Bob Grey, Helen D. Anthony; Tom Carter, Ralph N. Harris; Mrs. Peter Wycombe, Jessie M. Romans.

Mr. Peter Wycombe, Walter B. Morehouse; Dorothy Landon, Mary A. McGinty; Mr. James Landon, sr., Ernest L. Eagles; Uncle Tom, Walter M. Romans; Officer Hogan, Joseph L. Warren.

Music was furnished by a Digby trio and was good. All the parts were well taken; but "Uncle Tom," Mr. Walter M. Romans, is certainly becoming a star performer, and judging from the reception given him Monday night, he is certainly popular with a Bear River audience. This entertainment will be repeated in Digby, and probably in Annapolis, Bridgetown, Middleton and other towns along the line.

### The Cause is a Good One

The Y. M. C. A., of Canada is about to ask friends of boys overseas to make a contribution of \$2,500,000, to enable the "Y" to do yet more effective service for the boys who are fighting the battles of empire. The cause is a good one and is heartily endorsed by chaplains, commanders and officers of all ranks, as well as by the men in their commands;—but the "Y" would make its appeal to men on leave and to men who have "done their bit" and have been granted an honorable discharge. You have been "across." You have seen the work the "Y" is doing. Can you endorse this work? Do you approve of a forward move in this work? Will you encourage your father or your chum to contribute to this cause? Your testimony will weigh more with persons who know you, than long addresses by men whom they do not know. If you have been helped by the "Y" overseas, tell it to others; tell it in your home and to your friends; tell it in the moving picture halls and wherever you have an opportunity. This will tend greatly to strengthen the appeal the "Y" is about to make and you will be doing something, while at home to advance the cause overseas.

### Amending the M. S. A.

On Friday last the bill amending the M. S. Act was passed in the Commons by a majority of 49.

Sir Wilfred Laurier opposed the bill. The six months hoist moved by Lapointe, of Montreal, was defeated by a majority of 35, three of Laurier's Ontario followers voting with the government.

The amendment lowers the military age from 20 to 19 years and abolishes all exemption for men of 20 to 23 inclusive, who are physically fit. It is expected that 40,000 men will be obtained through the change.

### New Registration.

A new registration is to be made for industrial purposes of all the men (time until all Canada will adopt it, or over) a day will be fixed in June on which all must go to registration booths much as in an election and record their names, age, etc.

Mr. George E. Corbitt, of Annapolis Royal, has been appointed superintendent of registrars for Nova Scotia. Mr. Corbitt left for Halifax yesterday.

# Suburban Notes

## MELVERN SQUARE

April 22nd  
The roads are again in rather a bad condition, owing to the late snow storm.

Mrs. Crawley Stronach is the guest of her sister, Mrs. A. D. Wilkins, of Middleton, this week.

Beautiful spring weather interrupted by an occasional snowstorm—not unexpected at this season of the year.

Miss Lillian Clarke, of Prince Albert, was a guest at the home of Lt. Col. and Mrs. McNeil, quite recently.

D. M. O'Neil attended the Municipal Council in Bridgetown a few days last week, returning on Wednesday, 17th.

Mr. Alden Brown, of the Kentville Sanatorium, spent a few days with his parents, Mr. and Mrs. George Brown, recently.

We are glad to be able to state that those who have been on the sick list of late, are rapidly improving.

Mrs. Shippy Spurr among the number.

Mr. and Mrs. Herbert Warner are now occupying the home of Lieut. S. L. McNeil, on Pleasant street, intending to remain the summer in Melvern.

Mrs. Frank East and little son, who have been spending several weeks visiting friends in other places, returned to their home in Melvern last week.

A beautiful cantata "The Gates Ajar," was held in the Baptist church on Sabbath evening, April 21st, which proved a rare treat to the people of Melvern.

We are sorry to report Mrs. Amanda Jacques in rather poor health at present, but hope for a speedy recovery.

Dr. S. V. Miller, of Middleton, is in attendance.

Mrs. Percy Demmons and children were the guests of Mrs. Demmons' parents, Mr. and Mrs. George P. Phinney, during this week, at South Farmington.

Quite a number from this place attended the anniversary services in the Methodist church at Kingston, on Sabbath, April 14th, despite the frequent showers through the day, and report a very interesting and inspiring service.

Mrs. Perry, widow of the late Rev. Mr. Perry, was a guest of her friend, Mrs. Minor Sprule, for the past two weeks, returning to her home in Wolfville on Tuesday, 16th inst., and was gladly welcomed by her old friends in Melvern Square, during her stay here.

The "daylight saving system," or "new time," has gone into effect in our little village, and appears to be working alright, notwithstanding a little confusion at first. It probably will prove to be some little disadvantage to the farmer, as he has to rise an hour at night, but as in the morning, he can adjust to suit the time and all go well.

## DEEP BROOK

April 22nd  
Miss Ruth Adams spent the week-end with friends in Bear River.

Mrs. L. E. Sherman spent a few days last week with her sister in Bear River.

Mr. and Mrs. Ralph Barkhouse are receiving congratulations on the birth of a son.

Miss Clara M. Snils, after spending the past few months in Newton, Mass., returned to her home on Saturday last via St. John.

Sergt. Robert Vroom, of the Composite Battalion, Halifax, spent the week-end with his father and mother before going overseas.

We are glad to report at the time of writing that Mrs. Ernest Purdy and Mr. Loren Adams, are improving every day from their recent illness.

Mr. and Mrs. Avarad Burrell, of Nokomis, have returned west after spending the past few months the guest of Mr. and Mrs. John Henshaw.

Robert W. W. Purdy, of Bridgetown, and Albert Purdy, of Sackville, N. B., were in the village a few days last week called here by the death of their brother, Major Walter Purdy.

## PORT WADE

April 22nd  
Miss Goldie Johnson has returned from a visit in St. John.

Mrs. John Hayden returned on Wednesday from an extended visit in Lynn.

Mr. and Mrs. Douglas Ellis, of Parker's Cove, are guests of Mr. and Mrs. James Ellis.

Mr. James Slocumb came from St. John on Saturday to see his father, who is very ill.

Mr. and Mrs. Percy McGrath and little daughter, arrived from Lynn on Saturday to visit relatives here.

Little Katherine Mailman has returned from St. John, where she had an operation performed for appendicitis.

Mr. and Mrs. Overton are spending a short vacation at the home of Mr. Frank Muscass, in the Canadian Naval Service, a mate of one of the large Convoy steamers.

Dr. Hine, of St. John, representative of the British and Foreign Bible Society, preached in the Methodist church on Sunday morning. The call of the world for Bibles was never so great as now. In the last four years, the publication of the Society has increased from two to six million copies, and yet the demand increases, so we must be ready to give as liberally as we can, when the young ladies call on us for our contribution.

## NORTH WILLIAMSTON

April 22nd  
Pte. Harry DeLancy returned to Halifax on the 16th.

R. L. Moore had the misfortune to lose a valuable cow last Saturday.

Mr. and Mrs. William Shaw welcomed a son on the 9th. Congratulations.

Most Heat from Fuel

One reason why the Kootenay Range gives the most use of the heat generated from the fuel, is that the grates have ample vents to make perfect combustion in the firebox, which is properly and scientifically proportioned according to the needs of the range.

Marine News

Stmr. Valinda, Capt. E. H. Lewis, sailed Monday for St. John.

The keel for the steam trawler, which Capt. LeBlanc is to build at Wedgeport for Messrs. J. N. Rafuse & Sons, is laid and framing up has commenced.

Friday's Yarmouth Times: The steamer Arammore arrived from Boston last night with 188 tons of freight. There are about forty carloads ready for the return trip tomorrow.

Maritime Fish Corporation's arrivals at Digby: Per Dorothy P. Sarty, 70, 500 lbs. haddock, 9,208 lbs. cod, 13, 200 lbs. cusk, 3,034 lbs. halibut; other sources, 3,473 lbs. cod, 726 lbs. pollock.

Mr. Warren T. O'Brien, of Beaver River, recently passed his marine examinations successfully for steam, and has received his master's certificate. He is now awaiting his appointment in the R. C. Y. R. R.

The schooner arrivals at Halifax Thursday include the Annie C. W., Captain Boutillier, from Spry Bay, the Alice and Jennie, Capt. Hicks, from Yarmouth; the Eliza C., Captain Richard, from Chezzetcook, and the Howard Stanley, Captain Gray, from the Banks.

Mr. N. W. Rafuse, of the shipbuilding firm of J. N. Rafuse & Sons, Conquerall Bank, arrived in Yarmouth on Tuesday evening and on Wednesday proceeded to Salmon River, Digby Co., where work was started last week on their second schooner to be built for that firm in Foiey's yard at the place.

Saturday's Halifax Chronicle: At present there are five tern schooners in port, and three of them have only recently left the stocks. They are the Abemama and Annie L. Warren at the Deep Water Terminals, the Industrial and Misty Star in Dartmouth and the Margaret May Riley at the Plant wharf.

Lobsters are very scarce up to the present time, and while most of the fishermen have their traps in the water, they have done nothing at the business yet. With lobsters scarce, prices are low, and the cost of outfitting extremely high, this branch of the fisheries is getting to be a poor investment for the fishermen.

Capt. William Trahan, of Bellevue's Cove, Digby Co., has just sold his coasting schr. Edna M. Hazel, to Mr. L. C. Prime, who is a native of Freeport, now holds a lucrative position with a large Boston fish firm, and visited the Bay shore a few weeks ago in the interests of his company concerning the purchase of a number of vessels.

The fleet of handliners out of LaHave, which will be leaving for the fishing grounds within the next two weeks, are busily engaged painting up and getting the vessels ready for the season's work. Capt. Chas. Bushen, who sailed the schooner Review, last summer, and the Review will be sailed by Capt. Arthur Sperry.

Capt. Charles Lewis, of Dredge No. 7, and Capt. Reid, of the Dominion Government tug Fredericton, who have been at their homes in St. John, returned to Yarmouth on Wednesday to oversee the finishing touches to the repair work on the dredging outfit. It is now expected that dredging operations along the docks will be resumed on or about the first week in May.

Comparatively good gaspereaux fishing in weirs is reported at St. John, and it is expected a season as the run of ice in the harbor ceases, seiners will take good catches. On Monday, the Rapids weir caught 14,000 fish, and Tuesday night the Belyea weir, No. 2, garnered 18,000. Gaspereaux are wholesaling at \$2.75 per hundred, which is regarded as a good price at this time of year.

Capt. Frank K. Crosby, one of Yarmouth's youngest and most successful master mariners, well known on the Boston-Yarmouth line, has passed a very successful examination and has been granted a master's certificate for oceangoing steamships under the United States flag. This gives him both British and American papers. Capt. Crosby is also a prominent Oddfellow, being a member of both the Subordinate and Encampment branches. He is a brother-in-law of Mr. W. L. Holdsworth, one of Digby's well known hardware merchants.

Yarmouth Telegram: The main keel for the fishing schooner to be built by Walter D. Sweeney, is now laid and his master builder, Jerry S. d'Entremont, now has a large gang of men at work on the framing. This craft was designed by Amos Pentz, of Shelburne, and measures 110 feet on

top, 23 beam, 11 deep, and will register about 100 tons. To facilitate the work about his yard, Mr. Sweeney yesterday afternoon closed with L. E. Baker & Co. for a three years' lease of the office building of the woolen mill. This he will convert into a workshop for his builders, and later on, if the business warrants, will install modern shipbuilding machinery.

New York Fishing Gazette: While there has been a fair export movement in dried fish, the market here has been without special incident since last reports. Prices of codfish, haddock, hake and pollock remain firm in most cases, while some are inclined to advance their quotations because of the scarcity of stocks. Trading has been of a routine character and the bulk of business transacted is in small quantities. Some Gaspe codfish has been offering on the spot at \$60 for 448-pound casks, but it is understood that this price has been undersold since the first offerings were made. Other grades remain unchanged, with few offerings to or by New York merchants and exporters. Reports state that there is a continued good market in the West Indies, with Porto Rico as the only weak spot.

Shipbuilding at Yarmouth.

The mills of the Milton Shipbuilding Company are rapidly approaching completion. Today the shafting for the machinery is being erected in one of the shops. The large building is not yet far enough advanced. The keel for the vessel they are to build—a schooner of between 300 tons and 400 tons—has been stretched and a large portion of timber is on the grounds. At Sweeney's shipyard the keel for the schooner which Walter Sweeney is building for himself—a vessel of 86 or 98 tons—has been laid. Here, too, a large portion of the necessary timber is on hand, and the building formerly used as an office and stock room of the old woolen mills, and later as Durkee's shoe factory, has been converted into a good roomy workshop. Here the work is following oldtime methods largely, that is, hand work predominates, but machinery is to be installed later.

The large vessel being built by the Yarmouth Shipbuilding Company is now fully framed, and a good idea of her proportions and model can be obtained. From all appearance she will be a big carrier and exceptionally well built.

WOMEN TORTURED!

Suffer Terribly With Corns Because of High Heels, But Why Care Now. Women wear high heels which buckle up their toes and they suffer terribly from corns. Women then proceed to trim these pests, seeking relief, but they hardly realize the terrible danger from infection, says a Cincinnati authority.

Corns can easily be lifted out with the fingers if you will get from any drug store a quarter of an ounce of a drug called freezeone. This is sufficient to remove every hard or soft corn or callus from one's feet. You simply apply a few drops directly upon the tender, aching corn or callus. The soreness is relieved at once and soon the entire corn or callus, root and all, lifts out without one particle of pain.

This freezeone is a sticky substance which dries in a moment. It shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Tell your wife about this.

Kentville Has Ample Accommodation

At a regular meeting of the Kentville Board of Trade, held in that town recently, the question of accommodation for the members of the Grand Lodge of the I. O. O. F., which has arranged to convene at Kentville this summer, was brought up and it was apparently the consensus of opinion that Kentville would be able to provide adequate accommodation for this body of people, numbering in the vicinity of 700.

Many people do not understand the difference between criticism and knocking.

AN IMPORTANT APPEAL

The social, educational and religious work amongst the Overseas troops is carried on under the two establishments of the Chaplains' Service and the Y. M. C. A.
In the Chaplains' Service there are 275 of whom 140 are in France. Of these, 17 have received the Military Cross, one the D. S. O., and seven have been made Companions of the Order of St. Michael and St. George. This service is ably commanded by Col. Almond, C. M. G., formerly of Montreal, who has been very successful in blending together the different denominations and who has raised the whole service to a high state of efficiency.

The other establishment, the Y. M. C. A., is under the efficient control of Colonel Birks, and has huts in all the training camps in England, and tents in France right up near to the support lines.

These two establishments dovetail into one another in the carrying on of all their work. Most of the religious training, naturally, is done by the Chaplains. The work of education, which is being organized in the Khaki University, has been very largely originated and directed by College Professors in the Chaplains' Service. On the other hand, the Y. M. C. A. supplies the institutions; organizes to a large extent the entertainment of the camp; provides its cinema films, lectures and concerts; and affords, through its canteen, an opportunity for the men to secure some of the comforts of life.

Everywhere the Chaplain and the Y. M. C. A. Secretary work hand in hand. As, therefore, their objects are in common, it has been agreed that there should not be two appeals to the people of Canada, but that all the social, religious and educational demands of the army should be merged in the campaign carried on under the auspices of the Y. M. C. A.

The Baptist Woman's Missionary Society will meet in the vestry of the church Tuesday evening, April 7th, at 7.30.

The First Degree will be conferred on a candidate in Crescent Lodge of Oddfellows to-morrow (Thursday) night.

A hundred and fifty Jews passed through Bridgetown last week from Detroit for Windsor to join the British Army on route to Palestine.

Crescent Lodge of Oddfellows will attend divine worship in St. James church next Sunday afternoon at 3 o'clock, the members meeting in their lodge room at 2.30.

An alarm was rung in about eleven o'clock yesterday morning for a small fire on the roof of W. H. Burns' blacksmith shop, just across the street from the fire hall. It was soon extinguished.

The MONITOR has been asked to announce that all persons having elm or other ornamental trees suitable for the streets to the city will confer a favor by notifying W. R. Longmire or W. A. Warren.

The Centrelia Red Cross Society has sent 24 pyjama suits to Halifax to be shipped, also six pairs of socks to the boys at the front, during the present month. The meeting on Thursday will be at Mrs. Rupert Rice's.

The latest news from the front says that the British line is absolutely held and that an attack on fifteen mile front of Ypres sector brings no results but 13,000 loss. The Canadian front is drenched by fire without infantry attack.

Truro Sun: The Church of England at Tatanagouche, will be removed to Oxford, a distance of about thirty miles. John W. Henderson, of Bay-Bend, has the contract. It is expected it will take three or four weeks to remove the building.

The Rev. Alfred Chipman, D. D., died at Berwick on Wednesday morning at 6 o'clock, after an illness of but a few hours. He was in church on Monday, but was taken seriously ill the following day. The news of his death will be heard with sorrow by all who knew him.

Among our Heroes.

We regret to learn that Owen, son of Mr. and Mrs. M. W. Graves, of Bridgetown, is seriously ill with pleurisy in a hospital in France. He has been on the fighting line during almost the entire war and had escaped being wounded, notwithstanding that his entire company of comrades, with the exception of three, are dead. His many friends join us in wishing him a speedy recovery.

Word has reached here of the death of F. Harlan Balcom, son of D. M. Balcom, of Lawrencetown, aged about 20 years. He was one of Lawrencetown's most highly respected young men, and while his death has indeed been an honorable one, it has nevertheless cast a gloom over his native village.

Baptist District Meeting.

The annual district and business meeting of the Annapolis County Baptist churches will convene with the Middleton Baptist church May 6th and 7th.

MONDAY EVENING

Address—Home Missions, Rev. F. H. Beals.
Foreign Missions, Rev. S. A. Macdougall.

TUESDAY

9.30—Pastors' Conference and Business Meeting.
Paper—"What is Social Service?"

3.00—Women's Missionary Meeting, Dr. Hutchins.
8.00—Address, "Christian Education and Evangelism," Rev. I. A. Corbett.

An Odd Visitor

A large sea porpoise, many of which are often seen ten or twelve miles off Point Prim, Digby Gut, evidently strayed from his companions and after cruising around Annapolis Basin, came up the river. He did not even stop at Bridgetown, the head of navigation, but continued to Paradise and, entering the fresh water, allowed nothing to stop him except the electric light dam at Lawrencetown, where he became stranded Friday (fish day), after swimming the river for a distance of nearly 50 miles.

Death of Mrs. A. A. MacCubrey.

We regret to chronicle the death of Mrs. A. A. MacCubrey, which took place last Saturday at St. James, Manitoba, after a lingering illness from which it was hoped she was recovering. The deceased is survived by her husband, in Manitoba, and two children in Bridgetown. Besides her parents, Mr. and Mrs. Wm. Manthorne, she also leaves one brother and three sisters, all of whom have the deepest sympathy of a large circle of friends in their sad bereavement.

Death of Elwood H. Armstrong

Word has reached here from Victoria, B. C., that Mr. Elwood H. Armstrong, a prominent farmer and temperance worker, who formerly resided at Granville Ferry, has passed away in that city, aged 65 years. About six years ago he moved to Banff, where he remained a few months before proceeding to the Pacific Coast. A brother, Mr. C. F. Armstrong, resides in Middleton. A son, Mr. J. E. Armstrong, resides in Liverpool, N. S.

Following the usual custom, my store will be open every Tuesday evening, beginning May 7th, until further notice.

Lance Corporal Mack Wounded

A Truro despatch says: Rev. R. B. Mack has received a cable informing him that his son, Lance Corporal Thornton Mack, has sustained a gunshot wound in the right thigh, and that he was on the tenth inst. admitted to St. John's Ambulance Brigade hospital, Etaples, France. Lance Corporal Mack is a well known school principal, and was in charge of the Bridgewater schools previous to his enlistment. His many friends throughout the province will hope that his wounds may not prove serious. His father, Rev. R. B. Mack, was at one time pastor of the Sandy Cove, Digby County, Methodist church.

### NEWS FROM THE FRONT

#### BRITISH SWEEP GERMANS BACK TO THEIR LINES

#### The Great Double German Drive in the Somme and Amantieres Sectors Has Developed into a Terrific Struggle—Gains and Losses are Reported on Both Sides.

(By the Associated Press) The great double German drive, in the Somme and Amantieres sectors, which began on Wednesday morning, has developed into a terrific struggle. The British having been forced back out of Villers-Bretonneux, launched a counter attack and swept the Germans back almost to the lines which were held before the present fighting began. The French have been driven back out of Haagard-En-Santerre, but are holding their positions close by, while on the line southwest of Ypres, the British have been compelled to withdraw slightly before furious attacks along the Meteren-Bailleul-Wytschaete. Notwithstanding the frantic preparations made by the Germans for a continuance of their drive toward Amiens and the extreme violence of the fighting the gains thus far in that region have been very small.

#### HURLED BACK GERMAN ASSAULTS

Along the line from Albert South to Castel, except at Hangard-En-Santerre, the German assaults have been hurled back by the Allied forces, which are strongly posted on the higher ground to which they retired during the last days of the German drive in Picardy. It is officially reported that from four to six divisions, or from 48,000 to 72,000 men have been hurled at the British and French lines near Ypres. The retirement of the British on this sector must have been small, because there are no great gains reported by Berlin so far. It was rumored on Tuesday, that Mont Kemmel, a dominating height north of Wulverghem, had been taken by the enemy but this has not been confirmed.

#### THE LINES STAND FIRM

Bending only slightly at the first shock of the German assault in the removal of the drive, in the great battle south of the Somme, the British and French-American lines are now standing firmly against the desperate continuing assaults of the enemy. Hangard has once before been in German possession during the Somme battle, it changed hands twice in the present fighting before the French drew out of it and established themselves firmly on its western edge. The Germans have made repeated attempts to debauch against the place but each time the French were solidly in the way.

#### THE FIGHTING CONTINUES

The fighting is continuing today with the Germans desperately struggling to make the considerable headway they must if they are to gain anything but relatively valueless local advantages. Thus the decision in the renewal of the battle is by no means yet with either side. The meagre gains of the enemy, however, after a pause long enough for him to bring up his heaviest artillery and when he must have been at the pinnacle of his strength may well be compared with the sweeping success achieved in the beginning of the battle last month when he won miles of ground a day and captured tens of thousands of prisoners.

Meanwhile the Germans have not abandoned, even temporarily, their efforts on the Flanders battle front. Apparently they are centering their blows on the sector dominated by Mount Kemmel with the object of forcing the defenders from this bulge. They attacked the French Wednesday night in the region northeast of Bailleul, and after being repulsed, returned to the attack on Thursday with assaults in the same sector and on the British front further east.

### THIS WOMAN SAVED FROM AN OPERATION

#### By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot rest until I have given it a trial. I suffered from organic troubles and my side hurt me so I could hardly get up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. BINZER, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binzer that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice, write Lydia E. Pinkham Medicine Co., Lynn, Mass.

#### SHIP TONNAGE AFTER THE WAR

#### Arguments Supporting the View That Supply Will Equal Demand Within Two or Three Years After End of Hostilities

(Boston News Bureau)

The world shortage of ocean tonnage will be made up within a relatively short time after the end of the war, in the opinion of a prominent Boston shipowner. He says:

"Prices for tonnage will come down just as surely as they went up, discounting the time when supply once more equals demand. The market is at present in a state of transition, and is already under way. Some months ago we were offered \$200 a ton for our tonnage but the government wouldn't let us sell. Today the market is at least \$100 a ton less. But such as these before the war cost \$50 a ton to build.

"There are some who believe that the period of feverish shipbuilding activity will extend for a considerable number of years after the war. But the weight of evidence supports the contrary view. I estimate that within 18 months after the close of the war, the world's ocean tonnage will equal the amount asked before the war. During this 18 months' period the fighting nations will have sent their soldiers home, and a distribution of the most urgently needed raw materials and supplies will have been accomplished. It must be remembered that during these 18 months the world's enormously expanded shipbuilding capacity will be in full operation, and that the wastage will be only such as results from normal marine risks. In other words, we will then have a surplus of tonnage which respects the supply of tonnage. Whatever the increased carrying capacity of the commerce of the world requires after the war, it will speedily be made up so that within two years possibly, or three years at the outside, conditions approaching normal will again obtain.

"It is probably a safe guess that the tonnage of the United States to reduce ships ten times the capacity before the war, and the end is not yet. The same is true of other maritime nations. In my opinion, out of the peace settlement will come limitation of armaments, which will effect a considerable part of existing facilities for constructing naval tonnage. In fact, it seems as though all the factors in the situation will conspire to produce a situation where productive capacity will rapidly overtake and then run way ahead of requirements. By that time ships will be less valuable. Conservative shipping companies from the large profits which they have been and are making are writing down the value of their boats to nominal figures."

#### Death of Trueman A. Porter

Trueman A. Porter, aged 79 years, and a well known resident of Saugus, Mass., died at a Lynn Hospital Wednesday morning, April 17th, from old age. Before his illness he had resided with his daughter, Mrs. Albert L. Foster, 4 Liberty street. He was born Feb. 25, 1839, in Nova Scotia, and came to Saugus 27 years ago. He was an attendant of the First Congregational church. Deceased is survived by two daughters, Mrs. Albert L. Foster, of Saugus, at whose home he resided, and Miss V. Alice Porter, of Cambridge; three sons, Dexter R., of Hartford, Conn., and Albert G., and Avery M., of Providence, R. I.; a sister, Mrs. Sophie Merrell, of Lynn, and a brother, Albert F. Porter, of New Zealand.

#### Killed in Action

Mr. A. H. Brooks, of H. M. Customs, Weymouth, has received word that his son, Private Donald Brooks, has been killed in action. Private Brooks, before enlisting in the M. G. section of the 112th, was a valued member of the staff of the Royal Bank. He was 22 years of age, and gave up his life in the big drive of March 25th. So has passed out another fine and noble character, whose sacrifice will not be forgotten by the nation for whose honor he fell.

There will be a total eclipse of the sun on the 8th June at 3.22 p. m., visible to North America and the north Pacific ocean. A partial eclipse of the moon, partly visible in Nova Scotia, will take place on the 23rd-24th June.

### BOSTON'S BANNER FISH YEAR

#### During 1917 More Than 168,437,000 Pounds Were Handled.

A Boston despatch says: It was brought out in the testimony of William P. Beardsley, manager of the Boston Fish Pier Company, at the resumption of the hearing before an examining committee in equity brought against the fish interests for alleged violation of the Sherman act, that last year was the banner year for business, when no less than 168,437,000 pounds were handled.

During the year 1917, prices also reached the highest point in the 10 years' experience of the exchange, according to the testimony of Mr. Beardsley, which was read into the records of the hearing, having been brought out in the direct examination by Special Atty Gen. E. F. McClennen.

The Government attorney made an effort to get at the cost of transporting fish from the sea to stalls of the retailers through the witness, who, although once the owner of a fishing vessel, and in the fish business for 30 years, was unable to furnish exact figures and data required.

Attorney A. C. Burnham assisted the witness materially in warding off the attack launched by the Government attorney in this respect. The table of total transactions at the pier presented by Mr. McClennen do not include all the fish landings at the pier, as they did not include figures on the Bay States Company, which is not obliged to sell its catch on the New England Fish Exchange. The figures on the Bay State catch are expected to be produced later.

Table with columns: Year, Pounds. 1911: 118,700,000; 1912: 128,595,000; 1913: 132,465,000; 1914: 145,363,000; 1915: 149,720,000; 1916: 154,420,000; 1917: 168,437,020

It was also shown that in 1916 and 1917, the 28 dealers composing the Boston Fish Pier Company, bought 64 and 54 percent and the eight dealers composing the Bay State Fishing Company, 24 and 22 percent respectively of the total purchases on the exchange. The remainder went to so-called independent dealers.

The independent dealers consisted of the Booth Fishery Company, the Gloucester Fresh Fish Company, Bunting & Emery and R. O'Brien & Co., and several smaller firms. During certain periods of the year, when there is an overabundance of fish, especially mackerel, the New England Fish Exchange buys fish for storage in the Commonwealth Ice and Cold Storage Company. This season is usually in full according to Mr. Beardsley. The fish is sold again on the exchange between January and March in competition with the same kind of fish offered by commission houses, although some of it is disposed of at the private sale. The buying and selling by the exchange itself is done by the directors, and is done, said Mr. Beardsley, merely to relieve the market.

#### Girls! Make This Cheap Beauty Lotion to Clear and Whiten Your Skin

Squeeze the juice of two lemons into a bottle containing three ounces of ordinary white. Shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost. Your grocer has the lemons and any three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

#### Where Eggs are 100 For a Quarter.

It's great to live in China where eggs retail at 25 cents per hundred, spring chickens come to your kitchen for 15 cents a pair; fresh meat is gladly sold by the butcher at 11 cents (Mex.) a pound; suckling pig is plentiful at 20 cents (Mex.) per pig; and a private rickshaw is at your service for 25 cents a day.

That is the joyful word Sergeant Amil Wiman of the Marine Corps guard at the Pekin American legation, brought to San Francisco when he came home on his furlough. It's a land where poor men play pool and where shopkeepers drive all other customers to the street, trot out their cigarettes and tea and dream of vast wealth when an American marine comes in, bearing a real American dollar, according to Wiman.

#### Minard's Liniment Co., Limited.

I was very sick with Quinsy and thought I would struggle, but MINARD'S LINIMENT and it cured me at once. I am never without it now.

#### Our Coal Supply

Sir George E. Foster, minister of trade and commerce, said in the House of Commons at Ottawa, last week that "if things go on ordinarily well and the transportation difficulties are not so great as last year, Canada will receive her allotment of 15,000,000 tons of coal from the United States this year."

It is reported that there are a number of cases of small-pox at Clark's Harbor, brought there by returned soldiers. The authorities are doing everything in their power to isolate the victims and stop the spread of the disease. Baccharo is also said to be infected.

### The Simple "Why" of Pathe Superiority

SOME articles achieve fame by their intrinsic merit as viewed by the public. Others by the puff and blow of their producers. The Pathephone success is as simple as it is sure. It is due to its being an improvement upon anything which has come before it or since.

The original Pathe Freres took the old-time talking machine and developed it until it is now the supreme achievement. Note these improvements: Instead of the old, scratchy, ever-changing steel needles—a genuine polished sapphire ball. Instead of a metal sound chamber—an all-wood one (on the violin principle). Instead of recording in narrow sound waves—a unique Pathe method with long, broad sound waves, more contact, more tone, richer music. Instead of "varnished boxes"—handsome cabinets—in historic period designs. Instead of playing only one or two kinds of records—the Pathephone will play all makes of records.

### It's Cheaper to Paint than Repair

YOUR house—if it is four years old or older—is worth at least 50 per cent more today than when it was built. Lumber and cement are so high that it would cost half-as-much again to build this year as it did in 1914. So it is obvious that either a new house or an old one is today so valuable a property that its owner must conserve it unless he is committed to a policy of wilful waste. Keep your house—and all your buildings—protected. And let your paint-protection consist of an economical paint. Use the paint that goes farthest—lasts longest.

### B-H "ENGLISH" 70% Pure White Lead (Brandram's Genuine B.H.) 30% Pure White Zinc 100% Pure Paint

The kind we guarantee to possess as its important base, the above correct formula. This formula, printed on every can over our President's signature, commits us to this standard. High in cost as white lead has become, we must use as much of it as before—to use less, would necessitate the removal of the guarantee from our cans and would injure the high reputation, which these paints have acquired by reason of their superior ingredients.

## Passing to the Right

### [Middleton Outlook]

The new Brunswick legislation adopted "passing to the right" of highways of that Province, of every state of the United States, most of the Provinces of Canada, following this plan it is only a matter of time until all of Canada will adopt it. Now it becomes a competition between British Columbia and Nova Scotia, see which comes in at the tail of the procession.

J. E. Snow's shipments from by: 245 boxes of haddies, 300 stripped cod, 12 boxes fillets, 20 lbs. pickled cod, 11,576 lbs. pickled hake, 4,000 lbs. pickled eusk, 20 fish skins.

# Vast Issues Depend Upon the Welfare of Our Men!

Cheer Up and Thank God for the Y.M.C.A.

TRY to picture yourself in the muddy cold trenches after exciting days and long nights of mortal danger and intense nervous strain. Rushing "whiz-bangs" and screaming "coal boxes" are no respecters of persons. You are hit! But despite shock and pain you still can face the long weary trudge back to dressing station. Weary, overwrought and depressed, you are prey to wild imaginings of that other coming ordeal with the surgeon. There are other "walking wounded," too! You must wait, wait, wait. And then—

Up comes a cheery Y.M.C.A. man, the ever-present "big brother" to the soldier, with words of manly encouragement. Close beside the dressing station the good generous folks at home have enabled him to set up a canteen. He hands you biscuits, and chocolate or coffee.

Canada-Wide Appeal

"In thousands of cases," writes an officer, "it was that first hot cup of coffee that dragged the man back to life and sanity." The tremendous helpfulness of the Y.M.C.A. as an aid to the "morale," or fighting spirit, of the soldiers is everywhere praised. No wonder the Germans make every effort to smash the Y.M.C.A. huts out of existence.

The Y.M.C.A. is everywhere. You first met the helpful, manly Y.M.C.A. worker in camp, then on train and boat, at camp in England and in France, close to the firing line. Often he risks his life to reach you in the trenches. He has won the warmest praise from military authorities, statesmen—the King!

Have you a precious boy at the front? You cannot be "over there" to guide him away from fierce temptations of trial. You cannot comfort him in his supreme hour of camp and city. Your parcels to him are necessarily few. But the Y.M.C.A., thank God, is "over there," going where you cannot go—doing the very things you long to do—doing it for you and for him.

Will you help? This vast organization of helpfulness needs at least \$2,250,000 from Canada for 1918. For your boy's sake be GENEROUS!!

## "Earn and Give Campaign"

Six thousand Canadian older boys are invited to earn and give at least Ten Dollars (\$10) to the Red Triangle Fund. That means \$60,000 in all! Splendid! Five thousand dollars will be used for boys' work in India and China; another \$5,000 for the National Boys' Work of Canada, and \$50,000 to help big brothers in Khaki. Ask your local Y.M.C.A. representative for information and pledge card. When you have subscribed one or more units of Ten Dollars, you will receive a beautifully engraved certificate.

# The Practical Economy of Good Paint

Good paint is never an expense, but a saving. By its use you save your buildings from a steady deterioration in value. Economy in painting demands the use of Quality Paint—Martin-Senour "100% Pure" Paint—the paint that protects and preserves. The use of cheap materials is a waste of money—a waste of time.

# MARTIN-SENOUR "100% PURE" PAINT

wears longest, covers the greatest surface (900 sq. feet per gallon) and because of its even texture, takes least time and is easiest to apply. It is absolutely guaranteed—"100% Pure" White Lead, Zinc Oxide and highest quality Linseed Oil. It is admittedly the most economical paint on the market.

Take no chances. Make your investments secure by applying on your buildings, inside and out, protecting coats of Martin-Senour "100% Pure" Paint.

Ask for "Farmer's Color Set" and "Town and Country Homes". Just what you'll need in planning your painting.
