### A Weekly Journal of Advance Information and Public Works.

ITS PURPOSE. TO SUPPLY TO CONTRACTORS ADVANCE INFORMATION RESPECTING CONTRACTS OPEN TO TEN-DER, AND TO ARCHITECTS, ENGINEERS, MUNICIPAL AND OTHER CORPORATIONS, A DIRECT MEDIUM OF COM-MUNICATION WITH CONTRACTORS.

ITS MERIT: ECONOMICAL AND EFFECTIVE SERVICE.

Vol. 2.

Toronto and Montreal, Canada, July 25, 1891.

No. 24

### THE CANADIAN CONTRACT RECORD,

A Weekly Journal of Advance Information and Public Works,

PUBLISHED EVERY SATURDAY As an Intermediate Edition of the "Canadian Architect and Builder."

Subscription price of "Canadian Architect and Builder" (including "Canadian Contract Record"), \$2 per annum, payable in advance.

C. H. MORTIMER, Publisher,

14 KING ST. WEST. . TORONTO, CANADA. Telephone 2362.

64 Temple Building, -Montreal. Bell Telephone 2299.

Information solicited from any part of the Dominion regarding contracts open to tender.

ADVERTISING RATES ON APPLICATION.

At its Convention held in Toronto, Nov. 20 and 21, 1889, the Ontario Association of Architects signified its approval of the CANADIAN CONTRACT RECORD, and pledged its members to use this journal as their medium of communication with contractors with respect to advertisements for Tenders.

The following resolution was unanimously adopted at the First Annual Meeting of the Province of Quebes Association of Architects, held in Montreal, Oct. 10th and 11th, 1890: "Moved by M. Perrault, seconded by A. F. Dunlop, that we the Architects of the Province of Quebec now assembled in vention being satisfied that the CANADIAN CONTRACT RECORD affords us a direct communication with the Contractors,—Re-zolved, that we pledge our support to it by using its columns when calling for Tenders."

The publisher of the "Canadian Contract Record" desires to ensure the regular and prompt delivery of this Journal to every subscriber, and requests that any cause of complaint in this par-ticular be reported at once to the office of publica-tion. Subscribers who may change their address should also give prompt notice of same, and in doing to, should give both old and new address.

R. A. McCRACKEN. Chairman of Committee.

W. C. WILKINSON, Sec.-Treas. T.P.S.B.

### USEFUL HINTS.

TO GIVE BRICKS A RED COLOR.-Melt 11/2 ounces of glue and 11/2 quart of water, add a piece of alum the size of an egg, ½ pound of venetian red and 1 pound of Spanish brown. Before use the color must first be tested on the bricks, it being made lighter with red and darker with brown, as desired; for leather color being made lighter with red and darker with brown, as desired; for leather color a yellow mineral color is used. To olor bricks black heat asphalt until it is fluid, and after somewhat heating the surface of the brick which is to be colored, dip it into the asphalt. Or prepare a hot mixture of linseed oil and asphalt, heat the bricks and immerse them in the mixture. Tar and asphalt may also be used for the purpose. It is, however, always necessary to make the bricks sufficiently hot and to allow them to remain in the mixture until the color has penetrated at least one-six-teenth of an inch.—Brickmaker.

A perfectly black paint for brass tubes is made as follows: Take two grains of lampblack, put into any smooth, grains of lampblack, put into any smooth, shallow dish, such as a saucer or small butter plate, add a little gold size, and thouroughly mix the two together. Just enough gold size should be used to hold the lampblack together. About three drops of such size as may be had by dipping the point of a lead pencil about half an inch into the gold size will be found right for the above quantity of lampblack; it should be added a drop at a time, however. After the lampblack and size are thoroughly mixed and worked, add twenty-four drops of turpentine, and again mix and work. It is then ready for use Apply it thin with a camel's hair brush, and when it is thoroughly dry the articles will have as fine a dead black as articles will have as fine a dead black as they did when they came from the optician's hands.

#### CONTRACTS OPEN.

RENFREW, ONT.—A new union station will be erected here.
